Four Colorful Sailboats 'Fly' Around Course

Chuck Moulthrop of Bay City, sailing his "Shadow," won the second annual memorial race held Saturday and Sunday on Tawas Bay and Lake Huron.

Following a beautiful start Saturday afternoon which saw John Sutton of East Tawas in his "Sea Fever" leading the four 40-foot class entries across the line, the Bay City boat quickly jumped into the lead and was never headed.

The "Shadow" completed the 80-mile-plus course in 12½ hours, crossing the finish line at the Michigan Waterways Commission Dock at 3:30 a. m. Sunday.

The front runner was followed by A. B. Crow's "Crows Nest" of Alpena at one hour and two minutes later but, because of handicapping under American Cruising Association rules, Sutton's boat won second place. "Sea Fever" crossed the finish line one hour and 28 minutes after the Bay City boat.

Bringing up the rear was "Geno II," constructed and owned by Robert Marsh of East Tawas. This boat finished at 6:45 a. m.

Despite an overcast afternoon and rain squalls for the start, sailing conditions were near perfect. This was a far cry from last year's regatta, in which crews suffered from seasickness due to a heavy buffeting of boats by wind of gale force.

Trophies were presented at Tawas Bay Yacht Club Sunday afternoon, following a banquet for club members and race participants.

Harness Race Fans to Have Preview Sun.

A preview of harness racing events to be held in late July at the Iosco County Fair is to be held Sunday, June 25, when the annual matinee harness race is held at the Iosco County Fairgrounds, Hale.

Post time for the program is 2:00 p. m., according to Mrs. Ila Katterman, fair board secretary. County fair harness racing staged at Hale is one of approximately 400 fair meets throughout the nation at which speedy trotters and pacers compete during 1967.

Many loyal fans eagerly await coming of the fair season for the opportunity to watch the tense, exciting harness races. Three days of racing, July 27, 28 and 29, features this year's Iosco County Fair.

East Tawas Awards Last Contract on Sanitary Sewer Expansion Job

East Tawas Council has awarded a contract for sanitary sewer construction to Fraser Brothers of St. Charles on its base bid of \$484,986.30 received two weeks ago.

Thus ends slightly more than two months of negotiation on contracts since bids were originally opened April 17 and later rejected because of higher costs than originally estimated.

Fraser's bid was \$58,000 below its original proposal following minor revisions for construction of sewer mains.

Two weeks ago, the council awarded a \$320,050 contract to Hill and Thomas Contractors, Lansing, for constructing the city's new sewage treatment plant.

Authorization to accept Fraser Brothers' bid was received by Spicer Engineering Company from the Chicago, Illinois, office of the Water Resources Commission.

East Tawas received a federal grant of \$120,000 for this project and voters approved a \$300,000 general obligation bond issue. Remaining cost of the work is to be borne by a revenue bond issue.

In other business conducted at Monday night's meeting, the council gave its approval to closing a section of Newman Street in front of the elementary school unit for the location of carnival rides during the Michigan Tourist Festival.

Appearing before the council was John Austin, representing the Tawas Chamber of Commerce, sponsoring organization, who pointed out that a number of Michigan communities close off streets for short periods during similar events.

Paul Ropert, superintendent of public works, had voiced objection to the location of carnival rides on Newman Street because of damage to pavement last year.

The council directed installation of no parking signs along shoulders of Newman Street on both sides of the Knights of Columbus Hall. This action was recommended by Police Chief Donald Dooking, who said that a dangerous situation had resulted last year when youths attending dances at the hall had parked automobiles on the edge of the roadway.

On recommendation of the city street committee, the council approved removal of one parking meter at the rear of the Hennigar Store on West State Street for loading zone purposes. It also denied closing of Pine Street.

Governmental 'Red Tape' Slows Tawas City's Financing of Sewer

Governmental "red tape" in approving a special assessment district bond issue has caused delay in constructing new sanitary sewer mains along US-23 in Tawas City, according to a report at Monday night's council meeting.

Appearing before the council were seven property owners desiring information as to the status of the project.

Since its final public hearing on this project in April and subse-

quent hiring of the Detroit law firm of Miller, Canfield, Paddock and Stone as its bonding attorney, the city has run into numerous delays in receiving final approval from the state for financing.

Holding his hands about a foot apart, City Atty. Alf C. Watson said his correspondence on the matter was about "that thick" since receipt of final property easements in December.

One of the big stumbling blocks has been for the city to convince the state finance commission that a charter amendment in 1960 allows the city to disregard a provision of the Fourth Class City Act.

Under the amendment, passed by a 396 to 384 margin in November 1960, districts are equalized by removal of the former limitation on special assessment districts to 25 percent of the assessed value of vacant property.

Watson said that without this charter amendment, the city could not possibly construct a special assessment sewer. The state has required a true copy of all election notices, ballot, official canvass of votes and at least 10 more items of legal work.

"We have furnished everything that the state has requested and our bonding attorney is proceeding with the processing of our application to the state finance commission," said Watson.

This is the first time that Tawas City has applied for a special assessment bond issue. "It seems like the state is working slowly on our application, but this is a very intricate matter for cities and villages and one that is becoming more complicated as years go by," said Watson.

Watson said that he had been assured by the Detroit law firm that the city's application would be granted, based on documents now in possession of the firm.

Estimated cost of the project is \$34,000. One property owner present at the meeting said that he and others in the special assessment district would gladly loan the city the necessary money, just to get the project moving. This, however, is prohibited by state law.

The proposed project is a vital link in the city's sanitary sewer system. It would correct a sanitation problem along a narrow neck of land bounded on one side by Tawas Bay and the other side by Tawas River. Septic tanks have been in use there for years, the use of which has been handicapped by inadequate drainage fields.

Discussion on extension of sewer mains to the area commenced about 15 years ago. Because of

Oscoda Youths Escape Injury

Two 18-year-old Oscoda youths escaped injury Thursday afternoon when their car spun out of control at the intersection of Grabow Road with Wilber Road and rolled into a ditch.

Making their escape from the vehicle just as it burst into flames was Charles F. Ballor and Allan Ballor.

East Tawas Fire Department was called to the scene but the vehicle was completely destroyed. Michigan State Police investigated.

Search Continues for Two Youths Who Disappeared in Tawas Bay Fog

Search for two St. Charles youths, missing from Tawas Point State Park since early Saturday morning and presumed to have drowned in Tawas Bay, continued Monday and Tuesday of this week.

Missing are Larry Mechere and Gerald Brenner, both 18, who had accompanied a church group of seven boys spending the weekend at Tawas Point.

Park attendants said the boys went swimming about 7:30 a. m. Saturday. When five other boys in the group returned to shore for breakfast about 8 o'clock, Mechere and Brenner were seen running in shoal water on the Tawas Bay side of Tawas Point. They disappeared into a heavy fog blanketing the area and were not seen again.

Dwayne Roux, leader of the

group, did not report the disappearance of the two boys to park authorities until 9:45 a. m., believing that the boys were still wading in the water.

Park attendants and the remainder of the group made an immediate search of the shore from the fog signal to a point beyond the United States Coast Guard boathouse. Towels owned by the missing boys were found along shore.

Shoal water on the west side of Tawas Point extends approximately one-quarter mile into Tawas Bay. At that point, there is a sharp dropoff into about 13 to 15 feet and the lake bottom has a thick covering of weeds.

Authorities believed that one of the boys may have stumbled into deep water and the other boy

went to his rescue. Others in the group said that Mechere and Brenner were nonswimmers.

State police, coast guardsmen from Tawas Point and the Iosco Sheriff's Department started immediate dragging operations. Efforts were hampered by the heavy growth of weeds.

Four state police skin divers joined the search Saturday afternoon and were on hand Sunday and Monday. A state police plane also joined the search on Monday. Parents of the two missing boys were here Saturday night.

While drownings in the latest tragedy are still not confirmed, Iosco Sheriff's Department reported Monday that the disappearance of Mechere and Brenner had extended the water death toll to four this year in Iosco.

Warning—Keep Pets Under Control

Park Manager Tells Problems of Stray Dogs and Garbage Cans

Joseph Badalucco, manager of the East Tawas City Park, Monday night reported total receipts of \$2,853 during the month of May. This included \$2,558 in fees for 620 campers and 1,279 camper days.

The park manager said that receipts were down slightly from the same period during the previous year.

Serious problems with unleashed dogs are being encountered at the park, according to

Badalucco. Local dogs are causing all the trouble, reported the park manager, who pointed out that persons camping at the park were required to have their pets on a leash at all times.

Several dogs have been picked up by police, who noted that one "was frothing at the mouth."

For the protection of youngsters playing at the park, the city is to enforce the state law requiring that dogs be leashed and under control of the owner at all times.

The park manager also reported to the city council that local residents were dumping garbage into receptacles at the city park rather than to wait for regular pickups by the city's sanitary collection service. Such practice is to be prohibited.

Flint Couple Leave Friday for Europe

Mr. and Mrs. Edward Nagy of Flint, who are spending this week with his parents, Mr. and Mrs. Joseph Nagy, Tawas City, are to leave Friday for a five-week vacation in Europe.

The Nagys, both faculty members at the Michigan School for the Deaf, Flint, are to fly to the Netherlands. From there, they will visit Germany, Switzerland, Austria, Hungary, Norway, Sweden and Finland.

While they list the trip as a vacation, they have contacted officials from several European schools for the deaf and are to study different methods of teaching during their stay.

Both are graduates of Eastern Michigan University, Ypsilanti. Nagy, 26, is a 1959 graduate of Tawas Area High School.

Chamber Prepares for 7th Annual Art Show

Entry blanks for the seventh annual Tawas Bay Waterfront Exhibit and Sale for Artists and Craftsmen, to be held August 5-6 at the Tawas City Park and Iosco County Building, were mailed this week by the Tawas Chamber of Commerce.

Donald Darr and Mrs. Herbert Hertzler, co-chairmen for the event, said that blanks were mailed to the 88 participants in last year's show, along with letters sent to other prospective participants.

"Each year finds more and more exhibitors displaying their work along the waterfront and hundreds enjoy this fine exhibit," said Mrs. Hertzler, originator of the annual event. "Many make the most of this opportunity to pur-

chase an original from the artist or craftsman."

In addition to the regular prizes, Mr. and Mrs. Delos E. Collier, Jerry's Resort, Tawas Point, are offering three purchase prizes, totaling \$225, for paintings of their resort.

Deadline for entries is August 1. Michael Church or a representative from the University of Michigan will be here as show consultant.

All work must be original. No copies are to be allowed. The committee asks that crocheting, knitting, numbers painting and paper flowers be omitted from the exhibit.

In case of rain, the show is to be held indoors at the county building directly across the street from the city park.

Read Ephesians 1:15-23

Draw nigh to God, and he will draw nigh to you. (James 4:8)

Molink, the direct communication system linking Washington with Moscow, is one of the efforts to relieve cold war tensions in the world. The main line runs under the Atlantic Ocean to London, then through several Scandinavian capitals before reaching Russia. Reserve circuits quickly take over if for any reason the regular circuit is broken.

While nations consider such a system essential for emergencies, God desires more than emergency communication between Himself and us. Prayer, which is our instrument of communication with God, is intended to be more than insurance when trouble erupts. It is for constant use.

God longs for fellowship with us and wants us to know of His constant care and protection. He waits for us to confess our failures. He desires to share our concerns and bear our troubles with us. The fullest understanding of His love comes only from constant communication with Him.

PRAYER
Father of mercies, forgive our coldness, our lack of response, to Thy love. We thank Thee for the opportunity to approach Thee through prayer. Grant us grace to keep the lines of understanding with Thee open at all times; through Christ, our Redeemer. Amen.

THOUGHT FOR THE DAY
Prayer opens the way to a deeper understanding of God and His strength-giving love. Jack K. Breneman (Pennsylvania)

Specialist Gizowski was presented the award for combat aerial support of ground operations in Vietnam.

Specialist Gizowski is a helicopter crew chief and door gunner assigned to headquarters troop, aviation platoon, 11th armored cavalry regiment. He entered the

army in August 1965 and was stationed at Fort George G. Meade, Maryland, before arriving overseas in September 1966 and was last assigned at Aberdeen Proving Ground, Maryland.

Whittemore Soldier Near Pleiku, Vietnam

Army Pvt. William H. Goupil, 19, son of Mr. and Mrs. Basil E. Goupil, Whittemore, was assigned to the 628th maintenance support company near Pleiku, Vietnam, May 30.

Goupil, a mechanic with the company, entered the army in September 1966 and was last assigned at Aberdeen Proving Ground, Maryland.

He is a 1966 graduate of Swartz Creek High School.

Pvt. Albertson in Army Training at Fort Knox

Army Pvt. Donald N. Albertson is assigned to company C, ninth battalion, third brigade, in the United States Army Training Center, Armor (USATCA), Fort Knox, Kentucky.

He will spend the next two months learning the fundamental skills of the soldier in today's modern, action army—firing live ammunition under simulated combat situations, learning protective measures and first aid for chemical, biological and radiological attacks, as well as being schooled in the use of modern arms.

Interpersed with constant emphasis on proper physical conditioning, diet, rest and health habits, will be ample opportunity to utilize USATCA's many and varied recreational and religious facilities.

Following the completion of basic training, Private Albertson, who is the son of Mrs. Ruth Albertson, Tawas City, will receive at least an additional eight weeks of either advanced instruction or on-the-job training to qualify him in a specialized military skill.

Lung Cancer Killed 50,000 During 1966

This is the fifth in a series of six articles by the American Cancer Society on the six most common sites of cancer—uterus, colon and rectum, breasts, oral cavity, lung and skin.

LUNG CANCER

Let the buyers beware lest he bring a sackful of vipers into his nest. This is the free interpretation of an old Latin motto—in this case it refers to him who purchases cigarettes—at his own risk.

Lung cancer in 1966 killed some 50,000 in the United States—about 42,000 men and 8,000 women. Lung cancer deaths are increasing at an alarming rate among American males, says Dr. Harvey Brinkman, American Cancer Society, Losco County Unit. "Lung cancer today is the leading

cause of cancer deaths in the United States. The rate is 10 times higher than it was 30 years ago and cigarette smoking is estimated to cause upwards of 75 percent of all cases of lung cancer.

"The United States surgeon general has reported that despite intensive warning campaigns, more than half of all teen-agers ignore the scientifically-proved dangers to their health and become regular cigarette smokers by the time they are 18.

"Because of the teen-age smoking trend and the tremendous toll of lung cancer—which has been called a national health catastrophe—the American Cancer Society in its five-year minimum achievement program is engaged to reduce cigarette smoking among teen-agers by 50 percent and in the general public by 25 percent.

"The society during the first year of its plan has succeeded in getting its smoking and health program accepted by many school districts throughout the United States as an integral part of their health curriculum. This includes 100 percent acceptance by such states and divisions as Colorado, District of Columbia, Milwaukee Division, Philadelphia Division, New York City, Westchester Division, Queens Division, Nevada, Hawaii, New Hampshire, Ohio.

"Lung cancer in 1966 took about 140 lives a day. The tragedy is that it is largely a preventable disease. Unfortunately, it is difficult to diagnose lung cancer in time for a cure. In fact, only about five percent of all cases are being saved now.

"The society wants everyone to know about the risks of smoking cigarettes.

"To help disseminate the facts, the society produces a wide variety of visual and film materials, building adult education programs around them, as for example, around the film, "Who, Me?"

"The film, "The Time to Stop Smoking is Now," presents the adult smoker with the latest findings of the lungs and organs of smokers, emphasizing that these organs will usually repair themselves, if smoking is stopped soon enough.

"Three other new films are directed at adult high school and elementary school audiences, respectively.

Among the 30 prominent musicians who were selected to participate in the 10th annual honors band clinic at Ferris State College, Big Rapids, June 16-18, was Susan Schaff, daughter of Mr. and Mrs. Floyd R. Schaff of East Tawas.

The honors band clinic is limited to top flight musicians among high school graduates who have been formally accepted for admission to Ferris. According to Dr. Daeho Dachoff, music director at Ferris, the clinic provides the student with a preview of the college's music program and an opportunity to join with the concert band in playing advanced works under expert direction.

Wheat Allotment for 1968 Crop

A new farm wheat allotment may be established for the 1968 crop wheat for farms that did not have a 1967 allotment and meet eligibility requirements, Grant Bessey of the Isco ASC County Committee announced last week.

A 1968 wheat allotment will automatically be established for all farms that had a wheat allotment established for 1967.

To be eligible for a new farm allotment, the operator must expect to receive 50 percent or more of his income from the production of agricultural commodities on the farm, neither the owner or the operator may have an interest in any other farm which has a 1968 wheat allotment and the person making application must have had at least two years experience in the last five years in producing wheat.

Applications for a new farm allotment must be filed in the county office on or before June 30. Any interested producer who can meet these requirements should contact the county office before the final date for filing an application.

Needlecraft News by Nancy Baxter

THE LADY OF THE HOUSE may be master of the kitchen, but when a barbecue is going on outside—let a man take over. After working hard all week, a man looks forward to those summer barbecues where he can be chief cook and bottle-washer and impress the neighbors with his delicacies.

THE CHEF'S OWN OUTFIT

If your man prefers a picnic beside a bonfire to a dinner by candlelight, make him this handsome barbecue apron and table runner set. Cooking tool motifs used for decorating both the apron and table runner combine "BONDEX" jean patches and "BOILTEX". Practical cotton ticking makes the set as easy to care for as it is easy-to-make.

DIFFERENT DESIGNS

Perhaps your culinary expert might like several of these sets. Since they are easy to make, it will take no time to whip up a few different motifs. Free instructions are available by sending a self-addressed, stamped envelope to the Needlework Editor of this newspaper along with your request for Leaflet PPE 1223.

MRS. ROGER ALAN STEUDLE

Steudle-Ayling Marriage Vows Repeated June 10 at Adrian

An early evening wedding Saturday, June 10, at St. John's Lutheran Church, Adrian, united in marriage Ellen Louise Ayling and Roger Alan Steudle. The Rev. G. B. Dobberfuhl officiated with Richard Limbacher as soloist.

The bride, daughter of Mrs. Adrian Ayling of Adrian, formerly of Tawas City, and the late Mr. Ayling, was given in marriage by her uncle, Kenneth Alstrom of Tawas City. The bridegroom is the son of Mr. and Mrs. Herbert Steudle of Adrian.

She chose silk organza over taffeta for her wedding sheath with raised waistline and elbow length sleeves. Appliques of re-embroidered Alconon rose point lace were highlighted with crystals and pearls. The cape train of organza was similarly applied. Her bouffant elbow length veil was secured by a rose headpiece accented by pearls. She carried a bouquet of white daisies.

Proceeding the bride down the aisle were Miss Debbie Woolary, maid of honor; Mrs. Richard Limbacher, Misses Terry Gobba and Patti Dykes, bridesmaids, all of Adrian. Dawn Harwood of East Tawas was flower girl.

Attendants were gowned in aqua ottoman faille with daisies around the waist and down the back. Their petal headpieces had bouffant veils. They carried bouquets of daisies. The flower girl was similarly attired and carried a basket of daisies.

Ross McDowell of East Lansing served as best man. Ushers were Tim Steudle and Gerry Pogue, both of Adrian, and Ray Moore of Warren.

A reception for 350 guests was held in the Tecumseh Products Union Hall. The rehearsal dinner was given by the bridegroom's parents at the Holiday Inn, Adrian.

After a wedding trip to Northern Michigan, the couple will live in Kalamazoo where Mr. Steudle attends Western Michigan University. Mrs. Steudle is employed as a dental assistant.

T. City Wins Second Game

Tawas City Indies downed Roscommon for the second time this season, 7-1. The club's record now stands at two wins and four losses in Northeastern Michigan League play.

The Indies jumped off to a three run lead in the first inning when Ron Leslie walked, Chris Herriman popped out and Lee Bielby was safe on an error. Sieloff bunted the runners to third and second and Dale Koepke promptly belted his third home run of the season over the center-field fence.

Roscommon picked up one run in the third inning.

Tawas City scored three more runs in the third inning on doubles by Bielby and Koepke, along with a single by Jerry Youngs.

Roscommon picked up one run in the third inning on an error and a single, but Sieloff closed the door on his six hitter. He struck out 12 opposing batters.

Tawas City's final run came in the ninth when Chuck Hill singled, Bob Gingerich walked, Leslie was hit by the pitcher and Ken Koepke was safe on a fielder's choice, Hill scoring.

Dale Koepke, Ron Rousse and Hill were top hitters with two each.

Action this Sunday finds Barton City at Tawas City.

New County Building Set for Bidding

15 Years Ago— June 20, 1952—A report made by the special courthouse building committee at the June session of the board of supervisors indicated that work of the committee and Joseph Goddeyne, architect, had progressed on the building to where it would be ready for contractor's bids during the last of July.

In a three to one vote Monday, people of Burleigh Agricultural School District voted to add a new seven-room unit to its school plant at a cost of \$90,000.

Mr. and Mrs. John R. Rood attended commencement exercises at the University of Michigan, Ann Arbor, last week, at the invitation of the law classes of 1902 and 1907 as honored guests. Both of these classes had been under the instruction of Mr. Rood as law professor.

Frank W. Walker was appointed justice of the peace to fill vacancy and has qualified for the office.

Two buildings completed during the past week included the "Taste Freeze" drive-in owned by Roy Crabb of Mt. Morris, located across from Fletcher's, and the veterinary hospital established by Dr. E. B. Cavell Jr.

Nurse Corps Month Set for June in State

Gov. George Romney has proclaimed the month of June as Army Nurse Corps Month in Michigan.

The proclamation reads: The State of Michigan is extremely proud of the number of patriotic professional nurses who have made personal sacrifices so that our valiant men in uniform can be assured of proper and sufficient medical attention.

The service which is being performed by the young men and women who comprise the Army Nurse Corps around the world must demand the respect and admiration of all citizens. Often taken for granted, they fulfill a humanitarian service which is so badly needed in times of peace or war.

Within the army, the Army Nurse Corps carries out its mission of assistance to maintain and conserve the necessary strength of the army through the constant care, concern and professional skills of its members.

Therefore, I, George Romney, governor of the State of Michigan, do hereby proclaim the month of June 1967 as Army Nurse Corps Month in Michigan, in order to give the proper and deserved recognition of those dedicated individuals and at the same time to have registered nurses consider how they can serve their country and their profession in the Army Nurse Corps.

Iosco Posse Drills Horses for Parades

Iosco County Sheriff's Posse met Saturday, June 10, at the Whittemore home of Carl Lange and participated in the Whittemore homecoming parade. Posse members and their families assembled at the Richard Samson home, Whittemore, June 11 for the regular monthly meeting.

The day was spent drilling horses in preparation for several parade invitations and other coming summer posse activities. Fourteen horses were included in the drills. A cook-out was staged by the 37 attending. Sheriff Ivan O'Farrell attended and participated in the festivities.

New Dentist Was '59 Grad. at Oscoda HS

A recent graduate of the University of Michigan School of Dentistry, Michael S. Richardson, has begun practicing at East Tawas in association with Dr. Harold D. Jones. He is the son of Mr. and Mrs. Robert D. Richardson of Oscoda.

A 1959 graduate of Oscoda High School, Doctor Richardson was accepted by the dental school in 1963 after attending the University of Michigan and Eastern Michigan University, Ypsilanti. He successfully completed the examination by the State Board of Dentistry following graduation from dental school in May.

depths required, it is impossible to build a main along one side of US-23 and it was not until December 1966 that the final easement was received allowing construction of the main on private property.
Alderman Howard Hatton said that it seemed strange to read so much about water pollution in the state and then to have a project designed to relieve a sanitary problem be tied up by governmental red tape.

Foot Specialist Opens Office At East Tawas

Dr. Andrew J. Manchak, formerly of Dearborn, has opened an office for the practice of podiatric medicine and surgery (foot specialist) at 308 Newman Street, East Tawas, Doctor Manchak, a native of Czechoslovakia, studied at the University of Vienna and graduated from there in 1933. He came to the United States in 1939 and continued his studies at Northwestern University and Wayne State University.
In 1942, he enlisted in the United States Navy and was assigned to the medical unit. He saw action in North Africa, the European Theatre and Korea. During his years in the service, he encountered many problems relating to the foot and became vitally interested in this phase of medicine. Upon his discharge, he enrolled in the Illinois College of Podiatry at Chicago, Illinois, where he received a doctor of podiatric medicine degree.
Doctor Manchak is a member of Phi Sigma Chi and Alpha Gamma Kappa fraternities, a member of the Southeastern Division of the Michigan State Podiatric Association and the American Podiatric Association.
He and his wife, Isabel, make their home at 410 Bridge Street, East Tawas.

Two Accidents Send Eight to Hospital

Two automobile accidents Sunday on US-23 south of Tawas City sent eight persons to the hospital.
Six persons were injured in a crash at the Swartz Road intersection, Whitney Township, Sunday evening when a station wagon and trailer driven by George F. Mitchell, 37, Flint, overturned in a ditch.
Mitchell told investigating state police officers that he had pulled out of his lane to pass some cars and drove off the road to avoid a headon collision. The car and trailer went into a ditch.
Mitchell received fractured ribs; his wife, Carol, sustained a fractured pelvis; son, George C. seven years of age, received face lacerations and a fractured arm; daughters, Marilyn, 16, and Karen, 19, received lacerations; Lawrence Naltrass, 18, Grand Blanc, sustained a lacerated finger.
All were treated at Tawas Hospital.
Taken to Standish Hospital following an accident earlier in the day in AuGres Township were Ralph M. Schutte, 19, Turner, and Paul Dudra, 20, Oscoda. Passengers, Kathleen Hahn, 18, Turner, in the Schutte car and Linda Dudra, 17, Oscoda, in the latter car, were not injured.

Boy Scouts Busy Past Two Weeks

Activities of Tawas City Troop No. 74, Boy Scouts of America, during the past week included a trip to Detroit to watch the Tigers in action and a court of honor.
Nineteen scouts and five adults attended the baseball game at Detroit on Saturday.
Awards Wednesday night included seven tenderfoot pins, three second class pins, four one-year pins and five two-year pins.

Natural Gas Pipeline Gets Fed. Approval

Construction of a new \$212,000,000 natural gas pipeline through Michigan, Wisconsin and Minnesota will begin immediately, it was announced Tuesday following approval of the joint American-Canadian project by the Federal Power Commission.
The pipeline, which will be 1,000 miles long and 36 inches in diameter, will be built and operated by the Great Lakes Gas Transmission Company, a new company jointly owned by American Natural Gas Company and Trans-Canada Pipe Lines Limited of Toronto. American Natural is the parent company of Michigan Consolidated Gas Company and Michigan Wisconsin Pipe Line Company, Detroit; Wisconsin Gas Company, Milwaukee, and Central Indiana Gas Company, Muncie, Indiana.
In addition to the consuming areas of Eastern Canada, the new line will make it possible to bring natural gas service in 1968 to the eastern part of the Upper Peninsula, which is the only major area of the state without a natural gas supply.
Ralph T. McElvenny, president of American Natural and its largest subsidiary, Michigan Consolidated, said construction of the first segment of the pipeline—157 miles between Clare and Sarnia, Ontario, will begin "just as soon as we can get men and equipment

on the job, a matter of only a few days."

Vets Counselor to Skip June Visit

Chalmers LaFray, veterans counselor, will not make his regularly scheduled stop at the Isco County Building in June. Date of his July visit will be announced. Veterans in need of assistance prior to Mr. LaFray's July visit should contact the local veterans counselor at the county building.

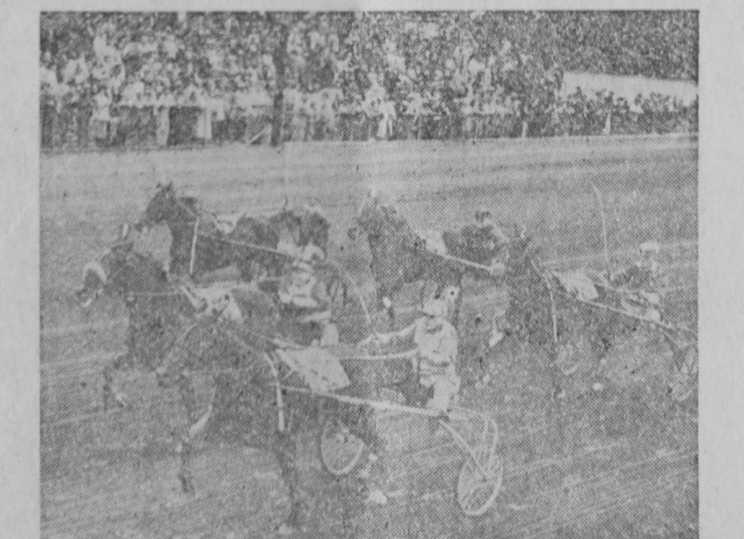

INITIATE PETITIONS ON OBJECTION TO DEER LAW
The Michigan Deer Hunters Association, according to its president, Willard Musolf, Oscoda, started circulating the first 5,000 of 20,000 initiative petitions seeking a return to the "one buck" law. Musolf said the group hopes to get 300,000 signatures to force placing the issue before voters in November 1968.
