Detroit Drowned in Lake Huron

A 34-year-old Detroit vacationer, Nancy Somers, drowned Wednesday, August 21, while swimming in Lake Huron near East Tawas. She had been staying at the family cottage on Baldwin Resort Road.

Mother of the victim, Mrs. Edys Lomas, told investigating officers that she noticed her daughter was having trouble in the water, swimming toward shore with her head submerged, and she waded out to help her.

Mrs. Lomas was assisted by a neighboring vacationer, Sandy Barnes, Lansing, in bringing the victim to shore. Artificial respiration was administered by others at the scene.

Miss Barnes told officers that the victim had been swimming near the Barnes cottage earlier and she noted that the victim appeared to be ill. She was swimming in about four feet of water and other swimmers were along the shore.

She was the stepdaughter of the late Wade Lomas, former East Tawas resident.

Funeral services were held Saturday at Detroit.

She is survived by her mother; one brother, Dr. John Somers, Columbia, Missouri, and her paternal grandmother.

Stop Gap Measure Adopted by Board

TA Would Borrow Against Delinquent Taxes to Reinstate 1968-69 Program

Tawas Area Board of Education initiated steps Monday night to borrow against anticipated delinquent property taxes next year as a means to reinstate a portion of its 1968-1969 program which was to be curtailed due to a lack of funds.

An investigation of school finances has indicated that delinquent property taxes each year amount to approximately \$36,000. While this money eventually ends in the school treasury, it is too late to be included in the annual operational revenue.

The school has never used this type of financing in the past and it was emphasized strongly that it would only be a "stop-gap" measure to alleviate the financial problem during the current school term.

It is believed that up to 90 percent of the delinquent property taxes may be used. This would amount of \$34,400.

In adopting the measure for this year, which grew out of a financial study by Supt. Reynold Mick and Richard Harwood of Peoples State Bank, the board said that top priority in the reinstatement program should be given to hiring needed additional teachers.

Among cuts considered earlier in August were curtailment of grade physical education, elementary and high school vocal music, physical education, remedial reading, transferring one guidance man and assistant junior high principal to full-time teaching duties, curtailment of beginner and cadet band, spring sports, junior high enrichment courses and some classes with small numbers.

Superintendent Mick said that using the balance remaining in the school fund as of June 30 and incorporating all cuts in the school program announced August 5 (including not filling of teacher vacancies, curtailment of beginner and cadet band along with spring sports, etc.), the estimated cash deficiency expected at the end of the next school year would be \$15,000. The superintendent emphasized that, because of the late date, few teachers with proper qualifications

would be available to fill vacancies on the staff. After defeat of the second millage proposal in late July, the board's first step in retrenching to reduce an expected budget deficit was to not hire teachers to fill vacancies—six in all—and transferring present teachers to fill the gaps. This amounted to a "saving" of approximately \$48,000.

Superintendent Mick said that with borrowing on anticipated revenue, there was a possibility of hiring one or two grade teachers for this year. He did not feel there was much hope for hiring an additional mathematics teacher or the two English teachers required at the start of the year.

Next in the line of priority given by the board of education in the program adopted Monday night would be reinstatement of sixth grade and cadet band, followed by spring sports if enough money is available to finance these programs.

The higher fee schedule which went into effect at the start of registration would be continued. The principal increase was in the registration fee to be charged each student. In the past, \$5 of the estimated \$7.50 cost for expendable items used by each child in school—work books, paper for testing, stencils, paper clips, staples, crayons, art materials for grades, etc.—had been paid out of the general fund. Because of the deficit, the entire cost this year had to be charged to each student on registration day.

About 75 parents and interested residents of the district attended Monday night's meeting to hear what cuts could be expected in this year's program. The majority of those attending were interested in reinstating the beginner and cadet band program, according to a show of hands.

Neil Luedtke, who was named by citizens attending the last meeting as temporary committee chairman to work with the board of education and administration, announced that his group was now attempting to assemble facts to be presented to district voters for a future millage election.

A public meeting is to be held Thursday, August 29, 7:30 p. m., at the high school, when recommendations are to be heard.

Luedtke said that permanent officers would be elected at that meeting, along with study groups to consider such items as taxes, financial requirements for school operation, teacher qualifications, tenure, teacher salaries, curriculum, cost of education per pupil, the

whys and costs for physical education and band, history of the shop program and petition form procedures for a millage vote.

It is hoped that a millage proposal can be resubmitted to voters late this year or early next year and the committee wishes to be in a position to answer any and all questions which may be raised by voters.

Two residents addressing the board Monday night urged that all steps be taken to insure that any proposed curtailment in this year's school program be studied completely so as not to hurt the education of students.

It was also suggested from the floor that the school check out all of the varied reasons given by persons who voted against the last millage proposal.

Increased school enrollment may be on tap for the coming year, according to reports Monday night from principals of Tawas Area School.

Miss Clara Bolen, elementary principal, told the board of education that 36 new elementary students had registered this week, while Billy R. Wilder, high school principal, noted that 43 new students had registered in the high school.

The over-all student enrollment will not be known until opening day of school on Tuesday, September 3, because of the normal amount of dropouts and families moving to other areas.

School enrollment estimated by administrators prior to registration was 1,770 pupils.

Wilder said that high school registration was slower than last year, although he expected that a good idea on total registration could be gained later this week.

In other business conducted Monday night by the board of education, a contract was awarded to Ammond-Resteiner Oil Company for furnishing gasoline. Contract for furnishing No. 5 fuel oil went to Leonard Refineries.

Contract for furnishing milk and dairy products went to Nelkie Dairy, while Gase Bakery received the contract for furnishing bread and other bakery products.

Three old buses no longer in use by the district were sold as follows: Joseph Kendall, No. 6, \$200; George Green, No. 7, \$216; Joseph Johnroe, No. 8, \$150.

The board tabled action on a pay increase for cooks. A complete report is to be made at the next meeting concerning availability of funds, although it was noted by board members and administrators that normal cost-of-living increases had been granted to all other employees earlier this year.

A five percent increase to cooks in the hot lunch program would cost the district about \$850. Total hours worked last year by personnel amounted to 11,887.

Milwaukee Sailor Wins NOD World Championship on Bay

Allen Lemke of Milwaukee, Wisconsin, was crowned world champion in the 31st annual National One Design sailing regatta held on Tawas Bay last week-end.

Lemke totaled 7,019 points in five races Friday and Saturday. The final race Sunday morning was canceled due to high wind.

Some 23 boats from the Great Lakes area took part in the event

with five boats in the host fleet at Tawas Bay Yacht Club.

Finishing behind Lemke were Tom Grogan, Leland, 6,772 points; Doug Drake, Milwaukee, 6,596 points; Alan Johnson, Chicago, Illinois, 6,457 points; John Zwart, Chicago, 6,110 points.

Tawas Bay National sailors finished in the middle of the fleet. Richard Haglund won 10th place,

followed by Carl (Butch) Babcock in 11th, Robert Dillon in 12th, David Small in 13th place and Arthur Dillon in 14th position.

Babcock was chairman of the event. Assisting in handling races was L. G. (Ladd) McKay.

In addition to this race, class A boats from the Saginaw Bay Yacht Club spent the week-end here observing the races.

Tpr. Dale Arnold Promotion by MSP

Trooper Dale N. Arnold of the Michigan State Police Post, East Tawas, is to be promoted to corporal effective September 1 and transferred to L'Anse.

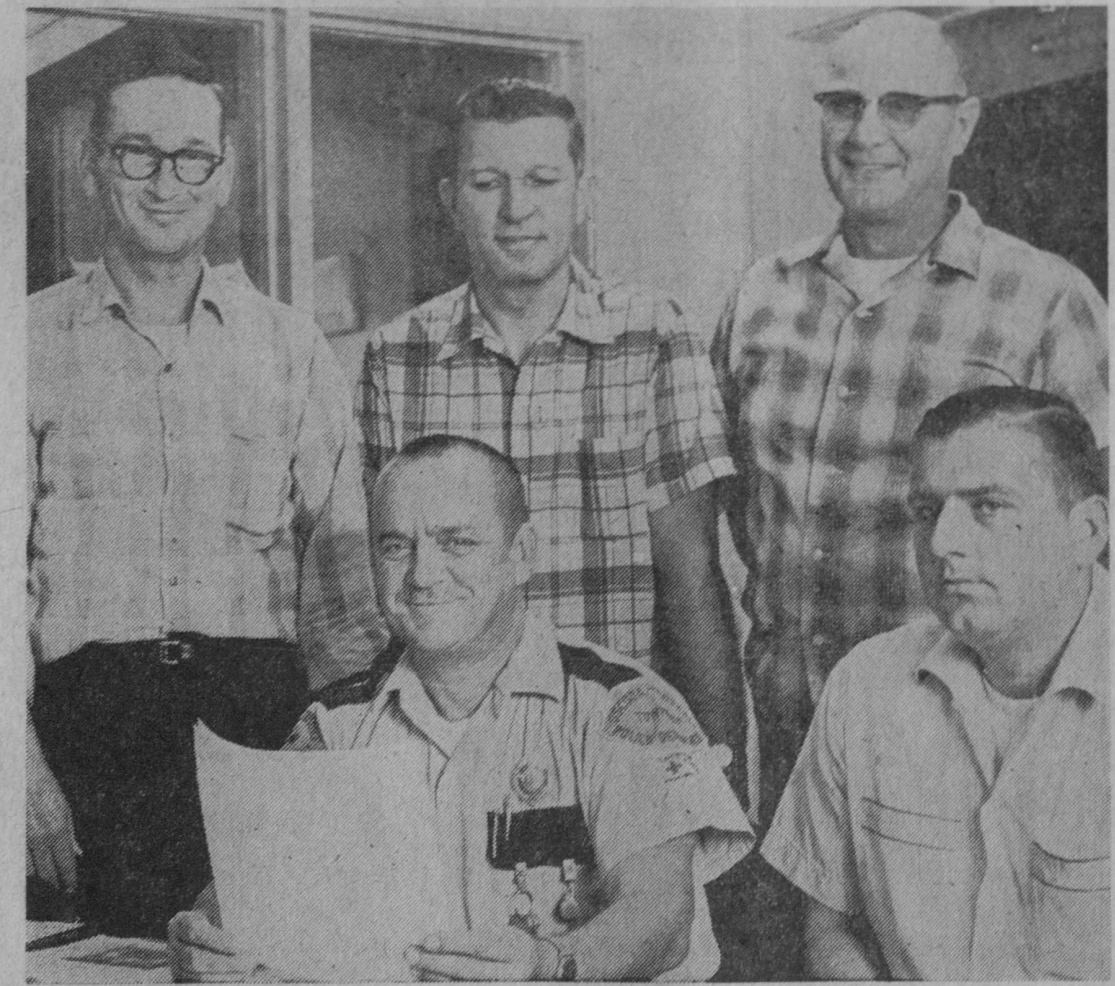

The announcement was made last week by Col. Fredrick E. Davis, department director. Eight officers were promoted and 30 other officers were transferred.

Arnold joined the state police October 9, 1950, serving first at the Clinton post before assignment in 1954 to Cadillac. He resigned from the department in 1960 but was reinstated later the same year and assigned to Detroit, then was transferred in 1963 to East Tawas.

He was born April 5, 1928, at Big Rapids where he graduated from high school, later attending a business college at Grand Rapids for a year. Beginning in 1946, he served in the army for 17 months, 10 of them overseas.

He is married and has two sons and three daughters.

Due to the Labor Day holiday on Monday, September 2, the regular meeting of Tawas City Council will be held Tuesday, September 3, 7:30 p. m.

OSCODA TOWNSHIP'S five-man police force became part of the Iosco Sheriff's Department effective Tuesday when the entire department was sworn in as deputy sheriffs. This action followed recent state legislation which authorized only those township police departments with at least 15 full-time enforcement officers and in a township with a population of 20,000 to enforce state laws. Looking over the new law with Chief Robert Rousseau, seated, left, are Ray Kunth, seated right, and standing from left, Alvin Davis, John Koening and William Tarnosky. The township

police chief will continue to have full charge of his department and the sheriff's department will handle some added administrative details. The township will continue to pay approximately 90 percent of the cost of the department, while the remaining 10 percent will come from the county, as in the past. "We are happy to welcome these officers as deputy sheriffs and the move should prove beneficial to the township and the county through even greater cooperation between the two departments," commented Sheriff Ivan O'Farrell.—Tawas Herald Photo.

Due to the holiday week-end, the cooperation of correspondents, league secretaries, publicity chairmen and individuals with news items is requested in supplying this information as early as possible. Assistance in this matter will be appreciated. The Publishers

Hale Auto Crash Victim Died at Tolfree Hospital

The Rev. Charles Boeder of Hale officiated at funeral services from Wilkie Funeral Home. She was buried in Glen Eden Cemetery, Detroit.

She is survived by two sons, Jack Finn, Detroit, and Jerry Finn, New York.

A member of St. Paul Lutheran Church, Hale, she was president of the Mary Martha Guild, secretary of Timberline LWML, a member of Tri-T, a member of the Hale Extension Group and 60 Lakes Club.

Whittemore-Prescott A. School Gives Opening Day Information

Whittemore - Prescott Area School opens for the fall term with a preschool conference Tuesday, September 3, for faculty members. Students are to report for a morning session on Wednesday, September 4.

The administrative staff will have only one change this year. Jerry Humerickhouse will replace Gerald Hoffman as community school director. Humerickhouse holds a bachelor of science degree from Michigan State University.

Humerickhouse has two years of experience in the Lansing and Easton Rapids area where he was director of junior high school athletics. He is married and has two daughters.

Ray Kesler returns as superintendent. Walter Ferdon as high school principal, Arnold Engster as Prescott Elementary principal and James Galligan as Whittemore Elementary principal.

At the Prescott Elementary School, teachers returning will be Edna Kesler, kindergarten; Marion Wolfgang and Janet Eymmer, first grade; Virginia Clark, second

grade, and there is yet a teacher to be appointed for second grade; Elizabeth Janish, third grade; Norene Smith, fourth grade; Muriel Fitzpatrick, fifth grade. New to the staff for the fifth grade position will be Gary Gillingham, a spring graduate of the University of Michigan.

Returning at the Whittemore Elementary School will be Beatrice Belson, second grade; Margaret Beller, third grade; Clara Waters, fourth grade; Blanche Siegrist, fifth grade; Galligan, sixth grade. New will be Judith Boyd, a graduate of Central Michigan University, who will teach kindergarten and an assignment is yet to be made for first grade.

The special education program has been greatly increased with the addition of three type A classrooms. Verna Snyder, a first grade teacher last year, will have an early elementary special education room at Whittemore; Kathryn Rakestraw, a recent graduate from Central Michigan University, will have a later elementary special education room at Prescott Elementary, and Geraldine Bell Partio,

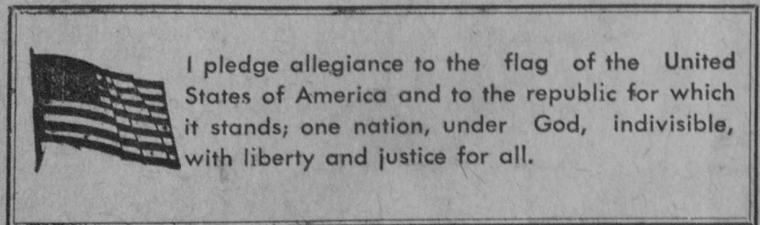

will have a junior high room at the high school.

Mrs. Partio and Mrs. Snyder received training this summer under a state and federal grant to the school. In addition, Robert Kennedy will be speech correctionist for the school and it is planned that a type C consultant for high school students will be obtained during the year.

Besides the returning principal at the high school, Ida Dorsey will return as science teacher and counselor; Robert Bero will teach social studies and driver education; James Bush, mathematics; Hilda Moelter, German and science; Cheryl Fox, English; Alice Thompson, librarian; Richard Fox, social studies and coaching; William Gardner, music.

Janis Grabow, girls' physical education and art; Frederick Lasure, biology and science; Jean Bielecki, junior high; Richard Wight, junior high; Bernard Fegan, mathematics; Joan Wight, junior high.

New to the system is Pat Boyd, physical education and coaching. Boyd is a master degree graduate (See W-P SCHOOL, page 6.)

LETTERS to the EDITOR

To The Editor:
It is a small thing to say "Thank You" to the excellent staff of Tawas Hospital.
Recently, while on vacation, I became the victim of an accident. I was taken to the emergency room at Tawas Hospital. Instead of an intern as most all large hospitals have, I was fortunate to receive the care of an excellent physician, Dr. Norman Payea.
During my stay in the hospital, the sisters, nurses and administrative staff, made a painful ordeal as pleasant as possible.
I hope the people of your locality realize how fortunate they are to have such a wonderful medical facility.
Again, my thanks to everyone at Tawas Hospital.

TODAYS Meditation

Read John 10:15

The Lord came, and stood, and called as at other times, Samuel, Samuel. Then Samuel answered, Speak; for thy servant heareth. (1 Samuel 3:10)
During the 1967 World's Fair, I saw on a gigantic sign 10 figures of a telephone number and a name spelled in man-sized electric lights. Of the thousands of people who walked the islands of the Expo, an emergency call had come for one of them. I hope that person saw the sign.

No matter how many billions of people inhabit the earth, God is signaling a direct message to each one. I had to recognize the letters and numerals to read the electric sign. I must recognize God's language to read His signs.
In Victor Hugo's novel, "Les Misérables," God's language to a priest was a thief stealing his silver. God's language to me has been a stranger on a bus, college students explaining absences from classes, announcements of prayer meetings. His language to you may be a cross word from your boss or the discouraged look on a delivery boy's face.
Are we on the lookout for God's call to us?

PRAYER

We ask thee, O God, to open our eyes to human need. Give us ears to hear Thy call to Good Samaritan helpfulness. In Jesus' name we pray. Amen.

THOUGHT FOR THE DAY

I will keep a close watch for signs from God today. Ethel Tilley (North Carolina)

"Verily, verily, I say unto you, He that believeth on me, the works that I do shall he do also; and greater works than these shall he do; because I go unto my Father."
This passage from the Gospel of John is part of the Responsive Reading in this week's lesson-sermon on "Christ Jesus" to be read Sunday in all Christian Science churches.

Related passages from the denominational textbook are also part of the lesson-sermon. Among those included this week is the following: "His consummate example was for the salvation of us all, but only through doing the works which he did and taught others to do. His purpose in healing was not alone to restore health, but to demonstrate his divine Principle. He was inspired by God, by Truth and Love, in all that he said and did" ("Science and Health with Key to the Scriptures" by Mary Baker Eddy).

Supervisors Meet

Two of the three members appointed as a county building authority met with the board of supervisors last Wednesday to discuss functions of the group.

Attending were Gordon Huck and Daniel Ulrich. The third member, Bruce Myles of Oscoda, was unable to attend.

This group is to study the possibility of constructing a new juvenile detention facility which would be leased by the state. It is also to study possible construction of a building near the medical care facility to house offices of the department of social services.

Named as a committee to act as a liaison between the building authority and board of supervisors were James Campbell, C. S. Everett, Percy Jocks and L. S. Little. In other matters, the board

adopted a resolution authorizing Henry Gage, civilian defense director, to purchase surplus federal property for use by the unit.

Candidates for the new board of supervisors, nine of whom will take over control of county government on January 1, have been invited to attend sessions of the board of supervisors.

A request from James Mielock asking that the county request the conservation department to close the season on pheasants in this county was tabled. It was noted that the department had already taken action on the hunting schedule for this fall. Mielock said that private individuals had been releasing pheasants in the county in order to build up the breeding stock and felt they should be protected.

Little reported on his investigation into the possibility of divorcing dog control duties from the sheriff's department and establishment of a dog warden system. He said that both Alpena and Ogemaw Counties had dog wardens. Alpena pays its dog warden \$600 a year plus fees, while Ogemaw pays its warden \$300 plus fees. Additional investigation is to be made before a recommendation is made for final action.

The insurance committee recommended the following increases: County building, \$20,000; jail, \$8,000; airport, \$2,000; Old Orchard Park, \$7,000.

At the request of Plainfield Township, the county is to seek control of a public access site at Long Lake from the department of conservation. The property had

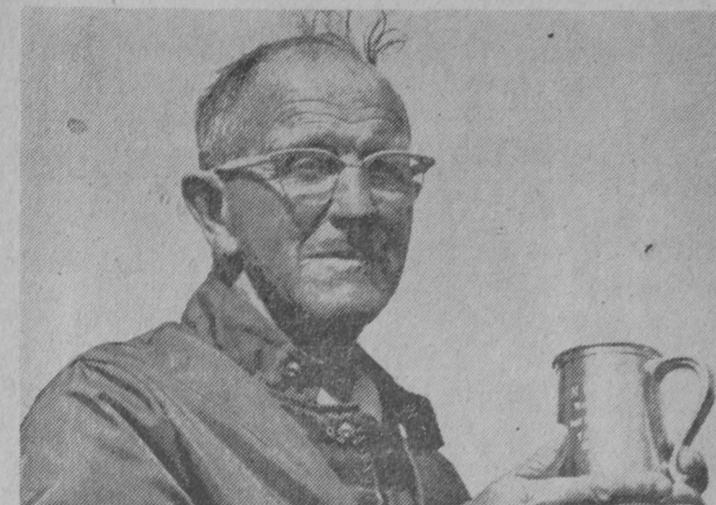

been under jurisdiction of the township. Cost of installing microfilming equipment in the county building was estimated at \$15,190.

Formal action on this matter has been tabled until October. The equipment would serve the register of deeds, probate court and clerk's office.

FOOTBALL PRACTICE started Monday morning at Tawas Area High School. Twenty candidates turned out for the first practice and the squad is expected to number about 24 when the season starts. Head Coach Steve Sventko and Roger Spencer, assistant coach, are pictured here with

the football candidates. The squad lists eight returning letter winners from last year's team, including Duane Look, Russ Potts, Steve Crisenbery, Dave Lixey, Mark Harris, Lyle Klinger, Mark DeBeau and Tom Jacques.—Tawas Herald Photo.

ARTHUR DILLON, 77, East Tawas, who has been sailing on Tawas Bay for 60 years, received this cup following his participation in National Oone Design racing last week-end.—Herald Photo.

Dr. William A. Gregory Now College Drama Director

Dr. William A. Gregory Jr. and Mrs. Gregory of Abilene, Texas, spent last week with his parents, the Rev. and Mrs. William A. Gregory Sr.

The Gregories are moving to Bellingham, Washington, where he will be drama director at Western Washington College.

Gregory is the author of a new book, "The Director," a guide to modern theater practice. The book is scheduled to go on the market by October.

Gregory had spent 36 months as director of Abilene Community Theater and spent 10 months composing a book about the art of stage direction.

The book traces the role of the director in theatrical history, discusses his choice of a play, his work with the technical stage, his task is getting good performances from actors and many other subjects.

Gregory has served as managing director of professional playhouses at Detroit, Manistee and Grand Haven. He earned his doctorate at the University of Minnesota.

He directed Detroit's Vanguard Playhouse before moving to Abilene. He attended school at East Tawas when his father was pastor of the Methodist Church.

Needlecraft News by Nancy Baxter

GINGHAM IS AS MUCH A PART OF THE PICNIC WORLD as potato salad and pickles. Whether your picnic is on the terrace, by a stream, in a park or in your own backyard, this bright tablecloth will help to make it a picnic even ants can't spoil. The only invasion into the gingham world is bright summer flowers. The cloth is 45 inches square, the perfect size for a banquet for two.

YOUR CHECKLIST STARTS WITH GINGHAM

Hold squares of green and white gingham with 1/4 inch check and an equal size square of white cotton together, machine stitch around 1/4 inch from edge. Leaving a margin of 12 inches from the outside edge of the gingham, cut away surplus gingham in the center of the cloth to form a border. The gingham is then slip-stitched to the cotton. And last, but certainly not least, the flower pattern is embroidered in red and black six strand embroidery floss, half across the gingham and half across the white. The flower is boldly outlined in black with a red inner line.

BASKET FULL OF CHEER

Next time you take out the wicker basket, fill the thermos bottle and pack the fried chicken, don't forget to leave room for this tablecloth. It adds its own touch of sunshine when nature has deprived us of hers. I'M LATE, I'M LATE FOR A VERY IMPORTANT DATE and what can be more frustrating than not being on time for the opening of a new show, a luncheon with the ladies club or meeting your husband for dinner? How many times have you had to sew a hem or a button at the last minute—and couldn't find a needle and thread? I am sure that it has happened at least half a dozen times!

SAVE TIME AND ENERGY...

searching for pins and needles by having a handy and compact pincushion nearby. This clock pincushion can easily be hung on the side of your sewing machine or put conveniently in one of the small drawers where it is accessible to all. Pretty enough to give as a gift or for that church bazaar, this little "time-saver" is made with pastel felt, ribbon, sequins, stuffing and mercerized sewing thread to match the felt. A perfect "first project" for a beginner, this pincushion can be made in different sizes and shapes, depending on the imagination of the sewer

when you can be on time by having pins and needles at your fingertips. Take an hour or so to make this decorative clock pincushion and you will save hours when it really counts. Wilber School District Held Annual Reunion

The eighth annual reunion of old Wilber District No. 1 School was held Saturday, August 24, at Silver Valley with 112 former pupils and teachers attending. Buffet-style, pot-luck meal was served at noon.

Oldest members attending were Mrs. Elizabeth Simmons of Tawas City and Wesley Searle of East Tawas. Traveling the farthest were Mr. and Mrs. Wayne Roberts of Sylvania, Ohio; Mr. and Mrs. Walter B. Cornett of Toledo, Ohio. Miss Edna Otis was among the guests.

Byron Brooks, president, announced his resignation after serving in that capacity for eight years. Mr. Brooks was organizer of the reunions. Rollin Brooks of Detroit was elected president for the next two years. Mrs. Edna L. Corner was retained as secretary-treasurer.

A piano furnished by Mrs. Janet Bush was played by Larry Lobdell of Tawas City. Another reunion is planned for next year.

China Painting Demonstration Set by TC Garden Club

Mrs. Ann Wagner will present a program on China painting and ceramics at the September 3 meeting of Tawas City Garden Club. Mrs. Richard Ersparmer will entertain the group for its annual noon cook-out.

Roll call will be answered by naming and describing a favorite fall flower.

Ask Damages for Water Accident

A \$100,000 damage suit has been filed in Isoco Circuit Court by a youth who claims he sustained serious injury when struck by an outboard motor boat July 15, 1964, on VanEtan Lake, Oscoda.

In a petition filed Tuesday, Gary Mundt claims that Edward Wig-

gert, who operated a boat owned by Keith Allen, was careless and negligent in operation of the boat. Both Wiggert and Allen were named as defendants.

Mundt claims that in being struck by the defendant's boat, he suffered excruciating pain, injury to the body, head and neck, speech defects, motor sensory defects, personality changes and other injuries.

LAST THURSDAY NIGHT'S windstorm caused considerable damage in the Tawas area. Trees were uprooted, television antennas were twisted out of shape, one home under construction collapsed, roofs were damaged. This large poplar tree was uprooted at the corner of Church and Bay Streets in East Tawas. Several flags of concrete sidewalk were tossed aside when the tree went over. Electrical power was interrupted for several hours in some sections of the county. —Tawas Herald Photo.

Schreck Won Third Place in Regatta

Charles Schreck of East Tawas returned home from the International Lightning Division's regatta last week with third place in governor's cup division and a new title as chief sail measurer for the association.

Schreck was one of four Tawas Bay sailors competing in the regatta at Cleveland, Ohio. All of the local sailors had trouble with strong gales in the qualifying races, which saw 41 boats capsize in Lake Erie.

The regatta was divided into three divisions according to qualifying races—championship, president's cup and governor's cup. Schreck capsized in one of the three qualifying races and compet-

ed in the third division. With two third place finishes, a fifth, ninth and 21st, Schreck earned third place in the governor's cup division. Other finishers from Tawas Bay in this division were Bill McKinley, fourth place, and Terry Cameron, who capsized and finished in the middle of the field. Herbert Cox was 10th in the presidential cup division.

The international championship went to Tom Mallen, Buffalo, New York, a five-time winner in the association.

from Central Michigan University. He coached at CMU and Waterford Township School and during his college career was selected to the "Little All American" college football team.

Charles Preston, vocational agriculture, farm shop and FFA, is a graduate of Michigan State University and has been honored as both a state and American farmer in the Future Farmer organization.

Dwain Townsend, a former teacher at Whittemore-Prescott, returns from the Essexville-Hampden School to teach commercial subjects. Townsend recently completed his master degree program at CMU.

Charles Reed, a recent graduate from CMU, will teach industrial arts and drafting. In addition to training to teach these subjects, Reed was an outstanding tennis player at CMU.

Patricia Gardner, a Michigan State University graduate in vocational home economics, will teach home economics and family living. She worked in the junior high program last year.

An English position has not as yet been contracted. Of the 20 teachers comprising the high school staff, 10 hold a master degree or better.

In addition to the professional staff, the same personnel will operate cafeterias; Edna Sheffer, Gladys Myers and Leona Chippas at the high school; Eleanor Currie and Edna Clark at Prescott Elementary; Erma Bellville and Shirley Goodrich at Whittemore Elementary.

Secretaries are Irene Dickey, secretary to superintendent of school; Mary Burch, secretary to high school principal; Wilma Ruckie, secretary at Whittemore Elementary, and Lois Best, secretary at Prescott Elementary.

Clarence Bellville will head up transportation and it is expected that the personnel will be about the same as last year with Gerald Bellen, Kenneth St. John, Nelson Ostrander and James Dobson as bus drivers in the Whittemore area. Bill Gibson, Joseph Cooper, Robert Thompson, Alex Stone, Donald Altopp and C. T. Prescott will be drivers in the Prescott area.

An added service for school patrons in purchasing school supplies and paying fees will be the Michigan Bankard System for all school purchases.

ANNUAL steam threshing bee was held last Saturday at the Earl Erickson farm southwest of Whittemore. Earl and his son, Neil, are collectors of antique farm equipment and threshing of oats was accomplished using methods of long ago. In this picture, a steam traction engine furnishes power to operate the grainer.

RESIDENTS of the area pitched in to help with the threshing and George Lappin of Twining is shown tending the conveyer.

THE WORK was hot and dusty and Louis Katterman of Hale slakes his thirst with a "pull" on this earthenware jug.

A TEAM OF HORSES was used to transport bales of straw after the grain went through the threshing machine and straw from the stack at right went through an old baler. Several hundred persons were on hand to watch the activities.—Tawas Herald Photos.

Iosco Can Expect Additional Expense With District Court

Iosco County can expect an additional expenditure of approximately \$18,850 as its share of the new district court, according to a report to the board of supervisors last Wednesday.

Noting that the board of supervisors had established a \$10,000 item in its 1969 budget for magistrates in anticipation of a higher cost for lower courts, Circuit Judge Allan C. Miller said that since the lower court bill had been passed and the new court created effective January 1, there would be no need for any item in his budget for magistrates.

Basing cost of the new court on a share basis between Iosco and Arenac (63 percent for the former and 37 percent for the latter on a population ratio), Judge Miller recommended that the board consider the following items for budgeting

the new court:
 Recorder's salary, \$6,500, with Iosco's share at \$4,000; recorder's travel expense, \$300, with Iosco's share at \$200; transcripts, \$750, with Iosco's share at \$500. Salary of a probation officer, \$7,500, with Iosco's share estimated at \$5,000; magistrate expense, \$10,000, with \$6,500 being Iosco's share; office supplies, \$1,000, Iosco's share being \$650; initial office equipment, \$3,000, and Iosco's share was listed at \$2,000.

Salary of the new district judge has been set by the state at \$18,000. Maximum authorization for district court salaries is \$27,500, with everything over \$18,000 to be paid by counties involved.

top salary for district court judges." Judge Miller said it also appears that there will be a problem of courtroom and office space for the judges, recorder and magistrate.

"I have not included any additional expense in the budget, but you can anticipate that there will be additional requirements made in both the county clerk's office and the sheriff's department for the additional services required. The clerk is custodian of all the records and collector of all fines and costs for the district court. The sheriff is obligated to attend sessions of the district court," said Judge Miller.

"As you know, this court has always made an effort to relieve the clerk's office and the sheriff's department from full time attendance at sessions unless there was a situation that specifically required it. You may be able to work out a similar arrangement with the district judge."

"By keeping our demands to the minimum in these two items, we have been able to save the county substantial money. I think if you examine the budget for the County of Alpena, where neither the divorce nor criminal load are ma-

terially different from ours, you will realize the efforts that we have made to hold the judicial cost down. Their judicial budget has always been double Iosco's," he said.

The judge also noted that a new jury commission statute was enacted which will require him to recommend three persons to be appointed by the governor who will begin serving next May to establish a jury panel from registered voter lists submitted by the various clerks. This new commission will also draw jurors for each term of court.

The statute requires the board of supervisors to establish a compensation for these three commissioners, not to exceed \$25 a day. This board elects its own president and secretary.

"The first year, there may be more meetings than will be subsequently required, but it would seem that a minimum of five days per year would have to be provided for in the budget," said Judge Miller. "This is figuring one day for the initial meeting and one day for meetings before each of the four terms of court. If the full \$25 per diem is established, this would mean \$375, plus supplies."

'Band Camp'

TAWAS AREA High School Band held its first "summer camp" last Thursday and Friday. Meeting at the high school practice field, bandsmen went through their paces under the watchful eye of Winston Blackford, band director at Haslett High School, Lansing. A former assistant to the marching band director at Michigan State University, Blackford worked with the band on formations to be used during the coming football season. The summer camp was held at no extra cost to the district. Gene Salamony, Tawas Area Band director, is to attend Haslett's camp at Syracuse, Indiana, for three days this week where he will direct pre-season concert practice.—Tawas Herald Photos.

Oral Vaccine Ready for Immunization

District Health Department No. 2 has announced the use of Sabin (oral) polio vaccine. As of September 1, "polio sugar cubes" will be available at all immunization clinics. Everyone under age 50 should receive this vaccine for protection against paralytic polio. Those who have already received two doses at the mass clinics should have a booster after four years.
Those who have not received the Salk vaccine (shots) for at least two years should have two sugar cubes—eight weeks apart. It is believed that a single booster four years later will probably give permanent immunity. The oral vaccine will be available to the fifth and 10 graders on the regular school clinic day program.

THANK YOU NOTES — Several patterns from which to choose. The Tawas Herald, Tawas City.

CONCENTRATING on their work, despite hot weather, these two bandsmen practice during a sectional meeting.

Forest Chats Red Feather Drive Plans to be Discussed

Tawas Ranger District HURON-MANISTEE FOREST By HERBERT W. WHITE JR.

The summer use season is finally nearing an end as the tourists return home to prepare for the coming school year. The campsites at Rollways, Monument and Round Lake, which have been full for most of the summer, are now down to one-half to one-third capacity. It is with some relief that we in the recreation division of the Tawas Ranger District observe this end-of-season decrease in use.

During the past summer, recreational use has increased considerably over previous years, requiring considerably more work in our routine maintenance tasks. At the same time, the six billion dollar budget cut required by congress is having an effect on the amount of funds available. Our crew has responded by working harder than ever and they have made numerous attempts to find new ways to do old jobs faster, with less manpower. Still, in the end, we have not been able to accomplish all work at standards we have used in past years.

After Labor Day week-end, we will be closing the second loop of the Round Lake Campground and the entire Corsair Campground so we can begin the work of preparing these recreation areas for another year. Many sites will be fertilized and seeded with grass, picnic tables are to be restained, toilets have to be painted and numerous other tasks must be completed before the next season's use begins.

gins. If additional funds are removed, because of the tax bill, then we may have to close additional recreational sites during the fall and spring season to cut down on costs for routine maintenance, such as garbage collection, toilet cleaning and related tasks.

Unfortunately, the financial situation has resulted in the postponement of any new work, such as the enlargement of the Round Lake Campground, as well as things like new toilets for Silver Valley and Corsair picnic area. However, we are hoping to receive funding to enlarge the Sand Lake beach parking lot, which should alleviate the numerous traffic problems we have had there this past summer.

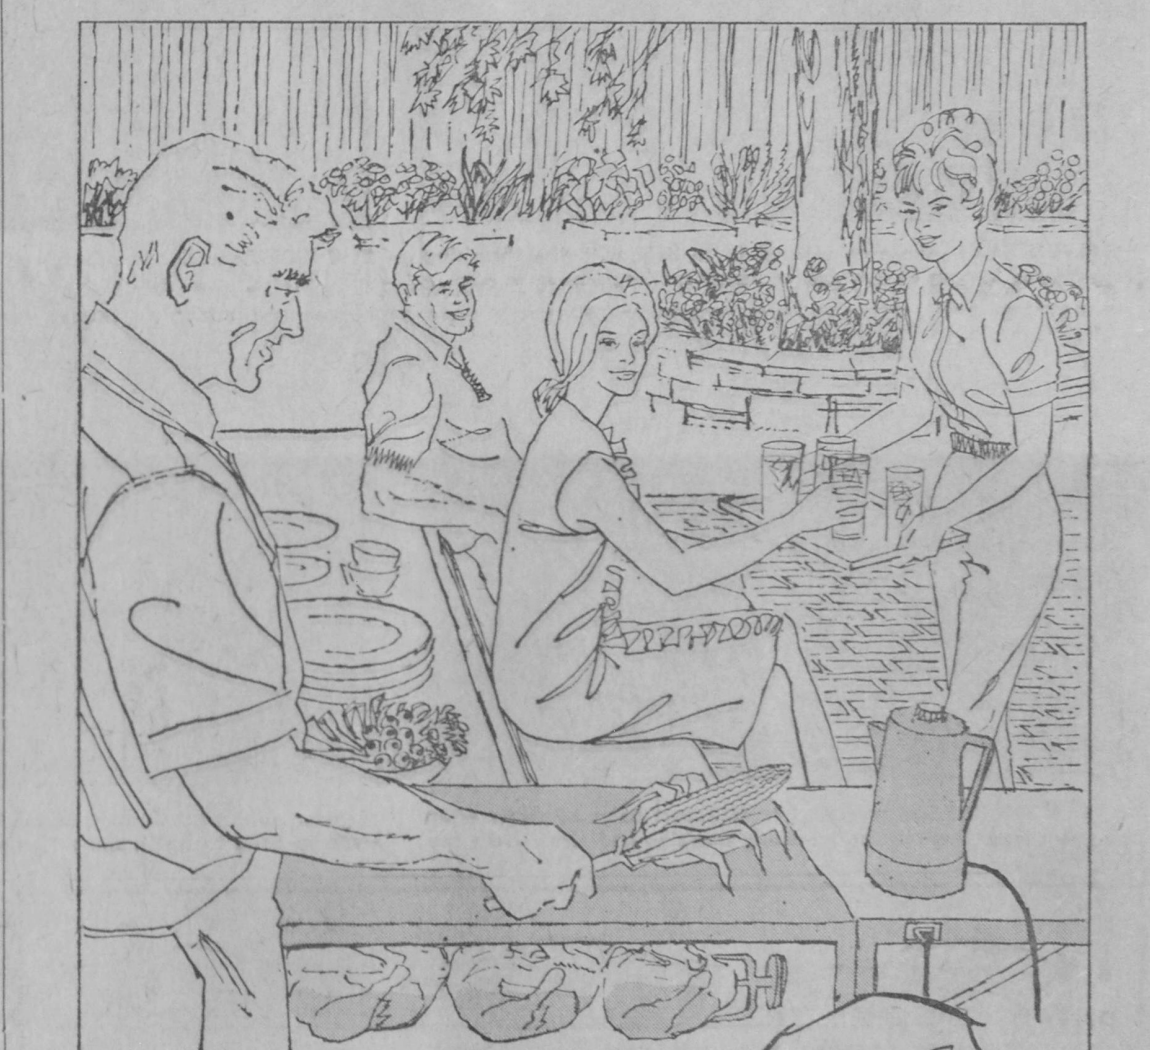

We all hope that the situation will be better next year and that we will be able to provide better facilities and service for your enjoyment of the national forest.

The StarSpangled Savings Plan For All Americans United States Savings Bonds.

An important meeting of Tawas-Whittimore Area Community Chest directors is slated for Thursday, August 29, 7:30 p. m., at the Tawas Chamber of Commerce building. Events of the past few months and plans for the 1968-69 annual fund drive will be discussed. All officers and directors are urged to attend.

The community chest recently received two donations to be used by the Michigan Heart Fund Association. One was received in the memory of Floyd Schaaf Sr. of East Tawas and donated by the H. Beckett Real Estate, East Tawas. The second heart fund donation was placed in memory of Mr. and Mrs. James Dotter of East Tawas. Mrs. Dorothy Kohlmann collected the contributions from Tawas Lake neighbors.

LOOKING BACKWARD—

five weeks to hunt and take movies.
25 Years Ago—
August 27, 1943—C. Archambeau of Detroit has been hired by Charles Moeller as manager of Tawas City Recreation.

PFC Harold DeLosh, army paratrooper somewhere in Sicily, writes that the enemy retreated so fast that his group had to use trucks to keep up with them. His unit was one of those which "jumped" into Sicily.

Considerable activity has been indicated by the leasing of land in Iosco County for oil exploration. A number of test wells have been drilled in the county during the past year, but those who know say that this section will be played aggressively by wildcaters this fall.

Iosco schools offer a fine opportunity for high school training. Every boy or girl needs a high school education, the surest guarantee of future security. In changing times like these, the very desire to do something often leads to students leaving school for defense jobs. This is misguided patriotism. President Roosevelt says keep on with your education.

Iosco Board of Supervisors authorized start of legal proceedings to establish the normal height and level of the waters of VanEtan Lake and that cost of constructing a dam be assessed to benefited property owners.

Joseph Lazar of Wilber Township has instituted proceedings in Iosco Circuit Court against the Iosco Road Commission, claiming that a highway drainage ditch across his land had been allowed to become clogged with debris, had spread water over his fields and destroyed crops.

35 Years Ago—
August 25, 1933—During the period of May through August 1, men of the Civilian Conservation Corps have accomplished much worthwhile work in the Huron National Forest. They have constructed 23 miles of telephone lines, constructed 52 miles of firelines, built two lookout towers, constructed four bridges, constructed three tourist camps and seven tourist camp buildings, along with regular maintenance duties. "Almost without exception, the boys are tanned to a superlative degree and have added from 10 to 20 pounds in weight. If rehabilitation of the young men of the country as a whole, in addition to the accomplishment of vitally necessary work in the forest lands of the nation, were the two primary objectives of the CCC camps, then surely the project has already demonstrated that it is a success," said Supervisor Fenger, who has charge of the five camps in the Huron.

More than 450 employees of the Bank of America in Los Angeles are taking instruction in marksmanship at the police department range as a means of protection in case of holdups.

Judging from the number of new automobiles on the highways, "old man depression" must be leaving the country.

Harry Gaul of Tawas City has been appointed maintenance foreman of the Tawas Division of the Michigan State Highway Department.

H. E. Hanson of East Tawas, C. L. McLean of Tawas City and Henry Jacques of Whittemore have been appointed as members of the Iosco County Emergency Welfare Commission. These men are to head the organization for relief ad-

ministration in the county.

Farmers who have raised wheat within the last three years are allowed government money, which comes from the wheat processing tax, to the extent of about 28 cents per bushel for nearly one-half of his past yearly wheat crop. Iosco farmers planning on sowing wheat again this fall should attend a meeting Friday at the courthouse.

"A WOMAN'S WORLD" WITH Lee Murray

When it is "too hot for housework," there are many household chores that are more fun because of the heat. Hook up a hose or two to the hot and cold water of the basement laundry and run them out a window. Put the whole family into bathing suits and see how many hard-to-scrub items are easier to wash outdoors than in. For example: Kitchen and porch furniture; baby's crib, high chair or bassinette; venetian blinds, screens and storm windows. Even the tiny toddler can have a bucket and small sponge and be set to work on scrubbable toys and wheeled goods.

OUTWITTING THE WEATHER
The more outdoor living you do, the less indoor housekeeping there is to do. An oversized trash basket and a small coaster wagon equipped with a soak-sink does most of your meal-time cleanup on the spot. A larger coaster wagon, or a wheeled table, could include wash water, rinse water and drying rack. The sun is an excellent sanitizer.

APPETIZER MEAT BALLS
1 pound ground lean beef or lamb
2/3 cup instant nonfat dry milk
1/2 cup fine dry bread crumbs
1 egg
1 tablespoon instant minced onion
1 tablespoon parsley flakes
1 tablespoon catsup
1 tablespoon prepared mustard
1 teaspoon salt
few grains pepper
Mix all ingredients well in a two-quart bowl. Shape, with wet hands, into three dozen balls. Bake in a greased 13x9x2-inch pan in an oven preheated to 400 degrees Fahrenheit for 15 minutes or until brown. Spear with toothpicks. Serve with barbecue sauce.

HERO CHEESE BURGER
Split three hero-sandwich buns in half horizontally. Butter each half. Spread the above mixture (Appetizer Meat Balls) on each bun half. Broil to desired doneness. Top each open-faced sandwich with strips of sliced process cheese and return briefly to broiler to melt and slightly brown cheese. Serve whole and hearty for six or cut into smaller portions for hot party appetizers.

Power Co. Tells Plans for Modernization

Consumers Power Company announced this week it plans to spend \$15,000,000 over a five-year period to equip four major electric generating plants with additional air quality control equipment. The presentation was made to the staff of the Michigan Air Pollution Control Commission in Lansing.

In its report to the commission, the company said it would ask temporary exceptions from the Air Pollution Control Act of 1965 to allow orderly installation of the new equipment. Plants are at Essexville, Kalamazoo and Erie. An installation is already underway at Muskegon.

Consumers Power previously had announced plans to invest nearly \$500 million over the next seven years in construction of new nuclear and hydroelectric facilities. The new plants will increase the company's generating capacity by 80 percent. None of these new plants will be fired with fossil fuels.

The report said that, by 1975, about 58 percent of the system's capability would be other than coal-fired as compared to about 92 percent coal-fired today. About 30 percent is to be nuclear-fueled.

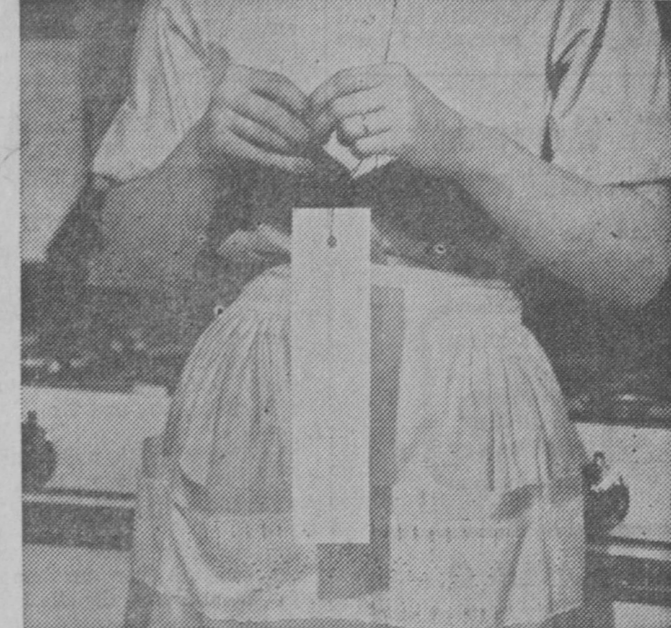

Major coal-fired plants which do not now have the most modern air quality control equipment will be equipped with electrostatic precipitators or other high efficiency equipment by 1972, the report states.

Installation of a 3.5 million dollar electrostatic stack gas cleaning

system is already underway at the B. C. Cobb plant in Muskegon. In addition, the B. E. Morrow plant, Kalamazoo, will have electrostatic precipitators added to its present system by 1970 or will be converted to burn natural gas as fuel. The

J. C. Weadock plant, Essexville, will have high efficiency dust collectors by 1971 and by 1972 the same will be true of the J. R. Whitling plant, near Erie.

The company also plans, over the next few years, to retire several small coal-fired electric generating and steam heating plants where existing equipment is old and cannot be modified effectively to meet air quality control standards. The company said it would ask temporary exceptions to permit an orderly phasing-out of these obsolete facilities.

Mrs. Sedgeman Died August 22

A Tawas City businesswoman, Mrs. Effie Mae Sedgeman, died suddenly Thursday, August 22, at her home. She owned and operated a doll hospital and antique shop for the last 27 years.

Mrs. Sedgeman was born May 19, 1891, at Tawas City. Her husband, William, preceded her in death in 1957.

Surviving are three daughters, Mrs. Miriam Paschen at home, Mrs. Lillian Martin of East Tawas and Mrs. Dorothy Healy of Tulsa, Oklahoma; one son, Mark of Flint; 10 grandchildren; 16 great grandchildren; one sister, Mrs. Martha Roiter of Tawas City.

Funeral services were conducted Saturday, August 24, at Moffatt Funeral Home, East Tawas, with burial in Greenwood Cemetery.

The Rev. George Krish and the Rev. Joseph Dibley officiated.

Senior Citizens Enjoy Picnic at Silver Valley

Wednesday, August 21, a large group of Tawas Senior Citizens Club enjoyed an outdoor picnic at Silver Valley. The weather was pleasant and the group played games. A horseshoe pitching contest proved interesting. Pot-luck luncheon climaxed the day.

The club will meet at the East Tawas Community Building Wednesday noon, August 28. Members with birthdays in August will be seated at the table of honor. Ice cream, homemade cake and beverages will be the menu. Door prizes and other surprises will complete the day's program.

IN THE SERVICE—

Pvt. Thompson Graduates from Marine Training

Marine Pvt. John E. Thompson, 21, son of Walter F. Thompson of Turner and husband of the former Miss Luanna J. Counard of Two Rivers, Wisconsin, was graduated from eight weeks of recruit training at the Marine Corps Recruit Depot, San Diego California.

He will now undergo from two to four weeks of individual combat training and then, after leave at home, will report to his first Marine Corps assignment.

The intensified marine recruit training emphasizes rigid physical conditioning and survival techniques, both at sea and ashore, to develop self-confidence and endurance. Marksmanship with the M-14 rifle and 45-caliber pistol are equally stressed and close order drill instills the tradition of Marine Corps teamwork.

A thorough study of basic military subjects, hygiene, first aid and sanitation, and the customs, courtesies, history and mission of

the Marine Corps serve to polish the new marine's recruit education and prepare him to join the marine combat forces.

Assigned to Fourth Infantry Division

Army PFC Donald L. Nichols, 20, son of Mrs. Ida L. Mecomber of Turner, was assigned July 21 to the fourth infantry division in Vietnam as a rifleman.

His father, George L. Nichols, lives at Whittemore.

Mark A. Mayer Receives Stripe

Mark A. Mayer, whose parents, Mr. and Mrs. George Dubovsky, live at East Tawas, was promoted to army private first class July 31 while assigned to the first United States Army missile detachment in Germany.

A cook, he entered the army in December 1967 and completed basic training at Fort Knox, Kentucky, before arriving overseas in May 1968.

The 17-year-old soldier attended Tawas High School.

Graduates From AF Tech. School

Airman Robert M. Koban, son of Mr. and Mrs. Andrew Koban, Wurtsmith Air Force Base, has been graduated from a United States Air Force technical school at Sheppard Air Force Base, Texas. He was trained as a medical service specialist.

The airman is a graduate of Father Duenas Memorial High School, Tai, Guam.

A Herald classified will sell it.

Wins Second Award in Vietnam

SMSGT. Robert D. Quinge, son of Mr. and Mrs. Harold F. Quinge, Woodville, Washington, has received his second award of the United States Air Force Commendation Medal at Korat Royal Thai Air Force Base, Thailand.

Sergeant Quinge, an electronics superintendent, was decorated for his outstanding achievement with the 553rd reconnaissance wing at Korat. He is a member of the Pacific Air Forces.

The sergeant, who has completed one tour of duty in Southeast Asia, is a veteran of the Korean War.

He is a 1947 graduate of Edmonds High School, Washington. His wife, Norene, is the daughter of Mrs. Ila M. Holshoe of Rose City.

Returns After Vietnam Service

Sgt. Clarence Smith, son of Mr. and Mrs. John Smith of Tawas City, is spending a furlough at home after spending the past year in Vietnam. September 1, he will report to Vandenberg Air Force Base, California, for the balance of his four-year enlistment in the United States Air Force.
