NUMBER 35

JUNIOR HIGH SCHOOL STUDENTS began registering for the fall term Monday morning at Tawas Area School. Three boys fill out registration forms in the top photo, while Thomas Pirkowski, counselor, is shown accepting forms in the bottom photo.—Tawas Herald Photos.

24 New Teachers Start Fall Term

Announcement was made Monday night that there will be 24 new teachers in Tawas Area Schools at the start of the 1972-73 term, the largest number of new teachers in the school's history.

The 13 new secondary teachers include Kathleen Cox, Darby Deal, Mrs. Judith Gidley, Laura Mahoski, Sandra Myszak, Kathleen Shepardson, Marcia Szanyo, Michael Gekeler, Paul Hay, Stephen Hitch, George Joantitis, Dennis Tibbets, Larry VanWagoner.

Eleven new elementary teachers include Mrs. Nancy Inglis, Donald Barnes, Miss Linda Bero, George Fishel, Miss Elizabeth Jacob, Mrs. Wendy LaVoie, Miss Martha Lyons, Miss Susan Makrisian, Miss Carol Wellington, Miss Lucinda Bishop, George Wajda.

A brief biography and picture of each of the new teachers is to be published next week by this newspaper in order to acquaint the school district with the new personnel.

In business Monday night, the board of education directed that a public auction be held to dispose of antique school desks and other equipment presently stored in the old Anschutz School. In addition, the building is to be offered for removal.

The old building has been used as a storage area for a number of years and houses a collection of old desks, blackboards and other furniture retired from various other schools in the district.

It was suggested by the superintendent that the wooded lot on which the old school is located be used as a site for construction of a home by building trades students.

The board of education authorized the purchase of two ovens and a mixer for the high school kitchen, if 75 percent reimbursement funds are available from the state.

Because of the low balance in the general fund expected September 25, plus a zero balance in November, the board of education authorized an application be made to the state for borrowing \$90,000 on anticipated state aid. This amount would finance school operation until taxes are received starting in December.

Authorization was given to hire a faculty manager at an annual salary of \$1,000. According to the job description, this position would have complete management of all home athletic contests, as well as making arrangements for spectator buses and cheerleaders for away football and basketball games. The position would be directly responsible to the director of athletics.

It was announced that photographers providing family package pictures to all elementary grades and three high school grades would be at the school on Monday, September 11.

A report on the growth of the community education program was made by Gene Gerber, community school

director. The program has grown from a youth involvement of 584 in 1968-69 to 1,604 in 1971-72. Adult programs have grown from 334 in 1968-69 to 978 last year. Pro-rated membership of the adult high school program has grown from 11 students the first year to 225 students last year. Expenditures the first year amounted to \$15,182 and the cost last year was \$26,947.

Since implementation of the community school program, utilization of the school's facilities has been extended an additional six hours a day, seven days a week and 52 weeks of the year.

Over the past three years, there have been 566 adults working toward high school diplomas, 1,022 adults enrolled in recreational and self-improvement type classes; there have been 2,779 students enrolled in after school, evening and week-end programs; 2,497 students and adults were involved in recreational and enrichment classes during the summer months.

Gerber said that it is expected that the community education program would continue to grow. Plans call for utilization of buses for transporting elderly citizens to facilities in the evenings, as well as utilization for field tours.

Hale Millage Wins

In a record turnout of voters Tuesday, Hale Area School adopted an operational tax package of 12 1/2 mills for two years. With 1,280 votes cast, the proposition was adopted, 690-584, with eight ballots spoiled. The proposal called for renewal of nine mills which expired this year and an additional 3 1/2 mills.

DNR Biologist to Explain Saginaw Bay Perch Problems

Concern over commercial fishing pressure on perch stocks of Saginaw and Tawas Bays will be the topic of a program to be presented here Tuesday, September 5, by Randy L. Eshenroder, Great Lakes biologist for the Michigan Department of Natural Resources.

Eshenroder is to appear at the noon luncheon of Tawas Kivans Club, to be held at the Village Inn, Tawas City. Sponsored by the Kivans Club and the Tawas City Businessmen's Association, a special invitation to attend the meeting has been extended to the Tawas City Council, East Tawas Council, East

Tawas Businessmen's Association,

Another Enrollment Hike Expected by TA

Already overcrowded classroom facilities of Tawas Area Schools can expect another round of enrollment increases when doors open for the fall term Tuesday, September 5.

According to an announcement at Monday night's board of education meeting by John Alexander, high school principal, the junior and senior high school can expect 45 students new to the school this year. Edward J. Welsh, elementary supervisor, said that about 40 new students had registered in the lower grades.

Both administrators said that the number of students moving out of the area had not been determined as yet, but both believed the loss would be far below the number of new students.

Junior high school registration started Monday of this week and more new high school and elementary students are expected to register during the week.

Three portable classrooms purchased recently by the board of education have not arrived as yet. Alexander said that the moving contractor had told him that work had been delayed due to wet weather.

Supt. Edward J. Barry said that the buildings were expected shortly and that installation could be made in a matter of days, well before the time of opening of school if delivery is made when anticipated.

The additional classrooms, two to be located at the junior and senior high school on M-55 and one at the elementary unit in Tawas City, were purchased used from another school system. The two units are to relieve bulging junior high school classrooms and the one at the Tawas City Elementary Unit is to house grades which had utilized facilities at Zion Lutheran School.

When purchased in July, the board of education stressed that the portable classrooms would provide a temporary solution to overcrowded classrooms. Through use of the new quarters, the junior high school curriculum has been restructured in order to improve instruction as well as to give some breathing room to high school students.

Alexander said that the new scheduling "looks great on paper," but that it would take a few days of actual operation to determine if the new program would actually work.

Alexander said that principals of

Iosco's four schools met last week to make final plans for the shared time vocational training program being coordinated by Bruce Vickey of Iosco Intermediate School District. The principals plan to meet Friday, September 8, with Vickey to iron out any "last minute bugs," according to Alexander.

Under the program, Hale Area School will instruct in the building

trades, Whittemore-Prescott Area will handle metal shop, Oscoda Area School will have a business machines program and auto shop will be provided by Tawas Area School.

Only senior students will be participating in the first year of this program. Alexander said that enrollment would be limited and late registering students probably would be unable to participate this term.

Old 'Poor House' Razed by Blaze

An old landmark which had stood along M-55 for nearly a century was demolished in a matter of an hour Monday night. The building was unoccupied.

Fire of undetermined origin completely razed the old Iosco County Farm, later known as the Huron Rest Home. Tawas City Fire Department received a call about 10:15 o'clock from a neighboring property owner, who had been notified by a passing motorist that the old two-story frame building was ablaze.

Robert Curry, owner, contacted at the scene after the building had been

nearly leveled by flames, said that he and his wife had attended a late movie at the theatre at East Tawas and were not aware of the fire until they saw flames upon their arrival home. The Curry home is about 100 yards southeast of the old dwelling.

Curry, who is associated in operating a dairy farm with his father, Waldo, said that he had been having trouble with vandals breaking into the old dwelling in recent months. He said he had planned to restore the dwelling to its original shape, several additions having been made over the years.

The owner said the building had been unoccupied for about a year and believe the fire was caused by vandals. The building was not insured.

Firemen were powerless to save the building as flames had broken through the roof before the arrival of three pieces of equipment. At the height of the blaze, burning embers were showered across M-55 and firemen turned their attention to buildings at the Curry farm.

Robert Curry deals in farm equipment and several implements displayed near the old building were moved out of danger by volunteers. Wind blowing from the north prevented the spread of flames to several barns on the property. About 100 head of beef cattle are pastured in a lot directly north of the demolished building.

One of the early owners of the farm was Reuben Wade, a Civil War veteran, who operated a farm there for many years before his retirement to Tawas City. The property was later sold to the county for use as an infirmary, with Mr. and Mrs. John Miller and later Mr. and Mrs. Charlie Simons as operators.

The old structure was occupied by Huron Rest Home until 1966, when patients were moved to the new Iosco Medical Care Facility. The Currys purchased the property from Arthur E. Povish.

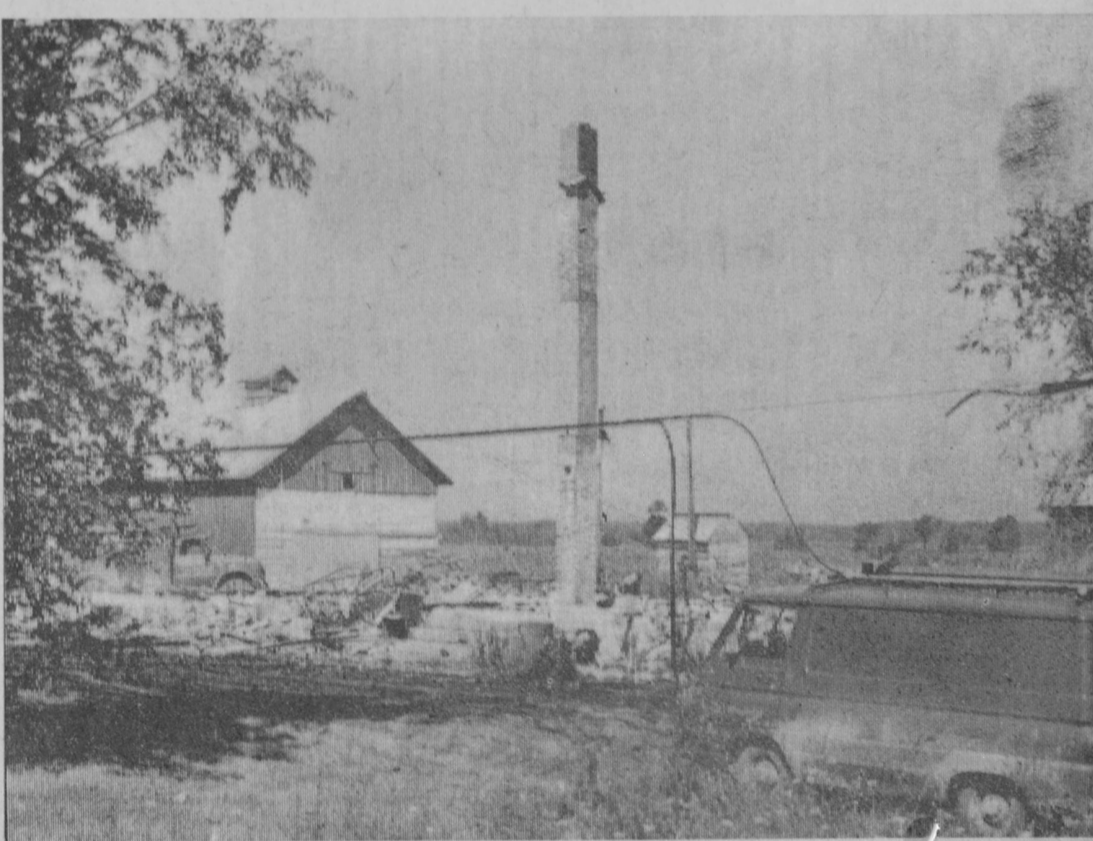

FLAMES WERE POURING out of the front porch and second story windows of the old Iosco County Farm dwelling Monday night when equipment of

the Tawas City Fire Department arrived at the scene. The property is owned by Robert Curry.—Tawas Herald Photo.

A FEW MINUTES LATER, the entire building was ablaze and streams of water directed on the building proved futile. Firemen turned their attention to protecting out buildings at the rear of

the burning building and protected barns at the Waldo Curry farm directly across M-55.—Tawas Herald Photo.

THIS WAS THE SCENE Tuesday morning with only the chimney of the demolished building standing. A crew from Michigan Bell Telephone

Company was splicing in a new section of cable which had been destroyed by the fire.—Tawas Herald Photo.

Millage Vote Lost in AuSable; Mistake Found

AuSable Township's special vote on millage for road maintenance and improvement during the recent primary election lost by 50 votes rather than winning by 36 votes, according to an announcement Friday by Keith Papas, county clerk.

Papas said that an error by the township election board in transferring totals to the official tally book resulted in transposing totals in Precinct No. 2. The error was not noticed by the county canvassing board but was brought to Papas' attention Friday by a township official.

As a result, the two-mill proposition for five years was defeated, 266-216. The proposition won in Precinct No. 1, 81-69, but voters of both Precinct No. 2 and Precinct No. 3 opposed the proposal, 105-62 and 92-73.

Oscoda Boy Cited Into Iosco Probate Court

A 14-year-old Oscoda boy was cited into Iosco Probate Court and then released to his parents Friday after admitting to breaking into a home Monday, August 21, at East Tawas and threatening a housewife with a knife.

Police Chief Donald Docking said that investigation on the day of the incident revealed that the boy was a runaway from Oscoda. He was apprehended at Traverse City and returned home Tuesday.

Through arrangements with the probate court, the boy was identified by the housewife and another witness.

Thieves Steal \$5,000 Worth Of Cigarettes

Burglars made off with more than \$5,000 worth of cigarettes some time early Thursday morning in a break in at Alpena Candy and Cigar Company, Tawas City.

Investigating sheriff's department officers said that entry was made into the building by breaking a rear window. The window was taped by the burglars so as to prevent noise from falling glass.

Investigating officers said that a pickup truck or van truck was used in removing the merchandise. About \$47 in cash was taken.

In other investigations by the sheriff's department, fishing equipment was stolen from a Cedar Road cabin, Plainfield Township, some time early Sunday. The cabin was owned by Marvin Ribbell of Saginaw.

Two accidents were investigated by the sheriff's department. Leonard A. Stantz, 27, Saginaw, was treated at Tawas Hospital Sunday for injuries received when his motorbike skidded into a tree on a woods trail in Oscoda Township at Foote Site Village.

Albert Wells, 16, Bay City, a passenger in a car driven by Frank J. Pratt, 61, Hale, was treated for minor injuries Saturday. A car driven by Robert L. Boyce, 20, Hale, skidded on a curve at Londo Lake and hit the Pratt vehicle head on.

Huron Forest Medical Center Set for Opening

Plans are now being made for an open house for the new Huron Forest Medical Center which is now being completed at Hale.

A TREE weakened by rot was felled by a high wind Saturday morning at the intersection of First Street and Second Avenue, narrowly missing the residence of Mr. and Mrs. Leonard Hosbach. It was removed Monday by the department of public works.—Tawas Herald Photo.

Gals Slogged In Rain for Tourney

Alibi Inn captured the first place trophy in the first annual women's softball tournament held Saturday and Sunday on a muddy field at East Tawas. All games were played despite heavy downpours of rain.

With rakes and shovels donated by local citizens, umpires and team members pitched in to get the athletic field on Newman Street in shape before and after each game was played.

Due to the slippery field, cleats and equipment were exchanged between teams. Tawas Boosters Club was on hand to serve hot drinks and food to the wet and hungry softball players.

Winning second and third place trophies were Darby's Party Store and AuSable Inn, both of Oscoda. A special trophy was awarded to Nancy Abbott for the only home run hit over the fence during the entire tournament.

A league representative reports that all teams had a good time in the tournament "and we hope to see the same teams, the same good sportsmanship and outstanding umpires back again next year."

Hosbach Family Reunion Held at Indian Lake

Mr. and Mrs. George Sermon of Essexville hosted the second annual John Hosbach family reunion at their cabin on Indian Lake Sunday, August 27. Among those attending were the two surviving daughters, John and Julia Hosbach, Mrs. Julia Charles and their families; Warren, by's children, and their families, and Ted and Kathy Hosbach.

There were 44 in attendance from Jonesville, Saginaw, Bay City, Essexville, Zilwaukee, Tawas City and East Tawas. The oldest was 84 years old, and the youngest, a few weeks old.

The meal was pot-luck and the afternoon was spent visiting and getting acquainted with new family members.

List Bus Schedule For 1972-73 Term

Tawas Area Schools will re-open for the 1972-73 school year on Tuesday, September 5, for a half-day session, 9:00 a. m. to 12 o'clock noon. Bus routes for this term were announced as follows this week:

Bus No. 1, Charles Schalm, M-55 (Grant Township area): Regular route along M-55 same as last year, then to high school and East Tawas Elementary Unit, then back to high school and regular run.

Bus No. 69-2, Clarence King, Townline Road: Pick up Rapp, Unkei and along Townline Road, then to Tawas City Elementary Unit to pick up high school students, then to high school and pick up along M-55 to North Park Acres Subdivision and then to East Tawas Unit. (Reverse the above schedule in afternoon.)

Bus No. 70-3, Lucile Rainsberger, Lorenz, Kobs, Spartan and Plank Roads and North US-23: Plank Roads to Spartan to Plank Roads. Proceed to North US-23, picking up Brains and Trudells and on to Baldwin Resort Road. Back on US-23, picking up students on US-23 to East Bay area, then to East Tawas schedule in afternoon. (Reverse in afternoon.)

Bus No. 67-5, new driver, Monument Road, Tawas Lake run: Pick up students on Monument Road, then to high school, to Tawas Lake, then to East Tawas Elementary Unit, then to high school students for high school. (Reverse schedule in afternoon.)

Bus No. 16, Larry Bukwa, Meadow Road run: Go out Meadow Road to Schmidt Road, right on Schmidt to M-55, left on M-55 picking up Wawarow Road, pick up students on Meadow Road and on to Tawas City Elementary Unit, picking up high school students, then to high school. In afternoon, start at Tawas City Elementary Unit, back to high school, back to Tawas City, then regular run.

Bus No. 69-6, Robert Pawloski, Prescott Dock, Bay Drive run: Go to Prescott Dock, back on US-23, pick up students from Townline Road to Ninth Avenue and Meadow Road. Proceed to high school. Return to Lake Street, picking up students on to Tawas City Elementary Unit, then to East Tawas. (Reverse schedule in afternoon.)

Bus No. 68-7, Robert King, Whitney run: Whitney area along South Lake Heart of Mary School, then to high school, then to East Tawas, then to Tawas City. (Reverse in afternoon.)

Bus No. 69-3, Lois Schirmer, Laidlaw area: Go to Klenow Road, pick up students on Klenow Road, then to Laidlaw Road and M-55, picking up to high school, on to hospital, then Brugger's corner and back to high school. (Reverse schedule in afternoon.)

Bus No. 70-12, Ronald Bruckner, M-55, Chambers and Miller Roads: Pick up on M-55 to Chambers Road, right on Chambers to Miller to McArdle Roads, back to M-55 and on to high school. (Reverse schedule in afternoon.)

Hemlock Bowling News

Debra Hansen has returned home to Grand Rapids after spending a few weeks with Mrs. Frank Stoddard.

Mr. and Mrs. Alton Durant and the Wesenick and Seafert family reunion at the home of Henry Seafert, Kathy present and the youngest member was the eldest.

Mr. and Mrs. Gale Huntley entertained Mr. and Mrs. Alton Durant at dinner Thursday evening.

Mr. and Mrs. Clarence Herriman and the Victor Herrimans left Tuesday for a week in the Upper Peninsula.

Mr. and Mrs. Chester Dobson of Owosso, Mrs. Jessie McLean and Mr. and Mrs. Clarence Herriman of Tawas City were recent dinner guests at the Victor Herriman home.

Mr. and Mrs. Harold Bublitz, Mrs. K. W. Bublitz and the Fred Pfahls were in Jackson recently to visit their sister who had fractured her hip.

Mr. and Mrs. A. J. Featheringill and sons visited at the Fred Pfahls home last week-end while enroute to Canada.

Mr. and Mrs. Kenneth Herriman of Allen Park spent Friday in the area.

Mr. and Mrs. Olen Herriman took their son, Raymond, and Gordon Long to Grand Rapids Saturday where the boys enrolled in the Grand Rapids Bible College.

The Rev. and Mrs. Walter Buck and approximately 18 youths spent the past week at Lake Ann, near Traverse City.

Mr. and Mrs. Raymond VanCurler of Sand Lake entertained her son and family of Crosswell over the week-end.

Mrs. Edith Herriman, Mrs. Olen Herriman and Raymond visited Mr. and Mrs. Mark Whitte at Lake Ann last Wednesday.

Mrs. Jerry Dukes and son of Brooksville, Florida, are guests of her grandmother, Mrs. Edith Herriman.

The James Finleys have been in Flint where they attended the Finley family reunion.

SAFETY TIPS

IT'S DANGEROUS TO JAYWALK

Jaywalkers are a double danger; not only do they risk their own safety, but they also cause traffic jams and vehicle collisions. Taking the time to cross only at corners may mean saving your life and the lives of others. Deborah White, Cass Technical High School, Detroit, Michigan, drew this prize winning poster in the AEA School Traffic Safety Poster Contest.

RIGHT-NOW PAYMENT

for Damage to Building and Contents

Claims up to \$250. for damage to buildings or contents can now be settled on-the-spot for State Farm policyholders. They present their check for State Farm's share of damage caused by glass breakage, windstorm, hail or fire, lightning, frost or another good reason for insurance right now!

Holiday Traffic Not Expected to be Problem

Although Labor Day week-end travel should be up five percent over last year's holiday pace, only home-bound traffic on Monday, September 4, is expected to reach serious traffic jam proportions on major roads, according to Automobile Club of Michigan.

It is predicted by Auto Club that 3.3 million vehicles will travel 740 million miles during the holiday week-end which begins at 6:00 p. m. Friday, September 1, and ends at midnight Monday, September 4.

Despite the increased number of vehicle miles being traveled, the tendency of a growing number of motorists to avoid peak travel periods at the start of holiday week-ends should result in few traffic tie-ups Friday.

"We estimate that 15 percent of the state's vacationers are now beginning trips as much as a day early or a day late to avoid travel delays," states Joseph Ratke, Auto Club touring manager.

Although Auto Club expects heavy traffic on I-75 between Flint and Bay City with only intermittent slow-ups the first day of the week-end, no bumper-to-bumper conditions should develop. What is expected is steady, heavy traffic with no noticeable peak between 7:00 and 10:00 p. m. Friday.

"We have been noticing this trickling effect over the past year on the long summer holiday week-ends and feel it is the only explanation for the absence of traffic tie-ups, but state park campgrounds fill in some areas the night before a holiday week-end begins," states Ratke.

"We also have noticed a lessening of pressure and turnaways at state parks during holiday week-ends the past two years, although the number of campers each year has grown at a 10 percent rate," states Ratke.

"The reason for this is that while camping families have grown rapidly, private parks have been increasing at a 20 percent rate over the past several years," he adds.

Ratke says that the Michigan motorist will not be aware of the number of vacationers in resort areas until 2:00 p. m. Monday, when the first waves of heavy southbound traffic start building on I-75 between Bay City and Flint and on US-31 from Traverse City to Muskegon.

Joe Clark Recalls 'Fish Eye View'

Joe Clark, H.B.S.S., noted Detroit freelance photographer, was featured in a story appearing Sunday in The Detroit Free Press.

Clark, known as the "Hill Billy Snap Shooter," has been a regular contributor to Life Magazine, as well as other national publications, for about 30 years. His pictures have been used for national advertising campaigns by many different firms.

The Detroit photographer put Tawas' Perchville on the map nationally in 1950 with his "fish eye view" of a perch in Tawas Bay, which appeared in Life Magazine. In Sunday's article, Clark recalled how he fashioned a "watertight" box with which to sink his camera into Tawas Bay to achieve this noteworthy picture.

Scuba diving was practically unheard of in this area 22 years ago and commercially manufactured equipment for underwater photography was unobtainable. Clark's cameras were soaked (and the teeth of his local assistants were chattering) before the one successful "fish eye view" was snapped under the ice of Tawas Bay.

State Police Investigate Four Injury Accidents

Four personal injury accidents were investigated last week by Michigan State Police from East Tawas.

Gary A. Schramke, 34, Flint, was treated at Tawas Hospital Thursday for injuries received when his three-wheeled motorcycle rolled over on A-Sable Point Road.

Edward D. Sheldon, 41, Detroit, was treated for a sprained knee Saturday when he lost control of his motorbike while riding up a hill in Grant Township near Carpenter Road.

Joseph M. Clement, 39, Sand Lake, was treated at Tawas Hospital Sunday after his motorbike struck a tree in Grant Township on Binder Road.

Mark A. Gillians, 22, Oscoda, cut his forehead on the windshield of his car when he ran off Rea Road at River Road, Oscoda Township.

Doak - Knapp Marriage Vows Repeated Aug. 26

Arrangements of white gladioli formed a floral background in Tawas United Methodist Church, East Parish, for the marriage Saturday, August 26, of Janice Ann Knapp and Ronald Edward Doak.

The Rev. Kenneth Tousey performed the 7 o'clock, double ring, candlelight service. John Whitman was the vocalist, accompanied by Thomas Merschel and Mrs. Alden Phelps.

The bride is the daughter of Mr. and Mrs. Kenneth K. Knapp of Lansing. Her husband is the son of Mrs. Edward J. Doak of East Tawas and the late Mr. Doak.

Escorted to the altar by her father, the bride chose a floor-length gown of nylon organza with Empire waistline and flowing A-line skirt. The bodice, full sleeves and skirt were adorned with sunbursts of seed pearls and flower appliques of Chantilly lace. Her mantilla veil, which fell to form a cathedral-length train, was trimmed in a wide border of Chantilly lace. She carried a cascade of yellow tea roses, ivy and daisies, mounted on a white Bible.

Nancy Knapp, sister of the bride, acted as maid of honor. Juleen Knapp, sister of the bride, and Mrs. John Vincent of Detroit were bridesmaids. The attendants were identically attired in gowns of mint green crepe with Empire waistlines and long full sleeves of sheer silk. The wide crepe cuffs, high collars and bodices were accented with interwoven lace and silk. Their crescent bouquets were made up of yellow roses, daisies and baby breath.

Jonathan Schirmer was best man with Richard Doak and Terry Grabow, groomsmen. Bouquets of daisies and yellow roses and hurricane candles decorated the tables at the Tawas Golf and Country Club, Tawas City, for the reception following the ceremony. One hundred-eighty guests were present from Lansing, Detroit, Bay City, Montrose, California, Dearborn, Flint, Big Rapids, St. Clair, Mt. Clemens, Livonia and New York.

Mrs. Knapp greeted guests in a floor-length, A-line gown of pink crepe with long, full, sheer sleeves and trimmed with miniature rose-

buds. Mrs. Doak selected a floor-length lavender gown accented in white lace. Both wore corsages of pink rosebuds.

Following a one-week trip through Northern Michigan, the newlyweds will reside at the Walloon Lake Inn, Post Office Box 123, Walloon Lake, Michigan 49796.

The new Mrs. Doak is a graduate of Lansing Community College and is currently an elementary school teacher. Mr. Doak will graduate from Ferris State College, Big Rapids, in November with a degree in drafting, education and mechanical engineering.

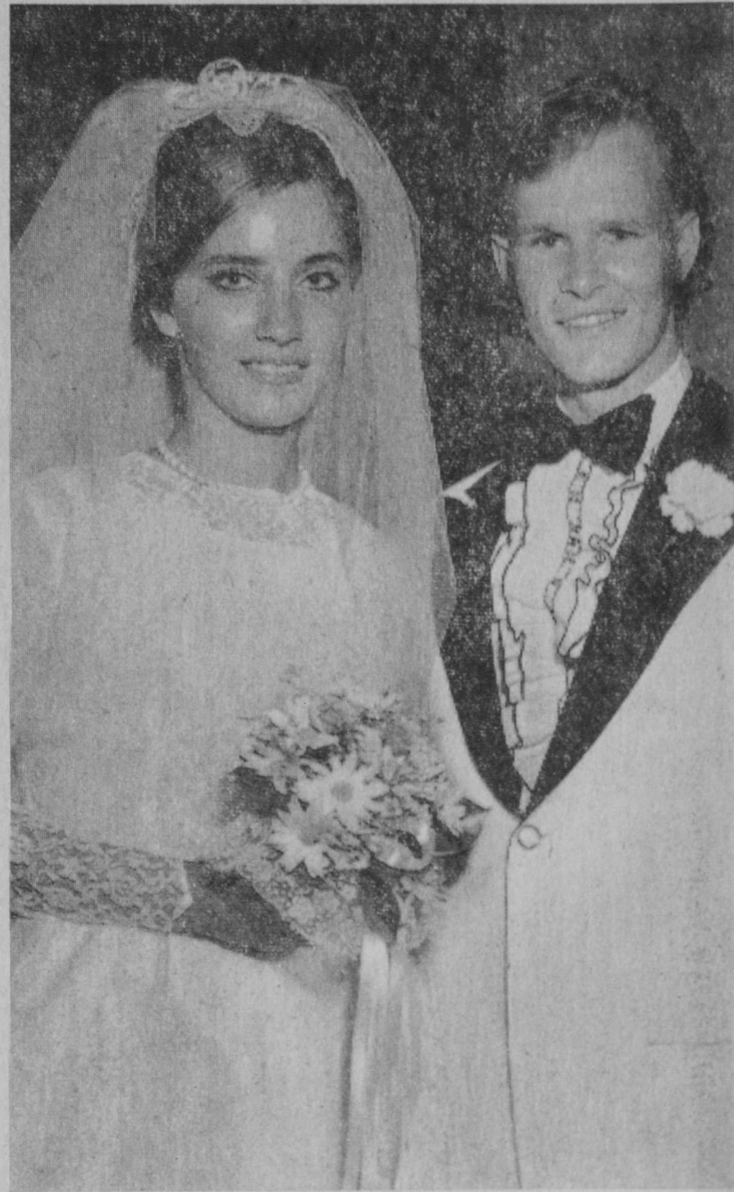

Pre-nuptial showers honoring the bride were hosted by Mrs. Jack MacLean and Mrs. Harold Moore in Lansing and by Mrs. William Wines in AuGres.

Engaged

Mrs. Lucille Michaels of East Tawas and Carol Michaels of Whittemore announce the engagement of their daughter, Suzanne Marie, to Mark Sterling, son of Mr. and Mrs. Edward Sterling of Tawas City. A September 9 wedding is being planned.

The couple will reside in Lansing where they will attend Lansing Community College.

—Tawas Herald Photo

RLDS Church Scene of Koepke-Scholtz Marriage

Reorganized Church of Jesus Christ of Latter Day Saints, Tawas City, was the scene of the double ring ceremony Saturday, August 26, uniting in marriage the former Jane Irene Scholtz, daughter of Mr. and Mrs. Howard Scholtz of East Tawas, and Kenneth Koepke, son of Mr. and Mrs. LaVerne Koepke of Tawas City.

Elder Marshall McGuire officiated at the 3 o'clock ceremony, which was followed by an evening reception at the Wilber Township Hall. Vases of white and lavender gladioli decorated the altar. Ellen McGuire sang and played the organ.

The bride descended the aisle in a white, floor-length gown of organza over taffeta. Her gown featured long, wristpoint sleeves and a full skirt, which fell to form a chapel-length train. A headpiece of white floral petals, surrounded with miniature pearls, secured her silk veil. She carried a bouquet of pink and white daisies.

Wearing a full-length gown of peach chiffon over taffeta with Empire waistline and long sleeves was Geraldine Newman, maid of honor. Mrs. Clifford McKelvey and Toni Huyck, bridesmaids, and Mary McKelvey, junior bridesmaid, were identically attired in lilac gowns of

the same style. All carried rose bouquets.

Dale Koepke served his brother as best man with Howard Scholtz Jr., Clifford McKelvey of Whittemore and Clifford McKelvey Jr., groomsmen. Gerald Buck seated the guests.

Pink, white and lilac streamers decorated the hall for the reception attended by 250 guests from Pontiac, Flint, Merrill, Saginaw, Caro, Mt. Pleasant, Pinconning, Detroit and Arizona.

For her daughter's wedding, Mrs. Scholtz chose a pink dress with white lace overlay. Mrs. Koepke also wore a pink dress. Both selected corsages of dark pink carnations.

The new Mr. and Mrs. Koepke are graduates of Tawas Area High School. They will reside at 1021 Bay Drive, Tawas City.

Engaged

A November wedding is being planned by Joanne Peters and William Wachob of Garden City. Miss Peters is the daughter of Mr. and Mrs. Glen R. Peters of Whittemore. She is a graduate of Michigan State University, East Lansing. Her fiancé is a graduate of Eastern Michigan University, Ypsilanti, and is employed as an engineer at Chrysler Corporation.

Iosco Chapter Meets Sept. 7

Iosco Chapter No. 71, Order of the Eastern Star, will meet Thursday, September 7, 8:00 p. m., at the Masonic Temple, Tawas City, for the first meeting since the summer vacation.

Regular meeting night has been changed this year from the first Friday of each month to the first Thursday of each month.

Retired Persons to Meet Sept. 6

Members of the American Association of Retired Persons are to bring a sack lunch to the Wednesday, September 6, 12 o'clock noon, meeting at the East Tawas Community Building. Regular business meeting will be conducted.

(Editor's Note: Due to print processing and mail schedule difficulties on the part of Guys and Dolls Photography, the wedding pictures below and at right were delivered to this newspaper after last week's publication day. News articles concerning the marriage ceremonies appeared in this newspaper last week.)

ST. JOSEPH CATHOLIC CHURCH, East Tawas, was the scene Friday, August 18, uniting in marriage the former Sandra Lee Whitman, daughter of Mr. and Mrs. John R. Whitman, Tawas City, and Randall Allen Foco, son of Mrs. Albert J. Foco of Tawas City and the late Mr. Foco.

—Photo by Guys and Dolls

IN A DOUBLE RING CEREMONY Saturday, August 19, Lisbeth Ann Boldt and Howard C. Rollin were united in marriage at Tawas United Methodist Church, East Parish. The bride is the daughter of Mr. and Mrs. Donald Eklund of East Tawas and her husband is the son of Harold Rollin of Tawas City.

—Photo by Guys and Dolls

EXCHANGING MARRIAGE VOWS Saturday, August 19, at Christ Episcopal Church, East Tawas, were Mary M. Lubig, daughter of Mr. and Mrs. Lawrence Lubig of East Tawas, and James W. Bradley, son of Mr. and Mrs. E. Bradley of Beulah.

Consumers Power Company
Service Proves Reliability

If you consider yourself an average residential electric customer of Consumers Power Company, chances are your electric service was interrupted for only about 1 1/2 hours out of the 8,760 hours which made up the year 1971.

According to the utility's 1971 electric system performance report, reliability of service to customers for the year averaged 99.984 percent.

That means a homeowner who used 6,000 to 7,000 kilowatt hours of electricity was without power only a total of 84 minutes during the year. Putting it another way, the company's average electric customer was without electric service .016 percent of the year, or one minute, 37 seconds per week.

The report, compiled by the company's average electric customer distribution department, examines the performance of the electric system listing all service interruptions and detailing the causes, including rain, snow, sleet, hail, winds and heat storms. It is useful in that it can point out a need for improving or increasing training for electric department personnel, show that a particular type of equipment is aging and needs replacement or locate defects in newly-installed equipment.

A number of other factors hindered service reliability in 1971: Four major storms which interrupted service to 56,000 customers; an unusually high number of interruptions, 891, from what are called

"minor storms" even though winds exceeded 40 miles per hour; 621 electric lines downed by tree limbs.

Continuing problems for Consumers Power Company are service interruptions caused by auto accidents, gunfire, digins and other "third party" interference. More than 1,200 of these incidents occurred in 1971.

Although achieving a reliability index of 100 percent is virtually impossible, Consumers Power is constantly striving to improve the high electric system performance.

More than 22,000 hours of training in such subjects as electric line construction and operation and tree trimming procedures was given to supervisory and electric line personnel.

Since more than 50 percent of all underground electric interruptions are caused by third-party excavations, an education program for contractors and the general public is in progress. In nine of the company's 12 electric divisions a Contractor One Number Alert (CONA) is in effect. One telephone call from the contractor notifies all utility firms in the area when and where a contractor or individual is going to dig. Each utility then marks its facilities to prevent damage.

A specially-equipped trailer to speed up repair of underground lines was tested last year. As a result of its success, additional units are being added.

Material and equipment is continually reviewed for performance. In 1971, nine products were dropped because they were unacceptable and 40 kinds of equipment were found to need repair or replacement. In some instances, design changes were made by manufacturers following discovery of the defects.

Finally, the computer age is being employed to improve electric service. Last year, a new computer program was introduced to calculate reliability at each electric substation. This data will help determine where time and money should be invested to obtain the greatest improvement in reliability.

Family Living Education

By HELEN B. MEACH
Extension Home Economist

Wise mothers look for features which adjust to her growing child, such as deep hems, adjustable straps, deep cuffs, raglan sleeves, large underarm and leg seams. Two-piece garments can usually be worn longer than one-piece garments.

Mothers are remembering that happiness comes for kids with something new to wear when school begins. They remember, too, how to stretch the buying power of the family clothing dollars.

Right now, mother must put some extra stretch in the family dollars. Why now? Because summer is ending and school is beginning all over again.

New clothes for school—that is the thing! For kids, happiness is a new red dress or those racing stripe sneakers. These are only firsts on the long list.

Clothes can help give children a sense of security helping them to feel at ease and comfortable rather than awkward and different from others.

The color design and cut of children's clothes can help them to feel self-assured. Clothes can cause self-consciousness if too large.

The size and content of a child's wardrobe is different with each family and each child. Rule number one: Buy fewer clothes that will serve many purposes, ones that can be kept in continuous use. Second: Put the most money in clothes that are used the most.

"Hand-me-downs" are one way to stretch clothing dollars, but children may have their own ideas about wearing other children's clothing. A great deal depends on the adult attitude toward the use of such clothing. Wise is the mother who adjusts the "hand-me-downs" so there is a personal touch for the new owner.

Shoes are one item of clothing which should not be passed from one child to another. Foot shapes may be very different. Children's foot bones are still in a formative stage and can be misshaped so easily.

Mothers who make allowances for a child's growth are wise shoppers. They know that buying a larger size is not always an economy. When too large they may hamper a child's movements. They may be faded and worn looking before the child grows into them.

State Billboard Deadline Set for Sept. 3

Applications for state permits have been submitted for only about one of every 56 billboards along Lower Peninsula highways covered by Michigan's new Billboard Control Act.

State Highway Dir. Henrik E. Stefseth reminds billboard owners that September 3 is the deadline for applying to the Department of State Highways for a permit.

When the deadline passes, the law requires the department to attach a red violation notice to each unlicensed sign requiring a permit. Sixty days later, the sign will be declared abandoned and the department may remove it and bill the owner for twice the cost of removal.

An estimated 29,000 signs along interstate and primary highways in the Lower Peninsula will require permits. So far, applications for only 507 of the three-dollar permits have been submitted to highway department offices.

"Many billboards became non-conforming under the new law and owners of these are entitled to compensation, as are the owners of land on which they stand for the loss of rental fees," Stefseth said.

Retired Teachers Meet Sept. 6

Isosco-Alcona Retired Teachers Association will meet Wednesday, September 6, 12 o'clock noon, for a picnic lunch at the Lakewood Shores Pavilion, Osceda.

All retired teachers are welcome.

When Steve Lawson said "No more wrinkles in my shirts"...

his wife bought a Gas dryer.

The kind with a permanent press cycle. But what Steve and his wife discovered was that the permanent press cycle on their new Gas dryer saves them Gas and money, too. You see, it operates without Gas during the last 10 minutes (just fresh fluffing air, to make sure the wrinkles won't set). Saving Mrs. Lawson a lot of ironing.

With so many permanent press items in use today, you should consider replacing your old dryer with a modern Gas dryer with the permanent press cycle. You can see them at Gas appliance dealers or Michigan Consolidated Gas Company showrooms.

But, whether your dryer is old or new, here is how you can increase its operating efficiency:

1. Follow manufacturer's instructions on proper operation.
2. Keep the dryer's lint filter clean.
3. Avoid over-drying your clothing.
4. Keep the dryer's flue clear of lint accumulations.

**Richard Pfahl
Attended Bank
School Session**

Richard L. Pfahl of Farmers and Merchants State Bank of Hale in Whittemore was among 1,548 student-bankers from about 40 states and several foreign nations who have just completed the annual two-week residence session of the 29th annual graduate school of banking at the University of Wisconsin, Madison, Wisconsin, August 7-18.

The school, sponsored by the Central States Conference consisting of the banker's association in 16 mid-western states, requires attendance for two weeks each year for three years for graduation. A total of 441 seniors received their diplomas at the school's 1972 graduation exercises Friday, August 18. The graduate school of banking is one of the many schools, short courses and conferences sponsored annually at the University of Wisconsin as educational services for all citizens.

Attendance at the 1972 graduate school of banking enabled its students at Wisconsin's university not only to meet a large number of bankers from all over the country, but they also had the opportunity of hearing the school's distinguished lecturers, over 100 experts from all parts of the nation, who are recognized authorities in banking; economics; government; law, industrial, agricultural and financial problems.

**Emerson Pringle
Died August 22**

Emerson Melton Pringle of East Tawas, 81, passed away at his home Tuesday, August 22. Funeral services were held Friday, August 25, at the E. D. Jacques and Son Funeral Home, Tawas City, with burial services that afternoon at the Flint Memorial Park Chapel, Mt. Morris. The Rev. William A. Graf officiated at the funeral services.

Mr. Pringle was born August 8, 1891, in Sherman Township. He and his wife, Evelyn, moved to East Tawas five years ago from Flint, where he was employed at Buick Plant Number Three for over 40 years. He was past president of Buick Local and a member of the Isoco Sportsmen's Club.

Surviving besides his wife are his son, Edward N. Pringle of Flint; two stepsons; a stepdaughter; 10 grandchildren; seven great grandchildren, and a brother, Robert Pringle of Ohio.

Can they afford the monthly payments on your home?
Suppose your wife had to do it on her own. Chances are she couldn't afford those monthly payments and preserve your estate as well. Unless, of course, you plan for it now—with our "altogether" mortgage insurance. Because it has a fixed term and covers only the amount of your mortgage, it won't cost as much as you might think. Give us a call now. You don't have to buy a new house to be eligible. You're eligible anytime. Altogether Insurance—to help the family stay all together.

**Revenue Bond
Issue Would
Finance Sewer**

15 Years Ago—
August 29, 1957—A recommendation to start action on a proposed \$65,000 revenue bond issue for construction of water main extensions and installation of meters was made by the Tawas City Water Board. Water main extensions include one from Oak Street east to the city limit to tie in with East Tawas' distribution system.

The United States Army Corps of Engineers will hold a public hearing on National Gypsum Company's application for modification of plans for its proposed new dock south of Tawas City.

Whittemore-Prescott Area School electors voted six to one in favor of bonding the district for \$550,000 to build and equip a new junior and senior high school.

Among state troopers selected for scuba diving instruction at East Lansing recently was Trooper Jack Barker of the East Tawas post.

The public is invited to attend the first showing of the new Edsel at the Ottawa Equipment Company salesroom. Ford Motor Company has invested \$250,000,000 to produce the new Edsel. Engineering innovations include "tele-touch" push button transmission controls located in the steering wheel hub.

Among varsity football regulars returning to the Tawas Area Braves this fall are Dick Lanski, Ray Guyette, Roger Gordon, Don Heenan, Jim Saur, Roney Roach and Jim Curry.

25 Years Ago—

August 29, 1947—A preliminary examination and survey of the Augres River by the United States Army Corps of Engineers, with a view to control its floods, is included in a bill introduced into congress by Cong. Roy O. Woodruff. Authorization for the survey by congress is the first step in obtaining a complete survey of the problem and federal aid for construction.

A total of \$76,511 was realized in the recent sale of state land by the conservation department. The department disposed of 7,285 acres and 634 lots in 33 counties of the Lower Peninsula. This included 44 water frontage parcels. Sales in Isoco amounted to \$615.

Lloyd L. Bowman of East Tawas was the first to receive the World War II Victory Medal just recently authorized for distribution by the Navy Department. Among those who have received the medals in this area are Stanley A. Misener, Howard J. Durant and John C. Elliott.

Possibility that the intelligence of the American people is declining has been discovered by population experts. That this may be true is agreed to by some top educational leaders. Census figures indicate that parents with the least mental and financial ability to raise children produce twice as many children as parents of highest intelligence and income.

Five applications of Douglas Ferguson to erect residences in the Ferguson Subdivision were approved by the City of Tawas City.

Whittemore turned in two double plays and a triple play, but lost to the Tawas City Indians, 2-1.

Alice Small and Shirley Burrows of East Tawas returned to East Lansing to resume their studies after a one-month vacation.

35 Years Ago—
August 27, 1937—At four o'clock yesterday morning, all that remained of the Wilson Grain Company elevator in Tawas City was a heap of smoldering embers and twisted iron. The nearby Masonic Temple stands, but with flame scarred walls and roof and the interior a complete wreck.

George Green Jr., Wilber right fielder, cracked a home run as his team won over Miner's Grove, 11-4.

Argentina has protested the proposed leasing of obsolete United States warships to Brazil, declaring that such an act would upset the balance of naval power in South America.

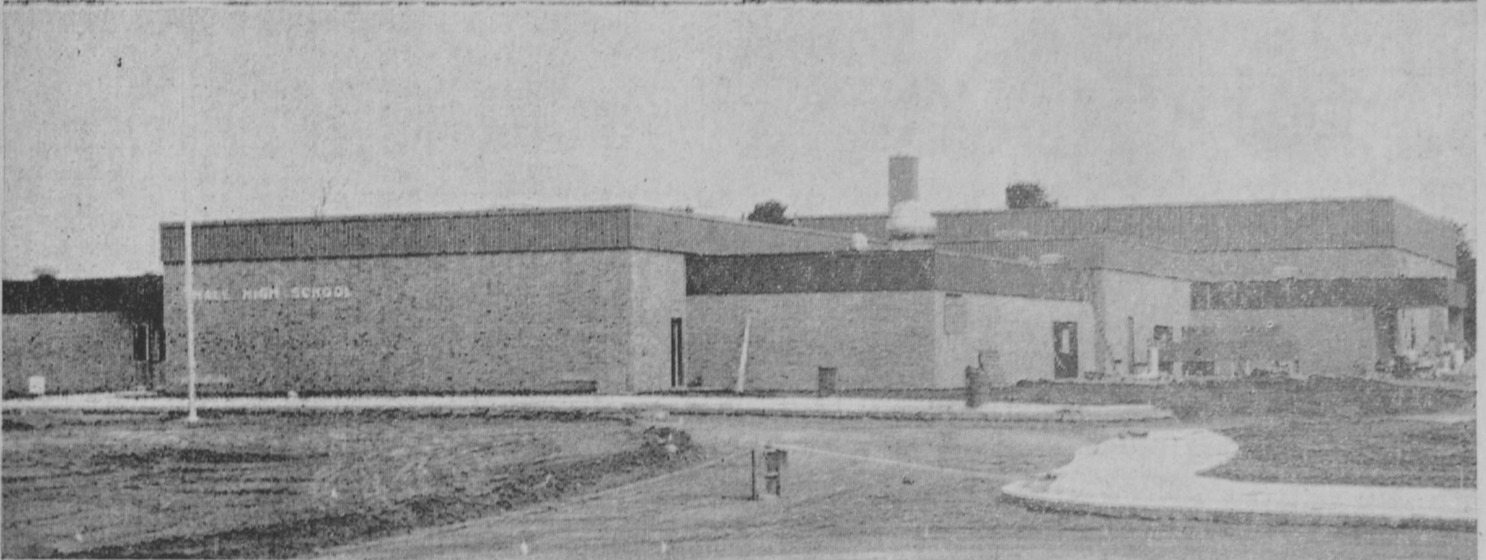

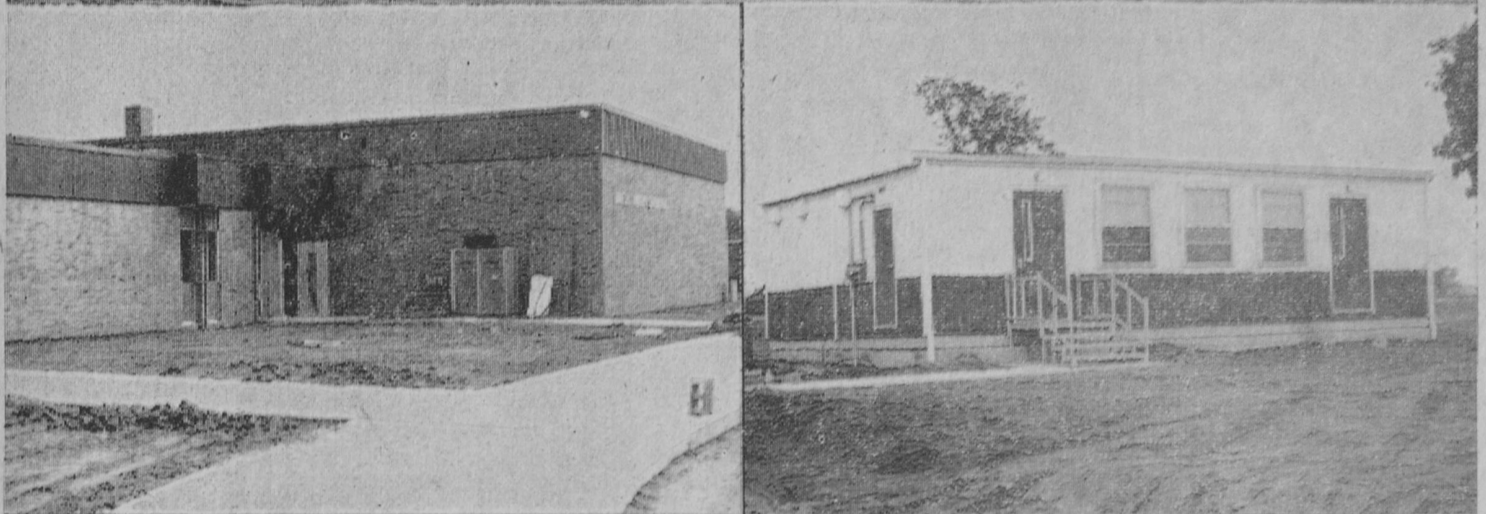

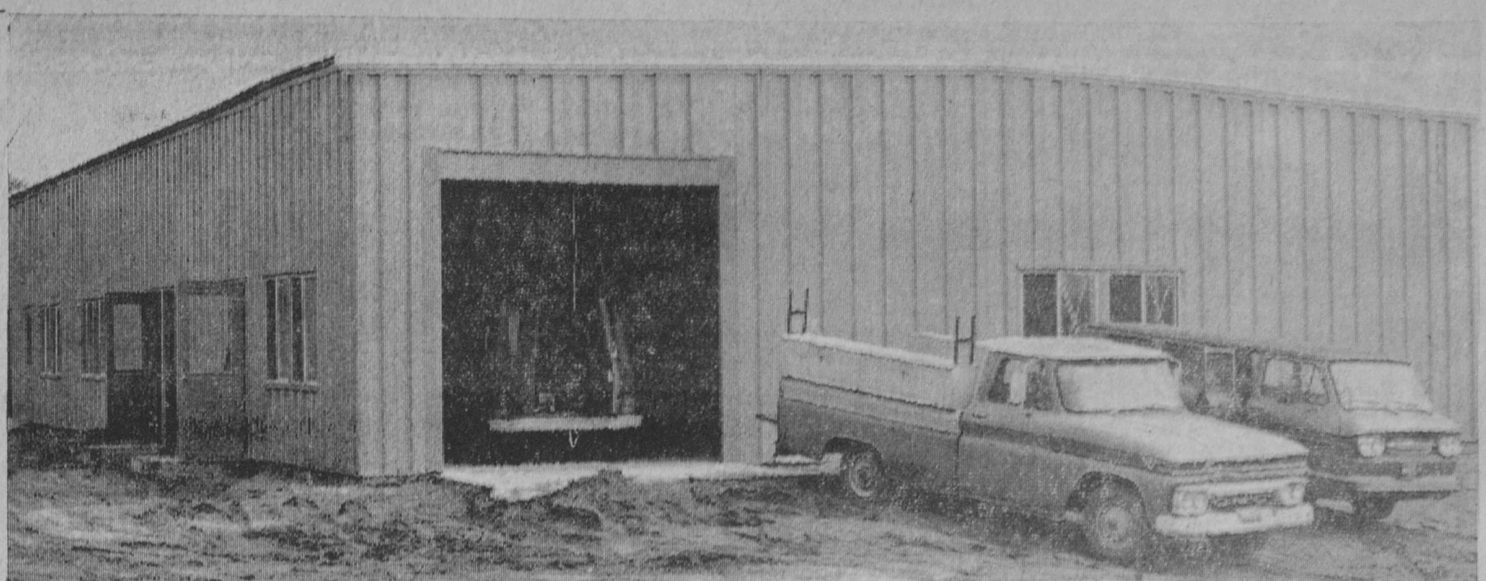

Harry Morley Jr., two years old, has returned home after receiving treatment at Bay City. He had been bitten on the arm by a snake.

Lester Biggs is hauling clover at the Earl Herriman farm.

H. F. Burton, M. D., announces the opening of his office at the corner of State and Sawyer Streets, East Tawas.

Earl Slosser and Stan Shellenbarger of Hale attended Wish Egan's tryout camp for the Detroit Tigers.

Mr. and Mrs. Charles Brown and Mr. and Mrs. Russell Binder attended the lumberjack picnic at Edenville.

ALTHOUGH WORK on the new Hale Area School will not be completed for opening of the fall term, workmen began moving equipment last Thursday into the new shop building, top photo. The new shop building was not included in original plans for the school, but a federal grant and deletion of some equipment in the cafeteria allowed construction of this important addition. The shop will go into immediate use and the old shop building is being converted into elementary classrooms. Additional funds were gained by removing the superintendent's office from the main

building and utilizing one of the school's portable classrooms for an office, shown in the picture at middle right. School officials are hoping that front doors of the new building, shown in the picture at middle left, will be receiving students before December. The new school complex, shown in the bottom photo, displays excellent design for educational purposes, is located on a beautiful rolling site and will be completely landscaped in the original 1.6 million-dollar cost. When completed, it will be one of the outstanding school facilities of Northeastern Michigan.—Tawas Herald Photos.

**Stock Dividends
Not Reportable**

Question: I am retired and getting monthly payments from social security. I do not work, but I do receive dividends from some stock I own and a small pension from my former employer. Must these be reported to social security as earnings?
Answer: No. Neither your dividends nor your pension have any effect on your social security payments. What the law considers is the

extent of your retirement from work. Only earnings from employment of self-employment affect your payments and must be reported.
Question: I am 66 and have my own business. I do not work full time anymore and I understand I can collect monthly social security retirement payments if I do not "render substantial services" in my business. How can I tell whether my work in business is "substantial"?
Answer: It depends on the amount of time you devote to your business, the kind of work you do, how your work compares with the work you did in past years and other circumstances of your particular case. You should call, write or visit any social security office to get detailed information.
Question: When I am 65 next month, I plan to retire and apply for monthly social security payments. However, next year I am going to visit friends in Norway for a year. Can my checks be sent to me in Norway?
Answer: Yes. Social security checks can be sent to most foreign countries, including Norway. But be sure to notify the Social Security Administration of your address in Norway before leaving for your visit.
Question: I will be 72 next month, but I intend to go on working as long

"Stop laughing...I didn't get to the funny part yet..."

A minute of laughter... a long distance call. That's all it takes to turn somebody's whole day around. Now anyone can lower the cost of loving (or laughing!) anywhere within Michigan simply by dialing direct long distance instead of going through the operator.
You save 40% weekdays after five, and weekends from 5 p.m. Friday till 5 p.m. Sunday. Dial direct any other time, save 20%.
And if you do talk long distance within Michigan for just one minute, you pay for one minute, not three.
Know someone in another town who could use a good laugh? Don't hesitate to call... often.

You can lower the cost of loving by 40%

Here's when to direct dial long distance and save

Mon. thru Fri.	Sat.	Sunday
7 AM TO 5 PM 20%	40%	5 PM TO 11 PM 20%
5 PM TO 7 AM 40%	40%	

Discounts also apply to station-to-station calls in areas where direct dialing is not yet available.
