### TA School Board Urges Study of Consolidation

Interest in a proposed study to reorganize three Iosco County school districts and two Arenac County districts into one consolidated school district was expressed unanimously Monday night by the Tawas Area Board of Education.

Other districts involved were to announce at Tuesday night's meeting of the Iosco County School Reorganization Study Committee if such a proposal should be considered further.

At Monday night's school board meeting, a questionnaire sent to all districts involved was explained by Supt. Reynold Mick.

He said that while Au Gres-Sims School and Arenac Eastern School in Arenac County may be interested in the proposal, under present state regulations the Iosco Intermediate School District may not go beyond its boundaries to

include these two schools in a consolidation study.

It was stated, however, that the two Arenac schools may express a desire to join in these discussions, rather than to take part in consolidation proposals in the Bay-Arenac Intermediate School District.

All intermediate school districts in the state have been given until December 31 to prepare a study of proposed consolidation of schools within its boundaries. If such a study is not completed by that time, the state committee for school reorganization would make its recommendations for consolidation of schools.

In either case, voters of the districts involved would have the final decision on any consolidation of schools. Tawas Area Board of Education members were of the opinion that it would be best for local school districts to prepare a reorganization plan, rather than to have the state prepare one for them.

Superintendent Mick said that approximately 3,800 children were numbered in the five schools involved. The state requires that any new school consolidation have a minimum of 2,000 students.

Clyde Soper, board secretary, who attended a meeting two weeks ago of the county reorganization committee, said that any reorganization proposal should be aimed at providing a better education for children.

Some of the problems to be discussed prior to reorganization, pointed out board members, were transportation, tax base of districts, location of buildings, number of students, participation by students in sports and other extra-curricular activities.

While waiting to go along with the study, Clare Herriman, trustee, pointed out that transportation of students to a central high school would be a major problem. He also expressed concern over the actual reduction in number of students who would be able to participate in organized sports, band and other extra-curricular activities once five schools were consolidated into one.

If such consolidation received approval of voters, other board members pointed out that an intermural program could be expanded for such extra-curricular activities. It was also felt that a larger school could offer an improved curriculum.

Regardless of the outcome of the study, members were of the opinion that any reorganization would probably not take place for four or five years. The board is to continue its planning for expanding classroom facilities at the high school.

**P-TA to Hear Talk Monday on Parents Effect on Teen-Agers**

"Parents Effect on Teen-Agers Morals and Values" is the program title selected by Darrell B. Thomas, guest speaker, for the November 15 meeting of Tawas Area P-TA. The session is slated to begin at 8:00 p. m.

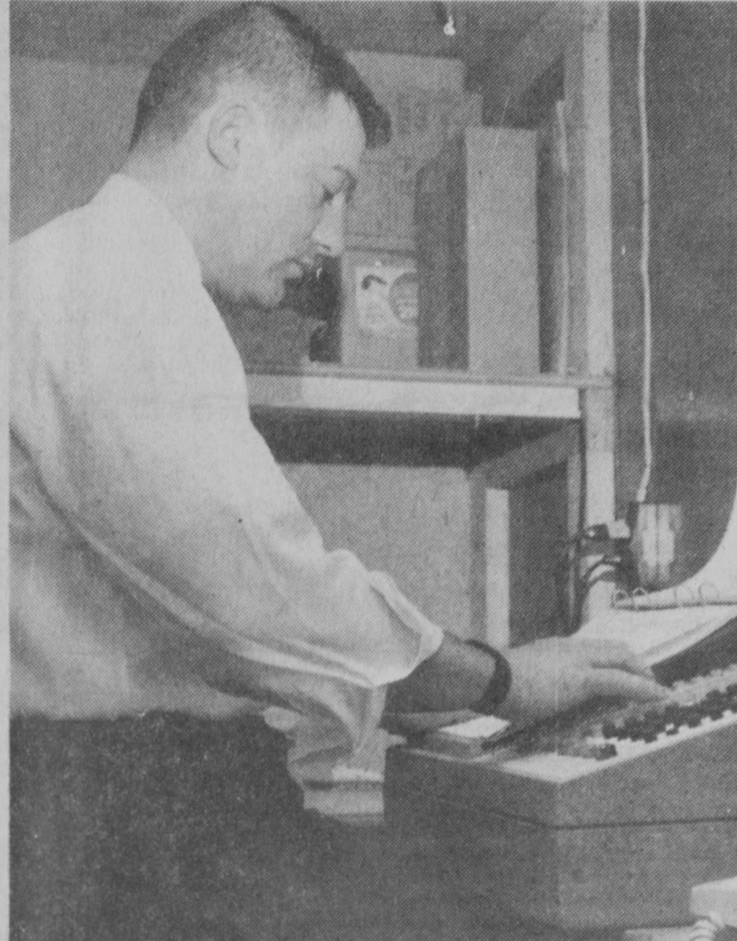

Mr. Thomas is an instructor in family life education in the Flint Community School system and is a graduate of Brigham Young University, Provo, Utah, where he received a master degree in human development and family relations.

Conducting the demonstrations will be Marge Mielock and Lois Buelow, home economists of the firm's home service department. Demonstrations are to be held at 2:00 and 7:30 p. m.

There will be free cook books, refreshments and favors for all.

COMMUNICATIONS CENTER—Gordon Dunham, Tawas Kroger Store manager, is pictured here operating a new electronics device used to transmit merchandise orders to the firm's distribution center at Livonia.—Tawas Herald Photo.

### Local Store Utilizes Electronics to Speed Merchandise Orders

The modern age of electronics is now being used to speed merchandise to a local store, according to an announcement this week by The Kroger Company.

Installation was completed recently on a 1094 IBM terminal and data telephone system at the Tawas City store. Some 93 stores in Michigan are similarly equipped and this is the first installation in Northeastern Michigan.

The new equipment offers instant punch card communications between the local store and Kroger's Livonia distribution center. According to Gordon Dunham, local store manager, weekly merchandise orders are speeded tremendously through this system.

After determining the amount of merchandise to be ordered, information is typed or punched on a keyboard which looks similar to that of an adding machine. Electrical impulses from this equipment are transmitted over wires of the Bell Telephone System.

A 1401 IBM data receiver is located at the Livonia central inventory, which compiles information and then transmits electronically to the chain's accounting division at Cincinnati, Ohio, where invoices are prepared.

Within 24 hours of ordering through this new system, merchandise is being unloaded at the local store, thus cutting delivery time by up to four or five days.

William Montgomery, data processing superintendent for the Detroit division, said that the system had saved much time and money in the metropolitan area and was showing excellent results throughout the division. "It is something greatly needed in this day and age," he said.

Prior to use of the electronic equipment, punch cards were prepared by hand at the local store and then hand-carried to Livonia by truck drivers.

"One of the most important aspects of the entire system is that we are now able to maintain a

more accurate stock control in the local store by means of the up-to-date inventory punched on these cards," said Dunham.

**Oscoda and Gladwin Dominate All-NBC Confo. Selections**

All-conference selections Monday night by NBC coaches saw a near complete domination by Gladwin and Oscoda players. The Flying Gs and Owls finished one-two in the final standings and had a combined total of nine of the 11 all-conference selections.

Conference coaches held their annual meeting Monday at the West Branch Country Club.

First team selections included Coleman Lane, junior, Oscoda; Dick Garber, senior, Gladwin; Greg Juneac, senior, Gladwin; Pete Bockvan, senior, Oscoda, in the backfield; Ted Redmond, senior, Gladwin, and Rod Lawton, senior, Oscoda, were named ends. Larry Breaull, senior, Gladwin; Larry Curtis, junior, Pinconning; Dick Dey, senior, Oscoda; Pat Gulvas, senior, Standish-Sterling; Dave Williams, senior, Oscoda, were named as linemen.

Tawas Area Braves had six players picked for honorable mention. Included were Randy Roach, Dick Grebe, Hugh Freel, Dan Phillips, Ken Makinen and Dennis Harten.

**Retired Gypsum Co. Worker Dead; Services Nov. 11 for N. H. Ulman**

Funeral services for Nelson H. Ulman of Tawas City will be conducted Thursday, November 11, 2:00 p. m., at Jacques Funeral Home, Tawas City. The Rev. Donald C. Turbin will officiate and burial will be in Tawas City Cemetery.

Mr. Ulman died November 8 at Saginaw Veterans Hospital where he had been a patient since July. Born October 10, 1891, in Alabaster Township, he married Mildred B. Binder June 18, 1924. He was retired from the National Gypsum Company where he worked as a liner and tier in production. A World War I veteran, he served with the Polar Bear Division, North Russia.

Surviving are his wife; three sons, Nelson Jr. of Tawas City, Wayne of Ann Arbor and Gerald of Pontiac; three daughters, Mrs. Marie Quarters, Mrs. Rhea Kendall and Mrs. Inez Kendall, all of Tawas City; 20 grandchildren; seven great grandchildren; three brothers, Arthur of Davison, William and Ervin of Tawas City; two sisters, Mrs. Violet Krumm and Mrs. Margaret Hughes of Tawas City.

### Ballots Due Nov. 15 Naming Seven New Chamber Directors

Seven new directors from a list of 16 candidates are to be selected this week by members of the Tawas Chamber of Commerce.

Official ballots were mailed to the membership last week and are to be returned to the chamber of

commerce office by November 15. Candidates for two-year terms as director are John Austin, Joseph Badalucco, Anthony DeFilippi, Gordon Dunham, Marlin Eaton, Robert Kendall, Gene Klenow, Richard Lee, Bill McIntosh, Neal Miller, Donald Osborn, Charles Quarters, Rual Tarter, Gary Wood, Arthur Wuzgazer and Graham Freel.

Serving out their second terms as members of the board of directors are Joseph Branham, Cecil Cabbie, James Campbell, James Martin, John Pinter, Vernon Pugh, Jerry Schroeder, William Smith and Arthur Ziehl.

### Community Chest Surpassed '65 Goal

Tawas-Whittemore Area Community Chest went "over the top" in its 1965 campaign to raise funds for several participating agencies.

Ralph Western, campaign chairman, reported Saturday morning that the United Fund had exceeded its goal of \$11,500 by \$151.86. Additional money was to be received in the form of pledge cards not returned as of November 6.

A meeting is to be called of United Fund board of directors to distribute checks to various participating agencies and also to decide on distribution of excess funds.

### Two Men Sentenced in Iosco Circuit Court

Ronald Rall and Dennis Goddard, both 18, were sentenced to serve 90 days in jail, placed on three years probation and ordered to pay restitution of \$600 when assigned Monday by Iosco Circuit Judge Allan C. Miller.

The two men admitted the larceny of money from the Holland Hotel in September. Rall had been an employee of the hotel. The two men were returned from Connecticut to face the charges.

### Athletic Boosters Meet at School Thursday

Election of officers will be held this Thursday night by Tawas Area Athletic Booster Club. The meeting will be held at the high school cafeteria, 8 o'clock.

The club's first project, construction of a camera platform above the press box at the football field, was completed last week.

Future projects may include construction of dugouts at the baseball field and installation of asphalt for field events in track.

Films of last week's Tawas-Essexville Garber football game are to be shown at the meeting.

TAWAS AREA HIGH SCHOOL Key Club has assumed as its principal project this year the purchase of an eight millimeter movie camera and projector. The equipment was used to film Friday night's football game and movies will be shown at this Thursday night's meeting of the athletic booster club. The latter organization constructed a new camera platform above the press box last week. Mrs. Edward Sioffo had charge of obtaining materials for the project and J. Barkman Lumber Company and Schreck Lumber Company contributed the necessary lumber for this installation. Coaches and booster club members constructed the platform Thursday evening. Robert H. Crawford, faculty member, is shown operating the camera. It will be used to film various school activities.—Tawas Herald Photo.

### No Time Off for Hunting Says Board; 8 'Free' Days in Season

Because the opening of deer season this year falls on Saturday, November 20, coupled with closing of school the following Thursday and Friday for Thanksgiving vacation, Tawas Area School students will not be allowed to take time off from classrooms to go hunting.

Adopting the above policy at Monday night's meeting, members of the Tawas Area Board of Education pointed out that a total of eight "free" days were available for students to go deer hunting during the 15-day season.

As a result of the above action, any time taken off for deer hunting during regular school days will be treated as an unexcused absence. There will be no opportunity given to make up work.

The Michigan Education Association was one of the organizations which urged the Michigan Conservation Commission to change the opening of deer season to Saturday.

### Music Committee Gives Report at TA Board Meeting

A report of a committee organized to establish policy for the music department was taken under advisement Monday night by Tawas Area Board of Education. Action is to be taken on approval of the report at the next meeting.

Clyde Soper, board secretary and a member of the special committee, said that philosophy expressed in the report was that the committee felt participation in band "develops and satisfies creative talent, encourages a cooperative spirit by contributing to the band as a whole, teaches understanding and enjoyment of music and provides a wholesome outlet for childhood enthusiasm."

The report recommends that the board immediately purchase as outlined in Band Director Eugene Salamony's recent proposal, two flutes, four wood clarinets, two metal clarinets, one cornet, two trombones and one tenor saxophone at a total cost of \$1,584.

"Our school furnishes more instruments than some but our bands have always been top-notch and we think this is one of the reasons for it," said Soper. "Students will be encouraged to buy their own instruments, but participation in the band should not be denied those unable to do so."

It was the recommendation that rental on instruments be increased from \$4 to \$5 per semester as this is necessary for repair only and seemed a fair cost to anyone using school instruments.

"If a child is asked to change instruments in order to improve balance within the band, the child will not be charged rent on the instrument to which he changes," said the report.

The report recommended that the board immediately purchase 10 additional band uniforms at an approximate cost of \$800, because with only 80 uniforms at present, the size of the band is limited.

In general, the committee "understood and sympathized with the conductor's position in regard to producing a top senior band. Since we are putting no pressure on him for high inter-scholastic ratings, however, we hope that he will use all means at his disposal to encourage participation in band and make it an enjoyable, creative program for even those whose talent and disposition are difficult to deal with."

Mr. Salamony was present and stated that he has encouraged students to participate in senior band but pointed out that membership was limited and felt that it should be a select group.

The junior group has now been changed to a cadet band and any student, even beyond the 10th grade, who is not able to advance to the senior band, will be given the opportunity to participate in the music program. He pointed out that some students were "late starters" and could still advance to the senior band beyond the 10th grade.

EARL HOAG

### Tawas Area Senior Hurt Friday When Shotgun Exploded

A 17-year-old Tawas Area High School senior, Earl Hoag, sustained serious injury to his left hand Friday afternoon when the barrel of his shotgun exploded.

He is a patient at Tawas Hospital. Earl and a neighbor boy, Dean McLean, were hunting rabbits behind the Hoag residence at 16 West Klenow Road. Earl fired his double-barrel, 12-gauge shotgun at a rabbit and the left barrel exploded in his left hand.

The boy was taken to the hospital for treatment of his badly mangled hand. More than 35 sutures were required to close the wound.

Deputy Sheriff Jerry Kruse, who investigated, said that the 20-year-old shotgun appeared to be in excellent condition and could find no explanation for the accident. The barrel exploded ahead of the breech and about 16 inches from the muzzle.

Kruse said that proper ammunition had been used in the gun and that it had been fired previously this season.

Earl is the son of Mr. and Mrs. Robert Hoag.

### TWO INJURED

Ronald L. Nichols, 21, Whittemore, and Sandra Hodge, 17, Prescott, received minor injuries Sunday afternoon in a one-car accident on Keystone Road. Traveling east, Nichols lost control of his car and skidded into the ditch. They were treated at Tolfree Hospital, West Branch.

### Clothes Make the Man, but How About the Hair?

Appearances are sometimes deceiving, according to Sheriff Ivan O'Farrell.

While on patrol at Whittemore Friday night, a car passed O'Farrell traveling at a very high rate of speed. He finally stopped the speeder about 10 miles from the point where the chase commenced.

"Where do you think you are going, young lady—let me see your operator's license," said O'Farrell to the driver, who was wearing shoulder-length tresses.

The sheriff took a second look at the driver, after noting his first name was Timothy, and then ordered him out of the car.

The young man with the cool, Beetle-type haircut spent the night in jail and appeared in justice court the next day on a charge of reckless driving.

### RECEIVES MINOR INJURIES IN CRASH

Frank L. Brigham, 23, Tawas City, was treated at Tawas Hospital early Sunday morning for injuries received when his car rolled over one-quarter mile south of M-55 on Plank Road.

Iosco Sheriff's Department officers said he lost control of his vehicle, which skidded 141 feet. Brigham sustained cuts to the back of the neck caused by glass fragments.

TAWAS AREA High School Band members had occasion to wear their hats backwards last Friday night. This is the traditional sign during football seasons here that the Braves were victorious and Tawas' win over Essexville Garber was the first of the season. (See page 3.)—Tawas Herald Photo.

Jacob's struggle at Peniel and the conversion of Paul will be included in the Bible lesson at Christian Science churches this Sunday to illustrate spiritual transformation.

A verse from Paul's message to the Romans will underscore the theme. "And be not conformed to this world; but be ye transformed by the renewing of your mind, that ye may prove what is that good, and acceptable, and perfect, will of God" (Romans 12:2).

Related passages from the Christian Science textbook will include these lines: "Mortals must gravitate Godward, their affections and aims grow spiritual,—they must near the broader interpretation of being, and gain some proper sense of the infinite,—in order that sin and mortality may be put off" (Science and Health with Key to the Scriptures by Mary Baker Eddy, p. 265).

The lesson-sermon is on the subject of "Mortals and Immortals."

# Braves Win 1st Game of 1965; in Final Friday

Tawas Area fans had something to cheer about Friday night. The Braves won their first game of the season and parents of team members were honored during halftime festivities.

The Braves defeated Essexville Garber High School, 39-13, and Coach Ernie Mousseau gave his second string undergraduates a good workout during most of the second half.

Essexville, which is still only an 11-grade school this year and will not become a full member of the Northern B Conference until 1966, had a string of three wins going until this game.

Tawas struck early in the first period when Halfback Ed Cain

broke away on a trap play up the middle for 42 yards. The try for PAT was no good and the Braves held a 6-0 lead.

The Braves scored two TDs in the second period. Dennis Harten cracked over from five yards out after the Braves had marched 72 yards to scoring territory. Ray Powers ran the point after touchdown.

The second touchdown of the period came when Quarterback Dick Grebe shook himself loose around end and ran 45 yards to score. The try for PAT failed.

Tawas' fourth touchdown came when Powers went 79 yards on an off-tackle play in the third period. Harten ran the PAT.

Mousseau then began to substitute freely. Essexville took to the air and Tom Legacy hit Darrel Whitney with a 20-yard touchdown pass.

Tawas' regular kickoff team was in for action and Cain took the ball on his own 15-yard line and galloped 85 yards for a touchdown. He was hit by Essexville defenders several times along the way, but managed to keep his feet. Powers ran the PAT.

The visitors then scored on a 30-yard rollout by Whitney. Randy Clark took a pass for the conversion.

The Braves' kick-off return team came back in for action and Grebe took the ball and rolled 80 yards for the final Tawas touchdown. There was no conversion.

Tawas gained 302 yards on the ground and 17 in the air for a total of 319 yards offensively. Essexville had 92 yards on the ground and 87 in the air.

Powers averaged 14 yards per carry, Cain had an 18.3-yard average per carry from the line of scrimmage and Powers averaged 22.5 yards in two carries.

Leading tacklers were Dan Phillips, Hugh Freel and Cain, each with six.

The Braves brought up nine sophomores from the junior varsity for action in this game.

Herb Escott, former Tawas Area mentor, is now coach of Essexville Garber.

The Braves close out the 1965 season this Friday night by traveling to Saginaw Buena Vista.

## 'Won't You Be An Angel' was Meeting Theme

"Won't You Be An Angel?" was theme of the ingathering at Girlstown, Belleville, Saturday afternoon, November 6. Clubwomen from all over the State of Michigan attended.

The affair has been an annual event since Loch Rio, the first unit of Girlstown, was established in 1958 by the Michigan State Federation of Women's Clubs. Mrs. Earle Dahlquist of Manistee and Mrs. Ralph Main of Birmingham were co-chairmen for the event.

It was a joyous occasion because of the mortgage burning ceremony held in April at the state convention, Kalamazoo. Mrs. William J. Vaxter of Harper Woods, chairman of Girlstown Foundation, has announced that a committee is studying the possibilities for establishing a second unit to help meet the constant need of girls for counseling and guidance to enable them to develop an emotional stability.

"Won't You Be An Angel?" is an appeal to those who would help a troubled girl "bloom" in a new environment.

Mrs. John Proctor of East Tawas attended the ingathering and as treasurer of Girlstown attended a board meeting at Mayflower Hotel, Plymouth, Friday, November 5.

## Presents World War I Picture to ET Legion

### Women's Club Members See Slide Program on Alaska

Whittemore Women's Club met at the parish house Wednesday night with a good attendance. After the business session, Mrs. Helen Gallant, program chairman, introduced Mrs. Glade Schuster of Saginaw, who showed color slides of their trip to Alaska this summer. Mr. and Mrs. Schuster visited many places of interest and had to leave their car and travel by plane and boat. She gave historical information about many interesting cities, rivers, mountains, etc. Members felt that they had been to Alaska.

Pumpkin pie, whipped cream, tea and coffee were served by the committee.

For the next meeting of the club November 17, each member is to bring something to be packed to send to Saginaw Veterans Hospital patients. Post cards, postage stamps, razor blades, tooth brushes, tooth paste, combs and shaving cream are among desired articles.

## District SLAAM Meeting

Iosco-Arenac Regional Library Headquarters, Alabaster, played host to the day-long meeting last Thursday of Huron Shores District No. Four, Student Library Assistant Association of Michigan.

Some 91 students from the eight participating schools attended the session. Members of the regional library staff conducted a workshop on bookbinding, cataloging and book processing.

These youngsters all take an active part in operation of libraries in their respective high schools. They assist high school librarians by keeping records, repairing books and other library functions.

"The regional library is very interested in this project as, through such encouragement to young people, some may become interested in a library career," said Mrs. C. R. McMullen, director of the regional library.

Students attending met the founder of SLAAM, Miss Lela Osgerby of Sand Lake. While a teacher at Bellevue High School, Miss Osgerby had a student library group and in 1941, arranged for a meeting with similar groups in that area. From this original meeting has grown the state-wide organization.

Now retired, Miss Osgerby, 79, has received many honors for her work with student librarians. She makes her summer home here and spends winters in Florida.

**DISTRICT OFFICERS** of SLAAM are shown here with Miss Lela Osgerby, left. From left are Gary Martin, recording secretary, Tawas Area High School; Debra Heinrich, treasurer, AuGres-Sims High School; Kelly Kesler, president, Whittemore-Pre-

**OTHER DISTRICT OFFICERS** are shown here with Mrs. C. R. McMullen, second from left, director of Iosco-Arenac Regional Library. From left are Donna Bishop, trustee, Oscoda Area High School; Lois Williams, historian, Alcona Community School; Penny Brumfield, corresponding secretary, Hale Area High School; Mrs. McMullen, and Randy Dorsey, vice president, Hale Area High School.

## 16-Mile Rebuilding Job on M-65 Listed in Highway Program

Highway construction projects at a total estimated cost of \$75,793,000 are scheduled for 25 counties in the northern half of the Lower Peninsula during the five-year period beginning July 1, 1967. State Highway Department Director Howard E. Hill announced last week.

The schedule is part of a road-building program that will boost Michigan's total construction to 2-750 billion dollars for the 15-year period ending in 1972.

Iosco County's lone project in the program is 16 miles of reconstruction on M-65 from Hale Road to the county line.

Other projects listed in the area include 4.1 miles of reconstruction on M-65 from the county line to Glennie and 6.3 miles widening and resurfacing from M-171 to US-23, both in Alcona County; 2.4 miles of I-75 freeway from M-33 to the north county line in Arenac County; 4.6 miles of I-75 freeway connecting with routes serving West Branch and 15.7 miles of I-75 freeway from the south county line to the west county line, both projects in Ogemaw County.

The four-man state highway commission approved the 1967-72

program recommended by Hill to meet increasing needs throughout the state.

"The ever-increasing population and the ever-increasing number of automobiles on our roads make obvious the fact that we must maintain our road-building program," Hill said.

"Our state's economy is at stake. We must continue to provide the arteries to keep our industrial and commercial enterprises strong.

"The safety of our people is at stake. We must do everything in our power to offset congestion on our streets and highways.

"And we believe that the people of Michigan are convinced of the value of good roads and want to continue road construction progress which ranks with the best in the nation."

Hill said the commission has endorsed a revision of state laws to increase motor fuel taxes by one cent per gallon and hike vehicle weight taxes which still remain at 1932 levels.

The revision would increase the share reverted to cities and villages for construction and maintenance of local streets and roads by 22.7 million dollars annually.

increase, yielding 23.3 million dollars more annually for counties. A total of 78 million dollars and 32.6 million dollars more for would be raised by the proposed state.

## Now! '66 Chevelle Malibu by Chevrolet

Two racy new hardtops

A clean-sculptured new sport coupe with recessed rear window, and—for the first time—a 4-door Chevelle Sport Sedan. Pick from 12 racy-looking new Chevilles in all for '66.

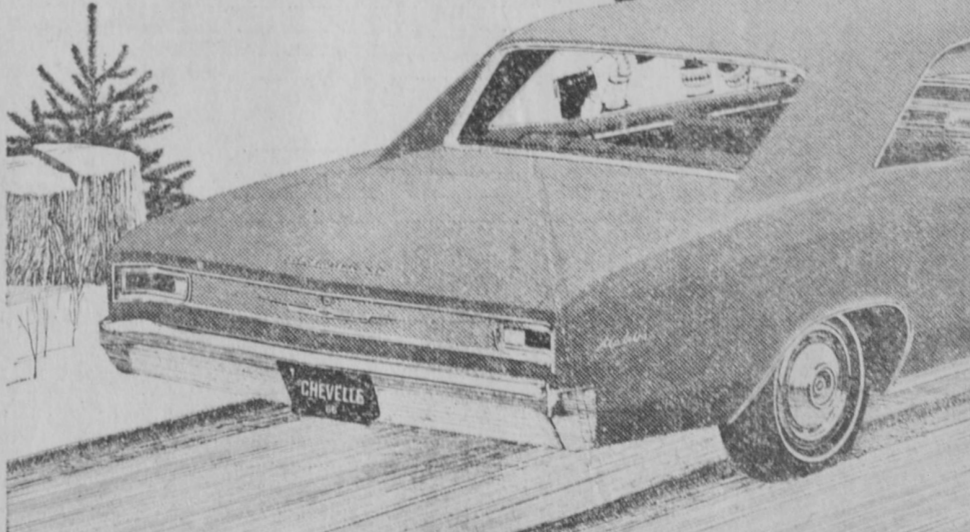

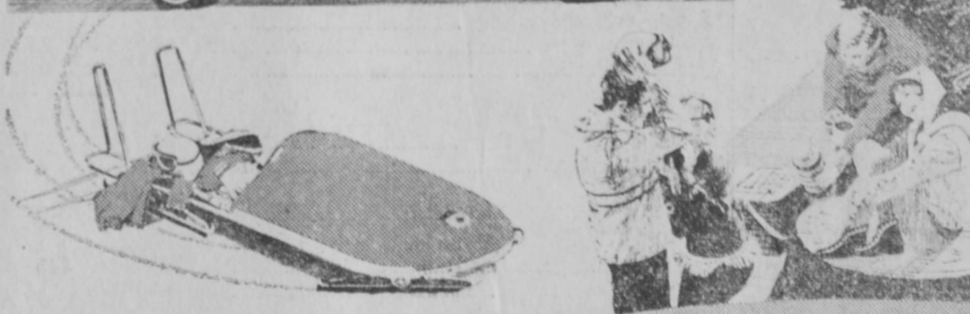

Not only will you find more variety in the '66 Chevelle lineup, but even more of what makes a Chevelle a Chevelle.

Say you pick a new Malibu Sport Sedan and specify the new 220-hp V8. You've got yourself quite a machine.

Or pick a Malibu Sport Coupe, equip it with the new Strato-bucket front seats, and order the new 275-hp V8. You've got yourself even more machine.

Or maybe you'd like to pick a new black-grilled SS 396 Coupe or Convertible. (Standard engine is a Turbo-Jet 396 V8 with 325 hp. And there's also a 360-hp version you can specify.) Now you've got yourself the most.

Which '66 Chevelle for you? The answer to that covers a lot more ground than we can here. And that's where your Chevrolet dealer comes in.

ous faxing units of the county should have been notified before hand and some newspaper publicity given. Mr. Smith stated that there were a good many indignant and concerned voters and that road commissioners were elected by the people as well as the supervisors.

County Engineer Otis Love ran a tape recording of a conversation with Lansing headquarters which cited attorney general's opinion which set forth that such activity on private roads by a county road commission was illegal and that when local road commission was engaged in such activity their insurance did not apply.

Commissioner Curry remarked that he thought enforcement was pretty abrupt and that the transition should be made gradually. The meeting ended by a mutual agreement between the road commissioners and the supervisors that the road commission would send each supervisor in a letter setting forth what abutting owners on these private roads must now do.

Mr. Oates put the question as to whether or not townships could help bring private roads to standard.

Mr. Blust read the following report of the committee on claims and accounts No. 2. Honorable Board of Supervisors Gentlemen:

NOTICE OF SPECIAL TOWNSHIP MEETING AND ELECTION AND OF REGISTRATION OF VOTERS

WHEREAS, at a meeting of the Township Board of the Township of Tawas, Iosco County, Michigan, held on the 2nd day of November, 1965, a franchise ordinance was adopted, entitled as follows:

An ORDINANCE, granting to CONSUMERS POWER COMPANY, its successors and assigns, the right, power and authority to construct, maintain and commercially use electric lines consisting of towers, masts, poles, cross-arms, guys, braces, wires, transformers and other electrical appliances on, along and across the highways, streets, alleys, bridges and other public places, and to do a local electric business in the TOWNSHIP OF TAWAS, IOSCO COUNTY, MICHIGAN, for a period of thirty years.

WHEREAS, said Consumers Power Company has heretofore filed its written acceptance of said franchise, and has requested that the question of confirming the grant thereof be submitted to the qualified electors of the Township, at a special election to be held for that purpose, and has also paid to the Township Board the estimated expense of holding such special election; and,

WHEREAS, the Township Board of Tawas Township, Iosco County, Michigan, has called a special election to be held in said Township for such purpose;

NOW, THEREFORE, pursuant to resolutions adopted by said Board, notice is hereby given that a special meeting and election will be held in said Township at: Tawas Township Hall, 27 South

McArdle Road, Tawas City, Michigan on Wednesday, the 22nd day of December, 1965, for the purpose of voting on the confirmation of the action of said Township Board in granting such franchise.

The polls of said election will be opened at 7 o'clock in the forenoon, or as soon thereafter as may be, and will be held open until 8 o'clock PM, Eastern Standard Time. The Township Clerk will be in his office on the 22nd day of November, 1965, said date being the thirtieth day, as determined by statute, preceding the date of said election, for the purpose of reviewing the registration, and registering such of the qualified electors of the Township as shall appear and apply therefor, which registration may be made on said date between the hours of 8 o'clock AM and 8 o'clock PM, Eastern Standard Time.

Said franchise as granted by said Board is on file with the undersigned Township Clerk for the purpose of inspection by the qualified electors.

BY ORDER OF THE TOWNSHIP BOARD.

WALTER H. MILLER  
Township Clerk  
Dated: November 2, 1965 45-2b

AN ORDINANCE, granting to CONSUMERS POWER COMPANY, its successors and assigns, the right, power and authority to construct, maintain and commercially use electric lines consisting of towers, masts, poles, cross-arms, guys, braces, wires, transformers and other electrical appliances on, along and across the highways, streets, alleys, bridges and other public places, and to do a local electric business in the TOWNSHIP OF TAWAS, IOSCO COUNTY, MICHIGAN, for a period of thirty years.

SECTION 1. The Township of Tawas, Iosco County, Michigan, hereby grants the right, power and authority to the Consumers Power Company, a corporation authorized to transact business in Michigan, its successors and assigns, hereinafter called the "Grantee," to construct, maintain and commercially use electric lines consisting of towers, masts, poles, cross-arms, guys, braces, wires, transformers and other electrical appliances, for the purpose of transmitting, transforming and distributing electricity on, along and across the highways, streets, alleys, bridges, and other public places, and to do a local electric business in the Township of Tawas, Iosco County, Michigan, for a period of thirty years.

SECTION 2. In consideration of the rights, power and authority hereby granted, all of which shall vest in the Grantee for a period of thirty (30) years as aforesaid, said Grantee shall faithfully perform all things required by the terms hereof.

SECTION 3. All of Grantee's towers, masts and poles shall be neat and sightly, and so placed on either side of the highways, streets, alleys and bridges as not to unnecessarily interfere with the use thereof for highway, street and alley purposes. All of Grantee's wires carrying electricity shall be securely fastened so as not to endanger or injure persons or property in said highways, streets and alleys. All work performed by said Grantee in said highways, streets and alleys shall be done so as not to interfere with the use thereof, and when completed, the same shall be left

in as good condition as when work was commenced. The Grantee shall have the right to trim trees if necessary in the conducting of such business, subject, however, to the supervision of the highway authorities.

SECTION 4. Said Grantee shall at all times keep and save the Township free and harmless from all loss, costs and expense to which it may be subject by reason of the negligent construction and maintenance of the structures hereby authorized. In case any action is commenced against the Township on account of the permission herein granted, said Grantee shall, upon notice, defend the Township and save it free and harmless from all loss, cost and damage arising out of such negligent construction and maintenance.

SECTION 5. Said Grantee shall be entitled to charge the inhabitants of said Township for electric energy furnished therein, the rates, including minimum charges, as approved by the Michigan Public Service Commission, to which Commission or its successors authority and jurisdiction to fix and regulate electric rates and rules regulating such service in said Township, are hereby granted for the term of this franchise. Such rates and rules shall be subject to review and change at any time upon petition therefor being made by either said Township, acting by its Township Board, or by said Grantee.

SECTION 6. The rights, power and authority herein granted, are not exclusive.

SECTION 7. This Ordinance shall cease and be of no effect after thirty days from its adoption, unless within said period the Grantee shall accept the same in writing filed with the Township Clerk, subject to confirmation of the grant hereof by at least a majority of the electors of said Township voting thereon at a regular or special township election to be held in the manner provided by law. Upon the acceptance and confirmation thereof, the same shall constitute a contract between said Township and said Grantee for a period of thirty years from the date of such acceptance.

SECTION 8. The Township of Tawas, Iosco County, Michigan, hereby grants the right, power and authority to the Consumers Power Company, a corporation authorized to transact business in Michigan, its successors and assigns, hereinafter called the "Grantee," to construct, maintain and commercially use electric lines consisting of towers, masts, poles, cross-arms, guys, braces, wires, transformers and other electrical appliances, for the purpose of transmitting, transforming and distributing electricity on, along and across the highways, streets, alleys, bridges, and other public places, and to do a local electric business in the Township of Tawas, Iosco County, Michigan, for a period of thirty years.

SECTION 9. In consideration of the rights, power and authority hereby granted, all of which shall vest in the Grantee for a period of thirty (30) years as aforesaid, said Grantee shall faithfully perform all things required by the terms hereof.

SECTION 10. All of Grantee's towers, masts and poles shall be neat and sightly, and so placed on either side of the highways, streets, alleys and bridges as not to unnecessarily interfere with the use thereof for highway, street and alley purposes. All of Grantee's wires carrying electricity shall be securely fastened so as not to endanger or injure persons or property in said highways, streets and alleys. All work performed by said Grantee in said highways, streets and alleys shall be done so as not to interfere with the use thereof, and when completed, the same shall be left

in as good condition as when work was commenced. The Grantee shall have the right to trim trees if necessary in the conducting of such business, subject, however, to the supervision of the highway authorities.

SECTION 11. Said Grantee shall at all times keep and save the Township free and harmless from all loss, costs and expense to which it may be subject by reason of the negligent construction and maintenance of the structures hereby authorized. In case any action is commenced against the Township on account of the permission herein granted, said Grantee shall, upon notice, defend the Township and save it free and harmless from all loss, cost and damage arising out of such negligent construction and maintenance.

SECTION 12. Said Grantee shall be entitled to charge the inhabitants of said Township for electric energy furnished therein, the rates, including minimum charges, as approved by the Michigan Public Service Commission, to which Commission or its successors authority and jurisdiction to fix and regulate electric rates and rules regulating such service in said Township, are hereby granted for the term of this franchise. Such rates and rules shall be subject to review and change at any time upon petition therefor being made by either said Township, acting by its Township Board, or by said Grantee.

SECTION 13. The rights, power and authority herein granted, are not exclusive.

SECTION 14. This Ordinance shall cease and be of no effect after thirty days from its adoption, unless within said period the Grantee shall accept the same in writing filed with the Township Clerk, subject to confirmation of the grant hereof by at least a majority of the electors of said Township voting thereon at a regular or special township election to be held in the manner provided by law. Upon the acceptance and confirmation thereof, the same shall constitute a contract between said Township and said Grantee for a period of thirty years from the date of such acceptance.

SECTION 15. The Township of Tawas, Iosco County, Michigan, hereby grants the right, power and authority to the Consumers Power Company, a corporation authorized to transact business in Michigan, its successors and assigns, hereinafter called the "Grantee," to construct, maintain and commercially use electric lines consisting of towers, masts, poles, cross-arms, guys, braces, wires, transformers and other electrical appliances, for the purpose of transmitting, transforming and distributing electricity on, along and across the highways, streets, alleys, bridges, and other public places, and to do a local electric business in the Township of Tawas, Iosco County, Michigan, for a period of thirty years.

SECTION 16. In consideration of the rights, power and authority hereby granted, all of which shall vest in the Grantee for a period of thirty (30) years as aforesaid, said Grantee shall faithfully perform all things required by the terms hereof.

SECTION 17. All of Grantee's towers, masts and poles shall be neat and sightly, and so placed on either side of the highways, streets, alleys and bridges as not to unnecessarily interfere with the use thereof for highway, street and alley purposes. All of Grantee's wires carrying electricity shall be securely fastened so as not to endanger or injure persons or property in said highways, streets and alleys. All work performed by said Grantee in said highways, streets and alleys shall be done so as not to interfere with the use thereof, and when completed, the same shall be left

in as good condition as when work was commenced. The Grantee shall have the right to trim trees if necessary in the conducting of such business, subject, however, to the supervision of the highway authorities.

SECTION 18. Said Grantee shall at all times keep and save the Township free and harmless from all loss, costs and expense to which it may be subject by reason of the negligent construction and maintenance of the structures hereby authorized. In case any action is commenced against the Township on account of the permission herein granted, said Grantee shall, upon notice, defend the Township and save it free and harmless from all loss, cost and damage arising out of such negligent construction and maintenance.

SECTION 19. Said Grantee shall be entitled to charge the inhabitants of said Township for electric energy furnished therein, the rates, including minimum charges, as approved by the Michigan Public Service Commission, to which Commission or its successors authority and jurisdiction to fix and regulate electric rates and rules regulating such service in said Township, are hereby granted for the term of this franchise. Such rates and rules shall be subject to review and change at any time upon petition therefor being made by either said Township, acting by its Township Board, or by said Grantee.

SECTION 20. The rights, power and authority herein granted, are not exclusive.

SECTION 21. This Ordinance shall cease and be of no effect after thirty days from its adoption, unless within said period the Grantee shall accept the same in writing filed with the Township Clerk, subject to confirmation of the grant hereof by at least a majority of the electors of said Township voting thereon at a regular or special township election to be held in the manner provided by law. ## Needlecraft News by Nancy Baxter

**H**OW ABOUT MAKING A PRESENT for the youngster in your family? A new article of clothing is always something to get excited about, and every child likes to show off his new things to his friends. The colorful vest that I have for you today would be a delight for any child to own.

### INDOORS OR OUTDOORS

A vest is really the most practical article of clothing for a child, especially with cooler weather coming along. A big advantage is that it's so easy to get in and out of. Also, it can be worn all by itself, either indoors or outdoors; and when the weather gets really cold, it's perfect for wearing under a winter coat. Contrasting colors such as scarlet and white, or a dark blue with a light blue, would be both appealing and flattering to a child. You might want to encourage her fashion education by letting her select her own colors from the many shades that are available

in the stores. This vest is knitted in a very simple stockinette stitch, which goes very quickly for both the newest beginner as well as for the more experienced knitter.

### CUSTOM MADE

Knowing that her vest has been made at home especially for her will certainly add to any child's enjoyment and pride in her clothes. Instructions are available for sizes 6 to 12. To obtain these free instructions, simply send a self-addressed, stamped envelope to the Needlework Editor of this newspaper along with your request for Leaflet PK 1857.

**T**HIS SLEEPY LOOKING BEATNIK BOY DOLL LOOKS so relaxed at the moment that it's hard to believe that he can be so very active when he's awake — just sit him up properly and see how quickly he becomes part of the swinging crowd!

### NO BEATLE HAIRCUT

He doesn't sport a Beatle haircut, just a shaggy mop on top of his head, in true Beatnik style. Just notice his beard — isn't it the final touch? It's hard to tell how colorful he is in this black and white photograph, but he's made with almost all of the colors of the rainbow — black, bluish pink, coral, white and periwinkle, not to mention the scraps of pink, white, red, and blue felt that you use for his face. His shoes are made of grey felt using the pattern that is part of the instruction leaflet. "Beatnik Boy" is certainly a riot of color. Using a simple knit and purl stitch, the variety from row to row is sure to hold your interest throughout. Since this doll will appeal to teenagers, why not encourage them to make their own? The flexibility of the doll adds to his charm; you can prop him up any place and let him start the conversation.

### A PERFECT GIFT

The holiday season will be here before you know it, and this doll has all the characteristics of a perfect gift. It's also ideal for a booth at your local bazaar. Free instructions are available by sending a self-addressed, stamped envelope to the Needlework Editor of this newspaper along with your request for Leaflet PK 2374.

Convert now to Gas heat and Michigan Consolidated Gas Company will buy your unused oil or coal—even remove your oil tank—all at no cost to you. What's more, whether you convert your present furnace, or even install a new Gas furnace, we'll pay the bill. And all you pay us, between now and next July, is for the Gas you'll use to make this your most comfortable winter ever. Here's how this special limited-time offer works:

- If you're now heating with oil, we'll buy what's left in your storage tank—at the price you paid for it. What's more, we'll remove your tank from your home or business and even haul it away if you want. All at no cost to you.
- If you're now heating with coal, we'll take what coal you have on hand, off your hands. And pay you whatever it cost you originally.
- Whether you convert your present furnace, or even install a new Gas furnace, we'll pay for it and its installation by a qualified heating contractor, and it won't cost you a penny until next July. You can pay for the unit and its installation on July 1, 1966 with no carrying charge whatsoever. Or if you prefer you can

make equal monthly payments including carrying charges on your Gas bill over a period of up to three years after July 1, 1966. Either way, there are no carrying charges between now and next July, and you need make no payments between now and next July. If you live in the areas we serve in the counties listed below, you're entitled to take advantage of this special limited-time offer. So act now. Call your heating contractor or Michigan Consolidated Gas Company office today for details. Your local Michigan Consolidated office number is 362-4458 in Tawas.

## Pumpkin-ways

Pumpkin pie is as much a part of the American Thanksgiving dinner as the turkey itself. It has become one of the most traditional holiday pies—and rightly so. "Pompions," as they were called by the Indians, were grown by many native tribes. They were found by the Pilgrims when they landed at Plymouth Rock.

A recipe book called *AMERICAN COOKERY* by Amelia Simmons published in 1796 carried the first printed copy of a pumpkin pie recipe. Today every American cookbook boasts of at least one pumpkin pie recipe—often many more. For this Farm and Home Food Fashion Fair section we have selected some of the best—plus a host of other ways to use this versatile vegetable.

### PUMPKIN DESSERT BREAD

3 cups flour	2 cups pumpkin
1 teaspoon baking soda	4 eggs, beaten
1 teaspoon salt	1 1/4 cups cooking oil
3 teaspoons cinnamon	1/2 cup California walnuts, chopped
2 cups sugar	

Sift together flour, baking soda, salt and cinnamon. Place in large mixing bowl. Make a well in the center and add sugar, pumpkin, beaten eggs, cooking oil and chopped California walnuts. Stir carefully, just enough to dampen all the dry ingredients. Pour into 2 loaf pans, 9 1/2 x 5 1/2 x 2 1/2 inches each. Bake at 350°F. for 1 hour.

### PUMPKIN SOUP

Cut half a small pumpkin into wedges, remove seeds and outer skin. Chop pulp into pieces and cook in boiling, salted water until tender when tested with a fork. Drain and work through a sieve. Combine 2 cups pumpkin puree with 3 tablespoons margarine, 1 teaspoon sugar, 1 teaspoon salt and 3/4 teaspoon pepper. Cook over low heat about 10 minutes. Stir in 3 cups hot milk, a little at a time, and simmer gently for several minutes. Serve with croutons. Serves 4.

### PUMPKIN RING

1 3-pound pumpkin	1/4 cup fresh bread crumbs
1/4 cup margarine, melted	1 tablespoon grated onion
1/4 cup milk	1/2 teaspoon salt
3 eggs, well beaten	1/2 teaspoon pepper

Cut pumpkin into halves. Remove the seeds, stringy portion and outside shell. Cut into small pieces. Cover with boiling water and cook until tender, about 20 minutes. Drain and mash thoroughly, or put through a coarse sieve or food mill. Add remaining ingredients to the pumpkin and mix well. Pack the mixture into a greased 1-quart ring mold. Set the mold in a pan of hot water and bake in 350°F. oven until firm, about 45 minutes. Turn out on a serving dish and fill the center with buttered peas, tiny whole onions or creamed mushrooms. Makes 8 servings.

### PEACE PIPE PIE

1 10-inch pie shell, baked and cooled	1/4 teaspoon cloves
1 pint vanilla ice cream	1/4 teaspoon ginger
1 1/2 cups sugar—part or all brown, well packed	1/4 teaspoon nutmeg
1 No. 303 can (2 cups) pumpkin	1 cup whipping cream, beaten stiff
1/2 teaspoon salt	1/2 cup whipping cream, whipped for garnish
1 teaspoon cinnamon	Candied Walnuts**
1 teaspoon vanilla	

Spread vanilla ice cream into baked pie shell. Place in freezer. Meanwhile, mix together sugar, pumpkin, salt, cinnamon, vanilla, cloves, ginger and nutmeg; blend thoroughly. Fold in 1 cup whipping cream, beaten stiff. Spread over ice cream in pie shell. Cover with foil, freeze. At serving time whip 1/2 cup cream to garnish border of pie. Top with Candied Walnuts\*\*.

\*\*To make Candied Walnuts: Boil together, stirring often, 1/2 cup sugar, 1/4 teaspoon salt, 4 teaspoons honey and 3 tablespoons water to 242°F. (firm-soft-ball stage). Remove from heat, add 1/4 teaspoon vanilla and 1 cup California walnuts. Stir until creamy. Turn out on waxed paper; separate walnuts.

### SPICY PUMPKIN CAKE

1/2 cup margarine	1/4 teaspoon cloves
1 cup sugar	1 teaspoon cinnamon
1 egg	1/2 teaspoon baking soda
3/4 cup chopped California walnuts	1/2 teaspoon salt
2 3/4 cup flour	1/2 cup milk
1/2 teaspoon nutmeg	1 cup cooked pumpkin
	Creamy White Frosting**

In mixing bowl cream margarine and sugar; add egg and beat until light and fluffy. Stir in California walnuts. Sift together flour, nutmeg, cloves, cinnamon, baking soda and salt. Add a third of the dry ingredients to creamed mixture; mix well. Stir in milk. Add remaining dry ingredients alternately with pumpkin. Pour into greased and floured 9 1/2 x 5 1/2 x 2 1/2-inch pan. Bake at 350°F. for 50 to 60 minutes. Cool 10 minutes; turn out on cake rack. When completely cool frost with Creamy White Frosting\*\*. If desired, garnish top with additional chopped walnuts.

### \*\*Creamy White Frosting:

1/4 cup margarine	2 tablespoons milk
2 cups Confectioners' sugar, sifted	1/4 teaspoon vanilla

In mixing bowl cream margarine; blend in half of confectioners' sugar. Mix in milk and vanilla; add remaining confectioners' sugar and beat until smooth.

### "FROST-ON-THE-PUMPKIN" GOODIES

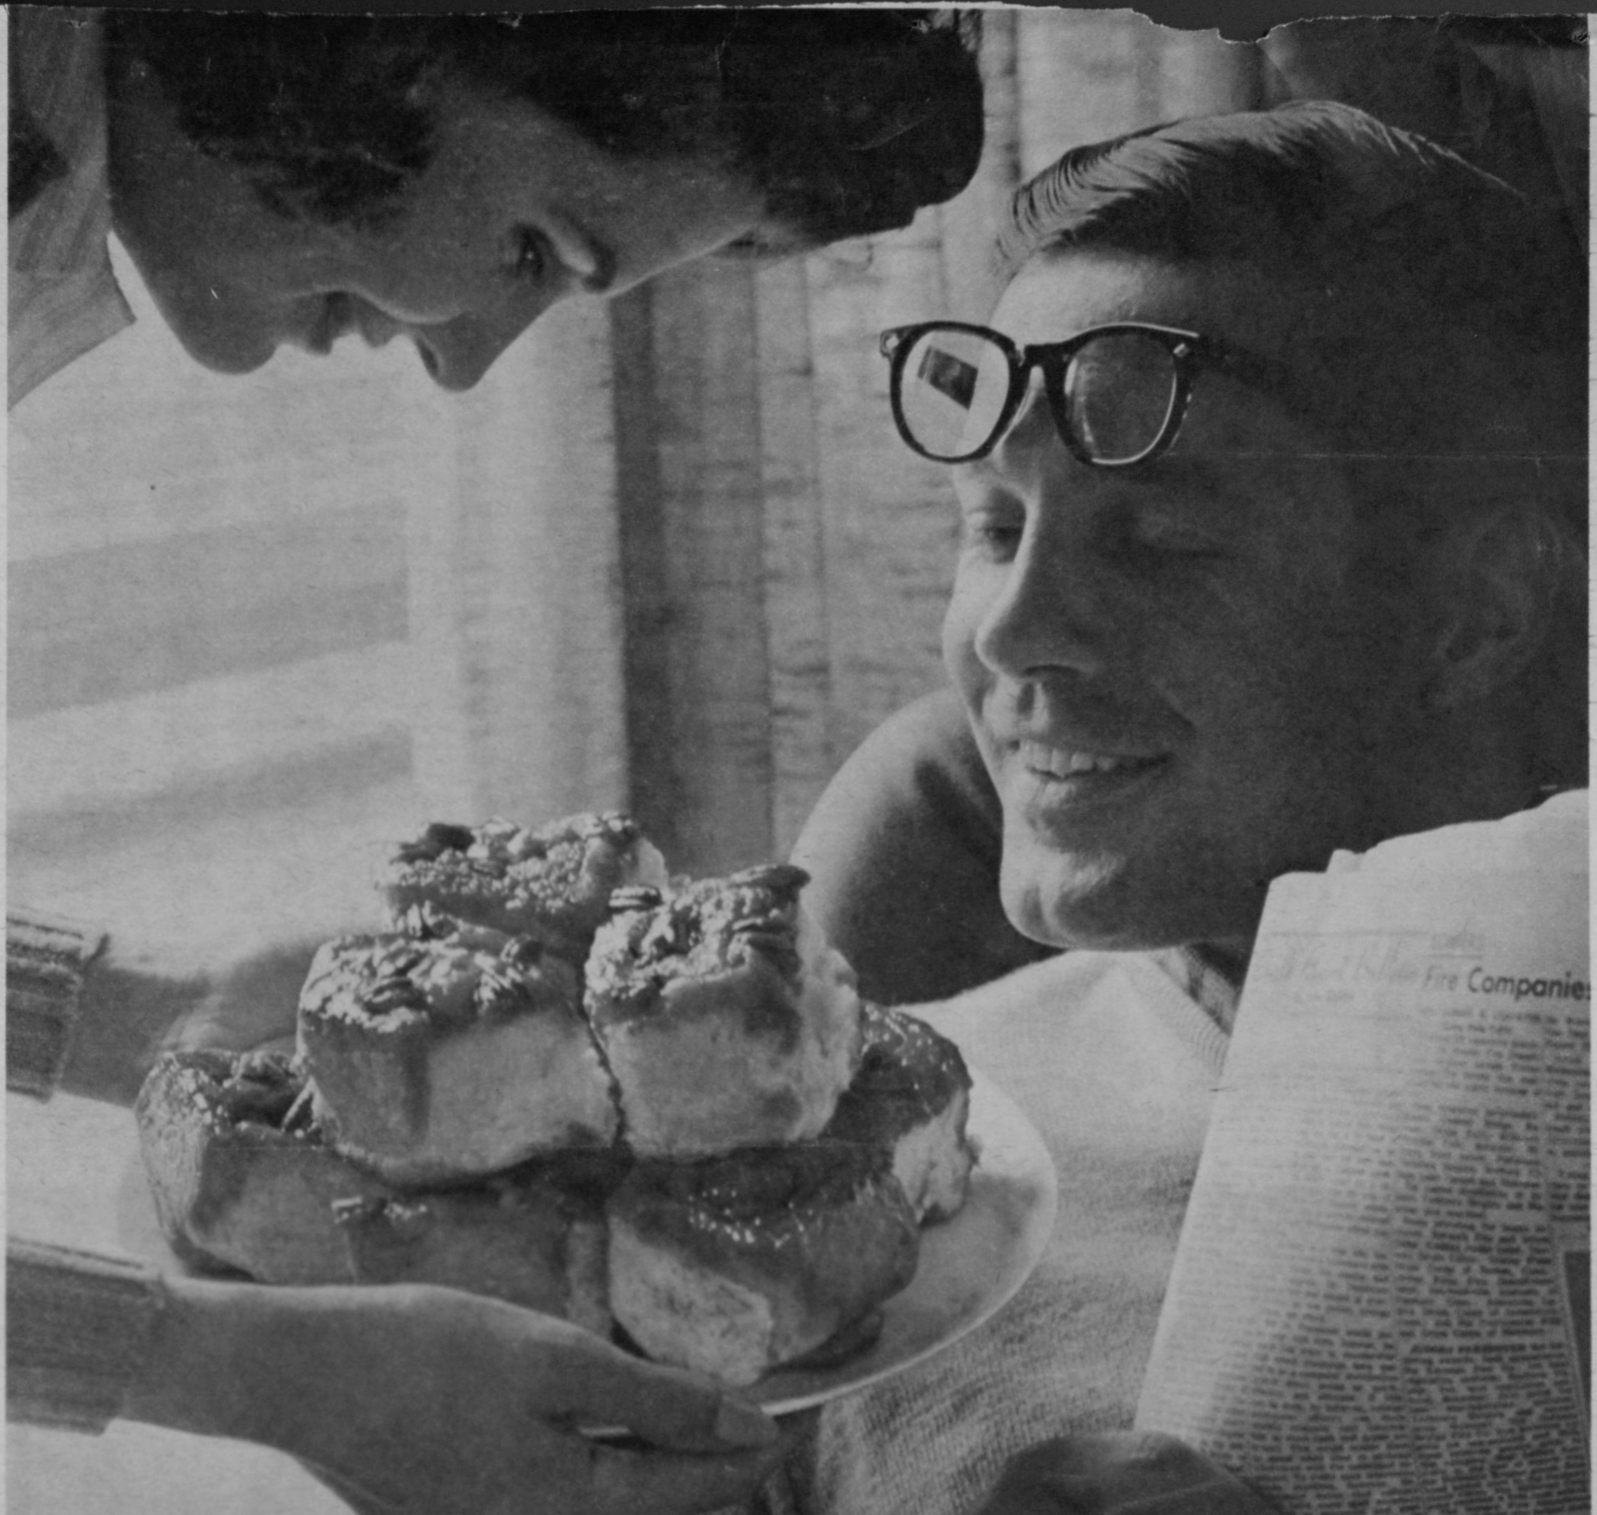

1 1/4 cups flour	1 teaspoon cinnamon
1 1/2 teaspoons salt	1/2 teaspoon nutmeg
1 teaspoon baking powder	1 egg
1/4 teaspoon baking soda	1 cup canned, drained pumpkin
3/4 cup rolled oats	1 6-ounce package (1 cup) semi-sweet chocolate morsels
3/4 cup granulated sugar	1 cup raisins
1/2 cup firmly-packed brown sugar	1 cup chopped California walnuts
1/2 cup shortening	

Sift together flour, salt, baking powder and baking soda. Mix in rolled oats; set aside. Combine granulated sugar, brown sugar, shortening, cinnamon and nutmeg; blend well. Beat in egg. Gradually mix in flour-rolled oats mixture alternately with drained pumpkin. Stir in semi-sweet chocolate morsels, raisins and walnuts. Drop by rounded tablespoonfuls on lightly greased baking sheet. Bake at 375°F. for 12 to 14 minutes. Makes 3 dozen cookies.

### PUMPKIN CHIFFON PIE

1 baked 9-inch pastry shell	1/2 cup firmly-packed brown sugar
2 envelopes unflavored gelatin	1 teaspoon cinnamon
1/2 cup cold water	1/2 teaspoon salt
1 1/2 cups mashed cooked pumpkin	1/2 teaspoon ginger
3 egg yolks, slightly beaten	1/4 teaspoon clove
1 1/2 cups undiluted evaporated milk	3 egg whites
1/2 cup all purpose syrup	1/2 cup all purpose syrup

Sprinkle gelatin over cold water to soften. Combine pumpkin, egg yolks, evaporated milk, 1/2 cup all purpose syrup, brown sugar, cinnamon, salt, ginger and clove in saucepan. Cook over low heat, stirring constantly, until mixture is slightly thickened. Add gelatin; stir until completely dissolved. Chill until mixture mounds when dropped from spoon. Meanwhile, beat egg whites to stiff peaks. Gradually beat in 1/2 cup all purpose syrup. Fold into chilled pumpkin mixture. Chill until mixture mounds when dropped from spoon, about 1/2 hour. Pile into baked pastry shell. Chill until set. Makes 8 servings.

**BROWN SUGAR 'N RAISIN FILLING**  
 melted Fleischmann's Margarine  
 ½ cup firmly packed dark brown sugar  
 ¼ cup raisins

**STEP 1**—Scald milk; stir in sugar, salt and ½ cup Fleischmann's Margarine. Cool to lukewarm. Dissolve Fleischmann's Yeast in warm water in large warm bowl. Stir in lukewarm milk mixture, egg, half the flour. Beat until smooth. Stir in rest of flour to make a stiff batter. Cover tightly with aluminum foil. Refrigerate at least 2 hours (or up to 3 days).

**STEP 2**—When ready to shape dough, prepare Butterscotch Topping. In pan combine light corn syrup, water and 2 tablespoons Fleischmann's Margarine; bring to a boil over medium heat, stirring constantly. Remove from heat; add the butterscotch bits and stir until melted. Spread butterscotch mixture over bottom

of two ungreased 8 x 8 x 2-inch pans; sprinkle with chopped Planters Pecans.

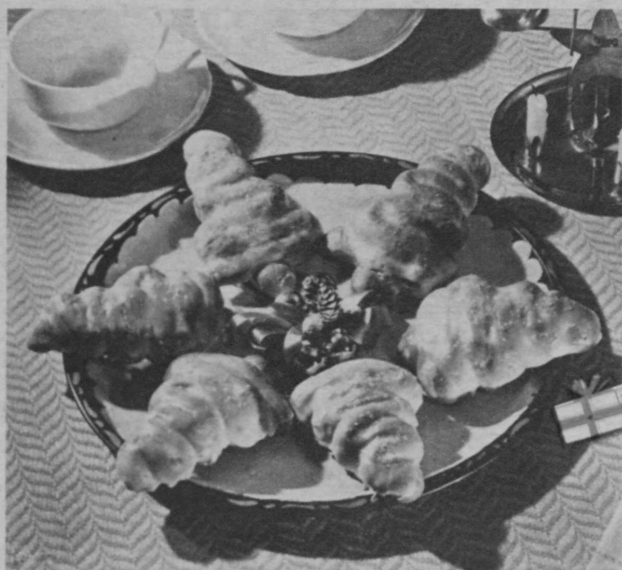

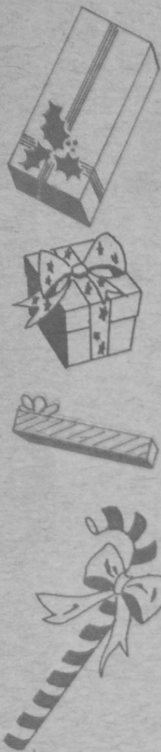

**STEP 3**—Divide dough in half. On lightly floured board, roll each half into a 9 x 12-inch rectangle. Brush each rectangle with melted margarine and sprinkle with half the brown sugar and raisins. Roll each rectangle up tightly from 9-inch side as for jelly roll. Seal edges.

**STEP 4**—Cut each roll into nine 1-inch slices; place, cut side up, over butterscotch mixture in pans. Cover; let rise in warm draft-free place until doubled, about 1 hour. Bake in 350°F. oven 30 to 35 minutes, or until done. Makes 18 butterscotch buns.

## Morning Coffee

This is the time to invite neighbors and friends in for an informal morning coffee. Homes are taking on that festive holiday air and yet you can catch your friends before they are swamped with social invitations.

Your morning menu can be as simple as coffee and Cranberry Nut Bread. Or you can make it a bit more elaborate by adding fruit or juice and serving a variety of yeast rolls or coffee cakes. Either way is certain to win praise from the gals who take a break in their holiday preparations to sit and chat a bit.

### CRANBERRY NUT BREAD

(A "no-sift" recipe)

2 cups flour*	1/2 cup warm water
1 cup sugar	1/4 cup orange juice
1 1/2 teaspoons baking powder*	1 egg
1 teaspoon salt*	2 tablespoons grated orange rind
1/2 teaspoon soda	1 cup raw cranberries, halved
2 tablespoons shortening	1 cup chopped California walnuts

Spoon or pour flour into dry measuring cup. Level off and pour measured flour into mixing bowl. Add sugar, baking powder, salt and soda to flour. Stir well to blend. Cut in shortening with pastry blender until mixture resembles coarse meal. Combine water, orange juice, egg and orange rind in small bowl. Beat slightly. Add liquid ingredients to blended dry ingredients all at once. Stir until all ingredients are moistened. Stir in cranberries and walnuts. Blend thoroughly. Spread in well-greased 9 x 5 x 3-inch loaf pan. Bake at 325°F. for 60 to 65 minutes or until toothpick inserted in center comes out clean. Remove from pan immediately. Cool on rack.

\*If you use Self-Rising Flour omit baking powder and salt.

## Karo Lace Cookies... for holiday giving and eating!

1 cup sifted flour • 1 cup chopped flaked coconut or nuts • 1/2 cup Karo Crystal-Clear Syrup (light corn syrup) • 1/2 cup firmly packed brown sugar • 1/2 cup margarine • 1 tsp. vanilla  
Mix flour and coconut. Combine Karo, brown sugar and margarine in heavy saucepan. Bring to boil over medium heat, stirring constantly. Remove from heat; gradually blend in flour mixture, then vanilla. Drop onto foil-covered cookie sheet by scant teaspoonfuls, 3 inches apart. Bake in 350° oven 8 to 10 min. Cool 3 to 4 min. on wire rack until foil may be easily peeled off. Remove foil; place cookies on rack covered with absorbent paper. Makes about 4 doz. cookies.

Surely the most festive Christmas cookies ever—and deliciously easy to make with Karo! These Karo cookies are so lacy and elegant, you can serve them to company, give them as gifts, hang them on the tree. And they're so crisp and crunchy the kids will love them, too. Karo Syrup adds appealing new flavor, appetizing new texture to all kinds of food—meats, vegetables, sauces, desserts. Karo is available in pint and quart bottles; in 5 and 10 lb. cans.

*The new way to cook is with Karo!*

### CHRISTMAS BUNS

- |  |   |
|--|---|
| 3/8 cup milk   | 3 tablespoons sugar                                 |
| 1/2 cup sugar  | 3 packages or cakes yeast, active dry or compressed |
| 1 1/4 teaspoons salt   | 3 eggs, beaten                                      |
| 6 tablespoons shortening                                     | 1 cup chopped candied fruits                        |
| 3/8 cup warm, not hot, water (lukewarm for compressed yeast) | 6 cups flour  |

Scald milk and stir in 1/2 cup sugar, salt and shortening. Cool to lukewarm. Measure water and 3 tablespoons sugar into mixing bowl. Sprinkle or crumble in yeast. Stir until dissolved. Combine milk and yeast mixture. Add eggs. Mix candied fruit with half the flour. Add and stir into yeast mixture. Stir in remaining flour, or enough to make a dough. Turn out on lightly floured board and knead 8 to 10 minutes or until surface is smooth and satiny and dough feels springy and elastic and does not stick to board. Put dough into greased bowl and brush top lightly with soft or melted shortening. Cover with cloth; let rise in warm place, free from draft, until doubled in bulk, about 1 1/2 hours. Punch down, pull sides into center, turn out on board. Shape into very even ropes 3/8 inch thick and about 14 inches long. Shape each rope into a tree on greased cookie sheets. Start with a 2 1/2-inch base and wind rope back and forth getting smaller and smaller until the 14 inch rope is used up and the tree is formed. Attach a piece of dough to form trunk. Cover with cloth and let rise in a warm place, free from draft, until doubled in bulk. Bake at 425°F. about 20 minutes or until lightly brown. While warm, brush with Confectioners' Sugar Frosting, sprinkle with green or red sugar crystals; or tint Confectioners' Sugar Frosting with green food coloring, then frost buns.

**Confectioners' Sugar Frosting:** Mix 1/2 cup sifted confectioners' sugar with 1/2 teaspoon vanilla and enough beaten egg white to make soft spreading consistency.

### NUT TARTS

- |                              |   |
|------------------------------|---|
| 1 cup milk                   | 1 package or cake yeast, active dry or compressed |
| 4 cups flour                 | 1/4 cup warm water                                |
| 1/4 cup sugar                | 2 eggs, beaten                                    |
| 1 teaspoon salt              | Light cream                                       |
| 1 teaspoon grated lemon rind | Confectioners' sugar icing                        |
| 1 cup (2 sticks) margarine   |   |

Scald milk; cool to lukewarm. In large bowl combine flour, sugar, salt and lemon rind. Cut margarine into flour mixture until like coarse meal. Sprinkle or crumble yeast into warm water. Stir until dissolved. To flour mixture, add yeast, lukewarm milk and beaten eggs. Combine lightly. Cover tightly; refrigerate for at least 2 hours or up to 2 days.

Divide dough in half (dough will be soft and sticky). On a well-floured board roll half the dough to 1/8-inch thickness. Using both a 5-inch and a 3-inch cookie cutter, cut equal number of circles. Place 5-inch circles in greased tart shells. Spoon about 2 1/2 tablespoons of the cooled Nut Filling (below) into each tart. If desired, leave part of the tarts uncovered. With remaining tarts place 3-inch circles over filling. Press edges together. Prick surfaces and brush with cream. Repeat with remaining dough. Bake in 400°F. oven for 10 to 15 minutes. Remove from tart shells and cool. Frost with Confectioners' sugar frosting.

**Nut Filling:** In a saucepan boil 1 cup water and 1 cup sugar until thickened, about 15 minutes. Stir in 4 cups chopped California walnuts, 4 egg yolks and 1 teaspoon cinnamon. Bring to a boil again and let cool.

### VIENNESE COFFEE

Measure 2 level tablespoons coffee for each 3/4 cup water in coffeemaker. Brew according to directions. Pour into cups. Top each with generous spoonful of unsweetened whipped cream and sprinkling of grated orange rind. Serve sugar for those who wish a sweetened coffee. Offer cinnamon stick stirrers.

## Dazzling Desserts

The Holiday Season is the time for spectacular desserts. On this page you will find desserts that we think are very special. There are pies that make fancy holiday eating . . . pretty puddings dressed in color . . . and luscious cakes with a frosty touch. If you're looking for a dessert to serve for dinner or for a buffet party—or for something to serve in the afternoon, you will find a taste-tempting recipe here. All are easy to make and all are sure to bring cheers from your family and guests.

### HOLIDAY PARTY WREATH

3 cups commercially prepared eggnog  
1 can (1 lb. 14 oz.) fruit cocktail  
2 envelopes plain gelatin  
½ cup cold water

1 cup whipping cream  
2 to 4 tablespoons rum or brandy (optional)  
1½ teaspoons vanilla

Allow eggnog to stand at room temperature. Drain 1 cup fruit cocktail. Arrange fruit in bottom of 9-inch ring mold. Soften gelatin in cold water; dissolve over hot water. Stir gradually into eggnog. Chill until mixture will mound on spoon. Whip cream with 2 tablespoons rum or brandy and vanilla. Fold into eggnog mixture and spoon into mold. Chill until set, about 4 hours or overnight. Chill remaining fruit cocktail, adding 2 tablespoons rum, if desired. Turn mold out onto serving plate and serve with remaining fruit cocktail. Makes 6 to 8 servings.

### SNOW PEAK FROSTING

2 egg whites  
½ cup light corn syrup  
½ cup sugar  
¼ teaspoon salt

1 teaspoon vanilla  
2 cups miniature marshmallows  
2 8-inch chocolate cake layers

Beat egg whites, corn syrup, sugar and salt in top of double boiler set over rapidly boiling water, with rotary beater or electric mixer until frosting stands in firm peaks. This should take from 3 to 4 minutes. Remove from heat, beat in vanilla and beat 1 minute longer. Fold in marshmallows. Fill and frost cake layers.

### HEAVENLY HASH

2 cups cold cooked rice  
2 cups miniature marshmallows  
1½ cups (13½-ounce can) drained pineapple tidbits  
¼ cup California walnuts, halved

½ cup heavy cream  
¼ cup sugar  
1 teaspoon vanilla  
Maraschino cherries

Combine rice, marshmallows, pineapple and walnuts. Whip cream, gradually adding sugar and vanilla. Fold into rice mixture; chill. Garnish with cherries.

### WALNUT PARTY TORTE

6 eggs, separated  
½ cup granulated sugar  
1 tablespoon instant coffee dissolved in 3 tablespoons cold water  
1 cup ground California walnuts  
2 tablespoons graham cracker crumbs

2 tablespoons flour  
2 teaspoons baking powder  
¼ teaspoon salt  
½ teaspoon vanilla  
2 tablespoons granulated sugar  
Chocolate Filling\*

Beat egg yolks until smooth and lemon colored; beat in the ½ cup sugar gradually, then beat for 5 minutes. Beat in coffee. Stir in ground walnuts, crumbs, flour, baking powder, salt and vanilla. Beat egg whites until stiff. Beat in the two tablespoons sugar and fold into yolk mixture. Turn into three 9-inch pans, greased and floured. Bake at 300°F. for 30 minutes, or until top springs back. Turn out and cool.

#### \*Chocolate Filling:

1 6-ounce package (1 cup) semi-sweet chocolate morsels  
2 cups rich milk  
2 teaspoons instant coffee  
2 eggs

2 tablespoons cornstarch  
2 tablespoons cold water  
½ teaspoon vanilla  
½ cup whipping cream, whipped

Melt chocolate morsels in milk, along with instant coffee, in top of double boiler. Beat eggs and mix in cornstarch dissolved in cold water; stir in part of the chocolate milk. Return to double boiler and cook until thickened. Stir in vanilla. Cool. Spread filling between layers and frost top with whipped cream sweetened to taste. Makes 10 to 12 servings.

### BUTTERSCOTCH SUNDAE SAUCE

1 cup sugar  
1 cup all purpose corn syrup  
1 cup heavy cream

¼ cup margarine  
Dash salt

Combine all ingredients in saucepan. Bring to boil over medium heat, stirring constantly. Simmer 20 minutes, stirring frequently. Serve warm over ice cream. Makes about 2 cups.

### CHRISTMAS PUDDING

¼ cup margarine  
½ cup sugar  
1 egg  
½ cup milk  
1 teaspoon allspice  
1 teaspoon cinnamon  
½ teaspoon salt

2½ cups zwieback crumbs, finely rolled (about 22 slices)  
1½ cups chopped apple  
1 cup chopped dates  
1 8-ounce jar fruits and peels  
½ cup chopped California walnuts  
Hard Sauce\*

Cream together margarine and sugar. Add egg and beat. Stir in remaining ingredients. Turn into greased 1½-quart mold. Cover with waxed paper; then cover tightly with aluminum foil. Steam 4 hours. Serve hot with Hard Sauce\*.

\*Hard Sauce: (Can be made ahead and stored in refrigerator.)

½ cup margarine  
1½ cups confectioners' sugar, sifted

¼ teaspoon rum flavoring

Cream margarine until soft. Blend in sugar and rum flavoring. Cut a paper pattern in the shape of a holly leaf. Pat or roll hard sauce ¼ inch thick. Cut out holly leaves. Use toothpick dipped in green food coloring to make veins in leaves. Press red cinnamon candies into ends for holly berries. Arrange around pudding just before serving.

### FUDGE SUNDAE PIE

1 cup evaporated milk  
1 6-ounce package (1 cup) semi-sweet chocolate morsels  
1 cup miniature marshmallows

¼ teaspoon salt  
Vanilla wafers  
1 quart vanilla ice cream  
California walnut halves

Combine milk, chocolate, marshmallows, and salt. Stir over medium heat until marshmallows and chocolate melt and mixture thickens; cool. Line bottom and sides of a 9-inch pie tin (or two 1-quart refrigerator trays) with vanilla wafers. Fill with half of ice cream; cover with half the chocolate sauce. Repeat layers; garnish with walnuts. Freeze.

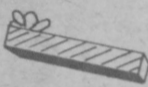

### EGGNOG CHIFFON PIE

2 envelopes unflavored gelatin  
4 cups bottled eggnog  
¼ cup sugar  
1 cup heavy cream, whipped

¼ teaspoon nutmeg, optional  
4 teaspoons rum flavoring, optional  
1 10-inch baked pie shell

Soften gelatin in 1 cup of the cold eggnog in top of double boiler. Place over boiling water. Add sugar and stir until gelatin and sugar are dissolved. Add remaining eggnog. If additional flavoring is desired, add nutmeg and flavoring. Chill until the consistency of unbeaten egg white. Whip gelatin mixture until light and fluffy; fold into whipped cream. Turn into pie shell; chill until firm. Garnish with additional whipped cream, shaved chocolate, chopped maraschino cherries, orange peel and citron.

Note: To make Nesselrode Pie, fold in ½ cup chopped maraschino cherries and ½ cup chopped California walnuts just before turning into pie shell.

## "Healthy" serving

Contains Terramycin® plus 50% more vitamins to  
keep cattle healthy through the worst winter weather

Even for hardy cattle in their winter coats, sub-zero cold and blizzards are stresses.

And winter stresses set up a chain reaction in cattle that costs you money.

Their resistance goes down.

Disease level and germ count go up. Performance and profits go down.

Now, short of opening an Arizona feedlot, you can't prevent winter stresses. But you can prevent stresses from lowering cattle's resistance.

Just do this: Keep a close eye on the weather report. When cold is predicted, serve up Terramycin A/D Fortified Crumbles to your beef or dairy animals immediately.

Terramycin keeps cattle's ability to resist disease at a

high level... even though their natural resistance may be down due to stress.

And Terramycin Crumbles has 50% more vitamins A and D than the other crumbles.

That's important, because cattle don't get nearly the "A" from winter hay that they get from summer pasture.

And cattle, like the rest of us, depend on the sun for vitamin D. And there's not much sun in the winter.

Try stoking up your herd's stress resistance with Terramycin® A/D Fortified Crumbles. You'll soon be hot for this cold weather idea.

Getting a fair share of 1965's billion-dollar soybean crop has caused many corn growers to review their crop rotation practices. Production of this "orphan crop" has, in the past few years, assumed the status of the number-one cash crop in a great many counties in midwestern and delta states.

One example of a corn and soybean rotation program which gives a good indication of its profit potential exists on the farm of Cliff and Binks Saathoff, Rembrandt, Iowa. Farming since they were boys, the Saathoff brothers now work 900 acres of rich Webster soil north of Storm Lake.

Basically corn men, the Saathoffs planted 185-200 acres of land to soybeans in 1965 and tested some new ideas regarding minimum tillage, narrow row planting and chemical weed control. A limited test planting in 1964 convinced the brothers that there are definite advantages to being "two-crop" farmers.

The Saathoff brothers are not typical Iowa farmers. They are what marketing men would call "innovators" or "early adopters." Farming land valued at well over \$400 per acre, they welcome the challenge of making a good farm great and they use every means and method available to them.

They are also diversified farmers, turning over an average of about 750 head of feeder cattle each year in modern confined feeding quarters and farrowing about 300 hogs "... to clean up after the cattle," as Binks Saathoff says. Thus, the brothers employ every available natural means of production and, mechanically, they make use of 15 motor-driven tractors, trucks, cars and other machinery—every device that they can prove will help harvest profitable yields.

Weighing scales and records also play an important part in the brothers' operation as they carefully measure all the farm's production so they can accurately calculate exactly which management practices increase yields and at what cost. Even Cliff's daughter, Shirley, has a frankly business-like approach toward farming. Acting as secretary-treasurer of the Scott Township Sodbusters chapter of 4-H, she has become involved with keeping records and showing light horses. Like her father, she believes that good management and record keeping elevates farming to the status of business. "And quite a profitable enterprise, too," she claims.

Increasing their acreage for soybean production is just one of the innovations planned by the Saathoffs but it offers a good example of the business reasoning they apply to all aspects of their operation. "Things are changing so fast," says Cliff Saathoff, "you have to spend a lot of time reading just to keep track of what's going on and what other farmers are doing."

After reading an account about minimum tillage, the brothers are going to try an experiment. When they harvested soybeans in 1964, they chopped the straw in the field with a straw chopper attachment on the combine and then disked it in. This spring, they disked again without plowing and planted 10 test acres of corn on soybeans and another 10 acres soybeans on soybeans. For weed control, they used a broadcast application of Amiben pre-emergence herbicide, the chemical they banded over soybean rows in 1964. In this test, they harvested two extra bushels of beans by eliminating broad-leaf weeds and grasses growing directly in the crop row — 9 more bushels per acre than some neighboring growers.

Undecided about narrow row planting, they are still considering the possibility of going to 30-inch rows, at least in a test plot. A 40-inch corn planter was used to drill in beans in the past. "While this allows for cultivation," they say, "broadcast Amiben should eliminate the need. Also, if it's too wet to get in to cultivate, you've got something working for you. Chemicals are good crop insurance. It's one of the innovations we've tried that we're going to keep using."

Considering the possibility of going to 30-inch rows, Cliff (left) and Binks Saathoff survey a test plot after planting. This year they plan to disc without plowing, testing whether minimum tillage will conserve moisture.

Heavy with pods and clear of weeds, the Saathoff Brothers harvested 37 bushels of soybeans per acre. This year they planted 200-250 acres to soybeans, testing broadcast application of Amiben pre-emergence herbicide on 10 acres and applying banding treatments to the remainder.

Binks (left) and Cliff Saathoff preparing a tank of chemical pre-emergence herbicide/spray for banding over Soybean rows. By eliminating broadleaf weeds and grasses growing in the crop row, the brothers harvested two extra bushel per acre over yield from plots which were only cultivated.

Three years ago, DeKalb introduced its now famous family of XL *Breakthru* hybrids. This new generation of single cross and 3-way hybrids came from a remarkable *Breakthru* in research and breeding, and produced a corresponding *Breakthru* in performance and yield under the stresses of thicker planting, additional fertilizer and continuous corn. The most demanding research methods selected inbreds capable of transmitting the ability to fight disease and insects and add bushels at higher populations. Out of this program came the DeKalb XL Hybrids—the elite, tough hybrids that are today the "Buy-word" in seed corn and performance on Corn Belt farms.
