

# Soper Quits School Post; Davis Named

Resignation of Clyde Soper as a member of Tawas Area Board of Education was accepted Monday night. His resignation is to become effective January 1.

Upon Soper's recommendation, Earl B. Davis, former Tawas City councilman, was named as trustee to fill the vacancy. Davis will serve until the expiration of Soper's term next June. The regular school election is to be held June 12.

In his letter of resignation, Soper said that his present position as a juvenile worker for the Michigan Department of Social Welfare, with offices at the Iosco County Building, was occupying much of his time. He also plans to participate in an evening educational course conducted at Oscoda Area School.

Soper had been elected to the board of education in 1964. Last July, he was re-elected as board secretary. Trustee Robert W. Elliott was named Monday night as the new secretary.

Davis is general claim agent for the Detroit and Mackinac Railway. He served 10 years on the Tawas City Council and is a past com-

mander of Jesse C. Hodder Post, American Legion. He and his wife, Jean, are the parents of two girls and one boy.

## School Board Interested in Mott Program

After viewing a film concerning the Mott Foundation's program at Flint, Tawas Area Board of Education Monday night indicated interest in implementing a program utilizing school buildings as community centers.

A program of adult education has often been mentioned at board meetings and the board went on record earlier this year as being desirous of participating in the Mott program. Two of Iosco's schools, Whitmore-Prescott Area and Hale Area, are participating this year.

The film emphasized that when school doors are closed in the summers or in the evenings, they are empty islands costing many thousands of dollars. Putting these buildings into full use is the object of the program.

John Alexander, curriculum director, said that plans are being formulated for adult education classes starting in the second semester. While no participation could be expected this year from the Mott Foundation, he believed that the proposed courses would be a worthwhile start.

Alexander said he hoped to organize classes in auto mechanics, welding and other trades next month. One of the big problems will be to secure qualified instructors for evening instruction.

Alexander said he appeared before a recent meeting of the Tawas Area Senior Citizens and learned that there were many retirees interested in aiding this program. One retiree, a former tool and die maker, offered his assistance with instruction, as did a machinist, interior decorator and one who specialized in upholstery.

Billy Wilder, high school principal, reported that the Saturday recreational program for youngsters is now in full swing at all three schools. East Tawas Elementary Unit is providing facilities for elementary children, Tawas City Elementary Unit is the center for high school girls while boys are using the high school auditorium.

Because of the band concert this Saturday, boys will be using the Tawas City Unit Auditorium Saturday morning.

## Tawas Area Lands Cage Tournament

Tawas Area High School Auditorium is to be the site of the 1968 class B Michigan High School Athletic Association district basketball tournament, according to an announcement last Wednesday by Charles Forsythe, MHSAA director.

This is the first time in eight years that the local school has been the site of a district tournament. The last held here was in 1959.

During the past eight years, five tournaments have been held at Standish-Sterling High School—1961, 1962, 1964, 1966 and 1967. Pinconning served as the tournament site in 1960 and 1963 while Oscoda hosted area schools in 1965.

Bill McIntosh, Tawas Area athletic director, said that schools competing in the district tournament here would be Oscoda, Stan-

dish-Sterling, West Branch, Gladwin and Tawas Area. Pinconning is to participate in the tournament held at Essexville Garber High School.

Action involving other area schools the first week in March finds AuGres hosting the class D tournament. Hale Area will enter one of the participating teams.

Tawas Kiwanis Club's annual Goodfellow Newspaper sale is to be held this Saturday from 8:00 a. m. to 5:00 p. m. Proceeds from this drive go to the purchase of Christmas baskets for needy families, particularly for children.

# Tax Base May Have 78.6 Pct. Increase

## Township Hikes Range to High of 93.82 Pct.

### Tax Director Gives Estimate to Supervisors

A three-year program aimed at equalizing assessments throughout Iosco County is nearly completed, according to a report by Henry Oates, the county's tax equalization director.

In the report Wednesday to the Iosco Board of Supervisors, Oates estimated that Iosco's new tax base would be \$82,500,000, as compared to \$46,182,171 used this year as the state equalized valuation. This amounts to a 78.6 percent increase over the old figure.

Oates said that Gem Surveys of St. Clair Shores, which has conducted a county-wide reappraisal since 1965, is to complete its work by the end of December. Actual cash value of Iosco, as appraised by Gem, will be in the neighborhood of \$167,472,000. State equalized valuation, upon which taxes are based, is one-half of the appraisal figure.

According to a preliminary study conducted by Oates, procedures used to assess several property categories had a wide variance between units. This was partly indicated by an over-all increase of 93.82 percent for one unit, high for the county, as compared to 25.99 percent increase for another unit.

In general, Oates found that increases would be given to property other than residential, indicating that dwellings, on the average, had been assessed close to 50 percent of actual cash value.

One of the principal variations was in lakefront property and hunting lands and indicates a large increase in these categories.

A hearing date has been set with National Gypsum Company on its appraisal and a meeting probably will be held with Con-

sumers Power Company before the end of the year.

The tax equalization director said that figures for only three townships—AuSable, Baldwin and Burleigh—had been checked by his office and that the final state equalized total for Iosco may be slightly different than the one he quoted.

On recommendation of Richter Lixey, Baldwin Township supervisor, the county's equalization committee may hold a special meeting in the near future to discuss certain appraisals with individual supervisors. The meeting would be concerned primarily with hunting land and inland lake frontage, in cases where individual supervisors were incorrect. This is expected to affect only a small number of parcels.

Lixey said he found no fault with the appraisal as a whole in his township, particularly in residential hunting lands which are under water throughout the year were appraised too high and subject to correction.

James P. Mielock, Reno Township supervisor, said he felt that appraisals on some farm lands were incorrect in his township and he was conducting an independent survey which he is to turn over to the board of supervisors.

Oates told supervisors that he expects to receive in the very near future a complete report on a 1967 sales study made by the state tax commission. He said that based on sales over a three-year period, Gem Surveys' appraisals were at 99.19 percent of sales.

"I assume that the board of supervisors will act on a resolution to accept Gem's appraisals. We will then report the new tax base to the state tax commission by February 1," said Oates.

During discussion on the new tax base, it was the consensus of opinion that, with a higher county valuation, it will mean that approximately 20 percent less millage will be needed to meet budgets of the various taxing units.

Financing school operation, however, is another matter because of the state's present deductible millage factor which penalizes districts with high valuation. An over-all increase throughout the county may mean that some

schools, already considered as "rich" districts under the state formula, could actually receive less state aid next year.

Oates said he was now in the process of totaling appraisals in the various school districts. His principal job during the next two months will be to check valuation of new construction in the various taxing units.

Boards of review are expected to be very active the first week in March when property owners have the opportunity to view new assessments. Boards of review may change assessments only when the taxpayer can prove justification.

Present 1967 state equalized valuation and the percentage of increase that can be expected by each taxing unit is estimated as follows:

Unit	1967 State Equalized Valuation	Expected Pct. of Increase
Alabaster Township	\$3,163,700	35.91
AuSable Township	3,690,150	92.08
Baldwin Township	3,999,330	93.82
Burleigh Township	863,200	93.47
Grant Township	2,493,400	89.33
Oscoda Township	14,051,696	58.57
Plainfield Township	6,202,072	93.16
Reno Township	954,500	76.31
Sherman Township	1,193,800	26.08
Tawas Township	1,521,850	73.62
Wilber Township	1,268,950	63.19
East Tawas	5,534,350	27.57
Tawas City	4,004,950	28.20
Whitmore	575,050	25.99

Oates emphasized that the above percentages of increase are averages to be added to each unit's rolls. In some cases, property improvements were not listed on rolls and Gem found a few parcels that were not assessed. Individual assessments may be raised or lowered from the existing 1967 assessments, depending upon the result of the Gem appraisal.

DISPLAYING the plaque he received during the campaign achievement celebration of the Michigan United Fund December 4 at Kellogg Center, East Lansing, is John Skrocki, chairman of the 1967 Tawas-Whitmore Area Community Chest Campaign. Seated at left is Mrs. Skrocki. Standing are Mrs. George E. Kindell, left, president of the local community chest, and Mrs. Russell Smethwick, Grant Township representative. The ladies accompanied Skrocki to the luncheon. The local drive collected \$13,667 and exceeded its goal.—Tawas Herald Photo.

# Fire Victim Starts Suit for \$270,000 Damages

A 30-year-old Saginaw man commenced suit in Iosco Circuit Court last week seeking \$270,000 in damages against the estate of Allen J. Paulson, who received fatal burns in a fire June 24 which destroyed his home at 505 East Lakewood, East Tawas.

Walter J. Halm, who seeks the

damages, was a houseguest of Paulson the night of the fire. Halm sustained first degree burns of the head, second degree burns of the right hand and sustained a compression fracture of several vertebrae in his back.

Halm awoke at 4:30 a. m. on June 24 to find the house filled with smoke. He sustained injuries when he dove through a bedroom window. He has not returned to work as the result of injuries.

The petition filed in court by Halm claims that his deceased friend left a cigarette burning in

the house, or one that was not completely extinguished, causing the fire. He claims the fire was caused by carelessness and negligence on the part of the deceased.

Paulson received second degree burns which covered nearly 50 percent of his body when he made his escape through the front door of the burning building.

Halm seeks a judgment of \$225,000 while his wife, Dorothy Mae, seeks \$45,000 against Paulson's estate, which is administered by his father, Harold P. Paulson.

### Six Injured in Two Cars

## Three Tawas Youths Hurt in US-23 Crash

Three Tawas area youths were injured in a two-car crash Sunday afternoon on North US-23 in front of the Play More Company, Baldwin Township.

Most seriously injured was Sallann Roach, 17, daughter of Mrs. James Roach, Tawas City, who sustained a skull fracture, concussion and two broken ribs.

The driver, Dennis C. Wetzel, 17, son of Mr. and Mrs. Eber Wetzel, Whitney Township, sustained facial lacerations, while Eugene Evans, 14, son of Mr. and Mrs. D. Arthur Evans, East Tawas, was released Monday from Tawas Hospital after treatment for a wrenched back.

The three youths, all students at Tawas Area High School, were on their way to attend a church youth group meeting at Harrisville. They

were taken to Tawas Hospital by ambulance.

State police said that a south-bound car driven by Warren L. Leeseberg, 19, Harrisville, had just passed several vehicles and had pulled back into the right lane. The driver lost control of his car on the slippery pavement, spun around once and then hit the Wetzel vehicle head-on.

Leeseberg and two passengers, Gail Kimberlin, 16, and Sandra Kimberlin, 12, both of Chandler, Indiana, were injured and taken to Tawas Hospital. Leeseberg was later transferred to a Bay City hospital while the two girls were transferred to a Saginaw hospital. All sustained serious head and facial injuries.

Miss Roach was transferred Tuesday to Mercy Hospital, Bay City, for treatment of her injuries.

PARENTS are getting acquainted with the band program at Tawas Area School through a new plan adopted recently by Gene Salamony, director. Parents are attending sessions each Monday night at the band room where they get a chance to practice on band instruments used by their children. Salamony, who offers parents some instruction, said the idea is not to turn

out accomplished musicians, but to bring parents a little closer to the school program. With no children around to kibitz, parents are having great fun—and making a great deal of noise. From left are Donald Phillips, Mrs. Gerald Rapp, Mrs. Richard Harwood and Robert Richter, members of the woodwind section.—Tawas Herald Photo.

Some of the conditions prevailing just before the coming of Christ seem nothing less than a miraculous preparation for that event—the greatest in the history of the world. Common Greek had become practically a universal language. Early missionaries did not need to acquire a mastery of various languages before they could preach the gospel.

The political situation also greatly aided the work of the evangelists. A Roman peace was everywhere. To keep the peace, a vast network of roads throughout the Empire had been constructed and sea routes established. These roads and routes enabled the missionaries to go to distant places.

Reveal to us, O God, how to make use of the varied facilities and experiences of our times for the furtherance of Thy kingdom. For Jesus' sake. Amen.

### LETTERS to the EDITOR

Dear Editor,

I read with interest your article on the Thompson Farm and I just wondered if I could add just a little to this that might be of interest to your readers.

I live at Curtisville, the settlement that was named after the Mr. Curtis in your article—Dick Curtis. The settlement and the township were named after him and I farmed his farm, now owned by his grandson, Charles Curtis.

I bought a farm here in 1941 and, in the barn that was built in 1922, are 10 cattle stanchions that were secured from the old Thompson barn when it was being torn down. These stanchions are the work of a carpenter who knew how to do things—they work perfectly, just like when they were constructed originally. I use them day after day and often stand and look at them. The locking device is perfect and when locked, no cow can release it. They can be seen here at any time at 3321 South Curtisville Road.

I understand that the cemetery is a project of the Glennie Grange, which has removed brush, fallen trees and is trying to preserve it. Several Glennie residents are buried in the cemetery. I often drive passed the site and recall when the house was still standing.

### Tawas Bay Slated as Finn Sailing Site for Olympic Trials

Tawas Bay Yacht Club has received official notification that it will host Olympic try-outs for Finn class sailors August 9-11 on Tawas Bay.

L. G. (Ladd) McKay said that about 30 skippers from the Midwest are expected to compete in racing. The top five winners go to Newport, California, where the final winner will represent the United States in the 1968 Olympic games at Acapulco, Mexico.

The Finn class, comprising 15-foot sailboats operated by one person, is one of four classes to compete in the games.

In 1966, Tawas Bay hosted the North American Finn regatta which was won by Pete Barrett of Newport, California. He won a silver medal in the 1964 Olympic games held at Tokyo, Japan.

It is expected that one of the competitors here will be Stanley (Sandy) McKay of East Tawas, a student at the University of Michigan.

# Supervisors to Organize Group as Safety Measure in Attack

Under direction of the Office of Emergency Planning, Isoco Board of Supervisors is to organize a group which would be charged with directing civilian affairs during military attack on this country.

At its January session, the board is to appoint a county director, director of consumer rationing, director of price control, director of rent control. An envelope containing ration stamps has been placed on file to the clerk's office should the need ever arise to ration consumer items following an enemy attack.

Explaining formation of the civilian group were Mrs. June Scott of the county ASC office and Marjorie Davenport, county agent, who attended a recent state meeting.

In other business conducted during the December session, the board adopted a resolution offered by John Weible, Alabaster Township supervisor, calling for the return of several record books held by the Isoco-Arenac Regional Library. The books are to be stored in the register of deeds vault.

These record books had been stored at one time in the clerk's vault and then turned over to the regional library. The Michigan Historical Commission notified the library recently that they were to be turned over to the state, according to law.

L. S. Little, Grant Township supervisor, reported on his recent attendance at the district health meeting at West Branch. Dr. Leslie A. Lambert, East Tawas, is to retire as district health director at the end of the year and attempts are now being made to secure a replacement. During the interim, county nurses are to carry on their normal duties and services of local physicians are to be obtained until a new director is named.

The board adopted articles of incorporation for a new Isoco County Building Authority. Purpose of this board would be to acquire, furnish, equip, own, improve, enlarge, operate and maintain a building or buildings and the necessary site or sites for such construction for use by the county. Full text of the incorporation is printed on page 5, first section, of this week's issue of The Tawas Herald.

The board concurred with a resolution from Alabaster Township Board asking the road commission not to close Mielock Road in that township.

The board transferred \$875 from the county general fund to the child care account of probate court to meet expenses during December.

Albert H. Buch, register of deeds, addressed the board and explained new procedures to be used when the federal government

turns its present taxing power on land transfers over the state, expected at the end of the year.

Ottawa Equipment Company, low bidder at a cost of \$1,984.61, was awarded a contract to furnish a new patrol car for the sheriff's department. The price includes the old car as a trade-in.

Approval was given to purchase a new outboard motor for the sheriff's patrol boat from marine safety funds.

## Past Noble Grands Held Annual Christmas Party

Past Noble Grands Club of Irene Rebekah Lodge held its annual Christmas party last Thursday evening at the Redwood Motor Lodge. Dinner was served to 24 past noble grands and guests at tables decorated in the holiday motif. Favors made by Mrs. Mathew Kienholz beautified the table settings.

After dinner, guests adjourned to the family room with its glowing fireplace for the entertainment. Mrs. Dudley Nelem read a humorous Christmas story which was followed by an exchange of gifts.

A short business meeting conducted by the club president, Mrs. Edmund Gagner, ended an enjoyable evening.

The next regular meeting will be held Wednesday, January 10, 6:30 p. m., at the IOOF Hall. Pot-luck supper will be served before the business meeting. All members are urged to be present.

## Radio Club Gave Gifts to Patients at State Hospital

At a recent meeting of Northern Michigan emergency team of citizens band radio owners, members presented boxes of toys, cookies, candy and clothing which will be taken to patients at Newberry State Hospital. Individuals wishing to donate to this worthy cause may contact the Walter Kennedys at Point Au Gres, 876-4693, or Larry Kuhn at Hale, 728-3701, and arrange for pickup.

Articles are needed for retarded and mentally ill patients from one to 80 years of age. The Kennedys will make the delivery December 16.

## Noel-Ostrander Wedding Held at Whittemore Meth. Church

White gladioli and blue chrysanthemums decorated the altar of Whittemore Methodist Church Saturday, December 9, for the double ring ceremony in which Charles Noel of Clio claimed Teresa Ostrander of Whittemore as his bride. The Rev. Arthur Parkin read the 2 o'clock rites.

"The Lord's Prayer" and wedding benediction were sung by Miss Jo Anne Erickson, accompanied by Mrs. Floyd Freele.

Parents of the bride are Mr. and Mrs. Nelson Ostrander of Whittemore. The bridegroom is the son of Mrs. Joseph Noel of East Tawas.

Escorted to the altar by her father, the bride chose a gown of hand-clipped Chantilly lace over bridal taffeta. The lace fitted bodice featured a Sabrina neckline accented with iridescent sequins, seed pearls and long tapered sleeves. The full bouffant skirt was styled with a full fanshaped chapel train. A sheer petal bow fashioned with orange blossoms secured her tiered bouffant veil. She carried a cascade bouquet of white stephanotis and white orchids.

Attending the bride were her sister, Diann Ostrander of Whittemore, maid of honor, and Linda Bassi of Turner, bridesmaid. They wore navy velvet and light blue crepe, floor length, A-line dresses with Empire waist, detachable train and matching headpieces. Their flowers were white and blue carnations. Diane Hill of Au Gres, niece of the bride, flower girl, was attired in an identically-styled gown and carried a basket of white and blue carnations.

Rudy Bielby of East Tawas served as best man with Richard Wegner of Saginaw, attendant. Guests were seated by Raleigh Ostrander of Whittemore, brother of the bride, and Ronald Harris of Bay City, nephew of the bridegroom. Rings were carried by Ryan Ostrander, brother of the bride. Blue and white streamers decorated the church parlors for a reception and dinner following the ceremony. One hundred guests attended from East Tawas, Bay City, Hale, Detroit, Sebawing, Flint, Au Gres, Pontiac, Essexville, Oxford, Utica and Mt. Morris.

For her daughter's wedding, Mrs. Ostrander selected a cran-

## Boy Scouts Gain in Enrollment

Area boy scout leaders, representing Paul Bunyan Council, learned last week that the total number of boys registered at the end of November was 3,842. This compares with 3,566 in November 1966 and 3,672 at the end of 1966.

Scout Executive Arthur E. Henry said that while gains show in all three of the scouting programs over last year, the largest increase was in the cub scout division.

Held at Standish, the meeting was attended by leaders from the Tawas, Hale, Oscoda, Wurtsmith Air Force Base, Sanford, Standish, West Branch and Midland.

## Red Cross Wants Names of Military Men in Vietnam

Names and addresses of military men serving in Vietnam are needed by the Isoco County Chapter, American Red Cross. The chapter will soon be mailing its annual Christmas greetings.

To submit addresses, phone 362-3001 from 9:00 a. m. to 5:00 p. m., 362-5616, 362-2237 or 362-2271.

## Euchre Club Met With Werth's

The Monday Night Euchre Club met at the home of Mr. and Mrs. Robert Werth December 11. Prizes were won by John A. Martin, first; Helen Strauer, second; Mr. Werth, consolation; Betty Martin, traveling. Mr. and Mrs. Martin were substitutes.

Next month, the Robert Grubbs will entertain the group.

## VFW Aux. to Have Christmas Dinner

Thirteen members attended the Monday evening meeting of Isoco County VFW Auxiliary, which was conducted by Agnes Cramer, president. Ruth Gauthier, service chairman, reported that eight packages donated by the auxiliary had been sent to servicemen.

Christmas dinner will be served at Lixey's Restaurant December 20, 6:00 p. m. Gift exchange, revealing of secret pals and games will follow at the post home. All members are welcome.

The community service chairman reported on a pot-luck lunch and completing of nine quilts. Gladys Osh and Fannie Walstead received 10-year pins and Frances Hill was awarded a five-year pin. The next meeting is slated for January 8.

## Local Women Sent Packages to Area Servicemen

Planned and originated by a group of women from Oscoda and the Tawas under the leadership of Mrs. John Titmus, "Project Christmas" proved successful. Cooperation of local organizations as well as the public at large made this possible.

Fifty-nine packages were mailed to servicemen in Vietnam. Each box contained homebaked cookies, gum, fruit cake, hard candy, pre-wetted packaged beverage and a new terry cloth hand towel. The first package was mailed November 17 and the first letter of thanks from Vietnam was received by the secretary, Mrs. M. W. Catto, at Oscoda December 1. A "round robin" of the letters of thanks received is planned so that members of groups and organizations participating may read them. Names and addresses of all servicemen to whom the packages were mailed are on file.

All expenses of the project as well as the articles sent were donated. Contents of the canisters placed in various business places for cash donations to defray the postage expressed the public's desire to help in this undertaking. A small surplus of cash remains in the treasury for a start of next year's project.

Individuals are to be commended for donating time and effort in packing the boxes, sending checks and money and the time taking care of all other details such as an undertaking entails.

### ARTICLES OF INCORPORATION OF THE IOSCO COUNTY BUILDING AUTHORITY

The Articles of Incorporation are adopted and executed by the incorporating unit for the purpose of creating a Building Authority, under the provisions of Act No. 31 of the Michigan Public Acts of 1948 (First Extra Session), as amended.

ARTICLE I  
The name of this Authority is IOSCO COUNTY BUILDING AUTHORITY.

ARTICLE II  
The name of the incorporating unit creating this Authority is the County of Iosco in the State of Michigan (herein sometimes referred to as the "Incorporating Unit").

ARTICLE III  
The purpose of this Authority is to acquire, furnish, equip, own, improve, enlarge, operate and/or maintain a building or buildings and the necessary site or sites therefor, for the use of the County of Iosco.

ARTICLE IV  
This Authority shall be a body corporate with power to sue and be sued in any court of this state. It shall have a corporate seal. The corporate limits of the Authority shall be the same as those of the County of Iosco. The Authority shall possess all the powers necessary to carry out the purpose of its incorporation and those incident thereto. The enumeration of any powers herein shall not be construed as a limitation upon its general powers unless the context shall clearly indicate otherwise.

ARTICLE V  
This Authority shall continue in existence until dissolved pursuant to law. Provided, that it shall not be dissolved if such dissolution would operate as an impairment of any bond or other contract. In event of such dissolution, the title to any property then owned by said Authority shall pass to the County of Iosco.

ARTICLE VI  
The fiscal year of the Authority shall commence on the first day of January, in each year, and end on the thirty-first day of December following.

ARTICLE VII  
For the purpose of accomplishing the objects of its incorporation, the Authority may acquire property by purchase, construction, lease, gift, devise or condemnation. It may for the purpose of condemnation it may proceed under the provisions of Act No. 149 of the Public Acts of 1911, as now or hereafter amended, or any other appropriate statute.

ARTICLE VIII  
The Authority shall have power to enter into a contract or contracts whereby the Authority will acquire property to be used by the County and will lease the same to the County for a period not to exceed forty (40) years. The consideration specified in such contract or contracts for such use shall be subject to increase by the Authority, if necessary, in order to provide funds to meet its obligations. Provided, that such increase shall not require the County to pay more than a reasonable rental for the leased premises.

ARTICLE IX  
For the purpose of acquiring, improving and or enlarging any building or buildings and the necessary site or sites therefore, and furnishing and equipping the same, the Authority may issue self-liquidating revenue bonds, in accordance with the subject to the provisions of Act No. 94 of the Public Acts of 1933, as now or hereafter amended; provided that such bonds shall be payable solely from the revenues of such property, which revenues shall be deemed to include payments made under any lease or other contract for the use of such property; and provided, further, that no such bonds shall be issued unless the property, whose revenues are pledged, has been leased by the Authority to the County for a period extending beyond the last maturity of the bonds.

ARTICLE X  
The powers of the Authority shall be exercised by its governing body which shall be known as the "Commission" and shall consist of three members to be appointed by the Board of Supervisors of the County of Iosco, each of whom shall hold office for a term of three years, except that the terms of the commissioners first appointed shall expire on December 31, 1967, December 31, 1968, and December 31, 1969, respectively. Thereafter each commissioner shall be appointed for a full three-year term beginning on January 1 of the first year of the term and expiring on December 31 of the last year thereof. Each commissioner shall serve during the term for which he was appointed and

## LEGAL NOTICE

thereafter until his successor is appointed. No member of the Board of Supervisors of the County of Iosco shall be eligible to appointment or membership on the Commission. The members of the Commission shall serve without compensation but the Commission in its discretion may authorize the payment of the actual expenditures of any member incurred in connection with the business of the Authority. The first meeting of the Commission shall meet for the purpose of organization within twenty (20) days after their appointment and thereafter such Commission shall meet for such purpose on the first day in January, in each year which is not a Saturday, Sunday or legal holiday, at 10:00 o'clock A. M., at the usual place of holding the meetings of the Commission. At each of such organization meetings, the Commission shall select a Chairman, a Vice Chairman and a Secretary, who shall be members of the Commission, and a Treasurer who may or may not be a member of the Commission. The office of Treasurer may be held by any member of the Commission notwithstanding that he holds some other office on the Commission. Such officers shall serve until the following year and until their respective successors shall be selected. The time and place of such organization meeting shall be fixed by a majority of the members of the Commission and notice thereof served personally upon all members, at least twenty-four hours prior to the time of the holding of the Commission and no election of an officer of the Commission shall be deemed to be invalid because it was not made within or at the time specified in these Articles. Any member of the Commission may be removed for cause at any time by action of the Board of Supervisors of Iosco County. Any officer of the Commission may be removed by action of the Commission.

ARTICLE XI  
In event of a vacancy on the Commission, the Board of Supervisors of the County of Iosco shall fill the vacancy for the unexpired term in event of a vacancy in any office of the Commission, such vacancy shall be filled by the Commission for the unexpired term. In case of the temporary absence or disability of any officer, the Commission may appoint some person to temporarily act in his stead except that in case of the temporary absence or disability of the Chairman, the Vice Chairman shall so act.

ARTICLE XII  
Meetings of the Commission shall be held at least monthly, at such times and places as shall be prescribed by resolution of the Commission. Special meetings of the Commission may be called by the Chairman or any two members thereof by serving written notice of the time, place and purpose thereof upon each member of the Commission personally, or by leaving it at his place of residence at least twenty-four hours prior to the time of such meeting, or by depositing the same in a United States post office or mail box within the County of Iosco, at least seventy-two hours prior to the time of such meeting, enclosed in a sealed envelope properly addressed to him at his home or office address, with postage fully prepaid thereon. Special meetings of the Commission at which all members are present shall be deemed to be valid even though no written notice thereof may have been given as above provided. Any member of the Commission may waive notice of any meeting either before or after the holding thereof. A majority of all members of the Commission shall be required for a quorum. The Commission shall act by motion, resolution or ordinance. For the passage of any motion, resolution or ordinance there shall be required the affirmative vote of two members thereof. The Commission shall have the right to adopt rules governing its procedure, provided the same are not in conflict with the terms of any state statute or of these Articles. The Commission shall keep a journal of its proceedings which shall be signed by the Chairman and Secretary. All votes shall be by yeas and nays. The journal shall show how each member voted. Each member shall be required to vote upon all motions, resolutions and ordinances unless he shall be disqualified from voting thereon. No member of the Commission shall vote upon any motion, resolution or ordinance in which he has any personal interest. No commissioner shall be financially interested in any contract with the Authority.

ARTICLE XIII  
The Chairman of the Commission shall be the presiding officer thereof. In the absence or disability of the Chairman, the Vice Chairman shall perform the duties of the Chairman. The Secretary shall be the recording officer of the Commission. The Treasurer shall be the custodian of the funds of the Authority and shall give to it a bond in such amount as shall be fixed by the Commission, conditioned upon the faithful performance of the duties of his office. The cost of said bond shall be paid by the Authority. The Treasurer shall be the chief accounting officer of the Authority and subject to the approval of the Commission may employ such assistants as may be necessary. All monies shall be deposited in a bank or banks to be designated by the Commission, and all checks or other forms of withdrawal therefrom shall be signed by the Treasurer and countersigned by either the Chairman or Secretary of the Commission. The officers of the Commission shall have such other powers and duties as may be conferred upon them by the Commission.

ARTICLE XIV  
The Commission shall have power to secure all necessary services to carry out the functions of the Authority and to fix the compensation therefor. The Commission shall cause an Annual Audit to be made by its financial transactions by a certified public accountant, which audit shall be open to public inspection at all reasonable times.

ARTICLE XV  
These Articles of Incorporation may be amended as provided by the act under which this Authority is incorporated or any other applicable state statute; provided, that no such amendment shall impair the obligation of any bond or other contract.

ARTICLE XVI  
These Articles of Incorporation, upon their adoption by the Board of Supervisors of said County of Iosco, shall be executed in duplicate for and on behalf of said County, by the Chairman of said Board of Supervisors and the County Clerk of said County. Said duplicate executed copies shall be delivered to the County Clerk of said County, who shall file one of said executed copies in his office and the other with the Secretary of the Authority, when selected. The said County Clerk shall cause a copy of these Articles of Incorporation to be published once in the Tawas Herald, a newspaper circulating within the County of Iosco. He shall file one printed copy of these Articles of Incorporation with the Secretary of State of the State of Michigan and one printed copy thereof in his office, attached to each of which printed copies shall be his certificate setting forth that the same is a true and complete copy of the Original Articles of Incorporation on file in his office, and also the date and place of the publication thereof. This Authority shall become effective upon the 6th day of December, 1967.

The Board of Supervisors of the County of Iosco, State of Michigan, has adopted these Articles of Incorporation by the affirmative vote of the majority of its members elect, and in witness thereof has caused the same to be executed for and on behalf of said County by the Chairman of said Board of Supervisors and the County Clerk of said County, this 6th day of December, 1967.

COUNTY OF IOSCO  
by: Charles Smith, Chairman of the Board of Supervisors.

(Seal)  
by: D. Keith Papas, its  
County Clerk.

The foregoing Articles of Incorporation were adopted by the Board of Supervisors of the County of Iosco, State of Michigan, at a meeting duly held on the 6th day of December, 1967.

D. Keith Papas  
County Clerk of the County  
of Iosco, Michigan  
Dated: December 6, 1967 50-1b

And it came to pass in these days, that there went out a decree from Caesar Augustus, that all the world should be taxed. (And this taxing was first made when Cyrenus was Governor of Syria.)

And all went to be taxed, everyone into his own city. And Joseph also went up from Galilee, out of the city of Nazareth, into Judaea, unto the city of David, which is called Bethlehem; (because he was of the house and lineage of David); to be taxed with Mary his espoused wife, being great with child. And so it was, that, while they were there, the days were accomplished that she should be delivered. And she brought forth her first born Son, and wrapped him in swaddling clothes, and laid Him in a manger; because there was no room for them in the inn.

And there were in the same country shepherds abiding in the field, keeping watch over their flock by night. And, lo, the angel of the Lord came upon them, and the glory of the Lord shone round about them. Fear not for, behold, I bring you good tidings of great joy, which shall be to all people.

**OUTCASTS...** Santa Claus looks on as Rudolph and Hermie the Elf, who think they are outcasts, plan to run away from Christmasville, in the colorcast of "Rudolph the Red-Nosed Reindeer" animated Christmas fantasy that has captivated children in two Christmas season television showings.

**CIRCUS TIME...** Toy sets for preschoolers can be filled with excitement. Shown is a wood circus clown and 5 performing animals with plastic movable arms and legs shaped to stand or hang on the aerial ladders which are included. Each figure is 7" in diameter and colorfully designed. Red and yellow aerial ladders are 11½ long.

**The Christmas Story**  
 ACCORDING TO ST. LUKE, VERSES 1 TO 22 - CHAPTER 2

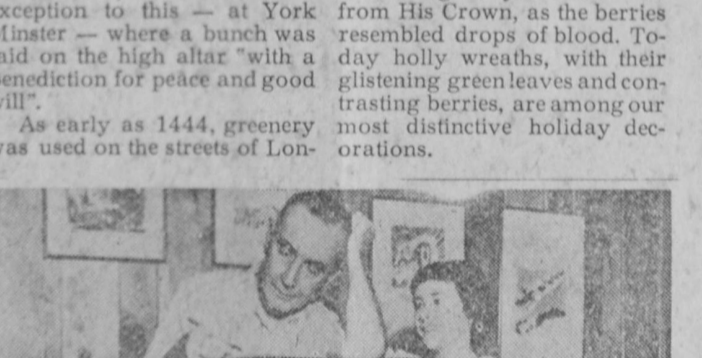

And it came to pass in these days, that there went out a decree from Caesar Augustus, that all the world should be taxed. (And this taxing was first made when Cyrenus was Governor of Syria.)

And all went to be taxed, everyone into his own city. And Joseph also went up from Galilee, out of the city of Nazareth, into Judaea, unto the city of David, which is called Bethlehem; (because he was of the house and lineage of David); to be taxed with Mary his espoused wife, being great with child. And so it was, that, while they were there, the days were accomplished that she should be delivered. And she brought forth her first born Son, and wrapped him in swaddling clothes, and laid Him in a manger; because there was no room for them in the inn.

A holiday tradition when it was "minced" meat and not a dessert. It's a must for holidays to have Christmas pie.

Combine prepared mincemeat with apples, lemon peel and lemon juice. Line 8-inch pie plate with pastry; pour in filling. Cut design or use a fork on upper crust. Sprinkle with sugar, and bake in hot oven (400°) about 35 minutes. This pie is delicious served warm.

Evergreens, symbolic of eternal life, have long been used for decorating at Yuletide. Teutonic peoples believed that certain greens would frighten certain evil spirits away. The Saxons hung holly, ivy, rosemary, or laurel in their homes and churches. In the great manor houses, walls, pillars, and windows were adorned with branches of greens. A bunch of mistletoe hung from the door or ceiling. Each time a man stole a kiss under it he had to pluck a berry from the bough.

It is said that early Roman enemies made up their quarrels when they met under the mistletoe; this is believed to be the origin of kissing under the green. This plant was not used in churches (because of its association with the pagan Druid ceremonies). There was one exception to this — at York Minster — where a bunch was laid on the high altar "with a benediction for peace and good will".

As early as 1444, greenery was used on the streets of London as Christmas decorations, and the custom grew through the years. Holly has long been a favorite holiday green. There are several legends connected with it. One is that Christ's crown of thorns was made of holly. Some say that the idea of making holly wreaths came from His Crown, as the berries resembled drops of blood. Today holly wreaths, with their glistening green leaves and contrasting berries, are among our most distinctive holiday decorations.

## Bethlehem Busy During Christmas

Since the first Christmas Christians have followed the Star to the stable-grotto beneath the church of the Nativity, the traditional birthplace of Jesus of Nazareth in Bethlehem.

Bethlehem is even poorer than most people would believe. A recent visitor said "Wanderers fill the streets — anyone can see why Mary and Joseph found no room in the Inn."

Every Christmas, shepherds watching their flocks outside Bethlehem, had to be especially watchful that the sheep did not trap themselves in the barbed wire separating Jordan and Israel. Bethlehem, on the Jordan side of the wire, has been sorely affected by the hostility and the uneasy truce. It is crowded with Arab refugees who formerly lived in Israel.

The effect of the conflict has been crippling of Bethlehem's chief industry; the making and selling of objects of piety from olive wood, Dead sea stone and mother of pearl. Except at Christmas, pilgrims are so few that the profit had gone from the business.

On Christmas eve, however, the dusty city takes on new life. Christmas diplomats living in divided Jerusalem expect to be escorted to the little town over the unusual highway through no-man's land. Pilgrims from the Israel side pass through the Mandelbaum Gate.

Rich and poor pilgrims worship together in the fourth century church of the Nativity. There is a high mass, during which the image of the Christ Child is carried from the church through the Mandelbaum Gate.

The ceremonies come to a climax before three adjacent shrines. The Altars of the Nativity, The Wise Men and the Manger. Outside, Christians from many lands will sing, as angels sang nearly 2,000 years ago; "Glory To God In The Highest", and on earth peace and good will toward men.

## Give Hints for Quick Candy

You will find that candies are always a welcome gift. The quickest and easiest, as well as healthful are those made from dried fruits. Nuts can be ground with the fruit if you like. Mix well and moisten with fruit juices or condensed milk, if needed. Shape into balls or roll out onto a sheet, then cut in squares or fancy shapes. Dip each piece in granulated or powdered sugar, ground toasted coconut, nuts, or melted chocolate.

# Braves in Easy Opening Win

Tawas Area Braves came up with a well-balanced scoring attack Friday night to win the 1967-68 basketball season opener against the West Branch Orioles, 69-50.

The two teams were evenly matched during the first seven minutes of play but Tawas finally began to pull ahead and held a 20-13 margin at the end of the first quarter.

Tawas' defense proved effective against the Oriole attack and the Braves had things their own way during the remainder of the game.

All five of Tawas' starters scored in double figures, topped by Dale Koepke's 16 points. Paul Beyer and Howard Rollin scored 13 points each, while Ron Doak had 11 points and Dennis Krish meshed 10.

Scoring for Tawas in the first quarter saw Koepke hitting on two field goals, Beyer flipped in three field goals and a foul shot. Krish popped one field goal while

Rollin had three field goals and a foul shot.

The Braves continued to move out in the second quarter, holding a 16-10 margin. Koepke had a field goal and two foul shots, Doak and Beyer each dumped in two field goals, while Krish meshed one field goal and Rollin added two foul shots.

West Branch held its own in the third quarter to tie the Braves at 18 points each. Krish meshed three long field goals, Koepke and Rollin each had two field goals while Doak had one field goal.

Tawas built up a 17-11 cushion in the final quarter as Coach Bill McIntosh substituted freely during the last four or five minutes. Koepke had two field goals, Doak had two field goals and a foul shot, Beyer had one field goal, Bruegger meshed one field goal and a foul shot, Kusion had one foul shot.

Doug Bell paced the West Branch team with 17 points on six field goals and three foul shots.

Action this week finds the Braves traveling to Pinconning Friday night in another NBC encounter.

Paced by Baker's 16 points, the Tawas Junior Braves scored an easy 43-25 win over the visiting West Branch junior varsity.

Tawas jumped to a 19-3 lead in the first quarter, outscored the visitors, 9-6, in the second quarter and then coasted the rest of the way. Tawas held a 12-11 margin in the third quarter, while the Oriole JV held a five to three margin in the final.

Following Baker in the scoring column were Libka, nine points; Lickfelt, eight; Sheldon, five; Sventok and Mick, two points each; Look, one point. Scheiberger and Klacking had six points each to pace the West Branch squad.

# Hale Eagles Drop Third Straight Game

Hale Area Eagles are off to a bumpy start in North Star basketball competition. With two players sidelined by flu Friday night, the Eagles lost to Hillman, 66-57.

The Eagles lost the season opener to Fairview by two points and then dropped a 58-57 decision to Arenac Eastern. With 26 seconds remaining in the game, Hale led Arenac Eastern by three points. Two foul shots converted by Eastern closed the gap. The clock was slow in starting after the last shot. Hale scoring one field goal and Eastern had two field goals.

One official declared Hale as the winner but later reversed his decision when he learned that the buzzer had not sounded until the ball was in the air. Hale has asked for a league ruling.

In Friday night's game, Hillman jumped off to an 18-8 lead in the first quarter. Two starters, Dan Maas and Greg Woreley, were missing from the lineup because of illness.

## Exercise Caution With Snowmobiles

Motor sled enthusiasts in Michigan are cautioned by the state police to guide their participation in this increasingly popular winter activity with due regard for legal and safe use.

The generally accepted view is that the powered sleds, more commonly known as snowmobiles, do not qualify by design or construction as motor vehicles eligible for licensing and hence cannot be legally operated on roadways or shoulders of public streets and highways. Violators can be subject to arrest for operating an unlicensed vehicle on a public thoroughfare.

State police enforcement attitude toward illegal power sledding, however, takes into account that there can be legitimate need at times for operators to cross a road or highway.

It is pointed out at the same time that there are many trail type roads, especially in the northern sections of the state, that are not open to normal vehicle travel in winter which then can provide good routes for motor sledding. In all areas, sled operators should observe the laws of trespass. Some public areas are off limits to power sledding.

Equally important are safety factors in the operation of the sleds in fields and wooded areas. Operators should give proper concern to possible hazards of breaking through when crossing or venturing on any ice or snow covered water surfaces. Total weight of sled and rider is considerable since the sleds themselves weigh several hundred pounds.

The sled's weight also can pose a danger if the machine is not properly operated. Recklessness or rough terrain can figure in its overturning, with the possibility of the rider being injured if thrown from the vehicle or pinned beneath it. Some sort of headgear should be worn for protection against cold and possible injury in event of accident. Lastly, persons physically impaired in any way should refrain from pushing or pulling a stuck or disabled sled.

In driving rain or heavy fog, it is better to stay at home or to stop driving if you are caught on the road. Unless you have clear vision ahead, you may drive off the road, crash into a car ahead of you, or collide head-on with an oncoming car. Reduce speed so that you can stop within the distance you can see.

### School Voters Reject Proposal

Voters of the West Branch, Rose City School District turned down a proposal seeking an additional 1.3 million dollars to complete a school building program. The final tally found 684 voters in favor of the project and 510 against the measure.

A \$3,780,000 bond issue had been approved last January by voters of the consolidated school district. Since then, additional rooms were added to the program and unforeseen expenses required additional money to complete the four-part construction program.

Chester Surline, superintendent of schools, said the need is still here for additional classrooms and the board of education had no choice but to bring the proposition before the public again after the required wait of six months.

### Third Hospital Addition Ready

The third new addition in a \$630,000 construction program was put into use last week at Tolfree Hospital, West Branch. Capacity of the hospital is now 72 beds.

Latest wing to be completed was a new maternity section. The first baby was delivered there last week.

Funds for the latest additions came from accumulated reserves in the hospital's depreciation and funding account of about \$300,000, a Hill Burton federal grant of \$300,000 and a short term loan financed by West Branch residents.

### Barbara's Favorite Fudge

Barbara Klenow, Iosco County Cooperative Extension Service office secretary, shares her favorite fudge recipe with us. It may come in time for you to use as gifts and for guests.

#### 4½-MINUTE FUDGE

- 4½ cups sugar
  - 3 bars semi-sweet chocolate
  - 1 pint marshmallow cream or 18 marshmallows, cut-up
  - 1 large can evaporated milk
  - 2 packages chocolate chips
  - ¼ teaspoon salt
  - 1 teaspoon vanilla
  - 1 cup nuts
- Boil sugar and evaporated milk for 4½ minutes. Stir in all other ingredients until well blended. Spread in buttered pans. Makes five pounds.

seems natural to use greens with electric lights or candles for that glowing warmth and beauty. The Christmas tree with electric lights comes to mind first, but most of us cannot resist a branch or two of evergreens with a candle or tiny lights smuggled among them.

My volunteer, fireman husband permits me to use greens with lights only on rare occasions and I always have the candle in a colored glass or tapered dish to protect the greens, never let bulbs touch needles of evergreen.

We were interested and I thought you might be, too, in two not-too-painful methods of making greens fire-retardant (not fire-proof) and we tried them. These coatings are transparent.

One formula calls for water glass or sodium silicate, which you can buy in pints or quarts at the drug store. (This is the product that was used often in the past for "putting down" eggs, before our modern methods of production.) Mix three cups water glass with

one-third cup warm water to which you add one drop of liquid detergent. Stir and pour over or dip the greens. If you wish to spray them, add a bit of water but you may find trouble with the nozzle plugging. Catch the excess and use it for a second coat to provide more fire-retardancy. This treatment gives a glossy shine to the needles and branches but the needles and white and red pines will stick together. Use this method on Scotch pine, spruce and juniper you trim from the yard for decorations. Lay the greens on several layers of newspapers to dry for three or four hours.

You may want to sprinkle with glitter or artificial snow flakes while wet. The spilled solution should be wiped up before it has a chance to set. Hot water and scrubbing will remove it.

Another formula uses 2¼ ounces (about one-third cup) borax and one ounce (about one-fourth cup) boric acid powder with a quart of warm water. Dip or spray the greens twice but this will not hold glitter. This coating can be used on all greens, including all the long-needled pines.

In either case, keep these formulas out of the reach of children.

## Not Too Early for '68 Soil Conservation Plan

This is the time of year when most conservation activities come to a halt. With frost in the ground, most construction has ended or been put off until spring. However, Jack Lake, soil conservationist, says it is not too early to plan next year's work.

Some of this preplanning takes two or three years because of the detailed engineering and design work that must be done. To carry out conservation plans economically, Mr. Lake likes to remind farmers and other landowners to start thinking about what will be needed in the coming year.

The soil conservation service provides engineering and technical help necessary to figure what is needed to carry out a job regardless of whether it is drainage, land improvement, erosion control, wildlife conservation, woodlot improvement or pond building. The preplanning work is done in the winter when Mr. Lake can sit down with the landowner and talk about what could be done next year. He will give the farmer an idea of what a job will cost and if

it is connected with another job or practice. Here is an example: In farm drainage, it may be desired to drain a field with a few wet spots. Tiling and ditching may both be used, one in spring and one in fall or perhaps one this year and one next year. Tile jobs should be preplanned now so the contractor will be able to schedule the job for next year. The same goes for improving pasture land. Many of these fields will need lime which should be applied six months ahead of the crop to bring the "pH" up to the proper level.

Individuals may get this preplanning help from the soil conservation service through the Iosco County Soil Conservation District. The cooperators, as the farmer or landowner is called, generally receives soils maps and planning service which is part of his soil and water conservation plan.

If interested in this type of service or becoming a cooperator, stop at the SCS office, Federal Building, East Tawas, and talk with Mr. Lake or telephone 362-2591 and ask for assistance.

### LOOKING BACKWARD— Start Recount on November Race for Gov.

**15 Years Ago—**  
December 12, 1952—Iosco County, along with 30 other counties, will start the gubernatorial recount next week, according to an announcement made by the state board of canvassers. Gov. G. Mennen Williams was re-elected in November by a narrow margin over his Republican opponent, Fred M. Alger.

Victor J. Bates, a one-time resident of Iosco County, was honored on Pall Mall's "Big Story" program for his story of a murder victim who outlived her slayer. Later this month, a Bates story will be used on the "Gangbuster" program. During the 1930s, Bates wrote several stories on early crime incidents in this county.

J. G. Huck of West-Branch has been appointed as local manager for Consumers Power Company. He has been with the company since 1937.

Tawas City Methodist Church has announced that work will start next spring on an addition to the present church building. Members of the committee on plans include Wilbur Roach, H. Read Smith and Fred Marsh.

Two homes were destroyed last week by fire at Hale. The home of Clyde Ranger burned Monday and the home of Wilbert Stine, four miles southeast of Hale, burned Wednesday.

"Tawas has entered an area of development and we must have sound planning if we are to avoid mistakes which may be more harmful than some we have made in the past," declared C. Dwight Wood, guest speaker at the annual banquet of Tawas Chamber of Commerce. "If we want a future community of which we can be proud and in which it will be pleasant to live, then we need a strong chamber of commerce."

**25 Years Ago—**  
December 11, 1942—Iosco farmers now own some \$675,000 worth of cattle, according to a report from County Agent Wilton Finley. He noted in his annual report that if farm production is to be increased to meet war needs, horses as farm power will provide one-half of the energy in this county and suggested means of fitting horses for extra work.

Sup. Edward Burgeson of Baldwin Township is getting along nicely according to latest reports from the Memorial Hospital, Owosso. He fell from a scaffold Saturday, fracturing a vertebra in his back and three bones in his wrist.

Every person in the United States who slaughters and delivers to others even so much as one animal of the sort listed in the meat restriction order of October 1 is subject to the restrictions of the order and to its penalties in case of violation, the office of price administration has advised.

Volume One, Number Two of The Mascot, Peter Cuniff, editor, came to the Herald desk this week. The Mascot has 10 pages filled with interesting material and its editor has a "nose" for news. Peter is 14 years old and in the ninth grade at Tawas City Public School.

Major league baseball is consid-

ering the use of livelier baseballs as a possible solution to the "war-time power problem. The "rabbit" ball would be a boon to recalled retired players, whose batting eyes are good but whose legs have lost their zip.

**35 Years Ago—**  
December 16, 1932—Reports of forest officers indicate that game animals have increased in numbers within Huron National Forest during the past year. The opinion is that deer and other big game animals have increased due to the influence of game refuges which afford the desired protection. There has also been a wider general interest and appreciation of game and the laws applicable to its protection. Although some criticism of the one buck law has been noted, its retention seems desirable, at least for the present. A recently compiled census of game, predatory and fur-bearing animals is as follows: Deer, 550; elk, four; bear, 50; bobcat, 45; badger, 100; weasel, 150; beaver, 70; fox, 150; mink, 130; otter, four; muskrat, 700; raccoon, 100; skunk, 250.

Cheering news has been received by all those interested in completion of the new Shore Road to Oscoda. Sealed bids have been asked by the Michigan State Highway Department for the paving of 6.295 miles starting at Oscoda and continuing south toward East Tawas. The work, consisting of paving a strip 20 feet wide, is to be completed by July 1, 1933.

C. E. Tanner of Tawas City is erecting machinery for a plant to build fish boxes, lath, shingles and lumber. The plant is located on Wilson Grain Company's old flouring mill property.

W. J. Grant, chairman of the Iosco County Road Commission, and J. N. Sloan, engineer, attended the state conference on employment relief called by the Michigan Committee for trade recovery.

Austin Allen butchered a three-year-old pig at the county farm that measured seven feet, five inches in length and weighed 610 pounds.

Those having perfect spelling papers at Tawas City Public School were Phyllis Bigelow and Isabelle Dease, eighth grade; Lucille DePotty, Merton Leslie, Thelma Novanpa and Emma Sawyer, seventh grade; Roy DePotty, Amelia Herman, Alton Hill, Peter Pfeiffer, Richard Prescott, Nona Rapp and Jack Bradley, third grade.

### Hilbert and Balla Complete Basic

Cary M. Hilbert, 19, son of Mr. and Mrs. H. R. Hilbert of Tawas City, and Stephen T. Balla, 23, son of Mrs. Anna M. Hall, East Tawas, were promoted to army private pay grade E-2 upon completion of basic combat training at Fort Knox, Kentucky, during November.

The promotion was awarded two months earlier than is customary under an army policy providing incentive for outstanding trainees.

As many as half the trainees in each training cycle are eligible for the early promotion, based on scores attained during range firing, high score on the physical combat proficiency test, military bearing and leadership potential. Balla's father, Steve Balla, lives at Ferndale.

### Cards Drop Season's First to Harrison

A strong Harrison basketball team spoiled Whittemore-Prescott Cardinals' home opener Friday night. The Hornets downed the Cards, 70-45.

Harrison jumped off to a 12-8 first quarter lead and was never headed the rest of the way. The Hornets piled up a 23-9 margin in the second quarter, both teams tied with 12 points in the third and Harrison had a 23-16 margin in the final.

Phelps topped Cardinal scoring with nine points as the Whittemore-Prescott team did not have a player in double figures.

The Little Cards lost to the visitors, 54-52, in a well-played game.

### Milnes Promoted by Michigan Dept. of Conservation

Promotion of Roy O. Milnes Jr. from forest fire officer, East Tawas, to area forest fire supervisor at Roscommon is announced by C. Troy Yoder, region II conservation department manager.

Milnes is one of 22 forest fire officers who has been upgraded in the conservation department's program to modernize the statewide forest fire effort to meet the present day potential for large and destructive forest fires.

Commenting on the reorganization, Warren J. Fitzpatrick, region II forest fire supervisor, says, "The chances for devastating forest fires in Northern Michigan are great. Many areas support unlimited supplies of fuel, especially the pine lands where the size of forest growth encourages fast running destructive crown fires.

"We cannot overlook the increased numbers of people who visit our forest lands each year which intensifies chances of fire. Furthermore, there is an enormous investment in private cottages and cabins throughout the north country that must be protected. We are confident that reorganization of our forest fire set-up will provide experienced field leadership necessary to protect Michigan's forest resources."

Milnes, age 37, is a graduate of Grayling High School and a veteran of the Korean War. Prior to his assignment as a forest fire officer at East Tawas in 1961, Milnes worked at the Grayling Fish Hatchery as a lake and stream improvement foreman and conservation foreman. Milnes, his wife, Lorraine, and four children expect to reside in the Roscommon area.

### Popular Christmas Stollen

For two large loaves you'll need: 1 cup milk, 1/2 cup sugar, 1 teaspoon salt, 2 cakes compressed yeast, 5 cups flour, 2 eggs beaten, 1 cup seedless raisins, 1/2 cup butter softened, 1/2 cup citron, 1/2 cup glazed cherries, 1 1/2 teaspoons grated lemon rind, 1/4 teaspoon nutmeg, 1/4 cup butter, 1/4 cup sugar, 1/2 teaspoon cinnamon, Confectioner's frosting, nuts and candied fruit for trim.

Scald milk, add 1/2 cup sugar and the salt. Cool to lukewarm. Add crumbled yeast and mix thoroughly. Add one cup of flour and stir until smooth. Cover and let rise until double in bulk. Add the beaten eggs, softened butter, fruit and nutmeg and mix well. Add remainder of flour to make a dough stiff enough to knead. Knead until smooth and elastic. Allow to rise until double. Knead down and divide in two. Roll each half into a circle about 8 inches in diameter. Spread with softened butter and sugar. Make a crease down the center of the dough and fold over. Place in greased loaf pans and let rise until double in bulk. Bake in moderate oven 350 degrees, for 30 to 40 minutes. Frost with confectioner's frosting and sprinkle with nuts or fruit.

Stollen will keep for a week at least. It can be cut in thin slices and toasted, or buttered and placed under the broiler until lightly browned.

### Tawas Area Bands in Christmas Concert

"Christmas Potpourri" has been selected as the program title for the December 16, 8:00 p. m. concert to be presented by Tawas Area Cadet and Senior Bands. Gene Salamony is director for the concert which will be held in the high school gymnasium.
