

TA Swamped, 29-0, Friday By Alpena CC

Tawas Area Braves went down to defeat for the second week in a row and key injuries are proving costly to the already undermanned squad of Coach Ernie Mousseau.

After a delay of more than one hour Friday night while Alpena Power Company linemen were making emergency repairs to a transformer at that community's lighted athletic field, Alpena Catholic Central turned out the lights on Tawas, 29-0.

As it turned out, the game was

not too happy a homecoming for Coach Mousseau, who was a prep star at Alpena during his high school days. But, there will always be another night and another game.

Understrength to begin with, due to an injury to End Howard Rollin and Tackle Ken Tarnosky out with the flu, two Braves were sidelined. Fullback Randy Roach was taken to the hospital with a shoulder separation and Lineman Alan Lickfelt sustained an injured hand. Roach will miss this week's NBC opener at Standish-Sterling Central and will be out for two or three more games.

On the brighter side of the picture, coaches were happy about the defensive performances of Hugh Freel, Ray Powers, Ed Cain and Dick Grebe. Freel made 15 bruising tackles during the night, followed by Dan Phillips' eight tackles and six by Grebe.

Except for a spurt in the fourth

quarter, when Grebe cut loose with a good passing attack, Tawas just could not get an offense rolling. The Braves had a combined rushing and passing total of 121 yards, as compared to 187 yards for ACC. The Braves had six first downs, four of them in the final period, as compared to 10 for the winners.

Neither team could score in the first quarter although ACC threatened on several occasions. Early in the second period, Tawas had its back to the goal line and Grebe had to punt. The snap from center sailed over his head and Tawas recovered the ball in its own endzone, giving two points to ACC.

Freel punted a beautiful free kick on the next play, the ball sailing more than 40 yards in the air, but Halfback Ron Misiak made a 62-yard runback and Alpena had its first TD of the night. Halfback Ron Kendzierski ran the PAT.

The Alpena team had its best sustained drive of the game late in the second period. Starting on

Tawas Area's 45, ACC scored in 10 plays with Mike Collins hitting paydirt from one yard out.

Tawas again had trouble getting moving after taking the kick to open the second half. Tawas was forced to punt and ACC took five plays to score with Collins picking up six points on an off-tackle play. Stepaniak caught a pass for the PAT.

The final touchdown, came in the fourth quarter when Mischley went seven yards up the middle on a quarterback sneak. Collins scored the PAT.

Grebe completed seven of 18 passes during the night, most coming in the fourth quarter. ACC had seven passes and three completions. The winners intercepted two Tawas tosses. The Braves fumbled four times and ACC had three fumbles, two being recovered by Tawas.

Action starts in the NBC this Friday night when the Panthers of Standish-Sterling play host to the Braves.

Oscoda Only Iosco School To Show Win

Oscoda again emerged from last week-end's gridiron schedule as the only Iosco County school to register a win. The Owls chalked up their 12th victory in upsetting seventh-ranked St. Louis, 21-13; Hale Area Eagles were blanked by Mio, 27-0; Roscommon romped over Whittemore-Prescott Area, 33-0, and Tawas lost to Alpena Catholic Central, 29-0.

It was a non-Northern B Conference contest for Oscoda. Pete Bovan, Coleman Lane and Steve Hennigar were standouts for the Owls. The former scored from two yards out after a 65-yard march for a first period counter and crossed from the same stripe after running 50 yards to set up the second TD in that period. Harley Kelly booted the conversion.

After a scoreless second quar-

ter, Halfback Lane counted on an eight yard run set up by Hennigar's 53-yard dash. Kelley booted that conversion, too.

Bovan, who picked up 84 yards in 11 carries, played linebacker on defense and figured in 50 percent of the Owls' tackles. Lane had a 70-yard TD scamper called back because of an infraction.

The other three Iosco teams just could not push the ball into the endzone during the night. Mio's star halfback, Noland, scored three TDs in the afternoon at Hale. The Thunderbolts held a 6-0 lead at the end of the first period and then added another six for a 13-0 margin at halftime. The Thunderbolts scored two TDs in the third quarter and that was all the scoring.

Hale's Mike Bielby picked up 180 yards in 20 carries, but the Eagles had two threats stopped at the 20.

Scoring in every period, Roscommon had a 20-point performance from Quarterback Jim Cousineau, who also had a hand in two other touchdowns off pass plays. Cousineau opened scoring with a three-yard end run in the first period, then pitched 15 yards to

Halfback Hobby Ingelson for the second period tally.

Ingelson added a third counter after the half on a 10-yard end run and Cousineau ran for his second conversion. In the fourth quarter, the signal-caller again went around end from seven yards out and passed to Paul Edwards for the PAT.

Cousineau's third TD came in the fourth period after a 20-yard pass to Edwards set up the score on the W-P seven.

Roscommon, Harrison and Houghton Lake are tied for first place in the Northeastern Michigan Conference, each with one win. The Cardinals, Alcona and Beaverton each have had one loss.

Due to inclement weather, the planned boat trip was postponed until Wednesday, October 13. For transportation to Five Channel Dam, individuals will again meet at the community building, 9:00 a. m.

The male chorus presented several selections of songs of yesterday, refreshments were followed by a business meeting and the theme song, "God Bless America," was sung. The mural painting of East Tawas was an interesting feature and many members recalled events and places of the 1900 era.

Door prizes, given by the Evans Furniture Company, were won by Mrs. Lee Campbell and Fred LoPrete. Future prizes were donated by Mrs. Ray Ristow. The remainder of the afternoon cards were enjoyed.

Mrs. Magdaline Monticello, food chairman for the October 13 session, Sandwich, cup and spoon are to be supplied by those attending. Beverage will be furnished.

Senior Citizens River Boat Trip Postponed Until October 13

Gilbert Jones was appointed vice president of Tawas Senior Citizens Group at a meeting held Wednesday, September 22, at the East Tawas Community Building.

Newlyweds Reside at Flint Following Wedding Trip

MRS. KENNETH M. LIXEY

Kenneth M. Lixey and his bride, the former Mary Frances English of Mt. Pleasant, are residing at 1209 West Fourth Avenue, Flint, following their trip to Illinois and Wisconsin.

The daughter of Mr. and Mrs. Joseph R. English of Mt. Pleasant and the son of Mr. and Mrs. Marvin M. Lixey of East Tawas exchanged nuptial vows Saturday, September 18, at Sacred Heart Church, Mt. Pleasant.

Philip Kane sang the Latin High Mass.

For the noon, double ring rites read by Monsignor Edward N. Alt, the bride wore a floor length satin gown—styled with wristpoint sleeves and bell-shaped skirt. A matching pillbox crown held her silk illusion veil and she carried a cascade arrangement of chrysanthemums, yellow roses and ivy.

Approaching the altar in gowns of leaf green and gold, respectively, were Camille M. English, sister of the bride, maid of honor; Mrs. Gerald Grisdale of Cheboygan, sister of the bride, and Mrs. Andrew Basile of Detroit, bridesmaids. They carried nosegays of bronze chrysanthemums. Matching flowers were worn in their Grecian-style hairdos.

Julie English, niece of the bride, was flower girl in a frock styled identically to the senior attendants. Her flowers were bronze-colored chrysanthemums.

William A. DeLosh of Detroit was best man, assisted by James F. Lear and Arthur L. Schott of Flint. Seating guests were David B. Lixey, brother of the bridegroom, and James C. LaPorte of Detroit.

Mrs. English pinned a white rose corsage to the shoulder of her red knit suit with which she wore pink accessories. A blue-green brocade sheath was Mrs. Lixey's choice with corresponding accessories and a white rose corsage.

Following the ceremony, a reception was held at the Hotel Chiefton. Buffet dinner was served to 175 guests.

The bride attended Sacred Heart Academy, Mt. Pleasant; St. Luke's Hospital School of Medical Technology, Saginaw, and Central Michigan University, Mt. Pleasant, where she is an affiliate of Alpha Sigma Tau Sorority. Mr. Lixey is a graduate of Tawas Area High School and attended Central Michigan University. He is affiliated with Sigma Tau Gamma Fraternity.

The bride was honored with a miscellaneous shower given by

Begins Studies at Sullins College

Nannette C. White, daughter of Mr. and Mrs. Stuart H. White, East Tawas, has begun her studies as a freshman at Sullins College, Bristol, Virginia. Miss White is a graduate of Tawas Area High School where she was a member of the Language Club, Keyettes and band.

Sullins College, a two-year college for women, opened its 96th year with a capacity enrollment of 352 boarding students from 35 states and four foreign countries.

Slimnastics Club Starts Third Year

The Slimnastics Club will commence its third year of activities Saturday, October 2, 10:00 a. m., at Christ Episcopal Church parish hall, East Tawas. Mrs. Charles Lemon, instructor, invites all interested women to attend.

Engaged

Mr. and Mrs. William Clayton of Prescott announce the engagement of their daughter, Linda S., to Douglas H. Miller, son of Mr. and Mrs. Edwin Miller of Prescott. Both are graduates of Whittemore-Prescott High School. The future bridegroom is employed at Buick Motor Company, Flint. Wedding plans are indefinite.

Nuptial Vows Solemnized at St. Joseph Catholic Church

MR. AND MRS. JAMES G. CAMPBELL JR.

Miss Antoinette M. Gawel became Mrs. James G. Campbell Jr. in noon rites Saturday, September 25, at St. Joseph Catholic Church, East Tawas.

The Rev. Fr. Bela Torok performed the double ring ceremony for the daughter of Mr. and Mrs. Edward Gawel and the son of Mr. and Mrs. James G. Campbell Sr., all of East Tawas.

Given in marriage by her father, the bride appeared in a peau de soie gown fashioned with Ven-

ice lace-trimmed Empire bodice and bell sleeves. A detachable chapel length train graced the sheath skirt. A Dior bow secured her veil.

Wearing identically-styled floor length, crepe sheath dresses were Janet Gawel, maid of honor; Marcel Gawel, Mrs. Dennis Wegner and Maureen Campbell, bridesmaids. Matching hats and veils completed their attire.

Attending the bridegroom were Ernest Lixey, best man, with Patrick Campbell, Andrew Campbell and Dennis Lorenz, attendants. Guests were seated by Jerome Shotwell and Daniel Machulis. Michele Campbell was flower girl and Mark Phillips carried the rings.

Wedding breakfast was served at Lixey's Restaurant and a reception was held at the East Tawas Community Building.

For her daughter's wedding, Mrs. Gawel chose a gold and tangerine ensemble. Mrs. Campbell wore a paisley wool shift. Yellow rose corsages adorned their ensembles.

The new Mrs. Campbell attended Arenac Eastern High School and Saginaw Beauty College. The bridegroom attended Tawas Area High School.

Hostesses honoring the bride with pre-nuptial showers were Janet Gawel, personal shower; Helen Machulis and Virginia Shotwell, miscellaneous.

To America with love... The 1966 Chrysler

Could be we're getting too emotional. But it isn't very often you get a chance to follow an all-time sales record year with a new Chrysler like this one.

Sure, our '65 was great. But the '66 is even better.

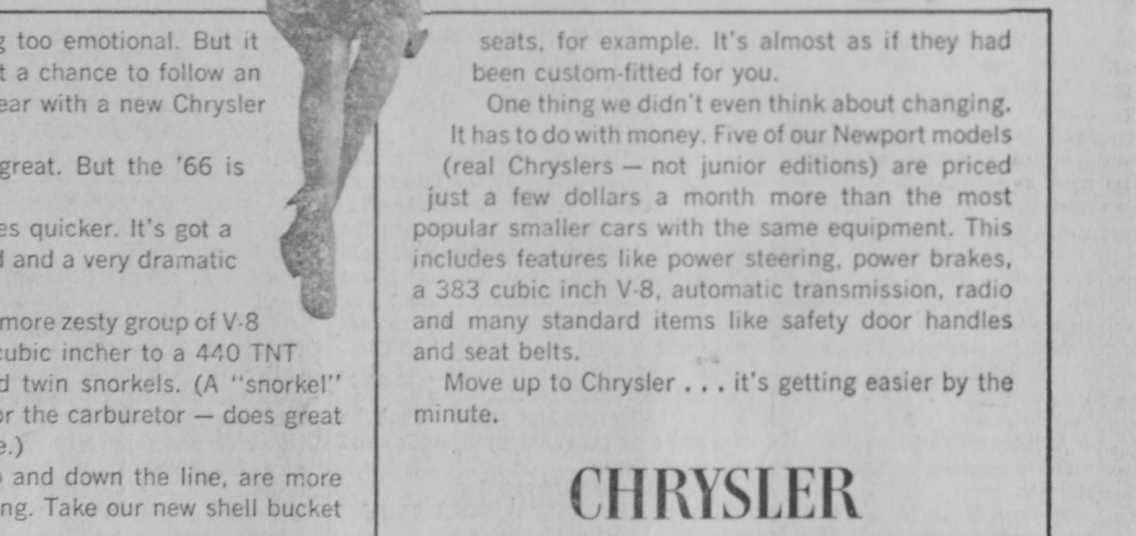

It looks better. Moves quicker. It's got a beautiful new front end and a very dramatic new rear.

It's got a bigger and more zesty group of V-8 engines. From a 383 cubic inch to a 440 TNT with twin exhausts and twin snorkels. (A "snorkel" is an air intake horn for the carburetor — does great things for performance.)

The interiors, all up and down the line, are more luxurious and comforting. Take our new shell bucket seats, for example. It's almost as if they had been custom-fitted for you.

One thing we didn't even think about changing. It has to do with money. Five of our Newport models (real Chryslers — not junior editions) are priced just a few dollars a month more than the most popular smaller cars with the same equipment. This includes features like power steering, power brakes, a 383 cubic inch V-8, automatic transmission, radio and many standard items like safety door handles and seat belts.

Move up to Chrysler... it's getting easier by the minute.

On display Thursday.

1966 Chevrolet Trucks on Display

New Engines and Cab Design are Major 1966 Changes

Principal improvements in the 1966 Chevrolet truck line, which went on display last week-end at McKay Sales Company, Tawas City, include six new engines, an optional three-speed automatic transmission, a new three-ton series with payload capacity up to 34,000 pounds, restyled more efficient heavy-duty cab design and addition of several safety features as standard equipment.

To meet highly specialized needs of truck users, Chevrolet has revised and expanded its line to 366 models, including 101 new offerings which are divided almost equally between gasoline and diesel power.

The six new engines bring to 25 the number of different power plants offered—17 gasoline and eight diesel. Discontinued for 1966 are the 153-cubic inch four and the 348 and 409-cubic inch V8s.

Biggest appearance change in the 1966 Chevrolet truck line is a new short cab measuring only 92 inches from bumper to back of cab. Designed for the heaviest-duty models, it provides more efficient load distribution and more capacity for cargo in relation to

over-all length, yet retains the advantages of conventional cab design. Aerodynamically designed for low air drag, the new cab is quiet and comfortable for the driver. It features a flat floor, large one-piece windshield, high seating position, an adjustable steering wheel and low gloss finish on all interior metal surfaces to reduce glare.

NEW in Chevrolet's 1966 truck line is this short cab for many heavy-duty models. Aerodynamically styled for low air-resistance, its short length gives improved load-weight distribution, yet retains adequate driver room and comfort. Many panels are easily removable for access to

the chassis or for damage replacement. Other features of the 1966 line include a new three-ton series with payloads up to 17 tons, six new engines, a three-speed automatic transmission, and several safety items as standard equipment. The line has been expanded to 366 models.

Many Projects Await 4-H Members -- Join This Week

Attention, all who are interested in hanging on to money longer! The 4-H Club has a project designed for you! It is the money management project called "Money in Your Life."

This project will teach the fundamentals of how to set one's financial goals, how to reach those goals, guides to follow in making and using a financial plan and improve money management ability through training and experience.

Through this project, one will learn to keep records in their 4-H bulletin which will help in the future. Older Iosco 4-Hers have a special interest in a money project this year. They have set their sights on a trip to Mexico in December of 1966. They will need money. They will need, also, to become informed about the country, its culture, customs and language. These topics can become 4-H projects, too.

Dorothy Scott, county extension agent, can tell you more about the advantages and plans for this project. Call on her now, during National 4-H Club Week, September 25-October 2. The telephone number is 362-3449 with the office in the Federal Building, East Tawas.

US Navy Offers 120-Day Delay to Potential Draftees

If you are one of the 33,600 men being drafted in October but would like to stay at home for the coming hunting season, the holiday season or because you would stay on at your current job for while longer, contact the navy recruiter. He can tell you about the navy's 120-day delay enlistment program. By enlisting in the United States Navy under this program, men can be enlisted and go in 120 days.

Enlistees can be guaranteed school in the field of their choice of recruit training location: Great Lakes, Illinois, or San Diego, California.

A navy recruiter is in the Federal Building, room 212, East Tawas, every Tuesday and Thursday afternoons.

BE SURE—Of having your Christmas cards early. Stop in today and look through our catalogues of name-imprinted cards. The Tawas Herald, 408 Lake Street, Tawas City.

Horse Project Helps to Develop National Theme

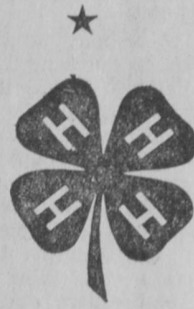

They may not carry guns or rope cattle as the cowboys of yesterday, but today's 4-H horsemen enjoy caring for their horses and ponies just as the cowboys did. The horse projects support the National 4-H Club Week theme, 4-H Learning for Living, because they develop leadership, initiative, self-reliance, sportsmanship and other traits of character that will be needed later in life.

The 6,000 horse members are among the 78,000 Michigan 4-Hers who are now observing National 4-H Club Week, September 25-October 2. Iosco County has 33 horse project members at the present time.

Horses are becoming more popular each year. It is a fact that, at the present time, there are more riding horses than there were draft horses 50 years ago.

Dr. Ralph Morrow, extension animal husbandry specialist, added a new dimension to the statewide horse program this year by sponsoring the first state-wide 4-H trail ride in July. The trail ride featured a 26-mile cross-country trek along the Boardman River in the north country.

If you have an interest in horses and enjoy this modern recreational activity, the light horse project can be for you. For more details, contact the county extension agent, Federal Building, East Tawas, or call 362-3449.

4-H Club Week is
 Sept. 25-Oct. 2

Insect Study is Fascinating Hobby of 4-H Members

Entomology, the science of insect study, is also a fascinating hobby for many. Each year, two or three Iosco 4-H Clubs, do a summer project designed especially for the members who are interested in this study.

The entomology project includes tours of museums, demonstrations and a "bug hunt." Members also watch pest control operations and take part in insect identification contests.

Collecting and mounting insects, a part of this project, will provide many pleasurable summer hours. It is also possible to make a "life history study" of an insect that particularly interests you.

Older members enrolled in the project learn the art of embedding specimens in plastic so that they have a permanent record of their collections.

The "4-H Entomology Member's Manual" is an excellent guide for insect study. It explains the equipment used in collecting insects and pictorially shows how to capture, preserve and mount specimens.

To find out more about this project, contact the county extension agent during National 4-H Club Week, September 25 to October 2.

Editorial—

A Greivous Injustice

Michigan's justice of the peace system has come under fire in the daily press during recent weeks concerning the ticket fixing scandal in Wayne County. While this newspaper believes that there has been much room for improvement of justice courts, the 600 or more magistrates operating throughout the state should not become "whipping boys" because of alleged actions of a few.

These men and women are elected by the people and have the same attributes and faults, are no better nor worse than any other group of elected officials in the state. By and large, they are doing a tremendous amount of work for the state and for the individual counties.

It is silly to condemn a group dedicated to the common good for legally performing their duties. A justice cannot "fix" a traffic ticket, since the ticket itself is not legally binding. It is no more or less than an invitation to the person to whom the ticket is issued to appear in justice court . . . he can ignore it, or the justice can legally dismiss it.

Only a warrant, issued by the justice after a sworn complaint is made by the arresting officer, is binding as a result of a traffic ticket. And then it is out of the justice's hands.

The justice system in Michigan has been attacked over the past 15 years as no other governmental system. Under the new state constitution, county justices, as such, are to be eliminated in three years.

How these justices are to be replaced by court systems in the smaller counties, such as Iosco, is still to be determined. Meantime, regardless of whether we agree or disagree with the present system, the much abused constituted form of justice courts in the entire state should not be belabored because of the actions of one or two or a dozen.

Officers Installed at Women's Society Meet

At the Thursday, September 23, meeting of Tawas City Baptist Women's Society, Mrs. Laurence Clements was installed as president. Serving with her are Mrs. Fred Landon, vice president; Mrs. Paul Sayles, secretary; Mrs. Kenneth Lee, treasurer; Mrs. Henry Frye, vice president of missions. Mrs. Alfred Miller is vice president of leadership; Mrs. William Leslie, vice president of Christian service; Mrs. Alfred Williams, sunshine chairman; Mrs. George Westcott, Ruth Circle leader; Mrs. James Roach, Rachel Circle leader.

The session, held in the church educational unit, was called to order by Mrs. Clements. Mrs. Miller was organist for the singing of hymns. Mrs. Paul Beyer named the officers and offered a prayer of dedication. Mrs. Miller started the program by reading the Scripture, followed by "The Open Secrets Of Change," an enlightening explanation of the many changes taking place in areas where Christianity is practiced.

Secretary's and treasurer's reports were read during the business meeting. Mrs. Frye presented the White Cross report and displayed articles she had purchased to fill the quota. It was voted to purchase material to make clothing packages for Vietnam. The father-son banquet was planned for October 5, 6:30 p. m. A missionary from the Congo will be guest speaker for the event.

The society presented a hassoek to the Millers in appreciation of their leadership for five years. An offering was received for the evening and Mrs. Leslie dedicated the love gift and closed the meeting with prayer. Gingerbread and whipped cream were served by the hostesses.

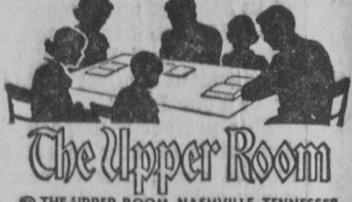

Suggests Replacing of Dues with Donations

Tawas City Emanuel Lutheran Ladies Aid began its September session with Scripture reading by the Rev. James Rockhoff. During the business session, Pastor Rockhoff suggested that dues be replaced with donations. The new method will commence in January. The September 19 mission festival pot-luck dinner was discussed. It was voted to discontinue the Christmas bazaar.

Serving on the social committee were Mrs. John Henry, Mrs. Stanley Humphrey, Mrs. Martin Fiedler, Mrs. Carlton Haglund, Mrs. Fred W. Rempert and Mrs. William Groff. Refreshments were served to 28. The session closed with The Lord's Prayer.

TODAY'S Meditation

from The World's Most Widely Used Devotional Guide

THE UPPER ROOM, NASHVILLE, TENNESSEE
Read Matthew 28:16-20

O earth, earth, earth, hear the word of the Lord. (Jeremiah 22:29)
In response to the radio broadcast in our language, we received a letter from a Roman Catholic priest. In part, he said, "I do not know if your broadcast is Protestant or Catholic, nevertheless, the most important thing is that the Lord's Word is properly interpreted. The people know so little about the gospel. For this reason, it is a great thing in God's eyes." In the dark days of the Middle Ages, God's Word, the Bible, was available, primarily in Latin. But the reformers translated it into the languages of the people and gave it to great and small.

We can be glad that we live in this modern age when by various means more and more persons have the privilege to know about this wonderful Word. It has been translated into many languages of the world. People can listen to it over radio and in some places even on television.

Jesus' parting word to His disciples was: "Go into all the world and preach the gospel to the whole creation."

PRAYER

Dear Lord, we thank Thee for the opportunities to hear Thy voice through Thy Word. Help us to be witnesses of Thy Word to all nations. For His sake, we pray. Amen.

THOUGHT FOR THE DAY

God speaks to us through His Word every day. Do we hear Him? Do we help others to hear Him? Josip Horak (Yugoslavia).

THE BIBLE SPEAKS TO YOU
"Teach me, O Lord, the way of thy statutes; . . . turn away mine eyes from beholding vanity."
These verses from Psalm 119 form the Golden Text for a Bible lesson on "Unreality" to be read in Christian Science churches this Sunday. Passages from the Bible and the Christian Science textbook will bring out some of the different ways in which men discover the supremacy and power of spiritual reality.

Included will be these lines from "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Evil is not supreme; good is not helpless; nor are the so-called laws of matter primary, and the law of Spirit secondary . . . The Psalmist saith: 'The Lord on high is mightier than the noise of many waters, yea, than the mighty waves of the sea.'" (pp. 207, 505.)

'Baptism' Topic at NEM Inter-Faith Conference

"Baptism" was the topic for the third Northeastern Michigan Inter-Faith Conference held at Grace Lutheran Church, East Tawas, Monday, September 27. Dr. Kenneth Sollitt, First Baptist Church, Midland, and the Rev. Fr. Thomas Doyle, St. John's Provincial Seminary, Plymouth, presented the views of their respective churches regarding the Holy Sacrament of Baptism.

Others participating in the program were the Rev. Donald Bates, Harrisville, opening prayer, and the Rev. Fr. Arthur Mulka, East Tawas, closing prayer. Discussion leaders included the Rev. Verle Carson, Alpena; the Rev. Daniel Collins, Harrisville; the Rev. Robert Morrison, East Tawas; the Rev. Fr. Ignatius O'Brien, Alpena; the Rev. Fr. Robert Pelletier, Oscoda; the Rev. Robert Secrist, Standish; and the Rev. Donald Turbin, East Tawas.

Timberline Zone Rally October 5 at Standish

The Timberline Zone fall rally of the Lutheran Women's Missionary League will be held October 5 at Standish with Bethlehem Lutheran Church as host. The session will begin at 10:30 a. m. Guest speaker, Missionary Elwood Fromm, is on furlough from Japan and is the Standish group's adopted missionary. Women from Trinity, Oscoda; Zion, Tawas City; St. Paul, Hale; St. John's, West Branch; St. John's, Houghton Lake; Mt. Hope, Grayling; Our Savior, Gladwin, are expected to attend.

Mrs. Ralph Taylor, East Tawas, is chairman of the zone and the Rev. Loren Ruhl of Trinity, Oscoda, is zone counselor. Missionary Fromm was born in Milwaukee, Wisconsin, in 1925. He vicared in LaPorte, Indiana, and Hokkaido, Japan. A 1953 graduate of Concordia Seminary, Springfield, Illinois, he was called to Japan in the spring of 1954 and served two congregations. His special interest is the field of industrial evangelism. He is married and has six children.

It's 1966. Rise up with Dodge. Get with the swinging cars of the year! JOIN THE DODGE REBELLION

Why wait, when your year is here? The year to snap tired old ties, to break old buying habits. The year to really express yourself . . . with the '66 swingers from Dodge. Different, exciting cars for people with different, exciting tastes. Rally 'round Dodge for '66. Dart, Coronet, Polara, Monaco . . . cars made to help you kick the dull driving habit. There are lots of Dodges for you to hang your personal rebellion on.

'66 Dodge Dart Still talking about squeezed-up compacts, when you'd rather do something about them? Put your money where Dart is! Unexpectedly big inside, long outside. Six or V8 power. Rise up with Dart! Be expensive without being expensive.

Stamp out cramped compacts; get with man-sized Dart.

'66 Dodge Coronet Here comes Coronet . . . sharp, smart, sassy, the greatest thing from Dodge since Year One. Loaded with luxury the higher-priced cars haven't caught onto yet. With a choice of five engines, designed to make the walls of Dullsville come tumbling down. Get away from look-alike, first-cousin cars with Coronet.

Dullsville falls, Coronet rises in '66.

'66 Dodge Polara Snap, crackle, pop, go the ties that bind. You're up and out of the rut with Polara. More "big." More "hot." A lot of standard extras (like a 383 cubic inch V8) at no extra cost. See it now. And if you're carrying a big torch for a car that'll really move you, bring the torch along.

Demand more "big" in your big car; insist on Dodge-sized Polara.

HERE'S HOW DODGE'S 5-YEAR, 50,000-MILE ENGINE AND DRIVE TRAIN WARRANTY PROTECTS YOU: Chrysler Corporation confidently warrants all of the following vital parts of its 1966 cars for 5 years or 50,000 miles, whichever comes first, during which time any such parts that prove defective in material and workmanship will be replaced or repaired at a Chrysler Motors Corporation Authorized Dealer's place of business without charge for such parts or labor: engine block, head and internal parts, intake manifold, water pump, transmission case and internal parts (excepting manual clutch), torque converter, drive shaft, universal joints, rear axle and differential, and rear wheel bearings.

REQUIRED MAINTENANCE: The following maintenance services are required under the warranty—change engine oil every 3 months or 4,000 miles, whichever comes first; replace oil filter every second oil change; clean carburetor air filter every 6 months and replace it every 2 years; and every 6 months furnish evidence of this required service to a Chrysler Motors Corporation Authorized Dealer and request him to certify receipt of such evidence and your car's mileage. Simple enough for such important protection.

AREA BOY SCOUTS enjoyed a week-end of camping at Silver Valley, but not without an emergency or two. Harold French, East Tawas leader, is shown at top removing speck of ash from the eye of one member of his troop. The boys below are taking their turn at KP.—Tawas Herald Photos.

A BELT FOR SAFETY—The latest in automotive safety accessories is modeled by pretty Donna Johnson at the wheel of a 1966 Dodge Dart GT convertible. The belt, used with the standard lap belts, is designed to reduce further the possibility of injuries in auto accidents. It is optional on all 1966 Dodges, which are to go on display September 30 at Ottawa Equipment Company, Tawas City, area Dodge dealer.

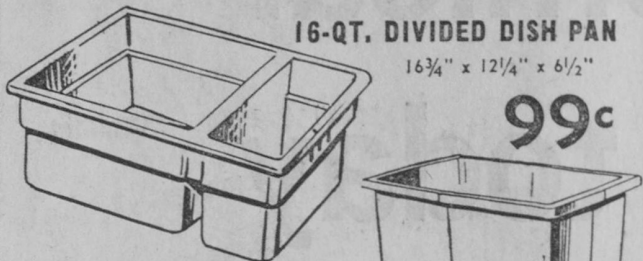

THIRTY-TWO Iosco women attended a meeting Friday to map plans for the 1965-1966 campaign of the American Cancer Society. Honored at the affair, held at Tawas Golf Club, was Mrs. Ira Horton, seated left, who retired after 20 years as service officer. Others seated from left are Mrs. J. N. Sloan, new secretary-treasurer;

Mrs. Herbert Hertzler, chairman of volunteer activities, and Mrs. Clarence Lang, nurses' scholarship chairman. Standing from left are Mrs. Joseph Sestak, Mrs. Donald MacDonald, Mrs. Carl Eckman, Mrs. William Lyons and Mrs. Lloyd Cooper, all committee chairmen.—Tawas Herald Photo.

Convert your home or business to economical Natural Gas heat today and pay nothing until July 1, 1966.

Convert now to Gas heat and Michigan Consolidated Gas Company will buy your unused oil or coal—even remove your oil tank—all at no cost to you. What's more, whether you convert your present furnace, or even install a new Gas furnace, we'll pay the bill. And all you pay us, between now and next July, is for the Gas you'll use to make this your most comfortable winter ever. Here's how this special limited-time offer works:

1. If you're now heating with oil, we'll buy what's left in your storage tank—at the price you paid for it. What's more, we'll remove your tank from your home or business and even haul it away if you want. All at no cost to you.

2. If you're now heating with coal, we'll take what coal you have on hand, off your hands. And pay you whatever it cost you originally.

3. Whether you convert your present furnace, or even install a new Gas furnace, we'll pay for it and its installation by a qualified heating contractor, and it won't cost you a penny until next July. You can pay for the unit and its installation on July 1, 1966 with no carrying charge whatsoever. Or if you prefer you can

make equal monthly payments including carrying charges on your Gas bill over a period of up to three years after July 1, 1966. Either way, there are no carrying charges between now and next July, and you need make no payments between now and next July. If you live in the areas we serve in the counties listed below, you're entitled to take advantage of this special limited-time offer. So act now. Call your heating contractor or Michigan Consolidated Gas Company office today for details. Your local Michigan Consolidated office number is 362-4458 in Tawas.

WHERE DOES AN ESKIMO DOLL GO in summer, or in the winter too, for that matter? This doll is so adorable that there's no doubt that he'll be spending 365 days a year right in your own home. Not only that, but he's bound to be the most popular house guest that you've ever had!

SEE THE WHITES OF HIS EYES

This doll is so marvelously real looking—you can see the whites of his eyes, the little extra chain stitch cuff at the top of his boots, and even his curly black hair peeking out from under the snowy white hood. He's just one mass of color: white, beige, blue, melon, and canary yellow, with scraps of black, white, and red felt for his face. He stands so straight and tall, he'd be just perfect for the top of a bureau or to hang on the wall or even from a bulletin board. If you have more than one child in your family, you'll just HAVE to make one for each child, just to keep peace in the family!

Bazaar time is coming

Bazaar time will be along one day soon, and if you want to have the admiration of everyone in every booth, make a few of these as your contribution. You'll be surprised when you find how easy it is to make. Free instructions are available by sending a stamped, self-addressed envelope to the Needlework Editor of this newspaper along with your request for Leaflet PC 1792.

FLOWERS HAVE ALWAYS BEEN one of nature's most bountiful gifts, and while fresh ones are wonderful to have around at all times, there are occasions when it's just not possible, and when flowers that you've made yourself can be just as satisfying.

MULTI-COLORED PANSIES

Something for your own home that you've made yourself gives untold satisfaction both to you and to your family. There's a lot to be said for artificial flowers, and while they are obviously not real, they do have an interesting quality all their own. This collection features the ever popular, multi-colored, pansy. This particular flower comes in so many different colors in real life that it enables you to copy the color scheme of any room in your home. In this way, it's possible for you to make this floral piece something very personal and appropriate for which ever background you choose.

The flowers are crocheted in pieces; the calyx petal and the flower itself, and then both the short and the long leaves. Millinery wire gives them body so that you can arrange them in proportion to the size of the container that you choose and also to the individual setting. Complete instructions are available by sending a self-addressed, stamped envelope to the Needlework Editor of this newspaper along with your request for Leaflet PC 2337.

The seedling pecan, a wild forest tree, is a commercial crop, too. This pecan is smaller than the cultivated type but just as good. The crop size is dependent on the weather.

Although this year's crop of pecans is especially short, there is no problem. A substantial carry over from last year's plentiful supply will put plenty of pecans on the market—and into your cookies, cakes and candies.

If you have traveled in the southern part of the United States, you probably remember the delightful taste of a pecan roll. If you would like to bring back pleasant memories you might try this:

QUICK PECAN ROLL

1 1/2 pounds
1/4 cup butter or margarine
3 cups confectioners' sugar
1/2 teaspoon salt
1/2 teaspoon rum flavoring
2 tablespoons hot milk
1 cup firmly packed brown sugar
2 tablespoons butter or margarine
1/4 cup milk
1 tablespoon corn syrup
1/4 cup chopped pecans
1/2 pound package caramels (28 caramels)
2 tablespoons water

1 cup coarsely chopped pecans
1. Cream 1/4 cup butter with confectioners' sugar, salt and rum flavoring. Stir in 2 tablespoons hot milk, heating until mixture is smooth.
2. Combine brown sugar, 2 tablespoons butter, 1/4 cup milk and corn syrup. Cook, stirring occasionally, until mixture reaches 248-250° F., or until it forms a firm ball when tested in very cold water.

3. Pour over first mixture, beating until smooth and thick. When set and easily handled, knead in 1/4 cup chopped pecans and form into 4 rolls. Chill until firm in refrigerator.

4. Heat caramels and water on controlled surface burner set at 200° F., or over a low gas flame until melted and smooth.

5. Turn nougat bars in caramel mixture to coat and roll in chopped pecans placed on wax paper. Chill and slice when ready to serve.

NOTE: Keep caramel mixture warm while using, either over very low burner or over hot water.

Pecans are best stored in air tight containers. You can buy just the right amount in saran bags. If you choose to buy in larger quantity, store the remaining nuts in sealed containers in the main part of your refrigerator. This procedure will keep your pecans fresh until you need them again.

The use of pecans does not end with candy. They can be used wherever a recipe calls for "nuts." Try toasted ones on soup or as toppings for casseroles and as additions for sandwich fillings. Of course, their use in desserts is unlimited. And they are good eaten right out-of-hand.

Wurtsmith's 445th FIS to Participate in Weapons Meet

Preparations are in full swing for the impending departure of Wurtsmith Air Force Base's 445th fighter interceptor squadron's entry in this year's William Tell world-wide weapons meet to be held October 1-9 at Tyndall Air Force Base, Florida.

The meet, the most severe

test of air defense personnel, equipment, systems and tactics, is held biannually to recognize the best aircrew-controller team in the United States Air Force air defense, to demonstrate the capability of interceptor weapons systems and to evaluate the ability of USAF crews to maintain, handle and load defensive weapons.

This year's representative for the Eastern United States in the F-101 category is the fighter squadron from Wurtsmith. The unit won the honor last April when a shoot-off was conducted among units under the control of the 26th air division, Stewart Air Force Base, New York, which has the air defense responsibility for

the eastern portion of the nation. The 445th will be competing for the team trophy in its category along with individual awards given to all members of the first place team.

DAR Dedicates Memorial Plantation in Huron Forest

Michigan Society of Daughters of the American Revolution dedicated a memorial plantation on the Harrisville Ranger District,

Huron National Forest, September 15. Fifteen members of the DAR from Southern Michigan were present for the dedication on the site eight miles west of Mikado. Mrs. James Zeder, state regent, and Mrs. Walter Gemperline, state conservation chairman of the DAR, unveiled the sign that marks the plantation.

The three-year-old red pine trees were planted in 1964 by the forest service with the DAR providing funds for the project. Co-operative plantations with the DAR have been established on the Manistee National Forest, on the west side of the state previously, but this is the first time on the Huron National Forest.

John VonBargon, forest supervisor, and Stephen Harper, ranger, represented the forest service at the dedication.

Liechty Retires After 20-Year AF Career

Peter E. Liechty, son of Mr. and Mrs. Raymond W. Liechty of Rittman, Ohio, has retired from the United States Air Force at Wurtsmith Air Force Base after more than 20 years service.

Liechty was assigned to a Strategic Air Command unit at Wurtsmith prior to his retirement. During World War II, he served

in the European Theater of Operations and is a veteran of the Korean War.

Liechty's wife, Marie, is the daughter of Mrs. Ethel M. Hoshbach of Tawas City.
