For Youth Work—

'Bob' Elliott Named Citizen of the Year

Honored as Tawas' outstanding citizen of the year for 1966 was Robert W. Elliott Jr., 37, East Tawas insurance agent and an active promoter of youth programs.

Elliott received a plaque Saturday night during the annual Tawas Chamber of Commerce banquet held at the Barnes Hotel. A capacity crowd of about 200 persons was in attendance.

Born January 8, 1930, at East Tawas, he is the son of the late Mr. and Mrs. Robert W. Elliott Sr. He was an eighth grade graduate of St. Joseph School in 1943, became an Eagle Scout in 1946 and graduated from East Tawas High School in 1947. During his high school days, he participated in baseball and basketball.

Elliott attended one year at the University of Detroit and then transferred to Notre Dame University, where he graduated in 1951 with a bachelor of science degree.

He served in the United States Army for two years and was discharged in November 1953. He joined his father and brother, John C. Elliott, that year at Tawas Bay Agency, Incorporated, and on November 28, 1953, he and his wife, Aileen, were married.

In a citation read by Ralph Western, last year's "man of the year" recipient, Elliott's main activities included chairman of the East Tawas Recreation Committee, past president of the East Tawas Business Association, trustee of Tawas Area School Board, retreat chairman at St. Joseph Catholic Church, member of the East Tawas Planning Commission, charter member and past president of East Tawas Lions Club, a member of the East Tawas Fire Department for five years, member of the Selective Service Local Board for two years, past president and reorganizer of the St. Joseph Holy Name Society, member of St. Joseph Usher's Club, a member of St. Joseph Church Board for two years, past president of Tawas Golf Association, past league secretary of Tawas Golf Association and past secretary-treasurer of East Tawas Bowling Association.

His particular activity during 1966 which drew the attention of the committee making the annual award was his work in Tawas youth programs.

He was coach and advisor in the Tawas Area Knighthole League, of which he has been a member for the past 13 years and has

served as president and treasurer. Under Elliott's leadership, along with the interest and work of many others, this program has grown from about 20 boys and two teams 13 years ago to 12 Knighthole League teams and six Pony League teams, with 400 boys participating last summer.

He was instrumental in obtaining financial support from the city and the East Tawas Lions Club to have a new chain link fence erected around the baseball diamond last fall.

After reading the citation, Western said, "If you have not guessed by now, I'm sure his wife, Aileen, has, for 'Bob' Elliott is number one on our list."

The Elliotts have five children, Robert, 12; Kevin, 10; Mark, nine; Julie, seven; Charles, two years old.

Receiving honorable mention from the committee were C. S. Everett, Mrs. Helen Hertzler, Dr. John D. LeClair and Richard Harris.

High Scouting Award Given 3 Area Leaders

Dr. John LeClair, Tawas City dentist; the Rev. Joseph H. Ablett, pastor of the Oscoda Methodist Church; and Willard M. Gentry, research chemist of Midland, were presented with one of scouting's highest awards Saturday evening at the 16th annual meeting of Paul Bunyan Council, Boy Scouts of America, held at Northwood Institute, Midland.

The award, given for outstanding service to boys—service both in scouting and in other organizations—was made by Harry Wehrly, Midland, a past silver beaver award winner and former den "mother" of a cub pack.

Serge V. Thomsson, Hale, Boy Scout National Council representative, presented the citation of Doctor LeClair, listing his many services to his community and to scouting.

Among officers elected for 1967 were Albert T. Massberg, re-elected council president; Mr. Thomsson, national council representative; William D. Lyon of East Tawas, executive board member; Edward Guisbert of Wurtsmith Air Force Base and Wallace Nunn of East Tawas, new council members-at-large; Richard Harris of East Tawas, Doctor LeClair and L. G. McKay of East Tawas, council members-at-large with continuing terms.

Miss C. Bolen Fills Vacancy of HS Principal

Miss Clara Bolen, veteran Tawas Area School administrator, has been named to fill out the school term as high school principal. She took over her new duties effective Monday.

Having served the past 11 years as elementary principal, Miss Bolen had served as principal of the junior high when those grades were at Alabaster and had served as principal at Alabaster prior to reorganization of the schools in 1952.

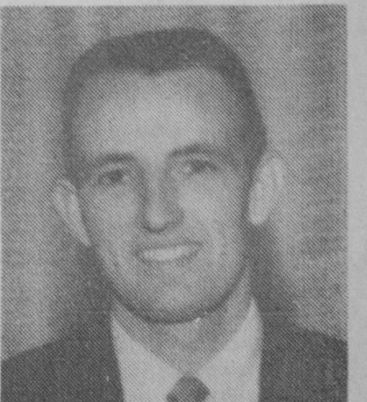

The vacancy resulted last November when Ernest W. Jordan Jr. resigned to become superintendent of the intermediate school district. During the interim, John Forsten, a retired member of the Tawas Area School faculty, filled in as principal for eight weeks. Mr. and Mrs. Forsten left last week for Arizona.

Taking over Miss Bolen's duties as elementary principal was John Alexander, a member of the junior high school faculty.

Miss Bolen said Monday night that she expects to resume her role as elementary principal next fall. The board of education is seeking a high school principal and expects to interview several more candidates before the end of the present school term.

New Hampshire Gal 'Mushes' to First Place Win at Oscoda

The Great Lakes Sled Dog Association conducted its second two-day racing session of the season at Oscoda last week-end.

A 10-mile course around Van Etan Lake and through wooded trails gave the dog teams a good test. The contest, with a \$1,200 purse, was sponsored by the Oscoda-AuSable Chamber of Commerce and the VanEtan Sportsmen's Congress.

Results were as follows:

Open class: First, Jean Brayer, Center Harbor, New Hampshire, former women's international champion; second, William Bogenrider, Niles; third, Lavon Barve, Bellevue.

Class A: First, Nettie Hall, Jackson; second, Mark Swanson, 13, Pontiac; third, Sandy Bogenrider, 12, Niles.

Next week-end, the association will conduct races at Greenville with a \$1,300 purse.

Two Sentenced in Circuit Court

Two more young Bay City area men who were involved in a wave of burglaries here last fall were sentenced to prison terms Monday by Circuit Judge Allan C. Miller.

Gilbert Thomas, 19, Pinconning, received a term of 18 months to 10 years for breaking and entering an unoccupied building, plus 18 months to four years for larceny from a building. Both terms are to run concurrently.

Coddefendant in the case was Paul Dalton, 20, Bay City, who was given two to 10 years for breaking and entering an unoccupied building and two to four years on larceny from a building, both terms to run concurrently.

These two men were involved with William Nutt, 18, Linwood, who was sentenced to prison last week. They broke into the LaVoy Jeep Sales, North US-23, East Tawas, and were charged with stealing a \$500 set of mechanic's tools and a quantity of cigarettes.

Other persons, ranging in age from 18 to 36 years, are awaiting sentence at jails in other counties after the burglary ring was cracked by state and local police agencies.

In other matters Monday in circuit court, Judge Miller sentenced Willard Dorcey, Oscoda, to 90 days in jail and a \$100 fine on charges of contributing to the delinquency of a minor. Dorcey's case had been appealed from justice court.

Three Hurt as Car Hits Pole

Electrical power in Tawas City was disrupted for 43 minutes Tuesday morning after a skidding automobile struck a power pole at the intersection of First Street and First Avenue.

Taken to Tawas Hospital for treatment of injuries were three Tawas Area High School students, Charles Wright, 16, driver; Clinton Tanner, 17, and Jack Tanner, 16.

Police Chief George Westcott said the car was traveling east on First Street. Wright applied his brakes and the vehicle spun out of control. The boys sustained minor bruises and the car was completely demolished.

Thief Gobbles Bait; Causes Anglers' Woe

A fast-moving thief has disrupted pike fishing on Tawas Bay, according to a report from several anglers this week.

The thief, which has made off with numerous suckers used as lures to attract large pike, turned out to be an otter helping itself to a free handout.

Robert McDonald, a member of Tawas Area School faculty, said that a huge otter (probably magnified in the water), swam into his favorite fishing hole Saturday, snapped the head off a sucker attached to a line and then swam off with the rest of the body.

Fishing only a short distance away, Ernest Mousseau, also a member of the Tawas faculty, had the same experience. Other fishermen gave similar reports.

The department of conservation is to be asked to live trap the "bandit," believed to be making its home in or near the coastguard boathouse, and release it at some other location. It is illegal to spear otter, which may be taken only by regular methods during the spring trapping season.

Seek Public Help Soon in Curriculum Study

Second meeting of Tawas Area School's new curriculum study committee is to be held this week with representatives of the board of education in attendance.

This committee, which would study the entire educational offering here from kindergarten through grade 12, met for the first time a month ago with an initial organization being made by faculty members and the administration.

In his explanation of discussions to be held on possible curriculum changes, Supt. Reynold Mick emphasized Monday night to board of education members that one of the most important phases of such a study would be to have representatives of the public sitting in at the meetings and entering the discussion.

"Any time you make a change in curriculum you are open to criticism from parents," said Mick. He said that it would be necessary to have complete cooperation of all concerned if the study is to be successful.

Possible alteration of the school curriculum could include additional courses of study, cutting activities, shifting personnel to make better use of professional teachers, adding personnel, retraining teachers, addition of equipment or a more competent use of existing equipment.

As an example of retraining,

Mick said the school hoped to interest several of its faculty members to take advanced training in remedial work. Such teachers are in great demand throughout the state and are practically unobtainable.

He pointed out that considerable financial assistance was offered in hiring such teachers by a federal program and one by the intermediate school district. It is hoped that the present remedial program in junior high may be expanded to include classes which would follow children needing additional help from elementary grades through high school.

"Each person has his own ideas about changing a curriculum and it would get out of bounds unless all phases of the school program are taken into consideration," said Mick. He expected that several problems would be solved this year, but he expected no major changes in the preliminary stages.

He said that hearings are to be held soon by state accreditation agencies concerning acceptance guidelines. One recommendation last year by the University of Michigan was that Tawas Area expand and improve its high school library.

The curriculum study would also take into consideration its expanded vocational educational program, once new quarters are completed at the high school.

Ten Tawas Area HS Bandmen Picked for Dist. Honors Band

Ten Tawas Area High School bandmen will participate in the honors band concert of District IX, Michigan School Band and Orchestra Association, to be held Saturday, January 28, 8:00 p. m., at Beaverton High School.

Purpose of the concert is to provide outstanding band members of each member school with an opportunity to work and perform together and, also, to recognize individual accomplishments.

The band is to be conducted by various area band directors, Gene S. Salamony, Tawas Area band director and president of the district, will coordinate the day's proceedings.

Seventy-eight band members

will represent Alpena Catholic Central, Arenac Eastern, Beaverton, Clare, Hillman, Houghton Lake, Oscoda, Pinconning, Roscommon, Rose City, Tawas Area and Whittemore-Prescott Area.

For the second year, Tawas, with 10 entries, will have the largest contingent. Representing the local school will be Paul Beyer, trombone; Walter Clements, percussion; Bonnie Dorey, cornet; Linda Dorey, bassoon; Kharla Frank, clarinet; Carol Hosbach, oboe; Cheryl Hayes, string bass; Pam Jenkins, alto saxophone; Mary Lubig, flute; Janet Proudfoot, contrabass clarinet.

The public is encouraged to attend the concert, said Mr. Salamony.

C of C Speaker Challenges All to be 'Yes' Men

Robert "Bud" Parker, executive manager of Midland Chamber of Commerce, and principal speaker at Saturday night's annual banquet of Tawas Chamber of Commerce, challenged all residents of the Tawas to become "yes people" in a "yes community."

Parker said in his address that there were three types of people in a community. A small group who make things happen, a larger group watching things happen and a still larger group which never knows what happens.

"I like an individual who knows what is going on in his community, takes a part in it and is proud of it," said Parker. "Businessmen should never condemn their own community. A 'no community' has no unity, no personality, no successful fund raising campaigns, no chamber of commerce, no development of leaders—it is just no community."

On the other hand, he said a "yes community" has good government, good business leaders, good churches, good taxes, good jobs, good publicity, good opportunities, good services, a good place to enjoy friends and was just an all around good place to live.

Parker believed that a smaller community has much more character than a metropolitan area because more people can become involved. Selling a belief in a city is like selling a product, he said. "A city is not gauged by its width and breadth, but by its broadness of vision and by the height of its dreams."

He said that new industry would not be attracted just to help the economy of a particular community. Industry moves to a community in which the people can take an active part," he said.

Parker said that people of small communities needed to recognize that they should not take an attitude of "let George do it," as it may turn out that "Uncle Sam would be doing it." People need to get busy to initiate and develop practical solutions to today's business problems, he stressed.

Master of ceremonies for the banquet was Walter Champion. (See BANQUET, page 6.)

Editorials:

What a Difference a Word Makes!

That Americans must be ever on the alert to protect their right of freedom of information and their right to know was demonstrated further during the past session of Michigan's Legislature. A "sleeper" act of the legislature will suppress information about traffic accidents in Michigan. Effective March 10, detailed accident reports completed by investigating police officers will not be available to news media or to insurance companies.

This all came about in the closing minutes of the session when an amendment was added to Public Act 171 which changed only one word. What a difference a word makes!

Introduced as an amendment to the General Motor Vehicle Act of 1949, the act contained a paragraph of general language covering accident reports, specifying that copies of accident report forms prepared by individual officers be forwarded to the director of state police for statistical purposes. In the original form, the act received support of state police, the Michigan Safety Commission and the Michigan Association of Insurance Agents.

The sentence creating the problem is "The report shall include the investigating officer's opinion regarding the causes of the accident, which REPORT shall be for statistical purposes only and shall not be used for any other purpose or be allowed to be used for any other purpose." In the closing minutes of the session, an amendment was added which changed the word "opinion" to "report" (emphasized by our use of capital letters) and thus created the problem. News media or insurance agencies are not concerned with learning the opinion of the individual officers relative to the cause of an accident and this information should rightfully be withheld.

Police all over the state have braced for a barrage of repercussions and criticism. State Police Director Frederick E. Davids said last week that he was awaiting a written opinion from the state attorney general detailing all the restrictions on accident information that will result from changing that one word. Davids said he believes he could give out the name of a person arrested as a result of an accident, or of a person killed in an accident, but not the names of others involved. "It sounds like we can give the number of accidents, where they happened and when, but not much else," he said.

As it now stands, the act severely limits the investigative efforts of insurance companies and probably will result in higher insurance rates. Such reports are the prime source of facts, witnesses and identity of people involved in an accident. Settlement in many cases could be delayed because the insurance adjuster would have to start at the beginning and accumulate all data, with much more time, effort and cost involved.

Efforts are now being made to amend the act before the March 10 effective date.

Chilean Missionary To Give Talk Here

The Rev. Vincent Lee James, a Methodist agricultural and evangelistic missionary to Chile, will speak at the East Tawas Methodist Church Thursday, February 2, 1:30 p. m., under the sponsorship of the Woman's Society of Christian Service. All members and friends of the church are invited to attend.

Mr. James of Sherill, Iowa, has returned to the United States for a regular one-year furlough from active missionary service. For the last four years, he served as pastor of the seven-congregation, two-province Puerto Montt-Osorno Circuit in Chile. The circuit includes a mountain lumbering area, fishing village, farming area, as well as the Cities of Puerto Montt and Osorno. From 1956 to 1961, he was an agricultural teacher at El Vergel, Chile, a 3,800-acre demonstration and educational farm.

Mr. James was born near Big Rock, Illinois, and spent most of his early life in Northern Illinois. He attended the Northern Illinois State Teacher's College, DeKalb, for two years and completed college work at the University of Illinois. He was graduated in 1942 with a bachelor of science degree in vocational agriculture.

After serving three years in the United States Army Air Force in World War II, he resumed his education at Illinois where he received a master of science degree in vocational agriculture. He, also,

Mr. James will also speak at the Prescott Methodist Church February 1, 2:00 p. m.

Vets Receive Ins. Dividend During 1967

More than 145,000 Michigan veterans of the two World Wars will receive \$8,912,000 in insurance dividends during 1967, Robert M. Fitzgerald, manager of the Veterans Administration Office, Detroit, said today.

Payments began January 1 and will continue throughout the year on the anniversary date of each veteran's policy.

One hundred, 39 thousand World War II veterans will get \$6,468,000 on their National Service Life Insurance policies. The average will be about \$46. The remaining \$469,000 will go to 6,135 World War I holders of United States Government Life Insurance, averaging about \$76 each.

Nationwide, 4,418,000 veterans have retained their GI insurance and will participate in the \$211,000,000 dividend distribution. Actually, VA pointed out, the total dividend last year was almost four million dollars more, reflecting 200,000 fewer participating veterans for 1967.

Highway Litter

One privilege of Americans that needs immediate re-examination is the "right" to litter. This problem is the cause of untold millions of dollars in tax money being wasted in cleaning up after the public.

First step in the right direction came last week when State Sen. Robert Richardson, Saginaw, 34th District, announced that he was co-sponsoring a bill to prohibit throw away glass beer bottles after January 1, 1968. A deposit of five cents on each bottle would be required.

Richardson said he intended to focus attention on the serious littering problem found in Michigan resort areas, particularly in north woods areas. Just visit any public park in the summer and the need is evident.

The majority of Americans will agree that throw away bottles and cans do constitute a costly and unsightly menace to the natural beauty of rural and woodland areas. Even those who make their living by dispensing drinks in disposal containers will agree, although organized resistance can be expected.

Legislation against littering highways has been rather ineffective in this state because a special police force of thousands of officers plus complete cooperation of the law-abiding public would be needed to enforce the present law. A five-cent deposit on bottles would be of help, but it still would not solve the problem of disposable cans, many of which are now being manufactured of aluminum—practically an indestructible material.

Let us . . . cast off the works of darkness, and let us put on the armour of light. Let us walk honestly, as in the day. (Romans 13:12-13)

The story, "Lassie," the ideal collie dog, has thrilled many of us. The novel revolves about a poor English family. Hard times had knocked at their door. The father reluctantly decided to sell the dog in order to provide food for the family. Lassie was taken to her new home and housed in a spotless kennel. She paced the cage and finally sealed the fence and returned to her master, little Joe.

After the happy reunion of the boy and his dog, the boy had to learn a hard lesson in honesty. Lassie had to be returned, for she had been sold. The father said, "Sometimes, when a chap don't have much, Joe, he clings to be-

LETTERS to the EDITOR

Dear Editor,
Granted that we are engaged in a prolonged but not necessarily life or death struggle with communism for the hearts and minds of the world's population, how can we win that contest by posing our machines against humanity itself in a nasty little war like Vietnam, where for geographical and numerical reasons, we cannot win and where for political reasons we cannot even justify our violence by rational argument?

It seems to me that we might at least choose our battleground with more intelligence and be influenced by long-range strategy, rather than by short run politics. To say we fight communism like it is the bogeyman does not point out the merits of the particular war.

W-P Girls in Second Victory

Whittemore-Prescott girls won their second basketball game of the year, 43-27, at Beaverton Wednesday night. Christie Gilbert improved on her usually good scoring effort with a 19-point total. She also had a lot of help in the scoring line from Brenda Britt with 18 points.

Edna Millenix turned in a good job on defense to keep Beaverton off balance as the Cards controlled the game from start to finish.

The W-P girls now have two wins against two losses for the season.

Open House Held in Fourth Grade Room

Open house was held in the fourth grade room preceding the January meeting of the Whittemore Elementary School P.T.A. Tuesday evening.

Mrs. Barney Grezeszak, president,

had charge of the business session. The February meeting will be held on Valentine's Day with an open house in the third grade before the meeting and program. The teacher, Mrs. Margaret Bellor, will be on hand to greet the parents and guests. Founder's Day will also be celebrated with the past presidents of the local organization as honored guests.

Mrs. Joanne Peters, one of the local 4-H students who recently spent 10 days in Mexico City, Mexico, showed slides of her trip. She also told interesting things about the trip and displayed articles which she brought back from that country.

The fifth graders were winners of the room picture.

A membership drive is being conducted with the class having the most P.T.A. members getting a prize of \$10 and the room coming in second, \$5. Help build the local organization by joining the P.T.A. today.

Refreshments were served at the close of the evening.

Cards Lost When Players Fouled Out

Whittemore-Prescott Cardinals dropped a heartbreaker to Alcona Saturday night, losing out in overtime, 87-83. The Card junior varsity had things pretty much their own way as they rolled to a 67-56 win.

The Card Varsity found out it takes five men on the floor to win a ball game as foul trouble hit Coach Dudo's short-handed squad and they finished the game with only three men on the hardwood.

The Cards started off on a hot streak to pile up a 14-6 edge midway in the opening quarter. They suddenly went cold and the Tigers scored 10 straight points to take a 16-14 lead. The Cards continued to falter in the second quarter to trail by intermission, 36-27.

Alcona's pressing defense continued to hold the Cards off in the third quarter and with the Cards' tall center, Mike Smith, unable to find the range, they trailed by 17 points midway in the quarter.

Whittemore - Prescott started clicking again and began to whittle away at the Tigers' big lead. Gary Freel's three fielders, a bucket and two free shots by Ron Dorcey, a two-pointer by Phil Pickett, another by Smith, two by Dennis Partlo and the Cards were back in the game and only seven points behind.

Foul trouble started catching the Cards and Freel left the game, followed shortly by Smith. Dorcey and Pickett continued to pour in points to pull the Cards even at 70 all. The Tigers scored two buckets and a free throw to pull out in front, 75-70. A fielder by Phelps and three points by Dorcey and the score was tied at 75.

Pat Phelps fouled out with a minute to go and, when the Tigers cashed in on both free shots, it looked like the W-P boys were done. Dorcey was not through yet as he drove down the sidelines and with time running out, shot one from the corner to score as the gun went off.

The Cards had three regulars out of the game on fouls as the overtime started. Alcona collected another charity toss and a fielder, Raleigh Ostrander drove in for a two-pointer. The Tigers added another field goal for a three-point lead, but Pickett made two from the foul line to bring the Cards to within a point of tying the game.

Dorcey picked up his fifth foul at this point and the Cards had only four left on the floor with 21 seconds to go. Alcona connected on two more charity tosses and, with three seconds to go, Partlo was called on his fifth foul and only three Cards were left. The Tigers collected one more charity toss and that was the game.

Dorcey contributed a mighty 31-point total in the losing cause. Freel totaled 18 points and Partlo had 10.

The Cards lost to Beaverton, 41-34, in action Friday night.

Nuptial Vows Exchanged at Zion Lutheran Church

Jim C. Koehn and his bride, the former Sheryl Jo Grabow, will reside at 231 Imperial Drive, Tawas City, following their return from a trip to Northern Michigan. The daughter of Mr. and Mrs. Carl Grabow Sr. and the son of Gerald Koehn and Mrs. Stacy Simons, all of Tawas City, exchanged nuptial vows Saturday, January 21, 2 o'clock, at Zion Lutheran Church, Tawas City. White chrysanthemums and red carnations decorated the altar.

For the double ring rites read by the Rev. Ronald Farah, the bride wore a silk crepe gown fashioned with A-line skirt, long pointed sleeves and full length cathedral train. The natural waist and fitted bodice were embroidered with sequins and seed pearls. A seed pearl crown secured her fingertip veil and she carried an arrangement of white carnations and red roses.

Approaching the altar in dresses of red velvet and mortar crepe were Miss Ann Blust of Tawas City, maid of honor; Miss Elizabeth Klenow of East Tawas and Miss Diane Simons of Tawas City. Their flowers were red and white carnations.

Dennis Chipps of East Tawas was best man, assisted by Donald Dittenber of AuGres and Carl Grabow Jr. of Flint. Guests were seated by Charles Grabow of Tawas City and Jerry Koehn of Grand Blanc.

For the occasion, the bride's mother chose a coral wool sheath. Mrs. Simons selected a navy blue suit. White gardenia corsages adorned their ensembles. Red and white bells and stream-

ers decorated Tawas Township Hall for a reception, attended by 200 guests. Guests attended from Grand Blanc, Flint, Williamston, Chassell, Sault Ste. Marie, White- more, AuGres, Oscoda, Mio, Prescott, Twining and Turner. Hostesses honoring the bride with pre-nuptial showers were Mrs. Gerald Koehn, Mrs. Jerry Koehn, Mrs. Bruce Hadd, Mrs. Dorothy Koehn, Mrs. Duane Wright, Miss Blust, Miss Klenow, Mrs. John Katterman Sr., Mrs. Delbert Albertson and Mrs. Arthur Wendt.

Engaged

Planning a February 25 wedding are Kathy Rose Wogaman of Oscoda and A2C Tobey T. Fisher of Wurtsmith Air Force Base, Oscoda. Their engagement has been revealed by her parents, Mr. and Mrs. Edgar Wogaman of Oscoda. Mr. and Mrs. Perry Fisher of Chicago, Illinois, are parents of the prospective bridegroom.

Medicare Law Sets No Arbitrary Ambulance Service Standard

Social security district manager, Paul M. Ellifritz, said today that the medicare law sets no arbitrary standards for ambulance services.

Friday and Saturday with Sandra Smith.

Several from here attended the basketball game in Beaverton Friday evening and a game at Whittemore-Prescott Area School Saturday evening.

Mr. and Mrs. Frank Smith called at the William Groulx home in East Tawas. Mr. Groulx has been in the sick list.

The community was shocked by the sudden death of Mrs. Lillian Hardacre Sunday evening following a heart attack. Her funeral was held Thursday afternoon in Flint. She had been living in this community for some time.

Mr. and Mrs. Theodore Anschuetz of Tawas were callers at the Frank Smiths Saturday evening.

Many friends and relatives attended the bridal shower Sunday afternoon at the Sherman Township Hall honoring Sue Schuster, a March bride-elect.

Mr. and Mrs. Clarence Dedrick of Oscoda were last Sunday callers of the Lawrence Jordans.

Several relatives visited the Adam Birkenbachs last Sunday. Gwen Freel of Tawas City called on Mrs. Henry Chapman Saturday.

Several men attended the National Gypsum supervisors' dinner and meeting at East Tawas Wednesday evening.

The Charles Hohn family of Turner visited Friday evening at the Harvey Smith residence.

George Jordan, Lloyd Brigham, Farvey Smith and Burton Partlo spent Saturday evening in Tawas bowling in the tournaments.

Some persons attended the cancer-polio card party at Burleigh Township Hall Saturday night.

Last Sunday, Mr. and Mrs. Richard Jurek and family of Standish were callers at the Lloyd Brigham home.

Mr. and Mrs. Stephen Lewicki and Mary Jo of Bay City spent the week-end with her parents.

Gary Kerwin visited relatives and friends here over the week-end.

Ellifritz said recent inquiries have come to his office, mostly from funeral directors who operate ambulance services as a sideline, who were concerned that rigid standards under medicare would increase their operating expenses and make it infeasible for them to continue the service. He said most inquirers were relieved to discover that state and local requirements they must meet generally match the medicare guidelines.

According to Ellifritz, the guidelines defining standards for ambulance services under medicare are as follows:

(1) That there be a specially designed and equipped automobile or other vehicle operated by trained personnel for transporting the sick or injured.

(2) That it must have customary patient care equipment such as stretcher, clean linens, first aid supplies, oxygen equipment, etc.

(3) That it have adequate safety equipment required by state or local authorities.

(4) The ambulance must be operated by personnel specifically trained for ambulance service who have completed the standard and advanced Red Cross first aid course or have equivalent training.

Set New Dates for Registration

Since bad weather prevented many students from registering for the off-campus courses offered Oscoda area students by Central Michigan University's Off-Campus Education office, new dates have been set up. Students may still register at the first meeting of the classes at Oscoda Area Intermediate School.

A three-hour course, Education of Exceptional Children, began Tuesday, January 24.

Wednesday, February 1, 7:00 p. m., Education 427, will begin. This course, Reading in the Elementary School, will be taught by Dr. Homer Stroyam, director of CMU's Laboratory School and earns two hours' credit. It will satisfy two of the six hours required in methods courses at the undergraduate level and at the graduate level it may be used as an elective.

Education 370, Educational Psychology, will meet Thursday, February 9, 7:00 p. m. This three-hour course will be taught by Nicholas H. Hashey of CMU's Education Department and is required on the secondary teaching curriculum. The prerequisite is admission to candidacy.

All classes are scheduled to meet in the Oscoda Area Elementary School instead of the high school, where they were originally planned.

TA School Board Adopts Insurance Inspection Report

Tawas Area Board of Education accepted recommendations of its insurance carrier concerning possible fire hazards in the district's three school buildings.

The board authorized hiring of John Forsten this year to make a comprehensive study of high school students who drop out of college. This would require considerable time in interviewing students.

The board of education went on record as approving Carrollton as a probationary member of the Northern B Conference for two years. Tawas and one other district had voted against admitting the Saginaw area school into the conference at the recent meeting. The five other member schools were in favor of the move because of the present difficulty in scheduling games in a seven school league.

The board gave full approval to housekeeping recommendations at the high school following a recent inspection. Purchase of new fire extinguishers has been authorized for the shop area and shipment is expected within the next two weeks.

In other business, the board accepted a report from a special committee named to study the possibility of hiring a director of custodians. Mentioned as a possible director to coordinate work duties, schedule and inspect janitorial work was Edgar Jenkins.

Supt. Reynold Mick said that Jenkins had done a commendable job as director of transportation and had saved the administration considerable time in making out bus schedules, checking roads and handling all matters concerning bus transportation. He has been averaging about four hours a day on this job.

"He has saved us some money by starting buses at the school in the morning when there would have been wrecker calls," said Mick.

The board approved a request from Gene Salamony to take the band on an educational field trip to Elkhart, Indiana, during the Easter vacation. There, band members would have the opportunity to view the manufacture of woodwind instruments, thereby gaining a deeper perception and more intelligent understanding of musical instruments.

The trip would be in lieu of attending the state band and orchestra festival. So as not to divert interest from district festivals, the band has agreed that it must achieve the highest possible rating—four 1s—as a prerequisite to making the Elkhart trip.

The 271-mile trip would require seven hours of travel each way.

IN THE SERVICE

Hale Soldier With Signal Security Force

Army PFC Michael A. Szepehowski, 19, son of Mr. and Mrs. Arthur Szepehowski, Hale, was assigned to the United States Army signal security force of the army's strategic communications command, first signal brigade, in Vietnam January 10.

Szepehowski, a security guard, entered the army in August 1966 and was last stationed at Fort Knox, Kentucky, where he completed basic training.

He was graduated from Hale Area High School in 1965.

Completes 9-Week Infantry Course

Army Pvt. Robert D. Roberts, 19, son of Mr. and Mrs. Royal J. Roberts, Whittemore, completed nine weeks of advanced infantry training January 14 at Fort Polk, Louisiana. His last week of training was spent in guerrilla warfare exercises.

During his guerrilla training, he lived under simulated Vietnam conditions for five days, fighting off night attacks and conducting raids on "enemy" villages. He was taught methods of removing booby traps, setting ambushes and avoiding enemy ambushes.

Other specialized training included small unit tactics, map reading, land mine warfare, communications and firing the M-14 rifle, M-60 machinegun and 3.5-inch rocket launcher.

Left January 14 for Vietnam Duty

Lt. Col. Kenneth Shealy, United States Air Force, left Saturday, January 14, for a tour of duty in Vietnam as an air operations staff officer. He is married to the former Marjorie Matchure of Tawas City, daughter of Mrs. Roy Edmonds, now at Whittemore.

Shealy, who entered the air force in September 1949, served in Korea for eight months during 1951-52. He has been stationed at bases in Oscoda, Alaska, California and Arizona. At Luke Air Force Base, California, he received instructions to fly the F-100.

Mrs. Shealy and their three children will reside at Sandusky Township, Ohio, during his absence.

MORE than 30 drivers and teams participated in the annual meet held Saturday and Sunday on VanEtten Lake, Oscoda, by the Great Lakes Sled Dog Association. Perfect weather conditions greeted spectators at Saturday's racing events and an estimated 2,000 persons were on the ice at one time. The picture at top shows the starting line with a competitor racing through the "chute" with his team of dogs. Spectators line both sides. The bottom photo shows a team of dogs relaxing on the ice after a long haul around the VanEtten Lake course. Drivers and handlers are comparing notes in the background.—Tawas Herald Photos.

Omer Receives FHA Grant for Water System

The City of Omer has received an outright grant of \$58,400 plus a long term, low interest loan of \$77,000 from Farmers Home Administration to finance cost of a water system. This was the fifth federally subsidized public works project to be approved for Arenac County within the past four years. Construction is to start shortly after June 1 on providing water services to all residents of the community. The project is to include 20,000 feet of eight, six and four-inch main and nine fire hydrants.

SB Loan Aids New Industry

Largest single check ever processed by State Savings Bank of West Branch was one for \$225,700 received from the Small Business Administration. This loan to the West Branch Industrial Development Corporation is to finance construction of a new plant to be occupied by West Branch Metal Products. Completion of the building is expected within the next few weeks when it will be turned over to the new company for occupancy.

State Tax Commission Sets

Guidelines for Agricultural Property Tax Exemptions

According to Henry Oates, Iosco County equalization director, the Michigan State Tax Commission has adopted the following guidelines for agricultural personal property exemptions on the 1967 tax rolls:

1. Because of the requirement that the amount of the exemption be shown on the tax bill, it is necessary that the assessing officer obtain a personal property statement from each farmer.
2. A farmer is a person who derives income directly or indirectly from raising of livestock or grow-

ing crops or other products of the soil under natural conditions.

- 2a. A corporation is not a farmer.
3. The property for which exemption is sought must belong to the farmer.
- 3a. Chickens and turkeys on consignment to a farmer are not exempt.
- 3b. Poultry owned by operator who is a farmer are exempt.
- 3c. Chicken hatcheries and egg factories are farming operations if located on a farm incidental to raising broilers or a product

Arenac Rushes New Tax Figures for 1967

An all-out effort is being made in Arenac County to have Gem Survey figures ready for tax assessment rolls now being prepared for use in 1967. It is expected that the professional appraiser's report will be accepted at a special meeting to be held in February.

Arenac County, like Iosco, hired the St. Clair firm to furnish a comprehensive appraisal survey for the entire county. Actual cash value of property has been determined by Gem Survey. Taxes are to be levied against the state equalized valuation, which is 50 percent of the cash value.

For the first time in Arenac's history, this will mean that only one assessment figure will be listed on tax statements and that a mill of tax will mean a mill against the assessed valuation.

Edward F. Dusenbery of Tawas City, Gem representative, said that Gem personnel were now involved in reviewing about 200 appraisals questioned during recent hearings. Some changes are clerical and some resulted from property splits which have occurred since appraisal cards were made out, based on the 1965 tax roll.

Three supervisors have been named to work with Equalization Director Steve Borushko to get Gem figures into the hands of township and city assessing officers.

Work is to be completed on Iosco County's appraisal this spring, after which hearings are to be held by the survey firm. Iosco will not have use of the appraisal figures for tax purposes until next year.

In the meantime, Henry Oates, Iosco equalization director, is working with individual supervisors in applying an interim appraisal schedule for use in tax assessments this year, as adopted in December by the board of supervisors.

Three Teams Tied for Top—NBC Knotted as Tawas Braves Drop Thriller to Essexville

Tawas Area's Braves were unceremoniously dropped into a three-way tie for first place in the NBC last Friday night when Essexville Garber High School won a 69-58 squeaker on its home floor. Tawas wasted little time in jumping to a 16-4 first quarter lead but the Dukes, who had lost to West Branch last week, started to roll and cut Tawas' lead to 32-26 at intermission.

Essexville's Jerry Coffell got hot in the third stanza and hit for seven field goals and 14 of Gar-

ber's 24 points, while Tawas countered with 14 and still held a 48-40 lead at the start of the fourth quarter. Bad passing and some mental lapses by Tawas, along with good backboard control by Garber, saw Essexville take the lead. With only four minutes to go, Tawas again had a four-point margin but was finally nosed out by the home team. Coffell was high for the night with 27 points. Wayne Fairfield and Dale Koepke netted 15 each

Marie Chipps is Isoco Cherry Pie Queen

15 Years Ago—

February 1, 1952—Miss Marie Chipps of Whittemore was crowned Saturday night as Isoco County's 4-H cherry pie queen. The four finalists were Jean Peters, Hale; Ila May Jordan, McIvor; Pat Ewing, Oscoda, and Helen Kerr, Hale. Officiating at the crowning was Harold R. Clark, county extension agent.

Robert Glancy of Bay City was appointed county road engineer and assistant road superintendent. He had been with the Bay City engineering department since 1950.

Dale A. Morri of Hersey, a graduate of Ferris Institute, as-

sumed his duties as commercial teacher Monday at East Tawas High School. He replaced Hal Rynearson, who is enlisting in the armed forces.

America's most practical, low-cost priced full-size car, the 1952 Henry J. Vagabond, went on display Friday at Cholger Service, Tawas City.

For the first time in five years, President Truman, who is beginning to show the strain of his years as chief executive, did not go all-out for welfare-state legislation. He said that the stabilization law was shot full of holes at the last session and it will be one of the main tasks before congress to repair the damage and enact a strong anti-inflation law. He warned that the situation in Korea remains dangerous and that the Soviet Union is increasing its armed might. The world still walks in the shadow of another world war, he said.

25 Years Ago—

January 30, 1942—Mrs. Marjorie Lickfelt, manager of the secretary of state's branch office

in Tawas City, reports that 4,159 sets of automobile license plates were issued by her office in 1941. Collections amounted to \$107,703.53.

John R. Rood, Lapeer attorney and well known here, won a case recently that he started 35 years ago. He and his associates will recover \$11,092 that they invested in an oil well production in 1917. The transaction had been declared a fraud by the supreme court, but a legal snarl in settling the estate of one of the promoters held up settlement.

E. C. Carlson, superintendent of Tawas City School, announced yesterday that the district class D basketball tournament would be held at the Tawas City gymnasium in March. This is the second year that the tournament has been held in this city.

Sheriff John Moran was authorized by the Isoco Board of Supervisors to choose five men, one person from each city and village in the county, to attend the civilian defense school being conducted by the Federal Bureau of Investigation. The officers are to guard hydroelectric dams on the AuSable River vital to the national defense.

Among things second graders of Tawas City School do not like to remember about the old year is that 11 pupils had the mumps during the semester and no one had a perfect attendance record. Sixth graders like to remember that Elizabeth Westcott, Joyce Montgomery, Corrie Lee Rutterbush and Virginia Sims were neither absent nor tardy during the first semester.

Because of defense, old age and high light rates, Roll-in Station, Tawas City, will start closing at 7:00 p. m. effective February 1.

A major threat to Australia has resulted with the invasion of New Guinea and the Solomon Islands by Japanese forces. An entire Japanese army has been thrown into the battle for Luzon and the whole Bataan Peninsula front in the Philippines blazed into action in a renewal of the Japanese attempt to crush General MacArthur and American-Filipino defenders.

35 Years Ago—

February 5, 1932—Word was received this week that Postmaster Martin C. Musolf, whose term of office expires, has been reappointed to office by President Hoover. The appointment is now before congress for confirmation. Musolf has served as Tawas City postmaster for three years, having received appointments by Presidents Wilson, Harding and Coolidge.

Mary Krumm and Reva Sims won first prize with their act last Thursday night at the State Theatre. Dorothy and America Bell of Curtisville received second prize.

L. H. Emerson, Tawas City, in anticipation of the approaching dedication of the Lumbermen's Monument on the AuSable River, plans to make a collection of songs, poems and stories of the timber cutting days. He invites all who remember such songs and stories to communicate with him.

China's Great Wall, with the fall of Chinchowfu to Japanese forces, now forms the frontier between Chinese and enemy territory as it did for centuries after its construction. Astronomers have speculated that the Great Wall is one of the few works of many on earth that would be discernible, by the naked eye from the moon. In a world of airplanes, bombs, heavy artillery and high explosives, the wall has no value as an obstacle to an enemy army.

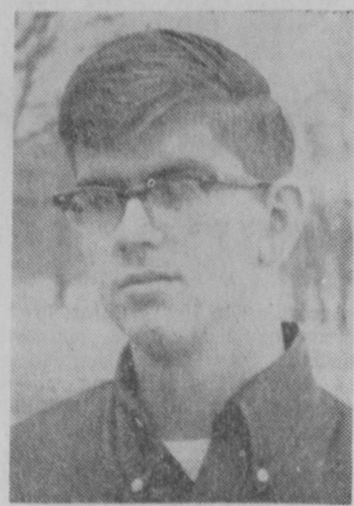

A basketball benefit dance for the National City team will be held at Orange Hall, Hemlock Road, on February 6.

Private Land Has Potential in Recreation

Outdoor recreational opportunities on the nation's privately-owned farm and woodlands, which comprise nearly three-fourths of the land area, are virtually unlimited, according to Charles Smith, biologist with the soil conservation service. Mr. Smith, in a recent report to the Midwest Fish and Wildlife Conference at Chicago, Illinois, outlined the potential these private lands have in meeting the recreation needs of the future.

Due to many factors including more free time, better roads and higher incomes, outdoor recreation activity will increase three times by the year 2000. He also pointed out that with the exception of hunting, most outdoor recreation has been done on public land and commercial resorts. These public developed sources of recreation are becoming taxed to the limit. Although public lands must continue to be preserved and developed, more and more private landowners can and will develop profitable recreation enterprises to meet this need.

Jack Lake, soil conservationist for Isoco County, agrees and adds that the future for private recreation development in Isoco County is very bright. "We are already a center of recreation and any outdoor facilities developed on farms and other private lands will bring more people into the county. Outdoor recreation developed on private property will help the income of the county and complement existing and planned public facilities," states Mr. Lake.

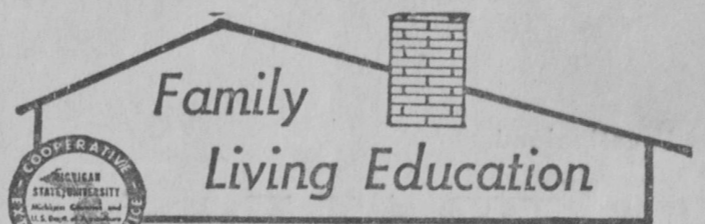

Some recreation enterprises that show promise in this county are leasing of hunting rights, fee fishing on private ponds, horseback riding, camping areas and trails for nature lovers and skimo-enthusiasts.

Local farmers can add to their income from the farm by developing a recreational facility as a sideline. Mr. Lake points out some activities are easy to establish and cost little such as leasing of hunting rights. While others like fee fishing ponds and campgrounds require more investment of time and money and more careful planning. Many successful recreation businesses have been developed starting with a small enterprise and then expanding as business develops.

Leasing of hunting rights is the single most popular private recreation enterprise in Isoco County, states Mr. Lake, and adds that much more will and can be done especially where the farmer is willing to improve the wildlife habitat. This can be done by planting food crops such as corn or buckwheat, by providing water in the form of ponds or by developing more cover to provide protection.

Technical advise on improving wildlife habitat or information on developing outdoor activities on private land can be obtained from the United States Conservation Service Office, Federal Building, East Tawas.

When and Where—

You have been asking when I am in your county. Let us try this schedule for my work in the four counties. It will make it easier for you to reach me when I am in your area.

I plan to be in Ogemaw County on Thursday, January 26; Oscoda County on Wednesday or Friday, January 25 or 27. This leaves Monday and a Wednesday or Friday in Arenac County since Tuesday, January 24, was spent in Isoco County. Part of the time spent in Arenac County is used for preparing lessons and planning meetings for the entire area.

There will be times when state or local meetings interfere with this schedule so you might see me in your area at any time. The secretary in each of the four extension offices at East Tawas, West Branch, Mio and Standish always know where I will be on each day during the month. I usually plan to be in the county extension office early in the morning of the day I work in that county.

It is my privilege and pleasure to work with 4-H Club leaders of home economics projects, members and officers of extension groups, members of other organized groups and with any individual homemaker or families in my four-county area.

The purpose of my program—the family living education program of the Cooperative Extension Service—is to bring unbiased, educational material to assist the individual or family to better manage their resources for more satisfying family living.

New Items— Grocers report that of every eight new items that appear on their store shelves, five will soon disappear because they do not get enough consumer acceptance. In food markets, as in no other area of our lives, if we ignore some-

thing it will just go away. Food shoppers ought to keep a sharp eye out for new foods and new forms of old foods. But try them, if you do not like them, ignore them and they will go away. But if you do like them, buy them again.

Area Extension Service Gets Sears Grant

Area 15 Cooperative Extension Offices received word last week that the area has been issued a tentative grant by the Sears Roebuck Foundation for \$300.

This grant is to be used to promote and stimulate 4-H vegetable garden projects and to encourage more young people to raise gardens; either a home garden or a commercial type by which the member may increase his summer earning power.

Area 15 is composed of the Counties of Isoco, Arenac and Ogemaw and will operate on a tri-county basis. An area garden committee is being formed, from local 4-H leaders representing each of the three counties, to administer and advise the extension

Junior Scouts Form Patrols

At the January 12 meeting of Junior Scout Troop No. 223, patrols were formed. The group met at the Tawas City Elementary Unit for its weekly session.

Patrol names chosen were Green Hornet, Rationals, Monkeys and the Rolling Stones. Each patrol decided which badge would be worked on to earn.

office on programming and utilization of the grant. The Sears Roebuck Foundation has always been a sound supporter of the 4-H Club activities, projects and leader education. Garden grants of this type are not new to Ogemaw County but this will be one of the first to be operated on an area basis.

From Selective Service— College Qualification Tests Now Available

State Selective Service headquarters announced today that application forms are now available at all Michigan local board offices for the Selective Service college qualification tests which have been scheduled for March 11 and 31 and April 8.

Test scores are used by local boards in determining eligibility of registrants for student deferments. The test may be taken by any registrant who intends to request deferment as a student and who has not previously taken the test. Applications for the test must be postmarked no later than Friday, February 10.

The three-hour test administered by Educational Testing Service, Princeton, New Jersey, is intended to predict a student's ability to do college work. The test will be administered at 15 colleges in Michigan located at Ann Arbor, Berrien Springs, Dearborn, Detroit, East Lansing, Flint, Grand Rapids, Houghton, Kalamazoo, Marquette, Mt. Pleasant, Saginaw, Sault Ste. Marie, Traverse City and Ypsilanti. About 42,000 Michigan students took the draft tests held during 1966. Test results are forwarded directly to the registrant's local board. About 50,000 Michigan registrants are deferred as college students compared with approximately 60,000 a year ago.

Tawas Chorus Rehearsing for Spring Concert

The Tawas Community Chorus has resumed rehearsals for the spring concert which is scheduled for April 23. These rehearsals will be held every Tuesday evening from 7:30-9:30 in the multipurpose room of the East Tawas elementary school. The tentative program includes

Even the ash tray rides smoother in Chevrolets

When you're down at your dealer's trying out a new Chevrolet, be sure you pull out the ash tray. Notice how nice and easy it glides, never hanging up or even scraping. The reason is, it rides on ball bearings. Four shiny little ball bearings. (Take the tray all the way out and you'll see them.) You say you don't even smoke? Then look at it this way. That ash tray is a symbol of the way we make cars: Paying extra attention to the little things as well as the big ones, as a way of making extra sure your '67 Chevrolet gives you
