

## County Planning Left to New Iosco Co. Board

Action on county comprehensive planning has been tabled until the new county board of supervisors makes a decision on financial arrangements next year, according to a recommendation adopted last Wednesday by Iosco Board of Supervisors.

No funding had been provided in the 1968-1969 budget adopted last April by the board of supervisors and any action toward processing approval of the program would place the new county board

of supervisors in a position of obligation to fulfill funding requirements not previously provided.

The board urged that the matter of a county comprehensive planning program be based as an item of high priority to the county board of supervisors following its organization early next year.

In the event of approval, appropriate arrangements could be made toward budgeting needed funds, said supervisors.

In other business conducted during the June session, the board accepted the resignation of Charles Bailey as a member of the Iosco-Arenac Regional Library Board. Alva Meade of Oscoda was named as his successor.

The board disallowed a \$16.50 claim for fees entered by two justices of the peace. J. Harry Rapson of Alabaster and Herschel Willhite of Oscoda had entered justice fees for the same case. Because of the discrepancy, supervisors disallowed the fee.

Named to the Iosco County council of the East Central Michigan Economic Development District were: Adolph Siegrist and Harry Krueger, farmers; the Rev. William C. Lindholm, minister; A. C. Duquette, Joseph Bouchard and John Skrocki, labor; Ralph Western and Donald Karcher, real estate; Marlin Eaton, insurance; Paul Chevis and Richard Harris, industry.

The board authorized advertising for bids on furnishing a tractor and loader for use at Old Orchard Park. Deadline is July 5.

The board approved convention expenses of the sheriff, friend of court and county clerk.

An appropriation of \$315.00 was made to the East Central Michigan Economic Development District as Iosco's share of its budget.

Authorization was given to pay \$19,834 as the county's share of expenses for District Health Unit No. 2.

The employee liaison committee reported that it regretted that Mrs. Carl Small could not be included in the pension plan recently adopted by the county. One of the requirements for qualification was that the employee have 10 years of service. Mrs. Small was employed from October 15, 1960, to February 9, 1968.

Investigation is to be made on acquiring operation of a township park at Long Lake. The property is presently leased by Plainfield Township from the department of conservation.

## Cpl. Alan Ott Killed June 3 in Vietnam

Full military rites were conducted Sunday, June 16, at Twining Baptist Church for Cpl. Alan Ott, United States Army, who was killed in Vietnam action. Corporal Ott was killed June 3 on the last day of a mission near the Cambodian border.

He was born September 7, 1946, and graduated from Au Gres High School as an honor student. An outstanding athlete, he attended Michigan State University prior to entering the service. He was a member of Twining Baptist Church.

In the army, he adapted quickly, his athletic ability showing in weapons qualifications test.

Surviving are his parents, Mr. and Mrs. Adolph Ott; three brothers, Donald, Jerry and Warren, all at home; maternal grandmother and great grandmother.

## Outline Curriculum Improvement Plans

A broad outline on curriculum improvements for Tawas Area School was adopted Monday night by the board of education.

On recommendation of the board, John Alexander, curriculum coordinator, is to present at a future meeting a specific program concerning the changes involved.

Changes in curriculum and class offerings in the high school would effect mathematics, English, French, biology, auto shop, business-education, library, as well as textbook changes and enrichment classes for junior high school.

Major change is in the field of biology, where the board of education gave its approval to purchasing new equipment for this instruction. The school is presently working with the bidder on modification of the biology room to provide laboratory facilities. Two sections of biology I would be added, as well as advanced biology.

In the area of auto shop instruction, a program recommended by Alexander would be as follows, although complete details would be spelled out before actually inaugurated.

Basic shop would be offered to 10th graders with no prerequisites. Instruction would include shop

safety, tools, procedures, mathematics, basic electricity, basic instruction in welding and basic instruction in internal combustion engines.

Auto mechanics one, offered to 11th graders, would include a review of the above instruction, advanced welding, small engines, introduction to basic automobile systems, including fuel, lubrication and ignition.

Auto mechanics two for seniors would continue the basic educational program, plus instruction in other systems of automobiles, body repair, welding, brazing.

Alexander has suggested that seniors be allowed to work on specific problems on private automobiles as a means of increasing motivation for students. He said that such instruction could be offered the last semester of the year, although he emphasized that that instruction should be on specific problems and not in major overhauls.

Other recommendations included new textbooks for junior high mathematics, addition of algebra II, addition of fifth year mathematics for approximately 10 to 15 students. The latter would be highly technical including statistics, laws of probability and introductory calculus.

Recommendations for changes in the English program would place the 10th and 11th grade classes on a two-track system, one for "general" and the other for "college preparatory." Advanced placement English would be added for superior students in grades 10 through 12. This would be taught as a non-credit course.

Due to the July 4 holiday, the July 3 issue of The Tawas Herald will be published one day earlier. Correspondents, publicity chairmen, golf league secretaries, bowling secretaries and individuals with newsworthy items are urged to submit them as soon as possible to the Herald office. Cooperation in this matter will be appreciated.

# Tawas Host Industrial Developers Today

The Tawas will host a delegation of industrial expansion executives Wednesday (today) in the first Northeastern Michigan Community Development Tour.

This is the third state tour under sponsorship of the Office of Economic Expansion, according to the Michigan Department of Commerce. The two previous tours were held in the southeastern and Thumb areas of the state.

The group is to meet with local

officials and industrialists at a 10:30 o'clock coffee hour Wednesday morning at the Barnes Hotel.

A presentation is to be made concerning downtown business districts, industrial sites, methods of keeping industry, attracting and financing industry, organizational planning, utilities and transportation.

Following a tour of the community, a noon luncheon is to be held at the Barnes Hotel.

Each year, this group spends two weeks touring sections of the state in the interest of economic expansion. Trips are made two or three days at a time, but consume a total of two weeks time for these busy men.

Making the tour this year are the economic development directors of Michigan Consolidated Gas Company, Consumers Power Company, Michigan Chapter of the Society of Independent Realtors, De-

troit Edison, Michigan Bell, Penn-Central Railroad, Michigan Employment Security Commission, East-Central Economic Development Association and the planning department of the Michigan Department of Commerce.

On this leg of the tour, the group is to visit West Branch, Midland, Clare, Grayling, Standish and the Tawas.

During the local bus tour of this area, the group will visit city and

county governmental facilities, schools, churches, city halls, county building and jail, fire protection facilities, water departments, hospital, industrial buildings and prospective industrial sites.

Following this tour, they will return to the Barnes where the visitors will comment on what they have seen and what can be done to attract industry to the area and what also can be done to expand present facilities.

## TA Millage Set for New Vote July 29

### Proposal Asks 2.92 Mills for One Year

A millage proposal, with two basic changes from the one which was defeated earlier this month when presented to voters of Tawas Area School District, is to be re-submitted at a special election to be held July 29.

Last day of registration with city or township clerks, in order to be eligible to vote in this special election, is June 28, 5:00 p. m.

At a special meeting June 13, the board voted to place a 2.92 proposal before voters for a one-

year period. The proposal defeated called for a three-year levy of 3 3/4 mills, although assurances were given at the time that only enough millage would be spread on tax rolls to meet the budget.

In its split of the 15-mill limitation on taxes, schools of the county were given 10.08 mills by the Iosco Allocation Board. This action occurred after the deadline for establishing the special tax rate for the June election and it was necessary to ask for 3 3/4 mills.

Supt. Reynold Mick said that nothing was solved by the defeat of the millage issue earlier this month. Very little can be accomplished through budget cutting and the board of education has given no consideration to an austerity program, because of its dire effect on the education of children.

The school's budget is approximately \$120,000 higher than last year, although total expenditures were actually higher than the budget submitted to the allocation board. The difference was made up last year by use of the school's surplus fund built up over the years through legal transfer of the minimum amount of state aid, amounting to about \$120,000.

This additional money went toward instituting new programs in the school, hiring of additional teachers to reduce the class loads, as well as hiring additional administrators and replacing equipment.

Salaries to teachers for next year have also increased over 1967-1968, as is the case throughout the state. Total salaries paid last year amounted to \$252,102 for elementary and \$265,816 for secondary, as compared to \$271,667 for elementary and \$315,797 for secondary next year. Hiring of additional teachers is also reflected in the new total.

Although the district will receive approximately \$90,000 in additional local taxes gained through equalization of the county by Gem Surveys, which boosted valuation from \$29,240,489 to \$41,169,000, the school will lose \$45,000 in state aid because of the higher deductible millage factor adopted by the state legislature. The difference must be made up in local taxes in order to meet the budget.

The special election July 29 is the last time that a proposal can be submitted to voters this year. Special meetings are being held between the board of education and interested citizens to explain the need for additional millage.

### Fuelgas Company Marks Anniversary

Fuelgas Company, Incorporated, is marking its 20th anniversary in the Tawas area with a week-long observance.

Highlight of the observance will be a roast Friday, June 28, on the Fuelgas Company lawn located at 620 West Bay Street, Tawas City, overlooking the Tawas River.

Drawings are being held every night at 8:30 o'clock and a grand prize is to be awarded at the end of the sale.

## Final Day of State Sheriff's Convention

Activities today conclude the three-day convention of the Michigan Sheriff's Association being held this year in the Tawas. Headquarters for the convention, attended by more than 150 persons, are the Holland Hotel and Barnes Hotel.

The convention, hosted by Sheriff and Mrs. Ivan L. O'Farrell of Iosco County, got off to a rousing start Monday with a flying visit by Gov. George Romney. The governor addressed sheriffs and guests at a noon luncheon held at the Holland Hotel.

Preceding this was opening session called to order by Richard P. Weiler, president, Traverse City. Greetings were extended by O'Farrell and Charles E. Smith, chairman of the Iosco Board of Supervisors.

Remarks were given by Gus Harrison, department of corrections, and Col. Fred Davis, Michigan State Police commissioner. Invocation was given by the Rev. Ernest Ferguson, pastor of First Baptist Church, Tawas City.

State Sen. Robert Richardson, Saginaw, chairman of the senate judiciary committee, addressed the group of the district court law. Also introduced was State Rep. George A. Prescott, Tawas City.

Business transacted included a roll call of counties, the president's report, nominations to the board of directors, appointment of convention committees and general discussion.

Wayne County Circuit Judge Edward Piggins was principal speaker at Monday night's banquet at the Barnes Hotel.

Tuesday afternoon's session included a training session given by Ferris Lucas, executive director, National Sheriff's Association; Larry Giddings, project coordinator, National Sheriff's Association; Noel Bufe, executive secretary, Michigan Highway Safety Planning; Louis Rome, executive secretary, governor's commission on crime and delinquency; Donald Reigser, president, Michigan Prosecutor's Association.

Other speakers included Robert Russell, state jail inspector; James Hadley, assistant secretary of state; Richard Stump, chairman, MSA ambulance committee; John Parker, Auto Club of Michigan; Lorin Evans, legislative agent, Macomb County.

Wednesday's program is to include a report by D. Hale Brake, MSA attorney; reports by Donald Wieringa, director of field services, and Donald Potter, MSA executive secretary; committee reports, general discussion and election of directors.

Guest speaker at the final banquet to be held at the Holland Hotel, 6:00 p. m., will be State Rep. Quincy Hoffman, 77th District, chairman of the house public safety committee.

Installation of officers is to follow the president's inaugural address.

Handling arrangements for the three-day event have been Charles Kurtzrock, Tawas City.

## Gas Company Employees Strike

Michigan Consolidated Gas Company Employees Local 799, International Chemical Workers, recently went on strike after a two-year contract expired June 15. Nine local employees are affected by the strike. The union has called the strike as Michigan Consolidated Gas Company will not renew the contract on a two-year basis.

The striking men feel that to let a contract run over two years without a cost of living clause would allow their wages to drop below the average utility workers due to changing economy of the country.

Richard Werth, Tawas area steward, states, "That to allow the company to force us into a three-year contract would not be to the best interest of the union members."

I pledge allegiance to the flag of the United States of America and to the republic for which it stands; one nation, under God, indivisible, with liberty and justice for all.

## LETTERS to the EDITOR

June 21, 1968

To the Editor:

I would like to comment on the letter published by you from Mr. Arnold Zierow.

Our Tawas Area Band did not decide on their own that they would go to Ann Arbor. They were invited by the Mid-Western Music Conference to come and participate. This honor came to the band through hard work and long hours of practice. I feel they have already earned the right to go, such as our basketball team earned the right to play in Mt. Pleasant, by being among the "BEST IN THE STATE."

If Mr. Zierow had taken the time to inquire from people who work with the band, he would have learned that the band has money making projects throughout the school year. The largest project being the community calendar.

The Tawas Area Music Boosters, which consists of all band members, their parents and any music lover who might wish to join, has a community calendar drive every fall. Over the years, this group has raised thousands of dollars for uniforms, instruments and choir equipment.

I for one am very proud of our band and the honor they have brought to this community. I would like to thank the school board for showing their appreciation of our band by voting to pay their Ann Arbor expenses.

Sincerely,  
Mrs. Joyce Roach, Pres.  
Tawas Area Music Boosters

June 21, 1968

Editor, The Tawas Herald  
Tawas City, Mich. 48763

To the Editor:

I would like to offer these thoughts concerning the invitation the Tawas Area Senior Band has received to the Mid-West Music Conference in Ann Arbor next January. The honor connected with performing at the Mid-West Conference is perhaps the highest compliment that can be paid to any Michigan band. In the past 10 years, only one other band, north of Midland has been asked to play at the conference. This, of course, speaks well of our band members. However, ours is a double honor because our band has been asked to prepare the higher classification of selections to be programmed.

People who think we "hand" our students too much are missing some serious points about music education. What we hand our students is a love for music, a desire to seek higher performance goals, insight into an art of expression, the ability to mature as part of a working organization, and the immense pride, obtained only after long and hard hours of practice, that a fine performance can bring.

I will not go into the excellent record achieved by the 1967-1968 senior band. But because of the hard work, long hours of rehearsal and many fine individual and group performances given by this band, they have been asked to perform for the music educators of the state at this conference. They need not ask the public for funds to make this trip. The board of education has already expressed a willingness to send our band, but because of recent events the money may not be available from them. If necessary, the individual band members will pay their own expenses.

I am pleased, happy and, above all, proud of our band members. They are a group that commands respect and I give it to them.

Sincerely,  
Gene Salamony  
Director  
Tawas Area Bands

East Tawas, Michigan  
June 19, 1968

To the Editor:

I would like to make a few comments on the letter to the editor written by Mr. Arnold Zierow. I am sure our band students are very well equipped to take their place in society and that they well know the value of the money that is spent on the band as the band students, themselves, raise more money for band expenses than is allowed them by the school board. There is also a music boosters group composed of parents that raise money for the band by selling the community birthday calendar.

I wonder if before writing this letter if Mr. Zierow took the time to find out anything about our band, what a highly-rated group of young people they are, their many activities and what a good name like this does for our whole school.

For Mr. Zierow and for the many people who may have gotten the wrong impression of our band from Mr. Zierow's letter, I would like to list the things the students do to raise money. They have a magazine subscription sale every year, they run the concession stand at the basketball games, the dance band plays at different events, they give two concerts a year—these take many hours of after-school practice, they also have practice during vacations—

after each concert there are refreshments furnished by the students, and at times during the summer, they play at festivals and such events to earn extra money. This year in an extra effort to earn money, they had a band tag day and the students got out on the streets and sold tags. In all, the school only pays about 30 percent of the band expenses.

Can anyone who knows what an effort all this takes say that these young people are getting things handed to them? Can't they find it in their hearts to see that they at least deserve this small amount, I believe the cost was \$100, as it is a very great honor to be asked to participate in this event.

Sincerely  
Doris Tomlinson

To the Editor:

As the band's immediate past president, I feel it my duty to write this letter to you on behalf of my fellow band members.

I see by the letter written to you in last week's paper that there is a person who thinks that students are "handed" too much. He feels that the band should work harder to earn this trip to Ann Arbor.

I do not intend to sound like one of the younger generation being disrespectful to one of the older generation, but I do feel that this person should be informed of a few things. First of all, he must not follow the hands or watch their progress to say that we are "handed" too much. If he would take the time to realize the many hours of sectional, full band rehearsals, hard working band committees, the money-making projects that the bands take on every year and the many hours our director devotes to the organization, I am sure he would change his attitude. Not to mention that 90 percent of our work is done after school while other students are at home studying. However, 70 percent of the band is honor roll students.

Might I add that to be invited to perform in the Mid-Western Music Conference in Ann Arbor is an honor held by only the best bands in the state and whether people realize it or not, these students have worked hard for this honor and will continue to do so.

In closing, I would like to say that being in band has taught me much more than just to play an instrument. Band has helped me to realize that there is a lot of give and take in life. I have given my experience that I can use in all fields. I would like to say that I am most proud to have been a part of such a fine organization!

Janet Sheldon  
Band Past President

## IHM Church Scene of Bolen-Coyle Wedding

Miss Mary Louise Coyle became Mrs. Bernard Edward Bolen in 11 o'clock rites Saturday, June 22, at Immaculate Heart of Mary Church, Tawas City. The Rev. Fr. Raymond Pilarski performed the service. Variegated pink carnations graced the altar.

The bride is the daughter of Mrs. John L. Coyle of Tawas City and Mr. Coyle of Bay City. Mr. and Mrs. John Bolen Sr. of East Tawas are parents of the bridegroom.

The bride descended the aisle in a silk linen gown fashioned with wrist length sleeves, portrait neckline and Empire bodice. Bands of Venice lace trimmed the Watteau panel chapel length train. A matching lace trimmed bow with attached shoulder length, silk illusion veil completed her attire. She carried an arrangement of white roses and stephanotis.

Bridal attendants were Miss Katherine Hosbach, maid of honor, and Miss Kathleen Deering, bridesmaid. They wore shell pink

linen gowns featuring portrait necklines, Empire bodices, floor length A-line skirts and bell puffed sleeves banded with floral Venice lace. Matching pink picture hats enhanced their ensembles and they carried baskets of shaded pink carnations and ivy.

The bridegroom was attended by James Klenow of East Tawas, best man. John S. Coyle of Tawas City, brother of the bride, and Thomas Coyle seated the guests.

Pink carnations decorated Tawas Golf and Country Club for the afternoon reception. Two hundred guests attended from Detroit, Saginaw, Bay City, Alpena; Washington, D. C.; Falls Church, Virginia, and Cleveland, Ohio.

The bride's mother chose a celery green silk dress with matching accessories. White accessories adorned Mrs. Bolen's navy blue and white dress.

Following a trip to Northern Michigan, the newlyweds will reside at 329 Lake Street, Tawas City.

## Barbara J. O'Farrell Wed Gary L. Gillings June 15

Barbara Jean O'Farrell of Whittemore and Gary Lee Gillings of Flint exchanged nuptial vows before the Rev. Arthur R. Parkin Saturday, June 15, at Whittemore Methodist Church. White and gold chrysanthemums decorated the altar for the candlelight service.

She is the daughter of Mr. and Mrs. Donald A. O'Farrell of Whittemore. Mrs. Jack Goodrich and Harlow Gillings of Flint are the bridegroom's parents.

For the double ring ceremony, the bride appeared in a white imported silk organza gown with lace Empire bodice, scalloped lace sleeves and bateau neckline. Crystal and pearls on lace complemented her A-line skirt with Watteau train sweeping to chapel length. Her matching lace bonnet held secure an imported English illusion veil and she carried a Bible topped with a cascade bouquet of white stephanotis and centered with a white orchid corsage.

For her role as maid of honor, Miss Janice Partlo of Whittemore, wore a maize linen gown with matching headpiece. Wearing identically-styled gowns were Mrs. Elliott Oship of North Tonawanda, New York, cousin of the bride, matron of honor; Misses Jane Bailey of Ann Arbor and Trudy Lawrence of Prescott, bridesmaids, and Maureen Ellen O'Farrell of Whittemore, sister of the bride, junior bridesmaid. They carried corsage bouquets of shattered white carnations and gold roses.

Robert Wilkinson of Flint served as best man, assisted by Donald Jay O'Farrell and James Sturtevant of Whittemore. Richard Nichols of Prescott and Harry Williams of Chicago, Illinois, groomsmen. James R. O'Farrell, brother of the bride, and Robert Nichols of Prescott, cousin of the bridegroom, were ushers.

A reception-buffet dinner was held at Plainfield Township Hall, where played, the traditional cake and ice cream were served. The following children were invited: Stanley Humphrey Jr., Phillip Lixey, John Brinkman, Michael Harsch, Michael Stonehouse, Jamie Cross, Chris Baertson, Stacy Baertson, Kelly McDonald, Dawn Hester, Lori Grabow, Julie Konenske, Christie Kaiser and Janice Kitchen.

Hale. The 400 guests were from Flint, Bay City, West Branch, East Tawas, Saginaw, Detroit, Midland, Kalkaska, Ann Arbor, Hale, Turner, Twinning, Prescott, Tonawanda and Chicago.

After a trip to Colorado, the couple resides at 606 North Grant Street, Bay City.

(Continued from page 1.)
reactionary far right. Let's get back on the road of common sense and decency that for almost 200 years has led America to progress, to prosperity and to pride.

"It is fashionable today to be an extremist or an ultra liberal non-conformist," he said. "Politicians lend an eager ear—a solicitous ear—to the rabid ranting of militant minority groups out of a spurious fear of political repercussions.

"Murder, assault, rape, robbery, rioting and looting are mounting to an unprecedented extent. What is being done about it by those in government charged with the responsibility of security and maintaining the public safety? To answer my own question bluntly—precious little that has proven effective."

He pointed out that legislatures wrangle over needed emergency measures, courts continue to provide escape hatches for guilty and politicians in high office constantly voice placating platitudes, while at the same time urging the expenditure of vast sums of public money on social schemes that barely make a dent in the dilemma.

"Time honored, long enduring judicial precedents, established by the brilliant legal minds of generations past, which have preserved a well-ordered society for almost 200 years, have been swept aside and replaced by a trend of astoundingly liberal high court rulings that have permitted even confessed criminals to escape prosecution and conviction.

"Let us have the integrity, the

fortitude, to meet the challenge, to accept the responsibility of creating for those who will live after us, a heritage of duty, honor and love of country—a code of infallible guidelines—a blue print for living, to which future men may look and by which future men may preserve, eternally—still—the greatest gift God ever gave to mortal man—the privilege of being an American," concluded the judge.

An adult class will be offered Tuesday and Thursday from 1:30-3:30 p. m. Further information may be obtained from Mrs. Michael Freel, 362-2903.

## Bears Beat TC Indies in Good Pitching Duel

In one of the best pitching duels of the season, East Tawas Bears downed the Tawas City Indies, 3-0, to remain in contention for the Northern Division lead in the Northeastern Michigan League.

Played Saturday evening at East Tawas, the game was scoreless until the bottom of the eighth inning when two singles and two fielding errors accounted for all the scoring. The game was a replay of one rained out earlier in the season. The two teams met again Sunday, but the game was called off after 3½ innings because of rain.

Receiving credit for Saturday's win was Grant Mousseau, who allowed Tawas City only two hits. Pitching an outstanding game for the losers was Ron Leslie, who scattered five hits to the Bears before being nicked in the eighth.

The eighth inning found Quandt opening with a single. He was

forced by Sanders at second and Sioff grounded out. Mousseau then belted a single. Two straight errors pushed the three runners over.

Tawas City's only scoring threat came in the third inning when Cadorette opened with a single and Dave Busha belted a double. Mousseau then settled down to retire the side.

Mousseau struck out 10 batters and hit one while Leslie struck out 13 and walked two.

Action this Sunday finds Tawas City at Mio and Mikado at East Tawas.

## ET Class of 1918

### Observed Reunion

Eight of the 13-member graduating class of 1918, East Tawas High School, attended a 50th anniversary gathering Sunday. They met at the George Gifford home and enjoyed dinner at Genii's.

Surviving members of the class are Frances (Klenow) Sheldon, East Tawas; Hazel (Boomer) Rank, East Tawas; Harriett (Schill) Gifford, East Tawas; Causis Gordon, Harrisville; Rudolph Applin, Detroit; Gladys (Swales) Larscheidt, Detroit; Mary (Coulson) Wood, Saginaw; Agnes (Davey) Thompson, Midland.

Also in attendance was a former teacher, Mrs. Kate Evans of East Tawas, Jack Larscheidt, George Gifford, Mrs. Rudolph Applin, Mrs. Causis Gordon and Miss Ruby Evans.

## Houghton Lake Scores a 'First' For This Area

According to the Houghton Lake Resorter, that Roscommon County community has registered a "first" for the area.

Higgins Lake was the scene June 15 of the marriage of Robert Cooley and Penny Amos. Both are members of Ford Sea Lancers, a skin diving club of Detroit, and joined holy matrimony in an under water wedding. Music was furnished by a constantly tolling bell suspended on the lake bottom.

The Rev. Myron Williams, pastor of Chapel Hill Church, Sodus, performed the ceremony 10 feet below the surface of the water. Several dozen divers witnessed the ceremony.

Picture a luscious dessert, salad or possibly a main dish featuring fresh, sparkling citrus fruits. Nothing could be better "medicine" to lift us out of the winter slump we are anxious to leave behind. The excellent source of vitamin C and A that citrus fruits provide add that important element of vitality and rosy complexion most of us sadly lack.

## IN JUST 15 MINUTES IF YOU HAVE TO SCRATCH YOUR ITCH,

Your 48¢ back at any drug store. Quick drying ITCH-ME-NOT deters the itch. Antiseptic action kills germs to speed healing. Fine for eczema, insect bites, foot itch and other surface rashes. NOW at Keiser's Drug Store.

You can add one more citrus fruit to your repertoire of fruits—ugly fruit. And that it is! Under that not-so-desirable skin you will find a very tasty, juicy fruit which is derived from a combination of the grapefruit and the orange. It can be peeled and eaten like an orange or sectioned like a grapefruit.

From the following recipes you will see that citrus fruits can take more than one place at a meal.

### MOLDED GRAPEFRUIT AND ORANGE SALAD

- 1 1/2 tablespoons unflavored gelatin
- 3/4 cup cold water
- 1/2 cup boiling water
- 1/2 cup sugar
- 1/4 teaspoon salt
- 2 oranges, sectioned
- 1 No. 2 can grapefruit, undrained
- 1. Soak gelatin in cold water about five minutes; add boiling water, sugar and salt and stir until gelatin is dissolved.
- 2. Chill over ice water until mixture begins to thicken.
- 3. Add orange sections, grapefruit sections and juice.
- 4. Pour into eight-inch ring mold and chill in refrigerator until firm.
- 5. Unmold on large plate; garnish with lettuce, endive or water cress and serve with salad dressing.

### LEMON FRIED CHICKEN

- 1 2 1/2 to 3 pound frying chicken, cut up
- 1/2 teaspoon salt
- 1/4 teaspoon pepper
- 1/4 cup shortening
- 1/2 cup lemon juice
- 2 tablespoons salad oil
- 1/2 teaspoon salt
- 1/2 teaspoon sugar
- 1/4 teaspoon pepper
- 1/4 teaspoon paprika
- 1/8 teaspoon garlic powder
- 1/4 teaspoon prepared mustard
- 1. Season chicken with salt and pepper.
- 2. Melt shortening in heavy skillet on controlled surface burner set at 300 degrees Fahrenheit or over a medium gas flame and brown chicken pieces well on all sides.
- 3. Meanwhile, combine remaining ingredients in pint jar. Cover and shake well.
- 4. Pour dressing over browned chicken, cover and reduce temperature to 200-225 degrees Fahrenheit or low gas flame and cook 30 to 40 minutes or until tender.

### KEY LIME CHIFFON PIE

- 1 tablespoon gelatin
- 1/2 cup sugar
- 1/4 teaspoon salt
- 4 egg yolks
- 1 teaspoon grated lime rind
- 1/2 cup lime juice
- 1/4 cup water
- Few drops of green food coloring
- 4 egg whites
- 1/2 cup sugar
- 1 cup whipping cream, whipped
- 1 baked nine-inch pie shell
- 1. Mix gelatin, one-half cup sugar and salt in saucepan.
- 2. Beat together egg yolks, lime juice and water, stir into gelatin mixture.
- 3. Cook over low gas flame, stirring constantly, just till mixture comes to a boil.
- 4. Remove from flame and stir in grated rind.
- 5. Add food coloring sparingly to give a pale green color. Chill over ice water, stirring occasionally, until mixture begins to thicken.
- 6. Beat egg whites until soft peaks form; gradually add one-half cup sugar, beating until stiff peaks form.
- 7. Fold gelatin mixture into egg whites. Fold in whipped cream.
- 8. Pile into cooled baked pastry shell. Chill in refrigerator until firm.

ONE OF THE SCOWS used in the "deadheading" operation on the AuSable River is pictured above. During spring river drives, numerous logs became lodged on the river bottom and were removed long after the decline of the industry. Also removed and cut into lumber were hundreds of piling driven into the river bottom.—Photo furnished by Harold Trigger of Oscoda.

# River Crew Was Excited When 'Gold' Was Discovered in Iosco

The Lumbermen's Monument is not the only marker serving to preserve remembrance of events on the AuSable River. Back in the period of 1909, Alvin Densmore bossed a river crew made up of some of the more expert of the pikepole and peevy handlers of that time; such as, "Slim" Cardinal, Johnnie LaVoie, Claude London, "Tag" Berry and some half dozen others of the same sturdy ilk. The work was pulling deadheads for Chris Yockey and the boss had rigged up, to facilitate the work, a steam engine and winch on a scow. While located at Iargo Springs, a shaft on the engine broke and, to get the necessary repairs made on it, Densmore had to take it to town. He was delayed in getting the shaft mended and was absent for some time. Being unable during his absence to continue their log salvaging operations, the energy of the man naturally found another vent. When he did return, in place of the prosaic river crew he had left, he found a band of excited adventurers—men who scorned the thought of ever again sticking a pikepole into a submerged sawing. They were rich! In Iargo Springs, they had discovered gold! It was imbedded in stones that had incrustations like potato eyes and for them there could be no mistaking the yellow glint. If they had been industrious on the deadhead job, they were doubly ambitious in getting out the fruits of their discovery. From daylight until the darkness of night, they had delved with might and main. When the boss returned, he found them jubilant—"stag dancing" about their heap of "gold." But, when he viewed the results of their discovery and labor, he failed to share their elation and quoted, "All is not gold that glitters." They proceeded to install the repaired engine shaft—casting reproachful eyes at the heap of iron pyrites and silicates which they had dug from the banks and which is still evident as a sod-covered hump—a memorial of the discovery of gold on the AuSable. (The above was written by William MacGillivray of Oscoda and reprinted in The Tawas Herald, June 9, 1933.)

## LOOKING BACKWARD—

### Wurtsmith's Portrait to be Unveiled

15 Years Ago—

June 26, 1953—Dedication ceremonies are to be held at Wurtsmith Air Force Base July 4 in which a portrait of Maj. Gen. Paul Wurtsmith is to be unveiled. A Detroit, he commanded the Fifth Air Force Fighter Command during World War II. Lt. Gen. Ennis C. Whitehead is to deliver the address.

What could have been a disaster was prevented by the East Tawas Fire Department Wednesday afternoon when the flames of a burning pumphouse at Klenow's bulk plant threatened several large storage tanks. Fire Chief Edward Lixey was severely burned about the hands and face. A spark ignited gasoline fumes in the pumphouse and the building burst into flames.

Efforts are being made to organize a junior baseball program here. It is hoped that a four-team league can be formed. Deloise (Dewey) Durant has charge of the organization.

Tawas Masonic Lodges will hold their first meetings in the new Masonic Temple in July. While construction is not complete and has not been formally dedicated, meetings are to be held there under special dispensation from Michigan Grand Lodge.

Mrs. Elmer Carpenter was honored for having completed 25 years service as a telephone operator with Michigan Bell Telephone Company.

### 25 Years Ago—

June 25, 1943—Huron Shores Rustic Furniture Company of East Tawas has purchased the Stark Mill in Tawas City, according to an announcement by Harry Westrich, manager. The Stark Mill is one of the few plants remaining from the lumbering days in this section of Michigan. For a number of years, it was owned by Gale and Ramage and operated as a planing and flooring mill.

In order to speed up mail deliveries, branch post offices in large cities have been given numbers and mail addressed to persons in cities will have to carry the numbers as well as the street addresses.

The Rev. Frank Benish of Ann Arbor has been named as the new pastor of Methodist Churches of the Tawas. The Rev. John Silas has returned to the Indian Mission near Oscoda.

The county board of supervisors voted to lend the county road commission money enough to purchase a bulldozer for work on county roads and for use of farmers of the county on a rental basis.

Most people have the idea that Washington postwar planners are thinking only of the people in foreign countries. But that is not the case. They are also thinking of how the land of America can be returned to the people of America. The real fact is that much of the big land holdings in this country are in the hands of insurance companies and absentee landlords, as strikingly brought out by latest AAA conservation and parity payments. In four of the country's largest farming states, largest payments were made not to individ-

ual farmers but to life insurance companies.

### 35 Years Ago—

June 23, 1933—While only a few headed the appeal of Mayor Alfred Boomer, much was accomplished Friday afternoon at a work bee held at the Tawas City Park. The park is being operated this year through cooperation of the city council and the Tawas City Improvement Association.

Two Detroit men, charged with robbing safes in the county treasurer's and clerk's office of \$1,200 March 31, are to be sentenced in circuit court. The men entered guilty pleas. They broke into the courthouse and used nitroglycerin to blow open the safes.

Charles Allen Pinkerton Jr. and John Milton Hill received degrees of bachelor of science at commencement exercises at Michigan State College, East Lansing.

C. Cobb, representing the Swift Company, has opened a cream buying station in the Kocher Building at Hale.

Marvin Mallon won the boy's singles tennis tournament by defeating Arnold McLean in an exciting three-set affair. Agnes Roach defeated her sister, Dorothy, in the girls' singles.

In the judgment of a large number of persons, the representative form of government in our country seems to be breaking down. The unprecedented power which congress has vested in the president makes it appear as though we are now functioning under a dictatorship.

WINNER, AAA TRAFFIC SAFETY POSTER CONTEST

Summer vacation planners are not the only people who should be thinking of "far away" places now that school is closed. Parents with youngsters who will be outside most of the day are also urged to remind the young ones to "Play Far Away From Traffic." Motorists can help too by being extra alert when driving near play areas. To bring this message to the state's children, both city and rural, Automobile Club of Michigan has distributed 17,000 copies of this poster to schools throughout Michigan.

Once you take a really close look at this '68 Impala Custom Coupe, chances are you won't care what other people's 1969's are going to look like. But we'll tell you anyway.  
This particular model—with its formal "notchback" roof line—is the most popular one we build. Which means it's by far the most popular '68 anybody builds. Which means (and this is an open secret around Detroit these days) some other cars are going to look a lot like it in '69.  
Frankly, we're kind of used to being borrowed from this way by now. Whether it's styling, riding comfort or just plain painstaking workmanship, we know that putting you first keeps us first. And we can't blame other carmakers for wanting to catch up.  
But meantime the thing for you to do is drop down and have a talk with your Chevrolet dealer now. Great as our styling looks on this '68 Impala, we can't promise it's going to look so good on a '69 something else.  
Happening now at your Chevrolet dealer's, a tremendous explosion of extra buying power. Only the leader could make it happen.  
Save on popular V8 engines, automatic transmissions, whitewall tires—and more. Just take a look at these five bonus savings plans. Then see your Chevrolet dealer.

**"A WOMAN'S WORLD"**  
WITH Lee Murray

Young marrieds may have economy as a foremost consideration; mother with many children are concerned with time; women with grown children may not object to extra fussing. In any case, "home" work can be crucial. Planning ahead is a real skill.

**SHORT CUTS**

1. Try this trick with a head scarf. After washing and rinsing, press the wet fabric against a tile wall and spread flat. It will cling and dry smoothly.
2. If you want washable leather gloves to remain washable, keep them clean by the laundering method right from the start—dry cleaning fluid dissolves and removes the washable finish.
3. For that subtle aura of fragrance, add a few drops of cologne to the last rinse when washing lingerie.
4. Keep a few ice cubes handy when you iron cottons or linens. To prevent wrinkles, ease a cube over dried out areas to redampen during the ironing.
5. For quick drying of freshly washed upholstered furniture, open the windows and set an electric fan nearby. Or turn on the air-conditioner.
6. Keep a pair of white cotton gloves in the sterling silver drawer. Use them when handling the silver to eliminate any telltale fingerprints.
7. Kids' sneakers will come cleaner quicker if you apply suds and let them "set" for half an hour. Then put the footwear into the washer along with a load of towels to use as buffers.
8. Plastic bibs and aprons for little dribblers are easy to make by machine. Use cotton thread, long stitches, loose tension and colored bias binding as edging.

CLEMMMA LENEHAN

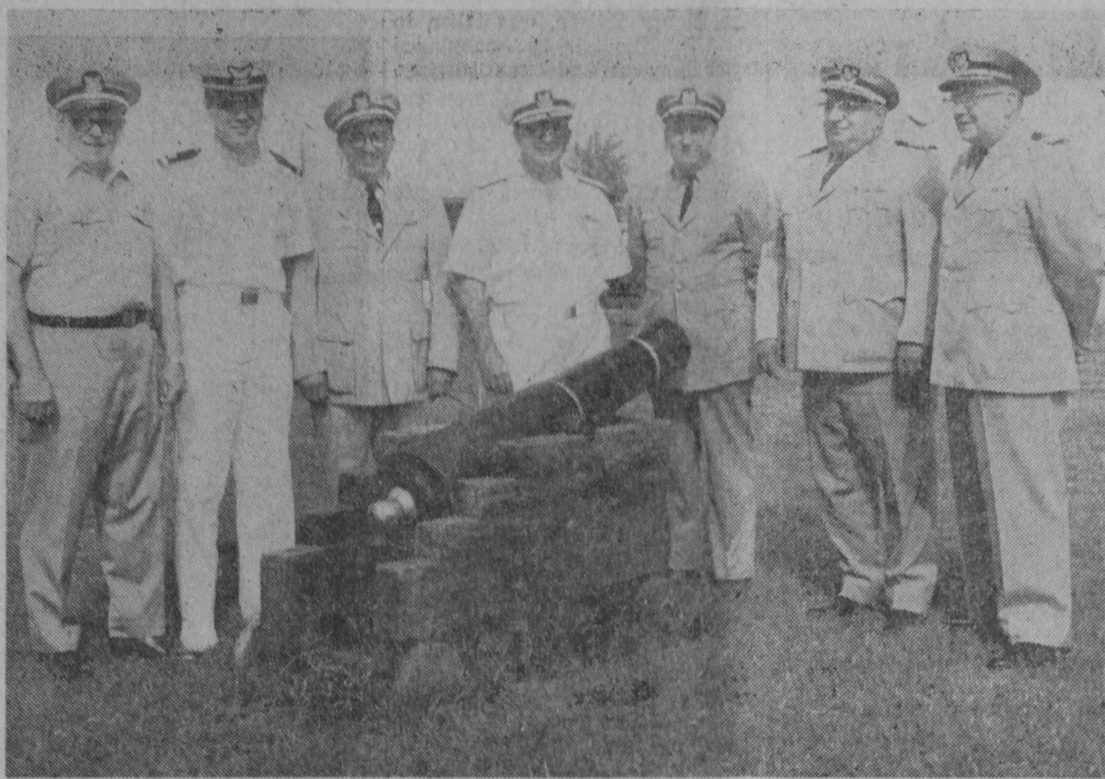

**Area Home Economist on Health Leave**

Mrs. Clemma Lenehan, area extension home economist, has been granted a one-year health leave of absence by Michigan State University Cooperative Extension Service effective July 1. She is now recovering at home from major surgery performed June 12.

Mrs. Lenehan had served Arenac County as extension agent from 1954 until 1965 when she was injured in an automobile accident. Following a year's leave at that time, she accepted responsibility of the home economics extension program in Arenac, Iosco, Ogemaw and Oscoda Counties.

For the past year, her area has been Arenac, Iosco and Ogemaw Counties with home office at Standish where she and her husband live. Her weekly column has appeared in this newspaper since her appointment here and she has had a daily local radio program for the past two years.

It is expected that the position of area extension home economist will be filled soon.

shiny glasses of jelly, pickles, canned meat, crocheted hats, knitted sweaters, angel food cakes and petunia bouquets to the county fairs.

Why don't you get something ready today and give those neighbors some competition?

If you take canned food, polish the jars with a cloth dipped in vinegar. If you can easily remove the band, a new one may sparkle nicely. Do not replace the vacuum lid, though, and be sure the jar is tightly sealed. A judge disqualifies the exhibit if not properly sealed. No special brand of jar or lid is required, though some fairs have special awards by jar companies.

If you are taking flowers, pick them the evening before and submerge stems in a tall vase or pail in warm water (yes, warm, not cold water) and set in a cool place overnight. This hardens the stem and at the same time the warm water goes to the bloom for a more lasting and durable bloom. If entering needlecraft, be sure the item is spotlessly clean.

Some of last year's Iosco County Fair winners of state fair and national wool needlework ribbons were Marie Pember, Madeline Brindley, Jennie Shedenhelm, Leona James, Kendra Salisbury and Harriet Lowe. Others were Maude Randall, Lois Trinklein, Mrs. Robert Botsford of the Tawas area; Isla Fair, Lupton, and Hazel Wesenick, Whittemore.

### Distinguished Flying Cross to Capt. Tanner

Capt. Warren M. Tanner, 30, a 1956 graduate of Tawas Area High School, was recently awarded the distinguished flying cross after the citation had followed him from hospital to hospital, finally catching up to him at Fort Rucker, Alabama.

Tanner was an armed helicopter platoon leader in Vietnam and received the medal for heroism while participating in aerial flights as evidenced by voluntary action above and beyond the call of duty.

On July 24, 1967, while flying in support of the second battalion, 35th infantry, north of Duc Pho, Tanner spotted a Viet Cong ambush. He immediately warned the commander on the ground while he rolled in, hitting the enemy hard with accurate rocket, mini-gun and door gun fire.

For the next five hours, Captain Tanner continued to cover the area, searching out and killing the enemy, who were on the run. On at least two of his firing runs, his aircraft was taken under intense enemy automatic weapons and small arms fire; however, stated the citation, "calmly and confidently continued his firing passes and definitely silenced at least one enemy position."

He and his crew courageously

risked their lives by marking the engaging enemy positions around the ground unit. On his last firing run, Captain Tanner's aircraft took two hits, one of which struck him in both legs.

Tanner received the purple heart medal and the air medal with 17 oak leaf clusters for his service in Vietnam.

He is now assigned to headquarters and headquarters company, 53rd aviation battalion, Fort Rucker, Alabama. His wife is the former Betty Jane Latosky of Turner. His parents are Mr. and Mrs. Clark Tanner of Tawas City.

### Completes Field Artillery Course

Army Pvt. Michael D. Horning, 20, son of Mr. and Mrs. Harold T. Horning, East Tawas, completed an eight-week field artillery basic course June 6 at Fort Sill, Oklahoma.

During the course, he was trained in the operation and maintenance of the 105mm and the 155 mm towed howitzers. He also received specialized training in firing such weapons as the M-60 machine gun, the M-79 grenade

### Pvt. Ralph Dye at Fort Knox, Ky.

Army Pvt. Ralph L. Dye is assigned to company B, 18th battalion, fifth brigade, in the United States Army Training Center, Armor (USATCA), Fort Knox, Kentucky.

He will spend the next two months learning the fundamental skills of the soldier in today's modern, action army-firing live ammunition under simulated combat situations, learning protective measures and first aid for chemical, biological and radiological attacks, as well as being schooled in the use of modern arms.

Interspersed with constant emphasis of proper physical conditioning, diet, rest and health habits, will be ample opportunity to utilize USATCA's many and varied recreational and religious facilities.

Following the completion of basic training, Private Dye, who is the son of Mr. and Mrs. Floyd Dye, East Tawas, will receive at least an additional eight weeks of either advanced instruction or on-the-job training to qualify him in a specialized military skill.

### Pickett Assigned as Heavy Equipment Operator by Army

Army PFC Phillip W. Pickett, 18, son of Mr. and Mrs. Lorraine Pickett, Whittemore, was assigned June 7 as a heavy equipment operator to company B of the first infantry division's first engineer battalion near Lai Khe, Vietnam.
