CAMPERS AND CARS jammed both sides of M-55 leading to the Tawas River bridge Saturday as fishermen were bent on catching coho. A serious traffic problem was caused by cars stopping on the bridge, causing Tawas City Police Chief George Westcott to

comment Monday night that assistance was needed to enforce laws. There were so many trespassing complaints that police were nearly powerless to act.—Tawas Herald Photo.

Riverfront Property Owners Overrun by Fishermen

Trespassing Draws Many Complaints

Trespassing by coho fishermen on private property along the Tawas River has placed the Tawas City Council squarely in the middle of a controversy which it has tried to avoid during the past two years.

Property owners in the vicinity of the M-55 bridge Monday night pleaded for relief from what was termed an invasion of their river frontage by a horde of out-of-town fishermen. It was said that about 80 percent of the visitors had no regard at all for rights of the property owner.

On the other hand, a survey conducted Monday by Major John St. James indicated that businessmen of the area were most happy with the additional trade brought to the Tawas during the off season.

Owners of Tawas River Trailer Park told councilmen that the coho run had created chaos along the river. Much of the park's river frontage had been stomped down

by fishermen, banks are crumbling into the water and the place has been littered with beer bottles, food wrappers, uneaten food, unwanted (now smelling) coho and fish viscera.

The trailer park owners said they have had little sleep since the coho began to run a week ago Wednesday. Fishermen disregarded or removed no trespassing signs and noise of fishermen prevented park patrons from sleeping at night. Mrs. Helen Beckett Majewski, trailer park owner, said she had spent 17 years in improving the property and three feet of land along the river bank was now gone. She asked who was going to pay the damages when the river floods next spring.

Because of the large number of fishermen congregated at the bridge, local authorities had trouble enforcing trespassing complaints by property owners. Only two persons were arrested, although a number of others were

threatened with arrest.

Police Chief George Westcott told the council that he had to spend most of his time keeping the bridge clear of cars in order to insure a flow of traffic along M-55. He pointed out that manpower was not available to cope with a crowd of this size.

Albert Foco, who owns 700 feet along the east bank of the river, told councilmen that what the fishermen do not want, they throw into the river. "I don't know what it will be like if this continues," said Foco. He said he had checked his property Saturday and found many dead fish, along with fish innards. Foco talked to a number of fishermen on his property and

they removed some of the fish innards from the river bank.

The trailer park owners attempted to string a cable across the mouth of a man-made channel on their property entering the river to prevent access of fishermen, but were stopped by the department of natural resources. Since then, they have received permission to install the cable.

Property owners present asked the council to demand installation of a weir in the river to stop fish from going upstream and to close the river to fishing.

After considerable study and talks with the conservation department during the past two years,

the council and DNR officials reached the conclusion two years ago that the fishery should be located in Tawas Bay, that excess coho could be removed by a weir and that the river be closed to fishing.

A temporary weir was utilized last year and, despite a mixup in designation by the DNR which allowed fishing above the weir, very few trespassing complaints were received last year. Most of the fishermen were orderly and cooperative.

Early this spring, however, representatives of the DNR told councilmen that the state legislature frowned on costly weirs and that if the city held the state to its com-

mitment to install a weir in the river, there would be no future planting of coho in this stream.

Representatives of the DNR also stated they had received petitions signed by 1,200 persons urging the river to be left open to fishing. No letters of protest from property owners were received by the department.

Except for street rights-of-way at bridges crossing the river, there is no public property along the entire length of the river. Another problem has been the "legalizing" of snagging of coho, which it was said encourages lawlessness on the part of fishermen.

"We asked for a weir and the river to be closed for fishing, but the council found itself with its back to the wall when the DNR threatened to stop all planting of coho in the river. We would have had a hundred businessmen down our throats if the planting was discontinued," said Alderman Howard Hatton. "About the only good thing about it is that the fishermen are removing the coho from the river," said the Third Ward Alderman. He was referring to the fact that a large number of dead coho were found in the river and along the banks of Cold Creek earlier this spring, the remains of last fall's run.

At last Thursday's meeting of the Tawas City Businessmen's Association, a discussion was held on the value of coho fishing to the Tawas. It was recently reported that the DNR was considering discontinuance of coho planting in the Tawas River. On their own, members are to investigate and to weigh advantages and disadvantages of coho to the community in order that the association may make a recommendation to the city council.

The council has scheduled a meeting to discuss the situation with representatives of the DNR. In the meantime, the city is to send its crew along the river to pick up dead coho, fish innards and mounds of trash left by the visiting fishermen.

The run is expected to last for another three weeks although crowds of fishermen should begin to thin out as the weather turns colder.

CAMPAIGN MATERIALS for the 1970 Tawas-Whittemore-Hale Area Community Chest drive were distributed Monday morning at a kickoff breakfast held at the Dutch Kitchen, Tawas City. Shown seated in the photo from left are Joseph Bouchard, representing the union local at National Gypsum Company; John Skrocki, community chest committee member; Albert Duquette, representing the union local at Consumers Power Company. Standing from left are Ernest W. Jordan, co-chairman; Mrs. Charles Rosenberg, secretary; Arden Charters, co-chairman.—Tawas Herald Photo.

Wage Schedule Adopted by City

A new wage schedule for salaried and hourly employees of the City of East Tawas was adopted Monday night by the city council. The total wage package will mean an estimated \$6,000 increase in the city's annual budget.

Salary of the city clerk was increased to \$1,800 annually, an increase of \$300. Salary of the city treasurer was established at \$360 per year, plus three percent for collecting the city tax and one percent of the county tax, an increase of \$60. These two salaries are to be effective after the spring election.

Effective October 1 were the following wages:

City assessor, \$1,200 per year, an increase of \$600; librarian, \$235 per month, an annual increase of \$180; office cashier, \$360 per month, annual increase of \$150; part time office clerk, \$1.70 per hour, an increase of 10 cents per hour.

Chief operator of the water plant, \$640 per month, an increase of \$30 per month; assistant water plant operator, \$2.95 per hour, an increase of 20 cents; part time water plant operator, \$2.80 per hour, an hourly increase of 20 cents; waste treatment plant operator, \$560 per month, a monthly increase of \$35; superintendent of public works, \$740 per month, a monthly increase of \$50.

Foreman, \$565 per month, an increase of \$35 per month; heavy equipment operator, \$3 per hour, an increase of 25 cents per hour; truck driver, \$2.90 per hour, an increase of 20 cents; laborer, \$2.60 per hour, an increase of 20 cents; part time cemetery sexton, \$2.30 per hour, an increase of 20 cents.

Chief of police, \$680 per month, an increase of \$47.30 per month; patrolman, \$500 per month, no change; part time patrolman, \$2.75 per hour, an increase of 30 cents; part time janitor, \$2.40 per hour, an increase of 10 cents; water meter reader, \$1.75 per hour, an increase of five cents; election board members, \$1.75 per hour, an increase of 25 cents.

Hourly rated personnel are to be paid for six holidays per year, including Memorial Day, Fourth of July, Labor Day, Thanksgiving Day, Christmas Day and New Year's Day, provided the holiday falls on a normal Monday through Friday work week. If a holiday is worked, it is to be considered as overtime, but is not to be considered as an extra day worked in that work week.

The city is to pay the full individual rate of the group hospitalization plan.

In other business, the council denied a building application from American Homes, Incorporated, for a lodge and 30 duplex units proposed for elderly housing on Wadsworth Street.

It was reported that the zoning board of appeals had approved a building application of Sail-Fish Marine for construction of a building. The application had been denied previously by the council due to nonconformance with the zoning ordinance which requires a specified amount of parking for any new commercial building.

John Elliott of the East Tawas Business Association's Action Committee reported that the state conservation commission is being invited to hold its conference at East Tawas in February.

City Sympathizes, but Fence Must Go

Tawas City Council Monday night directed that a fence being constructed by a property owner on city street right-of-way at the First Street bridge be removed.

Tentative approval had been given last week by Mayor John St. James and Mayor Pro Tem Howard Hatton to Russell Carney to construct a fence on city property to prevent trespassing. The two officials had stipulated that Carney's attorney prepare legal work to protect the city's interest in the property.

Work was stopped, however, when Jack Lardie, Second Ward alderman, noted construction of the fence, Lardie said Monday night that he was concerned about the city's liability should a car hit the fence. He also believed that public access to the river should not be closed.

Martin Wellna, First Ward alderman, said he was of the opinion that a private property owner could not claim city property and that the fence should be removed. He also believed that action of the two city officials, without permission by the council, was improper.

Both the mayor and mayor pro tem said they had had second thoughts about the fence and believed they had acted in haste. Hatton said that erection of a fence would establish an unwanted precedent and that the public should not be prevented from using public property. He said it was

the city's responsibility to enforce laws prohibiting trespassing on private property.

Carney told the council that he was not interested in claiming public property, but only wished to protect his property along the river from a horde of fishermen. He said that his property was littered with fish viscera and trash left by coho fishermen.

All members of the council sympathized with the property owner, but ordered that the fence, which blocked off about 15 feet of public property, would have to be removed. They said the fence should be erected on the property line.

Proceeds from operation of the city boat launching ramp on Ninth Avenue and proceeds from the concession at the park are to go to the new fund.

Mayor John St. James reported that work was about completed on

Special Park Board Fund Established to Aid Financing of Tawas City Park

A special park board fund to receive money for improvements to the city park was established Monday night by the Tawas City Council.

This is part of a three to five-year program being developed by the park board. It is hoped that the city may qualify for about \$35,000 in state funds to aid in the improvements.

Included would be grading, landscaping, completion of hard surfacing on the parking lot and children's playground facilities.

In addition, Mayor St. James reported that he was investigating the possibility of securing used steel to complete the job of shoring on the city park dock. Approximate cost of the steel would be \$18,000.

St. James said that it might be possible to secure the steel and have the dock completed by next spring.

According to a report from Reginald Bublitz, superintendent of public works, fees from the boat launching ramp have amounted to \$764 over the past three weekends. Total fees for the week-end of September 25-27 was \$394, although launchings were cut in half last week-end with rough weather and the fact that the coho were now in the river.

TODAY'S Meditation
 From The World's Most Widely Used Devotional Guide

The Upper Room

Read Revelation 2:8-11
 "Be faithful unto death, and I will give you the crown of life." (Revelation 2:10, RSV)

Some years ago, the writer of a newspaper column paid splendid tribute to a well-loved friend who had just died:

"He was walking straight at sunrise; he was walking straight when the sun went down."

Living under very difficult circumstances, the Apostle Paul said that he had been true to his commitment to Christ right down to the end. As we read the record of his life, we are sure that he was "walking straight when the sun went down."

This is the basic assignment we all have on our hands. Young and old alike are involved in this high task. The things which may tempt a youth to swerve from the way Christ requires are quite different from those faced by an elderly person.

Every Christian, whatever his age, must walk through the years armed with the wisdom, the purity of heart and the courage which close association with Christ brings.

Zion Ladies Aid Met October 1

A harvest motif was used by Mrs. Darrell Upson and Mrs. Robert Short, hostesses, for the Thursday, October 1, meeting of the Zion Lutheran Church Ladies Aid Society.

The Rev. Robert Beyer presented the evening's program, "God's Called Priests," as written in I Peter.

It was announced that the clothing drive for world relief would end on December 7.

Heading the nominating committee for new officers are Mrs. Joseph Fox, Mrs. Robert Aida and Mrs. Edgar Schlicker.

A missionary festival pot-luck dinner will be held on Sunday, October 25, with Trinity Lutheran Church of Oscoda as guests.

On Tuesday, October 6, the women met at the Leonard Hensley home to work on bazaar items.

PRAYER

Eternal Father, enable us to open our hearts fully to the strength and wisdom available to us in Christ, Thy Son. Strengthen our resolution to walk in Thy way through all hours of this day. Amen.

THOUGHT FOR THE DAY

Lighted Stop Signs Approved for M-55

Lighted stop signs will be suspended over M-55 at the intersections of M-33, five miles east of West Branch in Ogemaw County, and at M-65, about 16 miles farther east in Iosco County, the Department of State Highways announced Monday.

In addition, flashing beacons will be added to roadside "STOP" and "STOP AHEAD" signs on M-55 at the two intersections. The lighted signs and flashing beacons will emphasize the urgency for a safety stop at these rural intersections. Both intersections have been the scene of many fatal accidents, the most recent being a two-car crash September 12 at M-55-M-65 which claimed the lives of four persons.

Cost of the lighting at both intersections will be paid by the highway department.

By way of comparison, it is interesting to note that 10 years ago, these two statistics were 650 million dollars and 43.5 million dollars.

Hunters don't mean to start forest fires. But they do. It's usually when someone spots a buck and everyone grabs his gun. And everyone forgets the campfire. Which is pretty dumb. Leaving a fire to smolder alone is just inviting an inferno. Man, douse it first. Only you can prevent forest fires.

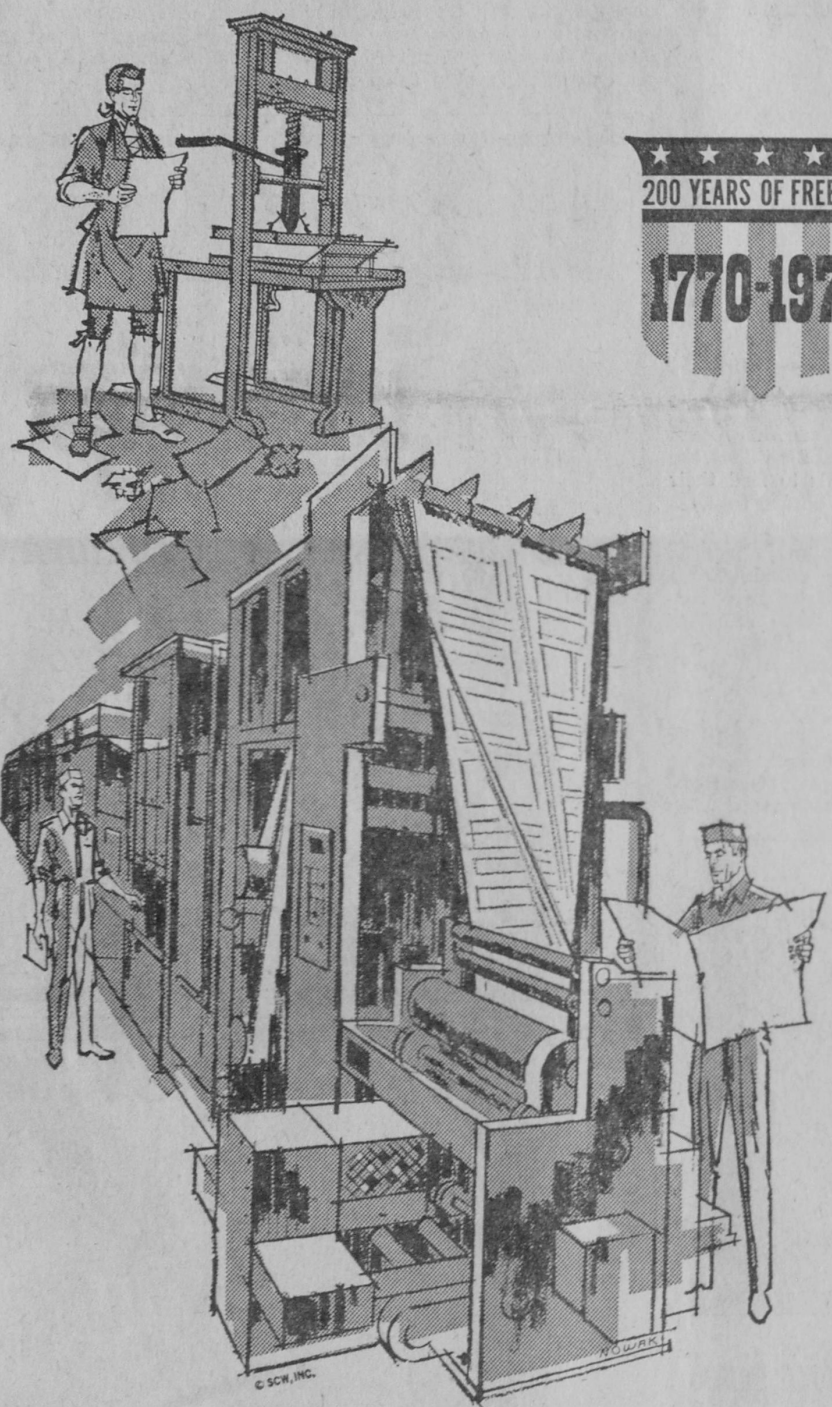

Tourist Business Big in Michigan

The Michigan Tourist Council reports that vacation spending in Michigan topped \$1,300,000,000 in 1969. That is a lot of sun tan oil, picture postcards, meals and lodgings. What is more, upwards of \$95,000,000 of it will enhance the public treasury in the form of tax dollars this year.

By way of comparison, it is interesting to note that 10 years ago, these two statistics were 650 million dollars and 43.5 million dollars.

Engaged

A spring wedding is being planned by Michele Rose Ronchetto, whose betrothal to Robert John Graves is announced by her parents, Mr. and Mrs. Michael Ronchetto of Hale. The bridegroom-elect is the son of Mr. and Mrs. Russel Graves of Hale.

Miss Ronchetto is a 1970 graduate of Hale Area High School.

Engaged

Mr. and Mrs. Edward Graham of Whittemore announce the engagement of their daughter, Donna, to Ronald L. Armstead, son of Mr. and Mrs. Donald Armstead, also of Whittemore.

The bride-elect attended Central Michigan University and is presently enrolled in Delta College's radiology technology curriculum.

Wedding plans are indefinite.

Iosco Cancer Unit Held Meeting

The annual meeting of the Iosco County Unit of the American Cancer Society was held at the Colonial Inn, Hale, on Thursday, October 1. Following refreshments, Mrs. William Lyon, chairman of volunteer activities, presided at the business meeting.

Bud Fisher, unit crusade chairman, reported a total of \$3,288.92 received in the 1970 crusade. Of this, \$697.40 was received from the Federal Health Services and \$178.50 from memorials. Mrs. Lloyd Cooper, memorial chairman, read the names of those for whom memorials were given.

Marshall Taylor, field representative, congratulated the workers on their efforts in the crusade. He urged all to attend the convention for workers in Lansing, October 14-15 at the Jack Tarr Hotel.

The crusade chairman showed the film, "Journey Into Darkness," which portrayed the influence of "quacks."

The following officers were elected for the coming year: Mrs. Lyon, chairman of volunteer activities; Dr. Leslie Lambert, medical chairman; Mrs. J. N. Sloan, secretary-treasurer; Mr. Fisher, education and crusade chairman; Mrs. Herbert Hertzler, service chairman; Mrs. Kenneth Bronson, service chairman for Whittemore; Mrs. Doris Thayer, service chairman for Hale; Mrs. Cooper, memorial chairman; Mrs. Harold Peterson, loan closet chairman; Mrs. Everett Wolfen, publicity chairman; Mrs. Fred Rhode, nurses' scholarships, and Mrs. Frank Byrd, awards chairman.

Boy Scout Camporee Sept. 25-27

Over 150 boys and leaders attended the boy scout fall camporee held September 25, 26 and 27 at Dobson Ranch, four miles west of West Branch. Theme for the camporee, which was headed by James Mark of Tawas City, was "Lost."

Sixteen patrols of scouts participated in an adventure trail of six events based on skills needed if a person was lost in the woods. Among the skills tested were use of a compass, fire by flint and steel, estimating heights and distances, use of rope and knots, lashing and signaling. Each project was designed so that the boys used the skills to find their way along the adventure trail.

Adventure trail prizes were awarded to the following patrols: First prize, Eagle Patrol, Troop 74, Tawas City; second prize, Battlesnake Patrol, Troop 71, West Branch; third prize, Senior Patrol, Troop 201, Wurtsmith; fourth prize, Eagle Patrol, Troop 111, East Tawas.

Campsites were inspected by Keith Dobson of Oscoda. Among items inspected were cleanliness, safety and improvements. Top

Judge Piggins to be Honored at Open House

The Iosco County Republicans will hold an open house for Judge Edward S. Piggins, who is campaigning for the Michigan Supreme Court. It will be held at the Iosco County Building Thursday, October 15, 4:00 to 5:00 p. m.

Swifter justice in Michigan and a tougher supreme court to administer it will be the key note in the campaign of Wayne County Circuit Judge Piggins. He has also made several proposals for improvement in the state's judicial system.

It is hoped that many interested voters will be on hand to welcome Judge Piggins to Iosco County on October 15.

Sell those unwanted items quickly with a low cost classified in The Tawas Herald.

Protestant services were conducted at the camporee by the Rev. James VanNoord of the Edwards Community Church. Catholic scouts attended Mass at St. Joseph's in West Branch. The Paul Bunyan Council, Boy Scouts of America, is an active member of the Wurtsmith-Oscoda AuSable Community Chest and the Tawas-Whittemore-Hale Community Chest.

IN MEMORIAM

In loving memory of Leo L. Gruber, who left us one year ago, October 8, to be with our heavenly Father. Our hearts are lonely and you are in our every prayer. Someday we will walk together hand in hand.

Sadly missed by your wife, daughter, son and grandchildren. 40-1p

Dear Heavenly Father, we pray for our dearly beloved brother, father and grandfather, Leo L. Gruber, who left us one year ago, October 8th. His son, daughter, four sisters, brother and six grandchildren miss him more each day. Watch over and guide him through the path of righteousness until we meet on the golden path some day. Amen. 40-1p

In loving memory of our dear husband and father, Charles F. Brown, who passed away 10 years ago.

More and more each day we miss him.

Friends may think the wound is healed;

But they little know the sorrow That lies within our hearts concealed.

OFFICIAL NOTICE OF SALE \$21,000.00

TAWAS AREA SCHOOLS

IOSCO AND ARENAC COUNTIES, MICHIGAN

ATHLETIC FIELD BONDS

Sealed bids for the purchase of general obligation bonds to be issued by Tawas Area Schools, Iosco and Arenac Counties, Michigan, of the par value of Twenty-One Thousand Dollars (\$21,000), will be received by the undersigned at the Administration Building, 325 Newman Street, East Tawas, Michigan, in said School District, until 8:00 o'clock p. m., Eastern Standard Time, on the 19th day of October, 1970, at which time and place said bids will be publicly opened and read.

Said bonds will be dated September 1, 1970, will be coupon bonds in the denomination of One Thousand Dollars (\$1,000) each, will be numbered consecutively in direct order of maturity from one (1) to twenty-one (21), both inclusive, will bear interest from their date at a rate or rates not exceeding eight per cent (8%) per annum, expressed in multiples of 1/8 or 1/20 of 1%, or any combination thereof, the difference between the highest and lowest rates bid shall not exceed 2%.

Said interest will be payable on the first day of May 1, 1971, and semi-annually thereafter on the first day of November and May in each year. The interest rate on any one bond shall be at one rate only and represented by one interest coupon for each coupon period, and all bonds maturing in the same year must carry the same interest rate. Accrued interest to date of delivery of such bonds shall be paid by the purchaser at time of delivery.

Said bonds will mature serially as follows:

\$1,000 on May 1 of the year 1971
\$2,000 on May 1 of the year 1972
\$2,000 on May 1 of the year 1973
\$3,000 on May 1 of the year 1974
\$3,000 on May 1 of the year 1975
\$3,000 on May 1 of the year 1976
\$3,000 on May 1 of the year 1977
\$4,000 on May 1 of the year 1978

Both principal and interest will be payable at a bank or trust company to be designated by the original purchaser of the bonds, which paying agent qualifies as such under the Statutes of the State of Michigan or of the Federal Government, subject to the approval of the School District.

Bonds of this issue maturing in the year 1971 to 1975, inclusive, are not subject to prior redemption.

The right is reserved of redeeming bonds maturing in the years 1976 to 1978, inclusive, at the option of the district, in inverse nu-

merical order, on any interest payment date on or after May 1, 1975, at par and accrued interest to the date fixed for redemption, plus a premium as follows:

1% on each bond called for redemption prior to May 1, 1977.

No premium on bonds called for redemption on or after May 1, 1977.

Notice of redemption shall be given to the holders of bonds to be redeemed by publication of such notice not less than thirty (30) days prior to the date fixed for redemption, at least once in a newspaper or publication circulated in the State of Michigan which carries, as part of its regular service, notices of sale of municipal bonds.

No further interest payable on bonds called for redemption shall accrue after the date fixed for redemption, whether presented for redemption or not, provided the School District has money available for such redemption with the paying agent.

The bonds are to be issued for the purpose of paying part of the cost of constructing a track; and developing and improving the athletic field.

For the purpose of awarding the bonds the interest cost of each bid will be computed by determining, at the rate or rates specified therein, the total dollar value of all interest on the bonds from November 1, 1970 to their maturity and deducting therefrom any premium. The bonds will be awarded to the bidder whose bid on the above computation produces the lowest interest cost to the School District. Each bidder shall state in his bid the interest cost to the School District, computed in the manner above specified. No proposal for the purchase of less than all the bonds or at a price less than 100% of their par value will be considered.

The bonds are to be issued pursuant to the provisions of Act 269, Public Acts of Michigan, 1955, as amended, and Act 202 of the Public Acts of Michigan, 1943, as amended, and the School District is authorized and required by law to levy upon all taxable property therein such ad valorem taxes as may be necessary to pay these bonds and the interest thereon, without limitation as to rate or amount.

A certified or cashier's check in an amount of \$420.00, drawn upon an incorporated bank or trust company and payable to the order of the Treasurer of the School District, must accompany each bid as a guarantee of good faith on the part of the bidder, to be forfeited as liquidated damages if such bid be accepted and the bidder fails to take up and pay for the bonds. No interest shall be allowed on the good faith checks and checks of unsuccessful bidders will be promptly returned to each bidder's representative or by registered mail. Payment for said bonds shall be made in Federal Reserve Funds.

Bids shall be conditioned upon the unqualified opinion of Miller, Canfield, Paddock and Stone, Attorneys, 2500 Detroit Bank and Trust Building, Detroit, Michigan, which opinion will be furnished, without expense to the purchaser of the bonds, prior to the delivery thereof, approving the legality of the bonds. The School District shall furnish bonds ready for execution at its expense. Bonds will be delivered without expense to the purchaser at a place to be designated by the purchaser. Said bonds will be delivered within forty-five days from the date of sale and if said bonds are not delivered by twelve o'clock, noon, Eastern Standard Time, on the forty-fifth day from the date of sale, the successful bidder may withdraw his proposal by serving notice of cancellation in writing on the undersigned in which event the good faith check shall be promptly returned.

In the event that prior to delivery of the bonds the interest received by private holders from bonds of the same type and character shall be taxable by the terms of any Federal income tax law, ruling, regulation or court decision, the successful bidder may, at his election, be relieved of his obligations under the contract to purchase the bonds, and, in such case, the deposit accompanying his bid will be returned.

The right is reserved to reject any and all bids.

Envelopes containing the bids should be plainly marked "Proposals for Bonds."

Funeral Oct. 8 for Mrs. N. J. Crocker

Funeral services for Mrs. N. J. Crocker of East Tawas, who died Monday, October 5, at Mercy Hospital, Bay City, are to be held Thursday, October 8, at Christ Episcopal Church, with the Rev. Alfred W. Saulsbury officiating. Burial will be in Greenwood Cemetery, East Tawas.

The former Hila Buell of Gaylord was married to the late Mr. Crocker on November 15, 1904. Mr. Crocker passed away December 23, 1967.

The Crockers were engaged in the real estate business for 15 years prior to coming to East Tawas in 1928, where they purchased property and began to develop Green Gables Resort on the then new Huron Shore Road.

Mr. Crocker was one of the principal real estate developers in the county.

Mrs. Crocker is survived by a son, Buell, Midland; a daughter, Mrs. Stuart (Annette) White, Birmingham; eight grandchildren; six great grandchildren.

Funeral Held Monday for Mr. Anschuetz

Walter E. Anschuetz, a veteran of World War I, died Friday at Tawas Hospital. Funeral services were held Monday at Emanuel Lutheran Church with burial in the church cemetery. The Rev. James Rockhoff officiated.

Born July 22, 1894, in Tawas City, he operated a farm at one time and prior to retirement operated a sawmill on Plank Road.

Anschuetz took an active part in the Tawas City centennial celebration of 1954 and later established a private museum at his home on Second Street.

He served a number of years as janitor at the Tawas City School. He served with the United States Army during World War I and was a member of the United States forces which occupied Germany following the war.

He married the former Rachel Leggett at Flint on July 5, 1919. He is survived by his wife; two sons, Arthur Anschuetz of Royal Oak; four grandchildren; one brother, Andrew Anschuetz of Baldwin Township; three sisters, Mrs. Julia Gottlieb, Mrs. Edna Friche and Mrs. Frieda Bishop, all of Bay City.

Bomb Threat Monday Cleared

School of Students

A bomb threat hoax Monday afternoon saw Tawas Area High School being cleared of students as school officials and law enforcement officers checked the building.

Prin. John Alexander said the building was evacuated shortly after 2:00 p. m. following receipt of a telephone call to the school office which stated that a bomb would go off in the school in about 25 minutes.

Students returned to their studies about 10 minutes after the specified time for the bombing. Alexander said that although it was immediately believed to be a hoax call, "one never really knows."

Quotarian Shows Fishing Skill in Landing Coho

Mrs. Edith Drennon of Kalamazoo, a visiting Quotarian for the 20th District convention last week-end, proved she was a good fisherman.

Sunday morning, while enroute to the Holland House from the motel where she was staying, Mrs. Drennon stopped at the Tawas River bridge to watch the heavy fishing activity.

A fisherman standing on the river bank handed his fishing pole to the visitor and told her to "try her luck." She promptly hooked a 10-pound coho, landed the fish and handed the pole back to the fisherman.

She did not take the fish, but had a pretty good story to tell her friends at the Quota convention.

Fourth Friday School Head Count Shows Increase

Tawas Area School's fourth Friday enrollment count was 1,992, 10 students more than enrolled on the first day of school this term and 71 students more than enrolled on the fourth Friday last year.

The high school has an enrollment of 1,061, 60 more students present than on the last day of the 1969-70 term, and enrollment of elementary grades totaled 931.

The fourth Friday enrollment is used to compile state aid for the district.

List Building Permits in Tawas C.

Building applications approved during the past two weeks in Tawas City are as follows:

First Baptist Church, repair porch of parsonage, \$150; Frances Laskey, 1119 Lake Street, move two cottages, \$200; W. F. Cholger, 519 Lake, repair roof on house and garage, \$50; James Brown, 111 Seventh Avenue, kitchen addition, \$300; Mrs. Russell Carney, 106 First Street, roof \$1,600.

Benefits Hospital

The Tawas Area Senior Citizens report that to date 27,100 Betty Crocker coupons have been donated towards their aim of getting an ambulance for Tawas Hospital.

Benefits Hospital

It is time to start thinking about winter—clean up the yard and garage and sell those unwanted items with a Herald classified.

THIS WAS THE SCENE Saturday on Tawas River upstream from the M-55 bridge. Owners of property on both sides of the river protested to the Tawas City Council Monday night that visiting fishermen had trespassed on their property to such an extent that river banks were broken down. Owner of the Tawas River Trailer Park asked the city who was going to pay for damages.—Tawas Herald Photo.

FOLLOWING official ground breaking ceremonies two weeks ago, work began Monday on the actual clearing of the site for an addition to Tawas Hospital. This picture was snapped looking south toward the hospital. A number of trees were removed and the site is to be brought to grade.—Tawas Herald Photo.

Hale Eagles Stomp Posen, 36-0, for Third Straight Win

Hale Eagles spoiled Posen's homecoming Saturday stomping the Vikings, 36-0.

In the six years of competition between the schools, this was the first victory for Coach Reed and his Eagles. Hale Area had a near miss last year when Posen battled the Iosco squad to a tie, but it was all Eagles this time.

After a scoreless first quarter, Dave Brumfield passed 35 yards to Rod Katterman early in the second quarter. With the ball on the seven, Bruce Wilson carried it in for the first score of the game. The extra point pass from Greg Weishuhn to Jeff Kocher was good.

The Eagles next scored when Brumfield, senior halfback, swept right end and, with blocks from Tom Humphrey and Wilson, went

50 yards to paydirt. The extra point attempt failed and the score at halftime found the Eagles with a 14-0 lead.

Early in the third quarter, the Hale defense shoved Posen back near its own end zone and, on fourth down, a bad snap from center, coupled with pressure from Wilson, the ball was recovered by Clyde Wagenshuts for the third touchdown. The extra point found Weishuhn hitting Kocher and the score was 22-0.

Wilson's second interception of the game set the stage for Humphrey as he rambled 26 yards to the Posen one-yard line. Humphrey again hit the middle for the fourth score of the game. Wilson swept end for the extra point and the score at the end of the third

quarter was 30-0. As the rain started to fall, Brumfield cracked the middle for 27 yards and another touchdown. The extra point was no good and Hale Area had its final score of the day.

Coach John Pokorny's defense held Posen's big fullback, Curtis, in check and the Vikings came close to scoring only once when a pass attempt was broken up by Keyno Shellenbarger. After that, it was all "Big Blue" defense, led by Wagenshuts, Kimmerer, B. Wilson, Szczepkowski, Brant, C. Wilson, S. Beldon. Hale had four interceptions, B. Wilson with two.

Kim Kocher and Jim Rollin opened big holes in the Posen line for Hale as the Eagles picked up 277 yards on the ground and 73

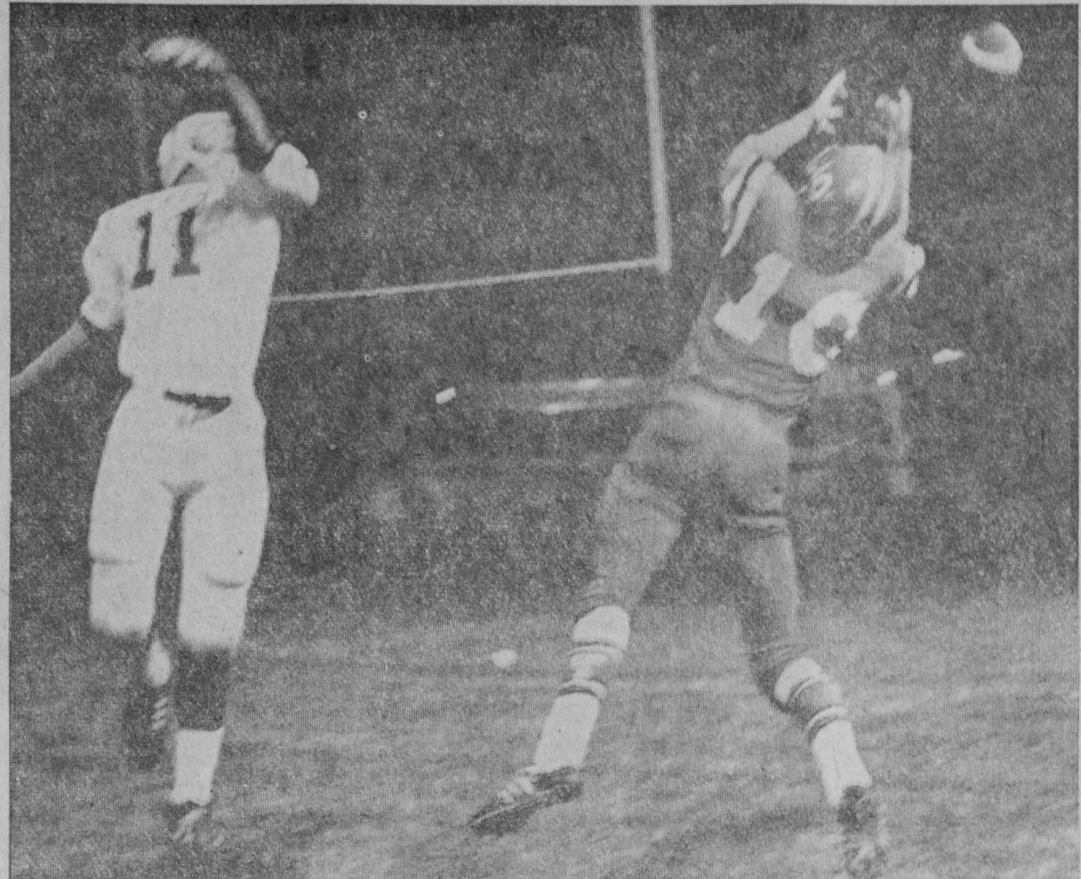

yards by passing. Brumfield had 158 yards in 15 carries. Humphrey racked up 82 yards in 14 carries, while B. Wilson added 37 yards in 10 carries.

The Eagles showed signs of overcoming the mistakes that bothered them the past few weeks and are pointing for this week's battle with Bellaire, a team which handed the Eagles their only loss last year.

Attended Meeting of Principals

Bill McIntosh, assistant principal at Tawas Area High School, attended the annual conference of the Michigan Association of Secondary School Principals held October 4-6 at the Jack Tar Hotel, Lansing.

Principal topic of the convention centered around the use of drugs by youths. Other topics included school law, students look at school administration and group sessions. A banquet was held Monday night.

MICHAEL SVENTKO (10), Tawas Area end, had a rough time pulling in high passes (above) during the first half Friday night, but the second half found him clicking on key passes from Tom Kasischke of 22 and 20 yards during Tawas Area's touchdown drive.—Tawas Herald Photo.

Three Hurt in Wilber Crash

Three persons were injured Thursday in a crash on Curtis Road, Wilber Township.

John N. Miller, 22, Rockwood, told officers he swerved his car to avoid hitting a deer. Injured were the driver and two passengers, Danny Wojcik, 19, Rockwood, and Bradford Bartimore, 17, Clawson. A third passenger, Roger Todd, 16, East Tawas, escaped injury.

TA Braves Win Defensive Battle Over Gladwin, 7-6

The name of the game in the Northern B Conference is defense and football fans here were unanimous in calling Friday night's 7-6 win by the Tawas Area Braves over visiting Gladwin one of the best defensive battles ever witnessed on the local field.

With their backs to the wall and leading on the strength of a successful point after touchdown placement kick, the Braves made a magnificent stand and stopped the Flying Gs just short of the goal line as the clock ran out.

There were heroes aplenty for Tawas fans as the Braves made a comeback after losing to Standish-Sterling in the conference opener a week ago. An intercepted pass by Chris King on the one-yard line as the third quarter ended was one of the key plays of the game. A tackle by Mike Sventko after Gladwin completed a pass to the Tawas 15 was another key play.

Ron Ulman and Bill Sheldon led their mates in tackles, while the running of Dave Moe, junior tailback, and blocking by Matt Mayer, fullback, proved important to the Tawas offense. Add the passing of Tom Kasischke, quarterback, and play of the rest of the squad and it was a big night for Tawas.

Even the team's statistician, Myron Trafelet, almost got in the game. Coach Ted Guthard, listening over a field phone to his assistant coaches in the press box, grabbed who he thought was a guard, instructed him to call a "right 72" and pushed the "player" on the field. Trafelet missed seeing action when Guthard noted his mistake.

The visitors jumped off to an early lead when the Flying Gs took the opening kickoff and, in 12 plays, scored on a five-yard pass from Randy McIntosh to Pat Sloan. The point after touchdown was missed, but it did not appear that important at the time as Gladwin threatened to score on several occasions during the night.

After the opening touchdown,

Tawas had the ball for 14 plays and marched to the visitor's 17 before being stopped. On another series, the Braves reached the Gladwin 22 but could not score.

A different team of Tawas Braves came out on the field in the second half. In the third quarter, the Braves put together a sustained drive of 64 yards, capped by passes of 22 and 20 yards from Kasischke to Sventko. Moe scored on an off tackle play of six yards and Mike Greenlee came on the field to boot the all important point after touchdown from placement to give Tawas a 7-6 lead.

After Tawas scored what proved to be the winning touchdown, Gladwin marched right back and in seven plays was on the Tawas 28-yard line. That drive was stalled when King recovered a Gladwin fumble.

In the fourth quarter, the Braves had the ball for five plays and were forced to punt from the Tawas 10. Gladwin moved the ball

to the Tawas 15 and fumbled. Tawas again could not move the ball and punted to the Gladwin 42, where the receiver was downed immediately.

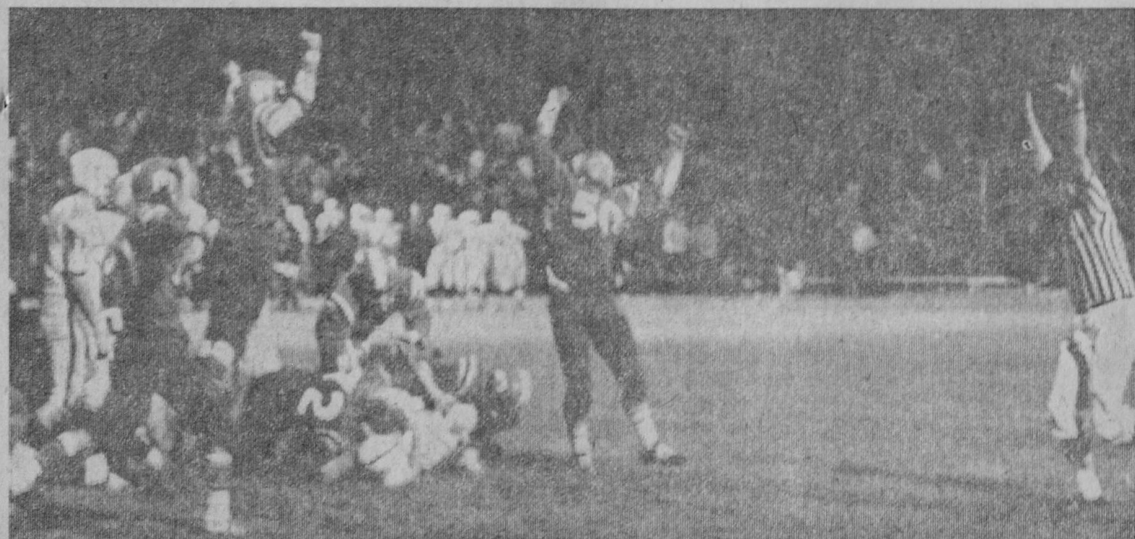

This set the stage for Tawas' great goal line stand. The Braves had stopped the Gladwin drive on fourth down at the Tawas 34, but an offside penalty gave Gladwin a first down. From that point Gladwin marched down to the one-yard line, only to be stopped short of the goal. With three seconds left in the game, a five-yard penalty against Gladwin for illegal procedure moved the Flying Gs back to the six-yard line. The Tawas defense ended the game when it smothered McIntosh as he attempted to pass.

Fans were treated to another outstanding halftime performance by the Tawas Area School Marching Band.

The Braves, with a one and one conference record and one non-conference win, play at Ogemaw Heights this Friday night.

A KEY PLAY for Tawas Area came just as the third quarter ended when Chris King (41) intercepted a sure touchdown pass on the Gladwin one-yard line.—Tawas Herald Photo.

TAWAS AREA BRAVES went wild when the official at right signalled a Tawas touchdown in the third quarter. A point after touchdown kick by Mike Greenlee was the winning margin as the Braves stopped visiting Gladwin, 7-6, in an excellent defensive battle.—Tawas Herald Photo.

4-H Clubs Growing in Iosco County

A new record for the number of 4-H'ers enrolled in Iosco County is expected to be reached this fall.

4-H is organizing into a different method of operation thus making available to all Iosco County young people a great variety of projects. The county has been divided by areas. In each area, a community club leader has been organizing and coordinating all 4-H activities. The Hale, Whittemore, East Tawas, Tawas City and Oscoda areas will all be represented by community club leaders. Under each community club leader are the many project leaders. It takes a great many volunteers to run an effective 4-H program. Iosco County is fortunate to have approximately 71 such leaders. 4-H in Iosco County offers many project areas with many new ones to be added in the near future. Over 100 projects are offered by 4-H, with up-to-date material available for the leaders' use in whichever project the leader selects to lead.

A more detailed calendar of projects for 1970-71 will be distributed in the near future to all school children between the ages of 9-19.

4-H Flag Flies at Iosco County Bldg.

When you go by the Iosco County Building be sure to take a look at the 4-H flag flying below the American flag. 4-H'ers of Iosco County want to remind everyone that this is National 4-H Week.

Iosco 4-H'ers Observe National 4-H Week

Iosco County's more than 250 4-H members are having a celebration this week. They are not the only ones, according to Judy Place of the 4-H staff. The local 4-H'ers are joining the many 4-H'ers of Michigan and nearly four million others throughout the nation in the observance of National 4-H Week, October 4-10.

What is the occasion all about in Iosco County? The county's 4-H'ers will be telling everyone about 4-H, encouraging others to join 4-H, recruiting more volunteer leaders, and recognizing the support of parents and leaders.

The county and national observance has as its theme, "We Care."

"Opportunities in 4-H and the opportunity to join 4-H are greater now than ever before," Mrs. Place said.

The Iosco County 4-H Council—with help from local 4-H officers, adult volunteer leaders and the county extension staff—is heading the special week-long observance here.

"In the modern 4-H program," she pointed out, "the major part of the 4-H story is project work. Members choose from some 100 projects dealing with everyday learning experiences that fit them and the places they live."

However, projects are not the whole story. In 4-H, Iosco County

boys and girls have fun, go to camp, take special trips, attend dinners, rallies, participate in area and state fairs, earn awards—including scholarships, work with younger 4-H members, enroll in leadership and citizenship programs and discover new and interesting ways to enjoy life while living it."

Mrs. Place added that National 4-H Week is a fine time for boys and girls to join 4-H and show their care about their future. Her office is located in the Federal Building and her telephone number is 362-3449. Please call for further information.

Army Offers Nurse Career Preparation

The United States Army is offering qualified young men and women a unique and valuable opportunity to prepare for a professional nursing career through the Walter Reed Army Institute of Nursing Program (WRAN).

"If their application is accepted," said Sergeant Craig, local army recruiter, "nearly all educational expenses are met by the army for four years. In addition, they receive the pay and allowances of an E-3 (PFC) but do not have to attend any military training."

Prerequisites include high class standing in high school and satisfactory performance on the College Entrance Exam Board or the American College Test.

The first two years are spent in an accredited four-year college or university of their choosing. There, they take general educational and pre-professional courses. The army pays tuition and fees to the college. The student receives monthly pay and allowances for his or her room, board and personal expenses.

The candidates then enroll for the last two years in the University of Maryland's School of Nursing. The Walter Reed Army Medical Center provides clinical nursing and other educational experiences.

Upon graduation and successful completion of a state licensure examination in professional nursing, the candidate is commissioned a first lieutenant in the United States Army. The obligation for service is three years.

Established in 1901, the Army Nurse Corps is the oldest of all the military services for women. The all-officer corps now consists of male and female registered professional nurses and has since 1956.

Nearly 5,000 army nurses are carrying on the heritage to serve the soldier and his family when and where most needed. If you are interested in being a member of this selfless, elite corps, see Sergeant Craig at the Selective Service Office, East Tawas, at 1:00 p. m., on Wednesdays. He will be glad to give you further information on this program.

MEMBERS of the Whittemore-Prescott Area Elementary School participated last year in the conservation project sponsored by 4-H and the Soil Conservation District of Ogemaw County. Some of the 4-Hers who joined the project are shown above with their awards and projects. Each year, this project can be selected by 4-H Clubs and worked out in school under the direction of their teacher. A conservation tour kicks off the project and a contest ends it. This year, Iosco County will be providing this opportunity, too.

Iosco County Salutes 4-H Club Leaders

Without the many volunteer leaders of Iosco County, 4-H would not be possible. These leaders provide learning experiences for the youth of Iosco County in areas from sewing, foods, snowmobiling, electricity and leathercraft to horses, dairy, ceramics, knitting, small engines and many others. Iosco County's leaders are to be commended on the fine work they do.

Special recognition is in order for them at the annual leaders' banquet to be held November 5.

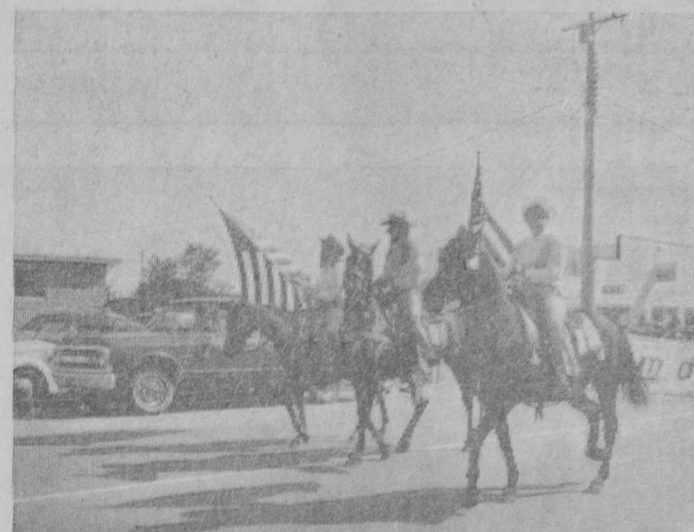

Adults Serve as 4-H Club Coordinators

Iosco County's entire 4-H program is coordinated and main-

tained by several volunteer adults who serve on the 4-H Council. These people have given freely of their time and talents in the past years. Not only do they serve in the council giving direction to the total county program but they also give leadership in their communi-

ties to specific project groups. Iosco County salutes Adolph Siegrist, president; Neil Abbott, vice president; Val Samson, secretary-treasurer.

4-H'ERS Mary Coyro, Lana Ruckle and Peggy Runyan, left to right, led the Hale Homecoming parade. The 4-H horse groups of Iosco County are very busy groups. They provide many activities for the 4-H'ers throughout the year, including horse shows, county fairs, parades and clinics. A youngster interested in joining a 4-H horse group should contact the Cooperative Extension office, Federal Building, East Tawas, phone 362-3449.

MRS. GEORGE ROSE

Mrs. G. Rose Was Delegate to Convention

Mrs. George Rose of East Tawas, 10th District president, attended the 50th national convention of the American Legion Auxiliary held recently at Portland, Oregon. There were 3,106 auxiliary members in attendance. The auxiliary has 918,148 members with 12,739 units in the 50 states, District of Columbia, Panama Canal Zone and the Philippine Islands.

Mrs. Rose was one of 22 delegates elected from Michigan to attend the convention. She was appointed by the Michigan department president to serve on two national pre-convention committees, chaplain and reorganization.

Michigan was one of 31 auxiliary quota departments. The auxiliary collected \$31,150 for the Camille disaster fund, built 29 schools last year in Nicaragua at a cost of \$34,771. 150,000 volunteers gave over two million hours in Veterans Administration hospitals.

Among many other programs, the auxiliary sponsored girls state programs which attracted 18,500 young women, sold millions of poppies to aid disabled veterans and families and awarded 64 grants for youth research in the amount of \$32,500.

Under new programs for 1970-71, the auxiliary is urging adoption of a special week to honor youth in the local community. Resolutions were passed asking for the return of 1,557 prisoners of war being held in Vietnam, to educate the youth on drugs and their effect on the human body.

Vice Pres. Spiro Agnew spoke at a joint meeting of the American Legion and American Legion Auxiliary.

The Alpena News was awarded the national Golden Press Award for a feature story, "Alpena Youth Tells of Bad Trip on Drugs."

JOSEPH BARKMAN

Joe Barkman to Present IHS Program

Operation of an early day mercantile store at East Tawas will be the subject of a program to be given Thursday night by Joseph Barkman during the regular monthly meeting of Isoco Historical Society. The meeting, to be held at the Isoco County Building, is to start at 8 o'clock.

The owner of a lumber yard in Tawas City, Mr. Barkman spent his youth working in his father's store on Newman Street. His program will consist of recollections of early day merchandising, pioneering patrons and humorous happenings in the business district.

In addition, he will have a display of pictures and antiques from his personal historical collection at the lumber yard.

All residents are invited to attend what will be an interesting and informative meeting.

Home Seamstress Program Planned October 7

Techniques and methods to achieve proper fit by the home seamstress will be the focus of an extension program scheduled for Wednesday, October 7, 7:30 p. m., at the Extension Conference Room, Federal Building East Tawas. Anyone interested is cordially invited to attend.

Miss Shirley Minda, educational representative for Unique Zipper Distributing Service, will present the program. Miss Minda is a specialist in clothing techniques fitting standards, use of the basic fitting dress, altering a pattern, preparing and cutting fabric, and fitting garments during construction.

Because improper fit detracts from the total appearance of a beautifully constructed garment in a quality fabric, all areas covered in the Unique program are designed to assist the home seamstress in making this often difficult part of clothing construction easier.

The authorization for a bank to become a "Trust Service Bank" is given by the commissioner of the Banking Department of the State of Michigan and Federal Reserve System. Only if a bank qualifies in every respect to the exacting requirements of the banking commissioner and the Michigan statutes and Federal Reserve Bank concerning trust services, can it become a "Trust" bank. We are proud that our bank measured up in every manner to these requirements. We are equally proud to announce that Peoples State Bank's Vice President, John E. Hosbach, has accepted the appointment of Trust Officer.

You are invited to stop in at Peoples State Bank to discuss with Mr. Hosbach any phase of the new trust services now being offered for the first time in this area.

Shooting Hours on Migratory Birds

Except for woodcock, which may be hunted from sunrise to sunset, the shooting timetable above covers all migratory birds in Michigan for the 1970 season. The new schedule, modified to account for this year's generally improved waterfowl picture, offers Michigan sportsmen more hunting time afield than last season. It brackets hunting hours on a Monday-through-Sunday basis to avoid confusion that might be created if the timetable shifted hours in the middle of weekends. The new setting of those hours on a weekly basis will also reduce to a minimum the loss of shooting time such as occurred last season. As in recent years, the shooting schedule divides the state into 2 areas—the entire Lower Peninsula and eastern part of the Upper Peninsula, and the western Upper Peninsula. Hunters are urged to check the 1970 Rules for Hunting Waterfowl in Michigan for a detailed description of the timetable's dividing line between the eastern and western Upper Peninsula.

'56 Andersons Unveiled at Dealer Show

15 Years Ago— October 13, 1955—More than 100 members of the Anderson dealer family will be welcomed to the showing of 1956 models of Anderson Mobile Homes at East Tawas this week-end, it was announced today by J. E. Jensen, president of Anderson Coach Company.

Several hundred persons were on hand to watch Theodore Bellville, chairman of the Isosco County Board of Supervisors, place the cornerstone in position for the new county jail.

Judy Barkman and David Butterfield, students at Tawas Area School, will tell of their experiences at the United Nations, New York, when they appear before the parent-teacher association Monday night at the Alabaster unit.

Groundwork for competition in

the Silver Valley queen contest is being undertaken by Richard Allen, Tawas Chamber of Commerce secretary-manager. During the past few days, Allen has been visiting young women's organizations in the Detroit and Flint areas to explain the contest to members.

Harlan Hatcher, president of the University of Michigan, will be guest of honor here when the new U of M Club in this county is formed.

25 Years Ago—

October 12, 1945—The plant of Tawas Manufacturing Company is being moved to the Prescott block, now owned by Lee W. Case of Saginaw. The plant will be in operation in the new location Monday.

Kenny Myles was five years old October 6. To celebrate his birthday, kindergartners at Tawas City School were treated with ice cream and cake.

Henry Ford II was recently named president of the Ford Motor Company, succeeding his grandfather, who resigned from the office.

The Twentieth Century Club is to sponsor a Halloween costume party for children of the community. Lunch will be served and there will be suitable games for

each age group.

Peter Cunniff is editor of the new twice-monthly newspaper printed by students of Tawas City School. Name of the paper is The Elk's Tale.

35 Years Ago— October 11, 1935—People of Tawas City desire a water works system. That they are nearly unanimous in this was shown Tuesday when only 12 people voted against bonding the city for constructing the project. Two hundred voters favored the proposal.

The Isosco County Normal will again have responsibility for the "spooky" room in the annual East Tawas High School carnival.

Two Whittemore businessmen had a bet on the Cubs and Tigers regarding the outcome of the world series. The one who lost was to give the other a ride in a wheelbarrow through main street. When residents heard the tooting of horns and laughing about 5:00 p. m. Monday, investigation revealed Archie Graham pushing a wheelbarrow with Frank Dease seated comfortably therein. By the looks of it, Archie must have lost.

The Hale school bus to the former Love School District, operated by John Morrison, is shining in its new coat of enamel in the colors

of red, white and blue.

Several graduates of Tawas City School are attending other institutions this year. Vernan Davis, Agnes Roach and Annie Metcalf of the class of 1935 and Herbert Choler of the class of 1932 are attending Isosco County Normal at East Tawas; William Leslie, class of 1931, has returned for his fourth year at Hillsdale College; Arnold McLean, class of 1934, and Wallace Leslie, class of 1929, have entered Central State Teachers College, Mt. Pleasant; Viola Burtzloff, class of 1932, has entered the Business Institute at Saginaw.

What the United States does not consider military secrets was illustrated a few days ago with the release of five Japanese tourists arrested by police in New Jersey when seen making photographs in the Holland Tunnel. They were released promptly on their explanation they were making records of a recreational tour. In most coun-

tries, strangers taking photographs are under suspicion as possible spies. This applies not merely to fortifications, but to structures or localities which have no direct military significance.

Peter Sokola of Sherman bought a new Ford car. He has the contract to transport high school scholars of Sherman to Whittemore School.

Bessey Re-elected ASC Chairman

Convention delegates re-elected Grant Bessey to the Isosco County ASC Committee on September 22. Bessey will serve as chairman and the other members of the committee are John Ori, vice chairman; John Newberry, regular member; Richard Samson and James Brandal, alternates.

Bessey comes well qualified, having served as a community committeeman in 1955 and 1956 and again in 1960 through 1963. In 1964, Bessey was elected to the county committee and has served as chairman for six of the seven years.

Bessey, a native of Isosco County, has lived on the farm he is now operating for 34 years.

A dairy farmer, Bessey is milking 25 cows. On the 200 acres he farms on Townline Road, he raises oats, corn and alfalfa.

By tiling part of his farm, Bessey was required to install a sump station for the outlet. During the past year, he has also done some woodlot management and pasture improvement.

In 1969, Bessey was named conservationist of the year for the Isosco Soil Conservation District.

1971. Buick introduces a new set of values.

Value, not gimmicks or ornamentation, sells cars. More people have been coming to Buick each year for just that reason. Buick concentrates on value. And this year, Buick introduces a new set of values. Features that will help make your new Buick perform better,

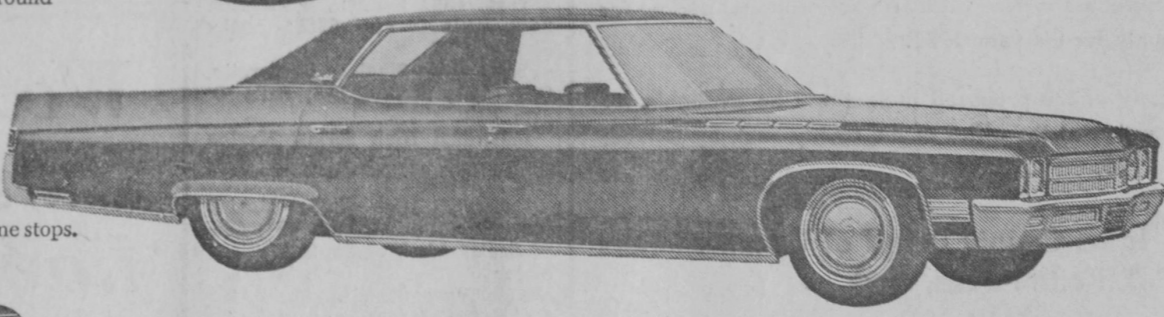

last longer and get you more of a return on your investment at trade-in time.

Only a Buick dealer can offer you our new set of values. So, test your values against our new ones. Then ask yourself this simple question. Wouldn't you really rather have a Buick?

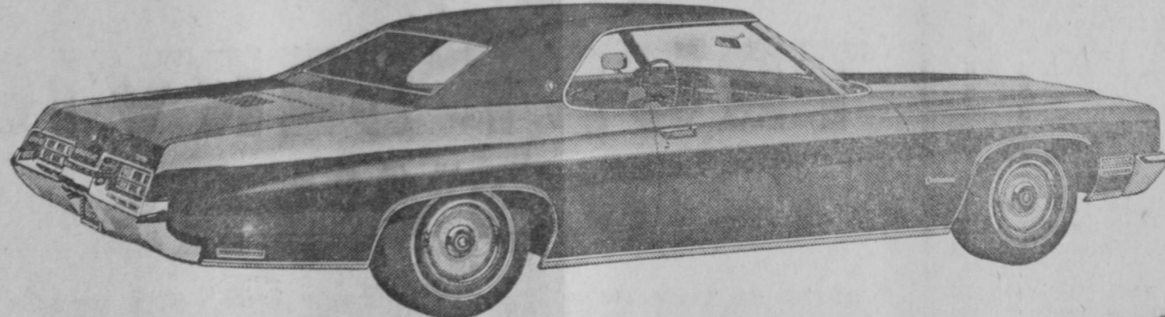

Something to believe in.

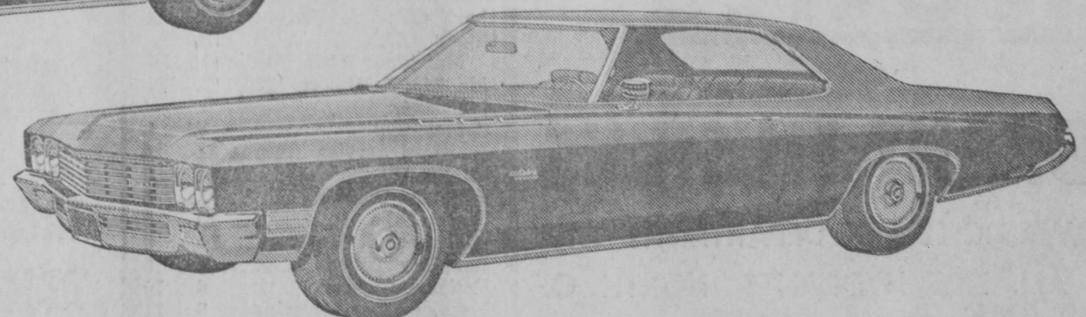

1971 Buick Riviera. A totally new design concept. And that's not all. Riviera offers MaxTrac, an exclusive power control system you can order with its own on-board computer. It helps get you securely over slick surfaces by reducing rear-wheel slipping. The new body features side-guard beams for protection, a bigger trunk, and a driver cockpit with a control center designed around the driver for new ease and convenience.

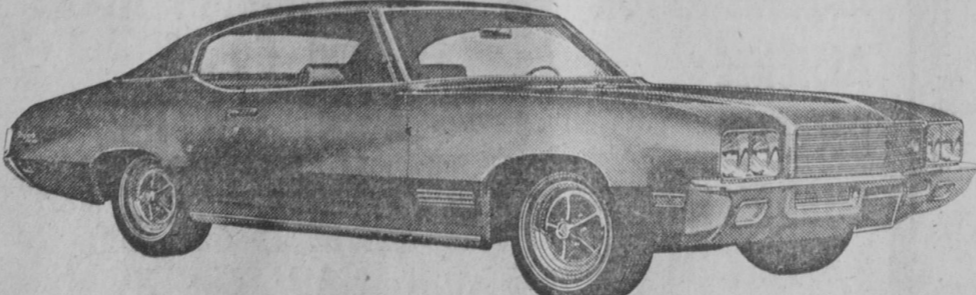

1971 Buick Electra 225. A new interpretation of quiet elegance. We've improved our Electra everywhere you look. There's more room in every direction, interiors that can be appreciated as much for their durability as for their beauty and comfort, even a new balanced braking system. A unique valve proportions braking force front to rear to help give you quick, smooth straight-line stops.

1971 Buick Centurion. This is our newest Buick, a city car with sleekness and grace as well as muscle. It features more nimble variable-ratio power steering, power front disc brakes, Full-Flo ventilation, and a vinyl roof on the Centurion Formal Coupe as standard equipment.

1971 Buick LeSabre. An incredible new offering of Buick value. The LeSabre, like the Riviera, Electra and Centurion, features AccuDrive, a new version of the directional stability system we pioneered. It will help give you smooth handling.

1971 Buick Skylark Custom. This is the car that has set the pace for value in its price class. Rocker panels that wash and dry themselves, big-Buick room and comfort inside, a cooling system that should never overheat, inner fenders that protect the outer fenders, and a modest price have put our Buick Skylark traditionally among the resale leaders in its class.

An Important Improvement. Every new Buick engine is now designed to run smoothly and efficiently, and with lower exhaust emissions, on no-lead and low-lead gasolines. And every Buick V-8 engine will have exclusive nickel-plated exhaust valves for smoother operation and longer valve life, and a new time-modulated choke to help give quicker warm-up and a more consistent fuel mixture.

"BONNIE," a Brittany spaniel owned by Mr. and Mrs. L. G. (Ladd) McKay, Tawas Beach Road, East Tawas, keeps a sharp eye peeled on the coho. A horrible bird dog ("she will step right on a bird and won't look at it," says Mrs. McKay), "Bonnie" went fishing in Tawas Bay Thursday and showed that she was no novice angler. When

it comes to fishing, "Bonnie" goes right into the water and hauls them out. Mrs. McKay said this was the largest fish that the dog has ever caught. She usually specializes in smelt and alewife, but could not resist catching this coho which was in shallow water in front of the McKay residence overlooking Tawas Bay.—Tawas Herald Photo.

Shover Promoted by US Army

William W. Shover, son of Mr. and Mrs. Richard K. Shover of Tawas City, was promoted September 4 to army sergeant upon completion of the noncommissioned officer candidate course at Ft. Leonard Wood, Missouri.

During the 18-week course, he reviewed the subjects taught in his basic combat and advanced individual training as well as additional training in methods of leadership, instruction and first aid.

He is now scheduled for six weeks of on-the-job training with an advanced individual training battalion of the first brigade at Ft. Leonard Wood.

Students are selected for the course under a specialized army program that grants rapid promotions to outstanding individuals.

He received his associates degree from Ferris State College, Big Rapids, in 1969.

Meno Received Commendation

SP4 John A. Meno, 20, son of Mr. and Mrs. Raymond Hendrickson, Hale, received the Army Commendation Medal September 7 while serving with the 25th infantry division near Cu Chi, Vietnam.

Specialist Meno earned the award for meritorious service with company A of the division's 125th signal battalion.

The specialist entered the army in August 1969, completed basic training at Fort Knox, Kentucky, and was last stationed at Fort Belvoir, Virginia.

He was graduated from Hale Area High School in 1968 and was employed by Fisher Body Plant No. 1 in Flint.

FIRE PREVENTION WEEK

DON'T GIVE FIRE A PLACE TO START!

The Best Kind Of Fire Prevention Is The "Do-It-Yourself" Kind of Fire Prevention

We congratulate the members of the Tawas City and East Tawas Volunteer Fire Departments, two of the finest anywhere.

JUST A FEW MINUTES TIME — MAY SAVE YOU FROM A DISASTROUS FIRE!

This week, October 4-10, is National Fire Prevention Week and that is a good time to start your do-it-yourself fire prevention. A basement-to-attic inspection of your home or place of business will uncover many fire hazards . . . hazards that can easily be eliminated. Every week should be Fire Prevention Week — Make DO-IT-YOURSELF FIRE PREVENTION a year 'round project. Your local fire department will be glad to assist you on any fire prevention problems.

CLOSED TO GOOSE HUNTING 1970, 1971 and 1972

Starting with the 1970 season and running through 1972, these shaded areas will be off limits to hunting geese under a plan to increase the birds' numbers in this part of northwestern Lower Michigan. The closure in part of Leelanau County is aimed at re-establishing this area as a major stopping point for geese so, hopefully, it will produce excellent hunting again after the no-hunting order is lifted. The three-year ban is also designed to build up local goose flocks in the Ludington State Park area of Mason County, the Mesick area of Wexford County, and the Elberta area of Benzie County. The exact areas covered by the closure are as follows: LEELANAU COUNTY ---Lands enclosed by Highway M-72 on the south, County Highway 667 on the west, and Highway M-22 on the west, north, and east; BENZIE COUNTY---Lands lying west and north of Highway US-31, and west of Ely Road; WEXFORD AND MANISTEE COUNTIES---Wexford, Hanover, Antioch, and Springdale townships in Wexford County, and that portion of Marilla and Dicks townships in Manistee County bounded by USES Road 5393 on the north, Marilla Road on the west, Coates Highway on the south, and USFS Road 5229 and the county line on the east; MASON COUNTY---Hamlin and Victory townships, and that part of Pere Marquette and Amber townships lying west of Highway US-31 and north of US-10. --Mich. Whooping Cough Said on Increase

Dr. William F. Jackson, director of District Health Department No. Two, warns that whooping cough is on the increase in this area.

In many areas of the state, the number of cases reported to date this year nearly double those recorded last year. The last major outbreak of this childhood illness came during the mid-1960s.

"This disease most often strikes very young children," Doctor Jackson warned, "and the younger the child, the greater the chance of pneumonia, convulsions, brain hemorrhage and death related to whooping cough."

"Immunization is available," Doctor Jackson said. "We recommend the basic series of inoculations be started at two months, followed by a booster shot one year later and a third shot when the child starts school." Often the vaccine is given in combination with tetanus, diphtheria and polio vaccines.

These shots plus immunization against smallpox, rubella and rubeola (regular and German measles) are given free at health

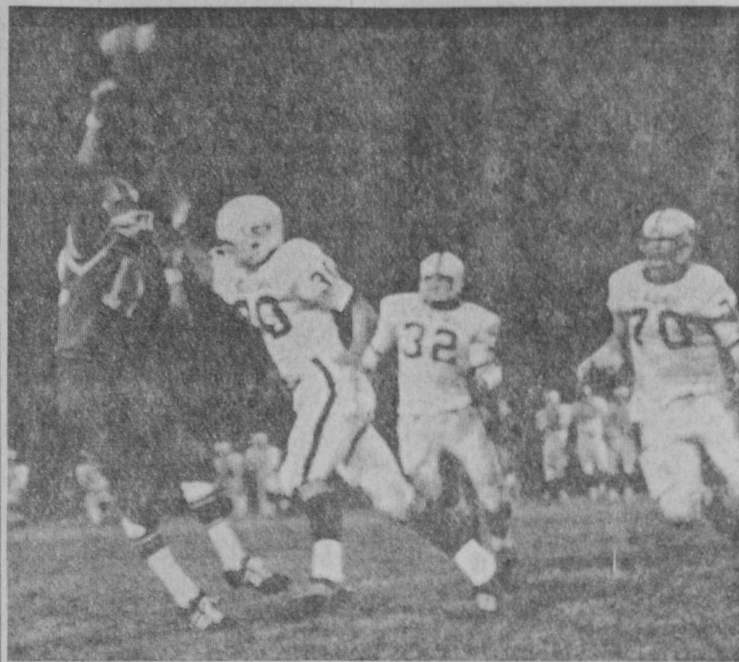

department clinics. The next immunization clinic at Tawas City will be from 1:30 p. m. to 3:30 p. m., Tuesday, October 13.

McDonald Hurt When Scaffold Collapsed

Robert McDonald, a member of the Tawas Area High School faculty, was seriously injured Sunday, September 27, when a scaffold on which he and two other men were working collapsed. They were putting a new roof on their hunting cabin.

McDonald sustained two fractured and two chipped vertebrae in the fall. The other two men were not seriously injured.

A Tawas Area School spokesman said that McDonald would be hospitalized for about two weeks and would not return to his teaching duties until one or two weeks later.

Phone Directories Set for Delivery

The 1970 East Tawas-Oscoda telephone directories will be delivered by Michigan Bell Telephone Company beginning Monday, October 12.

Some 17,000 copies will be delivered in the two communities, said Howard L. Haight, manager here.

A color reproduction of an oil painting, "When Pine Was King," is featured on the covers of the new telephone books. This is another in the series of historical paintings done by Robert Thom under a commission from Michigan Bell.

As settlers poured into Michigan in the 1800s, demands grew for boards and planks. Commercial logging soon attracted men who knew the woods, liked outdoor life and could endure the hardships in getting out the logs.

Many found the best white pine in the world located above a line from St. Clair to Muskegon. These great trees, as high as 150 feet and five feet at the base, tested the skill and strength of even the hardest logger.

Probably no era in Michigan's history was so roisterous, gave birth to so many legends and involved such a colorful cast of characters as did the 50 years which began in 1840—the era when pine was king.

Tawas Area Junior Braves Lost, 28-8

After a scoreless first half, Tawas Area Junior Braves went down before Gladwin JV, 28-8, Thursday night on the winners' home field.

The first touchdown was set up when the Junior Braves had a bad pass from center on an attempted punt and Gladwin took over on the 35-yard line. The Gladwin team quickly converted this break into a touchdown. The winners scored minutes later on a punt return of 70 yards to make the score, 14-0.

Tawas Area reached the scoreboard when Steve Sventko passed to Al LaBlance for a 20-yard touchdown.

The winners scored two more touchdowns before the half was over.

The Junior Braves play host to Ogemaw Heights Junior Varsity this Thursday night.

TA Freshmen Register First Grid Victory

Tawas Area freshman football squad defeated Gladwin, 16-8, in the first home game of the season.

Rory Verville scored Tawas Area's first touchdown on a 34-yard run. He ran the two-point conversion from two yards out. Greg Hackborn scored Tawas Area's second touchdown on a one-yard plunge. This capped a drive of about 40 yards. Hackborn scored the two-point conversion on a run.

Tod Ulman and Neil Robelli were outstanding defensive players for the Tawas Area team. Ulman had 12 tackles.

Gladwin scored its lone touchdown of the night on a 50-yard pass with about three minutes to go in the game.

Action this week finds the freshman squad playing at Ogemaw Heights Thursday night.

Midland to Host MEA Convention

Midland will play host to teachers from Michigan Education Association (MEA) Region 12 for the annual fall conference on Thursday, October 22.

Raymond K. Marcy, Gladwin teacher, Region 12 president and conference chairman, expects some 1,000 teachers will be attending. The region includes schools in Bay, Midland, Isabella, Clare, Gladwin, Arenac, Roscommon, Ogemaw and Iosco Counties.

The regional in-service training sessions for teachers in Midland on Thursday, October 22, will be followed in many schools by local training meetings on Friday. While the teachers study, pupils will be having a holiday.

The all-day October 22 meeting will open with a general session in Central Intermediate School auditorium at 9:15 a. m. Teachers will be greeted by Melvin Leasure, Ferndale teacher now MEA president, and Terry Herndon of East Lansing, MEA executive secretary. There will be a guest speaker.

Fourteen interest area meetings are scheduled for H. H. Dow High School, conference headquarters, in the afternoon. More than 50 exhibitors will be displaying books and other educational aids in the H. H. Dow High School cafeteria.

Topics for the interest areas include "Environmental Involvement," "Teacher Liability," "The Culturally and Economically Disadvantaged," "Youth Talks with Teachers," "Prescription for Learning," "International Education," "Drugs and Drug Users,"

"Elementary Educational Television" and "The Community School Concept."
