Local Races Feature Tuesday's Primary

Every seat but one on the new five-man Iosco County Board of Commissioners is being contested in the Tuesday, August 8, primary election. Ten Republican candidates and one Democrat have filed for commissioner posts.

In addition, local races include two candidates for the Republican nomination as register of deeds and eight candidates—six Republicans and two Democrats—seek nomination as sheriff. (Turn to page 1, sec. 2, for information on the sheriff's race.)

The only uncontested seat on the county board of commissioners is that presently held by Fred B. Lomas of East Tawas, who seeks re-nomination in District No. 3. This district consists of AuSable Township except the area north of old US-23 and west of the Detroit and Mackinac Railway, all of Wilber Township, the eastern portion of Baldwin Township and all of the City of East Tawas.

Three Republican candidates are listed for District No. 1, including Jack W. Allen, Robert K. Foster and Steve Paslaski. Both Allen and Foster are members of the present nine-man board. The district includes Oscoda Township east of M-171, residents on the main part of Wurtsmith Air Force Base and that area east of the Detroit and Mackinac Railway south of M-171.

District No. 2 lists two candidates, Donald G. Griffin and J. Berkeley Smith, both of Oscoda. This district includes the Capehart Housing area east of Mission Drive, the area south of Capehart off of Foote Dam Road and west of the railroad tracks, AuSable Township north of old US-23 and west of the railroad.

Two Tawas City men seek the Republican nomination for District No. 4. They are Carl Libka and Clemment J. Stephan. The latter was a member of the old board of supervisors and presently serves on the nine-man county commission. This district includes the west half of

Baldwin Township, Tawas, Alabaster, Sherman and Burleigh Townships, plus Tawas City and Whittemore.

William G. Woreley and James P. Mielock are Republican candidates for District No. 5, which includes Reno, Grant and Plainfield Townships, Oscoda Township west of Wurtsmith and the Capehart area west of Mission Drive. Woreley is presently serving on the nine-man board of commissioners and Mielock is a former supervisor. The winner of this race will meet Robert W. Pember in the November general election. Pember filed for the office on the Democratic ticket.

A two-way race for the Republican nomination as register of deeds features the county ticket. Leon Putnam, long-time undersheriff, and Mrs. Arlene Olsen, veteran deputy register of deeds, seek the nomination to fill the vacancy of Albert H. Buch, who retires at the end of the year.

Only contest on the Republican side of the state primary ballot is in the 106th Representative District in the state legislature. George A. Prescott, incumbent, Tawas City, is opposed by Louis Willford.

United States Sen. Robert P. Griffin is unopposed, as is Phillip E. Ruppe, representative in congress.

Unopposed Republican candidates at the county level include Pros. Atty. Kenneth J. Myles, Clerk Keith Pappas, Treas. Edward J. Nelkie, Drain Com. John A. Mielock.

Two Democrats have filed for county offices, including George E. Smith for register of deeds and Leon Brunson for drain commissioner.

Earl R. Schuster is unopposed for the 106th district seat in the state legislature. Charles Antilla and James E. McNamara seek nomination for the representative seat in congress and Frank J. Kelley is unopposed for United States senator.

Iosco County voters will receive two proposal ballots at the August 8 election.

Peoples State Moves Data Processing

John D. Lippert, executive vice president of Peoples State Bank of East Tawas, announced Friday, July 28, the transfer of all bank data processing records and procedures to the Peoples National and Trust Company of Bay City.

In making the announcement, Lippert stated, "It is most fortunate to have our bank's data processing in the hands of such competent bank oriented personnel as employed in the data processing department of Peoples National in Bay City. Our customers will receive up-to-date and computer accurate records in every phase of their banking transactions, without any delay during the transfer period. It is imperative in today's banking activities," he continued, "that every bank engage the most knowledgeable and efficient data processing center possible to maintain computerized banking records."

The Peoples National Bank has been chosen by several Northeastern Michigan banks for data processing, Lippert stated. He added that other area banks who have also chosen the Bay City bank for data processing speak very highly of the Bay City bank's ability.

The Peoples State Bank of East Tawas maintains banking facilities in East Tawas and Tawas City.

Hurt in Spill On Bicycle

Arlene E. Ault, 2051 Douglas Drive, was treated at Tawas Hospital Friday for injuries received when she lost control of a bicycle while riding down Huron Oaks Drive, Alabaster Township. Investigating sheriff's department officers said the spill was steep.

Oscoda Man Killed Thurs. On Motorbike

Ralph Schnepf, 43, Oscoda, was killed Thursday night in a car-motorbike accident on River Road, one-quarter mile west of Oscoda Area High School.

Investigating Oscoda - AuSable Township officers said that Schnepf was riding his motorbike with two other friends. The other two men were riding some distance ahead of Schnepf and turned around after noticing that their tool pouch was missing.

The men told police officers that Schnepf pulled to the shoulder of the road to allow a car driven by Louise Woodward of Oscoda by pass. Schnepf suddenly swerved back on the roadway in front of the oncoming car.

Funeral services were held Monday at Kenyon, Rhode Island. Born November 15, 1928, he is survived by a daughter and his parents.

New Record Set in AuSable Race

Jerry Kellogg of Twin Lakes and Luc Robillard of Quebec set a new record for the AuSable River canoe marathon by cutting 16 minutes off last year's winning time.

The winning duo crossed the Oscoda finish line 15 hours, 26 minutes and 50 seconds after the start of the race Friday night at Graying.

Finishing second were John Baker of Ann Arbor and Jack Kolka of Pinconning, 15 hours, 53 minutes, 24 seconds. In third place were Larry Peterson of Coon Rapids, Minnesota, and Jean Guy Beaumier of Quebec, 16 hours, 18 minutes, 11 seconds.

The previous record of 15 hours, 36 minutes, 40 seconds, was set in 1971 by Irvin and Steve Peterson of Coon Rapids, Minnesota.

Police Investigate Motorbike Crashes

Michigan State Police from East Tawas investigated two motorbike accidents over the week-end which hospitalized two persons. In addition, one person was injured in an accident involving an all-terrain vehicle.

Robert C. LaFord, 13, Tawas Beach Road, was treated at Tawas Hospital Saturday for injuries received in a crash on Baldwin Resort Road. Claudia J. McGlone, 17, Southfield, was traveling north on the road and LaFord was southbound in the north lane. The two drivers swerved in the same direction and collided.

Robert W. Benbow, 13, Detroit, was treated at Tawas Hospital Sunday for injuries received in a crash on a trail in Wilber Township. Douglas Hendricks, 15, San Diego, California, a passenger, escaped injury, when Benbow's motorbike struck some loose sand and rolled over.

Patricia Denstaedt, 31, Troy, a passenger on an all-terrain vehicle operated by Janette Hinman, 28, Flint, was treated at Tawas Hospital Sunday after the vehicle struck a log in Oscoda Township and the passenger struck her head against a tree.

Iosco Delegation Attended Meeting on Senior Citizens

Fourteen counties were recently represented at a meeting in Gaylord, the purpose of which was to help prepare Northern Michigan for the expected programs for all senior citizens regardless of economic status.

Robert Peters, executive director of Northeast Michigan Community Action Agency (NEMCA), presented the keynote speech. Richard Falstein, coordinator on aging from the Chicago, Illinois, regional office, offered possible options to help solve the problems and offer opportunities for older people ranging from those of income and housing to recreation and health.

Cong. Ruppe Was Speaker

Cong. Phillip E. Ruppe of Michigan's Eleventh Congressional District, speaking Thursday noon at a joint meeting of East Tawas and Tawas City businessmen, said he planned to learn more about shoreline erosion as it pertains to his district.

Ruppe, who represents 15 Northern Michigan counties, including Iosco, believed it would take considerable time to develop shoreline erosion legislation because of the cost difficulties and lack of interest shown by non-Great Lakes legislators.

The Houghton congressman said that water levels have fluctuated greatly in recent years and, although he could not say if the current high water level was caused through manipulation of locks connecting Lake Superior with Lake Huron or if the excess water was being diverted from Canadian streams, he believed that the current high water problems would continue.

Ruppe said that this county's share of a 5 1/2-billion-dollar federal revenue sharing bill being proposed in congress would amount to \$327,000, or about \$13.18 per capita. He said that there were no federal strings attached to the money. Hopefully, the local share would help local governments do a better job in areas of law enforcement and environmental protection.

In speaking of his district, which covers 41 percent of the state's land mass and has only five percent of the total population of Michigan, Ruppe said that political interests of his district were divided about 50-50 between Republicans and Democrats, that the district had a common interest in military installations with three air force bases.

He said the district seemed to be very much interested in ecology, although the western side of his district seemed to be concerned with a new surge in subdivision construction. He said that proper land development and planning was being encouraged by the federal government.

Ruppe believed that congress must do something to reduce the number of people on welfare, that a sound economic policy should be developed to stop inflation and to provide full employment. He said the national unemployment rate was now about three percent, down from the five to six percent of two years ago.

Ruppe said he could give no answers concerning the proposed expressway from I-75 north to Alpena, stating that was strictly a matter for the state to make such a determination. He said that once the interstate system aided by the federal government is completed, then individual states could funnel federal resources into other highway projects.

174 Registered for Annual Arts and Crafts Show

Tawas City Park and the Iosco County Building will be the site Saturday and Sunday, August 5-6, for the 12th annual Tawas Bay Waterfront arts and crafts show.

As of Monday, 174 artists and craftsmen had registered, some coming from as far away as Ohio and New York, with the majority from Michigan.

Largest classification of entries is in paintings, drawings, prints and etchings. Next is a variety of crafts, followed by pottery, sculpture and jewelry.

Three artists plan to do on-the-spot portraits, another will be working in glass and another craftsman will demonstrate the potters' wheel. Requests have been received for members of Tawas Bay Artists to give demonstrations in paintings.

Several visiting artists, besides many from the local area, have been exhibiting regularly for a number of years. These include Don Darr, Tawas City; Maxine Johnson and Elsie Johnson, Cadillac; Stanley Paskiewicz and Nellie Clark, Midland; Robert and Norma Veram, Saginaw; Rod Raymond, Clare; Mathew Voss, Ottawa Lake; Faye Reussseau, Oscoda; Anthony Sapino, Turner; Lois and Roland Brown, Sterling.

For the first time, Iosco-Arenac Regional Library will be represented by a display of available books on arts and crafts. The display is to be located in the county building.

Prof. Guy Palazzola from the art department of the University of Michigan will be present as judge and consultant.

Cash prizes are to be awarded Sunday afternoon, 4 o'clock, at the band stand. Door prizes are to be drawn Saturday night, 8 o'clock, by spectators at the band stand.

Many outstate visitors plan their vacations to attend this show, sponsored by Tawas Chamber of Commerce and Tawas Bay Artists. Gerald Reitler and Mrs. Herbert Hertzler are co-chairmen.

Local citizens, Keyettes and Key Club members cooperate in making a smooth operation of this show, which has an ideal outdoor and indoor setting. Admission is free and the public is urged to attend.

The arts and crafts show is the traditional opening of the Michigan Tourist Festival, August 5 through 12 in the Tawas.

Activities Sunday, August 6, include two slow pitch softball games. At 12 o'clock noon, a game will be held to decide makeup of the Tawas All Stars, a team which is to meet the TV-5 All Stars at 2:00 p. m. Both games are to be played at East Tawas Athletic Field.

A junior Lightning regatta is to be held Saturday, August 5, with races at 10:00 a. m. and 2:00 p. m. Skydiving exhibitions are planned at 6:30 and 8:00 p. m. at the Iosco County Airport on August 7, 9, 10 and 11.

A shrine clown makeup session is to be held at 2:00 p. m., Friday, August 11, at the Tawas Masonic Temple. All youngsters interested in entering the clown parade contest on Saturday, August 12, are urged to attend this session and receive valuable tips.

Other tourist festival activities during the week of August 5-12 include an ox roast, chicken barbecue, sidewalk sales, dance revue and fireworks.

Area Burglaries Are Investigated by Sheriff's Dept.

Iosco County Sheriff's Department is investigating 11 burglaries and enterings which took place during the past week.

One breakin was reported by John Dingle, superintendent at Foote Dam, Oscoda, owned by Consumers Power Company. Dingle told officers that someone had entered the powerhouse through a small window, then used a rope to lower himself to the floor. A soda acid fire extinguisher was discharged on the floor and the house was ransacked.

The other burglaries involved summer cottages owned by Daniel Rivard, New Baltimore, located on State Road, Grant Township; Robert Larson, Milford, located at Jose Lake; Dr. Lisle Cooper, Detroit, located on Chain Lakes Road; William Woreley, Hale, located at Long Lake; Carl Hund, Southfield, located on Wicker Road, Plainfield Township; Ralph Shaw, Little Long Lake; Sol Ott, Bissonette Road, Oscoda Township; Mrs. Joseph Doty, Flint, Whittemore Road; Wilfred Reaume, 3190 M-65. Owner of one cabin burglarized on M-55 has not been identified as yet.

Cash prizes are to be awarded during the week of August 5-12 include an ox roast, chicken barbecue, sidewalk sales, dance revue and fireworks.

EMTA Executive Cites Need for New Facilities

"An honest appraisal of the current tourist industry situation in East Michigan is that business, dollar-wise, is down," according to James Hall, executive vice president of East Michigan Tourist Association.

In a letter this week to Harris Barkman, president of Tawas Chamber of Commerce, Hall said there is increased freeway traffic but the off-freeway areas—the Tawas, Rose City, Gladwin, Caseville—are not experiencing the tourism sales volume of last summer.

The tourist association executive said the condition is directly related to a decrease in promotional efforts of non-freeway communities.

"In addition," said Hall, "there are too few new facilities constructed in the past decade. This is true in dozens of resort areas throughout Michigan, not just East Michigan."

The Tawas were cited for their tremendous quality of tourism resources, "but the problem is that older facilities are harder to sell to the traveling public today," said Hall.

Can the East Michigan region recover from this condition? Hall said much depended upon providing new facilities that would give the traveler

a "good vacation experience." With adequate promotion, he said, "we can continue our growth throughout Michigan to allow this state to remain in the top 10 vacation states in the country as a major vacation destination."

Hall said that new development might require the use of a bulldozer in some locations, due to obsolescence of older facilities, private homes and non-tourist related properties.

Based on results of EMTA promotion through the past winter and spring, EMTA estimated as much as a 15 percent increase in tourist sales volume this year. But, because of early summer season reports from some areas, it is finding right now that this percentage will not be reached, simply because vacation travelers are not buying as much of the area's tourist product as anticipated.

Hall cited the fact that Michigan is being out-promoted and out-sold by other states and areas and that Michigan had to maintain at least a 12 percent annual increase in tourism sales volume in order to remain as a top tourist state.

"With each passing day in July, we are finding more factual information

that even with more travelers on the freeways, we just are not selling enough of our tourist product (motel rooms, attraction entrance fees, groceries, restaurant meals, grocery sales, private campground spaces, gift shop sales, tavern sales, etc.).

It is a serious situation, said Hall, and one that the EMTA has spoken of for some 10 years in an attempt to inform community business leaders of the changing habits of vacation travelers and the need to upgrade and adapt our tourist product in order to increase sales.

Check Vandalism at TC School

Fifteen windows were broken Monday night at the Tawas City Elementary Unit, according to a report by the city police department. Police said that rocks had been thrown through windows on the south and west sides of the building. No estimate of the damage was available.

Smyczynski - McMurray Vows Repeated July 29

Immaculate Heart of Mary Catholic Church, Tawas City, was the scene of the double ring ceremony Saturday, July 29, uniting in marriage the former Debra Jo McMurray, daughter of Mr. and Mrs. John McMurray of Tawas City, and Thomas O. Smyczynski, son of Mr. and Mrs. Chester Smyczynski, also of Tawas City.

The Rev. Fr. Raymond Pilarski officiated at the 3 o'clock ceremony. Mrs. Vernon Beaubien, vocalist, was accompanied by Mrs. Frank Byrd.

The bride descended the aisle in a white floor-length, Spanish style gown with full skirt, sheer lace sleeves, lace front panel and white and purple floral trim. A cathedral-length veil complemented her gown.

Kathy Smith acted as maid of honor. Bridesmaids were Mitzi Schaaf, Gail McMurray, Karen McMurray, Laura Smyczynski and Katie McMurray. They were identically attired in purple gowns with lace trim at the neck, sleeves and waistline. They carried bouquets of roses.

Craig Smyczynski was best man for his brother, Mark McMurray, Brian McMurray, Steven Smyczynski, brother of the bridegroom, and Joseph Bouchard were groomsmen.

Three hundred guests from Flint, Detroit, Saginaw, Dearborn, Lansing, Gaylord and Florida were present for the reception following the ceremony at Union Hall, National City. Mrs. McMurray greeted guests in a navy dress with floral trim at the hemline. A yellow floral print dress was the choice of Mrs. Smyczynski. Both wore corsages of white carnations.

The newlyweds will reside at Bass Lake following a brief wedding trip. The bride attended Tawas Area High School. Her husband is a graduate of Tawas Area High School and attended Ferris State College, Big Rapids.

A pre-nuptial shower honoring the new Mrs. Smyczynski was hosted by Norine McMurray and Beverly Miles.

Dennis Wetzel-Salliann Roach Are Married

Arrangements of white flowers formed a floral background in Tawas United Methodist Church, East Parish, for the marriage Sunday, July 30, of Salliann Roach and Dennis Wetzel.

The Rev. Kenneth Tousley and the Rev. Francis Samuelson, uncle of the bridegroom, performed the 2:30 o'clock, double ring service. Cynthia Hackborn was vocalist, accompanied by Mrs. Alden Phelps.

The bride is the daughter of Mrs. James Klenow of Tawas City and the late James Roach. Mr. and Mrs. Eber Wetzel, also of Tawas City, are parents of the bridegroom.

Escorted to the altar by her stepfather, Mr. Klenow, the bride chose a floor-length gown of white organza over soft taffeta, featuring a jeweled neckline, sheer yoke bodice and fingertip sleeves, enhanced by insets of French lace. Her bouffant skirt was accented with a ruffled hemline. A Camelot headpiece secured her cathedral-length veil. She carried a bouquet of white daisies, miniature roses and greens.

The bride's sister, Sandra Roach, was maid of honor. Bridesmaids were Gail Bischoff, Mrs. Dale Duff and Debra Roach, sister of the bride. Cindy Stephan was flower girl. The bride's attendants were identically attired in gowns of flopped pastel daisies with fitted bodices, high necklines and bouffant sleeves with ruffled edging. A ruffled hemline trimmed their skirts. Each wore a white garden hat with pink ribbons and carried a bouquet of multicolored daisies.

Thomas Brown served as best man with Jeff Dilts, Richard LaPeer and Donald Mick, groomsmen. Gary Stephan acted as ringbearer. John and Jay Wetzel, brothers of the bridegroom, seated the guests.

A reception followed the ceremony on the lawn of Tawas United Methodist Church, West Parish, for guests from Clio, Flint, Harrisville, Manistee, Gladstone, Ohio and Illinois.

For her daughter's wedding, Mrs. Klenow chose a full-length gown with high waistline, short capped sleeves and accented with small bows at the princess seams. Mrs. Wetzel selected a lime green floor-length gown with fitted bodice and short capped sleeves. Both wore corsages of white feathered carnations.

Following a wedding trip through Northern Michigan and Canada, the newlyweds will reside at 2466 North East Drive, Tawas City.

The new Mrs. Wetzel is a graduate of Tawas Area High School and Delta College School of Nursing. Her husband is a graduate of Tawas Area and Eastern Michigan University, Ypsikanti.

Mrs. Leonard Hosbach, Mrs. Duff, Mrs. Jay Wetzel, Mrs. Rolland Davis, Mrs. Joseph Daly, Mrs. Roxey Roach, Mrs. Reynold Mick, Mrs. Daniel Soultz, Mrs. William Gibbs and Mrs. Richard Roach hosted pre-nuptial showers in honor of the bride.

Wedding Vows Said July 29 at Prescott

In 4 o'clock rites Saturday, July 29, at United Methodist Church, Prescott, the Rev. Robert Porter officiated at the double ring service uniting Anna Miller and Richard Cliff in marriage.

The bride is the daughter of Mr. and Mrs. Carl F. Miller of Hale. Her husband is the son of Mrs. Ethelyn Cliff of Prescott and the late J. Barney Cliff.

The former Miss Miller chose a white organza floor-length gown, styled with an Empire bodice, Sabrina neckline, bishop sleeves and full skirt with detachable train. Venice lace appliques enhanced the gown and chapel-length train. A matching Camelot headpiece of Venice lace secured her cathedral-length veil.

Jackie Delberg of Saginaw was maid of honor in a violet, floor-length gown of chiffon over taffeta. Mrs. Edward Henderson of Saginaw, Paulette Murray of Saginaw, Chris Miller of Prescott and Cathy Miller of Hale, sister of the bride, were bridesmaids in identically-styled or-chid gowns. Their Empire bodices, square necklines, long full sleeves and full skirts were accented in Venice lace and floral ribbons.

Butch Valent of Prescott acted as best man with Russell Perrin of

Prescott, Barney Lumis of Prescott, Carl T. Miller of Saginaw, brother of the bride, and Mark Erickson of Prescott, groomsmen. Donald Federspiel of Twinning and Gary Miller of Hale, brother of the bride, seated the guests.

Approximately 500 guests were present at the reception following the ceremony, held at the Deep River Hall, Sterling.

Following a trip through the North, the newlyweds will reside in Saginaw.

The bride is a graduate of Buena Vista High School, Saginaw. The bridegroom is a graduate of Whittemore-Prescott High School.

A pre-nuptial shower honoring the

bride was hosted by her aunts and attendants.

How badly would this damage your vacation?

A holiday on the road is great fun unless, of course, it's marred by an accident. The damage to your trailer or camper can be repaired. That's what you have insurance for. But what about the damage to your vacation? With our "altogether" trailer insurance, your holiday doesn't necessarily come to a complete halt then and there... cash for living expenses helps you continue on vacation while the trailer's being repaired. That's just one of many coverages designed to help make your holidays altogether better.

Primary Race for Sheriff Has Record Field of 8 Candidates

In one of the hottest local political campaigns in years—perhaps in the county's history—voters of Iosco will select one Republican and one Democrat from a field of eight as candidates for sheriff in the Tuesday, August 8, primary election.

These two candidates are to meet in the November general election, but it is a foregone conclusion that the Republican candidate will be the successor to Sheriff Ivan O'Farrell, who retires December 31 after having served 24 years at the post.

(There has not been a Democratic sheriff in Iosco since the days of the late Thomas Hill, and more than one-half century has lapsed since then.)

To find a campaign for sheriff with similar interest, one has to turn back to the primary election of 1940, when there were four Republican candidates and one Democrat. Voting for the Republican nomination 32 years ago were Merwyn H. Mitchell, Basil Goupil, Walter J. Laidlaw and John Moran, incumbent, who was re-

elected. The Democratic candidate was James A. Hull.

In 1936, there were three Republican candidates and two Democratic candidates and Moran was an easy winner in both the primary and general elections.

Although campaigning was hot during his last two terms, O'Farrell was never seriously threatened for renomination in the primary election or in the general election.

The 1972 primary election campaign for sheriff started in earnest during March and has continued for five months. All candidates have conducted extensive advertising campaigns in the various media, as well as erecting signboards—large and small—throughout the county. Person-to-person "electioneering" commenced last week as candidates attended the Iosco County Fair, although door-to-door campaigning started weeks earlier.

Interest generated by the race for sheriff should bring out one of the

largest turnouts of voters for a primary election in history.

A brief biography of each candidate, listed in alphabetical order, is as follows:

REPUBLICAN

Francis J. Block, 53, a resident of Iosco County since April 1956, has been associated with the sheriff's department for 13 years. He served as deputy sheriff, marine enforcement officer, drivers license examiner, as well as process server and afternoon supervisor during his last three years with the department. He served as deputy and director of civil defense. He is a registered American Red Cross first aid instructor, an instructor in marksmanship and hunter safety. He received certificates from Michigan State University and the University of Michigan in police administration. Prior to coming to Iosco County, he had been a plumbing and heating contractor in the Detroit area and served four

years with the Detroit Police Reserve.

Keith Dobson, 38, born at Bay City and attended schools there, moved to Iosco in 1959 and took over as terminal manager of Dobson Moving Company at Oscoda. He was later promoted to northern district supervisor. He has been active in civic and community organizations at Oscoda-AuSable. Dobson has been a deputy sheriff in Iosco County and successfully completed a training and administration course for new sheriffs at the Michigan State Police School, Lansing, in 1964. He was a graduate of the state marine enforcement school for deputy sheriffs in 1966. He worked on a part-time basis for two years as patrolman for Oscoda-AuSable Police Department and is now serving his second term on the board of directors of the Northeastern Law Enforcement Association.

Dale A. Snyder, 37, has been an Iosco County deputy sheriff for the past two years. A native of Akron, Ohio, he has been in various types of police work for more than 16 years. He left a full-time position as a deputy sheriff in Iosco. His previous experience includes work as a merchant policeman, private investigator and security officer. He received his basic police training at Akron and has attended training sessions and seminars on drug abuse, homicide, arson, bombing, auto accident investigation, riot-crowd control, marine safety, search and seizure, interrogation and numerous other police-related activities.

George Westcott, 46, began his career as a police officer in 1955 when

he worked as a part-time patrolman in Tawas City. He was commissioned as a deputy sheriff in the original organization of Iosco's civil defense program. He was appointed chief of police of Tawas City in 1965 and held the position until June of 1971, when he accepted the position of detective sergeant with the county sheriff's department, a position which he now holds. Westcott received police training at Alpena Community College and has attended seminars on drugs,

bombings, youth problems, homicides and numerous other police schools. Attending schools in Tawas City, he served in the United States Navy during World War II, with two years of overseas duty in the European theatre. He was employed by Bublitz Oil Company for 14 years following his return from service. He has been active in community youth programs, having coached teams in both Knighthole and Pony Leagues for 10 years. He was a member of Tawas City Volunteer Fire Department for 21 years.

DEMOCRATIC

James Finley, 36, a resident of Grant Township, is a former deputy sheriff in Iosco County and was an unsuccessful candidate on the Republican ticket for sheriff in 1968. Garden Club's Flower Show is August 11

East Tawas Garden Club will present its annual flower show Friday, August 11, in the East Tawas Community Building. "Happiness Is A Garden" is the theme of the show. Theme of the junior division is "Happiness Is A Garden For A Bird."

Chairman of the event is Mrs. Gordon Dunham. Assisting her as co-chairmen are Mrs. Andrew Manchak and Mrs. James DeRosia. Mrs. Lewis Besancon will head the junior division with Miss Patti Killey as co-chairman.

Public is invited to enter horticulture specimens or floral arrangements. All entries are to be registered between 8:30 and 11:30 a. m. Judging will follow. Junior division entries are open to all children under 16 years of age.

In the horticulture division, all entries must be grown by the exhibitor. Exhibitors may make as many entries in any class as they wish, provided they differ in kind and/or color. Specimens must have some foliage attached to blooms.

The flower show will reopen to the public from 3:00 to 8:30 p. m. Schedules and further information may be obtained from Mrs. Dunham.

Visit Orchards

In an effort to determine the causes of peach and cherry decline in Southwestern Michigan, six fruit tree disease experts from New York and Ontario, Canada, visited orchards in this area July 18-19.

The tour of orchards was sponsored by the Michigan State University Agricultural Experiment Station, Michigan Department of Agriculture and the MSU Cooperative Extension Service.

According to Dr. A. L. Jones, MSU fruit disease specialist who arranged the tour, "The result of this combined effort was the confirmation that much of the peach and cherry trees mortality is due to winter injury, mechanical injury and associated canker problems."

As a result, the extension service is initiating an in-the-field program that puts new emphasis on cultural practices and proper use of mechanical thinning and harvesting equipment. "Careful attention to recom-

mended practices could reduce decline problems," says Jones.

During the orchard tour the group of MSU specialists and the out-of-state disease experts diagnosed several virus-like diseases including stem pitting, peach rosette and X-disease. The number of virus infected trees was small, however, and infections were not diagnosed in all the orchards inspected.

"Along with the new program on cultural practices and harvesting techniques, we are asking peach and cherry growers to begin a chokecherry removal program in and near their orchards," says Jones.

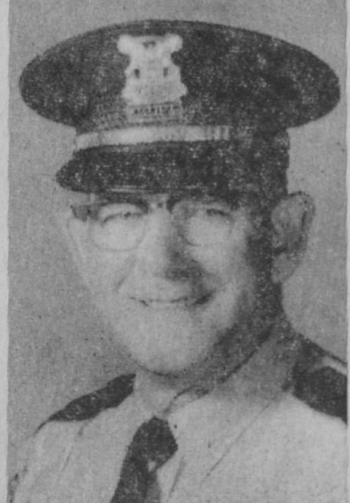

"A thorough chokecherry removal program should eventually eliminate X-disease problems since chokecherry is the wild plant that serves as a source of X-disease. The X-disease organisms are transmitted from infected chokecherries to peach and cherry trees by leaf hoppers," he says.

TODAY'S Meditation

from The World's Most Widely Used Devotional Guide

The Dipper Room

(Read Zephaniah 3:14-18)

"He will rejoice over you with gladness, he will renew you in his love." (Zephaniah 3:17, RSV)

I remember I held the piece of paper in my hand for the longest time. I do not remember if it was a guarantee or a warranty. I can only recall the three words on it: "Void if detached." These words have affected my life and have a great deal to say about how we are to live out the Christian faith.

God has given us a guarantee—a promise. It is found on a piece of paper—Zephaniah, chapter three, verse 17: "He will rejoice over you with gladness, he will renew you in his love."

This warranty of life is void if detached! The prophet, Zephaniah, warns us what will happen if we do not follow God, if we fail to discipline ourselves, if we fail to listen to His voice and accept no correction from Him!

Zephaniah is speaking to God's chosen people in Jerusalem. He is also speaking to us today! He tells us that the Lord our God is in our midst. It is He who renews us in His love! This is our guarantee. We will be renewed! We are loved by God! But this warranty is void if we detach ourselves from Him!

PRAYER

Dear God, discipline me that I may hear Your voice this day. Renew me in Your love; through Christ, Amen.

THOUGHT FOR THE DAY

God does not rejoice over those who detach themselves from Him.—Robert T. McDill, Minnesota

Teen Chorale to Present Concert

A teen chorale, composed of 30 youths from the Central Assembly of God Church, Springfield, Missouri, will present a gospel music concert Friday, August 4, 7:30 p. m., at the Assembly of God Church, 311 East Lincoln Street, East Tawas.

The group is traveling to various cities throughout the summer to perform these concerts. The chorale is under the direction of the Rev. and Mrs. Paul Fisher.

Mr. Fisher is a native of East Tawas and graduated from the local high school. Upon his graduation from Bible college, he became minister of music at Riverside Tabernacle in Flint. He is presently youth pastor at Central Assembly of God Church, Springfield.

The Rev. Edward J. Fairbanks, pastor of the Assembly of God Church, East Tawas, invites the public to attend the concert.

Sherman News

Mr. and Mrs. Joseph Doty of Flint spent Saturday at their home here.

Last week, the Ted Lichotas and Norman Nickells enjoyed a trip to Mackinac Island and other places of interest in the Upper Peninsula.

Several persons from here attended the Iosco County Fair at Hale.

Mr. and Mrs. Adam Birkenbach and children and Miss Pamela Wood returned home Wednesday from a fishing trip to Canada.

Mrs. Roger Wood and children enjoyed last week with her husband in Jackson. Mr. Wood has employment there.

Mr. and Mrs. Hansel Wallace and family of Warren were week-end callers at the Walter Murringer home.

Mr. and Mrs. George Jordan spent Thursday fishing at AuGres.

The Harvey Smith family entertained the Lewicki family, Joseph and Josie Klish at Sunday dinner in honor of their mother and sister, Mrs. Helen Smith.

Sandra and Helen Smith spent Friday in West Branch.

Mrs. Mary Lou Smith, daughter-in-law of the George Smiths, underwent a serious operation during the week.

Word was received Saturday morning of the death of Tresa (Davison) Long of Plymouth. She spent her childhood here with her parents and family.

New Filtration Plant Moves On Schedule

15 Years Ago—

August 1, 1957—The new \$300,000 water filtration plant at East Tawas is scheduled to be completed next May, according to a progress report by Spicer Engineering Company of Saginaw. Final work was completed this week on forms for the clear water storage well.

Wurtsmith Air Force will bid goodbye to the 31st Fighter Interceptor Squadron with an open house August 3. As part of the program, there will be a fly-over of F-89 jet aircraft.

Mrs. Charles Lemon, instructor for the junior high girls tennis club at Tawas Area School, announces there will be a singles and doubles tournament on new courts in the Tawas

City Park.

Only 12 people cast ballots in Monday's power franchise election in the City of Whittemore. All favored continuing the 30-year agreement with Consumers Power Company.

The Lyceum League of America, No. 1498, met at the Lelia Osgerby home at Sand Lake. Organized in 1892 at Whittemore, it is the only remaining league of several thousand organized in the 1890s.

Draper Redi-Mix, Incorporated, of Oscoda now has two modern plants serving within 25 miles of the Tawas.

25 Years Ago—

August 1, 1947 — Tawas Hospital Association now has \$68,779.56 in pledges and cash. With other pledges which have been promised, the total amount closely approaches the \$75,000 fund the association started to raise. At a meeting of the board of directors, it was decided to raise an additional \$50,000.

"The Friends of the Library" recently organized throughout the county launched a drive to raise \$2,500 for the purchase of a new book-

mobile for use by the Iosco County Library.

Iosco Board of Supervisors appropriated \$15,000 from the general fund for use by the Iosco Road Commission. In addition, the board authorized a \$20,000 loan to the commission. The \$15,000 is to be used to supplement road maintenance funds while the loan is for construction of the proposed National City-Mclvor bridge. The \$20,000 represents the county's share in a 50 percent cost-sharing program with the federal government.

At the request of area ministers and other citizens, Tawas City Council has requested that "The Outlaw" and all other similar pictures not be shown in this city.

35 Years Ago—

July 30, 1937—National Gypsum employees and drivers of Jefferson Trucking Company held their first annual picnic Saturday at Sand Lake. The picnic was sponsored by the Iosco Gypsum Workers Incorporated, an independent labor union composed of employees of the gypsum firm and trucking company.

Peter McLaren, America's champion wood chopper, will be at Mer-

schel Hardware August 6. A prize of \$50 is to be awarded any local person who can chop a log within 50 percent more time than he takes. The contest will be held near the city hall.

Sheriff Joan Moran and state troopers were still chuckling about it today—the marriage in jail Sunday on a charge of being drunk and disorderly in a local beer garden, and her boy friend were the central figures. After recovering somewhat from the effects of too much alcohol, she told the sheriff she was to have been married that day. She further stated that her prospective husband had fled upon seeing the approach of the law a few hours before, but that he was outside the jail right then, marriage license in hand. Sheriff Moran, possessed of a kind heart, invited the young man in and called Justice H. Read Smith to perform the service in the presence of the sheriff and a state trooper.

Dying for weeks, the scheme to add to the number of justices of the supreme court finally choked its last gasp and left this world. On a roll call vote, the United States Senate voted to recommit the Robinson

substitute for the president's original bill to the judiciary committee. The vote was 70 to 20, the most crushing defeat that President Roosevelt's legislation has yet suffered at the hands of a house of congress.

A large crowd attended the ice cream social at the Orange Hall Friday evening, given by the Baptist Ladies Aid.

Edward Nelkie, who has been ill with strep throat, is much better at this writing.

The Whittemore Library, located at the home of Mrs. John Gillespie, is open from 1:00 to 5:00 p. m. every day. New books added are "Gone With the Wind," "Magnificent Obsession" and "Call of the Canyon."

Iosco Fair Snapshots...

Iosco County Fair held last week at Hale enjoyed perfect weather conditions during the entire four days. There was enough action and fun to satisfy everyone attending—from the giant midway to harness racing, a parade, 4-H Club horse judging and many different exhibits. Before the fair came to a close Saturday night, plans were being made to make next year's fair even bigger and better.—Tawas Herald Photos.

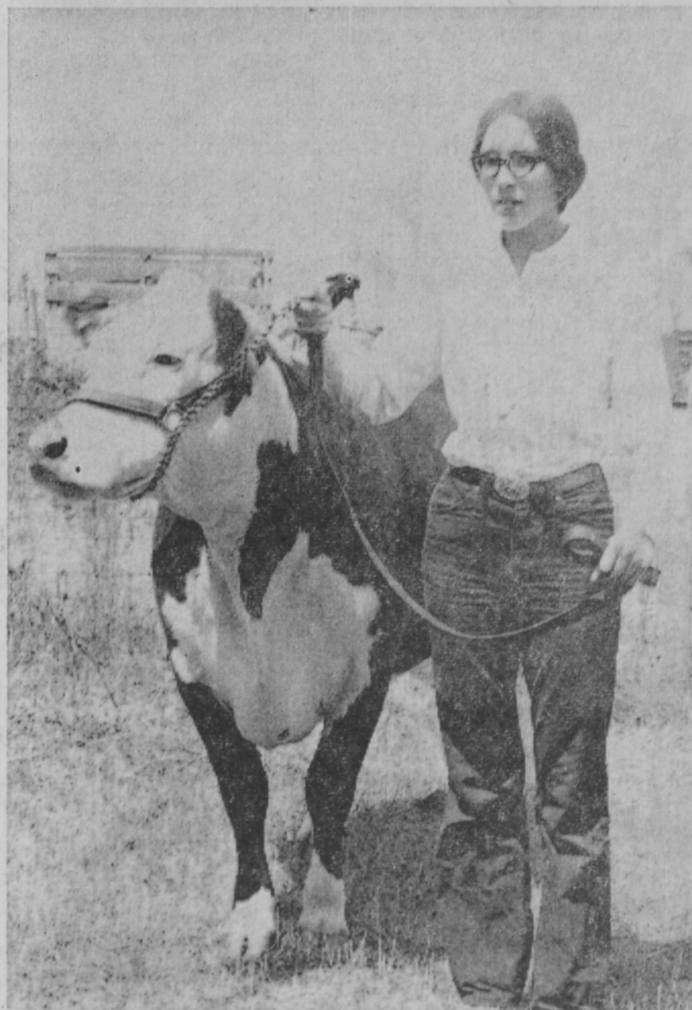

STEPPING OFF in the parade in their new uniforms is Hale Area School Band.

KIDS LOOK for handouts along the parade route.

DUE TO A MIXUP, the midway had fewer rides this year but they were exciting.

Iosco County
SHERIFF

★ With 14 years of full-time leadership and administration experience in the police field with equality to all in law enforcement.

My creed is to serve with my heart and not with my lips, alone. I have an inherent passion for justice—order and peace will be first and foremost in my mind. If elected your sheriff, I will never fail to be aware of the tremendous responsibility which you have entrusted in me.

Doing what is morally honest, upholding the law and treating every citizen with equal justice and respect, I believe, is the ethical and just thing to do. It is my code of ethics. If politics, or a politician conflicts with the above principals, then to heck with politics!

We in law enforcement are proud of

our professional standards, the high quality of our personnel and our commitment to do the very best. Yes, we have weaknesses; yes, we make mistakes; yes, we have areas where improvements can and should be made. The whole point is that law enforcement is a profession today on the "move"—moving upward to still higher standards of performance. Higher salaries are attracting well-educated recruits. Training programs of many types are being instituted. Professionalization will enable the police to be even more effective in the years to come.

If elected sheriff of Iosco County, I will be the sheriff for all the people. It

won't make any difference who you are or what you are; it will not matter if you are rich or poor; it will make no difference if you have or haven't any influence with the "right" people. I have always thought, and still do, that the right people are all the good citizens of our county—I will be the people's sheriff.

If elected your sheriff, I can pledge that I will never allow emotion, personal prejudice, or spite to govern my actions. However, absolute perfection cannot be expected, as every human institution is in the hands of fallible, imperfect human agents.

The days of judging a man by his woodpile are about gone, but you can still judge a woman by the food she puts on her table.

So, mothers, as you ponder over the midsummer confusion, remember that one of your greatest sources of power is through food. The kids usually come home when they get hungry and as you feed them you can learn what is going on and where. You may be able to incorporate some motherly advice along with the food.

You play a major role in controlling dispositions, too, with food because hungry people are often crabby and cross. If you can keep the "fridge off limits," you may control comings and goings by "dinner will be ready at 12 o'clock sharp," or in setting snack time by "when the alarm clock rings it is time for snacks."

Whether you get time off for yourself will depend on your skill at satisfying the nutritional needs of your family with easy to prepare foods. Leave the "fussy foods" for winter months—choose in-season vegetables and fruits. This way you will be able to save time for fun and food money too!

When the family needs something "cold and wet," it will be made with

milk, ice cream, fruit or in combination. The result will be a powerful lot of good tasting nutritional value at no more cost than the empty calories consumed in some other beverages.

Sandwiches will be made of whole grain or enriched bread and filled with greens and protein-rich fillings. Snack foods and lunches will be geared to satisfying nutritional needs rather than catering to the sweet tooth.

Fish, poultry, meat, eggs and cheese will be frequent quick-cooking, inexpensive protein choices. When company comes, tuna boats or cottage cheese pancakes will keep them happy. To make tuna boats, simply place wiener buns in a pan with slit side up and stuff with a filling made of hard cooked eggs, tuna fish and cubed cheese, moistened with mayonnaise and seasoned with salt, pepper and a bit of onion. Heat under broiler or in medium hot oven till toasted and cheese begins to melt.

Cottage cheese pancakes are something special.

FLUFFY COTTAGE CHEESE PANCAKES

- 3 egg yolks
- 1/2 cup cottage cheese
- 1/2 cup milk
- 1/4 cup regular all-purpose flour
- 1/4 teaspoon salt
- 3 egg whites

In a mixing bowl beat egg yolks until thick and lemon-colored. Add cottage cheese; beat almost smooth. Blend in milk, flour and salt. Beat egg whites until peaks fold over. Fold into batter. Let batter stand five minutes. Using one-fourth cup measure, pour batter onto buttered griddle. Bake until top is bubbly and edges baked. Turn and bake other side. Serve at once with butter and jelly. These are very light pancakes, more like an omelet. Makes 12 small pancakes.

Retires After 27 Years' Postal Service

Grace McIntire, postmaster at Herlong, California, for the Sierra Army Depot, has announced her retirement after over 27 years of service.

Mrs. McIntire, a native of Tawas City, received her initial postal training at the National City store, aiding Postmaster Calvin Billings. She continued her career at Mesa Rica, New Mexico, as postal clerk for several years and moved to Herlong in June 1942.

After operating a mail service for military personnel and contractors, she opened Herlong's first post office in October 1942. Due to illness, she left her work for four years, returning in 1949.

Mrs. McIntire and her husband, Gerald, who recently retired from the department of the army, lived in the Tawas area for several years and are planning to visit her mother, Mrs. Judson Freel of Tawas City, in the near future.

FRANCIS J. BLOCK *for* Sheriff

We all appreciate that in the past various sheriff departments throughout Northern Michigan were basically one and two man departments. It was therefore inevitable that the sheriff was a popular person who could best any man in the county in a brawl. However, this circumstance was a matter of the past. Today's sheriff must be an administrator, a person with business experience, with a good sound background in police administration. Iosco County Sheriff's Department is BIG BUSINESS: The sheriff's budget in 1958 was \$25,256.00 or approximately 15% of the county budget of \$174,998.00. The 1972 sheriff's budget of \$175,773.00 (which includes marine enforcement and dog control, funds administered by the sheriff), equals the entire county budget for that year and is more than 24% of the current county budget of \$729,148.00.

Now, I present these facts, not that I could hope to reduce the sheriff's expenditures, not that I would be naive enough to believe that they will not increase. The truth is that all county operational costs can be expected to rise with our expanding economy. As the costs of police protection rise, I believe that we will see a county-wide police service, under the direction of the sheriff. Should this eventuate, and I believe it will in the near future, the sheriff's department budget may well approach the half million dollar mark.

I HAVE THE EXPERIENCE . . . (17 years in police services, three years in police supervisory capability) to make that type of department function well.

I HAVE THE ABILITY AND COMPETENCY, (successful heating and electrical contractor in Detroit from 1941 to 1956 with as many as 17 full time employees), to direct the sheriff department to give you the most law enforcement for your tax dollar.

★ ★ ★ LAW AND ORDER

It is my opinion that the courts of this nation are going to have to bear the major responsibility for the lack of respect for law and order that prevails throughout our country today.

History has shown that the more lenient the courts become, the more crime increases. In England, in the early Eighteenth Century, hundreds of persons made the three-mile trip from Newgate to Tyburn to be 'drawn, hanged and quartered' for stealing as little as five shillings. If that circumstance could, by any stretch of the imagination, be considered the sublime; then our modern criminal justice system, in my opinion, is certainly the ridiculous.

The police of the various agencies throughout this country are doing an excellent job of apprehending criminals, but we are going to have to take a long, hard look at its court systems that continually turn repeaters back to prey on society.

In New York City in the year 1971, there were 94,000 felony arrests, and the further statistics on what happened to those arrested will suggest, I think, where our major anti-crime energies ought to be spent. Listen to New York's police commissioner, Patrick V. Murphy, talking to the New York Bar Association a few months ago: "You asked what happened to last year's 94,000 felony arrests? Exactly 552 of them went to trial—552 out of 94,000 — the rest of them were 'disposed of.' Disposed of means dismissed outright, reduced to misdemeanor via plea bargaining, reduced to much lesser penalties via plea bargaining. The court system," Murphy said, "is simply not dealing with these criminals."

The ratio of felony arrests to those actually going to trial could be compared on a local level.

Consider this reprint from the St. Louis Dispatch, St. Louis, Missouri: Two men approached Myer Walkk, 64, of St. Louis, Missouri, as he was walking his dog late at night and threatened to kill him if he didn't halt. Walkk drew a .32 caliber pistol and mortally wounded one assailant. The other fled. Police identified the dead man as a former convict who had been arrested 56 times since 1964.

Everyone realizes that the courts have problems, that the system was not designed to cope with modern violence and modern crime and the criminal sub-culture in drugs. I am sure that some progress has been made toward court reform in some of the crime ridden big cities, but not enough.

Statistics show that 80% of all felonies are committed by repeaters; that four-fifths of our major crimes are committed by people already known to our criminal justice system.

The courts have "had their way" at attempts to "rehabilitate" the criminal element. I think by now it should be obvious that this system simply does not work. It is high time to try another approach to the problem.

If elected sheriff of Iosco County, I promise to do everything within my power to encourage more, longer and more meaningful prison sentences for felons, and to continue the fight for court reform within our various sheriff's associations.

I take this opportunity to thank Sheriff O'Farrell for the above unsolicited endorsement. I also want to thank the persons who so graciously allowed me to erect my campaign signs on their property: Mr. D. Hunt of Whittemore, Mr. R. Greve of Hale, Mr. Bud Roe of Alabaster, Mr. L. Chapman of Oscoda and Four Seasons Race Track in Wilber. MANY THANKS—FRANCIS J. BLOCK

GUN LAWS

I am firmly opposed to stricter regulation of handguns—Michigan already has a strong gun law that provides up to five years in prison for illegally carrying a concealed weapon; (CL 1948-750.227 M. S. A. 28.424).

Numerous arrests have been made for illegally carrying a concealed weapon in Iosco County, yet I cannot recall when a defendant was given such a penalty by the court. I believe by this time it should be plain to everyone that if there is to be any decrease in crime it will have to come from the courts.

I am of the opinion that 'disarmament' and registration of all firearms are not the answers to the problem, our aim remains to alleviate the abuses caused by the criminal element.

A gun is an inanimate object. It is the user that makes it a force for good or evil, for sport or grief. So long as society includes criminals—crime will occur. The problem, therefore, is not the restriction or registration of guns, but the registration of criminals, narcotics addicts and mental cases and the application of such identification to the purchase of guns. After all, we have had to obtain a prescription to purchase narcotics for as long as anyone can remember, yet today there are more

illegal drugs available than ever before in our history.

Anti-gun preachers make much of the fact that after the Watts Riots and riots elsewhere, guns sold like hotcakes not only in riot areas but everywhere in the various cities. Why not? Is it criminal for a home owner, the head of a family, to prepare as best he can to defend his family, himself and his property? When recent and frightening common events have proved that the police of our great cities, plus state troopers and the National Guard in many cases—can't protect them?

I don't think so, but then I'm "over forty" (and hence not to be trusted). I'm also basically "establishment minded." At least I'm minded to support the ancient verities of a belief in God, patriotism, respect for constituted authority and do unto your neighbor as you would have him do unto you.

I think to curtail this rise in crime, involving the use of firearms, there is only one method that would be effective, and that is a firm, fair law enforcement policy. I don't think we need new laws. We have too many laws on the books now. ALL we have to do is ENFORCE the laws we have now, with FIRM BACKING FROM THE COURTS.

DEPARTMENTAL POLICY

Success of any organization is closely related to the manner in which the administrator deals with his personnel and its organization. Regardless of the size of the department, the attitude of the sheriff towards his staff is the keynote of successful unit operation.

R. L. Holcomb, professor of police administration, University of Iowa, says, "Good law enforcement depends upon the quality of the men and women who perform the duties. Selection of the right type of personnel adds to the law enforcement officer's recognition as an important asset to his community. With good selection and a high level of efficiency, law enforcement takes on the status of a profession."

ALL personnel hired under my administration will be required to pass a definite set of qualifications based on age, education, physical fitness, intelligence, adaptability, personality, character and reputation. Emotional and ethical qualities will also be considered. Each newly appointed officer will be hired on a probationary basis until he has proved that he is a valuable and efficient officer. This, not only for my own protection but to give the people of Iosco County the most efficient law enforcement team possible.

Rumors have reached me to the effect that if I am elected sheriff, the present department will be purged and all new personnel hired—Nothing could be further from the truth. Basically we have a good department. With a few minor changes it will become a better department and the ultimate goal is to assemble an excellent department.

I am committed to enforce the law with fairness, being impartial and unbiased, without fear or favor, always mindful of tolerance and compassion and my obligation to the people of Iosco County. "Service to the Public" was the keynote of my business success, and I intend to continue that policy in the sheriff's department. ALL complaints will be answered with dispatch and courtesy.

I am also committed to promote interdepartmental harmony. The duties and responsibilities of the sheriff are sufficiently difficult without engendering antagonism between other officers and the sheriff's office. There is no room in police work for petty jealousy, interdepartmental quarreling, and doubts and suspicions. When differences do exist, their solution should be strictly a top level problem and not to be haggled by patrolmen, deputies or troopers.

NARCOTICS AND DRUG ABUSE

Admittedly our laws governing the use of marijuana have been too severe, however, I do not believe that marijuana should be legalized.

There is a wave of drug addiction sweeping over America. Our youth is the prime target of the dope pusher due to their natural curiosity and tendency toward experimentation.

Recent surveys show that 25 to 40 percent of all students have experimented, mostly with marijuana but also with pills. One quarter of these say that they take drugs on a regular basis. IN SHORT THE SCHOOL DRUG PROBLEM IS BECOMING EPIDEMIC.

Dr. Dana L. Farnsworth, chairman of the American Medical Association's Council on Mental Health, says, "Our experience has been that the use of marijuana DOES entail considerable risk, DOES cause harm, and has few counter balancing benefits. We have seen too many students who insist that it helps them even as their grades go down and their ability to cope with society decreases."

Many persons will argue that marijuana is no worse than alcohol? Why legalize one and at the same time condemn the other? The truth is that alcohol DOES cause untold misery; and, just because society is carrying the burden of one problem—eight million alcoholics—is no justification to create another.

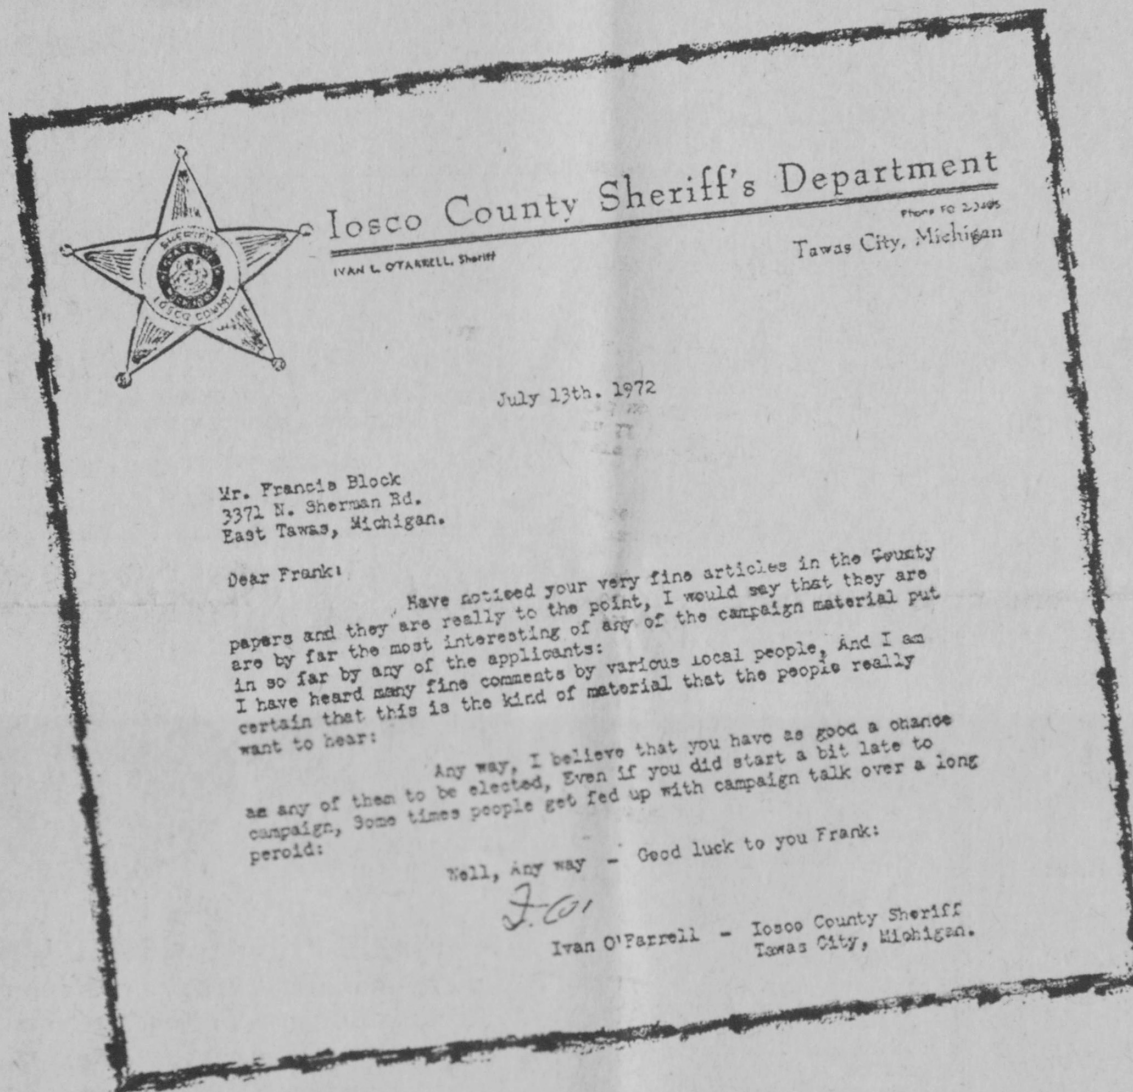

Marijuana does not necessarily lead to the use of stronger drugs, but it can and does. More than 75% of the known narcotic addicts admit their introduction to drugs was through the use of marijuana.

In the United States today there are an estimated two hundred thousand heroin addicts, most are classed as criminal addicts, who steal to support their expensive habit. It costs from \$30.00 to \$100.00 per day, and to get the money an addict must steal objects worth five times that amount. This can mean at least ten million dollars a year in thefts.

However the marijuana laws are modified, the fact remains that if we don't solve this drug problem, by helping the young improve their relations with their parents and society, we are going to have a lot more trouble than we are having now. We must fight this battle, we all must get involved, the future of this country may well be in the balance. Education is our greatest weapon. If enough of our youth decide that the "in" thing is to leave drugs alone the epidemic will die of its own accord.

If elected sheriff of this county I pledge to sponsor a program on drug abuse in our schools with the cooperation of local medical, legal and law enforcement personnel.

BACKGROUND and EXPERIENCE

17 Years in Police Services—

4 Years with Detroit Police Reserve
13 Years as Deputy Sheriff in Iosco County
(Last 3 Years with the Department in Supervisory Capacity)

My record of service to the community includes the training of a thirty man auxiliary police force, the training of various officers in the county in small arms marksmanship, over 200 persons trained in medical self help, more than 500 youngsters trained in hunter safety and safe gun handling, and over 600 persons trained in American Red Cross First Aid. I have also served as Health and Safety Officer for the Paul Bunyan Council, Boy Scouts of America.

I have received certificates from both Michigan State University and the University of Michigan for continuing education in police administration.

During my long association with the Iosco County Sheriff Department I have served in every capacity as

deputy sheriff including: Road Patrol, Marine Enforcement, Dog Control, Process Server, Court Officer, Training Officer, Jailer and Turnkey, Public Relations, Investigations and Administration.

With this experience as a background I thoroughly understand and appreciate the problems involved in the management and command of the various units. The word command is defined by Webster as "To direct authoritatively, to order, to have or exercise authority, to govern." The word manage is defined as "To control and direct, to conduct, guide, administer." In the field of personnel management there is a similarity in the exercise of control over the employees of a business establishment and the control of a sheriff over his personnel. In both instances, the degree of success is dependent more on leadership than the amount of command invested in the administrator. Dependence upon power alone to assure efficient operation of any enterprise is a faulty concept. To successfully command, a sheriff must also lead and manage his staff.
