

Week-End Program Ready

Perchville Awaits Visitors

Ice of Tawas Bay will be the site this week-end of the annual Perchville, USA, ice fishing festival.

Featured will be ice fishing contests, a parade, children's contests in skating, fishing and bike races. In addition, there will be a polar bear swim, tug-of-war, square dancing, teen dances, snowmobile races, exhibitions and a demolition derby.

A king and queen are to be selected during the three-day program.

The annual stag fish fry, held over from the old Silver Valley winter sports carnival, will open the festival Friday evening at the Barnes Hotel. A Barry McGuire, a native son and now director of the Michigan Supervisors Association at Lansing, will be crowned 1969 Perchville king at the fish fry.

A dance for teen-agers will be held Friday night, 8 o'clock, at the all-purpose room of the East Tawas Elementary Unit.

A parade starts activities Saturday morning at 10 o'clock, starting at Mathews Street in Tawas City and proceeding to the Federal

Building, East Tawas. Activities on the ice near the Michigan Waterways Commission dock start at 12 o'clock noon Saturday.

A flag raising ceremony at the Michigan Waterways Commission Dock, immediately following the parade, will start Saturday's program.

Polar bear swimming events are to be held at 1:00 p. m. Saturday and 1:00 p. m. Sunday.

Activities Saturday include a tug of war, square dancing on the ice, airplane exhibitions, helicopter rides and a fireworks display at dusk.

A Ski-Doo stunt team is to perform at 2:00 p. m. Sunday at the Waterways Commission Dock, followed by a demolition derby at 3:00 p. m.

The 1969 Perchville queen will receive her crown at Saturday night ceremonies during the traditional annual banquet at the Holland Hotel. She will be selected among anglers on the ice during Saturday's fishing activities. Snowmobile activities will be headquartered Saturday and Sun-

day at the Tawas Golf and Country Club.

Bob Reynolds, who has attended winter sports activities here since 1950, will be among personalities attending the event. Reynolds is sports director of WJR-Detroit and his Saturday night broadcast

will originate from the Holland Hotel.

Speaker for the Saturday night banquet will be Earl J. Hill, administrative assistant for public relations, Consumers Power Company, Jackson.

Hill has been with the power company since April 1927. He is a member of the Jackson Industrial Executive Club, American Society of Training Directors, charter member of the Lansing Chapter of American Society of Safety Engineers.

He studied electrical engineering at Tri-State College, Angola, Indiana.

Others coming as guests of the Tawas will be Mort Neff and Jerry Chiappetta, outdoor television personalities, from the Detroit area.

Selection of McGuire as Perchville king was made by the Tawas Chamber of Commerce for his outstanding service to the area as former publicity director for East Michigan Tourist Association.

The first Perchville festival was held in 1964, after a decision was made to close the 25-year-old Sil-

ver Valley winter sports carnival. Perchville actually had been founded in 1950 as an additional winter sports activity here and has received nationwide publicity through the years.

In 1963, Tawas Chamber of Commerce decided to upgrade facilities at the ice fishing village and new aluminum shanties were constructed that year. Heated fishing shanties are available to the public in the bight of Tawas Bay.

East Tawas Officials to View Sewer Plant

An inspection tour of East Tawas' new \$325,360 sewage disposal plant will be made next Monday night by members of the city council and board of public works.

This long-awaited facility is expected to go into operation in early March. Still to be obtained are laboratory supplies and lighting fixtures.

This project was to have been completed last October, but a de-

lay was encountered and the city council extended the contract to December 9 for Hill and Thomas Construction Company.

When the plant was not completed by the new date, the city council invoked a \$25 per day penalty clause against the contractor.

The city's new \$490,000 sewage distribution system was completed on schedule, but use of this system awaits cutover to the new disposal plant.

Fifty Fish Caught

Area Survey Indicates Coho Quite Plentiful

According to area fishing buffs, a recent article appearing in a daily newspaper referring to coho fishing in the Tawas area has been at least partially disproven.

Of the fishermen in the area reporting coho catches, not one fish showed any sign of the feared ocean lamprey.

In a person-to-person survey conducted by the Coho City Marina of Tawas City, more than 50 coho have been taken at the mouth of the Tawas River, the East Branch of the Au Gres River and in Tawas Bay, not to mention the number of coho that have been seen by ice fishermen.

Tawas area fishermen have reported individual catches of anywhere from six to 15 coho since the last week in January," said Capt. Hank Bradley of Coho City Marina.

The largest fish taken was near-

ly 30 inches in length and in perfect condition.

"The professional fishermen in the Tawas area feel that the ideal time to catch the sporty coho will start about April 1 and continue well into October or November," said Bradley.

Early indications are that the coho planting in Cold Creek a year ago will ready the Tawas area as a fisherman's paradise this year.

In contrast to other areas, the Tawas will be geared to handle the influx of coho enthusiasts with adequate boat ramps, parking facilities, motel and hotel accommodations as well as enough charter boats to handle all fishermen.

Provisions are also being made for cleaning and processing coho caught by visiting fishermen.

"The area has restaurants with varied menus and reasonable prices, plus other recreational and social activities," said Bradley.

Strike Settlement Mired on Vacation Guarantee

A strike by employees of Tawas Tube Products, Incorporated, Tawas City, went into its 172nd day today (Wednesday). The workers, all members of Local No. 6401, United Steelworkers of America, AFL-CIO, went out on strike September 1.

At the time of the walkout, Charles C. Hayes, president of the local, said the walkout was over "wages, working conditions, unsafe and unhealthy conditions and fringe benefits."

The United Steel Workers of America had been named as bargaining agent for employees following an election in February 1965. About 35 men struck the plant on July 13 of that year.

On February 11, Joseph C. Martin, treasurer of Tawas Tube Products, Incorporated, sent the following letter to employees:

"The purpose of this letter is to be sure that all of you employees fully understand just how our negotiations stand at the present time.

"We understand that a majority of you approved our last offer, which consisted of 31 cents per hour increase, upon your return to work, an additional two cents increase April 1, and another two cents as of July 1. This would bring your production rate to \$2.50 per hour on July 1, which

would bring your gross pay to \$100 per week for a 40-hour week.

"In addition, we have agreed to increase your life insurance and accidental death benefit from \$1,000 to \$1,500 and increase your sick and accident insurance from \$30 to \$50 per week. The second year increase would be 10 cents per hour and the third year would be another 10 cents per hour, plus one paid holiday. We have also agreed on a cost of living program to become effective in September 1969.

"There were two items that stood in the way of your return to work. The first one was a question of when your insurance would be reinstated if you were laid off or on sick leave and had dropped your insurance. Your request was that the insurance should take effect upon the date of your return. To this we have agreed.

"The second request was that we guarantee that you receive full credit of 40 hours per week

against layoff or short work week toward your 1,000-hour-per-year vacation from the date of your return through May 31. This is regardless of how many hours were actually worked.

"We are sure you realize that no one can guarantee how many hours of work will be available. That is entirely up to the customers. They are the ones that determine how many days we are going to work. We fully expect to work a regular 40-hour week, but we are in no position to guarantee it. We are sure that you can see our position on this request.

"It is very difficult for us to understand how a small matter like this could keep you employees from returning to work and get back to receiving your regular pay check each week. We are wondering if just a few are not making the decisions for the majority. We would like to suggest that you give this some serious thought and make your thoughts known to your committee."

City Council Adopts New Salary Schedule

A new salary schedule for elected and appointed officials was adopted at Monday night's meeting of the Tawas City Council. The schedule would not go into effect until after the April 7 spring election.

Salary of the mayor is to remain at \$150 per year, although the council made a provision to pay the city's top executive officer \$8 per meeting attended.

Pay of councilmen was increased from \$6 to \$8 per meeting attended. The clerk's salary is now \$700 a year, an increase of \$50.

Pay of the treasurer, supervisors and fire chief is to remain the same as last year. The treasurer receives \$450 per year plus one percent tax collection fee, supervisors receive \$150 annually and the fire chief receives \$75.

In other business, Kenneth Myles, newly-appointed city attorney, discussed salary for this service with the council. Possibility of paying the city attorney an annual retainer fee was discussed.

Myles felt that it would be best to pay for this service on a case-by-case basis at the minimum fee established by the state bar association, because of the fact that the actual amount of work required was not known.

On the encouraging side, he noted As Isosco's prosecuting attorney,

Myles would handle city legal work where a conflict of interest would not arise.

The council adopted a salary of \$18 for inspectors at the April 7 spring election.

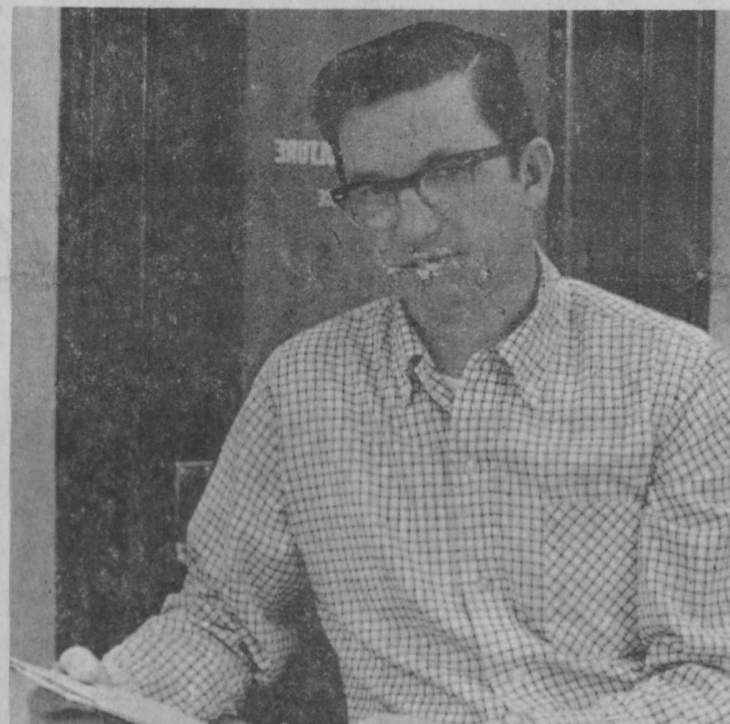

Ordinance No. 173 relative to establishment of a parking violation bureau was adopted by the council. Full text of this ordinance appears on page two, section two, of this newspaper.

The council adopted a resolution similar to one passed by the East Tawas Council two weeks ago requesting that the state legislature clarify and amend new laws pertaining to ambulance services in small cities, towns and counties of the state.

Ambulance service in North-eastern Michigan, as furnished by funeral directors, is to be discontinued effective June 1.

The city council believes that before the new state law takes effect July 1, which requires licensing and that two trained attendants be on call 24 hours a day, the state legislature should further clarify and amend the law in order that smaller communities of the state do not lose this service.

The city announced that a new flood light had been installed at the city-owned ice skating rink on

JACK LAKE, district soil conservationist here for the past three years, is shown in his office.—Tawas Herald Photo.

Jack Lake Transferring to New Montcalm Soil District Post

Jack Lake, who has been conservationist for the Isosco Soil Conservation District for the past three years, is being transferred to Montcalm County in a similar position effective March 10.

The SCS office has charge of soil conservation work in each district and helps private land owners plan and develop soil-water conservation practices.

One of Lake's important contributions in this area has been his supervision of constructing 75 wildlife ponds for habitat development.

More and more nonfarm land owners are recognizing the need for developing land for woodland and recreation and it has been

Lake's responsibility to assist in conservation planning.

Another important aspect of conservation planning has been the planting of wildlife shrubs and food plots for deer and pheasants. This has included wheat, rye, corn and management of old aspen stands for deer food.

Lake came here from Monroe after joining the SCS at Adrian. He, his wife, Wanda, and their four children will reside at Edmore.

No successor has been named as yet for Lake. Harry Krueger of Wilber Township is chairman of the Isosco Soil Conservation District board of directors, which has this responsibility.

One Contest

Light Vote in City Primary Held Monday

Only mild excitement was generated by Monday's primary election in Tawas City to name party candidates for the April 7 spring election.

A total of 122 voters went to the polls, which is about par for city primaries here.

Benjamin F. Brewer, incumbent First Ward supervisor, successfully defended his renomination as the Republican candidate, by polling 37 votes as compared to 22 received by John N. Brugger.

All other offices were uncontested, although one race is assured for the April 7 election. Arnold Kuerbitz, who was appointed by the council to fill the Second Ward supervisor post of Clement Stephan, now district supervisor, will be opposed in the spring election by Roy Bergeron.

Kuerbitz received 28 votes as the Republican nominee and Bergeron received five votes on the

Iosco Historical Society Set to Elect Officers

Iosco County Historical Society will hold its monthly meeting Thursday night, 8 o'clock, at the Iosco County Building.

Annual election of officers will be held, according to Albert H. Buch, who has served as president during the past year.

The organization is now entering its second year of operation. All members and anyone wishing to participate in functions of the organization are urged to attend.

The society was organized last year on recommendation of the Iosco Board of Supervisors.

Everyone attending Thursday night's meeting will receive an illustrated pamphlet, published last week, concerning an historic personality of Iosco County.

Entitled "E. V. Esmond and the Free Silver Campaign of 1896," the pamphlet was written by Neil Thornton of The Tawas Herald. Esmond was an early day lumberman of Iosco and was active in politics in Plainfield and the county for 50 years.

The pamphlet is illustrated with pictures contributed to The Tawas Herald by Esmond's granddaughter, Mrs. Arthur Johnson of Whittemore.

Special Area Committee Plans Fish Promotion

As an emergency measure to promote coho fishing in the Tawas, a special committee has been organized to finance cost of manning a booth at Cincinnati and Cleveland, Ohio, sports shows.

Action of this committee is entirely divorced from the Tawas Chamber of Commerce. While the chamber gave its "blessing" to the organization and contributed \$100, the board of directors believed that the chamber's present budget was not flexible enough to allow further participation.

At the Thursday noon luncheon of Tawas City Businessmen's Association, Edward Whalen, president of Coho City Marina, located at the mouth of the Tawas River, announced that the committee had established an account at Peoples State Bank and was accepting contributions for this promotion.

will send a representative to the Ohio shows, accompanying representatives of Coho City Marina.

Capt. Hank Bradley of the marina attended the Chicago, Illinois, sports and boat show recently and reported he had passed out more than 20,000 pieces of literature to those attending.

Other information concerning coho last week came from the Michigan Department of Natural Resources, which stated that a good share of the 400,000 coho salmon planted in Lake Huron streams last year may be lost to lamprey predation.

Dr. Wayne H. Tody, chief of the fish division, said that the few jacks which were examined last fall, the department observed a scarring rate of approximately 39 percent. This contrasted with a scarring rate of two-tenths of one percent from similar sized jacks

from Lake Michigan.

"It is entirely possible that we may lose a good share of this first plant of coho to lamprey predation," said Tody.

Of the coho now in Lake Huron, Tody said very few reports had been received of salmon taken in the Saginaw Bay area. However, a number of good catches were reported a week ago in the Tawas River.

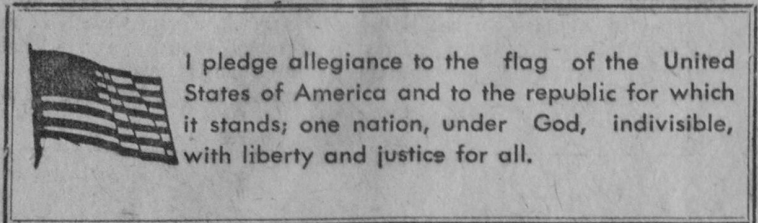

Tody believes the salmon may be more attracted toward the Port Huron area of Lower Lake Huron than Saginaw Bay.

Citing sketchy information, Tody called his remarks "somewhat speculative" and explained that because the fish move about the lake in a rather unpredictable manner, exact information is not yet available.

On the encouraging side, he noted (See PROMOTION, page 3.)

What Happens to \$100 Million Parks and Recreation Fund

When the voters of Michigan approved the 100-million dollar parks and recreation bond issue last November there was every reason to believe that this money would be equitably distributed throughout the state.

The Michigan Department of Natural Resources (DNR) helped spearhead the bond campaign on the theory that 70 percent of the funds would be allocated for statewide parks, operated under the direction of the DNR, with the balance of 30 percent going for developments in local communities.

Oakland and others parks and recreation commissions were in favor of splitting the appropriation to a more reasonable basis of 60 percent for local developments and 40 percent to the DNR. However, others believe that a 50-50 percent would be most equitable.

Significantly, those counties with the most park potentials to offer metropolitan park users voted the greatest margins in favor of the bond issue. Among these were, Washtenaw, 67-33; Ingham, 66-38; Midland, 60-40; Oakland, 58-42; Muskegon, 58-42; Kent, 57-43; with Macomb, Saginaw and Kalamazoo registering a 56-44 percent favorable vote.

By way of contrast, Detroit failed to give support to the recreation bond issue where it failed by a 14,000 vote margin.

In spite of this, Detroit groups now propose that 80-million dollars of parks funds be allocated for its inner city, with only 20-million dollars going to the balance of Michigan. Detroit pressure is now being applied in Lansing as the battle lines are being drawn.

In a meeting on January 8, the newly-organized Michigan Recreation and Park Association (MRPA) adopted a resolution favoring a 60 percent division of bond money to local units of government, with the balance of 40 percent going to the state DNR.

A similar resolution was adopted by the Michigan Congress of County Parks officials at a meeting held on January 17. At that time, the latter group voted to affiliate with MRPA.

Further support for the 60-40 split came from the Southeastern Michigan Council of Governments (SEM-COG), a coordinating agency comprised of public officials representing six counties of Southeast Michigan.

It is anticipated that Governor Milliken will make a recommendation to the state legislature sometime in the near future. His recreation advisory committee has recommended that the parks and recreation bond money be divided equally, 50-million dollars to state parks by the way of DNR and the balance of 50-million dollars going to local area parks and recreational facilities.

It is interesting to contemplate public reaction, if the bulk of a 100-million dollar parks and recreation bond issue approved by them in statewide referendum, were to be side-tracked in favor of Detroit demands.—Reprinted from The Country Courier, Walled Lake.

Attend Church Survey Meeting

The Rev. Kenneth Tousley and the Rev. Bert McNally accompanied by several lay members of the Tawas United Methodist Church and the Wilber United Methodist Church attended a church survey meeting held at the Standish United Methodist Church last Thursday.

Missionary Council to Hold Meeting

Members of the Young Women's Missionary Council of the Assembly of God Church will meet at the church Thursday evening, February 20. Their project at this meeting will be sorting missionary material for a mission in Georgetown, British Guiana, South America.

To Observe Annual WMC Day Feb. 23

Members of the Women's Missionary Council and its auxiliary, Missionettes, of the Assembly of God Church, East Tawas, will join several thousand other groups of Assemblies of God women in observing the 18th annual National WMC day Sunday, February 23. The service will begin at 11:00 a. m.

"How Much Is Enough?" is the theme for the 18th annual women's service. According to the Rev. George Krish, the program will be presented in dialogue and music emphasizing personal devotion, sacrificial giving and Christian service.

Officers of the local WMC organization directing plans for the service are Mrs. Krish, president; Mrs. Robert Day, vice president; Mrs. Allen Schreiber, secretary; and Mrs. Gerald Merrick, treasurer.

TODAY'S Meditation

Read Luke 10:25-37

"The second commandment is this, 'You shall love your neighbor as yourself.'" Mark 21:31, RSV)

Several miles in the distance, St. Louis' magnificent Gateway Arch on the bank of the Mississippi River appeared to us to be a mere black hairpin silhouetted against the cloudy-bright sky. Actually, it is over 600 feet high.

By the time we reached the base of the structure surfaced with stainless steel, the sun had broken through the clouds. The arch became a silver beacon, reflecting its blazing rays for miles.

How often persons, perhaps a neighbor, appear to us as but silhouettes until we come closer to them! It is by meeting them and talking together that we learn to understand them. In many cases, only then, do we realize their true stature. This we especially discover when we give them a helping hand, offered with a smile and kind words. Then we see a reflection from them which reminds us that God has created them in His image. On their faces, we see a glimpse of the glory of God.

PRAYER

O Lord, let Thy love and power possess me. Through me may the brotherhood of man somehow be advanced by my expressing brotherliness to my neighbor. For Jesus' sake. Amen.

THE BIBLE SPEAKS TO YOU

"The Lord God hath given me the tongue of the learned, that I should know how to speak a word in season to him that is weary; he wakeneth morning by morning, he wakeneth mine ear to hear as the learned." This verse is part of the Bible lesson-lesson titled "Mind," and will be read in all Christian Science churches this Sunday.

One of the selections to be included from the denominational textbook is the following: "Mind is not necessarily dependent upon educational processes. It possesses of itself all beauty and poetry, and the power of expressing them. Spirit, God, is heard when the senses are silent." ("Science and Health with Key to the Scriptures" by Mary Baker Eddy).

38 Attended WSCS Meeting

Regular meeting of Tawas United Methodist Church, East Parish, Women's Society of Christian Service was attended by 36 Tuesday evening, February 11. Miss Ruby Evans had charge of the meeting in the absence of the president.

During the business session, the mother and daughter banquet was set for Monday, May 5, at the Masonic Temple.

Mrs. William Lyon, spiritual growth chairman, will take part in the World Day of Prayer Friday, March 7, at Grace Lutheran Church.

It was announced that Esther Circle will meet at the home of Mrs. W. A. Evans Monday evening, February 24, 8 o'clock. Mary Martha Circle will assemble at Mrs. Ida Gagner's home Tuesday, February 25, 1:00 p. m.

Mrs. Evans presented a program, "Two in a Tussle," taken from the new program book, "The New Prophets," assisted by Miss Evans and Mrs. Lyon. Scripture lesson was taken from Mark, Chapter 12.

Miss Evans reviewed the United Methodist Women's new magazine, "Response," assisted by Mrs. John Schirmer, Mrs. Gerald Rapp and Mrs. Harold French.

Refreshments of sandwiches and gelatin were served by Mrs. Edward Doak, Mrs. John Johnson and Mrs. Clyde Ward.

Honor Mothers With Most Sons in Attendance

Mrs. Robert King and Mrs. Charles Petrach tied for honors of the most sons present at the St. Joseph's Christian Mothers' Altar Society mother and son banquet Thursday, February 13, at the social center.

Present with Mrs. Petrach were sons, James, Charles, Robert, Michael and Phillip. Mrs. King was accompanied by her sons, Owen, Chris, Andrew, John and William.

Donald Phillips was the oldest son present with his mother, Mrs. Frank Blust. Matthew Hintz, son of Mr. and Mrs. Leonard Hintz, was the youngest present.

Theme for the occasion was valentine and patriotic motif. Flag bunting was used on the serving table with the silhouettes of Lincoln and Washington as well as valentines.

Mrs. Scott Schrieber was in charge of the program and Mrs. Gordon Haekborn was narrator. Recitations were given by Edgar and Daniel Barnes, David Rich, Gary Greene, Thomas Mooney and the Petrach brothers participated in a historical skit. Mrs. Roy McMurray played the "Battle Hymn of the Republic." The Rev. Fr. Arthur Mulka presented certificates, billfold cards and insignias to the Knights of the Altar. The history of these knights was presented by Robbie Elliott.

Michael Florh, an exchange student from Germany, gave a resume on the typical school day in his country.

Mrs. Gordon Dunham was introduced and applauded as the winner of the favorite teacher contest conducted in the state recently.

Door prizes which carried out the red, white and blue colors were won by Mrs. Jack Phillips, Thomas Phillips, Mrs. Jack Herick, Mrs. Gerald Grack and Robert Rich.

A card was signed in behalf of the society for the family of Mrs. Harold Fohey, who had been a member of St. Joseph's parish.

Mrs. Richard Look and Mrs. Edward Mochty were co-chairmen for the banquet.

Ruth Circle Met February 11

Ruth Circle of the First Baptist Church of Tawas City met at the home of Mrs. Ervin Biggs Tuesday, February 11.

Mrs. Paul Sayles gave devotions centering around Christian love and what we can do to express this to others, such as the disciples, who did not have gold and silver to give the beggar, but were able to show him God's healing power.

Meeting dates have been changed to the second Thursday of each month, 7:30 p. m.

Bandages for white cross quota were made during remaining meeting time.

Sherbet and cookies were served by the hostess to Mrs. Jacquelyn Wendt, Mrs. George Westcott, Mrs. Sayles, Mrs. Howard Free, Mrs. Cora Howitson and Mrs. Fred Landon.

March 13 meeting will be at the home of Mrs. Marvin Davenport.

Hale Men Blaze Trail to Mackinaw

Four Hale men set a snowmobile record Saturday which should stand for some time. Leaving Hale at 5:40 a. m., they traveled north to Mackinaw City and then to Paradise Lake, an over-all distance of about 170 miles.

Making the trip were Ashley Bell, John Krathwohl, Robert and Bruce Boughner.

Total elapsed time from Hale to Paradise Lake was 17 1/2 hours with 11 hours of actual running time.

"We followed the general direc-

tion of M-65 to Posen and then on to Mackinaw City, staying off the right-of-way and in the wooded area," said Bell. The men encountered very few fences with their machines.

Average speed for the four machines was about 9.6 miles per hour. They had two minor breakdowns. Three of the machines averaged 17 miles per gallon of gasoline and the fourth averaged 20 miles per gallon.

The men were met at Paradise Lake by Krathwohl's father, who is a businessman there. Wives of the men followed the machines along M-65 with gasoline and food.

"We encountered no real problems along the way. It was a nice trip," said Bell.

Donald Humphrey Wins Scholarship

Donald Humphrey, who is studying law at the University of Boulder, Colorado, has received notification that he won a competitive scholarship to that college.

A former member of Tawas Area High School faculty, Humphrey is treasurer of his class and is in the upper one-quarter of his class academically.

His wife, Barbara, is teaching high school mathematics at Denver.

Humphrey is the son of Mr. and Mrs. Stanley Humphrey of East Tawas. He graduated from Tawas Area High School in 1962. He received a bachelor of art degree from Michigan State University in December 1966.

submitted Monday night to the East Tawas Council by Bolens Trucking.

The low bid submitted was \$640. A second bid was received from Edward Gawel, \$875.

The house is to be removed and the property used for municipal parking.

In other business, the council is to contact the state to obtain information concerning an employee retirement program.

The council approved a street light program as submitted two weeks ago. This includes installation of a 6,000-lumen light at Lincoln and Wadsworth, a 10,000-lumen light at Pine Street and the railroad tracks, a 10,000-lumen light at Pine Street and Westover Street and three 20,000-lumen lights at Tawas Beach Road and US-23.

The lights will cost the city an additional \$385 per year, bringing total street light expense to \$9,408.

Because of an omission by the finance committee in its recent recommendation on salaries, salary of the city clerk was set at \$100 per month.

The city's housing commission

is to meet Friday morning, 10:30 o'clock, to discuss plans with a federal representative concerning proposed housing for the aged.

Fox Calling for Sport and Profit

Fox hunting has long been a popular sport of skills, a classic test of one-upmanship between hunters and the hunted. This winter, its thrills of the chase pack even more punch for money-minded sportsmen. Reports have it that the world of fashions has set a brisk market for long-haired furs and the upshot is that fox pelts are drawing good prices. Some fur buyers are said to be paying \$7 to \$8 for whole foxes. At the same time, good quality fox pelts are reportedly bringing in \$10 to \$15 each, two to three times the old bounty price on these animals. Add to this the fact that foxes are abundant throughout Michigan, and you get the picture that fox hunting has much to offer this season, both for sport and profit. Here above are some fox calling cues to help hunters make the most of a good thing.

ed a small run of coho in the Tawas Bay and Thunder Bay areas last fall which indicated "there has been some survival" of these fish.

Generally, coho will not be abundant in the lake and anglers will have to hunt to find them. "Fishing will require a great deal of good luck and pioneering spirit to make any sort of catches at all," he said.

"The first year or two of the program is a pioneering venture," he said, "and fishermen should approach things with that kind of spirit."

Albert Goff Funeral Services Friday, Feb. 21

Funeral services will be held Friday, February 21, for Albert Goff, 86, who died Sunday, February 16, at Tawas Hospital. Services will be conducted at Moffatt Funeral Home, East Tawas, with the Rev. Ronald Farah officiating.

Mr. Goff was born in Tuscola County February 6, 1882. He was a member of Zion Lutheran Church, Tawas City. His wife, Mable, preceded him in death in April 1961.

Only survivor is a cousin, Russell Taylor, who lives in California. Burial will be at Millington.

Election
(Continued from page 1.)

Democratic side of the ballot, Bergeron is the only Democrat who filed for the election.

Voting was as follows for other posts:

First Ward—Clark Tanner received 59 votes and was renominated as the Republican candidate for alderman.

Second Ward—Alderman John St. James was renominated with 30 votes, while Frank Ahonen,

who was appointed to fill the vacancy of the late Clyde Evril, received 27 votes and the nomination.

Third Ward—Donald Watson received 20 votes and was nominated for Republican supervisor of this ward. C. S. Everett, veteran supervisor, did not file for renomination. He received three write-in votes, as did Robert Rollin and George Myles. Cecil Cabbie received the Republican nomination for alderman with 27 votes.

Votes received by other elected officials were as follows: Mayor Russell A. Rollin Sr., 54-30-20; Clerk Walter C. Nelson, 56-29-27; Treas. Mary M. Byrd, 58-29-23.

Class in Basic Seamanship Starts at TA School

A class in basic seamanship and safe boat handling will be held at Tawas Area High School on M-55 beginning Wednesday, February 26, 8:00 p. m., and continuing each Wednesday for eight weeks.

This course is for persons who are interested in safe boating, also would like to operate a motor boat on Michigan waterways and require a state operator's license. This course will give all the information required to write the pilot's license examination which will qualify the operator to carry passengers for hire.

Class instructors will be members of Prudenville Flotilla 14-12, United States Coast Guard Auxiliary, and personnel of the Tawas Coast Guard Station. Subjects taught will be preview and prospectus, seamanship, aids to navigation, charts and compasses, rules of the road and safe motor boat operation.

There will be fees for books and materials.

Also it was printed in the Bay

CONTINUOUS SUNDAY FROM 4:30 P. M.

TWO BAY CITY snowmobile racing enthusiasts missed Sunday's events at AuGres, following a plunge into Tawas Bay Saturday night. Ron Balash, 25, and Arnold Tennant, 30, were tuning up their machines for competition the next day. Nearing the mouth of the Tawas River, they failed to notice open water and both men and their machines settled down in about 4 1/2 feet of water. The

men spent most of Sunday fishing their machines out of the water. Each machine had to be lifted out of the water, then inched across thin ice to safety. Both men have participated in past canoe races on the Tawas River and said that swimming here was much more enjoyable in June.—Tawas Herald Photos.

Tawas City Businessmen Hear Report on How Present Industry Came About

A report on industry in Tawas City was given at the Thursday noon luncheon of Tawas City Businessmen's Association as follows:

"What has Tawas City done for industry—Nothing!"

"Regarding the above quotation which has been heard at our association meetings and elsewhere, I have often felt that possibly everyone does not know what the Tawas City Council, its boards, committees and commissions, and interested citizens have done and are doing for industry. The cli-

mate for industry here can not be all bad as over 90 percent of the area's industry is located here.

"Several industries, Bopp-Busch, Tawas Plating and Tawas Tube, are all located in the city's Third Ward on land either donated by the city or purchased at a nominal cost. This property is adjacent to the city's sewage disposal plant and the D&M's West Tawas Yard. In addition, through efforts of the mayor (George Myles at that time), local committees and the D&M's industrial committee, oth-

er plants were assisted in locating here. Among them were Timco and Feather-Lite, which have since departed.

"In 1963, a city planning commission and zoning board was formed and after a two-year study by professional planners and commission members, a future land use plan was made available in 1965. Included was an industrial park where the above industries are located. The Clute property, across the road and adjacent to the industrial park, which was considered prime industrial property by the professional planners, was included in the over-all industrial park plan.

"In September 1968, the city took another big step toward locating additional industry by purchasing the 19-acre Clute property. This area can handle several small industries of the type already there and has electric power, natural gas, city sewer and water, black-top road and railroad siding at the site.

"At a recent planning commission meeting, ways to reach prospects and inform them of advantages of locating here were discussed. One way suggested was by placing a classified advertisement in a downstate newspaper, Wall Street Journal, etc.

"One advertisement read: Mr. Industrialist, hunter, fisherman—Be where the action is! You and your laboring force will enjoy living in Northeastern Michigan land. Build your plant in city-owned industrial park: Sewer and water, natural gas, electric power, railroad siding all at site, plus only one block from US highway, near river and Lake Huron. Acreage or lots, tubing and plating plants, plus tool and die shop now located here. City and industrial planning by Villean-Leman of Southfield, Michigan. For further information, write or visit with us.

Reginald Bublitz, Superintendent of Public Works, or write Del Myles, Secretary, Tawas City Planning Commission, Tawas City, Michigan 48763.

"If anyone at the meeting today is interested in assisting the planning commission, which has no advertising appropriation, in defraying the cost of an advertising campaign, contact the secretary, Mr. Myles."

Nelson E. Thornton, chairman of the planning commission, compiled the report.

Open Bids on Road Construction

The Department of State Highways opened bids February 18 at Lansing on reconstruction of the intersection at Lumbermen's Monument.

Included in 18 projects to be let, the above work will include relocation, grading and paving of 1.7 miles of Monument Road and the River Road intersection in Sections 31 and 32 of Oscoda Township.

Estimated cost of the project is \$110,000. Scheduled completion date is November 1.

Receives Marriage Counselor License

Robert W. Barnes, Alpena marriage counselor, has been awarded the second marriage counselor's license issued in the state under provisions of the Marriage Counseling Certification Act of 1966.

Currently, Barnes is chief psychiatric social worker at the Alpena Area Community Mental Health Center. He is the son-in-law of Mr. and Mrs. Eugene Coppler of Oscoda.

Holiday Hours at TC Post Office

Regular postal service will be provided by the Tawas City post office on Friday, February 21, the day before George Washington's birthday and a holiday in the federal service generally.

While normal delivery and window services will be provided on Friday, Saturday, February 22, post office windows will be closed all day and there will be no rural delivery service.

Collection of mail from street and post office deposit points on Saturday will be made on holiday schedules.

By law, federal employees receive a holiday on the Friday preceding when the legal holiday, it-

self, occurs on a Saturday, as George Washington's does this year.

However, the United States Post Office Department will maintain regular services on Friday by providing appropriate holiday pay adjustments for employees. This will avoid a three-day lapse in regular services over the holiday weekend which would otherwise occur.

Mrs. Fohey

Died February 12

Mrs. Angeline Fohey, 56, an East Tawas resident for the past 20 years, succumbed Wednesday, February 12, in Ford Hospital, Detroit. She had been in Detroit for hospitalization and treatment for the past four months.

Mrs. Fohey was born in Detroit November 27, 1912. Her late husband, Harold, was one of the first city policemen for East Tawas. Mrs. Fohey had worked for Davison and Son Builders as secretary for many years.

Survivors include two sons, James and Michael, both of Detroit; one grandchild; her mother, Mrs. Angeline Meyers of Detroit, and one sister, Mrs. Margaret

Ewart of Detroit. Rosary service was held Friday evening at the J. A. DeSantis Funeral Home. Funeral services were at Our Lady of Sorrows Catholic Church Saturday morning with burial in Mt. Olivet Cemetery, Detroit.

Seek Signs on US-23 Naming Vet's Highway

Did you know that the state legislature, in 1945, named US-23 the "United Spanish Veterans Memorial Highway"?

This apparently is the case and G. S. Richey, commander of A. J. Babcock Camp No. 20, United

Spanish War Veterans, has been conducting a letter writing campaign to see that the state law is carried out.

In a letter to Mayor R. A. Rollin of Tawas City last week, Richey said: "It seems that after 23 years, nothing has been done. The highway department in that law was ordered to place markers along US-23 showing it was the Memorial Highway."

Richey corresponded with Governor Romney last year and he received notification that markers had been placed at Mackinaw City and Saginaw.

"I think that each of the 12 counties mentioned in the law are entitled to have a marker and I would be so pleased if the city would help me to get the state highway department to put a marker in your community," said Richey.

RECEIVING CERTIFICATES from the United States Department of Agriculture, Agricultural Stabilization and Conservation Committee, were community and county committeemen, along with county office employees. Pictured in the front row from left are Grant Bessey, 10 years, county chairman; Mrs. June Scott, office manager, who received a certificate of merit for a

13-county area; John Newberry, Wilber Township, a county committeeman for 20 years. Standing from left are Herbert Rempert, Baldwin Township, 10 years, community committeeman; Victor Herriman, Grant Township, 15 years, community committeeman; Lillian Engle, office clerk; John Ori, Burleigh Township, county committeeman.—Tawas Herald Photo.

Be Prepared When Making SS Application

"Be Prepared" is a motto persons who are about to apply for Social Security benefits ought to keep in mind. John Carr, manager of the Bay City Social Security office, states that many persons come in to apply for retirement, survivor or disability benefits only to discover they have not brought with them some necessary document, such as, the Social Security card on which they will apply for payments. "Too often," Mr. Carr explained, "this means another visit to the office and sometimes a delay in payment of benefits." Mr. Carr pointed out that payment of monthly benefits cannot be started until all necessary evidence has been obtained.

The type of evidence needed depends on the type of Social Security benefit for which the person applies. For retirement payments an original birth certificate, which is one made shortly after birth, should be used. If there is no original birth certificate, then a baptismal record established in infancy is acceptable. If neither can be obtained, then two or three of the oldest documents you have showing your age should be taken to the Social Security office.

For those who work up to the time of retirement, evidence of their previous year's earnings is required. This is usually the statement of earnings furnished by their employer at the end of each year. For self-employed people, their copy of the previous year's income tax return and the canceled check or money order showing payment of the tax is needed.

"Contact your Social Security office about three months before you plan to retire," Mr. Carr advises. "This will give us time both to obtain the necessary evidence in your claim and to process it by the time you actually retire." He added that if you do not have this evidence, come to the Social Security office anyway. One of the representatives will be glad to discuss your problems and suggest solutions.

The Bay City Social Security office is open from 8:45 a. m. until 4:45 p. m. every Monday through Friday, and until 6:45 p. m. Monday evenings. The telephone number is 893-9579," Mr. Carr concluded.

A representative will come to the Isoco County Building, Tawas City, February 27, March 13 and March 27 between the hours of 8:30 a. m. and 3:00 p. m.

Ordinance No. 173

An Ordinance establishing a parking violations bureau for the City of Tawas City, Michigan.

The City of Tawas City ordains:

Section 1. Pursuant to Section 8395 of the Revised Judicature Act, State of Michigan, as added by Public Act 154 of 1968, a parking violations bureau, for the purpose of handling alleged parking violations within the city, is hereby established. The parking violations bureau shall be under the supervision and control of the Chief of Police.

Section 2. The Chief of Police shall, subject to the approval of the City Council, establish a convenient location for the parking violations bureau, appoint qualified city employees to administer the bureau and adopt rules and regulations for the operation thereof.

Section 3. No violation not scheduled in Section 6 of this ordinance shall be disposed of by the parking violations bureau. The fact that a particular violation is scheduled shall not entitle the alleged violator to disposition of the violation at the bureau and in any case the person in charge of such bureau may refuse to dispose of such violation in which case any person having knowledge of the facts may make a sworn complaint before any court having jurisdiction of the offense as provided by law.

Section 4. No violation may be settled at the parking violations bureau except at the specific request of the alleged violator. No penalty for any violation shall be accepted from any person who denies having committed the offense and in no case shall the person who is in charge of the bureau determine, or attempt to determine, the truth or falsity of any fact or matter relating to such alleged violation. No person shall be required to dispose of a parking violation at the parking violations bureau and all persons shall be entitled to have any such violation processed before a court having jurisdiction thereof if they so desire. The unwillingness of any person to dispose of any violation at the parking violations bureau shall not prejudice him or in any way diminish the right, privileges and protection accorded to him by law.

Section 5. The issuance of a traffic ticket or notice of violation by a police officer of the city shall be deemed an allegation of a parking violation. Such traffic ticket or notice of violation shall indicate the length of time in which the person to whom the same was issued must respond before the parking violations bureau. It shall also indicate the address of the bureau, the hours during which the bureau is open, the amount of the penalty scheduled for the offense for which the ticket was issued and advise that a warrant for the arrest of the person to whom the ticket was issued will be sought if such a person fails to respond within the time limited.

IN THE SERVICE—

Takes Basic at Sheppard AFB

ILL. Nanette Goupil is taking her basic training at Sheppard Air Force Base, Texas. She is in the Air Force Reserves, 31st Medical Service Squadron, Lowery Air Force Base, Denver, Colorado, and is assigned to Fitzsimmons Army Hospital at the present time.

Lixey Completes Advanced Training

Army Pvt. Gerald D. Lixey, 21, son of Mr. and Mrs. Ralph Lixey, East Tawas, completed nine weeks of advanced infantry training January 20 at Fort Polk, Louisiana. His last week of training was spent in guerrilla warfare exercises.

During his guerrilla training, he lived under simulated Vietnam conditions for five days, fighting off night attacks and conducting raids on "enemy" villages. He was taught methods of removing booby traps, setting ambushes and avoiding enemy ambushes.

Other specialized training included small unit tactics, map reading, land mine warfare, communications and firing the M-16 rifle, M-60 machine gun and the 3.5-inch rocket launcher.

Completes School in Vietnam

Marine Cpl. Robert P. Follett, son of Mr. and Mrs. Edwin P. Follett, Hale, completed combined action group school at Danang, Vietnam.

The two-week course, conducted by the Third Marine Amphibious Force, is designed to prepare marines and navy hospital corpsmen for assignment to combined action platoons throughout South Vietnam's five northernmost provinces.

Each combined action platoon, made of 15 marines, one navy corpsman and about 25 South Vietnamese militiamen, stays in a local village or hamlet to protect it from the enemy while at the same time, working with local villagers to establish good relations.

Returns Aboard Attack Carrier

MM2C Edward R. Proudfoot, United States Navy, son of Mr. and Mrs. Randolph W. Proudfoot of Tawas City, returned to Norfolk, Virginia, aboard the attack aircraft carrier, USS Intrepid, after completing an eight-month combat cruise off the coast of Vietnam.

Since leaving in June 1969 for its third consecutive Vietnam deployment, the Fighting I has completed a 90,000-mile, round-the-world cruise.

On the return trip, the carrier made port visits in the Philippines, Australia, New Zealand and Brazil.

Within a few weeks Intrepid is scheduled for a six-month overhaul in the Philadelphia naval shipyard. During the ship's overhaul, its 3,000 returning crewmembers will be given leave.

Seek to Improve Water-Soil Resources

Recently, members of the Isoco County Soil Conservation District met at West Branch with 20 other people from Arenac, Clare, Gladwin and Ogemaw Counties. These counties make up Broad Program Area 15 of the Northern Great Lakes Study Region. Purpose of the meeting was to reorganize the BPA and to study ways of improving the soil and water resources while at the same time bolstering the economy of the area.

Attending from the local board were Edward Burgeson, Harry

Krueger and James Mielock. Accompanying them was Jack Lake, district conservationist.

Mr. Mielock, who resides in Reno Township, was elected chairman of the BPA and Harmon Williams, Arenac County, secretary.

Problems discussed at the meeting which will receive further study included the deer management problems, snowmobile trails and facilities, and erosion problems on the Whitney Drain and Tawas River caused by the possible influx of coho fishermen. Also, to be probed further is the problem of roadside erosion and litter, cow-calf and beef production, dairy improvement and local marketing of farm products, such as roadside stands and "pick your own" fruit and vegetable enterprises.

Committees were selected from those present to study these group projects further. Selected from Isoco County to head the committee on cow-calf and beef production was Mr. Mielock. Elmer Anschutz, Grant Township garden operator, was chosen as chairman of the committee on marketing of fruit and vegetables.

Myles Warns of Schemes to Cheat You

Has someone offered you a chance to make fabulous profits in a distributorship or franchise? Have you won a free stereo record player in a contest? Have you seen an offer for a free wig? Before you congratulate yourself, suggests Kenneth J. Myles, Isoco County prosecuting attorney, do some checking. Several types of consumer fraud schemes are being practiced in Michigan, according to a recent newsletter from the state attorney general's office, and it appears from complaints to the prosecutor's office that they are being practiced in Isoco County. Myles said today. He warned citizens to be on the lookout for several types of operations.

Pyramid-Type Distributorships or Franchises

In one such vending machine venture, investors lost over \$350,000. The unwary investor is shown impressive-looking but phony warehouse receipts showing a large inventory which will "protect his investment." When he discovers that the inventory is nonexistent, he is pressured to recruit new investors to "share in the growth of the company" and build up its inventory. Often the only way the investor can recoup his investment is to persuade others to invest in the company. Myles urges businessmen to ask those selling the distributorships for the names and addresses of those who, it is claimed, are making the "fabulous profits," ask to see their business records and interview those actually operating a franchise. He also urges a check with the chamber of commerce or better business bureau or with the Michigan Attorney General's Consumer Protection Division, before investing in a company or signing a contract.

License Plate Deadline Feb. 28

If you are among the one-million plus Michigan vehicle owners who have not as yet purchased 1969 license plates, it is later than you think.

Sales are running constantly and quite heavily behind last year, says Sec. of State James M. Hare, with long lines in prospect for later this month.

All 1968 Michigan license plates expire February 28.

New Industry Moves Into Tawas City

February 26, 1954—A new industry, Tawas Plating Company plant, is being established in what formerly was Art's Cleaners building on Seventh Avenue adjacent to the West Tawas yards of the Detroit and Mackinac Railway Company. Owner of the new plant is Paul P. Chevis, a former General Motors chemical engineer. Chevis stated that he became interested in this area as a place in which to locate his plant through the industrial development department of the D&M.

Peter Cameron, Michigan's hunter of the century, will be honored at the Detroit News Sports, Boat and Travel Show. The 101-year-old Whittemore hunter opened the recent New York show and was a guest of Jack Sharkey, well-known sports figure.

Area merchants are busy passing out silver dollars for change instead of folding money, putting Tawas City residents in the mood for the upcoming centennial celebration.

Philip Ross, for the past eight years with Alpena Candy and Cigar Company, has resigned to accept a position as salesman with the Chaffee Drug Sundry Company of Detroit. Robert Richter of East Tawas is the new employee at the candy company.

February 18, 1944—Tawas City is to have another small industry. Machinery is to be installed in the basement of the Orville Leslie & Sons garage for the manufacture of small parts for airplanes.

Joseph Martin Jr., Standish, and Donald Stinson, Saginaw, will officiate at the district basketball tournament to be held at the Tawas City Auditorium. O. J. Westcott and his helpers will manage the seating sections.

War-time developments in insect control will be highly useful after the war, especially in food production and sanitation, entomologists say.

Harry Emerick, the new high school principal and coach at East Tawas High School, took up his duties Monday.

An honor roll bearing the names of East Tawas men and women now in service has been placed between Carlson's Grocery and the Family Theatre. It was made in the manual art class at the high school under direction of Harry Westrich.

February 23, 1934—East Tawas' basketball team, which will participate in the class C tournament at Standish, included George Staudacher, Jack Mark, Arthur Roper, Joe Lixey, Wilfred Bean, Matthew Haglund, Leonard Roiter, Harold Staudacher, Edward Doak, Wayne Pollard, Neil McKay and Herbert Deckert.

A competitive examination will be held at the courthouse for the purpose of selecting fire wardens and towermen for the department of conservation.

Braves Stop Gs to End 6-Game Losing Streak

Tawas Area Braves ended their six-game losing streak Friday by dropping the Gladwin Flying Gs, 7-0-63. The Little Braves made it a clean sweep for Tawas by winning, 53-48, in the preliminary.

Guard Dennis Krish came up with his biggest night of the season and scored 36 points on 12 field goals and 12 foul shots. His total was nearly matched by Juneac of Gladwin, who meshed 30 points on 13 field goals and four charity tosses.

Tawas roared out in front with 20-15 and 17-14 margins in the first half and was never headed the rest of the way. Gladwin outscored the Braves, 16-14, in the third quarter but the Braves remained in front with a 19-18 fourth quarter count.

Coach Jim Papenfus brought up two players from the junior varsity to give him some added height. Gary Libka and Chuck Peterson both saw action during the game and Libka meshed one field goal.

The Junior Braves jumped-off to a 17-7 lead in the first quarter and then had to battle to hold the lead as Gladwin held an 18-12 scoring edge in the second quarter and topped Tawas Area, 13-12, in the fourth. The Little Braves outscored Gladwin, 12-10, in the third.

Leading scorers for the Junior Braves were Bill Sheldon, 13 points, and Tim Fox, 12. Others hitting the scoring column were Ulman, two; Schirmer, three; Arnold, eight; Sventko, two; Heriman, five; Evans, eight.

Scoring in the varsity game was as follows:

Tawas Area—Mike Hearl, 3-0-6; Paul Becker, 3-5-11; Mike Yanek, 2-3-7; Tom Brown, 3-1-7; Krish, 12-12-36; Craig Wilkins, 1-1-3; Libka, 1-0-2.

Gladwin—Juneac, 13-3-30; Morris, 4-4-12; Dicken, 2-1-5; Orlovski, 1-2-4; Weagar, 1-2-4; Hudson, 1-0-2; Kline, 3-0-6.

Cards Trip Beavers; NEM Hopes Hanging

Whittemore-Prescott Cardinals close the gap and the Cards coasted in with an easy win to avenge last week's loss on the Beavers' floor.

Four of the Card starters hit double figures. Rick Gay and Tom Cromwell collected 16 each. Mark Stahl hit 15 and Jeff Fellows meshed 14. Carter Schumacher was the only consistent Beaver scorer with 24 points.

Mark Bassage led the Little Beavers in their win while Chuck Nichols and Kirby Clayton led the losing Cards with 18 and 15 points.

Varsity scoring was as follows: Whittemore - Prescott Area—Cromwell, 2-2-8; Rick Gay, 7-2-16; Stahl, 7-1-15; Fellows, 6-2-14; Cromwell, 8-0-16; Randy Gay, 1-0-2; Don Clark, 1-0-2; Survant, 0-1-1.

Beaverton—Schumacher, 9-6-24; Cingano, 2-1-5; Robertson, 2-2-6; Mislber, 4-1-9; Snyder, 2-0-4; Wesley, 3-0-8; Bassage, 1-0-2; Farling, 1-2-4.

The Beavers cut this lead at intermission to 37-26, but good work by Mike Cromwell on the boards kept control in the Cards' hands. The third quarter was more of the same with the Cards rolling along with a nine to 12-point lead.

The Cards put together an eight-point spurge early in the last quarter to go way out in front, 63-46, then Coach Dick Fox started using reserves to finish the game.

The Beavers still were unable to
