

# Silver Valley Ends Winter Sports Era

Silver Valley will not be operated next year by the Tawas Chamber of Commerce, according to an announcement last Thursday by James DeWise, president.

At a meeting of the board of directors, it was voted unanimously to discontinue sponsorship of the winter sports park, which had been in continuous operation except for the war years since 1938.

DeWise said that "the door is being left open" for possible operation by private enterprise. The park is located on federal property in Huron National Forest.

Silver Valley, plagued with two successive winters in which there was a lack of snow during principal week-ends of the season, suffered another financial setback this past winter.

"Outstanding bills were scaring everyone on the board of directors," said the chamber president. Silver Valley presently owes an \$1,800 note with the bank and has approximately \$700 in outstanding bills.

"Everyone has come to the conclusion that it will take more than efforts of the directors to operate such an undertaking," said DeWise.

For years, the winter sports park was operated by a separate committee of the chamber of commerce. There has been a lack of interest in its operation in recent years and, coupled with uncooperative weather conditions, the park has been unable to compete with other winter sports areas.

One of the pioneers in Michigan's winter sports business, at one time Silver Valley drew weekend crowds numbering in the thousands.

The chamber president said he was urging the board of directors to devote its winter promotion to the Perchville Festival, which, in spite of unfavorable weather last February, attracted large numbers of fishing enthusiasts to the ice of Tawas Bay.

## Sign-up Time Nears for Junior Baseball

Richard Fairless, new director of the summer baseball program for the Tawas area, announces that application forms are to be handed out this week to candidates participating in the 1965 program.

Age limits are as follows: Nine-year-old league, any boy who is nine but will not be 10 on or before June 1; little league, any boy who is 10 but will not reach his 13th birthday on or before June 1; pony league, any boy who is 13 but will not be 16 on or before June 1.

Tryouts for those boys who have never before played in little league will be held the evenings of May 11, 12 and 13, places to be announced at a later date. Tryouts are to be held the same evening for pony league candidates.

Nine-year-olds will not have any try-outs but will be part of an instructional program of baseball to learn fundamentals, take part in some games to practice what has been learned and to have an understanding of the objectives of the game. Starting date and time will be announced later.

Fairless, who is junior varsity football and baseball coach at Tawas Area High School, said that the league was scheduled to open the week of June 7 and extend for an eight-week program through July. More than 400 boys participated last year.

## Claim \$17,000 Injury in Auto Negligence Suit

A \$17,000 auto negligence suit has been filed in Ingo Circuit Court in which David S. and Irene B. Hartley seek damages from Allen and Gary A. Lutes.

The suit arises over an accident which took place November 11, 1963, at the intersection of M-55 and Fifth Avenue in Tawas City.

The Hartleys claim that Gary A. Lutes "negligently drove a motor vehicle owned by Allen Lutes" into the rear of their auto. Mrs. Hartley was in the process of making a left hand turn off M-55.

## Three Building Applications OK'd

Building applications approved by the Tawas City Department of Public Works are as follows:

Arnold Hoshach, 200 Sixth Avenue, construct second floor over garage, install aluminum siding, \$3,200; Robert Werth, 219 Fourth Avenue, new roof, \$150; Edward Wojahn, 119 Second Avenue, new roof on garage, \$36.

He is shown receiving a bond from Mrs. Opal Kyser, Americanism chairman of Isosco No. 5678. Watching the ceremony, held during the district meeting held Sunday at Tawas Masonic Temple, are Michael's parents, Mr. and Mrs. William Gilfix; Mrs. Irene Langworthy, Midland, president of District 11, and Mrs. Edith Brown, department president of Detroit. His essay is now eligible for state competition.—Tawas Herald Photo.

## ET Council Names George Duff as 3rd City Police Officer

George Duff, former East Tawas police officer, was rehired Monday night by the city council to serve as night patrolman during the summer months.

Duff, who had to retire three years ago in June due to a leg injury, will become East Tawas' third police officer. Others are Police Chief Donald Docking and Patrolman Robert Langlois.

At its last meeting, the council decided to hire a patrolman to work from May through October, giving additional police protection during the early morning hours. There were three applicants for the position.

Prior to his injury, Duff had served the city for nine years. He had also been associated with the Macomb County Sheriff's Department before moving here in 1948.

## School Study Group Meets Thursday Night

Isosco County School Reorganization Study Committee will meet Thursday night, 7:30 o'clock, at the county building to set up sub-committees. The public is invited to attend.

According to Intermediate Supt. William Tracy, committees are to be set up to discuss school finances, curriculum, facilities and transportation under proposed reorganization.

Tracy said that by December 31 of this year, the county must have a plan prepared for organization or reorganization of kindergarten through grade 12 districts, following procedures set by the state.

If the plan developed is found to be different than the present school district, people in the areas affected would vote on the question of reorganization.

## Wurtsmith Commander Leaves for SE Asia

Col. Bruce B. Knutson, commander of Wurtsmith Air Force base and the 379th combat support group since July 1963, left early this week for an assignment in Southeast Asia.

Lt. Col. John B. Woodyard, deputy base commander, assumed command until a replacement is named.

Since Colonel Knutson's assignment at Wurtsmith, the 379th bomb wing has earned many honors. Among the honors, the wing reaped were several which were earned by components of the 379th combat support group.

## NEM Baseball Opens Sunday

Action opens this Sunday in the Northeastern Michigan Baseball League. Tawas City Indies play host to Barton City, Mikado is slated to play at East Tawas and Hale journeys to Comins, all in the Northern Division.

City Supt. Reginald Bullitz said that the city's new ordinance does not specifically spell out regulations for dance halls, but it does cover private clubs, lodge halls "and other uses similar to the above uses."

Solomon said he had checked with the state fire marshal's office and had received information as to fire regulations for public buildings and was now studying them for application to the building. He also said he would try to negotiate for the rental of private property for necessary parking spaces.

"I know of no other facility, public or private, which could be used for teen dances," said Solomon. He also indicated that Moffatt was interested in the possible use of the building for stage shows.

A regular meeting of the planning commission is to be held May 19.

Also to be discussed at that meeting is a request from Joseph Brooks for possible use of an eight by 24-foot metal van for storage of fish nets and other equipment on (See COUNCIL, page 8.)

## May Tax Sale Continues Today

Annual May tax sale Tuesday saw 161 parcels of land sold in spirited bidding before a crowd of 60 to 75 persons. The sale, conducted by the county treasurer's office for the state auditor general, was to resume at 10:00 a. m. Wednesday.

# Final Approval Near on US-23 Construction Here

City officials are optimistic that final agreement is near on modernization plans for US-23 through Tawas City.

At a preliminary meeting held last Thursday morning between Mayor George Tuttle, the city council and state highway department representatives, tentative agreement was reached on plans as presented by the highway department.

According to Mayor Tuttle, the only point still in question is cost to the city of constructing a parking lane on the lake side of the highway from the post office to the east end of the city park.

Other members of the council who were contacted said they were "very receptive" to the state's proposal.

Reconstruction of the highway through Tawas City was stalled more than a year ago when the council objected to several construction features of the plan. Most objectionable in the city's viewpoint was construction of curbing and filled areas to prevent the use of highway right-of-way for certain businesses.

When city officials failed to agree on the proposed plan, the highway department went ahead with modernization of sections of US-23 in East Tawas and Alabaster Township, as well as north to the county line, and negotiations were started toward reaching a solution here.

The mayor and City Supt. Reginald Bullitz met with highway officials last summer at Lansing and, when Wallace D. (Mike) Nunn of East Tawas was appointed by Gov. George Romney to the state highway commission, talks on a possible solution were expanded. Joining in discussions was the city's planning consultant.

Major point gained by the city during these talks was elimination of much right-of-way reclamation by the highway department. Several businesses which probably would have been forced out under the original plan now will have the opportunity to use the right-of-way.

Costs are now being prepared for the city's participation in the project. A 10-foot-wide parking lane extending 900 feet east from Rainbow Service is to be financed by the city.

The project also includes construction of a turn-out near the Tawas Chamber of Commerce office. A straight curb would be constructed along other areas of US-23 to prevent parking along the shoulder.

## Consumers Power Co. Lineman Electrocuted

George M. Featheringill, 54, Tawas City, an 18-year employee of Consumers Power Company, was killed instantly Tuesday afternoon when a wire he was holding snagged an energized 4,800-volt line. He was rushed by ambulance to Tawas Hospital but was dead on arrival.

Featheringill and John Dodson, Tawas City, along with other power company employees, were stretching the third phase of a new line near the Tawas Drive-In Theatre. Dodson received slight burns when the wire hit the open Y line. The other men let go in time and were not injured. Featheringill was lineman in charge of the project.

## ET Council Approves Mayor's Appointees

Appointments by Mayor Clarence McKenzie, which saw no changes from last year, were adopted Monday night by the East Tawas Council as follows:

Wilfred (Skip) Rapp, fire chief; Robert Squires, assistant fire chief; Donald Docking, chief of police; Robert Langlois, night patrolman; Mrs. Celia Anderson, meter patrolwoman; Michael Freel, city attorney; Dr. Norman Payea, health officer.

E. D. (Dewey) Durant, city assessor; Paul C. Ropert, superintendent of public works; R. J. Cooke, surveyor; Emil Sass, electrical and gas inspector.

James Campbell was elected mayor pro tem by the council.

## Propose Dance Hall in Old Bay Theatre

Question of possible use of the old Bay Theatre building as a teenage dance center is to go before a special meeting of the Tawas City Planning Commission. At Monday night's meeting of the city council, John Solomon appeared on behalf of himself and his partner, Leland Moffatt, both of East Tawas, who seek use of the building.

Solomon asked the council to approve a dance permit for the building. He said he was fully aware of the fact that the building needed repairs for public safety.

City Supt. Reginald Bullitz said that the city's new ordinance does not specifically spell out regulations for dance halls, but it does cover private clubs, lodge halls "and other uses similar to the above uses."

Solomon said he had checked with the state fire marshal's office and had received information as to fire regulations for public buildings and was now studying them for application to the building. He also said he would try to negotiate for the rental of private property for necessary parking spaces.

"I know of no other facility, public or private, which could be used for teen dances," said Solomon. He also indicated that Moffatt was interested in the possible use of the building for stage shows.

A regular meeting of the planning commission is to be held May 19.

Also to be discussed at that meeting is a request from Joseph Brooks for possible use of an eight by 24-foot metal van for storage of fish nets and other equipment on (See COUNCIL, page 8.)

## Stiff Sentences Meted Trio After Wild Ride

Three of the six Saginaw boys, who were arrested early Sunday morning after a wild 100-mile-per-hour chase through the Tawas area, are presently cogitating their actions in the Isosco County Jail.

Wesley Wilkins, 19, driver, received a jail sentence of 60 days, fine of \$95.70 and costs of \$4.30; Daniel Hillgert was sentenced to 60 days, fined \$70.75 and \$4.30 costs; Richard Fox was sentenced to 30 days in jail, fined \$45.70 and costs of \$4.30.

Three juveniles involved were returned to custody of the Saginaw Probate Court.

The chase began at the Singing Bridge when the youths raced north on US-23 after taking a case of beer set on the river bank by a smelt fisherman. Their car then sideswiped one driven by John Barnes, 39, Grand Ledge, and kept on going, with Barnes in pursuit.

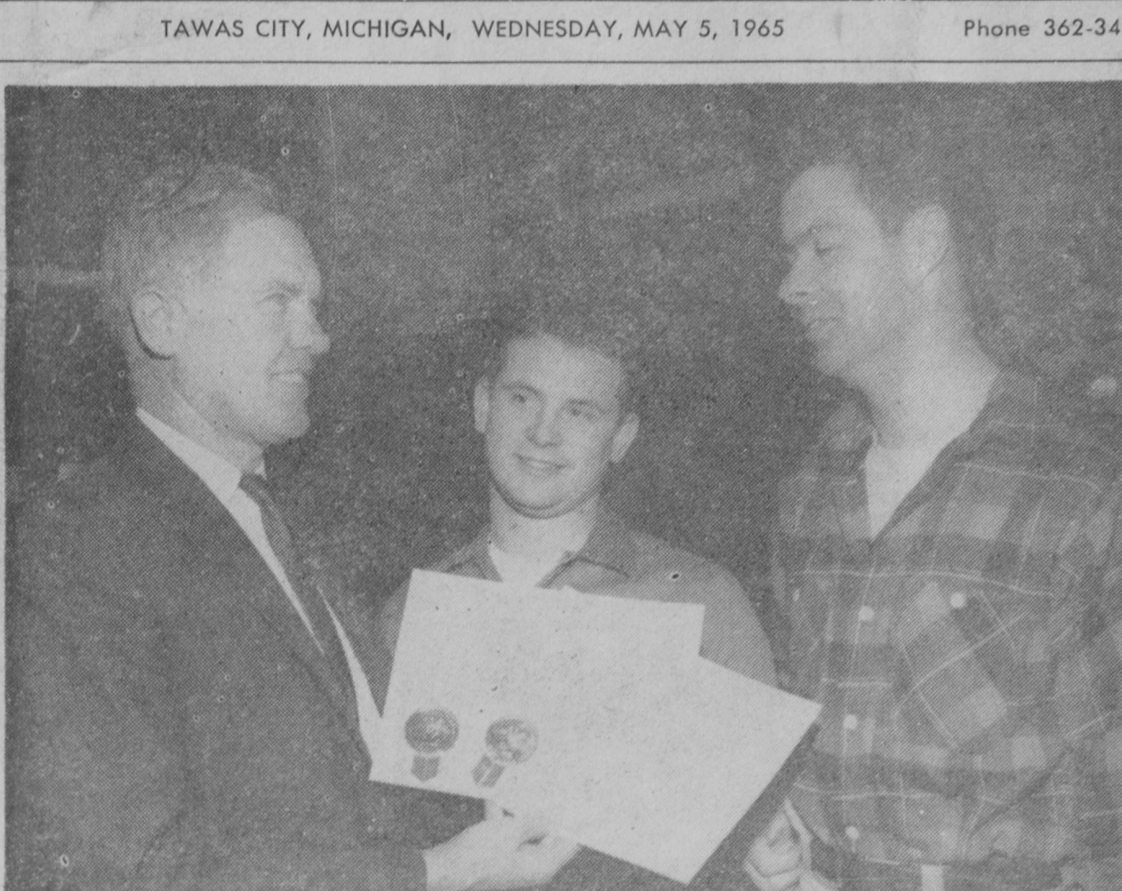

Tawas City Police Department gave chase and East Tawas Police Department set up a road block at the north edge of town. Officers in the blocking car took to the ditch to avoid a collision and the boys were finally run to a stop on the dead end road which leads to Perchville on Tawas Point during the winter.

The boys piled out of their car and attacked the officers, who subdued them as reinforcements, including Barnes, arrived.

## TA Concert Band in Program Saturday Night

Tawas Area Concert Band will present its annual spring concert, "Potpourri of Music," Saturday, May 8, 7:59 p. m., at Tawas Area High School Auditorium. The program will feature William Ruckle, solo cornetist, playing "Flight of the Bumblebee."

A free will offering will be taken and refreshments will be served after the evening's performance.

CERTIFICATES showing completion of apprenticeship are presented to James Brooks, center, and Bernard Bolen, right, by Chester C. Busch of Bopp-Busch Manufacturing.—Herald Photo.

# Apprentice Papers Won by Local Men

Bernard E. Bolen and James E. Brooks, employees of the Bopp-Busch Manufacturing Company, Tawas City, were presented their certificates of completion of apprenticeship Monday from the United States Department of Labor. Making the presentation for the department of labor training consultant was Chester C. Busch, president of the manufacturing firm, which has operations in both Tawas and AuGres.

Receipt of the certificates, by both Bolen and Brooks, successfully culminates for them three years of twice or three times a week nighttime classroom, lab and field work in Bay City and extensive on the job training at the local plant.

In making the presentation, Busch congratulated both men, not only for their academic achievement, but for the persistence they showed in making the nighttime trips to Bay City, always after a full day's work and often in a six-day work week.

He cited the men for taking advantage of the opportunity to increase their theoretical knowledge of tool and die work as well as using the opportunity to gain invaluable practical experience. Busch also noted that this program, under sponsorship of the department of labor and the Bay City Board of Education, was the only program available to men of the area in the tool and die makers' art.

Bolen, son of Mr. and Mrs. John T. Bolen Sr. of East Tawas, and Brooks, son of Mr. and Mrs. Claude Brooks, East Tawas, are the sixth and seventh Bopp-Busch employees to complete the apprenticeship program under the auspices of the firm. Brooks and his wife, Carol, reside at 512 Church Street, East Tawas.

Other employees presently enrolled in the program include Michael Frank and James Herriman of Tawas City and Bernard Freehling of AuGres.

## Sirens Kept Towns Awake Tuesday AM

A short circuit in telephone equipment regulating fire sirens in Tawas City and East Tawas had residents wondering if an air raid had struck the county early Tuesday morning.

Tawas City has been having difficulties with its fire sirens, apparently because of a defective control in the Michigan Bell Telephone office at East Tawas. A new control has been ordered and is to be installed this week.

About 11:30 p. m. Monday, the department received a call that lightning had struck at the Charles Sarki home in Alabaster Township. The fire siren was turned on through controls on the new telephone system, but could not be turned off until a switch was thrown at city hall. During adjustments to the system, the siren again sounded at 12:30 a. m.

Shortly after 4:00 a. m., a telephone cable shorted out and East Tawas' fire siren started to blow. This occurred again about 4:45 a. m.

East Tawas residents were not too alarmed as this had happened once before when a squirrel gnawed through a cable and set off the fire alarm. Police Chief Donald Docking said he shut off the alarm with the master switch.

Repairs to the cable were started immediately by a telephone company crew.

## Three Jury Trials Set for Circuit Court in May

Three jury trials are set for May in Isosco Circuit Court, according to a report Monday from the County clerk's office.

A jury trial will be held May 18 for James L. Sturgeon, who entered a plea of not guilty to breaking and entering; Joseph L. Irk, May 20, who entered a not guilty plea to breaking and entering; May 25, in the matter J. Morley Stevenson vs. Duell D. Pearsall and Farmers and Merchants State Bank, slander.

## Trees Arrive for Isosco Cooperators

Isosco Soil Conservation District received shipment of 120,000 trees for cooperative planting last week from the Michigan Department of Conservation's Higgins Lake Nursery.

Harry Krueger, SCD chairman, said that various species were received, including red pine, white pine, Austrian pine and spruce.

Trees were ordered through the Isosco SCD, which provides equipment and does the actual planting for the land owner. All trees are purchased on a cost share basis through the Isosco Agriculture Stabilization Committee.

Krueger said that in a very few years, these trees would provide, through reforestation, excellent game cover and would greatly increase the actual valuation of the property.

The SCD chairman said that it has been found that land of poor or submarginal quality will support growth of such plantings.

# Thursday Night Fire Loss High at Krueger Farm

Fire last Thursday night destroyed a large barn, granary, machine shed filled with equipment and tools, a silo and some 16 head of cattle at the Harry Krueger farm in Wilber Township.

"I guess I can understand how someone feels when a tornado or flood strikes their property," commented Krueger, as he surveyed the still smoking ruins Monday morning.

A stiff wind blowing from the west and efforts of the Oscoda-AuSable Township Fire Department, assisted by the East Tawas Fire Department, were credited with saving the remaining buildings and residence of the Kruegers.

Actual loss sustained - has not been estimated as yet, but replacement value of the buildings alone would run more than \$40,000. The buildings and equipment were partially insured.

Mr. Krueger is one of the few remaining full-time farmers in Isosco County. He plans to rebuild as quickly as possible, but is undecided as to the type of buildings he will construct.

After a picture session with the Herald photographer late Thursday afternoon in his capacity as chairman of the Isosco Soil Conservation District, described elsewhere on this page, Krueger returned home about 5:45 o'clock to help with the evening chores. Mrs. Krueger and their youngest daughter attended the beginner band concert that evening, while Mr. Krueger and their daughter, Jane, remained at home.

About 8:30 o'clock, Krueger decided to go out to the barn and check on a new collie sheep dog which he had purchased recently. He smelled smoke in the older portion of the building, ran to the back of the barn and found fire glowing on one wall. By the time he ran to the front to get two pails of water and called to his daughter to notify the fire department, the barn was in flames.

Krueger turned his dairy cattle out into the field, but one pen of steers had never been out of the barn and several returned to the blazing structure. A number of calves were also lost.

One part of the barn was more than 70 years old and flames spread so quickly that equipment could not be removed.

Forced to sell his dairy cattle because all milking equipment was lost in the flames, Krueger sustained another loss the next day when he received only \$149 each for 18 head of Holstein milk cows. He had paid more than \$300 apiece for them last winter.

## Public Hearing Set on Assessment Dist.

Public hearing on a proposed special assessment sewer district in Tawas City's First Ward is to be held June 7 at the city hall.

On recommendation of the water board, Tawas City Council adopted a resolution Monday night calling for establishment of a special assessment district commencing at the intersection of Maple and Spruce Streets, then northwesterly on Maple Street 278 feet to the intersection of German and Maple Street. The district would then run west on German Street approximately 385 feet.

A petition signed by the owners of a majority of the lands liable to taxation in that part of the city had been received by the water department. Plans for the above construction have already been obtained.

In other business, the council approved an appropriation of \$101.48 as the city's share of fireworks for July 4, in cooperation with the Tawas Chamber of Commerce and City of East Tawas. The program is to be held this year in the Tawas City Park.

A letter from Consumers Power Company stated that a request had been made to the Michigan Public Service Commission asking that rates on mercury vapor and fluorescent street lights be revised downward and that rates for incandescent lights be increased \$10 annually, effective September (See HEARING, page 8.)

## W-P School Board Lists One Vacancy

The question of whether mankind can actually exist without God will be explored in depth at all Christian Science churches this Sunday. The subject is "Adam and Fallen Man."

The responsive reading includes this line from James: "Draw nigh to God, and he will draw nigh to you." The theme is carried through in the Bible lesson to the final citations from Psalms: "He shall bring forth thy righteousness as the light, and thy judgment as the noonday."

Related readings from "Science and Health with Key to the Scriptures" by Mary Baker Eddy will include these lines: "Let us rid ourselves of the belief that man is separated from God, and obey only the divine Principle, Life and Love" (p. 91).

### To Conduct School of Missions at ET Church

The East Tawas Baptist Church will be engaged in a school of missions starting Sunday, May 9, through Friday, May 14. Services will be at 11:00 a. m. and 7:00 p. m. Sunday and 7:00 p. m. during the week.

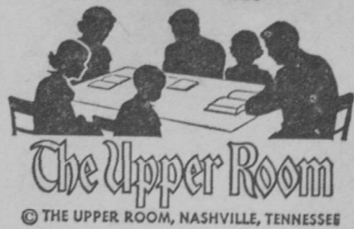

Speakers will be missionaries serving in foreign and home fields with a different speaker each service. The Rev. John Radford extends a cordial welcome to the public to attend.

SURVEYING the ruins remaining after fire struck Thursday night is Mrs. Harry Krueger, left, along with two Wilber Township neighbors. Lost in the blaze was a large horse and cattle barn, granary, a machine shed filled with equipment and silo. Sixteen head of cattle were also lost in the fire. (Story on page 1.)—Tawas Herald Photo.

### TODAY'S Meditation from The World's Most Widely Used Devotional Guide

© THE UPPER ROOM, NASHVILLE, TENNESSEE

Read I John 2:1-14  
He that saith he is in the light, and hateth his brother, is in the darkness even until now. I John 2:9

Members of a devout and devoted family were not experiencing the real joy and satisfaction from their life that they thought was possible.

Each day they would ask the Lord, in prayer, to make them more aware of the needs of others in the world. Yet even this unselfish petition did not yield them peace of mind or satisfaction.

One day, they discovered the reason for this. They were sympathetic and mindful of the needs of others in the world—and this was commendable. But they were blind to the needs of those closest to them, their own family.

If we are going to witness for Christ, we must first have Christ-like regard for members of our own families.

PRAYER  
Our Father God forgive us if we have such an absorbing interest in ourselves and our families that we have no thought or interest in helping others. Forgive us if we have concern for others to the ne-

glect of those nearest and dearest to us. Help us so to live that our lives may be an influence for good to all people. For Jesus' sake. Amen.

THOUGHT FOR THE DAY  
If enough homes become Christian, the world becomes Christian. Edwin E. McDonald, pharmacist (Colorado).

## Largo District Scouts Take Part in First Aid Meet at Hale School

Some 104 boy scouts from six of the seven troops in Largo District of Paul Bunyan Council took part in a first aid meet at Hale Area High School last Friday. Scout patrols from the troops competed against one another in solving three first aid problems, involving rescue breathing, broken limbs, burns and treatment for shock. Scoring was very difficult as every patrol had attained a high degree of proficiency in first aid work, thus living up to the motto of "Be Prepared."

The winning patrol was Eagle Patrol of Troop 90, sponsored by 60 Lakes Tourist Association, Hale. Its score was 60 points out of a possible 61. Close behind was the Beaver Patrol of Troop 74, sponsored by the Zion Lutheran Men's Club, Tawas City. Its score was 59 points. Scoutmasters of the two winning patrols are Richard Parkinson of Troop 90 and Wayne Falkner of Troop 74.

Scouts also attended from Troop 59, Oscoda; Troop 101, Wurtsmith Air Force Base; Troop 96, Whittemore; Troop 111, East Tawas. The only troop not attending from the district was Troop 82, Skidway Lake, which was organized only last week after a 10-year lapse.

A special feature of the first aid meet was a demonstration to scouts and adults of rescue breathing, the latest method of restoring breathing to drowning or electrical shock victims. This demonstration was given by William Lyons, Michigan Bell Telephone Company, using "Resci-Anne," a life-sized doll, especially made for teaching rescue breathing.

The first aid meet was directed by Lt. Daniel Paine, Largo District camping activities chairman. Arthur Aulerich of Whittemore was in charge of physical arrangements; recording of scores of competing patrols was handled by Wendall Lee, district health and safety chairman; head judge was Dr. Herbert Dorris of Wurtsmith Air Force Base.

Refreshments were served by 60 Lakes Tourist Association.

Rinehart-Brown Wedding

MRS. JOHN D. RINEHART

Mr. and Mrs. John D. Rinehart will reside at 2509 Maplewood, Apartment six, Lansing, following their wedding trip to Gatlinburg, Tennessee, and the Great Smoky Mountains.

The couple exchanged vows Saturday, May 1, at Westminster Presbyterian Church, Lansing, before the Rev. David P. McClean. Baskets of white gladioli and pink carnations decorated the church for the 4 o'clock, double ring ceremony.

Mrs. Rinehart is the former Judith A. Brown of Lansing, daughter of Mr. and Mrs. Melvin W. Brown of Tawas City. The bridegroom is the son of Mr. and Mrs. Forrest A. Rinehart of Nashville.

The bride descended the aisle in a silk organza and Venice lace over taffeta dress featuring a portrait neckline accented with patterned Venice lace which trimmed the short draped sleeves. A Watteau train was attached to her bell-shaped, floor length skirt. Organza petals centered with a cabbage rose secured her bouffant veil. She carried a cascade bouquet of white hyacinth blossoms and pink tinted gardenias.

Wearing apple blossom pink,

floor length sheaths with matching headpieces were Mrs. Thomas Gohlighly of Lansing, matron of honor, and Miss Margaret Fitzgerald of Lansing, bridesmaid.

Mr. Rinehart chose William Dietz of Lansing as his best man, with Douglas Hilton of Pontiac, groomsmen. Guests were seated by Jerry R. Brown of Midland, brother of the bride, and Thomas Gohlighly.

For the occasion, the bride's mother wore a pink dress. Mrs. Rinehart chose a pink lace dress. Their corsages were pink roses.

Pink and white decorated the church parlor for the reception attended by 150 guests from Detroit, Pontiac, Bay City, Saginaw, Nashville and Tawas City.

VFW 11th District Meeting Held Here

Sunday, May 2, the VFW 11th district meeting was staged at the Isoco County VFW Post Home, Tawas City. A service officers meeting preceded the noon meal.

Edith Brown of Detroit, department of Michigan president, was present and awarded the auxiliary a citation for membership on the national president. The auxiliary received another citation from the past presidents' club.

Michael Gilfix received an United States Bond for writing the best essay on Americanism in the 11th district contest. His parents, Mr. and Mrs. William Gilfix, were present. The presentation was made by Opal Kyser, Americanism chairman; Irene Langworthy, 11th district president, and Mrs. Brown. His essay will be entered in the department contest.

Members of the local auxiliary elected district officers were Mrs. Kyser, junior vice president; Flora Roberts, conductress. Appointed to office were Clara Wilder, musician, and Dorothy Thompson, assistant conductress. Officers were installed by Mrs. Brown.

The next 11th district meeting is slated for August 1 at Bay City.

Marriage Vows Solemnized at St. Joseph Catholic Church

MR. AND MRS. PAUL ROACH

In 11:00 a. m. rites Saturday, May 1, at St. Joseph Catholic Church, East Tawas, the Rev. Fr. Arthur Mulka officiated at the double ring service uniting Marilyn Misener of East Tawas and Paul Roach of Tawas City in marriage.

The bride is the daughter of Mr. and Mrs. Stanley Misener and the bridegroom's parents are George Roach of Tawas City and Mrs. Mabel Buckley of Union Lake.

Escorted to the altar by her father, the bride wore a white satin and taffeta dress. Her floor length skirt ended in a chapel train. A sequined flower held her fingertip veil and she carried white carnations and orchids.

Attending the bride were Mrs. Michael Blust Jr. of Lansing, matron of honor; Glenda Roach and Sharon Stephan, bridesmaids. They chose aqua and white sheath dresses.

Michael Blust Jr. served as best man with Jay Bronson and David Roach of Tawas City, attendants. Michael Bischoff of Tawas City and Fred Misener of Grand Rapids were ushers.

Two hundred fifty guests from Walled Lake, Detroit, Grand Rapids and Flint attended the evening reception at Melvor Union Hall.

Mrs. Misener greeted guests in a light blue lace suit. Mrs. Buckley selected a light brown dress. Their flowers were yellow carnations.

Following a one-week trip along the Eastern Coast, the couple will make their home at 534 1/2 West Lake Street, Tawas City.

Hostesses honoring the bride with pre-nuptial showers were Mrs. Sally Wheatley of Tawas City, Mrs. Ardith Smith, Mrs. Veronica Grack and Mrs. Dorothy Haglund.

Immaculate Heart Church Scene of Meloy-Block Wedding

MR. AND MRS. HARRY E. MELOY

Miss Elaine C. Block became Mrs. Harry E. Meloy in 11:00 a. m. rites Saturday, May 1, at Immaculate Heart of Mary Church, Tawas City. The Rev. Fr. John Kolevar officiated.

Parents of the couple are Mr. and Mrs. Francis J. Block of East Tawas and Mr. and Mrs. Charles C. Meloy of Bedford, Pennsylvania.

For the double ring service, the bride selected a nylon over taffeta, street length dress with lace jacket. She carried an arrange-

ment of white carnations and pink roses.

Attending the couple were Mr. and Mrs. William Loiselle of East Tawas. Mrs. Loiselle, sister of the bride, wore a blue lace sheath.

For the wedding and reception at Wilber Township Hall, Mrs. Block was attired in a blue sheath with white accessories. A blue knit suit was worn by the bridegroom's mother. Pink rose and white carnation corsages adorned their ensembles.

The newlyweds will reside at 5573 Forest Drive, Osceola, following a two-week trip to the Eastern States.

Out-of-town guests attended from Detroit, Lansing and Bedford.

Elected to Office at Women's Club Conclave

Mrs. John Proctor of East Tawas, delegate from the Ladies Literary Club, was elected treasurer of the Girlstown Foundation Board during the three-day convention last week of Michigan State Federation of Women's Clubs. Girlstown was founded at Belleville in 1958 and the organization "burned the mortgage" during this convention.

Mrs. Proctor was a member of the board when the Girlstown Foundation was first organized in 1952.

Honored at Birthday Dinner on May 1

Elizabeth Drumm, with the assistance of her mother, Mrs. Francis Drumm, honored Francis Drumm of East Tawas at a birthday dinner Saturday, May 1. Guests were Mr. and Mrs. Harvey Smiley, the Arnold Drumm family, Mr. and Mrs. Frank Sargent.

Following dinner, gifts were opened.

### TA Thinclads Show Promise in Event Held at Delta College

Tawas Area School showed good balance on the track, but lacked depth in field events April 26 and trailed Carrollton in a three-day meet hosted by Essexville. Carrollton totaled 78½ points, followed by 57½ for Tawas and one point for Essexville.

Braves' thinclads won five first places and Coach Bob McDonald was very impressed with the showing of members of last fall's cross-country team. The event was held at Delta College.

Tawas was outstanding in distance running and held its own in the dashes and hurdles.

A first was won in 880-yard relay by the team of Dick Grebe, Dennis McArdle, Terry Gourneau and Ed Cain; Tawas took the first three places in mile run, paced by John Bailey with a time of 5:04, followed by Joe Bailey and Bob Busch; the Braves swept the 880-yard run with Don Michalski taking first with a time of 2:13, followed by Bill Inglis and Bill

Deckett. Cain won first place in the 440-yard run with a time of 56.3, followed by John Brugger in fourth place; Gourneau won first place in 220-yard dash in a time of 25 seconds.

Other events saw Dennis Harten taking third in shot put, Ed Cain won third in pole vault, Grebe won second place in high jump and second place in high hurdles, Dan Phillips won third in high hurdles, Gourneau won third and McArdle fourth in 100-yard dash, Grebe won second and Dave Thunberg had fourth in low hurdles. The mile relay team of Inglis, the Bailey twins and Busch won second place in mile relay.

### Police Urge Parents to Caution Children About 'Strangers'

Because child molestation incidents increase heavily in spring and summer, parents should caution their youngsters now against going for walks or rides with any stranger, said State Police Sgt. George Briggs, commander of the East Tawas post.

He advised that this seasonal warning be occasionally repeated to children as they are outdoors more in good weather months.

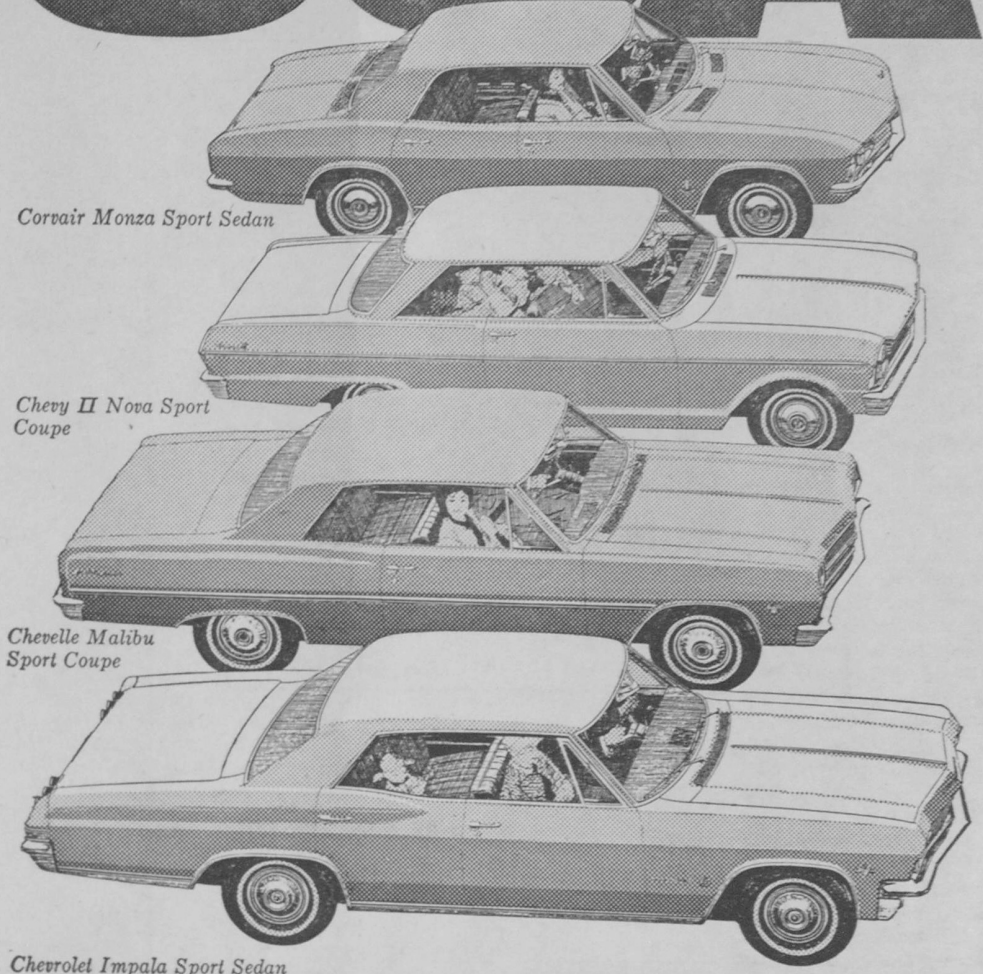

Sergeant Briggs said the state police each year investigate many cases of child molestation and a large percentage could have been avoided if the children had been forewarned. The high months for such sex offenses are in summer.

Where adult supervision over children in outside activity is not possible, parents should insist that their youngsters be in company with others, Sergeant Briggs emphasized. A child alone on a playground, exploring a vacant building or loitering in an alley can too

"Please, Miss Betts, just keep ringing when somebody doesn't answer his phone promptly."

## IN MEMORIAM

**TO MOTHER**  
(To my dear Mother, Ida Westervelt Sibley, who departed this life May 14, 1959.)  
While I thus ponder on the scenes now past  
And think of days and years so lately flown,  
Perchance I live again in memory's grasp  
And feel your presence in the sacred home.  
We shared those happy years fled now away  
When you our childhood's battles fought and won  
The flag of hope unfurled day by day—  
The bond of love tight-knotted sun to sun.  
As now our ship is drifting on the wave  
It's crumbling bow not far from treacherous sand  
We yearn for you so tender, strong and brave  
We long to touch the missing pilot's hand.  
So thus I ponder vanished days of yore  
I'll find you—when our boat puts in to shore.  
—Margaret Adelle Bentley 18-1b

## 35th Annual NEM Beef Sale May 13 At West Branch

The 35th annual Northeastern Michigan beef sale will be held at the feeder cattle sale yard, West Branch, Thursday, May 13. There will be 55 bulls sold this year. The cattle will show at 10:00 a. m. so that prospective buyers may see them out of their stalls and to determine sale order for the afternoon sale scheduled to start at 12:30 o'clock.

The sale will include 15 Hereford bulls; 30 Polled Hereford

bulls and 10 Angus bulls. The cattle will be assembled by 30 different consignors from 18 Michigan counties. The bulls are all of serviceable age. There are three mature bulls; 17, 1963 spring bulls; 16, 1963 summer bulls; 13, 1963 fall bulls; six, spring of 1964 bulls.

This cooperative event is planned by directors of the feeder sale group at West Branch and representatives of the Michigan purebred beef cattle breeders with the hope of getting well-grown, high quality beef sires into the area where feeder calves are produced.

## Officers Elected at H&S Association Meeting

Officers elected to serve two-year terms for the St. Joseph Home and School Association Monday evening were Mrs. Lawrence Rich, president; James Stotenbur, vice president; Mrs. Gerald Klenow, secretary; Donald Mooney, treasurer.

Sister Juliana thanked the parents for their assistance on the school grounds and during the hot lunch program. The school picnic will be held June 1 at the school ground. Mrs. Carl Helmer and Mrs. Richard Harris will arrange games for the picnic; Mrs. Russell Greene and Mrs. Gordon Hackborn, food. Mr. and Mrs. Robert O'Neil were welcomed as new members.

Mrs. Lucille Michaels' fifth and sixth grade room won the room award. The yearly room award went to the seventh and eighth graders for the best yearly attendance. Thomas Pinkowski outlined subjects which are available at the high school and Ernest Jordan, principal, enlightened the group on rules and regulations which are carried out at the high school. Refreshments were served by Mrs. Felix Galavage, Mrs. Klenow and Mrs. Donald Reinke.

## DUVs Held Busy Meeting at Estes' Home

Mrs. Daisy Estes' home was the scene for the April meeting of Mary Jane Goodale Tent No. 50, Daughters of Union Veterans of the Civil War. Treasurer and secretary books were audited. Donations were sent to department aids, Easter Seal and cancer funds.

The next regular meeting will be May 11. Noon pot-luck will be served at Mrs. Jennie Meyer's home. Mrs. Lennah Thayer, department president of Michigan, will make her official visit to the tent.

## Four Tawas City People Injured in BC Crash

Four Tawas Cityans were injured in a two-car crash last Wednesday on M-13 south of Wheeler Road, Bay City.

Frances Smith was admitted to Mercy Hospital with a fractured left shoulder and fractured ribs. She was a passenger in a car driven by Ardith M. Smith.

Mrs. Shirley Lorenz and her daughter, Susan, passengers in the Smith car, were treated for multiple cuts and bruises and released, as was the driver.

## MRS. HELEN SOUCIE

Funeral services for Mrs. Helen Soucie of Rochester, formerly of Tawas City, will be conducted today (Wednesday), 2:00 p. m. at Hale Methodist Church. The Rev. Arthur Parkin will officiate. Burial will be in Evergreen Cemetery. The body will lie in state at the church from noon until time of the service. Tuesday evening services were held at the William R. Potere Funeral Home, Rochester.

Mrs. Soucie died Monday, May 3, at her home following a long illness. She was born April 30, 1913, at Hale. Mrs. Soucie taught school at Tawas City High School several years ago and had been teaching at Rochester until her illness.

Surviving are her husband, Lloyd; two daughters, Mrs. Cleo Marohn of Los Angeles, California, and Mrs. Kay Hartley of Rochester; five grandchildren; her parents, Mr. and Mrs. Ross Webb of Hale; one sister, Mrs. Lois Johnson of Hale, and one brother, Victor Webb of Garden City.

## Six Building Permits Issued at East Tawas

## Positions in Three Golf Leagues Now Filled

Bill McIntosh, president of the Tawas Men's Golf Association, announces that positions in the Tuesday, Wednesday and Thursday night leagues are now filled.

Anyone wishing to compete this summer should contact Spencer Welch for openings in the new Monday night league. Entries are to close Thursday evening in order that all schedules may be prepared.

League play starts next week. Each league is to have a roster of 14 teams.

## Council

(Continued from page 1.)

1. The city is to study possible installation of additional street lights before that time.

Plans for mayor's exchange day during Michigan Week were discussed.

On recommendation of Police Chief Frank Roti, the city is to advertise for bids on a new patrol car.

Investigation is to be made concerning possible prosecution of land owners who allow grass fires to get out of control. Fire Chief James Lansky had expressed concern over the number of costly grass fires last week.

Temporary repairs are to be made to the traffic portion of Mathews Street bridge. Bublitz said the pavement along the edge of the bridge was breaking away and was dangerous to pedestrians. Steel mesh is to be placed over the holes and filled with asphalt.

Cost estimates are to be asked on reconstructing the bridge surface.

## Fish Biologist to Speak at Meeting of Sportsmen's Club

Bud Jacobs, district fish biologist, is to attend the Wednesday night meeting of Ioseo Sportsmen's Club, slated to start at 8 o'clock at the clubhouse. He will discuss various fish conditions in the area, Tawas Lake, the use of poison in Lake Huron to control lampreys. The public is invited to attend.

his First Avenue property near the Tawas River.

Brooks appeared before the council Monday night. He had submitted a building application to the city earlier in the afternoon but Bublitz said that he had not had time to check out the city's ordinance.

The commercial fisherman said his nets were turning moldy because of being stored outside. He felt that by storing them in the van, it would relieve a possible "eyesore."

Mark Twain is well read in Russia, reports **The Columbia Missourian**. What we need is for the Russians to come to view life with the warmth and humor of a Tom Sawyer, the **Missourian** said.

There are now more than 23 million teenagers in the United States, says the **Chronicle-Herald of Macon, Mo.** If the action at our house is any indicator, 22 million of them are on the telephone.

The **Tipton (Iowa) Advertiser** reports, "The divorce problem exists because there are too many married couples and not enough husbands and wives."

(Any relationship between this item and the preceding one is purely coincidental).

The **Cannelton (Ind.) News** reports, "Any man with money to burn can always find somebody to tend the fire."

The **Delavan (Wis.) Enterprise** reported a birdhouse building contest some time back. It got us to wondering again how Mr. Robin keeps Mrs. Robin happy year after year with the same kind of a drab nest?

The **Rockport (Ind.) Journal** wonders why the Food and Drug Administration went to such great efforts to determine what goes into peanut butter, but did no work whatsoever on the problem of how to get the stuff off the roof of your mouth.

A man's social foothold isn't always secure just because he stands on his dignity, says **The West Bend (Wis.) News**.

The **Worthington (Ind.) Times** tells about the woman who was so nervous she could thread her sewing machine while it was running. Apparently she was a Cub Scout den mother.

Don't let opportunity fool you, cautions **The Denison (Iowa) Review**, it often comes disguised as work.

The **Lima (Ohio) News** carries a story that defines space beetles. These beetles are satellites with antennae extending almost a third of a mile and are designed to seek the source of mysterious celestial radio signals from our Milky Way galaxy, its planets and stars.

A beetle in space? Sounds like a great idea.

A notice in **The Tri-County News of Osseo, Wis.** said that even though you pay your telephone bill promptly, the telephone remains the property of the telephone company and is under the company's control.

Now the problem is, how do we get the telephone company president in the middle of the night to tell him his phone is ringing, and we are sure it is a wrong number.

A refreshing contrast to an old story is the one carried in **The News Graphic of Cedarburg, Wis.** that tells of the local traffic officers who battled hazardous driving conditions to get a prospective mother to the hospital, to find out later that all she had was a tummy ache and the baby wouldn't be born for at least two months.

"Folks used to worry because they couldn't take it with them," comments **The West Bend (Wis.) News**. "Now they worry that it won't last as long as they do."

A broken home can be caused by termites, says **The Reedsburg (Wis.) Times-Press**.

The **Black Hills (S.D.) Press** says, "If you are not afraid to face the music, you may get to lead the band some day."

Nothing annoys a woman so much as having her friends drop in unexpectedly to find the house looking as it usually does, claims **The Algona Upper Des Moines, Iowa**.

A conversationalist is one who can tell twice as many details as anybody wants to hear, says the **Watertown (Wis.) Daily Times**.

12:57 p.m.—Mrs. Helen Cates washed her new Teflon-coated West Bend skillet —discovered it's true— Teflon never needs scouring  
12:58 p.m.—Mrs. Cates sent her husband out to buy the whole set

(set includes Teflon-coated aluminum 1, 2 and 3 qt. sauce pans with covers, 10 inch skillet, 5 qt. Dutch oven roaster, cover that fits skillet and roaster, recipe booklet, and nylon spoon and spatula.)

**\$19<sup>95</sup>**—complete

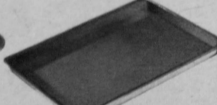

Maybe you're a little skeptical, too. After all, how can any cookware be that easy to clean? But you just go ahead and try Teflon in your own kitchen. See for yourself that eggs and omelets don't stick. Pancakes won't cling. Oatmeal swishes clean. Baked-on casseroles clean up without any scouring at all. And then you'll feel like going out and getting a whole kitchenful of West Bend Teflon-coated utensils — cookware, appliances, griddles, skillets and bakeware. (Take your husband along. He can help carry.) At leading housewares, hardware and appliance stores.

**10" ANGEL CAKE PAN**  
Sparkling aluminum. Browns cakes evenly. Uses standard package mix. **\$3.69**

**MUFFIN PANS**  
Teflon-coating lets muffins, buns, biscuits release effortlessly. 6 cup pan, **\$1.69** 12 cup pan, **\$2.49**

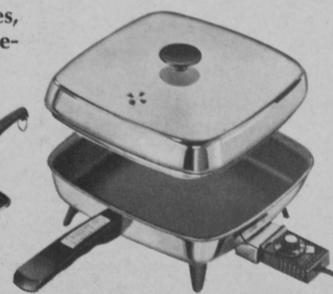

**15 1/2" x 10 1/2" COOKIE PAN**  
Cookies slide right off the Teflon surface. Ideal for jelly rolls, biscuits, too. **\$2.99**

**10" FRY PAN**  
Every kitchen needs a fry pan like this—from breakfast eggs through 1,001 daily uses. **\$1.99**

**10 1/2" x 11" GRIDDLE**  
Plenty of room for 4 slices at a time — or lots of pancakes or hamburgers. Swishes clean. **\$3.99**

**11" x 11" ELECTRIC SKILLET**  
Prepare tender pancakes, French toast, chops right at your serving counter. Teflon interior "swishes" clean. Automatic heat control. **\$15<sup>88</sup>**

# MOTHER'S DAY

## MINCEMEAT UPSIDE DOWN CAKE

2 cups ready-to-use Mincemeat  
1 box cake mix OR  
1 recipe 2-egg cake

Spread mincemeat in bottom of well-greased 9x9x2-inch baking dish. Prepare cake mix according to your own method or directions on box. Pour over mincemeat. Bake in moderate oven (350° F.) 55 to 60 minutes or until done. Remove from pan immediately. Serve warm with hard sauce or cold with whipped cream. Makes 9 servings.

## PRALINE QUICK-COOKIES

These are a surprise with the flavor of Old New Orleans and so easy it's hard to believe they could be so good!

¼ cup (half stick) butter or margarine  
½ cup brown sugar

½ cup finely chopped California walnuts  
24 graham crackers

Melt butter and sugar together over water. Add walnuts. When well blended, spread mixture lightly on graham crackers. For an easy uniform method, hold cracker over double boiler and use rubber or plastic scraper for spreading. Place closely together on cookie sheet and bake 8 minutes in moderate 350° oven. Cut while hot into dozens of little cookies.

## SOUP-KETTLE SUPPER

(Using canned vegetables)

8 strips (½ pound) bacon  
1 cup diced cooked ham or beef  
1½ cups (10½-ounce can) condensed beef broth  
2 cups water  
1½ cups packaged pre-cooked rice  
1½ cups (17 ounces) canned sweet whole kernel corn

1½ cups (15½ ounces) canned french-style green beans, drained  
2 cups (16-ounces) canned tomatoes  
1 to 2 teaspoons salt  
¼ teaspoon pepper  
1 tablespoon finely chopped parsley

Fry bacon in large heavy saucepan until crisp. Remove all but about 2 tablespoons of the drippings. Crumble bacon. Add ham. Saute until slightly browned. Add remaining ingredients except parsley. Bring to a boil. Cover, remove from heat, and let stand 5 minutes. Add parsley just before serving. (If chowder becomes too thick, add a little water.) Makes 8 to 10 servings.

## COOKIE PETAL SUNDAE CUPS

You'll need:

1 roll cookie dough  
Ice cream  
Ice cream topping

Slice cookie dough ¼-inch thick. Line muffin pans with paper cupcake liners. Use 5 slices to line each cup — place 1 on bottom, stand 4 around sides.

Bake at 375° for 6 to 9 minutes until lightly browned. When completely cool, gently remove paper. Just before serving, fill cookie cups with ice cream and add your favorite topping.

# Everyday

BY MARION LATZKO

**W**HAT do you think of when you think of Mother's Day? Breakfast in bed? Little gifts carefully and painstakingly tied with clumsy little fingers? Flowers? Loving attention? Dinner out?

It's meant to be a special day for Mother, so cooking chores are often lightened in some way. Wouldn't it be fun having Mother's Day everyday? Then there would be more time for special "fun things" of life—time for doing the "extras" for your family and yourself.

Modern science has been trying to allow Mothers and all cooks that extra time. Tests are being conducted in laboratories all over the country to make modern cooking easier—precooking, prepackaging, freezing, dehydrating and canning. The grocer's shelves are bursting with new, easy-to-cook products to lighten your work.

With these new products, new recipes are constantly emerging. A very quick, pretty way for making an unusual cookie and ice cream treat is Cookie Petal Ice Cream Cups. This is sure to be a hit with all ages because it combines three dessert favorites; ice cream, cookies and sundaes. Your creative imagination can concoct many kinds of sundaes with available cookie doughs from your freezer. Any refrigerator cookie dough will do this job.

Another quickie that's especially good with fresh fruits is Praline Quick-Cookies. The ingredients are usually in your cupboard. Be sure to use a double boiler to melt your butter and sugar or your mixture may scorch and your sugar crystallize.

If you like mincemeat, the Mincemeat Upside Down Cake, served with hard sauce or whipped cream is a quick treat.

Soup usually requires long hours of cooking, but when canned, dehydrated, or frozen vegetables and broth are used, the long hours aren't necessary. Ready mixes are a help too. Soup-Kettle Supper gives you an idea to start with. Then let your imagination take over!

There are many quick meals that are so nutritious and pretty. Today it isn't necessary to spend hours and hours in the kitchen. Look over your grocer's shelves. Put your imagination in full gear and try making every day Mother's Day!

## SHRIMP PATIO SALAD

1½ cups packaged pre-cooked rice  
½ teaspoon salt  
1½ cups boiling water  
¾ cup mayonnaise  
½ cup chopped dill pickle

1 teaspoon grated onion  
Dash of pepper  
2 cups (about 1 pound fresh) cooked shrimp  
1 cup thinly sliced avocado  
1 can (8½ ounces) green peas, drained

Add packaged pre-cooked rice and salt to boiling water in saucepan. Mix just to moisten all rice. Cover, remove from heat and let stand 5 minutes. Then uncover and let cool to room temperature.

About 1 hour before serving, combine mayonnaise, pickle, onion, and pepper in a bowl. Stir in the shrimp, avocado, and peas. Then add the rice and mix lightly with a fork. Chill. Serve on crisp salad greens. Garnish with tomato wedges and additional avocado slices, if desired. Makes 6 servings.

## TEST

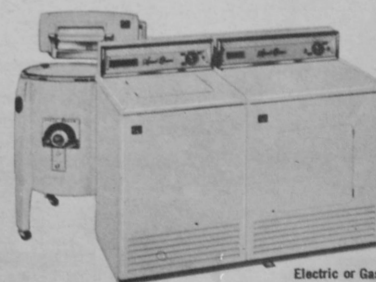

You test drive a car before you buy it. Why not test a washer? With Speed Queen, it's easy. Go to a Speed Queen coin laundry and test as many as you like. You'll see how clean they wash — how simple they are to operate. And you can bet they're dependable because you can see the constant beating they take. That is why Speed Queen washers are so popular among coin laundry operators.

## BEST

So . . . when you install a Speed Queen washer or dryer in your home, you can feel satisfied you have the best. You've based your choice on proven performance. Two, four, six years later you'll reap the pay-off: extra years of dependable service. Remember, it's the years after the guarantee period that determine the final cost of your washer or dryer!

See the Speed Queen washer and dryer line at your Speed Queen dealer — or write Speed Queen, A Division of McGraw-Edison Co., Ripon, Wisconsin.

All farm families should feel as secure as the Lehr Reese family, Mt. Cory, Ohio. The dairy-pork operation, backed up by field crops consisting of corn, soybeans, hay and sorghum-sudan silage, is stabilized for present and future by a well planned insurance program. Ronald, David, Kathie and Jana join in on a look at the books.

## FARMERS

"A PROFESSOR at nearby Findlay College told me the other day that a college education today runs about \$10,000. That's \$40,000—in the case of our family with four children—and you just don't pick that kind of money out of thin air. My wife and I especially want to make certain that our four children will be able to get a college education if they want it.

"For that reason and also financial protection of my family, I'm one farmer that has a substantial insurance program."

Those words were uttered by Lehr J. Reese, prominent young farmer of the Hancock County, Ohio area.

Now, what about the Reese farming operation?

"We were given one cow as a wedding present right after we were married. We've built the herd from that one foundation cow. Now the herd is averaging over 9,000 pounds milk and 450 pounds fat and we're milking 30 cows. A few years ago when we were milking only 10 cows, the herd averaged 350 pounds of fat and 6,000 pounds milk. We've done a lot of breeding, testing, culling and our next goal is 10,000 pounds milk and 500 pounds fat."

This is right up there for Jerseys.

"We handle our herd for economical production—we don't push for high records made at high costs. We aim to make the most milk at the lowest possible feed cost. Our cows make their records on a 1-6 grain feeding—although we increase the grain if roughage is of lower quality. Our cows represent four generations of artificial breeding. We're also participating in an A.I. Young Sire Project—to prove new bulls under regular farm conditions and by artificial breeding."

Mr. Reese pointed out that their farm is now a one-man operation, but it's planned for expansion if the boys want to farm.

Lehr recently bought and started paying for another 83 acres to add to the 225 acres the family owns. They also farm 62 rented acres. Their basic crops are corn, hay, soybeans with some sorghum-sudan hybrid used for silage this year. They use continuous corn in some fields, rotations on others.

This year, Reese applied his three-point formula and decided to get into hog production. He has 100 hogs on feed now in an old barn that was carefully remodeled. He poured a sloped concrete floor so that he will be able to install a liquid manure system later. He uses self-feeders on a platform at one end of the barn. Reese will soon convert a chicken house and start farrowing his own pigs.

"You have to look ahead 20 years when you make a change, or you'll be behind," he says.

This hog feeding layout was installed at minimum expense, but is one of the best and most practical to be found. Reese used advice from Ohio State University Extension engineers. He plans the farrowing unit to be just big enough to keep the feeding structure filled to capacity.

The Reese family lives in the old family home that has been changed considerably by adding a large kitchen and family room. Mrs. Reese wanted a large kitchen, so they designed this room to serve both purposes. They used electric heat so they didn't have to change the existing heating system used in the older part of the house.

Millions of Reasons why you should use

## AMITROL-T

One spray application before seed maturity kills CANADA THISTLE and WHITETOP and STOPS PRODUCTION of VIABLE SEED.

It costs so little to get effective control of Canada thistle, whitetop, leafy spurge and other tough perennials with Amitrol-T. Will not sterilize soil or affect succeeding crops. Amitrol-T is a liquid concentrate—no agitation after initial mixing. Non-flammable, non-volatile, non-toxic to humans and animals when label directions are followed. If you prefer a soluble powder, Weedazol® will give the same excellent results at the same low price per gallon of finished spray—a quarter's worth kills a couple hundred square feet of solid stand. See your farm supply dealer today.

# NEED Insurance

Eight years ago Reese was named the Outstanding Young Farmer for his area. He bought the second bulk tank in the county and is now milking 30 Jerseys in a parlor that he built himself from ideas he secured from the county agent.

"My life insurance policy will make sure the money is available—regardless of what happens to me or the farm. The means I had figured out before just weren't adequate. Life insurance protects the family if anything happens to me.

"Retirement benefits were a secondary consideration when I decided to increase my life insurance. But this insurance money will be available anytime I want to borrow on it.

"It also guarantees that the farm will be free and clear if I die. After the 15 years I've spent building up the land, buildings and livestock, I've made sure that the family would have a choice. For example, they could keep the Jersey herd intact or sell it—but they wouldn't be forced to sell anything for lack of money."

Now let's get back to the security business.

"This newest policy will insure a college education for the children and it will also be a source of capital for farm expansion, if we need it," said Reese.

"Our total outlay for this \$55,000 of insurance is \$1,036 a year (for 1964). Subtract the last dividends which figured out to \$180 and that leaves a net of \$856 that we actually paid out. The increase in cash value last year was \$625 (and it'll go higher each year from now on). So, we really paid only \$231 for \$55,000 worth of insurance protection last year.

"My dad borrowed money on his insurance to keep this farm in the family.

"So I've always had an idea that insurance was a good thing. But I didn't realize all the things it could do and how important a good agent could be in helping plan a farm family's financial future.

"Our insurance agent laid out a complete program that showed all the insurance we already had, social security, and other benefits like the VA money that my family is eligible for because I was in the army during World War II. He recently called our attention to some new rulings from the Veteran's Administration. With this all listed, we have a better picture of our financial future than we ever had before.

"Before I make any changes in my farming business, I look at three things: practicality, economy, and labor-saving. This insurance plan fills all of those conditions. It's the most practical way to provide for the future; it's economical because the net cost is low and the cash savings with NML are higher; it's labor-saving because our trained agent worked with us in setting it up.

"Our plan is laid out so that I can add to it if conditions change.

"Here are some other real dollar savings for a farmer who has a sound and adequate life insurance program like our agent figured out for us. I don't need to take out insurance when I take out a PCA loan—my insurance is more than adequate protection that assures the loan will be paid if something happens to me. This saves on the cost of operating money.

"With my present insurance, I'm in a much better bargaining position for any money I borrow for farm operation or expansion. I file a yearly statement with Production Credit and this insurance shows up there, for example. Insurance is a sound basis for anything we decide to do here on the farm."

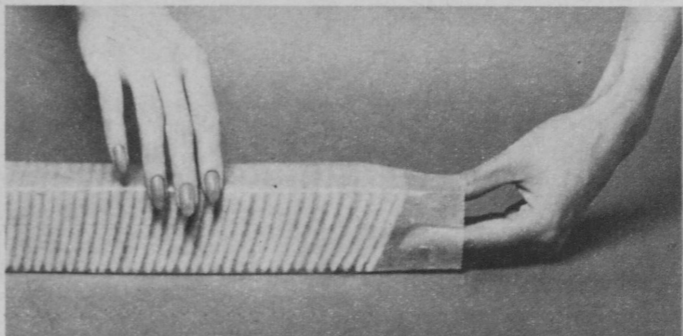

Mrs. Reese added some comments: "I certainly feel more at ease about the future now. It relieves my mind. Even though I can teach—my education is one type of insurance—that isn't enough with four children. We've talked about lots of other plans to insure their future, but this certainly is much better than anything else.

"I don't mean that we're going to force the children to go to college—but we want them to have the opportunity. That's their decision to make."

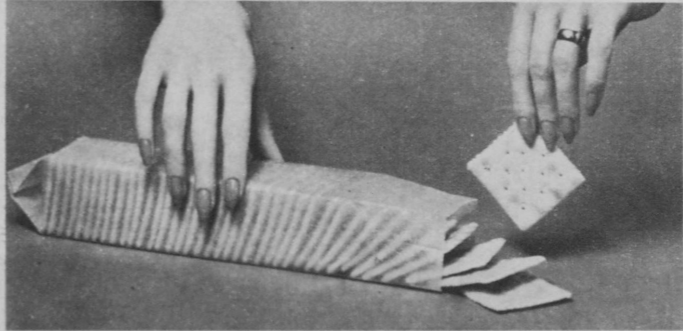

The insurance Reese added after the insurance agent worked out their program was a convertible protection policy providing \$37,500 of insurance. This policy has a permanent insurance value of \$15,000 with a \$22,500, 20-year term rider.
