Emanuel Ladies Aid See Film on African Project

Mrs. John Reuge's film, "Healing In His Wings," was enjoyed by members of Emanuel Lutheran Ladies Aid Thursday evening, May 20. Mrs. Reuge explained to the group about the African medical project in Lumano, Zambia. The African bush clinic or dispensary opens each morning with a Scripture reading and prayer which has proved to be very effective. She encouraged the aid to support this clinic.

Serving on the social committee for the month were Mrs. William Startzman, Mrs. Fred Look, Mrs. Robert Johnson, Mrs. John Loeffler, Mrs. Stanley Humphrey and Mrs. Fredrick Francis.

Anyone wishing to reserve tables for the June 18 tea is requested to call Mrs. Charlotte Bennett, FO 2-3371.

Monthly meeting of Tawas City Baptist Missionary Society will be held Thursday, May 27, 1:00 p. m., at the educational unit.

THIRTY-FIVE driver education instructors from 30 school districts in central Michigan returned to the classroom May 21 for a refresher course at Central Michigan University, Mt. Pleasant. They were attending a driver education seminar sponsored by Automobile Club of Michigan and Central Michigan University. Purpose of the seminar was to acquaint instructors with latest developments in driver education and related fields. Looking at one of the new signs now being placed at all freeway exit ramps in Michigan to prevent surface motorists entering freeways from the wrong direction are left to right: Richard Stock, Tawas Area High School driver education instructor, and Seminar Co-chairman Robert E. Lewis, Auto Club's supervisor of driver education.

TODAY'S Meditation

from The World's Most Widely Used Devotional Guide

Read Mark 12:28-34

Thou shalt love the Lord thy God with all thy heart, and with all thy soul, and with all thy mind, and with all thy strength: this is the first commandment. And the second is like, namely this, Thou shalt love thy neighbor as thyself—Mark 12:30-31.

Walking down the street, a man came upon six children, all about five years old. They were crying as they sat on the sidewalk with their feet in the gutter and their heads bowed in their hands. The man stopped to see if he could be of any help. He stooped down and asked them if they were hurt. They said no. Then he asked them why they were crying if they were not hurt. One little girl raised her head and said, "Tommy hurt himself. We love him and we are crying because he is hurt."

We live in a world of unrest and conflict, of hunger and need. We are failing as Christians unless we feel the hurt of our fellowman, as these children felt the hurt of their little friend, and show our compassion and cry out against the wrongs.

PRAYER
Most gracious Father, as we go about our daily tasks, we pray for Thy spirit to be in us, for Thou art love. Teach us to cultivate that love in our own hearts so that others may see Thy love, Thy compassion, expressed through us. In the spirit of Christ. Amen.

THOUGHT FOR THE DAY
Let us love our fellowmen enough to suffer with them in their pain. Maxine F. Wallace, postmistress (Tennessee).

"Power belongeth unto God" (Ps. 62:11). This is the keynote of the Bible lesson which will be heard at Christian Science services Sunday. Matthew's account of the temptations which Jesus met and mastered in the wilderness will also be included in the selections from the Bible. From "Science and Health with Key to the Scriptures" by Mary Baker Eddy, the following statement will be read: "There is no power apart from God. Omnipotence has all-power, and to acknowledge any other power is to dishonor God" (p. 228). The subject will be: "Ancient and Modern Necromancy, alias Mesmerism and Hypnotism, Denounced."

Chairman and Secretary Elected at WSCS Meet

At the May 18 meeting of Tawas City Methodist WSCS Ruth Circle, Mrs. James Ewer was elected to serve as chairman and Mrs. Robert McDonald will assume the secretarial duties. Nine were present for the session held in the memorial hall of the church. The session opened with recitation of the WSCS purpose.

During the evening, new signs were made for the May 22 bake sale. Mrs. Joseph Riggs distributed them. Mrs. John Alexander, Sunday school superintendent, asked for volunteers to serve in the Sunday school. Beginning Sunday, June 6, Sunday school will be

conducted at 9:30 a. m., during the regular morning worship hour for primary classes through the fourth grade. Refreshments were served by Mrs. McDonald and Mrs. Lesli Smith.

Needlecraft News by Nancy Baxter

BUTTERFLIES AND BEES... BLOSSOMS AND TREES... are all beautifully framed on black to create this masterpiece of a scrapbook cover! Young children and teenagers alike will be delighted with a gift of this charming design.

SIMPLE ARTISTRY Working with "BONDEX," the hot iron fabric used for the motifs, is so simple that a child could really do his own... with just a little help from you. The cover itself is formed by using two pieces of heavy cardboard covered with black cotton. The flowers and other cheerful designs are then traced from the pattern and simply ironed on to the fabric. A teenager might like having a background of striped denim... and if you're presenting the album to a very feminine little girl, pale pink or yellow might be just the thing.

YOU CAN EVEN BE ORIGINAL. Once you've worked with this unique iron-on fabric you'll be able to do the most amazing things with it and before you know it, you might be turning out some sensational sketches of your own. Free instructions are available, including actual size diagrams, by sending a stamped, self-addressed envelope to the Needlework Editor of this newspaper along with your request for Leaflet PPE 1290.

HIS NAME IS JIFFY... HIS MANE IS SPIFFY... HE'S A DELIGHTFUL TOY THAT ANY YOUNGSTER WILL LOVE! Although he's so quick to do, the results are wonderfully professional and certainly worth the look of joy you'll see when you present him as a gift.

A PRANCING STANCE The entire toy is worked in the most basic of all knitting patterns: the garter stitch. This means you need only to simply knit each row. Even so, he grows into such a wonderfully realistic little pony, he looks almost as if he's about to rear up playfully. Our Jiffy Horse is a full ten inches tall, making him a perfect playmate. His "hide" is of the softest knitting worsted and his mane and sprightly braided tail are of gleaming black "Speed-Cro-Sheen." Scraps of felt are used to fashion his bright eyes and attentive ears and, because he's so pretty, we've put a bright felt bow on his head.

"A CUBE OF SUGAR PLEASE..." is what he seems to say! I know you'll want to start on this stuffed sprite so if you send along a stamped, self-addressed envelope to the Needlework Editor of this newspaper with a request for Leaflet PK 3035, you'll receive your copy.

A MOST FEMININE WINDBREAKER... is this be-fassled sweater-jacket. Knitted with double strands of worsted in a pale delicate shade, it is then crocheted-trimmed with black. The mandarin collar (self-faced for better shape) adds a chic touch. Free instructions are available by sending a stamped, self-addressed envelope along to the Needlework Editor of this newspaper along with your request for Leaflet PK 2988.

Receives Awards at MTU 13th Annual Honors Convocation

Robert J. Frank of East Tawas was among the 323 students honored May 25 at Michigan Technological University's 13th annual honors convocation.

John Dykstra, former president of Ford Motor Company and a member of the firm's board of directors, delivered the honors convocation address.

Students to be honored will include the two highest ranking individuals in each class, members of the dean's list for the 1963-64 academic year, those receiving class honors (upper five percent of their classes with at least a 3.3 grade point average), new members of honorary and professional fraternities and societies and recipients of scholarships, fellowships and army or air force ROTC awards.

Frank, son of Mr. and Mrs. James Frank of East Tawas, is a senior electrical engineering major. He will receive two army ROTC awards, including the Society of American Military Engineers gold medal and the Armed Forces Communications and Electronics Association award.

GRANDSTAND at the Whittemore Speedway is empty in this picture, but, when the 1965 season opens this Saturday night, it will be packed with more than 1,000 spectators. Stock and road car racing has been a popular attraction there since 1948 when the track was first opened. Many improvements have been made since then.—Tawas Herald Photo.

Increasing Deer Herds Headache to State Officials

The increasing deer herd in the Lower Peninsula is an increasing worry for state officials. Statistics show 4,146 deer killed on all Michigan highways in 1962.

The figure jumped to almost 5,000 in 1963 and reached 5,979 in 1964. Lower Peninsula statistics show an increase from 3,180 in 1962 to 4,739 in 1964.

This year, more than 4,700 motorists in the Lower Peninsula alone will see deer—and collide with them.

Conservation department officials estimate the deer herd in the Lower Peninsula is increasing at the rate of 14 percent per year. Low winter kill, abundant food supply from farms and highways and favorable habitats contribute to the herds' development, they said.

Highway officials are frankly worried—and frustrated. They have no practical solution and to make matters worse—every mile of highway built creates more favorable conditions for increasing the deer census.

"We spend time and money developing grass-covered medians for highway safety and beautification," a highway maintenance official said. "The deer seem to think it is just for their benefit. They jump the four-foot boundary fences to eat the green grass and clover and then seek shelter on the state's right of way."

"In winter, we spread salt to melt road ice and this attracts them. Thus, some of the things we do for safety seem to encourage the deer population and then it becomes a traffic hazard," he complained.

The highway traffic division recently installed two five-mile sections of mirrors on road reflectors on US-127 north of Jackson and on the I-94 Business Loop west of Bat-

tle Creek. These are designed to reflect headlight glare at right angles to the highway and theoretically blind the deer. It was been tried in other states but results in Michigan will not be available until fall—and the mirrors will not work during the day.

State highway officials offer the following advice to motorists who will be involved with deer in 1965:

- Slow down if animals are in or by the road.
- Sound your horn, they probably will scatter.
- Do not fix your eyes on one only—there may be others around.
- Do not swerve at high speeds in attempting to avoid an animal.
- And remember drivers can read the "Deer Crossing" signs—deer can not.

Takes Part in USMC Firing Exercise at Camp Pendleton

Marine PFC Philip T. Leach, son of Mr. and Mrs. Richard H. Leach, Oscoda, recently participated in a regimental firing exercise while serving with the third battalion, 11th marine regiment, first marine division based at Camp Pendleton, California.

His battalion took part in a simulated crisis at the marine corps artillery range at Twenty-nine Palms, California, which was designed to sharpen skills as the artillery supporting arm of the first division.

Aviation Storekeeper Airman Apprentice Hamilton D. McNichol, United States Navy, son of Mr. and Mrs. Hamilton McNichol, Oscoda, was graduated April 23 from the aviation storekeeper course at the Naval Air Technical Training Center, Memphis, Tennessee.

During the 12-week school, he received instruction in office pro-

Speedway to Open For Season May 29 At Whittemore

Whittemore Speedway opens its summer racing season next Saturday night, May 29, with a full card of events. Time trials start at 7:30 p. m. and racing at 8:30 p. m.

Officers re-elected this year are Nelson Ostrander, president; Donald Armstead, vice president; Stan Osinski, treasurer, and Thad Hall, secretary.

This marks the 17th year of operation for Whittemore Speedway. Auto racing started there in 1948 when a few cars raced during a homecoming program. Following that event, six or seven interested businessmen got together and formed a permanent racing association.

Today, Whittemore Speedway has the outstanding quarter-mile oiled track in Northeastern Michigan and has an investment of more than \$50,000.

Racing fans have the convenience of a grandstand which seats 1,500 persons, food concessions, an announcer to fully describe events, a new lighted parking lot this year and many more improvements.

More than 30 cars in two classes are to compete each Saturday night. About 70 percent of the gate receipts is paid to drivers and car owners with approximately 30 percent retained for track maintenance.

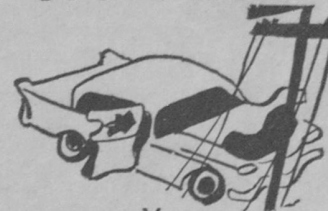

This top prize money is one reason why drivers keep returning to the Whittemore Speedway each year.

cedure and fleet aviation supply, both at sea and on shore. The curriculum included directions for aeronautical supply afloat, operations of office machines and material handling.

Before attending this course, he was graduated from the two-week aviation familiarization course at Memphis.
