General Election November 3 --- Vote!

While the general election Tuesday, November 3, is a non-presidential "off year" election, County Clerk D. Keith Papas Monday predicted that about 60 percent of Iosco's voters would go to the polls.

Only 36 percent of this county's total registration list of 8,963 voters went to the polls in the primary election last August, but Papas has ordered enough ballots to meet requirements of nearly every voter in the county.

A total of 6,910 paper ballots was printed for the November 3 election. This amount, coupled with the fact that 1,939 voters are registered in the two Oscoda precincts where voting machines are used, will nearly equal the total list of registered voters.

Reason for this higher than usual order of ballots can be attributed to interest shown in state and local races, as well as a most controversial proposal to amend Michigan's Constitution.

Heading contests at the state level are races for governor-lieutenant governor, secretary of state and attorney general. William G.

Milliken, Republican incumbent, and his running mate, James H. Brickley, are being opposed by Sander Levin and his Democratic running mate, Edward H. McNamara.

This race is being hotly contested between the two major parties. Other candidates include James L. McCormick and Robert E. Cauley, American Independent Party; George Bouse and Evelyn Kirsch, Socialist Workers Party; James C. Horvath and W. Clifford Bentley, Socialist Labor Party.

The other two state races find the following candidates: Richard H. Austin, secretary of state, and Frank J. Kelley, attorney general, both Democrats; Emil Lockwood, secretary of state, and William S. Farr Jr., attorney general, Republicans; Robert E. Milnes, secretary of state, and Eugene J. May, attorney general, American Independent Party; John Hawkins, secretary of state, and Ronald Reosti, attorney general, Socialist Workers Party; Frank Troha and John Zywicki, attorney general, Socialist Labor Party.

There has been active campaign-

ing this year for congressional seats with State Sen. Philip A. Hart, Democrat, being opposed by Mrs. Lenore Romney, Republican, and Elford A. Cederberg, Republican representative in the 10th District, being opposed by Gerald J. Parent, Democrat.

Two other candidates are listed for the senate seats. Paul Lodico is a candidate on the Socialist Workers Party and James Sim is candidate on the Socialist Labor Party.

Races for state legislative seats finds State Sen. Robert Richardson, Republican incumbent, 35th District, being opposed by John D.

Prior, Democrat, and George A. Prescott, Republican state representative of Tawas City, 102nd District, being opposed by Patrick A. Race.

The two major parties have a full slate of candidates for state boards. Candidates are as follows: Democrats—Members of state board of education, Thomas J. Brennan and Annetta Miller; members of the board of regents of the University of Michigan, Paul Brown and James L. Waters; members of the board of trustees of Michigan State University, Patricia M. Carrigan and Don Ste-

vens; members of the board of governors of Wayne State University, Leon H. Atchison and Max J. Pincus.

Republicans—Members of the state board of education, R. Robert Geake and David Robinson II; members of the board of regents of University of Michigan, Paul G. Goebel Jr. and Jack H. Shuler; members of the board of trustees of Michigan State University, David D. Diehl and Richard D. Ernst; members of the board of governors of Wayne State University, Raymond E. Hayes and Earl Kennedy.

Only the Socialist Labor Party lists a full slate of candidates for the above offices among the three remaining parties. The other two parties, American Independent and Socialist Workers, list partial slates of candidates.

A nonpartisan judiciary lists the following candidates: Supreme court (vote for two)—John R. Dethmers, Edward S. Piggins, John B. Swainson, G. Mennen Williams; court of appeals—Robert B. Burns and James E. Carr; Iosco Judge of Probate—William H. McCreedy.

FUND-RAISING CAMPAIGN of the Tawas-Whittemore-Hale Community Chest topped its goal as of Tuesday. A total of \$15,110 was collected with more envelopes yet to be returned. Hale had a goal of \$1,000 and it went over the top Saturday, according to Jerry Peters and Annabel Ranser, co-chairmen for that area, who are shown in the picture. Another \$300 is expected before the end of the drive.—Tawas Herald Photo.

Flint Youth Shot in Iosco Burglary

Three Flint juveniles were captured early Tuesday morning during a burglary at Fuerst Hardware, Whittemore. One youth was treated at Tawas Hospital for a leg wound received from an OO shotgun pellet fired by the store owner during an attempted escape.

The three youths—aged 13, 14 and 15—are being held at Iosco County Jail until disposition is received from Iosco Probate Court authorities. All are on probation and listed as runaways from Flint, two of them for two weeks and the third reportedly ran away from home Monday night.

Fuerst Hardware, owned by William Fuerst, has been the scene of numerous burglaries in recent years. In one burglary several years ago, Fuerst apprehended two men in the store, but was hit over the head and the burglars escaped.

Investigating sheriff's department officers said that an alarm at the store was activated at 4:10 a. m. in the nearby residence of Arden Charters, who was formerly associated in a grocery business in the same building. Charters immediately called Fuerst and notified Deputy Sheriff Carl Lange of Whittemore.

Lange telephoned Deputies Robert Felske, Dale Snyder and Basil O'Dell who were at the store within a few minutes. The store was

surrounded and the three youths, who heard activity outside the building, decided to make a break for it.

The youths ran to the front of the store, kicked out a glass in the front door and ran outside. Two of the boys were captured by Lange and Felske as they rounded the building.

Fuerst, who was stationed in front of the building with a 12 gauge shotgun, fired in front of the third youth as he attempted to make his escape. One pellet went through the calf of his leg. The wounded boy ran across M-65 and hid out for three hours before being found by officers. He was treated at Tawas Hospital and released into the custody of local authorities.

Officers said the youths had piled a large quantity of loot in the store, apparently with the idea of removing it all at one time. Included were guns, radios and other items. They had entered through the rear of the store. Officers found a car used by the boys parked near the store on State Street. It was reported as stolen.

During questioning later at the Iosco County Jail, the trio admitted a breaking and entering last week at the K. and G. Five Cent to S1 Store at Whittemore. A large quantity of watches was stolen in that burglary.

Computer Figures in Highway Plans

A computerized inventory of environmental factors will be used to plan Michigan's future highways, State Highway Director Henrik E. Stafseth has disclosed. Included in the program will be US-23 north and eastward from Standish.

Wildlife, habitat, mineral deposits, soil types, topography, recreational potential, historic significance and a variety of other factors will be systematically considered in selecting highway routes and designing the highways themselves, he said.

Stafseth described the system at a day-long seminar at the University of Michigan on new environmental legislation and agency programs in Michigan.

First suggested by the Michigan Inter-Departmental Committee on Water and Land Resources, the Department of State, Highways joined with the Department of Natural Resources to develop an environmental inventory for Michigan. Both departments expect to make extensive use of it and make it available to other state agencies and private industry as well.

"We are using three proposed major projects as tests to develop day-to-day procedures, as well as to get the inventory program off the ground," Stafseth said. "These were selected because of the par-

ticular importance of environmental factors in their location." He identified the projects as extension of US-131 from M-46 in Montcalm County northward to south of Cadillac, US-31 from near Ludington northwest to north of Manistee, US-23 from Standish northeastward to north of Tawas City near the Lake Huron shoreline.

Information on the various environmental factors will establish a data base from which land use patterns in any given area can be established. These will guide planners in making the best use of the land.

"Once we know the character and amount of land in the patterns of the area we are studying, we can make much more intelligent decisions about where development—and what type of development—can and should occur," Stafseth said.

"When we speak of development," he added, "we do not mean just highways. We also mean subdivisions, industrial areas, railroads, airports, harbor facilities and all other intensive land uses. This is particularly important with some specific types of development such as the location of power plants, sewage treatment facilities and industrial complexes."

Contests for Three Commission Seats Spice Local Election

Three races for seats on the Iosco County Board of Commissioners feature the local section of the November 3 general election ballot.

Two races listed on the ballot include the First and Ninth Districts. In the First District, William G. Wereley, Republican incumbent, is opposed by Robert W. Pember, Democrat. This district includes Oscoda Second Precinct and all three precincts of Plainfield Township.

The second race is in the Ninth District where Aubrey Belson, Republican incumbent, is being opposed by George D. Blust, Democrat. This district includes Sherman, Burleigh and Alabaster Townships, plus the City of Whittemore.

A "sticker-written" candidate will furnish opposition in the Eighth District, comprising the Townships of Grant, Tawas and Reno. L. S. Little, who was the successful nominee in the August primary on the Republican Ticket, will be opposed by Walter Miller, who was defeated in August for the Republican nomination.

Unopposed for county commissioner are Jack W. Allen, District Two, First Precinct of Oscoda; Robert K. Foster, District Three, Third Precinct of Oscoda; Donald L. LeCureux, District Four, AuSable Township; Fred B. Lomas, District Five, First Ward of East Tawas, Baldwin and Wilber Townships; Carlton Merschel, District Six, Second and Third Wards of East Tawas; Clement Stephan, District Seven, Tawas City.

Four townships of the county list races as follows:

Alabaster Township has two races. Hope Rescoe, Democrat, and Shirley M. Daugherty, Republican, are candidates for clerk. Dorothy C. Crown, Democrat, and Leona Benson, Republican, are candidates for treasurer. Unopposed Republican candidates are John H. Weible, supervisor; Fannie Walstead, trustee.

One race is listed in Baldwin Township. Howard W. Burdett, Republican, and Henry Slykhouse, Democrat, are candidates for trustee. Unopposed Republican candidates are Richter E. Lixey, supervisor; Frieda Rempert, clerk; Loretta Klenow, treasurer; Emmett R. Cecil and Donald J. Wimbe, constable. Donald Leitz is a sticker candidate for trustee.

Grant Township has one race with Olen Herriman, Democrat, and Dale E. Butzin, Republican, being candidates for treasurer. Unopposed Republicans are John W. Skrocki, supervisor; Lucile Blackmore, clerk; Basil Duncan, trustee; Edna Anschuetz, trustee to fill vacancy.

Plainfield Township lists one race. E. Royden Parkinson, Democrat, and Harry C. Hansen, Re-

publican, are candidates for township trustee. Barbara Malcho is unopposed as a Democrat for treasurer. Republican candidates include Dennis B. Chrvia, supervisor; Frances I. Bose, clerk.

Unopposed candidates in townships are as follows:

AuSable—Dale Lamrock Jr., supervisor; Mornelva Snitchler, clerk; Mary Spencer, treasurer; Rhea Matthews, trustee, all Republicans.

Burleigh—Martin Siegrist, supervisor; Darrell Colvin, clerk; Katy Provoast, treasurer; Leona Chipp, trustee; Russell White, constable, all Republicans.

Oscoda—Charles E. Smith, supervisor; Alva J. Meade, clerk; Florence B. Krefeld, treasurer; William J. Steiert, trustee, all Republicans.

Reno—James P. Mielock, supervisor; Leonard L. Robinson, clerk; Winona Redmond, treasurer; Eilert J. Barnes, trustee, all Republicans.

Tawas—LaVerne Koepke, supervisor; Walter J. Laidlaw, clerk; Beryl J. Hughes, treasurer; Robert Grabow, trustee, all Republicans.

Wilber—B. William Olsen, supervisor; Betty Cross, clerk; Doris Tomlinson, treasurer; Harold Cholger, trustee; Russell Tomlinson, constable.

Sherman—George M. Strauer, supervisor, Republican; Harold A. Parent, clerk; Harvey E. Smith, treasurer; John H. Jordan, trustee; Floyd E. Pierson, constable, all Democrats.

Study Enrollment as First Step in Planning Proposed Middle School

Administrators of Tawas Area School are to make a study of future enrollment projections for use in planning for a new middle school at the earliest possible time.

Supt. Reynold Mick is to report on enrollment projections at the December 14 meeting of the board of education and is to make his recommendations as to the number of additional classrooms needed to accomplish the middle school concept.

Development of a middle school for grades six, seven and eight has been under consideration by the board of education for several years. The idea was first studied in the early 1960s, when the school district adopted a five-year plan of classroom additions.

Final phase of that plan, which saw construction of additional classrooms to the junior high school wing on the high school building on M-55, did not com-

pletely measure up to the principal desire of the board of education, administrators and many parents—complete segregation of junior high students from the high school.

Since the early 1960s, a rather dramatic change has taken place in school enrollment. While enrollment has continued to increase at an annual rate of about five percent, elementary enrollment has leveled out while junior high school and high school grades have continued to bulge.

At the present time, classrooms at the high school are nearly at a 100 percent utilization, with only about one classroom in the entire building free each hour. Rooms vacated in the junior high wing, should the middle school concept come into being, would be promptly utilized by bulging high school classes.

Also to be considered in this plan is possible utilization of ex-

isting parochial school facilities.

Earlier discussions called for construction of seven new classrooms at the Tawas City Elementary Unit for the new middle school. Best utilization of all existing facilities is to be considered in planning by the board of education and administration.

Superintendent Mick said he would develop enrollment projections through the year 1977, along with comparisons with past projected and actual enrollment figures, for presentation to the board of education on December 14.

Because of the time needed for construction, the middle school plan, if adopted, could not be brought to completion until the 1971-72 school year or later.

Another important matter com-

ing up for board consideration in November is establishment of a time schedule for a vote of the people on operational school millage for 1971.

The school's 4½ mills of voted operational tax is scheduled to expire with this December's tax bill. Several board of education members are of the opinion that contract negotiations should be started early with Tawas Area Education Association in order to have a fair determination as to requirements for the new operational millage levy.

Recent provisions of state law provide machinery for utilizing a local income tax to finance school operations, but board members have expressed doubt if such an income tax plan would meet approval of local voters.

School Proposal Renewed at Hale

Voters of Hale Area School District will go to the polls Wednesday, December 9, to decide on a \$1,600,000 bonding proposal to build a new junior and senior high school building. This will be the third time in two years that the proposal will go before voters and school officials have indicated that, regardless of the outcome, it probably will be the last time it will be submitted.

Last June, the proposition lost by a vote of 428 to 348. One of the most unusual aspects of that election was that a proposition asking for nine mills of operation—usually one of the toughest packages to sell voters—was approved, 425-383. The nine mills replaced three operational mills which expired.

For the past two years, officials of Hale Area School District have sought approval of a long term bonding program as a means to meet the school district's increasing growth of students on a per-

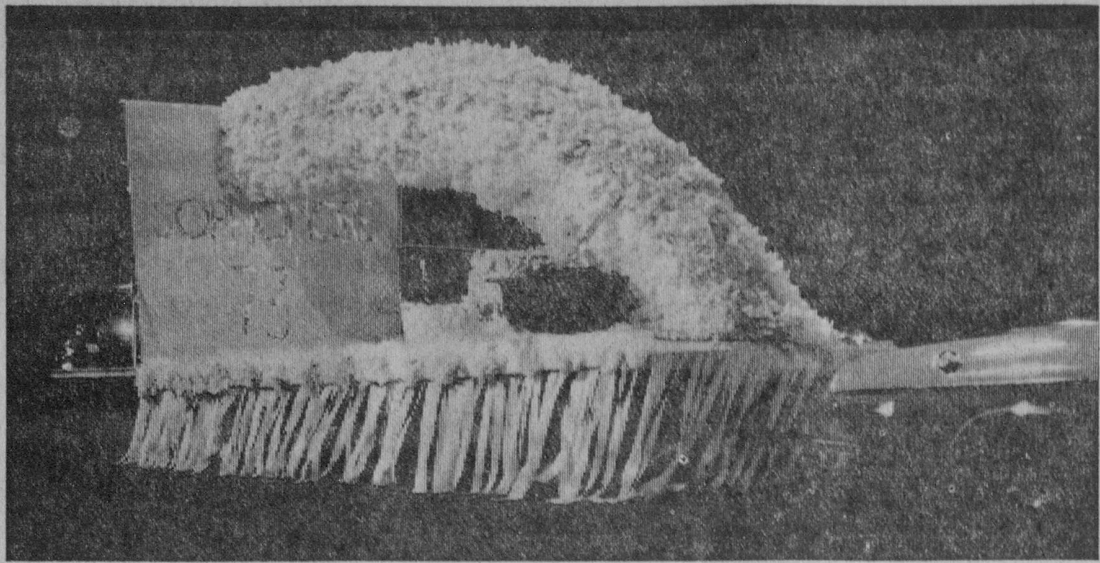

manent basis, as well as to replace part of the present frame building. As a consequence of the defeated proposal, school authorities have leased portable classrooms to meet the requirements of this expanded enrollment.

Prior to the last election, Supt. Paul Southerland commented that he thought it was a shame to spend two mills of tax money on temporary quarters when this money could be utilized to build a school and community center to serve the entire district.

One of the major factors now entering the picture in this school district is the ever-increasing cost of construction caused by the current inflation. Last year, the proposal was for 1.45 million dollars. The proposal being submitted in December is the same one submitted last June, but building dollars are shrinking steadily due to the inflationary spiral in construction costs.

Driver Education Program Supported by Michigan

Tawas Area School's summer driver education program is practically self-sustaining through receipts from the state, according to a report at Monday night's board of education meeting.

Total cost of the program last summer was \$6,299.11, according to Bill McIntosh, assistant principal. While the school will receive receipts from the state of \$27.60 per student, rather than \$30 as anticipated, the program will have a deficit of only \$51.51.

A total of 226 students participated in classroom instruction, one class in February and five classes in June. There were 223 1/2 students participating in behind-the-wheel instruction, each student having six hours of driving experience for a total of 1,341 hours.

Expenditures included salaries of \$1,200 for classroom instruction, \$4,408 for behind-the-wheel instruction, 2,093 gallons of gasoline at a cost of \$301.39, insurance of \$150, service costs of \$119.15, \$20 for signs and \$35.25 for dual controls.

Cost per student for the program was \$28.12. Twelve students who do not regularly attend Tawas Area School participated in the program. These are students whose parents have summer homes in the area.

Any person, under age 18, planning to get a license to drive must first successfully pass an approved course in driver education. The only legal driving on public streets allowed before licensing is under supervision of a qualified driver education instructor in a car having dual controls.

McIntosh said the most common reasons for student failure in the driver education program are:

1. Poor classroom work (knowledge). The Michigan driver education certificate, by law, can be issued only to pupils who satisfactorily complete the course. This means the basic minimum requirements of the classroom portion of the course must be met, as well as those in driving.
2. Poor manipulative skill. Even though skill development is one of the lesser objectives of driver education, the pupil must develop ability in handling the automobile in order to be granted a certificate. The pupil must demonstrate sufficient skill in operation of the automobile that it shall be deemed safe for him to drive on the streets with his parent in a car which has no dual controls.
3. Poor citizenship. Some of the persons in this age group, even though they know the rules and can actually maneuver a vehicle, are considered a poor risk because of their lack of proper judgment. Driving is a "grown up" privilege. It requires a "grown up" attitude toward responsibility.

In other business Monday night, it was reported that hot lunch servings to students were down this year. Percentages served daily in September as compared with September 1969 were: East Tawas, 80 percent; Tawas City, 88 percent; high school, 78 percent.

The lesser number of lunches, combined with an increase in hourly pay, has caused the labor cost to jump from 15 cents in 1969 to 21 cents per meal in 1970.

A number of reasons were given as to possible causes of the drop in servings. 1. Eight o'clock students, who leave school at 2:30 p.m., prefer to wait until they get home to eat lunch. They buy a bottle of milk and carry a sandwich. 2. Money may be tighter and children do not have as much to spend. Other considerations include the exceptionally nice weather and students do not want to take time to wait in the lunch line. Band students do not have time to get lunch. Students prefer to carry their lunches.

The board authorized installation of a dawn-to-dusk light at the East Tawas Elementary Unit at a cost of \$100.

The board of education has taken note of spectators drinking alcoholic beverages at recent football games and warns that a school policy of long standing prohibits consuming of alcoholic beverages on school property.

Explain Rules of 1970 Draft Law

The Military Selective Service Act of 1967—the draft law—places on virtually every young man an obligation to train and serve in the armed forces of the United States.

Every man is required to register with a Selective Service Local Board within five days after he becomes 18. Registration is the first step in the Selective Service process. It is the process by which the nation keeps a count of its manpower.

There is at least one local board serving every county or parish in the nation. If a man is away from home at the time he must register, he is required to report to and register at the nearest local board office. He need not return home. The address he gives as his permanent home will determine the board which will keep his records and retain jurisdiction over him even if he moves later. It is the registrars continuing duty to keep his board informed of any changes of address and of any other changes in his individual situation within 10 days after they occur.

Iso County has several registrars in the county. Postmasters John Dickey, Whittemore; Richard L. Matthews, Hale, and Howard Durant, East Tawas, serve uncompensated as registrars. Mrs. Jean Barnes, Oscoda; Mrs. June Scott, East Tawas, and Mrs. Betty L. Shedenhelm, local board secretary, also register 18-year-men and returned service men who have not been registered.

Appearing from this county for physical examinations are James Michael Draper, Terry Vaughn Kindell, Brian David Krantz, David James Koenig, Mark Charles Harris, Darrell Dean Nickell, Lawrence Allen Smyth and James Frederick Westcott.

Among those inducted and enlisted are Robert Merrill Smith, Dana Lee Drenberg, James Richard Greenlee, Douglas Gerald Webb, James Allen Castonguay, Gerald W. Shugart, Philip W. Coley, Robert P. Stutzman, Darl H. Durant, Gregg W. Horvsten, Kimberly L. Goodrow, Bernard James Nuttall, Wayne Paul Ranger and Gary Lee Blank.

Men completing their military obligation are Francis Lee Jordan, Thomas Stanley Wojciechowski, James Thomas Nelkie, Charles James Koche, Darrell W. Lomas, Brian N. Helmer, Gerald D. Lixey, Dennis A. Frank, Richard A. Westcott, Kenneth L. Tarnosky, Michael C. Bolen, Harland G. Nichols, Dennis W. Higley, Gary E. Freel, Terry A. Welch and Richard A. Lehman.

The president by executive order prohibited any new occupational or paternity deferments effective April 23, 1970. Present regulations provide for the following classifications:

Class 1-A: Available for military service.

Class 1-A-O: Conscientious objector available for noncombatant military service only.

Class 1-C: Members of the armed forces of the United States, the Environmental Science Service Administration or the Public Health Service.

Class 1-D: Member of reserve component or student taking military training.

Class 1-O: Conscientious objector available for civilian work contributing to the maintenance of the national health, safety or interest.

Class 1-S: Student deferred by statute to complete academic year.

Class 1-Y: Registrant qualified for military service only in time of war or national emergency.

Class 1-W: Conscientious objector performing civilian work.

Class 11-A: Registrant deferred because of civilian occupation prior to April 23, 1970, or non-baccalaureate student.

Class 11-C: Registrant deferred because of agricultural occupation prior to April 23, 1970.

Class 11-S: Registrant deferred as baccalaureate student.

Class 11-A: Paternity deferment before April 23, 1970, and registrant deferred by reason of extreme hardship to dependents.

Class IV-A: Registrant who has completed service; sole surviving son (surviving son of a family of which the father, or one or more sons or daughters, were killed in action or died in line of duty while serving in the armed forces or as a result of injuries received or disease incurred during such service).

Class IV-B: Officials deferred by law.

Class IV-C: Aliens.

Class IV-D: Minister of religion or divinity student.

Class IV-F: Registrant not qualified for any military service.

Class V-A: Registrant over the age of liability for military service.

Classification is a continuing process. No classification is permanent. No deferment is for a period of more than one year at a time. A large number of deferments are granted for lesser periods. Each deferment must be reopened and considered anew at the end of the period of deferment by the local board whenever new information justifies such action.

25 Enjoy Pot-Luck Supper

At the monthly meeting of Glen-Staley Post, American Legion, and Auxiliary, 25 were present to enjoy a pot-luck supper. The auxiliary will send a girl to Girl's State. Mandatory and voluntary dues were collected. A hunters' pancake supper is planned for November 14, starting at 5:00 p.m.

Edwin Sharp, Richard Dobson, Frank Wells, Grace VanHouten and Joseph Fountaine are hospitalized.

Legionnaires will soon place several markers.

New post and auxiliary members were initiated. Marie Pember will go to Otter Lake Children's Home for the November 14 birthday party. Also attending will be Maisie Bigelow and Bessie Gortner.

Mrs. James Mann and three relatives of Saginaw recently returned from spending a week in New York where they watched two shows on "Concentration," the stage play, "Dolly," and saw Andy Williams. The ladies also did some shopping.

Mr. and Mrs. Neil Bell and family spent last week-end at her father's home near Lake Ann.

Mr. and Mrs. Robert Clouss and family, Mr. and Mrs. Vance Yost and family, Mr. and Mrs. Dean McGregor and family were at the Floyd Yost home over the week-end.

Mrs. Berkeley Bernard and Mrs. Bernice Bissonnette were in Bay City Wednesday.

Iso County Agricultural Society met and made plans for its annual meeting which will be held November 9. Financial reports were given and directors will be elected.

Hale Junior Varsity football team lost to Alcona here Wednesday night under the lights. The score was 20-8. This gives the Hale JV team a record so far of three wins, two losses. They have one more game with AuGres.

Mr. and Mrs. Ray Cross of East Tawas and the Donald Goodrows attended a Farm Bureau membership meeting at Vanderbilt Monday evening.

At a meeting October 21 at the school, 49 new members enrolled in 4-H. Anyone interested in joining, may call Mrs. Sandy Surota, 728-2321.

Friends are sorry to learn that Mrs. Arlen VanHouten is a patient at Alpena Community Hospital. They wish her a speedy recovery.

Mary Lou Caverly, daughter of Mr. and Mrs. Frederick E. Caverly, is gaining nicely after her hospitalization. She is confined to her home for at least another two weeks.

It was announced at the American Legion auxiliary meeting that granddaughters are eligible to join the junior auxiliary through their grandfather's or grandmother's service.

Sympathy is extended to the James Ryland family in the loss of their husband and father, who passed away suddenly.

'Home Life' Was Theme of Club Meeting

The monthly meeting of the Twentieth Century Club was held Wednesday, October 21, at the home of Mrs. Edward Goodman. Following the business meeting conducted by the president, Mrs. Harry Rollin, the meditation was given by Miss Edna Otis.

Program theme was "Home Life," with special concern for the various age groups in family living. A panel of local clergy, the Rev. Kenneth Tousley, Tawas United Methodist Church, moderator; the Rev. Alfred W. Saulsbury, Christ Episcopal Church, and the Rev. Fr. John Rushman, St. Joseph Church, presented the contemporary concerns of parents and grandparents for youth and family life. They emphasized the positive aspects of the changing cultural patterns, while noting the problems that change always brings. The panel discussed informally the differences shown by the club members' roll call, "childhood memories," and the activities and discipline of today's children. The members of the panel agreed that the news media often show a very limited or distorted view of youth. They felt that the honesty and directness of this generation will, if carried through to adulthood, renew institutions for the future. The program ended on this high note.

A special feature of the afternoon program was a clarinet and flute duet played by Ruth and Mary Thornton, students at Tawas Area High School. They played Duo No. 4 by Quantz, a delightful piece with a flavor of Old English Recorder music.

Hostesses for the afternoon were Mrs. Kenneth Webster and Mrs. J. A. Mark.

Braves Upset Pinconning, 12-6, for Homecoming Win

It's great to be a homecoming winner and, in claiming their first homecoming game since 1966, Tawas Area Braves upset the visiting Pinconning Spartans, 12-6, in NBC action Friday night.

The Spartans, picked earlier as a possible contender to upset Oscoda Area's plans for top conference honors, came into the game with a three-win, one-loss record and tied for second place behind the Owls. Their only loss was at the hands of the conference leaders.

Tawas and Pinconning have a most unusual record in the football games between the two

schools. The Braves and Spartans have had to settle for tie games in three years since 1965, 8-8 in 1969, 13-13 in 1967 and 19-19 in 1965. The Spartans were victorious in 1968, 40-7, and won, 7-6, in 1966.

Friday night's game was reminiscent of last week's contest with Oscoda. The visitors moved out in front early in the first quarter and the Braves had to come from behind. This time, however, the Braves did not lose their momentum after taking the lead and went on to successfully battle off a determined Spartan eleven.

A mistake again led to the visitors' first touchdown. The Tawas

defense held Pinconning's running game in check after the opening kickoff and, on fourth down, the Spartans were forced to punt. The kick was a good one and Dave Moe, classy Tawas halfback, misjudged the ball and it sailed over his head. Moe touched the ball and Pinconning recovered the fumble on the Tawas 10-yard line.

This play set up the Spartans' only score, despite the fact that the Tawas defense turned in another good stand with its back to the wall. On fourth down and two yards to go, Halfback Dick Laur knifed into the end zone for a six-point, The run for a two-point

conversion attempt was stopped and Pinconning led, 6-0, with eight minutes, 27 seconds remaining in the quarter.

The Braves found themselves in the same position as in the game a week ago against Oscoda, when the Owls scored on the opening kickoff. This game proved to be no different as Tawas marched right back to a touchdown. Moe picked up good yardage in the drive, but a five-yard penalty for delaying the game appeared to have Tawas stopped in its tracks. Mike Sventko then hit Mark Schirmer with a 30-yard pass to the Pinconning two-yard line. Sventko, playing quarterback for the first time this season, then kept the ball on a sneak and scored the touchdown. The try for point after touchdown from placement was blocked and the two teams were tied at 6-6, with four minutes, 27 seconds remaining in the first quarter.

An action-packed first quarter still had two minutes, 58 seconds remaining and Pinconning marched right back into scoring country. Quarterback Johnny Lambert zeroed in on End Tom Stalker for a 38-yard pass to the Tawas eight-yard line. A five-yard penalty against the Spartans, coupled with a good defensive stand, found Tawas taking over on fourth down on the 15 when Craig Wilkins batted down a pass in the end zone.

The two teams battled at mid field most of the second quarter, but End Jerry Krevinghaus caught a pass from Lambert late in the quarter and ran the ball to the 15. Laur picked up a first down for Pinconning on the Tawas Area three and the Braves staged their best defensive battle of the night to check the Spartans as Lambert's fourth down pass was knocked down. The Braves ran out the clock with 42 seconds to go with the score still tied, 6-6.

Following homecoming festivities at the half, Tawas penetrated Pinconning territory late in the third quarter. Sventko hit Wilkins with a 30-yard pass to the Pinny 42 and the next play found Tawas on the 34 just as the quarter ended. Sventko picked up two yards on the next play, Moe was stopped at the line of scrimmage on second down and Tom Becker picked up four yards on third down. The Tawas drive was finally stopped on the Pinconning 27.

Tawas started a touchdown drive with six minutes, seven seconds remaining in the game after a Spartan punt to the 50. Schirmer picked up six yards and Sventko raked up a first down on a quarterback sneak. Becker went four yards, Moe picked up another four yards and Sventko moved the ball to within inches of a first down. On fourth down, Schirmer found some running room and got a good block as he spurred around end for a 31-yard touchdown with three minutes, four seconds to go. Chris King's attempt to run a two-point conversion was stopped and Tawas held a 12-6 lead.

There was still time left in the game for Pinconning to turn the tables on Tawas, but a good pass defense by the Braves closed the door on the Spartans at their own 40-yard line. On fourth down with a minute and 25 seconds remaining, Bill Sheldon intercepted a Lambert pass and Tawas ran out the clock in three plays.

A capacity crowd of fans was treated to beautiful weather conditions for homecoming festivities during intermission, which featured both the Tawas Area High School Marching Band and the Tawas Area Cadet Band. The sophomore class float was adjudged tops among floats entered by the four high school classes, along with entries by the Keyettes and booster club.

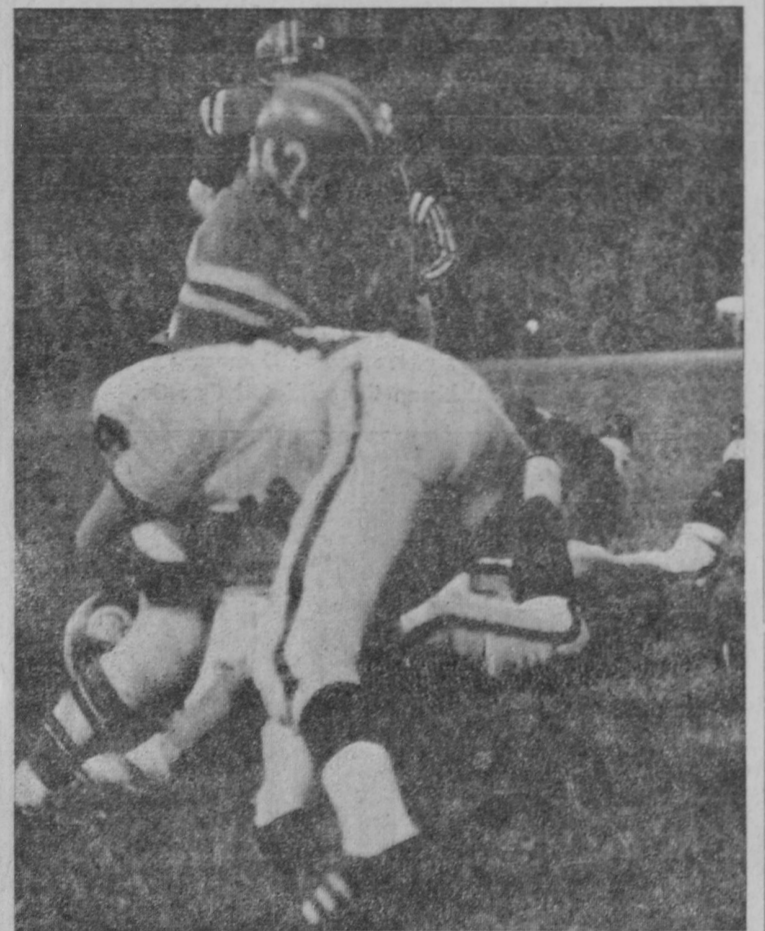

Miss Sandy Whitman was crowned queen of the homecoming by her father, John R. Whitman. Members of her court included Cindy Helmer and Sue Michaels, seniors. Other class representatives on the queen's court were Sandy Osborne and Mary Barbier, juniors; Robbie Miller and Mitzie Schaeff, sophomores; Becky Crawford and Cindy Osborne, freshmen.

The annual homecoming dance was held Saturday night at the high school auditorium.

Junior Braves Win; Freshmen Lost to Pinny

Tawas Junior Braves won over Pinconning's junior varsity, 14-0, in action Thursday night. The score was reversed for Tawas Area freshmen, who lost to Pinconning, 14-0.

Gary Scales was leading ground gainer for the Junior Braves with 169 yards in 34 carries and one touchdown. He had one 80-yard touchdown called back because of a penalty.

Steve Anschuetz scored the second Tawas touchdown on a three-yard plunge.

Outstanding play was performed by the Tawas defensive line composed of Al Kushion, center; Don Brown and Chris O'Driscoll, guards; Randy Potts and Dave Lesinski, tackles.

Paul Brinkman and John Pfeiffer turned in excellent defensive games for Tawas Area freshmen.

Hale Band Starts Uniform Fund Drive

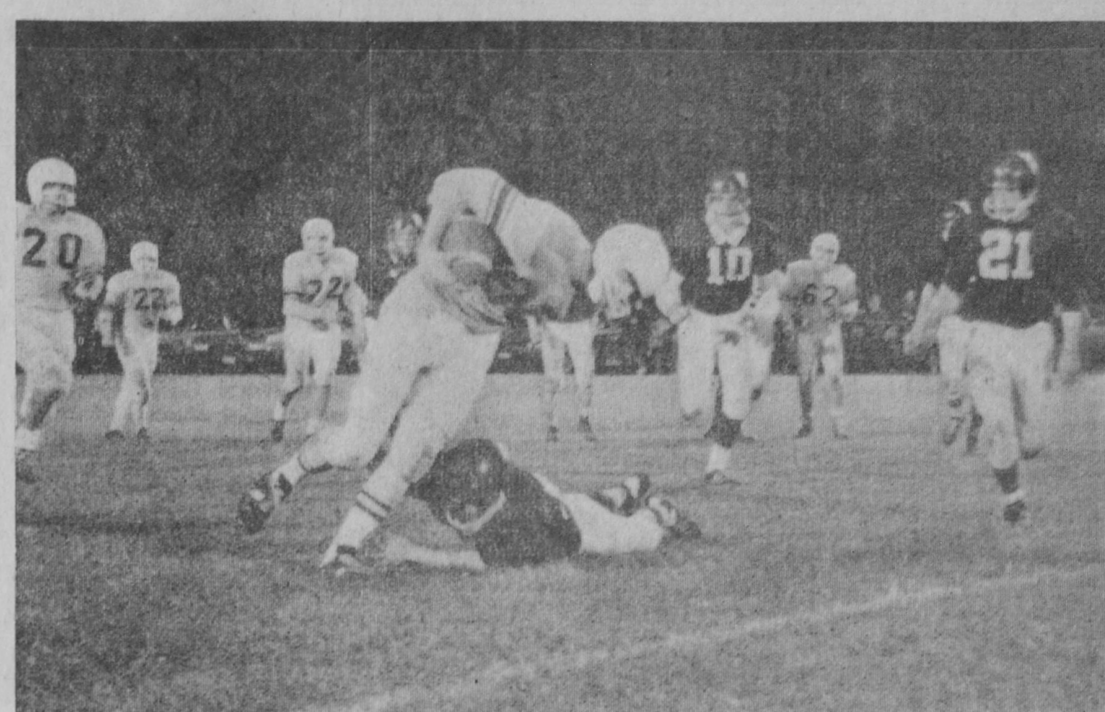

Hale Area School Band members and band boosters have begun a fund-raising campaign to purchase new band uniforms at a future date. Present uniforms were purchased used from the Oscoda Area School four years ago to help tide Hale Area over until it could raise funds enough to buy new uniforms.

Hale Band Boosters, headed by Mrs. Melba Denstedt, have been selling popcorn at home football games to start this fund-raising project.

Hale band members' first project will be to trick-or-treat on Halloween. Band members will be wearing their present uniform coats with a construction paper tag. They will also be carrying canisters with their motto for this occasion, "Help Treat Us To a Uniform." The band members will be trick or treating between the hours of 6:30 and 8:30 p. m.

"Your contributions will be greatly appreciated by the band members," states Darrell Grosz, director.

Any individuals or organizations interested in assisting or joining the Hale Band Boosters for this project should contact Mrs. Margaret Shaw, 257-3770.

Hale Eagles Fell Before Arenac Eastern Squad

Hale Area Eagles, defending champion of the North Star League, went down to defeat Friday night before undefeated Arenac Eastern, 30-8. It was the second straight loss for the Eagles.

The die was cast for the showdown battle between these two teams in what should have been the "game of the year" for Hale and Arenac Eastern fans. But, the visitors showed why they are rated sixth among class D schools in the state.

The first quarter was fairly even as both teams had trouble moving the ball until Lonnie Blanchard, senior quarterback for Eastern, found Bob Russell open down the middle and he lugged the leather all the way to the Hale six-yard line. From there, Blanchard scored the first touchdown on a quarterback sneak. Russell ran the conversion, with two minutes, 44 seconds remaining in the first quarter. Arenac held an 8-0 lead.

Hale bounced right back and, with what could have been the

turning point in the game, Quarterback Greg Weishuhn passed to Jeff Kocher, who was all alone in the end zone. The play was called back by a penalty.

In the second quarter, Junior Halfback Pat Card grabbed the spotlight as he hammered Hale's defense from all angles, finally going 20 yards on a reverse to the Hale five-yard line. Junior Fullback Tony Blanchard then knifed off tackle for Arenac's second score of the night. The try for a running conversion was stopped, but Arenac held a 14-0 margin.

A penalty again stopped a Hale drive as Weishuhn passed from the Arenac 32 to David Brumfield at the five-yard line. A clipping penalty nullified the play.

Arenac put another two points on the scoreboard as Bruce Wilson tried to run an interception out of the end zone and was tackled for a safety, making the halftime score, 16-0, in Arenac Eastern's favor.

Junior Halfback Dave Brandt

returned the second half kickoff to the Arenac 42-yard line, but the Hale drive was stopped when Arenac recovered Brumfield's fumble on the 30.

Arenac scored its third touchdown of the night as Lonnie Blanchard took his team down the field and handed off to Tony Blanchard at the four-yard line for the score. Blanchard passed to End Rod Seder for the two-point conversion.

Fumbles and penalties were the name of the game in the fourth quarter as both Arenac and Hale had trouble moving the ball. Arenac scored its final touchdown of the evening, following a pass interception. Again it was Quarterback Lonnie Blanchard passing, this time to End Dave Boyer from 30 yards out. The try for conversion was stopped.

Hale Area's only score came late in the fourth quarter as Brumfield ran 43 yards to paydirt. Bruce Wilson scored the two-point conversion on a scoot around end.

Happy Homemakers Met Thursday

Hale Happy Homemakers Extension Group met at the Long Lake Road home of Mrs. Merle Bodenborn Thursday, October 22. Mrs. Margaret Davis and Mrs. Frank Abbinate are new members.

After the business session, the afternoon activity was making tray favors for Iosco Medical Care Facility.

The next meeting will be held at the home of Mrs. Harold Heine on Loud Dam Road on December 3. There will not be a group meeting in November because of the Christmas tea Wednesday, November 4, at the East Tawas Community Building, 7:30 p. m.

Iosco Fifth - Sixth Graders Attend Conservation Tour

October 19 was a big day for Iosco County fifth and sixth graders. Iosco Soil Conservation District, in cooperation with 4-H, cosponsored a day-long conservation tour. Over 390 pupils and 12 teachers from the Hale Area School and Tawas Area Public School participated in the tour.

Young people were bused by their respective schools to Chester C. Busch's camp near the junction of M-55 and M-65. Mr. Busch is a member of the soil conservation district and was kind enough to let his 200 acres be used for the tour.

As the students arrived, they were loaded on hay wagons pulled by tractors. A tour of four stops at various places on the camp were conducted. At each stop was placed a resource person who spoke to the youngsters and then a question and answer period followed. Resource people on hand at the various stops were Myron Smith, district ranger, United States Forest Service, who spoke on the forest as a living community; Tom Havard, habitat biologist, Department of Natural Resources, discussed game feeding and food plots; Charles Lightfoot,

soil conservationist, soil conservationist, talked about wildlife ponds and fish; Harry Krueger, chairman of the soil conservation district, explained to the youngsters the work of the soil conservation district; Mrs. Judith Place, extension 4-H youth agent, explained and discussed with the school children the contest that will follow for all of the children who wish to participate in the project under the direction of individual teachers.

With the information gained from the tour, it is hoped that the children will be more motivated to go back to their classrooms and find out more about conservation and then enter the contest that will follow.

Each student who participated in the tour is eligible for the contest, provided he joins the 4-H program.

The contest provides for four

areas in which contestants may compete. They may enter an essay, a box display, a scrapbook or a speech. Each school will pick its own school winners. These winning projects are then sent to the 4-H or soil conservation district office where a screening committee of specialists will select the Iosco County winners. These winners will be awarded appropriate prizes at the annual soil conservation district meeting next April.

All 4-H entries may exhibit at the annual 4-H achievement day in April and also in the Iosco County Fair where each entry will receive a ribbon and premium according to the quality of workmanship.

Conservation education is on the move in Iosco County. The soil conservation district and 4-H are doing their best to see that youngsters are well informed in this very important area.

Kids to 'Trick or Treat' for UNICEF

"Trick or Treat" is a Halloween tradition almost as old as this nation, but in recent years Halloween has taken on a new meaning in the Tawas, as well as in more than 13,000 other communities. Since 1950, when one small group of Pennsylvania youngsters collected \$17 and turned it over to the United Nations Children's Fund, "Trick or Treat for UNICEF" has grown to tremendous proportions. Last fall, 3 1/2 million children raised 3 1/2 million dollars in nickels, dimes and quarters for UNICEF.

In the Tawas, UNICEF trick or treaters will be out on Friday evening, October 30, under sponsorship of the Tawas United Methodist Church Women's Societies. Dressed in a variety of costumes, these ambassadors of international good will are planning to visit local homes in small, supervised groups.

The UNICEF trick or treaters will be identified by their official collection box, a small orange and black carton with the UNICEF symbol of the mother and child. Only those carrying this particular carton are authorized to collect for UNICEF.

All children of the community are welcome to participate in the program this year, with approval of their parents.

The UNICEF trick or treat cartons will be distributed, with instructions, at 6:30 p. m. on October 30 at the East Tawas church building. After the collection, a

Halloween party will be held at that church hall. Should the trick or treaters not call, one may send his UNICEF Halloween contribution directly to Tawas United Methodist Church, Box 666, East Tawas.

Halloween has been officially designated National UNICEF Day by presidential proclamation. Money the youngsters collect will be used by UNICEF to assist programs for the world's needy children in over 100 developing countries.

Help received through UNICEF may mean the difference between a hopeless future and a chance to live and grow to be a useful citizen.

Recipe for Great Meals. (Take one Gas range.)

Take one Gas range. Add love. And you've got what it takes to make kitchen magic three times a day.

But you've got to start with Gas. Because a Gas range gives you everything you can get in an electric range. Plus a lot of things you can't get in an electric range.

Things like: 1. Smokeless broiling. 2. Speed. Gas has instant-on, instant-off. 3. Complete heat control. At all times.

4. The professional touch. Nine out of ten chefs cook with Gas. 5. Low-cost oven cleaning. Gas does the whole job automatically. 6. Total economy. Gas costs one-fourth as much to operate as electric.

Did you ever run across a simpler recipe—or one that had more things going for it? See the new Gas ranges at dealer or Gas Company showrooms.

Squash, the vegetable with a heart of gold

Winter squash are vegetables with hearts of gold. Their outer shells range in color from yellow

to orange, light to dark green, even to a shade seen in some Hubbards that is best described as pale blue—but they are all pure gold on the inside.

"Country Cousin" to the squash family is the pumpkin. The two vegetables can be used interchangeably and frequently canned

pumpkin is a blend of pumpkin and squash.

Squash and pumpkin are good to eat and good for you. One-half cup provides enough vitamin A to meet daily needs, and throws in a bonus of other vitamins and minerals.

Winter squash will keep up to six months in a cool dry place. For this reason, they have become known as "hardware" vegetables and are often treated with less than tender-loving care. However, squash can develop decay at the site of bruises or breaks in the skin so gentle handling is advised. Pumpkins have a shorter storage life than squash and for them, too, a dry and cool location is best.

Most perishable of all the yellow, vitamin A rich vegetables are the sweet potatoes. Like the squash and pumpkin, they can appear in family meals in a wide variety of ways—as a plain or fancy vegetable in breads and muffins or traditional pies and other desserts. Because all these vegetables supply so much food value for the cost involved, it is worth a little work and an occasional disguise to encourage the family to eat and enjoy them.

Pumpkin pie season is here and this crunchy pecan crust makes a special pumpkin pie.

CRUNCHY PECAN CRUST

1½ cups sifted flour
1/8 teaspoon salt
1 tablespoon sugar
2 tablespoons water
1/3 cup shortening
1/4 cup finely chopped pecans (omit use blender)

Combine flour, salt and sugar in bowl. Cut in shortening until mixture resembles small peas. Stir in pecans. Add water, mixing with a fork until pastry holds together. Roll and fit into nine-inch pie pan. Fill with your favorite pumpkin pie recipe and bake as usual. Garnish with whipped cream and pecan halves.

Look, Lift When Picking Pumpkin

Choosing a pumpkin for carving is a matter of looking and lifting. Would-be jack-o-lanterns should be rounded in shape, ribbed flattened at the ends, rich orange in color and heavy for their size.

They should also be free of blemishes and have a hard rind. Bruised or otherwise injured pumpkins should be examined for evidence of decay. Decay may appear as a watery or water soaked area, sometimes covered with moldlike growth.

Pumpkins should be stored at about 55 degrees Fahrenheit. Depending on the quality, they will usually keep two to six months at this temperature.

Once the pumpkin has been carved, you can extend its life and delay mold growth by spraying the inside with clear plastic.

Any Action on Farm Bill

Congress threw another roadblock at farm programs by adjourning Wednesday evening without taking action on house-approved farm bill, according to Grant Bessey, chairman of the Iosco County ASC Committee.

Steps were taken by the senate to delay any action on the farm bill until after November elections. Mr. Bessey said this left Michigan wheat farmers without any program. The wheat referendum, scheduled for November 15, is postponed until 30 days after adjournment of congress, which usually is December 20.

Chairman Bessey said this inaction leaves Michigan farmers with no programs until after election. This delay of the farm bill will cause undue hardships to farmers as they are already attempting to formulate seed orders for light resistant corn varieties and to formulate lease agreements for 1971. He said absence of a program makes farm planning virtually impossible at this time.

WWI Veterans to Meet Oct. 29

A pot-luck supper will precede the Thursday, October 29, meeting of Andrew P. Klinger Barracks No. 2944, Veterans of World War I, and Auxiliary. The event will be held at the Tawas Township Hall. All area World War I veterans are invited to attend.

Iosco Delegates Attend Confab

Republican Women's Federation of Michigan held its annual meeting at the Jack Tarr Hotel, Lansing, on October 13-14. Delegates to the meeting from the Iosco County Republican Women's Club were Mrs. Charles Killingbeck, Mrs. Delos Collier, Mrs. Charles Rosenberg, Mrs. Howard Burdett and Mrs. Randall Crabb. At the meeting, Iosco County Republican Women's Club received an award for the second largest membership gain in the state this year. Delegates also attended a tea and tour of the governor's residence in Lansing, given by Mrs. William Milliken.

Friday, October 30, 5:00 to 6:30 p. m., Iosco Republicans will hold a reception for Mrs. Milliken at the County Republican Headquarters, Osceola. Everyone is invited to attend and refreshments will be served.

GOVERNOR MILLIKEN is shown signing the proclamation proclaiming October 18 to 24 as National Forest Products Week in Michigan. Looking on are, standing left to right, Casey E. Westell, Jr., general woodlands manager, Packaging Corporation of America, representing the forest industries of Michigan; John Von Bargen, forest supervisor, Huron-Manistee National Forest, representing the United States Forest Service, and Ted E. Daw, chief, Division of Forestry, Michigan Department of Natural Resources representing the state forest lands.

Clinics Slated Each Month

The District Health Department No. 2 will hold clinics the second Tuesday of each month at the Iosco County Building.

New hours are 10:30 a. m. to 12 o'clock noon, 1:30 to 4:30 p. m.

AAA Safety Tips

LEAVE YOUR CAR BY CURB SIDE DOOR

Why "step out" into danger? Don't take a chance on drivers being prepared for you; step on to the curb, not into traffic. This prize winning poster in the AAA School Traffic Safety Poster Contest was drawn by Thomas Smith of John A. Rowland High School, Diamond Bar, California.

We at the **PEOPLES STATE BANK** would like to say ---

Thank you

We do want to thank all you wonderful people for the many kind words you had for our recent remodeling program. So many of you came to our Open House that we were unable to thank each and everyone of you personally. We, here at Peoples State Bank, thoroughly enjoyed the evenings and we trust you did, too.

Remember, our facilities are for you to enjoy and they have been remodeled to make banking at Peoples State Bank the most pleasant of experiences.

If other commitments made it impossible for you to drop by the other evening for our Open House, stop in anytime. We are always pleased to show you around, after all, Peoples State Bank is YOUR bank.
