School Elections Next Monday

Iosco's school electors go to the polls next Monday to select candidates for the various boards of education, as well as deciding millage issues in two of the four districts, plus an additional ballot in one district.

SEEKING re-electon as trustees of Tawas Area Board of Education are Mrs. Helen Payea and Earl Davis. No other candidates In addition, Tawas Area School voters are being asked to ap-

prove a three-quarters of a mill tax levy for two years to finance construction and equipping of a library-resource center at the high school, as well as to purchase additional shop equipment for the new shared time vocational training program which will be inaugurated this fall.

Two ballots are to be provided on this proposition and a statement issued Tuesday by the board of education urges a "yes" vote on both ballots. The board said that a tax of 75 cents per \$1,000 of state equalized valuation for two years would save tax money when compared to a bonding program; approval of such a program would allow construction to start more quickly and money would be saved in interest payments.

Cost of building and equipping the library-resource center would be \$62,000. An estimated \$15,000 is required to purchase added equipment for vocational training.

The other proposal being placed before voters would be an advisory vote on the thinking of the community concerning operation of a year around school system. Excellent response was received on this proposal in May when the board of education brought in two speakers from Hinesburg, Vermont, where a year around school concept is completing its first year.

AT HALE AREA SCHOOL, voters are being asked to renew nine mills of operational taxes which expire this year and to approve an additional 3.5 mills for school operating, making a total of 12.5 mills of special voted taxes for two years.

Approval of the entire 121/2-mill operational tax package is necessary, according to administrators and the board of education. Present funding through the nine mills of special operating taxes up for renewal, plus the nine mills allocated by the county, has financed school operation during the current year. The 31/2 additional mills of taxes are needed to cover new expenses being brought through operation of the new school building, which is to

be completed this fall. The second ballot at Hale Area School finds five candidates for two places on the board of education. Dale Brumfield and Herman E. Maas, incumbents, are being opposed by Gertrude Hoyt,

Florence Rehil and A. D. Penrod. TWO VACANCIES are to be filled in the annual election at Whittemore-Prescott Area School, George Erickson and Wayne Survant, incumbents, are being opposed by Byron Foltz, Euretta LeMire and Lorraine Siegrist,

Vote "YES"

Tawas Area Board of Education recommends a favorable vote by 3/4 mills (\$.75 on each \$1,000) assessed valuation for a two year period to build an addition to the library, to equip the library, to purchase added equipment for the vacation training program in shop.

- 1. This will save the taxpayers money when compared to a bonding program.
- 2. This will allow construction to start more quickly.
- 3. Money will be saved in interest payments.

YOU MUST VOTE ON TWO BALLOTS BUT THIS ONLY RAISES 3/4 MILLS [\$.75 PER THOUSAND VALUATION FOR TWO YEARS.

These recommendations would meet one of the University of Michigan requirements for accreditation.

LETTER to the EDITOR meet unforeseen or emergency situa-

The article in your paper last week disturbs me. It disturbs me because most people will not believe your paper or the sheriff concerning the deplorable conditions at the creek.

Creek area twice Memorial week-end to find out whether all I heard, all that they say about the situation is true. My second visit was after the campers had left. I found the once beautiful area raped of its splendor. Stumps stood where once beautiful trees grew, victims of camp fires. Beer cans, trash, broken bottles, cars, garbage dressed the once beautiful meadows. It made me cry to realize that young Americans had so NEMCA Monthly ittle regard for beautiful America How young people so keen on rights, freedom and beauty could desecrate so beautiful a park. I was ashamed that our modern culture would allow such a sacrilege to take place.

Yet the mess, the destruction, the rash wasn't the real thing. My first risit showed me awful America. Young people, children mostly, 15,17, 20, some older, clothed in rags and dirt trying to beat nature by sucking on a wine bottle or smoking mary ane or taking drugs.

I saw youths so disinterested with ife that they could see no beauty in Mother Nature or in reality; they had to get turned on and even if it meant their own hurt or destruction, they didn't seem to care. They just wanted to be turned on. To lose evrything in beautiful America.

Not all were bad. Some were good kids. One young guy said, "Father, sn't it a shame, can't they respect he beauty here." "Watch yourself Father, a gang over there are really urned on, they are even chaining themselves." One young 20-year-old girl asked to be taken anywhere. Her quote, "Anywhere would be better than to stay here and get balled by these animals."

That's beautiful Gordon Creek. Young people, beautiful young people, dirty, dressed in rags who don't care. Who just come together to get turned on by drugs or booze or worse who come together to destroy nature, others or themselves.

Animals No animal will hurt or destroy itself. Some at Gordon Creek will and do . . . as seen in our hospitals and jails.

What should we do? Close it down? Kill it now before the hot summer's No, that is not the answer. We must as responsible citizens, educate these young people that nature is beautiful that Gordon Creek is beautiful, that law and order is beautiful. We must teach these outsiders and our local youth that we will not stand for, that we do not want drugs, drunkenness, destruction and dirt in our county or in our parks. We must enforce the principles that we believe in and that our country is built upon and show that we will not let lawlessness prevail in our county.

If we don't, expect the influence of Gordon Creek in your home If we don't stand up and teach and enforce law and order, our young people will lose respect for us and our way of life and will slowly crave for themselves a place in the now present dirt

Instruct your legislator, your park Hale Health Council will sponsor a service, your sheriff to bring law drug forum Tuesday, June 13, 7:30 and order to the creek . . . before the p. m. at the Hale Community Build- creek with its growing population Brad Pickett returned last Wednesing. Det. Sgt. George Westcott will be (20,000 expected for the 4th), its imsymptoms and what citizens can do stroys our beautiful park, our beau-

If your car's 'get-up-and-go' got up and went, you need Peoples State Bank auto financing. Peoples has the specific type of auto loan you need to put you back on the road. Stop in at either office of Peoples and discuss your needs with one of the INTERESTED bankers or ask your dealer for Peoples financing. He'll be happy to handle the details for you. Either way, you know you're dealing with your hometown bank and assuring yourself of the best deal.

CONG. ELFORD A. CEDERBERG of Michigan's Tenth Congressional District, left, visited with secretary of the treasury designate, George P. Schultz, in the congressman's office to discuss. budgetary matters and economic policy. The sec-

retary designate paid a courtesy call on the congressman in light of Cederberg's assumption next year of the position of number one Republican on the important appropriations committee of the

\$50,000

Sure, a \$50,000 life policy could cost a lot of money...but it doesn't when it's "altogether"!

When we say "altogether" we mean Perma-Term—permanent and term insurance combined to

avoid those big premiums, but still deliver the big protection young family men need. It means

you could have a \$50,000 policy

which lets you build up a retirement income at the same time! Yes, Perma-Term's easier on the

budget, but please remember that costs go up as you grow older. So give us a call now-before another birthday gets

past you altogether!

Back to its summer nesting home in the east-central part of northern Lower Michigan blers' population problems. The crash prois the Kirtland's warbler whose numbers in the world have dwindled down to a precious few---about 400 birds. Even before these handsome little songbirds started out for Michigan this spring from their far-off winter retreat in the Bahama Islands, the Department of Natural Resources was spearheading an emergency plan to spur an upswing cover for the warblers. Cooperating promiin their population. As part of that plan, a trapping project is under way to remove cowbirds in the warblers' prime nesting areas Service, the U.S. Bureau of Sport Fisheries of Crawford, Ogemaw, and Oscoda counties. and Wildlife, and the U.S. Fish and Wildlife Cowbirds literally foul the nests of Kirt- Service's Office of Endangered Species, land's warblers with their egg-laying tactics, and DNR wildlife men blame these

trouble-makers for a good deal of the wargram for Kirtland's warblers also hinges heavily upon taking sweeping steps---controlled burns, jackpine plantings, shorter rotation cuttings --- to produce much more nesting habitat to suit these endangered birds. Another measure calls for acquiring key lands which already hold prime nesting nently in this all-out, now-or-never effort to save these birds are the U.S. Forest plus the Audubon Society. -- Mich. Parents Know the Drug Threat

THE CHILD YOU SAVE MAY BE YOUR OWN

George Westcott CANDIDATE FOR **IOSCO COUNTY** SHERIFF

By DET. SGT.

Today's Subject: More Bad News for "Speed" Users (Methamphetamines)

Last week we talked briefly about injected Methamphetamines commonly called in the jargon of the street, "Speed." You'll recall that the effects of using this drug, in this manner, were very disturbing to say the least. Now, more bad news about "Speed" has come to light. On Thursday, November 5th, 1970, it was reported by a USC Medical Center team at Los Angeles that as many as 20% of the youths who "shoot speed," (take it by injection), may develop a blood vessel disease that has been fatal in about 30% of cases detected to date.

It seems to be indicated the disease kills by blocking blood vessels in vital organs such as kidneys and the heart. This will be the first deadly disease of the system that doctors have found associated with drugs which are abused,

"Speed" is, as we have said, a form of amphetamine-the "pep pill" drugs. Users inject it to get a quicker, higher response. According to one doctor, working with the study, persons who take amphetamines orally to control their appetite may possibly be in danger of acquiring the lethal blood vessel disease. There were eight doctors on the medical team which made the discovery, at USC, from the departments of medicine, radiology and pathology. Dr. B. Philip Citron, who headed the team, has a report appearing in the November 5th issue of the New England Journal of Medicine. In it he tells of extensive studies done on 14 patients; four of them died and one is now near death. Eight of the 14 were males and six were females.

Most of those who died succumbed to heart failure or kidney failure, due to the blockage by scar tissue of blood vessels within those organs. Autopsies showed vessels in the pancreas, stomach and small intestines also were severely affected. It is hoped that the discovery will hasten the removal from the market of amphetamines which reportedly have "very little therapeutic value." LSD is also suspected as cause of the same blood vessel disease.

One interesting case, a woman patient involved in the study had been taking 30 pills a day, originally prescribed to control her diet. The dosage for that purpose is two pills a day. It seems this is a startling example of how diet pills, used under a doctor's prescription in the beginning, can get completely out of hand quite easily. In my first article I mentioned that the pure pose of these "letters" was not to pin the blame for the drug problem on anyone. However, one can hardly consider all available information on the subject without coming to the conclusion that adults have been misusing drugs for many years now and have by so doing certainly contributed to the spread and increase of the practice.

Have you checked your medicine chest lately to see what dangerous drugs it may contain? Do you know exactly what drugs you keep in the house and whether they are potentially dangerous in the hands of children or young people? How would you feel if one of your children became involved with the misuse of drugs and you found it all started with something he found in your medicine chest?

We are discussing facts, friends, and considering all possibilities. That's why some unpleasant subjects are likely to come up during our consideration of the national drug problem.

Be with me next week. I think you'll find the subject of deep interest and if you are concerned about drugs I know your reading time will not be wasted. Pd. Pol. Adv.

the property of any person by any animal owned or exhibited by any exhibitor; and shall idemnify the management against all claims or injury occasioned by any animal owned or exhibited by him, or arising from the acts of negligence of the person in charge of any such exhibit.

Rule 8—STANDARD EXHIBITS: All exhibitors must comply to standard exhibite, which are as

2 quarts of wheat. 2 quarts of rye. 2 quarts of oats. 2 quarts of barley.

2 quarts of alfalfa, clover or other grass seed. 10 ears of yellow dent corn.

10 ears of any other. 32-potatoes. 5 garden vegetables except

cabbage and vine crops. 2 heads of cabbage 2 squash, pumpkin or other

vine crops. 5 apples, peaches or pears per plate.

3 bunches of grapes. 10 plums per plate.
1 jar of jellies, jams or pre-1 jar of canned vegetables, fruits

or meats. 1 quart of berries. Rule 9-In case of only one entry in a class, prizes will be

awarded at the discretion of the Rule 10-in any case where there

are fewer entries than pre-miums offered, prizes will be awarded at the discretion of the judge.
Rule 11—The judge's decision shall be final in all cases. Rule 12—Each purebred animal must be accompanied by its registration papers in order to be eli-

gible to receive premiums. Rule 13-All livestock must be known to be free from disease before entering the grounds for

MICHIGAN DEPARTMENT of AGRICULTURE ANIMAL HEALTH DIVISION LANSING, MICHIGAN 48913 HEALTH REQUIREMENTS

FOR LIVESTOCK EXHIBITED IN MICHIGAN (Revised January 1969) GENERAL

Requirements provided in Michigan Department of Agriculture Regulation Nos. 110, 117, 133, and Section 10 and 21b of Act No. 181, Public Acts of 1919, as amended.

1. Livestock affected with a communicable disease must not be

exhibited at, nor brought to fairs. 2. At least seven days before an exhibition of livestock, the buildings and yards shall be thoroughly cleaned of all manure, litter and unused hay and straw. Following such cleaning, all structures shall be thoroughly sprayed with an approved disinfectant. After cleaning and disinfection, no livestock shall be placed in such pens until admitted for exhibition.

3. All livestock from other states, provinces or countries must be accompanied by an official interstate health certificate approved by the livestock sanitary official of the state of origin. Such animals shall meet Michigan requirements for importation into Michigan.

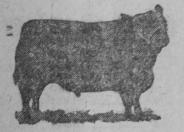

CATTLE

Cattle may not be exhibited from a quarantined premise or a quarantined area except upon permit from the Director of Agriculture or his authorized agent.

All cattle must be identified by ear tag, tattoo, or registration number.

Cattle from other states, provinces or countries must be accompanied by an official interstate health certificate approved by the livestock sanitary official of the state of origin certifying that the animals meet Michigan requirements for importation.

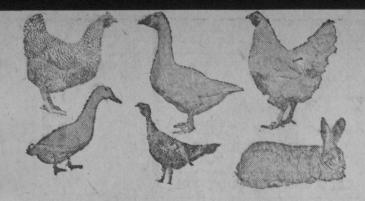

OUT OF STATE FEEDER CATTLE

Feeder cattle originating in other states being held in quarantine on feeder permits may qualify for exhibition in the following manner:

1. Steers must pass a test for tuberculosis and shall have been removed from the feed lot and held separate from the quarantined feeders after having been tested. Such steers must be accompanied by copy of test chart ADE

2. Male and female feeder cattle must be tested for tuberculosis within 90 days of opening day and animals over one year of age must pass a test for brucellosis within

STATE OF MICHIGAN DEPARTMENT OF AGRICULTURE BUREAU OF ANIMAL INDUSTRY LANSING, MICHIGAN

Department of Agriculture Regulation No. 133 Regulation Relating to the Public Exhibition of Poultry

By virtue of the authority provided by Act 181, Public Acts of 1919, as amended, the following rules and regulations are hereby established:

1. Feed and water containers provided for exhibition coops shall be new or properly cleaned.

2. Feed or water containers from which birds have eaten or

drunk must be refilled so as not to contaminate the common supply of feed and water. Feed or water containers may not be removed from exhibition coops except for the purpose of cleaning. 3. Exhibition coops must be thoroughly cleaned and disin-

fected, both prior to and following such exhibition. 4. Exhibition coops must be so constructed and placed as to

provide adequate light for proper inspection of poultry for evidence of transmissible diseases. 5. Litter for exhibition coops must be of clean material and

be renewed daily or oftener as needed.
6. Shipping crates used in shipment of birds by common carrier may not be used as exhibition coops. Shipping crates shall be cleaned and disinfected after birds have been removed for exhibition and before being used

crates shall not be stored in exhibition room. 7. No bird shall be handled by anyone other than the attendant and the judge after they have been placed in exhibition coops.

again. Whenever possible and convenient, shipping

It is recommended that all birds exhibited at fairs and poultry shows shall have been vaccinated against Infectious Bronchitis and Newcastle Disease thirty days or more prior to the date of the exhibition or show.

Rules Exhibitors are requested to read carefully rules and regulations covering exhibition of poultry.

All exhibits shall be (a) purebred (b) cross bred from

purebred parents. All birds showing any general disqualifications according to the Standard of Perfection shall receive no award. Provided the birds are typical of the breeds which they

represent, the placing of awards shall depend upon the fol-A. Pullets: 1. Rapidity of growth.

2. Depth of pigment. 3. Uniformity of shape and size.

4. Promise of egg production. 5. Absence of defects and disqualifications.

B. Mature Birds (Hens): 1. Degree of bleaching.

Condition of abdomen (spread and pliability).
Absence of new primary wing feathers. 4. Alertness of head and eyes. 5. Body weight, conformation and fitness.

6. Absence of defects and disqualifications. It is suggested, especially for fairs held late in September and October, that all birds exhibited go directly from the Fair to market for slaughter so that none of them will be taken back to the farm. The reason for this precaution is that the birds may take back some disease to the farmer and injure his egg production of his farm flock, if such disease is infectious and

of the type which will lower his egg production.

A pen entry shall consist of two females and one male. (Classifications: Cock, Cockerel, Hen, Pullet.)

DEPARTMENT A-YOUTH DIVISION

Superintendents: Val Samson, Adolph Siegrist. PROGRAM

Drainage, Farm Ponds or others __

9:00-4:00 Registration and entry of exhibits, 5:00-9:00 Judging of all Agricultural and Home Economics Youth exhibits on display in the Community Building.

9:00-4:00 Judging of Youth Division Livestock and Dairy Ex-

Friday, July 28— 9:00-5:00 Judging of Youth Horses.

GENERAL RULES

This division is open to any boy or girl under 19 years of age.
 No entry fee will be required in this youth class.
 The exhibits will be judged upon an A B C basis and awards will be paid in each class. Only one premium per exhibitor

will be paid per class.

4. Youth exhibits may be exhibited in either Youth Division or Open Class NOT BOTH. 5. All articles must be the work of the exhibitor and must be

entered by the exhibitor.

6. All exhibitors with animal exhibitors are responsible for feeding and caring for them during the time at the fair. Exhibitor is responsible for keeping animals, pens, etc. clean

7. Exhibitors are to fit, show and take care of their own ex-8. All State sanitary and health regulations MUST be met.

9. Showmanship classes:
a. A youth showmanship class exhibitor may not enter more

than one class.

b. Basis of award: (1) Showmanship by owner (2) Fitting of animal (3) Training of animal.
c. Showmanship classes shall be divided (1) Showmanship contestants, 14 years and under (as of January 1) (2) Showmanship contestants, 15 years and over (as of Jan. 1)

1).

10. All Livestock exhibits and the area occupied by them must be kept in order by the exhibitor as directed by the Superintendent in charge. Each youth is responsible for his own clean-up equipment such as rakes, forks, shovels, etc.

11. All vegetables and flowers exhibited must be raised by the exhibitor.

exhibitor.

12. All food exhibits must be packaged in clear polyethylene bags, secured with a rubber band or wire twist. Such bags may also be used as protectors for knitting exhibits.

13. No premium money will be paid on any exhibit in which notebooks or work books are exhibited singly. These exhibits will receive only ribbon awards.

14. No stallions shown in Youth Division.
