

# Local Union Officials Object to Negotiator

Representatives of the Tri-County Labor Council Monday night told Tawas Area Board of Education that hiring of an outside firm to negotiate a contract with teachers was a waste of tax money.

Early last month, the board retained the services of a professional firm because of the increasingly complex nature of contract negotiations.

The same firm represents boards of education at Oscoda, Ogemaw Heights and Pinconning.

Melvin McCormick, labor council member, said that speaking as a taxpayer in this school district, he felt that hiring of an outside negotiator at a fee of \$500 per month was a waste of money, especially so since four different contracts had been negotiated by the local board of education and administrators in the past without any work stoppages.

He also believed that hiring of an outside negotiator would result in the loss of local home rule. "You are hiring someone who will not get you what you want," said McCormick.

It was the union head's opinion that negotiations with teachers should not be dragged out for 6½ months, as was the case last year. He pointed out that there seemed to be few, if any, grievances with which to contend. "It is an indication to a union man that someone is dragging his feet," he stated.

Members of the board of education stated that they had been elected to set school policy and not to negotiate contracts with teachers. They felt they were not qualified to negotiate with professionals, pointing out that teachers were well organized and receiving professional assistance from state and national organizations during contract talks.

Board members stated that negotiating a contract with teachers was a little different than negotiating a contract with a profit-making corporation. "We are working with an intangible—we have kids involved," said Trustee Robert Elliott, who pointed out that a work stoppage had to be avoided.

Albert Duquette, a member of the Tri-County Labor Council, was of the opinion that the firm hired to act as the district's negotiator had a poor record with other schools in the area, three of those being closed by strikes during the past year.

Board members said that the work stoppages were not the fault of the professional negotiator, however, as the state fact finder had agreed with the negotiator.

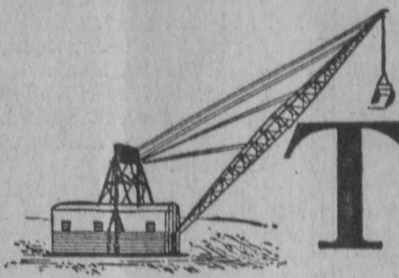

McCormick said that labor council members in attendance were not there to find fault or disrupt the meeting, that they were only interested in the school operation as parents and taxpayers. The council had furnished a set of questions prior to the meeting for the study of board members.

"We hope to get some answers to pass on to our membership, who have expressed an interest in this matter," said McCormick.

Board members said that services of the professional negotiator had been retained on a month-to-month basis and a change could be made at a later date if the board desired.

Members of the board of education expressed appreciation for the labor council's interest in school affairs and commended representatives for taking the time to attend the meeting.

Richard Anderson said the labor council would continue to "stay on this question" and would be watching both sides during contract negotiations.

## Two Primary Elections Next Monday

### Study Possible Solution to Overcrowding

#### 8 O'Clock Classes for Some Students

A tentative schedule increasing the number of 8:00 a. m. classes next fall is being developed by administrators of Tawas Area High School as a means of coping with the problem of overcrowded classrooms.

Prin. John Alexander told board of education members Monday night that a schedule developed by Thomas Pintkowski, guidance counselor, and Bill McIntosh, assistant principal, appeared to be a workable program.

The board of education gave its approval to further develop the schedule for presentation at the next meeting.

Under this new program, nine 8 o'clock classes would be offered next fall, as compared to the three classes offered this school term at that hour. The early classes would be aimed at students residing in the Tawas or those furnishing their own transportation. No additional bus service would be provided.

Those students starting to school one hour early would be free to leave school at 2:30 p. m., one hour earlier than the regular hour for dismissal. This would help to alleviate a shortage of seats at the school.

"We think we will have enough space to handle this program, but we have not made room assignments yet," said Alexander. The earlier starting hour will reduce the number of schedule conflicts and will require the hiring of only one additional science teacher.

Alexander pointed out that there would be a couple of drawbacks with the proposed new schedule. Study halls in the afternoon would be larger and some classes would be larger. English teachers would have five classes instead of four.

Classes to be offered at 8:00 a. m. would be art, typing, biology, United States Government, speech, United States History, sophomore English, freshman English and physical education.

Alexander said there was a degree of flexibility contained in the

program. He believed that this program would be much more desirable than a split shift operation, similar to the program at Harrison.

"This is only a stop gap measure and not the answer to the long range solution to overcrowded classrooms," said Alexander. "It will be a 100 percent utilization of classrooms and we cannot guarantee it for another year."

He added that the school could only hope that it does not receive an additional 200 students next fall. A five percent increase is expected.

#### Library Lets Contracts on Bookmobile

Iosco - Arenac Regional Library accepted the low bid of Ottawa Equipment Company for a new bookmobile chassis. Gerstchlagel Company was awarded the contract to furnish the bookmobile body.

Cost of the equipment is to be \$3,648.53 for the chassis and \$11,191.35, plus \$154.10 delivery, for the bookmobile body. Bids were opened February 5.

A spokesman for the regional library board said that prices on this specialized equipment had advanced considerably in the past nine years. In 1961, low bid for furnishing the bookmobile chassis was \$3,200 and cost of the bookmobile body was \$7,293.10.

Mrs. C. R. McMullen, acting director of the regional library, said that money for purchasing the new equipment had been set aside each year from bookmobile account funds. Delivery is expected during the summer or early fall.

COLD WEATHER has provided added problems for the Tawas City Department of Public Works. A water main cracked last Tuesday night and repairs were made to the line Wednesday, but not

before one section of the city was without water for several hours. Work is to start this morning (Wednesday) on repairs to a cracked water main under Tawas River.—Tawas Herald Photo.

## Work Resumes Today on Water Main Repair

Work is scheduled to start Wednesday morning on digging in to the bed of Tawas River to determine the extent of damage to a water main crossing near the US-23 bridge.

Water service to the southwest-ern section of the city was disrupted two weeks ago when a water main cracked under the river, which greatly reduced water pressure on the entire distribution system. The water main was temporarily bypassed and the area is being serviced by a main along Ninth Avenue.

Reginald Bublitz, superintendent of public works, said that an earthen dam some 40 feet wide and about 25 feet long had been constructed in the river over the water main.

A backhoe is to be used to dig down to the point where the fracture occurred.

"We really do not know what we are going to find," said Bublitz. "It may be that a weld in the pipe has broken. This will require use of a power grinder to smooth the metal before application of a special stainless steel and rubber clamp."

Since making the decision to attempt the repair locally, rather

than to spend an estimated \$10,000 for work by an outside contractor, the city has run into a number of problems.

During extremely cold weather last Tuesday night, a water main cracked at the intersection of Beech and Court Streets. Water pressure was reduced that night to prevent flooding of the railroad tracks and the line was shut off the next day from 9:00 a. m. to 2:45 p. m. in order to repair the line. Water service to Tawas Hospital was cut off during that time.

Working in cold weather, the crew dug a hole six feet deep in order to reach the main. A pump used on the job cracked during the freezing weather and hydraulic lines on the city's backhoe were

damaged by the cold weather and heavy work.

Repairs for the two pieces of equipment were to arrive Tuesday and are expected to be in operation Wednesday.

"Hopefully, we will be able to complete this water main repair under the river in one day—if we are lucky. If piling is required to keep river water out of the hole, it may take two or three days to complete the job," said Bublitz.

After completion, sand and clay used for the earthen dam is to be removed from the river, but Bublitz said that this was the least of his worries. Last Friday, the city received delivery on its dragline, which has been out of commission since last June.

## Tawas Area Board Opens 3 Bus Bids

Bids were accepted Monday night by Tawas Area Board of Education for three school bus chassis to be delivered next term.

Bids were received as follows: Ottawa Equipment Company, \$13,333.32 for three International bus chassis and \$12,319.65 for three Dodge chassis; William Look and Sons, \$12,600 for three GMC chassis; Inglis Ford Sales, \$11,925 for three Ford chassis.

Bids are to be studied by the board and a contract is to be awarded at the next meeting.

The board authorized investing \$16,596 in United States Treasury certificates, which yield an interest rate of seven percent.

Authorization was given to hold the junior-senior prom at the Holland House, East Tawas. The bar would be closed. Past decisions of the board have been to reject other locations because liquor was served.

Because of the vast increase in numbers of students intending to take driver training, authorization was given to using the school parking lot for a driver range. One person will handle the first two hours of instruction at this location, although each student will still have four hours of road instruction.

The teacher at the driver range will handle four cars at one time,

This teacher will be paid at a rate of \$5 per hour, rather than the regular fee of \$3.50 per hour.

Prin. John Alexander recommended adoption of this program, stating that it would result in a saving to the district with one teacher handling the work of four and that the program had proven to be a success in other schools.

Miss Clara Bolen, elementary supervisor, reported that Mrs. Anthony Burke of Cedar Lake Road, whose husband is stationed at Wurtsmith Air Force Base, had been hired to teach the additional section of fourth grade now located at the Immaculate Heart of Mary School.

Miss Bolen said that the new arrangement seemed to be working satisfactorily and that the children were enjoying their new classroom. She said that the additional section greatly relieved overcrowded classrooms in the elementary unit.

#### Reduced Rate

Tawas Chamber of Commerce will allow senior citizens to rent its ice shanties for \$1.50 per day. Regular rate of \$2.50 will be waived on Thursdays only for the remainder of the season.

## Contests Seen at Tawas City-Whittemore

Two Iosco County cities will hold primary elections Monday, February 18, to name candidates for the annual spring election.

Three contests are listed on the Republican ballot in Tawas City and one contest is listed on the Democratic ballot at Whittemore.

Contests are listed in two Tawas City wards, with two races for alderman nominations and one for city supervisor.

In the First Ward, Martin Wellna, incumbent, is being opposed by Daniel Ulrich. Two years ago, Wellna upset Ulrich in the latter's bid for re-election.

In the Second Ward, Frank W. Ahonen, incumbent, is being opposed by Frank Roti for the alderman's seat. Arnold Kuerbitz, incumbent supervisor, is being opposed by Horace R. Hilbert.

Howard W. Hatton, alderman, and Donald E. Watson, supervisor, are unopposed in the Third Ward. Other Republican candidates include John St. James, mayor; Walter C. Nelson, clerk; Mary M. Byrd, treasurer; Russell A. Rollin, present mayor, intends to retire at the expiration of his term.

A two-way race for the nomination of mayor on the Democratic Ticket features the primary election at Whittemore. Candidates for a spot on the April ballot are Basil Goupil, incumbent, and Dennis Hoffman.

Other Democratic candidates at Whittemore include Mary Wasilewski, treasurer; Bert Fortune, clerk; Edward Graham Jr., assessor; Octave St. James, First Ward alderman; Floyd N. Freel, Second Ward alderman.

## Five Injured in Two-Car Crash at Intersection

Five East Tawas residents were injured in a two-car crash Saturday evening at the M-65-M-55 intersection in Reno Township.

Injured and treated at Tawas Hospital were Edward R. Lixey, 57; Thomas Watson, 72; Mrs. Irene Klenow, 62; Mrs. Mary Lixey, 57, and Mrs. Kettie M. Lixey, 56.

Mrs. Klenow is in St. Luke's Hospital, Saginaw, where she is in serious condition after losing both legs.

Investigating state police said the car driven by Lixey was headed east on M-55. The driver told officers he saw no oncoming traffic and proceeded to cross M-65. East-west traffic on M-55 is required to stop for the intersection, which is marked by a red flasher.

Theodore G. Rose, 46, Bay City, who was headed south on M-65, told officers he saw the car enter the intersection and he swerved to the left to avoid a collision. The Rose vehicle struck the other car broadside.

Rose and two passengers, Bernie Callahan, 73, and Idamae Rose, 43, received minor injuries and were treated at Tawas Hospital. Two other passengers, Keith Rose, five years old, and Heidi Rose, age 13, escaped injury.

#### Investigate Theft

East Tawas Police Department is investigating a breaking and entering which occurred early Saturday morning at Sail-Fish Marine, East Tawas. About \$1,500 worth of snow suits were stolen. Entry was made into the building by breaking a window.

#### Fence Cut

Authorities are investigating a fence cutting incident at the home of Philip Johnson, one mile south and one mile east of Hale. The Johnsons said the fence had been cut early Sunday morning by persons operating snowmobiles.

## Myles Named to Tawas Hospital's Board of Trustees

Sister M. Verence, S.S.J., superior general of the Sisters of St. Joseph at Nazareth, announced the appointment of Kenneth J. Myles to the board of trustees of Tawas Hospital. Myles replaces Maynard VanOrnum, who resigned earlier last year.

Myles is a graduate of Tawas Area High School and Central Michigan University. He spent 2½ years as a lieutenant in the United States Army in Germany. Upon his return, he entered Wayne State University and graduated with a law degree in 1968. Myles has been a life-long resident of the Tawas area.

Other members of the board are Richard M. Harris, National Gypsum, president; Sister Aloysia, S.S.J., Nazareth, vice president; Sister Rosalind May, S.S.J., Nazareth, secretary; Sister Laurentia, S.S.J., Nazareth; L. G. McKay, Peoples State Bank, and James Reynolds, Oscoda State Bank.

## World Affairs Seminar Slated at Tawas A. School

A world affairs seminar, to be conducted by two former members of the United States diplomatic corps, is to be presented Thursday afternoon at Tawas Area High School. Attending will be junior and senior students of the high school.

Robert McDonald, chairman of the school's social studies department, said the program, to be held from 12:35 to 3:00 p. m., is open to the public.

Appearing here will be Richard E. Miller, PhD, and Herbert D. Spivack, who will each deliver 45-minute lectures, followed by question and answer periods. The program is arranged by Alpena Community College in cooperation with Michigan State University, sponsoring organization.

Miller's topic will include: "Toward a New China Policy, Can a Collision be Avoided?" and "South Vietnam—Strategic Tragedy or Tragic Strategy."

Spivack's topics will include "After Vietnam, Then What?" and "Foreign Policy Issues of the 1970s."

The program is being presented at various schools throughout Northeastern Michigan.

## Two Injured on Snowmobiles

Two persons received minor injuries Sunday in two different snowmobile accidents and were treated at Tawas Hospital.

Carolyn Hatfield, 36, Davison, a passenger on a sled pulled behind a snowmobile operated by Michael Hatfield, 15, was injured when the hitch pin connecting the sled to the machine accidentally disconnected. She was thrown out of the sled. The accident occurred in Oscoda Township.

William Worth Jr., 43, Millington, was treated for a cut leg after his machine crashed into one operated by Clayton Beagle at Silver Valley. Investigating state police said that the throttle on Worth's machine was defective.

A FLAG which has flown over the United States Capitol at Washington, D. C., was presented to Tawas Area High School Monday by Michael Sventko, right, a junior from this school, who was one of two students to represent Michigan in the 1970 United States Senate Youth Program.

Michael and 714 other high school student body officers had the opportunity to observe proceedings on Capitol Hill for a week. Accepting the flag at left is Prin. John Alexander.—Tawas Herald Photo.

**Changes in Mass Explained at Altar Society Meeting**

Changes in the Mass were explained by the Rev. Fr. Raymond Pilarski at the Thursday, February 5, meeting of the Immaculate Heart of Mary Church Altar Society. He emphasized the fact that the three principal parts would never change.

Committee reports were given by Mrs. William Sherman, Mrs. Andrew Oberla and Mrs. Richard Erspamer. A card of thanks was received from the family of Mrs. Mary Gates for the funeral dinner. Thanks was extended to Miss Margaret LaBlance for the Advent wreath and to the ladies who volunteered to keep the kitchen clean.

Plans were discussed for spring activities and ways to increase membership. Mrs. William Lange was introduced and accepted as a new member.

Bishop Francis Reh will make his first visit to the parish on March 12. He will offer Mass that day and a social hour will be held in the school. Mrs. Norman Ehrnst is chairman of the committee to arrange and prepare refreshments.

Hostesses for the evening were Mrs. Shirley Deering, Mrs. Ehrnst and Mrs. Erspamer.

**Zion Ladies Aid Met Last Thursday**

Thursday evening, February 5, Zion Lutheran Ladies Aid extended birthday greetings to an honorary member, Mrs. Emma Moeller.

Mrs. Ray Abbott introduced Miss Mary Peters, who gave an interesting talk on wills and estates.

The sewing circle will meet Wednesday evening, February 18, at the school.

Devotions were read by Mrs. Leonard Hensey.

Hostesses for the meeting were Mrs. Arnold Kuerbitz and Mrs. Arnold Gullford.

**Hale Man Ordained Sunday**

The Rev. M. Stuart of Grace Baptist Church, Adrian, was guest speaker at Hale Baptist Church February 8 and conducted services February 9 ordaining Thomas Webb, a member of the church. The ordination service was held in the afternoon, followed by a dinner served by ladies of the church.

The concluding service was held by Mr. Stuart in the evening.

**Guest Speaker at Hale Church**

The Rev. Donald Scavella, pastor of Scott Memorial United Methodist Church, Detroit, will be speaker Sunday, February 15, at the First United Methodist Church, Hale. The program starts at 7:30 p. m.

Mr. Scavella is described as the leading voice in shaping church policy in Michigan during the next few years.

His topic will be "The Role of the Black Clergy and the Black Caucus in Our Conference and in Our Church."

My favorite cartoon character is Charlie Brown. I remember one cartoon in particular in which he is seated on the curb, doleful and depressed. Snoppy, his loyal dog, is seated quietly beside him. Charlie dejectedly says: "I have developed a new philosophy. I only dread one day at a time."

The present moment is often like a battleground between the past that haunts us and the future that frightens us. We know persons who spend much of their time fretting over the mistakes of the yesterdays that cannot be changed, or worrying about an imagined future that may never come to pass.

The purpose of today is to give us opportunity to keep on at this business of keeping on. Today has its own special needs to which we must address ourselves with perseverance—or with what I like to call the "grace of grit."

**PRAYER**

O God, let not the future sap us of our strength and talent in meeting the needs of today. May we face today with the courage to keep on keeping on. In the name of Jesus who taught us that each day's difficulties are enough to deal with. Amen.

**THE GETTYSBURG ADDRESS:**

"Fourscore and seven years ago our fathers brought forth on this continent a new nation, conceived in liberty and dedicated to the proposition that all men are created equal.

Now we are engaged in a great civil war, testing whether that nation or any nation so conceived and so dedicated can long endure.

We are met on a great battlefield of that war. We have come to dedicate a portion of that field, as a final resting place for those who here gave their lives that that nation might live.

It is altogether fitting and proper that we should do this.

But in a larger sense, we cannot dedicate—we cannot consecrate—we cannot hallow this ground. The brave men, living and dead, who struggled here, have consecrated it far above our poor power to add or detract.

The world will little note nor long remember what we say here, but it can never forget what they did here.

It is for us the living, rather, to be dedicated here to the unfinished work which they who fought here have thus far so nobly advanced.

It is rather for us to be here dedicated to the great task remaining before us—that from these honored dead we take increased devotion to that cause for which they gave the last full measure of devotion—that we here highly resolve that these dead shall not have died in vain—that this nation, under God, shall have a new birth of freedom—and that government of the people, by the people and for the people shall not perish from the earth."

Abraham Lincoln once stated: "A little planning will defeat your worries." This still holds true. No financial worry can stand up against a carefully planned saving program.

## Thursday Night's

# Historical Program About Early Sheriff

A slide-lecture program concerning a former sheriff of Isosco County will feature the Thursday night meeting of the Isosco Historical Society. The meeting is to be held at the county building starting at 8 o'clock.

Entitled "Brad Smith: Lumberman, Indian Fighter, Isosco Sheriff," the program concerns the life of Lyman B. Smith, a pioneer Isosco resident who passed away in 1908.

Coming to Michigan Territory in 1836, Smith grew to manhood at St. Clair, then left for Minnesota Territory where he was engaged in the lumbering business. He served with two different Minnesota cavalry regiments, first as an enlisted man and later as an officer, during the Sioux uprising in the 1860s.

Smith and his brother, Eugene, came to Isosco County in 1866 and conducted lumbering operations in Plainfield Township, along the AuSable River and in Eastern Ogemaw County. Smith served two terms, 1874-79, as Isosco sheriff.

Information for the program was

compiled from Smith's diaries, correspondence and pictures which his son, Eugene, a resident of Saginaw, contributed to The Tawas Herald.

Albert H. Buch, president of the Isosco Historical Society, said that the public is invited to attend the meeting.

## Spencer-Beaubien Marriage Vows Repeated at IHM Church

In 5:30 rites Saturday, February 7, at Immaculate Heart of Mary Church, Tawas City, the Rev. Fr. Raymond Pilarski officiated at the double ring service uniting Mary Beaubien and James Spencer. Traditional music was sung by the choir, which was accompanied by Mrs. Frank Byrd.

The bride is the daughter of Mr. and Mrs. Vernon Beaubien of Tawas City. Her husband is the son of Mrs. Gerald Spencer of Au Gres and the late Mr. Spencer.

The former Miss Beaubien chose a white brocaded taffeta gown with fingertip sleeves and a full skirt. A clustered headpiece secured her shoulder length veil.

She carried a cascade bouquet of white stephanotis centered with yellow roses.

Miss Phyllis Bouchard, maid of honor, selected a yellow Empire floor length gown with cape sleeves. Miss Cheri Spencer, sister of the bridegroom, and Miss Dorothy Beaubien, sister of the bride, bridesmaids, wore green Empire floor length gowns with cape sleeves. They carried crescent bouquets of white shattered carnations with yellow daffodils.

For her role as flowergirl, Miss Judith Beaubien, sister of the bride, wore a yellow identically-styled gown. She also carried a crescent bouquet of white shattered carnations with yellow daffodils.

The bridegroom's brother, SN Kenneth Spencer, was best man with Russell Beaubien, brother of the bride, and Lloyd Ogg of Grand Rapids, groomsmen. Ushers were Roger Hurd of Oscoda and Richard Spencer of Grand Rapids, brother of the bridegroom.

Following the ceremony, a dinner was served at the VFW Hall for the 100 guests from Grand Rapids, Troy, Flint, Saginaw and the Tawas. Mrs. Beaubien greeted guests in a green bonded knit ensemble and Mrs. Spencer chose a beige bonded knit. Their corsages were yellow roses.

The newlyweds will reside at 448 South Burton, Grand Rapids.

The bride is a graduate of Tawas Area High School and Nu Art Beauty School, Bay City.

## Hemlock Road Church Scene of Pickett-Davis Vows

Arrangements of white gladioli and blue chrysanthemums formed a floral background in Hemlock Road Baptist Church for the marriage Saturday, February 7, of Joann Davis and Phillip Pickett.

The Rev. W. J. Buck performed the 3 o'clock, double ring, candle-light service. Miss Janice Avram of Twining was vocalist, accompanied by Scott Thayer of Twining.

The bride is the daughter of Mr. and Mrs. Elmer Davis of Tawas City. Mr. and Mrs. Lorraine Pickett of Whittemore are parents of the bridegroom.

Escorted to the altar by her father, the bride chose a floor length gown of Chantilly lace fashioned with a molded bodice and bouffant skirt of tiered lace. The cathedral length, detachable shoulder train was accented with bands of lace. Her veil of bridal illusion was secured to a pearl crown with crystal accents. She carried a cascade bouquet of white chrysanthemums centered with a corsage of red roses.

Wearing a royal blue A-line, floor length gown, the bride's sister, Miss Wanda Davis, served as maid of honor. Misses June Davis and Dorothy Gaffney, sisters of the bride, and Miss Sharon Engle, bridesmaids, wore powder blue, A-line floor length gowns. They carried bouquets of white and blue carnations.

Misses Irene and Fay Davis, sisters of the bride, flower girls, wore powder blue, A-line floor length dresses and carried white and blue carnations.

Larry Pickett of Twining served his brother as best man. Groomsman were Dennis Hall of Reese, Kenneth Bigelow of Whittemore and Terry Davis, brother of the bride. Stephen Pickett of Whittemore, brother of the bridegroom, assisted by Mr. Hall, Mr. Bigelow and Mr. Davis, seated the guests.

—Russell Greene Photo

Mrs. Davis greeted guests in a red wool dress with black accessories. Mrs. Pickett chose an aqua blue, bonded knit. They both wore orchid corsages.

The newlyweds will make their home at Fort Leonard Wood, Missouri, where Mr. Pickett serves with the armed forces.

Pre-nuptial showers were given by the bridesmaids, Mrs. James Finley and Mrs. Walter Parker.

## Funeral Today for Mrs. Peters

Funeral services for Mrs. Carl Peters will be conducted at 11 o'clock Wednesday (today), February 11, at Immaculate Heart of Mary Church, Tawas City, with the Rev. Fr. Raymond J. Pilarski officiating. Burial will be in the church cemetery.

Mrs. Peters had been ill for the past month and passed away Sunday, February 8, in Alpena General Hospital.

Born December 9, 1902, in Saginaw, she and Mr. Peters were married in 1940. In 1941, they moved to Tawas City. They owned and operated the Iosco Hotel until 1965.

Mrs. Peters is survived by her husband; her mother, Mrs. Mary Brink of Saginaw; one sister, Mrs. Audrey Herriman of Port Austin; one brother, Frank Brink of East Detroit.

Rosary service was held Tuesday evening at Jacques Funeral Home, Tawas City.

## Clark Named Business Rep. for Gas Company

Appointment of John B. Clark as new business representative for Michigan Consolidated Gas Company's Northern and Upper Peninsula Districts is announced by James C. Preston, general manager. Pleasant.

## Place Orders Now for Spring Planting Stock

Order trees and shrubs for planting now, advises George Strauer, forestry chairman of the Iosco Soil Conservation District. Even though there is snow on the ground, the tree planting season is very close. Those desiring to plant trees and shrubs for forestry and wildlife purposes stand a better chance of getting what they want if they order early.

Seedlings available from Iosco SCD include red and white pine, spruce and others. In addition to trees, wildlife shrubs including autumn olive, hawthorne and honeysuckle can be obtained individually or in mixed packets of 100 and 500.

Thousands of acres of poor and unused land in the county can be improved very reasonably by the tree and shrub planting. Tree planting by hand or machine can be arranged through the district's tree planting manager, Elmer Anschuetz, 4051 West M-55.

## Retired Fisherman Died February 9

A retired commercial fisherman, Edward L. Anderson of Alabaster, died Friday, February 6, at home. Funeral services were conducted by Moffatt Funeral Home, East Tawas, at the Alabaster Community Church with the Rev. Phillip Anderson officiating. Burial was in the Tawas City Cemetery.

He was born December 25, 1901, in Oscoda.

Survivors are his wife, Alice; two sons, Clyde E. of Escanaba and Wallace J. of Clio; five grandchildren; two sisters, Mrs. Ethel Lundquist and Mrs. Leonard Furst, both of Alabaster.

## Edward Tudor New Standard Agent Replacing Carl Helmer

Edward L. Tudor, formerly of DeWitt, became the Standard Oil Company agent in the Tawas area effective Saturday. He succeeds Carl Helmer, who had been agent for the past 11 years.

Tudor had been service manager of Standard Oil's Lansing Bureau for the past three years. He has been a resident of Michigan for nine years. He and his wife, Valerie, are parents of four children.

Helmer, who had been with the company for 27 years, serving in six different capacities before coming to East Tawas, resigned to start new employment with the United States Internal Revenue Department. Effective February 16, he is to attend a five-week school for IRS agents at Cincinnati, Ohio.

Helmer plans to maintain his home at East Tawas. He is presently serving as president of Tawas Area Board of Education.

## Apollo 13 Flight of Special Interest to Stamp Collectors

Manned Spacecraft Recovery Forces of the United States Navy will provide commemorative cachet and cancellation service for the upcoming Apollo 13 manned space flight to the moon.

Philatelic coordinators designated for the Atlantic and Pacific Fleet Recovery Forces (Task Force 140 and 130) will receive all such covers and make distribution to assigned ships.

To permit adequate time for required handling of covers, collectors should send pre-stamped, self-addressed envelopes to the appropriate coordinator at least three weeks prior to the scheduled launch date for the mission. For

## VA Benefits in Iosco Amounted to \$479,334 in 1969

Robert M. FitzGerald, manager of the Michigan Veterans Administration Regional Office in Detroit, disclosed today that the VA spent \$479,334 in Iosco County to aid veterans during fiscal year 1969. This includes \$364,524 in compensation and pensions.

Administrator of Veterans Affairs Donald E. Johnson revealed at the same time the total VA funds expended in the State of Michigan during the same period amounted to about \$274,262,635 of which \$167,212,966 was in compensation and pension payments.

Funds spent in Iosco County, FitzGerald said, also included \$49,316 for readjustment and vocational rehabilitation, and \$65,494 for insurance and indemnities. Regional office expenditures and hospital operating costs in the State of Michigan amounted to \$49,324,901. The VA also spent \$311,472 in Michigan for construction and related costs.

According to FitzGerald, the VA is the third largest federal agency and operates the largest (166) hospital network in the free world, as well as administering one of the biggest insurance programs in the nation.

## the scheduled April launch of Apollo 13, covers should be forwarded prior to March 23.

In accordance with United States Post Office Department regulations, only United States postage may be used on covers submitted. Stamps (postage) of other countries or the United Nations cannot be used. Cash, money orders or checks in lieu of postage cannot be accepted. It is requested that collectors furnish standard size covers, 3 5/8 inches by 6 1/2 inches with a filler inserted to simplify handling.

Due to the popularity of the cancellation service and the limited postal facilities on recovery ships,

the coordinators for Task Force 140 and Task Force 130 will accept a maximum of two (2) covers from individual collectors.

When more than the authorized number of covers is submitted, such covers will be returned unprocessed. Covers received too late for distribution to recovery force units will be returned unprocessed.

Addresses for the Atlantic and Pacific area coordinators are: Apollo 13 Covers, Manned Spacecraft Recovery Force, Atlantic, Building SP-71, Naval Air Station, Norfolk, Virginia 23511, and Chief in Charge (Apollo 13), Navy Terminal Post Office, PPO San Francisco, California 96610.

## Mrs. MacDonald Died Monday

Mrs. Donald MacDonald of East Tawas died of a heart attack Monday, February 9, in Detroit. Mrs. MacDonald was 74 years old.

The former Sophie Stewart was born October 6, 1896, in Ireland. Mr. MacDonald preceded her in death June 13, 1969.

Surviving are one daughter, Mrs. Edna Haley of Oscoda; two sons, the Rev. Ernest MacDonald of Hillsdale and Douglas of Denver, Colorado; eight grandchildren. She was a member of Tawas United Methodist Church, East

Parish; Tawas City Garden Club; Twentieth Century Club; Iosco Chapter of the American Cancer Society; Laidlawville Community Club, and the 59ers Club.

Funeral arrangements are pending at Moffatt Funeral Home, East Tawas.

## Tawas Braves Lost Pair of NBC Games

Tawas Area Braves lost two games last week, being topped by Carrollton, 86-58, Tuesday night and then lost to the visiting Gladwin Flying Gs Friday night, 79-54.

Carrollton proved why it is rated as the top class B team in the state in Tuesday night's game. The Braves dropped behind early in the game and were never in the running.

Friday night's play was a complete turnaround for the Braves after a good showing the previous week against Standish-Sterling Central.

Blackboard control by Tawas helped to offset a turnover advantage for Gladwin, but the Braves had a cold night in the shooting department, completing only 31 percent from the floor. Gladwin put the game under wraps with a shooting average of 57 percent.

Tawas had 33 turnovers as compared to 19 for Gladwin and led in rebounding with 48, as compared to 32 for the visitors.

Top scorer of the night was Gladwin's Jim Orlovski, who meshed 12 field goals and eight charity tosses for 32 points. Top man for the Braves was Petersen, who flipped in seven field goals.

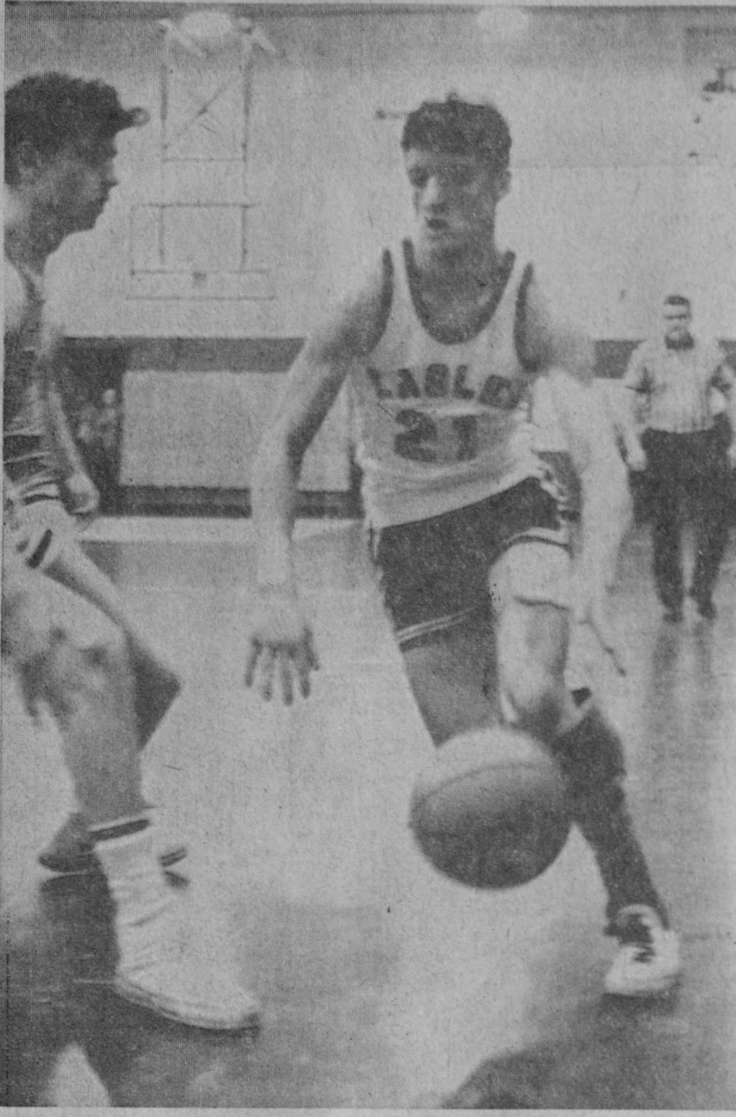

Tawas Junior Braves continued in the win column with a 54-43 victory over the visitors. The junior varsity jumped off to a 12-8

margin in the first quarter, followed by tie quarters in the second and third. Tawas outscored the visitors, 16-9, in the final.

Hackborn was high scorer for Tawas with 14 points. Woodruff topped Gladwin with 17. Others scoring for Tawas Area were Mayer, 10; Kasichke, eight; Schirmer, seven; Jordan and Scales, five points each; Russell, three points.

## Hale Eagles Lost Key Game

Arenac Eastern kept a tight grip on a share of the North Star League lead with a hair-raising, 62-56, win over Hale Area Friday night in overtime. Hale JV trounced Eastern in the preliminary, 70-48.

It was all Hale in the first quarter as the Eagles jumped off to a quick 14-5 lead. Hale led at the end of the quarter, 20-12. Greg Wereley's bucket and two by Plyn Shellenbarger gave the upset minded Hale squad a 26-12 lead as the second quarter started, but Eastern started to hit and scored 13 points while connecting for one fielder to cut the lead to 28-25 at intermission.

After a charity toss by David Brumfield opened the second half, Eastern scored seven straight points to take the lead for the first time, 32-29. The lead changed hands on almost every basket and neither team could get more than a two-point lead until five minutes were left in the game.

With the score tied at 44 all, trouble hit the Hale squad as Mike Cline went down in a scramble for the ball, reinjuring a bad ankle and left the game. A minute later and trailing 50-46, Brumfield collected his fifth foul and left the game. Tom Humphrey and Allan Maas came off the bench to do a good job as Hale hit for five points

to take a 54-53 lead with 20 seconds to go.

Doug Olar of Eastern was fouled with five seconds to go and made the first basket of a one and one to tie the score, but missed the second chance. Warren Miller picked up his fifth foul leaving Hale with only two starters on the floor. Hale lost control of the ball and Russell missed a 15-footer to send the game into overtime.

Shellenbarger meshed a two-pointer as the overtime started, but Tom Mulvihill's fielder tied it up. Then, Len Blanchard put Eastern ahead on his two pointer. Greg Wereley fouled Russell for his fifth foul, leaving only Shellen-

barger of the first string on the floor for Hale. Russell made both charity tosses to take a 60-56 lead. Olar then added two more to make the final score, 62-56.

Shellenbarger led all the scoring with 26 points. Miller collected 11, while Wereley contributed eight and did a fine defensive job on Eastern's high scoring Bob Russell, holding him to five field goals. Blanchard led Eastern with 22 points.

Eastern won the game at the free throw line, hitting 24 out of 30 chances while Hale hit eight out of 14. Hale scored 24 field goals to Eastern's 19. Hale was (See EAGLES, page 3.)

## Card Girls Won Over Hale Team

Whittemore-Prescott girls basketball squad added another victory to its record Wednesday night, trouncing Hale, 39-28. The Whittemore-Prescott JV squad won its game, 20-18, as Debby Lintz tied the game on a charity toss and then won it on a field goal in the last seconds for the Little Cards.

The Card girls started off slow with a 7-5 first quarter with mostly reserves playing. With the first string on the floor, the W-P girls hit 14 to Hale's eight in the second quarter to lead at the half, 21-13.

With Hale's top forward, Bridget Ruckle, hampered by a pulled muscle, the Eagles just could not keep up with the quick moving Cards as the visitors added another point to the lead in the third quarter. Both teams played mostly reserves in the final and the Cards took the quarter, 11-9.

This was the fifth win of the season as against one defeat for the Whittemore-Prescott girls, who hold second place in the league behind undefeated Beaverton.

Hale finished the season with this game for a five and three record. Ruckle led all the scoring with 12 points for the losers. The Cards' best were Barbara Britt and Cindy Erickson with nine points each.

## Tax Exemption Boosted for Senior Citizens

State Rep. George A. Prescott, Tawas City, urges senior citizens to check with local assessing officials before March 3 to see if they qualify for expanded homestead tax exemption coverage.

A bill completely wiping out the property value limit previously used for exemption qualifications," Prescott said. "In the same bill, it increased the income limit from \$5,000 to \$6,000.

"These changes will mean that many more senior citizens may now be able to qualify for the homestead tax exemption of \$2,500 of state equalized value. All that remains now is for Gov. William Milliken to sign the bill into law." Prescott said that the new exemptions do not apply to 1969. However, the new provisions do apply to the entire 1970 calendar

year, so the first two months of this year will come under the new regulations. "This is a measure to help elderly, fixed-income persons to beat inflation," Prescott reported. "Inflationary property values and higher property taxes are practically confiscating the property of many older people. Since their incomes do not rise with general inflation, we must expand exemptions to protect the home for which they have worked a lifetime."

## Standish Banker Retired Recently

Herbert Luecke, vice president of the State Bank of Standish, retired January 28 after 50 years in the banking business. He and Mrs. Luecke were honored at a banquet held at the Trading Post, Standish.

Luecke started as a cleanup boy at a bank in his home town of Kinde, moved up the ladder to cashier and, in 1950, moved to Standish to become cashier. He will continue as a member of the bank's board of directors and in a consultant capacity.

He has served on the Iosco-Arenac Regional Library Board since its inception, has been an active member in the Kiwanis Club and a leader in boy scouts.

### Shedenhelm Selected for Forest Post

Roy O. Shedenhelm, forestry technician with the Tawas Ranger District, Huron-Manistee National Forests has been selected to fill the maintenance and operation foreman vacancy left by the recent retirement of Otto Kobs. He will be responsible for the maintenance of 515 miles of forest service roads on the Huron National Forest. Shedenhelm's appointment was effective February 9.

Shedenhelm joined the forest service on temporary appointment in 1953 as a fire control aide. Since then, he has worked in various phases of district work including timber cruising and scaling, timber stand improvement, tree planting, recreation and building maintenance, dozer operator, vehicle and road maintenance, and forest fire control.

Shedenhelm and his wife, Betty, and their three children live at 510 West State Street, East Tawas.

The whirring sounds of chainsaws wielded by commercial loggers, field workers for the Department of Natural Resources, and hired tree-cutting crews echo a welcome "come-and-get-it" call for thousands of deer in northern Michigan during the winter. This season, the DNR has programmed commercial logging operations on about 26,000 acres of state forests in that part of the state as part of its annual efforts to help deer through the winter and to generally improve the animals' range over the longer haul. In addition to that, commercial cuttings are humming this winter on an estimated 100,000 acres of private holdings and U.S.

Forest Service tracts to provide vital lifelines for deer and upgrade future living conditions for these animals. Elsewhere, on about 8,000 acres of northern state forest land where timber is non-merchantable, the DNR has set up tree cuttings with bulldozers and hand crews to boost deer food rations. Besides promoting these regular tree-cutting programs, which produce hundreds of deer-feeding scenes like the one above (left), the DNR stands ready to mobilize a more massive, emergency plan to step up relief for whitetails should the need arise as it did last winter. —Michigan Department of Natural Resources

### LETTERS to the EDITOR

Editor:

I am writing this in behalf of quite a few people in Grant and Sherman Townships.

Our deer are now in need of some of the surplus corn. The smaller deer are starting to get heavy under the throat, indicating that they are in need of supplemental food. The snow is very deep in the woods and after the warm weather, there is now quite a crust. We shouldn't wait until the deer are too weak. They need some corn now.

### No Advance Payment in 1970 Program

Grant Bessey, chairman of the Iosco County Agricultural Stabilization and Conservation Committee, announced that no advance payments as provided in prior wheat and feed grain programs will be made in 1970. However, the secretary of agriculture has announced that final payments to participants in the 1970 wheat and feed grain programs would be made as soon as possible after July 1.

The speed-up in payments recognizes the extreme financing problems faced by farmers and assures many of them they will receive their total payments much earlier than in the past. In 1969, wheat program payments were issued after July 17 and final feed grain program payments were issued after August 14. Mr. Bessey noted that the acceleration of payments will be dependent on earlier certification of compliance by program participants.

The announcement regarding 1970 program payments is of particular interest at this time as the sign-up period to file an application to participate in the 1970 wheat and feed grain programs begins on February 2. Mr. Bessey added that the deadline date for accepting applications is March 20. All county ASCS offices are now in process of informing farmers of the bases and allotment on their farms and of the details of the program.

### Social Security Questions Are Answered

Question: I will be 62 this month and I am selling my business then and will apply for my social security. What do I need when I apply for benefits?

Answer: You will need your social security card and proof of your age. In addition, you should also have filed your income tax for 1969 and we will need a copy of that return—Forms 1040 and schedule C if you are in any business except farming. Farmers will need schedule F. Proof that the return was filed is also needed. This would be the canceled check that went with the return or a postal money order receipt or a copy of the money order. If you have any income from wages, you should also bring in a copy of your W-2 form.

Question: I am being retired from my job at the end of April because I am 65. I will want to apply for social security then. What do I need when I apply for my benefits?

Answer: You will need your social security card and proof of age. In addition, you should bring a copy of the W-2 form, the one you got from your employer. Be sure it is copy C—the copy you keep for your records. You should also know how much your earnings will be up to your retirement in 1970 including vacation pay you will be paid in 1970.

A social security representative visits the Iosco County Building, Tawas City, on the second and fourth Thursday of each month from 9:45 a. m. to 3:00 p. m. The office in Bay City is located at 1009 North Madison, and is open Monday through Friday from 8:45 a. m. to 4:45 p. m. and on Mondays until 6:45 p. m. The telephone number is 893-9579.

ably a third of the items on your supermarket bill have nothing to do with daily sustenance. Not so? Try these... hosiery, light bulbs, paper products, toothpaste, hair spray. They are just the beginning, but all are included in the "food" budget.

According to the United States Department of Agriculture, the average American shelled out only about 16.5 percent of take-home pay for food in 1969. It was the lowest percentage in history.

That means that even though prices are up, wages have risen even more, Mr. Sawall, says. And in the United States, it takes fewer hours' work to "earn" the food we eat than any place else in the world.

## Kroger Tells What's Ahead for Food Shoppers During 1970

What is ahead for food shoppers during the coming year?

—More variety and higher quality of food products.

—Greater convenience in food shopping and preparation.

—Improved handling methods and more efficient service in stores.

That is how N. A. Sawall, vice president of the Detroit retail division of Kroger Food Stores, sees it.

"Customers today have broader and more definite tastes than their parents or grandparents," Mr. Sawall says, "and it is essential to find new ways of giving them exactly what they want to find in their supermarket."

For Kroger, this means not only new supermarkets (five are planned during the coming year in this area) but also some 15 major remodels designed to stretch store walls by utilizing multi-deck display cases to provide more shelf

space in the same floor area, along with improved facilities.

It also means using new tools, such as data processing, to help make merchandising decisions, Mr. Sawall says.

To help demonstrate the complexity of the decisions faced daily by supermarket managers and merchandisers, Mr. Sawall points out that modern Kroger food stores carry in the neighborhood of 8,000 items (compared to 700 in the 1930s). This translates into roughly 200,000 individual cans, cartons and containers per store.

And hundreds of new items make their appearance each year, each vying for space on store shelves.

"In the competitive world of the nation's biggest business—food—it is a necessity to anticipate and serve better the needs and wants of customers," Mr. Sawall says.

Kroger already maintains what has been called the most sophisticated data processing network in the food industry. The system utilizes 7,000 miles of high-speed communications lines, which link Detroit and the company's 25 other retail divisions with the central data center in downtown Cincinnati.

Computers are helping to get products to store shelves faster for customers and they may also help solve that old problem of waiting in the checklane in the near future.

A major breakthrough in the checkstand bottleneck will be development of a practical system of coded price-marking that can be "read" and computed automatically as fast as products pass by.

A working model of such a checkstand has already been developed, Mr. Sawall notes, and will probably make its appearance within the next year or two.

But Mr. Sawall does not foresee widespread use of the completely electronic supermarket in the near future, with pushbuttons replacing bascarts or homemakers shopping from their kitchens via television. Women still like to see firsthand the steak or tomatoes they are buying, he says.

Perhaps the biggest change in supermarketing in the next few years could come as a result of experiments in feeding man in space, says Mr. Sawall.

Freeze-drying of foods, needing only water to restore to natural taste and texture, or irradiation, which may one day allow Mom to keep a steak or fresh strawberries on the pantry shelf for months, could revolutionize the traditional concept of the food store.

Another area which will continue to show improvement is that of packaging. Particular emphasis is being placed today on easy-to-open cans or packages with built-in features of re-use, convenience or easy disposability.

Improvements in transportation will have an increasing influence on foods carried in supermarkets during the next few years, Mr. Sawall says.

Already at Kroger, he notes, fresh strawberries in January and year-round fresh corn-on-the-cob are taken for granted by shoppers. And now such items as fresh watermelon slices in the middle of winter are joining them.

All in all, says Mr. Sawall, it looks as though the big winner in the supermarket world of the next few years will be the customer.

She and her family will be eating better food, more conveniently and easily prepared and packaged—and chances are they will be doing it for a smaller portion of their take-home pay than ever before.

Mr. Sawall points out that prob-
