ALVIN (JACK) REED, center, was returned to Iosco County Saturday to face three counts of attempted murder. Now under 24-hour guard at Tawas Hospital, he had received treatment for a slashed throat at Bay City General Hospital. ### Reed Faces 3 Counts of Attempted Murder

Alvin "Jack" Reed, 47, was returned to Iosco County Saturday to face three counts of assault with intent to commit murder.

A patient at Bay City General Hospital since last Tuesday afternoon, Reed was returned to Tawas Hospital under a police guard. It is expected he will be confined there for about two or three days. Reed allegedly attempted to murder three persons in a shooting spree last Tuesday morning at Whittemore. Following the shooting, he apparently tried to take his own life by slashing his throat with a knife.

Under intensive care at Saginaw St. Mary's Hospital is Norma Williamson, 34, Whittemore.

Hospital aides reported her as suffering spine damage after a .38 caliber bullet entered her chest and lodged in her back. Information here is that the bullet has not been removed and there is a possibility that she may be paralyzed from the neck down.

Mrs. Williamson was shot along with two others after Reed allegedly argued with his common law wife, Leona Bronson Reed, 33, in her mother's home at 214 Whittemore Street.

Mrs. Margaret Bronson, 51, has been hospitalized at Telfree Hospital, West Branch, with a bullet wound to the chest. Her condition was reported as "improved" on Friday.

Mrs. Bronson's son, Earl, 22,

suffered superficial wounds to the scalp and shoulder after reportedly disarming Reed in an upstairs bedroom.

Reed, formerly of Whittemore, returned to the area from Union, Oregon, two days before the shooting incident. The shooting spree was allegedly ignited when his estranged wife refused to return to Oregon with him.

Although it is reported that Reed fired twice at her, Leona Bronson Reed was the only person in the house to escape unharmed.

State law requires that persons desiring to register may do so with the township or city clerk at his office on the first Saturday preceding the close of registration between the hours of 8:00 a. m. and 5:00 p. m.

Persons may register as general electors on other days but should contact city or township clerks to determine days and hours on which offices are open.

### Sales Analysis Gives Tax Break to Some

Taxpayers in several Iosco units will benefit at tax time next year from a sales analysis completed last week by the Iosco Tax Equalization Department and approved Wednesday by the board of supervisors.

Receiving benefit of lower assessments and consequently lower taxes will be residential property at Whittemore, certain Lake Huron frontage in AuSable and Baldwin Townships, all agricultural lands, seven inland lakes and owners of large parcels of timber cutover (hunting) land.

"When Gem Surveys conducted its reappraisal of all property in this county, sales records were available for only two preceding years. Now, we have one more year of sales to study in order to obtain a better picture of values," said Henry Oates, tax equalization director.

Oates said that of the 1,382 parcels of residential land sold over the past three years, total sales value amounted to \$8,584,830, which compared to the appraised value of \$8,185,885, indicating that sales were averaging 4.87 percent over appraised values.

At Whittemore, however, the sales study conducted by Oates indicated that residential sales amounted to only 79.71 percent of the appraised value of 23 parcels sold. As a result, a 20 percent reduction on Whittemore residential property was recommended and approved.

Oates said, however, that the sales study had indicated several "hot spots" in Tawas Township and East Tawas, where residential sales were above appraised values. In these particular areas, adjustments are to be made increasing appraised values without effecting the over-all picture of the two units.

Certain Lake Huron frontage in AuSable and Baldwin Townships, where water erosion has lessened sale value of property, is to be reduced by \$15 per front foot.

A study of agricultural land has indicated that in 58 sales over the past three years, total sales have amounted to \$488,390, as compared to \$507,260 as the appraised value of the property. A 10 per-

cent reduction on all agricultural land was recommended and approved.

Oates' study indicated that property on nine out of Iosco's 13 inland lakes should be adjusted—seven downward and two upward. Property on lakes to be adjusted downward include Chain, Floyd, Indian, Jose, Little Island, Round and Loon. The two lakes where sales have been running higher than appraisals and are to be adjusted upward include North London and Sand Lake.

Total sales on inland lakes amounted to 277 parcels, with actual sale of property amounting to 87.5 percent of appraised values. A variation of five percent is required before any over-all change is made, as was the case in the nine lakes above. Adjustments are to range from \$5 to \$15 per foot.

Owners of large parcels of timber cutover land are to benefit from recommendations of the board's tax equalization committee, which had studied Oates' recommendations on the other categories before submitting them to the board. It was felt by the committee that owners of large parcels of hunting land should have the same "excess factor" as given to owners of large parcels of residential land (one description with more than 100 feet of frontage).

As a result, owners of hunting land under one description ranging from 160 acres to 320 acres will receive an eight percent reduction in appraised value; from 320 to 480 acres, a reduction of 16 percent; 480 to 640 acres, a reduction of 24 percent.

Oates reported that property which had been purchased in the county by the Michigan Department of Conservation would now go on the tax rolls according to appraisals by the state tax commission. This would not include tax-reverted land. Until a new law went into effect, this property had not been taxable.

LITTLE PEGGY JO SMALL, 17-month-old daughter of Mr. and Mrs. Willard Small, Tawas City, is not quite sure if she wants to whisper into Santa's ear—his beard is too scratchy. She was one of many children waiting for Santa's annual

visit at the Tawas City branch library Friday evening. Furnishing candy for the visit was the Tawas City Businessmen's Association.—Tawas Herald Photo.

### Petition Drive—

#### Prescott Gives His Support to Tax Plan

A petition drive to cut property taxes paid by Michigan homeowners from 50 to 75 percent by eliminating school operating millage and increasing the state income tax to pay the costs of running schools has the enthusiastic support of State Rep. George A. Prescott, Tawas City.

"The constitution requires us to provide adequate and equal educational opportunity to all Michigan children," Prescott pointed out. "We will never be able to meet that responsibility while our schools depend so heavily on the property tax—a form of taxation that is itself highly inequitable and, totally inadequate."

Launched by Rep. Roy Smith, Ypsilanti, the petition drive Prescott supports would force a state-wide election on the question of amending the constitution so as to outlaw property taxes for school operating purposes and mandate the legislature to replace the revenue through the state income tax.

Proponents estimate the expected reduction in property taxes would require an increase of about 3.4 percent in the personal income tax, with the corporate rate rising proportionately.

"Elderly citizens living on fixed incomes and pensions will benefit most from this change," Prescott said.

"The program, which Representative Smith had called 'fair share' school financing, will also be much more equitable for low and moderate income homeowners."

"Even higher income persons should welcome the change, since it will mean they pay for education in their productive years and are relieved of this burden when their retirement comes."

### County Studies AuSable River Mouth Boat Launching Ramps

Possible development of property at the AuSable River mouth is being studied by the Michigan Water Resources Commission for boat launching and parking facilities.

The site being studied is presently under lease from the state by Iosco County. Recent fill work by the county brought river frontage on the river to 2,100 feet.

Walter Poyet, chief of the Michigan Department of Conservation's design section, contacted the county board of supervisors Wednesday

concerning possible development. Poyet was here Thursday to meet with the board's conservation committee.

Being contemplated is a 100-car parking lot, four boat launching ramps and restroom facilities.

This is the same program which is under consideration in the Tawas to aid in providing facilities for coho fishermen.

Carrying on negotiations with the state after January 1 will be the county's new parks and recreation commission which was ap-

pointed Wednesday by Charles Smith, chairman of the board of supervisors.

County Agent Marvin Davenport was named chairman of the committee. Members will include Richter Lixey, Percy Jocks, Aubrey Belson, Donald Karcher, Harold Gould, Henry Conley, John Mielock, Ira Scofield and Smith.

Following Thursday's meeting with Poyet, Smith said that the county looked to be in a very favorable position to receive state assistance in this project.

### 'Old' Board Held Final Session

## New 9-Man Iosco Board Takes Oath

Several items on last Wednesday's agenda will be carried over to the new nine-man Iosco Board of Supervisors as the "old" 19-man board completed its final business before adjournment.

The 19-man board provided for a smooth takeover of the reins of county government by setting January 3 as the date for the new board to hold its organizational meeting.

One of the items of long-standing which is now in the hands of the new board is action on the proposed Tawas Lake Dam. Guy Ramsey, president of the Tawas Lake Property Owners Association appeared before the board to learn the status of property condemnation which had been recommended some months ago.

Action on the proposed dam has been "hanging fire" for years. Following establishment of the lake level in 1949, the project has met numerous delays. The board referred the matter to its drains and ditches committee, which will no longer be active after December 31. This will be one of the first items of business to be discussed by the new board.

The board authorized expendi-

tures of \$910 for remodeling the supervisors' room into quarters for the new district court. The room is to be partitioned off with two offices for the judge and his stenographer. The board's meet-

ing room, which is to serve the court, is to be reduced in size from the present quarters.

District Judge J. Richard Ernst reported on plans for the court. Jury trials are to be held in the

re-modeled supervisors' room. It now appears that Probate Judge William McCreedy is to serve in a dual role as the coun-

ty's magistrate for district court. All justices of the peace are to be eliminated in Michigan effective December 31. An audit of all JP records is to start at the end

MEMBERS of Iosco County's 19-man board of supervisors are shown here at the conclusion of Wednesday's session, last under the present organization. On hand to witness the final adjourn-

ment were county officers. Supervisors removed name plates from their desks as a souvenir of their services to the county.—Tawas Herald Photo.

BEFORE ADJOURNMENT of Wednesday's session of the board of supervisors, Judge Allan C. Miller, left, administered the oath of office to eight of the new nine-member board. Standing from left are

Carlton Merschel, Robert Foster, Clement Stephan, Fred Lomas, Aubrey Belson, William Woreley Jr., Walter Miller and J. Berkeley Smith. Missing at the time was Jack Allen.—Tawas Herald Photo.

# Braves Edged by Gs

A red-hot Flying G squad from Gladwin put the damper on Tawas Area Braves' two-game winning streak Friday night with a 79-56 victory. The Junior Braves took an easy 70-34 win over the Gladwin Junior Varsity.

The Gs displayed an outstanding passing attack and their phenomenal fourth quarter shooting ended any hope for a come-from-behind victory by the Braves.

Gladwin jumped off to an early lead in the first quarter but the Braves stayed hot on their trail and, with 44 seconds to go, Dennis Krish connected on two buckets to give the Braves a 15-13 lead. That was the only quarter during the game that Tawas held a scoring margin as the Gs came back with a 17-15 second quarter edge to tie the game at 30 points at intermission.

Gladwin roared to an early lead to start the second half and the Braves trailed by four or five points throughout most of the second two quarters. Gladwin used its height to good advantage by going into an airtight zone defense which stopped Tawas' running game.

The story of the game was that Gladwin controlled both the offensive and defensive backboards and the Braves either hit the bucket or lost control of the ball. A good indication of the effectiveness of Gladwin's zone defense was that Tawas connected on only 30 percent of its shots for the game as they had to hurry to get the ball away.

Gladwin outscored the Braves, 20-15, in the third quarter and then completed 11 out of 12 shots from the floor in the fourth quarter to put the game out of reach.

Big man in Gladwin's scoring attack was the husky Jeff Juneac, who meshed 20 points. Juneac was deadly from the corners and meshed five buckets without a miss in the Gs' red-hot final.

While Krish seemed to be having trouble finding the range, he still ended the game with 25 points on 10 field goals and five charity tosses. The little guard was Tawas' only scoring threat and that meant the difference between the two teams.

Gladwin had a well-balanced scoring attack with five players in double figures. Wagar's rebounding was a big factor in the game and Dicken directed the Gs with a good passing game.

The Junior Braves jumped to a 12-4 first quarter margin and had an easy night. The second quarter found Tawas with a 17-10 scoring edge, followed by 24-4 and 17-6 margins.

Gary Libka made a real night of it by meshing 26 points to be the only Junior Brave to hit in double figures. Others scoring were Tim Fox, eight points; Mike Svontko, seven points; Mark Schirmer, five points; Ron Ulman, Bill Sheldon, Greg Luedtke, Craig Herriman, four points each; Tom Kasischek, Tom Becker, Gene Evans and Terry Bean, two points each.

The two games end basketball action during the holiday season and the Braves travel to Oscoda to take on the NBC leaders on January 7.

NEW OFFICERS of the Tawas Chamber of Commerce are pictured here following a luncheon last Wednesday. From left are John Austin, president; Timothy O'Connor, vice president; Edward Gordon, secretary, and Robert Kendall, treasurer.—Tawas Herald Photo.

# Austin Named C of C President

John Austin was elected president of Tawas Chamber of Commerce at a meeting of the board of directors held Wednesday noon at the Buckhorn Inn.

Other officers named were Timothy O'Connor, vice president; Robert Kendall, treasurer; Edward Gordon, secretary.

New directors elected by the membership included Edward Savage, James B. Race, Harris Barkman. Others newly elected to the board of directors, but who had served previously included Wayne Freiberg, E. D. Jacques and Jerry Reiter.

Representing the Tawas City Businessmen's Association on the board will be Clarence King, while Joseph Branham will represent

the East Tawas Business Association.

Serving the second year of two-year terms are C. A. Arlington, Joseph Badalucco, Floyd Dye, Gary Goddard, Neil Thornton, John Solomon, Larry DeBeau.

Gar Basset, immediate past president, extended his thanks to all who had assisted the chamber during the past year.

In urging active participation in chamber functions, Austin told directors that "the area will support us in proportion to the kind of job we do." He said that members should get some personal satisfaction by doing something for someone else.

There were 192 paid members during the past year, an increase over 1967.

## St. Joseph's CMAS Enjoyed Pot-Luck Supper Dec. 19

St. Joseph's Christian Mother's Altar Society enjoyed a pot-luck, ham supper in conjunction with its Christmas party at the social center in East Tawas December 19.

Decorative red Santa bags filled with candy canes and tied with pipe cleaners were used at the place settings. The supper committee was Mrs. Lloyd Cooper and Mrs. Val Fallu.

Mrs. Clayton Busha, Mrs. Gordon Hackborn, Mrs. Donald Reinke, Mrs. Bernard Reinke, Mrs. Girard Schiell, Mrs. Jesse Sidorsky and Mrs. Martin Strelecki served on the decorating and program committees.

Get-well cards were sent to Mrs. Frank Nelkie Sr., who had suffered a fall at home; Mrs. L. C. DeFram, who is recuperating from a broken hip and is living presently with her son in Lansing; Mrs. Arnold Drumm, a patient at University Hospital, and Mrs. Joseph Heenan, who was in the local hospital.

Miss Anneje McMurray and Mrs. Scott Schreiber became members. Mrs. Kenneth Look and Miss Ruth Ann Murphy were guests.

Miss Charlene Sheehan and Miss Patti Sheehan assisted the program with piano selections. Miss

Geralyn Sheldon gave a Christmas message. Mrs. William Rapp presented two readings, "One Solitary Life" and "The Story of the Holly."

"The Miracle of the Poinsettia" was sung by the fifth and sixth graders and was dedicated in the memory of Mrs. Robert Elliott Sr.

Following a round of Christmas carols, five door prizes were won by Mrs. James Sheehan, Mrs. Busha, Mrs. Bernard Nelkie, Miss Murphy and Miss Beth Hackborn.

## Senior Citizens Enjoyed Annual Christmas Party

Over 125 Tawas Area Senior Citizens gathered at the East Tawas Community Building Wednesday, December 18, for their annual Christmas party. Members exchanged Christmas gifts and enjoyed lots of homemade cookies, tea and coffee.

Prior to the festivities, an election was held, naming officers for 1969.

Those elected were Carl Arft, president; Kirby Milleur, vice president; Mrs. Mabel Liske, secretary, a second term, and Mrs. Frances Sheeks, treasurer.

First meeting of 1969 will be held at the East Tawas Community Building Wednesday, January 8.

## Buchanan-Katterman Vows Said at Zion Lutheran Church

Amid a floral background of white poinsettias in Zion Lutheran Church December 21, Debra Katterman of Ann Arbor became the bride of Dale Buchanan of Big Rapids.

The bride's parents are Mr. and Mrs. John Katterman of Tawas City and the bridegroom's parents are Mr. and Mrs. Leslie Buchanan of AuGres.

The Rev. Ronald Farah solemnized the double ring vows. Miss Carolyn Wendt of Grand Blanc was organist.

The bride approached the altar wearing a gown of delustered satin, featuring lace banded bracelet sleeves and a mandarin neckline. A band of lace with satin button accents formed her skimmer floor length skirt, which was highlighted at the back with a Watteau lace banded train falling to a brush sweep. A matching Dior bow headdress secured her imported English illusion cathedral veil. She carried a cascade bouquet of white roses and holly. Her father escorted her.

Matron of honor was Mrs. Robert Ridenour of Tawas City. Maid of honor was Miss Helen Uiman of Mt. Pleasant. Mrs. Dennis Buchanan of Bay City was bridesmaid. They were attired in olive green velvet gowns, styled with lace banded bracelet sleeves and lace necklines. Skimmer floor length skirts were accented at the back with satin bows and floating streamers. Matching velvet bow bandeau and bubble veils completed their attire. They carried cascade bouquets of holly and red carnations centered with a globe and candle.

Dennis Buchanan of Bay City was best man. Groomsmen were Michael Sass and John Neuhan, both of Detroit.

John Jordan of Ann Arbor and Donald Cabbie of Big Rapids were ushers.

Mother of the bride chose a light blue woolen dress fashioned with silver and blue embroidery. Her accessories were silver. The bridegroom's mother was attired in pink velvet with braid trim. Their corsages were made of pink roses.

Following the ceremony, a dinner and reception was held at the East Tawas Community Building. Out-of-town guests were from Royal Oak, Ferndale, Chesaning, Grand Blanc and Lansing.

The couple will make their home in Big Rapids, following a wedding trip to Northern Michigan.

The bride attended Concordia Lutheran Junior College, Ann Arbor, and the bridegroom is attending Ferris State College, Big Rapids.

Pre-nuptial showers were hosted by Miss Jean Schroeder, Miss Laura Ruediger, Miss Nancy Denny, Mrs. Ridenour and Miss Uiman.

Barbara White is Student Teacher

Miss Barbara White, a senior at Augustana College, is a student teacher at United Township High School, East Moline. She is teaching music.

Miss White is a daughter of Mr. and Mrs. Ralph T. White, East Tawas.

**LAST DAY OF REGISTRATION SCHOOL ELECTION**

**NOTICE OF LAST DAY OF REGISTRATION OF THE QUALIFIED ELECTORS OF TAWAS AREA SCHOOLS IOSCO AND ARENAC COUNTIES, MICHIGAN**

TO THE QUALIFIED ELECTORS OF SAID SCHOOL DISTRICT: Please Take Notice that the Board of Education of Tawas Area Schools, Iosco and Arenac Counties, Michigan, has called a special election to be held in said School District, on Thursday, February 6, 1969.

Section 532 of the School Code of 1955 provides as follows: "The inspectors of election at any annual or special election shall not receive the vote of any person residing in a registration school district whose name is not registered as an elector in the city or township in which he resides..."

The last day on which persons may register with the appropriate city or township clerks, in order to be eligible to vote at the special election called to be held on Thursday, February 6, 1969, is Friday, January 3, 1969. Persons registering after 5:00 o'clock, p. m., on the said Friday, January 3, 1969, are not eligible to vote at said special school election.

Under the provisions of the School Code of 1955, registrations will not be taken by school officials and only persons who have registered as general electors with the city or township clerk of the city or township in which they reside are registered school electors. Persons planning to register with the respective clerks must ascertain the days and hours on which the clerks' offices are open for registration. Section 535 of the School Code of 1955, requires each city and township clerk to be at his office between the hours of 8:00 o'clock, a. m. and 5:00 o'clock, p. m., on the first Saturday preceding the close of registration that is not a legal holiday. For this election this day is Saturday, December 22, 1968.

This Notice is given by order of the Board of Education of Tawas Area Schools, Iosco and Arenac Counties, Michigan.

of the year. County Agent Marvin Daventport showed a film on functions performed by the County Extension Service.

Walter Kasischke, Tawas Township supervisor, presented a plaque to John Henry for his long years of service with the county road commission.

The board approved an appropriation of \$750 to Recreational Research Associates, Muskegon, for park planning purposes at the mouth of the AuSable River. On recommendation of the finance committee, the board approved transfer of \$8,599.66 from the social welfare fund to the public improvement fund. This is to reimburse the latter for purchase of furniture for the 14-bed addition at the medical care facility. Authorization was given to the clerk, treasurer and register of deeds to attend mid-winter conferences in January.

HENRY NEUMANN

### Henry C. Neumann, Retired Railroad Employee, Dead

Henry C. Neumann, who was born in Iosco County, died Thursday, December 19, at the Iosco Medical Care Facility. Mr. Neumann was 70 years old. He had been in poor health several months.

He was born at Tawas City August 23, 1898, and had worked as a machinist for the Detroit and Mackinac Railway Company until retiring five years ago. He was a member of the Lutheran Men's Club and the Emanuel Lutheran Church, Tawas City.

Neumann managed the Tawas City independent baseball team in the 1930s and his team won two league championships. He was an active bowler for many years.

Surviving are two brothers, Fred and William of Tawas City; three sisters, Mrs. Elsie Henry of East Tawas, Mrs. Margaret St. James and Mrs. Iva Crum of Tawas City.

Funeral services were conducted Monday, December 23, from the Emanuel Lutheran Church with the Rev. James Rockhoff officiating. Burial was in the church cemetery.

### Prescott Man Died December 18

Norman Redfield, 69, Prescott, whose son, Gordon, is a resident of Klenow Road, Tawas City, died December 18 while fishing on Lake Ogemaw.

A resident of the Prescott area for more than 60 years, he had been a farmer and a businessman. Before retiring, he operated a restaurant and youth center.

Besides his son, he is survived by his wife, Eva; three daughters, Mrs. Erma Middleton of Coleman, Mrs. Norma Connors of Capac and Mrs. Donna Wishuhn of Flint; two sisters.

### Roads Slippery in Iosco County

State police and Iosco Sheriff's Department report there were no serious accidents Saturday night or Sunday morning. Driving conditions were becoming hazardous because of the season's first heavy snow fall.

HALE'S business district has gay, new Christmas decorations, thanks to the efforts of Mrs. Howard Atkinson (left) and Mrs. Vernon Ranger. The business district's decorations were destroyed by fire some years ago and the two ladies decided they would take matters in their own hands. They solicited enough money from businessmen to purchase decorations, which were installed two weeks ago. Plans are to purchase additional decorations next year. One of the lighted pole decorations is pictured directly above.—Tawas Herald Photos.

## Hale A. School Proposal to be Discussed Jan. 9

A special meeting to discuss Hale Area School's proposed construction program is to be held Thursday, January 9, 7:30 p. m., at the high school gymnasium.

After studying and planning for the past 1½ years, a building program has been developed which would relieve overcrowded conditions, substandard facilities, teacher and student working conditions.

The board has announced that a building program is to be presented to district taxpayers on Wednesday, January 15.

Hale Area School seeks to bond the district for \$1,450,000 in order to erect, furnish and equip a new junior and senior high school building, as well as to remodel the present high school building for elementary purposes. The present wood structure would be removed.

In a letter to taxpayers this week, the board of education stated that the most important thing involved is "the education of our children and those in our community beyond high school age, who wish to continue their education—whether for self improvement, recreation or high school completion."

In consideration of the district's increased valuation this year, the board of education reduced voted millage this year from four mills to two mills. In addition, one mill

was dropped from the two-mill levy to finance the elementary building constructed in 1963. The elementary building will be paid for at the present tax collection rate in three years from May 1969, or possibly sooner.

The above makes a total reduction from six mills voted above county allocated last year to three mills this year. A mill is \$1 per thousand dollars of assessed valuation.

Building programs are voted on as dollars and not mills. If approved, the board would levy millage necessary to meet the dollars needed each year to pay off bonds. As the valuation of the district increases, the board then lowers the millage assessed.

Maximum millage assessed on this building program the first year, based on this year's valuation and based on maximum interest rate permitted by the state, would be 6½ mills for building only.

By natural growth, the district has gained \$200,000 to \$300,000 on the average per year. With Ogemaw County going on Gem Survey figures next year and based on the fact that no bonds have been sold at the maximum interest rate up to the present, it should take 6½ mills to build the school.

The vote was set for January and there would be a possibility of starting construction next year, hopefully to have it completed by the fall of 1970. The planning stage was not advanced enough to place the proposal before voters last summer.

A later date than January would have made the completion date of the building sometime in 1971.

### Plan Snowmobile Rally at Alpena

Jaycees of Alpena will sponsor the first annual Alpena Snowmobile Rally Saturday and Sunday, January 11-12.

January 11 will see an exciting Saturday Snowmobile Safari, featuring hot food and drinks along the 25-plus-mile trail. Several local businessmen will be sponsoring special "snowmobile round-ups" and revelry Saturday evening.

On Sunday, January 12, the Alpena Jaycees will sponsor the first sanctioned snowmobile races ever held in the Alpena area. The races, which will be held at the Alpena County Fairgrounds and Racetrack, will be sanctioned by the Michigan Snowmobile Association.

Alpena area is preparing for one of the most exciting winter week-ends it has ever seen.

### Busy Season for VFW Auxiliary

December events have made a busy season for members of the VFW Auxiliary of Post 5678.

Mrs. Naomi Bennett won the mystery package at the regular meeting on December 9.

The hall was decorated with a Christmas tree and tables in red and white for the auxiliary potluck supper on Thursday, December 12. Secret pals were revealed at the exchange of gifts time. Games were played and many received prizes. Mrs. Ralph Davis was hostess.

To honor the Gold Star mothers, Mrs. Mae Carribeau, Mrs. Gladys Ohst, Mrs. Jennie Smith and Mrs. Daisy Huey, pocketbooks were given to them as gifts.

A buffet supper was the mode for the joint Christmas party of the post and auxiliary Saturday, December 14. Entertainment was followed by cards being played.

On Sunday, December 15, 30 children and 12 parents attended the annual children's Christmas party. M. R. Engel of Oscoda passed out presents and candy. Ice cream and cookies treated the children.

Committee for the party was Mrs. Opal Kyser, Mrs. Audrey Walstead, Mrs. Edgar Barnes, Mrs. John Reiter, Mrs. Marge Hughes and Mrs. Davis.

## Mio Thunderbolts Too Big for Eagles

Hale Area Eagles had five players hitting in double figures Tuesday night and still lost to Mio, 92-83. Considered as one of the top class D teams in Northern Michigan, the Mio Thunderbolts have good height and speed.

The visitors jumped off to a 27-17 lead in the first quarter and were never headed. Mio held a 52-36 margin at intermission and extended the lead to 79-57 at the end of the third quarter.

The Eagles were able to hit only 33 percent of their shots from the floor, but converted 66 percent from the foul line.

Wayne Miller topped scoring

with 18 points, followed by 17 points for Elite Shellenbarger, 16 by Plyn Shellenbarger, 15 points by Mike Cline and 14 points by Greg Wereley.

**TODAY'S Meditation**  
 from The World's Most Widely Used Devotional Guide  
 The Upper Room

(Read James 3:1-5)

The Lord Jehovah hath given me the tongue of them that are taught, that I may know how to sustain with words him that is weary. (Isaiah 50:4, ASV)

Few people realize the power of words to create and maintain Christian faith and courage. And yet, again and again, the faint-hearted and despairing have been transformed into confident and courageous victors by the magic of words. On the other hand, words of criticism and disparagement have taken the heart out of a struggling individual, as strength leaves the body when an artery is opened.

What will be the effect of my words today upon the people who hear them? Will they set the bells of joy and hope ringing in their hearts or will they cause them to have less respect for themselves and others? These are questions which should be asked at the beginning of the day.

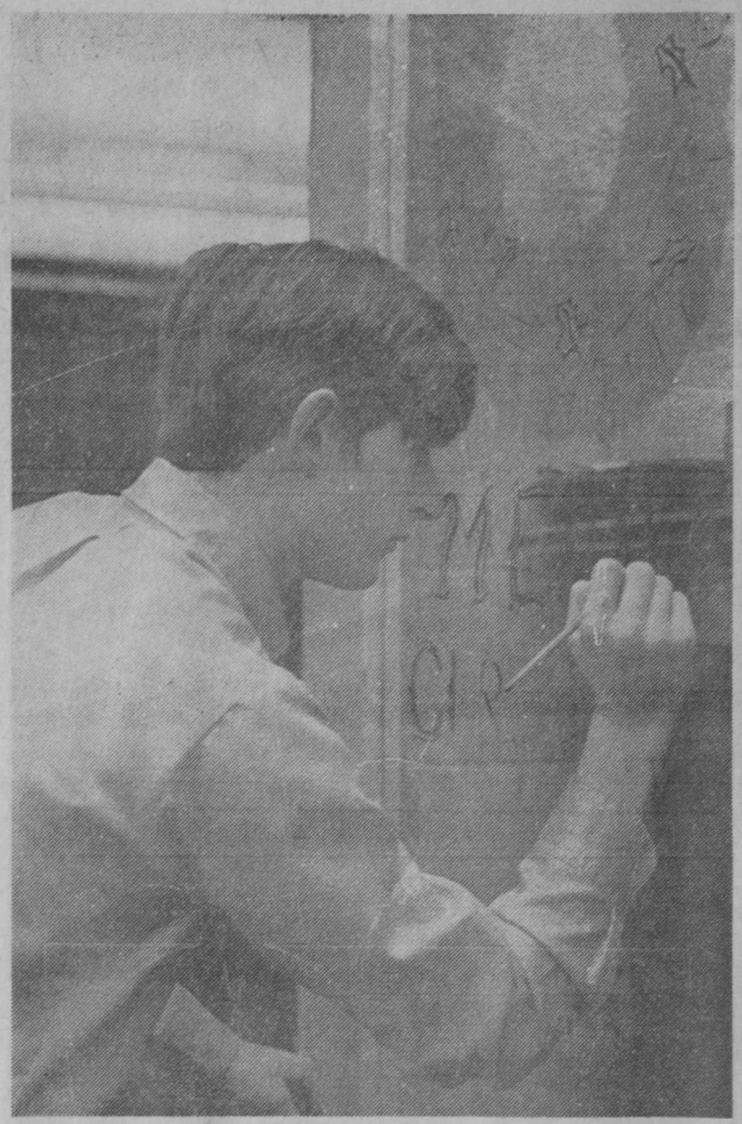

To realize the sensitiveness of the human heart to words that burn and corrode will help us to restrain them when they rise to our lips. Better still is it for Christian grace to control our lives so completely that such words do not fashion themselves in our hearts.

**PRAYER**

Heavenly Father, who didst give us Thy best gift when "the Word became flesh, and dwelt among us," help us to give to others our best and not our worst in the words which we speak this day. Amen.

HINTS FOR TEENAGERS

...From your Sewing Editor

TOUCH ME NOT! WHO SAYS SO!

Fabric is unbreakable. Use your sense of touch. Does it feel soft or crisp? Is it smooth or napped? Is the weave firm or loose? Does it wrinkle? Unroll a yard or two of material and see how it drapes. Does it fall in soft folds, flare or hang straight? Study the garment's silhouette. Will the fabric cling, gently skim the body or stand away?

Selecting the perfect fabric for a pattern is important and exciting. The colored sketches on the front of your pattern envelope will inspire you; the suggested fabrics listed on the back will lead you in the right direction. After making the touch test, read hang tags for information on fiber content, shrinkage and special finishes such as "Permanent Press" or "Easy-Care." These are the facts behind the feel and drape of a fabric. They let you know how to prepare a fabric before cutting out the pattern and how to care for the finished garment.

### Possibilities Unlimited

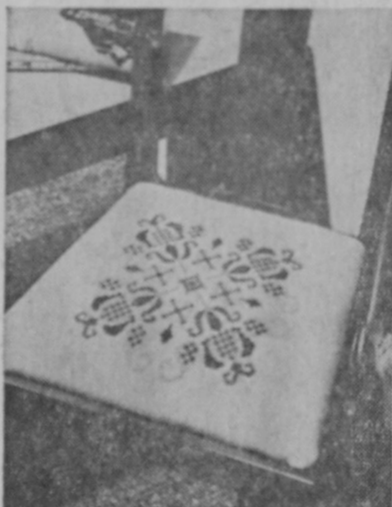

This uncluttered sleeveless dress (McCall's 9513) comes to life in a frothy lace fabric. It's like putting champagne in a clear crystal goblet so you can see the fizz. Lace is only the beginning of possibilities for this basic style. Imagine it made up in velveteen for other enchanted evenings, in wood tweed for daytime wear over a blouse, in cotton pique for summer.

Different weights and textures of fabric, or a print instead of a solid color, change the whole look of a pattern design. A suit pattern with lots of tailoring details would be at war with a busy print, absurd-looking in a sheer, feminine organdy and impossible to make in a soft jersey. The same pattern made up in gabardine or wool flannel would be smashing.

### Lace Lessons

A fabric must be compatible to the construction of a garment, as well as the finished look. To tune you in on how to handle lace fabric in dressmaking, Coats & Clark has whipped up a lacy leaflet. It is available free of charge by sending a self-addressed, stamped envelope to the Sewing Editor of this newspaper along with your request for Leaflet PE 1608, SEWING ON LACE.

PEOPLE ARE BUZZING ABOUT DOING LAST MINUTE SHOPPING, homes are getting final touches as is the tree and there is much excitement in the air with Christmas only hours away. May I take this opportunity to wish one and all a very Merry Christmas and a Prosperous and Happy New Year.

GIVE A PAIR OF SEAT COVERS AS A GIFT

If you love to embroider, why not consider giving a pair of tapestry seat covers to a friend or relative as a gift. Free instructions are available by sending a self-addressed, stamped envelope to the Needlework Editor of this newspaper along with your request for Leaflet PE 4322.

### A NEW YEAR'S RESOLUTION TO KEEP

How many New Years have you promised to recover those old fabric chairs but never quite kept that promise? Surprise yourself in '69 by sticking to the promises that you made on the 31st. Find out how easy it is to recover old chairs and make them look new and quite attractive. What could be more elegant in your living room or parlor room than a tapestry chair seat? This lovely seat covering is done in a tent stitch in very traditional colors of amethyst, lilac, navy, bisque and mid-rose.

Popular Christmas Stollen

For two large loaves you'll need: 1 cup milk, 1/2 cup sugar, 1 teaspoon salt, 2 cakes compressed yeast, 5 cups flour, 2 eggs beaten, 1 cup seedless raisins, 3/4 cup butter softened, 1/2 cup citron, 1/4 cup glazed cherries, 1 1/2 teaspoons grated lemon rind, 1/4 teaspoon nutmeg, 1/4 cup butter, 1/4 cup sugar, 1/2 teaspoon cinnamon, Confectioner's frosting, nuts and candied fruit for trim.

Scald milk, add 1/2 cup sugar and the salt. Cool to lukewarm. Add crumbled yeast and mix thoroughly. Add one cup of flour and stir until smooth. Cover and let rise until double in bulk. Add the beaten eggs, softened butter, fruit and nutmeg and mix well. Add remainder of flour to make a dough stiff enough to knead. Knead until smooth and elastic. Allow to rise until double. Knead down and divide in two. Roll each half into a circle about 8 inches in diameter. Spread with softened butter and sugar. Make a crease down the center of the dough and fold over. Place in greased loaf pans and let rise until double in bulk. Bake in moderate oven 350 degrees, for 30 to 40 minutes. Frost with confectioner's frosting and sprinkle with nuts or fruit.

Stollen will keep for a week at least. It can be cut in thin slices and toasted, or buttered and placed under the broiler until lightly browned.

## Escape from Car Breaking Through Ice

Michigan State Police, in a controlled experiment, crashed a car through the ice on Lake Geneva in Clinton County.

What makes the project unique is that the car went in with a driver behind the wheel and a passenger alongside. In an effort to learn more about the effects of a plunge through the ice, Sgt. William Carter, 43-year-old chief of the underwater recovery unit, and Sgt. Larry Miller, 35, rode the 19-60 Mercury sedan onto thin ice over about 12 feet of water.

The car, rigged with stand-by air tanks and breathing apparatus just in case, crashed through nose first, and settled in remaining afloat. This is what Carter and Miller expected it to do. Submerged vehicle tests conducted by the state police in the summer of 1961 had proven that most autos will float for several minutes. In this case, however, the troopers wanted to show the best plan for escape from the car as Miller rolled down his window and climbed out. Carter vaulted into the rear seat and with an ice spud smashed out the rear win-

dow, crawling out onto the trunk. In the second phase of the test, four "rescuers" pulled the two to safety using a new spread-eagle type of human chain. The car, from time of breakthrough to filling with water, was buoyant about four minutes. Carter said that this fact alone proves that passenger reaction is possible and, without panicking, escape is relatively simple.

The project, conducted with the cooperation of the Michigan Department of State Highways, attracted safety officials from several state agencies and observers from National Safety Council headquarters, Chicago, Illinois.

### Story of Wreaths And Advent Candles

A native Christian in New Guinea described Advent thus: "At advent we should try the key to our heart's door. It may have gathered rust. If so, this is the time to oil it, in order that the heart's door may open more easily when the Lord Jesus wants to enter at Christmas time."

The four Sundays preceding Christmas are observed as Advent Sundays in many churches, with a special emphasis on the Advent, or coming, of the Lord. To remind people of this season several interesting and helpful devices have come into being. The Advent House, generally made of cardboard is so constructed as to make it possible to open a window each day of the Advent weeks and find back of it an appropriate Scripture Verse.

Slightly more elaborate and proportionately more beautiful is the Advent wreath, which is hung at a convenient place and receives a red candle each Advent Sunday and a larger one on Christmas.

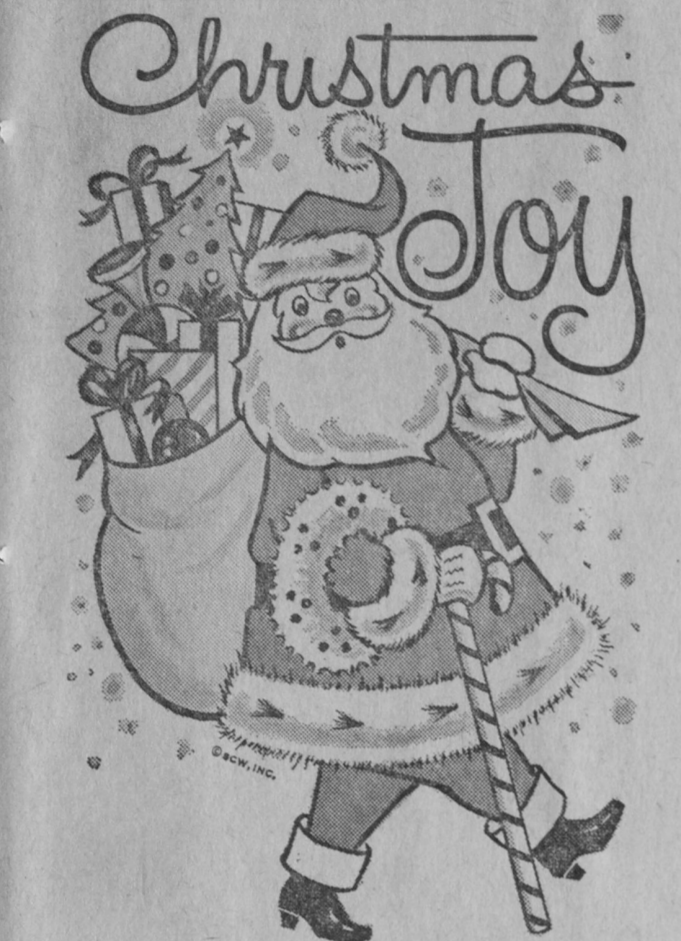

We wish to our many friends and customers a joyous holiday

**Spruce Or Fir?**  
If you plan to keep a tree for just a few days, the Norway spruce is very well shaped, has good color and is perhaps your best buy. Its one failing is that it sheds its needles rather quickly. Any of the long needle pines such as the balsam fir & douglas fir, last much longer but are more expensive. Select the tree that has pyramidal shape, branches that come well down to the base, and with abundant foliage.

## Santa's Helpers

Santa is sometimes pictured as traveling by rocket or jet plane. However, his favorite mode of transportation is still the famous reindeer-drawn sleigh. It remains a wonder that he is still jolly, when he has to cover the world in one night.

The explanation may be found in the number of helpers that he has, and also the fact that Christmas Eve is not the only day for delivering gifts.

St. Nicholas, a real bishop, was the first "Santa". Many legends grew up around his name, and many centuries after his death on December 6, about 342 A.D., he was honored as a friend to the young. December 6 became "Children's Day", and St. Nicholas, traveling by horse, brought gifts to reward children for good behavior.

In Scandinavian and some other countries, Santa gets an assist from St. Lucy, who is responsible for the distribution of gifts on her day, December 13.

Many Spanish children expect The Three Kings to bring them gifts on Epiphany, January 6. They, too, set out shoes filled with straw and grain for the horses the Kings ride.

### Many Helpers

Whatever the gift-giving date, Santa has a host of helpers to lighten his load. In addition to St. Lucy, Scandinavian countries have the Tomtar, little grey bearded men who are said to hide gifts for boys and girls on Christmas Eve. The Christ Child or Kristkind brings the gifts in many countries.

In Italy the traditional gift giver is Befana, sometimes described as a benevolent fairy and sometimes as a witch. Legend says that she misdirected the Magi or that she refused to shelter the Holy Family. Now she goes around the world, in repentance, seeking the Christ Child and doing good to children on Christmas Eve.

## No Evergreen Trim Found in Finland

The homes and churches of Finland never use evergreens as trim or decoration, because they regard them as symbols of mourning.

The homes, at Christmas time, suspend what is called a "heaven" from the living room ceiling. Their "heavens" consist of a cord framework covered with straw and different colors of paper and ribbon. Then it is covered with paper stars and silhouettes cut in various designs. The effect, when reflecting the firelight and the candles glow, is mysterious and fascinating.

In the churches candles are used profusely, the altars are banked and the windows are filled with them. Before dawn on Christmas morning, churches beckon approaching visitors with this effect, like brilliant lanterns.

## CAROLS AND CAROLING

Caroling was a popular pastime in England, where it is said to have come in common use after the Norman Conquest. Various religious carols composed in other lands were sung, and Englishmen produced some of our most beloved carols, including "Hark, The Herald Angels Sing" and "Joy To The World."

On Christmas eve, country carol singers spent half the night tramping the ice-bound ways and frosty woodlands, now and then striking up their old melodies, which sang of the heavenly birth and earth's substantial comforts and joys with impartial mixture. A fine hearty welcome greeted them at the houses and farmsteads, whose occupants sat up in impatient anticipation.

## Mince Pie

A holiday tradition when it was "minced" meat and not a dessert. It's a must for holidays to have Christmas pie.

2 cups prepared mince-meat or 1-9oz. pkg.  
2 cups thinly sliced pared tart apples  
1/2 teaspoon grated lemon rind  
2 tablespoons lemon juice  
1 recipe plain pastry

Combine prepared mincemeat with apples, lemon peel and lemon juice. Line 8-inch pie plate with pastry; pour in filling. Cut design or use a fork on upper crust. Sprinkle with sugar, and bake in hot oven (400°) about 35 minutes. This pie is delicious served warm.

**SAINT NICK GOOD OR BAD?**

In December every year parents are faced with the problem of what to do or what to say about Santa Claus. Some of our educators say that the Santa theory is all wrong and some of today's "modern" parents seem to agree.

Is the Saint Nick idea good or bad for children? We say it is good and that no child, average or brilliant, ever suffered from the grand illusion. Children know there is a Santa Claus and they accept the fact that he gradually changes from the Santa of fiction to the Santa of reality.

Santa is good for small children, for children have imaginative minds. The fact they might see a Santa on every corner matters little. In their eyes Santa is a symbol, a mystery, and in his wondrous magic is apt to appear anywhere.

It is not the end of the world when the time comes that some older child shatters the illusion by telling all. This is the perfect opportunity for the parent to explain that Santa is, after all, a spirit of Christmas. He represents the spirit of giving and the reason that we give at Christmas time is because this is the day on which Jesus was born. Jesus taught us love and faith and hope and Santa is a figurative being who helps us understand and use that teaching.

**Christmas Seals Came from Denmark**

Slightly newer than the Christmas card is the Christmas seal.

The Christmas seal was originated by a postal clerk, Einar Hobboell, who ordered the first Christmas seals printed and sold at regular post offices in Denmark. While stamping letters and Christmas cards in 1903 in the post office in Copenhagen, the idea occurred to him. Why not have a special stamp printed for the many tuberculosis sufferers who need hospital treatment? The first year more than four million stamps were sold, yielding some 18,000 dollars.

The movement for adopting the stamp in the United States was greatly strengthened through the efforts of Miss Emily Bissell of Wilmington, Delaware. She designed the first Christmas seal herself. It had a half wreath of holly and a cross, with "Merry Christmas" in the center and "Happy New Year" at the bottom.

**Christmas is Near**

Strangers begin to smile and speak to you on the street. Someone offers to help Mom with the dishes. Children never fail to say "Sir" and "Ma'am". The bus driver sees you running — and waits an extra minute. You find yourself feeling fine and looking at the world through rose colored glasses.

**Witches At Christmas**

One of the most popular symbols of the Christmas holidays, candy canes, began with an old superstition during the Middle Ages. Europeans of that period carries glass canes filled with colored candies to distract witches.

They believed that the witches became so interested in sorting the candies that casting of evil spells was forgotten.

**The Christmas Story**

ACCORDING TO ST. LUKE, VERSES 1 TO 22 — CHAPTER 2

And it came to pass in these days, that there went out a decree from Caesar Augustus, that all the world should be taxed. (And this taxing was first made when Cyrenius was Governor of Syria.)

And all went to be taxed, everyone into his own city. And Joseph also went up from Galilee, out of the city of Nazareth, into Judaea, unto the city of David, which is called Bethlehem; (because he was of the house and lineage of David;) to be taxed with Mary his espoused wife, being great with child. And so it was, that while they were there, the days were accomplished, that she should be delivered. And she brought forth her first born Son, and wrapped him in swaddling clothes, and laid Him in a manger; because there was no room for them in the inn.

And there were in the same country shepherds abiding in the field, keeping watch over their flock by night. And, lo, the angel of the Lord came upon them, and the glory of the Lord shone round about them. Fear not; for, behold, I bring you good tidings of great joy, which shall be to all people.

ERNEST NASH

## Ernest Nash Promoted by State Police

Promotion of a Michigan State Police detective coincident with formally making voice identification a separate unit of the detective division at East Lansing headquarters is announced by Col. Frederick E. Davids, department director.

Det. Ernest W. Nash Jr., who has been with the division's latent print unit, was promoted to detective sergeant with the new unit effective December 22.

Transferred to the new unit with him is Det. Lewis S. Wilson. Both Nash and Wilson have been assigned to voice identification since receiving special outstate training in this activity in 1967.

A year ago, the department obtained a sound spectrograph for use in this work. Last summer, the state police were awarded a \$146,509 grant from the United States Department of Justice to further research in this field, with the first phase of the study covering the year ending May 1969.

Nash joined the state police in 1956 and served at Bridgeport and Paw Paw before being transferred to the latent print unit in 1964. He was promoted to detective the following year. He has a citation for meritorious service.

Nash was born September 10, 1930, at Bay City and graduated from high school at Tawas City. Beginning in 1951, he was in the navy for 48 months, 25 of them overseas. He is married and has two sons and a daughter.

Wilson enlisted in the department in 1962 and served at Paw Paw and Bridgeport before assignment to the latent print unit in 1967 and promotion to detective the following year.

Wilson was born January 14, 1936, at Flint where he graduated from high school, later graduated from Michigan State University at East Lansing with a bachelor of science degree in police administration. Beginning in 1939, he was in the army for 27 months. He is married and has two sons.

### NAMING CHRISTMAS

Christmas means both prayerful worship and festive merry-making. The holy meaning of the day is expressed in its name. The Latin name for Christmas translates as the Feast or Birthday of Our Lord. The English Christmas means the Mass of Christ, a meaning which is closely paralleled by the Dutch "Kermis". In Germany it's "Weihnacht", or sacred night.

### SYMBOLS

Before the Christmas era, evergreens were used in traditional ceremonies. Egyptians, celebrating the winter solstice (shortest day of the year) brought green date palms into their homes as a symbol of "life" triumphant over "death". The evergreen bough was used by the Romans in their observance of the feast of the Saturn. The Druids believed that a sprig of evergreen in the house meant eternal life; early Scandinavians paid homage to the fir tree, and the Norsemen saw in evergreens the revival of their sun god, Balder.

CHRISTMAS LIGHTS help make the holiday season bright. To keep the season joyous make sure to take proper precautions with holiday decorations. Check all lights for frayed wires and short circuits. Discard home-repaired and other dangerous electrical equipment. Also be prudent in your use of holiday bulbs. A few can go a long way toward brightening your holiday and save your electrical circuits unwanted strain.

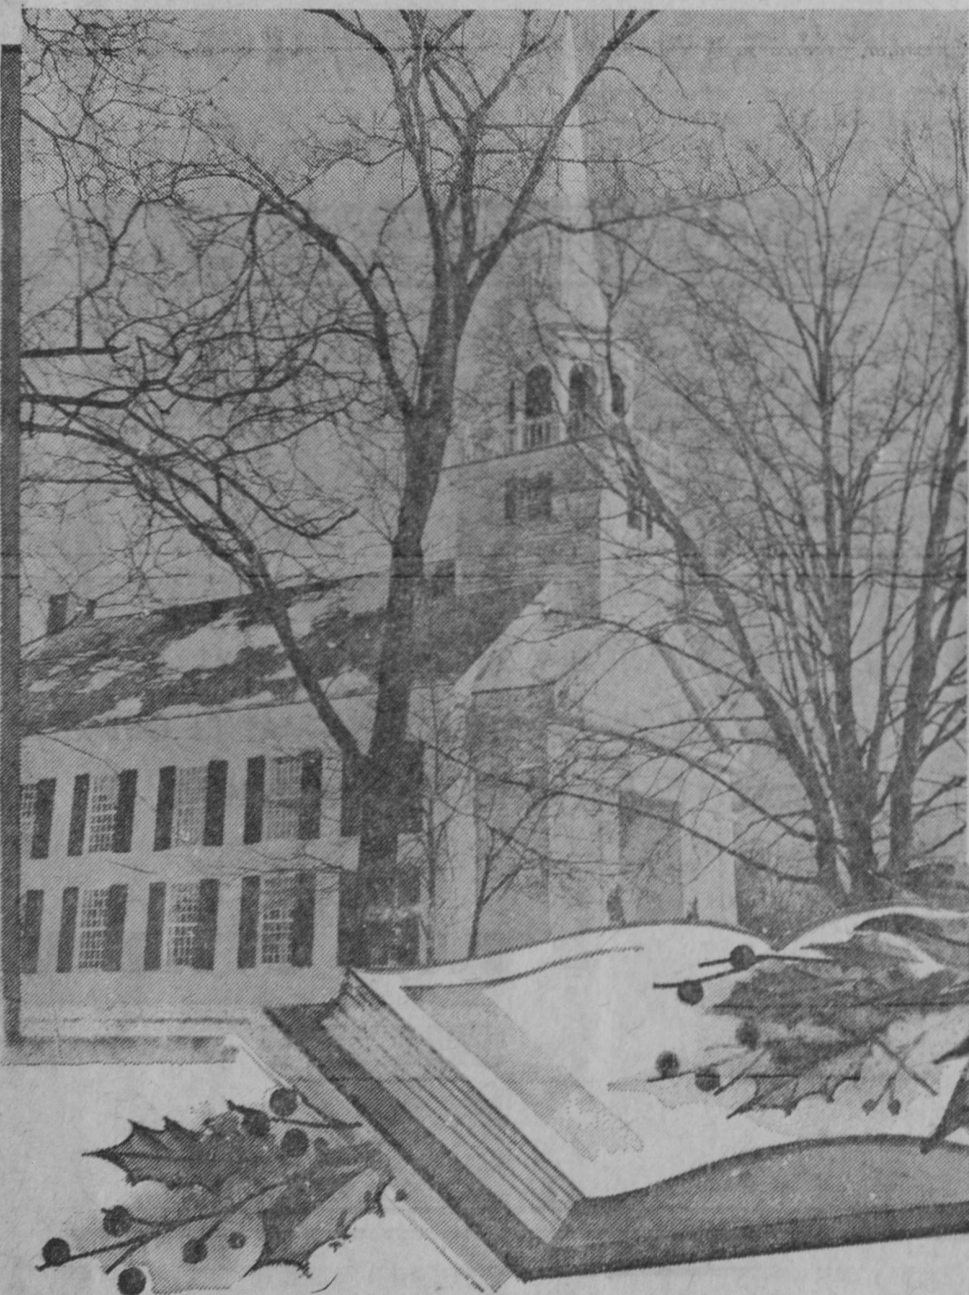

### The Gay Nineties Festive Times

During the Gay Nineties, hostesses often announced in the newspapers the hours they would receive guests on New Year's. People arrived in their best finery — men in silk hats, with chamois skin gloves, and ladies in "stiff bombazine with sealskin tippets".

Callers left their cards on trays in the reception hall, greeted the host and hostess, then went to the dining room, where tables held such substantial foods as roast beef, turkey, ham, relishes, along with all kinds of fancy pastries. Of course, punch and the traditional eggnog were dispensed in large quantities. After their guests had departed, the host and hostess often made a round of calls on their friends. As a result, the affair became a calling marathon.

At times, undesirables managed to crash the parties; also guests who had imbibed too much at different homes sometimes caused hostesses embarrassment.

# CHRISTMAS JOY

As we gather together with friends and loved ones in our churches and our homes, may we remember the real meaning of Christmas . . . God's love for us . . . and may our hearts be filled with joy!

## US Air Force Needs Women as Officers

The local air force recruiter announces that the air force has immediate openings for young women who are college graduates to serve as commissioned officers in the space age air force. To qualify, the young lady must be under 29½ years of age and pass a physical and mental selection test.

If a young lady is interested in any, or all, of the following: Advanced education, 30 days paid vacation per year, overseas assignment, full social life, equal rank, job opportunities and salary with male opportunities, she should investigate the opportunities on the aerospace team. An air force officer's career begins with a 90-day tour at the San Antonio, Texas, training school and continues with an exciting assignment in personnel, education, procurement, information, engineering or many other fields.

To find out more about the opportunities for young women on the aerospace team, contact your air force recruiter located in the Federal Building, Bay City, or phone him at 893-7148.

To most boys and girls, "jingle all the way" refers to sleigh bells and a one-horse open sleigh; but for Hanover, New Hampshire, youngsters' bells at Christmas time mean only one thing: the clanging of the fire bell for the annual Children's Fire Engine Ride! This happens each Christmas when the local fire fighters step into the role of Santa Claus and give the town youngsters a holiday treat; a ride through the streets of Hanover in a shiny red fire engine! Youngsters of all ages line up in front of their schools and pile into the fire trucks. (Children that are too young to "hang on" ride at the head of the procession in the Fire Chief's car.) More than five hundred boys and girls ride as the fire engines "race" (at five miles an hour) through the town as bells ring and sirens screech.

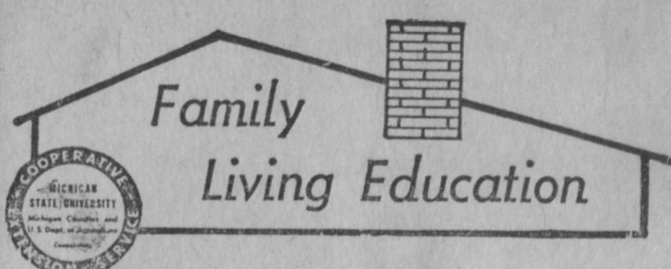

Back at the fire station the children line up for a visit with Santa Claus, who stands next to the shiny fire pole with a bag of candy and a toy for each boy and girl. When he asks them the perennial question "What do you want from Santa Claus?", the answer is almost always: "I want a fire engine".

### In France

In France, after the elders return from midnight mass, it is time for a large feast. The roast goose is popular in some sections of the country. At other sections such things as buckwheat cakes and sour cream, roasted chestnuts served with milk, or turkey and chestnuts served with wine.

### OUTDOOR TRIM

Pines, fir and spruce around a house can be safely decorated with lights, and add a Christmas touch to the entire neighborhood. Bulbs of 15 wattage are sufficient for outdoor glow. Hang outdoor sockets downward to prevent water and snow from collecting in them and rubber-jacketed cord should connect the lights.

In December, food shopping takes a back seat to Christmas gift shopping... but families still get hungry. So it is only smart to know the food supply

price outlook for the rest of December and for early January.

**Meat**  
The word on meat is plenty! Suppliers of beef are running eight to 10 percent over last year at this time. Pork marketings are up three to five percent, but lamb is less plentiful. Forecasters go out on a limb and predict egg prices will remain higher than they were a year ago. Not only are there fewer laying hens, but they are producing fewer eggs per hen. Meat-type hens, fryers or broilers are increasing in number and feed costs are low, so look for good values in frying chickens. Turkeys and hams will both be offered as leaders just preceding Christmas, making them attractive to homemakers trying to hold the food budget in line.

**Turkey**  
And speaking of turkey, the

## Seek Girl Who Disappeared in California

Monday, March 18, began as an ordinary day for Elizabeth Lurene Ernstein, when she left home for classes at Moore Junior High School in Redlands, California. But this Monday on the 18th of March was not to be an ordinary day.

Elizabeth's school day passed without incident. She attended her last class, then left school at 3:40 p. m. to walk home, a two-mile route through blossoming orange groves. She never arrived home. Somewhere along the lonely street, Elizabeth Ernstein vanished.

There are no clues to her whereabouts, or even what happened to the 14-year-old girl, other than a report from a Redlands businessman who was driving through the area. He thought he saw a girl resembling Elizabeth walking toward the corner of the street on which she lived.

To her parents, Norman and Ruth Ernstein, the months of uncertainty and anxiety over their missing daughter "are the deepest anguish a person can go through. It is a shock so deep you become wooden," the mother explained. The Ernsteins are appealing nationwide for help in locating their daughter. Ernstein, a chemical engineer at Lockheed in Redlands, and his wife, a psychiatric social worker, have posted a \$5,000 reward for information that will solve the mystery of their daughter's disappearance. They have vowed, "We will not rest until we know."

Neither parent has rested since that first long night when their

FOR THE FAMILY... Singer Andy Williams and actress Claudine Longet, like the rest of us, are concerned with what gift to give family and friends this Christmas.

time has come again. We hardly get the Thanksgiving carcass picked clean before it is time to roast another for Christmas. Today's turkeys are well labeled to assure wholesomeness and quality. When selecting your turkey be sure the freezer case is at zero degrees or below. Avoid those stacked above the load line in freezers or those in refrigerated or ice packed aisle displays. Select frozen poultry with undamaged wrappings. Usually allow three-fourths pound of ready-to-cook turkey per person if the turkey weighs under 12 pounds. For larger turkeys, allow about one-half pound per person.

**Cooked Turkey Care**  
Play it safe. Refrigerate meat, gravy, broth and stuffing each in a separate container immediately after the meal. Use all leftovers in two or three days unless you freeze them. Heat dressing and gravy thoroughly before serving. Use cooked, frozen turkey meat within 30 days. Do not try to freeze a stuffed turkey, cooked or uncooked at home. Home freezers

do not freeze such solid forms fast enough to be safe.

### New Turkey Tricks

Just as buying a live turkey is a thing of the past, so is our limited choice. Now turkey is available in many forms, parts (breasts, drumsticks, thighs and wings); frozen oven-ready boneless rolls and roasts; frozen oven-roasted or cooked rolls; smoked turkey; frozen turkey dishes, such as chili, creamed turkey, meat pies, steaks, Wieners and sausages.

Even the traditional roasted turkey has been improved. You can purchase your turkey with a thermometer already inserted and ready to pop out when the turkey reaches the required interior temperature, 185 degrees Fahrenheit, at the thickest part of the thigh. And also a butter-basted turkey is available. With this turkey, you need not worry about basting, as the packager has inserted butter beneath the skin. So the turkey bastes itself automatically, both inside and outside as it cooks, giving a very moist turkey.

A wreath of best wishes to all our wonderful friends and patrons -- may your Christmas be merry!
