Friday afternoon, Mrs. Lester Robinson entered Tolfree Hospital.

Sympathy is extended to the family of Albert Wesenick, who passed away last Friday at a Flint nursing home. Mr. Wesenick was a former resident and a brother to Herman Wesenick.

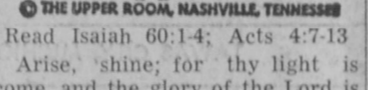

Last Monday, Mrs. William Waters, Miss Florence Latter, Mrs. Ruth Dodder and Mrs. Margaret E. Charters were in Alpena.

Miss Kay McKeeler, who spent the past summer with the Albert Clemens family, left to attend Baylor University, Texas, for further training in practical nursing.

Mrs. Margaret E. Charters spent last Friday with her aunt, Mrs. Fred Boulder of Tawas City, and sister-in-law, Mrs. Rupert Charters, at East Tawas.

TODAY'S Meditation

from The World's Most Widely Used Devotional Guide

Read Isaiah 60:1-4; Acts 4:7-13

Arise, shine; for thy light is come, and the glory of the Lord is risen upon thee. (Isaiah 60:1)

A challenge has come to the Christian church from the resurgent religions of the world.

As Christians, it is our conviction that Christ is the author of peace and that Christianity is a religion of peace. The Christian church is God's agency to bring peace into the world. In this age of atom bombs, an age when we are threatened with war and total destruction of mankind, the church needs to exert its power for peace. The church is the body of Christ, and He is the author of peace.

What is the Christian church doing today? Is it sleeping, fading into darkness? In Isaiah we hear a trumpet call: "Arise, shine." This is a great time for the church to heed this call for revival, for resurgence of faith vital for all mankind's highest and best interests.

PRAYER
O Lord, let Thy light shine and Thy glory come into Thy church. May it awaken from its lethargy, and from the enveloping darkness come into Thy light. Grant us Thy grace and power that we may be able to make Thy church the source of peace in the world of war and strife. In the name of Jesus, who taught us to pray, "Our Father who art in heaven..." Amen.

THOUGHT FOR THE DAY
The awakened church can shine through strife and gloom to bring lasting peace. G. P. Charles (Burma)

Baptist Ruth Circle Met At Williams Home

Mrs. Alfred Williams' home was the scene of the January 11 meeting of Tawas City First Baptist Church Ruth Circle. In the absence of Mrs. George Westcott, chairman, Mrs. Laurence Clements presided. Devotions were given by Mrs. William Leslie.

Following a short business session, White Cross work was started. Cake and coffee were served by Mrs. Williams.

Church-Wide Training Revival Held Here

Church-wide training revival will be held at the East Tawas Assembly of God Church January 23-30, 7:00-9:00 p. m., except Saturday. The Rev. Waldo Risner of Lexington is returning to instruct in evangelism after holding a successful revival crusade at the church last September.

He has pastored churches in Indiana, Kentucky, Iowa and was minister for seven years at the First Assembly of God Church, Grand Rapids. The public is cordially invited to participate in the service entitled "So Send I You." Books will be available.

22 Attend Regular WSCS Meeting Held At East Tawas Church

Twenty-two members attended the January 11 regular meeting of East Tawas Methodist Women's Society of Christian Service held at the church. Devotions, presented by Mrs. Alden Phelps and Mrs. John Schirmer, were based on the topic "New Start," and dramatized with verses from the Bible and other selected readings.

The program was led by Mrs. William Lyon, with discussion by members. Mrs. Peter Lichtfuz, president, read a memorial to Mrs. Edna Hughes, charter member and past president, who passed away January 3, and the group sang "Abide With Me."

Committee reports were read during the business session, conducted by Mrs. Lichtfuz. Mrs. Joseph Dibley, secretary of missions, reported that three more packages of children's clothing, bandages and glasses were sent to the Congo Mission Hospital. A donation of \$100 was given to the church decorating fund from the Christmas tree offering.

The society bid farewell to one of its faithful members, Maj. Anabelle Peshek of Wurtsmith Air Force Base, who is being transferred to Texas.

Refreshments were served by Mrs. Lichtfuz, Mrs. Irma Brunet and Mrs. Ralph Burt with Major Peshek pouring.

To sing at Oscoda Baptist Church.

DOROTHY SCOTT, Extension Home Economist

Hello Everyone!
 Let us continue with useful tips for remodeling or building new homes. They were shared with us by Carlton Edwards, Michigan State University housing specialist, at the first housing workshop. A second one will be on January 19 with programs at 1:00 p. m. in the East Tawas Federal Building and 7:30 p. m. in the Central Office Building, West Branch. You are encouraged to attend.
 There is more to the water story. The cost of heating water can be significantly reduced by locating the water heater close to points of hot water use. Filling 30 to 40 feet of one-half inch pipe with hot water to wash one's hands, or other limited use, can increase the cost of operation three to five dollars a month. If the bathroom is located far from the water heater, installation of a 20-gallon quick recovery hot water heater right in the bathroom will be a money saver.
 Centralizing the plumbing system in a new or remodeled house saves water, fuel and disposal field troubles. If you live where a septic tank system must be installed, remember a tank can hold only so much—it should not be overloaded.
 Today's family uses more water than ever before and a 1,000-gallon septic tank is a minimum size to install. It is necessary to pump sludge when depth affects capacity, otherwise solids go into the drain field, plugging it.
 There is a method of installing perforated tile drain-fields that is the present best answer to keeping it clear... and tree roots will not grow in it. This system

can be flushed to clean it at the same time as the tank is cleaned.
 Will there be a basement? Open to much question in Michigan because of drainage problems. Basements must have footing drains and a place to drain to, usually with a sump pump.
 If your choice is crawl space, moisture can be controlled this way. Use polyethylene sheets, overlapped and mastic sealed. Seal the ends of the outside wall as well.
 Crawl space can serve as a heating system plenum chamber. Two-inch foam insulation is cemented to the walls. Then heat is directed into the crawl space. Heat registers can go anywhere in the floor. Air is returned to the furnace off the ceiling.
 Insulation pays its way and more. Use it to save heat and fuel. Use it for comfort. Cold surfaces absorb heat all the time, even from our bodies. More heat is lost through ceilings than walls.
 Insulating the top, then, is most important, two or more inches and four can be put in almost as cheaply as two (very little more installation cost). The amount of electric-type heat might go to 12 inches.
 Second most important insulation is storm doors and windows. Next is wall insulation. Insulation can be by batts, poured or in sheets.
 Insulating brings its own problem—moisture control and this is really the first process in construction.
 I will bring you Mr. Edwards' tips on moisture control next week.

Making Search for Oldsters Who May Have SS Credits

Paul M. Ellifritz, social security district manager in Bay City, announced today that his office is making an extensive effort to reach those persons 72 or over who have some credit for work under social security, but who do not receive social security benefits.
 The Social Security Amendment of 1965 reduced the amount of work credit some persons 72 or over need to qualify for monthly benefits. Ellifritz added. He said that many persons in this area have not been able to qualify for benefits in the past because they did not have enough credit for work under social security. Now, many of these people, or their widows, may receive a special benefit. Wives of these workers can receive a special benefit of \$17.50 a month when they are 72.
 Another good reason these people should visit the district office, Ellifritz continued, is because of medicare. Anyone 65 or over, who does not receive social security or railroad retirement benefits, needs to establish their eligibility for hospital insurance benefits. People who are 65 or over before January 1, 1966, need to sign up for medical insurance before March 31 so they can have this protection when the program starts July 1.
 People at the Bay City district social security office will give a complete explanation of medicare rights. The Bay City district office is located at 1009 North Madison Avenue and the telephone number is TW 3-9579.
 A social security representative for this area will be at the Isoco County Building, Tawas City, Thursday, January 27, from 10:30 a. m. until 2:30 p. m.

Search is on for Twp. Primary Candidates

The search is on for candidates for the township primary election next August 2, according to Isoco County Democratic Chairman Ralph Degesie.
 Degesie said that in 1966, for the first time in Michigan history, all ballots in the state election will automatically include designations for Democratic and Republican candidates.
 According to Degesie only about one-third of Michigan's townships have previously had Democratic candidates on the ballot. This year all of the state's approximately 1,200 townships, including Isoco County's 11 townships, will have spaces for Democratic township candidates on the ballot.
 "We don't intend to leave these spaces empty," Degesie said. "We're starting right now to find the best people in each township to run for office." Degesie said he and other party leaders would like to hear from people who would like to participate in local government by running as candidates.
 "In the past," Degesie said, "many rural Michigan townships have had candidates running on 'Peoples,' 'Taxpayers' and other locally-named party tickets. This new state law, which automatically places the Republican and Democratic party on the township ballots, will strengthen the two party system and, I hope, result in more responsible grass roots government," Degesie said.
 Township candidates will be on the ballot with those for governor, state legislature, congress and United States Senate. Voters will be able to cast a straight party ticket for all Democratic or Republican candidates from the township level to the senate, Degesie points out.
 Townships have at least nine elected officials: Supervisor, clerk, treasurer, two to four trustees, two justices of the peace and two members of the board of review.
 "The township caucus, which nominated candidates, has also been abolished by state law," he stated. "Under the new law all candidates must file nominating petitions no later than June 14. These petitions are, or soon will be, available from the county clerk."

Braves Win in Close Victory Over Bangor

Tawas Area Braves won a close decision over Bangor last Tuesday night after holding a substantial lead at the half.

Going into intermission, the McIntoshmen looked as though they might have the game tucked away easily. Tawas scored 22 points in the first quarter and 23 in the second to hold a 45-29 margin.

Bangor came to life in the third quarter with a 26-point effort to Tawas Area's 16. The Bangor quintet then went ahead with three minutes to go in the game, but Fairfield and Lapeer each pumped in field goals and Grebe meshed two foul shots to put Tawas back into the lead.

Top scorer of the night was Fairfield, who had 30 points on 12 field goals and six foul shots. Grebe turned in 14 points during the game and Lapeer had 13.

Tawas Area Junior Braves had a cold night but still came through with a win, defeating the Bangor JV, 56-42.

Scoring for Tawas were Beyer, 15; Straley, 11; Kushion, nine; Doak, eight; Haglund, seven; Krish, four; Schirmer, two.

Action this week saw the Braves going against Osceola last night (Tuesday) and will play host to Essexville this Friday.

Hale Foul Shots Count in 55-47 Win Friday

After trailing by six points at the end of the first quarter, Hale Area Eagles roared off to a 55-47 win over visiting Atlanta in Friday night's North Star League schedule.

The Eagles had three players hitting in double figures, but it was accuracy on foul shots which turned the tide.

Hale players converted 19 out of 27 attempts from the free throw line for a 70 percent completion average. Atlanta players meshed seven out of 15 foul shots.

The visitors outscored Hale 20-18 on field goals, but the Eagles' big fourth quarter proved to be the final difference.

Hale outscored Atlanta, 15-9, in the second quarter to tie the game at 25-25. Atlanta again assumed the scoring edge in the third quarter by a 15-12 count. Hale's 18-point effort in the fourth quarter proved to be the clincher as Atlanta mustered but seven points.

Center George Maas topped Hale scorers with 16 points, followed by Lyle McKenzie's 12. Next in line was Forward Mike Bielby with 10 points, followed by R. Caverly's seven. Dale Maas completed the scoring with a foul shot.

Leading the Atlanta pack in the boxscore was Peck's 20 points, followed by D. Smith's 18.

PERILS OF WINTER

A regular visitor to the area remarked last week, after he was late for an appointment, that winter offers other than "normal" perils. Because of the heavy frost, he was unable to budge the glass door on his motel unit and was locked in. A telephone call brought the manager to his rescue.

Convert your home or business to economical Natural Gas heat today and pay nothing until July 1, 1966.

Convert now to Gas heat and Michigan Consolidated Gas Company will buy your unused oil or coal—even remove your oil tank—all at no cost to you. What's more, whether you convert your present furnace, or even install a new Gas furnace, we'll pay the bill. And all you pay us, between now and next July, is for the Gas you'll use to make this your most comfortable winter ever. Here's how this special limited-time offer works:

1. If you're now heating with oil, we'll buy what's left in your storage tank—at the price you paid for it. What's more, we'll remove your tank from your home or business and even haul it away if you want. All at no cost to you.
2. If you're now heating with coal, we'll take what coal you have on hand, off your hands. And pay you whatever it cost you originally.
3. Whether you convert your present furnace, or even install a new Gas furnace, we'll pay for it and its installation by a qualified heating contractor, and it won't cost you a penny until next July. You can pay for the unit and its installation on July 1, 1966 with no carrying charge whatsoever. Or if you prefer you can

make equal monthly payments including carrying charges on your Gas bill over a period of up to three years after July 1, 1966. Either way, there are no carrying charges between now and next July, and you need make no payments between now and next July. If you live in the areas we serve in the counties listed below, you're entitled to take advantage of this special limited-time offer. So act now. Call your heating contractor or Michigan Consolidated Gas Company office today for details. Your local Michigan Consolidated office number is 362-4458 in Tawas.
