Make Application for Oscoda Pier

Objections pertaining to navigation as the result of a proposed pier at Oscoda are to be received until February 13 by the Detroit District Corps of Engineers, Department of the Army.

Oscoda Township Park and Recreation Commission was issued a federal permit to construct a steel pile and timber pier extending 300 feet lakeward from the existing shoreline in Lake Huron. This is to be a point described as offshore from the Oscoda Township Park located between Park Avenue and Michigan Avenue, Oscoda Township.

The permittee has requested an extension of time to complete the work in accordance with plans filed with the department. Objections based on reasons affecting navigation should be specific in describing the reasons pertaining to navigation upon

which the protest is founded. Written protests are to be filed not later than 4:30 p. m., February 13.

Other pertinent factors, including fish and wildlife conservation aspects, will be accepted and made part of the record and will be considered in determining whether it would be in the best public interest to grant an extension of time.

'Old Reynard' Was a Girl

Bob Allen's fox hound probably will never be the same after a hunt Sunday near Oscoda.

The hound picked up the trail of a fox and was off in yelping pursuit. It turned out to be a girl fox and it was looking for a boyfriend.

The fox chased Allen's confused hound for about an hour. Allen said his dog returned with a bewildered look, as if to say, that is no way for "Old Reynard" to act.

DHIA Report Lists 16 Iosco Herds Testing

According to the Iosco DHIA report for the month of December, there are 16 dairy herds in the county on the dairy testing program. Three herds use the official testing program that provides more detailed information than the owner-sampler program. In the owner-sampler program, the farmer collects his own samples. The dairy tester is paid an additional fee for collecting the samples under the official DHIA program.

In the official DHIA program, the farmer also receives a feed cost figure that tells him how much it costs to produce 100 pounds of milk. Leading the officially-tested group was George and Bob Waters' herd, with 94 percent of cows milking, producing 873 pounds milk and 32 pounds butterfat. Harvey Odell, 90 percent cows milking, 1,142 pounds milk, 41 pounds butterfat; Waldo Curry, 76 percent cows milking, 1,185 pounds milk, 46 pounds butterfat, had second and third place herds.

Farmer-sampled herds tabulated the following results: Tom Nelkie, 100 percent, 1,336 pounds milk, 53 pounds butterfat; D. Bellville & Son, 91 percent, 1,007 pounds milk, 38 pounds butterfat; L. & L. Robinson, 88 percent, 1,216 pounds milk, 44 pounds butterfat; Ron Timreck, 88 percent, 958 pounds milk, 35 pounds butterfat; Charles Sullivan, 83 percent, 945 pounds milk, 34 pounds butterfat; Elwood Ruckle, 81 percent, 1,137 pounds milk, 44 pounds butterfat; James Dobson, 80 percent, 1,269 pounds milk, 49 pounds butterfat; Eugene Kaiser, 76 percent, 967 pounds milk, 40 pounds butterfat; Herman Drengberg, 75 percent, 1,038 pounds milk, 36 pounds butterfat; Nelson Ostrander, 72 percent, 694 pounds milk, 26 pounds butterfat; Siegrist Brothers, 69 percent, 681 pounds milk, 31 pounds butterfat; Carl Lange Jr., 68 percent, 821 pounds milk, 30 pounds butterfat; Hope Creek Ranch, 58 percent, 708 pounds milk, 26 pounds butterfat.

Tip-Up Town Festival Set at Houghton L.

Michigan ice fishing moves into the spotlight Saturday and Sunday, January 21-22, at Tip-Up Town, USA.

An estimated 10,000 persons will attend this colorful winter festival on the south shore of Houghton Lake. The humorous side of ice fishing will be depicted in a 9:30 a. m. parade. It will form at the west end of the lake and lead the carefree citizenry into Tip-Up Town for the customary flag raising ceremony.

Some wag sent aloft a frozen "unionsuit" once, and ever since the first "official" banner in the flag raising ceremony has been a frozen pair of winter skivies.

Prizes will be awarded liberally to the citizens. There will be two days of ice fishing contests, a Saturday night dinner honoring outdoor writers, square and ballroom dancing at the high school and nominations of three queen candidates from persons actually fishing through the ice on Saturday.

Tip-Up Town is ruled by a pseudo mayor and marshal who hold dominion over everything above and below the ice.

Overnight reservations are practically unobtainable at this late date. Persons who intend to stay both days should be certain they will have a place to spend the night or return home at the end of the day.

TC Garden Club Met Jan. 10 With Mrs. B. E. Fisher

Tawas City Garden Club met with Mrs. B. E. Fisher Tuesday, January 10, with a good attendance for its annual meeting. The following officers were elected: Mrs. George Liske, president; Miss Marion Jennings, vice president; Mrs. Frances Sneeks, second vice president; Mrs. John McCormick, secretary; Mrs. Fisher, treasurer.

Thank you cards for the Christmas appie tray favors from the hospital and nursing homes were read.

Program theme was "Ye Olden Times." Mrs. Charles VanHorn gave an entertaining account of how people lived 70 years ago. She also had knitted lace and embroidery on display. Other members snowed family antics. A general discussion and question period followed.

"Now is the time" was given by Mrs. Harry Cross.

Hostesses were Mrs. Ervin Ulman, Mrs. Marvin Flurry and Mrs. McCormick.

A patriotic program will highlight the February 7 meeting which will be at the home of Mrs. P. N. Thornton.

Past Noble Grands Enjoyed Pot-luck

The East Tawas home of Mrs. Edmund Gagner was the scene of the January 12 meeting of Past Noble Grands Club of Irene Rebekah Lodge No. 137. Pot-luck dinner was served. A social time and game were enjoyed with the bonus prize going to Mrs. Roy Depoty.

During the business session, Mrs. William Colburn was elected president. Serving with her are Mrs. Gagner, vice president; Mrs. Depoty, secretary; Mrs. George Davidson, treasurer, and Mrs. Cora Howitson, chaplain.

The February 9 meeting will be held at the Tawas City home of Mrs. Colburn.

Twentieth Century Club Met Jan. 11

Members and guests of Twentieth Century Club braved the weather Wednesday evening and met at the home of Mrs. Donald MacDonald on the Plank Road. During the business meeting, \$5 donations were voted for Care, Indian art and nurses scholarships.

Miss Ferne Mark served as program chairman and meditation was given by Mrs. MacDonald. Roll call was answered by where I would like to go.

Miss Edna MacDonald showed color movies of her trip to Florida last summer. Included were movies of the Cypress, Bok and Busch Gardens, Marine land and a water show. She also reran the movies of the garden club visit at the Lawe garden several years ago and dedication of the Iosco Medical Care Facility last summer, which viewed the Tawas City Garden Club plantings.

Hostesses were Mrs. Ervin Ulman, Mrs. Marvin Flurry and Mrs. MacDonald.

Mr. and Mrs. George Philpot enjoyed Saturday and Sunday with their daughter, Mrs. Donald Phillips, and family at Grand Rapids.

Nancy Roseberry, granddaughter of Mr. and Mrs. Waldo Roseberry, is hospitalized at Lansing. She is a student at Michigan State University and is the daughter of the Donald Roseberrys of Saginaw. Mr. and Mrs. Roseberry expect to spend the week-end at Saginaw. Another granddaughter, Patricia, daughter of the Waldo Roseberrys Jr., will be home from Aquesnas College, Grand Rapids.

Student

(Continued from page 1.)

At the close of the school term, Sonia will accompany the Dunham family on a trip to the nation's capital, New York City and the world's fair at Montreal, Canada. Places she will visit in Michigan include Michigan State University, Greenfield Village at Dearborn, Mackinac Island and the Upper Peninsula.

When she returns to Brazil next summer, she will enter Puc University and continue her study of languages. She hopes to obtain a scholarship to study in France.

Both Sonia and Hetty Ramirez, a Chilean exchange student who is staying with the Robert Ericksen family in Tawas City, were guests at a pizza party given Friday night by Mary Ann MacMur-ray at the home of her parents on Tawas Beach Road. Junior and senior classmates of the girls were in attendance.

"I know our family will benefit a great deal by Sonia's visit and I believe this will be true for the entire community," said Mrs. Dunham. "She is a very talented and personable young lady and I know that many people will want to meet her."

Engaged

Planning a June wedding are Marilyn Kay Whitman and Thomas N. Merschel, whose engagement has been announced by Miss Whitman's parents, Mr. and Mrs. John R. Whitman of Tawas City. Mr. Merschel is the son of Mr. and Mrs. Norman A. Merschel of East Tawas.

He is attending Ferris State College, Big Rapids.

Consumers Power Co. Lists 1967 Expansion

Investment of \$136,000,000 is being planned by Consumers Power Company in 1967 on construction and expansion projects designed to meet the growing needs of the electric and gas customers the company serves in 67 of the 68 counties in Michigan's Lower Peninsula.

The announcement by A. H. Aymond, chairman of the board, and James H. Campbell, president of the company, said nearly all of the electric and gas projects are part of the long-term growth of the utility.

Consumers Power Company invested more than \$145,000,000 in 1966, including work on two major electric generation additions and expansion of underground storage facilities for natural gas, on which funds will also be spent in 1967 and beyond. The 1967 program includes \$83,000,000 in electric projects, \$40,000,000 in gas projects and \$13,000,000 in office buildings and additions to existing office, service, transportation and warehouse facilities.

The largest electric generating facility is the Palisades nuclear plant, 35 miles west of Kalamazoo. Construction awaits a permit from the Atomic Energy Commission. The plant is due for commercial operation in 1970.

The added 385,000 kilowatt turbogenerator at the James H. Campbell plant at Port Sheldon, west of Grand Rapids, is to begin commercial operation in May.

Consumers Power is completing a major natural gas storage development program in St. Clair and Macomb Counties. Included are additions to the St. Clair and Ray natural gas compressor stations and extensive expansion of underground storage facilities.

These will increase underground storage capacity to 30 billion cubic feet, to a total of 115.5 billion cubic feet for all storage fields.

During 1967, the company expects to add 21,000 new electric customers to its lines and more than 33,000 new natural gas customers.

The Consumers Power service area covers 30,000 square miles within which the company supplies electric service to 978,000 customers in 61 counties and natural gas service to 729,000 customers in 37 counties in Michigan's Lower Peninsula.

Iargo District Held Annual Meeting Jan. 5

Iargo District of the Paul Bunyan Council, Boy Scouts of America, held its annual meeting Thursday evening, January 5, at the Osceola Methodist Church. District members, unit leaders and their spouses from over the two-county area of the Iargo District attended.

Scouts enjoyed a pot-luck dinner and then got down to business with district chairman, the Rev. Joseph Ablett, Osceola, presiding. Reports of the operating committees of the district were given by chairmen.

Some of the highlights of 1966 included an 80-boy membership increase in the district to bring total membership to 745 boys. A new cub scout pack was organized at Whittemore and a new boy scout troop at Wurtsmith. Advancement progress in the district was extremely good with 82 percent of the cub scouts and 47 percent of the boy scouts advancing one rank. The district managed to raise \$6,877 as its share of the council operating budget for 1967.

The executive's reports were given by Arthur Henry, council scout executive, and Daniel G. Miller, district scout executive.

The nominating committee report was given by William Lyon of East Tawas, followed by the election of officers.

Elected chairman for another year was Mr. Ablett. Vice chairman elected included Arthur Aulerich of Whittemore and Circuit Judge Allan C. Miller of East Tawas.

The district commissioner recommended for nomination was Sgt. Paul Johnston of Wurtsmith. Chairman Ablett then appointed his operating committee chairmen for the coming year. Named to head the organization and extension committee was Mr. Lyon; leadership training, Sgt. Jack Coleman, Wurtsmith; camping and activities, Frank Mark, Tawas City; advancement, Probate Judge William McCready, Tawas City; finance, Richard M. Harris, East Tawas; health and safety, Capt. Roger Clemens, Wurtsmith.

A special feature of the evening was the showing of a number of slides of Philmont Scout Ranch in New Mexico by Mr. Mark. He went to Philmont last summer as an assistant scoutmaster on the Paul Bunyan Council's annual trek.

Art Contest at Northwood I.

A Michigan high school senior small painting and drawing exhibition and competition has been announced by Northwood Institute, Midland.

Cash awards and art scholarships will be awarded to entries judged best of show by a distinguished jury. Entries must be received at Northwood by January 27. They should be sent to Prof. James Chase, chairman of the Northwood Institute Art Department, Midland.

All Michigan high school seniors are eligible to enter one original drawing or painting. Any medium, pencil, charcoal, ink, water color, etc., is permissible. All entries should be matted, mounted or framed and the work of art without frame should not exceed 24 by 36 inches, Chase said. Name, address and school of the artist should be printed on the back of the work submitted and a title should be shown in the lower right corner.

All original entries will be exhibited at Northwood from February 21 to February 28 and will be eligible for an award or a scholarship. All entries submitted will become the property of Northwood Institute and will not be returned, Chase said.

Dog Sled Meet Over Week-End

Third annual dog sled competition is to be held January 21-22 at the air force beach on VanEttan Lake, Oscoda.

According to Harry Curley, chairman, there are 32 entries at present and more are expected.

"We have some of the best mushers coming from Michigan, Canada, Ohio and various other states with teams from three to 12 dogs," said Curley.

Animal Breeders to Hold Meeting

The Tawas Animal Breeders Local will conduct its annual meeting January 19, 8:00 p. m., at the Tawas Township Hall on M-55.

Richard MacKenroth of Lansing, area fieldman, will be speaker. Door prizes will be awarded and refreshments served.

All farmers are invited.

Proposed for Inland Lakes

Supervisors Drop Ordinance Restricting Boats and Skiers

A hassle between sport fishermen and power boat operators over use of Iosco's inland lakes apparently became a dead issue last Wednesday after final action of the Iosco Board of Supervisors.

Under heated discussion at times here since late last summer, supervisors turned thumbs down on a proposed ordinance which would have restricted use of pleasure boats on the county's inland lakes.

FOLLOWING a hearing here September 15, the Michigan Department of Conservation had recommended restricting daily operation of motor boats between 6:30 p. m. and 10:00 a. m. the following day on Indian, Round, Little Island, Island and Long Lakes. During those hours, the ordinance would have prohibited motor boats from operating at high speeds or towing persons on water skis. The ordinance provided a \$100 fine for violators.

The proposed measure was presumably designed to give a sport fisherman a chance to enjoy his recreation on inland lakes without the bothersome noise or wake from power boats.

At last month's meeting of the board, Chairman L. S. Little of Grant Township and Supervisor Charles Smith of Oscoda Township believed that Sand Lake and VanEttan Lake should be included in the proposed ordinance.

The matter came to a head and, after the ordinance was reported out on the floor by the board's conservation committee and then amended to include Sand and VanEttan Lakes, the proposal was

tabled for action until January by a tie vote of supervisors.

Following discussion last Wednesday morning, the proposed ordinance was defeated by an 18-1 roll call vote. Only supervisor voting in favor of its passage was Chairman Little.

Most influential in changing the votes of eight supervisors was the presentation of J. E. Skimin, Oscoda hardware owner. He stated he was a racing enthusiast, had operated motor boats on VanEttan Lake for 21 years and had never experienced any trouble with fishermen using the lake.

Furthermore, Skimin believed that recreational use of lakes by pleasure boaters and young water skiers was just as important as use by fishermen. Stating that he

had no quarrel with fishermen, that there were probably a few "blowhards" on both sides of the issue, Skimin insisted that there was plenty of room for both pleasure boaters and fishermen on the waters of Iosco and particularly at VanEttan Lake, where he is considering the purchase of a lakefront cottage site.

He pointed out that fishermen were not being restricted in any way by the proposed ordinance. He also said that what might follow is that, during the winter, some fishermen would want prohibition of all ice boats, snow machines, automobiles or even fish shanties on the ice, as they might interfere with their pleasure.

SKIMIN said he had checked with the sheriff's department and, while there were 45 watercraft ar-

rests last year, complaints of reckless operation were negligible. He cited the fact that present state laws were adequate in controlling reckless operation and that further restrictions could drive away summer business.

"It does not make any difference what we do in this case—we are going to make someone mad over this ordinance. It might be better to leave them mad at one another, rather than to have them mad at the county," said Supervisor Clarence Everett of Tawas City, himself a fishing and boating enthusiast.

Comments from other board members indicated that further restrictions against boat operators, in their opinion, were not needed nor desired by the majority of the people.

1966 Tawas Chamber Highlights Recalled by Retiring President

Final treasurer's report indicated that Tawas Chamber of Commerce operated on a budget of over \$14,000 during 1966. The year-end membership report stated that 186 members accounted for nearly \$8,000 received.

Some of the highlights of the year under out-going president, Leonard Calabrese, included: Annual chamber of commerce banquet which attracted a turn-around crowd of more than 300 persons at the Holland Hotel; first annual

presentation of Tawas Area outstanding citizen award to Ralph Western.

Perchville week-end in February enjoyed beautiful weather and drew a record crowd; chamber co-sponsored a law enforcement dinner at Barnes Hotel where local businessmen were given demonstration of shoplifting methods

and how to prevent theft; sponsorship of an industrial appreciation dinner during Michigan Week to observe contribution of existing industry to economy of the area.

Annual Tour of Lumbermen's Monument Bike Races drew high caliber racers; the chamber welcomed VHF Hamfest meeting in community; the organization was host to Eleven Area Chamber of Commerce meeting.

and annual Michigan Tourist Festival favored with good weather and large crowds; in cooperation with Tawas City and East Taawas, the chamber sponsored Fourth of July fireworks; Tawas Bay Arts and Crafts Exhibit and Sale attracted record number of entries and viewed by large crowds.

Annual Tour of Lumbermen's Monument Bike Races drew high caliber racers; the chamber welcomed VHF Hamfest meeting in community; the organization was host to Eleven Area Chamber of Commerce meeting.

Braves Scored 78, but Fell Short of Bangor

Tawas Area Braves had its best scoring night of the season last Tuesday, but still lost a non-conference game to visiting Bangor, 89-78.

Biggest thorn to the Braves was the red-hot shooting of Alcorn, classy Bangor forward, who meshed 15 field goals and four foul shots for 34 points.

Tawas had five players in double figures, led by Dale Koepke's 24 points.

Bangor jumped off to a 15-13 lead in the first quarter and then seemed to sweep aside all re-

sistance by meshing 32 points in the second quarter to Tawas' 18. The Braves came back in the third quarter with a 30-point effort to Bangor's 21. The visitors then cashed in on another 21-point lead in the final quarter as Tawas came up with 17.

Tawas players missed numerous easy layup shots during the game which contributed to the loss.

Action this week found Oscoda playing here Tuesday night. The Braves travel to Essexville January 20.

Truckers Paid Highway Taxes of \$270,863

Highway-user taxes paid by trucks accounted for \$270,863 of Iosco County's share of all state and federal moneys spent for highways during the fiscal year July 1, 1965, through June 30, 1966.

A total of \$896,896 in state and federal highway money was distributed and spent by the Michigan Department of State Highways in Iosco County during the fiscal year.

Refreshing Change

It was a refreshing change to hear representatives of government admit they had made a mistake Wednesday—that proposed legislation was a bit too restrictive for the public at large. Of course, this could only happen locally and seldom at the state or national level.

We are speaking of the action of the Isosco Board of Supervisors in backing away from a proposed county ordinance which would have established hours during which boating and water skiing would be restricted on certain inland lakes of this county . . . for the benefit only of those wishing to enjoy the sport of fishing.

During discussion, it was pointed out that it is improper to deprive full use of the public right by legislating against the few who misuse that right. This local theory might properly be applied to a number of areas of proposed legislation now being contemplated at Lansing and Washington, D. C.

There may be a few outspoken critics on both sides of the question, but government cannot legislate away every public problem all the time without stepping upon the rights of others.

In the local case, if there is a problem concerning hazardous operation of boats on inland lakes, the enforcement of existing laws can correct the situation. This can be done without affecting the rights of the majority of boat owners, who are law-abiding.

Undeclared War

Make no mistake about it, this country has been waging undeclared war against communism for nearly 50 years. The people have accepted war—hot or cold—rather than to let this nation or its free world ideals perish.

Sometimes we have short memories. In 1919, the United States and other members of the allied powers sent an ill-fated expeditionary force into Russia in an attempt to bring some order out of chaos following the Bolshevik revolution. It was an unrealistic or naive approach, perhaps, because it was pretty difficult to stomach Czarist Russia, even though the communist peril to neighboring European countries was recognized even then.

What followed was that the United States did not again establish diplomatic relations with Russia until shortly before the time Hitler turned his attention from an invasion of England and attacked the Soviet Union. War sometimes makes strange bedfellows, so the story goes, and we became allied with the communists in fighting the Nazis.

Who can forget the term coined by Sir Winston Churchill—"the iron curtain"—which Russia drew around itself and territory it gobbled up following World War II? Who can forget the Berlin blockade, which was broken by an American airlift of supplies to a beleaguered city that could have fallen behind that iron curtain; or our ambitious humanitarian Marshall Plan designed to aid war-torn Europe.

Our trouble with communism switched to Asia and a bamboo curtain, where Soviet-Chinese trained and equipped North Koreans nearly over ran South Korea. United States men and equipment, combined with forces from other free world countries, halted that threat of aggression.

There have been numerous occasions during the ensuing years when this world was at the brink of World War III, but something no one wants is the horror of all-out nuclear war and both sides negotiated through diplomatic channels. Peace became a matter of balance of power.

Several years of "peaceful coexistence" followed between the east and west, although the Russian premiere once told the president of the United States that his (Eisenhower's) grandchildren, someday, would be living under communism. During those "peaceful" years, also, came communist agitation in Cuba, Latin America, Asia, Africa and at other troubled spots around the world.

Everyone deplores the bombing of cities and subsequent killing or maiming today of innocent civilians. We would hope that it might be stopped, for there are many today who recall the tragedy of war in Korean cities during the early 1950s—and not all caused by the United States or free world forces.

It is easy to say we should not be here or there and to even pick out seemingly reasonable facts to substantiate those beliefs. It is our sincere desire that the present agitation can be resolved over the peace table in the United Nations. But let no one be misled—we have had hot and cold wars with communism for nearly 50 years. It probably will continue for a long time to come and there will be further sacrifice of American lives, not only for an ideal, but for the preservation of all which we hold dear for future generations.

And we may again become allied with Russia, judging from today's headlines, to fight Red China. Diplomacy and world understanding is a difficult task—much more so than demonstrations or editorial writing.

**LETTERS
 to the
 EDITOR**

Dear Editor,

Unity does not exclude truth and mercy. You know that President Johnson was elected by his promise to avoid the kind of war we have entered in Vietnam. You know South Vietnam prevented elections to unify the country in 1956 under the supervision of an international control commission, leaving North Vietnam with the choice of permanently accepting a temporary arrangement of uniting the country by force with the solid support of the majority of South Vietnamese, who would have voted with them had the elections been held as agreed.

You know we stepped in to save a corrupt, dictatorial and unstable government without Western tradition of nationhood or freedom. You express horror at peace demonstrations and, without protest, accept the bombing of civilian populations as an accident of war. Unity can never be achieved by such means. Our brave and loyal soldiers deserve praise and so do our demonstrators who would end a war those soldiers should never have had to fight.

Sincerely,
 David J. Seigle,
 239 State Street,
 AuSable-Osceda

Dear Editor,

We would like to reply to an article in the January 11 issue of another newspaper suggesting that there is a communications gap between our board and our school faculty.

We feel that, while some of the teachers may be unhappy with their lot—and who does not like to gripe about the boss, anyway—we would like to challenge anybody to ask any board member if he considers the teachers his enemy.

We, as members of the board, act on behalf of the people of the community to give our children the very best education possible.

We are proud of the fact that our members have recently spent many extra hours in efforts to centralize and coordinate the office of the secretary of the board with the school administration, to set up a complete set of written policies, to improve the hot lunch program, to initiate classes in the field of remedial work and sex education, to initiate the use of study committees who save time for the board as a whole and enable us to make judgments based on fact, to work out a spectator bus program, to set aside a portion of one meeting a month for curriculum study, to require safety standards and academic standards for those driving to school, to require safety standards for school buses in excess of state requirements, to prevent students from being unjustly chastised for missing activities while school is not in session and we are still studying ways to protect the rights of individual students in belonging to school clubs and societies.

These activities do not include our continued attempts to hire good teachers, provide adequate classroom space and evaluate our superintendent and principals, whom we must depend upon to keep our over-all program effective and up-to-date.

We know that we can not possibly please everyone but we do try. If we seem a little impatient or impatient, we would like to call your attention to one fact. Our purpose is to assemble and constantly improve our educational system with but one idea—to give every boy and girl in our schools the very best preparation for a useful, happy life that we can fashion.

We would like to take this opportunity to thank the people of the community for their help and encouragement. We welcome suggestions from anyone in regard to improving the education of our children and we urge everyone to take a more active part in our school program.

Sincerely yours,
 Clyde L. Soper,
 Secretary,
 Tawas Area Board of
 Education

**Conducts First
 Guild Meeting**

Mrs. Lewis Besancon, newly-elected president of St. Mary's Guild of Christ Episcopal Church, East Tawas, conducted her first meeting of the organization Tuesday, January 10. Twelve members attended the session held at the church.

Mrs. Fred Pritchard presented an enjoyable description of the living Nativity scene at Milkado, which she had attended. An arrangement of red and white carnations graced the serving table as the birthday of Mrs. B. J. Moss was observed.

Serving as hostesses were Mrs. Gladys Lundy and Mrs. Besancon.

IN THE SERVICE—

**S-Sgt. Wilson at
 Cam Ranh Bay**

S-Sgt. Paul N. Wilson, son of Mrs. Grace Wilson of Canaseraga, New York, is now on duty at Cam Ranh Bay Air Base, Vietnam.

Sergeant Wilson, a photographer, has been in the fight against communist aggression since September 1966. He is a member of the Military Airlift Command in support of the Pacific Air Forces, America's overseas air arm in Southeast Asia, the Far East and the Pacific.

Before his arrival in Southeast Asia, he was assigned to the 804th Command Support Group at Grand Forks Air Force Base, North Dakota.

His wife, Nancy, is the daughter of Mrs. Mary Birkenbach, who lives at Osceda, and Adam Birkenbach, a National City resident.

**Hale Marine
 in Vietnam**

Marine PFC S. D. Szczepkowski Jr., son of Mr. and Mrs. Stanley Szczepkowski of Hale, is serving with "C" Company, First Battalion, Third Marine Regiment, Third Marine Division, Da Nang, Vietnam.

The company is engaged in search and destroy missions against the enemy and a determined effort to win the people to the side of the legitimate government of South Vietnam.

At the same time through a constant effort, the Marines provide medical aid for the people and teach them to help themselves through better sanitation and health programs along with other projects designed to raise the living standards of the Vietnamese.

**1-Lt. Paul Simons
 at Nha Trang AB**

1-Lt. Paul M. Simons, son of Mr. and Mrs. Charles N. Simons of Tawas City, is on duty at Nha Trang Air Base, Vietnam.

Lieutenant Simons is a member of the Pacific Air Forces which provides offensive-defensive airpower for the United States and its allies in the Pacific, Far East and Southeast Asia.

Before his arrival in Southeast Asia, he was assigned to the 14th Military Airlift Squadron at Hunter Air Force Base, Georgia.

The lieutenant, a graduate of Tawas Area High School, received a B. G. E. degree in 1966 from the Municipal University of Omaha, Nebraska. He is a member of Sigma Phi Epsilon and was commissioned in 1962 through the aviation cadet program.

His wife, Barbara, is the daughter of Mr. and Mrs. Earl Needham, Royal Oak.

**Completes Season
 at Light Station**

Senior Chief Boatwain's Mate Leon F. DeRosia, United States Coast Guard, son of Mr. and Mrs. Floyd DeRosia, East Tawas, has completed one season of isolated lighthouse duty at the Lansing Shoal Light Station, Charlevoix.

The station services, tends and maintains lights on a fixed structure in conjunction with such radiobeacon, fog signal or other related aids to navigation equipment as may be provided.

Coast guardsmen are assigned to the station for one boating season normally lasting from March

Read Matthew 13:31-35

While the people pressed upon him to hear the word of God, he was standing by the lake of Genesaret. (Luke 5:1, REV)

The church speaks best through contemporary language. Just as the New Testament was first written in the language of the marketplace and the highway, so the good news, concerning Jesus Christ is best delivered today in the vernacular of the common man. The sale of millions of copies of new translations of the Bible witnesses to us that the people want the Christian message in the language of today.

The people pressed upon Jesus to hear the word of God because He spoke to their need in terms they could understand. In the Gospel of Mark, we read that "the great throng heard him gladly." Jesus' simple words and home-spun illustrations have lived across 19 centuries and still speak with power to modern people.

The church communicates best through language which people best understand.

PRAYER

Our Father, we thank Thee for the many men and women who have toiled and sacrificed to give us the Bible in our own native tongue. Help us to study it with the same earnest enthusiasm. May the truth we discover there guide us through this day. In Jesus' name. Amen.

THOUGHT FOR THE DAY

"Ascribe ye greatness unto our God. He is the Rock, his work is perfect: for all his ways are judgment: a God of truth and without iniquity, just and right is he." This verse from Deuteronomy is the Golden Text for a Christian Science lesson sermon titled "Truth" to be presented this Sunday.

**New President
 Had Charge of
 First LCW Meeting**

At the January 12 general meeting of Lutheran Church Women of Grace Lutheran Church, East Tawas, Mrs. Edwin Anderson presided as new president of the group. An interesting program entitled "Changing Missions in a Changing World" was presented. Mrs. Emma Sloan served as program chairman and several members participated.

Hostesses for the evening were Mrs. Harold Gould, Mrs. Earl Hester, Mrs. Edgar Higgins and Mrs. Anderson. Assorted cakes and coffee were enjoyed.

**Baptized Sunday
 at IHM Church**

Judith Ann Beaubien, five-week-old daughter of Mr. and Mrs. Vernon Beaubien of Tawas City, was baptized Sunday, January 15, at Immaculate Heart of Mary Catholic Church. The Rev. Fr. John Kolarik officiated and sponsors were Mr. and Mrs. Russell Carney of Tawas City.

Mr. and Mrs. Richard Roemer of Tawas City, the Carney family and Father Kolarik were dinner guests at the Beaubien residence following the baptismal service.

until December. At the end of the period, they are given leave before being assigned to new units.

Manned by four to five men, the Lansing Shoal Station is located above the Straits of Mackinac on the Lake Michigan side.

A graduate of Michigan City High School, DeRosia entered the service in August 1942.

Feed Grain Base May be Established for '67

A feed grain base may be established under the 1967 feed grain program for farms which did not plant feed grains in 1959 and/or 1960 that meet eligibility requirements, Grant Bessey of the Iosco County ASCS Office announced today.

Interested producers should contact the county ASCS office not later than February 28 and file an application, Mr. Bessey said.

To be eligible for a new feed grain base, Mr. Bessey said the operator must expect to receive 50 percent or more of his livelihood in the current year from the production of agricultural commodities on the farm; must have had at least two years experience in the production of feed grains in the last five years; must have adequate equipment for the production of feed grains; the land must be suitable for the production of feed grains; neither the owner nor the operator may have an interest in any other farm for which a feed grain base has been established.

A farm for which a new farm base is established may qualify for price support payments and price support loans. They are not eligible for any diversion payment. They must divert the minimum to be eligible for price support loans or purchases.

MRS. FRANCES BIGELOW
A former school teacher, Mrs. Frances Bigelow of East Tawas, died Wednesday, January 11, at Tawas Hospital. Funeral services were conducted Saturday, January 14, at Moffatt Funeral Home. The Rev. Donald Turbin officiated and interment was in Washtenaw Mausoleum, Ann Arbor.

Mrs. Bigelow was born August 8, 1885, in Churchill Township, Ogemaw County. She was a 50-year member and past matron of Iosco Chapter No. 71, Order of the Eastern Star.

Survivors include one son, Owen of Saline; one daughter, Mrs. Janice Mallon of Algonac.

Ruth Nash Named Winter Sports Queen

15 Years Ago—

January 25, 1952—Miss Ruth Nash, East Tawas, was selected as Silver Valley queen last Saturday night at the Tawas City Auditorium. Coronation ceremonies are to be held next week-end.

Henry Klenow, chairman of the board of supervisors, and Supervisors Edward Burgess and Elmer Werth are attending a meeting of the Michigan Supervisors' Association this week at Lansing.

Workers of the parent-teacher association started to circulate petitions in Tawas City and East Tawas for a special school reorganization election. Petitions are also being circulated in Alabaster, Baldwin, Grant, Tawas, Wilber and Whitney Townships.

Nathan Barkman and E. D. Jacques, co-chairmen of the Isosco County Polio Fund, state that receipts to date from the 2,500 cards mailed to Isosco residents amounts to \$296.41. The county's quota is \$1,050.

Isosco Board of Supervisors has gone on record as urging the state to adopt a marine safety code in the interest of protecting the pub-

lic against the danger of mishandling water craft.

Edward F. Loud, last surviving member of the lumbering firm of H. M. Loud and Sons, Oscoda, died at his home Saturday morning. The 93-year-old pioneer lumberman had been in poor health for several years.

25 Years Ago—

January 23, 1942—Miss Mabel E. Sutton, debate coach at Tawas City High School, received a letter from the Michigan High School Forensic Association stating that her team had won a Detroit Free Press trophy and won its way into the elimination debate series.

In the interest of national defense, the Whittemore Women's Club is sponsoring two days of fingerprinting by the state police. Officers will visit the city January 26-27. Fingerprinting will afford a means of protection to citizens in peace time as well as war time.

The ice harvest is now taking place on Loon and Hale Lakes in Plainfield Township.

Mr. and Mrs. H. Eugene Hanson, who have been living at Jackson for the past eight years where they had been superintendent and matron of the Oddfellows Home, have resigned their position and have returned to East Tawas.

Otto O. Ross, Tawas City, a junior at Central Michigan College, is serving as a member of the decorations committee for Central's

annual J-Trip and is also a member of the general planning committee. Active in social affairs on campus, Ross also takes a prominent part in athletics.

A number of local residents rode the snow train to Alpena Sunday over the Detroit and Mackinac Railway.

35 Years Ago—

January 29, 1932—B. R. Hurst, route agent of the American Railway Express Company, announced yesterday that Tawas City and East Tawas would have express delivery. Deliveries are to be made immediately after each train.

WHEN SURGEON JOSEPH LISTER (1827-1912) of Glasgow Royal Infirmary removed dressings from James Greenless' compound fracture, he found the wound had healed without infection—something unheard of before. For six weeks, beginning August 12, 1865, Lister had treated the boy's wound with carbolic acid. Now, Lister had proof of success of his principle of antiseptics— which was to revolutionize principles of wound

care and to open new vistas in practice of surgery, of medicine and of environmental sanitation. Hospitals were turned from houses of horror to houses of healing; countless lives were saved. This is one of the series of 45 oil paintings entitled "A History of Medicine in Pictures" to be shown at the Jesse Besser Museum, Alpena, from January 17 to February 12.

Medicine Lives in Exhibit at Besser Museum

Visiting physicians, including an Egyptian of 1500 B. C. and a Belgian surgeon of 1500 A. D., will make their "home" at Alpena dur-

ing a four-week visit at the Jesse Besser Museum.

The lifelike visitors are part of a series of oil paintings, "A History of Medicine in Pictures," commissioned by Parke, Davis and Company as a tribute to the heritage of the medical profession.

The complete series of 45 paintings will be shown from January 17 to February 12.

George A. Bender of Parke-Davis, Detroit, who conceived the series, said that for the paintings approximately 300 persons were interviewed; more than 500 special references were checked and two six-week trips through Europe were made for on-the-spot investigation.

Bender and the artist, Robert A. Thom, Birmingham, completed

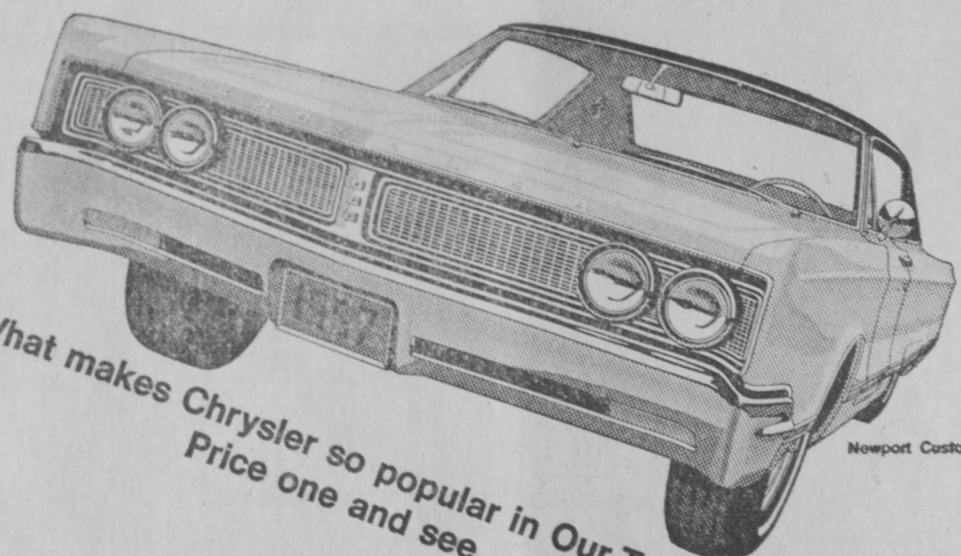

this historical collection in 1964.

Bender pointed out that the idea for the medical series was conceived 11 years ago, growing from the preceding group of paintings and stories on the history of pharmacy which were done by the same author-artist team.

Two years of work and research preceded the first painting which appeared in January 1957. The paintings and their stories were developed at the rate of six a year and continued until the subjects were brought up to the present day.

Bender explained that these medical paintings were not mere artist's conceptions, but were authenticated down to the smallest detail.

Pure Vanilla Best—
Any good cook will admit that pure vanilla is best for any baking. Research also tells us that when freezing baked goods, be sure to use pure vanilla because the synthetic will give an off-flavor to frozen cakes.

Roland and Lois Brown of Sterling write from Mission, Texas, where they are wintering, that they can buy a full quart of undiluted pure vanilla in Mexico for \$1.10 in United States money.

The Browns, well known in Northeast Michigan circles and among rock hounds, say they bought seven pounds of sugar in Mexico for 28 cents in United States money, too, but wonder what they would do with a trailerful of sugar. We are sure Roland is promoting cakes and cookies, and Lois, with no excuse not to keep him and neighbor, Jess Baird, busy sampling.

Diet Bread Idea—
A nice, sharp bread knife can often save you money. Some so-called diet breads are simply standard formula breads cut thinner than usual. No need to pay more for this kind of diet bread. Simply buy the unsliced variety, and shave it as thin as you like. When comparing bread prices, it is only fair to do it by weight. Some small, compact loaves weigh as much as the large, airy loaves even though they look smaller.

Answers to Housemakers
Nightmares—
I think you ought to go... to Farmer's Week, that is... if you plan to buy a new washer, dishwasher or garbage disposer within the next year. Or maybe you are concerned about detergents and iron removal or water softeners or the home water supply. None of them are minor problems, really, when it is your money going into appliances, or replacing dingy white shirts or bed sheets. On Wednesday, February 1, at

Michigan State University, East Lansing, these topics will be discussed from 10:00 a. m. until 3:15 p. m. in the agricultural building. Speakers from MSU, Culligan Institute, Michigan Department of Health, Michigan Department of Agriculture, Iowa State University and Proctor and Gamble will answer your questions.

A spring fashion show and a shorter program on detergents and laundry aids will be given on Tuesday and Thursday at Shaw Hall on campus with lunch available there on those days.

Weather permitting, this could be a wonderful day for a carload of your neighbors to "go to college" and have fun doing it. No tuition for these classes though! Call or write your extension office for a free program book.
