Tawas Area Board Eyes Expansion of Remedial Program

An enlightening program on Tawas Area School's remedial reading program may result in expansion and further improvement of such instruction.

This came about Monday night following discussion of a presentation before the board of education by Miss Burnetta Miller, junior high remedial reading teacher.

Board Pres. Leonard Sarki requested Miss Miller to prepare an outline of any suggestions she may have to assist the administration in improving the remedial program.

In her presentation on the subject, Miss Miller emphasized that the study of English and reading was most essential to students. Without mastery of the two, students find progress in other studies to be most difficult.

She believed there would be a remedial program for every grade in school, with particular emphasis at the elementary level. She said that many children developed a mental block toward education early in life because of the frustration in being unable to read well enough to get ahead in their studies.

As a result, she said, many children just waited for the day when they turn 16 years of age and are able to quit school.

She said that only about 10 percent of the students needing help were availing themselves of remedial classes. While a few children just do not have the mental ability and equipment, parents should not attach a social stigma to a remedial program which benefits their own children.

Because of difficulties with other subjects, some children do not find time to take off from study hall work to take part in a remedial program. The last 15 to 20 minutes of the one-hour class are devoted to helping children with homework.

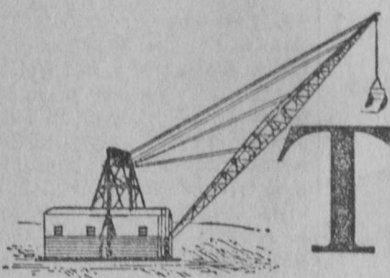

She finds interest high among students taking part in the remedial program. Some children, she said, have never before experienced the joy of reading a book.

"You do not insult these kids by giving them 'baby stuff,'" said Miss Miller. She displayed several modern publications by Readers Digest and other books used in her program. The children do not know they are graded—"All they know about a book is that it is either too hard or easy for them to read."

Tawas has had a junior high remedial reading program since the seventh and eighth grades were moved from Alabaster. Two classes are held daily, one for eighth grade boys and the other for both boys and girls of the seventh grade.

In addition, a special remedial class for fourth and fifth grade children, who took part in last summer's remedial program, is taught by Mrs. Peter VanHouten.

Miss Miller told of a typical class where students receive special help in spelling and vocabu-

Iosco Supervisor Among Victims of Cafe Gunman

Henry Oates, Alabaster Township supervisor, was one of the victims of a nonchalant bandit's holdup at an Ann Arbor restaurant Monday evening.

A lone bandit entered the Holiday Inn, brandished a gun and

said to the cashier, "Empty that cash register."

Before she could comply, the man walked from table to table, waving the gun and taking money at random from men and women. He was finally subdued by three officers, but not before he col-

lected and handed it to the surprised parents. He told them to "buy some diapers for the baby."

Officers said the bandit had six diners' wallets in his pockets plus additional cash from others whose wallets he had not kept. He left his 1964 auto running when he went inside.

The cashier refused to hand over \$200 in her till and he walked away.

Police said that Richard K. Hill, 40, an ex-convict, had served two prison terms for passing forged checks. He is being held in the Washtenaw County Jail.

Oates was one of those from whom the bandit demanded money. The man slapped one of the 75 persons in the restaurant when he smiled at him.

One couple was seated at a table with their family and the bandit, spotting their small child, took some of the loot which he had col-

A motorcycle traffic patrolman, who entered through a back door, grabbed the robber just as he was leveling his gun to fire at two other patrolmen entering through the front door.

Oates called his wife Monday night to tell her of the incident. She said he was "quite excited" and "pretty shook up."

Oates, who becomes the county's new equalization director November 14, is in Ann Arbor attending a tax assessors' short course at the University of Michigan. He is to return home Thursday.

Fire Early Tuesday Damaged TC Station

Fire early Tuesday morning caused extensive damage to the former Harry Rollin gasoline service station, Mathews Street, Tawas City.

Operated by Lee Nichols since late summer, a passing motorist spotted flames and smoke in the building shortly after 1:00 a. m. and notified the fire department.

Fire in the wood frame structure was brought under control in a few minutes. Electrical wiring is believed to have caused the blaze. Fire Chief James Lansky believed that Nichols' lawn mowers and parts escaped serious damage.

Police had been called to the station earlier Monday night to investigate the ringing of a burglar alarm. Nothing was found amiss and the owner turned off the battery-operated alarm system.

The owner said Tuesday that his business would reopen by Friday, following repairs to the electrical system.

Children's Book Week Display

"BOOKS - PLEASE" is the simple slogan for Children's Book Week, October 30 through November 5.

Iosco-Arenac Regional Library branches at Osceola, East Tawas, Tawas City, Hale, Whittemore, Agres and Standish will display new fall books for young readers. Boys and girls who request "Books, please" at their library will find many titles to satisfy their reading interests.

The bookmobile will carry a book week collection for its juvenile patrons. Branch librarians will hold special book talk sessions for grade school visits.

Children are invited to visit their library to browse and become acquainted with the books which may be borrowed after November 5.

Iosco Agr. Society to Meet Thursday

The annual meeting of the Iosco Agricultural Society is slated for Thursday, October 27, 8:00 p. m., at Love Hall. A brief business meeting will be conducted, euchre will be played and refreshments served.

Jordan Named to Intermediate Post

Ernest W. Jordan Jr., principal of Tawas Area High School since July 1956, was released from his contract Monday night by the board of education in order to accept a new position as Iosco Intermediate School superintendent.

With an effective release date of November 24, Jordan is to succeed William Tracy, who resigned recently to become the new superintendent at Jonesville High School.

The board of education is to take immediate steps to secure a replacement for Jordan, who assured members that he would assist in every way possible to assure an orderly transition.

In his letter of resignation, Jordan said his tenure here had been "inspiring and eventful." He felt

that implementation of a new special education program in speech correction inaugurated by Tracy offered a particular challenge to the intermediate school district in a field which has been neglected in this locality.

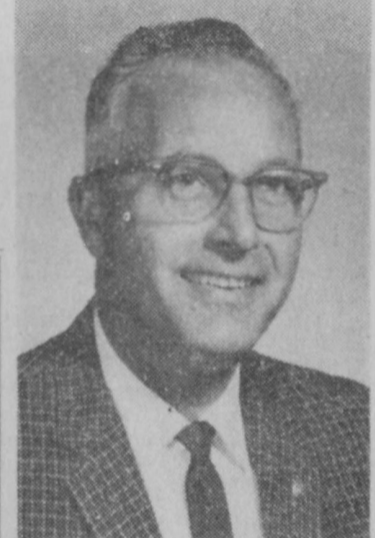

Jordan was hired as principal of Tawas Area High School in May 1956, succeeding Ronald Butterfield, who resigned to devote full

Received Prison Sentence Oct. 19

John S. Foster, 37, Alpena, was sentenced to serve a one year to 2½-year term in Jackson Prison Wednesday by Circuit Judge Allan C. Miller.

Foster had entered a plea of guilty to attempted grand larceny when arraigned Tuesday before Judge Miller. The charge had been reduced from grand larceny.

He had been apprehended July 12 while in the act of stealing large rolls of copper wire at the old National Gypsum Company quarry in Sherman Township. The arrest was made by Iosco Sheriff's Department with assistance of company security officers.

time to science teaching in the system.

He recalled the hectic days of the fall of 1956 when he first took over the principal's job. High school classes then were divided between buildings in Tawas City and East Tawas and students were shuttled back and forth by buses and cars.

"It was a great relief when the high school building was completed and the move was made there in February 1957," he said.

Since then, the area has witnessed a population growth which necessitated further expansion of junior high facilities and modernization of elementary classes.

A graduate of Western Michigan University, Kalamazoo, majoring in social science, he received his master degree in education there in 1953. He served as superintendent at Johannesburg for two years before coming here. Prior to that, he had been principal at Northwood for two years and a teacher in the Richland School District.

He and Mrs. Jordan are the parents of three children and make their home at 121 South Eleventh Avenue, Tawas City.

Mrs. Hatton Named New TC Librarian

Mrs. Howard Hatton will be the new librarian at Tawas City branch library. She is training this week and will commence full time duties next week.

New hours will be in effect at the library as of this week. Hours are Monday, Tuesday, Wednesday and Thursday, 1:30 to 5:30 p. m.; Friday, the branch is closed; Saturday, 9:00 a. m. until 1:00 p. m.

FALL FARM SCENE—Newly plowed ground in the foreground, with rows of corn shocks and an old log cabin homestead in the background, provided a fall setting for motorists traveling along M-65 south of Hale over the week-end. Urban residents of the area are now raking a large crop of leaves and preparing lawns for the cold weather ahead. Bird and rabbit hunters are having their day in the field, while nature prepares its kingdom for a winter sleep.—Herald Photo.

Assessment Method Discussed Monday

Methods to be used in fixing benefits derived from sanitary sewer by individual property owners in a proposed US-23 special assessment district were discussed at Monday night's meeting of Tawas City Water Board.

A board of special assessors appointed last week is to prepare a tax roll and make a determination on the cost of construction to each of 36 parcels of land within the district.

Acting on the board are Reginald Bublitz, superintendent of public works; Clarence Everett, Third Ward supervisor; Carl Schaaf, water board member.

The project, estimated at \$34,000, is to serve both sides of US-23 from Mathews Street to a point near the river bridge.

A tax roll is to be presented at the November 7 council meeting and a public hearing for review has been tentatively set for December 5.

In other business, the water board heard a report on construction of 2,200 feet of water main

Busy Week-End for Iosco Sheriff

Iosco Sheriff's Department was busy with a variety of minor complaints over the week-end, ranging from car-deer accidents to vandalism and breaking and entering.

Carl Eckman, East Tawas justice of the peace, escaped injury Sunday morning when his car struck a deer north of East Tawas on US-23. The car was spun around on the highway. Another car-deer accident was reported on US-23 near Alabaster.

Investigation continues into a vandalism complaint at the home of Hubert Benson, 301 East State Street, East Tawas. Headlights on Benson's truck were smashed early Sunday morning and three gallons of milk were stolen.

A hit and run driver smashed a concrete block wall at the Dun-Rovin Motel adjacent to the city hall in Tawas City sometime Saturday night or early Sunday morning. A door was also smashed in the crash. Officers said the driver left without identifying himself.

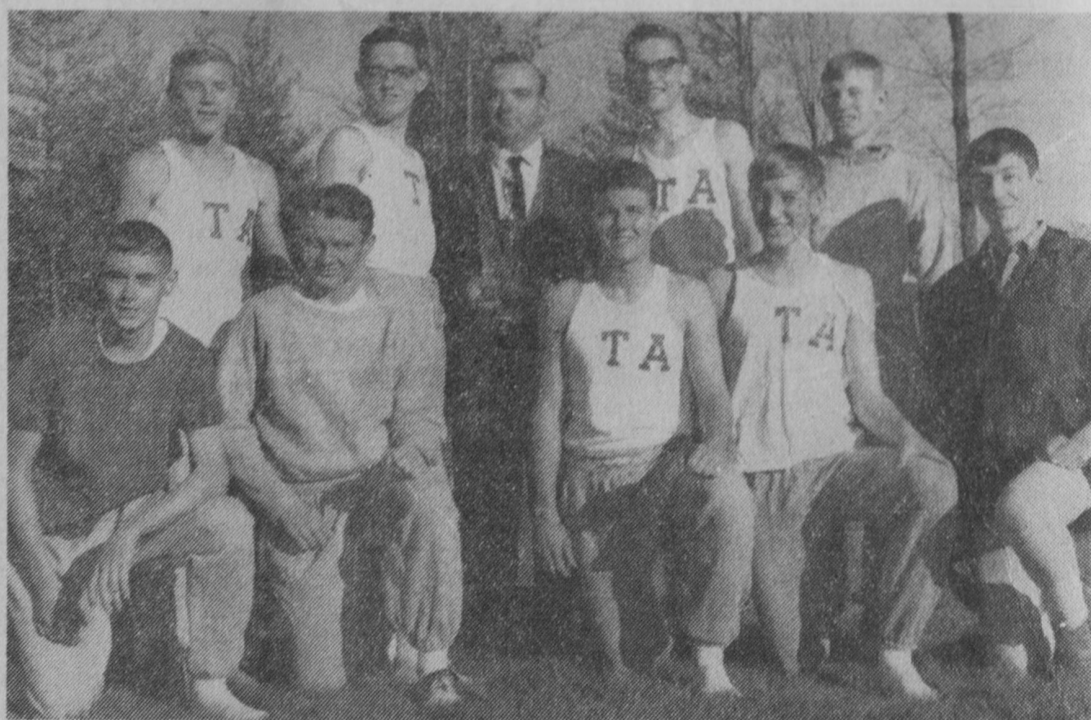

Six cabin break-ins are under investigation in the Sand Lake area. Property stolen was at a minimum, said officers.

The meeting November 2 is to inform parents on cub scouting and to give them a chance to register new boys.

All parents of boys between the ages of eight and 11 are invited to attend this important meeting.

CONSIDERABLE PROGRESS has been made on improvements at the Tawas City Cemetery during the past three months. Since reorganization of the cemetery board, work was started on preparing detailed maps bringing grave sites up to date. There has been an expansion of lots on the south side of the cemetery, which Chairman Russell A. Rollin Sr. is inspecting in the above photo. At least 45 new lots have been provided. Extensive plans are to be made during the coming months for work next spring. Besides Rollin, members of the cemetery board include E. D. Jacques, Irvin Ulman, Charles Eich and Bill Clark.—Tawas Herald Photo.

TAKING seven of the first 15 places among 49 runners, Tawas Area High School's cross country team won the conference title last Saturday at Delta College. From left above are Bob Lake, John Bailey, Coach Robert McDonald, Joe Bailey and Bill Deckett. Kneeling from left are Jerry Reckman, Wayne Fairfield, Bill Inglis, Gary Haglund and Allan Cholger. John Bailey was named to the all-conference team for the third straight year. The Braves compete in the regional meet this Saturday at Mt. Pleasant.—Tawas Herald Photo.

Marriage Vows Exchanged at Tawas City Baptist Church

MR. AND MRS. ROBERT BROWN

Mr. and Mrs. Robert Brown will reside at 23303 Lorain, Suite 520, North Olmsted, Ohio, following their wedding trip to Florida.

The couple exchanged vows Saturday, October 22, at First Baptist Church, Tawas City, before the Rev. Ernest Ferguson. Mrs. Charles Nash of East Tawas was organist for the 7 o'clock, double ring ceremony.

Mrs. Brown is the former Connie Clements, daughter of Mr. and Mrs. Laurence Clements of Tawas City. The bridegroom is the son of Mr. and Mrs. Robert Brown of Tarpun Springs, Florida.

Given in marriage by her father, the bride wore a white wool and lace suit with white satin trim and white satin accessories. A white pillbox hat held a short veil. Her flowers were white carnations and pink roses.

Attending the couple were Miss Eileen Hatch of Tawas City and Harold Clements of Tawas City, brother of the bride. Miss Hatch

was attired in a light green suit with white carnation and yellow rosebud corsage.

Walter and Jerry Clements of Tawas City, brothers of the bride, seated the guests.

For a reception held at the home of the bride's parents, guests were present from Detroit, Lansing, Swartz Creek, Oscoda and Hale.

For her daughter's wedding, Mrs. Clements selected a gray suit with gold accessories. Golden chrysanthemums and yellow rosebuds made up her corsage.

The bride is a graduate of Tawas Area High School and attended Michigan State University. Mr. Brown attended Northeast High School, St. Petersburg, Florida; St. Petersburg Junior College and Broward Junior College, Fort Lauderdale.

Hostesses honoring the bride with pre-nuptial showers were Miss Hatch, miscellaneous, and the office staff of East Ohio Gas Company, Cleveland, personal.

Price-Kasischke Wedding

PFC. AND MRS. ROBERT L. PRICE

The marriage of Miss Kay L. Kasischke, daughter of Mr. and Mrs. Martin Kasischke of Tawas City, and PFC Robert L. Price of Mannheim, Germany, son of Mr. and Mrs. Richard Price of East Tawas, was solemnized Saturday, October 22, at Emanuel Lutheran Church, Tawas City.

The Rev. Emil Kasischke, uncle of the bride, performed the 7:30 p. m. rites. The Rev. James Rockhoff read the sermonette. White gladioli and chrysanthemums decorated the church. Mrs. Bernard Look, soloist, was accompanied by Miss Mary Perkins.

For the double ring ceremony, the bride appeared in a floor-length, candlelight brocade gown fashioned with molded bodice, bateau neckline and wristpoint sleeves. An illusion veil was secured to a Dior bow accented with sequins. She carried a cascade bouquet of white chrysanthemums, stephanotis and white cymbidiums.

Attending the bride as maid of honor was her sister, Janet. Miss Carolyn Groff of Tawas City was her bridesmaid. They wore identically-styled, mist green, Empire gowns of silk chiffon and re-embroidered lace over taffeta. Match-

ing headpieces enhanced with pearl sprays completed their ensembles and they carried yellow roses and white chrysanthemums.

Serving as best man was Darrell Welch of East Tawas with Donald Penman of East Tawas, groomsmen. Guests were seated by Robert Grabow of Tawas City and John Wetzel of East Lansing.

One hundred fifty guests from Whittemore, Saginaw, Detroit, Bay City, Flint, Boyne City, Roseville, Oscoda, Mt. Clemens and Lansing attended the reception at Emanuel Lutheran Church.

Mrs. Kasischke greeted guests in a moss green wool dress accented with yellow rose corsage. A red rose corsage adorned Mrs. Price's beige suit.

Following a trip to Northern Michigan, the newlyweds will reside at Tawas City until the bridegroom returns to Germany where he is stationed with the United States Army.

The new Mrs. Price and her husband are graduates of Tawas Area High School and she is an employee of Consumers Power Company, Tawas City.

Pre-nuptial showers were hosted by Mrs. Robert Grabow and Mrs. Donald Penman.

Oscoda JVs Down TA in Final Seconds

Tawas Area Junior Braves came from behind Thursday night to take a fourth quarter lead over the visiting Oscoda JV, only to have the Little Owls score a final touchdown with only minutes to go. The victory went to Oscoda, 21-20.

Oscoda took the opening kickoff and rolled to an 80-yard touchdown. Quarterback Dennis Krish fumbled in the endzone three plays later, going for an Oscoda safety, and the visitors held an 8-0 margin.

This score held until the start of the second half when Rieger of Tawas went 65 yards for a touchdown. The PAT was good and Oscoda's lead was cut to 8-7.

Tom Jacques scored the first of two touchdowns early in the fourth quarter when his 45-yard end sweep gave Tawas a 13-8 lead. Oscoda bounced back two plays later with a touchdown to again take the lead, 14-13.

Jacques scored on a 30-yard end sweep to give Tawas a 20-14 margin, but Oscoda drove down field for a touchdown to tie the game at 20-20. A pass completion on the PAT gave Oscoda the win.

Braves Upset Oscoda Owls, 19-7

HALFBACK RAY POWERS of the Tawas Area Braves crashes through Oscoda's defense in the above photo before finally being brought down on a hard tackle. A similar run by Powers went for a touchdown.—Tawas Herald Photo.

Upset-minded Tawas Area Braves whopped the hitherto undefeated Oscoda Owls, 19-7, in a bruising Northern B Conference football game last Friday night.

For Tawas, it was a night of revenge after suffering two consecutive losses to the Owls. Oscoda had racked up five opponents prior to this game, but the Braves have been a vastly improved team since coming to life against Pinconning three weeks ago.

The Braves, led in an all-around good team effort by Co-Captains Dennis Harten and Ray Powers, took charge right from the opening kickoff, lost their momentum late in the second quarter and then regained their poise in a dramatic second half comeback.

On the first play from scrimmage, Harten electrified Tawas fans with a 28-yard romp over right guard. That was the longest gainer of the night for Tawas as Oscoda concentrated its defense on stopping the long runs. The result was

that Tawas' co-captains were able to grind out good yardage on the short bread-and-butter plays up the middle.

Both teams hit hard all night long, as evidenced by seven Oscoda fumbles, five of which were recovered by the Braves. Tawas had two fumbles in the first quarter and both senior halfbacks were limping early in the game. Oscoda lost its junior quarterback, Randy Pagels, on a bruising tackle in the first quarter.

Tawas' defensive tackles, John Crisenbery, Al Lickfelt, Kim Simons and Bill Lixey, were responsible for forcing the Oscoda fumbles. A lot of credit for Tawas' stiff defense must also go to John Schirmer, Dan Phillips and John Lorenz, linebackers, who flowed with the play to stop the Owls' running attack.

Key to the game was Tawas' defense of Coleman Lane, hard-running halfback of the Owls, who was stopped by Tawas' line with 87 yards rushing during the night. Lane had one 54-yard touchdown jaunt called back because of an off-sides penalty, caught two passes for 33 yards and threw one touchdown pass.

After Harten's romp to start the game, Tawas drove to Oscoda's 30 and on the seventh play from scrimmage lost the ball on fourth down. On the first play, Lane fumbled for Oscoda and Tawas recovered on the 0-33.

This set the stage for Tawas' first touchdown. Powers picked up 14 yards in two plays, Harten broke through for another 14 and Powers put the ball on Oscoda's five with a three-yard pickup. A Tawas penalty moved the ball back five yards but, two plays later, Harten cracked around left end for seven yards, carrying three Oscoda defenders into the endzone with him for a touchdown. Crisenbery booted the PAT and Tawas had a 7-0 lead.

Tawas continued to dominate the first quarter, racking up six first downs as compared to Oscoda's one. The Owls fumbled on the third play from scrimmage and Tawas recovered on its 46. Tawas had the ball for three plays and Oscoda recovered a fumble, only to lose it to the Braves when the Owls fumbled on TA-46. The Braves had a good drive going but Oscoda then recovered a fumble on its own 20.

Most of the second quarter was played in Oscoda territory, but Tawas' offensive line sagged a bit at this point and was outcharged by the Owls. In the late stages of the half, Oscoda moved the ball from its own 24 to the 21 of Tawas in 10 plays. With 32 seconds to go, Lane threw a pass into the wind and End Mike Murphy snared the ball out of the outstretched arms of two Tawas defenders standing in the endzone. The PAT was good and the half ended at 7-7.

Oscoda seemingly had gained the initiative at this point but lost it after Lane's 54-yard touchdown run. Tawas backed by a rule infraction. Twenty yards in penalties put the Owls back to their own 26 and they were forced to punt. The Braves had the ball for three plays and had to punt. An illegal motion

penalty in the line on the last play saw Ralph Meehleider punting twice, the ball coming to rest on Oscoda's 46.

A key fumble by Oscoda on the first play, with John Free of Tawas recovering, gave the Braves a first down on Oscoda's 43.

This play set the stage for the tie-breaking touchdown as Tawas' line again began to open up with some stiff blocking. Harten picked up 19 yards in five carries, Powers added 13. Quarterback Gene Kushion contributed a 10-yard first down in the series and scored on a two-yard keeper. The kick from placement was blocked and Tawas

held a 13-7 lead. Oscoda had the ball for two plays after the kickoff and Simons recovered an Oscoda fumble on Tawas' 45. The Braves had to kick on fourth down and Meehleider punted to the Oscoda 23.

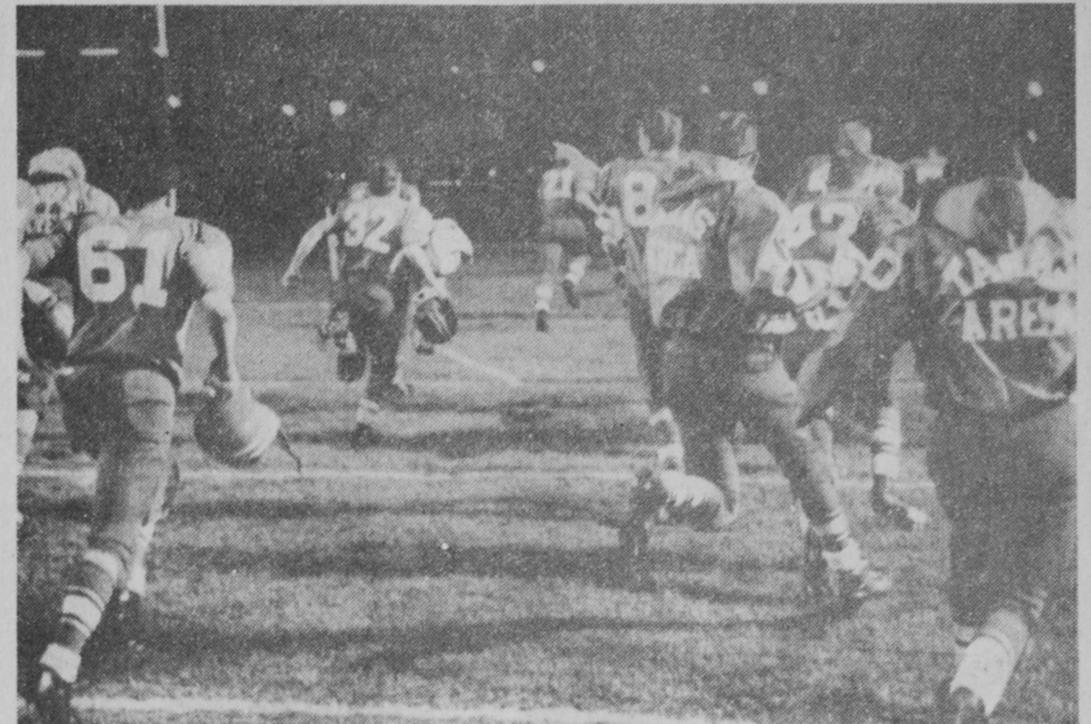

Another key play in the game came after Oscoda picked up a first down and then gambled on carrying the ball on fourth down on its own 40. With three yards to go for a first down, Tawas' line stopped Lane two yards short and the Braves took over on their own 45.

Quick to take advantage, Tawas' co-captains teamed up to slash their way through Oscoda's line

and in seven plays had another touchdown. Powers went the final distance on a 16-yard romp with good blocking in the line.

Oscoda had one more chance with the ball, picked up two first downs but finally ran out of steam on 0-49 as Tawas took over on fourth down.

The two teams were about even in penalties. Oscoda having 70 yards marched off by officials and Tawas with 60. Tawas had 15 first downs as compared to Oscoda's seven. Oscoda completed three out of nine passes while Tawas, staying with its good ground game, did not throw a pass.

Cards Beat Bobcats for First NEM Win

Whittemore - Prescott Area Cardinals nailed down their first win of the season Friday night by edging Houghton Lake, 7-6.

The Bobcats struck first in the second quarter on a punt return, but the Cards roared back with a good sustained drive in the same quarter. After two plays moved the ball to the 55, Phil Hupek took a pass from Tim Arndt and rolled to the three. From there, Arndt scored on a quarterback sneak.

The winning score came on a boot from placement by Vern Arndt to make the score 7-6 in favor of Whittemore-Prescott.

The Card defense was tremendous in the second half, as the Bobcats had only one first down and played most of the game inside its own 30. On the last play of the game, the Bobcats threatened on a double reverse, but Dale Dishaw caught the runner from behind to end the game.

Whittemore-Prescott threatened to score on three occasions during

the second half but penalties again hurt the cause.

Tim Arndt, filling in for injured Pat Phelps, completed four out of seven passes for 110 yards. The Cards had 121 yards on the ground, led by Hupek.

Because of injuries, Jerry Osborne and Dave Dorsey, both guards, played in the backfield. Osborne led the defense with 16 tackles. Free had another good night in punting, averaging 43 yards per kick. He now has a punt average of 41 yards in 26 kicks.

The Cards play host to New Lothrop this Friday night.

Hale Eagles Lost to North Star League Leading Posen

Hale Area Eagles lost to Posen Friday afternoon, 34-0. Posen is one-half game ahead of Hillman to lead the North Star League.

At the end of the first three minutes, Posen led by 14-0 over Hale and had no trouble the rest of the way. Hale held Posen for 2½ quarters, but Posen scored again in the late minutes of the third period to make it 21-0. Posen made two touchdowns in the final period.

Hale threatened on the two-yard line once and fumbled. The Eagles reached the 10 at one point, but again fumbled.

The Eagles play host to Au Gres this Friday afternoon.

Two Hurt Oct. 16 in East Tawas Crash

Two persons were treated at Tawas Hospital October 16, following a two-car collision at the intersection of Newman and Washington Streets, East Tawas.

Injured were Mrs. Clyde Ward, 48, and her daughter, Pamela, 16 years of age.

Mrs. Ward was traveling south on Newman Street when a car driven by Evelyn M. Peters, 34,

East Tawas, ran a stop sign on Washington Street and struck the Ward vehicle. The latter vehicle traveled 57 feet from where hit, struck a hedge on the Wilbur C. Roach property and then struck a garage owned by Bert Godley.

In another week-end accident, one person was injured October 15 in a one-car crash on Tawas Beach Road. Jerry L. Chapman, 25, Eaton, lost control of his car on a curve. A passenger, Mary Ulman, 23, was treated at Tawas Hospital.

Henry Oates
Alabaster

Oates to Head New Equalization Dept.

Taking over the newly-created position of county equalization director November 14 is Henry Oates, a 12-year member of the board of supervisors from Alabaster Township.

Oates, who has served on various committees of the board of supervisors, including finance and equalization, is to resign his seat on the board following the November 8 general election.

As director of the county equalization department, Oates is to serve the board of supervisors through its equalization committee.

The general area of skill required for this job is in property tax administration and the new director's qualifications in this field have long been recognized, having served as chairman of the equalization committee for a number of years.

The newly-created department is to confine itself to the valuation of property as opposed to the collection end of property tax administration, which is handled through the county treasurer's office.

Except for the statutory authority extended the department head to view taxpayers' personal property statements and to take related testimony under oath, the department does not administer property taxes.

Exercising no assessment nor review powers, the new equalization department supports better property tax administration through two main programs:

1. Assembling property value data for the equalization committee to aid in its decision for the proper distribution of the property tax burden between the assessing jurisdictions of the county.
2. Providing appraisal and administrative aids to township and city assessing officers.

Work is now being completed by Gem Surveys, St. Clair Shores, on a comprehensive reappraisal of the entire county for tax valuation purposes. This program is to be completed next May, although several months will be required for public hearings in each township and city.

An individual file card is being prepared for every property tax description in the county showing the exact size of the property, improvements (buildings) and an appraised value.

Once this work has been completed by the professional appraisers, individual supervisors or assessors will have the proper tools with which to make a realistic and accurate appraisal for tax assessment purposes.

Since property values, in any area change from year to year due to changing cost levels and changing uses, it is necessary to periodically measure, or at least score, these changes. This will be the responsibility of the new equalization director.

Methods employed to maintain accurate appraisals include a program of field appraisals in some jurisdictions each year, sampling of one class of property throughout the county each year, a property assessment to sales ratio study in some or all of the jurisdiction.

The director also supervises and correlates reassessment programs carried out by local assessing offices or by commercial firms under control of local or county government.

The new equalization director also directly aids individual tax assessors through appraising problem properties in the field, provide cost and depreciation schedules or guides, conduct appraisal schools, provide land value maps, recommends assessment administrative procedures and plans review reassessment programs.

The director outlines board of review functions and procedures, advocates uniform assessment roll and tax spreading mechanics, uniform personal and real property forms, defends assessments at the board of review and before the state tax commission.

The department is to exercise many coordinating types of activities designed to minimize duplication of effort and promote harmony between assessors and other offices of the government—local, county and state.

The equalization director, now required for each county under state law, forms an important link between the individual assessor and the county equalization committee.

UNICEF Program Planned October 30

Residents of Tawas City are reminded that Tawas City Methodist Sunday School children will be soliciting for UNICEF Sunday, October 30. Youngsters, who will be in costume, will assemble at the church and leave from there at 6:00 p. m. to canvass the city which has been divided into routes so that each area will be solicited only once. Transportation will be provided.

This yearly event is being sponsored jointly by the WSCS and Sunday school. MYF members will assist adult chaperones.

Upon completion of the drive, the youngsters will return to the church. Costumes will be judged,

prizes awarded and refreshments served.

People who feel concern for the world's sick and hungry children will be gratified to know that careful planning and painstaking preparations are under way for this event which will bring help and hope to millions of them in all parts of the world.

This year, more than 3.5 million American boys and girls in over 13,000 communities will trick or treat for UNICEF, collecting life-saving coins for the Nobel Peace Prize-winning United Nations children's fund.

The results of the world's greatest effort by children to help children will be the more vital as UNICEF, which was founded just 20 years ago, still operates with a budget equivalent to what is spent on world armament in two hours on one day.

Kitchen Weary?

If ever a homemaker is tired out, it is usually after a hot summer in the kitchen. She has had canning, freezing, company meals and all the children home for three meals a day.

Did you ever stop to think of the placement of the utensils, dishes and food in your kitchen? If not conveniently placed, this may be a reason for more tiredness than necessary.

Using the principle of "first and use" for these items, their placement can add convenience without remodeling or building a new kitchen.

The problem usually becomes one of how to store them. At meetings this January, homemakers can analyze their kitchens and learn about techniques and housewares to use. If you are interested, watch this column for dates and places of meetings or write me and ask to be put on my mailing list to receive notices of such meetings. There is no charge for meetings or mailings and everyone is cordially invited.

October Hazards—

Along with witches and goblins this month, other concerns of any family should include as safe a home as possible. It is said that more fires occur in the fall than any other time of the year. It is interesting that these fires involve storage of summer equipment and use of equipment standing idle all summer.

Perhaps family members should make an inspection tour of the home together. They may find items stored too close to the furnace in order to clear out the family room for use this winter. Maybe a power lawn mower was moved into the basement or breezeway yesterday to get it out of the weather for winter. Gasoline fumes are dangerous, even from an emptied gas tank, you know. Has the heating system been cleaned and checked before its heavy fall heating load?

Consumer Quiz—

Like to test yourself? Join the class and take this quiz on food buying.

1. Neufchatel cheese is of which type?
(a) cheese food — (b) process — (c) ripened — (d) unripened —

2. The best method of cooking a U. S. Choice shoulder arm roast is?
(a) oven roast — (b) fry — (c) broil — (d) braise —

The term "new potatoes" refers to?
(a) round, white potatoes — (b) early season potatoes — (c) red potatoes — (d) Russett Burbanks —

Reference is made to your "off the hook" editorial in the September 28 issue of The Tawas Herald.

HR-14904, the bill to increase the size and weight restrictions on parcel post, has been signed into law by the president. In order to clarify the issue, I believe it should be stated that the law is not aimed at changing the established transportation policies of the United States, but is aimed at restoring some of the policies which have been curtailed for the past several years.

Current parcel post limitations are 70 pounds and 100 inches in size, except between first class post offices. Services in these offices, with certain exceptions, were curtailed to 40 pounds through zone 2 and 20 pounds in zones 3-8, with the size restricted to 72 inches in length and girth combined. This restriction does not apply to rural patrons of a first class post office and to baby poultry, nursery stock, agricultural commodities, books, appliances for the blind or matter addressed to Alaska or Hawaii.

Furthermore, the restrictions do not apply to parcels mailed to or from any second, third or fourth class post office. I believe the restrictions are discriminatory.

Although the new law does not eliminate restrictions, it partially restores some of the services previously granted to all patrons of the post office. Weight limitations will be increased to 40 pounds by 1970 and to 84 inches in 1971. I do not believe the bill's intent was to compete with private carriers as it also carries a provision to increase the rates by about 10 cents per parcel effective January 15, 1967. It is designed to provide better service to the public by eliminating some of the restrictions applying only to certain offices in the country. Since the post office department is intended to be a public service organization, it should provide the same service for all patrons. The new law still fails in this respect.

Respectfully submitted,
LEONARD G. HOSBACH

Former WAFB Editor Wins Bronze Star

Master Sgt. John D. Rollins, former East Tawas resident and editor of the Wurtsmith base newspaper for many years, has been awarded the Bronze Star Medal for service in Vietnam.

Sergeant Rollins distinguished himself by meritorious service while serving in the Republic of Vietnam with friendly foreign forces engaged in armed conflict with enemy forces from May 21, 1965, to April 30, 1966.

During his tour there, Rollins was in charge of the Combat News Division, Seventh Air Force Directorate of Information. Seventh Air Force is responsible for all air force operations in Vietnam.

As one of the first arrivals during the initial stages of the United States build-up in Southeast Asia (SEA), Sergeant Rollins established an effective system for reporting to the public news of the air war being waged there.

His system is still being used to report daily combat news to an international news corps of more than 300 reporters who are covering the conflict.

For many months, Sergeant Rollins was the sole air force reporter covering the air war in South Vietnam.

The citation accompanying the medal said in part, "... Sergeant Rollins' devotion to duty, knowledge of his speciality and outstanding leadership ability contributed significantly to the morale of air force men in Vietnam and to the public understanding of air force accomplishments.

"Through his unique reporting system, the accomplishments of air force men in Vietnam are being told widely in news media throughout the United States and the world."

Sergeant Rollins, a 16-year armed forces veteran, is currently serving as noncommissioned officer in charge of the 410th Bomb Wing Information Division at K. I. Sawyer Air Force Base, Michigan.

Col. Robert J. Ray, 410th bomb wing commander, presented Sergeant Rollins with the award during ceremonies on the flight line.

The sergeant and his wife, Betty, reside on the air base with their four children, Nancy, John D. II, J. Mark and Jess Aaron.

Are you paying more than 11¢ a gallon for your residential heating oil?

If you are, you're paying too much to heat your home.

If you are now using natural Gas (or plan to) for cooking, water heating, clothes drying or gaslights, and your use is equal to that of our average residential customer, you can get your Gas for heating under our special service rate at a cost equivalent to fuel oil priced at just 11¢ a gallon. And the nice thing about our Gas rates is that the more you use, the less it costs per unit. That's a bargain in anybody's book.

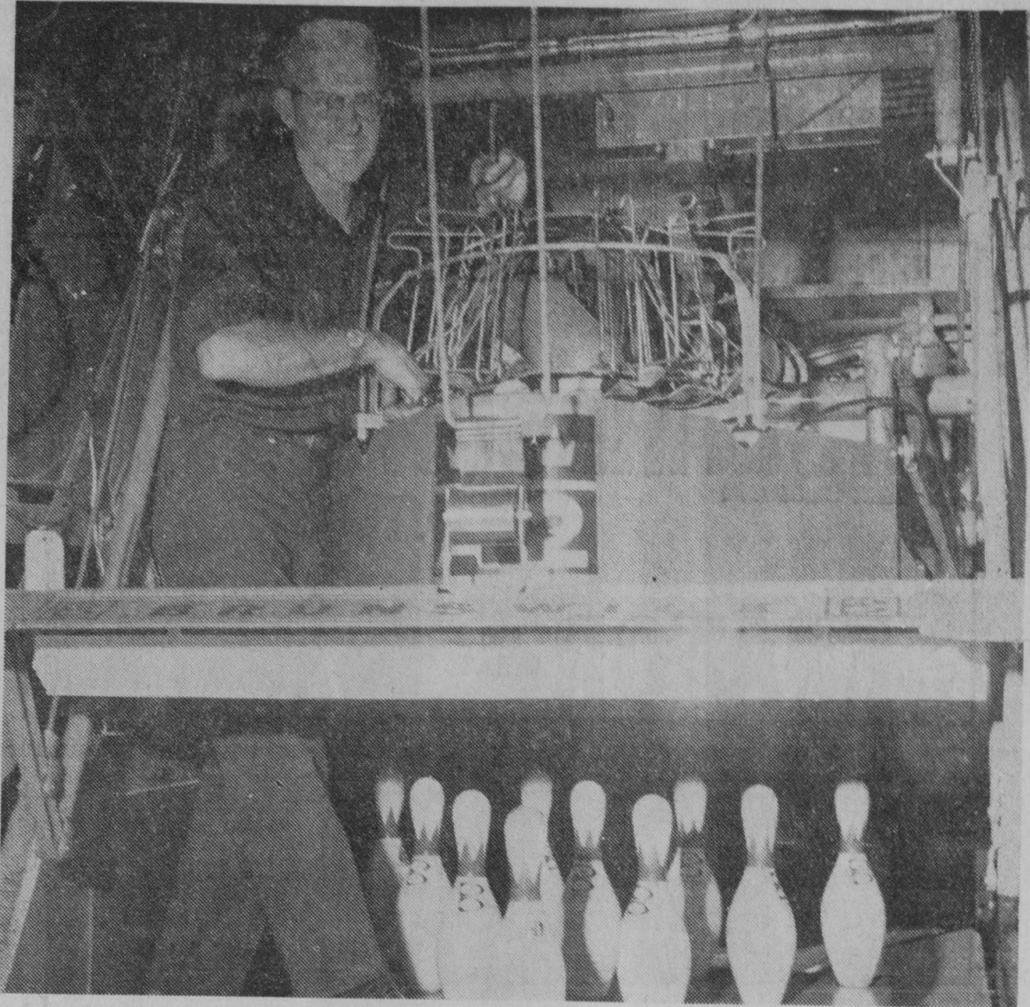

(Can't pay for the cost of conversion right now? Here's good news: whether you convert your present furnace, or even install a new Gas furnace, we will pay for it and its installation by a Gas Company approved heating contractor. And except for the Gas you use, it won't cost you a penny until May, 1967.

So make your present oil furnace more economical this winter. Convert to economical natural Gas. Then you can start putting your money in the bank. Call us today for the name of a Gas Company approved heating contractor and full details.

Bowling is Talk of the Town—

Grand Opening Friday, October 28 Planned at New Hale Creek Lanes

EARL SLOSSER, manager of Hale Creek Lanes, is shown adjusting one of the eight new Brunswick automatic pin setters. The machines are valued at \$64,000.—Tawas Herald Photo.

Interior of the beautiful, new recreational center serving Western Iosco County.

Bowling has taken the Hale area by storm—it is the topic of conversation of young and old, on the street corner, in the coffee shop or wherever a group is gathered.

All of this has been brought about by completion of Hale Creek Lanes, which is to hold its grand opening and open house on Friday, October 28.

"We expect to measure at least 50 persons for new bowling balls and shoes on that day—these new lanes have opened a virtually untapped clientele to this recreation in Western Iosco County," said Earl Slosser, manager.

The new business was in the "dreaming stage" for about two years. Realizing the potential offered by a recreation center to serve Iosco's fast-growing lakes country, as well as a permanent year-around population, Ira Scofield, Hale real estate agent, purchased a 100-acre tract of land on M-65.

He began immediate plans for construction of a bowling alley—the first step in an ambitious recreational center project which is to include a future golf course—and ground was broken last spring for a 52 by 150-foot concrete block building.

Scofield interested other business men in the project and Hale Enterprises, Incorporated, was organized last summer. Today, this group lists 21 stockholders. Besides Scofield, who serves as president, original incorporators were Robert Hunt, Richard Parkinson, Gerald Wyatt, Arthur Peters, Fred Holzheuer, Louis Bissonnette, Slosser and Bert Smith.

Hale Enterprises, Incorporated, leased eight Brunswick automatic pin setters valued at \$64,000. With lanes and equipment installed by the organization at a cost of \$41,000, plus \$62,000 for the building and land owned by Scofield, this recreational center is one of the most modern in Northern Michigan.

Interior decor of the building features walnut paneling and brown wall-to-wall carpeting. A meeting room is provided for leagues, which also serves as a nursery in the afternoon, plus

plenty of office and storage space. Plans are now being made to expand the paved 130 by 130-foot parking lot because of the great interest shown in the first two weeks of bowling.

Leagues have been organized nightly from Monday through Thursday, some with double shifts. An afternoon league has also been organized. Friday and Saturday nights are to be reserved for open bowling.

Bowlers are enjoying the latest in Brunswick equipment, with Telescope projector screens above the approaches and subway ball returns.

In addition, a billiard room is to be opened soon in the building with two, full-sized tournament tables.

October 28th's grand opening and open house should prove to be one of the biggest events of the season on the west side of the county. Scofield will roll the official "first ball" at 7:30 p. m.

Coffee and doughnuts are to be served all day and there will be gifts for everyone attending.

General contractor for construction of the building was Tawas Area Construction Corporation, Tawas City. Subcontractors include

Herman Maas, electrical; Robert Hunt, plumbing; Dean Southard, heating; Hale Aluminum, door and windows.

NATIONAL bowling star, Bob Strampe of Detroit, will feature the grand opening program of Hale Creek Lanes October 28.

National Bowling Star Bob Strampe to Offer Bowling Tips During Grand Opening

Bob Strampe of Detroit, 1966 ABC Masters champion and 1964 All-Star titlist, will bowl at Hale Creek Lanes and offer score-producing tips during the Friday, October 28, grand opening.

Earl Slosser, manager of Hale Creek Lanes, reports that Strampe, Brunswick advisory star, will appear there from 2:00 to 4:00 p. m. and from 8:00 to 12:00 p. m. Enroute to his trip, he is the 1964 All-Star Strampe, who has 11-0 record for a three-game series in the championship league. He has won 203 and 203 games for a 715 total broke Dick Weber's mark of 642 set in 1963.

Following this triumph, the Brunswick star teamed with Hal Jolley of Detroit to win the 1964 ABC Classic Doubles title. In November of 1964, he captured the National Professional Bowlers Association national championship, earning him honors as the "Sport-

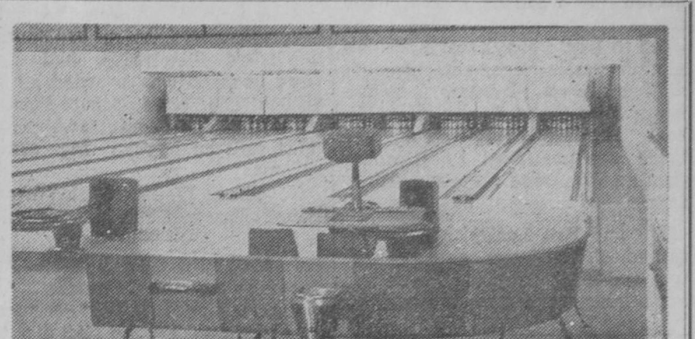

ing News PBA Bowler of the Year."

Strampe first entered the champion's circle while still a member of the United States Air Force. In 1955, he bowled on the world-wide air force team and won the All-Orient bowling tournament in Japan.

He shared in the 1957 Minnesota state doubles crown and captured the 1953 St. Paul Classic with a four-game series of 839, including a perfect 300.

During the 1959-60 bowling season, Strampe continued his winning ways in tournament events and as a Detroit league bowler. He was named "rookie of the year" by the Detroit Bowling Association.

As a member of the Brunswick Advisory Staff, Strampe is one of the many top notch bowlers who promote the sport through programs such as planned for Hale Creek Lanes on October 28.

50th Wedding Anniversary Celebrated at Bible Class Meet
Fellowship Bible Class of Hale Baptist Church met in the annex for the October meeting and special gathering to celebrate the 50th wedding anniversary of Mr. and Mrs. Peter LynDyke of Big Long Lake. For the surprise event, a group of 50 sang "Happy Anniversary" as the LynDykes entered.

An enjoyable program was presented. The meeting opened with Roy Redmond reading Bible scripture, the Rev. Earl Redman of Hanover offered prayer and a mock wedding followed. Edward Crellin representing Mr. LynDyke and Fred Wood as Mrs. LynDyke sang "When You and I Were Young Maggie."

Jerry Crisman served as best man; Hazel Graves and Peg Redmond, ushers; Glendora Clemens played the wedding march, "The Old Gray Mare Ain't What She Used to Be." Fern Streeter, bride's mother; Sally Brigham, groom's mother; Alma Durham, bridesmaid; Rose Hicks, flower girl; Herbert Durham, ringbearer. The bride was portrayed by Dorothy Crellin; Glenwood Streeter, bride's father.

Mr. and Mrs. LynDyke were presented with a large gold money tree and other gifts. Ice cream and anniversary cake were served. Out-

of-town guests were present from Hanover and Red Oak.

Discuss Soft Wheat at Farm Bureau Meeting
Towerline Farm Bureau met October 14 at Mrs. Alice Sherman's home. Mrs. Erb, discussion leader, read about soft wheat, how to get higher prices, possibility of an export plan. Government control was discussed and it was revealed that most farmers prefer no government control.

Mrs. James Brandel gave a report and Mrs. Thurman Scofield briefed the group on Hale Health Council news.

Twelve members and two guests, the Thurman Scofields, were present. The November 11 meeting is scheduled at the James Brandel home.

30 Attended Golden-Agers Meeting Last Thursday
Golden-Agers met last Thursday for a pot-luck dinner, meeting and entertainment. Thirty were present including two guests, Mrs. Helen Farciolo of Long Lake and Mrs. Jennie Papst of Saginaw.

Hale Health Council report was presented and the group voted \$20 to the Isoco Medical Care Facility project.
Albert St. Albin won the man's door prize; Mrs. Arlon VanHouten, the lady's door prize, and Mrs. Leon Brunson was awarded an additional door prize. Robert Pember read two fall poems and gave a short talk on Norcap for senior citizens.

November 17, Mrs. Richards and Mrs. Forbes will host the group.

Hale Methodist Church to Have Mortgage Burning Ceremony
A mortgage burning ceremony is to be staged Sunday, October 30, at Hale Free Methodist Church. Payment on the parsonage, which was started two years, three months ago, is now completed. The Rev. Carl Koerner, superintendent of the Alpena district, will conduct the 2:30 p. m. service. The public is invited to attend.

A farewell party was attended by 14 at the firehall Saturday evening, October 15, honoring Mr. and Mrs. Jack Slosser. They have moved near Kawkawlin.

Hale Baptist Missionary Society met last Wednesday in the annex of the church for an all-day meeting. Members tied six quilts for a boys' orphanage in Lebanon.

Mr. and Mrs. Charles Cole of Three Rivers visited her sister, Mrs. Leon Brunson, over the weekend. Mr. and Mrs. Raymond LaBeau of Rogers, Ohio, were guests for several days at the Brunson home.

The smorgasbord, sponsored by Friendship Circle of the Methodist Church October 15, was a big success.

Mrs. Jennie Papst of Saginaw, daughter of Mrs. Florence Mann, visited her a few days last week. Last Tuesday, they took a trip to West Branch, Rose City, Oscoda and Tawas City where they called on Mr. and Mrs. A. A. Bigelow. On Wednesday, they were at Alpena and Rogers City.

Mrs. Helen Thrush of North Bend, Oregon, is visiting her aunt and family, the Amos Hendricks.

Mr. and Mrs. Byron Mark of Tawas City were visitors at Amos Hendricks last Tuesday.

Mrs. Ray Hendrickson, Mrs. Maxine Basch and Mrs. Ira Scofield attended the football game at Posen last Friday.

Mrs. Ruby Woods of Hastings

SWOBI is a convenient abbreviation for safety work observation, briefing and inspection, a program to implement Consumers Power President James Campbell's mandate for safe working conditions. An unannounced inspection tour of all crews and facilities took place in the Tawas area October 18. Teams, pictured above, looked for unsafe tools, poor housekeeping; advised where additional instruction, training and safe guards were needed. Safety is a continuing part of the company's operations in the interest of employee safety and welfare. In the top photo from left are Harlin Thompson, Victor Fry, W. T. "The Goblins will get you, if you don't watch out!"

Many a child has heard this saying during his early years, especially at Halloween time. But, with only a few changes in the wording, makes a saying for all motorists to heed . . . "You'll get a goblin if you don't watch out!"

The nights near Halloween are great for little goblins, witches, ghosts, etc., to be prowling about the streets, at dusk or just after dark. When you are driving, be particularly watchful, keeping these hours fun-filled ones for everyone . . . "DON'T GET A GOBLIN!"
