Reginald Bublitz, superintendent of public works, reported that the joint water board for East Tawas-Tawas City would hold its annual meeting in the near future. One of the topics to be discussed is a new force main to carry water from the East Tawas filtration plant to Tawas City's pumping station near Schreck Lumber Company.

The council had asked study of such a project as the present main, which delivers water into Tawas City's distribution system, is inadequate during peak periods.

Enthused Over Split Day Plan

Parents of Tawas Area School District apparently would prefer an alternate solution to overcome the problem of overcrowded classrooms, rather than to utilize a split school day plan under discussion.

This seemed to be the concensus of opinion of more than 200 persons attending a special meeting Monday night at the Tawas City Elementary Unit, held in conjunction with an open house sponsored by the parent-teacher association. Appearing at the meeting at the

request of Tawas Area Board of Education was Robert Larson, superintendent of Harrison Community Schools, along with a member of the board of education from that school. Fased with the grob lem of overcrowded classrooms and two successive defeats of bond issues to provide additional facilities, the school day in that district has been divided with one section attending classes starting at 7:00 a. m. and the second attending classes from 12 o'clock noon until 5:00

Larson stated that this program was the best that could be offered under the circumstances at Harrison. He said that there had not been many complaints concerning the split day and those received were contrary to what had been expected. School officials there had anticipated that the major complaint would come from parents whose children attend school starting at 7:00 a. m. Instead, most of the complaints came from parents of junior high school students, who attend classes from noon until

Carefree Electric Heat is Pure Comfort...

That's only one reason why nearly four million families are enjoying it today

Electric heat is one of the purest home comforts you can buy . . . so fresh, so clean, so right for your family. It provides a special carefree comfort . . . a guiet, cozy, draft-free sensation of warmth from floor to ceiling. Pamper your family — and yourself too, with heating comfort gentle as a baby's blanket. Before you build, buy or modernize, learn what a genuine bargain electric heat is - how little it costs for the unsurpassed comfort and convenience it delivers.

Durand Women Establish Record on State Trail

Seven Durand area women, after crossing Michigan from Tawas to Empire on snowmobiles in 22 hours, 25 minutes, January 9, issued a challenge to any other women to beat their time.

The trip, sponsored by Jim Hardy of Lost Creek Sky Ranch, Luzerne, officially sanctioned by the Michigan International Snowmobile Association, marked the first time any female snow machine riders had completed the winter trek from the shore of Lake Huron to Lake Michigan. All members of the Rough Rid-

ers Snowmobile Club of Durand, the women were awarded trophies at an awards ceremony at Empire. The crossing time goes into the official MISA record books until beaten by another female team. Almost overshadowed by the team's feat was the fact that their husbands set a new state record for the reverse run from Empire to Tawas the week previous-13 hours, 29 minutes.
