

RETIRING after nearly 40 years as a conservation officer is Arthur G. Leitz, who is to be honored tonight.—Tawas Herald Photo.

## Leitz Ending Long Career as CD Officer

After 39 years as a conservation officer, Arthur G. Leitz of Baldwin Township said this week that, because of the nature of his work, he never really had time to enjoy hunting in Michigan outdoors and that now he would have the opportunity to enjoy his favorite sport—upland bird hunting.

Leitz, who officially retires January 20, is to be honored Wednesday night (tonight) by fellow law enforcement officers and residents of the county at a banquet to be held at the Holland Hotel.

Considered as one of the state's top officers, Leitz has devoted most of his adult life to the cause of conservation. His work actually started before entering state service.

Leitz served with the United States Forest Service in the 1920s. After completing the 10th grade at Wilber School, he served in the reforestation project in the Huron National Forest under Ranger Ralph Johnson and R. G. Schreck, forest supervisor.

Using horse-drawn plows, Leitz was a member of several crews which planted Norway seedlings. He spent seven seasons with the forest service planting trees and constructing fire lines. At other times of the year, he operated heavy equipment for the state highway department.

In the summer of 1928, he was appointed a special fire warden by the Michigan Department of Conservation and has been in the department's employ since that time.

After writing the state examination, he was assigned as a regular conservation officer in 1929, working under Claude Salisbury, conservation officer at Hale, and John Martindale, district supervisor at East Tawas.

The department was reorganized that year and he assumed duties of both of these men upon their retirement.

Work of a conservation officer, comments Leitz, has proven to be a very interesting life. He was the only officer assigned to this county until Jack LaFare was assigned to Oscoda in 1947. During most of his career, he has had full charge of enforcing game and fish laws in Iosco and was chief fire officer here until fire protection was made a separate division about 10 years ago.

"Fire fighting in those days was far different from today's modern equipment," said Leitz. "They issued me eight back pump cans, a few shovels and told me I had charge of protecting several hundred acres of state land."

The largest fire he ever encountered came in his first year as an officer. In the summer of 1929, more than 2,200 acres of wild land burned over west of Alabaster and the fire burned out of control for 11 days.

"Smoke was so dense that state towers were unable to locate any fire more than two miles away. We had a payroll of 100 men, used horse-drawn plows to build fire breaks and called the Detroit and Mackinac Railway for assistance from their crews and equipment. A good rainstorm aided us immensely in finally stopping the blaze."

Another important part of a conservation officer's job in the period from 1929 to the early 1940s was enforcement of com-

mercial fishing laws. In those days, as much as two carloads of white fish were being shipped a day during the season from the Tawas and there were 32 commercial fishing boats operating from the county at that time.

Leitz worked with other officers in patrolling state waters of Lake Huron, in addition to his regular duties.

Long an advocate of close cooperation between all law enforcement agencies, Leitz has had many experiences in activities other than the normal work of a conservation officer. One of the most notable cases he worked on drew state-wide attention and commendation 35 years ago. In December 1932, two of three men sought in connection with a murder and holdup at St. Clair Shores were captured in a cabin on the AuSable River. Leitz had been shown a snapshot of a cabin believed to be the hideout of the two fugitives and he recognized it as one located along the AuSable. He led state police and Sheriff Charles C. Miller to the scene and aided in the capture.

There have been many other instances where Leitz has been called on for assistance from other agencies. There are few roads and trails in the county with which he is not familiar and this knowledge has proven useful in the search for lost hunters or setting up roadblocks to apprehend criminals.

Leitz said that deer violations in Iosco County were practically unheard of in the 1930s. But, with the coming of good roads, the automobile soon opened the area to hunting and further increased his work in the field of nabbing game.

## Airman is First Fatality of 1968

A 20-year-old Wurtsmith airman was killed Saturday night in a two-car collision on US-23 north of Oscoda, becoming Iosco County's first traffic fatality of 1968.

AIC John M. Koskela was driving south on US-23 when his car crossed the center line and hit the left front side of a car driven by Deborah George, 16, Harrisville.

Two passengers in Miss George's auto, Mary Jack, 16, Lincoln, and Karen Gauthier, 16, Harrisville, were slightly injured in the crash but did not require hospitalization. The driver was not hurt.

Oscoda Township Police said Koskela, a member of the 379th Armament and Electronics Maintenance Squadron at Wurtsmith, was riding alone when he collided with the George vehicle about six miles north of Oscoda and just south of the Iosco-Alcona County line.

Koskela was dead on arrival at Wurtsmith Air Force Base Hospital. His home was listed at 3766 Lotus Drive, Waterford.

He was one of three persons

killed in traffic accidents in the state, the lowest number of week-end fatalities in years. His death was the first since December 18 on Iosco highways when Samuel R. Ayala, 17, Oscoda, became the county's 18th traffic fatality of 1967.

## Council Gives OK to Seek Land Options

Authorization to obtain options on property adjacent to the Tawas City Park for expansion purposes was given by the Tawas City Council at Monday night's meeting.

Paul Chevis, chairman of the city planning commission, told councilmen that a combined committee of planning commission members, park board members and councilmen had held three meetings during the past three weeks and that work on filing for a federal grant had progressed to a point where options were now needed.

Chevis said that property under discussion extended from the south boundary of the park to Whitmore Street. A meeting is to be held with Hugo Groff, owner of Rainbow Service, to discuss a possible trade of US-23 frontage to be obtained by the city for lake frontage at the rear of his station.

A report from County Agent Marvin Davenport, who is working with the committee in an attempt to obtain federal recreational money for the project, indicated that he had received a favorable reception at Lansing on funding the program.

It was stated that after options are received and the property receives a federal appraisal, there is a possibility that funding might be completed in six or seven months.

## Deer Sought Shelter From Snow Storm Received Injuries in Monday Crash

A 21-year-old St. Joseph man, Randall L. Blake, was treated at Tawas Hospital early Monday morning for minor injuries received when his car hit an icy spot and spun out of control on M-55 at Wilber Road intersection. His car hit a culvert.

A passing motorist said the deer ran across the Oates lawn and crashed through the window. There were no signs that it was being pursued by dogs.

Officers took the deer outside, stood it on its feet and, after shaking its head a few times, loped off in the direction of a stand of trees.

## Judge Rules Putnam Must Pay Counsel

Judge Allan C. Miller has denied a motion by Jonathan L. Putnam to name a court-appointed attorney to perfect an appeal on his recent sentence in circuit court.

During a hearing Monday morning, Judge Miller ruled that \$900 worth of government bonds held by Putnam should be used in obtaining an attorney. The county had paid expenses of a court-appointed attorney during his circuit court trial.

Putnam was convicted of the April 13 strangulation-slitting of Mrs. Viola Stern, 32, Plank Road, Tawas City, and was sentenced November 27 to a prison term of 50 years to life.

The judge modified Putnam's sentence to not less than 50 years nor more than 65 years, effective January 15.

REGISTERING for the second semester at Tawas Area High School is Anna Maria Palou, center, daughter of Mr. and Mrs. Earl Davis, with whom she is exchanging, and at left is Thomas Pinkowski, counselor.—Herald Photo.

## Exchange Student Sees Snow for First Time

Anna Maria Palou, 16-year-old exchange student from Montevideo, Uruguay, whose ambition in life is to become an attorney, arrived here Saturday to finish her senior year as a student at Tawas Area High School.

Her first impression was that she thought she would enjoy the change in climate. Her foster sister, Jacquie Davis, an avid skier and an 11th grader at Tawas Area, said that Anna Maria would have the opportunity to enjoy winter sports in this state.

The exchange student registered Monday morning at the high school and a class schedule was prepared with the aid of Thomas Pinkowski, guidance counselor.

Her subjects for the second semester will include English, United States Government, United States History, speech and business law.

In her home country, she is preparing for her intended career with a course of study which includes such subjects as French, English, mathematics, biology, general music, chemistry, physics, literature, geography, science, art and history.

Her parents are Mr. and Mrs. Luis Washington Palou and she has one brother, Luis Fernando. Her father is treasurer of the electoral court.

Anna Maria attends Elbio Fernandez High School and her hobbies include swimming and bicycling. She studied ballet for five years.

Anna Maria said she looks forward to meeting residents of the community in order to become more acquainted with the culture and customs of this country. "I want to know how you live," she said.

## Jury Trial Starts on Suit Against City

Jury trial on a \$150,000 damage suit against the City of East Tawas opened Tuesday afternoon following impanelling of six men and six women to hear the case.

The case was to have been heard in November but Circuit Judge Allan C. Miller ruled a mistrial during interrogation of jury members and rescheduled the trial for the January term.

The case before the court was brought by Leo V. Maki, 500 Franklin Street, who claims he lost his left eye December 4, 1965, in an accident at the East Tawas city dump.

Her first impression was that she thought she would enjoy the change in climate. Her foster sister, Jacquie Davis, an avid skier and an 11th grader at Tawas Area, said that Anna Maria would have the opportunity to enjoy winter sports in this state.

## Dr. John D. LeClair Installed as Kiwanis Governor of State

Dr. John D. LeClair, Tawas City, was inducted Friday, January 12, as the Michigan District governor of Kiwanis International. The installation banquet was held at the Northwestern Junior High School, Battle Creek.

The two-day convention at Battle Creek was attended by 700 Michigan Kiwanians and 150 of their wives.

A situation unique in the annals of the Michigan district developed during the convention when Judge Allan C. Miller was installed as one of 20 district lieutenant governors.

It was the first time in history that a club the size of Tawas had both the state governor and a district lieutenant governor on its roster.

LeClair and his wife, Florence, are well known among club members as workers for Kiwanis.

His 22 years of perfect attendance demonstrates only part of his dedication to Kiwanis. These years include service as lieutenant governor of division 13, chairman of three district committees, member of the international committee on new club building, delegate to five international conventions and a trustee of the Forney Clement Foundation.

Born on a farm near Hale, he attended East Tawas High School, State Normal College (now Eastern Michigan University) and the University of Michigan Dental School, Ann Arbor.

He won three varsity letters in baseball at Ypsilanti and admission to the Arm of Honor Fraternity. At Ann Arbor, he became a member of the Delta Sigma Delta Dental Fraternity.

Doctor LeClair has practiced dentistry for 35 years in Tawas City. In his profession, he is serving on the public relations committee and is a member of Michigan, Saginaw Valley and American Dental Societies as well as Michigan Association of Professions.

He has served as mayor and councilman of Tawas City, was an organizer of the joint chamber of commerce and was president during planning, building and "paying for" stages of Tawas Hospital. As an adult scout, the Paul Bunyan Council rewarded his efforts with the trail blazer and silver beaver awards.

Among those attending the convention, besides the LeClairs and Millers, were Mr. and Mrs. Cecil Cable, Mr. and Mrs. Hugo Keiser, Mr. and Mrs. Serge Thomsson, Reynold Mick and William Lyon.

## Deadline Near for Citizen Nomination

Time is getting short for non-nominations in the citizen of the year contest being sponsored by Tawas Chamber of Commerce.

According to Gordon Dunham, committee chairman, persons wishing to nominate a resident for this award have until January 20 to file entry blanks at the Tawas Chamber of Commerce office.

A committee is to make the selection of Tawas' outstanding citizen for 1967 and announcement of the winner is to be made January 27 at a banquet to be held at the Holland Hotel.

An official entry blank for nominating a candidate is printed on another page of this newspaper.

## Set Perchville Shanties on Ice of Tawas Bay

With the aid of considerable volunteer help Friday afternoon, Perchville is again located on the ice of Tawas Bay. Under direction of Percy Scott, mayor of the fishing village, and Wayne Freiberg, Perchville Committee chairman for the Tawas Chamber of Commerce, more than 40 all metal shanties were set in place by a crew of about 25 volunteers.

Facilities were pressed into immediate use over the week-end as a number of downstate visitors were here for the ice fishing season.

Perchville activities are to come to a head late in February with a festival to be capped by the annual stag perch fry on February 23, followed by the annual chamber of commerce banquet Saturday, February 24, both at the Barnes Hotel.

## Planning Code Set for Discussion

A special meeting is to be held next Monday night at East Tawas to discuss adoption of the proposed planning ordinance and a new subdivision ordinance.

Meeting at the city hall will be city councilmen and members of the planning commission, along with representatives of the Midland planning consultant firm of Ray Mills, city planner.

Mayor James Campbell said Monday night that it is expected that final adoption will be made on the two ordinances.

In business conducted at Monday night's council meeting, Joseph Badalucco, city park manager, reported total receipts of \$42,700 at the city park during 1967. There were 6,717 campers during the year and 19,016 camper days, resulting in receipts of \$38,032.

In addition, \$1,845 was received in rental for the community building and \$2,900 in storage fees.

Read Psalm 121  
I lift up my eyes to the hills. From whence does my help come? My help comes from the Lord, who made heaven and earth. (Psalm 121:1-2, RSV)

A terrible fire had swept the slopes below Mount Wilson in California. We stood in the canyon below, watching the flames come within 300 feet of our homes. Many prayers were silently offered to God, who notices even the sparrow's fall. There was a chorus of audible thanks to God as the wind twirled the flames away from the homes and from the trees.  
In the following months, the

winter rains came and washed away the debris, but left some deeply rooted yucca clumps. Spring came and the clumps began to show green. The leaves grew out of the dead-looking clumps. From the center, tall stems sprang up and soon burst into bloom—"God's candles" some call them.  
They symbolized for us the hope that springs eternal in the soul of man and God's renewing creativity despite forces that cause destruction.

### Samuel S. Morrison Died January 6 at Grand Rapids

Samuel S. Morrison, 74, of Wellston passed away suddenly Saturday, January 6, at the home of a daughter and son-in-law, Dr. and Mrs. Stanley Mioduchowski of Grand Rapids. Funeral services were conducted January 9 at the LaValle Johnson Funeral Home, Manistee. Interment was at Wells-ton.

Mr. Morrison was well known in Isosco County. He made his home with a sister, Mrs. R. D. Brown, at Hale for many years. He graduated from Hale High School and taught for several years in Isosco County schools. He was married to the former Nito Ewing, daughter of Mr. and Mrs. L. A. Ewing of Hale.

He left the teaching profession to enter the employ of Consumers Power Company where he served as operator at Five Channels and Foote Site plants. After serving 10 years as superintendent of power plants on the Tittabawassee River with headquarters at Edenville, he was transferred to the superintendent of power plants on the Manistee River with headquarters at Tippy Dam. He served there until retirement in 1961.

He has since lived at Wellston and spent winters at St. Petersburg, Florida. He suffered a severe heart attack in November and decided to spend the winter months in Grand Rapids. He was a member of Manistee Commandery No. 32, Knights Templar, Mr. and Mrs. Morrison hold life memberships in Hale Chapter No. 482, OES.

Among survivors are his wife; daughter, Mrs. Cyril Morrison of San Jose, California; three grandchildren; two great grandchildren; one sister, Mrs. Sara Graves of Miami, Florida.

### Funeral Services Set Wednesday for Zigmont S. Davis

The Rev. Donald Turbin will officiate at funeral services for Zigmont S. Davis of Tawas City Wednesday, January 17, 1:00 p. m., at Jacques Funeral Home, Tawas City. Burial will be in Greenwood Cemetery, East Tawas. Mr. Davis died Sunday morning, January 14, at Saginaw Veterans Hospital following a lingering illness.

Born September 2, 1906, at Warsaw, Poland, he came to the United States at the age of three. Survivors include one son, Walter of Flint; parents, Mr. and Mrs. Zenon Obrzutowicz; one brother, Richard of Detroit, and one sister, Mrs. Helen Majewski of East Tawas.

## Cards Win Two Straight Games

The Cards have become the winningest Whittemore-Prescott basketball team in over two years as both the varsity and JV's won two games last week. They started it at Hale Tuesday night with the varsity off to a slow start but a good last half gave them a 67-53 victory. The JV squad had an easy time winning their first of the year, 65-40.

Friday night, the Cards took on Beaverton and the varsity came out with a one-point win in a cliff-hanger while the JV squad again had it all their way with a 76-58 trouncing of the little Beavers.

To make the week complete, the Card girls won a thriller from Beaverton Wednesday night, 36-33, in overtime. The girls were as much as 10 points behind in the second quarter but came to life in the third quarter as Coach Jan Grabow's squad took over control of the boards for a 9-2 quarter to cut the lead to one point. They made this up in the last quarter and Cindy Erickson put them ahead for the first time, 32-31, with four minutes to go.

The Beavers tied it up at 32-32 but Diane Graham put them ahead with a free shot only to have the Beavers tie it up again to send it into overtime. The Beavers hit first in overtime on a fielder but Graham cut their lead to one point with a charity toss and then Marlene Girard scored the winning basket.

Linda Youngberg played an outstanding game on defense with Sherry Farro and Girard helping take over control of the boards late in the game to cut the Beavers scoring off and give the Cards the victory. Erickson and Barb Britt led the scoring with eight points each; Graham and Girard, seven; Chris Phelps and Pam Arndt, six.

The Card boys were off to a slow start at Hale Tuesday night with the Eagles going out in front twice during the first half. Coach Nelson Shellenbarger's squad, with only one senior on the starting five, gave the Cards a good battle before their inexperience began to tell late in the third quarter as the Cards found range to pull out to a 12-point lead.

The Eagles cut this to nine early in the last quarter but a charity toss by Rick Gay, a fielder by Mark Stahl and four straight charity tosses by Cole gave Coach Dick Fox's squad a 14-point lead and they held this until the end of the game. Mark Stahl led the scoring with 22 points, Pat Phelps and

Dean Cole also hit double figures with 15 and 12 points. Flynn Shellenbarger and Leonard tied for the Eagles with 13 points followed by Elite Shellenbarger with 11.

The Cards were hard pressed to add to their four-game winning streak Friday night as they trailed Beaverton until five minutes of the third quarter were gone when Mike Cromwell tied the score at 30 all. The lead changed hands a couple of times before the Cards hit eight straight points to take a 45-38 lead. The Beavers came back with three straight fielders to cut the Cards lead to one slim point with seconds to go.

The Cards tried to run the clock out but the Beavers gained control of the ball again and called a time out. They took the ball out of bounds under their own basket with four seconds to go and passed it in to Randy Bassage, who missed a clear shot from 15 feet and the Cards had their fifth straight win. This was their first win in NEM competition to get them out of the cellar. Phelps led the Cards with 10 points, the only one to hit double figures. Tom Cromwell showed a big improvement and did an outstanding job on the boards. The Beavers squad was made up entirely of sophomores and juniors and will be tough in the future.

The Card JV's won an easy 76-58 victory leading all the way. Mark Stanyo led the scoring with 26 points.

### Card Matmen in 7th Win

Whittemore - Prescott Area's wrestling team won two meets last week. The Cardinals defeated Flint St. John Vianney, 35-16, and then outpointed Vestaburg, 51-5.

Registering pins in the first meet were Dean Erickson, Tod Gillings, Tim Arndt, Kirby Clayton, Byron Lomason and Dave Noone. The Vestaburg match saw pins by Larry Johnson, Ed Moorehouse, Dean Erickson, Dennis Erickson, Arndt, Rodney Daniels and Lomason.

The Cards defeated Oscoda, 31-20, Monday night to extend their record to seven wins and one loss.

Going into the last two matches, Whittemore-Prescott held a 21-20 edge. Lomason pinned his man in the 180-pound class and Noone pinned his man in 42 seconds in the heavyweight class to clinch the victory.

Other pins were registered by Johnson and Arndt, the latter registering his eighth pin of the season.

Teaching Education 501, Junior High School Program and Practices, will be Dr. Douglas Gilmore of the CMU School of Education. The course earns three hours' credit and deals with the organization, content and philosophies underlying the establishment and operation of junior high schools.

Staff members from CMU's Off Campus Education office will be on hand during registration to answer questions regarding the CMU degree programs.

### Braves Down Bangor; Meet Dukes Friday

Tawas Area Braves, rated ninth in the state among class B schools by the United Press International prep basketball poll, downed Bangor, 62-53, last Tuesday night.

The Braves are scheduled to play host this Friday night to Essexville, the team which upset Oscoda earlier in the season to put Tawas on top of the Northern B Conference with a 4-0 record.

Last night's game (Tuesday) with Oscoda was postponed because of semester examinations and the game has been rescheduled for Tuesday, January 30.

The Braves had an open date in the schedule last Friday night. Scoring leader in the game against Bangor was Dale Koepeke, who meshed 16 points. Gary Haglund was next with 13 points and Dennis Krish had 10.

## Needlecraft News by Nancy Baxter

**WHAT'S THE ONE ITEM OF CLOTHING** that's very feminine and useful at any time of the day or evening, and on almost any day of the year? A stole, of course! Not only does it have all of these advantages, but the styles in stoles are very classic and are always in good fashion taste. A woman can't really have enough of them these days, can she?

**INTERESTING AND RAPID**  
An interesting idea for this time of year would be to make one that will go with any different changes in your wardrobe, but particularly with one or two things that will turn them into rather spectacular outfits. Perhaps a color combination of black or scarlet? Or a dark and light shade of the same color? The stole that is illustrated today is a checkerboard pattern, which, when finished, measures 17 x 63 inches—a very generous size. Using basic knit and purl stitches, the switching yarn gives it its effect, and also makes knitting it a very interesting and rapid project. You might even find yourself tempted enough to want to make two for this coming season.

**PRETTY FOUR INCH FRINGE**  
The ends of this stole are finished off with a very pretty four inch fringe—a final touch that will add that extra flourish when you drape it over your shoulders. Free instructions are available by sending a self-addressed, stamped envelope to the Needlework Editor of this newspaper along with your request for Leaflet C 60.

**BABIES ARE SO DELICATE AND CUDDLY** IT'S NO WONDER everyone loves to coo and gather around the "little darling." Momma and poppa are proud of their new addition and can't do enough to make baby comfortable and happy. She is the center of attraction and likely to remain so if she keeps wearing those adorable outfits.

**HAPPINESS IS BABY'S SMILE**  
Baby is pleased with the way she looks in her sunplee jacket with cap and booties to match. The set is crocheted of 3-ply baby wool in Nile green and maize. Make one in baby blue for that active son or, if you are blessed with a charming daughter, select a baby pink, for sizes 6 months, 1 and 2.

Watch the smiles on baby's face when you put on her new outfit.

**CLICK, CLICK, CLICK**  
Get the camera loaded and ready for those pictures of baby in her new homemade outfit. Free instructions are available by sending a self-addressed, stamped envelope to the Needlework Editor of this newspaper along with your request for Leaflet B 102.

## WOMEN SUFFER WITH BLADDER IRRITATION

Common Kidney or Bladder Irritations affect twice as many women as men, often causing tenderness and nervousness from frequent, burning, itching urination. Secondly, you may lose sleep and have headaches, backaches and feel older, tired, depressed. In such cases, CYSTEX usually brings relaxing comfort by curbing excess in acid urine, and easing pain. Get CYSTEX at drug stores today.

## Yes Ma'am, We Can Install It Under The Stairs

— Because  
It's Electric!

### ELECTRIC WATER HEATERS CAN BE INSTALLED ANYWHERE

Adaptability—that's one of the outstanding features of a compact, fast-recovery Electric Water Heater. Because it requires no air circulation—no flues or vents—it can be put back under a stairway or even inside a closet or under a counter. That means you can save valuable floor space by tucking the water heater back out of the way. It also means you can install it near the point of greatest use and thereby eliminate long pipe runs and wasted water.

Of course adaptability is only one of the many advantages of an Electric Water Heater. It's clean, dependable, fully-insulated and, most important—it will keep you in plenty of hot water!

**CMU OFFERS CREDIT COURSES AT OSCODA**

Two university credit courses will be offered in Oscoda this winter through the Central Michigan University Off Campus Education office. Registration is scheduled for Tuesday, January 23, at 7:00 p.m., Room B-7, Oscoda High School. Teaching Education 370, Educational Psychology, will be Dr. Thomas Benton of the CMU School of Education. The course earns three hours' credit and has as a prerequisite Psychology 201 or 312 or Education 337.  
 Biology 493, Conservation of Michigan Resources, will be taught by Herbert Lenon of the CMU Biology Department. Open to graduate students, seniors or qualified juniors, the course may be used on a biology major or minor or as a free elective. At the graduate level, it may be used as a cognate credit.

**CMU OFF CAMPUS EDUCATION**

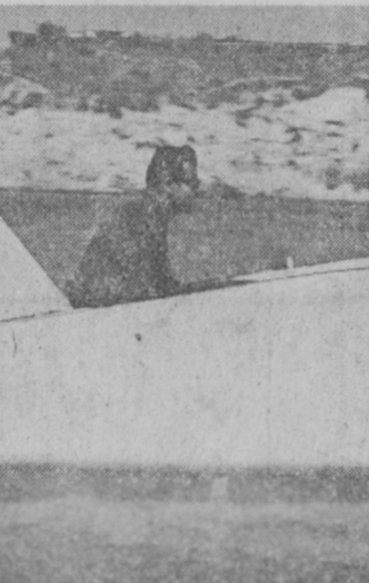

Staff members will be in Oscoda during registration to assist in enrollment and to answer students' questions regarding the CMU degree programs.

**College Offers Business Courses**

Saginaw Valley College will offer beginning accounting courses next fall as it activates plans for a school of business administration, Dr. Samuel D. Marble, SVC president, said.  
 Dr. Samuel Levine, SVC dean, said the new courses will be in a sequence to permit a student to become a certified public accountant.  
 The state board of education is recommending the legislature this session appropriate \$50,000 in planning money for the new program.  
 Dr. Hans H. Hennecke, assistant to the SVC president, said a search is under way for a business administration school director and two faculty members.  
 The organization of the school will follow the outline prepared by Dr. Kullervo Louhi, associate dean of College of Business, Michigan State University, who said:  
 "Initially, Saginaw Valley College will organize a four-year undergraduate program leading to the bachelor of arts degree. The curriculum will provide the student with a broad, liberal education."

MEMBERSHIP CAMPAIGN conducted by the Tawas Chamber of Commerce is now in full swing. Gar Bassett, left, president, is shown receiving checks from Vern Bowling, center, Yeo and Yeo Certified Public Accountants, East Tawas, first firm to pay 1968 dues, and Mrs. Val Fallu, who presented a check in payment for two different firms, Green Gables Resort and Fallu Paints. The chamber has now received checks from 32 businesses, which is far ahead of the campaign at the same time last year.—Tawas Herald Photo.

## ICSC Essay Contest Set in Iosco Schools

Iosco County Soil Conservation District is sponsoring a soil and water conservation essay contest in the local schools this winter, according to Harry Krueger, district chairman.

The contest is open to sixth or seventh grade students from Hale, Oscoda and Tawas area public and parochial schools. Whittemore-Prescott School is already participating in a similar program sponsored by the Ogema SCD.

Cash awards will be given by the district to the three best short essays from each school. In addition, over-all county winners will be selected.

Mr. Krueger states that purpose of the contest is to acquaint boys and girls with the value of soil and water in everyday life. Also, the program will outline the importance of conservation of these resources and to show who knows their conservation best and can write about it.

Booklets and other informational material have been supplied to the participating classes and their teachers by the district and the cooperative extension service.

Mr. Krueger added that the district board hopes to make this contest an annual event. To further stimulate interest, a field trip to a local farm is being planned in the spring for all participating classes. The soil conservation service and the cooperative extension service are assisting the district and the schools with this project.

## Whittemore News

Mrs. Terry Bellville was honored at a pink and blue shower at the Masonic Hall Saturday evening. Games were played with prizes going to Mrs. Thad Hall, Mrs. Brian Bellville, Miss Marsha Bellville and Mrs. Richard Wight. Hostesses for the evening were Mrs. Leiland Osborne, Misses Susan and Beverly Bellville.

Whittemore-Prescott Band Boosters will sponsor a family style fish fry at the school cafeteria Friday, January 19, serving from 5:00 p. m. Take out orders will also be honored. The organization will sponsor a candy booth the same evening.

The singspiration at Whittemore Methodist Church Sunday night was attended by 97 from churches in Au Gres, Turner, Twining, Maple Ridge, Prescott, Wilber, Skidway Lake, Hale and Reno Baptist Church.

SP4 Gene Ott and wife have returned to his base at Fort Meade, Maryland, after a 10-day furlough here with her parents, Mr. and Mrs. Dornis Chippis. Specialist Ott returned in August from a year of duty in Vietnam. His wife is the former Penny Chippis.

Mr. and Mrs. John Dickey spent Saturday in Bay City.

## DHIA Gives Report on Milk Production

There are 11 dairy herds in Iosco County on the dairy testing program for the month of December. One of them uses the official DHIA program, the dairy tester is paid an additional fee for collecting the samples. In the official DHIA program, the farmer also receives a feed cost figure that tells him how much it costs to produce 100 pounds of milk. Average is based on cows in herd, milking and dry.

### Results for Officially Tested Herd:

Farmer's Name	No. of Cows	% Milking	Avg. Lbs. Milk	Mo. Per Cow	B. Fat

## Reporting Service Benefit to Farmers

Farmers will benefit from a new reporting service which has been inaugurated by ASCS, Grant Bessey, chairman of the Iosco ASC County Committee, announced today. A report of payments made to each farmer under ACP, feed grain, wheat and other direct payment programs during 1967 will be mailed to the farmer during the latter part of January. This report is expected to be helpful in preparing individual income tax returns. The same information must also be furnished to the Internal Revenue Service in accordance with a requirement of law.

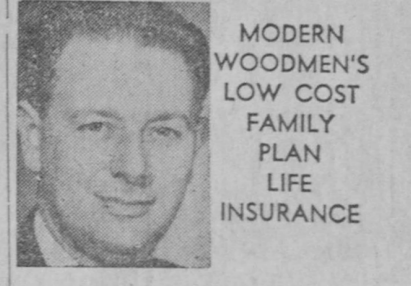

ed to give farmers whatever assistance they need regardless of where the farm is located.

It is estimated that over three million farmers will receive this report, he said. This information is being gathered from county offices and summarized by computers located at New Orleans, Louisiana, and Kansas City, Missouri. Reports are being printed by the computers and mailed directly to farmers. A job of this size could not be completed without an automated system, added Mr. Bessey.

Since this is the first year for a service of this magnitude, there are bound to be a few problems. He suggested that farmers carefully read the explanation on the report and check the accuracy of the total reported by comparing it with farm records. If an error is discovered, the nearest ASCS county office should be contacted to have the mistake corrected. County offices have been instructed to give farmers whatever assistance they need regardless of where the farm is located.

## State CD Plans Coho Planting Next Spring

State Rep. George A. Prescott announced today that the Michigan Conservation Department plans an extensive planting of coho salmon fingerlings in the Au-Sable and Tawas Rivers this spring.

"The conservation department decision," said Prescott, "is most welcome, since it culminates a year-long effort I have made to bring coho fishing to our area. The department has informed me that one-quarter million coho fingerlings will be planted in the Au-Sable and Tawas Rivers. These 250,000 young salmon represent well over half of the total coho planting of 400,000 for all Lake Huron. I am very proud that streams in our area have been chosen as the coho fishing capital of Lake Huron."

The Lake Huron plantings are included in this year's over-all conservation plan to stock 18 streams feeding into Lakes Michigan, Superior and Huron with a total of 1,850,000 fish.

"This will result not only in great sport fishing for local residents, but will also be a tremendous tourist attraction, drawing open water sport fishermen from all over the state and nation," Prescott said. "We can expect to match or exceed the success enjoyed in previous coho plantings along Lake Michigan."

## Funeral Service Held for Mrs. Bolen

## Bay-Arenac-Iosco School Group Submits Federal Application

On January 2, the Bay-Arenac-Iosco study group submitted its proposal for federal moneys under Title III of the Elementary-Secondary Education Act.

If approved, the proposal will establish a regional educational services center designed to provide a professional services program of applied creativity in education for the three-county region.

The proposal is now being read and evaluated by the United States Office of Education and the Michigan Department of Education, according to Thomas H. Kennedy, federal programs coordinator for the PSP. Disposition of the proposal is expected sometime in May, said Kennedy.

Target of the PSP is 11 public schools and 33 nonpublic schools in Bay, Arenac and Iosco Counties.

As a result of the utilization of a planning grant, the selected objectives for pilot and operational phases of the proposed project are:

- To develop a limited system of creation and demonstration schools wherein the climate will be conducive to educational change and innovation.
- To focus on a new role development in the pupil personnel services field . . . that of the "guidance technician."

## Nominating Petition

I hereby nominate \_\_\_\_\_ of \_\_\_\_\_ as the outstanding citizen of the Tawas area for the year 1967. I have enclosed a brief summary listing reasons why I have placed my candidate in nomination.

Signed: \_\_\_\_\_

(This ballot must be returned to the Tawas Chamber of Commerce office on or before January 20, 1968.)

## Meat Relish Adds Zing!

A popular meat accompaniment in Hawaii is Hot Pineapple Jelly. Made with dried chili peppers, the Mainland version has a hint of tart-sweet and lots of that bite that makes it excellent with beef, lamb or roast fowl. This is jelly making time, so include a few glasses of this specialty while you have the cookers, paraffin and sterilizers in operation. Then use them as hostess gifts at holiday time.

- Hot Pineapple Jelly**
- 2 $\frac{1}{4}$  cups Hawaiian Pine-apple Juice (No. 2 or 1 pt., 2 oz. can)
  - $\frac{3}{4}$  cup cider vinegar
  - 5 $\frac{1}{2}$  cups sugar
  - 1 teaspoon crushed or chopped chilies (dried small hot whole red peppers)
  - 1 bottle liquid fruit pectin
- Combine and mix pineapple juice, vinegar, sugar and chilies in a large saucepan. Place over high heat and bring to a boil, stirring constantly. At once stir in liquid fruit pectin; then bring to a full rolling boil and boil hard for 1 minute, stirring constantly. Remove from heat and carefully skim off foam with metal spoon. The pieces of chili shell tend to float to the top; leave as many in the jelly as possible for color. Pour quickly into sterilized glasses. Cover jelly at once with  $\frac{1}{8}$  inch hot paraffin. NOTE: \*Wash hot substance from hands after chopping chilies.

# Farmers Should File Promptly on Income

Thousands of self-employed farmers and their dependents have retired with social security benefits since 1954 when congress extended coverage to this group. Today, another 4 1/2 million people whose living depends upon farming are building social security protection against the loss of income resulting from retirement, disability or death.

Urging farmers in this area to file prompt and accurate income

and earnings reports for 1967, Harvey J. Mulder, social security assistant manager, pointed out that failure to do so may result in reduced social security benefits or the loss of benefits.

"Now is a good time," Mulder said, "for farmers to examine their records to see what they must report on their federal income returns for the past year."

Also, he said, low-income farmers can build social security protection. Mulder cited a special optional provision in the law which enables farmers whose net earnings are less than \$400 to acquire social security credits. It works like this: If a farmer's gross income from farm self-employment is between \$600 and \$2,400, he may count two-thirds of his gross farm income as net income for social security purposes.

If gross farm income is over \$2,400 and net farm earnings are less than \$1,600, he may report either his actual net or \$1,600.

Under this provision, a farmer with annual gross income as low as \$600 can report net earnings as \$400, or two-thirds of his gross income to get social security credit for that year.

A social security representative for this area will be at the Iosco County Building, Tawas City, Thursday, January 25, from 10:30 a. m. to 2:00 p. m.

## Move to Elect Co. Roadmen Fails on 8-8 Tie

15 Years Ago—

January 16, 1953—A move to place election of county road commissioners again on the county ballot failed in a tie (8-8) vote at Wednesday afternoon's session of the board of supervisors. In other business, the board adopted a resolution asking the conservation department to refrain from continuing the "any deer" season again in 1953 as the deer herd is depleted.

Tawas Area Board of Education will seek a new superintendent of schools. Both A. E. Giddings, Tawas City superintendent, and C. J. Creaser, East Tawas superintendent, will be retained for the 1953-1954 school year.

There is a deluge of tears, letters and presents for the Jackson prisoner who is serving a life sentence for hold-up murder. Previous to the hold-up, he had served time for armed robbery. Many columns of "sob stuff" have been printed in newspapers of the state. "Wouldn't it be well to shed a few tears for the man he killed?" asked a Herald editorial.

Dr. E. C. Beck of Mt. Pleasant, president of the Michigan Education Association, spoke on problems facing the schools today at the AuSable District Association meeting held at Whittemore.

New officers of the Tawas Masonic Temple Association are B. W. Brooks, president; D. A. Evans, vice president; J. F. Mark, secretary; R. H. McKenzie, treasurer.

January 15, 1943—Iosco Board of Supervisors authorized increasing the hourly wage scale of deputy sheriffs from 30 cents to 50 cents.

County School Com. Russell A. Rollin reports that the state association of school commissioners has come out strongly opposing a move to allow rural agricultural schools to force consolidation of smaller adjoining school districts.

The Blake Motor Freight Company at East Tawas has been sold to the Mulvena Company. The Alpena firm took over the first of the year.

Sgt. Charles Follette of Plainfield Township has been seriously wounded on duty in New Guinea.

Ranking first in accuracy tests as typist at Tawas City High School are Ruth Giddings, Jean Moeller, Reginald Bublitz, Linda Libka, Roy Landon and Audrey Bell.

The Office of Price Administration is moving to force conversion of all oil heating units to coal in buildings other than private homes. Rationing boards are to withhold fuel oil from such buildings, unless written proof is presented that arrangements have been made for conversion by a definite date within the current heating season. The oil supply situation in the 30-state rationed area is critical.

35 Years Ago—

January 20, 1933—In a move to prevent homes from being sold for taxes, State Rep. Fred Holbeck has introduced a bill into the state legislature to defer payment of taxes on an installment plan.

## Beef Cattle Day is Jan. 30

The annual beef cattle day during Farmer's Week at Michigan State University will be held Tuesday, January 30, and will see an interesting and information filled program when the Charolais Breeders of Michigan officially challenges the older breeds. The C. B. of M. is Michigan's newest beef cattle association for the promotion of the country's newest and fastest growing breed.

The program will explain the role of the charolais breed in Michigan, as well as the United States, and it will outline the reasons why the charolais is the country's fastest growing breed and is the fourth in the nation in breeder membership.

### When You Buy Potatoes

If you took your potatoes home in this past very cold weather and they were left in the cold car too long or went home from the store in the back of the pick-up, they may have developed a sweet flavor because the starch of the potato changed to sugar.

Store them at a warm room temperature 70-80 degrees for a week or two before using them so the sweet flavor will not be so pronounced.

Grading regulations do not require the potato variety to be indicated on the package and this also makes for dissatisfaction if a homemaker unwittingly bakes a potato meant for boiling or boils a baking potato. As a general rule, there are three basic groups of potatoes and they are not too difficult to recognize. The brown skinned russet varieties (mostly from Idaho though more are now coming from Michigan) are excellent bakers and mash up well. Red skinned potatoes are dependable boilers. They hold their shape well for cutting into cubes or slices. The round whites, a catch-all class, are more difficult to categorize.

One easy test for "bakers" or "boilers" goes like this: Cut the doubtful potato in half and immediately rub the cut surfaces to-

gether. If a very white, frothy foam appears, the potato is mealy textured with a high starch, low sugar content and will be a good baker or masher. If a sticky substance, rather than foam, appears, the potato is waxy textured with a high sugar, low starch content and you had better boil or fry it.

### Why We Need Disposers

Historians might call us "The throwaway generation" and with good cause. Every year, Americans throw away about 27 1/2 billion glass bottles and jars. Tin cans bounce into trash barrels 5 1/2 billion times each year. It takes more than 70 billion grocery bags and sacks to carry our food from store to table . . . and these must be thrown away, too. Food packaging, glass, tin and paper, costs Americans about one dollar out of each 10 spent for food. But it is obviously worthwhile. You would not really want to buy unwrapped food. It would not be safe and it would not be storeable.

## CREDIT UNIONS ARE

# people helping people

What makes a credit union different from any other financial institution in the world?

Answer: People helping people. A credit union's interest is in YOU, not just in your money. It is concerned not simply with your short-term loan, but with your long-term family welfare.

A credit union is in business to help its members. It is owned by its members. That's why loans usually cost less at a credit union — because there's no point in charging yourself high interest rates.

That's why credit unions pay generous dividends — because ALL dividends go back to the members. That's why credit unions provide life insurance with your savings . . . and life insurance on loans . . . as an extra dividend at no extra cost.

Credit unions help provide the security you need — help safeguard your family's future. Over a million and a half people in Michigan now belong. Isn't it time YOU joined?

For more information, contact the C.U. where you work — or the one in your parish or neighborhood — or write Michigan Credit Union League, 1600 North Michigan, Saginaw, Michigan 48602.
