New Track Has Curing Problem

A gamble with unpredictable fall weather in construction of a new track at Tawas Area School may not have paid off for the contractor.

Bill McIntosh, athletic director and assistant principal, reported to the board of education Monday night that 85 percent of the new track is completed. Because of recent rain, however, some of the rubber surface has not cured properly.

Full payment for the track has not been made as yet and the district may withhold payment or require a performance bond before accepting the work.

McIntosh said that assurances had been given that the rubber base would cure in time for use next spring, although he stated that this may not come until warm weather next June.

The board recommended that the contractor appear at the December 14 meeting and make a full report.

McIntosh reported that gate receipts for five varsity home games and seven junior varsity and freshman games had totaled \$6,123. He said this was an increase of \$2,191 over the previous high of 1969 and he attributed this to the increased seating capacity. Gate receipts from athletic events are being used to finance cost of the new track through a revenue bond issue.

In other business, Supt. Reynold Mick said that the school would offer the same program as in the past for local parochial schools, upon recommendation of state officials. This includes participation by sixth grade students of parochial schools in the public school's band program, hot lunches and physical education. Some 120 parochial students participate in physical education and 12 are enrolled in band, which actually amounts to 5.85 full time students reimbursable by the state.

Mick reported that Alpena Community College is considering the possibility of conducting college credit courses for adults in the community school program at Tawas Area. This announcement received endorsement of the board of education.

Library Week Observance Starts Nov. 15

National Library Week is November 15-21 and Iosco-Arenac Regional Library announces the recent delivery of its new \$15,070 bookmobile.

The new bookmobile, which has a Gerstenslager custom built body on a 1971 International chassis, carries 1,500 books. Sixteen feet in length and eight feet wide on the interior, it has a propane gas heating system of 35,000 BTU capacity with 12-volt blower system.

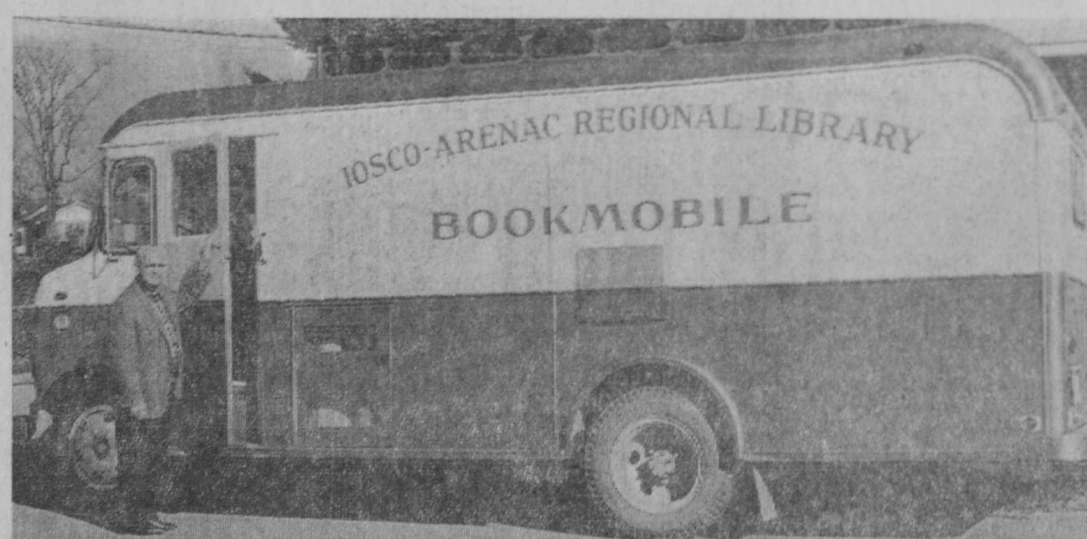

This unit replaces the old bookmobile, which had a 1961 chassis and same interior dimensions. The old unit traveled more than 140,000 miles and circulated 221,648 books during its use.

The bookmobile services areas where there are no branch libraries. Community stops are located at AuSable, Turner, Twining, Sterling, Singing Bridge, Maple Ridge and Alabaster, as well as Arenac Eastern School. Summer stops are located at Point Lookout and Alger.

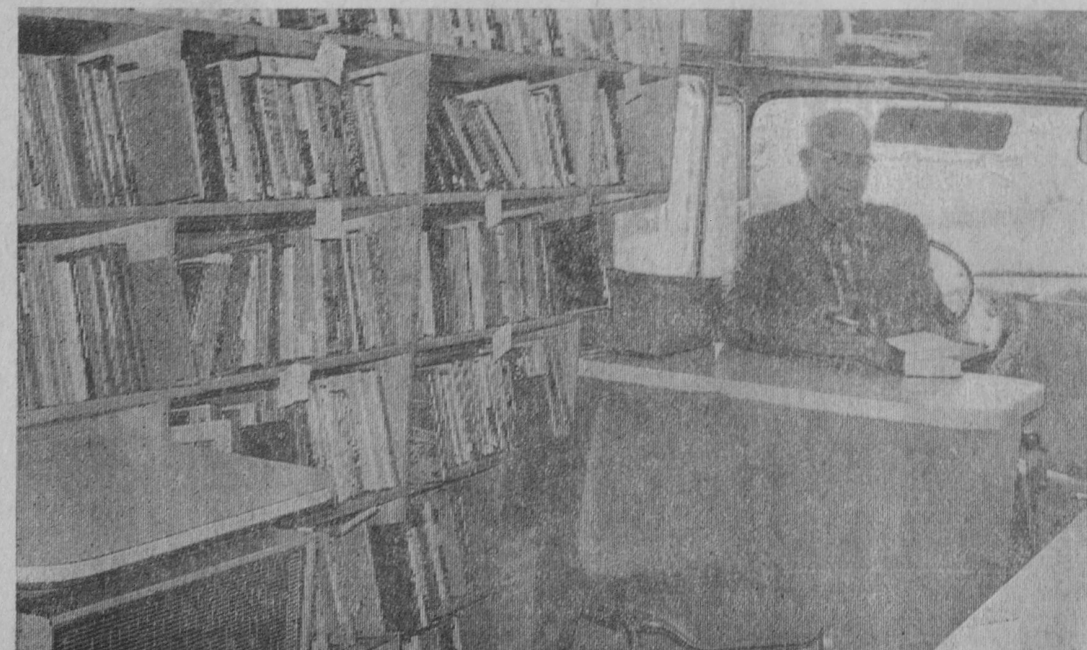

William Groff is driver-librarian and Mrs. Jennie Fortune is part time librarian.

Curry Purchases Old County Farm

Robert Curry recently purchased the Iosco County Farm from Arthur Povish. Curry is planning to extend his dairy operation. Richard Maher bought one farm where the Povishes had resided for 24 years. A total of 320 acres was sold and the last 80 acres were purchased by Duane Reinke.

NEW BOOKMOBILE operated by Iosco-Arenac Regional Library is pictured above. The new unit, painted Concord Blue and white, cost \$15,070 and was paid through a bookmobile budget set up by the regional library in 1964. Shown at the door is William Groff, driver-librarian. Commission Adopts Recommendations

DNR Elated Over Support From Sports Fishermen

Sports fishermen voiced strong support for the Michigan Department of Natural Resources fish division's tightening of commercial fishing rules on the Great Lakes last Thursday and Friday, which were approved by the DNR Commission.

Among those testifying before the commission were representatives of the Michigan United Conservation Club, as well as tourist

and resort interests. Of major interest to the Saginaw Bay area was adoption of the fish division's plan for commercial taking of perch on a quota basis. A regional DNR spokesman told the Herald Monday that the commercial quota for perch had not been established as yet, but stated that it would be much lower than what was taken this year. He said that an analysis was being made of biological data in-

duced over the past several years. The DNR spokesman said that one of the problems on Saginaw Bay stemmed from the fact that the low fish population had a fast growth rate and that several year classes or hatches were being netted. Without stronger year classes, it was stated, the perch population would diminish even further and the remaining fishermen would be out of business. Last spring, biological data in-

dicated that the perch stock was already overfished and it was feared that another year of intense fishing could destroy the stock. The DNR spokesman said that the commercial fishing quota for perch in Saginaw Bay would probably be around 300,000 pounds or less. Other points of interest to the Saginaw Bay-Lake Huron area was that Sand Point to Oak Point will be closed to commercial netting

next year. This area had been closed last year and then reopened by commission action. It is one of the major perch producing areas in Saginaw Bay. In addition, the commercial taking of chubs in Lake Huron has been banned. Because of the lack of whitefish, there will be no commercial fishing on Lake Huron for this species south of Rogers City next year. The DNR spokesman said that special "research permits" would

probably be issued to fishermen operating in that water last year, but no new licenses would be issued. The DNR was elated over support of its fish program received from sports fishing interests, including favorable resolutions from the Tawas City Council and Tawas City Businessmen's Association. The new commercial fishing quota for perch on Saginaw Bay is to be announced shortly.

District Support Sought for Band

Financial support from the board of education in a current drive to purchase new uniforms for Tawas Area School Band is being sought by the Tawas Area Music Booster Association.

Appearing at Monday night's regular meeting of the board were three representatives of the music boosters, Richard Harwood, Mrs. Louis Pfeiffer and Neil Luedtke, along with Gene Salomony, band director.

Harwood said that the music boosters had been pledged to raise \$5,000, representing one-half the cost of purchasing 90 new uniforms. The school district is being asked to provide the remaining \$5,000.

Present uniforms worn by the band are 15 years old and many are becoming threadbare. Music boosters, an organization composed of parents and other interested adults, has discussed a band uniform fund raising campaign for the past three years. In the meantime, it has provided funds for the purchase of additional band instruments.

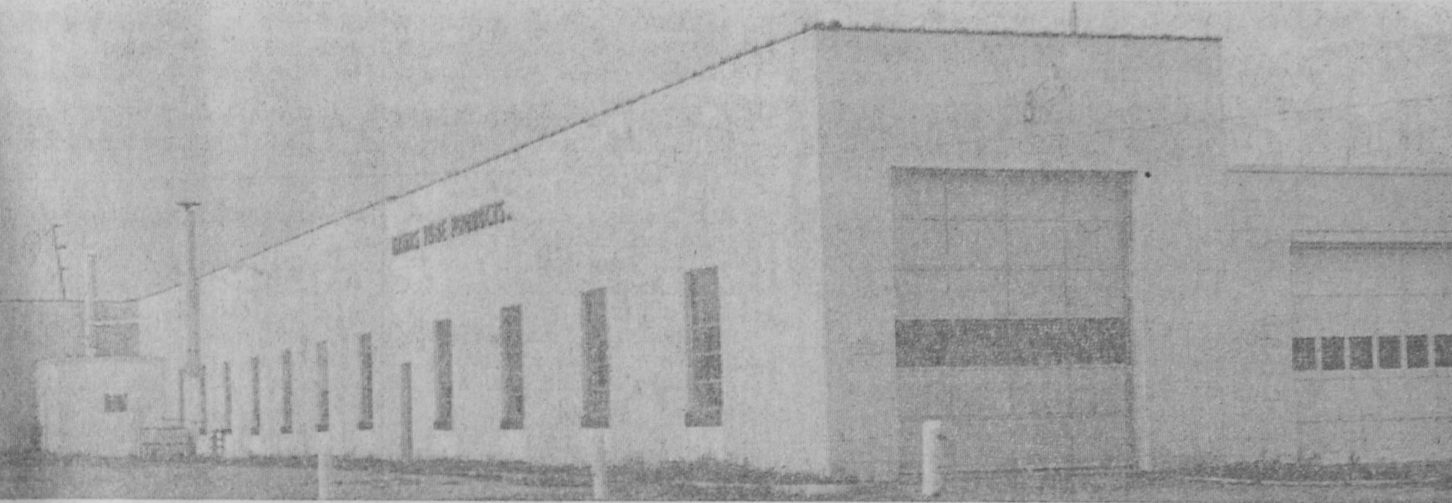

Harwood said that the music boosters as well as all residents of the school district were proud of the band and would like to have the new uniforms in time for the district festival next March. He pointed out that the band has an outstanding record and is considered as one of the top high school

organizations in the state. Mrs. Pfeiffer said that the music boosters had raised \$1,000 toward its goal and that a major campaign would begin in early December. She explained that the school could take advantage of a 10 percent discount with companies providing uniforms by ordering at this time of the year. Delivery could be expected in about 90 days.

Mr. Salomony reported that the 90 uniforms presently used by the band would go to the school's cadet band. He also pointed out that the discount to the school on the uniform purchase was actually 60 percent, due to the efforts of the music boosters in raising one-half of the total cost.

Supt. Reynold Mick said there was no question that new uniforms were needed. Schools must live within budget requirements and are prohibited from deficit financing. A complete analysis of the 1970-71 budget, adopted Monday night, is to be made in order to determine if the district's share can be financed this year.

Speaking for the board of education, Robert Elliott, president, declared that band is as important as athletics or any other program in the school and that the board of education would give its full attention to the proposal. A decision on financing is to be announced at the board's December 14 meeting.

TAWAS TUBE PRODUCTS, located on Ninth Avenue, Tawas City, closed its doors October 30. A subsidiary of H and H Tube, Detroit, a company spokesman said that business had fallen off considerably during past months. It was stated that the firm had found itself in a position of not being able to compete for business because of obsolete machinery. Seventeen persons were employed

there when the business closed. The firm first opened in Tawas City in July 1959 and at one time had 37 employees. The firm's stock of copper had been sold to a competitor. The firm's lease on the buildings owned by Gordon Clute does not expire until May 31 of next year.—Tawas Herald Photo.

Tawas Area School Budget Shows \$163,119 Increase

A budget of \$1,229,767 for 1970-71 school operation was adopted Monday night by Tawas Area Board of Education. Four residents of the district attended a public hearing held at the administration office at East Tawas.

The new budget is \$163,119 higher than total actual expenditures for the 1969-70 school year. Most of the increase is in teacher salaries, but most of the other categories show an increase due to the inflationary spiral.

Total income expected from various sources is budgeted at \$1,159,599. This amount, combined

with \$26,163 balance on hand and a delinquent tax equity of \$63,662.75 would make a total available equity of \$1,249,425, or \$19,658 more than the anticipated operational budget expenditure.

A summary of operational expenditures includes \$338,765 for elementary, as compared to \$322,744 in 1969-70; secondary expenditure would be \$492,610, as compared to \$454,417 last year; a budget of \$29,000 has been set for the community school program, as compared to \$21,423 in 1969-70. The latter is nearly self supporting because of grants and fees.

Other expenditures include \$22,960 for administration, as compared to \$35,304 last year; \$510 for health service, as compared to \$320 last year; \$91,464 for transportation, as compared to \$82,188 in 1969-70; maintenance of \$23,800, as compared to \$25,743 last year; fixed charges of \$48,800, as compared to \$27,633 last year; community services, \$708, same as last year; capital outlay, \$19,000, as compared to \$3,772 last year. Estimated salaries of the superintendent and principals is \$65,400.

Revenue anticipated by the

school includes \$450,122 in state aid, based on \$530.50 per student for a total enrollment of 2,026. To obtain the net state aid figure, the district's state equalized valuation of \$44,619,307 is multiplied by 14 mills.

Local tax revenue based on the above valuation and 13.5 mills levied for the district would amount to \$602,360. Other revenue items would include tuition of \$103, vocational aid of \$400, transportation aid of \$47,000, federal aid for 374 students of \$22,000, NDEA funds of \$2,292, driver training funds of \$4,388, land grant of \$2,400.

Additional revenue items include \$11,000 in special education, \$1,600 from the Mott Foundation, \$6,500 for adult education director, \$3,600 return on the track loan, \$1,632 for court placed nonresidents and \$3,000 listed as other income.

Free Diabetes Testing Set November 16-20 at Hospital

Free diabetes testing will again be available this year at Tawas Hospital Monday, November 16, through Friday, November 20, 7:00 a. m. to 3:30 p. m. Results of testing last year showed that 45 out of 260 persons tested were potential diabetics.

Should a person suspect, or even not suspect, there might be

a chance of being a diabetic, he should take advantage of this free testing.

As stated previously, the Michigan Diabetes Association will provide a followup for confirmed "positives" and will notify the person tested as well as his physician. The person tested should not

contact his physician as the doctor will call if he hears from the association. If no notice is received from the Michigan Diabetes Association within four weeks, the person tested may assume his test was negative and showed no evidence of diabetes.

Generally, testing is limited to persons 21 years of age and older and to those who are not known diabetics. Should there be a child with a family history of diabetes, the child may receive the free testing if there is a written request from the family physician.

The Michigan Diabetes Association especially urges those persons in the high risk group—over 40 years of age, over weight, or with a family history of diabetes—to take advantage of this community service. This program is manned by hospital personnel and the entire expense is borne by the hospital.

Christmas Checks

A total of \$48,664 has been paid out to members of the Christmas Savings Club at Peoples State Bank. Mrs. Erna M. Castagnier announced that checks were mailed to 415 members last week. This compared to \$45,978.50 mailed to 425 members in November 1969.

Firearms Season Opener on Deer

Michigan firearms deer season opens next Sunday and it is expected that there will be more red-coated hunters than ever before.

Some estimates run up to nearly three-quarters of a million hunters, but it is expected that these hunters will kill fewer deer than they have since 1961.

In 1961, hunters harvested 60,070 deer, mostly bucks. Last year, the buck kill alone was near that figure with an addition of 40,000 antlerless deer.

This year, there has been a 50 percent cut in antlerless permits in the Lower Peninsula and the Upper

Peninsula has been closed to any antlerless hunting.

Michigan Department of Natural Resources game biologists say the 1970 program calls for fewer than 25,000 antlerless deer to be taken, divided into about 20,000 in the Northern Lower Peninsula and 4,500 in Southern Michigan.

Unless weather conditions are good, the buck kill is expected to slip a bit. Last year, 656,853 licenses were sold and this figure is expected to be swelled this year if the General Motors strike continues.

Prison Term, Probation Set in Circuit Ct.

One person received a prison sentence, three persons were placed on terms of probation for two years each and guilty pleas were accepted from two others in arraignments Friday before Circuit Judge Allan C. Miller.

Kenneth Tebo of Oscoda received a prison sentence of four to 10 years in Southern Michigan State Prison for breaking and entering. He was credited with 141 days for time served in the Iosco County Jail.

Receiving terms of two years on probation were Elmer J. Amis, assault without weapon to inflict serious and aggravated injury; Steven Hubbs, malicious destruction of a house in Plainfield Township; Thomas R. Micho, disinterment of a dead body without authority.

Guilty pleas were accepted from Martin Lathrop, negligent homicide, and Carl A. Mead, unlawfully driving away an automobile. Both were remanded for presentence investigation.

Darcey - Etue Wedding Vows Said at Flint

St. Agnes Church, Flint, was the scene of the double ring ceremony Friday, November 6, uniting in marriage the former Betty Kay Etue, daughter of Mr. and Mrs. L. Ray Etue of East Tawas, and Stephen P. Darcey, son of Mr. and Mrs. Paul E. Darcey of Vienna, Virginia.

The Reverend Father Olk officiated at the 6 o'clock ceremony which was followed by a reception for 400 guests. Red roses and autumn leaves decorated the altar. Mrs. Randall was organist for the candlelight rites.

The bride descended the aisle in a satin gown with Alencon lace and seed pearl bodice. The mantilla floor length veil was trimmed in matching lace.

Cranberry velvet, floor length gowns trimmed with ivory lace were worn by Patricia O'Barr of Ft. Lauderdale, Florida, maid of honor, and the bridesmaids, Linda Etue, College Park, Maryland; Debbie Huber of Flint; Sheila and Denise Darcey of Virginia, and Sue Kuschuba of Grand Blanc.

Michael Thomas of Fairfax, Virginia, served as best man with Anthony Etue, Ronald Etue and Wayne Etue, brothers of the bride; Scott Hardgree of Columbia, South Carolina, and Carleton Raiford of Vienna, groomsmen.

For her daughter's wedding, Mrs. Etue wore a shocking pink crepe dress with matching coat of French lace. The bridegroom's mother chose an ivory brocade dress with jewel trimmed collar.

Following a one-week honeymoon in the Virgin Islands, the newlyweds will reside in Alexandria, Virginia.

Final Reports on Community Chest Drive

Closing reports for the 1970 campaign of Tawas-Whittemore-Hale Area Community Chest is to be made at a meeting of the board of directors to be held Thursday, November 12, 7:30 p. m., at Tawas Chamber of Commerce office.

Drive chairmen of the October campaign are to report on contributions and other aspects of the drive. If any area captain has something to report or suggest for the organization of future drives, he would be more than welcome to attend this meeting.

The 1970 campaign was a whopping success, made possible only because the entire community involved showed they cared for those less fortunate. A big "thanks for a job well done" is extended not only to drive chairmen, area captains and volunteer workers, but to all those who contributed so generously to this year's goal of \$15,067.

The final figure reached was \$16,259, which is over and above the amount allocated by the sum of \$1,192.

Mrs. Meta DeWyse, secretary-manager for the campaign, expresses her personal thanks to the drive chairmen, volunteer workers and to those of the board of directors who offered so much moral support "during the time when it looked like we would not reach this year's goal."

Milliken's Victory Announced 42 Hours After Michigan's Polls Closed

Forty-two hours after the polls had closed, William Milliken finally claimed his victory as governor of Michigan. Milliken and his running mate, James H. Brickley, lieutenant-governor-elect, emerged from the election as the sole statewide survivors of the Republican Party.

While there were complaints locally concerning the slowness of receiving election returns, nothing compared to Detroit's fouled up computer voting system. Weary election workers were still counting cards at Detroit Thursday when Milliken appeared at Lansing to congratulate Sander M. Levin, the Democratic candidate for governor, on a cleanly fought campaign.

Milliken's lead, which had reached 130,000 early Wednesday morning, had shrunk to about 65,000 votes with 2 1/2 million votes cast in the state when Levin conceded the election and Milliken was assured of his first full four-year term.

Thirteen Republicans were defeated for office. Winning Democrats included United States Sen. Philip A. Hart, State Attorney Gen. Frank J. Kelley, Sec. of State-elect Richard H. Austin, John B. Swainson and G. Mennen Williams, former Democratic governor, who won nonpartisan races for the state supreme court.

Democrats retained control of the state house of representatives and gained a 19-19 tie in the state senate, in which they had previously been the minority party.

Some 6,089 Isoco voters went to the polls, which represented 67.9 percent of the total registration list. The best percentage was recorded in Alabaster Township where 175 of 195 registered voters showed up at the polls for a voter percentage of 89.7. The worst showing was in the third precinct of Oscoda Township, where 48.9 percent, or 441 out of 902 voters showed up at the polls.

Traditionally in the Republican fold, Isoco voters still gave majorities to Republican candidates, but there were some surprises.

Milliken received 3,227 votes as compared to 2,658 for Levin, while Emil Lockwood received 3,131 votes as compared to Richard Austin's 2,425 votes for secretary of state. Attorney General Kelley proved to be popular with voters of this county, gaining 2,837 votes of 2,790 for his Republican opponent, William S. Farr Jr.

Mrs. Lenore Romney topped Senator Hart, 3,408 to 3,385, while Elford A. Cederberg, who was re-elected to 10th District congressional seat, outdistanced his Democratic opponent, Gerald J. Parent, 3,561 to 2,142.

Robert Richardson, who was re-elected 35th District state senator, received 3,346 votes as compared to 2,026 for John D. Prior, Democrat. George A. Prescott of Tawas City received 3,612 votes and was top vote getter in Isoco in defeating Patrick Race, Democrat, who received 2,138 votes.

Isoco voters apparently recognized the names of former governors as two former Democratic leaders, Swainson and Williams, won handsily over their Republican opponents. Swainson received 2,892 votes. Williams had 2,438 votes. John Dethmers received 2,225 and Edward Piggins totaled only 1,774. Robert B. Burns and James E. Carr, candidates for the court of appeals, received 2,378 and 1,530 votes, respectively. William H. McCready was unopposed for Isoco probate judge and received 4,183 ballots.

Isoco voters followed the state trend on constitutional amendments, opposing the low income housing and lowering the voting age to 18 years, while approving the controversial anti-parochial amendment. Proposal A was defeated here 2,030 to 3,515; Proposal B received 2,328 "yes" votes to 3,403 "no" votes; Proposal C was favored 3,897 to 1,945.

Attorney General Kelley has ruled in a formal opinion that the anti-parochial amendment Tuesday will prohibit public schools from offering auxiliary services or shared time classes to nonpublic school students. As a formal opinion, it now has the effect of law unless altered by the courts.

Three local races for seats on the county board of commissioners saw Lloyd S. Little, who had served for many years as Grant Township supervisor, defeating Walter H. Miller for the Eighth District seat. Miller, who had lost the primary election to Little, was a write-in candidate and received 301 votes. Little defeated him by 100 votes.

George Blust, Democrat, who had served on the old board of supervisors and was defeated in his first attempt to get on the county commission two years ago, finally made it in the Ninth District by defeating Aubrey Belson, Republican, 336-244. William

Wereley, Republican, was re-elected to the First District seat over Robert Pember, Democrat, 405-309.

Township officers elected were as follows:

Alabaster—John H. Weible, Republican, supervisor; Hope Rescoe, Democrat, clerk; Leona Benson, Republican, treasurer; Fannie Walstead, Republican, trustee; Alfred VanDell, Republican, and Harry Wellna, Democrat, constables.

AuSable—Dale Lamrock Jr., supervisor; Mornelva Snitchler, clerk; Mary Spencer, treasurer; Rhea Matthews, trustee; Donald Strickland, constable, all Republicans.

Baldwin—Richter Lixey, supervisor; Frieda Rempert, clerk; Loretta Klenow, treasurer; Howard W. Burdett, trustee; Emmett R. Cecil and Donald J. Wimby, constables, all Republicans.

Burleigh—Martin Siegrist, supervisor; Darrell Colvin, clerk; Katy Provoost, treasurer; Leona Chipps, trustee; Russell White, constable, all Republicans.

Grant—John W. Skrocki, supervisor; Lucile Blackmore, clerk; Dale E. Butzin, treasurer; Basil Duncan and Edna Anschuetz, trustees, all Republicans; Ray Lenkowski and Don C. Lear, constables, write-in candidates.

Oscoda—Charles E. Smith, supervisor; Alva J. Meade, clerk; Florence B. Krefeld, treasurer; William J. Steiert, trustee, all Republicans. Five write-in candidates received the same number of votes for constable and the race is to be determined by lot.

Plainfield—Dennis B. Chrivia, supervisor, Republican; Frances I.

Bose, clerk, Republican; Barbara Malcho, treasurer, Democrat; E. Royden Parkinson, trustee, Democrat. Nine received the same number of write-in votes for constable and the successful candidates are to be determined by lot.

Reno—James P. Mielock, supervisor; Leonard Robinson, clerk; Winona Redmond, treasurer; Elliott J. Barnes, trustee, all Republicans.

Sherman—Edward A. Gerard, supervisor; Harold A. Parent, clerk; Harvey E. Smith, treasurer; John H. Jordan, trustee; Floyd F. Pierson, constable, all Democrats.

Tawas—LaVerne Koepke, super-

visor; Walter J. Laidlaw, clerk; Beryl J. Hughes, treasurer; Robert Grabow, trustee; Harold G. Wegner and Merlin K. Warner, constables, all Republicans.

Wilber—B. William Olsen, supervisor; Betty Cross, clerk; Doris Tomlinson, treasurer; Harold Choler, trustee; Russell Tomlinson, constable, all Republicans.

Re-elected without opposition to the county commission were Jack W. Allen, District Two; Robert K. Foster, District Three; Donald L. LeCureux, District Four; Fred B. Lomas, District Five; Carlton Merschel, District Six; Clement Stephan, District Seven.

TO THE VOTERS OF GRANT TOWNSHIP

I wish to thank all those voting for me, for the office of Grant Township Treasurer.

Sincerely yours,
OLEN HERRIMAN

Tawas Braves Shut Out, 14-0 by Carrollton in NBC Finale

Missing on a couple of good scoring opportunities early in Friday night's game, Tawas Area Braves fell before visiting Carrollton, 14-0, to close out action in the Northern B Conference.

The Braves finished the conference season with a record of three wins and four losses and go against Alcona this Friday night in a nonleague clash. The Braves defeated Harrison in the season opener in their only other non-NBC game.

Opportunity knocked at the door early in Friday night's game with the Cavaliers, but the Braves just could not take advantage of a couple of breaks. Tackle Will Coleman recovered a Cavalier fumble on the Carrollton 27-yard line and the Braves drove to a first down in three plays to the 16. Two consecutive losses on ground plays, plus an incomplete pass, saw the Braves try an unsuccessful field goal attempt and Carrollton took over the ball on the 20.

With two minutes, 35 seconds remaining in the first quarter, Tawas Area again recovered a Carrollton fumble, this time on the visitor's 32-yard line. Mark Schirmer picked up five yards on the first play from scrimmage, Dave Moe picked up three yards and Tom Kasischke's pass was incomplete on third down. Mike Svontko tried a quarterback sneak on fourth down, but the Cavaliers took over on their own 25.

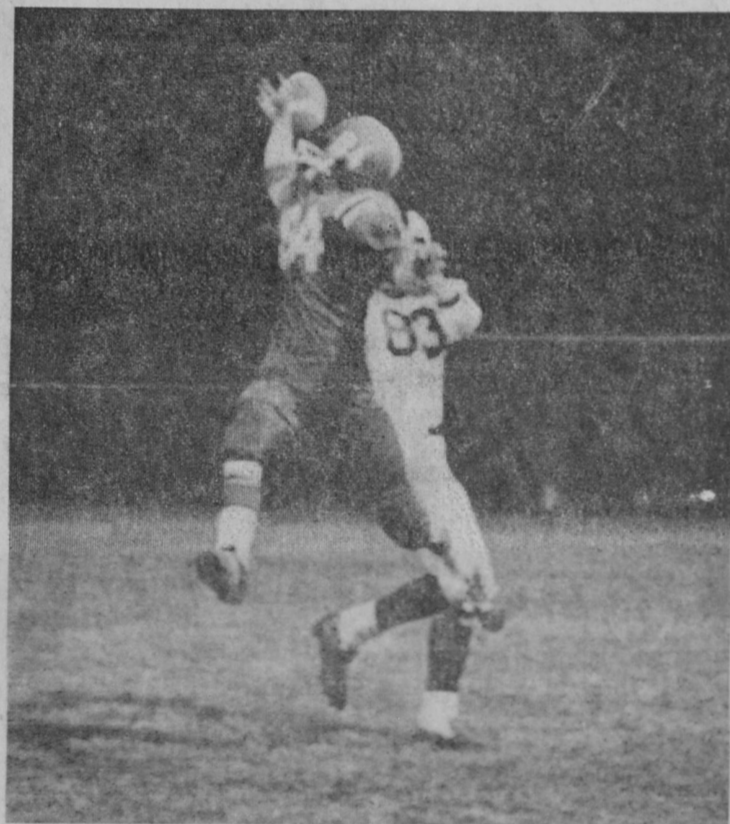

The Tawas defense continued to hold Carrollton in a hard-hitting second quarter and Tawas Area took a fourth down punt on the Carrollton 45-yard line. Moe picked up three yards on the first play from scrimmage, but two consecutive losses brought about by a hard-charging Carrollton line put Tawas back on its own 31.

A fourth down gamble, which had been successful in two previous games, led to Carrollton's first touchdown. The Braves tried a fake punt and then tried a dangerous pass deep in their own territory. The aerial was short and the Cavaliers took over the ball on their own 35.

Carrollton racked up two consecutive first downs to the Tawas 13 and Fullback Randy Schrader went the final 13 yards for a

touchdown with six minutes, 35 seconds to go in the second quarter. Schrader then caught a pass

just as he was going out of bounds for a two-point conversion to give Carrollton an 8-0 lead.

The visitors took the kickoff to open the second half and marched to another touchdown. The Cavaliers picked up a first down in three plays, then were set back by a 15-yard penalty. End Bill Fillion caught a pass to give Carrollton a first down on Tawas' 29 and the Cavaliers marched into the end zone in seven plays. Halfback Jim Emeott going the final yard for a six-pointer. The try for a running conversion was stopped, but Carrollton held a 14-0 lead.

The Braves took the kickoff and had the ball for 10 plays before running out of steam on the Carrollton 32. The Cavaliers could not move the ball and were forced to punt. A Tawas player touched the bouncing ball and Carrollton recovered on its own 46.

Tawas' defense again held the visitors ground attack and the Braves again took over a punt on their own 34. The Braves moved to the Carrollton 33, but lost the ball on fourth down.

Tawas Area High School Marching Band made its final appearance of the football season and halftime ceremonies honored parents of players, managers and cheerleaders, who were introduced over the public address system.

The Braves close out the season this Friday night at Alcona. It was a bad week for Tawas football squads as both the Junior Braves and freshmen squads lost to Carrollton.

Hale Eagles Honored at 'Football Bust'

"The year of the Eagle" may not have been the theme for Saturday night's program, as it was in 1969 when Hale Area School's football squad was crowned North Star League champion, but the crowd was just as enthusiastic as more than 300 persons turned out for the school's annual "football bust."

Following a pot-luck dinner in the school auditorium, Hale Area School Band, under direction of Darrell Grosz, presented a medley of six selections which featured halftime programs during the football season.

Richard Dodge, high school principal and toastmaster for the event, introduced parents of members of the varsity and junior varsity football squads, cheerleaders, Mary Bielby (1970 homecoming queen) and others, "recognizing all those people who have put effort into the program for this year."

Jim McMurray, new junior varsity coach this season, introduced and presented certificates to the following JV players: Joe Bell, Jeff Blust, Steve Denstedt, Bruce Greve, Joe Kimmerer, Ron Leannon, Bill Myers, Ron Newman, Brad Pickett, Greg Pickett, Mike Southerland, Tony Johnson, John Springsteen, Mike Bell, Bruce Bernard, Tom Brooks, Tom Brumfield, Harold Hubbs, Ernest Maas, Bill Perkins, Steve Sestak, Bob Teachout. Also honored were Jim Bellville, Dennis Myers and Brian Bernard, managers.

Members of the varsity squad were introduced by Coach Vern Reed and his defensive coach, John Pokorney. Starting the season, the Eagles took up where they left off in 1969 and seemed to be a sure contender for the conference championship. Several key injuries hurt the Eagles' chances and they finished in third place.

Certificates were presented to the following juniors: Lynn Bernard, Don Brandt, Rod Katterman, Jeff Kocher, Ray Louks, Luke Riley, David Runyan, James Stevenson, Clyde Wagenschutz, Greg Weishuhn, Scott Wereley and Keno Shellenbarger.

Seniors honored were Sam Belden, David Brumfield, Willie Ellsworth, Tom Humphrey, Dan Kimmerer, Don Knickerbocker, Kim Kocher, Allen Maas, Jim Rollin, Gary Szczepkowski, Bruce Wilson and Chet Wilson.

Managers honored were Tray Pearsall, Danny Bernard and Ron Cooper.

A new Knickerbocker Memorial Trophy was presented to the school by Larry Dean of Pontiac. The trophy is to honor the top offensive and defensive players each year. Recipients of 1970 honors were Brumfield, offense, and Bruce Wilson, defense.

Co-captains announced for the 1971 season were Brandt and Jeff Kocher.

Hale A. School District to Vote Dec. 9 on Bonding Proposal

On Wednesday, December 9, Hale Area School will be presenting to electors of that school district a bonding proposal for \$1,600,000 to furnish and equip a junior and senior high school. This is the same proposal that has been presented in the past.

Enrollment at Hale Area has been increasing as was projected for the future. Since the last time the issue was presented in June,

five portable classrooms have been added to the two which had already been provided and one class has been located in the Plainfield Township Hall.

After this year, use of the township hall will be lost due to a recent state ruling and leasing of more portable classrooms will be considered.

Estimates for the cost of construction of the 17-teaching station building remains the same as was estimated at the June 8 election. If the issue fails in December, cost of construction on any future estimate would rise due to the inflationary spiral in building costs.

A change in election laws permits all registered electors to vote on the December proposition, regardless of whether or not they own property.

Defensive Unit Saves Win for Hale Eagles in Final

Four dramatic goal line stands gave Hale Area Eagles a 12-6 win over Hillman in Friday night's football season finale. The Eagles finished the 1970 season with an over-all record of four wins and four losses with three wins and three losses in North Star League competition.

The two teams were evenly matched, with Hillman dominating the first half and Hale holding sway in the second half.

After a scoreless first half defensive battle, Hale reached the scoreboard when Bruce Wilson scored a six-pointer from one yard out. Setting up the touchdown was a 20-yard pass from Greg Weishuhn to Dave Brumfield and a 15-yard scamper by Wilson. The try for PAT failed and the Eagles held a 6-0 lead.

Hillman's offense immediately came to life and took the kickoff back into touchdown territory. Hillman was only one yard away from a touchdown, but a strong stand by the Hale defense stopped the visitors for three plays.

The Eagles took over the ball on the one-foot line and on the first play fumbled the ball on the three. Fullback Jeff Godfrey took advantage of this break and scored a six-pointer to tie the game.

After an exchange of punts in the fourth quarter, Brumfield scored Hale's second touchdown

on a counter play from 16 yards out. The touchdown was set up on a fake punt which Wilson ran for 33 yards.

The heroics were not over yet for the Eagle defense. With five minutes to go in the game, Hillman marched to the seven-yard line and had a first down with goal to go. The Eagles held for four plays, then took over the ball on the eight.

Another fumble in the Eagle backfield gave Hillman a first down on the Hale six-yard line. The Eagles defense again held for four plays and the Eagles offense finally killed the clock in two plays.

Wilson was top ground gainer for the Eagles with 133 yards to boost his total offensive yardage to 570 for the season. He averaged 5.6 yards in 101 carries.

Congressman's Aide Coming

TODAY'S Meditation

From The World's Most Widely Used Devotional Guide

Read II Timothy 1:3-7
 Stir up the gift of God, which is in thee. (II Timothy 1:3-7)

I know a lady who had one of the most glorious singing voices—a rich contralto with an amazing range. She was a protégée of a great teacher and singer, and had before her the prospect of success as a concert star.

One day, while singing for a group of friends, her voice broke at a very difficult passage. Several of her companions laughed at her. The girl put away her music, vowing never to sing again. For nearly 40 years now, her singing voice has been silent.

How many of us Christians are like that young lady? Possessed of talents that could be used to make Christ known, we fail to use them.

Often our silence has been caused by being too sensitive to the opinions of others or by being conquered by little failures. Entrusted with a message that this world needs, do we remain silent, wasting the gifts God has given us?

PRAYER

God, our Father, we acknowledge that often we do not use to Thy glory the gifts Thou hast given us. When opportunities come to use our gifts, speak to us, we pray, that we fail Thee not in using them. In the spirit of the Master, who taught us to pray, "Our Father who art in heaven... Amen."

TOMCA Brings Groups Together

Many of Northern and Upper Michigan child placement agencies, juvenile court officers and family agencies are affiliated together in a group known as "Top of Michigan Children's Agencies" or as it is known in its abbreviated form, "TOMCA." TOMCA, in turn, is an independent section of the Michigan Association of Children's Agencies, MACA, which is state-wide in scope and brings together for professional improvement similar agencies from all parts of Michigan.

The 1971 TOMCA workshop will be held December 3 and 4 at Shanty Creek Lodge, Bellaire, and is entitled "Something for Everyone." The 1971 theme is most appropriate, because the workshops planned are designed to appeal to practitioners, supervisors and administrators. Workshops will be

held in administrative techniques, preventive intervention in work with low income parents, methods in family treatment, the perceptually handicapped child and the causes of delinquency. All sessions will be conducted by eminent faculty members from the University of Michigan, Northern Michigan University, Owosso College and Western Michigan University. The keynote speaker will be Harold Johnson, newly-appointed director of the Office of Youth Services, State of Michigan.

The 1971 workshop will begin December 3, 9:00 a. m. Registration forms can be secured by contacting Edward Burgeson, director, Iosco Department of Social Services, or writing to TOMCA Workshop, % Michigan Department of Social Services, 202 Beaumont Place, Traverse City.

State Police Seek Cadet Candidates

Young Michigan men, 18 to 20, who are high school graduates or have equivalent education, are advised that the state police are recruiting candidates for cadet positions until November 23.

Eligible to apply are those men who will be at least 18 years of age as of next June 30 and not more than 20 as of the deadline application this month.

Starting pay for the cadet 04 civil service positions is \$216 and ranges up to \$255 every two weeks.

Applicants must be at least five feet, nine inches tall, weigh at least 150 pounds, be American citizens and residents of this state at least a year.

They must have favorable school and work records and be able to type satisfactorily. They must have a valid driver's license.

of good moral character and have no serious arrest record. Applicants who qualify become eligible for training and assignment to available cadet positions. They also become eligible, if they meet minimum requirements, for assignment to trooper recruit training schools when they become 21 years of age.

Accepted applicants undergo cadet training at East Lansing. Classroom work includes instruction in theory and practice of police administration, use of police radio and telephone, report writing, courtesy, post operations, department rules and regulations, duties of police cadets and related subjects.

Interested candidates can obtain applications at any state police post or from the Michigan Civil Service Department, Lansing.

THE BIBLE SPEAKS TO YOU

Peace and love are actually available to everyone. This is the theme of the lesson-sermon, "Mortals and Immortals," to be read Sunday at Christian Science churches.

"If any man be in Christ, he is a new creature: old things are passed away; behold, all things are become new," the Golden Text from II Corinthians states.

One of the passages to be read from "Science and Health with Key to the Scriptures," by Mary Baker Eddy, states:

"This scientific sense of being, forsaking matter for Spirit, by no means suggests man's absorption into Deity and the loss of his identity, but confers upon man enlarged individuality, a wider sphere of thought and action, a more expansive love, a higher and more permanent peace."

Consumers Power Company Opposes Proposed Wild Rivers Legislation

Consumers Power Company has told a joint senate-house conference committee that proposed wild rivers legislation (HB 4270) would allow riverlands to be taken by confiscation via zoning without payment to landowners.

"This is not fair to the property owner," the company said, "whether it be Consumers Power Company or any individual. The company believes that the fair and proper course for legislation to follow would be for the senate-

house conference committee to adopt a compromise version of HB 4270 embodying, in principle, the federal concept of maintaining wild rivers."

The Michigan house and senate have passed different versions of the bill. The matter now has gone to a six-man conference committee which will attempt to reconcile the differences and present an acceptable bill to both houses of the legislature.

Both versions of the bill embody the concept of creating a system of wild, scenic and recreational rivers. The senate version calls for cooperation between local governments and the Michigan Natural Resources Commission in planning and zoning. The commission, however, would have no power to force zoning.

The house version goes much further, the company said. For all practical purposes, the state, through the Natural Resources Commission, would have what amounts to "land grab" powers to take riverlands by the expedient of zoning. The company pointed out that the bill creates a super-zoning agency in the commission with new and unprecedented powers. This authority would allow the commission to zone the land if (1) the local unit of government did not adopt a zoning ordinance within one year or (2) the commission was not satisfied with the zoning ordinance the local government did adopt.

Consumers Power Company said its position regarding wild rivers legislation is that natural river areas throughout the state can best be preserved or created by state legislation similar to the federal wild rivers act of 1968. The federal act provides for obtaining riverlands to preserve wild rivers through negotiated purchase or condemnation.

"The federal wild and scenic rivers act points out a way to re-

solve the differences between the house and senate," the Consumers Power statement said. "That is, to establish the wild river concept via obtaining land by purchase or condemnation (eminent domain). This procedure will permit the payment of equitable compensation for land, rather than confiscation through zoning."

Consumers Power Company recalled that it has long supported the principle of maintaining Michigan's rivers in a natural state, for the benefit of all the people of the state. The company, moreover, has carried on this program over nearly half a century, planting more than 22 million trees to reforest riverlands that were all-but-destroyed by careless logging in the late nineteenth and early twentieth centuries.

The company owns approximately 700 miles of riverlands on the AuSable, Manistee, Pine and Muskegon Rivers. All of the land was acquired by purchase many years ago, to protect watersheds and thus the river flow necessary for hydroelectric generating plants on which the company depended in those days.

THIS CUNNING DOLL sleeps the day away. Children like to play mommy or daddy with their own little baby. They love to cuddle and rock-a-bye and sometimes scold, just as big people do with them.

Softly, Softly
 This doll is a wise choice for a child's first doll because she is soft to hold and has a gentle embroidered face. Her pink body is made of rug yarn, with a mop of brown hair. She is dressed in rick rack trimmed pajamas and sleeps in a fleece bunting. Free instructions are available by sending a self-addressed stamped envelope to this newspaper along with your request for leaflet PPE 1381.

'C' is for cardigan and she can spell the whole word. She loves to wear it, too, with a plaid dress or a pleated skirt or her favorite faded jeans. Mother knitted this raglan sleeve sweater in the sand stitch, using fingering weight yarn. The edging and buttons are crocheted in a contrasting color. A design is embroidered down the front, following the knitted texture. Free instructions in children's sizes 2-8 are available by sending a self-addressed, stamped envelope to this newspaper along with your request for Leaflet PK 4333.

The bag is a swinger. You cling it over your shoulder and go. It is soft and satchel shaped for holding lots of swag. The bag's nubby texture, crocheted of worsted yarn, goes with fall's newest plaids and tweeds. The flap and strap are made of imitation leather. Free instructions are available by sending a self-addressed, stamped envelope to this newspaper along with your request for Leaflet PC 4510.

Judge Rules on Townline Drain Decree

15 Years Ago—

November 10, 1955—Judge Philip J. Glennie of Alpena filed an order denying a motion to set aside his decree in the Townline Drain litigation. Plaintiffs had sought to annul Judge Glennie's decree ordering a reassessment of the drainage district, alleging improper notice and irregularities in the original establishment of the district.

SSgt. Melbourne Kendall of Tawas City, a B-29 aerial gunner with 21 missions over the Japanese mainland, returned to the United States after spending a tour of nine months with the 20th Air Force's 314th Bombardment Wing on Guam. A veteran of 320 combat flying hours, Sergeant Kendall has been awarded the Distinguished Flying Cross and Air Medal with two oak leaf clusters.

Having received President Truman's recommendation for one year of postwar military training for American youth 17 to 20, congress adopted a cautious attitude on the question, with one ear perked for popular reaction and the other for military arguments.

35 Years Ago—

November 8, 1945—Plans for construction of 14 miles of oil aggregate surfacing on M-65 from Hale south through Whittemore to the county line were announced Wednesday. Oil aggregate surfacing is a recent development which provides a hard, dust-proof surface for roads which do not carry heavy traffic loads.

Tuesday morning, work commenced on three WPA projects in Isoco County hiring 97 men. The three projects are extensions to the Tawas City sewer system, cleaning and improving various county drains and improvements on the East Tawas athletic field. Fifty-seven men reported for work on the Tawas City sewer extension. Paul H. Lemon of Saginaw is

resident engineer. John A. Mark Jr. is superintendent and George Myles is time keeper.

William H. Simpson, former judge of the 23rd judicial circuit and one-time prosecuting attorney of Isoco, died at the age of 89 years. Simpson was judge here from 1887 to 1900, during the lumbering days, when there was a large amount of business in the courts and some 15 lawyers practiced in Isoco.
