4th Annual Tawas Perchville Festival Ready for Visitors

FISH SHANTIES were set out at Perchville last Saturday, one of the latest openings in recent years.—Tawas Herald Photo.

Michigan's changeable weather may have an adverse effect on this week-end's Tawas Perchville Festival, but committee workers last Saturday set businessmen-sponsored shanties on the ice of Tawas Bay for the first time this season. This all came about when the temperature dropped below zero several nights last week and chamber of commerce officials felt that the ice had reached a sufficient thickness to support added weight of shanties and automobiles. Mild weather again visited the area Tuesday and officials have their fingers crossed in hope that the ice will not be weakened. Weather cooperated last year and

that festival was the most successful in the event's three-year history. Activities start this Friday night with a radio broadcast at 6:15 by Bob Reynolds, WJR sportscaster. Following this "live" program at the Barnes Hotel, the annual stag fish fry is to be held at the Barnes starting at 6:30 p. m. Howard Shelley of Michigan Outdoors television program is to be crowned Perchville king. Saturday's program included a parade by the Michigan Wolverine Radio Club from Tawas City to East Tawas starting at 10:00 a. m. This is to be followed by a snowmobile parade on the ice. Official Perchville flag raising ceremony is to be held at 11:00 a.

m., with assistance of Tawas Area High School Band and area boy scouts. Square dancing by Wurtsmith Air Force Base square dance club is to be held at 11:15 a. m. The public is invited to join in the fun. There will be helicopter, airplane and carnival rides all day, along with the drawing of prizes. Snowmobile events open Saturday afternoon's program sponsored by Wolverine Radio Club. Ice boat racing is to be held starting at 12:30 p. m. by the Arrow Ice Yacht Association. An aerobic program starts at 2:00 p. m., followed by a polar bear swim by Harry McElyea. Anyone joining McElyea in the water of Tawas

Bay will become a certified member of the club. A teen dance is to be held at Knights of Columbus Hall, East Tawas, 4:00 to 7:00 p. m. A Perchville jamboree (come as you are) starts at 6:30 p. m. at the Holland Hotel with a social hour followed by dinner at 7:30 p. m. Shelley will crown his Perchville queen. A second teen dance is to be held starting at 8:00 p. m. at the East Tawas Elementary School. An adult dance, sponsored by Michigan Wolverine Radio Club at Knights of Columbus Hall, starts at 9:00 p. m. Sunday activities include ice boat racing, helicopter, carnival (See FESTIVAL, page 6.)

PRIZES for best catches will be offered to those taking part in the Perchville Festival program.—Tawas Herald Photo.

Hale Bank Observes 15th Year of Service

This week, Farmers and Merchants State Bank of Hale observes its 15th year of operation in the Western Iosco and Eastern Ogemaw area. The bank opened its doors on Thursday, February 14, 1952, in a building constructed by Ira Scofield, Dr. E. N. Douglass was the bank's first president and Dale M. Bradley was its cashier. During its 15 years of operation, Farmers and Merchants has shown an amazing growth. It started with an original capitalization of \$50,000, a \$15,000 surplus and footings of \$458,728. Today, F&M has a total capital account of \$379,154 and footings were \$6,791,498 as of December 31, 1966. At one time the home of two banks, Hale residents were without banking facilities for 26 years until establishment of Farmers and Merchants. Increased activity and growth of the Western Iosco area emphasized the need for such facilities and continued growth has been far beyond original expectations. The bank moved into its modern new quarters in 1962 after outgrowing the original location. Richard Parkinson, cashier, said Saturday that \$20,000 had been expended last year in the purchase of new bookkeeping equipment and a like amount is to be expended over the next two years to bring even more modern banking facilities to the area. Officers today include D. D.

Pearsall, president; Arnold H. Beyerlein, executive vice president; Carl Adams, vice president; Parkinson; Mrs. Irene Jordan, assistant cashier and branch manager; Richard L. Pfahl, assistant cashier; Mrs. Betty Anderson, assistant cashier. Other directors besides Adams, Pearsall, Parkinson and Beyerlein, are Lyle F. Wallace, Fred Holzheuer and E. S. Herzog. The bank operates branches at Rose City and Whittemore.

Common Menu Adopted for 3 TA Cafeterias

Adoption of a common menu for all cafeterias of Tawas Area Schools will become effective February 27, according to information at Monday night's meeting of the board of education. A long-sought goal of the board of education, identical menus in the three cafeterias, came about through mutual cooperation between three cooks. Coordinating discussions was Miss Clara Bolen, acting high school principal. In other business, the following bids were received in furnishing two bus chassis: William Look and Sons, two 66-passenger GMC chassis, \$9,788; Ottawa Equipment Company, two Dodge units, \$6,983.24, and two International units, \$7,041.14; Inglis Ford Sales, two 67-passenger chassis, \$6,224. Bids were accepted and the board is to take action in two weeks. Supt. Reynold Mick announced that Carrollton High School, Saginaw County, had been accepted as a probationary member of the Northern B Conference. The school is to participate in track and baseball next year and the following year will participate in all NBC-sponsored activities. Constitution of the conference was amended to allow probationary status for schools seeking entrance. John Alexander, acting elementary principal and federal project coordinator, announced that the school had been approved for Title One federal assistance in next summer's reading improvement program.

TA Curriculum Study Moves Into 2nd Phase

A comprehensive curriculum study at Tawas Area School has now passed into its second phase as administrators, teachers and board of education members are holding group meetings to discuss various programs in the schools. Following organizational meetings, Trustees Robert Elliott and Mrs. Helen Payea reported to the board of education Monday night that they had been impressed with the cooperation of teachers in this project. Both cited the fact that classes were too large for effective teaching. In her resume of discussions with department heads, Mrs. Payea said that the English department was now preparing an established program in order that new teachers may work more effectively; that it is hoped that auto mechanics may be started for 10th graders and carry through grade 12, plus vocational classes for adults; additional equipment for girls' physical education classes; consideration of 70-minute periods, discontinuance of civics and replace with classes in world problems and Michigan history; teach physical sciences in the seventh and eighth grades, plus advanced classes for seniors; additional equipment for home economics and driver education. Mrs. Payea said that the consensus was that uniform grading should be used in all levels of the school. Group meetings are to be held Thursday and Friday of this week concerning science, mathematics, social studies, physical education, vocation and English. The six committees are composed of teachers from each department being studied, plus a board member, administrator and three teachers from other departments. Meetings are scheduled next week in commercial and fine arts. Areas of discussion include effect on the over-all curriculum, importance of proposed programs in relation to all curriculum programs, scheduling problems, possible subsidies, types of improvement anticipated from proposed program changes, effectiveness of present programs, implementation of changes, possible disadvantages of proposed curriculum changes. A panel discussion on the curriculum study is to feature the monthly meeting of the parent-teacher association. Leonard Sarki, board president, said that the board had been concerned with its building program for years and now had more time to devote to the school curriculum. "It is our duty to give the public an opportunity for a choice on improving our school system," said Supt. Reynold Mick. Expanded programs and additional equipment would, in all probability, require additional funding.

Accident Fund to Start Suit Against Look

Notice of intent to commence suit for the recovery of workmen's compensation costs involving a driver of a Tawas Area School bus has been announced by the Michigan State Accident Fund. In a letter to the Tawas Area Board of Education Monday night, attorneys for the state accident fund said they would commence suit within 30 days against William Look and Sons, East Tawas. Mrs. William (Shirley) Brown of East Tawas, substitute bus driver for three days in 1965, allegedly injured her knee November 9, 1965, while applying the brakes on a school bus purchased from and serviced by the East Tawas auto dealer. She was hospitalized and drew compensation from the state fund until last July. The state accident fund cites MSA 17-189, the workmen's compensation act, as its legal authority for recovering the costs. Total amount being sought was not announced.

Court Allows Use of Lots by Plant

In an opinion handed down February 8, Judge Allan C. Miller ruled that AuSable Township's zoning ordinance was valid but, at the same time, allowed an AuSable industry to continue use of two residential lots in nonconformance to the ordinance. The township had sought to prevent Oscoda Manufacturing Company from using two lots adjacent to its property, on grounds that such use was not allowed by the township zoning ordinance. The company had used the property for ingress and egress to its manufacturing plant and the court ruled that it was entitled to that right as a nonconforming user. Miller issued an injunction prohibiting use of two other lots in question.

Bopp-Busch Die Shop Here for Past 15 Years

Bopp-Busch Manufacturing Company this week observes its 15th year of operating a tool and die shop in Tawas City. Originally located in the Case Building, the firm moved to its quarters on Industrial Avenue in 1954. The firm had operated a stamping and assembly plant at AuGres since 1948 and found need for moving its tool and die shop to a different location, selecting Tawas City for its operation. Here, Bopp-Busch builds and maintains dies and fixtures for its plant at AuGres and also serves other manufacturing plants in the Tawas area. Chester C. Busch of East Tawas, president and general manager of the firm, said Monday that 14 men were employed in the Tawas City operation. Robert Bolen is manager. Of the 14 men, all but two have learned the tool and die trade in the local plant in an apprenticeship program fostered by President Busch. The AuGres firm stamps automotive parts for nearly every major manufacturer, in addition to its stamping for Western Electric.

Iosco Medical Care Facility Only 2 Beds from Capacity

Status of Iosco Medical Care Facility's financial condition showed marked improvement during January as more extended care patients gained entrance. Max Stoutenberg, facility director, announced Monday that the facility now had 48 patients. Receipt of additional beds is expected sometime this week or next and the facility will be at its 50-bed capacity. This is in marked contrast to the situation last November when hospital personnel outnumbered patients, 49 to 32. As a result, the cost of operation had averaged \$22.29 per patient day. During the month of January as the facility began to operate more effectively with receipt of additional patients, cost of operation has averaged \$15 per patient day. Stoutenberg believes that the daily cost per patient will continue to show improvement as experience is gained in the operation. Present per patient cost is \$14.10 daily, compared to \$16.74 in December. The county receives full reimbursement for operation of the facility, based on patient days, under Title 18 and 19 Medicare and Medicaid programs. "The administration, staff and board of directors are most pleased over this improved operation," said Stoutenberg. Cost to private patients was reduced to \$15 per day in January. A utilization committee will now start reviewing 10 percent of the patients each month to determine eligibility and those who could be self-sustaining in their own homes or in private nursing homes. Acting on the committee will be Dr. Hugh Staley, Omer, medical director; Dr. L. A. Lambert, district health director; Dr. Harvey Brinkman; Mrs. Lena Williams, divisional therapist; Mrs. Geraldine Lemmon, physical therapist; Mrs. Betty Shedenhelm, medical records; Mrs. Margaret Phillips, RN, director of nurses, and Stoutenberg. In addition to evaluating patients and determining the best methods of caring for them, the committee is to inspect various departments of the facility in order to improve the over-all operation.

Billy R. Wilder Hired for '67-68 Term as Tawas HS Principal

Billy R. Wilder, presently the assistant high school superintendent at Pinconning High School, has been hired as principal at Tawas Area High School for the 1967-1968 term. This announcement was made Monday night by the board of education following the acceptance of his contract. Board Pres. Leonard Sarki also announced following the regular meeting that contracts of Supt. Reynold Mick and Miss Clara Bolen, elementary principal, had been accepted for next year. Miss Bolen is presently finishing out the school term as high school principal. Ernest W. Jordan Jr., who had held that post since 1956, resigned effective last November to become the county intermediate school superintendent. John Forsten, a retired Tawas teacher, filled the post for eight weeks. At Pinconning, Wilder has been athletic director, project head start director, junior high principal and has written several federal project proposals. He received his bachelor of science degree from Central Michigan University in 1960 and later received his master degree from CMU. A native of Dallas, Texas, he graduated from high school at Haddon Heights, New Jersey. Wilder's wife is the former Elina Forsten of Tawas City. She is employed in the Pinconning School as junior high librarian. They have three children.

Boys' Locks Go as TA Enforces Long Hair Ban

Between six and 10 boys attending Tawas Area High School have complied with a directive from the school administration concerning length of hair cuts, according to regulations adopted by the school and supported by the board of education. "All have complied in a satisfactory manner," said Supt. Reynold Mick Monday night. School rules concerning length of skirts worn by girls has also been enforced during the past week. School administrators said that one or two girls had apparently left home in the morning wearing skirts of the approved length and then made "adjustments" upon reaching school, according to their own taste but shorter than the acceptable length at Tawas Area School. Corrections were made by the girls before entering classes.

Two-Car Crash Injured Nine

A two-car crash Sunday morning on Keystone Road, Burleigh Township, sent nine persons to Tolfree Hospital, West Branch, for treatment of injuries. Police said cars driven by David S. Fall, 21, Twining, and Neil R. Erickson, 46, Midland, collided head-on at an intersection. The road at the crash scene was narrow due to the large snow drifts. Only one of eight passengers in the Fall car escaped injury. Taken to the hospital were Fall; Nellie Nichols, 47; Brenda Nichols, 14; Sabrina Gawlic, six years old; Terry Gawlic, four years old; Arlene Nichols, 12; Kathy King, 11. Sheila King escaped injury. Driver of the second car and a passenger, Lynn Erickson, 21, were both taken to the hospital.

Flint Men Hurt in Sherman Crash

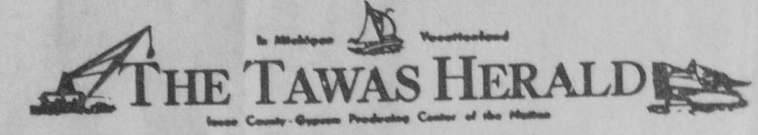

Two Flint men were treated at Tawas Hospital last Wednesday afternoon following a one-car crash on the curve at Sand Lake Road and Whittemore Road, Sherman Township. Treated at Tawas Hospital were Larry D. Jackson, 19, driver, and Thomas Fry, 48. Officers said that Jackson's car failed to negotiate the curve, rolled over and traveled 200 feet before coming to a stop across Whittemore Road.

Holiday Hours at Post Office

Martin Kasischek, Tawas City postmaster, announces that the Tawas City Post Office lobby will be open from 8:00-10:00 a. m.; 3:30-5:30 p. m. on Washington's birthday, February 22. There will be no rural delivery.

Iosco County Sheriff Ivan O'Farrell announced Tuesday that dog licenses should be purchased by February 28. After that date, a penalty will be added.

Lincoln Needs No Apologists

A recent television "special" concerning Abraham Lincoln in Illinois was most interesting and entertaining. It was the opinion of this viewer, however, that modern day writers disregarded far too many authentic and established facts of that period.

It is difficult to find criticism of such a program for Lincoln spent most of his 56 years in Illinois and there are many obstacles in condensing such a man's lifetime into a hour and a half.

More has been written about the life of Lincoln than any other president. Many of his speeches and much correspondence have been collected and recorded for posterity. New materials concerning Lincoln are discovered frequently, even 100 years after his death.

But our point is this. Modern day script writers often attempt to "change" recorded history in order that programs will be acceptable to concepts of all ethnic groups in mass media audiences. We question if this is proper.

As for rewriting and expanding Lincoln's farewell to his friends and neighbors of Springfield, modern writers could learn much from that master of rhetoric—Abraham Lincoln.

It's a Fact!

In recent times, so many preachers have sought to martyrize themselves as "marchers" for civil rights movements, or by wearing out shoe leather in war protests and other demonstrations in far off cities that it soon may become necessary to recruit a few old-fashioned pastors to administer to the daily spiritual needs of neglected home flocks. It may even become necessary to divide men of the cloth into two categories—ministers and marchers, with special training being offered each category in theological schools. "All together, now, down with . . . whoops, your sign is slipping and your countenance must be proper—resolute but friendly. Good TV appearance, you know."

Diminishing Hemlines

The problem of determining what is reasonable in the matter of diminishing hemlines and hair cuts has reached the Tawas area. The question, so controversial in metropolitan areas in recent months, has been working its way north since last spring.

The situation, no doubt, will be taken in stride. There will be some grumbling about the "loss of one's constitutional rights," but such a situation is not new. Hemlines of the gal's skirts have been going up and down for decades and fashion conscious teen-agers have responded to the times.

Hair styles worn by a minority of boys, something else again, have never been so controversial as today, although the nation has undergone a variety of crazes—from "patent leather look" center parts, through the "Butch," scalplock, etc.

What might help the local situation is for parents and other adults to set some sort of precedent . . . check their own hemlines, for instance. It is pretty hard to chastise youngsters when some parents and even some teachers are wearing dresses at the latest style length, even more extreme than the kids!

Some Want Bingo

Information received by the Herald last week is that local law enforcement officials are being subjected to extreme pressure from church and fraternal groups to allow the operation of bingo games by nonprofit organizations.

Such forms of gambling as bingo have been illegal in Michigan for many years and were "allowed" only when law enforcement officials simply ignored the operation. A move to legalize such "games" a few short years ago failed to receive public approval.

It seems strange that law-abiding people would want their public officials to turn their backs to the law! Granted, this is apparently the case in down-state areas, but should Iosco follow the lead of areas where crime and violence runs rampant?

Let church groups operate bingo games and there would be no protection against others entering the picture. Too, there is always the insinuation that law enforcement officials are accepting bribes where bingo is allowed. This, certainly, is not a desirable situation and should be prevented.

If there is a legal loophole under which games are being played in the metropolitan areas of Michigan, those loopholes should either be plugged by the legislature or the law abandoned entirely and every area of Michigan be allowed to conduct bingo games.

Bingo apparently is an issue in which politicians do not wish to become involved. It is too controversial a subject. We believe the state attorney general should take immediate action.

TODAY'S Meditation

from The World's Most Widely Used Devotional Guide

The Upper Room

Read Luke 9:18-27

If any man will come after me, let him deny himself, and take up his cross daily, and follow me. (Luke 9:23)

Did Jesus expect each one who followed Him to become a martyr and give his life on a cross?

It seems rather that He was telling His followers to master the things which would harm them, to overpower temptations, to uproot sins. He did not teach them to follow the crowd but take the lead for righteousness.

This is difficult, but he that would overcome must be in command and lead the attack. Most athletic coaches realize that a strong offense is the best defense. The strategy is to force the other team to play one's own kind of game.

This is also true in dealing with sin and evil. Sin deceives and defeats us when we are half-hearted in our discipleship to the Master.

Jesus did not sidestep sin and avoid confrontation with evil. He faced it and did not let it overcome Him. Though He suffered death at the hands of evil, He came forth in victory. This conquering Christ promises to be with us always.

PRAYER

Our Father, who art able to work for good and through all things, guide our thoughts and acts. In Thy strength, help us to overcome the evil that tempts us and master it with the good, which is a gift from Thee. In Jesus' name. Amen.

THOUGHT FOR THE DAY

Christ's followers put sin on the defensive. E. Paul Hovey, Idaho.

Lutheran Church Women Held General Meeting

Lutheran Church Women held their general meeting Thursday, February 9, at Grace Lutheran Church.

As the Lutheran Social Services is in need of clothing for small babies, it was decided to hold a baby shower at the March meeting. A speaker from the Lutheran Social Services will be present.

A mother-daughter banquet is being planned for May and church memorials were discussed.

An interesting program was presented by two exchange students, Hetty Ramirez of Chile and Sonia Allevato of Rio de Janeiro. They sang several numbers in their native tongue and in English, accompanying themselves on their guitars. They also spoke of their homelands and showed many interesting pictures.

Cherry cream pie and coffee were served from a table decorated with a valentine theme.

Expert Panel Participated in Public Forum

A panel of experts on arthritis participated in public forum before more than 40 people at the East Tawas Elementary School Thursday evening, February 9.

Included in the audience were local arthritis, their families and others interested in learning more about the nation's number one crippling. In addition, they came from Oscoda, Au Gres, East Tawas and Tawas City.

Doctors, nurses and other interested paramedical personnel were present, also.

Such a turnout is ample evidence to the Michigan Chapter, Arthritis Foundation that the 500,000 arthritics in Michigan should demand better diagnosis and treatment. For further information about the disease, write: Forum-Michigan Chapter, Arthritis Foundation, 1528 Woodward Avenue, Detroit, Michigan 48226.

Dr. Walter L. Howland, rheumatologist in Bay City and formerly of Pinconning, moderated the program. Richard Ernst, prosecuting attorney of Iosco County and board member of Tawas-Whittemore Area Community Chest, introduced the program. Doctor Howland serves on the state-wide general advisory board of the Michigan Chapter, Arthritis Foundation.

The Michigan chapter is supported by the Tawas-Whittemore Area Community Chest and Oscoda-AuSable-Wurtsmith Air Force Base Community Chest.

spent Saturday at Boyne Mountain ski resort.

Mr. and Mrs. Walter Laidlaw attended the wedding of their nephew at New Baltimore Friday evening. They visited relatives in Fair Haven, Lansing and Ypsilanti and Nancy Laidlaw at East Lansing.

Keep NBC Lead with Win Over Gladwin

Tawas Area Braves continued its half-game lead in NBC standings last Friday by downing Gladwin, 75-62. This week proves to be a real test as the Braves met Oscoda Tuesday night and the Standish-Sterling Panthers play here Friday night.

The Braves met Oscoda on the latter's home floor and the Owls sought revenge for Tawas' victory in the football season, which sent Oscoda into a co-championship with West Branch for top NBC honors. Standish-Sterling defeated the Braves earlier in the season and both teams have two losses, although Central will finish its season one week later.

Tawas jumped to an early lead in Friday night's game and was never headed. The Braves held a 41-22 margin at intermission and coasted most of the second half, Gladwin holding the scoring edge, 40-34.

Dale Koepke led Tawas scoring with 19 points, followed by 18 for Wayne Fairfield and 16 for Gary Haglund. Newman topped the losers with 17 points.

Tawas was ranked among the top class B teams in the state last week and will be fighting to remain in that position in games this week.

Tawas Area's Junior Varsity downed Gladwin JV, 65-42. Leading the way for the Junior Braves was Rieger, who meshed 25 points. Brown added 11 points.

There were 16 dairy herds in Iosco County on the dairy testing program for the month of January. Three of them use the official testing program that provides more detailed information than the owner-sampler program. In the owner-sampler program, the farmer collects his own milk samples. In the official DHIA program, the dairy tester is paid an additional fee for collecting the milk samples.

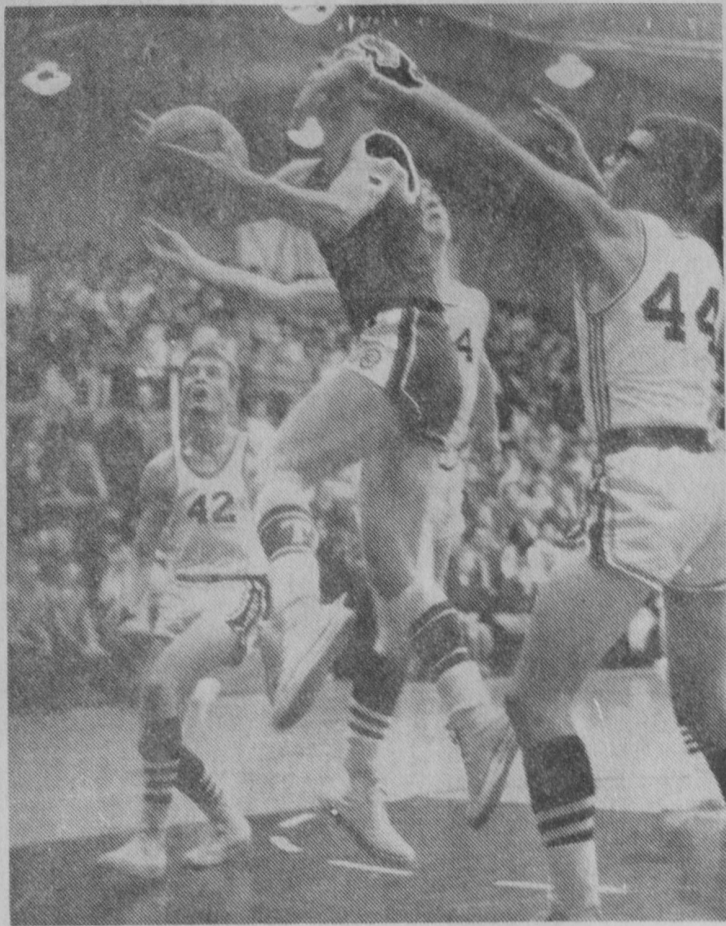

In the official DHIA program, the farmer also receives a feed cost figure that tells him how much it costs to produce 100 pounds of milk. Average is based on cows in herd, milking and dry.

Parents Announce Daughter's Troth

Mr. and Mrs. Clinton A. Henry of Midland are announcing the engagement of their daughter, Jannis Kay, to Dale Arthur MacLean, son of Mr. and Mrs. Donald MacLean, also of Midland. Miss Henry is a senior at Midland Senior High and her fiancé is attending Western University. The couple is planning a July 21 wedding.

Engagement Announced

Mr. and Mrs. Kenneth A. Meyer of Yale have revealed the engagement of their daughter, Mary Lou, to William W. Mick. The bridegroom-elect is the son of Mr. and Mrs. Reynold E. Mick of Tawas City.

Miss Meyer, a graduate of Port Huron Junior College and Central Michigan University, is a teacher in the Lamphere school system, Madison Heights. Her fiancé is a 1963 graduate of Albion College where he was affiliated with the Sigma Chi Fraternity. He is currently teaching in the Bullock Creek school system, Midland, while completing his master degree at Central Michigan University.

Mrs. Thornton Hosts Club

Tawas City Garden Club members met with Mrs. P. N. Thornton Tuesday afternoon, February 7, with 23 present.

A patriotic meeting was enjoyed with members relating a story or saying of a famous man born in February. The young life of Thomas Edison was given by Mrs. John McCormick and Mrs. Byron Mark related the young life of Abraham Lincoln.

Now is the time was presented by Mrs. James Hughes.

Hostesses were Mrs. Charles VanHorn, Mrs. Fred Buch and Mrs. William Ullman.

Mrs. McCormick will host the March 7 session.

Club Changes Meeting Time to Afternoons

Members of the Twentieth Century Club were guests of Mrs. Frances Sheeks, Douglas Drive, for the Wednesday, February 8, meeting.

During the business meeting, it was discussed to change meeting time to afternoon instead of evening and a committee was appointed to contact members. Appointed to the committee are Mrs. J. Atlee Mark, Mrs. Donald Macdonald and Mrs. Caryl Ives. Miss Edna Otis presented a silk flag to the club.

Roll call was a favorite book or story. Miss Marion Jennings gave a book review from great books of the western world, 1966 volume. She talked mainly on the part, "The difference of women and the difference it makes," which was a symposium by several authors.

Hostesses, Mrs. Charles VanHorn and Mrs. Ives, served ice cream, cookies, coffee and mints. The March 8 meeting will be at the Mark-Holland home.

Extension Club is Organized

An organizational meeting of Home Economics Extension Club was staged February 7 at the East Tawas home of Mrs. Jack Lake. Programs for this study group will be sponsored by the Cooperative Extension Service of Michigan State University. Twelve members were present.

Officers were elected as follows: Mrs. Norman Nelson, chairman; Mrs. Murray Qualls, vice chairman; Mrs. Ronald Farah, secretary; Mrs. Thomas Reinholm, treasurer; Mrs. Lake, project leader; Mrs. Stuart Bailey and Mrs. Daniel Napier, reporters.

The first regular session will be March 7, 8:00 p. m., at Mrs. Farah's home, 730 Second Street, Tawas City. Mrs. Lake will present new ideas for window treatments.

Girl Scouts Take Cookie Orders

Girl Scouts of Troop 223, East Tawas and Tawas City, will be taking Girl Scout cookie orders February 17-27. Cookies will be delivered by the girls April 7-17. Individuals not contacted by a scout and who would like to help the girls and their troop are requested to contact Mrs. Alvin Cholger, cookie chairman, 516 Mathews Street, Tawas City.

The group met for its regular meeting Thursday. The Pledge of Allegiance and Girl Scout Promise were recited. A court of honor meeting was staged and plans were made for thinking day, which is the birthday of Juliette Low.

While the court of honor was held, the remainder of the troop reported on badge work. Treats were furnished by Lori Klenow and Debbie Reinke.

Literary Club Meets Feb. 15

Mrs. Arthur Evans will be in charge of the program for the February 15 meeting of Ladies Literary Club. Members will meet at the East Tawas Community Building, 8:00 p. m.

Hostesses for the evening are Mrs. Herbert Hertzler, Miss Ruby Evans and Mrs. Norman Merschel.

MR. AND MRS. LEWIS BESANCON

Besancons Observe Golden Anniversary

Mr. and Mrs. Lewis F. Besancon of East Tawas will celebrate their 50th wedding anniversary on February 20.

A family dinner at Botsford Inn, Detroit, is being planned by their children for Sunday, February 19.

They were married at the home of her parents, Mr. and Mrs. Wilmarth Merritt, at Detroit. Mr. Besancon had been with Sears, Roebuck and Company until retiring to East Tawas 14 years ago.

He served as city hall manager for eight years. Both are active in local affairs, including Tawas Bay Yacht Club of which Mr. Besancon is secretary-treasurer and Tawas Senior Citizens. They are members of Christ Episcopal Church.

Their three children are Mrs. Josephine L. Gargett, Seattle, Washington; Dr. Frederick W.

II Attended Club 13 Meeting

Mrs. Geraldine Smith's Tawas City home was the scene of the recent Club 13 meeting. Eleven members and one guest, Mrs. Harry Pelton of East Tawas, were present. Prizes were won by Mrs. Waldo Leslie, high; Mrs. Pelton, low; Mrs. Reynold Mick, door prize.

At the close of the evening, Mrs. Smith served refreshments.

Tawas WL Viewed Slides at Meeting

Informative slides on window dressing, color schemes and furniture arrangement were shown by Mrs. Robert Miller, program chairman, at the February 9 meeting of Tawas Women's League. Ten members and seven guests enjoyed the slides which were obtained from the Iosco-Arenac Regional Library.

Individuals wishing to donate books to the local library are requested to bring them to the next meeting. Ten dollars will be donated to the cancer drive.

February 21 is the date set for the next newcomers meeting at the East Tawas Community Building. A sleigh ride is being planned for March 4 for members, guests and their husbands. Pot-luck lunch will be served at Tawas Golf and Country Club following the ride. Reservations are to be made to Mrs. Gary Dutcher by February 25.

Hostesses for the evening were Mrs. Jack Lake and Mrs. Murray Qualls.

The March 9 meeting will feature Judge Allan Miller. He will speak on the supreme court ruling on prayers in school. Dorothy and Della Moe will be hostesses.

Auxiliary Held Valentine Party

An exchange of valentines featured the February 13 meeting of Iosco County VFW Auxiliary. Nell King, president, presided during the business meeting. Mystery package was won by Clara Wilder.

Serving on the refreshment committee were Mrs. John Roiter and Mrs. William Colburn.

Monday, February 27, has been set for the next meeting, which will be held at the post home, 8:00 p. m.

New Officers Installed Feb. 8

Newly-elected officers installed at the February 8 meeting of Iosco Local, National Farmers Organization, were Warren Britt, president; Martin Siegrist, vice president; James Dobson, secretary, and John Ori, treasurer.

During the meeting, Mr. Dobson gave an interesting report on a meeting he attended earlier in the day at Howell. There, he heard Oran Staley, National Farmers Organization president, report on the proposed milk holding action. To be acted upon some time this year, it will affect most every dairy farmer and consumer in the United States if the bargaining now going on does not succeed in giving the dairy farmers a higher price for their product.

TODAY'S TEEN is Duane Look, 16, a junior at Tawas Area High School. His subjects this year include algebra II, United States History, mechanical drawing and English III. Social Security Law Amended

Paul M. Ellifritz, social security district manager in Bay City, noted today that recent amendments to the social security law liberalize the conditions under which benefits are paid to people who continue working after age 65.

"Here are the new rules for taxable years after 1965," Ellifritz said: "If you earn \$1,500 or less in a year, you get all the benefits."

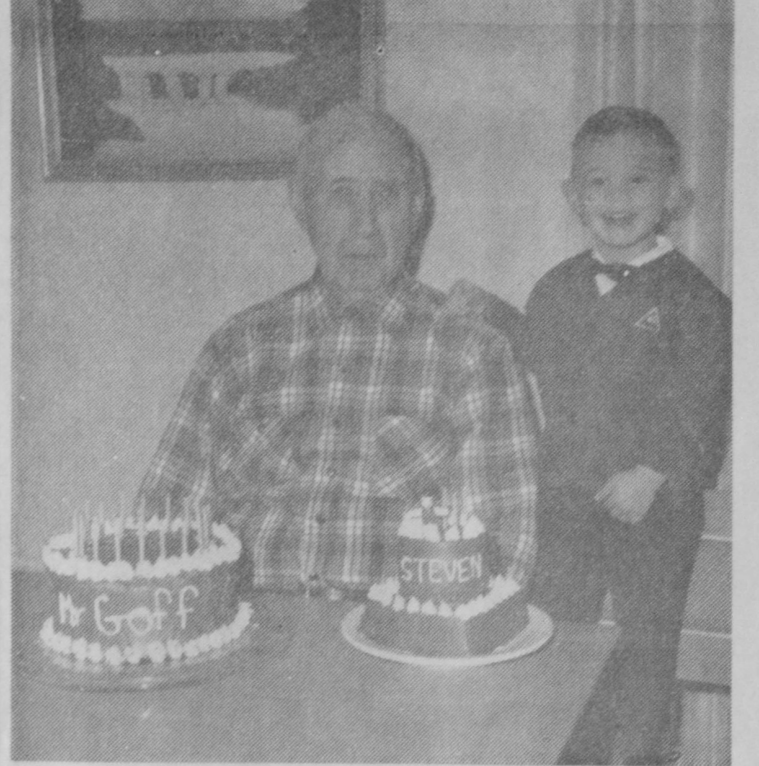

If you earn more than \$1,500 in a year while you are under 72, the general rule is that \$1 in benefits to you (and your family) will be withheld for each \$2 you earn from \$1,500 to \$2,700. In addition, \$1 in benefits will be withheld for each \$1 of earnings over \$2,700.

"There is an exception," Ellifritz explained, "Regardless of total earnings in a year, benefits are payable for any month in which you neither earn wages of more than \$125 nor perform substantial services in self-employment. Benefits are also payable for all months in which you are 72 or older, regardless of the amount of your earnings in months after you reach 72."

A social security representative will be at the Iosco County Building, Tawas City, Thursday, February 23, from 10:30 a. m. to 2:30 p. m. to assist area residents.

LEGAL NOTICE

NOTICE OF MORTGAGE SALE WHEREAS, default has been made in the terms and conditions of one certain mortgage made and executed by Ray Dalby and Merria Ann Dalby, his wife, to the Osceola State Savings Bank, a Michigan Corporation, dated July 23, 1959, and filed in the Office of the Register of Deeds for Iosco County, Michigan, on July 28, 1959, and recorded in Liber 46 of Mortgages, page 125, and

WHEREAS, said mortgage was assigned by Osceola State Savings Bank, a Michigan Corporation, to Genesee Merchants Bank & Trust Co., a Michigan banking corporation, under Assignment dated May 29, 1962, and recorded in the Office of the Register of Deeds for Iosco County, Michigan on May 31, 1962, and recorded in Liber 52 of Mortgages, pages 328-329, and

WHEREAS, the Genesee Merchants Bank & Trust Co. is now the owner of said mortgage, and WHEREAS, said mortgage contains a provision that if the mortgagors shall fail to pay or cause to be paid any of the installments mentioned in said obligation according to the terms thereof or shall fail to pay the taxes and assessments on said property as the same become due and payable, the entire indebtedness secured by said mortgage shall thereupon become due and payable, and said mortgage subject to foreclosure at the option of the mortgagee, and

WHEREAS, the mortgagors have failed to pay or cause to be paid the said installments mentioned in said obligation according to the terms thereof, and by reason thereby the Genesee Merchants Bank & Trust Co. under the provisions above referred to has elected to declare, has declared and does hereby declare the entire indebtedness secured by said mortgage due and payable at once, and

WHEREAS, the amount claimed to be due on this mortgage at the date of this notice is the sum of Two Thousand Four Hundred Forty-nine and 95/100 (\$2,449.95) Dollars as principal, plus interest from January 3, 1966 at the rate of 7% per annum, and an attorney fee provided by the Statutes of the State of Michigan and stipulated for in said mortgage; and no suit or proceeding at law having been instituted to recover the debt now remaining secured thereby or any part thereof, whereby the power of sale in said mortgage has become operative;

NOW THEREFORE, notice is hereby given that by virtue of the power of sale contained in said mortgage and in pursuance of the statutes in such case made and provided, the said mortgage will be foreclosed by a sale of the mortgage premises at public venue to the highest bidder on Thursday, 27th day of April, 1967, at 10:00 o'clock in the forenoon, Eastern Standard Time, of said day, at the front entrance of the Court House in the City of Tawas, Michigan, (that being the place of holding the Circuit Court for the County in which said mortgage premises are located).

The said premises are described as follows: Lot 18, Weir Pines No. 2, Township of Osceola, County of Iosco, and State of Michigan, according to the recorded plat thereof. Dated: February 1, 1967

Needlecraft News by Nancy Baxter

WHAT CAN YOU CROCHET THESE DAYS that is both whimsical and practical? Roses, of course! And where do these roses go when they're in bloom? On top of your crocheted tissue topper! This new fad is sweeping the country and because it's so easy to make and takes so little time, every bathroom in your home just has to have one.

FOR NOOKS AND CRANNIES

I don't know who originated this fascinating idea, but whoever he was, our hats are off to him. This topper, which is filled with an extra roll of bathroom tissue, can be placed in any convenient nook or cranny in your house—you'll be surprised at how many resting places you'll find. We've chosen yellow, tangerine, scarlet, and Nile green for ours, but one of the beauties of this topper is that you can carry out the color scheme of your towels, curtains or rug so easily—there are so many wonderful shades of yarn to choose from. Worked in a simple shell stitch, this would be a perfect project for someone who's just learning to crochet—your own teenager perhaps.

AS A "TRIFLE"

When you need a last minute "trifle" for a present, it certainly would be convenient to have an extra topper handy—and can't you just picture a colorful assortment of these in your booth at the church bazaar? Free instructions are available by sending a self-addressed, stamped envelope to the Needlework Editor of this newspaper along with your request for Leaflet PC 3028.

MEN ARE NAIVE

Men, thank goodness, are very naive about certain things. They have no idea how easy it really can be to knit them something. All they know is that you take a ball of wool, a couple of knitting needles and out comes something like a sweater or a vest or the socks featured today. They—and that's husbands, boy-friends, fathers, uncles, brothers, cousins—like to see a woman do something mysteriously feminine. And to them there's nothing more feminine than to see a gal do something they can't do. They think it took time and trouble to make them those socks. They like that. And know it's more economical to make socks than to buy them. Of course they love that!

and airplane rides, drawings, snowmobile events and aerobatics.

Awarding of ice boat racing trophies is to take place at 1:00 p. m., followed by a demolition derby in which only one car will drive away. A second polar bear swim is scheduled for 3:00 p. m.

Drawing for the grand prize, a fully-equipped fish shanty with trailer, is to be held at 3:30 p. m. Many other prizes are to be awarded.

A final Perchville meeting was held Wednesday night at the Tawas Chamber of Commerce office. Among guests during the weekend will be Roger Brown, Detroit Lion football player.

Winter Fish-Getters

With the ice fishing season underway, followers of this winter sport are talking about "mousies," "corn borers," "crane fly larvae," and other strange creatures. Here are some of those popular conservation pieces for baiting fish in the winter. "Mousies," upper left, are one of the most available baits while minnows, top center, remain as standby fish-getters. Mayfly wigglers, bottom center, are an excellent winter bait. They are found in quiet lagoon areas along streams, and can be dug by fishermen for winter use. Wax worms, lower right, are also very popular as bait. As a sidelight to this menu of winter fish baits Conservation Department cartoonist Oz Warbach has sketched two important reminders to ice fishermen: 1) Don't forget to properly print your name and address on your fish shanty; and 2) Keep litter off the ice. --Mich. Rep. Prescott's Public Opinion Poll Results

State Rep. George A. Prescott, Republican, Tawas City, today released the results of a survey of state issues taken recently in his district. Prescott represents the 102nd District which included Iosco, Arenac, Ogemaw and rural Bay Counties.

Prescott said he submitted his questionnaire to 1,400 residents of the area. The 22 questions were developed by Prescott, himself, with help from the Legislative Service Bureau. Returned answered questionnaires totaled 1,087.

Representative Prescott called some of the results from the predominantly rural area very enlightening.

The results show, for instance, that a one percent state income

tax was okayed by 52 percent, but a two percent state income tax was not favored by 64 percent. Other issues included, giving law enforcement agencies greater power in dealing with crime, 95 percent said yes; 80 percent approved a compulsory motor vehicle inspection, and 76 percent approved of blood tests for drivers suspected of drunk driving.

result in a loss of 120 million dollars in state revenue. On the matter of terms for state representatives, the Prescott survey says 73 percent of those asked approved of four-year terms for state representatives. Senate members are currently serving four-year terms. In contrast, only 53 percent agreed to four-year terms for township officials. Prescott called the latter figure surprising and said more communication is evidently needed about the operation of government at grass roots level.

Dr. Ira Polley Chairman for Library Week

Dr. Ira Polley, superintendent of public instruction, is state chairman for the 1967 National Library Week program, April 16-22.

Dr. Polley's appointment was announced this week by Richard E. Chapin, director of libraries at Michigan State University and president of the Michigan Library Association, sponsor of the state program.

Dr. Polley said, "A better-read, better-informed America is imperative in a world of rapid change. National Library Week provides an opportunity for teachers, leaders from business, government, arts, sciences and laymen from all walks of life, to join with librarians to stimulate reading and expansion of our library resources."

This year marks the 10th anniversary of the program which is sponsored nationally by the National Book Committee and the American Library Association.

State Economy Gets Boost in Tree Harvest

Michigan's economy got a \$107,000,000 shot in the arm and an estimated 100,000 deer have found relief for their hungry stomachs from last year's record timber harvest in state forests.

Thousands of whitetails starved off possible immediate starvation last winter by feeding on the tops and branches of trees felled in logging operations.

An even larger number of the 100,000 animals will be carried through the next few years within the 135,000 acres of northern state lands where cuttings have opened the way for regrowth of natural food supplies.

The lands actually cut within the over-all area of 135,000 acres totaled 55,000 acres, most of that in and near winter deeryards.

IOSCO COUNTY SHERIFF'S DEPARTMENT

We're Observing our 15th Anniversary

Fifteen years ago this week, Farmers and Merchants State Bank of Hale began its service to residents of Western Iosco and Eastern Ogemaw Counties.

Starting with an original capitalization of \$50,000 and \$15,000 surplus, subscribed to by local residents, this banking institution has shown remarkable growth during each succeeding year.

Today, according to the December 31, 1966, financial statement, total capital account of Farmers and Merchants State Bank has reached \$379,154. Total footings have grown from \$456,728 in December 1952 to \$6,791,498 in December 1966.

This growth is reflected by the fact that this bank had one officer and one employee in its original quarters compared to five officers, 11 employees and three offices, including modern new central banking quarters at Hale, opened in 1962.

We are proud of this growth and the expanding contribution which Farmers and Merchants has made toward the financial welfare of the area. For example, Farmers and Merchants has paid one-half million dollars in interest to its savings depositors since 1952. From \$1,200 paid during the first year of operation, interest payments amounted to \$123,000 in 1966.

We wish to thank residents of the area for their continued support. We pledge our fullest effort to provide the best banking service possible in future years. In 1966, we installed new equipment in our bookkeeping department costing in excess of \$20,000. This, along with a like amount to be expended in the next two years, will assure our patrons of the most modern banking service.

A POLICE-FIRE RECRUITING TEAM from Saginaw will be at East Tawas Monday, February 20, to seek applicants for the police and fire service in that city. A special mobile recruiting station will be located at the city hall parking lot from 1:00 to 8:00 p. m. The visit to East Tawas is part of an intensified recruiting effort to fill vacancies in the Saginaw Police and Fire Departments. A change in the state civil service law (Act 78), has recently made the recruitment

of nonresidents possible for the first time. Recruiters at the mobile recruiting station will screen potential candidates to insure that they meet the minimum standards of being a high school graduate (or GED equivalent), between 21 and 31 years of age and at least five feet, 7 1/2 inches, but no more than six feet, five inches, in height. Qualified interested candidates will then be invited to Saginaw to complete the selection procedure.

Our 15th Anniversary in the Tawas Area

The week of February 5-11 marked the 15th year of operation in Tawas City for the Tool and Die Division of Bopp-Busch Manufacturing Company.

Our first shop was located in the Case Building and we moved to our modern new quarters on Industrial Avenue in 1954.

We are proud of the contribution our firm and employees have made to the economy and progress of the Tawas area. The company has been instrumental in training 15 tool and die men in its apprenticeship program.

**By CLEMMMA LENEHAN
Extension Home Economist**

I was disappointed, for the third year in a row, I found I could not attend Farmers Week at MSU and all the informative sessions for homemakers there. I hurriedly alerted daughter, Nancy, a student on campus, to attend some of the meetings so I could share them with you.

She reports on the meeting, "Fish for Compliments."

Fish is an abundant commodity and people in Michigan eat lots of it, said Ann Davies, home economist for the Department of Interior, Fisheries and Wildlife Division.

Tips on careful selection and new preparation ideas were given by Miss Davies and Gene Cope, also with the department of interior, at the homemakers program during Farmer's Week at Michigan State University.

When buying fresh fish, look for bright, clear eyes, pinkish-red

gills and a firm elastic touch. Old fish becomes soft and slimy to the touch and has an unpleasant "fishy" odor and indicates a poor quality, she warned.

Frozen fish must be solidly frozen in well-wrapped packages when purchased. Punctures in the package allow oxidation to occur, causing the fish to turn rancid.

Try to buy fish that has been inspected. "Inspection of fish is not mandatory," Cope said, "but if the department of interior's red and blue inspection shield is on the package, it is your assurance of a grade A product."

For easy handling, fish should always be defrosted before cooking, except when additional cooking time is required by foods mixed with it. The best way is to put it in the refrigerator overnight. If you are hurried, it can be thawed under cold running water. Hot water will start to cook the fish.

"The biggest mistake made in preparing fish," Miss Davies said, "is overcooking." If the fish flakes when tested with a fork, it is done.

Fish is high in protein, vitamins and minerals, she said, and should be used often. Halibut and perch are available and new preparation ideas for them add variety and glamour to meals.

She suggested one idea that would be simple and inexpensive to prepare. Her sample was delicious. After thawing the fish, dip them into "thick" French dressing, then roll them in crushed cheese crackers. Sprinkle paprika and melted fat or oil over them and bake at 500 degrees Fahrenheit for eight to 12 minutes or until the fish flakes easily when tested with a fork. This quick method, she said, helps keep in the full flavor of the fish.

Although Michigan cannot get fresh ocean shellfish easily, we can usually get a frozen variety. Shrimp and scallops are the easiest to find on the market. "You are further ahead to buy frozen shrimp that has been deshelled and deveined," Miss Davies said. Unshelled shrimp costs less per pound, but by the time you have cleaned it, you have about 40 to 50 percent waste.

She suggested that shrimp and lobster can be used to make delicious, unique meals. Instead of using tuna some evening, substitute it with another seafood for your favorite casserole or salad. "Why not use fish in place of bacon for breakfast," she suggested. Peppered shrimp and scrambled eggs for breakfast certainly sounds great to me!

Well, I must remember to get a package of frozen shrimp next time Nancy is home for a week-end.

Laundry Ideas . . .

Mrs. Hugo Schwab, chairman of our four-county family living extension council, attended the water-using equipment meetings. She and Mr. Schwab stayed overnight so they could take in more of the program.

Mrs. Schwab said that speakers are still emphasizing that homemakers must add any chlorine bleach to the wash water after detergent or soap has been added to the softened and conditioned water, preferably wetting the clothes before adding diluted bleach.

This prevents deposit of iron from the water setting on the clothes.

LOOKING BACKWARD—

USG Observes Half-Century of Progress

15 Years Ago—
February 22, 1952—A half century of progress and service is being observed by the United States Gypsum Company. No small part of the growth of the giant industry came through its plant and quarry at Alabaster. When the company was formed in 1902, among properties acquired was the Western Plaster Works at Alabaster. Secretary of the Alabaster company at the time of organization of United States Gypsum was Sewell Lee Avery, who served at USG from 1905 until 1936 and chairman of the board of directors until 1941.

Candidates named in East Tawas' primary election Tuesday were Henry Klenow, mayor; Fred Lomas, clerk; Mrs. Georgia Bergeron, treasurer; Clarence McKenzie, First Ward alderman; Elmer Werth, Second Ward alderman; Edward Lixey, Third Ward alderman.

Judge Herman Dehnke was principal speaker at the Twentieth Century Club's "guest night" banquet program held Wednesday night at the American Legion Hall, Tawas City.

"Industrial Day" was observed at East Tawas with a banquet and program sponsored by the Ladies Literary Club. Speakers included Nathan Barkman of Tawas Industries, Incorporated; Dwight Wood, industrial agent of the Detroit and Mackinac Railway; Frank Wilkusi, Huron Shores Rustic Furniture Company.

East Tawas Parent-Teacher Association adopted a resolution disapproving of the sale of tobacco in any form to minors.

25 Years Ago—
February 20, 1942—Orville Leslie and Sons are working to secure a defense industry for this community. Representatives of the firm are inspecting a plant which may be purchased and installed in their garage building. A recent labor survey indicated that the necessary experienced help will be available. The plant under negotiation to move here is equipped to produce tools and dies and the manufacture of parts.

W. C. English, manufacturer of mine wedges and operator of a sawmill in Tawas City, has been named secretary-treasurer of the Michigan Sawmill Operators Association.

Application of Henry Brown to build a fish market has been denied by the Tawas City Council on ground that, in the opinion of the council, no retail stores should be built south of Tawas River as it is considered a residential area.

In a rough and tumble battle (mostly tumble), AuGres Reserves defeated Tawas City, 5-4, in a basketball game Friday night. F. Mark and Blust each contributed a field goal for the losers.

More and more Japanese nets continued to be caught in the nets spread along the west coast by the FBI. Spy raids were being carried out almost daily by the G-men, who in one raid got 20 alleged spies and saboteurs and a truckload of ammunition and weapons.

Isco Red Cross workers are making blankets and quilts for the war effort. A class of 44 men and women enrolled for the first aid lessons being instructed by Clyde Soper.

W. H. Price, who is spending the winter at Coronado Beach, Florida, in writing to the Herald states that merchant vessels are steaming as close to shore as possible to avoid contact with enemy submarines operating in offshore waters.

Whether carelessness, sabotage

or fate was responsible, the 83,000-ton Normandie, former luxury liner and now the naval auxiliary Lafayette, lays on her enormous beam ends in 40 feet of water and 12 feet of mud at her dock in New York. An \$80,000,000 salvage job remains for the United States Navy following a fire started by a welder's torch.

35 Years Ago—
February 19, 1932—In a match game Saturday night, Baldwin Lodge, IOOF, downed Eden Lodge of Bay City by 209 pins at the IOOF bowling alley. The recreation room was crowded to the doors with spectators, who applauded both teams vigorously. E. M. Sharpe, grand conductor of the Grand Lodge, led the Bay City team with 435 pins. William Hatton topped the locals with a 570 total on games of 223, 192 and 155. Other members included Frisch, Moran, Repert and Carlson.

Ice harvesting season started Monday morning, Charles Curry having the job of putting up ice for different companies and the Detroit and Mackinac Railway.

When Congresswoman Florence Kahn of California discovered that chairs being used in the house of representatives restaurant were manufactured in Czechoslovakia, she was much angered. So much so, that she immediately introduced a bill providing that all government supplies be products of American labor.

Matt Jordan, one of the leading hunters in this part of the state, shot two wildcats and three foxes in the past week. He no doubt knows the nature of wild animals as it seems no trouble for him to get them. Conservation Officer Arthur Lutz captured a 40-pound wildcat alive Wednesday on the AuSable River. Lutz states that a 52-pound cat was also taken last week by an Indian trapper. These cats are two of the largest captured in this vicinity.

ASC Announces Wheat-Grain Sign-Up Deadline March 17

Final date for Michigan Wheat and Feed Grain Program sign-up is now March 17, according to Grant Bessey, chairman of the Iosco County ASC Committee. The previous closing date was March 3.

The state committee has determined a sign-up period which will insure that all farmers have an opportunity to discuss the programs with ASC county office people and make up their minds about taking part. In some counties where there are large numbers of farms, there were not enough hours available in the original sign-up period to accommodate all farmers in the county offices. Also, bad weather in some areas made a revision necessary.

Consumers P. Invests Heavily in BC Division

Consumers Power Company will invest more than \$9,500,000 in its Bay City division during 1967 on projects to expand and improve the company's electric and natural gas services. Louis A. Vauvre, division manager, announced.

Electric department projects will require more than \$9,000,000, while gas projects and work on buildings and additions to the fleet of trucks and cars will account for the remainder. Mr. Vauvre said the division plans to extend electric service to 2,475 new customers and gas service to 1,200 new customers during 1967 in the 3,600 square mile area served.

A major investment will be made at the company's D. E. Karn and J. C. Weadock generating plants at Essexville. Mr. Vauvre said, where facilities are to be installed to allow handling of 100-car "unit train" loads of coal. A new 138,000-volt substation is to be built in Midland Township to meet increasing needs of customers in the Midland area.

Sign-up is the essential first step toward participation in a farm program. No further extension is anticipated; therefore, farmers should not wait until the last minute to enroll. The final date of March 17 to sign up in the Cropland Adjustment Program was not changed in view of the fact that present requests under this program generally have already exceeded available funds.

Farm program officials point out that the United States has more cropland than is currently needed to meet demand for crops. However, the national wheat acreage allotment for 1967 is nearly a third larger than for 1966, and the feed grain program aims to divert only about half as many acres as in 1966. The wheat program offers no diversion payments, and the feed grain program offers diversion payments only to small farmers. Even though acreage diversion goals vary from one program to another, farm program officials emphasize that the law makes the program available to all farmers, and the sign-up period has been changed to assure them of the opportunity to participate.

THOMAS PINTKOWSKI won top honors in singles by rolling 678. He walked off with a check for \$40.

John Pinter Accepted for Airline Tng.

John D. Pinter Jr., son of John Pinter, East Tawas, and Goby Pinter, Detroit, has received notification of his acceptance as a student flight officer for United Airlines. In April 1968, he will attend United Airlines Flight School in Denver, Colorado, where he will receive 13 weeks of intensive training. Upon completion of training, he will be assigned to one of United's 10 domiciles (bases) in the United States as second officer.

Mr. Pinter is a 1957 graduate of Tawas Area High School and a 1963 graduate of Northrop Institute of Technology, Inglewood, California. He is currently employed by Continental Aviation and Engineering Corporation, Detroit, as a test engineer in research and development.

He is married to the former Jo Ann Legg of East Tawas. They have one daughter.

New Method for Processing Maple Syrup

Maple producers attending the sixth annual Mid-Michigan Maple Institute to be held February 16 at the 4-H Center, Petoskey, will hear complete details of a radical new method being developed to eliminate most of the boiling and cut costs of producing syrup, according to County Agent Marvin Davenport.

Dr. J. C. Kissinger, research chemist of the USDA Maple Investigations Laboratory, will describe new developments in reverse osmosis, an economical new way to remove most of the water from maple syrup. This technique has been highly developed in connection with purifying sea water.

R. WILLIAM CALDWELL, vice president of Dow Corning, Midland, has been named by Paul Bunyan Council as general chairman of Eagle Scout recognition day, to be held April 5. Over 35 boys are to be honored at a Dow Corning-sponsored luncheon. Albert Maasberg, council president, urges all eligible Eagle Scouts to take part in this event that is planned in their honor. Former Eagles, who may have recently moved into the area, should contact the Paul Bunyan Council office in Midland, 835-7786, so they may participate in the recognition day.

LETTERS to the EDITOR

Dear Editor:

The February 8 issue of The Tawas Herald contains a news story listing allocation of funds to school libraries.

The article, while correct in its information, may be misleading to readers who are not familiar with the Federal Education Act.

The Title II grant is one of five major provisions of the Elementary and Secondary Education Act of 1965 enacted by the 89th Congress.

Instead of reading "state library funds," the item should have explained that although the funds are administered by the state, the money is a federal grant.

Very truly yours,
Dorine McMullen
Mrs. C. R. McMullen
Director, Regional Library

Tawas Area P-TA To Meet Feb. 20

Regular meeting of Tawas Area P-TA is slated for Monday, February 20, at the high school. Refreshments will be served by P-TA officers preceding the 8 o'clock meeting.

A panel discussion on curriculum study will be presented by a group composed of parents and teachers moderated by Supt. Reynold Mick. This discussion will enable parents to have a better understanding of the curriculum study presently being made by the school.

WATER, WATER, EVERYWHERE and always plenty that's hot!

Hot water — all you want — AND NO WAITING! That's what you get when you install a compact, fast-recovery Electric water heater. Not only the first, but the last one in gets a hot shower. Still there's plenty of hot water left for laundering, dishwashing, and all your other household needs.

A fast-recovery, automatic Electric water heater has lots of other advantages... it's easy to install, needs no vent, fits in a closet or under a stairway, and because of Consumers Power's SPECIAL, LOW fast-recovery water heating rate, is economical to use.

* Ask your dealer about the special allowance for increasing your electric service entrance capacity
