US-23 Paving Work in East Tawas to be Let

A contract for widening and paving of 2.1 miles of US-23 in East Tawas is to be let in February, according to an announcement Friday by State Highway Commissioner John C. Mackie.

Estimated cost of the project is \$360,000. It is included in more than six million dollars of road construction to be placed under contract in Northern Michigan in 1964.

This construction had been included in a project which was to have been let jointly last year with construction of US-23 through Tawas City. Contracts for work on US-23 north and south of the Tawas have already been let and some work completed.

Objections to certain phases of the proposed highway construction in Tawas City were heard and the highway department gave the city council until December 1 to decide whether or not it would go along with the project.

In a letter to the highway department on July 8, the city council said: "If some of these problems cannot be talked about and corrections tried to be made, we feel that we are satisfied with what we have and ask that such proposed improvements be withdrawn."

Tawas City objected to removal of rolled curbs in certain areas, mainly in front of the city park. Among other complaints, the city also called the US-23 bridge a dangerous bottleneck under the proposed plan.

Although only two lanes wide, plans called for widening US-23 to four lanes from the south city

limits, tapering down to two lanes over the bridge and then back to four lanes.

Also to be let in February is widening and paving 2.1 miles of US-23 from M-65 near Omer to the Arenac-Iosco line. Estimated cost is \$775,000. Repairs to the Whitney Drain deck on US-23 are also to be contracted. Estimated cost is \$30,000.

Annual Carnival Planned at S. Valley

Plans for the annual Silver Valley winter sports carnival, January 31 and February 1-2, were made last Friday night at the Tawas Chamber of Commerce office.

O. E. Ostrander was named chairman of the queen's committee. He announced Monday that the four high schools of Iosco County would be asked to provide the names of contestants for winter sports queen.

Already planned for the weekend program is a stag fish fry at the Holland Hotel on Friday night and banquet Saturday night at the Barnes Hotel.

Committee Chairman James Campbell said that the 1964 winter sports queen would be chosen and crowned Sunday, February 2, at Silver Valley.

Among those taking part in festivities will be Bob Reynolds of WJR-Radio, Detroit. A speaker for the Saturday night banquet is yet to be named.

SNOW ART—Area youngsters were busy last week putting their artistic talents to work using snow and ice. Kristina Moeller, James and Sandy Whitman were busy putting the finishing touches on their huge rabbit at the Whitman residence. This figure and others in the yard were colored with vegetable dye and have been viewed by many residents of the community. Included are a pink elephant, reclining buck and lions guarding the front sidewalk. For other pictures, see page 4.—Tawas Herald Photo.

1884-1964—

Herald Observes 80th Anniversary of its Founding

The Tawas Herald observes its 80th year of service to Iosco County this week. It was on January 10, 1884, when this newspaper made its first appearance.

The Herald began its life at a time of revolutionary change in the Iosco community. Its lead front page story in the first issue chronicled an event of that change—the first passenger train had just run to Alger over the Detroit, Bay City and Alpena Railroad.

Another great change was in sight—the forests were rapidly dwindling and attention was being called to farming, grazing, the extensive gypsum deposits, fishing and even the infant resort industry was discussed.

There have been many changes in the community since the day when Founder W. N. Miller brought his printing equipment

here on a flatcar of the DBC&A. So, too, there have been many changes in The Tawas Herald during its 80-year history. Methods of publishing a newspaper have been revolutionized since the days of the old-time hand type compositor and much more attention is given

to local news reporting and news pictures.

Mr. Miller continued as publisher of the Herald until 1890, when it was purchased by Michael Murphy, a picturesque and legendary figure in Tawas City history.

On March 17, 1893, the Herald was purchased by Leonard J. Patterson, who controlled its destinies until June 1, 1913, when it was purchased by James E. Ballard.

Thirteen years later, September 1, 1923, the Herald was leased by

and three years later sold to Percy N. Thornton, who now has been associated with the firm for more than 50 years.

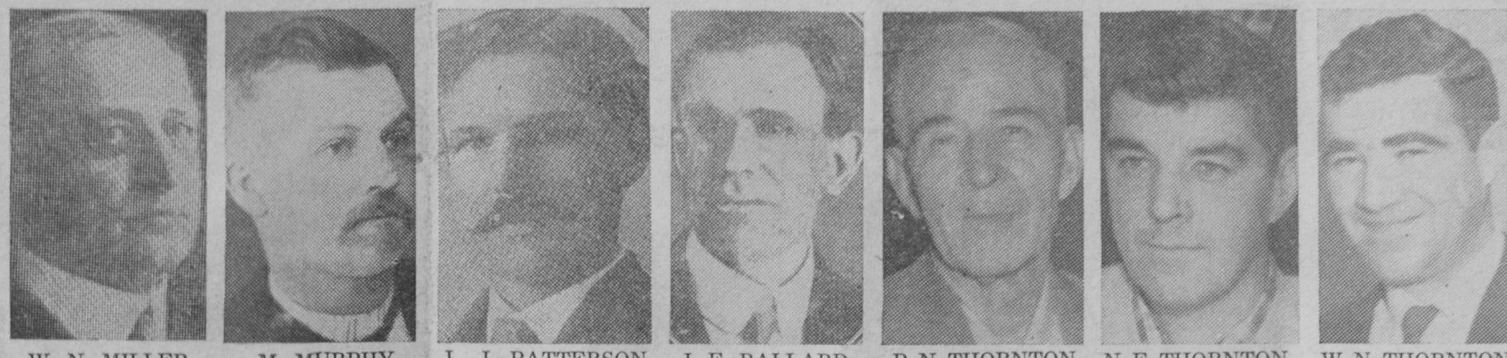

In 1912, Mr. Thornton disposed of his interest as editor-publisher of the Hale Advance and came to Tawas City as an employee of the

Herald. Except for a stint as publisher of The Rose City Review and military service during World War I, he has been associated with the Herald ever since that time.

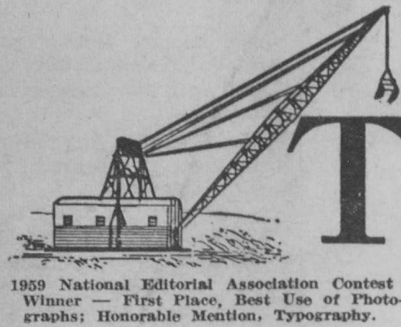

In 1960, the Herald's present publishers, Nelson and Neil Thornton, purchased the business from their father after having been associated with him in the operation for more than 14 years.

"We extend sincere thanks to each and every reader for his interest shown in this newspaper, as reflected by our ever-growing circulation," the publishers said this week.

"Our thanks also go to our advertisers for their confidence in investing their advertising dollars with us, along with a special note of thanks to our faithful corps of community correspondents throughout the county."

NUMBER 2

Clerk Explains Changes Under New Constitution

George A. Prescott, Iosco County clerk, today pledged the services of his office to all local government officials and to the people generally toward informing them of recent Michigan legislation.

"First of all," Prescott said, "local township and city clerks were busy during December pulling voter registration cards from their files on all persons who have not voted during the past two years. I am concerned," he stated, "because of the number of cards clerks are telling me they have withdrawn."

Prescott reported that these local clerks are obligated to send notices to voters whose registration cards have been removed, and accompanying these notices are re-registration cards. The signing and returning of these cards to the appropriate clerk will protect this valuable voting right.

"I urge every person who receives such a notice," Prescott continued, "to take care of it immediately. It is the only way left us to sound off where we know we will be heard and understood by those whom we have entrusted with the privilege of managing our government."

"Another new law now effective," Prescott pointed out, "is one that makes public hearings mandatory on all local budgets. I hope that taxpayers will watch for notice of hearings that must now be published in local newspapers calling for public hearings on county, township, city or village and school district budgets. The notices under the new law must include the time and place of the hearings and also set forth the place where copies of such budgets are available for public inspection."

Prescott said he hoped that people would show an interest in these hearings. "This county," he added, "is well-administered by our board of supervisors. We may wonder about a statement like that, but for three recent years, the rate spread in Iosco for county operation was the third and

fourth lowest in the 83 Michigan counties. This year, we are ninth lowest in Michigan for county operation."

In closing, Prescott stated, "One day soon, one or two of our taxing units—county, school or township—will have to ask Iosco residents to vote them operating millage to meet their increasing budgets. For this very reason, people should show their interest in these public budget hearings starting in 1964."

1963 Construction Totaled \$105,538 in Tawas City

Construction during 10 months of 1963 in Tawas City totaled \$105,538, according to a report read at Monday night's council meeting by Supt. Reginald Bublitz.

Totals included six new homes at \$49,500, nine private garages at \$11,300, 32 home alterations at \$25,013, eight commercial alterations at \$7,225 and three new commercial buildings at \$12,500.

There were no building permits issued during January or December. According to the report by Bublitz, there were 58 building permits issued by the city. This was one more permit than issued last year.

Although the total figure was lower than last year's construction figure of \$301,590, the 1962 figure was swelled by an application of \$200,000 for the Tawas City Elementary Unit.

IOSCO SPORTSMEN'S CLUB TO NAME DIRECTORS

Annual meeting of Iosco Sportsmen's Club will be held Wednesday night, January 15, at the clubhouse. Four new trustees will be named and officers elected for the coming year.

City Seeks Repair to US-23 Shoreline

Possible repairs and improvement to the shoreline between Midway Drive-In and Tawas Chamber of Commerce office is being sought by the Tawas City Council.

During past years when high water threatened US-23, the state highway department dumped broken concrete on private property along the bank to protect the highway from water erosion.

The council said that much of this concrete had now fallen out of place and was unsightly. The shoreline is littered with debris. Councilmen were of the opinion that present low water conditions afforded an opportune time for the highway department to make repairs to this breakwall and a letter is to be sent expressing the city's interest in seeing this work done.

It was stated that the shoreline had been turned into a haven for rats because of protection from broken concrete and debris. One solution suggested was to cap the retainer bank with concrete.

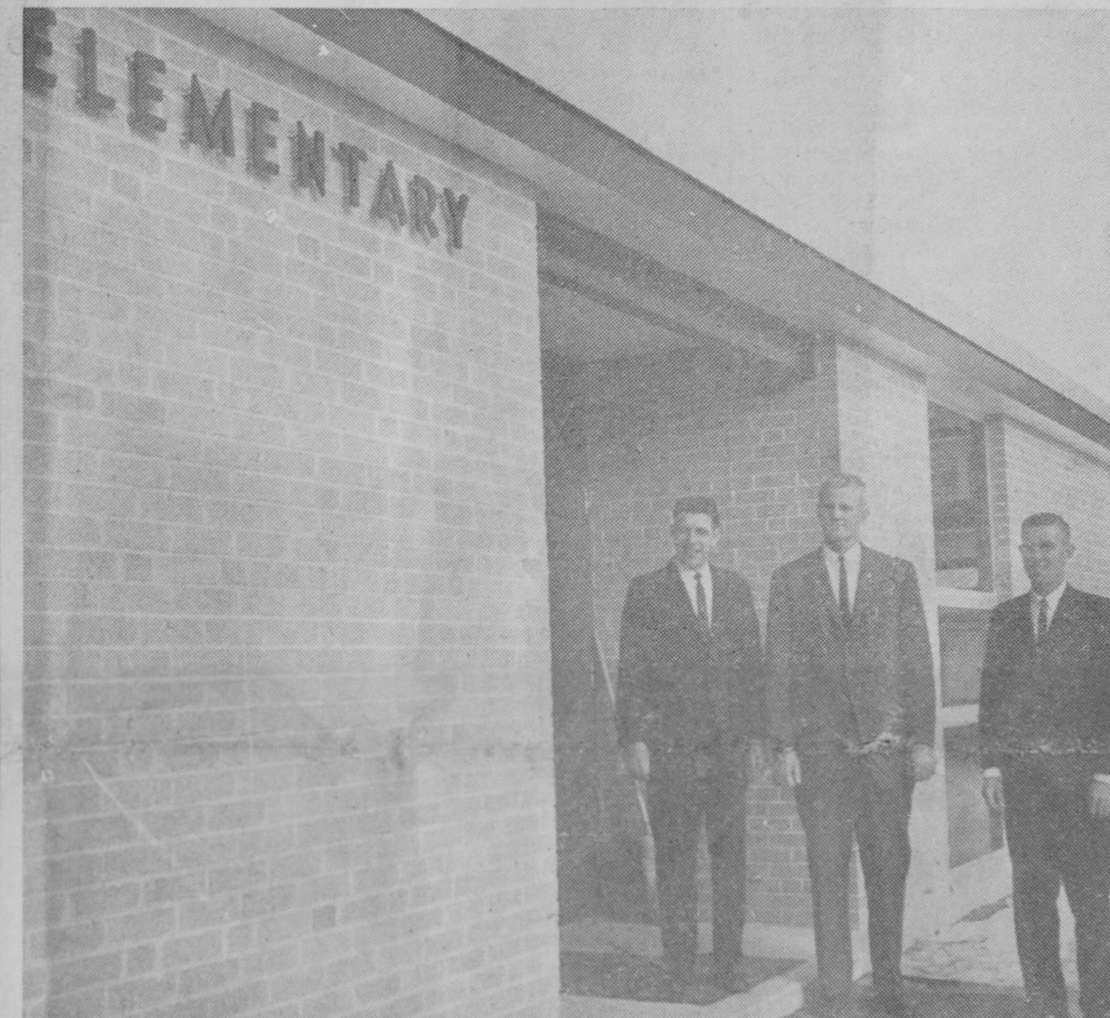

In other business, the council turned thumbs down on a proposition asking the city to subsidize

operation of a proposed bus line in the area. City Attorney Alf Watson reported that he had discussed the proposal with Stanley Cupp, who operates bus service in Saginaw and whose representative attended the last council meeting here. It was estimated that cost of the bus line would be approximately \$120 a day for three buses.

The Saginaw man proposed that the city pay one-half the cost of operating the line for one month.

Supt. of Public Works Reginald Bublitz reported that there would be a joint meeting of East Tawas and Tawas City water boards this Friday night. Cost of operating the East Tawas filtration plant will be reviewed and the cost formula for the coming year through which Tawas City purchases its water supply will be revised.

Authorization was given to pay City Treasurer Ruth Albertson the one percent collection fee on veteran's tax exemption. In reimbursing this tax, the state does not allow a collection charge. Total fee last year was \$18.96.

WELCOMING visitors to an open house for Hale Area School's new elementary unit Sunday were, left to right, Board President William C. Wreley Jr., Vice President Herman E. Maas and Supt. Samuel A. Gravit. They are standing at the front entrance of the new unit.—Tawas Herald Photo.

Open House Held at Hale's New School

About 200 persons attended an open house Sunday afternoon for a new elementary unit and to inspect new facilities at Hale Area High School.

Those attending were conducted on tours of the building by Supt. Samuel A. Gravit and members of the faculty.

Also on hand to greet visitors were William C. Wreley Jr., president of the board of education; Vice President Herman E. Maas, Secretary Diana E. Lyke, Treasurer Gilbert Follette and Trustees David Ormerod, Dale Brumfield and Perry Shellenbarger.

This construction was included in a \$135,000 bonding proposition which was approved by voters in October 1962. Ground was broken for the new elementary building in April of last year and construction was completed in September.

The building program included construction and equipping of a six-room elementary unit to house

grades kindergarten through fourth. The building also has a boiler room, teachers' supply, storage room and rest rooms.

Also provided in the program was remodeling of rooms in the old elementary wing to relieve crowded conditions in the high school. In addition to rooms for the fifth and sixth grades, facilities were provided for instrumental and vocal music, the physical sciences and a combined library-study area.

Warren Holmes, Incorporated, Lansing, was architect for the project.

"This building program is a definite asset to Hale Area Schools, providing increased facilities not only for elementary grades, but for a better curricular offering in the high school," said Iosco Supt. of Schools William Tracy.

"The board, Superintendent Gravit and the people of Hale Area School District are to be complimented on for this very worthwhile accomplishment," said Tracy.

Coffee and cake were served to visitors following the open house inspection.

New Ordinance Adopted; OK Street Lighting

A new ordinance governing the operation of pool halls was adopted Monday night by the East Tawas Council.

The new ordinance, No. 188, provides an annual license fee of \$10 for the first pool table and \$5 for each additional table. The ordinance also provides that pool halls will not be open later than 12 o'clock midnight and fixes the Sunday opening time at 2:00 p. m.

In other business, the city authorized installation of 24 new fluorescent light fixtures on Newman Street from the Michigan Waterways Commission Dock to Lincoln Street. There will be four lights at the US-23 intersection.

Supt. of Public Works Paul Ropert reported that five new fire hydrants had been installed from Alice to Emery Street on the south side of US-23.

The board of public works is to be asked for an estimated cost of installing equipment for fluoridating water. Voters of East Tawas are to vote on the question of such treatment of the municipal water supply at the April election.

Contracts for furnishing No. 1 fuel oil, regular and special gasoline were awarded to LaVoy Gas and Oil, and No. 2 fuel oil to Standard Oil Company.

In answer to a letter from the city asking a meeting, Arthur C. Elmer, chief of the parks and recreation commission of the conservation department, said he had no plans to visit East Tawas.

The city wished to discuss the possibility of constructing a turnaround at the foot of Newman Street in the state park. Elmer said the waterways commission and conservation department would not approve a turn circle around the harbor master's office. "If you have some other ideas as to a suitable turnaround at the foot of Newman Street, we would appreciate having them for study."

The city is to seek aid on this matter from area representatives (See ET COUNCIL, page 8).

Two Hale Children in Sled-Truck Crash

A six-year-old Hale girl and her four-year-old brother were injured Friday afternoon when the sleigh on which they were playing went into the path of a truck on Ora Lake Road, one mile north and three-quarters of a mile west of Hale.

Treated at Tawas Hospital were Vivian and Wayne Lewis, children of Mr. and Mrs. James Lewis. Wayne sustained a broken collar bone and face lacerations while Vivian suffered cuts and bruises.

Deputy Sheriff Joseph Bannister of Hale and State Police Trooper George Woodward, who investigated, said that the two children were sliding down a hill from the family driveway across Ora Lake Road.

Just as Merton Webb, driver of a van-type truck, reached the crest of a hill at the Lewis residence, the two children sped out in front of him on their sleigh. Wayne was seated on Vivian's back and the two went between the front wheels of the truck and hit the axle housing.

The driver swerved his truck in an effort to avoid hitting the children. He was not held.

Mixed Menu of Br'er Fox

FOXES EAT MOSTLY AT THE "MOUTH OF THE CORNUCOPIA."

THE FOX'S DIET IS INFLUENCED BY SEASONAL ABUNDANCES. THEY ARE MEAT EATERS IN THE WINTER; EAT INSECTS IN THE SPRING; FRUITS AND INSECTS IN SUMMER; FRUITS AND MICE IN FALL.

Bounties were established because people thought foxes ate lots of game birds and animals. However, studies by the Michigan Conservation Department show that foxes simply eat whatever they can get. Probably the most important single staple in their diet is field mice, but they also normally eat insects, snakes, rabbits, fish, dead creatures found on roadways or in the woods, corn, frogs, and many other kinds of meat, vegetables, and fruits. In proportion to other things, foxes do not eat many pheasants or rabbits, mostly because these two important game species are too tough to catch.

Plans for '64 Discussed at Wilber Club Meet

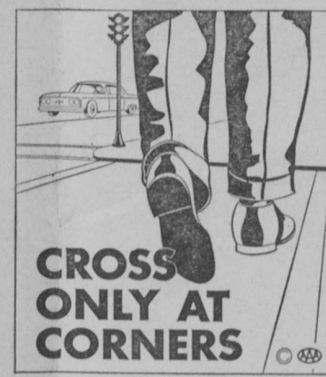

Plans for the coming year were discussed at the December meeting of the Wilber Co-op Home-workers Extension Group. Twelve members and two guests, Mrs. Frank Baumer of Saginaw and Mrs. Albert Kern of Reese, met at the home of Mrs. Russell Jameson. Gifts were exchanged and cookies with their recipes were an interesting topic for the evening. Customs of different countries were discussed. Mrs. Lynden Lee told of several incidents she had encountered in her travels abroad. Dessert and coffee were served by the hostess. For the January meeting to be held at Mrs. Hershall Hyzer's home, the lesson will be decorative stitching.

WINTER SPORTS at Silver Valley were sidetracked over the week-end because of weather, but enthusiasts like those above at the ski area chalet are expected to be out in full force as the season progresses. Plans are now being made for the annual winter sports carnival in February.—Tawas Herald Photo.

Crossing streets only at intersections is a good rule to follow all year around, but it is especially important in winter. Cars may slide when sudden stops are made on icy streets, causing a hazard for both driver and pedestrian. Therefore, Automobile Club of Michigan cautions pedestrians to make sure they "Cross Only At Corners." To bring this message to the state's children, Auto Club has distributed 17,000 full-sized copies of this poster to schools throughout Michigan.

Retires After 22 Years in Air Force

T-Sgt. Joseph W. Morin, whose wife is the former Eunice A. Ross of Tawas City, has retired from the United States Air Force after more than 22 years of active military duty.

Sergeant Morin served as a photographic equipment maintenance supervisor in the 3417th Consolidated Aircraft Maintenance Squadron at Lowry Air Force Base, Colorado, at the time of his retirement.

The sergeant, a veteran of World War II and the Korean Conflict, has served overseas in the European theater, Pacific theater, Arctic Circle and the Antarctic, where he participated in the Admiral Byrd expedition of 1946-1947. He also participated in the invasion of Iwo Jima and served in Panama and Greenland. He is a graduate of Sanford (Maine) High School.

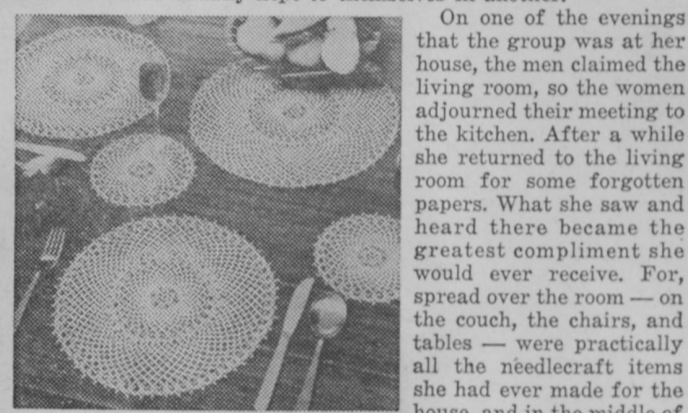

PFC Thomas Musolf, who has completed training at Blackstone, Virginia, spent a furlough with his parents, Mr. and Mrs. August Musolf of Tawas City, prior to leaving for Turkey. He left by plane January 8 and will serve there with the army from 13-18 months. His address is as follows: PFC Thomas Musolf, Tuslog Detach 66-1, APO 133, New York City, New York

Orlo J. Lixey Jr., hospital corpsman third class, United States Navy, son of Mr. and Mrs. Orlo J. Lixey Sr. of East Tawas, spent Christmas aboard the submarine tender, USS Hunley, operating out of Holy Loch, Scotland. Hunley is the first submarine tender designed and built to serve and support Polaris nuclear submarines.

Needlecraft News
by Nancy Baxter

I WAS recently reminded of a conversation I had several years ago with a woman exhibitor at one of the local fairs. We were talking about needlework and she recounted an incident that has remained one of my favorite recollections.

She was one of a group of women who gathered one evening a week to outline community projects. Their meeting place was rotated among the homes of the members so that each participant had her turn to hostess, and while the women met in one room, their husbands usually kept to themselves in another.

On one of the evenings that the group was at her house, the men claimed the living room, so the women adjourned their meeting to the kitchen. After a while she returned to the living room for some forgotten papers. What she saw and heard there became the greatest compliment she would ever receive. For, spread over the room—on the couch, the chairs, and tables—were practically all the needlecraft items she had ever made for the house, and in the middle of this scene stood a proud husband, proclaiming his wife's accomplishments.

I can just imagine the warm, wonderful glow that she must have felt at that moment. Apparently, in his enthusiasm, he just kept bringing things out until the room nearly overflowed with her handiwork.

DELICATE TOUCH

After that thought, only a household item could seem appropriate for today's feature design. So I've chosen a beautiful two-toned luncheon set that has a special touch of elegance. The complete set includes place mat, glass mat, and centerpiece, each worked up from a delicate rosette in the middle. If you prefer, crochet only part of the set. The glass mats alone make an attractive gift item... or the centerpiece... or the place mats. Directions for the entire set are free of charge. Just mail a stamped, self-addressed envelope and your request for Leaflet No. PC 3114 to the Needlework Editor of this newspaper.

NEW YEAR'S RESOLUTIONS

There's one thing, you know, that we all have in common. With the advent of the New Year, everyone starts thinking in terms of making resolutions. We vow that in the coming year, we'll watch our appearances, treat others better, and concentrate on correcting all sorts of bad habits. Although our determination usually weakens somewhat as the year progresses, it's always good to start out with grand plans for undertaking big projects.

CLASSIC STYLE

One such worthwhile project is making a sweater for the man in your life—a sweater like this one, for example. Even if your determination is otherwise inclined to waver, it simply can't this time... not once you've begun to knit a sweater like this. Made on round needles, it progresses so quickly that you simply won't be able to stop until you've completed it.

Since it's made in the raglan style, perfect fit is guaranteed; and, its classic turtle-neck design guarantees an enthusiastic reception as well. Although the yoke effect looks intricate, it actually involves no change at all in the overall pattern; you just knit with a contrasting color and the pattern forms itself. Instructions for making this handsome sweater are available, free of charge. For your copy of Leaflet No. PK 1603, just send your request and a stamped, self-addressed envelope to the Needlework Editor of this newspaper.

THE KEYNOTE IN HOME FASHIONS IS VERSATILITY. And for versatility, afghans are unparalleled. You'll find them in the living room, bedroom, on the porch, in the car, and at spectator sports, lending their warmth and color in dozens of ways.

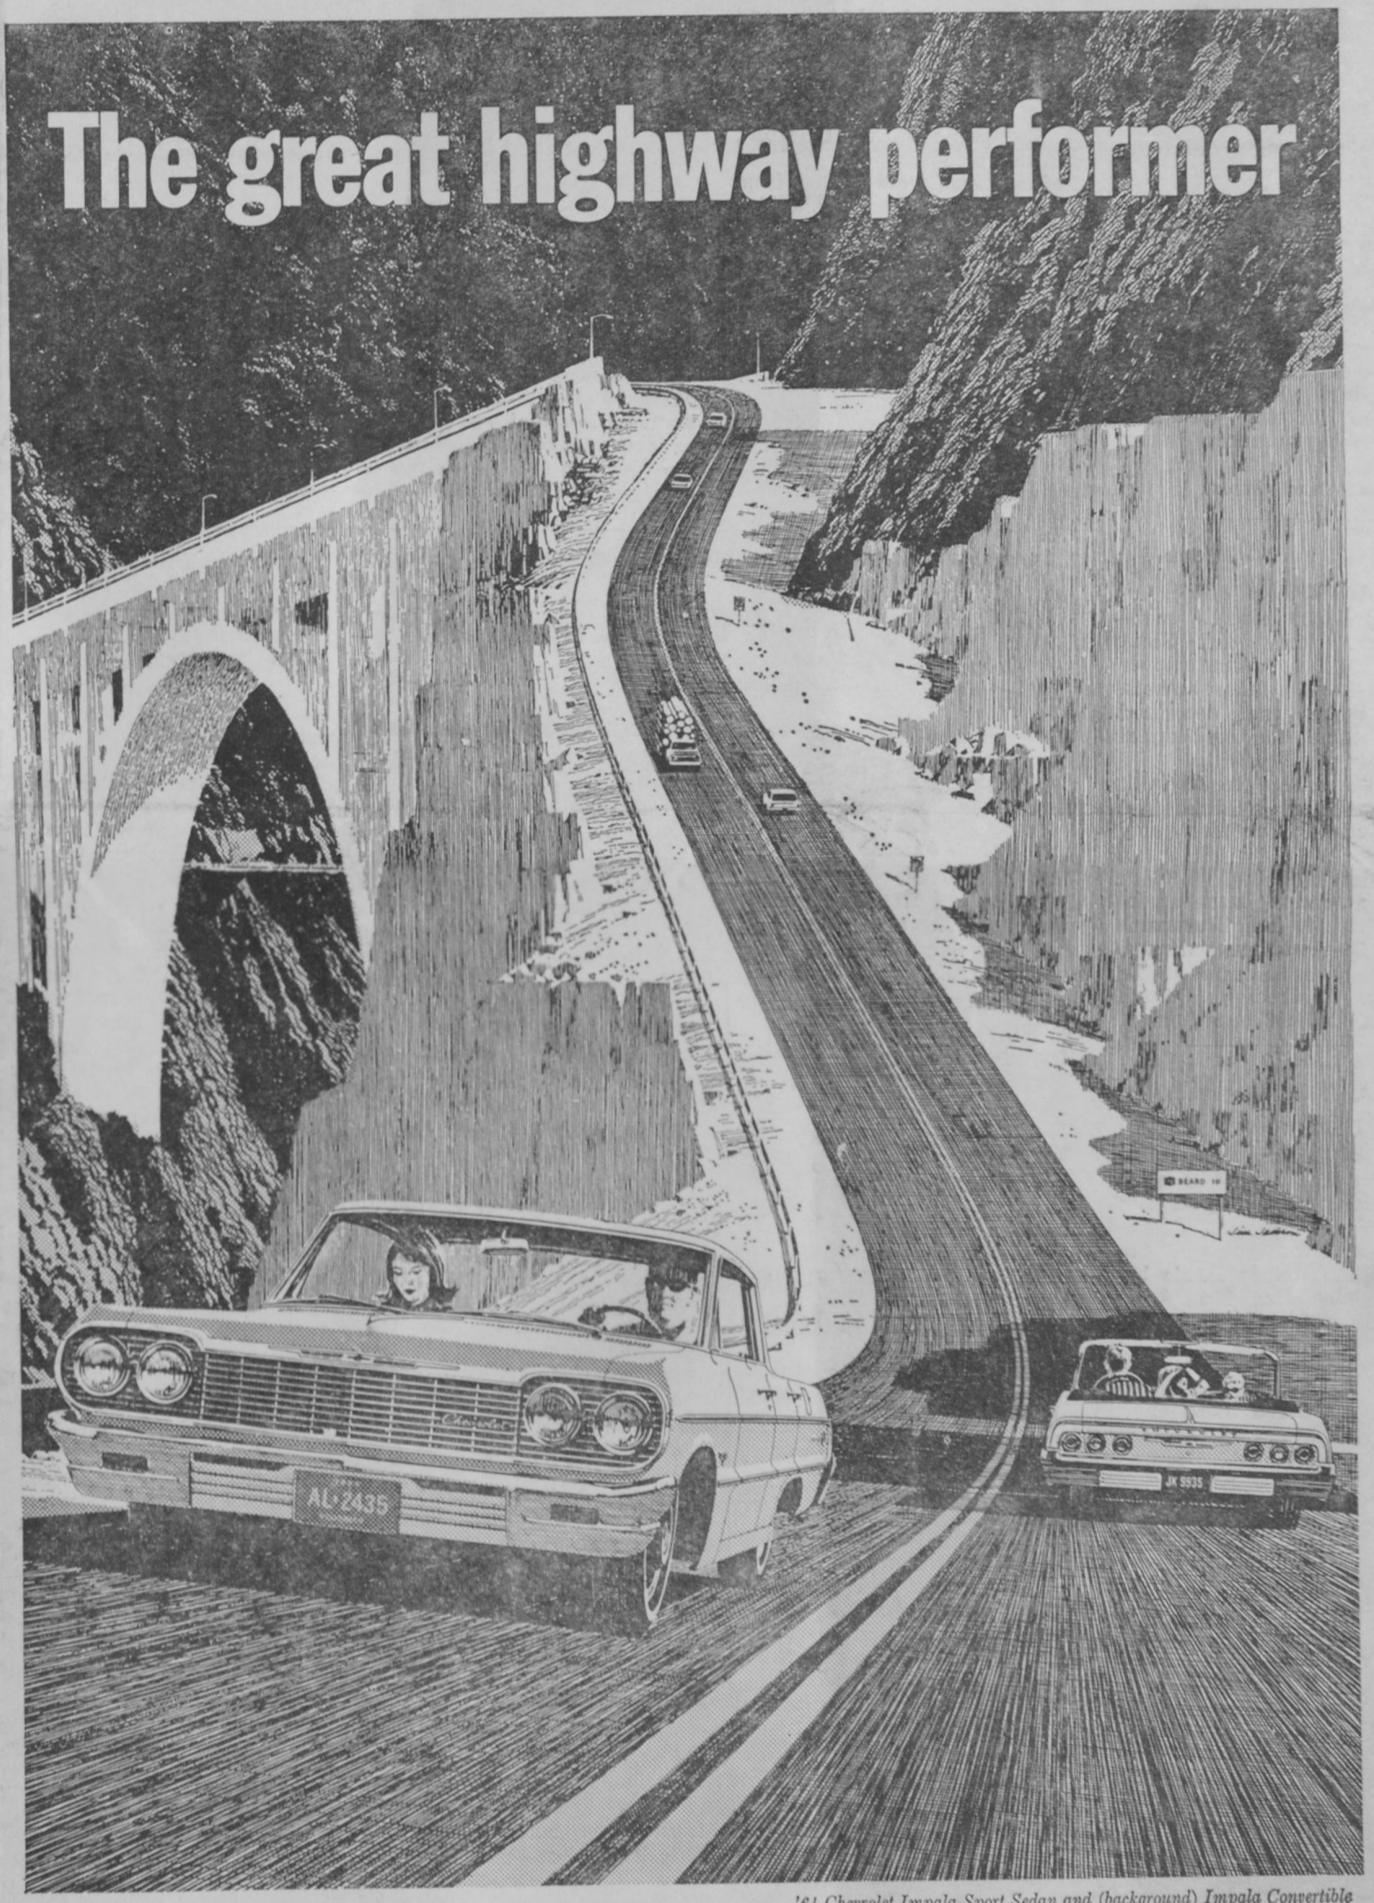

EASY AFGHAN

Part of their popularity is that they are so very easy to make, and there are so many different patterns to make them in. If you can sew, knit, or crochet, you can make an afghan.

CROCHETED QUILT PATTERN

Our afghan pattern for today has been adapted from an authentic Early American quilt pattern, the Henry Clay Wheel. As you can see, the transition from the quilting technique to crochet was accomplished most successfully. Measuring 41 x 61 inches, it's made by simply joining four, 5-inch motifs.

The directions are free, and all you have to do to get your copy is mail a stamped, self-addressed envelope with your request for Leaflet B-136 to the Needlework Editor of this newspaper.

'64 Chevrolet Impala Sport Sedan and (background) Impala Convertible

'64 Jet-smooth Luxury Chevrolet

What does it take to make a car a great highway performer?

If the car happens to be a '64 Chevrolet, one thing only. A highway.

You'll find everything else already neatly packaged for you—on the car exactly as you pick it off the showroom floor.

There's a choice of seven engines—all the way up to a twin-carb high-compression 425-hp V8—and four transmissions, including a finely honed 4-speed stick shift.*

And underlying it all—a bump-skimming Jet-smooth ride that helps keep the performance great even when the highways aren't so great.

What about special performance equipment? Professional driving skills? Forget them.

Nobody has to doctor or coax or soup up these Chevrolets to get the best out of them. They were built to be driven by you—on the kinds of roads you drive on.

And that's really the test of a great highway performer: Just about anyone can get a kick out of driving one, just as it comes out of the showroom.

Which, after all, is the kind of performance you'd expect from Chevrolet. The greater satisfaction and enjoyment built into these cars is borne out, year after year, by the higher resale they bring over other makes in their field.

Next time you're out your dealer's way, allow a few extra minutes to sample one of these highway performers on your own. A few are really all you'll need. That's enough time to do a lot of driving in a Chevrolet.

Marriage Vows Exchanged at Christ Episcopal Church

Mr. and Mrs. Marvin (Ike) Girardin are residing at 802 Third, Flint, following a wedding trip to Northern Michigan.

The couple exchanged vows Saturday, December 28, at Christ Episcopal Church, East Tawas, before the Rev. Robert Morrison. Paul Youngs was organist for the 4 o'clock, single ring ceremony.

Mrs. Girardin is the former Sherry Lee Gardner, daughter of Mr. and Mrs. Daniel A. Gardner of Tawas City. The bridegroom is the son of Mr. and Mrs. Lawrence Girardin of Au Gres.

The bride, who was given in marriage by her father, selected a white, two-piece street-length dress for her wedding. She carried an arrangement of white and red carnations on a white Bible. Miss Betty Ann Gardner of Tawas City served as maid of honor

for her sister. She was attired in a lavender dress.

Attending the bridegroom was his brother-in-law, Frank Corey of Au Gres.

The couple was honored with an afternoon reception at the home of the bride's parents and an evening reception at the Girardin home.

Pre-nuptial showers were given by Mrs. Walter Berg, Miss Sheila Dodson and Mrs. Eugene Fernetto.

'Obligation Night' is Observed by OES

Obligation night was observed at the January 3 meeting of Iosco Chapter No. 71, OES. Mrs. Carl Eckman, worthy matron, presided at the business session.

Social activities for February 14 and 22 were discussed and will be decided upon at the first meeting in February. Mrs. George Rose presented interesting reports on Grand Chapter of Michigan and the W. Mark Sexson Assembly, Order of Rainbow For Girls. Committee reports were also given by Mrs. Eugene Hanson, sunshine; Mrs. Rose and Mrs. Ernest Nesbitt, ways and means.

Refreshments were served from a lace-covered table with a holiday centerpiece consisting of greens, red candles and ornaments. Committee members were Mr. and Mrs. Nesbitt and Mrs. Earl Hester.

Ladies Literary Club to Observe 'Fun Night'

Annual fun night will be observed at the January 15 meeting of Ladies Literary Club. A 7:00 p. m., pot-luck dinner will precede the business session in Christ Episcopal Church, East Tawas.

Turkey Dinner Features Rainbow Girls Party

Members of the W. Mark Sexson Assembly, Order of Rainbow For Girls, gathered at the Sand Lake Road home of Miss Ina Whitney, worthy advisor, Friday evening, December 27, for their Christmas party. Following a turkey dinner, 16 girls present enjoyed an exchange of gifts and games.

Girl Scouts Made Gifts for Christmas Giving

In the previous months, members of Tawas City Girl Scout Troop No. 800 have knitted slipper socks for the Kiwanian baskets. They also made and decorated Christmas cookies for the hospital and convalescent homes.

Following carol singing in front of the Tawas City Hall, the girls enjoyed a Christmas party in the Tawas City Methodist Church memorial hall.

The troop recently made an interesting trip to the Wurtsmith Air Force Base weather station.

Troop members convene at the Tawas City Methodist Church each Monday at 4:00 p. m.

Baptist Circle to Meet Jan. 13 at Leslie Home

Mrs. Paul Beyer is program chairman for the January 13 meeting of Tawas City Baptist Business and Professional Women's Circle. Members will convene at the home of Miss Arlene Leslie beginning at 8:00 p. m. Mrs. A. J. Sevenser will serve as co-hostess.

Ferguson Home Scene of Ruth Circle Meet

Mrs. Douglas Ferguson will host members of Tawas City Baptist Ruth Circle for their Tuesday, January 14, meeting beginning at 7:30 p. m.

"FOR LOVE OR MONEY" starring Kirk Douglas and Mitzi Gaynor will begin a three-day engagement Thursday, January 9, at the Family Theatre.

Braves Defeat Cardinals

Tawas Area Braves returned to their winning ways Friday night by taking both ends of a double header against Whittemore-Prescott Area High School.

The varsity won a 61-44 decision over the Cardinals while the Tawas JV won 60-45 over the Whittemore-Prescott JV in one of the longest games on record.

Returning to the hardwood after a long lay-off for the holiday season, the Braves of Coach Bill McIntosh jumped to a 14-13 lead at the end of the first quarter and were never headed the rest of the way. The quarter scores do not tell the entire story, however, as the Cards were a threat throughout the game and tied the count in the third quarter.

While Center Earl Bronson of the Cards seemed to be having an off night, scoring only three points, Tawas Area had four players who hit in double figures and that proved to be the difference.

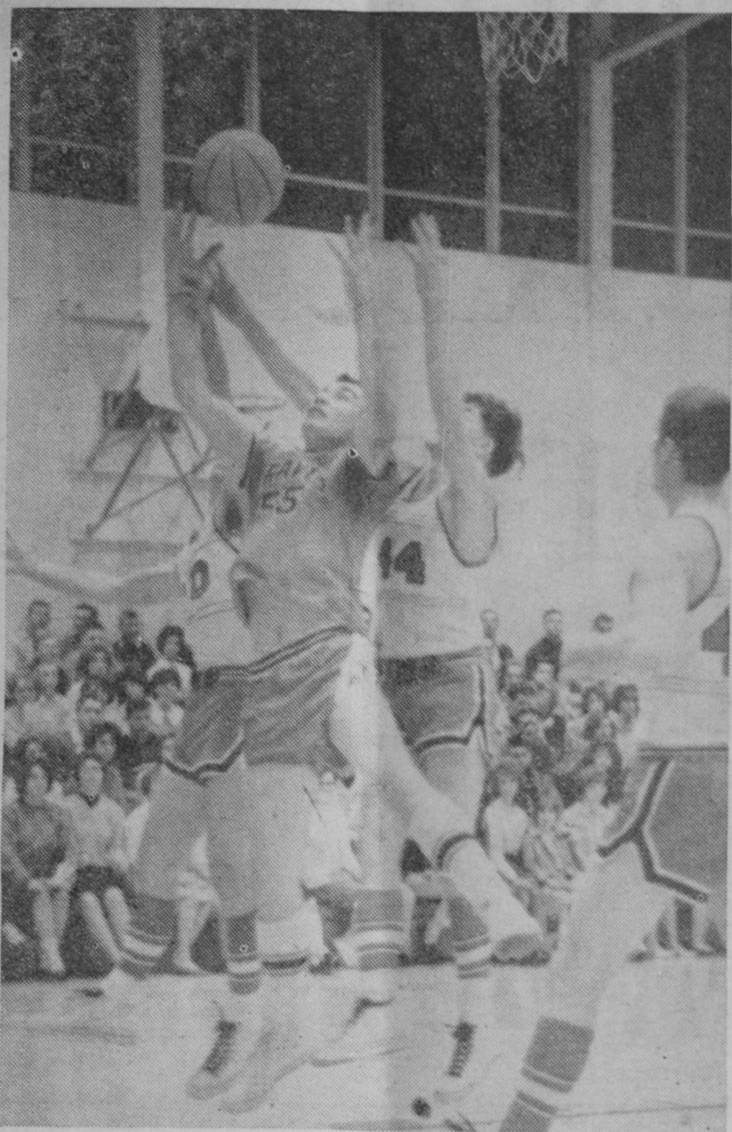

Guard Don Lear, whose 16-point total was high for the night, started things off in the first quarter with two field goals and two foul shots. Forward Dennis Blata added three points. Forward Chuck Anschuetz contributed a field goal and Center Herb Humphrey had one foul shot.

Whittemore's Paul Cherry kept the Cards in the game during the first quarter by stealing the ball twice and converting two pointers, while Chip Drengberg and Roger Rasbury accounted for two baskets each. Bronson meshed a foul shot to complete the scoring.

Tawas jumped into an eight-point lead in the second quarter when Blata, Humphrey and Lear each scored two field goals, while Guard Darrell Welch popped one two-pointer and Anschuetz added two foul shots.

For Whittemore, Bronson hit a field goal. Rasbury meshed four points and Mier had one.

Welch was the big gun for Tawas in the third quarter, hitting

three field goals. Blata and Dennis Radford, who filled in for Anschuetz, each had one field goal,

while Humphrey had one fielder and two foul shots.

Scoring for Whittemore was evenly spread with Cherry completing two from the floor, while Drengberg, Mier and Wojcicki each had one field goal. Rasbury added one foul shot and a fielder.

The final quarter saw the Braves build up a rather commanding lead with Lear hooping three field goals and Blata two. Contributing one each were Welch and Killey and Humphrey had one and one.

Cherry had two field goals for the losers, followed by Mier and Rasbury with one each. Pickett added a foul shot.

Leading the attack for Tawas was Lear, who had 16 points on seven and two. Others scoring in double figures were Blata, 13; Humphrey, 12, and Welch, 10. Rasbury of Whittemore-Prescott had 13 points.

It took one hour and 45 minutes for Tawas Area Junior Braves to record their first victory of the season. With the new rule which stops the clock at every whistle, plus 61 fouls called by officials, the Junior Braves finally defeated their hosts, 60-45. Leading scorer for Tawas was Lapeer, who had six field goals and 10 foul shots for 22 points. Others in the scoring column were Baker, 14; Grebe, 12; Thunberg, five; McLean, four; Powers, Inglis and Roach, two points each. Williams and Bronson topped the Card JV with 12 and 11 points, respectively.

The Braves resume the NBC schedule this Friday night.

Compact View of State Lands

Had the impression that a big share of Michigan's lands are state-owned? By lumping scattered holdings into shaded blocks, this map shows how much state land there actually is in each of the Conservation Department's three administrative regions. Together, these blocks represent some 4,260,000 acres of state lands managed by the Department, including all state forests, parks, recreation and game areas, fishing access sites, and smaller parcels. Michigan's total land area comes to about 36 million acres.

Simple Steps to Good Eating

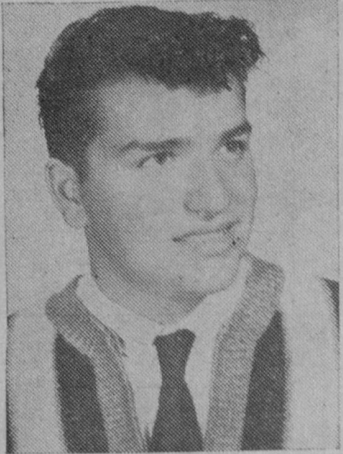

Rabbits which are dressed out right after they have been shot make for best eating at the family table. Field-dressing starts by making a cut at the breastbone and continuing down between the back legs. After the "innards" have been removed, it's ready for cleaning which is easy, too. Raise the skin in the center of the back and run a knife, or shears, through it. Get hold of both pieces of skin and pull in opposite directions. Skin the legs by using your thumb and forefinger to run the skin down them. Cut each leg off just above the last joint. Next, pull the skin over the head until you can see the neck, and snip off the head. Cut the carcass as shown above and wash these pieces thoroughly in cold water to remove all hair and blood. Cover each piece with salt water in a bowl and let it stand overnight.

Tawas City Firemen Answer Alarm 31 Times in 1963

Tawas City Fire Department answered a total of 31 fires during 1963, according to a year-end report announced at Monday night's council meeting.

Of this total, 19 fires were in Tawas City, seven in Tawas Township and five in Alabaster Township. One of the Tawas City fires was actually an assistance call under the mutual protection agreement with East Tawas.

April was the worst month for fires with five grass fires recorded in Tawas City and three grass fires in Tawas Township. There were no fires in May or August.

In January, the fire department had two calls, Eagles Hall and the Raymond P. Rescoe residence at Alabaster. February saw two false alarms and a fire at Cowan's apartment. There was one grass fire in March.

The month of June saw a fire at Cowan's apartment, a false alarm, a house fire in Tawas Township and a grass fire in Alabaster. Four calls in Tawas City during July were a car fire, a grass fire, a fire in Walter Zaleski's garage and a fire at the Lickfelt apartments. There was also a grass fire and house fire in Tawas Township.

September recorded one house fire, while the fire department had two calls during October, one to Tawas Plating and the other a grass blaze. Two calls during November were of a minor nature while the final fire during the year was recorded at the home of Mrs. Amanda Makinen in Alabaster Township.

There were 19 practices held by the fire department during 1963. Total cost of the practices was \$747 and averaged 12 to 13 men attending each practice.

Silver Valley Courtesy Patrol Draws Up Plans to Give Needed Assistance

At the first meeting of the Silver Valley girls courtesy patrol, plans were drawn up to utilize the girls in the areas where most assistance is needed.

Girls will be required to man the check room, watch the slopes and tow for skiers whose actions might endanger others, see that people without skis do not walk on slopes, act as information guides and possibly teach sessions of young children's classes on the beginners slope.

Each girl is expected to work three hours each day she is on duty. A roster is to be posted. In return, she will have free skiing the remainder of the day. Parties and an out-of-town trip to another ski area may be planned.

All interested girls in grades seven-12 are invited to attend the Saturday, January 11, 2:00 p. m., meeting at the ski chalet. Skiing experience is not necessary.

St. Joseph H&SA To Hold Carnival Sunday, Feb. 9

Carnival plans were discussed Monday evening at St. Joseph Home and School Association meeting, which was held in the school. A suggestion was made that school children make prizes for the affair during recess and art class. The event will be staged Sunday, February 9.

Thomas Pintkowski, president of the association, will contact members and appoint a carnival chairman.

Joseph N. Goddard, Mrs. Ronald Moon and Mr. Maslowski of Saginaw, members of "Citizens Education For Freedom Committee," were guest speakers. They spoke on activities of the committee and signed local persons as members.

Sister Rita's room, first and second grades, won the room award. Richard Harris received the jack pot.

Mrs. Charles Quarters, refreshment committee chairman, was assisted by Mrs. James Smith and Mrs. Thomas Cadorette.

At the February meeting, the board of directors will convene at 7:45 p. m. Reynold Mick, superintendent of Tawas Area Schools, will speak on subjects available to parochial school students starting into high school.

New Commander for 379th Bomb Wing Announced at WAFB

Brig. Gen. John A. Roberts, 40th Air Division commander, announced the appointment Tuesday of Col. Andrew J. Bratton Jr. to head the 379th Bomb Wing.

COL. ANDREW J. BRATTON JR.

Colonel Bratton will assume command of the Wurtsmith wing today (Wednesday), replacing Col. Boyd B. White, who has served as commander since the reassignment of Col. Paul K. Carlton in November.

Colonel White will resume his duties as vice wing commander.

Colonel Bratton is a veteran of over 23 years service and will come to Wurtsmith from Headquarters, Second Air Force, Barksdale AFB, Louisiana where he has served since March 1961 as director of material and later as inspector general.

Entering the service September 9, 1940, the colonel graduated from flying school at Randolph and Kelly Fields, Texas, in 1941. He served as a B-24 flying in-

structor at Goodfellow Field, Texas, upon graduating from flying school through 1942.

In 1943, he was squadron commander of a B-24 squadron in the Southwest Pacific.

The years 1944 and 1945 saw Colonel Bratton serving as director of training bases in Albuquerque and Clovis, New Mexico.

During the years 1947 through 1950, the colonel served as chief, Technical Training Division at the Pentagon. He was transferred to McConnell AFB, Kansas, in 1950 where he performed duties as commander of maintenance and supply groups for two years.

From McConnell, Colonel Bratton was reassigned to Goose AFB, Labrador, where he served the next two years as deputy wing commander.

From 1957 to 1958, the colonel was base commander at Chennault AFB, Louisiana.

"My tire went flat again. I declare, you must be using an inferior brand of air in this garage!"

From his Louisiana post, he was reassigned to Laughlin AFB, Texas, where he served as commander of the 4080th Strategic Reconnaissance Wing until his assignment to Headquarters, Second Air Force.

Miss Lonnie Balata of Flint enjoyed the week-end with Susan Wellna. Sunday, Miss Balata returned to her studies at Central Michigan University and Miss Wellna resumed her studies at Saginaw Business Institute.
