

SGT. FRANK ROTI

Sgt. Roti to Retire from State Police

Sgt. Frank Roti, commander of the Michigan State Police Post at East Tawas, retires effective April 5, according to an announcement this week from State Police Commissioner Joseph P. Childs.

A veteran of 27 years of service with the department, the 48-year-old Roti became a trooper on August 17, 1937. He has served at five different posts in Michigan and has received three meritorious citations.

Born at Ishpeming May 23, 1915, Roti attended high school there, graduating in 1934. After state police recruit school, he was assigned to the Mt. Pleasant post. His next assignment was at Erie where he met and married the former Miss Jane Southworth, a native of nearby Monroe.

Serving as a trooper at Erie for four years, Roti was transferred to West Branch for eight years where he was promoted to corporal. After

a stint at the Marquette post, Roti was assigned to East Tawas as desk corporal and assistant commander in 1951. Four years later, he was promoted to sergeant and given command of the post.

During his nearly 30 years of police work, Roti has witnessed and taken part in a major transformation which has seen the Michigan State Police grow from a relatively small force to one of the most modern departments in the country.

Like most of the SP old-timers, Roti was not sorry to see the discontinuance of motorcycles by the department in 1941. "I had my fill of them," he said.

Some of his more memorable experiences included the day some years back when, sitting on desk at the Marquette post, the deputy warden of the state prison there called and said: "Frank, get over here quick—they have the governor!" During an inspection of the prison, Gov. G. Mennen Williams had been grabbed by convicts and held hostage.

Another time, Roti was shopping at Erie during "his day off" and a Toledo radio station told of an armed robbery. While driving home, he spotted the suspect's car and, signaling to a passing police patrol, aided in the capture of the armed holdup man.

Among his experiences while stationed here, Roti had charge of the capture of Alvin Knight, slayer of a Brighton trooper, who was apprehended at a Cedar Lake cabin. He also worked with Texas Rangers during investigation of a murder which led officers from Texas to a lonely grave along U.S. 23 in Alcona County.

These were a few of his recollections Monday as time nears for his retirement. He has not announced plans as yet for the future.

The Rotis have one son, James, who is a senior this year at Tawas Area High School.

Science Show Coming to Two Area Schools

Michigan Consolidated Gas Company will present its national award winning science show, "Gasarama," to Whittemore-Prescott High School students Wednesday, March 11, according to an announcement by William A. Smith, area manager for the utility, and Richard Wight, school principal.

The showings will go on at 9:00 and 10:00 a. m. in the high school.

"Gasarama" will also be presented the next day at Tawas High School, Thursday, March 12, at 10:00 a. m. in cooperation with Ernest Jordan, Tawas Area High School principal. Adults are invited to attend.

Smith said his company is sending the "Gasarama" cast and a special trunk load of stage settings from Detroit to present the live stage show here. "Michigan Consolidated is doing this as a public service. We want to encourage high school students to take a deeper interest in their science studies. 'Gasarama' is aimed at proving science can be fun," Smith said.

With dramatic lighting and staging, Ed Eskey and Vincent Zuch, members of the "Gasarama" cast, will show students how geologists locate deposits of natural gas far underground through the use of a seismograph.

Using black light and fluorescent painted maps, the cast shows how natural gas is pumped 1,200 miles to Michigan from Texas and Louisiana and how it is stored underground for use during the cold months of winter. A miniature gas engine demonstrates how natural gas runs large engines which are used to generate electricity, pump water, drive air conditioning compressors and do other vital jobs in industry. Miss Michele Willson, the third member of the cast, tells the important part natural gas plays in the new field of petrochemicals and how many of the things we use and wear everyday are derived from by-products of natural gas.

Other interesting demonstrations include a "Sputnik" balloon filled with natural gas showing that natural gas is lighter than air and how natural gas can be made to burn under water with the proper gas-air mixture. A fuel cell demonstrates how electricity can be generated directly from gases.

James C. Preston, general manager of the company's northern district, said, "Michigan Consolidated Gas Company believes that our Gasarama show will help stimulate the thinking of students in their study of science. This is a field that offers real challenge and future unlimited for young people who are willing to study."

SHOOTSELF IN HAND WITH BLANK CARTRIDGE

Alvin Kendall, 43, Tawas City, was treated at Tawas Hospital last Friday after accidentally shooting himself in the left hand with a .38 caliber blank cartridge.

Investigating state police officers learned that Kendall had been demonstrating how a revolver worked when he squeezed the trigger and the gun discharged. There were two blank cartridges in the cylinder.

MISS MARSHA FAIR

—Tawas Herald Photo

Miss Marsha Fair—

Named Worker in Child Welfare

Miss Marsha Fair has been appointed to the position of child welfare worker for Iosco, Ogemaw and Roscommon Counties, according to an announcement from the

Michigan Department of Social Welfare.

Miss Fair received her bachelor of art degree from Central Michigan University in February 1964 where she was co-salutatorian of her graduation class. She also attended Mt. Pleasant High School and Hope College. Before graduation, Miss Fair had been employed by the music department and foreign language department of CMU.

The position of child welfare worker is new for this area, although it has existed for many years in other parts of the state.

Services provided by the child welfare division of the Michigan Department of Social Welfare are broad and are not met by an existing agency in the county.

Services are as follows: Placement and supervision of state wards in home for foster care and adoption, services to unwed mothers, service to children living in their own homes who appear to be in danger of being neglected or becoming delinquent, licensing of independent boarding homes and providing service to children and parents using these homes, supervision of children on release status from boys training school and girls training school, services to children placed in Michigan from out of state and supervision of foreign adoptions consummated in Michigan.

Persons interested in foster care or adoption are requested to contact Miss Fair at her office in the Iosco County Bureau of Social Aid, Courthouse, Tawas City, phone 362-2312.

Community Chest Meeting March 17

First regular meeting of the Tawas Area Community Chest will be held March 17 in room 55, Tawas Area High School, 7:30 p. m.

On the agenda will be the election of seven new directors. All persons who have contributed to the community chest have a vote and voice in the election.

After the regular meeting, the old and new directors are to be asked to remain for election of new officers.

Bay Cityan Receives Prison Sentence

Bernad Rafisch, 22, Bay City, was sentenced Monday to serve from 18 months to four years in Southern Michigan Prison, Jackson, by Iosco Circuit Judge Allan C. Miller.

Rafisch, who has an extensive record, confessed larceny of \$4 in change from the Self-Serve Laundry at East Tawas. He had been arrested following investigation by Chief of Police Donald Docking.

Thunder Bay Wins ET Elementary Contract

Thunder Bay Construction Company of Harrisville was awarded a contract for constructing the new addition to the East Tawas Elementary Unit. Kirchman Brothers of Bay City received the contract to furnish kitchen equipment.

A bid of \$106,000 submitted by Thunder Bay last week was low among bids submitted by seven general contractors. Only local bid submitted was from Davison and Son Builders, Incorporated, \$118,800.

At Monday night's regular meeting of the Tawas Area Board of Education, three alternates were accepted on the general contract. Included were construction of a canopy between the new addition and existing building, \$680; new roof on the existing building, \$2,790; remove cornice on old building, \$400.

The board also authorized installation of asphalt tile in the multipurpose room instead of vinyl tile.

After reviewing bids on kitchen equipment, the board of education deleted nine items from the original bid list. Great Lakes Hotel Supply Company of Detroit had the low bid of \$8,102, but Kirchman's bid of \$8,257 was accepted.

Trustee Leonard Sarki recommended that the board enforce its contract penalty clause should the work not be completed by August 15, as stipulated. The contract provides for a \$100-a-day penalty should the general contract not be completed by August 15.

In other business, Principal Ernest W. Jordan Jr. reported that the department of public instruction had ruled that the board could not expend funds for hiring uncertified personnel. The board has asked for a ruling concerning a program sponsored by the American Association of Teachers of French which offered to bring native French students

to this country to learn the English language and, in turn, assist high schools in the teaching of French. Such students serve without salary, but receive room and board, spending money and expenses.

Bus transportation for the school-sponsored Key Club to attend its convention March 20-21 at Grand Rapids was authorized according to past policies of the board.

The board also authorized use of school buses for transporting students in grades nine through 12 to the regional basketball tournament. This has been the usual practice when the school has won a district basketball tournament.

Lifer Freed After 26 Years in Prison

John Mioduszewski, 44, formerly of rural Mikado, is a free man today after serving 26 years in various Michigan prisons.

Arraigned in Alcona County Circuit Court Monday, a plea of guilty to manslaughter was accepted by Judge Allan C. Miller and Mioduszewski was placed on five years probation.

Mioduszewski's life sentence for first degree murder, handed down in 1933 by Judge Herman Dehnke, retired, was set aside by a recent ruling of the state supreme court.

Following an United States Supreme Court precedent set in a similar Florida case, the state court ruled that Judge Dehnke had erred in accepting Mioduszewski's plea before advising him of his right of counsel. It is expected that the new ruling will set aside many similar cases throughout the United States.

Eighteen years old at the time, Mioduszewski was convicted on a guilty plea of murdering his uncle at the latter's Mikado Township farm.

EIGHTIETH YEAR

NUMBER 17

TAWAS AREA BRAVES won their second consecutive class B district basketball tournament last Saturday night at Standish-Sterling Central. Kneeling in front are Dennis Radford, Chuck Anschuetz, Don Lear, Herb Humphrey, Darrell Welch, Jim Sasse and Larry Killey. Standing in back from left are Dick Grebe, Dale Harten, Joe LaBlance, Jim Herman, Jim Roti, Jim Smith, Dick Lapeer, Dave Baker, Athletic Director Ron Wiltse and Head Coach Bill McIntosh.—Tawas Herald Photo.

CO-CAPTAINS of the Whittemore-Prescott Area Cardinals, Paul Cherry and Roger Rasbury, are shown here with Coach Ed Dudo as they placed the district basketball trophy in the school's display case. This was the eighth district cage tournament won by one of Dudo's teams in the past eight years. The Cards won three close games last week at Roscommon.—Herald Photo.

TOURNAMENT FEVER time has again rolled around and down go the nets after a victory. Turn to page 5 for details.

June 2 Vote Probable on Iosco Facility

Procedures and legal notices relative to holding a special election June 2 to submit a medical care facility bond issue to a vote of the people has been received by County Clerk George A. Prescott.

Miller, Canfield, Paddock and Stone, Detroit law firm, has prepared an outline and timetable for the proposed election. Voters are to be asked to approve a \$300,000 bond issue to help finance construction of a \$550,000 facility.

Iosco Board of Supervisors is to make application to the federal government for a \$250,000 grant from Hill-Burton funds should voters approve the project.

Formal action on setting the election date is to be taken at the March 18 meeting of the board of supervisors.

Easter Coloring Contest Announced

Gould's Rexall Drug Store, East Tawas, announced this week that its annual Easter color contest was open to all children up to 14 years of age. Pencil, paint or crayon may be used to color pictures which appear in Gould's advertisement in this newspaper. All entries must be received at the East Tawas store by March 28 and awards of judges will be final.

There will be three prizes in a division for youngsters in fourth grade and under and three prizes for fifth through eighth grades.

Sportsmen's Club Meets Tonight

Members of Iosco Sportsmen's Club will assemble at the clubhouse Wednesday evening (tonight), 8 o'clock.

Michigan Consolidated Announces 3 Key Personnel Appointments

Michigan Consolidated Gas Company today announced appointments to three key positions in its Tawas area of operations, which also includes West Branch, Oscoda, Harrisville and Lincoln.

Named supervisor of office and sales was Wayne L. Frieberg; operations foreman, Jack M. Lardie, and technical assistant, George E. Tuttle, according to the announcement by William A. Smith, area manager.

Frieberg will be transferred to Tawas from Big Rapids where he has served with the distribution department of the utility for five years. He joined Michigan Consolidated in 1956 after graduation from the Ferris State College trade and technical course. Born at LeRoy, he attended school in Big Rapids and spent two years in the armed service. He is married and has two sons.

Lardie was born and raised in Traverse City where he joined Michigan Consolidated in 1956. Prior to that he served over 10 years in the navy and more than three years in the army reserve as a platoon sergeant. Married, with three sons and a daughter,

he has been on the board of trustees of St. Michaels Church.

A Tawas businessman for many years, Tuttle has been mayor of Tawas City for seven years and also served five years as a city councilman. He is a graduate of Bliss Electrical Engineering School, Washington, D. C., and Coyne Radio and Refrigeration School, Chicago, Illinois. He joined Michigan Consolidated last October after representing the Childs Equipment Company. The Tuttle family has two daughters.

SECRETARY OF STATE'S OFFICE CLOSED SATURDAY

The Michigan Secretary of State branch office will be closed Saturday, March 14.

70 JUNIORS WRITE SCHOLARSHIP TEST

Seventy members of the junior class at Tawas Area High School took part in the National Merit Scholarship testing program Tuesday.

Two Braves on All-Conference Team of NBC

Two members of the Tawas Area Braves, Center Herb Humphrey and Forward Chuck Anschuetz, were picked for first team all-conference honors Monday night by a vote of coaches and players of the NBC.

Humphrey, a junior, has been the NBC champion's leading scorer this season. Anschuetz, a senior, has been an outstanding player on the backboards.

Others named to the first team squad were Brian Delbridge and Mike Turner of West Branch and Ed Butler of Oscoda.

Named to the second team were Glen Johnson of West Branch, Ron Harold and Jim Ogg of Gladwin, Doug Bishop and Rick Weishuhn of Standish and Rod Foot of Pinconning.

Candidates for all-conference honors were selected from a list named by coaches and players at the end of the regular season. Five players receiving the highest number of votes were named as the first team.

A large number of young people from the Tawasess enjoyed a party Friday evening at the Rudolph Schmalz home on the Plank Road.

March 10, 1939—Horatio S. Karcher, prominent Rose City druggist and former state senator, died early Tuesday morning.

Miss Jean Robinson is home from Flint for a few weeks.

Mr. and Mrs. Virgil Dearth of Detroit are guests of Tawas City relatives and friends.

Chris Green of East Tawas left Monday for a visit with relatives in central Europe.

Mr. and Mrs. B. F. Goodrich have returned from a visit in Flint.

Mr. and Mrs. Harris Barkman

Fluoridation and Your Children's Teeth

By E. A. HASTY, M. D.
Director of Public Health
District No. 2

On April 6, the people of East Tawas will have the privilege of expressing their approval of the very important public health program of fluoridating the city's drinking water.

I want to assure you that I, as your health officer, most sincerely and enthusiastically endorse this program. I have always admired the people of the Tawas area for their civic pride and progressive spirit. I admire your fine schools and beautiful churches. I admire your excellent water system and your sewage disposal system. These are achievements for which you should be proud and are the result of sacrifice and endless labor on the part of most of your citizens.

Now, I am asking that you same people endorse this program of adjusting the fluoride content of your drinking water to one part per 1,000,000 for the purpose of helping to prevent tooth decay. Analysis of the city water from the water station in East Tawas reveals that it contains little or no fluoride. Science teaches us that the ideal drinking water for good dental enamel should contain approximately one part fluoride per 1,000,000 parts of water. This can be accomplished by adding the necessary fluoride to your city water system at the average expense of 10 cents to 15 cents per year per capita.

At present, there are now 100 cities in Michigan fluoridating water. Detroit has approved fluoridation and as soon as its program is under way there will be over 4,000,000 people in Michigan drinking fluoridated water.

Why do we advocate such a program? In cities where this program is in effect, it has been scientifically proven beyond all doubt that dental cavities have been reduced by 60 to 65 percent. Fluoridation produces strong, hard and decay resistant teeth.

The National Institute of Dental Research, which is a branch of the United States Public Health Service, has investigated both the beneficial effects and all the alleged harmful effects of fluoridation. They state, "We know without question that fluoride in a water supply at the recommended rate of one part per 1,000,000 is absolutely safe and does not produce any undesirable systemic effect in human beings."

Fluoridation is endorsed by the left today for a 10-day visit with relatives in New York City, New York.

Richard Goodale, teacher at Harbor Springs, is at his home in Wilber Township for a few days.

Mr. and Mrs. Glenn Schneider of Roscommon spent the week-end at the Charles Schneider home in Whittemore.

Otto Rahl of Turner visited Hale relatives over the week-end.

March 12, 1954—Petitions are being circulated for a vote on a site for the proposed Tawas Area High School building.

Harold Pfeiffer, Thomas Dillon and William Anderson have returned from a trip through Wisconsin.

The Jacob Weber family has returned to East Tawas after residing for a time at St. Charles.

Mr. and Mrs. Warren Hughes of Flint spent the week-end with Mr. and Mrs. Charles Hughes.

Mr. and Mrs. Ira Wentworth of Chicago, Illinois, are guests at the H. E. Hanson home this week.

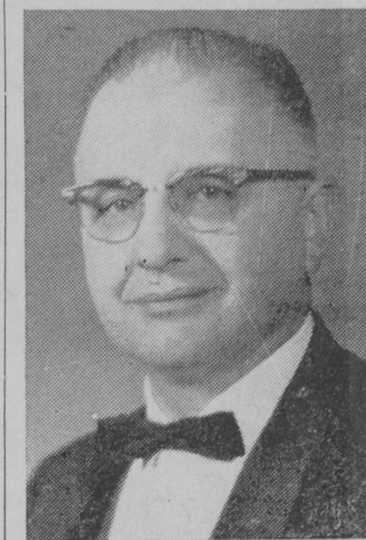

Mr. and Mrs. Frank Smith of Sherman Township were week-end visitors at Detroit.

Mr. and Mrs. Adison Featheringill of Ypsilanti were week-end guests at the Fred Pfahl home.

Mrs. Anna Peters of Hale has returned from a visit at Port Huron.

Mr. and Mrs. William Karr of Fort Knox, Kentucky, are visiting Whittemore relatives.

College Chorus to Present Concert of Sacred Music

ARNOLD O. LEHMANN

The Male Chorus of Northwestern College, Watertown, Wisconsin, will present a concert of sacred music in the Tawas Area High School Auditorium March 31 at 8:00 p. m. The chorus, under the direction of Arnold O. Lehmann, professor of music, will feature numbers by such composers as J. S. Bach, Thomas Tomkins and Johannes Brahms. In addition, arrangements and settings by modern composers, such as G. Winston Cassler, will make up a part of the program.

A student organist, Mark Lenz, will play the variations by Johann G. Walther of the chorale, "Herr Jesu Christ," and a male quartet will sing several hymns and chorales.

Northwestern College is a pre-theological college, operated by the Wisconsin Evangelical Lutheran Synod. Virtually all the members of the chorus intend to become Lutheran pastors, and therefore, possess a great interest in presenting good music, well performed, in their sacred concerts.

An invitation is extended to all to attend the concert; a freewill offering will be taken.

American Dental Association, the American Medical Association, the United States Public Health Service, the American Food and Drug Administration and the World Health Organization of the United States and all major scientific medical and dental organizations in the United States.

The issue is simple, the facts are available, the decision is yours.

Honor Roll Candidates Named at Hale Area

John J. Dooley Jr., principal of Hale Area Schools, announces that the following students received all A grades for the fourth six-week marking period: LaVerne Bielby, eighth grade; Bobbette Pember, ninth grade; James McMurray, 10th grade; Michael Crenshaw, 12th grade.

Other honor roll candidates include: Seventh grade: Lonnie Forshoe, Janet Kolodziejki, Delores Ormerod, Gail Scofield, Elite Sheltenbarger.

Eighth grade: Linda Beader, Mark Brindley, Lynne Krantz, Mark Miller, Lorraine Shellenbarger, Paula Sullivan, Larry Wilson.

Ninth grade: Richard Cheney, Rickford Goodrow.

Tenth grade: Michael Bielby, Kathleen Dorey, Diana Short.

Eleventh grade: Tressa Bielby, Francis Goodrow, Susan Holzheuer, Cheryl Lyke.

Twelfth grade: Robert Bissonnette, Bruce Hewitt, Deanna Holzheuer, Marimae Pember, Ward Wagner.

Mrs. Pieper Honored at Shower Thursday

Mrs. Walter Pieper was honored with a shower following the regular business session of Zion Lutheran Ladies Aid Thursday evening, March 5. Devotions were led by Mrs. Arnold Guilford. Following the 6:30 a. m. Easter service, the aid will serve coffee and rolls.

An arrangement of yellow roses and a stork graced the serving table. After Mrs. Pieper opened her many beautiful gifts, refreshments were served to 51 members and guests. Mrs. Joseph Brooks, Mrs. Arthur Wendt, Mrs. Fred Bulbitz, Mrs. Leonard Hoshbach and Mrs. William Grebe served as hostesses.

Navy Recruiter to be in East Tawas Thursdays

SMC M. J. Melan, navy recruiter, will be at the Federal Building, East Tawas, each Thursday between the hours of 10:00 a. m. and 4:00 p. m. to interview applicants interested in navy opportunities.

Spiritual "Substance" will be the subject at all Christian Science church services next Sunday.

Responsive reading will include this passage from II Corinthians (4:18): "We look not at the things which are seen, but at the things which are not seen; for things which are seen are temporal; but things which are not seen are eternal."

Related reading from "Science and Health with Key to the Scriptures" by Mary Baker Eddy will include the following: "As God is substance and man is the divine image and likeness, man should wish for, and in reality has, only the substance of good, the substance of Spirit, not matter" (p. 301).

Lutheran Faith

Marriage is a gift of God. God has ordained marriage, as recorded in the Bible—"Therefore shall a man leave his father and his mother, and shall cleave unto his wife; and they shall be one flesh."

Marriage is to be monogamous (one mate).

The trinity of the family points to the oneness of marriage. Every child is the child of one father and one mother. This forms a trinity which can never be broken.

Marriage involves vows and oneness that takes place in God's presence and is granted as His gift.

'64 Chevy II Super Sport with V8 power

... and just the place to enjoy it

Find out for yourself what this Chevy II can really do. If there are hills nearby, let it give them a good going-over. Then see it give slow-moving trucks the run-around. With its new extra-cost V8 you need but give the accelerator an inch, and this Super Sport will take a mile. And this great highway performer looks the part it plays so well. A glance at its all-vinyl interior and door-to-door carpeting will tell you that. There's your choice of either the floor-mounted Powerglide or Four-Speed Synchro-Mesh transmission. Both are optional at extra cost, along with a Positraction rear axle, AM-FM radio, and many other accessories. And for all its new power, Chevy II rides so softly it seems to glide along the highway. That's because it has high-mounted independent coil springs in the front and Mono-Plate single-leaf springs in the rear. With everything Chevy II Super Sport has going for it, it's no surprise your Chevrolet dealer is anxious to show you its price tag. Because that's the only thing about it that isn't super.

Iosco County Supervisors' Proceedings

FEBRUARY SESSION

February 19, 1964

Pursuant to January adjournment the Iosco County Board of Supervisors was called to order in February session at 9:30 a. m. by the chairman who ordered roll call. The following supervisors were present: Abbott, Bellville, Blust, Campbell, Everett, Gerard, Hosbach, LaVoy, Little, Nelkie, McKenzie, Meyers, Oates, O'Dell, Lixey, Smith, Webb. Absent: Stephan.

Communications were read and referred to the proper committee by the chairman.

Mr. McKenzie, member of the Iosco-Arenac Regional Library Board presented supervisors with the annual financial report of that group. Referred to the finance committee.

Mr. McKenzie presented the board with the resignation of Robert Curtis from the regional library board. The chair set a special order of business for 2 o'clock p. m. to take action.

Mr. Little requested information from the insurance committee on a statement for \$500.00 premium on workmen's compensation insurance.

Mr. Campbell reported to the board some interesting vital statistics on sales tax income for Iosco County. The board had been searching for some time for this information. Mr. Campbell stated that the Michigan Department of Revenue, Research Center, Lansing, Michigan, issues a monthly bulletin releasing these figures with a very comprehensive breakdown. The clerk was instructed to request that the county board of supervisors be placed on the mailing list.

Mr. Smith addressed the question to Mr. Campbell in regard to the proposed closing of part of the D&M Railway service north of Rogers City.

Mr. Campbell answered that the railroads had petitioned for abandonment as a matter of self protection. He mentioned that all the railroads plying in Northern Michigan were concerned with the closing of the railroad car ferry service across the Straits. Mr. Campbell also remarked that he wondered why the same effort being expended in protest to the abandonment could not be directed to some concrete suggestions whereby service may be maintained.

Mr. Hosbach informed the board that the Tawas Development Corporation was now a reality and that a number of shares had been sold. Mr. Hosbach said that shares were available at the bank or the chamber of commerce.

Mr. McKenzie read the following report of the building and grounds committee:

Honorable Board of Supervisors Gentlemen:

The building and grounds committee recommends that the lowest bid of \$220.22 for drapes for supervisors' room be accepted.

Bids received were as follows: Johnson Upholstering, \$220.22; Belusa's Upholstering, 306.00.

Signed: McKenzie, Meyers, Everett

It was moved by McKenzie supported by Meyers that the report be accepted. The motion carried upon the following roll call. Ayes: Abbott, Bellville, Blust, Campbell, Everett, Gerard, Hosbach, LaVoy, Little, Nelkie, McKenzie, Meyers, Oates, O'Dell, Lixey, Smith, Webb. Nays: None.

Mr. Davenport reminded the board that March 31st was the extended deadline in which Iosco County should submit a resolution setting forth its interest in the over-all economic development plan.

Mr. Higgins again appeared before the board asking about progress on the proposed Tawas Lake Dam.

Upon motion supported and prevailing, the board recessed until 1:30 p. m.

AFTERNOON SESSION

Upon call to order at 1:30 p. m., roll call was ordered by the chairman. The same supervisors were present as at the morning session.

Mr. Little gave a brief report on his attendance at the fourth district meeting held in Mt. Pleasant and supervisors' board of review members.

It was moved by Everett supported by Nelkie that this board request that no veteran tax exemption forms be given out or filled out by anyone other than supervisors or assessing officers. Carried unanimously.

Mr. McCready addressed the board calling attention to the need for some resurfacing in the county building parking lot. Referred to the building and grounds committee.

Mr. McCready addressed the board asking for authorization to proceed with the establishment of a legal level of water for Chain Lakes in Plainfield Township. Referred to the conservation committee.

Mr. Stickney addressed the board in regard to the purchase of condemnation of property for building sites for the dam on Tawas River. Mr. Stickney had with him Mrs. Helen Majewski, who is one of the property owners involved in the selected site for the proposed dam. Mrs. Majewski stated that she would take \$7,300 for the property that would be rendered useless to her should

the dam be constructed. The matter was referred to the drain commissioner.

At 2 o'clock p. m., Mr. Blust moved that the resignation of Mr. Robert Curtis from Iosco-Arenac Regional Library Board be accepted. The motion was supported by Everett and carried unanimously.

It was then moved by Blust that Mr. Charles Bailey of Whittemore be appointed to fill the vacancy on the library board.

The chairman called for other nominations. There being none, it was moved by Everett supported by Abbott that the nominations be closed and the clerk be instructed to cast the entire ballot for Mr. Bailey. Carried unanimously.

Mr. Everett read the following reports of the welfare committee:

Honorable Board of Supervisors Gentlemen:

We, the welfare committee, request authorization from this board to hire the bonding firm of Miller, Canfield, Paddock and Stone as financial consultants and legal advisors for the proposed construction of the Iosco County Medicare Building.

Signed: C. S. Everett, John E. Hosbach, C. E. Smith, Geo. G. Webb

It was moved by Everett supported by Hosbach that the report be accepted. The motion carried upon the following roll call. Ayes: Abbott, Bellville, Blust, Campbell, Everett, Gerard, Hosbach, LaVoy, Little, Nelkie, McKenzie, Meyers, Oates, O'Dell, Lixey, Smith, Webb. Nays: None.

Honorable Board of Supervisors Gentlemen:

We, the welfare committee, request authorization to select an architect for the purpose of preliminary plans of the Iosco County Medicare Building.

Signed: C. S. Everett, John E. Hosbach, C. E. Smith, Geo. G. Webb

It was moved by Everett supported by Meyers that the report be accepted. The motion carried upon the following roll call. Ayes: Abbott, Bellville, Blust, Campbell, Everett, Gerard, Hosbach, LaVoy, Little, Nelkie, McKenzie, Meyers, Oates, O'Dell, Lixey, Smith, Webb. Nays: None.

Honorable Board of Supervisors Gentlemen:

We, the welfare committee, request the approval of this board to authorize the welfare committee to make preparation for the erection of a county medicare building subject to vote of the people.

Signed: C. S. Everett, John E. Hosbach, C. E. Smith, Geo. G. Webb

It was moved by Everett supported by Blust that the report be accepted. The motion carried upon the following roll call. Ayes: Abbott, Bellville, Campbell, Everett, Gerard, Hosbach, Little, McKenzie, Meyers, Oates, O'Dell, Nays: None.

Mr. Everett remarked that in the near future installations of sprinkling system will be demanded in the many nursing homes throughout Northern Michigan and that closing of these homes will commence July 1 of this year.

Mr. Meyers read the following report of the aeronautics committee:

Honorable Board of Supervisors Gentlemen:

We, the aeronautics committee, hire and approve the contracts submitted by Robert Peckham, consulting engineer, Lansing, Michigan, to make and formulate plans for the State of Michigan and Federal Aviation Agency and County Board of Supervisors for approval of the above named project at the airport. Said project to be for black topping and lighting of same.

Signed: R. A. Meyers, E. R. Lixey, J. Campbell, Everett

It was moved by Meyers supported by Abbott that the report be accepted. The motion carried upon the following roll call. Ayes: Abbott, Bellville, Campbell, Everett, Gerard, Hosbach, LaVoy, Nelkie, McKenzie, Meyers, Oates, O'Dell, Lixey, Smith, Webb. Nays: None.

Mr. Meyers read the following report of the aeronautics committee:

Honorable Board of Supervisors Gentlemen:

We, the aeronautics committee, recommend that \$10,000.00 (ten thousand dollars) be put on deposit in the local bank and earmarked for black topping and lighting project of Iosco County Airport.

The above mentioned monies to be released when request is made for same by the aeronautics committee and the Michigan Department of Aeronautics as to the progress of the project.

A copy of this resolution and a copy of the deposit slip be sent to the Michigan Department of Aeronautics for their records and information of where the money is located.

Signed: L. S. Little, Bellville, Everett

It was moved by Little supported by Everett that the report be accepted. The motion carried upon the following roll call. Ayes: Abbott, Bellville, Campbell, Ever-

ett, Gerard, Hosbach, LaVoy, Little, Nelkie, McKenzie, Meyers, Oates, O'Dell, Lixey, Smith. Nays: None.

Mr. Campbell for the judiciary committee moved that this board concur with the resolution from Kalamazoo County requesting the secretary of agriculture to lessen and relax farm controls imposed on our nation's farmers. The motion supported by Smith and carried unanimously.

Mr. Smith for the conservation committee moved that this board concur with a resolution from Bay County asking for a study and survey between the United States and Canadian governments to seek a solution for the control of the levels of water of Lake Huron and Lake Michigan. The motion

was supported by Lixey and carried unanimously.

It was moved by McKenzie supported by Meyers that the minutes of the January session be approved as published. Carried unanimously.

Mr. Nelkie reported that the new county road maps would be ready for distribution in March.

It was moved by Smith supported by Webb that action on the Chain Lake petition for establishment of a legal level be tabled. Carried unanimously.

Mr. Blust read the following report of the committee on claims and accounts No. 2:

It was moved by Hosbach supported by Gerard that the report be accepted. The motion carried upon the following roll call. Ayes: Abbott, Bellville, Blust, Campbell, Everett, Gerard, Hosbach, LaVoy, Little, Nelkie, McKenzie, Meyers, Oates, O'Dell, Lixey, Smith, Webb. Nays: None.

It was moved by Everett supported by Little that the clerk be instructed to use his own judgment in working with the State Department of Social Welfare regarding the rental amortization for the social welfare department previously worked out after construction of the county building. The clerk had informed the board that the federal agency had inquired as to whether or not Iosco County had saved interest by retiring bonds ahead of schedule and if any interest had been gained from investment for reserve monies. This was asked because in the rent determination made for the area occupied by the social welfare department interest had been computed and added to the total cost of the county building for the entire 20 years of the bond issue. The motion carried unanimously.

Mr. Everett announced that a welfare meeting would soon be scheduled at which time questions and answers would be compiled on the medical care facility project.

Mr. Webb read the following report of the mileage and per diem committee:

Honorable Board of Supervisors Gentlemen:

Abbott \$1.60 \$1.00 \$1.60

Upon motion supported and prevailing, the board adjourned until March 18, 1964.

Henry Oates, chairman
George Prescott, clerk 11-1b

ORDINANCE NO. 5

THE TOWNSHIP OF WILBER

ORDINANCE

Section 1. Subject to all the terms and conditions mentioned in this ordinance, consent is hereby given to Michigan Consolidated Gas Company, a corporation organized under the laws of the State of Michigan, and to its successors and assigns, to lay, maintain, operate and use gas pipes, mains, conductors, service pipes and other necessary equipment in the highways, streets, alleys and other public places in the Township of Wilber, Iosco County, Michigan, and a franchise is hereby granted to Michigan Consolidated Gas Company, its successors and assigns, to transact a local business in said Township of Wilber, for the purpose of conveying gas into and through, and supplying and selling gas in said Township and all other matters incidental thereto.

Section 2. This franchise is conditioned on the commencement of construction by Michigan Consolidated Gas Company of a gas main within the boundaries of the Township of Wilber on or before December 31, 1964. If such construction does not commence on or before that date this franchise shall terminate as more specifically provided in Section 6 hereof.

Section 3. Upon commencement of the installation of a gas main within the time specified, the Company shall proceed to complete the same as soon thereafter as reasonably practicable; provided, however, that the Company shall not be held responsible for delays due to weather or labor conditions, inability to procure necessary materials, or other causes beyond its control; and provided further, that such initial installation, and all extensions shall be subject to the Main Extension provisions contained in the Company's Rules and Regulations for Gas Service as approved by the Michigan Public Service Commission.

Section 3. Michigan Consolidated Gas Company, its successors and assigns, shall not unnecessarily obstruct the passage of any of the highways, streets, alleys or other public places within said Township and shall within a reasonable time after making an opening or excavation, repair the same and leave it in as good condition as before the opening or excavation was made. The Company, its successors and assigns, shall use due care in exercising the privileges herein contained and shall be liable to said Township for all damages and costs which may be recovered against said Township arising from the default, carelessness or negligence of the Company or its officers, agents and servants.

No road, street, alley or highway shall be opened for the laying of trunk lines or lateral mains except upon application to the Highway Commissioner or Township Board, or other authority having jurisdiction in the premises, stating the nature of the proposed work and the route. Upon receipt of such application, it shall be the duty of the Highway Commissioner or Township Board, or such other authority as may have jurisdiction, to issue a permit to the Company to do the work proposed.

Section 4. The Company is now under the jurisdiction of the Michigan Public Service Commission to the extent provided by statute, and the rates to be charged for gas, and the standards and conditions of service and operation hereunder, shall be the same as now set forth in the Company's Schedule of Rules, Regulations and Rates as applicable in the City of Clare, or that shall hereafter be validly prescribed for the Township of Wilber under the orders, rules and regulations of the Michigan Public Service Commission or other authority having jurisdiction in the premises.

Section 5. The words "Michigan Consolidated Gas Company" and "the Company", wherever used herein, are intended and shall be held and construed to mean and include both Michigan Consolidated Gas Company and its successors and assigns, whether so expressed or not.

Section 6. This ordinance shall take effect immediately after the date of publication thereof, which shall be within ten (10) days after the date of its adoption, and shall continue in effect for a period of thirty (30) years thereafter, subject to revocation at the will of the Township at any time during said thirty (30) year period and subject to the condition that if the Company shall fail to com-

WHAT MAKES A WOMAN LOVABLE? Her ability to love, of course. And that means loving everyone — men, women and children. I hope you noticed that I included women in the people-to-be-loved category. Too often many gals regard other women as their natural enemies.

FOR MEN ONLY
They save all the good things they have to offer for men only. These women just don't know what they're missing out on by ignoring feminine friendships. Who else can give you fashion and beauty hints, but another woman? Who else can pitch in and help you with your work when you're snowed under? And, most important, who else can you talk to about your troubles with men? See what I mean? Do go on being charming and pretty for men. But don't neglect making friends with women.

SOMETHING FOR THE GIRLS
One of the nicest ways to make friends is to crochet this set of wildly zany lion slippers for a neighbor. They're not hard to make; mostly all it takes is a simple chain stitch. We've done ours in a soft taupe color, with shimmering rhinestone buttons for eyes. For free instructions for crocheting these lion slippers, just send a stamped, self-addressed envelope and your request for Leaflet PC 2086 to the Needlework Editor of this newspaper.

control; and provided further, that such initial installation, and all extensions shall be subject to the Main Extension provisions contained in the Company's Rules and Regulations for Gas Service as approved by the Michigan Public Service Commission.

SEE LIST ON PAGE THREE

Tawas Wins 2nd B District Tourney

Tawas Area Braves rolled to their second consecutive district cage tournament Saturday night by soundly whipping Standish-Sterling's Panthers, 80-56, on the latter's home floor.

The Panthers, hoping to duplicate Tawas' feat of last year when the Braves upset West Branch for district honors, were never in contention after the first quarter.

Standish-Sterling gained its berth in the finals by downing Gladwin Tuesday night and then upset West Branch, NBC's second

the third quarter when Humphrey meshed 13 points and Tawas had a 59-31 lead. Anschuetz contributed three foul shots, Welch had two field goals and Sass had a foul shot.

Tawas continued its pace in the fourth quarter, but Central closed the gap somewhat with a 25-21 scoring edge. Coach Bill McIntosh used his entire bench late in the game.

Humphrey's 32-point stint was high for the tournament. He was followed by Anschuetz, who scored 13 points and was deadly from the free throw line. Pestru's 18-point total was high for the losers.

Tawas Draws Bye; Play Friday Night

Tawas Area Braves drew a bye in pairings for the Mt. Pleasant regional tournament and will play Friday night, 8:45 o'clock, meeting the winner of the Whitehall-Sparta game which is scheduled for Wednesday night. Whitehall has a record of 17 wins and one loss while Sparta has a 17 and two record. Tickets are on sale at the high school.

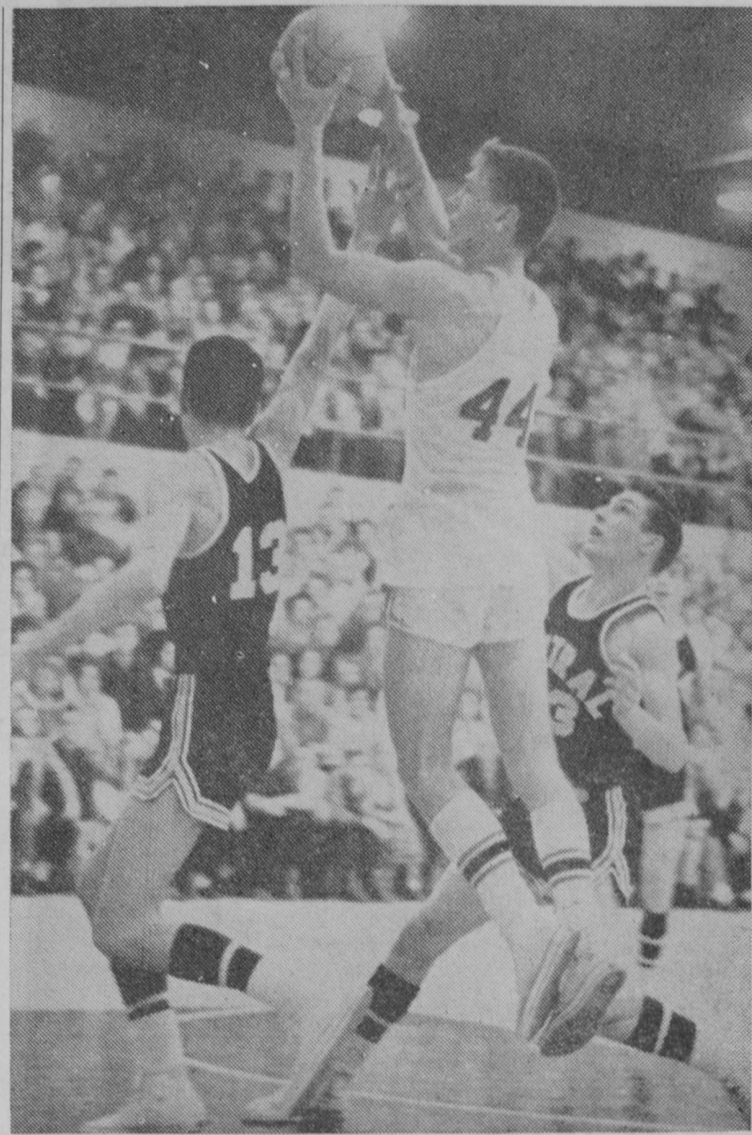

place team, Thursday night. Tawas drew a bye opening night and then downed Oscoda Thursday night.

After having trouble eliminating Oscoda in the semifinals, Tawas was not expected to show the same kind of power it displayed in defeating Standish-Sterling, 86-51, earlier this season. Playing on home confines, the Panthers were expected to turn in a performance similar to their first meeting with Tawas this year when the Braves won by only one point.

Led by Center Herb Humphrey, the McIntoshmen started the first quarter with a war hoop and held a 16-7 lead at the end of the period. Forward Chuck Anschuetz, who pulled in 13 rebounds during the night, scored six points on two and two, Humphrey had eight on three and two and Guard Don Lear scored one fielder.

Tawas maintained its pace in the second quarter and Central closed the gap somewhat on fine shooting by Forward Ralph Pestru. The Braves held an 18-16 margin and led at intermission, 34-23. Scoring in that quarter saw Anschuetz with four points on one and two, Humphrey scored four field goals, Lear and Jim Sass each contributed two field goals and Guard Darrell Welch had one.

The Braves really cut loose in

CENTER HERB HUMPHREY of Tawas Area scored 32 points in last Saturday night's win in district finals against Standish-Sterling Central. Opposing players are Bishop and Pavelka.—Herald Photo.

Tawas Area Braves fought their way into Saturday night's district finals by defeating the Oscoda Owls Thursday night, 67-60.

After defeating Oscoda twice in conference competition, the Braves had their work cut out for them in the district semifinals. The Owls used two players to guard Center Herb Humphrey of Tawas, who scored 18 points during the night. In doing so, the losers lost two men via the five foul route.

The two teams battled on even terms in the first half, Tawas holding a 15-13 margin at the end of the first quarter and Oscoda cut the edge to 32-31 at intermission.

Tawas built up its lead by four points in the third quarter by outscoring Oscoda, 15-11, and the

Braves held on with a 20-18 margin in the final.

Tied with Humphrey for high scoring honors was Forward Jim Sass, who had 18 points on seven field goals and four foul shots. Guard Don Lear was the third player to hit in double figures with 14.

Ed Butler was high scorer for Oscoda with 18 points, followed by Pete LaRouech's 12.

The sharp-shooting Moore served as co-captain with Bud Acton. Moore hit on 46 percent of his field goal shots (175 of 378) and 80 percent of his freethrows (72 of 89).

Coming to Alma in his junior year from Alpena Junior College, Moore was an immediate starter in Coach Wayne Hintz's lineup. He tallied 407 points in 21 games for the 1962-63 season, giving him a total of 825 points for two years of play at Alma. Last year, he was the MIAA's second best scorer.

Against Central Michigan University and Lawrence Tech this season, Moore canned 35 points. Never scoring less than 12 points in a game, he was one of Coach Hintz's most consistent scorers.

A good outside shooter and hard driver, Moore had his best scoring night in a Scot uniform last year when he tallied 40 points against Kalamazoo College.

Moore, who always seemed to be in the right place at the right time, was a strong rebounder for a guard, grabbing 103 this season. He was one of two seniors on the Alma lineup this campaign and Coach Hintz knows it will be a problem to replace him next season.

Ray Moore Scored 422 Points at Alma

Moore, all MIAA guard of the Alma Scot basketball team, scored 422 points in 21 games for a 20.9 average this season. The senior, who resides in Flint, is the son of Mr. and Mrs. Chester Moore, formerly of Tawas City. He finished third in the MIAA scoring race this year with 242 points.

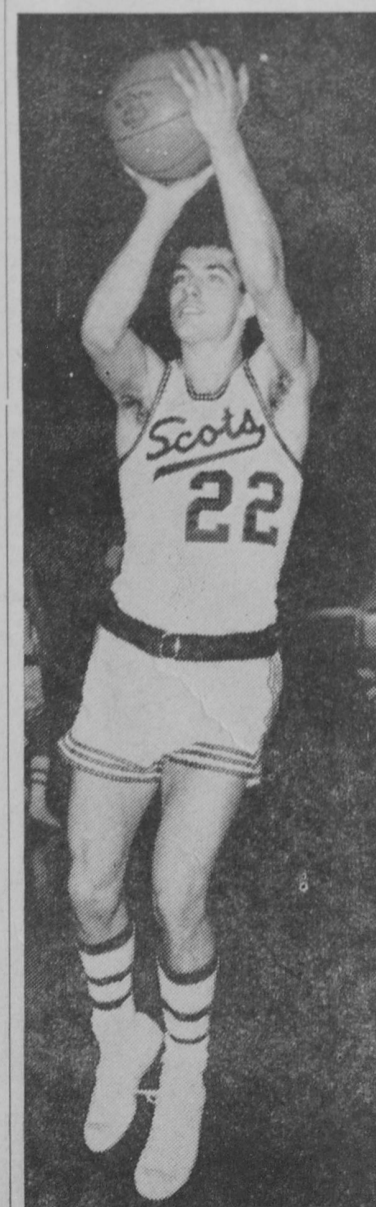

The sharp-shooting Moore served as co-captain with Bud Acton. Moore hit on 46 percent of his field goal shots (175 of 378) and 80 percent of his freethrows (72 of 89).

W-P Cards Win C District Tourney

By DORNACE BELLVILLE

Whittemore-PreScott Cardinals won the class C district championship at Roscommon Saturday night with a thrilling come-from-behind win over Houghton Lake, 61-57.

The Cards gained the finals by beating the Roscommon Bucks on their home floor Tuesday night, 70-68, in overtime, then trimmed Grayling Thursday night in another close game, 50-48. After a disappointing season with nine wins and seven losses, the Cards caught fire in tournament play as many of Coach Ed Dudo's team have done in the past.

The Cards pulled one out of the fire over Roscommon, dropping the four points behind in the overtime period, then coming back

with Roger Rasbury sinking two free throws with five seconds left for the win.

The Grayling game was another squeaker Thursday night. The Cards were up against a taller team—one player standing six feet, eight inches—but good team play pulled the Cards through for another two-point victory.

The final Saturday night saw Houghton Lake hold a lead from the opening whistle until less than six minutes remained in the game. The Cards were behind as much as 12 points, but came back to tie it up at 49 all with Rasbury again getting some points when they were badly needed.

Seven Cards played in the three games, all contributing to the victories. Paul Cherry topped the scoring for the three nights with a

total of 43, Rasbury totaled 40, Tom Wojcicki had 35, Jim Redmond contributed 25, Chip Drengberg meshed 20, Earl Bromson had 14 and Larry Pickett, four.

The Cards go to the regional tournament at Petoskey and meet the winner of the Leelanau-Glenn Lake game at 7:30 Thursday night. The winner plays Harbor Springs-Gaylord winner Saturday night.

Hale Area Eagles Eliminated in First Round of Tourney

Hale Area Eagles were eliminated in the first round of the district tournament at AuGres as Arenac Eastern, connecting on 34 charity tosses, defeated the Western Isoco team, 76-61.

The losers netted 24 two-pointers to 21 for the winners, but foul line shooting by Arenac Eastern spelled the difference. The winners held a 20-16 first period lead and upped the margin to 35-29 at intermission.

Chet Barber led the Arenac Eastern five with 29 points on seven field goals and 15 out of 15 foul shots. Teammates Tim Allen and Gary Newton added 14 on five and four and 13 on four and five, respectively.

Lonnie Ryland hooped 25 for Hale on 11 and three while Dan Drengberg counted 10 on three and four.

'Quality Education' to be Discussed by P-TA

Quality education, how close we come to it and what we can do to get it, will be discussed by representatives from Tawas Area High School, elementary school and board of education at the Monday, March 16, meeting of Tawas Area P-TA. Prior to the 8:00 p. m. meeting in the high school cafeteria, coffee will be served from 7:30 until meeting time.

Realizing that future security rests on proper physical and mental development of children, the panel will discuss ways of meeting the needs of the individual student in regard to the students capabilities and the requirements of the rapidly changing world.

Nominations to fill the offices of president, teacher vice president, secretary and historian for two-year terms will be presented Mrs. Ecll Minard, committee chairman. Nominations will also be requested from the floor. Elections are to be held at the April session.

Plans Made for VFW Spring Card Parties

March 21 and April 3 card party plans were formulated at the March 9 meeting of Isoco County VFW Auxiliary. The events will be staged in the post home beginning at 8:00 p. m.

Mrs. Doris Lynn won the mystery package. Lunch was served by Mrs. Madeline Ruehle and Mrs. Fannie Walstead. The March 23 meeting will commence at 8 o'clock.

AIA Meeting and April 3 Initiation are Discussed

Plans for April 3 initiation and an AIA meeting at Lincoln April 2 were announced at the Friday evening meeting of Isoco Chapter No. 71, OES, of East Tawas. Mrs. Carl Eckman, worthy matron, presided.

Honored AIA guests presented were Elizabeth McArthur of Harrisville, president; Walter Sage-man, Whittemore, first vice president; Theresa Schram, Lincoln, second vice president; Blanche Carlson, East Tawas, third vice president; Mary Westfall, Tawas City Chapter, treasurer. Grand representatives, Mrs. McArthur, New York State; Marian Rose, Massachusetts, and visitors from Lincoln, West Branch and Saginaw were introduced.

Report from the ways and means committee was presented by Mrs. Rose; sunshine, Anna Hanson; special committee, Ruby Evans. Elected delegates to AIA are Mrs. Eckman, Beryl Lichtfusz and Marie Hennigar. Appointed reporting delegates were Mrs. Hennigar and Helen Applin.

At the close of the evening, refreshments were served from a table decorated with a white cloth, scattered with various sizes of green shamrocks and strips of green crepe paper. The centerpiece was a fine duplicate of the Blarney stone, partially covered with ivy, surrounded by pixies and white candles in green holders. Serving on the committee were Mr. and Mrs. Peter Lichtfusz and Helen Hertzler.

Butterfield-Tuttle Take First in Bridge Play

Marian Butterfield and Elizabeth Tuttle teamed to take first place by a wide margin Thursday, March 5, in duplicate bridge competition held at the Holland Hotel, East Tawas. James Alexander and Emil Hiltz, Oscoda school teachers, placed second; Mr. and Mrs. Emmett Cecil, third; Helen Collier and Betty Miller, fourth. Twenty-seven boards were played with 10 couples competing.

Winners took eight high boards, five of these on defensive play, two on one bids and one on a slam bid successfully made over a double on board six. Three other teams made 12 tricks but failed to bid above game. In the same hand, another team tried slam at no trump and failed by two tricks.

Play will resume March 19. During April and May, special Saturday night sessions are planned for Kiwanis bowlers and their wives. The public is invited.

OFFICERS of the newly-organized Tawas Kiwanis Auxiliary are shown following installation last Thursday noon. Standing at left is Mrs. John Allen of Oscoda, installing officer. Seated in front and receiving the gavel is Mrs. Ernest W. Jordan, president; Mrs. John D. LeClair, vice president; Mrs. John Hosbach, treasurer. Standing in back are Mrs. Walter Champion, custodian; Mrs. Carl Thunberg, auditor; Mrs. L. C. McKay Jr., secretary; Mrs. Herbert Hertzler, historian. Mrs. Gordon Dunham and Mrs. Hugo Keiser, Keyette advisors, were not present for the picture.—Tawas Herald Photo.

TC Garden Club to Send Teacher to Camp

Members of the Tawas City Garden Club voted to send a local teacher to the Higgins Lake Conservation Camp for a week this summer at the March 3 meeting. Mrs. T. J. Smith, conservation chairman, presented the project suggestion and it was accepted. For the last meeting of the club year held at the home of Mrs. Caryl Ives, president, 27 members were present.

For Mrs. John McCormick's portion of the program, a report on green vines and plants popular in the home was enjoyed. She also read a paper written by Mrs. Laurel Lawe. Mrs. Charles VanHorn spoke on the shamrock and displayed her plant which was in bloom and used as a centerpiece.

St. Patrick caps, scarves and shamrocks were worn by those attending and tables were covered with green cloths. Ice cream, cookies and coffee were served by Mrs. Ives, assisted by Mrs. George Liske, Mrs. David Blair and Mrs. William Gregory.

The new club year will begin April 7, 1:30 p. m., at Mrs. McCormick's home.

FB Women's Committee Met at Ives Home

Mrs. Caryl Ives entertained members of Isoco County Farm Bureau Women's Committee Wednesday, March 4. Plans for the spring district 10 meeting to be held April 16 were discussed. With the Isoco County group as host, a business session will be staged at Oscoda Township Hall. An afternoon tour of the air base is also on the agenda.

During the afternoon, games were played and prizes awarded to Mrs. Lawrence Everett, Mrs. Norton Freeland, Mrs. Robert Pyne, Mrs. Mae Lang of Laidlawville and friend, Mrs. Towns, were guests.

Mrs. Hershall Hyzer's home will be the scene of the April 1 meeting.

Tawas City OES Chapter to Meet March 17

Having been recessed during January and February, Tawas City Chapter No. 303, OES, will convene Tuesday, March 17, at the Masonic Temple for a regular meeting. A good attendance is requested.

About PEOPLE YOU KNOW

Tawas City

Mr. and Mrs. Robert Eskola and daughter, Ellen Jane, of Royal Oak were weekend visitors of Mrs. Eskola's parents, Mr. and Mrs. Charles Randall, at their Huron Heights home.

Daniel Fenton, who resides on South US-23, is a patient at Saginaw Veterans Hospital.

MICHIGAN WATERWAYS COMMISSION DOCK at East Tawas was still locked in by ice and deserted by winter Saturday afternoon, but several hundred fishermen (shown as tiny specks in a band across the middle of this picture) were trying their luck for perch about 300 yards away. The fishermen were standing along the edge of open water.—Tawas Herald Photo.

With Our Servicemen— Took Part in Pacific Training Exercises Aboard Carrier

Matthew H. Hoag, seaman apprentice, United States Navy, son of Mr. and Mrs. Matthew E. Hoag of Tawas City, participated in training exercises off the Hawaiian Islands February 13 aboard the attack aircraft carrier, USS Ticonderoga, which normally operates out of San Diego, California.

Ticonderoga, when operating in a "hunter-killer" group, is the hub of a combined surface, sub-surface and air detachment working together to find and destroy enemy submarines.

She is the fourth naval vessel to carry the name commemorating the Revolutionary War battle and is equipped to carry about 75 jet aircraft and a crew of some 3,000 men.

Marine Gunnery Sgt. Raymond B. Shaw and Marine Pvt. Terry L. Hartley, sons of Mr. and Mrs. David S. Hartley of East Tawas, are serving with the second marine division's eighth expeditionary unit presently undergoing extensive training exercise in the Caribbean.

During the combined operational and "good will" cruise, they will have an opportunity to visit San Juan, Puerto Rico, and Guantanamo Bay, Cuba.

Their unit will return to its homebase, Camp Lejeune, North Carolina, in early April.

James R. Redman, seaman apprentice, United States Navy, son of the Rev. and Mrs. Ernest E.

Redman of Hale, is participating aboard the attack aircraft carrier, USS Kitty Hawk, in a coordinated United States-Nationalist Chinese amphibious exercise called "Operation Backpack" being conducted off the coast of Taiwan.

Backpack is an exercise to test the amphibious capabilities and readiness of the forces of the seventh fleet and the Nationalist Chinese Navy. The exercise, with over 40,000 men and 140 units participating, will culminate in an amphibious assault on beaches of southern Taiwan and will demonstrate the effectiveness of the United States Seventh Fleet to rapidly move a significant combat force to a troubled area in order to assist an ally.

Prior to the assault, aircraft of the seventh fleet will soften beach defenses. In addition, support ships will conduct anti-submarine warfare exercises and the area surrounding the beachhead will be cleared of any obstructions and mines.

Backpack is similar to those exercises conducted periodically by units of the seventh fleet with SEATO and other allied nations in the Far East to improve proficiency in coordinated amphibious warfare operations and to maintain working relationships with allied nations.

John J. McKenzie, son of Mr. and Mrs. Howard McKenzie of Hale, recently participated in "Turks Ahead," a major fleet exercise conducted off the coast of Southern California. The exercise was designed to train and test first fleet units in strike, anti-aircraft and anti-submarine warfare. Twenty-four surface ships, four submarines and several naval air units participated. March 13, he leaves for a six-month tour of the West Pacific.

McKenzie, a 1962 graduate of Hale High School, entered the navy the following October. Fol-

lowing basic training at San Diego, California, he was transferred to Great Lakes, Illinois, where he graduated from machinist mate school in December 1963.

His address is: John J. McKenzie, M. Division USS Harry E. Hubbard DD-748, C-o FPO, San Francisco, California 96601

James Tarnosky, son of Mr. and Mrs. Bernard Tarnosky of East Tawas, is home on a 30-day leave. He has been stationed at Newfoundland and Iceland and is being transferred to Lakehurst, New Jersey, to serve with a helicopter squadron. A friend of Tarnosky's, Thomas Chambers of Ohio, who is also in the navy, is visiting at the Tarnosky home.

Pvt. James Campbell Jr. of Fort Knox, Kentucky, has completed basic training and will be home until March 20. He will return for an eight-week administration course.

TA Faculty Members to Attend U of M Conference Friday

Principal Ernest W. Jordan Jr. and Robert Reasner of Tawas Area High School are to attend a vocational education conference Friday at the University of Michigan, Ann Arbor. Under study will be improvements to vocational educational programs in state high schools.

EABY BOOKS—Many styles from which to choose. The Tawas Herald, 408 Lake Street, Tawas City. 11-tfb

"HEATING WITH ELECTRICITY GIVES US A FEELING OF COMFORT AND CLEANLINESS WE NEVER HAD BEFORE"

says Mr. and Mrs. Bryce Barnes of Eastport, Michigan

"When you live as far north as we do, having a heating system that delivers top comfort at a reasonable cost becomes a real important item. That's why we are sold on electric heat. It heats so gently that most of the time we are not even aware that it's on. And as far as comfort is concerned, we have learned that there's a big difference between being comfortable and simply being warm... even during the severe, record-breaking cold weather we had last winter. "From my point of view," says Mrs. Barnes, "I would select electric heat if for no other reason than the cleanliness it affords."

CONSUMERS POWER COMPANY

- Please send FREE Electric Home Heating Booklet
- Send information about how I can qualify for \$100 installation allowance.

NAME _____
STREET _____

CARDS OF THANKS

I would like to thank those who took part in getting me to the hospital; Dr. Payea for surgery and help; relatives and friends for their visits; Elder Yager and the administrative prayer and many kind words; the hospital staff and nurses for their wonderful care, and those who sent get-well cards from as far away as Texas and Florida.
 Omar Frank 11-1b

We wish to express our sincere thanks and appreciation to our friends and neighbors for their comforting expressions of sympathy during our recent bereavement; we also wish to thank Vicar Kom, Emanuel Lutheran Ladies Aid and the children's choir.
 The family of Mrs. Elmer (Edith) Pierson 11-1b

We sincerely want to thank all our friends and neighbors for their kindness and help in the loss of our home; we especially thank Mr. and Mrs. Allen Anshuetz, Mrs. Moore and first grade children of East Tawas elementary school and East Tawas Fire Department.
 Mr. and Mrs. Fred Russler and family 11-1b

LEGAL NOTICE

NOTICE OF MORTGAGE SALE
 Defaults having been made in the conditions of a certain mortgage made by STATE BUILDERS, INC., a Michigan corporation, of the City of Midland, Midland County, Michigan, to GEORGE O. FETTERS AND COMPANY, a Michigan corporation, doing business at Saginaw, Michigan, dated March 1, 1963, and recorded March 8, 1963, in the Office of the Register of Deeds for Isoco County, Michigan, in Liber 54 of Mortgages on page 451, and said mortgage having elected under the terms of said mortgage to declare the entire principal and accrued interest thereon due, which election it does hereby exercise, pursuant to which there is claimed to be due and unpaid on said mortgage on the date of this notice for principal and interest the sum of \$37,088.41, and no suit or proceeding at law or in equity having been instituted to recover the debt secured by said mortgage or any part thereof.
 Now therefore, by virtue of the power of sale contained in said mortgage and pursuant to the statutes of the State of Michigan in such case made and provided, notice is hereby given that on Monday, the 20th day of April, A. D. 1964, at eleven o'clock in the forenoon, Eastern Standard Time, at the front entrance of the Court House in the City of Tawas City, Isoco County, Michigan, that being the place of holding Circuit Court in said County, said mortgage will be foreclosed by a sale at public auction to the highest bidder of the premises described in said mortgage not having been released, or so much thereof as may be necessary to pay the amount due as aforesaid, and any sum or sums which may be paid by the undersigned at or before said sale for the taxes and/or insurance on said premises, and all other sums paid by the undersigned, with interest thereon, pursuant to law and to the terms of said mortgage, and all legal costs, charges and expenses including an attorney's fee, which premises to be sold are situated in the Township of Osceola, Isoco County, Michigan, and described as follows:
 Lot 76, Hull Island Subdivision No. 2, according to the plat thereof recorded in Liber 10 of Plats on pages 46 and 47, Isoco County Records.
 DATED: February 3, 1964.
 GEORGE O. FETTERS AND COMPANY, a Michigan corporation.
 Nash, Nash and Borrello Attorneys for Mortgagee
 Business Address: 1001 Second National Bank Bldg. Saginaw, Michigan 6-13b

TC Elementary Hot Lunch Menus Given

The following menus will be served in the hot lunch program

How to liven up a lunch box

Meat—cheese—egg—almost any kind of sandwich tastes new and wonderful when you use Miracle Sandwich Spread. It's made by KRAFT.

Miracle Sandwich Spread

at Tawas City Elementary Unit, Tawas Area Schools:
 Monday, March 16: Scalloped potatoes with ham, green beans, peaches, bread, butter, milk.
 Tuesday, March 17: Hamburger on bun, buttered corn, pineapple, cheese sticks, pickles, milk.
 Wednesday, March 18: Goulash, spinach, chocolate pudding, bread, butter, cheese, milk.
 Thursday, March 19: Fried chicken, mashed potatoes, buttered carrots, bread, butter, cookie, milk.
 Friday, March 20: Tuna and noodle casserole, pears, buttered peas, bread, butter, cheese, milk.
 Monday, March 23: Spaghetti and ground beef, corn, cherry crisp, bread, butter, milk.
 Tuesday, March 24: Hot dog on bun, pears, green beans, cheese, pickles, milk.
 Wednesday, March 25: Roast pork, gravy, mashed potatoes, carrots, applesauce, bread, butter, milk.
 Thursday, March 26: Tomato soup, crackers, meat or tuna sandwich, peaches, cheese, milk.
 WHITE PLASTIC—Knives, forks and spoons, \$1 per 100. The Tawas Herald, 408 Lake Street, Tawas City, Michigan. 25-tfb

Today's Teen

TODAY'S TEEN is Kay Earl, 16, a junior at Tawas Area High School. Maintaining a C-plus scholastic average, Kay's subjects this year include United States History, French II, English III, business mathematics and law and shorthand I. She is a member of the language club. Her parents are Mr. and Mrs. Roger Earl.

List 10 Who Have Given Up Smoking

Names of 10 persons who have quit the smoking habit were submitted to the Herald during the past week as follows:
 Arthur Dease, East Tawas, six weeks; Herbert Holmes, Tawas City, three weeks; Laurie Frank, Tawas City, nine months; John Skinner, Tawas City, 11 months; Arnold Bronson, Tawas City, two months; Clarence Oates, Tawas City, six months; Kenneth Frank, Tawas City, five months; Harry Kendall, Tawas City, six weeks; Douglas Ferguson, East Tawas, two years; Joseph W. Fox, Tawas City, two weeks.

Representative at Lansing College

William Wilson, a 1963 graduate of Tawas Area High School, has been appointed as arts and sciences division representative to the student government at Lansing Community College. Upon graduation, he plans to transfer to Michigan State University and hopes eventually to become a speech therapist. He is the son of Mr. and Mrs. Claud Wilson of Tawas City.

Honored for 10 Years as Mercury Dealer

L. J. Trinklein of Trinklein Marine Service, Tawas City, was honored for his 10 years of service as a Mercury outboard motor dealer at the Kiekhaefer Corporation's regional dealer meeting held at Grand Rapids March 2.

Mr. Trinklein received a die-cast aluminum plaque, custom-made by the Kiekhaefer Corporation, on the occasion of its 25th anniversary of specialization in marine propulsion. The plaque was presented by Howard Hazel of Kiekhaefer Corporation, who praised Mr. Trinklein's reputation for customer service as a franchised dealer in Mercury outboard motors.

MRS. CLARA BORTLE

Funeral services for Mrs. Clara Bortle of Hale, who died Wednesday, March 4, at her home, were conducted Friday at Hale Baptist Church. The Rev. Robert Hill officiated with burial in South Branch Cemetery. Mrs. Bortle was born January 13, 1892, in Shawassaw County and had lived in the Hale area for the past 50 years.

Surviving are her husband, Seymour, a son, Ed of Flint; a daughter, Mrs. Isabelle Eno of Clawson; eight grandchildren; 17 great grandchildren; two brothers, and four sisters.

Hemlock News

Entertains Members of Rural Women's Study Club Wednesday afternoon, Mrs. Clara Smith entertained 15 members and one guest, Mrs. Donald MacDonald of Tawas City, at a meeting of Rural Women's Study Club. Due to many absent members, election of officers was postponed. Rummage and auction sales, to be held March 21 at Grant Township Hall, were discussed. The public is invited to attend this event.

Refreshments were served by the hostess.

One evening last week, Mr. and Mrs. Olen Herriman visited at the Allen Herriman home and helped Allen Herriman celebrate his birthday.

Mr. and Mrs. Lawrence Ball have returned home from California where they spent some time with their son, Larry, and family.

The Hemlock Baptist Church will be the scene of a cantata Easter Sunday.

Friday of last week, Mr. and Mrs. Robert Umphrey called on the Earl Herrimans.

Mr. and Mrs. Raoul Hermann and the Roy Beans, all of Pontiac, attended the Perchville Festival recently and visited Mrs. Charles Brown.

Mrs. Henry Smith was notified that her sister is hospitalized at Bay City. The Smiths are presently at Bay City.

Mr. and Mrs. Robert Umphrey of North Sand Lake Road are spending a week at Montrose and various places.

Mrs. Bernice Herriman and Mrs. Clara Smith enjoyed the weekend at Lapeer and Flint with their son and grandson, Ronald Herriman and Ronald Melvor.

Mr. and Mrs. Talmadge Riddick and daughter, Julie, were recent week-end guests of their son, Robert Youngs, and family at Lorain, Ohio.

TOP FARMER REPORT "Single Cross Hybrids Are Taking Over"

See Page 2

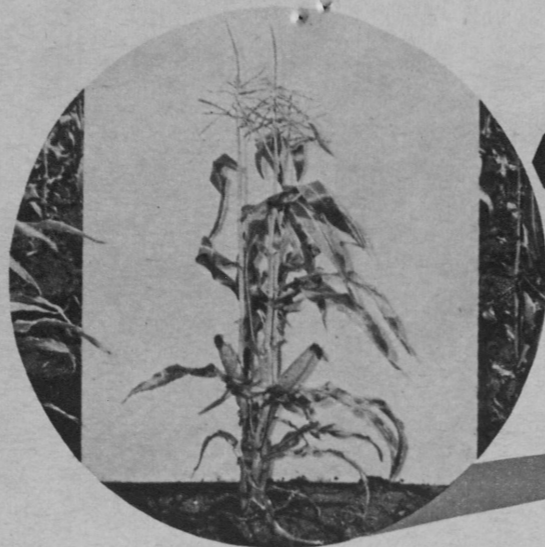

Farmers Daughters "Almost" Run Dairy Farm

See Page 4

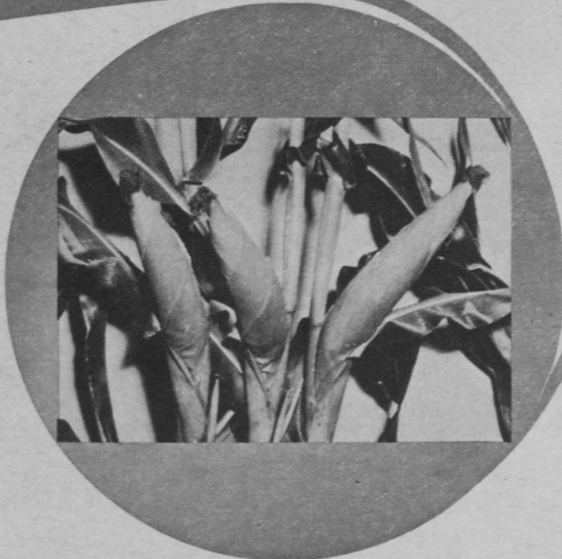

Also In This Issue:

- Easter Brunch
- American Couple in Europe
- Grassroots Gleanings

Early day inbreds were uniform, but often small in size, spindly and lacked productive capacity. Such inbreds often had marked weaknesses which had to be covered up by other inbreds on a 4-way cross. The inbred pictured is one of the earlier ones and is about 4 feet high.

Modern inbreds are larger, more vigorous, resistant to enemies, selected for tolerance to thick planting and with a potential to produce good seed yields. They have almost no weaknesses and proper combinations produce outstanding single crosses. This newer inbred is approximately 6 feet tall.

This is the single cross which results from planting the seed produced on an inbred having been fertilized by another inbred. Note the uniformity of size, shape and placement of ears. The plants are equally as uniform.

BIG BREAKTHRU in Higher Corn Yields

DEKALB Yield Power Proved on 1963 "Measured Acreages"

DeKalb "Breakthru" Hybrids established outstanding yield records on Cornbelt farms in 1963. Exact "on-the-farm" checks of DeKalb performance on "Measured Acreages" were authenticated by unbiased, reliable, local people. Many of these DeKalb yields are shown below . . . they demonstrate that the extra concentration of vigor by DeKalb "Breakthru" breeding can stand the extra stresses of Modern, intensive farming. Order your 1964 DeKalb seed corn now. See your DeKalb Dealer.

State	County	Yield Bu. Per Acre	State	County	Yield Bu. Per Acre	State	County	Yield Bu. Per Acre
Ill.	Edgar	203.95	Ill.	Coles	175.05	Ia.	Clayton	160.01
Miss.	Houston	196.15	Colo.	Weld	172.96	Ill.	Ogle	160.54
Ky.	Hickman	193.78	Ill.	Clark	168.46	Ia.	Pocahontas	156.25
Colo.	Morgan	192.76	Ind.	Johnson	167.54	Ia.	Butler	155.67
Nebr.	Scottsbluff	189.41	Ill.	Coles	161.32	Ohio	Henry	155.17
Ky.	Nelson	182.51	Ill.	Montgomery	160.91	Ill.	Warren	155.05
Ill.	Shelby	178.86	Ind.	Adams	160.33	Pa.	Lycoming	153.95
Nebr.	Lincoln	175.82						

The above yields were harvested by normal mechanical means without gleaning. Corn was weighed and tested for moisture and yields calculated to a per acre yield of No. 2 corn.

MORE FARMERS PLANT DEKALB CORN THAN ANY OTHER BRAND...

Single Cross Hybrids are Taking Over

Single cross seed corn hybrids seem to be sweeping the corn belt. Old-timers will be reminded of the 1930's and the introduction of 4-way crosses . . . usually referred to as double crosses. True, the increase in yield was more sensational with 4-ways over open pollinated varieties, but, nonetheless, single crosses are still performing some sort of agronomic miracle.

All of the major seed corn producers and a good many of the smaller companies are rapidly, if not frantically, increasing their acreage of single cross seed. Even at this early date, good single cross seed corn is available in every maturity.

This magazine decided to find out more about single crosses, how they are performing, how they are being accepted and what the future looks like for them. We visited a major producer of seed corn and also made on-the-farm interviews. If our impressions are correct, not only are they here to stay, but they'll be increasing in popularity by leaps and bounds in the next several years.

Let's take a look at results in the two-year summary columns of the official Iowa Corn Yield Tests. In 1961 and 1962, only 9 percent of all entries were single crosses. Yet, this 9 percent ranked first or second in yields 90 percent of the time. It seems as though the average yield of all hybrids (including the singles) was 115.2 bushels per acre. The high ranking singles topped 130 bushels.

A yield of 208 bushels per acre was achieved by a single cross in Nebraska in a state trial. A two-year average of 160 bushels was recorded in Indiana.

In discussing single cross hybrids with those in the know in the DeKalb Agricultural Asso-

ciation, much light was shed on the "whys" of recent success. In the first place, there is little to compare between today's single crosses and those of 15 to 20 years ago. The parent inbreds of today are far superior. Breeders continue to narrow the base with greater parental control, achieving greatly increased vigor.

Corn breeders also tell us that they can control the specific qualities much easier when they only have to consider crossing two inbreds to produce a commercial hybrid. Many more factors entered into the genetic picture when it was necessary to cross 4 inbreds to get a commercial double cross.

Actually, there is nothing new about single cross hybrids. They're as old as hybrid corn itself. Producing a 4-way hybrid simply calls for the crossing of 2 single crosses. (See the diagram).

Production of single cross commercial seed is accomplished like this. Two inbreds (A and B) are planted. Inbred A is detasseled. Pollen from the tassels of inbred B fertilized inbred A plants. The harvested seed is sold to farmers as a single cross.

One of the reasons that single cross seed costs more than 4-way cross seed is that production of the latter is about twice as great per acre. Kernel size is generally larger, too. Some companies are marketing single cross seed by count rather than by the bushel as in the past, because of the smaller size of the seed. The average "bushel" of single cross seed probably counts around 80-thousand kernels.

Many of the misgivings concerning single crosses have been dispelled by recent developments in corn breeding. DeKalb researchers tell us that some of the early day inbreds had

some decided weaknesses which had to be "covered up" in 4-way crosses to make acceptable hybrids. The early inbreds were often very small and made mighty poor seed producers. This made single cross seed very difficult to produce and much more expensive than today. The newer inbreds are larger and more vigorous. The newer lines are packed with greater resistance to such things as stalk rots, blight and borer.

Single cross fields are extremely uniform making them attractive and easier to harvest. Ears are truly show-type corn.

Three way crosses are sort of midway in the scale of hybrids. They are developed by crossing a single cross with a third inbred. They are not new. DeKalb has been marketing "3X" hybrids in the western corn belt for years. Drought resistance has been a strong characteristic, as well as yields that often surpassed those of 4-ways.

Now that we may conclude that single cross hybrids and 3-way crosses are destined to take over, let's visit a few farms and see what farmers are experiencing with them.

Fred Fiebig, Fort Morgan, Colorado, displays a bushel of ears of single cross corn. He produced 204 bushels per acre and made it look easy.

Ron Harling, Belvidere, Illinois, is still in high school. He'll graduate this year. He helps his father farm 325 acres of good land. Ron's one interest is good farming. He produced a measured yield of 168 bushels per acre with a single cross.

FARMERS FIND ... YIELDS UP

Many farmers, not unlike other business men, are always ready to try promising new developments. They view with excitement an opportunity to see what they can do with it on their own farm. Literally thousands of farmers from all parts of the corn belt have planted single crosses in the last couple of years. And, it doesn't end in the corn belt.

Take Fred Fiebig for instance. His farm is located near Fort Morgan, Colorado. He irrigates his corn. Planting a variety designated XL-45, Fred produced a yield of 204.3 bushels per acre. This was a part of the competition found in the DeKalb 200 Bushel Club. The yield was high in the nation.

Ron Harling is a senior in high school in Belvidere, Illinois. Partially as a project and partially because his curiosity would have it no other way, Ron planted a single cross last year. When the planting was just a few inches out, a torrential like rain left much of the field under water for several days. Later in the growing season the area experienced a lack of rainfall. He planted the corn in 38 inch rows and, at picking time had a population of 22-thousand plants per acre. The yield was 168 bushels.

Ron helps his father on 325 acres and takes farming very seriously. He says that talk around school, at meetings and among work-day farmers is favorable for single crosses.

As a rule of thumb, 3-way crosses should out-yield 4-way crosses by about 5 percent. Single crosses should out-yield 4-way hybrids by 10 percent. If a normal yield has been 100 bushels, you might expect a single cross to produce 110 bushels. This is more than enough to offset the higher selling price.

As near as can be figured, about 8 percent of the corn planted in 1963 was single cross. A conservative projection for 1964 would be for at least 10 percent of the acreage, or about 6% million acres.

It's no secret, both large and small seed corn producers are throwing their single cross efforts into high gear. These companies know that they can't go any further than single cross seed corn. From that point on, improvements will have to come from the developments and selection of inbreds. And, the magnificent progress made in development of better inbreds is a real story in itself.

But, so far as the present is concerned, you might just as well start buying and planting single cross hybrids for 1964. It looks like you and all your neighbors will be doing it in a few years anyhow.

AMCHEM ORIGINATORS OF 2,4-D HERBICIDES

This field was weeded AT PLANTING with

AMIBEN

PRE-EMERGENCE SOYBEAN HERBICIDE

now costs you $\frac{1}{3}$ less per acre

FREE! Complete data on weed control in soybeans with Amiben. Get your copy. Address, Dept. RG-43.

GOOD NEWS: Newly approved lower dosage rates for most soils now mean you use $\frac{1}{2}$ less Amiben per acre, cut costs by the same amount.

AMIBEN GIVES YOU ALL THESE BENEFITS: ■ full season control of most annual broadleaf weeds and grasses. ■ no harmful soil residues to affect rotational crops. ■ safety to soybeans. ■ clean, easy to use—no protective clothing required. ■ no volatility hazard. ■ one basic rate for most soil and rainfall conditions. ■ choice of liquid concentrate or granules.

For heavy clay or high organic soils see label directions.

50th Anniversary Year * AMCHEM PRODUCTS, Inc. * Ambler, Pennsylvania

Farmer's Daughters "almost" Run Dairy Farm

"If there are two things that I have plenty of around here, it's kids and cows . . . and I love them both." Doing the talking was John Wagner, a most successful Waunakee, Wisconsin dairy farmer.

John has eleven youngsters to back up his statement. Ten girls and John, Jr. enrich the Wagner household. John and the Mrs. had 10 straight girls before John, Jr. came along. But, he's here and the other 12 members of the family couldn't be more pleased.

So far as his herd is concerned, it's the first one in Dane county to push over the 600 pounds of butterfat mark. Last year's DHIA records show that his 70 Holsteins set milk production at 16,887 pounds with a 3.6 test and butterfat average of 603 pounds. His top cow gushed forth with 997 pounds of fat in 380 days.

John just has a knack of doing things in a big way on his 200-acre place.

With his operation geared to grassland farming, John finds his work easier today than when he had hired men working on the place. He now works the place alone, with lots of feminine help. His daughters have taken over many of the routine dairy chores. Diane, 17, feeds the silage in the barn. Susie, 15, feeds the young stock across the road. She simply pushes buttons. The unloader and bunk auger do the rest. Then there's 14-year-old Vickie. Her job is to throw down the ground corn from the silo. Flushing pipeline, assembling milkers, washing down the bulk tank falls to 13-year-old Rosie. And, according to dad, she does one swell job of it.

"We've mechanized a lot in the last few years. We're putting the money right back into the operation here on the farm, too," explains John. "The only thing I lug during the milking, weighs just 7 pounds. Sure is an easy way to milk."

"The kids all get an allowance. That was the way I was brought up. It's good for them. Teaches them how to handle money. Then, too, at the end of the year, we deposit a sum in each one's saving account. This cash will be waiting for them when they reach 21."

John does the grain feeding of the milking animals himself. He also handles the milking alone. Each of the milk maids has her job to do. Every little bit counts. In fact, John flatly states they can do their assigned tasks as well as he can.

"I probably take as good care of my cows as I do of my children," he says. "I feel that the best feed I can put into my animals is grass. I formerly mow dried my hay, but now it all goes into the silos." John has several which he uses for haylage. "It's much cleaner and there is less feed loss. I have also eliminated the fire hazard, and it sure is a lot easier," says Mr. Wagner.

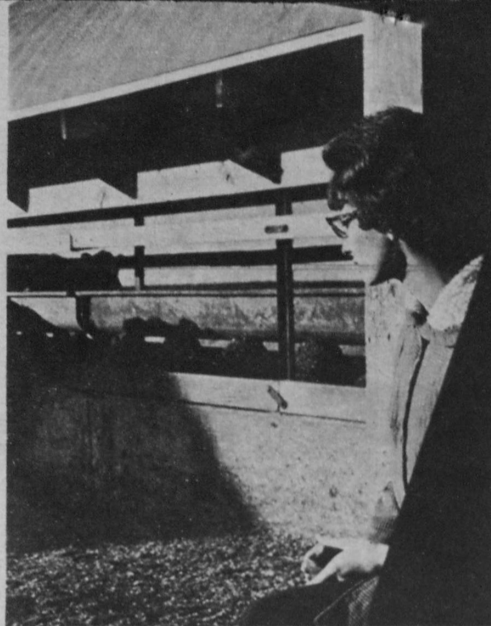

Cutting alfalfa on the Wagner farm starts the last week in May. Sometimes you can't even find the buds when he starts cutting. The second crop is cut the 10th of June and the third around July 20th. He could make the fourth cutting, but he holds this back for pasturing after the 1st of October.

This rich tender haylage helps John get his calves off to a good start. He wants a medium size cow, that weighs from 1,500-1,600 pounds at maturity. He wants them deep bodied. Running a calf heavy on grain just won't do the job according to John Wagner.

"Good forage helps build the deep body . . . helps achieve the capacity we need in the milking line. I've tried the heavy grain ration with a group of my calves, it just doesn't work for me." So says one of the most outstanding dairymen in the world. So says John Wagner, one of the outstanding fathers in the world.

Good cows, fed good rations and properly cared for, is John Wagner's secret to dairy success. His 70 excellent cows averaged 16,887 pounds of milk and 603 pounds of butterfat in 1963.

Susie, 15, feeds the young stock. She just pushes buttons and keeps her eyes open. The unloader and the auger feed bunk do the work.

Diane, 17, starts her day at 5:15 in the morning by feeding silage. Back home from school in the afternoon, she'll be feeding haylage and corn silage again. Dad takes care of A.M. feeding of haylage during school days.

Rosie, 13, is stuck with cleanup chores. She gets the milking equipment ready, cleans up the milker, pipeline and bulk tank.

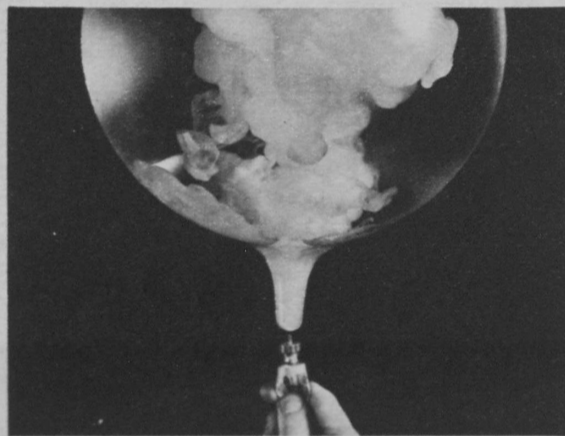

John Wagner, without hired help, manages his big dairy operation. Winter or not, the loafing sheds have to be cleaned out. John says, "When the weather gets down to zero, it just means moving faster to keep warm."

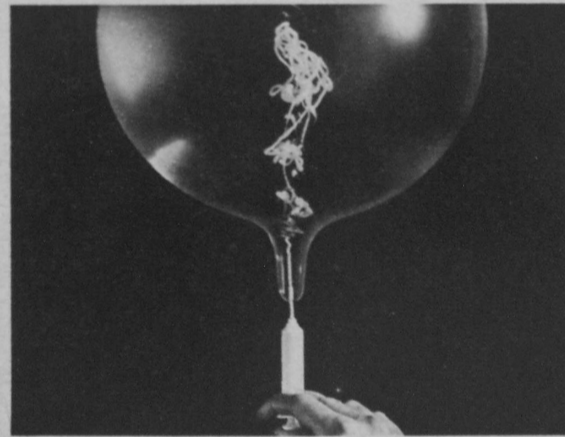

Vickie, 14 years old, pitches corn down from a storage unit attached to the milk barn. Her job includes feeding the young stock in the barn and the herd sires in their loose housing barn.

EVERY OTHER MASTITIS TREATMENT WOULD BE LIKE THIS IF IT COULD

BUT THEY CAN'T
when they're not all liquid

The all-liquid formula of Terramycin for Mastitis helps it spread throughout the milk and udder—in the fastest possible time. In fact, Terramycin for Mastitis is so clear and mixes so fast that it was necessary to add an opaque pigment to it in order to make this water demonstration.

Not only that, but every bit of the Terramycin is predissolved in this liquid formula. There's nothing to hold back its fighting power. It's instantly available with all its broad-range mastitis-fighting action.

Every other mastitis treatment would be like this if it could. But they can't if they're not all liquid. To protect their potency,

most others have to be made up in oils or ointments. You can see why there's never as fast or complete dispersion or as fast release of antibiotic activity when the treatment value is tied up in a sticky goo.

But it's easy to see why Terramycin's all-liquid formula can do its work, then milk out clean and completely. It works and goes. Treats and milks out.

Now can you understand why Terramycin for Mastitis is by far the best-selling treatment on the market?

Chas. Pfizer & Co., Inc., New York 17, N. Y.
Science for the world's well-being®

ALL-LIQUID TERRAMYCIN® FOR MASTITIS

WORKS AS ONLY AN ALL-LIQUID FORMULA CAN

Warning: Do not use milk for food within 72 hours after treatment for mastitis.

Little Children Need A Lot...

DR. BURL HUNT
School of Education
Kansas State University

Love and affection, attention, food, sleep and rest, comfort, independence, and adventure are only a few of the things small children need. Supplying these, and other needs, can be a full-time job for parents. If these needs are not met, behavior problems or conflict arise.

Among the problems which often cause parents to be concerned are those which show a return to infantile behavior. Every parent must be impressed with the fact that thumb-sucking, blanket-chewing, nail-biting, or bed-wetting may indicate that the child is not well-adjusted because he has an unfulfilled need. Psychologists say that it is important that the parents identify the child's unfulfilled psychological needs and try to fulfill them.

The well-known authority on child-care, Dr. Benjamin Spock, has said that the constructive thing to do is to survey the child's daily life to see whether he has enough playthings, play space, and playmates to make life interesting. Dr. Spock advised parents to make no direct efforts to stop the thumb-sucking or blanket-chewing. He felt that efforts to stop the habit from the outside, whether they consisted of physical restraints, punishment, nagging, or teasing, seemed only to increase the child's return to infantile behavior.

According to many psychologists, anything that takes away a child's accustomed feeling of security may cause him to become a "problem child." Thus, moving to a new house, a trip away from home, separation from one or both parents, or the addition of a new baby to the family—may cause the child to revert unconsciously to the traits of his babyhood.

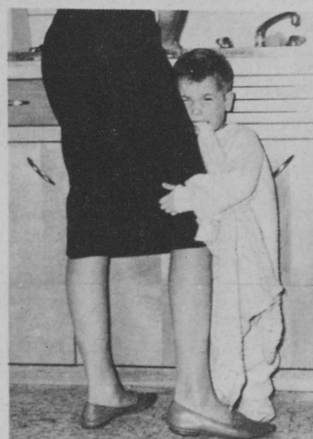

Love and affection, basic needs of all children, should be provided by a happy home and family life. This need for affection is shown very early in life and is necessary to a well-developed personality at all ages of life. Most small children, but not all, get an adequate amount of love and affection from their parents and other members of the family.

Most children need 10 to 12 hours of sleep a night. Children under school-age need to take a nap every day. Most schools have rest periods for the primary grades and many of the children fall asleep during these periods. This seems to indicate that they had a definite need for sleep and rest.

One psychologist has given a summary of the needs of children by saying: "The young child needs a chance to live in a young child's world, where companionship with others of his age, and opportunities for spontaneous exploration and creation are provided by adults who can give love as well as discipline, who can help him to understand himself and the world."

One toy plus two children may add up to a conflict of interests and needs.

Out of sorts with the whole wide world. This little one obviously needs "something."

A long telephone conversation is seldom welcomed by small children. The needs of children often interfere with adult needs.

GRASSROOTS GLEANINGS

by Bill Stokes

Community rivalry in some north Nebraska towns, **The Frontier of O'Neill, Neb.**, says, is over which one had the biggest storm.

If there's anything we all like to brag about it is our storms. And while we're on the subject, did I ever tell you about the one we had back in '39? Snow? Why you . . .

"American teenage boys are amazing," quotes **The Evening Journal of Lisbon, Ohio**. "The same ones who are too tired to walk two blocks to school fight for the chance to run 100 yards on a football field."

Also, the same ones capable of flipping a basketball neatly through a small hoop cannot hit a large closet with their jacket.

An interview with a trapper appeared some time ago in **The Osceola County Herald of Reed City, Mich.** with the trapper saying that he had never known of timber wolves to attack people.

I wonder what kind of a wolf is gnawing at our door. It can't be a timber wolf because it sure enough is attacking people.

The help-wanted column in **The West Bend (Wis.) News** advertised for a woman with "hand dexterity" to work on a butter wrapping machine.

Is it hand dexterity when you hold a baby, stir a bowl, salt the potatoes, wave a youngster out of the cupboard, etc? Most women have hand dexterity.

I'd like to know if the Snappy Eight Card Club, with activities recorded in **The Anoka County (Minn.) Union**, changed its name to the Shivering Seven?

An account of the club meeting late last fall said if it got too cold one of the members was moving to Arizona for the winter.

That's not taking card playing very seriously.

There are over nine million teenagers in U.S. secondary schools, the **Pocahontas (Iowa) Record-Democrat** reports, which explains why it is impossible to complete a telephone call in the evening.

Men don't go down into manholes anymore, because the work down there is being done through automation, **The Columbia (Mo.) Missourian** reports. There's something sad about that. A man should have a reason to crawl into a manhole once in awhile. It gives him a chance to think a little.

The Jaycees of **Tell City, Ind.** used an outhouse to help in a membership drive. **The Tell City News** said the outhouse was moved into the front yard of a member who failed to sign a new member.

At least all the Tell City citizens got a look at the rapidly disappearing piece of architecture. A good two-holer is getting doggone scarce.

A banking advertisement in **The Denison (Iowa) Review** said, "When the Indians were running the country there were no taxes, no debts and the women did all the work. What ever made the white man think he could improve on that?"

A writer in **The Salem (S.D.) Special** says she has trouble with her second grade girls who were not satisfied with their school class picture. The writer worries that if the girls are unhappy with pictures at their present age, they'll really be in trouble at high school age.

What is there about a camera that renders it immediately inaccurate when aimed at a female?

Little Boy Blue come blow your horn. The sheep are not in the meadow or the corn. A want-ad in **The Wells County Free Press of Fessenden, N.D.**, says that 22 head of sheep strayed or were stolen. Leave them alone, and if they don't come home it will probably be because they didn't read the **Free Press** ad.

Mailmen are now allowed to have blinking yellow lights, **The Hankinson (N.D.) News** reports, which means that it is going to be easier for the farm boy to spot the mailman when an important order from the mail order house is expected.

The first woman pilot graduated from the Marshall county airport, **The Lacon (Ill.) Home Journal** recorded.

The lady flyer obviously had to take a lot of kidding, so we're only going to say that more women should take up flying. It would make the roads a lot safer.

There was a move to legalize horse race betting in **North Dakota, The Hettinger County Herald** of that state reported. We don't have legalized gambling in my state either, but we still bet on a lot of things. A policeman stopped me the other day, for example, and I won a bet from him. "I'll bet you think I went through that arterial," I said to him.

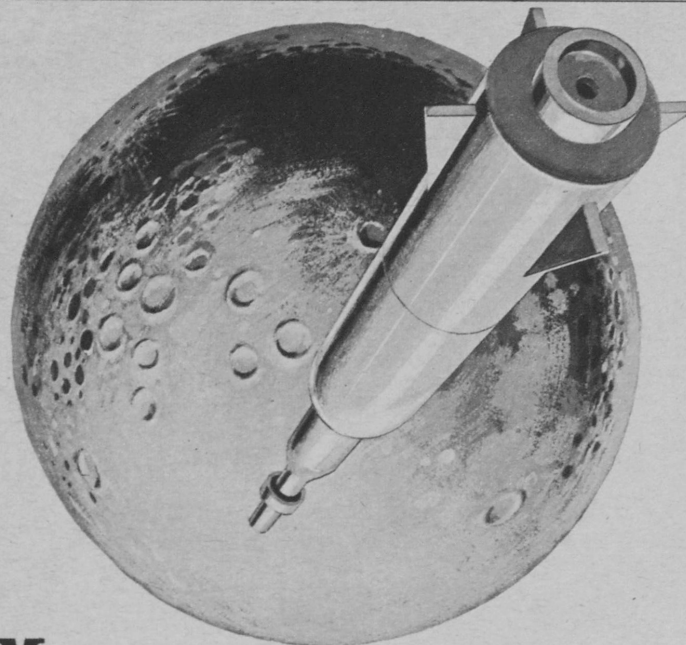

The Hartford (Mich.) Day Spring says, "When has Son grown up? When he ceases to ask, 'Mom, do you want your dessert?' No? Well, may I have it?"

My sons will never grow up, but then neither did my mother's son.

Easter Brunch

by Doris Bouril

This year March is heralding in Spring as Easter is one of its 31 days. Easter foretells of the warmer days to come with the colorful blooms of many flowers.

The hats blooming forth now and the plentiful tables set forth spell Easter too! Invite your friends for Easter Sunday

brunch. It's a wonderful time to entertain because it gives everyone a chance to go to Sunrise Easter services and still have time to meet early for a pleasant informal meal.

The brunch should be hearty enough to double as breakfast and lunch besides being fun. Usually the foods served are breakfast choices, this time in glamour dress.

One suggestion for an Easter brunch menu offers plump canned peach halves and the thinnest of pancakes folded over a tasty cream cheese filling served with maple-syrup and crisp bacon slices.

PEACH THINSIES WITH BACON

1 (1 pound) can peach halves, drained	1 cup pancake mix
1 (8 oz.) pkg. cream cheese at room temperature	1 1/4 cups milk
2 tablespoons maple syrup	2 eggs
1/2 cup chopped nuts	2 tablespoons cooking oil
	8 to 12 slices bacon, cooked as desired
	Maple syrup

Chop 2 of the peach halves. Save remaining halves to serve with pancakes. Combine cream cheese and 2 tablespoons maple syrup. Blend until smooth. Stir in nuts and chopped peaches. Set aside while preparing pancakes. Combine pancake mix, milk, eggs, oil. Stir until smooth. Use 3 to 4 tablespoons of batter for each pancake. Bake on hot griddle, turning pancakes when tops are bubbly and edges dry. Spread pancakes with cheese mixture. Fold in half, then in half again, the opposite way. Serve with peach halves, bacon and maple syrup. Makes 12 pancakes or 4 to 6 servings.

tender pork sausage links served with fluffy scrambled eggs.

The easiest way to prepare sausage links is to steam them first in a little water, then pan-fry until well browned.

Place sausage links in a cold skillet with three tablespoons water. Cover and simmer for five minutes. Uncover the skillet and drain off any water. Then pan-fry the links over low heat, turning often, for about 10 minutes.

SCRAMBLING EGGS

To prepare scrambled eggs, add one tablespoon of milk for each egg and salt and pepper. Beat slightly. Cook in a small amount of hot fat in a skillet over low heat, stirring frequently, until thick and not dry. Serve at once; if left in pan, eggs continue to cook.

Arrange the sausage links on top of the eggs and serve with pecan rolls and chilled juice.

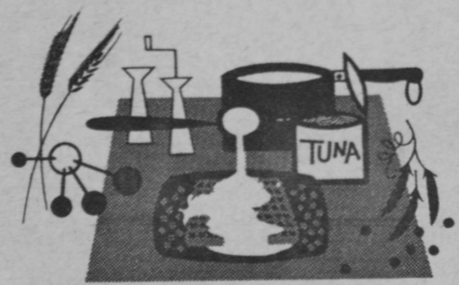

PEANUT BUTTER BAKED BANANAS

1/2 cup corn flake crumbs	4 medium bananas, green-tipped
2 tablespoons crunchy peanut butter	2 tablespoons butter, melted
2 tablespoons orange juice	

Mix together crumbs, peanut butter and 1 tablespoon orange juice. Brush bananas with remaining orange juice, then butter. Press crumb mixture onto bananas; arrange in greased baking dish. Sprinkle remaining butter over bananas; bake in 375° (moderate) oven 15 minutes or until tender. Serve with meat. Makes 4 servings.

Another suggestion for the Easter brunch means good eating with real relaxation and "talk time". The choice is a big platter of well browned,

TUNA TIP #14

A chafing dish is the thing to graduate the Easter brunch to a "very special meal". A good recipe to make and serve from the dish is:

EASTER TUNA SURPRISE

1/4 cup (1/2 stick) butter	1 egg, slightly beaten
2 tablespoons flour	2 1/4 cups (2-9 1/4 oz. cans tuna)
1 teaspoon salt	16 oz. can peas
Pepper	
2 cups milk	

Melt butter, remove from heat and add flour, salt and pepper. Gradually add the milk; heat, stirring constantly until thickened. Add a small amount of this mixture to the egg and return to the pan. Add the tuna and drained peas. Continue heating until mixture is completely warm. Serves 6 to 8.

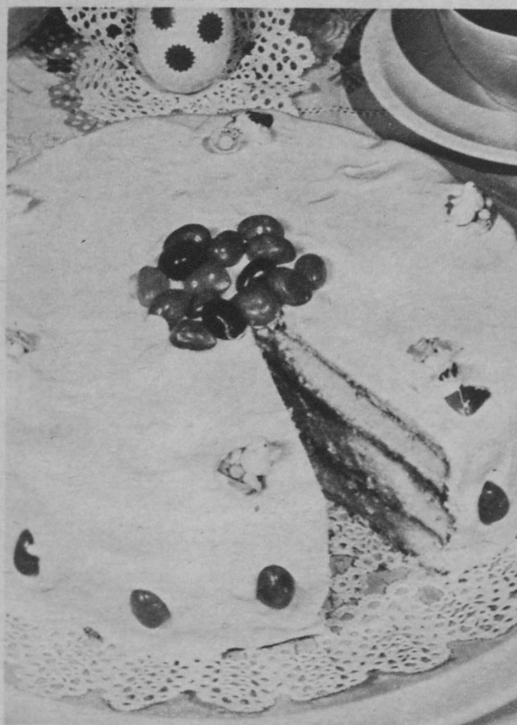

EASTER RISE RAISIN CAKE (yeast dough)

1 pkg. yeast	3 1/2 cups flour
1/4 cup lukewarm water	1 teaspoon baking soda
1/2 cup butter	1/2 teaspoon cardamom
1/2 cup sugar	1 teaspoon citron, finely cut
Nutmeg	5 medium size apples, peeled and cut into 1/8 inch slices
1 cup buttermilk	
1/2 cup raisins	
1 teaspoon salt	
2 eggs, beaten	

Dissolve yeast in water and let stand for 10 minutes. Cream butter and sugar. Add salt and eggs.

Alternately add dry ingredients and buttermilk. Add yeast, raisins and citron, mix well.

Cover bowl and set in a warm place to rise until it is double in bulk. Turn dough out on a floured board and knead until it can be handled. Cut dough in half and press each half into a greased pan, 11 x 7 x 1 1/2-in. Cover and let rise 30 minutes. Press edge of apples into the dough in parallel rows. Sprinkle with a mixture of 1/2 cup sugar and 2 tablespoons flour. Dot with butter. Let rise another 15 minutes. Bake at 350° for 25-30 minutes. Frost and decorate with jelly beans and Easter candies.

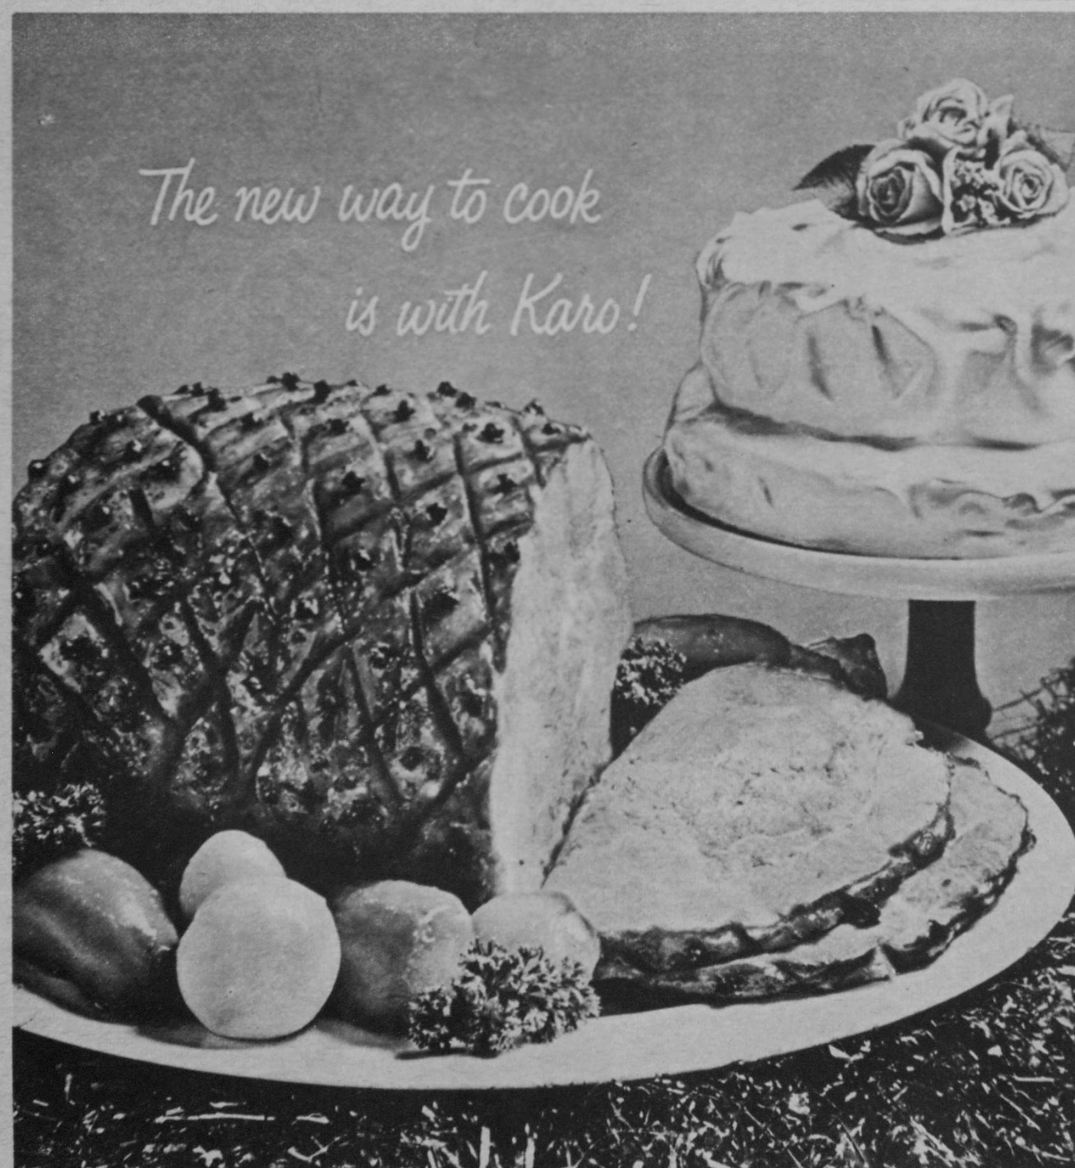

PARSLEY RICE COFFIN

3 1/2 cups cooked rice	1/2 cup minced parsley
2 eggs, slightly beaten	2 tablespoons grated onion
1/4 cup (1/2 stick) butter, melted	1 teaspoon Worcestershire sauce
1 cup shredded Cheddar cheese	1 teaspoon salt
	1 cup milk

In mixing bowl combine ingredients; mix lightly but thoroughly. Spoon into ring mold. Place mold in shallow pan; pour water into pan around mold to 1-inch depth. Bake 45 minutes to 1 hour in pre-heated 350° oven or until knife inserted in center of custard comes out clean. Unmold and serve with Easter Tuna Surprise. Serves 6 to 8.

Scrambled eggs served in bread baskets are an easy treat. Cut the crusts from thin slices of bread and push each slice into a muffin pan so that the four points stick up. Brown them very lightly in a medium oven. Don't let the little baskets get hard . . . Butter the insides, fill with scrambled eggs, and garnish with a curl of bacon or a sprig of parsley. Salt and pepper to taste.

Glazed Ham on Parade

Cook ham as directed for type and size. About 1/2 hour before ham is done, remove from oven, score fat, stud with cloves. Then pour Karo All-Purpose Syrup over ham. Continue to bake in 350°F oven, pouring Karo over ham several times more, until it is well glazed. To glaze vegetables: dot cooked, seasoned vegetables with Mazola Margarine in oven proof dish. Pour Karo All-Purpose Syrup over vegetables. Bake in 400°F (hot) oven, basting often, about 15 minutes. Arrange around ham on platter just before serving.

Easter Bonnet Cake

Using your favorite recipe or cake mix bake 2 layers, a 9 inch and an 8 inch. Cool. To make "No-Cook" Marshmallow Frosting: beat 1/4 tsp. salt with 2 egg whites with electric mixer or rotary beater until white and frothy. Gradually beat in 1/4 cup sugar until mixture is smooth and glossy. Beat in 3/4 cup Karo Crystal Clear Syrup, a little at a time; beating to firm peaks. Fold in 1-1/4 tsp. vanilla. Add food coloring to make it a delicate yellow. Frost 9 inch layer; place 8 inch layer on top to form a bonnet. Frost entire cake. Decorate with real flowers.

Karo® Syrup adds a wholesome kind of sweetness that's easy to digest!

. . . because it supplies DEXTROSE, a quick energy sugar. Karo gives delicious new flavor and appetizing new texture to food. Makes everyday dishes more interesting and appealing, too. That's why the new way to cook is with Karo. Whenever the recipe in your cookbook calls for corn syrup, it means Karo. Karo All-Purpose (Dark Corn Syrup) and Crystal-Clear (Light Corn Syrup) are both ideal for cooking, baking and table use. So wholesome, doctors prescribe them for babies' formulas, too. Karo is available in pint and quart bottles; also in 5 and 10 lb. cans.

ASPARAGUS EASTER WAFFLES

2 cups pancake mix 2 eggs, beaten
 1½ cups milk ½ cup grated cheese
 ¼ cup melted butter

Blend all ingredients together. Beat with rotary beater until smooth. Bake on hot waffle iron until steaming stops. Serve with asparagus tips and Cheese Sauce.

Cheese Sauce

2 tablespoons butter ¼ teaspoon pepper
 2 tablespoons flour 1 cup milk
 ½ teaspoon salt ¾ cup grated cheese

Melt the butter in top of a double boiler. Blend in the flour and seasonings. Gradually add the milk and stir until thickened. Add the cheese and heat until it is melted.

Pour the sauce over asparagus tips on half waffles. Served with browned Canadian bacon, this is a good brunch suggestion. Serves 6.

SAUSAGE CORN SQUARES

2 eggs 2-8 oz. pkg. brown and serve
 1¼ cups water pork sausage
 1-14 oz. pkg. corn muffin
 mix

Blend eggs, water and the corn muffin mix. Beat until batter is smooth. Spread in greased jelly roll pan, 15½ x 10½ x 1-in. Arrange the pork sausage over the batter so there are two in the center of each square. Bake 25-30 minutes in a preheated 400° F. oven.

Cut into 12 squares. Serve hot with butter, syrup and glazed apple rings.

Soups like Grandma used to Make

by Susan Lowe

Remember how Grandma used to keep her delicious soups bubbling on the stove for hours? Um-m-m, they smelled good!

Soup was an all day job then . . . boil the meat for stock, go down to the cellar for vegetables, peel, dice, and cook.

Today it can be a short job with the help of canned, dried, and frozen foods. Soups can be ready in less than an hour!

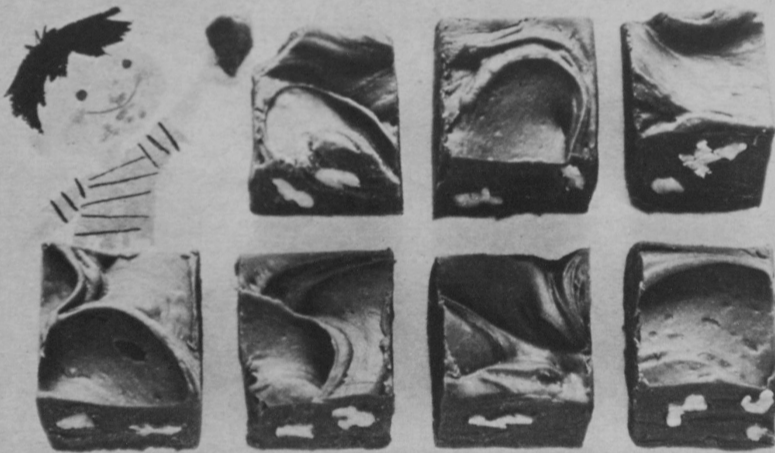

Tuna Vegetable Chowder can come off your kitchen shelf in a jiffy, offering rich protein and other body building vitamins and minerals. The recipe calls for canned corn, lima beans, and tuna. To add texture contrast to this meal-in-one soup, serve it with crispy, cucumber sticks, radish roses and crackers.

Quick frozen vegetables are also a home-maker's helper since they cook more quickly and are already cleaned and trimmed. There's no "down to the cellar, dice, chop, and cook" with these. Hearty Tomato Vegetable Chowder, reminiscent of Grandma's chunky, luscious soups, uses frozen or canned peas and a modern dried vegetable soup mix.

For an unusual taste treat, offer snacks of chopped, salted peanuts, crumbled blue cheese, bite-sized wheat biscuits, or sliced pimento olives with Cream of Chicken Tomato Soup.

Royal Cheese Soup has the flavor of Welsh rarebit. It's a wholesome, delicious soup that you will enjoy for a change. Just remember to beware of long cooking or high heat. You won't want stringy soup.

if they love
your Toll House Cookies

wait 'til they taste your
FUDGE

You're sure to wow the whole crowd when they taste this fabulous fudge! The Nestlé's chocolate flavor is "the most"! Every bite is absolutely mmm-marshmallow-y . . . and dreamy, creamy-smooth! Fixes in minutes, can't turn grainy. Why wait? Get the same great Nestlé's® Semi-Sweet Morsels that make your terrific Toll House® Cookies—and GO!

MARSHMALLOW CREAM FUDGE.
BRING to full boil—stir constantly: one 5- to 10-oz. jar marshmallow cream; ½ c. evaporated milk; ¼ c. butter; 1½ c. sugar; ¼ tsp. salt.
BOIL 5 min. over moderate heat, stirring constantly.
REMOVE from heat. STIR in 'til melted; two 6-oz. or one 12-oz. (2 c.) Nestlé's Semi-Sweet Chocolate Morsels; 1 tsp. vanilla, ½ c. walnuts, chopped.
POUR in greased 8" square pan.
CHILL 'til firm. YIELD: approx. 2¼ lbs.

NESTLÉ'S MAKES THE VERY
BEST CHOCOLATE

**TOMATO VEGETABLE
CHOWDER**

3 slices bacon, diced
½ cup chopped onion
1 tablespoon chopped green pepper
1 cup diced raw potatoes
¼ cup diced carrots
2½ cups water
1 envelope tomato vegetable soup mix with noodles
½ cup peas, frozen or cooked
2 cups milk
1 tablespoon butter
½ teaspoon salt
¼ teaspoon pepper

In a 3-quart saucepan fry bacon until crisp. Drain on absorbent paper and dice. In 2 tablespoons of bacon fat, sauté onion and green pepper 3 to 5 minutes. Add potatoes, carrots and water. Cover and simmer 10 minutes. Stir in soup mix and peas. Recover and simmer an additional 10 minutes. Add milk, butter, seasonings and bacon pieces. Reheat, makes 6 servings.

12x18L

11x17L

**CREAM OF CHICKEN TOMATO SOUP**

1 pkg. prepared tomato vegetable soup mix
2 cups boiling water

1 can cream of chicken soup
2½ cups milk (2 soup cans full)

Empty package of soup mix into boiling water and cook covered for 10 minutes. Blend in 1 can of cream of chicken soup until smooth, gradually add 2½ cups milk and stir constantly until hot. Serve with a choice of:

Crumbled Blue cheese
Chopped salted peanuts
Chopped chives

Shredded or cubed Cheddar cheese
Bite-sized wheat biscuits
Sliced pimiento olives

**GOLDEN VELVET SOUP**

1 pkg. (12 oz.) frozen cooked squash
2 cups milk
1 teaspoon grated onion

1 teaspoon salt
Dash of pepper
Dash of celery salt
1 tablespoon butter

Place frozen block of squash in saucepan. Add milk, onion, salt, pepper, and celery salt. Heat slowly, stirring often, until squash is thawed and milk comes to a boil—about 12 minutes. Remove from heat, add butter, and stir until melted. Serve in cups or bowls. Garnish each serving with celery or parsley. Makes about 3 cups, or 4 servings.

Note: If thinner soup is preferred, thin with milk or light cream to desired consistency.

Fragrant with Spices & Herbs...

and so easy to make the Robin Hood 'No-sift' way!

**Savory Herb Rolls**

(A Robin Hood Pre-sifted Flour recipe)

3¼-4¼ cups ROBIN HOOD All-Purpose Flour
½ cup warm (not hot) water
2 pkgs. active dry yeast
(if cake yeast (2) is used, water should be lukewarm)
½ cup lukewarm milk
2 tsp. sugar

1 tsp. salt*
3 tbsp. melted shortening or salad oil
1 egg
1 tsp. celery flakes
1 tsp. onion flakes
1 tsp. pepper flakes
1 tsp. onion salt
½ tsp. thyme

SPOON..... flour (not sifted) into dry measuring cup. Level off and pour measured flour onto waxed paper.
SOAK..... yeast in ½ cup warm (not hot) water 5 minutes.
COMBINE... lukewarm milk, sugar and salt in large mixing bowl. Stir to dissolve.

BEAT IN... shortening, egg, yeast mixture and one cup flour (not sifted) with rotary beater until smooth.
ADD..... remaining flour (not sifted), herbs and seasonings. Mix until dough leaves sides of bowl. Turn out onto lightly floured board.

KNEAD.... until dough is smooth, elastic and no longer sticky (5-10 minutes).
PLACE.... in lightly greased bowl. Grease top of dough. Cover with waxed paper.

LET RISE... in warm place (80-85°) until doubled (1-1½ hours). Punch down.

DIVIDE.... dough into 24 equal pieces. Shape each piece into a ball.

PLACE.... close together in well-greased 9 x 13-inch pan or on well-greased baking sheet.
LET RISE... in warm place until doubled (30-45 minutes).
BAKE..... at 375° for 15-20 minutes.
YIELD..... 2 dozen rolls.

*If you use pre-sifted Robin Hood Self-Rising Flour omit salt.

THE PRE-SIFTED FLOUR

Serve some of these spicy dinner rolls fresh from the oven. The perfect combination of spices and herbs makes them a delightful addition to any meal. And they are so easy to bake when you don't have to sift! Just follow the Robin Hood 'no-sift' method as shown on every bag. You'll get perfect results every time when you bake with Robin Hood Pre-sifted Flour.

**TUNA VEGETABLE CHOWDER**

1 tablespoon butter or margarine
1 tablespoon all-purpose flour
¼ teaspoon salt
½ cups milk

1 can (12 oz.) cream-style corn, undrained
¾ cup cooked lima beans, undrained
1 can (6½ to 7 oz.) tuna, drained and flaked

Melt butter or margarine. Add flour, salt and thyme and blend. Gradually add milk and cook over low heat, stirring constantly, until thickened. Add corn, lima beans and tuna. Heat to serving temperature, stirring occasionally. Makes 4 servings.

A step ahead

May we fit you for a range?

Most dealers just sell you a range. We make sure *ours* fits. From work-height studies and other experiments, we found that the average-size housewife (5'4") requires not one but two working heights for maximum surface-cooking comfort.

The result you see above is the first really great new range idea in years: a marriage of the modern wall oven with the most comfortable surface-cooking platform ever developed—the new two-oven Terrace Top® flameless electric range available only from Westinghouse.

The front units are lowered to 33". Just the right height for stirring,

blending, flipping, beating (much less fatiguing than standard height units). The back surface units are two inches higher than the front ones but still lower than counter height. Perfect for foods that don't require constant attention.

Only our Terrace Top gives you this unique split-level cooking platform . . . a big, roomy oven down below . . . plus a spacious second oven up top (with Rotisserie) conveniently placed at eye level.

Why not stop in for a fitting now at your Westinghouse dealer's store.

Remember . . . *you can be sure . . . if it's* **Westinghouse**

Dakota Couple - in Holland

Herm, Ginny and Debbie out for a Sunday afternoon ride "Dutch style." It is common to have special "kiddie seats" for children. Bicycles are the most common form of transportation in Holland. Herm used his regularly for going to the University Administration Building where he had his office.

by Ginny and Herm Felstehausen

Have you ever wondered what it would be like to go to another country to live? "It's a rewarding experience," say Herm and Ginny Felstehausen from South Dakota, just back from a year in Wageningen, The Netherlands.

"Our 1½ year old daughter, Debbie, learned Dutch faster than English," say the Felstehausens.

Studying in the Netherlands was a sharp contrast from life on a farm near Clark, South Dakota, where Herm grew up. He and Ginny met five years ago as students. They spent the year as Fulbright exchange students in Wageningen, a small Dutch town on the Rhine River and center of one of Europe's leading agricultural universities.

Herm mastered Dutch well enough to interview Dutch farmers about their understanding of economics. He hopes to use the results as the basis for a doctor's degree at the University of Wisconsin.

The Netherlands is a small country only one-fourth the size of South Dakota, but it has many contrasts and a charm visitors enjoy. In Wageningen, the Felstehausens lived in a furnished apartment near the edge of town overlooking the Dutch countryside. Housing was difficult to find. There has been a severe housing shortage in Holland since the war. Their apartment building and many like it were constructed quickly and as cheaply as possible.

There was no insulation or central heating, no storm windows and no draft-tight doors and windows. But someone soon discovered a big sheet of clear plastic would solve the storm window problem.

Wageningen's cobbled streets are always busy with bicycles, carts, delivery vans and small European cars. Bicycles, scooters and motor bikes are the most common forms of transportation in the Netherlands. There's a bicycle for every two persons.

Ginny found the weekly open-air market one of the most colorful aspects of shopping in Wageningen. On Wednesday mornings one could purchase almost any desired item from food, clothing, household items and flowers to books and French fries. Men and women stood in the village square in small booths and behind tables with their goods. Most prices are set, although there is an occasional item that can be "dickered" for. And things were slightly lower in price at the market than in the stores.

Herm and Ginny both agree their European experience has helped them understand both the Europeans and the Americans better. The Dutch, for example, often view Americans as rich, practical and reckless with most of their trust in the future and little in the past. Yet Americans are regarded highly in Holland even if the Dutch do disagree with our style of living.

Ginny learned a good selection of Dutch words by buying from these door to door delivery men. The usual practice is to leave them a note in a basket outside the door. The green grocer and his assistant then have only to fill the baskets and return them to the door.

A perfect score in every cooking test... **FUTURA**

- ☒ Heats quickly and evenly
- ☒ Cleans easily
- ☒ Stays sparkling and new looking
- ☒ Features clean, graceful styling

Special Introductory Price!

West Bend FUTURA stainless steel
with even-heating aluminum bottom

Test Futura in your own kitchen with hearty soups, delicate puddings and desserts, even a husky roast. Where other cookware fails, Futura heads the class. In HEATING, for example: the thick aluminum bottom absorbs

heat fast, distributes it evenly throughout the pan. In CLEANING, Futura's gleaming stainless steel whisks clean in seconds, stays brilliant indefinitely. Introduce yourself to Futura's excellence today!

Make his Winning Walnut Glory Cake with prizeworthy Diamond Walnuts

UMEJIRO FRANK KURITSUBO, an animated Japanese gentleman, became a United States citizen in 1960. "It was," he says, "the most wonderful thing that ever happened to me." Another wonderful thing happened when Bake-Off judges awarded him \$1,000 for his superb Walnut Cake. The prize money will buy a visit back to Japan after 30 years.

Walnut Glory Cake

Adapted by Ann Pillsbury

Light texture, crunchy with walnuts.

BAKE at 350° for 55 to 65 minutes.
MAKES 10-inch tube cake.

- ¾ cup sifted Pillsbury's BEST All Purpose Flour
- 2 teaspoons cinnamon
- 1 teaspoon salt
- 9 eggs, separated
- 1½ cups sugar
- 2 teaspoons Burnett's Pure Vanilla
- 2 cups, finely chopped, Diamond Walnuts

Sift flour with cinnamon and salt. Beat egg whites (1¼ cups) in large mixing bowl until soft mounds form. Gradually add ¾ cup sugar. Continue beating until very stiff, straight peaks form. Do not underbeat.

Combine egg yolks, ¾ cup sugar and vanilla in small mixing bowl. Beat until thick and lemon colored. Stir in dry ingredients. Fold batter gently but thoroughly into egg whites using a wire whip or rubber spatula. Fold in walnuts. Turn into ungreased 10-inch tube pan.

Bake at 350° for 55 to 65 minutes. Insert immediately. Cool completely before removing from pan. Frost with a vanilla glaze, sprinkle with confectioners' sugar or serve with whipped cream.

Fudge Nougats. Dagmar Mallinson of Kansas City, Mo. created these no-bake cookies for her two youngsters to eat instead of candy. And candy-like they are, (luscious with walnuts) yet really easier to make. Bake-Off judges awarded them \$1,000 in prize money. We think you'll call them prizewinners, too!

Fudge Nougats

Adapted by Ann Pillsbury

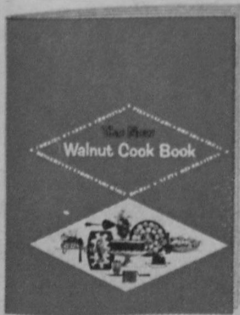

MAKES 40 pieces.

- 2 cups sugar
- 1 cup evaporated milk
- ½ cup Land O'Lakes Butter
- 1 6-oz. pkg. (1 cup) Nestlé's Semi-Sweet Chocolate Morsels*
- ¾ cup Pillsbury's BEST All Purpose Flour
- 1 cup finely crushed graham crackers
- ¾ cup chopped Diamond Walnuts
- 1 teaspoon Burnett's Pure Vanilla
- Diamond Walnut halves

Combine in saucepan sugar, evaporated milk and butter. Bring to a full rolling boil, stirring occasionally. Boil hard 10 minutes, stirring occasionally. Blend in chocolate, flour, graham crackers, walnuts and vanilla; mix well.

Spread in well-buttered 12x8-inch pan. If desired, top with walnut halves, one for each piece. Cool. (For faster setting, place in refrigerator.) Cut into squares.

*For a stronger chocolate flavor, increase chocolate morsels to 2 6-oz. pkgs. (2 cups).

Special cookbook offer from Diamond Walnuts! 28 pages of recipes you'll prize for cookies, cakes, pies, candies, salads, casserole dishes—all kinds of walnutty treats. Just send name and address, and 10¢ to cover handling and mailing, to Diamond Walnut Cookbook, P. O. Box 4016, Clinton, Iowa.
