

Court Street Set for Sealcoating on Entire Length

Another change has been made in Tawas City's street improvement program for 1971.

At Monday night's meeting of the city council, authorization was given to blacktop two blocks of Court Street from First Street to River Street which had not been included in the Court Street project added to the 1971 program two weeks ago.

In a letter to the council, Elmer Werth, general manager of Tawas Industries, Incorporated, pointed out that the two blocks left out of the project probably received more traffic than the remainder of Court Street.

The Court Street project was not included in the original recommendations submitted by the street committee two weeks ago. All the time,

Ald. Martin Wellna, who has urged surfacing of this street for the past four years because of its importance as a parallel route to US-23, urged the council to include Court Street in its 1971 plans. He said that traffic on that street had increased tremendously since installation of a traffic light at the M-55-US-23 intersection.

Reginald Bublitz, superintendent of public works, estimated that cost of blacktopping the two remaining blocks would be about \$400. In order to finance this addition, the council deleted seal coating on German Street from M-55, 350 feet to River Street.

Information was presented at the meeting which indicates that paving on this street would be even more narrow than the 18 to 20-foot width originally anticipated. Federal law specified, it was stated, that a paved road surface may be no closer than 1 1/2 feet to the railroad tracks. This would reduce the traveled portion of the street to 15 or 16 feet at some points.

The railroad is presently making considerable improvement to its roadbed through Tawas City and any street work would probably follow this development.

At its meeting two weeks ago, it was pointed out that two-lane traffic on this narrow street could damage the edges of any bituminous surface and, if this should occur after construction, the council may give consideration to making the south side a one-way street.

The splitting of Court Street by rails is of local historical interest. When the Tawas and Bay County Railroad was originally extended east through Tawas City in about 1880, rails were placed in the middle of Court Street. According to local legend, work was done while townspeople were attending a picnic at the East Branch of the AuGres River sponsored by the Rev. C. H. Prescott, lumberman and then president of the railroad.

The route was not opposed because citizens were in favor of the much needed rail transportation and the right-of-way was approved over the platted, but undeveloped street. Except for a graveled surface in recent years, the street was never improved because of the two narrow lanes on each side of the rails.

Carl Peters, Businessman, Died June 17

Carl W. Peters, Tawas City businessman, died Thursday, June 17, at Tawas Hospital. Funeral services were conducted Monday, June 21, from Christ Episcopal Church, East Tawas, with the Rev. Alfred W. Saulsbury officiating. Burial was in Immaculate Heart of Mary Cemetery, Tawas City.

Born February 19, 1899, at Grand Rapids, he had been a farm machinery salesman in the Thumb area, later moving to Saginaw and Twinning.

Peters and his late wife, Jean, who passed away in February 1970, came to Tawas City in July 1941, when they purchased the Iosco Hotel. After selling that business several years ago, Peters operated a trailer sales at his home at 504 Lake Street until the death of his wife. He then moved his sales to Ken's Sunoco Service, where he was in the trailer business until his death.

He was a veteran of United States Army service during World War I. He is survived by one son, Clyde Peters, Wyoming; a daughter, Mrs. Alice Schwars, Scottsville, and eight grandchildren.

Five More Homes to be Constructed at North Park Acres

Construction of five new homes in North Park Acres Subdivision was included in building applications approved during the past two weeks by Tawas City Department of Public Works.

Reginald Bublitz, superintendent of public works, told the city council Monday night that the homes were to be built "on site," rather than the modular type construction which presently is being blocked by a temporary circuit court injunction brought by property owners against another builder.

Rodarte Builders, Incorporated, Saginaw, received permits on the following applications:

Dwellings at 544 First Avenue, 24 by 42-feet with 14 by 24-foot attached garage, \$23,000; 528 First Avenue, 24 by 42-feet with 12 by 24-foot ga-

rage, \$23,000; 535 First Avenue, 36 by 26-feet with 12 by 26-foot garage, \$24,000; 536 First Avenue, 24 by 42-feet with 12 by 24-foot garage, \$23,000; 543 First Avenue, 24 by 42-feet with 14 by 24-foot garage, \$23,000.

Other applications approved included Don Karcher, Elms Subdivision, 23 by 48-foot home, \$15,000; James Lansky, 1138 Bay Drive, add brick to home and construct 20 by 26-foot family room, \$4,000; Neil Thornton, move house from 504 Lake Street to 609 Fourth Street; Martha D. Fiedler, 512 Ninth Avenue, 22 by 16-foot garage, \$1,000; June L. Clark, 301 North Street, reside garage, \$85; Clarence Oates, 214 Fifth Avenue, 24 by 27-foot garage attached to house by breezeway, \$1,200; O. L. Patterson, 105 River Street, 10 by 28-foot addition, \$1,500.

OK Parking Lot Engineer Study

On recommendation of the Tawas City Park Board, Edman's Engineering, Incorporated, Bay City, is to develop plans for blacktopping

the parking lot at the city park. Members of the park board inspected the parking lot Monday and believed that professional advice should be obtained before plans were made.

Saginaw Man Held Here on B and E Charge

William Stammen of Saginaw is being held at Iosco County Jail under \$2,000 bond after his arraignment Monday on a charge of breaking and entering.

The charge stems from a June 1 complaint at Hale Wrecking Company which was investigated by Iosco Sheriff's Department. Two tires and four chromed rims were stolen at that place of business.

Stammen was arrested at Saginaw following an investigation by Iosco Sheriff's Department officers.

Reginald Bublitz, superintendent of public works, told the city council Monday night that it would be much easier to qualify for state funds if such engineering was secured. If approved, the state would participate for 80 percent of the cost.

Another development Monday night saw Carl B. Babcock Jr. deed a 54 by 70-foot parcel of land to the park at no additional cost to the city. This property was not included in original negotiations four years ago when the city took steps to expand the west end of the park.

Property involved in the above transaction is immediately behind the Iosco Abstract Office. The city purchased a parcel of land along the shore of Tawas Bay several years ago from Babcock which allowed park expansion to the west.

District Court Examination Set Today

District court examination for eight of 10 persons arrested June 13 at Gordon Creek campgrounds on federal narcotics charges is to be held today (Wednesday) before Judge J. Richard Ernst.

Demanding examination when arraigned last week and appearing today before Judge Ernst will be Rudolph W. Staib, 19, Saginaw, sale of heroin; Gabriel H. Ferris, 22, Saginaw, sale of heroin; Ronald H. Borieau, 20, Hemlock, sale of LSD; Thomas L. Sullivan, 22, Saginaw, sale of marijuana; Henry A. Flues Jr., 24, Bay City, sale of marijuana; Maurice P. Montpas, 21, Flint, sale of marijuana; Brendan J. Crane, 18, Bay City, possession of marijuana; David Solomon, 19, Bay City, possession of marijuana.

Waiving examination and bound over to circuit court were Mary K. Porter, 20, possession of hashish, and Robert M. Tebo, 20, Saginaw, possession of heroin.

Young Auto Thief Caught at Standish

A 15-year-old Farmington youth, who drove off Monday morning in a car stolen at Tawas City, was apprehended within three-quarters of an hour by the Standish Police Department.

A petition has been filed in Iosco Probate Court to turn the juvenile over to Oakland County Probate Court authorities.

The youth, who had been seen walking along US-23, drove off in a car owned by Joseph Heenan, which had been parked along US-23. Investigating Iosco Sheriff's Department officers said that keys had been left in the ignition switch.

Area police agencies were alerted on the Michigan State Police network and the stolen car was stopped at Standish. The youth attempted to escape in a brushy area near the Standish Stock Yards, but he was later picked up by Standish officers.

Four Hurt in Accidents Last Week

Four personal injury accidents were investigated last week by Michigan State Police from East Tawas.

James M. Tyree, 57, Flint, received minor injuries early Saturday morning when his auto struck two horses on Monument Road at the Spartan Road intersection. The driver told officers that as he rounded a curve there were four or five horses standing in the road near Tawas Golf and Country Club. He said he was unable to avoid the collision. Officers said the two horses struck by the auto, owned by James Clark of Tawas City, were not killed.

Thomas A. Marshall, 37, Royal Oak, received minor injuries Saturday when his auto struck some loose sand on Meadow Road and was pulled into the ditch. The vehicle struck a rock and tipped over.

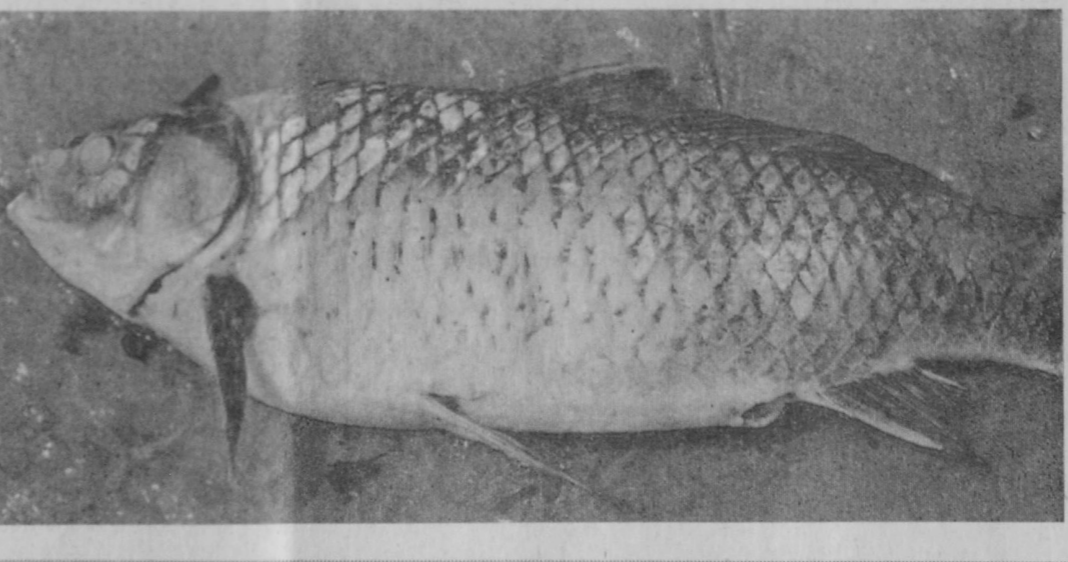

Two youngsters riding a bicycle received minor injuries Friday in a collision with a car near the county building. Injured were Julie A. Trudell, eight years old, and Terry J. Trudell, four years old, children of Mr. and Mrs. Theodore Trudell. Keith C. McLean, 53, Whittemore, told officers he heard a thump on his car as he pulled onto US-23 and looked back to find the two children on the ground.

Errol D. Yax, 21, Tawas City, was admitted to Tawas Hospital Saturday after his car failed to negotiate a curve on Wilber Road at the Galion Road intersection.

Phew!

BECAUSE of prevailing winds, the Tawas Bay area has been fortunate in past years to escape much of the grief caused by the annual dieoff of alewives. It was not that way last week as thousands of the decaying fish washed up on Tawas Bay beaches. Park attendants at Tawas City and East Tawas were kept busy removing the silvery fish by the truckloads, but it was a losing battle. Motorists traveling along US-23 held their noses after one whiff of the bay. Other fish were found along the bayshore, including the carp at bottom, which only added to the discomfort of park users. Park and tourist industry officials hope the air and the bay will clear before long, but the situation could worsen.—Tawas Herald Photos.

City OKs Use of Radar on East Tawas Streets

Use of a radar unit to clock the speed of automobile traffic was authorized Monday night by the East Tawas Council.

Police Chief Donald Docking reported that use of a unit owned by the AuSable-Oscoda Police Department had been offered to the city. Only cost to the city would be to purchase highway signs warning motorists that a radar unit was being used to clock traffic.

In other business, the council authorized reserving four parking spaces in the parking lot next to the city hall for use of city employees. It was stated that employees presently were unable to find parking spaces in that lot.

Joseph Badaluco, park manager,

reported that a state grant for assisting in development of the Tom Dillon Park now seems certain. A grant of about \$9,300 is expected after engineering is obtained for the development.

Badaluco reported that use of the city park on Tawas Bay had increased during the past year. A comparison of receipts for the month of May during the past two years indicates that camper days increased from 1,428 to 1,525 and receipts of \$3,213 in May 1970 rose to \$3,803 in May 1971. A comparison of receipts during June to date indicates total camper days of 2,027, while there were 1,469 camper days during the same period last year.

Deloise (Dewey) Durant reported

that a proposed special assessment district to purchase the privately-owned parking lot behind stores on the west side of Newman Street had a valuation of \$650,000. It was reported that the portion of the parking lot being considered by the special assessment district had a valuation of \$90,000.

An allocation of \$200 was made to Tawas Chamber of Commerce to help defray expense of the Tawas Tourist Festival in August.

Building applications approved during the past two weeks included: F. A. Rogers, 327 Lakewood Drive, remodel home, \$1,285; A. Mazella, Tawas Lake, construct 20 by 22-foot frame garage, \$1,500; Wayne Vaughan, 501 East Lincoln, remodel, \$400.

Iosco Commission Tables Pay Until Receipt of Report

Mobilization of 13 members of the Iosco Sheriff's Posse to assist with regular week-end road patrols since Memorial Day has resulted in added costs of \$415 on the sheriff's budget.

At its regular monthly meeting Wednesday, Iosco Board of Commissioners voted to withhold payment on this bill until a complete report was received on activities.

Because of the increasing activities of young people camping at Gordon Creek this year, an added burden of road patrol had been placed on the sheriff's department. Posse members, whose normal "unofficial" duties are confined to parades, have assisted by accompanying regular deputies in patrol cars.

In other business conducted June 16, the commission heard a report from Thomas Harvard, biologist of the Michigan Department of Natural Resources, concerning deer management. It was stated that reduced quotas for antlerless deer are expected this year and some areas are to be closed to doe hunting.

Representatives of the Iosco Township Association attending the June session were Charles Smith, Oscoda Township supervisor; Hope Rescoe, Alabaster Township clerk; Doris Tomlinson, Wilber Township clerk; Howard Burdett, Baldwin Township trustee.

Topics discussed by these representatives and the commission included apportionment, dog warden and a county-wide sanitary land fill.

It was reported that the county is awaiting clarification from the attorney general's office concerning

reapportionment of the county based on the 1970 census.

The county planning commission is now in the process of an informational program explaining purposes and cost of the proposed solid waste disposal system. Estimated cost of this project is \$120,000 and the annual operational cost would be about \$65,000.

A resolution was adopted opening negotiations with Robert Smith to operate a portion of the airport facility on a lease basis.

The judiciary committee recommended that bills totaling \$1,194 for uncollected ambulance charges be returned to Gilbert Funeral Home, Bennett Funeral Home and Tawas Hospital in accordance with the commission's 1970 resolution which requires ambulance operators to exercise a normal effort toward collection of bills from individuals and, if uncollectable, to file an affidavit with the county.

The board authorized payment of \$100 to Clarence King for the lease on the county dog pound and directed that a bill for \$100 be sent to William Tarnosky. This payment had been made last month to the latter.

Effective immediately, the commission authorized per diem payment of \$30, instead of \$25, to members of various county boards meeting more than one-half day.

A resolution was adopted allowing the county park commission to establish its own bookkeeping system to handle its own finances, rather than to have such work done by the county clerk and treasurer.

Sheriff Explains Reasons Behind Mobilizing Posse

As a means of "beefing up" regular patrols over the Memorial Day week-end, Sheriff Ivan O'Farrell mobilized several members of the Iosco Sheriff's Posse for two nights.

"To meet even half of the demands over that holiday; we had to have help in order to maintain four crews working nights," said O'Farrell. Four or five posse members were assigned to regular deputies in order to have at least two men in a car.

"These posse members do not have full police powers, but are able to assist a full time officer. They have general permits to carry side-arms. Over the Memorial Day week-end, the sheriff's department made 55 arrests and traveled hundreds of miles delivering messages and answering complaints," said O'Farrell.

"We realize that a county this size cannot afford a large police force as it would not be needed most of the time. A small force is sufficient for about nine months of the year but, beginning with Memorial Day, the picture changes. The population leaps tremendously about June 15 and, until Labor Day, it is a new ball game.

"I am sure that if we were to continue using some members of the posse, sparingly of course, on such holidays as Memorial Day, Independence Day, Labor Day and possibly the week-end of the county fair, or in cases of disaster, the cost probably would not be more than \$600 to \$700 per year. It would show the citizens that we are trying to do the job that they expect of us," said O'Farrell in a letter to the board of commissioners.

O'Farrell said the posse was organized in 1966-67, after various earlier attempts had failed. "Iosco County should take pride in it as it has been in demand all over the northern part of the Lower Peninsula for parades and festivals," said the sheriff.

The only investment to taxpayers is the cost of badges and night sticks. Posse members do not get wages for parades or homecomings—a member pays his own expense when he leaves the county for any occasion.

"Expenses are very high in maintaining horses, trailers, hay and gasoline," said O'Farrell. "But, as one member of the posse stated, 'some people go for boats, some for flashy cars—we go for horses and the posse for our recreation!'"

The sheriff said that while most members were middle aged, more and more young people were becoming interested and numerous applications for membership in the organization have been received. Candidates are processed and screened by a committee to protect the organization.

"It is imperative that we make some emergency plans and to explore various ways of maintaining the peace in time of crisis. Although no major trouble developed at Gordon Creek over Memorial Day, the potential was there," said the sheriff.

Set Hearing on Hill Top Road Closing

A resolution calling for a hearing on closing a portion of Hill Top Road located in the Second Addition to the Elms was adopted Monday night by the Tawas City Council.

The hearing has been scheduled for Monday, July 19, 7:30 p. m., at the city hall. Persons wishing to object are to submit statements to the city clerk.

This street closing request had been presented to the council on March 15 by Carl B. Babcock Jr., who said he was the sole property owner and user involved. Babcock said the 33-foot street was unsuitable as a public thoroughfare, that no public utilities were located on it and that no lot owner would have his access cut off because of the proposed vacation.

A move to table the resolution by Ald. Martin Wellna lost for lack of support.

Social

Engaged

Edward Anshuetz of Tawas City announces the engagement of his daughter, Sharon Kay, to Charles Edward Quarters, son of Mr. and Mrs. Charles Quarters of East Tawas.

The couple is planning an October 16 wedding.

Clark-Houston Nuptial Vows Said at Oscoda

In 4 o'clock rites Saturday, June 12, at the Church of Christ, Oscoda, the Rev. William Towry officiated at the double ring service uniting Sharon Kay Houston and Clark William Clark in marriage.

The bride is the daughter of Mrs. Catherine Houston of Tawas City and Frank Houston of Anchorage, Alaska. Her husband is the son of Mr. and Mrs. Jack R. Clark of Oscoda.

The former Miss Houston chose a chiffon over white satin, full-length gown with high waistline and bishop sleeves. The bodice was trimmed in white flower lace. Her chapel-length veil was secured by a beaded tiara and she carried a bouquet of white, feathered chrysanthemums, centered with a corsage of white and pink roses.

Miss Shirlee Houston, sister of the bride, was maid of honor. She wore a yellow taffeta, floor-length gown with Empire waistline. A chiffon train fell from her shoulders. She carried a bouquet of yellow roses and white chrysanthemums.

The bridegroom chose his brother, Joseph Clark, as best man. John Colvin and Philip Towry seated the guests.

For her daughter's wedding, Mrs. Houston chose a coral dress. Mrs. Clark wore a pink lace dress and coat ensemble. Both wore corsages of pink roses and white chrysanthemums.

The newlyweds enjoyed a one-week wedding trip through Northern Michigan.

Guests were present from Midland, Oscoda; East Tawas; Detroit; Toledo, Ohio, and South Bend, Indiana.

Brown-Cowan Marriage Vows Said in T. City

Arrangements of daisies, spirea and tamarack formed a floral background in Immaculate Heart of Mary Church, Tawas City, for the marriage Saturday, June 19, of Darcey Ann Cowan and William A. Brown.

The Rev. Fr. Raymond J. Pilarski performed the 3 o'clock, double ring service. Mrs. Vernon Beaubien was vocalist, accompanied by Mrs. Frank Byrd.

The bride is the daughter of Mr. and Mrs. Michael E. Cowan of Tawas City. Mr. and Mrs. Bostwick G. Brown of Tawas City are parents of the bridegroom.

Escorted to the altar by her father, the bride chose an A-line, floor-length gown of white crepe with front and back panel insets of lace and lace sleeves. Her pearl-length veil was secured by a pearl and rose headpiece, fashioned of organza. She carried a bouquet of daisies and yellow roses.

Miss Bonita Schulte of National City, attired in a lilac crepe gown, acted as maid of honor. Mrs. Kristy Morris and Miss Lorraine Cowan, sisters of the bride, were bridesmaids. Mrs. Morris wore an aqua crepe gown and Miss Cowan, yellow crepe. All wore complementary picture hats and carried nosegays of daisies and yellow roses.

Richard Brown of Mt. Clemens, brother of the bridegroom, served as best man with A. Wayne Morris and Donald Brown, brother of the bridegroom, groomsmen. Donald Walker and James Delle seated the guests.

Wilber Township Hall was the scene of the reception following the ceremony attended by approximately 350 guests from Milford, Detroit, Lathrup Village, AuGros, Algonac, Mt. Clemens, Owosso, Romulus, Brant, Berkley, St. Charles, New Baltimore and Prescott.

Mrs. Cowan greeted guests in an apricot knit dress. A white dress trimmed in red and blue was the choice of Mrs. Brown. Both wore orchid corsages.

The newlyweds will reside at 514 West M-55, Tawas City, following a week-end trip through Northern Michigan.

The new Mrs. Brown is a graduate of Tawas Area High School. Her husband is also a graduate of Tawas Area High School and attended Alpena Community College.

Pre-nuptial showers honoring the bride were hosted by Beverly and Kathy Yax, Gladys and Bonita Brown; Arvilla Fairfield; Miss Schulte, Kathie Rice, and Mrs. Morris.

Attend Convention of Practical Nurses

The president served as installing officer and presented each with a corsage.

A brief business session after dinner gave further details of the annual convention and announced the banquet speaker to be Earl J. Hill, public relations representative for Consumers Power Company, Jackson. "The Pursuit of Happiness" will be the topic. Mr. Hill will also serve as master of ceremonies.

The membership voiced opposition to bill No. 676, which would more than triple annual licensure for LPN's and bring them in line with much higher salaried members of the medical team. Letters of congressmen will be sent by individual members.

It was voted to hold future meetings at the Colonial Inn, beginning the second Monday in September. Each member will be responsible for his or her refreshments. The program is to be shared each third month by West Branch, Oscoda and members from the Tawasess.

Mrs. Elsie Proper, Tawas City, president; Mrs. Ethel S. Fricke, East Tawas, secretary, and Mrs. Violet Lake, Oscoda, treasurer, licensed practical nurses from the Tawas district, are attending the 27th annual convention of the Michigan Licensed Practical Nurses Association at Traverse City Park Place Motor Inn Tuesday through Thursday, June 22-24. Members from West Branch will also attend.

They joined licensed practical nurses and practical nurse students from MLPNA's 45 districts throughout Michigan to take part in sessions on clinical nursing, organizational operation and business affairs of the state association. This year's theme is "Yesterday's Dream, Today's Reality."

MLPNA was established in 1944 and today serves a membership of approximately 4,000 licensed practical nurses. Headquarters is located at 5900 Executive Drive, Lansing.

Junior Baseball Results Listed

Second week of action in the Knot Hole League had the following results:

Monday—With 11 strikeouts, Mike Lear and the Yanks downed the Eagles, 3-2; the Dusters beat the Red Sox, 12-3, with Don Schriber the winning pitcher and Dubovsky the loser; the Scouts won over the Cubs, 9-7. Quarters was the winner and Freiberg took the loss.

Tuesday—Don Williams' double helped Bruce Revord and the Dodgers in a 3-2 victory over the Indians; Rod Nickell took all the honors as the Little Trailers beat the Braves, 8-1. Nickell pitched a two-hitter and slammed a three-run homer; the Tigers won a slugfest over the Jets, 15-2. Kendall was the winner and had hitting support from Biely, Whitford and Cadorette.

Wednesday—The Yanks clobbered the Red Sox, 18-3, with Saunders chalking up the win; the Eagles squeezed by the Cubs, 12-10, in a hitters' battle. Klenow and Sarki had two hits apiece for the winners, while Wegner had three hits for the losers. Fisher was the winning pitcher.

Thursday—Fred McArdle struck out 13 as the Little Trailers beat the Jets, 11-1. Brian Jordan had a perfect day at the plate for the winners with four hits in four trips; Bruce Giancy and Revord's five hits were too much for the Tigers as the Dodgers won, 20-3; the Indians did everything right as they downed the Dusters, 8-0. Randy Cook pitched a three-hitter and had a triple. Dave Powzowski had four hits in four trips while Mark Timreck had three out of four. Schriber took the loss.

Pony League action Tuesday night saw the Dodgers beat the Tigers, 13-4. O'Driscoll was the winning pitcher and Hofaeer took the loss.

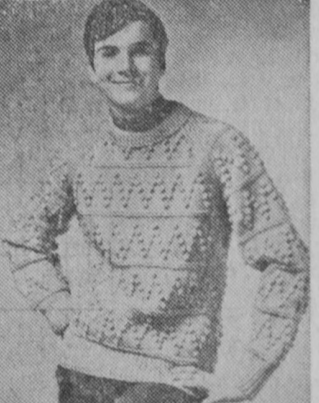

Thursday—The Yanks, behind Wayne Revord, took a 10-2 win over the Tigers; Mark Krish and the Hawks squeezed past the Twins, 6-5; it was the Eagles in a 10-3 win over the Dodgers as Mickey Haglund had 10 strikeouts and hitting support from Brad Potts, with three hits, and John Pfeiffer, with a triple. Andy King had two singles for the losers.

Friday—Doug Reinke drove in five runs with two doubles and a single as the Braves beat the Tigers, 11-2. Terry Davis was the winning pitcher and Seifert took the loss.

NEM Champ. Team of '46 Plans Reunion

The 25th anniversary of the 1946 championship of the Northeastern Michigan League will be observed Saturday, July 3, when the Tawas City team of that year plays a short exhibition game with the 1971 team, currently leading the league. The exhibition game will be played at the East Tawas field prior to the regularly scheduled game with Barton City.

Carl Libka, manager of the 1946 championship team, said that a committee is attempting to contact all members of that team and it is hoped all will be present. Any player not contacted should get in touch with Libka.

Alabama Firm Stirs Interest in Grandfather Clock

Emperor Clock Company of Fairhope, Alabama, has succeeded in generating a revival of interest in the traditional grandfather clock. The renaissance began just two years ago.

"General acceptance of grandfather clock ownership has been nationwide," reports George Fowler, president. "Sales have been so good that it pushes production to meet the demand."

"Grandfather clocks are among the most treasured furniture pieces handed down as heirlooms from generation to generation. They grow in value and survive the changes of time," Fowler said.

Wood, cut from solid mahogany and walnut, and movements, imported from West Germany, give Emperor Grandfather Clocks a warm, rich beauty and lasting dependability as a time keeping instrument.

Each clock features the well-known Westminster Chimes. Other models offer a choice of Westminster, Whittington or St. Michael Chimes.

Safety Tips

IT'S DANGEROUS TO JAYWALK

Jaywalkers are a double danger; not only do they risk their own safety, but they also cause traffic jams and vehicle collisions. Taking the time to cross only at corners may mean saving your life and the lives of others. Deborah White, Cass Technical High School, Detroit, Michigan, drew this prize winning poster in the AAA School Traffic Safety Poster Contest.

90th Birthday for Mrs. Youngs

Observing her 90th birthday anniversary this month is Mrs. Julia Ann Youngs of 110 West Wadsworth Street, East Tawas. She will be honored at a family gathering to be held Sunday, June 27, at the home of her granddaughter and husband, Mr. and Mrs. Howard Look of M-55.

Mrs. Youngs, the former Julia Ann Rapp, was born June 22, 1881, on Meadow Road, west of Tawas City. Mrs. Youngs and her late husband, Edgar C. Youngs, who passed away 18 years ago, spent most of their married lives on a farm located on Meadow Road. After Mr. Youngs' death, she moved to her present home at East Tawas.

Janet Alverson Wins Scholarship from Iosco Quota

Eighteen Quota Club members met at the Tawas Golf and Country Club for their regular luncheon meeting Monday, June 14.

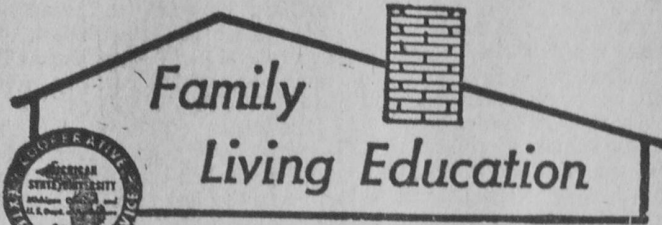

It was announced that the club's scholarship had been awarded to Janet Alverson, a 1971 graduate of Oscoda Area High School.

A white elephant sale is to be held Friday and Saturday, July 30-31. Wilbur C. Roach of East Tawas presented the program on county

sanitation and entertained the club with a film, "The Green Box." Next meeting is to be held Monday, June 28, 12 o'clock noon at the Tawas Golf and Country Club.

Pot-Luck to Precede Meeting

A pot-luck supper will precede the Thursday, June 24, 6:30 p. m., meeting of the Andrew P. Klinger Baracks No. 2944, Veterans of World War I, and Auxiliary. All World War I veterans are invited to attend this meeting, which will convene at the Tawas Township Hall.

Discipline Seeks to Develop Self-Control in Children

Since I am attending College Week for Women this week, I thought you might like to hear from one of our on-campus specialists, Mrs. Jeanne Brown.

A preschool teacher smiles and rests her hand on the shoulder of a screaming four-year-old. "Jerry," she says, "let us remember to use an 'inside voice' when we are indoors. You can save the shouting for outside. All right?"

Her action illustrates one important aspect of discipline, says Mrs. Brown, child development specialist for the Michigan State University Cooperative Extension Service.

"The teacher could have told the child not to make so much noise, but instead she phrased her request as a positive suggestion," the specialist explains.

"Sometimes adults confuse discipline with punishment," Mrs. Brown says. "But a child who is always punished for his wrongs seldom develops a sense of self-discipline. Self-discipline is reflected in impulse control, initiative, independence and responsibility—all of this from within the self."

Rather than from punishment, self-discipline grows from a sense of security, order and the subtle support of an adult, she continues.

At about preschool age, three to five years, a child begins to form associations with other children. As he learns to assert himself in a group, conflicts and quarrels often occur. At this point, he is very emotional, easily overstimulated and confused. He may react by running, crying or fighting.

In cases like this, parents and teachers can discipline a child by meeting his needs for security and support, she says. By providing him with sturdy toys and a relatively organized, predictable environment, adults show the youngster he is physically safe. An adult who manages an emotional situation calmly, without injecting her own feelings, helps build a sense of psychological safety.

Mrs. Brown offers some discipline suggestions for parents and teachers of preschool children:

1. Be positive in your attitude and approach by avoiding negative statements.
2. Sit down whenever possible. Children can be intimidated by their

sheer size of an adult. It is a good idea to get down on their level so they know you are someone who cares.

3. A quiet voice and manner may be the most effective. Calmness is contagious. The less emotional you are in handling a bad situation, the less emotional the child will be.

4. An "ounce of prevention" helps avoid problems. Try to organize stimulating and challenging activities. Busy children are less likely to cause trouble. If they do, be prepared to help redirect their interests into another channel.

5. Act directly when necessary. Sometimes a child's behavior threatens others. Then he should be removed from the group until he regains control.

6. Offer simple choices whenever possible, but only if you intend to accept the decisions made. A child will be more interested in activities that he has helped to plan or decide on. But, do not give him a choice when the decision is already made.

7. Avoid making comparisons among children. This may lead to a stifling sense of competition. The best motivation is praise for each child's accomplishments.

8. Establish clear, reasonable and consistent rules. Guidelines for behavior (even though they may need altering for different situations) contribute to the security that is built in a home or classroom. A child who knows what is expected of him is less anxious about what he can or cannot do.

9. Respect each child as you yourself want to be respected.

The success of these techniques depends on your basic approval of children as children and in your concern for their individuality. Respect his right to be himself, to act as he wishes and to maintain a sense of importance.

Give Answers to Important SS Questions

Question: My neighbor told me it was important to check on my earnings credited under social security. Is this true?

Answer: Yes, you should check your earnings record every two or three years. Call or write your social security office for a post-card form to make your request. This is important because social security benefits are based on earnings and you could lose valuable benefits if your earnings record is not correct.

Question: My claim for medicare payment was returned to me because my doctor's bills were not itemized. What information should be shown in order for the claim to be processed without delay?

Answer: First, be sure that your statement from the doctor shows the date, place and description of each service and the charge for each service. Then fill out your part of the claim form with your name and number as they appear on your medicare health insurance card. Enter your mailing address and telephone number, if any. Describe your illness or injury and sign your name. For additional information on how to fill out a medicare claim form, check your medicare handbook or call your social security office.

If you have a question about social security, contact your district office at 1009 North Madison Avenue, Bay City, Michigan 48706; telephone 893-9579. For your convenience, a social security representative will be at the Iosco County Building every Thursday from 9:45 a. m. until 12 o'clock noon and from 12:30 until 3:00 p. m.

J. O. Blackman Died June 15

A former experimental engineer for General Motors in Detroit, Jasper Oren Blackman, 70, died Tuesday, June 15, at Little Traverse Hospital, Petoskey. Funeral services were held Friday, June 18, at the Moffatt Funeral Home, East Tawas. Burial followed in Pine Tree Cemetery, Oscoda.

A resident of East Tawas, Mr. Blackman was born September 1, 1900, in Harbor Springs. He was a member of Christ Episcopal Church. He is survived by his wife, Ann, and one brother, Robert of Gwinn.

Prescott Believes Property Taxes on Skids in Michigan

State Rep. George A. Prescott, Tawas City, thinks Michigan is on the brink of substantially lowering property taxes and spreading the revenue-replacing burden more equitably among all taxpayers.

However, Prescott is worried that this possibility may evaporate just as achievement is within reach.

"We're closer now to true property tax relief than ever before," he said. "But the proposal to tie a

graduated income tax to the property tax reduction proposal may result in the defeat of both plans."

Prescott explained that Governor Milliken and many legislators are supporting legislation to eliminate school operating property taxes. The revenue would be made up from "ability to pay" taxes, probably the income tax. While the "zero millage" plan is not unanimously supported, it has gained wide public and legislative acceptance.

Before going into effect, however, such a plan would have to go into the ballot for voter approval, and that is where the snag is developing.

Michigan Democrats are pushing to have the graduated income tax interwoven so people could not approve property tax reduction without also getting the graduated tax.

"I will support a graduated income tax referendum. However, most of us believe the property tax and income tax proposals should be decided separately on their individual merits," Prescott said.

"The voters of Michigan overwhelmingly defeated a 1968 ballot proposal for a graduated tax by over 600,000 votes," he pointed out. "I am afraid that coupling the two plans together might well doom chances for property tax relief."

"Such a course will be greatly confusing to the voters, and in my opinion, a disservice to them. It would be unfair to ask them to make such a combination choice."

"I think there is too much at stake—the future of state finances and educational reform—to risk it all on a potentially chaotic two-part proposal," Prescott concluded. "We owe it to Michigan citizens to give them clear choices on matters which will have such a dynamic impact on their lives."

DAV Auxiliary to Install Officers

Marie Jaskolski of Alpena, past state commander of Disabled American Veterans Auxiliary, will act as installing officer at the Monday, June 28, meeting of DAV Auxiliary No. 130. Members will meet at 8:00 p. m. in the Knights of Columbus Hall, 821 Newman Street, East Tawas.

DAV Chapter No. 130 will also meet at the Knights of Columbus Hall Monday, June 28, 8:00 p. m.

To The Editor:

First of all, I would like to thank the many workers who gave freely of their time to help our community better understand what they were voting for in the recently defeated school millage election.

In just what area we failed is hard to say. However, I find myself feeling rather empty and discouraged when such a reasonable and very important plea gets voted down.

Using myself as an example, which I consider is about average, had this millage passed it would have cost me approximately \$1.50 more in taxes per month. As I see it, this amount is about equal to one-half carton of cigarettes, one carton of beer or one meal. Consider the rising cost of living in general—real estate, food, clothes, entertainment and the like. Does it not make sense to you that the cost of educating our children must rise also? It makes a lot of sense to me. Sit down and figure out what your own actual increase would be and then ask your conscience if you truly cannot afford this meager increase in taxes to help keep our schools in action.

For those of you who voted no or did not vote at all, I feel sorry inasmuch that you either did not clearly understand what the importance of this millage was or you simply do not appreciate our great school system enough to help support it.

For those of you who verbally condemn the teachers, administration and employees, please make it your business to get out to the schools and know what is going on and why. Then and only then can you voice a first hand opinion.

The next time you attend a concert, sports event or any event which you find entertaining, please take time to look around and consider what must lie behind the scenes to make this all possible.

In other words, unless you feel you could do a better job with 1,100 students than is already being done, please do not condemn.

Sincerely,
 Eleanor Pfeiffer

The healing power of Christ will be explored Sunday at Christian Science church services. Scriptural selections in the lesson-sermon entitled "Christian Science" include these words of Christ Jesus: "Verily, verily, I say unto you. He that believeth in me, the works that I do shall he do also; and greater works than these shall he do; because I go unto my Father." This passage will be read from "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Truth's immortal idea is sweeping down the centuries, gathering beneath its wings the sick and sinning. My weary hope tries to realize that happy day, when man shall recognize the Science of Christ and love his neighbor as himself,—when he shall realize God's omnipotence and the healing power of the divine Love in what it has done and is doing for mankind."

Riding Trail Opens

A GROUP of 16 Pontiac boys left the Tawas City Park Monday morning on a 15-day horseback trip across the state to Empire on Lake Michigan. The Rev. William Ballard, director of Pontiac's "Lifeline" program, a division of Youth for Christ, said that all of the boys had past arrest records with Pontiac police. They will be camping out of doors on their excursion along the Northern Michigan Riding and Hiking Trail. The boys rode their horses out into Tawas Bay and will duplicate this once they reach Lake Michigan. Clarence King, representing the Tawas Chamber of Commerce, said it was the first group to start from Tawas City this year on the cross-state trip. —Tawas Herald Photos.

Tawas City Indies Rack Up Sixth Win to Pace NEM Loop

Tawas City Indies scored 10 runs in the first five innings Sunday to offset a seven-run rally by visiting Melita in the sixth and seventh innings to ring up its sixth straight victory in Northeastern Michigan League play.

Chuck Petersen started on the mound for the locals and breezed through five scoreless innings and allowed only two hits. Down 10-0 going into the top of the sixth, Melita scored four runs on three singles to bring in Ron Leslie, who allowed one run without a hit as Tawas City had one infield error and two passed balls.

Dennis Krish pitched the final three innings and walked the first two batters to face him. Both scored on an error before Krish could put out the fire with a strikeout.

Tawas City scored one run in the second, four runs in the third on two hits, four in the fourth, including three on Dale Koepke's home run, and one in the fifth.

Gary Stanley was the losing pitcher and struck out four batters. Petersen fanned six batters. Each team had only six hits as base on balls and infield errors proved costly to both sides.

Action this Sunday finds Tawas City at Prescott.

Motorists Should Prepare Tires for Vacation Trips

"Summertime, and the living is easy"—this popular refrain will be sung, hummed and whistled throughout the months ahead by those motorists who have taken the time to prepare their car's tires for the long vacation trips ahead.

To make summer trips more pleasant, the Tire Industry Safety Council offers these tips:

- Always keep tires properly inflated. This is one of the most important rules in tire safety. Check the car owner's manual and make sure the recommended air pressure for the load is being carried.
- Always have the wheel balance and alignment checked before any extended trip.
- Always check air pressure with a personal hand gauge as service sta-

tion air towers are often inaccurate. Always increase the air pressure in tires four pounds per square inch but not over the "maximum" inflation limit (shown on the tire's sidewall) before embarking on a long trip at high speeds on superhighways.

Always inspect tires for abnormal tread wear, fabric breaks, cuts or other damage. Remove any small stones or bits of glass embedded in the tread.

Always beware of "summer ice." As rain begins to fall, it mixes with gas and oil films on the road creating ice-like conditions.

Always rotate tires after they have been driven 5,000 miles.

Ross R. Ormsby, chairman of the Tire Industry Safety Council, emphasized that motorists will have little cause to worry about their tire's safety if they regularly heed the above tips. Especially important are the rules relating to proper inflation and load.

"Excessive heat is a tire's worst enemy," says Ormsby. "Vacationers, especially, should remember that excessive heat build-up in their tires is usually caused by underinflation or overloading."

Ormsby reminds motorists that if there is only one-sixteenth of an inch or less of tread remaining, tires should be replaced immediately. Tires with this little amount of tread are 44 times more likely to suffer disintegration than new tires.

Gas Company Environment Chief Named

The American Natural Gas System, parent company of the Michigan Consolidated Gas Company, has announced the appointment of James P. Cencer to the newly-created post of director of environmental engineering. Cencer was formerly assistant to the director, design and technical services of Michigan Consolidated.

In his new post, Cencer will be responsible for over-all coordination and implementation of environmental policies so that the American Natural Gas System can continue to contribute positively in the managed conservation of natural resources and environmental needs.

Cencer's wide range of duties will include all environmental considerations related to the location of all facilities including gas pipelines, compressor stations, storage wells, evaluation of impact on noise levels, aesthetic consideration and proper routing of facilities through streams, rivers, forests, etc.

and World War I veterans marched in a parade on US-23 as part of the program dedicating this county's honor roll at the courthouse. Bands participating included high school units from East Tawas, Oscoda, Hale and Tawas City.
 Shady Lane Dairy, Nelkie Dairy and Christeson Dairy announced that, effective immediately, the price of all milk will be 14 cents per quart.
 Reports are that Babe Ruth will join organized baseball in Mexico as the "Judge Landis" of baseball in the southern republic.
 Dollars are buying less since wage increases have been awarded to workers during the past few months. The country may be on the road to run-away inflation and it demonstrates how closely the price of a commodity is connected with wages. It is the buying public who, in the end, pay the wages.
 A semiannual checkup revealed that 10 debtor nations had notified the state department that they would default on their indebtedness to the United States. Included among these nations are Great Britain, France, Italy, Latvia, Lithuania, Estonia, Rumania, Yugoslavia, Czechoslo-vakia and Poland. Finland, alone, promised to pay. Belgium and Hun-gary had not yet replied to the notice that an installment on war debts was due.
 A new "masked menace" has been discovered lurking behind every other rock in the Middle West. Michigan has at least 40,000 members of the Black Legion, designed allegedly to grasp power by terroristic methods.
 Zion Lutheran Church will hold a reunion of confirmation classes from the year 1874 to 1908. Guest of honor will be John Katterman Sr. of the Hemlock Road, the one and only member of the class of 1874.
 Dr. Francis E. Townsend's fanciful dream for payment of pensions of \$200 per month for everyone over 60 years of age seems to have gone up in smoke. The good doctor and his half-baked idea have been skid-ding rapidly since the house investi-gating committee showed up the plan as a befuddled idea. His plan never had a chance to go anywhere and never will, because it was fundamentally unsound, states Wil-liam Bruckart, Herald columnist.

Safety Tips

IT'S DANGEROUS TO JAYWALK

Jaywalkers are a double danger; not only do they risk their own safety, but they also cause traf-fic jams and vehicle collisions. Taking the time to cross only at corners may mean saving your life and the lives of others. Deborah White, Cass Technical High School, Detroit, Michigan, drew this prize winning poster in the AAA School Traffic Safety Poster Contest.

LOOKING BACKWARD—

Iosco County to Celebrate Centennial

15 Years Ago—
 June 21, 1956—Iosco County will celebrate its 100th birthday next year. Tentative plans for a centennial celebration were presented by Miss Edna Otis of East Tawas to the Iosco County Board of Supervi-sors at the three-day June meeting.
 Sharon Frank and William Laid-law have been chosen to participate in the United Nations Pilgrimage for Youth under sponsorship of Bald-

win Lodge, IOOF.
 Albert Duquette was chairman of the annual reunion of the 548th AAA AW Battalion of World War II, which was held at the East Tawas State Park. Some 67 members and their families attended.
 Playwright Arthur Miller appeared before the house-un-American activi-ties committee at Washington, D. C., for questioning about his alleged Communist-front associations.

Six men stranded on Charity Is-lands in Saginaw Bay Sunday night after heavy seas prevented return to the mainland were rescued Monday morning by coast guardsmen from Tawas Point Coast Guard Station.
 Hale Area Schools is now the of-ficial name of School District No. 3, Counties of Iosco and Ogemaw, formerly the Plainfield Township Rural Agricultural School District. The name was adopted at the board of education's regular meeting early this month.

25 Years Ago—
 June 21, 1946—Charles T. Prescott won the Republican nomination for state senator in the 28th District. While Iosco's courthouse proposal received a substantial majority, it lacked the necessary two-thirds vote in order to carry. The vote was 1-205 "yes" and 710 "no."

New Permit Rule for Scuba Divers

Under a new feature of Michigan's long-standing Antiquities Act, scuba diving hobbyists must obtain free permits from the Department of Natural Resources before they explore the depths of the Great Lakes and Lake St. Clair. The new permit rule is not meant to take the adventurous enjoyment out of scuba diving, which has made a "splash" with an estimated 15,000 or more followers in this state. Instead, the measure is designed to protect and save historic artifacts on Michigan's Great Lakes bottomlands which have been disappearing at an alarming rate as a result of the current surge in underwater treasure-hunting. The permit rule does not cover Michigan's inland waters or the Detroit, St. Clair, and St. Marys rivers where bottomlands belong to riparian owners. Scuba diving permits may be obtained free from the DNR's Office of Planning Services in Lansing. They are also available at all DNR district headquarters, except the Rose Lake station, and at the Department's Detroit Information Office at 17800 Woodward Avenue. Other pick-up points for the permits are the DNR's Marquette regional office, its field station at Cheboygan, or Fort Wilkins, Bay City, and Sleeper state parks. —Michigan Department of Natural Resources
