

# Judge Miller Files Election Petitions

Allan C. Miller of East Tawas, judge of the 23rd circuit, announced his candidacy for a re-election and filed his constitutional affidavits with the director of elections in Lansing Monday. The Counties of Alcona, Iosco and Osceola compose the 23rd circuit.

Judge Miller was first elected in 1959 to fill the vacancy created by the retirement of the renowned one-man grand juror, Judge Herman Dehnke.

In 1964, Judge Miller narrowly missed being elected to the new State Court of Appeals, polling 301,408 votes to 306,667 cast for Judge Robert B. Burns of Grand Rapids for the third seat in the outstate district.

Judge and Mrs. Miller reside at East Tawas with their five children, The eldest, Allan Charles, is a senior at the University of Michigan.

During the seven years of his service on the bench, Judge Miller has kept his local case load current and also has handled two of the largest and longest cases in the history of the area. One involved the Capehart Housing Project of Wurtsmith Air Force Base and the other the National Gypsum Dock near Tawas City. In all, Judge Miller has served in 21 counties of the state on assignment of the court administrator.

Judge Miller is former chairman of Iosco District, Paul Bunyan Council, Boy Scouts of America; Iosco Chapter, American Red Cross; Community Chest campaign of 1963 and is currently president of Tawas Kiwanis Club. He is also past president of the 23rd Judicial Circuit Bar Association, a member of the American and State Bar Associations, Michigan Judges Association and National Conference of State Trial Judges. Presently, he is a member of the rules, youth offender and international law committees.

"I will deem it an honor and a pleasure to continue to serve the citizens of Alcona, Iosco and Osceola Counties if they see fit to reelect me," said Judge Miller in making his announcement. "My

record, I believe stands for vigorous and impartial administration of justice. I promise to continue to the best of my ability."

CIRCUIT JUDGE ALLAN C. MILLER

## Ottawa Equipment Named Imperial Dealer by Chrysler

Ottawa Equipment Company, Tawas City, has been named the new Imperial dealer for Iosco and Ogemaw Counties, according to an announcement this week from Chrysler Corporation.

Ottawa Equipment has been associated with Chrysler since April 1960 when it became the Dodge dealer for this county. The Chrysler-Plymouth dealership was added later.

In receiving the dealership for this "top of the line" Imperial, Ottawa now has a complete line of Chrysler products.

Dealership manager is Arnold Bronson, who has been with Ottawa Equipment Company since 1960.

He has a long time association with Chrysler Corporation, having been owner of a dealership here from 1946 to 1959.

Ottawa Equipment Company employs 23 persons in its operation here, located on US-23 east of the Detroit and Mackinac Railway's general office.

## Extra Day Off for Easter Vacation Granted by Board

One extra day was granted for Easter vacation in Tawas Area Schools, according to action taken at Monday night's meeting of the board of education.

While Tawas Area School had a week off for spring vacation last year, the schedule as adopted at the start of the 1965-1966 term would have closed school only on Good Friday and the Monday after Easter.

Supt. Reynold Mick reported that some parents had expressed a desire for a longer vacation period. Teachers had not requested any extra time off other than that already allotted.

By a four to three roll call, the board voted to close school the day before Good Friday and there will be no school from April 7 through 11. Classes are to resume Tuesday, April 12.

Voting in favor of the measure were Trustees Clyde Soper, Carl Helmer, Mrs. Helen Paye and Walter Niles. Voting against the extra day of vacation were Trustees Waldo Curry, Clare Herriman and Pres. Leonard Sarki.

In other business, Superintendent Mick reported that 89.3 percent of the parents returning survey forms favored sex education at various levels of the school.

Of the 1,300 survey forms sent home with students, 692 were returned. The survey indicated that 202 returns or 29.19 percent favored sex education in grades kindergarten through 12, 46.96 percent or 325 returns favored sex education in grades seven through 12 and 91 returns or 13.15 percent favored sex education in the four high school grades.

Implementation of such a program becomes another problem, according to the superintendent. State law requires that such instructions be handled by certified teachers. The department of public instruction has notified the school that special certification would be given medical doctors or trained nurses. Further investigation is to be conducted by the administration.

## Nine Teachers Named to TA's Tenure List

Nine teachers completing probationary status in Tawas Area Schools were granted tenure under terms of Michigan law Monday night by the board of education.

Up for tenure consideration in 1966-1967 were Robert Erickson, Mrs. Judith Gidley, Gene Salamon, Mrs. Joanne Alpert, Ernest

Mousseau, Mrs. Leola Schmidt, Mrs. Arlene Brown, Mrs. Barbara Erickson and Mrs. Ruby Bowerman.

Supt. Reynold Mick reported that there were seven known vacancies on the faculty as of Monday night. Teachers leaving include Miss Barbara Mercer, fifth and sixth grade social studies; Mrs. Lois Fuerst, English and speech; James Kilburn, commercial and English; Mrs. Alpert, French and English; Mrs. Mary Jess, English.

## Fireman's Car Blazes While Answering Call

A Tawas City volunteer fireman, George Westcott, who parked his car in front of the city hall Sunday while answering a grass fire on Meadow Road, had an assist from fellow firemen.

Westcott and Fire Chief James Lansky drove one truck to the scene of the grass fire, located on property owned by Albert Duquette.

Before the second truck left for the grass blaze, firemen noticed smoke emitting from Westcott's car. The vehicle's electrical system was damaged slightly by flames.

## CP Historical Movie In Preview Today

An invited guest list of civic leaders and educators will preview Consumers Power Company's new historical film, "Mich-I-Gan-I-A," this noon (Wednesday) at the Barnes Hotel. The half-hour film is to be available for release to interested groups in the near future. The movie is a companion to an earlier award-winning film.

## Tawas City Man Killed Friday in Alpena Crash

Funeral services were held Monday afternoon for Lowell M. Long, 23, Tawas City, who was killed Friday night in a crash two miles south of Alpena.

Long, a student at Alpena Community College, was a passenger in a car driven by Ronald McDonnell, 21, Alpena, which went out of control and slammed into a sand-filled roadside emergency barrel.

State police at Alpena said the road was under construction and the wheels of McDonnell's auto dropped off the pavement. The driver lost control when he attempted to bring the car back onto the roadway.

Long was thrown from the vehicle in the crash.

Others injured were Patricia Mundy, 19, Jackson, and Douglas Schmidt, 19, Alpena.

Born November 3, 1942, at Bay City, the victim was the son of Mr. and Mrs. Alton Long of Tawas City.

He graduated from Tawas Area High School in 1960 and was in his first year of study at Alpena.

Funeral services were conducted at the Reorganized Church of Jesus Christ of Latter Day Saints, Tawas City, with Elder Marshall McGuire Jr. officiating. Interment was in Tawas City Cemetery.

He is survived by his parents; one brother, Walter Long, Toledo, Ohio; two sisters, Mrs. Sylvia Hunt, Anchorage, Alaska, and Mrs. Ruth Babitz, Tawas City; his grandmothers, Mrs. Emma Long and Mrs. Walter Ulman of Tawas City.

LOWELL M. LONG

## Medicare Blanks Now Available

Martin Kasichke and Richard L. Price, postmasters at Tawas City and East Tawas, respectively, have announced that application blanks for supplemental medicare benefits are available at the windows of the local post offices.

The application blanks are being made available as the Social Security Administration seeks to contact 3.1 million senior citizens before a March 31 deadline imposed by the medicare law.

President Johnson has proclaimed March as "National Medicare Enrollment Month." He urged all federal agencies and all citizens to cooperate in enrolling senior citizens in the program.

Initially, some 2½ million application blanks were distributed to nearly 34,000 main post offices throughout the 50 states. Additional forms are available as needed.

Through direct mailings and other means, the Social Security Administration has had contact with 16 of the 19.1 million citizens who will be 65 or over on July 1. Of the 16 million who replied, less than one million said they did not want to sign up for the supplemental program.

The supplemental program costs \$3 a month and provides doctor bill and other benefits. Everyone 65 and over is eligible for the basic hospital benefits under medicare.

A copy of the application blank is displayed on the lobby bulletin boards.

Senior citizens who reached 65 before 1966 face a two-year delay if they do not sign up by March 31. The application forms are pre-addressed to the Social Security Administration, Baltimore, Maryland.

PHILIP S. BAUMGRAS, district game manager, for deer hunters Saturday morning at Tawas Area High School.—Tawas Herald Photos.

## Deer Policy Under Fire—

## Area Hunters Study Deer Food Problems on Conservation Tour

"We have never tried to 'brainwash' anyone—we would not know how to do it if we wanted to—all we would like to do is to show you some deer feed and explain what can be done to better manage commercial forest cuttings."

Speaking was Philip S. Baumgras, Mio, district game manager for the Michigan Department of Conservation.

Baumgras, other department specialists and law enforcement division officers conducted an educational program Saturday morning and afternoon for deer hunters and others interested in management of Michigan's most important big game animal.

The conservation department is presently under fire from many parts of the state concerning its antlerless deer season. Numerous bills relative to deer hunting are in the hopper of the state legislature and the department is conducting educational meetings throughout the state on problems of deer herd management.

Although the department had its critics here Saturday, most hunters who stuck it out to the end of the six-hour session generally agreed that the program and field trip were educational—even if all did not agree entirely with department deer management policies.

While the program drew very poor attendance—less than 30 persons were on hand—the department's policy of balancing the deer herd with available food supply through the shooting of doe did not seem to be the major bone of contention.

The most serious disagreement, expressed clearly by such veteran hunters as Willard Musolf, Paul Harvey Jr. and William Colbath of Osceola, along with William Gackstetter of Wilber Township, was that the department had overestimated the number of deer in Iosco County.

These men expressed the opinion that available food supply was such that the county could support a larger herd. They also believed that the department had erred in granting too many doe permits in this region because of a scarcity of deer.

They also claimed that the department had not followed recommendations of its local law enforcement officers in determining if an antlerless season was required last season.

While game biologists and officers did not say in so many words that the department had overestimated this region's deer population, during the afternoon field trip through Baldwin, Wilber and Osceola Townships, they did indicate in discussions that there were not as many deer last November as had been indicated by surveys earlier in the spring.

It was stated, however, that there was reason to believe that there would and should be fewer deer than in previous years, due to biological reasons.

State Rep. Sanford Charron was present and explained a new plan adopted Friday by the department which would allow local advisors—some 350 of them—to help set quotas on the shooting of doe and fawn.

In each of the 14 conservation districts, an advisory committee of 25 citizens recommended by legislators, sportsmen's clubs and other organizations are to be appointed

by the conservation commission. These committees are to review the deer management program and recommend deer hunting regulations in each district.

The committees would have the option to suspend antlerless deer shooting in the district, determine the number of antlerless deer to be harvested, areas within the district which should be closed to

antlerless deer hunting or that the conservation department make its own determination of deer hunting regulations.

Main purpose of Saturday's meeting was to acquaint hunters with what the deer actually eat. Baumgras explained that a deer needs approximately four pounds of good feed per hundred weight

(See DEER, page 6.)

The department's antlerless deer policy was not without its critics.

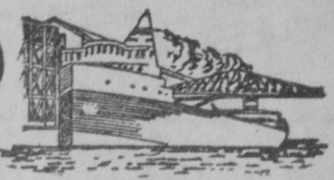

HUNTERS attending the day-long program look at a deer along Wilber Road in Baldwin Township.

HAROLD DYKEMA, district game biologist, performs an autopsy on a deer killed last week when struck by an automobile.

## Receives Recruiting Excellency Award For Naval District

Gov. George Romney, an honorary commodore of the navy recruiting service, has presented Cmdr. Max E. Cawley, commanding officer of navy recruiting, Detroit, with the navy recruiting excellency award.

The award, sponsored by Capt.

Elmer D. Anderson, director of the fifth navy recruiting area, is awarded to the recruiting district that excels in the enlistment and re-enlistment of naval personnel, procurement of officer applicants, nurse corps candidates and enlistment in special programs offered by the navy. Recruiting districts in competition for the award comprise the fifth recruiting area, Illinois, Indiana, Michigan, Missouri and Wisconsin.

Commander Cawley in accepting the award paid tribute to his hard working team of navy recruiters. He noted that it was through their dedication that Michigan, as it has traditionally been, is once more one of the leading states in providing outstanding young men and women to man far-flung naval forces.

## Congo Missionary to Speak at Baptist Church

### YWL Hears Talk and Sees Slides on Colleges Today and in Future

Young Women's League met Thursday night at the home of Mrs. Irene Jordan with Mrs. Beverly Mills, assisting hostess. Seventeen members answered to roll call.

After the regular business meeting, Warren Huff was introduced and he spoke on colleges of today and what the future will mean to those who enter college. He also showed slides.

The next meeting will be past presidents night and the meeting will be held at the Methodist parish house March 24. A fashion show will be held some time in April.

Refreshments were served at the close of the meeting.

### Women's Club Met Wednesday After Two-Month Vacation

The Whittemore Women's Club met Wednesday night at the home of Mrs. Bruce Goupil after a two-month winter vacation. Assisting hostesses were Mrs. Roy Charters and Mrs. Merlin McLean. After the regular business session, the meeting was turned over to the program chairman, Mrs. Helen Gallant, who presented an interesting program on state capitals.

Members participated by reading a short article about each capital and the state flag was placed on display. Sixteen state capitals were given. Others will be presented at a later date.

Sixteen members answered roll call with holiday reminiscing. Refreshments were served on a table in St. Patrick's Day motif.

Members were pleased to have Mrs. Emma Fogarty of Detroit as a guest and also to have Mrs. Frances Jackson of Tawas City in attendance.

A3C Ronald Armstead left last week for Spain after a month's furlough here at his home.

Mrs. George Jackson of Tawas City spent a few days the past

week with Mrs. John Barrington. Mr. and Mrs. Arden Charters returned last Monday evening from a two-week vacation in Florida.

Mr. and Mrs. Robert Curtis spent last Friday in Bay City.

Mr. and Mrs. Merrill Burnside and mother spent last week-end in Flint with relatives.

Elder and Mrs. Charles Twining spent the week-end at Marquette with their daughter, Mrs. Selms, and family.

Born to Mr. and Mrs. S. Wieland Sunday evening a baby girl at Tolfree Hospital, West Branch. Mrs. Wieland is the former Jeannie Freel.

Mrs. A. Miller and sister, Mrs. E. Fogarty of Detroit, who is visiting Mrs. Miller, spent a few days the past week in Alpena with their sister.

Mr. and Mrs. Elgin O'Farrell have returned from a two-week vacation in Florida. The latter's aunt, Miss Agnes Cliff, who spent the winter in Hanes City, Florida, returned home with them.

Virgil Bellville of Independence, Missouri, spent a few days here the past week and drove his father's car, which he purchased back to Independence.

Mrs. Merrill Burnside and Mrs. P. Payne spent Thursday in P. City.

### Class on Ceramics Given at Home Study Club Meeting

Reno Home Study Group met at Mrs. John Eimers' home March 9. Mrs. Eimers gave a class demonstration in ceramics for the 10 members and one visitor. Among those attending were Irene Mott, Blanche Bailey, Val Samson, Portia Payne, Margaret Shinevar, Ella Berry, Blanche Cobb, Dorothy Mielock, Idella Wood and guest, Dolly Eimers of Saginaw.

Pot-luck lunch was served. At the March 16 meeting, the group will study painting ceramics.

Sunday, Mr. and Mrs. William Groulx of East Tawas visited at the Frank Smith home.

The William Bambergers attended the races at Windsor during the week-end.

The LeRoy Schlagel family of Flint spent Saturday with her parents.

Mrs. Charles Revord is a patient at Tolfree Hospital, West Branch. Susan Schuster of Tecumseh spent the week-end at her home.

Mrs. Walter Smith entertained her parents, the Theodore Anschuetzes, Sunday.

Mrs. Elbridge Cataline and Mrs. Donald Grabow were at Bay City Saturday.

The Burton Partlo family of Whittemore called on the Harvey Smiths Monday night.

Saturday, Ronald Blust of Midland visited Theodore Lichota. David Winchell and Ruth Ann Youngs were married last Saturday.

The Edward Magalskis entertained Mr. Campbell from Van Etan Lake Friday.

The Floyd Shaffer family of Flint spent the week-end with her parents, the Sam Bogers.

Mrs. Janet Popejoy and family and Mrs. Carol Norris visited their parents, the George Vliets, during the week-end.

Monday, Mrs. Frank Smith attended a demonstration party given by Mrs. Alice Goupil at Whittemore.

### Pre-Easter Program Given at WSCS Meeting

A pre-Easter program concerning death and resurrection was presented by Mrs. Edward Doak, program leader, and Mrs. Ralph Burt at the March 8 meeting of East Tawas Methodist WSCS. Seventeen members met at Mrs. Burt's home. Mrs. Alden Phelps served as organist.

Mrs. John Schirmer showed Sunday school class material now being used by the children. During the business session conducted by Mrs. Peter Lichtfusz, president, a mother-daughter banquet was planned for Tuesday, May 3. For the event, Faith Circle will have charge of programs; Hope Circle, decorations; Charity Circle, dinner. It was voted to provide refreshments for Isosco Retarded Children's Association classes which are held at Tawas City Baptist Church.

Hostesses, Mrs. Donald Turbin, Mrs. Joseph Dibley and Mrs. John Proctor, served assorted sandwiches and green mint salad from a table decorated in St. Patrick's Day motif. Mrs. William Lyon entertained the group with Irish songs.

Friends of Mrs. Herman Fahselt are sorry to hear she fell and fractured her hip. She was taken to Tawas Hospital and transferred to a Saginaw hospital.

During the week-end, Mr. and Mrs. Floyd Denzer of Midland were at their North Sand Lake Road trailer.

### Baptist Ruth Circle Met March 8

Tuesday, March 8, members of Ruth Circle of First Baptist Church, Tawas City, met at the home of Mrs. Lawrence Clements. Mrs. Marvin Davenport led devotions and refreshments were served by the hostess.

The April 12 meeting will be staged at Mrs. Davenport's home, East Tawas.

## Hemlock News

Last Wednesday evening, Hemlock Farm Bureau met at the home of Mr. and Mrs. Earl Herriman.

Miss Mae Graye Hunt of Kalamazoo is in a hospital suffering from a slight stroke. Friends here wish her a speedy recovery.

Mr. and Mrs. Raoul Hermann of Pontiac spent last week Saturday with her mother, Mrs. Charles Brown. Mr. Hermann moved his mother from Tawas Hospital to a rest home.

Callers at the Henry Smith home last week were Mr. and Mrs. William Sellaway of Long Lake, the Alden Millers of Hale, Ted McArdle of the Meadow Road, Mr. and Mrs. Thomas Berry of Lupton.

The Kenneth Herriman family of Allen Park enjoyed last week-end with Mrs. Herriman's parents, the Fred Pfahls.

Last week-end, Mr. and Mrs. William Dell and family of Grand Blanc visited the Victor Herrimans.

The Elwood Herriman family of Davison enjoyed last week-end with his parents, the Earl Herrimans.

Mr. and Mrs. Fred Pfahl called on Mrs. Louise McArdle last Thursday.

Tuesday evening, Mr. and Mrs. Alton Durant and Darl visited Mrs. Clara Smith.

The Victor Herrimans were Wednesday dinner guests at the Charles McLean residence.

Mr. and Mrs. Joseph Poe of Bay City, the Ray Peters family of Saginaw, Mrs. Alta Borders and children were recent dinner guests of their parents, Mr. and Mrs. Lester Biggs.

THE BIBLE  
SPEAKS  
TO YOU

Continuing a study of the spiritual versus material concepts of substance, Christian Science churches this week will present a lesson-sermon on "Matter."

Jesus' parable on the tares and the wheat (Matt. 13) will be used for the responsive reading. Another of the Bible references to be considered is from II Timothy: "In a great house there are not only vessels of gold and of silver, but also of wood and of earth; and some to honour, and some to dishonour. If a man therefore purge himself from these, he shall be a vessel unto honour, sanctified, and meet for the master's use, and prepared unto every good work."

A corresponding passage is from the Christian Science textbook: "The suppositional warfare be-

"For heaven's sake! Can't you each take turns singing!"

## Study of Italy Featured at Mission Society Meet

A study of Italy was featured at the March meeting of Nazarene Women's Mission Society. Mrs. George Hamilton of East Tawas entertained the group. Devotions were presented by Mrs. C. H. Symons. Used clothing was packed for the Rev. and Mrs. Burkhardt, missionaries at British Gulana.

Mrs. Symons' Tawas City home will be the scene of the April 13 session.

## State Bishop to Speak at RLDS Church Mar. 17

TRACK COACH Robert McDonald is shown at right while outlining a conditioning program for members of Tawas Area High School's track team. The Braves began workouts last week for the spring season which opens in April.—Tawas Herald Photo.

## Braves Thinclads Open Workouts

Tawas Area School opens spring track competition on Tuesday, April 12, with a three-way meet at Oscoda between the Braves, Owls and Bay City Central.

Coach Robert McDonald said Monday that 45 boys had turned out for track this spring at Tawas Area, largest roster in the school's history.

Included are 14 lettermen, headed by Ed Cain, conference champion in quarter-mile last year; Dick Grebe, co-captain with Cain and an outstanding high jumper; Dale MacLean, who returns to Tawas this year after a season at Midland. As a sophomore here, he was the leading scorer.

Other letter-winners from last year include Dave Thunberg, Dan Phillips, Keith Robinson, Jim LaBlance, Bill Inglis, Bill Deckett, Joe and John Bailey and Gary Martin.

The Braves started conditioning workouts last Wednesday and McDonald said he expects to have plenty of depth in his squad this season.

Terry Gourneau, an outstanding sprinter last season, will miss track this year because of an injury received in an auto accident last December. He will be a manager.

McDonald said that he expects his toughest competition this year in conference action to be from the Oscoda Owls, regional and conference champion of 1965.

Roger Spencer, a member of the school faculty, has volunteered to assist McDonald with coaching this spring.

### In the Service—

#### Airman Pulnam to Take Training at Sheppard AFB

Airman Michael L. Putnam, 19, son of Mr. and Mrs. Leon F. Putnam, Tawas City, has been selected for training at Sheppard Air Force Base, Texas, as an air force communications specialist.

The airman, a 1964 graduate of Tawas Area High School, recently completed basic training at Lackland Air Force Base, Texas.

His wife is the former Carol Marsh.

Pvt. Michael Ellsworth, son of Mr. and Mrs. Forrest Ellsworth of Whittemore, has been assigned to an eight-week course in mechanical training at Fort Carson, Colorado. He was attached to the 75th maintenance division there.

The 20-year-old soldier is a 1964 graduate of Whittemore-Preseott Area High School and had been employed at the Chevrolet Otterburn plant, Flint, until he entered the service in November 1965.

He completed his basic army training at Fort Knox, Kentucky, January 29 and after a 10-day furlough at home, he reported for advanced training at Fort Carson.

BMC Kenneth W. Cater, son of Mr. and Mrs. Harry C. Cater, East Tawas, is the new commander of the 15-man Islamorada (Florida) Coast Guard Station.

Cater became the first non-commissioned officer to command the station since it was established in 1962.

The Islamorada Coast Guard Station, consisting of six noncom and nine enlisted men, is located in a 176-foot six-deck, houseboat anchored in the Florida Keys.

Cater, 37, and a 19-year veteran of the coast guard, had been transferred last September from Cape San Juan, Puerto Rico.

### RENO NEWS

Recent visitors at the home of Mr. and Mrs. Lyle Robinson were Mr. and Mrs. Fred Caverly and daughters, Diane and Mary Lou; Mr. and Mrs. Duane Caverly, Larry and Lori; Miss Judy Robinson and friend, Gary Smith of Flint.

Mrs. Margaret E. Charters and son, Byron of Alpena, left last Friday for a week's visit with her daughter, Mrs. Richard Avery of Three Oaks.

The Rev. and Mrs. Loukes of Ann Arbor visited Miss Florence Latter one day last week.

Mrs. Lyle Robinson, Mrs. Fred Caverly, Judy Robinson and friend, Gary Smith, attended the class D basketball district finals in AuGres March 5.

Norman Charters, Robert Roberts and William Redmond from this township were among those who took their selective service physicals at Detroit last Wednesday.

Misses Janet and Eilene Clemens and brother, Allan, attended the basketball tournament game at Mt. Pleasant Tuesday evening.

Misses Florence and Iva Latter visited Mrs. Frances Bigelow at Tawas Wednesday.

### WILBER NEWS

Several from Wilber attended the funeral services for Diane Guthrie Saturday at East Tawas. Diana was the daughter of Mr. and Mrs. Lester Guthrie of California. Mrs. Guthrie is the former Martha Adelsburg of Wilber.

Mrs. J. C. Helveston Jr. and Lynn of Saginaw spent the weekend with the Kenneth O'Brien family.

Sunday callers at the E. C. Harris home were the Thomas Kennedy family of Oscoda and the Ralph Graves family of Hale.

Mrs. Flossie Briton of Flint is visiting at the home of her brother, Herbert Phelps, and Mrs. Phelps.

Wednesday evening supper guests at the John Newberry home were Mr. and Mrs. Stanley Alda.

Mrs. B. C. Harris and Mrs. Hershah Hyzer were at South Branch Friday and called on Mrs. Hollis Abbott.

The Thomas Harris family of Grand Blanc spent Saturday at their home here.

Friday evening, Mr. and Mrs. Bertram Harris had John Newberry, Mr. and Mrs. Hershah Hyzer and Steven as supper guests. The occasion was Steven's birthday.

Mrs. Stephen Meeks has returned to Tawas Hospital for treatment.

Mrs. John Newberry spent several days at Bay City visiting relatives.

Russell Tomlinson is home from Tawas Hospital, recovering from a hand injury.

Mr. and Mrs. John Alda returned Saturday from a trip to Hawaii to see their son, Harold. Enroute home, they visited the Franklin Jarrell family in Oklahoma and the Kenneth Schmid family at Warren.

### TA Chamber Prexy Spoke at AuGres

At the March 14 dinner meeting of the AuGres Chamber of Commerce, Leonard Calabrese, Tawas Chamber of Commerce president, was guest speaker.

The AuGres Chamber of Commerce is now in the process of reorganizing and is interested in initiating a fair share minimum dues schedule similar to the now proven successful dues schedule used by the Tawas chamber.

Calabrese outlined the initial and follow-up steps as performed by the Tawas chamber when it introduced the fair share plan for the first time in 1965.

Calabrese pointed out that the profit in the results as approximately \$6,000 was collected in 1965, whereas just over \$5,000 was the previous larger amount.

He also pointed out the important role a chamber of commerce must play as central directing force for establishing a strong foundation upon which a community can receive its share of economic growth.

### Receives Federal Aid for Educational Oasis Program

Oscoda Area School was included in nearly \$18,000,000 in federal education funds allocated to Michigan school districts since last fall.

The Oscoda school received \$31,187 for an educational oasis program.

A DEER requires four pounds of browse per day per 100 weight, explains Philip S. Baumgras, district game manager.—Herald Photo.

## Observe 55th Wedding Anniversary

Mr. and Mrs. Orville McDonald of Tawas City will observe their 55th wedding anniversary Wednesday, March 16. They were married at the East Tawas Methodist Church.

Mr. McDonald worked 44½ years as a boiler maker and welder for the Detroit and Mackinac Railway Company. He has lived at Tawas City all his life. Mrs. McDonald was born April 10, 1891, at East Tawas.

## Notified of Death of Former ET Resident

Mr. and Mrs. Frank Wilkusi have been notified that Edna Jackson, wife of Seth Jackson of Arlington, Virginia, died in December. The Jacksons lived at East Tawas in the 1930s when he was camp superintendent of Silver Creek during the beginning of the CCC program and later assistant supervisor in the Huron National Forest. Mr. Jackson is now in the division of personnel management at Washington, D. C.

The Jacksons had visited in the area and spent many summer vacations at East Tawas. Their last visit was in 1961.

## Plan June Wedding

Engagement of Miss Roseanne Siegrist and Thomas Neuhard is announced by her parents, Mr. and Mrs. Martin J. Siegrist of Whittemore. A June wedding is planned.

The prospective bridegroom is the son of Mr. and Mrs. Robert F. Neuhard. Miss Siegrist and her fiancé are graduates of Central Michigan University.

## Friends and Relatives Help Celebrate Birthday

Friends and relatives of Ernest Ziehl of Bridgeport visited their mother, Mrs. Kate Herman, during the week-end. Mrs. Herman and her daughters, Mrs. McCarty, Mrs. Ziehl, Mrs. Eugene Coates, Mrs. Lyle Long, Mrs. Richard St. Martin and Mrs. Milton Unkel, met at the Unkel home for a gathering. Linda Lansky, Mrs. Floyd Loring and Mrs. Alfred Noel reported seeing robins Monday.

## Drape Charter in Honor of Deceased Member

A drape charter was draped in honor of a deceased member, Alma McGuire, at the March 14 meeting of Isoco County VFW Auxiliary. It was reported that Frank Hill, post commander, and Thomas King, senior vice commander, who are hospital patients, are improving. Harriett Wamsby of Bay City, district trustee, was a guest.

Lunch was served by Margaret Myers and Opal Kyser. Clara Wilder won the mystery package. The next session is slated for March 28 at the post home.

## Community Chorus to Hold Concert April 24

Lt. Wayne Hostetter has announced that new members for Tawas Community Chorus will be welcomed until March 22. The chorus is rehearsing for the spring concert which has been set for Sunday, April 24. The 3:00 p. m. event will be presented at Tawas Area High School Auditorium. The three-section program will include patriotic music, the religious spirit of American music and music by American composers and arrangers.

## Christopher K. DeLage Baptized Sunday

Christopher Kenneth DeLage, infant son of Mr. and Mrs. Kenneth DeLage of Pontiac, was baptized Sunday, March 13, at St. Michael's Church, Pontiac. Sponsors were Mr. and Mrs. Robert Frank of Saginaw.

Following the service, dinner was served at the DeLage home. Attending were Mr. and Mrs. William DeLosh, Mr. and Mrs. Russell Carney and Mrs. Blanche Butts of Tawas City; Mr. and Mrs. Claude DeLosh and son, Maxim DeLosh and children of Detroit; William DeLosh Jr. and Joseph Proulx of Pontiac.

## About PEOPLE YOU KNOW

## RECONVEYANCE NOTICE

To the Owner or Owners of any and all interests in or liens upon the Lands herein described:

**TAKE NOTICE:** that sale has been lawfully made of the following described land for unpaid taxes thereon, and that the undersigned has title thereto under tax deed or deeds issued therefor, and that you are entitled to a reconveyance thereof, at any time within six months after return of service of this notice, upon payment to the undersigned or to the Register in Chancery of the County in which the lands lie of all sums paid upon said purchase, together with fifty per centum additional thereto, and the fees of the Sheriff for the service or cost of publication of this notice, which fee shall be the same as provided by law for service of subpoenas or for orders of publication or the cost of such service by registered or certified mail, and the further sum of five dollars for each description, without other additional cost or charges: Provided, That with respect to purchasers at the tax sale held in the years 1938, 1939 and 1940 the sum stated in such notice as a condition of reconveyance shall only be all sums paid as a condition of the tax title purchase, together with ten per centum additional thereto. If payment as aforesaid is not made, the undersigned will institute proceedings for possession of the land.

**DESCRIPTION OF LAND**  
State of Michigan, County of Iosco

SE 1/4 of SE 1/4, Sec. 4, T23N, R8E.  
Amount paid \$13.77, tax for year 1961.  
Amount necessary to redeem \$25.65 plus the fees of the Sheriff, and costs of publication.

Carl B. Babecek  
Place of Business  
Tawas City, Michigan

To Mary L. Penoyar, last grantee in the regular chain of title of such lands, or of any interest therein, as appearing by the records in the office of the Register of Deeds of said County, at the date of delivery of this notice to the Sheriff for service.  
**STATE OF MICHIGAN,**  
County of Iosco ss.

I Do Hereby Certify and Return, that the within notice was delivered to me for service on the 1st day of February 1966, and that after careful inquiry, which has been continued from that time until this date, I am unable to ascertain the whereabouts or postoffice address of Mary L. Penoyar, the person appearing by the records in the Office of the Register of Deeds of said County, to be the last grantee in the regular chain of title to the within described lands at the said date of the said delivery of such notice to me for service or of and personal examination of said premises discloses the fact that the same is vacant.

## LEGAL NOTICE

### NOTICE OF INTENTION TO CONSTRUCT SEWER

NOTICE IS HEREBY GIVEN THAT THE CITY OF TAWAS CITY, IOSCO COUNTY, MICHIGAN, intends to construct a sewer in Elms Avenue commencing at the intersection of Elms Avenue and Crocker Boulevard thence Northwesterly in Elms Avenue Five Hundred Fifty Feet (550') to the intersection of Nanette Street and Elms Avenue, said lands being in The Elms Second Addition and the Elms Gardens Addition to Tawas City, according to the recorded Plat thereof, thence North in Nanette Street approximately Five Hundred Fifty Feet (550') to the intersection of Margo Street and Nanette Street, thence Southwesterly in Margo Street approximately Two Hundred Thirty Feet (230'), said lands being in the Elms Gardens Addition to Tawas City, according to the recorded Plat thereof, all in the City of Tawas City, Iosco County, Michigan.

**NOTICE FURTHER,** that a Special Assessment District will be constituted and created to pay the costs of the construction of said sewer.

**NOTICE IS FURTHER GIVEN** that on MONDAY, the 4th day of April, 1966, at 7:30 P. M., Eastern Standard Time, the City Council and Water and Sewer Board of said City will meet in the Council chambers in the City Hall in Tawas City, Michigan, to consider any suggestions and objections that may be made by parties interested with respect to such sewer.

A diagram of said sewer including the plans and specifications for the construction thereof, together with a map of the Special Assessment District proposed to be assessed to pay for the construction of said sewer, may be found for examination at the City Hall in Tawas City, Michigan. Dated this 7th day of March, 1966.

**WALTER C. NELSON**  
City Clerk 11-3b

## MORTGAGE SALE

Default having been made in the conditions of a certain mortgage by GARY LEE MACLAM and ROSE M. MACLAM, his wife, to GEORGE O. FETTERS and COMPANY, a Michigan corporation, dated the 23rd day of October, 1963, and recorded in the office of the Register of Deeds for the County of Iosco and State of Michigan, on the 30th day of October, 1963, in Liber 56 of Mortgages, on Page 102, and subsequently assigned to FIRST SAVINGS AND LOAN ASSOCIATION, of Saginaw, Michigan, a Michigan corporation, by assignment dated the 18th day of November, 1963, and recorded in the office of the Register of Deeds for the County of Iosco and State of Michigan, on the 22nd day of November, 1963, in Liber 56 of Mortgages on Page 212, on which mortgage there is claimed to be due at the date of this notice, the sum of TEN THOUSAND FOUR HUNDRED FIFTY-EIGHT and 45/100ths (\$10,458.45), and an attorney's fee as provided for in said mortgage, and no suit or proceedings at law having been instituted to recover the moneys secured by said mortgage, or any part thereof.

Notice is hereby given, that by virtue of power of sale contained in said mortgage, and the statute in such case made and provided, on Friday the 27th day of May, 1966, at ten o'clock A. M., Eastern Standard Time, the undersigned will, at the front entrance to the Court House in the City of Tawas, Michigan, that being the place where the Circuit Court for the County of Iosco is held, sell at public auction, the premises described in said mortgage, or so much thereof as may be necessary to pay the amount then due on said mortgage, including unpaid interest, legal costs and attorney's fee, and taxes or insurance that the undersigned may pay on or prior to the date of said sale, which said premises so to be sold are situated in the Township of Oscoda County of Iosco, State of Michigan, and are described as:

LOT 24, Jack's Subdivision, according to the plat thereof recorded in liber 6, page 40 of Plats, Iosco County Records. Dated March 2, 1966

## LEGAL NOTICE

### ORDINANCE NO. 5

AN ORDINANCE REQUIRING THE LICENSING OF PERSONS ENGAGING IN THE OPERATION FOR PROFIT OF MARINAS, RIDING STABLES, POOL OR BILLIARD ROOMS, DANCE HALLS, MECHANICAL AMUSEMENT DEVICES, AND GARBAGE COLLECTION; WITH PENALTIES FOR ENGAGING IN SAID OPERATIONS WITHOUT A LICENSE. THE TOWNSHIP OF GRANT ORDAINS

Section 1. No person, firm or corporation shall, either as owner, proprietor, operator or manager, establish, maintain, or operate for profit any marina, riding stable, pool or billiard room, dance hall, mechanical amusement device or garbage collection service without first obtaining and thereafter possessing a license in a manner hereinafter provided.

**Definitions**  
Section 2. Operating a "marina" shall mean engaging in a business involving repeated sales, use, rental or rentals of a boat, boats or other water borne vessels.

Section 3. Operating a "riding stable" shall mean repeated provision for profit of a horse, horses or other animals for riding.

Section 4. "Pool rooms," "billiard rooms" and "dance halls" shall have the meanings usually and normally accorded to said terms.

Section 5. "Mechanical Amusement Device" shall mean any machine which, upon the insertion of a coin, slug, token, plate, disc, or key, may be operated by the public, generally, for use as a game, entertainment, or amusement, whether or not registering a score, or for the emission of songs or music. It shall include such devices as marble machines, pinball machines, skill ball machines, mechanical grab machines, nickelodians, music boxes, and all games, operations, or transactions similar thereto by whatever name they may be known.

**Application For License**  
Section 6. Application for the license required above shall be made in writing by the owner, proprietor, operator or manager of such business to the Township Clerk. Included in said application shall be a sworn statement giving the location of such business, the names and addresses of the applicant, the owner of the premises, the operator and the manager or other local agent, if other than the owner, operator or manager, together with a detailed description of the operation contemplated.

**Investigation**  
Section 7. The Township Clerk may refer any application for a license to the Enforcing Officer for an investigation and recommendation on matters pertaining to the public safety, health, or welfare which are or may be involved in the exercise of the license applied for, including the good moral character of the person, firm or corporation applying for such license, and including such other information as may be necessary to establish the identity of the applicant.

**Cost of License**  
Section 8. The cost of the license required by this Ordinance shall be the sum of Five Dollars (\$5.00) each.

**Issuance of License**  
Section 9. Upon recommendation by the Enforcing Officer that a license be issued and the receipt from the applicant of said license fee, the Township Clerk shall issue the license applied for.

**Term of License**  
Section 10. All licenses shall begin on May 1st in each year and shall terminate on April 30th of the following year: Provided, that any license issued between March 30th and April 30th of any year shall expire on the 30th day of April one (1) year after the date of the issuance thereof.

**Authority of Township Officers To Enter And Inspect**  
Section 11. Acceptance of any person, firm or corporation of a license granted under this Ordinance shall constitute permission to any officer of the Township to enter upon and inspect the premises or property where such license is exercised at all reasonable times.

**Renewal**  
Section 12. Application for the renewal of any license shall be considered to be and shall be treated in the same manner as an original application for such license.

**Non-transferability**  
Section 13. Licenses issued by the Township shall not be transferable, unless specifically authorized by the Township Board.

**Suspension And Revocation**  
Section 14. Any license required by this Ordinance may be suspended or revoked, or the renewal thereof refused, for misrepresentation of any material fact in the application for such license or

## LEGAL NOTICE

for any good cause, by the Township Board or by the officer of the Township to whom application was required to be made to secure such license. The term "good cause" as used in this Section, shall mean any act, omission, or the permitting of a condition to exist, with respect to the license in question, which is:

(a) Contrary to the health, morals, safety, or welfare of the public;

(b) Unlawful or fraudulent in nature;

(c) A violation of this Ordinance;

(d) Beyond the scope of the license issued; and/or

(e) A fact, circumstance, or condition, which, had it existed or been known to the issuing authority at the time the license was granted, would have been sufficient grounds for the refusal thereof.

**Notice And Revocation Of License; Hearing**  
Section 15. No license issued under this Ordinance shall be revoked except after hearing with not less than ten (10) days' notice to the licensee stating the time and place of such hearing and setting forth reasons for revocation. Said notice shall be mailed to the licensee holder by the Township Clerk certified mail, return receipt requested, at the address set forth in the application for said license.

**Appeal To Township Board**  
Section 16. An applicant for any license who has been refused such license or a person whose license has been revoked for any reason by the authorized issuing officer may appeal such refusal to the Township Board by setting forth all the facts in a written petition and filing the same with the Clerk. The Township Board may act on such petition upon the facts set forth therein or may grant a further hearing to the applicant. The decision of the Township Board on such appeal shall be final.

**Licenses To Minors Prohibited**  
Section 17. No license shall be issued under this Ordinance to any person under the age of eighteen (18) years.

**Clerk To Keep Record Of License Applications**  
Section 18. The Township Clerk shall keep a record of all applications for licenses made under this Ordinance indicating whether the license applied for in each case has been granted or withheld, and, if withheld, the reason therefor.

**Appointment Of Enforcing Officer**  
Section 19. Ronald Ponke and Carl Smith are hereby appointed the Enforcing Officers of this Ordinance. The Township Board shall, whenever required, provide by Ordinance for replacements.

**Penalties**  
Section 20. Any person, firm or corporation engaging without a valid, existing license in any of the operations or activities covered by this Ordinance shall be punished by a fine not exceeding One Hundred Dollars (\$100.00) or by imprisonment in the County Jail for a period not exceeding ninety (90) days, or by both said fine and imprisonment in the discretion of the Court. Each and every day this Ordinance is violated shall be deemed a separate offense.

**Publication And Effect**  
Section 21. Publication of this Ordinance shall be made by causing a true copy thereof to be inserted twice in The Tawas Herald, which insertion shall be made within ten (10) days after the passage thereof. Said Ordinance shall not take effect until thirty (30) days shall have elapsed after the publication thereof, at which time it shall take immediate effect.

Duly adopted by the Township Board of the Township of Grant, Iosco County, Michigan, at a regular meeting thereof, on the 7th day of March, 1966.

## LEGAL NOTICE

**OFFICIAL NOTICE OF SALE TOWNSHIP OF PLAINFIELD IOSCO COUNTY, MICHIGAN \$65,000.00 SEWER SPECIAL ASSESSMENT BONDS SERIES 1965**

Sealed bids for the purchase of Sewer Special Assessment Bonds, Series 1965, to be issued by the Township of Plainfield, Iosco County, Michigan, of the par value of \$65,000.00 will be received by the undersigned, at the Township Hall of said Township, which hall is located on M-65 in the unincorporated municipality of Hale, Michigan, until 8 o'clock P. M., Eastern Standard Time, on Monday, the 4th day of April, 1966, at which time and place said bids will be publicly opened and read.

Said bonds will be dated December 1, 1965, will be coupon bonds in the denomination of \$1,000.00 each, will be numbered consecutively in the direct order of their maturities from 1 upwards, and will bear interest from their date at a rate or rates not exceeding 5% per annum, payable on March 1, 1966, and thereafter semi-annually on each March 1 and September 1. Each bid shall state the annual interest rate or rates upon which it is submitted, expressed in multiples of 1-8 of 1%. The interest rate on any one bond shall be at one rate only and represented by one interest coupon for each coupon period, and all bonds maturing in the same year must carry the same interest rate. Accrued interest to date of delivery of such bonds must be paid by the purchaser at the time of delivery. Both principal and interest will be payable at such bank and/or trust company as shall be designated by the original purchaser of the bond, which paying agent qualifies as such under the Statutes of the State of Michigan or of the Federal Government.

Said Sewer Special Assessment Bonds, Series 1965, will mature serially on the first day of March in each year as follows: \$1,000.00 in the year 1968, \$5,000.00 in the year 1967, \$4,000.00 in each of the years 1968 thru 1971, \$5,000.00 in each of the years 1972 thru 1975, \$4,000.00 in each of the years 1976 and 1977, and \$5,000.00 in each of the years 1978 thru 1980. The bonds of this series maturing in each of the years 1971 thru 1980 are subject to redemption at the option of the Township in direct numerical order, on any one or more interest payment dates on and after March 1, 1970, at the par value thereof and accrued interest. Notice of redemption shall be given to the holders of bonds called for redemption by publication of such notice not less than thirty (30) days prior to the date fixed for redemption at least once in a newspaper or publication circulated in the City of Detroit, Michigan, which carries as a part of its regular service, notices of the sale of municipal bonds. Bonds so called for redemption shall not bear interest after the date fixed for redemption, provided funds are on hand with the paying agent to redeem the same.

If the receipts from the special assessment in anticipation of which the bonds of this series are issued, shall not be sufficient to meet the payment of the principal of and interest on said bonds when due, then moneys shall be advanced from the general fund of the Township to meet such deficiency.

For the purpose of awarding the bonds, the interest cost of each bid will be computed by determining, at the rate or rates specified therein, the total dollar value of all interest on the bond from May 1, 1966 to their respective maturities and deducting therefrom any premium. The bonds will be awarded to the bidder whose bid on the above computation produces the lowest interest cost to the Township. No proposal for the purchase of less than all of the bonds or at a price less than their par value will be considered.

A certified or cashier's check in the amount of \$1,300.00 drawn upon an incorporated bank or trust company and payable to the order of the Township Treasurer must accompany each bid as a guarantee of good faith on the part of the bidder, to be forfeited as liquidated damages if such bid be accepted and the bidder fails to take up and pay for the bonds. No interest shall be allowed on the good faith checks and checks of the unsuccessful bidders will be promptly returned to each bidder's representative or by registered mail.

Bids shall be conditioned upon the unqualified opinion of Dick-

## LEGAL NOTICE

son, Wright, McKean & Cudlip, Attorneys, Detroit, Michigan, approving the legality of the bonds. The cost of said legal opinion and of the printing of the bonds will be paid by the Township. Bonds will be delivered at Detroit, Michigan, or such other places as may be agreed upon between the Township and the purchaser.

The right is reserved to reject any or all bids.

Envelopes containing the bids should be plainly marked "Sewer Special Assessment Bonds, Series 1965".

CONSERVATION OFFICERS and a deer hunter enjoy a coffee break during Saturday's program.—Tawas Herald Photo.

### Deer

(Continued from page 1.)

per day. Some of the choice food items include red maple, birch, white cedar, dogwood, oak sprouts and aspen, while spruce, red pine, tag alder and balsam have no nourishment and jack pine has very little.

Harold Dykema, district game biologist, Grayling, explained that one factor which has a direct bearing on available food supply is that Michigan's forest lands have now entered an era of declining food potential for deer.

He said that while large open areas with grasses and weeds had

provided excellent deer feed in past years, causing the deer population to zoom upward, certain species of pine and other trees were now becoming the dominating factor in forests, thus proving intolerant to growth of low-lying vegetation.

"The biologist looks at deer as carrying a dinner pail in one hand and a knife and fork in the other," said Dykema.

It was pointed out that Iosco County is comprised of approximately 28 percent federal forest land and about eight percent state land. The remainder is privately owned.

With forest fire control what it is today, it was emphasized that

pulpwood cutting operations were needed on private land, which would help to provide additional deer food supply by opening wooded areas to the sun and subsequent growth of low vegetation.

One problem not generally recognized was explained by Loren Woerpel, Tawas District ranger for the Huron National Forest.

While management of federal forest lands through pulpwood cutting is helping to improve deer habitat through close cooperation of federal and state forestry people, the Tawas district actually exceeded its cutting quota last year and still there is not enough pulpwood to meet market demand.

Another factor entering the picture, explained Woerpel, is that many pulpwood cutters have left the woods for higher paying jobs to the city.

It was stated that there had been some discussion recently concerning an increase in the cost of state deer hunting licenses to provide additional money for deer habitat improvement. Present policy requires, however, if such funds were used on federal lands it would have to be reimbursed to the state. Woerpel said that at present there are no federal funds for deer habitat improvement.

Several stops were made during the field trip, including a visit to a deer yard which is nearly browsed out, a stand of dense jack pine and aspen growing after a 1946 wild fire, commercial cutting of aspen, soft maple and birch and site of the AuSable Ski Bowl fire in 1956 showing needed fire trails and other openings in the dense wooded area.

At the final stop, an autopsy was performed on three doe which were killed by automobiles last week.

Dykema said that all of the deer were in excellent condition following the mild winter and showed good body fat. The biologist demonstrated how the age of a deer was determined through examination of its teeth.

Among members of the department of conservation taking part in the program were Conservation Officers Arthur Leitz of Baldwin Township and Jack LaFear of Oscoda and Forester Albert Coates of Mio.

Open Season on the Wily Crow

DURING the next few weeks, hunters carrying high-powered rifles or shotguns will be trying to outsmart the wily crow, one of the few "varmits" available in quantity to Northern Michigan target shooters. A variety of methods and equipment are used to stalk the crow—from electronic callers and owl decoys to simply picking out a hidden spot along a flyway and waiting for a bird to appear. Hunters are reminded to exercise extreme caution in the handling of firearms, particularly with high-powered rifles near the outskirts of populated areas. "It would be better to pass up a shot, rather than to endanger property or harm human life," states Conservation Officer Arthur Leitz, who also reminds hunters that a small game license is necessary. Edward Dusenbery of Tawas City is pictured here with a crow which he bagged Saturday with his 22-250 rifle, equipped with a 10-power telescopic sight.—Tawas Herald Photos.

Hale Area News

See Pictures of Crucifixion At WSCS Meeting Thursday  
 Methodist WSCS met Thursday evening with 12 present. Mrs. Gerald Wyatt and Mrs. Ira Scofield were in charge of the program, which featured pictures of the Crucifixion.

**If the first part of your vehicle identification number is here, you might be a winner.**

Here's how it works. Look at the first symbols (the prefix) on your vehicle identification slip. Then look at the symbols listed above. If you find yours on the list, you've taken the first step toward being a winner. Now go see your Buick dealer. He has a list of 72 winners posted in his showroom. If you see your entire vehicle identification number on the poster—the symbols plus the rest of the numbers—\$2332 cash is yours. (If your prefix isn't listed in this ad, don't give up. Your numbers may have been posted during the past few weeks. And every week there are 72 new winners posted on the showroom wall. So watch for next week's list of new symbols in this newspaper.) No slogan to invent, no puzzles to solve. In fact, you don't even have to own a Buick to have a winning number. While you're in the showroom, get a good look at the Buick Special. The \$2332.00\* happens to be its price. \*Manufacturer's suggested retail price for Special V-6, 2 dr. coupe. Price includes Federal Excise Tax and suggested dealer delivery and handling charges.

**Contest Rules.** Residents of Kansas, Missouri and Nebraska may, if they prefer, send in a postcard to R. L. Polk and Co., P.O. Box 1347, Detroit, Michigan 48231 and receive the weekly list of winning vehicle identification numbers. An official entry form will be included. Sweepstakes limited to persons over 21 living in the continental U.S. Not valid in Florida or states where prohibited by law.

**Buick's \$1,000,000 Sweepstakes.**  
 There's an authorized Buick dealer near you. See his Double-Checked used cars, too.

## Family Living Education

DOROTHY SCOTT, Extension Home Economist

Hello there!  
Would you like to throw away your iron to eliminate this house-keeping chore for good?

You just may do it and sooner than you think!

Permanent press has arrived (sometimes called durable press). First shapeseet clothing to reach the market were men's and boys' pants. Now available are men's slacks, blouses, dresses, skirts, other sportswear, children's wear and piece goods. There are no-iron fabrics for the homes, too, table cloths, sheets, draperies and slip-covers. And there is more to come; new uses for permanent press are being developed all the time.

What does permanent press mean? The term describes the ability of a product to retain its shape as long as it lasts. It means sharp creases, flat seams, smooth uncrinkled surfaces, seams free from puckering. It means all these things when done properly and handled according to instructions.

How is it done? Two major methods are called precreasing and post-curing. Precreasing is an improvement of methods used to "make wash 'n wear" fabrics. Curing is completed at the mill. The product is constructed then pressed on special "hot head presses" using high temperature and steam pressure to set the final shape.

Postcuring means the fabric is treated at the mill but not cured then. After the product is constructed, the cure is finished by baking it in an oven. Baking fixes the shape given by sewing and pressing.

What fibers can be used for permanent press? Cotton was first on the list. It behaved very well as to wrinkle resistance and permanent creases but there was loss of strength because of the resin treatment. Adding polyester (man-made fibers) to make a blend-fabric improved this situation.

Blends of man-made fibers can also be given permanent press. Among them are acrylic-rayon acetate, modified rayon-acetate-nylon and acrylic-rayon. The process is now most satisfactory when the blend contains at least 50 percent polyester fiber (Dacron, Fortrel, Kodel, Vycron). Polyester blends with rayon, acrylic, nylon and cotton. Successful, too, is cotton with at least 15 percent of "420" nylon.

Like all new developments, some problems have to be overcome; permanent press is not yet perfect. The number of colors is limited, new methods of handling are being found to increase the available colors.

A given color may change. Creases along pleats and hems lighten (grey-white). White fabrics tend to yellow—some people object to the creamy white shirts, others like them.

No method is now known to re-

move permanent press creases from fabrics containing cotton. For instance, hemlines are a problem. You cannot add a new crease nor take out the old one. One answer is to alter at the waistline. Home sewers will be wise to choose patterns with few seams and a minimum of fitting. They will need to be sure linings, bindings, sewing thread, etc., are fully shrunk before construction is done or puckering results. Look for the new dual-duty sewing thread (nylon core, cotton outside). It stretches a bit. Use fewer stitches per inch and a looser tension.

Buy permanent press readymades to fit because of difficult alterations. Examine clothing carefully before buying for seams that missed pressing completely and roll inward or pleats missed in pressing.

Deodorants are used in the finishing and if improperly applied, the fabric will have an odor.

For best appearance in laundering, tumble dry is required. Avoid using wringers on permanent press garments. Use no chlorine bleach.

Stain removal can be a problem. When it happens, act promptly. Most successful method is to use a nonflammable cleaning fluid.

Here are the names of key permanent press procedures: Pre-cure, coneprest, burmi-crease, never-press, sharp-shape, post-cure, Koratron, supercrease, danpress. But there will be more.

Suggestion: Clip and save the columns to be continued, giving information about new developments and finishes in fabrics.

### February Traffic Toll Higher Than in 1965

February traffic deaths in Michigan numbered 136 and were 22 or 19 percent more than 114 in the same month a year ago, according to Michigan State Police provisional figures.

The count tied with 1956 for the second worst February since record keeping in Michigan began in 1933. Highest February toll was 159 in 1964, the low 51 in wartime 1943.

The month's loss was also 28 greater than the February average of 108 in the five years 1961-65.

Traffic fatalities for the first two months this year now total 274 which is seven more than 267 in the same period last year. Delayed death reports will add somewhat to this count.

The February increase in deaths followed a reduction in January. A more complete count for January shows 138 deaths which were 15 or 10 percent under the 153 killed in that month in 1965.

BARRY McGUIRE, Eastern Michigan Tourist Association publicist, center, discusses the general area of tourism with Sen. Robert Richardson (R), Saginaw, nearest camera, and with William Dennis, chamber and association executives of Michigan president, during the groups 1966 spring legislative convention at Lansing last week. The EMTA spokesman reviewed the problems facing association members of the 27-county group.

Third in a Series—

## Obligation Bonds Explained for Financing ET Sewer Disposal

This is the third of a series of articles presented to the citizens of East Tawas to explain the financing of the proposed sewage treatment plant and improved collection system.

As a part of the financing outlined in the article of March 9, this deals with the general obligation bond issue of \$300,000, which is to be voted on at the regular election on April 4.

The state equalized valuation of the city is \$6,100,000. The legal limit for the issuance of general obligation bonds is 10 percent of the state equalized valuation, or \$610,000. It is proposed to issue \$300,000 and this leaves a margin of \$310,000 which could be used for other financing purposes, if desired. General obligation bonds are backed by the full faith and credit of the city.

The general obligation bond issue of \$300,000 will be voted on at the regular election to be held on Monday, April 4, as has been announced. At this election, only those registered voters having property assessed for taxes, or their lawful husbands or wives, may vote to issue the bonds. Approval of the bond issue must be given by 60-percent majority vote of those voting on the question. Application must then be made to the municipal finance commission of this state for approval to issue and sell the bonds, which must

then be sold at public sale. It is planned to run the bonds for not more than 30 years and they will be made callable in about 15 years. This means that they may be paid ahead of their scheduled annual payments, thus saving interest costs.

It should be stated that a new law was passed by the 1965 state legislature and which goes into effect April 4, which allows a general obligation bond issue to be passed by a majority vote. However, this applies only to home rule cities. East Tawas is not a home rule city, but it is a fourth class city (Act 215 of 1895) and so the new law does not apply to East Tawas.

General obligation bonds will sell on the market for a lesser interest rate than revenue bonds. They will not be sold for at least three months after they are approved April 4.

Ordinarily, to pay the interest and principal on this bond issue, it would require a debt tax levy of 3.6 mills per \$1,000 of state equalized valuation.

### FHA Now Accepting Loan Applications for Farm Homes

Farmers Home Administration is now accepting loan applications from rural families who need to improve their housing. Lowell F. Schaeffer, the agency's supervisor for Iosco County, announced March 8. Funds may be used to finance homes, building sites and essential farm service buildings.

Under the new program, private capital will provide the bulk of the funds with the Farmers Home Administration making the loans and guaranteeing the repayments of principal and interest to the investors.

Mr. Schaeffer said loans are available to families living on farms and in rural areas including towns of 5,500 population to construct, improve or repair rural homes and related facilities, farm service buildings, or to provide water for farmstead and household use.

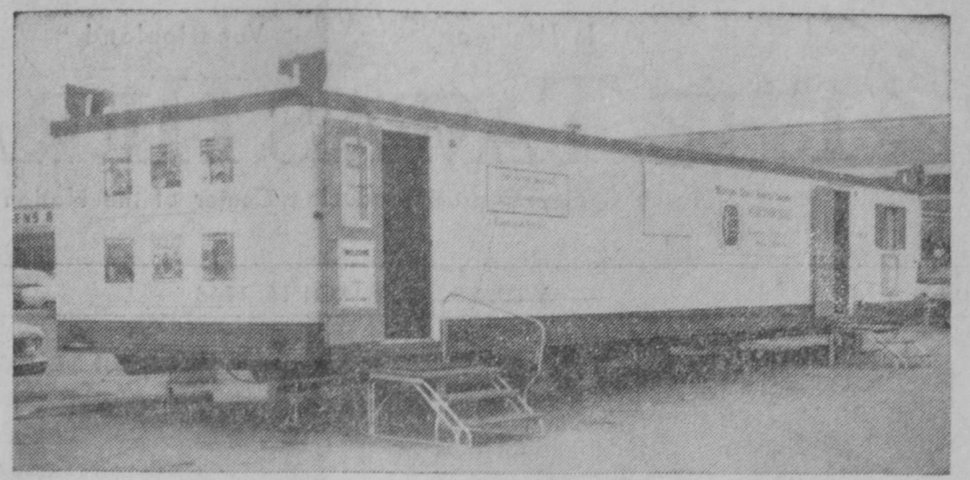

A farmer resident may use loan funds to buy a previously occupied house, to buy a site on which to build his home, to build or repair a home on land he owns. Insured rural housing loans are made to applicants who are unable to obtain the required credit from other sources.

Further information may be obtained at Farmers Home Administration, 216 North Main Street, Standish.

## Your Chance to Inspect Michigan's Healthmobile

The public is invited to visit the "Healthmobile" to see the story of Michigan medicine when the unique traveling exhibit visits the Winona Park in downtown Bay City through March 20. The Healthmobile will be a highlight of the Bay City Health Week.

The Michigan State Medical Society Healthmobile will tell local adults and children about the exciting Michigan developments in medical research and health care. The attractive mobile unit—the first of its kind in the nation—also will seek to interest young people in careers in the health field.

The unit is sponsored by the Bay-Arenac-Iosco County Medical Society and its auxiliary.

The Healthmobile, a handsome 12 by 50-foot trailer, describes the story of Michigan medicine from the wooden stethoscope of 100 years ago to the gleaming heart and lung machines of today. The slogan, "A Century of Service in Michigan Medicine," is developed by colorful, authentic displays that

begin with the work of Dr. William Beaumont at Mackinac Island, into the Civil War period, and on through the turn of the century to date.

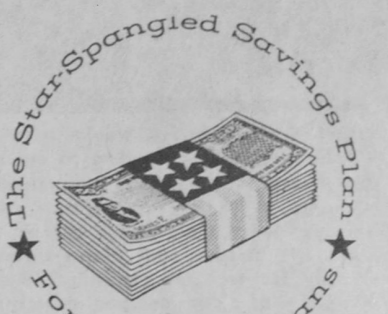

Helping to portray Michigan's contributions to medical advances during the century are special exhibits prepared by the University of Michigan, Wayne State University, Michigan State University, Department of Public Health, Michigan Health Council and two major Michigan pharmaceutical companies.

One of the popular, education exhibits was provided by the American Medical Association. It is the transparent human figure with a panel of buttons keyed to various organs and muscles which light up as the appropriate button is pressed.

Michigan's medical education is traced from the founding of the University of Michigan Medical School in 1850 and from the founding of Harper Hospital in Detroit in 1868 as the fore-runner of

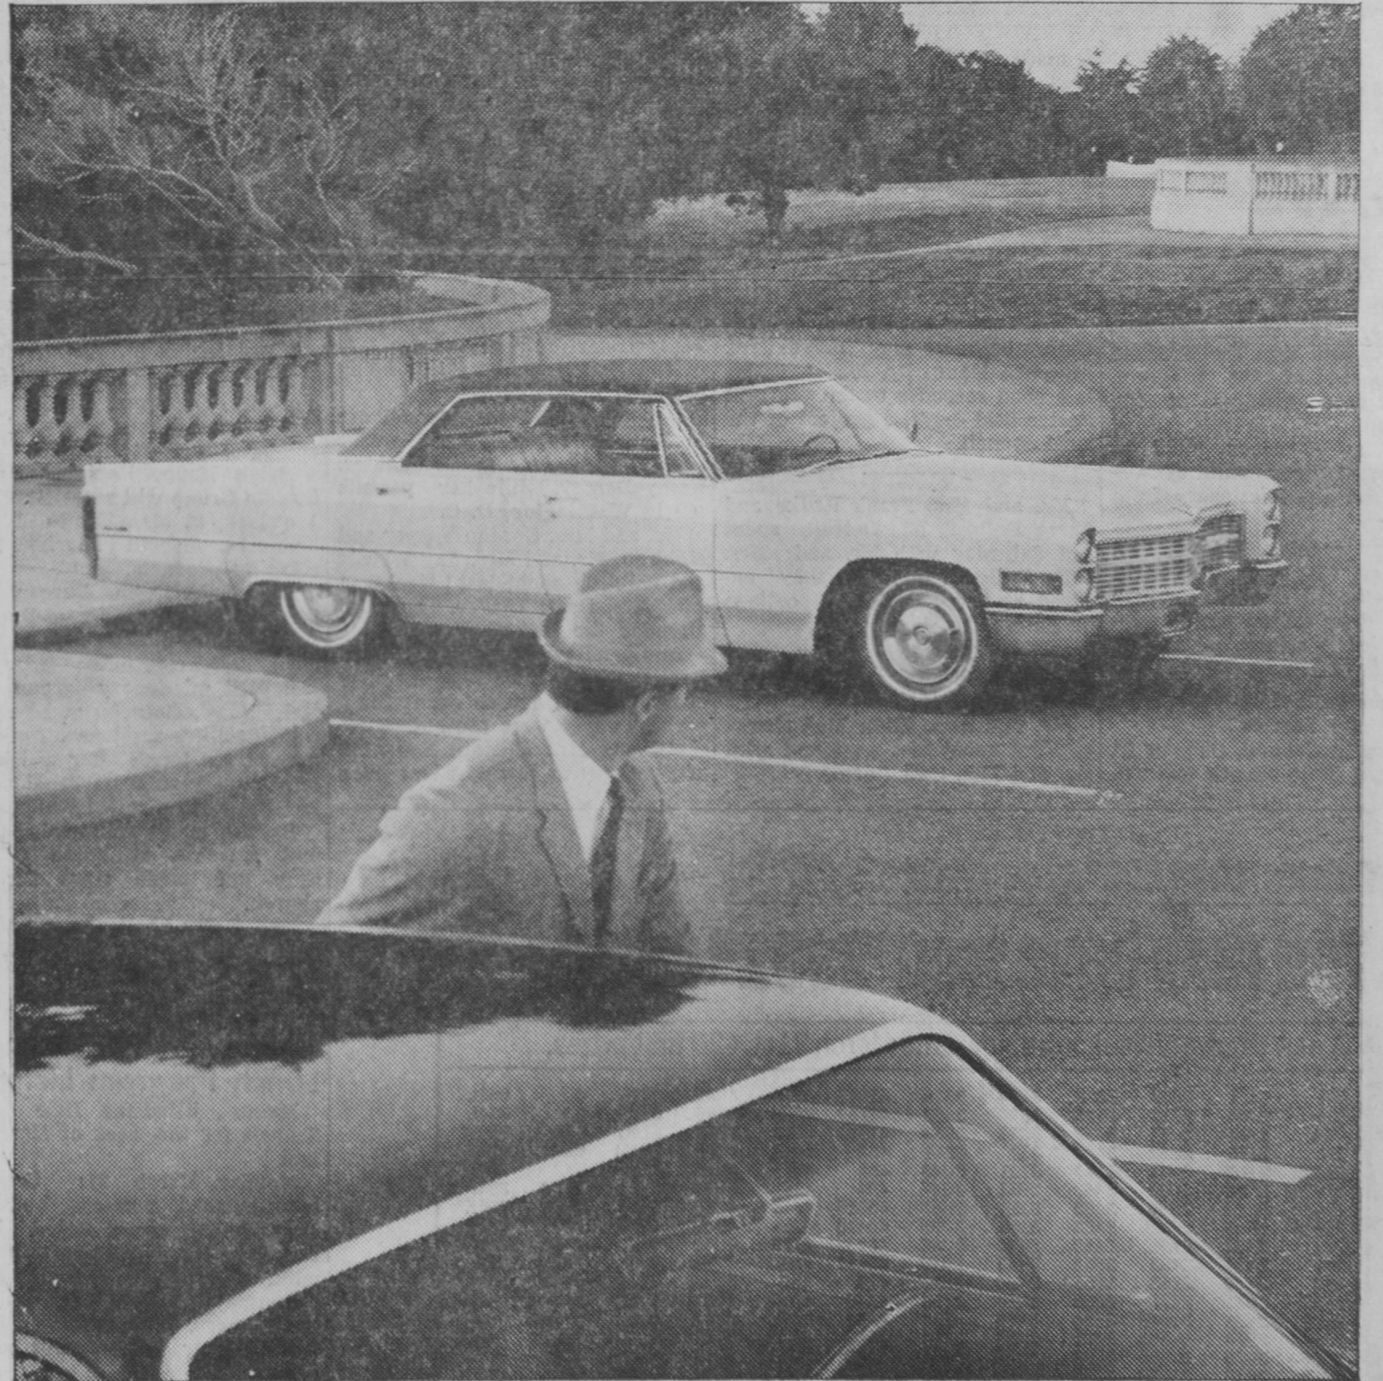

the present Wayne State University Medical School to the new developments in Michigan State University.

The work of the Michigan State Health Department in protecting the health of the public is told in one of the exhibits.

Compare! Whatever car you may be considering as your next, you should investigate the many superiorities of Cadillac. Its performance, luxury, distinction and lasting value will convince you that you could make no better motor car investment.

Match Cadillac against any other car at or near its price and it will prove its extra value beyond a doubt. For example, you'll find no other car of Cadillac's size that performs so nimbly or handles so deftly. Cadillac is respected by authoritative automotive writers as a "driver's car" for its outstanding road capabilities. No other automobile offers such a satisfying combination of comfort, roominess, luxury and conveniences. Cadillac is unexcelled in the motoring safeguards it offers as stand-

ard equipment. Finally, no other car in its class comes close to Cadillac in popularity, owner loyalty or high resale value. Only your personal experience at the wheel of a Cadillac can completely demonstrate how elegant, excellent and exciting your next automobile investment can be. See your nearby authorized dealer at your earliest opportunity. No one else knows Cadillac motor cars better... or is better prepared to offer the superior kind of service a fine car like Cadillac truly deserves.

## Social Security Manager Tells Medical Benefits

The hospital insurance part of medicare will help pay hospital care costs for people 65 or over while the medical insurance part will help pay doctor bills and certain other medical services, Paul M. Ellifritz, social security district manager in Bay City, said today, when he explained the benefits the medical insurance program will provide when it goes into effect next July.

The hospital insurance program is intended to cover only active care for cure or improvement of the patient's condition, but not long-term custodial care, Ellifritz explained.

One question we have received, Mr. Ellifritz said, is: "What is the difference between the extended care facilities for medicare and the average nursing or convalescent home as generally understood by the public?"

He explained that extended care facilities are those which provide the type of care which is frequently the next appropriate step after the intensive care furnished in a hospital. This is not for long-term custodial care. Extended care could be given in a separate wing of a hospital or in a specialized nursing home.

The hospital insurance plan will pay for 100 days of care in an extended care facility during a spell of illness. The program will pay all the costs for the first 20 days and all but \$5 a day for the next 80 days.

After the patient returns home, he can obtain up to 100 post-hospital home health visits by physical therapists, visiting nurses or other home health aides.

People who have questions about medicare or who want more information should write or phone the Bay City Social Security district office, located at 1009 North Madison Avenue. The telephone number is 893-9579.

A social security representative for this area will be at the Iosco County Building, Thursday, March 24, from 10:30 a. m. until 2:30 p. m.

## 71 Guests and Members Attended Senior Citizens Meet

New members, Mr. and Mrs. William Groulx, Mrs. Dorothy Bentley, Mrs. Minnie Ward, Mrs. Marguerite Case, Mr. and Mrs. Charles Wragg, William Ledgeworth and Charlotte Gardner, were welcomed at the March 9 meeting of Tawas Area Senior Citizens. Seventy-one members and guests met at East Tawas Community Building.

A noon luncheon was served by Dorothy Coleman, chairman, and her committee. Mrs. Pearl Cowan, a patient at Tawas Hospital, was remembered with a card shower. Prizes donated by Quota Club were won by Mrs. Gardner, August Baumgardner, Mr. and Mrs. Groulx, Mr. and Mrs. Richard Cramer, Mrs. Frances Meengs received a certificate from Sally's Shop.

St. Patrick's Day will be observed at the March 23 meeting. Homemade hats will be judged and all members are urged to participate. March birthdays will also be celebrated.

This is but a brief comment on an item of interest in state news. In one way or another, it has to do with your children, your local government and your pocketbook.

Judging from the number of school aid bills already in the hopper of the state legislature and the tenor of those introduced, another hassle is bound to develop between county government and schools when tax allocation time rolls around.

We believe schools are important and support them, but it is necessary for the legislature to change the school aid bill every year? It seems as though those at Lansing can think up aid bills (with prodding, of course) at the drop of a hat or the turn of the legislative crank.

Here in Iosco County, as in other parts of the state, we have not yet "digested" last year's bill. It seems certain another new bill is to be adopted this year relative to minimum school operating mileage required for full state aid participation, compounding the problem remaining from last year. By changing the state aid formula frequently, financing of local government, as well as schools, is very uncertain... at tax allocation time it will be chaotic.

This corner believes that there should be a moratorium on such

COSTS 5¢ A SERVING ONLY

bills for at least a year to give the state legislature time to peek at that political football—tax reform. But who in Lansing wants reform during an election year or when the state budget has a large surplus?

At least give local government and local schools time to work out solutions to local problems before introducing new legislation at the

state level. Iosco, like many neighboring counties, is right in the midst of a full professional reappraisal of property values for tax purposes. This may be a solution to some of the local problems but its full benefit will not be received unless every county in the state honestly uses the same formula and methods for property valuation.

As advertised in Farm and Home Section

## DEPENDABLE

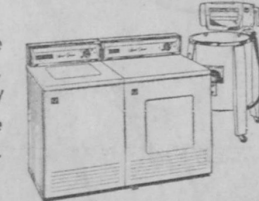

Is there any way to be absolutely certain that the washer you buy will give dependable service? The answer is yes! Go to a Speed Queen coin laundry and see the grueling punishment these Speed Queens take day after day. Try them. Give them every test possible. You'll quickly discover the 4 reasons why so many laundry operators use nothing but Speed Queens: (1) clean washing (2) simplicity of operation (3) less mechanical trouble (4) longer life. Isn't that exactly what you want?

## RECOMMENDABLE

It doesn't take long after installing a Speed Queen washer (or dryer) in your home before you start telling your friends and relatives what a wise choice you made — how smart you were to go to a Speed Queen coin laundry to get the facts of dependability. You'd be surprised how many Speed Queen washers and dryers are bought because of user recommendations!

Come in and See the Speed Queen Line. Automatic Washers and Matching Dryers available in white and colors.

Are you paying more than 11½¢ a gallon for your residential heating oil? If you are, you're paying too much.

If you are now using natural Gas (or plan to) for cooking, water heating, clothes drying or Gaslights and your use is equal to that of our average residential customer, you can get your Gas for heating under our special service rate at a cost equivalent to fuel oil priced at just 11½¢ a gallon. And the nice thing about our Gas rates is that

the more you use, the less it costs per unit. That's a bargain in anybody's book.

Can't pay for the cost of conversion right now? Here's good news: Whether you convert your present furnace, or even install a new Gas furnace, Michigan Consolidated will pay for it and its installation by a qualified heating contractor. And it won't

cost you a penny until July 1, 1966!

So why not make your present oil furnace more economical this winter? Have it converted to economical natural Gas. Then you can start putting your money in the bank for a change. Instead of in your furnace. For full details, call us or your heating contractor today.

NEARLY 150 business and civic leaders of Northeastern Michigan previewed a new color film, "New Horizons North," produced by Michigan Consolidated Gas Company. The film was shown last Wednesday night at the Holland Hotel. Pictured above are William Smith, area manager, East Tawas; Wayne Freiberg, office and sales supervisor, East Tawas; Robert Gage, manager of Michigan Consolidated's industrial development department, Detroit.—Tawas Herald Photo.

#### Skindivers Should Have Physical Exam

"No skindiver or SCUBA fan should enter the water without a rigid physical examination," warns Dr. Thomas N. Markham, resident in industrial health at the University of Michigan Medical Center.

"The medical hazards of diving are poorly understood by a large

group of civilian divers and frequently by private physicians," he said.

Dr. Markham is currently cooperating with the Great Lakes Research Institute by giving physical examinations to divers at University Hospital.

It is suggested that the minimum diving exam include a complete medical history, physical examination and full-sized chest X-ray.

DALE STRAUER of Strauer's Country Market, 3959 M-55 (formerly Povish's Market), is shown here with a bicycle which is to be awarded to some lucky winner during the store's grand opening "Circus of Values Sale" being held from March 17-26. For more details, see advertisement on another page of this newspaper.—Tawas Herald Photo.

### Include All Forms With Tax Return

Thousands of Michigan taxpayers had their federal tax refunds held up last year because they forgot to send in certain statements required to complete their 1040's.

District Director A. M. Stoeppler said the statement forgotten most often was the one needed to claim the sick pay exclusion, Form 2440.

Weiker and wife, Lots 1, 2 and 3 of The Rye Field.

Archie M. Ruckle and wife to Herbert Cholger and wife, Lots in Block 39 of Original Plat of Tawas City.

James W. Scriver and wife to James W. Scriver and wife, Parcel in Louis Chevalier Claim and Part of Government Lot 7 of 4-23-9.

Earl W. Ballard and wife to Earl W. Ballard and wife, Lot 86 and 87 of Big Island Lake Subdivision.

Charles W. Timreck and wife to Charles C. Timreck and wife, Parcels in Section 19 and 24, T22N R7 and 8E.

is available for this statement. Others frequently omitted were statements on Form 3468 for Investment Credit and Form 1116 for the Foreign Tax Credit.

Special forms are available for certain deductions, credits and exclusions claimed on Form 1040, Mr. Stoeppler said. These forms are noted on Form 1040 and explained in the instruction booklet.

Mr. Stoeppler said that when a required statement is forgotten, instead of a refund being issued immediately, the taxpayer has to be contacted, told of the missing statement and asked to supply it. Until it has been received from the taxpayer, IRS cannot process the refund.

Other forms available for required statements with the 1040 are Form 3903 for moving expenses, Form 2106 for employee business expenses and Form 2950SE for payments by self-employed persons to retirement plans.

To avoid delay in the processing of returns—and refunds—Stoeppler asked taxpayers to check their returns to see whether they are complete before they mail them in. Besides seeing whether the return has all the required statements attached, Stoeppler said the following items should be reviewed:

1. Is the tax account number correctly listed (this is the social security number)?
2. Are all W-2 forms enclosed?
3. Is the return signed (both husband and wife on joint returns)?
4. Are all exemptions included?

### MRS. RUBY MEAD

Funeral services for Mrs. Ruby Mead of East Tawas were conducted Monday, March 14, at the Floral Chapel of Dadds Dumanois Company Funeral Home, Flint. Burial was in Flint Memorial Park. Mrs. Mead died Wednesday, March 9, at Tawas Hospital.

Born July 9, 1902, at Peck, she had lived in Flint for 46 years, moving to East Tawas in December 1965. She was a member of Flint Chapter No. 138, Order of the Eastern Star, and a member of Fisher Body Local 581 Retirees Club.

Surviving are her husband, Ora A.; one daughter, Mrs. Leland Marr of Flint; one stepdaughter, Mrs. Eileen Wright of Independence, Missouri; one stepson, Everett Mead of Mt. Morris; 12 grandchildren; 12 great grandchildren; one sister; one brother.

## ST. PATRICK'S DAY

According to an old saying, "There's a little bit of Irish in all of us." So, there's no reason why each of us shouldn't celebrate St. Patrick's Day. Maybe you'll want to give a "Leprechaun Luncheon" or a "Luck of the Irish" supper party. Or how about making your March 17 evening meal a family party.

Select a green cloth for your dinner, or use green paper napkins and add a shamrock or two on a white cloth. You'll find the shamrocks at a variety store or you can easily make your own from green paper.

Naturally there should be foods to remind the diners of this special day. We're suggesting *Barm Brack Bread*, *Shamrock Salad* and *St. Patrick's Ice Cream* for your tribute to the Irish.

### ST. PATRICK'S ICE CREAM PIE

1 9-inch *cooky, graham cracker or corn flake crumb pie shell, chilled*  
1 quart *pistachio ice cream slightly softened*  
2 *egg whites*  
 $\frac{1}{4}$  cup *granulated sugar*  
*Chocolate sauce*

Fill chilled crust with ice cream. Freeze until ice cream is firm. Preheat oven to 400° F. Beat egg whites until foamy throughout. Add sugar, two tablespoons at a time, beating after each addition. Continue beating until meringue will form stiff shiny peaks. Spread over pie and bake for three to five minutes or until delicately browned. Serve immediately with chocolate sauce.  
Note: For a larger meringue, use four egg whites and  $\frac{1}{2}$  cup sugar.

### BARM BRACK BREAD

$\frac{1}{2}$  cup *milk*  
 $\frac{1}{2}$  cup *sugar*  
1  $\frac{1}{2}$  *teaspoons salt*  
 $\frac{1}{4}$  cup *shortening*  
5 cups *flour (about)*  
 $\frac{1}{2}$  cup *warm, not hot, water (lukewarm for compressed yeast)*  
2 *packages or cakes yeast, active dry or compressed*

Scald milk; stir in sugar, salt and shortening. Cool to lukewarm. Measure water into large mixing bowl. Sprinkle or crumble in yeast. Stir until dissolved. Stir in lukewarm milk mixture. Add beaten eggs and 3 cups flour. Stir in lemon peel, raisins and fruits; beat thoroughly. Add remaining flour. Turn dough out on lightly floured board. Knead until smooth, elastic. Place in greased bowl; brush top with soft shortening. Cover. Let rise in warm place, free from draft, until double in bulk, about 1  $\frac{1}{4}$  hours. Punch down; turn out on lightly floured board. Divide in half. Shape into loaves. Place in 2 greased bread pans 9 x 5 x 3-inches. Cover. Let rise in warm place, free from draft, until doubled in bulk, about 1 hour. Bake at 375° F. for about 50 minutes. Makes 2 loaves.

### ST. PATRICK'S BAVARIAN CREME

1 *envelope unflavored gelatin*  
 $\frac{1}{4}$  cup *cold water*  
4 *egg yolks*  
 $\frac{1}{2}$  cup *sugar*  
1 cup *milk*  
1 *teaspoon vanilla extract*  
2 *tablespoons lemon juice*  
1 *teaspoon grated lemon rind*  
1  $\frac{1}{2}$  *cups heavy cream, whipped*  
*Creme de Menthe*

Soften gelatin in cold water. Beat together egg yolks and sugar until light and creamy. Scald milk. Pour over egg mixture, stirring constantly. Add vanilla and lemon juice. Pour into top of double boiler. Cook over hot water stirring constantly until thickened slightly. Add softened gelatin and stir until dissolved. Add lemon rind. Remove from heat. Cool; stirring occasionally to prevent skin forming on surface. Beat heavy cream until stiff. Fold 1 cup into cooled gelatin mixture. Pour into a 1-quart shamrock mold. Chill. At serving time unmold onto serving dish. Garnish top with  $\frac{1}{2}$  cup whipped cream and drizzle *Creme de Menthe* over the top. Makes 6 - 8 servings.

### SHAMROCK SALAD

1 (6-ounce) *package lime gelatin*  
*Water*  
1 (1-pound  $\frac{1}{2}$ -ounce) *can pineapple slices*  
 $\frac{1}{4}$  *teaspoon mint flavoring*  
*Horseradish*  
*Mayonnaise\*\**

Dissolve gelatin in 2 cups boiling water. Drain syrup from pineapple and add enough cold water to measure 1  $\frac{3}{4}$  cups liquid. Add to gelatin along with mint flavoring. Cool. Arrange some pineapple in design in 1-quart shamrock mold. Pour in gelatin. Chill until firm. Unmold. Garnish with remaining pineapple slices. Serve with *Horseradish Mayonnaise\*\**. Makes 6 servings.

\*\**Horseradish Mayonnaise*: Blend together  $\frac{1}{2}$  cup mayonnaise,  $\frac{1}{4}$  cup dairy sour cream and 2 tablespoons prepared horseradish.

### NEW ENGLAND BOILED DINNER

(A St. Patrick's Day Special)

4 *pounds corned beef brisket*  
6 *medium onions*  
2 *turnips, cubed*  
6 *carrots, cut in half*  
6 *potatoes, quartered*  
1 *head cabbage, cut in wedges*

Cover corned beef with water and simmer until fork-tender. Do not boil. Allow about 3 to 4 hours. About 1 hour before serving time, add onions. Thirty minutes before serving, add turnips, carrots and potatoes. Cover and continue cooking. Fifteen minutes before serving time, add cabbage. Uncover, continue cooking until all vegetables are tender. Arrange vegetables around corned beef on warm platter. Makes 6 to 8 servings.

### SHAMROCK CAKES

1 (8-ounce) *can chocolate nut roll*  
1 (8-ounce) *can date nut roll*  
1 (8-ounce) *can orange nut roll*  
1 (5-ounce) *jar pasteurized process pineapple cheese spread*  
 $\frac{1}{2}$  cup *margarine, softened*  
 $\frac{1}{4}$  *teaspoon salt*  
3  $\frac{1}{2}$  *cups sifted confectioners' sugar*  
2 *egg yolks*  
1 *teaspoon grated lime rind*  
1 *tablespoon milk*  
*Green food coloring*

Cut each nut roll in 6 slices. Spread cheese spread on 12 slices. Make stacks of 2 spread slices and one plain of same flavor (6 stacks). For each cake, place 3 stacks together in shape of shamrock. Mix margarine, salt and 1 cup confectioners' sugar. Add egg yolks and lime rind, remaining sugar and milk, beating until smooth. Add food coloring. Frost cakes on a tray covered with shredded coconut. Use sugar wafers for stems.

### IRISH SODA BREAD

$\frac{3}{4}$  cup *dark or golden raisins*  
2 *cups sifted flour*  
1  $\frac{1}{2}$  *teaspoons baking powder*  
 $\frac{1}{4}$  *teaspoon soda*  
1 *teaspoon salt*  
3 *tablespoons sugar*  
1  $\frac{1}{2}$  *teaspoons caraway seeds*  
3 *tablespoons shortening*  
1 *cup buttermilk*  
*Melted butter and sugar for top*

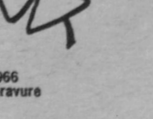

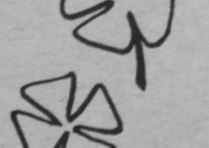

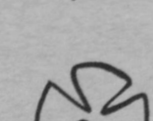

Chop raisins coarsely, if desired. Resift flour with baking powder, soda, salt and sugar. Add caraway seeds. Cut in shortening until in fine pieces. Make a well in center; pour in buttermilk and add raisins. Mix lightly to moderately soft dough. Turn out on floured board and knead gently a few strokes. Shape into a round and fit into a greased 8 or 9-inch round layer cake pan. Cut loaf crosswise into quarters about  $\frac{3}{4}$  way through dough using a sharp knife or scissors. Brush top surface of loaf with melted butter and sprinkle with sugar. Bake in moderate oven (350° F.) about 30 minutes. Makes about 6 to 8 servings.

### MAGIC SHAMROCK TARTS

1  $\frac{1}{2}$  *cups (15-ounce can) sweetened condensed milk*  
 $\frac{1}{2}$  cup *lime juice*  
2 *eggs, separated*  
1 *teaspoon grated lime rind*  
4 *tablespoons sugar*

Stir sweetened condensed milk, lime juice, lime rind and egg yolks until well blended and mixture thickens. Beat egg whites until almost stiff enough to hold a peak. Add sugar gradually, beating until stiff and glossy. Reserve  $\frac{1}{2}$  meringue for garnish. Fold rest into lime mixture. Fill tarts made from favorite pastry recipe or use frozen pastry shells. Top each with dab of meringue.\*\* Makes 8 medium-size tarts.

\*\*For a touch of color, add a bit of green vegetable coloring to reserved meringue.

## VEGETABLES

Three vegetables—potatoes, onions and celery—should receive top billing the year 'round in your meal planning. They're readily available in all seasons. And these vegetables can be prepared in such a variety of ways that one needn't tire of them.

All three vegetables are compatible with other foods, so for a change of pace we suggest you "mix and match." Natural go-togethers are ham and scalloped potatoes. Other winning combinations are a Celery and Potato Casserole and Celery Oriental, a celery and mushroom combination.

### DELUXE SCALLOPED POTATOES

2 quarts thinly sliced, peeled potatoes (about 8 medium)  
1 medium onion, sliced  
4 medium carrots, peeled and sliced  
½ pound fresh mushrooms, sliced  
¼ cup margarine  
1 can (10½-ounce) condensed cream of mushroom soup  
1 cup milk  
2 teaspoons salt  
¼ teaspoon pepper

In a 3-quart greased casserole place alternate layers of potatoes, onion, carrots and mushrooms. Dot layers with margarine. Combine soup, milk, salt and pepper; pour over vegetables. Cover; bake in 350° F. oven for 1 hour. Uncover and bake 30 minutes longer or until done. Makes 8 to 10 servings.

### BAKED STUFFED ONIONS

4 medium to large onions  
½ cup chopped cooked ham  
¼ cup buttered crumbs  
Margarine  
Cook onions in boiling salted water till slightly tender (about 12 to 15 minutes). Drain and cool. Cut off thin slices from root end. Hollow out inner centers. Chop centers and combine with chopped cooked ham. Refill onions. Place in casserole and top with buttered crumbs and dots of margarine. Bake in 350° F. oven till tender—about 20 to 30 minutes. Makes 4 servings.

### FRENCH BAKED POTATOES

Peel the potatoes and cut into ¼-inch strips or latticed slices as for French frying. Place layers of potatoes in greased casserole dish, seasoning each layer with salt, pepper and margarine. Cover and bake in 350° F. oven for 1 hour.

NOTE: If desired, remove cover last 15 minutes and pour light cream over potatoes.

### CURRY SAUTEED ONIONS

12 medium onions  
¼ cup margarine  
1 teaspoon salt  
1 teaspoon curry powder  
2 teaspoons lemon juice  
OR a little soy sauce

Slice onions ¼-inch thick. In large skillet, heat margarine. Saute onions slowly, turning often, 25 to 30 minutes, or until tender and golden. Sprinkle with salt; add curry powder and lemon juice OR soy sauce. Serve with steak, hamburgers, liver, etc.\* Makes 6 servings.

### LEMON-CHEESE CELERY

1 bunch celery, trimmed and washed  
2 tablespoons margarine  
Water  
Salt to taste  
1 teaspoon lemon juice  
¼ cup shredded sharp Cheddar cheese  
Dash cayenne

To butter-steam the celery, first cut in thin slices (you should have no more than 5 cups). Melt the margarine in a large frying pan or electric skillet on high heat, and add the celery and 2 tablespoons water. Stir and cover. Cook on high heat, stirring occasionally, until water is evaporated and celery is tender, about 3 minutes. Remove the cover and stir in the salt, lemon juice, Cheddar cheese, and cayenne. Heat just long enough to melt the cheese; serve immediately.

### SWISS POTATOES LUCERNE

2½ pounds potatoes, peeled (about 7-8 medium potatoes)  
3 medium apples, peeled and cored  
2 tablespoons margarine  
1 medium onion, chopped  
1 teaspoon salt  
3 tablespoons light corn syrup

Cut potatoes and apples into ¾-inch pieces into cold water to cover. Cook onion in margarine in a skillet over low heat until tender. Drain potatoes and apples, save ½ cup of the water. Add potatoes, apples, water and salt to onions in skillet. Cover tightly, simmer ½ hour or until potatoes are tender. Stir once or twice during cooking. Stir in corn syrup; cook, uncovered, 5 more minutes. Makes 6 servings.

### CELERY ORIENTAL

8 large stalks pascal celery  
1 4-ounce can sliced mushrooms, drained  
3 tablespoons margarine  
¼ cup sliced toasted California walnuts\*

Cut celery diagonally in 2-inch chunks, then lengthwise "julienne" style. Cook in small amount of boiling salted water until just crisp done. Saute mushrooms in margarine; add toasted walnut slices. Toss lightly with drained cooked celery. Heat and serve. \*To toast walnuts drop the kernels into boiling water for about 3 minutes. Then drain them well, and spread in a shallow pan and toast in 350° F. oven for 15 to 20 minutes. Stir them frequently until they're golden all over.

### GLAZED ONIONS

4 medium onions  
2 tablespoons margarine  
¼ cup dark corn syrup  
Salt, pepper and other seasonings, as desired

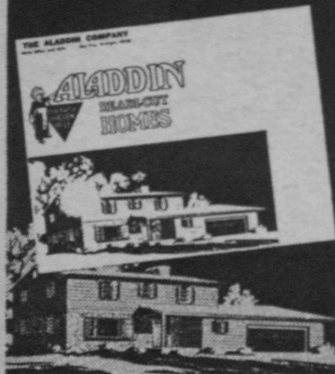

Wash and pare vegetables. Cut in halves, quarters or slices as desired for serving. Cook in boiling, salted water until tender. Drain. Arrange cooked onions in a greased, oven-proof casserole. Dot with margarine, then add corn syrup. Sprinkle with desired seasonings. (Spices and herbs add flavor interest.) Bake in 400° F. oven for 15 minutes, or until vegetables are well glazed. Baste often with syrup mixture in casserole.

### CELERY AND POTATO CASSEROLE

3 cups thinly sliced celery  
3 cups thinly sliced raw potatoes  
1½ cups thinly sliced onions  
3 tablespoons flour  
½ cup milk  
¼ cup margarine  
1¾ teaspoons salt  
½ teaspoon ground black pepper

Fill a two quart casserole with alternating layers of celery, potatoes and onions. Sprinkle flour evenly over each layer. Combine remaining ingredients. Heat and pour over the top. Cover and bake in 350° F. oven for 30 minutes. Remove cover and continue baking until top is brown, 15 to 20 minutes. Makes 6 servings.

## RICE WITH...

For centuries rice has been one of the diet mainstays of people in all parts of the world. And today the shelves of the American supermarkets are loaded with all kinds of rice and rice products.

Generally rice is available in three ways — regular, converted and packaged precooked. Regular rice — the kind that has had all the outer layers removed, but has not been treated in any other way — may be short, medium or long grain. Converted rice has been treated so that it retains most of its minerals and vitamins. And precooked rice is completely cooked — all you need to do in preparation is steam the rice for a few minutes in hot water.

Whichever type you select, rice is a natural for Lenten dishes. Make it into a hearty main dish for the family or give it a gourmet touch for that next company meal.

### MOCK TACOS

- |                                |                                 |
|--------------------------------|---------------------------------|
| 2 pounds ground beef           | 2 cups packaged pre-cooked rice |
| 2 large onions, finely chopped | 1 teaspoon oregano              |
| 2 cloves garlic, minced        | 2 teaspoons chili powder        |
| 2 cans (8-ounce) tomato sauce  | 1 tablespoon brown sugar        |
| 2 cans (6-ounce) tomato paste  | 1 tablespoon cumin seed**       |
| 4 cups water                   | 1 tablespoon salt               |
|                                | Corn chips                      |
|                                | Variety of toppings             |

Brown meat; add onions and garlic and cook until tender. Meanwhile cook rice in tomato sauce, tomato paste, water and seasonings according to package directions. Add meat mixture; blend thoroughly. Serve over corn chips and top with a variety of accompaniments — grated sharp Cheddar cheese, finely chopped avocado, finely chopped green onions or chives, minced ripe olives, finely chopped tomatoes, and shredded lettuce. Serves 6 to 8.

\*\*Sage may be substituted for cumin seed — reduce amount to 1½ to 2 teaspoons.

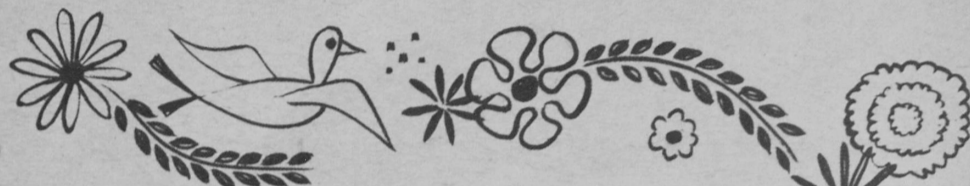

### TUNA STUFFED EGGS ON RICE

- |                                  |                         |
|----------------------------------|-------------------------|
| 3 cups cooked rice               | ½ cup mayonnaise        |
| 6 hard cooked eggs               | ½ teaspoon salt         |
| ½ can (7-ounce) grated tuna fish | 2 tablespoons margarine |
|                                  | Curry Sauce**           |

Place rice in a well greased heat-resistant glass layer cake dish or other flat casserole. Remove shells from eggs; cut in half lengthwise and remove yolks. Mash yolks with fork until smooth; mix in tuna, mayonnaise and salt. Fill egg white with mixture and arrange on top of rice. Dot rice with margarine and bake in 325° F. oven for 15 minutes. Meanwhile, prepare Curry Sauce\*\* to serve over stuffed eggs.

\*\*To make Curry Sauce: Melt ¼ cup margarine over low heat. Blend in ¼ cup flour, 1 teaspoon salt and ½ teaspoon curry powder. Add 2 cups milk gradually, allowing mixture to cook up after each addition; stir constantly. Cook until thickened (about 10 minutes). Makes 6 servings.

### CAN-CAN CHICKEN

- |   |  |
|---|--|
| 1 can (10½-ounce) condensed cream of chicken soup | 1½ cups packaged pre-cooked rice                               |
| 1 can (10½-ounce) condensed cream of celery soup  | 1 can (12-ounce) boned chicken OR 1½ cups diced cooked chicken |
| 1 soup can water                                  | 1 can (3-ounce) chow mein noodles**                            |

Combine all ingredients except noodles in a large skillet. Stir to mix. Bring quickly to a boil. Cover; reduce heat and simmer 7 minutes. Remove from heat; stir. Serve with the noodles. Makes 4 to 6 servings.

\*\*Note: If desired, serve with 1 can (3½-ounce) French fried onions or 2 cups French fried onion rings instead of chow mein noodles. Heat onion rings as directed.

### PARSLEY RICE CUSTARD RING

- |   |                                 |
|---|---------------------------------|
| 3½ to 4 cups cooked rice (1 cup uncooked) | 1 to 2 tablespoons grated onion |
| 2 eggs, slightly beaten                   | 1 teaspoon Worcestershire sauce |
| ¼ cup melted margarine                    | 1 teaspoon salt                 |
| ½ to 1 cup shredded Cheddar cheese        | 1 cup milk                      |
| ¾ to 1 cup minced parsley                 |                                 |

Carefully stir into cooked rice the remaining ingredients. Pour into well greased 1½-quart ring mold (or 2-quart casserole). Place in a pan of hot water 1 inch deep. Bake in 350° F. oven for 45 minutes to 1 hour or until silver knife inserted in center comes out clean. Unmold ring mold on warm plate and fill center with "creamed anything." Makes 6 to 8 servings.

### GLORIFIED RICE

- |                                       |  |
|---------------------------------------|--|
| 1 cup (9-ounce can) crushed pineapple | 1½ cups miniature marshmallows                 |
| ¾ cup packaged precooked rice         | 1 fully ripe, specked-with-brown banana, diced |
| ¾ cup water                           | 2 teaspoons lemon juice                        |
| ½ teaspoon salt                       | 1 cup heavy cream, whipped                     |

Drain pineapple, reserving syrup. In saucepan, combine rice, water, pineapple syrup and salt; mix just to moisten rice. Bring quickly to boiling; reduce heat, cover and simmer 5 minutes. Remove from heat and let stand 5 minutes. Add marshmallows, pineapple, banana, and lemon juice. Cool to room temperature. Fold in whipped cream. Chill. Top each serving with a maraschino cherry. Makes 8 to 10 servings.

### QUEEN OF RICE PUDDINGS

- |                    |                                    |
|--------------------|------------------------------------|
| 3 eggs, separated  | 2 cups milk, scalded               |
| ¼ cup sugar        | 1 cup cooked rice (¼ cup uncooked) |
| ¼ teaspoon salt    | 3 tablespoons sugar                |
| ½ teaspoon nutmeg  |                                    |
| ½ teaspoon vanilla |                                    |

Beat egg yolks slightly with ¼ cup sugar, salt, nutmeg and vanilla in a medium-size bowl; stir in scalded milk. Pour over cooked rice in a greased 1-quart casserole; stir in. Set casserole in a baking pan, place in oven and pour boiling water in pan to depth of about 1 inch. Bake in 325° F. oven for 1 hour or just until a knife inserted in center comes out clean. Beat egg whites until foamy-white and double in volume in medium-size bowl; beat in 3 tablespoons sugar until meringue stands in firm peaks. Swirl on top of pudding. Bake 15 minutes longer, or until meringue is golden. Spoon into dessert dishes and serve warm. Makes 6 servings.

### MOCK WILD RICE

- |                               |                           |
|-------------------------------|---------------------------|
| 1 cup long grain rice         | 2 stalks celery, cut fine |
| ¼ cup margarine               | 4 cups water              |
| 1 small onion, finely chopped | 2 bouillon cubes          |

Brown rice in margarine. Add onion and celery and brown lightly. Dissolve bouillon cubes in water and add to rice/vegetable mixture. Bake in 350° F. oven for approximately 2 hours.

## REFRIGERATED YEAST BREADS

# NEW & EASY

by Ginny Felstehausen

### FRUIT NUT BREAD The "CoolRise" Way

5½ to 6½ cups flour* (regular or instant blending)	1 tablespoon sugar
½ cup warm water (105°-115° F.)	1 tablespoon salt*
2 packages or cakes yeast, active dry or compressed	3 tablespoons margarine
1¼ cups warm milk (105°-115° F.)	½ cup raisins
	½ cup chopped California walnuts
	Peanut oil

Spoon or pour flour into dry measuring cup. Level off and pour measured flour onto wax paper. Measure warm water into large warm bowl. Sprinkle or crumble in yeast; stir until dissolved. Add warm milk, sugar, salt and margarine. Stir in 2 cups flour. Beat with rotary beater until smooth (about 1 minute). Add 1 cup flour. Beat vigorously with a wooden spoon until smooth (about 150 strokes). Stir in raisins and walnuts. Add enough additional flour to make a soft dough. Turn out onto a lightly floured board and knead until smooth and elastic, about 8-10 minutes. Cover with plastic wrap, then a towel; let rest for 20 minutes. Punch down; divide dough in half. Shape each half into a loaf. Place each loaf into a greased 8½ x 4½ x 2½-inch loaf pan. Brush loaves with peanut oil. Cover pans loosely with oiled wax paper, then top with plastic wrap. Refrigerate 2 to 24 hours. When ready to bake, remove from refrigerator. Carefully uncover the dough; let stand for 10 minutes at room temperature. Using a greased toothpick or metal skewer, puncture any surface bubbles which may have formed on the dough. Bake in hot oven (400° F.) for 30-40 minutes, or until done. If desired, brush with melted margarine. Makes 2 loaves. (\*If you use Robin Hood Self-Rising Flour, omit salt.)

Looking for your refrigerator to replace the old-fashioned method of yeast bread making? We're suggesting the *Fruit Nut Bread* in this issue of *Farm and Home Section* for a taste treat. The quick, easy and convenient "CoolRise way" of yeast bread making used in the *Fruit Nut Bread* allows you to have the best in breads with a minimum of time and effort. In 45 minutes you can have two loaves ready for the oven. After this initial operation of mixing, kneading and shaping, refrigerate the panned loaves for at least 2 hours--or up to 24 hours. Then whenever you want hot bread simply take a loaf from the refrigerator, bake and serve.

### A favorite American recipe

#### SOUTHERN FAVORITE

#### Southern Belle Pie

(Transparent Pie) — Makes 1 8-inch pie

¾ cup sugar	½ teaspoon vanilla
¾ cup light corn syrup	¼ teaspoon salt
½ cup (1 stick) Blue Bonnet Margarine	1 8-inch pastry shell, unbaked
3 eggs	½ cup jelly, melted

Blend sugar, syrup and Blue Bonnet Margarine together in a saucepan. Cook over medium heat, stirring constantly, until mixture comes to a boil. Beat eggs. Blend hot mixture slowly into eggs. Stir in vanilla and salt. Pour into unbaked pastry shell. Bake in a moderate oven (375° F.) for about 40-45 minutes. Let pie cool about 10 minutes. Pour melted jelly over top of pie. Serve when pie has completely cooled and jelly has set.

Look for additional recipe favorites on other Blue Bonnet packages.

# IOWA'S little brown church

The Rev. Glenn Utterback stands in front of his church. The Little Brown Church in the Vale has been a marriage shrine since 1916. Some 100,000 persons visit it each year. It is located in Chicksaw County, Ia., two miles northeast of Nashua.

by William C. Nelson

I had heard many times of the Little Brown Church in the Vale. As a child, I joined my fellow Sunday Schoolers in singing the lively strains of the hymn that made the church famous — "Church in the Wildwood."

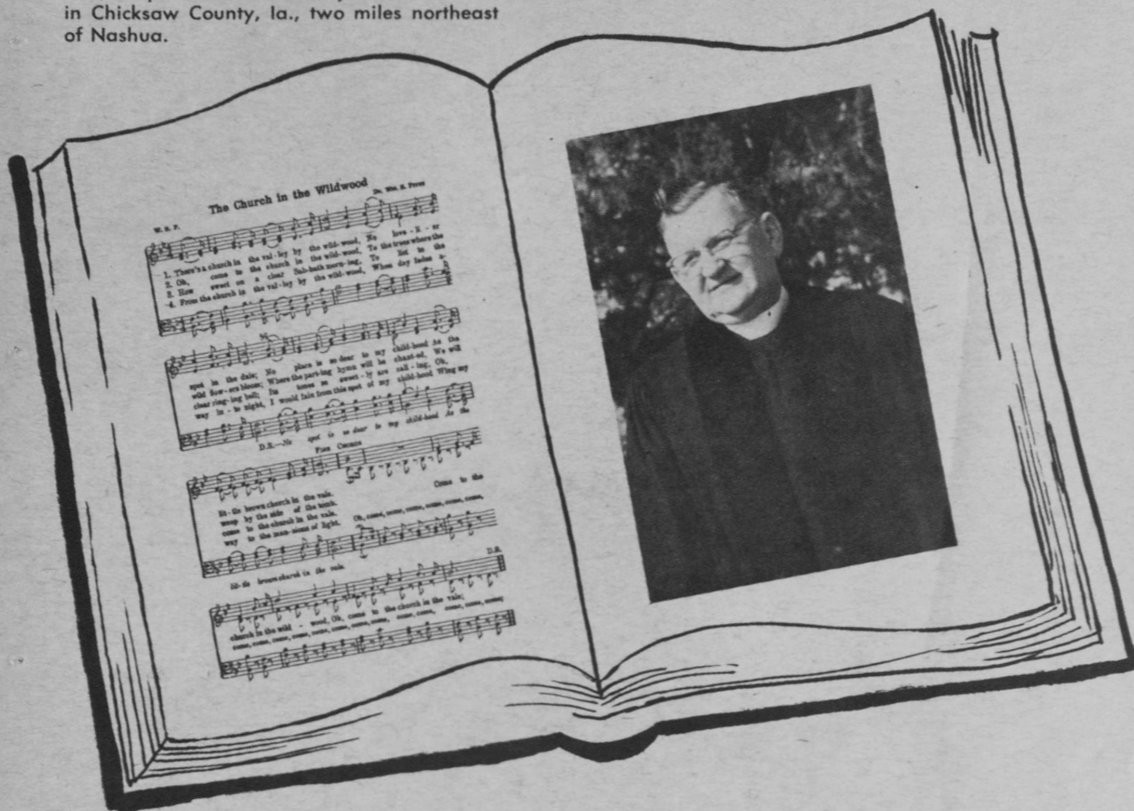

Now, driving through northern Iowa, I was determined to pay a visit to the world-famous marriage shrine.

Stopping at a restaurant several miles away, I was sipping a cup of coffee when my conception of the rustic church was badly jolted.

A salesman remarked off-handedly: "The Little Brown Church? Nothing more than an automated marriage mill. A place where they marry couples like an assembly line. No feeling, no emotion . . ."

Could his notion be correct, I mused. I was determined to check it out.

I put the question to the Rev. Glenn Utterback, pastor there the last 12 years and the man who has guided the Congregational church to its greatest, and most active membership (156). Husky, articulate and

A little bit of Karo  
puts a little bit of you  
into every dish you cook

Only Karo promises you  
such a velvety-smooth pie!

"Peachy Dandy" takes only  
6 ingredients • 36 minutes and Karo

- 2 egg whites • 1/3 cup Karo Crystal-Clear Syrup
- 1 (3-oz.) pkg. lemon gelatin
- 1 cup boiling water
- 1 (12 oz.) pkg. frozen sliced peaches
- 1 Tbsp. lemon juice
- 1 Nabisco Sugar Honey Graham Crackers crust

Beat egg whites until foamy. Gradually beat in Karo Syrup. Continue beating until stiff peaks form. Set aside. Place gelatin in large mixing bowl. Pour 1 cup boiling water over gelatin and stir until completely dissolved. Add solid frozen peaches and lemon juice. Stir until peaches are thawed. Fold in egg whites. Chill until mixture thickens slightly, about 20 minutes, stirring occasionally. Gently fold mixture to distribute peaches. Pour into prepared pie shell. (See directions on Nabisco Sugar Honey Graham Crackers package.) Chill until set. Makes one 9-inch Peachy Dandy pie. Decorate with Easter motif.

Karo adds delicious flavor to your "Peachy Dandy" . . . and Karo does more—makes it creamier, easier to fold in egg whites, easier to blend all ingredients into velvety-smoothness. Karo is available in pint and quart bottles; in 5 and 10 lb. cans.

*The new way to cook is with Karo!*

11x17

flashing a ready grin, Mr. Utterback shook his head at my question.

He thought a moment. Outside, cars whizzed by on Highway 346, a blacktop road through fields of black dirt and kingsize corn stalks. Inside, a record player gave forth with the vigorous tune written in 1857 by William Pitts, a country physician. Over and over it played, softly, persistently.

"You're asking if the Little Brown Church has a heart," Mr. Utterback summarized. "Let me give you a couple illustrations and you can decide for yourself."

He told the story of the middle-aged couple who had stood on the brink of a semantical disaster. During their wedding ceremony, Mr. Utterback had asked the bridegroom (a widower):

"Will you love, cherish, honor, comfort and keep her in sickness and in health; and forsaking all other women, keep yourself only unto her; so long as you both shall live?"

"I'll try," answered the bridegroom.

The clergyman's mouth dropped open. The flabbergasted bride-to-be reddened, wheeled and dashed past her friends and out the church.

The marriage appeared over before it began. But Mr. Utterback and his wife, Ruth, stepped into the picture. They took the distraught couple aside and talked to them at length.

Had the bridegroom been as arrogant as his answer indicated?

No. In fact, he was quite humble, ascertained the 27th pastor of the Little Brown Church. The bridegroom's first marriage had been less than successful and he felt he was partly at fault.

His "I'll try" answer merely indicated that he would try with all his heart to make the union a fruitful one.

The minister and his wife set the couple down to a home-cooked meal in the Utterback's residence in nearby Nashua. Two hours later, they became man and wife.

"And do you know that I still get a card from them every Christmas," Mr. Utterback said. "The husband always ends it by saying:

"And I'm still trying."

Mr. Utterback has married some 30,000 couples in his long career in the ministry, but for all his romanticism, he has a pragmatic side, too.

The Little Brown Church, I found, possesses a magical quality. The visitor feels a deep sense of respect and humility in its hallowed interior. Its bucolic simplicity and solemnity melt away one's cynicism and "worldly sophistication."

The marriage shrine is used so often that the energetic minister has united 18 couples in a single day.

"From 8 in the morning till 11 at night," he said.

"But I don't mind. Marriage is one of the most sacred and holy gifts God gave to man. Each one is a source of great joy to me."

Those who wait impatiently on a busy summer day, however, sometimes regard the ritual in another light, he said.

"One sizzling day in July a couple arrived without appointment, wanting to get married. I told them to wait, and I'd try to squeeze them in.

"Three hours later, they were still sitting in the back pew. As I passed by them after a wedding, I remarked: 'I see you're still PATIENTLY waiting.'"

"No sir," the bridegroom answered respectfully. "We're just waiting."

Some 1,000 couples are married each year at the Little Brown Church (an average of almost three per day). Rarely are any of them similar.

Mr. Utterback has had faintings (once both the bride and groom went down), a "hypnotized" groom who had to be nudged in the ribs to respond, and innumerable delayed ceremonies.

"I always look at the size of the father when the bridegroom tells me he forgot the wedding ring or marriage license—at home 150 miles away," the preacher quipped.

Mr. Utterback has had several triple weddings (once a mother and her son and daughter). He also permitted an Indian chief to sing to his bride during the marriage rite.

On another occasion, the Utterbacks took in a confused, hurt young man; the best man at a wedding there earlier in the day. He had been naive enough to think that he would ride back to St. Paul with his brother and sister-in-law.

After a hot meal and some help with the bus fare, the youth boarded a bus for home.

Does the Little Brown Church have a heart? There is little doubt in my mind.

## F&H FARM AND HOME

### EUROPEAN JET HOLIDAY

By Jerry Curren

Have you heard . . . Midwesterners are going to Europe in 1966. Many are going to be going on Farm and Home's 1966 European Jet Holiday. You can go, too, . . . it doesn't cost much.

Departure dates have been set for this 1966 Jet Holiday. At first, it was thought a choice of four departure dates would be offered. However, in looking over the accommodations in European hotels during certain times of 1966, Farm and Home Section decided that in order to give the midwestern traveler the best for his money, only three departure dates should be offered on the European Jet Holiday and that these dates be: May 10, September 13, and October 11.

The 1966 European Jet Holiday includes 22 days for \$799.00—from New York City and back! This makes the tour one of the most inexpensive first class tours ever offered to Europe.

Realizing that midwesterners like to travel with midwesterners, this Farm and Home 1966 European Jet Holiday will have people just like yourself going to Europe . . . and most of them for the first time. Knowing that midwesterners are somewhat concerned when confronted with foreign travel, Farm and Home Section has undertaken the responsibility of making all the arrangements, assuring those going on the European Jet Holiday of top notch hotels, air conditioned motor coaches while in Europe, excellent food, choice international transportation plus the best there is to see on the continent. The world's most renowned airline—Pan American World Airways—has been signed by Farm and Home Section as the official airline for this 1966 European Jet Holiday. A Pan American Jet Clipper will take those going on the European tour from New York City to the first stop on the European itinerary—Amsterdam. From Amsterdam, the members of the tour will travel all over Europe via motor coaches ending up at Paris, France. There, another Pan American Jet Clipper will pick up the tour and fly them to London, England. Following a few days in London, members of the tour will again board a Pan American Jet Clipper for the return trip to the United States.

Perhaps if you have always dreamed of visiting Europe, you might like to see the day by day itinerary which comprises this Farm and Home 1966 European Jet Holiday. We at Farm and Home Section have tried to arrange what we thought most midwesterners would like to see in Europe. Let's briefly outline our travel schedule for this tour.

**FIRST DAY**—Leave New York's Kennedy International Airport on Pan American Airways and fly to Amsterdam, Holland.

**SECOND DAY**—Arrive in Amsterdam early in the morning, transfer to hotel and lunch there. After lunch, a sight seeing trip to the islands of Marken and Volendam. In the evening, a canal cruise through the canals of Amsterdam.

**THIRD DAY**—Have breakfast in Amsterdam. Leave by air conditioned motor coach via the Flower Auction in Aalsmeer, visiting The Hague, the Peace Palace, and Holland's famous seaside resort—Scheveningen. We then continue to Rotterdam for lunch. After lunch we continue by motor coach to Brussels and the Hotel Atlanta for dinner and overnight.

**FOURTH DAY**—A leisurely morning in Brussels with a sight seeing tour of the city in the afternoon including The Palace of Justice, Grand Palace, and others.

**FIFTH DAY**—Have breakfast at the Hotel Atlanta in Brussels and

leave early in the morning by air conditioned motor coach for Coblenz. On arrival in Coblenz, we board the Rhine Steamer, have lunch on board the Steamer and arrive in St. Goar where we meet our motor coach again and continue to Frankfurt where we stay at the Excelsior Hotel.

**SIXTH DAY**—Following breakfast in Frankfurt, we leave by motor coach for Lucerne via Baden Baden to Freudenstadt where we stop for lunch. After lunch we drive through the beautiful Black Forest and visit the Rhine Falls, continuing to Zurich and then Lucerne.

**SEVENTH DAY**—Have breakfast at the hotel in Lucerne, take a short sightseeing tour of the city seeing the famous Wooden Chapel Bridge, the Dance of Death Bridge, and return to the hotel for lunch. In the afternoon, you have a choice: spend an extra \$4.00 and take the mountain railway up Mt. Pilatus, or have the afternoon free in Lucerne. In the evening we attend a real Swiss Fondue party with music and folkloric dances.

**EIGHTH DAY**—We have breakfast at the hotel, then depart via air conditioned motor coach through Zug, Sargans to Vaduz, where we stop for lunch. After lunch, we proceed via Arlberg Pass to Innsbruck where we stay at the Hotel Maria Theresia and in the evening attend a performance of Tyrolian Dances.

**NINTH DAY**—Have breakfast in the hotel in Innsbruck and depart via air conditioned motor coach through the Brenner Pass over the Europe Bridge to Cortina d'Ampezzo, where we stop for lunch. Then we continue on to Venice and the Hotel Splendid Suisse.

**TENTH DAY**—We spend the morning seeing St. Mark's Square, Splendid Cathedral and the treasure-filled Palace of the Doges. In the afternoon following lunch, our air conditioned motor coach takes us on to Florence where we stay at the Hotel Capitol and have dinner there.

**ELEVENTH DAY**—In the morning in Florence, we visit the Medici Chapel with Michelangelo's masterpieces, then have lunch. In the afternoon, our motor coach takes us to Rome—the Eternal City, where we will have dinner and stay at the Hotel Regina Carlton.

**TWELFTH DAY-THIRTEENTH DAY**—We stay at the hotel and sightsee throughout Rome including the Trevi Fountain, St. Peter's Basilica, Vatican City, Roman Forum, the Colosseum, and all the other sights of Rome you want to see.

**FOURTEENTH DAY**—We breakfast at our hotel, then leave in the motor coach along the Mediterranean Road to Pisa where we stop for lunch and see the Leaning Tower. In the afternoon, we continue on to Rapello with its picturesque surroundings. We have dinner and stay overnight at the Excelsior Palace Hotel.

**FIFTEENTH DAY**—Following breakfast, our motor coach takes us to Genoa and the Italian Riviera and on into Nice, France where we will go directly to the Atlantic Hotel for dinner and overnight.

**SIXTEENTH DAY**—This morning, we will be at our leisure and in the afternoon, we drive through Nice and take an excursion to the principality of Monaco where we will visit the world famous Casino and beautiful palace of Princess Grace, then drive back to our hotel in Nice that evening for dinner and overnight.

**SEVENTEENTH DAY**—Our air conditioned motor coach from Nice to Cannes, famous for its film festivals, then to Avignon where we stop for lunch. After lunch, our drive continues to Lyon for dinner and overnight at the Royal Hotel.

**EIGHTEENTH DAY**—After breakfast our motor coach takes us via the vineyards of Burgundy to Fontainebleau where we stop and visit the beautiful castle. We will have lunch enroute and make it to Paris for dinner and overnight at the Hotel Comodore.

**NINETEENTH - TWENTIETH DAYS**—We breakfast at the hotel and spend a day and a half visiting every part of Paris we want to visit, from the Eiffel Tower to the Champs Elysees. In the afternoon of the twentieth day, our motor coach takes us from downtown Paris to Orly Field where

our Pan American jet carrier will fly us to London and in London, we will be staying at the Mount Royal Hotel.

**TWENTY-FIRST DAY**—Have breakfast at our hotel and spend the morning seeing Westminster Abbey and the famous Kensington Museums and view the changing of the guards at Buckingham Palace. Either that afternoon is at leisure or you can spend \$3.00 and take a special trip to Windsor Castle (which is well worth the time).

**TWENTY-SECOND DAY**—After overnight at our London hotel, we leave London via Pan American Airways to Chicago (or New York City, if you prefer). Have lunch on board the plane and soon be home.

And that about covers our 1966 European Jet Holiday. If you have not already sent for your free color brochure covering this tour in detail, do so immediately! Simply use the coupon appearing with this story and write to Farm and Home Tours, 20 North Carroll Street, Madison, Wisconsin. You will be sent your folder immediately (and you are under no obligation, of course). When you write for your folder, feel free to ask any specific questions you might have in your mind about this tour and we will try to answer them.

## These 10-Minute Tests Will Make You Up To \$1500 or More This Season

**The Sudbury Soil Test Kit Tells Right Away How Much Nitrogen, Phosphate, Potash to Use for Better Crops**  
**IT'S EASY TO MAKE YOUR OWN TESTS RIGHT ON YOUR FARM**  
*No packing up samples to mail, no waiting for reports—you get your answers right away.*

Know at once what fertilizer your soil lacks in each field, for each crop. It takes little time and may save weeks, sometimes a month or more. And no outsider can know your land as well as you do.  
You'll want to test knolls, hollows, and level ground separately. The Sudbury Soil Test Kit avoids wasting fertilizer on one and not using enough on the other, saves money and makes money for you.  
An Illinois farmer "guessed" he needed 235 tons limestone but tests showed he didn't. saved him \$500 that bought the phosphate his land really needed.

**CORN, SOYBEANS AND ALL FARM CROPS, INCLUDING PASTURES, REQUIRE A BALANCED DIET**

These tests compared corn grown on properly fertilized soil (No. 1), with adverse effects from depleted soil. Ear 2 lacked nitrogen; 3 needed phosphate; 4 had insufficient potash, which also caused stalk rot and lodging. Your Sudbury Soil Test Kit protects you from plant hangers that decrease top yield.

Farm Supply & Hardware Stores, Fertilizer Dealers Write for Special Offer, to get ample spring stocks

## Make Every Fertilizer \$1 Bring Back Up to \$5 or More in Increased Yield

Even Your First Tests Will Pay You for Your Soil Test Kit Over and Over Again!

**Get More Bushels or Tons per Acre, at Lower Cost**  
Soil testing shows the way to making more money. You can expect bumper yields up to 225 bu. corn per acre, 100 bu. wheat, 30 tons tomatoes, 5 tons hay, twice as much milk from pastures.

It takes the first 50 bu. of corn to meet your costs—the more you grow per acre, the lower your cost, the more you make. You save money too. Fertilizing by guess wastes both time and money.

**Easy As Reading A Thermometer**  
NO KNOWLEDGE OF CHEMISTRY NEEDED  
These simple 10-minute do-it-yourself tests cost less than 20¢ each, tell right away what kinds of fertilizer and how much each field needs for top yield.

Expensive nitrogen, also manure and cover crops, may be wasted if you don't have enough phosphate. Most soils need more. You'll always know how much nitrogen, phosphate, potash and lime to feed your soil for bumper crops.

### Farmers Lifetime Soil Test Kit

WITH BETTER CROPS GUARANTEE OR YOUR MONEY BACK

Complete with everything needed for over 200 tests. So reliable that county agents, vo-ag teachers, ag colleges, extension workers and farmers everywhere depend on it. Lifetime welded steel chest, has carrying handle. New model has unbreakable bottles, tests for lime (pH), nitrogen, phosphate, potash, organic matter.

Ready for instant use all year round—right out in the field or indoors as you prefer. Weighs only 12½ lbs. Charts show needs of 225 farm crops. Even next fall, if you haven't had better crops this season by following your Sudbury Soil Test Kit, return it and we'll refund the full purchase price. Postpaid, only \$39.95.

**You Save \$1.91 to \$3.55**  
in postal and C.O.D. fees — you pay only \$39.95—we mail postpaid

**SUDBURY LABORATORY**  
**Soil Test Kits**  
Box 1514, Sudbury, Mass. 01776  
**Owners of Sudbury Kits Make Millions of Soil Tests Yearly**

**90 Days Trial**  
If you do not agree your Sudbury Kit is worth many times its small cost in making more money for you, return it within 90 days, and get your money back.

**ORDER TODAY**

**SUDBURY LABORATORY, Box 1514, Sudbury, Mass. 01776**

Send postpaid, with instructions, on your money-back guarantee, the complete Farmers Lifetime Soil Test Kit. Include FREE the new exclusive Sudbury Organic Plant Food Manual.

Joseph Favre has found that fields planted to full capacity not only yield better, but control weeds and hold down evaporation.

## FULL STANDS YIELD MORE FEED

Yields are just as important to a livestock feeder as to a grain farmer. The extra yield that results from a little extra effort can be the difference between a profit and a loss on the stock in your lots.

As farmers and experts at the Corn-Soybean Clinics pointed out during winter meetings, you have to go through the same motions for a big yield as a small one—plowing, planting, cultivating, and harvesting—so you might just as well plant thick and aim for all you can get.

Skimping on seed at planting is about as practical as taking long steps to save your shoes. Seed makes up only 3% to 5% of your crop costs. By spending a little extra for seed of the right variety and planting enough to get a full stand, you can boost yields by 15% to 30%.

Making those figures a little more meaningful, let's say you have 100 acres of corn and it costs you \$2 an acre for the extra seed needed to plant the soil to its full capacity. If you get a 15 bushel increase per acre (studies show that's easily possible with high plant populations), the extra corn on the 100 acres would add up to \$1,500 on \$1 corn.

Just how thick should you plant corn? Since experience is the best teacher, Farm and Home Section put that question to some top farmers around the Midwest. Here's what they told us:

"I make a point of planting all the corn my ground can handle," says Bob Gabeline, Louisa County, Iowa. "I planted 22,500 kernels per acre last year, and aimed for a final stand of 21,000 plants." He's experimented with several different populations, and feels 21,000 is best for his soil.

"If I can average 140 bushels on all my corn ground, I'm pretty satisfied," Gabeline states matter-of-factly. "If I don't reach that, I'm a little disappointed. And if I can get more, I'll take it!" He fell just short of his goal last year, with a 135 bushel average on 595 acres.

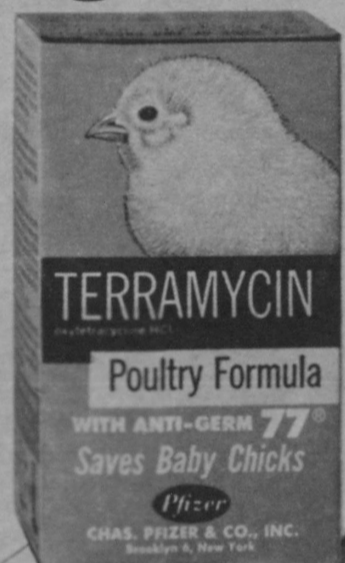

Another farmer-feeder who squeezes out every last bushel his soil is capable of yielding is Melvin Nefstead, Kings, Illinois. "I kept running small test plots each year, and kept increasing my population until I got it so high that I got some barren stalks. I've found that a stand of around 20,000 plants per acre is best for my soil."

Then Nefstead makes a good point: "I think every farmer has to feel out his own soil to see what population is best. You just can't pick a population that someone else found best. Soils differ from farm to farm, and in my own case, they often differ from field to field."

Nefstead has apparently hit the right formula for his soil—he harvested over 80,000

## Two health tonics for spring chickens

Give spring chicks  
a healthy start

Get more eggs from  
winter-weary layers

Protect your little chicks against disease two ways with Terramycin® Poultry Formula (oxytetracycline HCl) containing Anti-Germ 77®. Helps assure a fast, healthy start. Gives potent antibiotic protection inside the bird...and kills disease germs in the drinking water, too. Help tiring older layers produce like they thought they were fall pullets again. Give 'em

vitamin-enriched Terramycin® Egg Formula. Reduces risk of disease and slumps during spring weather stresses. **Get one ¼ lb. package of Terramycin Egg Formula...get one free. See coupon in the April Successful Farming.**

bushels from his 800 acres of corn land last year. With better rainfall, he might have reached 100,000.

Despite dry conditions in his part of the country, Clarence W. James, Pennville, Indiana, averaged 135 bushels per acre on his thickly planted corn ground. James put down 20,000 plants per acre, and plans to go higher this year. He feels he hasn't reached the saturation point yet.

Another farmer who's pushing populations up is Joseph Faivre, DeKalb, Illinois. He planted at different populations to suit the fertility of his various fields, ranging from 19,000 to as high as 24,000 plants per acre. As a result, he averaged better than 110 bushels on his 300 acres of corn land last year.

All three of these farmers point out the importance of supplying plenty of fertilizer to support the heavy seeding rates. They treat their soil like a spoiled child—anything it wants, it gets. Soil tests are used extensively.

### You Can Have More Yields With Soybeans Too

For soybeans, narrower rows are helping soybean growers to increase populations per acre, and are resulting in substantially higher yields. Most soybean growers agree that there's as much or more reason to plant soybeans in narrow rows than there is to plant corn in narrow rows.

One grower who has evidence of that fact is Otto "Spike" Geriets, Petersburg, Illinois. "I tried some 30-inch corn rows last year, and while I had the narrow row planter I decided to try narrow rows on half of my soybeans, too. The soybean yields were even more impressive than the corn—I got 45 bushels per acre on the narrow rows compared to 37 bushels on the regular rows. This year I'm planting all of my soybeans in 30-inch rows."

Colleges support Geriets' results: "Row widths of 20 to 24 inches will yield about 15% more than rows of 40 to 42 inches," reports C. R. Weber, of Iowa State University. "Regardless of row width, however, you should plant good germinating, inoculated seed at 12 beans per foot of row," he advises.

The economics of high population makes good sense: The extra seed per acre to plant 24-inch rows may cost \$2 to \$3—but a 15% yield increase can return \$10 to \$11 worth of extra soybeans.

Contrary to the popular belief that fertilizer doesn't pay on soybean ground, some growers who insure high fertility with special applications are getting up to 8 bushels more per acre. They report that bean plants are 5 to 6 inches higher on fertilized acres—allowing more space for bean pods to form.

For either corn or beans, there are some obvious advantages of thicker planting that some farmers never think of. Faivre points out several: "Weeds aren't nearly as big a problem in heavy populations. They need sun to do well, and once thick crops get past waist high, weeds see about as much sun as a coal miner.

"Another thing, shade really cuts down on evaporation. Nearly every drop of rain you get soaks in—very little is steamed off," he says.

## I made a hog of myself

on

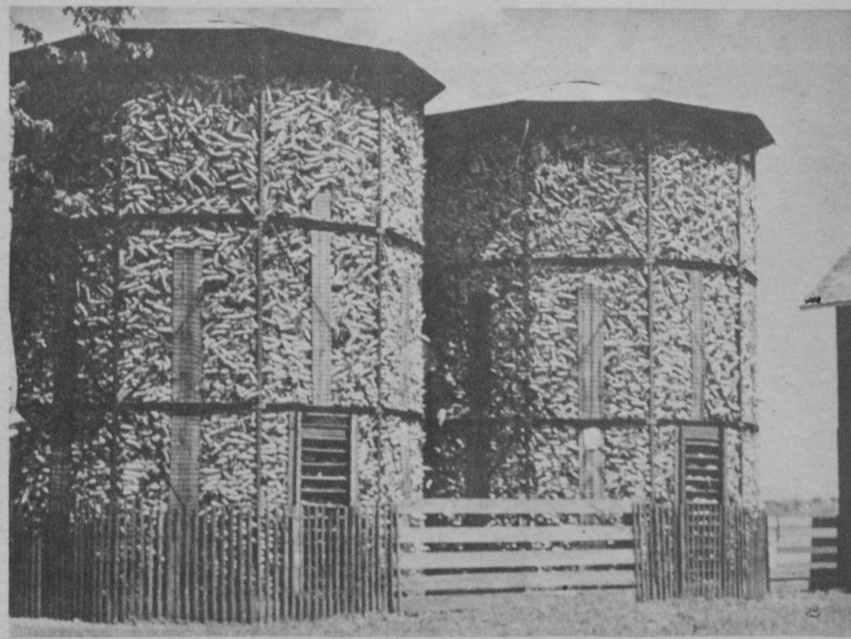

It's logical. The more grain you grow, the more hogs you can feed out. So be "hoggish" when it comes to corn yields. Plant modern DeKalb Brand XL Hybrid Varieties. They're bred for more tolerance to disease and insects. Bred for thick planting and high fertility. Bred to stand . . . to shell out bigger yields of plump, energy-rich grain. Plant all DeKalb Brand Breakthru and XL Corn Varieties.

This field sign identifies a wise choice in seed corn. "DEKALB" is a Registered Brand Name. "XL" is a variety designation.

MORE FARMERS PLANT DEKALB THAN ANY OTHER BRAND

Planting to capacity and choosing the best hybrids for your farm can mean an extra 15 to 20 bushels of livestock feed per acre.

*You'll never know how high  
your yield per acre can go...*

UNTIL YOU USE

# AMIBEN

WEED CONTROL

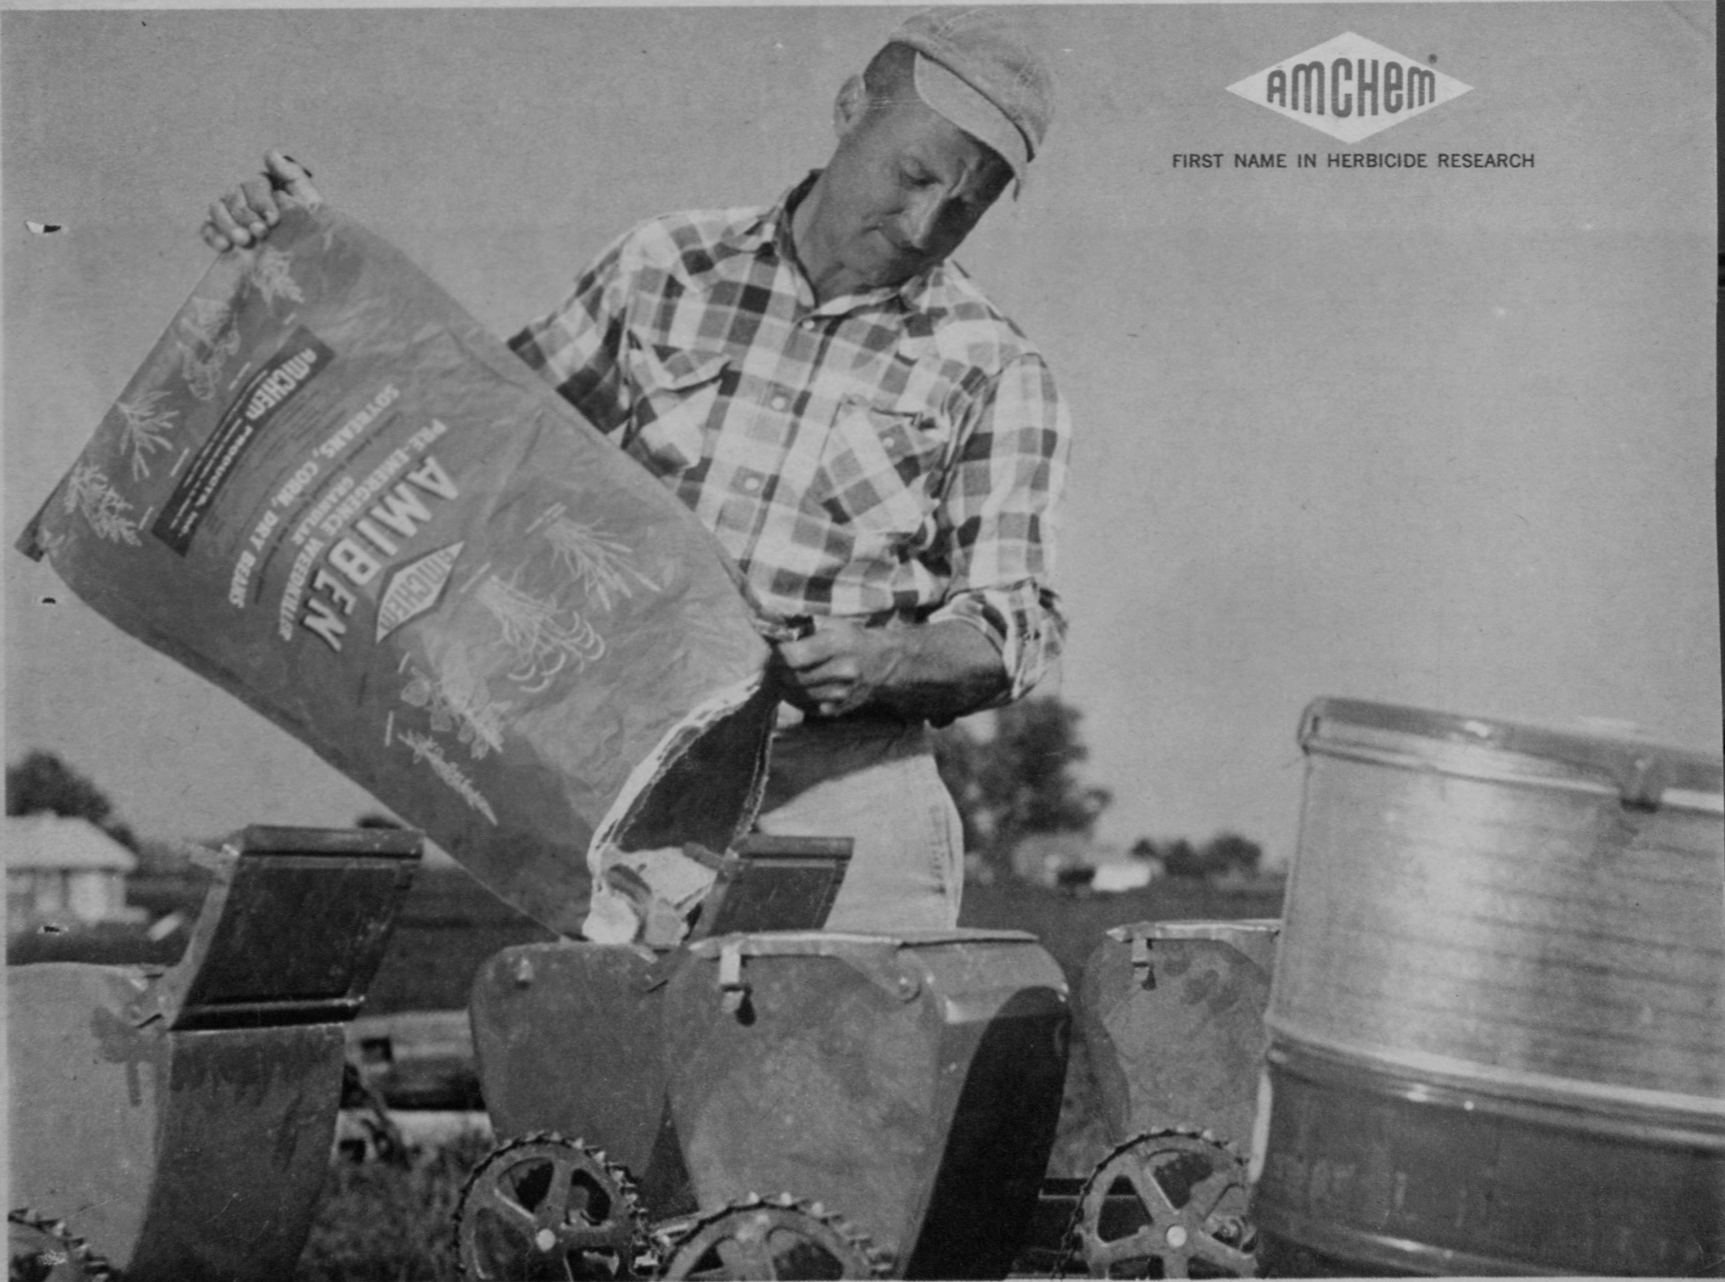

Weeds eat profits. Get rid of them before they start to grow with one pre-emergence application of Amiben when you plant. If you use top management, how many beans you take off at harvest depends upon how good your weed control is from the start.

One application of Amiben when you plant kills most annual broadleaf weeds and grasses—keeps fields clean until harvest. This means there is no weed competition for nutrients, moisture and light throughout the growing season—no delays at harvest, waiting for weeds to freeze off—or shattering losses from having to hit bean plants hard with the combine reel. You get lower moisture beans—higher quality beans, and more of 'em. And they return more profit to your pocket.

Amiben is clean, easy to handle, leaves no residue in the soil. It costs just \$3.34 per acre banded at the 2 lb. rate recommended for most soils—returns many times its value in extra bushels harvested when good soybean management practices are followed.

See your farm supply dealer today for Amiben—your best assurance of outstanding weed control in beans—and today's No. 1 soybean herbicide by a wide margin.
