Divers to Inspect Next Spring

East Tawas Dock Repair Promised

Following a meeting here Tuesday between state and local officials concerning deterioration of the Michigan Waterways Commission Dock at East Tawas, steps were taken to immediately reorganize the Tawas Harbor Commission and re-establish lines of communication between the local area and Lansing.

During the past several months, local residents have expressed alarm over the fact that dry rot was beginning to appear on spiling along the dock, along with planking being washed away by heavy seas. Additional damage was caused to the structure by two large barges which were tied to the dock during storms.

As an interested citizen, Elmer Werth, former mayor of East Tawas, arranged a meeting between local citizens and Keith Wilson, director of the Michigan Waterways Commission.

Following an inspection of the facility Tuesday morning, Wilson said the waterways commission was aware of the deterioration and that a sub-surface exploration was to be made next spring to determine the actual extent of deterioration.

When asked if he could give any indication of the dock's present deterioration as determined by his own inspection, Wilson said he could not speculate until divers made a survey next spring.

During the inspection, those attending viewed spiling which was rapidly deteriorating with dry rot, tugged on loose planking protecting the dock's outer arm and saw areas of decking which was sinking due to damaged cribbing.

"This dock is actually the heart of our town—it must be saved," commented Werth. He said he was quite concerned that the local harbor commission had not notified the state of the rapid deterioration of the structure.

The commission lost its most active member earlier this year with the death of Carl Babcock, longtime chairman. Babcock was chairman of the local harbor commission when

the present dock was dedicated June 18, 1955, by Gov. G. Mennen Williams following a vast expansion program. Babcock was chairman and directed reconstruction of the dock following a fire about eight years ago.

Wilson said that some funds were available to make minor maintenance repairs to the dock, but any major repairs probably would have to be financed through legislative appropriation.

State Rep. George A. Prescott, who attended the meeting, said that he had received a definite commitment from a legislative committee that any necessary funding would be included in next year's budget.

Prescott pointed out, too, that the legislature, in 1968, had earmarked 1.5 percent of state gasoline taxes for recreational boating facilities. In the fiscal year ending last June 30, the Michigan Waterways Commission's share amounted to \$3,996,000 and only one-half that much had been expended.

Wilson said that \$70,000 had been appropriated to complete a survey for reconstruction of the dock as a federal harbor of refuge. Initial plans for this million-dollar-plus undertaking were approved by congress in 1968, but funding has never been included in the federal budget. Wilson said that the local share of \$600,000 was available through the waterways commission.

The waterways commission director commented that federal participation was a slow process with hundreds of harbor of refuge applications pending. He said that the AuGres harbor was a perfect example, being first approved by the corps of engineers in 1945 and completed 26 years later.

Wilson said that plans for the dock include doubling its size with 150 boat wells—about 125 more than at present. The proposed structure would be shaped similar to the present dock, only it would be of solid construction with an outer pier of rock for protection against seas.

He said the present facility was one of the state's older harbors and there had been many problems because of its design. A baffle system on the exterior side had been constructed to reduce surge and resulting damages to boats, but only about five boat wells had sufficient protection.

He maintained, however, that the present dock would be incorporated into the new design and that complete protection would be afforded the inner area.

"We do not intend to allow the dock to go to pieces while awaiting federal funding," stated Wilson. He said, however, that the cost of pro-

tecting the outer portion may be far in excess of the actual value should the federal project be approved.

Wilson said that it would be impossible to place the East Tawas project in the federal budget until July 1973 and, if accomplished, it would not be completed until the fall of 1974.

The waterways commission director urged local citizens to seek congressional support for the new harbor project and asked that lines of communications again be established between the city-appointed harbor commission and the waterways commission.

Mayor James Campbell assured Wilson that the harbor commission would be reactivated and that relations had always been cordial between the city and the waterways commission.

Wilson pointed out the need for launching facilities on Tawas Bay, stating that conversations had been held with city councils of the Tawas in recent years concerning use of state funds on the project, but that none had been expended. The harbor commission is to call a meeting for new discussion on location of launching ramps in the area.

Those attending the meeting were guests of Werth at a perch fry held Tuesday noon at Lixey's Restaurant.

Last City Council Meeting Under Old Fourth Class Law

Councilmen did not realize it until the meeting had adjourned, but Monday night's session was an historic event. It marked the last meeting of the Tawas City Council under the Fourth Class City Act.

It was the last meeting for Mayor Cecil Cable, who served 14 years on the council and was appointed last fall to fill out the year for the late John B. St. James. It was the last meeting, too, for Second Ward Ald. Jack Lardie, who was not a candidate for re-election.

On Monday, January 3, new officers are to receive the oath of office under Tawas City's new home rule charter. The new mayor, elected in November, will be John Brugger. New councilmen named at the general election are Chester Smvezvnski, Second Ward, and Robert N. Rollin, Third Ward. Clark Tanner, a veteran of eight years service on the council, was re-elected by First Ward voters and will receive the oath with the newcomers.

Two other officers elected in November were Donald Watson, Third Ward supervisor, and Roy Bergeron, Second Ward supervisor. Much of the duties of this office have been stripped through changes in state law, but the positions still have seats on the board of review for tax assessments.

One of the first duties to face the new council will be to appoint a tax assessor. Inasmuch as present officers have not qualified under the state examination, the county equalization department, probably will handle this work.

A discussion on implementation of the new charter was to have been held Monday night. Officers-elect were in attendance, along with members of the various commissions.

Donald Oakes, Grand Rapids con-

sultant who assisted in the planning commission in developing the new charter, was unable to be in attendance. In a letter to the council, Oakes said there could be no big immediate change in the city's operation.

Oakes said the new council would have responsibility for implementing the new charter. "It will not be difficult or costly and all employees committees and commissions would carry on as in the past," he stated.

Jerry Cotter, who was chairman of the charter commission, said in a letter to the council that the charter "would implement itself after reading and study by the new council."

Printed copies of the charter were presented to all old and new city officers. The Grand Rapids consultant is to be invited to attend a council meeting early in the new year.

Council to Decide Direction on Matters of Public Works

One of the first actions facing the Tawas City Council as it starts its new year on January 3 will be to give direction to its consulting engineer on matters of public works.

Harry Bacon of Edmands Engineering, Bay City, attended Monday night's council meeting and explained federal assistance programs which are available for public works projects.

One of the newest, the Public Works Impact Program, is based on providing jobs in areas of high unemployment and Bacon was of the opinion that this should be one of the first programs studied.

One of the drawbacks to the program is that the city must act swiftly to insure any kind of consideration under PWIP. Matching local money must be made available to make use of the program, which probably would rule out voted bond issues.

Bacon asked that the new council give consideration to what direction it wanted the consulting firm to study. Under consideration for a number of years has been expansion and improvements to the city's water distribution and storage system, as well as secondary treatment facilities for the sanitary sewage disposal system.

In other business, an agreement was accepted with Central Radio Telegraph Company of Rogers City for installation of two VHF antennas on the city water tank and two radio transmitters in the basement of the city hall. This firm provides weather information to Great Lakes shipping carriers and small craft owners. The Tawas City station would be remotely controlled from Rogers City.

While the annual rental fee adopted amounted to only \$150, councilmen were of the opinion that the new service would be very important to area boating interests and would be an indirect benefit to the city.

Negotiations were completed by Reginald Bublitz, superintendent of public works, to purchase a used service truck from Michigan Consolidated Gas Company for \$340. The unit includes an air compressor and winch and Bublitz said it would be a valuable addition to the city's maintenance equipment.

Salary of the police chief was raised from \$7,200 to \$7,500, with the salary to be reviewed again in July. Action on the matter had been taken.

(See DIRECTION, page 3.)

County's True Cash Value Now \$7,677,990

A 3.47 percent increase on this county's true cash value base was adopted Wednesday by the Iosco County Board of Commissioners. This action gives the county a valuation of \$7,677,990 in five categories, including residential, agricultural, timber cut over, commercial and industrial.

Henry Oates, county equalization department director, had recommended an increase of 5½ percent based on his sales study. Members of the county commission were of the opinion that the study represented "inflated sales" and reduced the increase accordingly.

Totals in the five categories included residential, \$5,081,670; agricultural, \$340,490; timber cut over, \$781,150; commercial, \$834,780; industrial, \$639,900.

In other action during the December meeting, the commission adopted a recommendation from the claims and accounts committee which directed that affidavits for veterans burial be sent to all funeral directors in order that concerned persons may complete the forms before the county will pay \$300 toward burial of a veteran.

On recommendation of the finance committee, beginning January 1, all county building departments are to remain open during the noon hour. During the months of June, July and August, the county building

is to remain open Saturday from 9:00 a. m. to 12 o'clock noon.

An imprest cash account of \$3,000 was established for Iosco Department of Social Services. This is to permit immediate payment to persons with sufficient information to establish eligibility for various types of assistance, including old age, aid to the blind, aid to disabled and aid to dependent children. In the past, there usually was a delay of three to four weeks before applicants would receive the first check. Money paid by the county is to be reimbursed by the state.

Elmer Werth of East Tawas appeared before the board and reminded commissioners that members of the county road commission were appointive and not elective positions. He said that direction of the road

commission had "gotten away from the authority of the board of commissioners" and asked for an investigation.

For the third time since the 1970 census, Iosco County's population count has again been adjusted. This time, the county lost 24 "heads." Some 47 persons had been counted at the medical care facility and, under the law, only one-half the number could be counted. The county's population now is 24,882.

Wilfred Holzheuer, Ralph Rohrbach, Howard Burdett and Wesley Hobart were appointed to the county planning commission. Arthur Aulerich was appointed to the county building authority. Marvin Davenport, Harold Gould and Charles Smith were named to the parks and recreation commission.

Salary Hikes Cut by Iosco Commission

With an eye on federal wage freeze regulations, Iosco County Board of Commissioners cut salary increases granted in October back to the permitted 5.5 percent.

Salaries of all elected officials, deputies and clerks were increased in the April budget for 1972 and then approved in October. Cuts to elected officials ranged from \$455 to \$495.

The new salary schedule as adopted last week was as follows:

Prosecuting attorney, \$10,605; assistant prosecutor, \$7,950; recorder, \$5,726; special investigation, \$8,165. Treasurer, \$9,545; chief deputy, \$5,196; clerk, \$3,923.

Social

Committee Hosted Christmas Dinner

The program committee acted as hostesses at the Tuesday, December 14, Christmas dinner of the Tawas City Garden Club. Thirty-three members were present to enjoy a Christmas program.

Mrs. Betty Higgins, Mrs. Lois Giddings and the music committee presented the program. The group sang Christmas carols and individuals de-

livered greeting verses. Ann Webster and Edith Thornton, assisted by Florence Ulman, passed out the gifts.

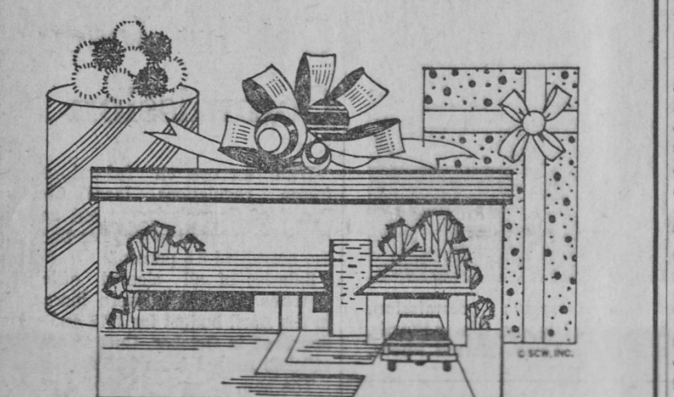

25 Attended Christmas Dinner of Women's Club

Whittemore Women's Club met at the parish house for its annual pot-luck Christmas dinner Wednesday, December 15. Twenty-three members were present. After a brief business meeting, Porcia Payne, program chairman, presented "Keeping Christmas With Traditional Hymns and Carols" with recorded hymns and carols in the background by Marge Odell. A gift exchange followed and secret pals received gifts.

Engaged

Mr. and Mrs. John H. Jordan of National City announce the engagement of their daughter, Marilee, to William G. Cholger, son of Mr. and Mrs. Herbert W. Cholger of Tawas City.

The prospective bridegroom is currently attending Central Michigan University, Mt. Pleasant. Wedding plans are indefinite.

Former Wilber Resident Wed in New York

Mr. and Mrs. Robert S. Agostini are residing in Jackson following their marriage Saturday, December 4, 11 o'clock, at Whitelaw Presbyterian Church, Canastota, New York. The Rev. Frederick Schimmer officiated. A buffet dinner for 45 guests followed the ceremony.

Mrs. Agostini is the former Janet Gail Lee, daughter of Mr. and Mrs. Lyndon W. Lee of Canastota, former residents of Wilber Township. Mr. and Mrs. Robert Agostini of Portland are parents of the bridegroom.

Given in marriage by her father, the bride chose a gown of white Venice lace and crepe with lace bodice, high scalloped neckline and long tapered sleeves. A sash of white satin defined the high-rise waist above the full-length crepe skirt. Her chapel-length mantilla was edged in matching lace. She carried a cascade of white and pink miniature carnations.

The bride's sister, Phyllis Lee, was maid of honor. Cathy Gabgiele of Fulton, New York, was bridesmaid. Both were identically attired in purple velvet gowns with full-length tapered sleeves. Venice lace accented the Empire bodices and edged the high necklines. They carried nosegays of shaded purple carnations with miniature yellow rosebuds.

Wesley Davis of Portland acted as best man. Richard E. Lee and Patrick Seal acted as groomsmen.

Mrs. Lee chose a full-length gown with pink satin bodice and burgundy skirt for her daughter's wedding. A mint green dress was the choice of the bridegroom's mother.

Guests were present from Michigan; Baltimore, Maryland, and Pennsylvania.

St. Francis said to have begun the custom of providing food for beasts at Christmastime

Among the holiday customs in many European lands is the one of putting out sheaves for the birds and giving all the farm animals an extra portion at Christmas.

Some legends attribute this happy custom to an old pagan superstition... a fear of evil spirits and a desire to appease them!

Another, more reasonable conjecture is based on the spirit of love which embodies Christmas... as personified by St. Francis of Assisi.

love of God... to make a special law that no man should take or kill sister Larks... that all... the Lords of castles and villages should be bound every year on Christmas Day...

to throw wheat and other grains outside the cities and castles... and that for the reverence of the Son of God, Who rested on that night with the most blessed Virgin Mary between an Ox and an Ass shall be bound to provide for them... Likewise that all poor men should be satisfied by the rich with good food...

St. Francis' fame spread all over the world during his lifetime and beyond. He was so admired by all people that it is likely that his words were spread afar, and that in this way this kindly custom became a "jewel" in the treasury of Christmas good deeds.

Boar's Head

A traditional feature of the Christmas festive table is the boar's head. This legend, told in Queen's College, Oxford, provides a basis for the tradition:

A student, walking and reading in the woods on Christmas Day, was attacked by a wild boar. He overpowered the boar by choking it with his book, a volume of Aristotle. Then he cut off the boar's head to retrieve his book and brought the head triumphantly to table.

Sing hey! Sing hey!
For Christmas Day:
Twin mistletoe and holly,
For friendship glows
In winter snows,
And so let's all be jolly!

Card Varsity Lost Two Games; Junior Varsity Was Victorious

By DORNACE BELLVILLE

Whitemore-Prescott Area Cardinals split in four games last week. The varsity lost to Houghton Lake, 68-55, Tuesday night and lost again at Alcona Friday night, 69-55. The Card junior varsity continued on its winning streak with a 68-48 win over Houghton Lake and won a 71-57 thriller over Alcona Friday night.

The Card varsity led most of the first quarter over Houghton Lake but the defense fell apart in the second quarter and the W-P squad fell 10 points behind, 32-22, at intermission. The Cards gained one point in the third quarter but were too far behind to catch up. Both coaches used their reserves in the last quarter.

Jeff Ryan and Howard Barriger led the Cards with 12 points each. The varsity played a good game at Alcona Friday night, but lost out to the slick fielding Tigers in the last half with Jeff Ryan scoring 15 points. Chuck Nichols and Ed Osborne had 10 points each. Tom McIntyre led the winners with 23.

Coach Reed feels his boys can have a good second half of the season with some tightening up on the

defense and a little more scoring punch.

The junior varsity squad led all the way over Houghton Lake Tuesday night with Dave Tunney scoring 17 points, Jim Moriatis had 16 and Dave Zimmerman added 10. Friday night's game over Alcona was a different story with the Card JV leading until the fourth quarter when they fell behind by three points, then exploded for 17 points in the last couple of minutes to win their third straight game. Tunney hit 22 points, Bob Clayton had 19, Moriatis had 14 and Bill Spencer tallied 10.

Mobile Home Burglaries Are Investigated

A series of six breakings and entries of mobile homes in Plainfield Township is under investigation by Isoco Sheriff's Department.

Five mobile homes were burglarized at Long Lake, including one owned by Eldon M. McDowell, Flint, and Charles Sayer, Bay City. Owners of three other mobile homes burglarized are unknown.

A quantity of guns, a deep freeze, camera equipment and a chain saw were stolen from a mobile home owned by Paul Jandron, Mt. Clemens, located on Towerline Road, Hale.

Officers are investigating theft of a tape deck and 10 tapes which were taken Friday from a car owned by Jean Rowland. The car was parked at Tawas Area High School. Value of the items stolen was estimated at \$150.

Nellie A. Inman of Glennie Died at Tawas Hospital

A 71-year-old Glennie resident, Nellie A. Inman, passed away Sunday, December 19, at Tawas Hospital, Tawas City. Funeral services will be held Wednesday (today), December 22, 2:40 p. m., at the Glennie Methodist Church with the Rev. James Gerzetic officiating. Burial will follow in Glennie Cemetery. The E. D. Jacques and Son Funeral Home, Tawas City, handled funeral arrangements.

Mrs. Inman was born April 1, 1900, in Akron, Ohio. Her husband, Ira J. Inman, preceded her in death several years ago.

She is survived by seven sons, Lloyd, Duane, Glenn and Ronald of Flint, Robert of Fenton, Harry of Lincoln and Jack of Glennie; two daughters, Mrs. Shirley Randall of Flint and Mrs. Pauline Kwiatek of Grass Lake; 49 grandchildren; five great grandchildren, and a brother, Clyde Parks of Flint.

every living creature was truly his brother

It is almost unfortunate that so much emphasis is put on the warm rapport Francis of Assisi had with the birds and beasts . . . to the exclusion of his other qualities.

Surely it is a moving, pleasant picture for our mind's eye, seeing Francis with birds hovering about him, and the animals eating out of his hand.

But Francis thought of all living things as his brother. In fact, St. Francis called the birds and beasts, the sun and moon and earth his brothers. Every man was his brother in the deepest sense that one can be another's brother.

Countless men and women flocked to him . . . the power-sufficed monarchs of the period, the 12th and 13th centuries . . . blood-stained outlaws, pleasure-sick hedonists, the rich and famous, the outcasts, the lepers — everyday people, the "little" people, whoever hungered for the love of God, turned to Francis of Assisi. And because the friar so lived what he believed, the love of God for every living thing, all of these people had to believe in this Love.

So the next time you see the statue of the fragile little priest with birds fluttering around him, and squirrels and rabbits frolicking, smile with pleasure . . . but remember the more significant meaning of his life . . . the day-to-day ministrations which affected multitudes of people, the love which we would hope to feel for our brothers, this Christmas 1971.

LORD

make me an instrument of Your peace.

Where there is hatred, let me sow love;

Where there is injury, pardon;

Where there is doubt, faith;

Where there is despair, hope;

Where there is darkness, light, and

Where there is sadness, joy.

O, divine master,

grant that I may not so much

Seek to be consoled as to console;

To be understood as to understand;

to be loved as to love;

For it is in giving that we receive;

It is in pardoning that we are pardoned;

and it is in dying that we are born

to eternal life.

Braves' Bench Strength Shines in 81-65 Victory Over Ogemaw

Tawas Area Braves downed visiting Ogemaw Heights Falcons Friday night for their fourth straight victory to preserve a two-way tie with Carrollton for top rung in the Northern B Conference.

Following a 67-55 win earlier in the week over the Oscoda Owls, the Braves outscored the Falcons in every quarter to take an 81-65 victory.

This was the last game of 1971 before the holiday break. The Braves are to resume action Tuesday, January 4, when they play host to the tough Bay City John Glen team.

As usual, the Braves had a tough time putting everything together and they ran into foul trouble early in the game as their two big men, Rob Hackborn and Tim Fox, had trouble guarding the baskets without coming into contact with Falcon shooters.

Despite this, 81 points by a team which supposedly was having an "off night" is a good indication of Tawas' scoring punch. Taking up the slack left by the early departure of Hackborn was Guard Bob Towns, who again had a hot hand from the outside. Towns fired in 11 field goals and three charity tosses to lead his mates with 25 points.

Although Tawas had a definite height advantage until fouls entered the picture, the Falcons remained within striking distance throughout the game, mainly on the basis of their speed and passing. Pat Thompson of Ogemaw Heights, an all conference pass interceptor in the recent football season, proved himself to be a tough customer on the hardwood. Thompson led his mates with seven field goals and five foul shots for 19 points.

The visitors took an early lead in the game on the shooting skills of Thompson and Howard Beach, but the Braves roared ahead before the quarter ended as Towns and Hackborn combined to score 11 of Tawas' 18 points.

The Braves moved out to a 40-32 margin at intermission when Fox started to hit on his jump shots from

the middle of the key.

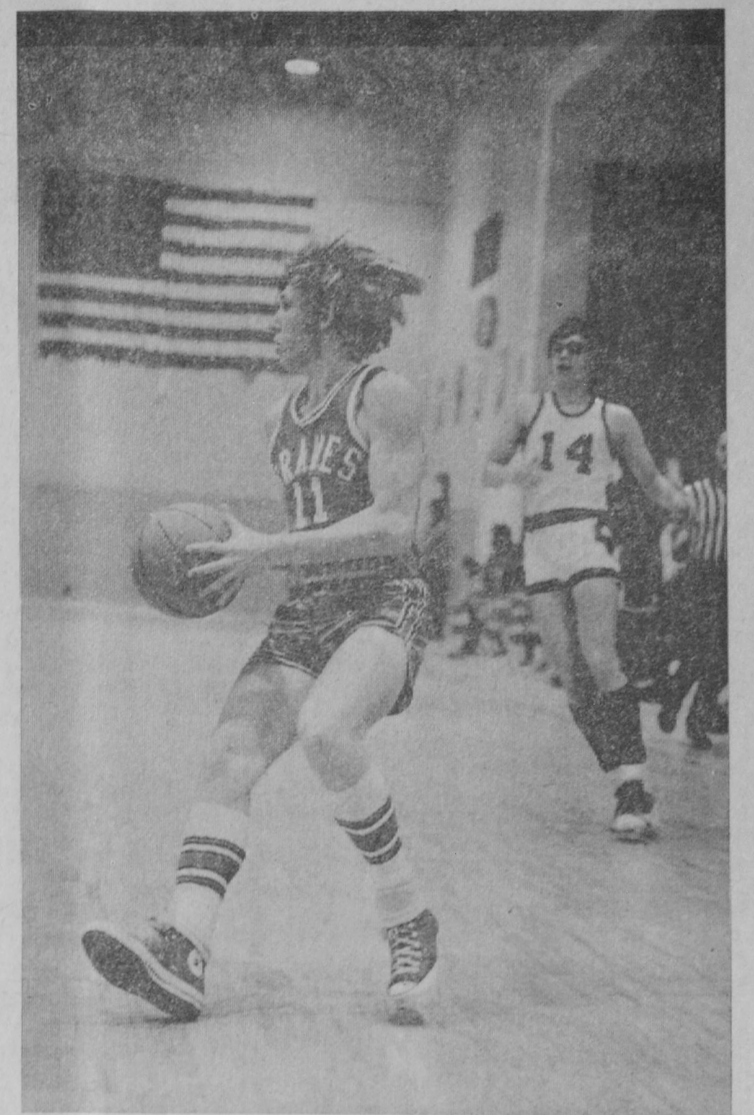

The Falcons continued to dog the Braves in the third quarter, but it was four field goals by Towns and some outstanding reserve strength turned in by Randy Potts, who filled in for Hackborn with two buckets, which turned the trick as Tawas edged the Ogemaw Heights squad, 18-16.

Fox, Hackborn, Steve Janego and Wayne Etue, who had his best night of the season with 13 points, all left the floor via the foul route in the fourth quarter and Coach Jim Papenfus used a total of 11 players to find the right combination during the night to make up for their loss. Towns continued to draw a deadly bead on the bucket and he meshed four field goals and three charity tosses, while Potts added two more buckets, to lead Tawas in its 23-16 fourth quarter edge over the visitors.

Referees called a total of 56 fouls during the night, which slowed playing time considerably. The Falcons were called 31 times and 25 fouls were toted against the Braves.

The Junior Braves continued their undefeated ways with a 65-33 victory over Ogemaw Heights Junior Varsity. Tawas jumped off to a 19-9 first quarter margin, topped the visitors with a 26-3 scoring edge in the second quarter and coasted in on quarter scores of 11-10 and 9-14. Terry Nichols again had his sights set right during the night as he meshed nine field goals and three foul shots for 21 points to lead the

Mini-Editorial

Unless there is a change for the better in sportsmanship and good conduct, Roger Spencer, "the voice of the Braves," is wasting his time when reciting the NBC's code of ethics over Tawas Area School's public address system prior to each basketball game.

Conduct and sportsmanship of the Tawas Area cheering section has deteriorated to such an extent that nearly every call by a referee against the home team draws an exceptionally loud chorus of boos. It has not always been this way.

While some may believe that the quality of officiating has deteriorated, unspportsmanlike conduct by fans—adult or student—adds nothing to the game; in fact, it detracts from the real purpose of high school sports. Actually, the referees could not care less about catcalls from the cheering section—they are paid well for taking such abuse and the good ones "call them the way they see 'em," regardless of what some fans might think.

Reciting the NBC code is a reminder to fans that their purchase of a ticket does not license one to display unspportsmanlike conduct at a high school basketball game. If all fans from all schools would remember this code, NBC basketball would be much more enjoyable.

Tawas Bravettes Defeated Oscoda

Tawas Area Bravettes defeated Oscoda Area girls team, 38-19, in action Wednesday night. The Tawas girls played a good game of pass and shoot and had no scoring problem.

Playing without one of its starters, Sandy Hodges, Oscoda Area was hampered by a good zone defense and a full court press utilized by the Tawas girls.

Gina Minard turned in another impressive performance on both offense and defense. Pam Koepke came up with a fine defensive game, being the leading rebounder as well as hitting in double figures. Minard had 18 points and Koepke meshed 10.

Others scoring for Tawas were Debi Clark, five; Bonnie Brown and Sue Kobs, two points each; Edith Gardiner, one point.

Tawas Area's junior varsity squad had little trouble with the Oscoda

team, taking a 26-7 decision. The Junior Bravettes now have a record of three wins and one loss.

Lisa Morrical was top scorer for the winners with 11 points, followed by Linda Kobs' 10 points. Joanne Revord had three points and Brenda Liddle had one field goal for the winners.

The next Bravette games will be January 6 when Tawas plays host to Essexville-Garber, a tall team with an excellent passing game. This will be one of the toughest tests of the season for the Bravettes, who recall losing to Garber last season by 25 points.

Plainfield Purchases 'Green Box' Units

After tabling any further action last month on a county-wide solid waste disposal project, Iosco County Board of Commissioners received word that its application for a \$75,000 federal grant to assist with the project had been approved.

At the monthly meeting held last Wednesday, Wilbur C. Roach, county planning commission chairman, told commissioners that a new application would have to be made if the board should decide at some future date to again take steps for a county-wide sanitary land facility.

Action on the proposal was dropped last month due to what Carlton Merschel, board chairman, described as a lack of interest by a number of the local units of government.

Two months ago, possible use of the East Tawas-Tawas City sanitary land fill as a county facility was discussed. It was felt by a number of townships that the facility was not centrally located and, even if made available, would result in high transportation costs.

In the meantime, Dennis Chrivia,

Plainfield Township supervisor, announced Friday that Plainfield had signed a contract to purchase 12 "green boxes" to be placed at various locations in the township.

In addition, Plainfield has signed a contract with a private firm which will pick up trash left in these five-yard boxes and then dispose of it at a state approved private sanitary land fill facility near South Branch.

"We think it is at least worth a try and we are going back to the original recommendation of the planning commission in developing the use of 'green boxes,'" said Chrivia.

The contractor is equipped with a packer truck and is expected to purchase another unit in the near future. The firm presently provides similar service to Rose City, Rose Township and other units as distant as Kawakawin.

Chrivia said that delivery is expected in six to eight weeks on the boxes. He said that such a system would meet requirements of the Michigan Department of Health.

Cost of this service has been esti-

mated at between \$8,000 and \$10,000 a year. The steel boxes have a price tag of \$295 each.

The supervisor said that the Long Lake dump had been closed and that the Hale dump would be closed as soon as the new system goes into operation. These two dumps, as well as others in the county, do not meet health department requirements.

"We were faced with an immediate problem and had to find a solution," said Chrivia. "We feel this method is the best answer and, if a county facility is developed at some later time, we would be ready."

Comes Home from College to Get Eagle Scout Badge

Two years ago, David Brumfield of Hale decided he would complete work toward the coveted eagle scout award. He had been in the community's scouting program for nearly seven years—joining a cub pack when eight years old—and it would mean a lot of extra work at an age when most boys usually drift away from scouting.

Now 18 years of age and a freshman at Grand Valley State College, Grand Rapids, David returned home for the Christmas vacation break and received his eagle scout badge Sunday afternoon in ceremonies held at the Plainfield Township Community Building.

The former Hale Area Eagle halfback, who played varsity football this fall at Grand Valley State College, actually earned the award at the close of last summer's scouting program. Because of schedule conflicts now that he is away from Hale, the award could not be presented until Sunday.

Two of David's chums from his scouting days—Bruce Scofield and Bruce Wilson, both of whom had previously received the eagle scout award from Hale Troop 90—were on hand for the ceremony. Both are students at Michigan State University.

In their talks during the ceremony, both Scofield and Wilson commented that it required real determination on Brumfield's part to complete work toward scouting's highest award.

"Believe me, it takes a lot of work to do all the things required and to live up to them, especially when one is out of school and there are so many other things to do," said Wilson.

One of the requirements is to earn 21 merit badges—11 mandatory and 10 from a list of 105. In addition, the candidate must serve as troop warrant officer for six months, display great leadership potential, as well as to plan, develop and carry out a project for his church or community.

David worked his way up through the scout ranks from den chief to assistant scoutmaster, plus serving two years on the staff of the old Paul Bunyan Reservation. He was awarded the Order of the Arrow in 1968.

Scoutmaster Richard Parkinson told those attending he was proud of the fact that David was the third eagle scout in his 13 years of association with Troop 90. He said that

more than 200 boys had participated in the troop's programs during that time and now, under a recent reorganization of scouting in Northern Michigan, the Hale troop's number has been changed to 900 in the new Lake Huron Council.

Much cooperation is needed from parents and leaders to achieve scouting's highest rank and Parkinson recalled he had told David two years ago he would buy him a steak dinner if he achieved his goal... an obligation to be fulfilled this week.

The Rev. Raymond Bruce of Hale Baptist Church, who earned the eagle rank when he was a young man, called receiving the badge one of the greatest achievements in his life and he encouraged the younger

members of the troop to work toward this honor.

"This training is vital and it will stick with you and be of great value to you during the rest of your life," said Mr. Bruce.

He reminded those in attendance that there would never be an eagle scout without an interested mother and father "pushing in the background," in this case, Mr. and Mrs. Dale Brumfield. The eagle scout badge was pinned on David's uniform by his mother.

Others taking part in the program were Harold "Bud" Bannister, neighborhood commissioner; James A. Mann, chief of Plainfield Township Fire Department, sponsor of the troop, and the membership of Troop 90.

End Losing 'Streak'

Hale Eagles Beat Fairview in Thriller

After losing two straight games, Hale Area Eagles again broke the ice Friday night by defeating a good Fairview team, 70-69, in overtime.

After leading at intermission, 28-25, Hale fell behind as Fairview came up with a 21-15 margin in the third quarter. The Eagles turned the tables on the visitors in the final quarter, 21-18, and the game ended at 64-64 in regulation time.

The Eagles scored six points to Fairview's five in overtime, the winning basket coming with nine seconds to go.

Miller and Pickett topped the winners with 24 and 23 points, respectively, while Bill Esch led the losers with 29.

Hale Area will not resume basketball action until January 7 when the Eagles play host to Mio.

Cub Scout Pack Held Christmas Party

Cub Scout Pack No. 922 met Wednesday, December 15, at the Grant Township Hall for a Christmas party. Five boys were welcomed into the pack and 11 awards were given out. Two dens of eight and nine-year-olds presented a skit based on the Christmas theme.
Fifty children were present and Santa arrived with a gift and candy for all. Refreshments were served. Guests included Mrs. Marie Lepard, George Heckman and Cindy Warner.

The Grant Township children's Christmas party was held Thursday evening at the township hall. Sixty children were present to greet Santa, who arrived with a gift and candy for each child.
Grant Township Women's Auxiliary Christmas dinner was attended by 39 women. The floral centerpiece was won by Mrs. Evans. The next meeting will be held January 11, 1972.
Mrs. Joan Winchell and daughter, Glenda, and Mrs. Dorothy Winchell attended the Christmas program at the Tawas City elementary school Friday night.

be aware of the angels abiding around you

Not all the angels are celestial beings, though we honor the heavenly host, especially at Christmas-time.

Angels are for all times, and for all places. Most of us have a feeling that we have a "personal angel" guarding us, a mediator with the Creator in time of stress.

But there are other angels. For example, when someone speaks rudely to you, and you do not respond with rudeness, an angel has visited you, illuminating your mind and heart with understanding. You realize that this person is troubled, is perhaps fearful, that there is a break of communications that would only be widened if you respond in kind. An angel helps to "build bridges" among humankind.

When you feel or see beauty, you are host to angels. And when you create beauty in the midst of darkness or evil, you belong with the seraphic group itself.

When you overcome the fears and doubts that assail all of us so-called "civilized" beings, if you rise to heights of achievement in spite of forces of lethargy and other self-protecting devices, you are in the company of angels.

This Christmas try to move thoughts away from self. It is so human to think of "Number One" first. We are all subject to this temptation. But this Holy Season we can make an effort to be more loving,

more patient, more understanding, more spiritually intelligent; we can become doers, and not just spectators, or well-wishers. We can become involved in situations that demand the purposeful activity of all sensitive and thoughtful persons.

the musical tradition of Christmas

The musical tradition of Christmas is believed to have begun in 129, when Telesphorus, Bishop of Rome, decreed that "in the holy night of the Nativity of our Lord and Savior, (all) do celebrate public church services and in them solemnly sing the Angel's Hymn..."

Since then, literally thousands of carols have been written by such as Sir Walter Raleigh, Martin Luther, Johannes Brahms, Francis Scott Key, Henry Wadsworth Longfellow and Pope Pius IX.

But Christmas songs weren't called carols until well into the 13th Century, because, during most of the Middle Ages, priests and monks did all the singing inside the churches.

The people were only allowed to sing and dance outside, making up words and tunes about the birth of Christ. The French word "carole" and the Italian "carola" both mean a ring dance accompanied by singing, and from this comes our word carol.

The first American Christmas carol was written by a French Jesuit missionary named John de Brebeuf. He composed a song called "Jesus Is Born" for the Huron Indians with whom he worked in the early 1640s.

State Police Investigate 3 PI Accidents

Michigan State Police from East Tawas investigated one personal injury auto accident and two snowmobile accidents Sunday.

Jonathan M. Schirmer, East Tawas, and George J. Miner Jr., Oscoda, were involved in a crash on US-23, AuSable Township. Officers said that Schirmer lost control of his vehicle on a curve. Receiving minor injuries was Carol Sanderson of Oscoda, a passenger in Miner's car.

Helen E. Wendt, Wilber Road, was injured in a snowmobile accident near her home. Officers said that the machine which she was operating struck a side porch on her house. A passenger on the machine, James Hartley, Corona, California, was not injured.

Timothy K. Sullivan, 14, National City, was taken to Tawas Hospital after being struck by a machine operated by Patrick M. Sullivan, 18. Officers said that Timothy fell off his machine on Elm Street, Sand Lake, and was struck after Patrick rounded a curve in the road.

men's hearts beat as one when astronauts landed on moon...let us recapture magic!

When the Wise Men watched with awe the brilliant stars in the heavens that wonderful night so many hundreds of years ago, it would have been lunacy for anyone to predict Man's landing on the moon centuries later. In fact, the word "lunacy" comes from the Latin word "luna," meaning "moon." Lunacy was supposed to be caused by changes in the moon. (And who knows? To some degree perhaps it is!)

To predict a world of peace where men actually live in harmony with one another throughout the earth, would have amounted to lunacy, as well.

Yet at Christmastime, every year, men of good will and indomitable faith continue to hope for such a world.

Is it any farther-fetched than man's dreaming of landing on the moon?

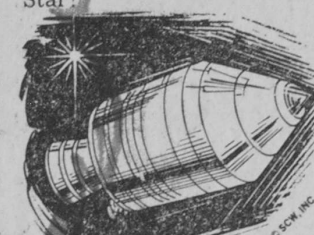

For if ever Man had evidence of oneness among humanity, he experienced it at moon-landing, 1969. Wise men today know it is one world.

Through modern technology and the magnificent courage of astronauts, man on the moon became a reality.

Through God-given gifts,

man has achieved this awesome milestone. A fragile craft, launched from Earth, floating in a galaxy of a billion billion stars, found its way through a thousand million galaxies, each with a trillion stars and planets, and came to rest, to hover over the Moon! Through God-given gifts (most of which man chooses to ignore) Man can achieve the even more miraculous... living in harmony with his brother, working together to solve all our problems, because they are common to us all.

The eye cannot see into the future, the mind cannot predict what is in store. But the heart and the will of man can work monumental magic. Fear not. Rejoice in this Christmas, 1971. And keep your "eye" on the Star.

Be not forgetful to entertain strangers: For thereby some have entertained angels unawares. —Hebrews 13:2

Harris Barkman Again Heads Tawas Chamber

Directors of Tawas Chamber of Commerce Wednesday re-elected Harris Barkman as president for the 1972 term. The chamber's annual installation of officers was held at a noon luncheon hosted by Lixey's Restaurant, East Tawas.

Other chamber officers include Jack Jacques, vice president; Gene Salamony, secretary; and Mrs. Joan Blust, treasurer.

Directors with two-year terms include C. A. Arlington, Joseph Badalucco, Leonard Calabrese, Jacques, Robert Johnson, Robert Kendall, Clarence King, Lloyd G. McKay Jr., Neal R. Miller, Gerald Reiter, Salamony, William Western and Robert Williams.

Members with one year remaining on their terms include Timothy O'Connor, Carl Babcock Jr., Mrs.

Blust, Mrs. Lynn Thomas, Mrs. Monica Huck, Larry Jean and David O'Farrell.

Among one-year directors installed Wednesday was Ronald J. (Joey) Greenlee, a junior at Tawas Area High School. Greenlee was selected by a vote of the high school student body to represent youth of the community on the chamber's board of directors. Greenlee will have full voting privileges on all questions to come before the chamber of commerce.

During Wednesday's business meeting, O'Connor announced that the Perchville USA committee was in the process of preparing a program for the annual event on the ice of Tawas Bay. He expects that concrete plans will be discussed at a meeting to be held the first week in January.

Arlington announced that 2,500 Perchville buttons had been received and plans were being made to distribute these buttons to business places of the area for a sales campaign.

Mrs. Janice Howell of Tawas City purchased the first button during Wednesday's meeting.

President Barkman announced that Wednesday, January 12, is the next regular meeting date of the board of directors.

Kroger Co. to Open Date Perishables

The Kroger Company today announced it will open date some 1,300 perishable food products packed under its private labels.

Announcement of the major policy decision was made in Milwaukee, Wisconsin, at a conference for consumer group leaders sponsored by the Center for Consumer Affairs of the University of Wisconsin Extension and the Community Nutrition Institute of Washington, D. C.

In making the announcement, Theodore Engel, vice president of grocery merchandising, Kroger food stores, said the date will indicate the final day on which the product may be offered for sale. This "pull" or final sale date is designed to allow the product to be at high quality for an average usage period, or longer, in the customer's home after purchase.

The program is being implemented immediately, Mr. Engel said, starting with wieners and luncheon meats, refrigerated biscuits, eggs and margarine. By the end of 1972, he explained, 1,300 private brand perishable and semi-perishable food products packed in Kroger's own processing plants or by outside manufacturers will be open-dated.

Kroger private label food products are sold in the company's 1,400 supermarkets in 20 Midwestern and Southern States.

Christmas Party Held by Club

Christmas meeting of the Ladies Literary Club was held at the clubrooms in East Tawas Wednesday, December 15. Clubrooms were decorated in the Christmas motif for the dinner. Mrs. Everett Wolfen, president, conducted a brief business meeting.

Mrs. Henry Mead presented Miss Marjorie Mielock of Consumers Power Company. She gave an illustrated talk on "Holiday Ideas" followed by the showing of slides and a demonstration.

Mrs. William Lyon, accompanied by Mrs. Herbert Hertzler, sang two solos, "Christmastime" by Ruth Rice and "O Holy Night" by A. Adams.

The meeting closed with a group singing of Christmas carols, accompanied by Mrs. William O'Loughlin.

Hostesses for the evening were Mrs. Louis Benson, Mrs. Hertzler, Mrs. Frank Wilkusi and Mrs. William Mitchell.

Next meeting will be held Wednesday, March 15, time and place to be announced at a later date.

All Employee Wages Must be Reported

Question: A woman who helps me with my cleaning every week also works in several other homes. She says that since one of her other employers is reporting her wages for social security I do not need to report what I pay her. Is this true?

Answer: Not necessarily. If you pay her \$50 or more in a calendar quarter of the year, you are required by law to report her wages and to send in the social security contributions, no matter how many of her other employers may also be reporting her wages. Any social security benefits payable to her in the future will be based on a record of all her wages reported during her working years.

Question: My doctor does not accept medicare assignments for direct payments to him. He has sent me a bill that I cannot pay right now. What can I do about it?

Answer: You can send the itemized bill to medicare before you pay it. You are responsible for the first \$50 in doctor bills each year. After that amount is deducted, medicare will pay you 80 percent of the reasonable charge for the services shown on the bill. Then you can turn the money over to the doctor and you will only owe him the balance.

Question: I will retire in a few months and start collecting social security retirement benefits. Will I

Tawas City May Purchase ET Water

15 Years Ago—

December 20, 1966—First steps were taken Tuesday night to study a plan whereby Tawas City may purchase water from East Tawas as soon as the latter city's new water filtration plant is constructed. The East Tawas Council recently voted to sell \$300,000 worth of revenue bonds to finance construction of the new plant.

Osman Ostrander, East Tawas restaurant owner, was named president of Tawas Chamber of Commerce. Elected to serve with him were James Martin, vice president; Bruce Myles, secretary; Charles Schreck, treasurer.

The East Tawas Council voted Monday night to install three blocks of new street lights along Newman Street. The present lighting system of 6,000-lumen units would be replaced with 10,000-lumen lights.

Attending a school for sheriff's department officers at Michigan State Police headquarters, East Lansing, are Undersheriff Leon Putnam and Deputy Gene Ballinger.

Neil Katterman and Barbara Binder are editors of the "Watts Warbler," a newspaper written and printed by fourth and fifth grade pupils at the Watts School.

25 Years Ago—

December 20, 1946—AuSable Forest Products Association's secretary, William B. Piper, reports a membership of 73 farmers and non-farm people. The cooperative had \$31,155 worth of business during the year.

Thirty-five employees of Tawas Industries enjoyed the company's annual Christmas turkey dinner.

Authority to charge state park users small fees for park services and facilities will be asked of the 1947 state legislature in a move by the conservation commission to help finance more adequate state park maintenance, operation and development.

Douglas Ferguson announces that the Ferguson Market will be under the management of Halim Hamway, former Detroit food store operator.

So much surplus American war material has been sent to the Chinese Nationalists in clearing off Pacific islands that the Chinese are looking for American business-

men to serve as brokers to resell to South America.

Countless Oregonians are scurrying around to see if they have some Indian blood in their veins. Incentive is the decision by the United States Supreme Court awarding about 15-million dollars to four Indian tribes of Oregon for land the "paleface" took away from the "red man" without even bothering to make a down payment.

35 Years Ago—

December 25, 1936—In his report to the state legislature, P. J. Hoffmaster, director of the department of conservation, appraised Michigan's commercial fishing industry at a value of approximately seven-million dollars, a considerable portion of which is distributed in the Saginaw and Tawas Bay area. Saginaw Bay was the second most productive water in the Great Lakes, with Lake Michigan in the lead. The aggregate "take" in Saginaw Bay was 7,383,580 pounds of fish. More herring were taken than any other single species. More than 150 men are employed in the Tawas-Oscoda-Arenac district.

Tickets are now on sale for the Tawas Adult Band Benefit banquet to be held at the Holland Hotel. This young and comparatively unknown organization is made up of men from both Tawas.

M. A. Sommerfield has received his retirement act check. This is the first to be received here by a railroad employee.

The pioneering stage in trailer existence seems to be over almost before it got under way. As more than 50,000 trailer owners established camps in state parks this year, the conservation department is planning special facilities for house trailers next year, including separate camp sites, better sanitary provisions, electricity outlets and—possibly—telephones. Total state park attendance during the year was 8,911,319 persons.

War clouds again gathered over the Far East when Generalissimo Chiang Kai-shek, dictator of China, was kidnaped by troops commanded by Marshal Chang Hsueh-liang, former war lord of Manchuria. The mutinous marshal demanded immediate declaration of war against Japan, a pledge from the Nanking government to recover all lost territory, including Manchuria, and reorganization of the Chinese Nationalist Party so that Chinese communists might be admitted to membership.

GLORY...TO...GOD IN...THE...HIGHEST

And it came to pass in those days that there went out a decree from Caesar Augustus, that all the world should be taxed.

And this taxing was first made when Cyrenius was governor of Syria.

And all went to be taxed, every one into his own city.

And Joseph also went up from Galilee, out of the city of Nazareth, into Judea, unto the city of David, which is called Bethlehem, because he was of the house and lineage of David.

To be taxed with Mary, his espoused wife, being great with child.

And so it was that, while they were there, the days were accomplished that she should be delivered.

And she brought forth her firstborn son, and wrapped him in swaddling clothes, and laid him in a manger, because there was no room for them in the inn.

And there were in the same country shepherds abiding in the field, keeping watch over their flock by night.

And, lo, the angel of the Lord came upon them, and the glory of the Lord shone round about them, and they were so afraid.

And the angel said unto them: Fear not; for, behold, I bring you good tidings of great joy, which shall be to all people.

For unto you is born this day in the city of David a Saviour, which is Christ the Lord.

And this shall be a sign unto you: Ye shall find the babe wrapped in swaddling clothes, lying in a manger. And suddenly there was

with the angel a multitude of the heavenly host, praising God, and saying:

Glory to God in the highest, and on earth peace, good will toward men.

And it came to pass, as the angels were gone away from them into heaven, the shepherds said one to another: Let us now go, even unto Bethlehem, and see this thing which is come to pass, which the Lord hath made known unto us.

And they came with haste, and found Mary and Joseph, and the babe lying in a manger.

And when they had seen it, they made known abroad the saying which was told them concerning this child.

And all they that heard it wondered at those things which were told them by the shepherds.

But Mary kept all these things, and pondered them in her heart.

And the shepherds returned, glorifying and praising God for all the things that they had heard and seen, as it was told unto them.

AARP Sets January 5 Meeting

Despite bad weather conditions, 46 members of the American Association of Retired Persons were present at the Wednesday, December 15, social meeting. A pot-luck dinner was enjoyed, followed by a gift exchange.

One visitor, Sylvia Ulman, was present. Door prizes were won by Inger Wilcox and Gilbert Jones. A quilt, donated by Bertha Stewart, a winter resident of Florida, was won by Mae Jerrell.

The business meeting will be held Wednesday, January 5, 12 o'clock

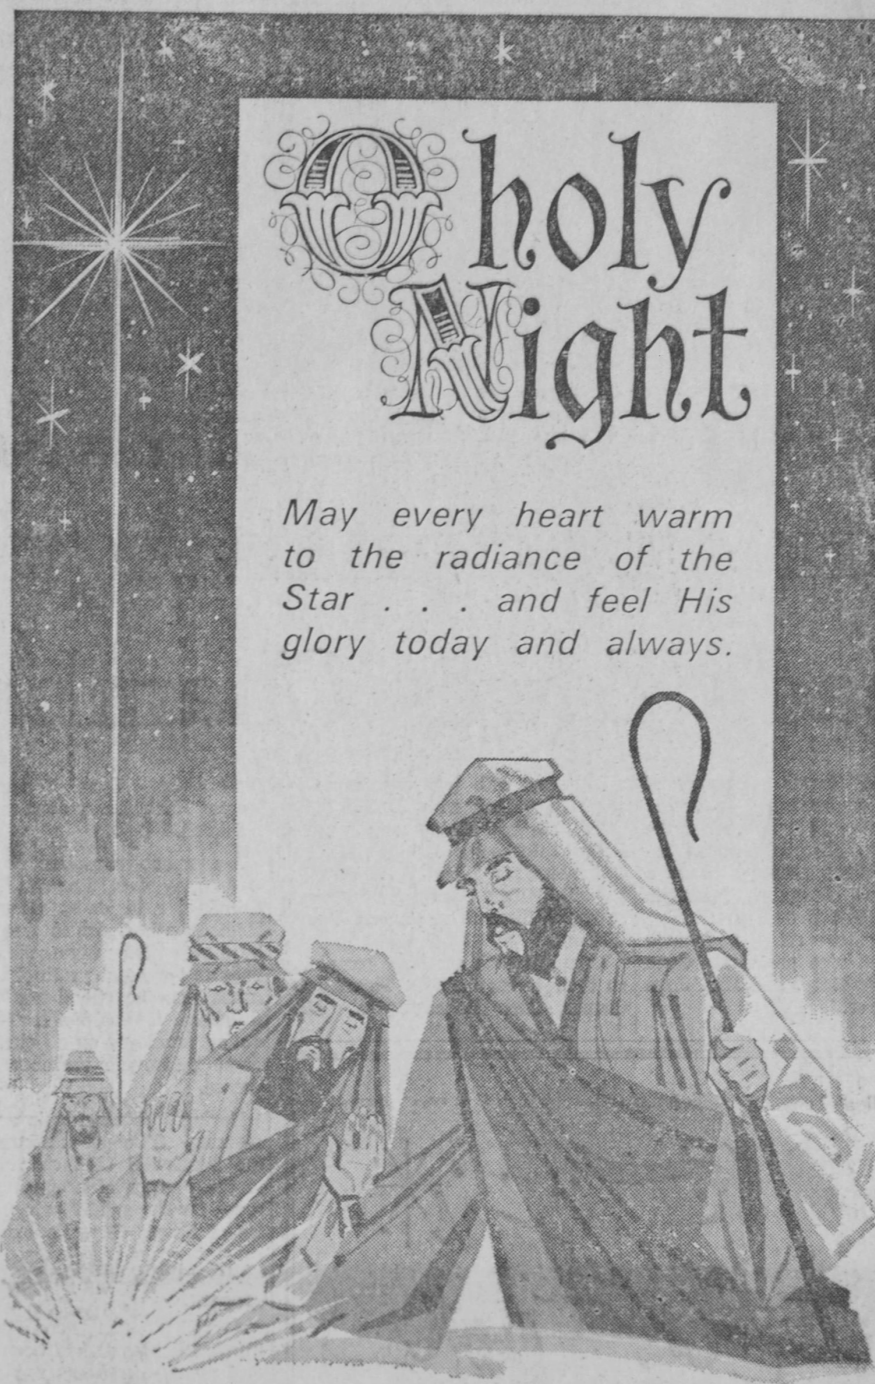

noon, at the East Tawas Community Building. Committees for the year will be appointed at that time. Members attending should bring a sack lunch. Tea and coffee will be served.

You can make Christmas Happen

Tonight some child right here in the Tawas area will be forced to go to bed hungry. Tomorrow morning some child will awaken to a new day. A day without hope, without happiness, without future. It really isn't too much to ask of each of us, who are more fortunate, to add just one more person to our Christmas list. A person who needs our compassion. Give. Give a little of yourself to your church relief fund, to the Salvation Army, to some organization working to make Christmas a time of happiness for everyone.

To give our employees a longer Christmas week-end, our Tawas City office will be closed Friday, December 24, and Monday, December 27. Our East Tawas office will maintain regular hours.

MAY IT BE THY WILL:
OUR GOD AND GOD OF OUR FATHERS,
THAT THIS COMING YEAR BE UNTO ALL THY PEOPLE:
A YEAR OF PLENTY,
A YEAR OF BLESSINGS,
A YEAR OF ASSEMBLY IN THY SANCTUARY,
A YEAR OF HAPPY LIFE FROM THEE,
A YEAR OF DEW AND RAIN AND WARMTH,
A YEAR IN WHICH THOU WILT BLESS OUR BREAD AND WATER,
A YEAR IN WHICH THY MERCIES WILL BE MOVED TOWARD US,
A YEAR OF PEACE AND TRANQUILITY IN WHICH THOU
WILT SET A BLESSING UPON THE WORK OF OUR HANDS.

East Parish WSCS Held Annual Tea

The annual Christmas tea of the Women's Society of Christian Service was held Tuesday, December 14, at the Tawas United Methodist Church, East Parish.

The evening began with a pageant, "Christmas Lives," by members of Faith Circle, with Mrs. William Lyon and Mrs. Francis Halstead as co-chairmen. Mrs. Alden Phelps was in charge of the music program.

Following the program in the church sanctuary, Mrs. Kenneth Tousley gave the invocation and approximately 125 members and guests were seated at tables in the fellowship hall. Members of Hope Circle had charge of decorations with Mrs. Joseph Dibley, chairman. Tables were lit by candles and the room was decorated in the season's colors.

Mrs. Harry Sherbine, chairman, and members of Mary-Martha Circle, took reservations and acted as hostesses.

Members of Esther Circle, with Mrs. Kathryn Davis, chairman, served dessert and Christmas cookies. Each guest was presented a corsage of holly as a gift from the Rev. and Mrs. Joseph Dibley. The United Youth Fellowship decorated a beautiful Christmas tree.

The Reverend Tousley closed the program with a special message for Christmas and the New Year and pronounced the benediction.

Nuts to You!
At this time every year, you may notice a subtle change in the foods you are eating. Suddenly, everything contains nuts—Christmas cookies, fruit cake, coconut toppings, nut garnishes on vegetables and plain nuts to crack and eat from your hand.

The United States Department of Agriculture publishes a bulletin called "Nuts in Family Meals." Written for consumers, it offers tips on buying, storing and preparing nuts for use. It contains recipes as well as a calorie listing and ounce-cup conversion chart.

"Nuts in Family Meals" is available free of charge from the following county Cooperative Extension Offices:

Arenac County Cooperative Extension Office, Courthouse, Standish; Iosco County Cooperative Extension Office, Federal Building, East Tawas; Ogemaw County Cooperative Extension Office, 116 South Third Street, West Branch.

Children Visit Facility Patients

A group of children, in grades three through six, from Tawas United Methodist Church visited patients at the Iosco Medical Care Facility Sunday, December 12. They spent their Sunday School hour singing Christmas carols.

The children had made gum drop candles and Christmas cards to be placed on the dinner trays of the patients.

to inform the congregation of the First Baptist Church, Tawas City, of the following schedule of holiday services:

The Christmas Eve candlelight service will be held Friday, December 24, 7:30 p. m., entitled "Christmas Eve Through The Centuries." Scriptures of Christmas, carols, a meditation by Mr. Rowland and lighting of the candles will highlight the evening.

Friday, December 31, the New Year's Eve family watch service will begin at 8:00 p. m. It will be an informal fellowship with games, refreshments, a time of sharing and devotionals.

Zion Evangelical Lutheran Church

The Rev. Robert E. Beyer reports that the schedule of services for the holiday season for Zion Evangelical Lutheran Church, Tawas City, has been arranged as follows:

The Christmas Eve candlelight worship will begin Friday, December 24, at 7:00 p. m.

Saturday, December 25, Christ Mass Holy Communion will take place at 10:00 a. m.

New Year's Eve Holy Communion service will be held Friday, December 31, at 7:30 p. m.

St. Joseph Catholic Church

The schedule of Christmas services for St. Joseph Catholic Church, East Tawas, is announced by the Rev. Fr. John Rushman.

Christmas Eve, Friday, December 24, the adult choir will sing carols under the direction of Mrs. Lucille Michaels. High Mass will follow at 8:00 p. m.

Saturday, December 25, Christmas morning, Masses will be celebrated at 8 o'clock, a Low Mass, and a High Mass at 10 o'clock, sung by the children's choir.

"And when they were come into the house, they saw the young child with Mary his mother, and fell down, and worshipped him; and when they had opened their treasures, they presented unto him gifts; gold, and frankincense, and myrrh."

This passage from the account in Matthew's Gospel about the birth of Christ Jesus will be read at Christian Science church services Sunday.

From "Science and Health with Key to the Scriptures" by Mary Baker Eddy these words will also be read: "When a new spiritual idea is borne to earth, the prophetic Scripture of Isaiah is renewedly fulfilled: 'Unto us a child is born... and his name shall be called Wonderful!'"

a time to pause and take stock..

"You can't see the woods for the trees" ... so goes an old saying.

To paraphrase this, "you can't experience Christmas because of the tinsely litter that covers and surrounds it."

How easily one can become engulfed in the wrappings, in the outward and visible display of the Season... and lose sight of the true meaning!

After all, the secular Christmas is based on worthwhile things... communicating with family and friends in various, time-consuming ways...

There are cards to be addressed and mailed... or taken to a special mailbox for distribution. There is an air of hospitality you should observe. (Only a Scrooge would frown on this!) There are fixings-up of the house, choosing decorations, foods to prepare... gifts to make or buy. Even if the purchase costs little, there is the special time for the special gifts.

And who would begrudge the spending of time on these happy duties? In fact, most of us enjoy the doing, even though we get footsore and weary, and perhaps foolishly overspend.

Just so we do not lose the whole point of Christmas, just so the celebration is not squandered and becomes dull, or part of a too-often-repeated pattern.

Let us try to salvage the true delights of Christmas, as a child would enjoy it. Not in childishness, but in childlike wonder, a renaissance of the joyous spirit that we sometimes permit to become jaded.

Suitability

At Christmas I no more desire a rose
Than wish a snow in May's new-fangled mirth;
But like of each thing that in season grows.

Young Craftsmen Make Presents . . .

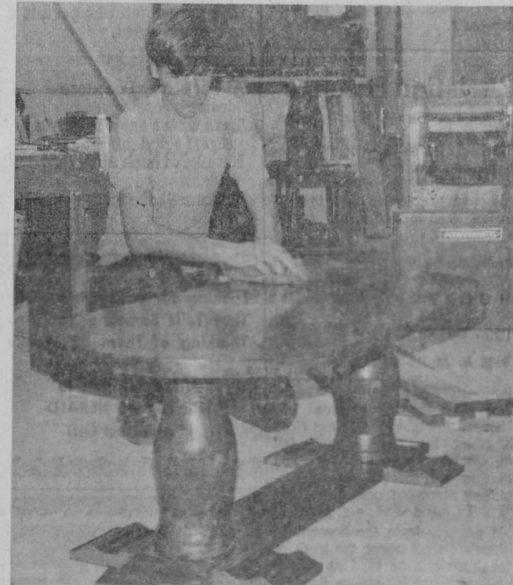

WOODWORKING STUDENTS of Hale Area School's vocational training program presented an exhibit Tuesday night (last night) of projects completed during the past 10 weeks for the Christmas season. A few of the projects and the young craftsmen are shown in these pictures. Vern Reed, instructor, said that wood used for most of the projects was native Michigan cherry. While such a school program is not intended to turn out finished cabinet makers, these boys have shown outstanding craftsmanship in execution and design of the projects.—Tawas Herald Photos.

ROD KATTERMAN, senior, is shown with a grandfather's clock which he constructed from scratch. Imported clock works and chimes are installed in the case.

DAVID RUNYAN tests the piano hinge on this drop leaf harvest table. The legs were fluted on a molding head installed on the school shop's table saw.

STEVE CLINE, sophomore, puts the finishing touches on this double pedestal oval cocktail table.

KEYNO AND TYSON SHELLNBARGER display their projects, including a glassed-in case for a display of taxidermy, left, and a harvest tray floor lamp at right.

Mincemeat Pie Is Traditional at Christmas

By SUSAN SMALLEY

Extension Home Economist

Christmas Every Day

Little children sometimes think how nice it would be if every day were Christmas. Usually, they mean the gift-giving part, but what if the spirit of Christmas could last throughout the year. Most of us wish for this and Elizabeth Cushing Taylor says it in her poem, "I Like to Think of Christmas."

I read in a current magazine about a man who said he celebrates Christmas every day because each day babies are born. He daily is thankful, so each day becomes a "Thanksgiving. Love in an 'ordinary' day makes it Valentine's Day. And the idea of renewal brings Easter into daily living. His philosophy is one that I would like to try.

Some of the traditional Christmas foods can make every day more like a holiday. Here is a recipe for homemade mincemeat that you still can make before Christmas. What is not used now, you can store to treat the family long after the last holiday ornament is back in the attic.

HOMEMADE MINCEMEAT
2 1/2 pounds regular ground beef
4 pounds tart apples, pared, cored and chopped fine
1 1/4 cups currants
3 1/2 cups raisins
3 1/2 cups packed brown sugar
1 quart apple cider or juice
1 cup meat stock or bouillon

1 teaspoon salt
2 teaspoons nutmeg
2 teaspoons ground cloves
1 tablespoon cinnamon
1/2 cup fresh lemon juice

one hour, stirring frequently to prevent scorching. Add lemon juice and stir to blend. Remove from heat.

Mincemeat may be stored in refrigerator for four or five days. For longer storage, freeze it in ready-to-use quantities. Recipe makes four quarts, enough for four, eight-inch pies.

Services Held for TC Nursing Home Operator

Olive May (Peggy) Abbott of Tawas City, 64, passed away Tuesday, December 14. Funeral services were conducted by the Rev. Kenneth Tausley at the Moffatt Funeral Home, East Tawas, Friday, December 17. Burial followed in Wilber Township Cemetery.

Mrs. Abbott was born May 27, 1907, in Ontario, Canada. She moved to the United States and became a citizen of this country in 1936. She was a member of Tawas United Methodist Church and Irene Rebekah Lodge No. 137.

She is survived by three sons, Arthur of Troy, Neil and Harvey, both of Tawas City; six grandchildren; two brothers and one sister, all living in Canada.

Catch Up on New Sewing Methods

By SUSAN SMALLEY
Extension Home Economist

A New Way To Sew
Are you using the same sewing techniques you learned back in your high school home economics class? Or maybe you sew the way mother taught you some years ago. If so, it is time for a change!

Fabrics, patterns and construction techniques have really undergone change during the past decade. If you have not updated your own methods, you are missing out on a good thing.

Take the time to catch up now by attending "Sewing: Today's Techniques." This is a 1½-two hour session sponsored by Cooperative Extension Service Family Living. Mrs. Jean Winter, local sewing instructor, will conduct the session.

Mrs. Winter promises to discuss the new knits that have become so popular. She will show some of the patterns created exclusively for use with these knits, and she will let us in on some time-saving techniques.

Would you believe that you could make a sweater in 45 minutes? How about a neckline finish that requires no facing?

If this sounds good to you, circle one of the following dates on your calendar: Tuesday, January 4, 10:00 a. m.; Wednesday, January 5, 1:30 p. m.; Thursday, January 6, 1:30 p. m., at the Cooperative Extension Service, Conference Room, West Branch.

Superstitions

Christmas decorations remind us of old beliefs. In England people kept a sprig of holly in the house after the holidays to protect the house against lightning. Mistletoe was likewise kept in the house as a guard against witches. People in rural areas were known to wear a bit of mistletoe tied in a tiny bag about the neck as a witch repellent.
