

Veterans Urged to Participate in Rites

Wilbur C. Roach, an air force veteran of World War II and an officer in the air force reserve, will be principal speaker at Memorial Day ceremonies Monday, May 29, at Tawas City Cemetery. Services are to be under auspices of Jesse C. Hodder Post No. 189, American Legion.

All veterans of military services are invited to participate in the annual Memorial Day program, according to Carl Libka, commander of the American Legion post.

"Because of current national and world events, active participation in this year's Memorial Day service is most important," said Libka.

Besides veterans, he extended an invitation to boy scouts, girl scouts, cub scouts and brownies to participate in the annual parade. Tawas Area High School Marching Band will make its final public appearance before participating in commencement exercises.

Honorary officer of the day will be Lisle C. Pratt, a World War I veteran and a member of Jesse C. Hodder Post No. 189, American Legion.

John N. Brugger will have charge of the firing squad and John Alexander will be officer of the day.

A parade is to assemble at 8:00 a. m. at the American Legion Hall. The parade is scheduled to leave for the cemetery at 8:30 a. m., with a stop at Mathews Street bridge to honor naval dead.

Libka, who has over-all charge of the program, said that graves of deceased veterans are to be decorated Saturday.

List Participants in Memorial Day Program at ET

The Rev. Ralph Teague, pastor of the Baptist Church at East Tawas, will be speaker at Memorial Day services Monday, May 29, at Veteran's Cemetery, East Tawas.

George Rose, a veteran of World War I, is to be honorary officer of the day and Russell Meyers will be officer of the day. John Mielock will be master of ceremonies.

A parade is scheduled to start at 10:30 a. m. at Audie Johnson American Legion Post on Newman Street. Marchers will include members of the American Legion and auxiliary, Veterans of Foreign Wars and auxiliary, Disabled American Veterans and auxiliary, boy scouts, girl scouts and Tawas Area High School Marching Band.

Following a salute to naval dead at the Michigan Waterways Commission Dock, services are to be held at the cemetery starting at 11 o'clock.

Initiate Outdoor Commencement

Starting what administrators hope will become a tradition at Tawas Area High School, open air commencement exercises for the class of 1972 are to be conducted Sunday, May 28, 3:30 p. m., at the school's football field.

Prin. John Alexander said Monday that scheduling the commencement program for the football field depended greatly on weather conditions. "We are taking no chances—seniors are to practice for a program in the school auditorium, as well as the outdoor ceremony, in the event of rain," said the principal.

In addition to the above change, there will be no formal baccalaureate services this year. Instead, churches of the Tawas area are to conduct special services on May 28.

Special baccalaureate services for seniors and parents are to be broadcast Sunday noon over WIOS by the Rev. Alfred W. Sausbury of Christ Episcopal Church, East Tawas.

"We hope this Sunday graduation day will be continued in the years ahead," said Alexander. "It should provide the means for greater family participation through attending church in the morning, perhaps a family dinner in the early afternoon and then graduation exercises," he stated.

This year's graduating class numbers 147 students with five adults receiving diplomas in the community school program. One of the reasons for the outdoor program is that next year's graduating class will number about 170 seniors and the auditorium would be unable to hold a gathering that large.

Commencement speaker will be Morley Fraser, coordinator of athletics at Albion College. His topic will be "Look to the Sunrise." Averaging 140 speaking engagements a year, Fraser became head football coach at Albion in 1954, the same year he received his master degree from Michigan State University.

A veteran of World War II, Fraser rose from the rank of apprentice seaman to command of a landing ship. He received his bachelor of art degree in 1947 from Washburn College. He entered coaching in 1949 at Newberry. He was a highly successful coach there and at Lansing before moving to Albion.

Others appearing in the program will be Thomas Kasischke, president of the National Honor Society, who will deliver the invocation. The salutatory will be given by Thomas Shillair, followed by Fraser's address. The valedictory will be by David Schultz.

Presentation of diplomas by board of education members, who are parents of graduating seniors, will follow. Trustees participating will be Mrs. Charles Schreck, Dr. James Jacques and Earl Davis.

Benediction will be given by Laurie Cuthbertson, secretary-treasurer of the National Honor Society.

Members of the graduating class are as follows: James D. Anderson, Ruth Ann Anschuetz, Debra Kay Ashmore, Michael David Ault, Noel Ann Baker, Mary Katherine Barbier, James Edward Benson, Dale H. Bischoff, Christie Ann Boddy, Benjamin Franklin Brewer Jr., David H. Brinkman, Nellie Martha Brooks, Bonnie Lynn Brown, Gary G. Brown, Lynn J. Brueback, Charles R. Bublitz, Richard H. Allocation Board Tried to Cut Taxes

Iosco County's allocation board, meeting in its final session Tuesday, was thinking about the county's taxpayers—but, it could not reach them.

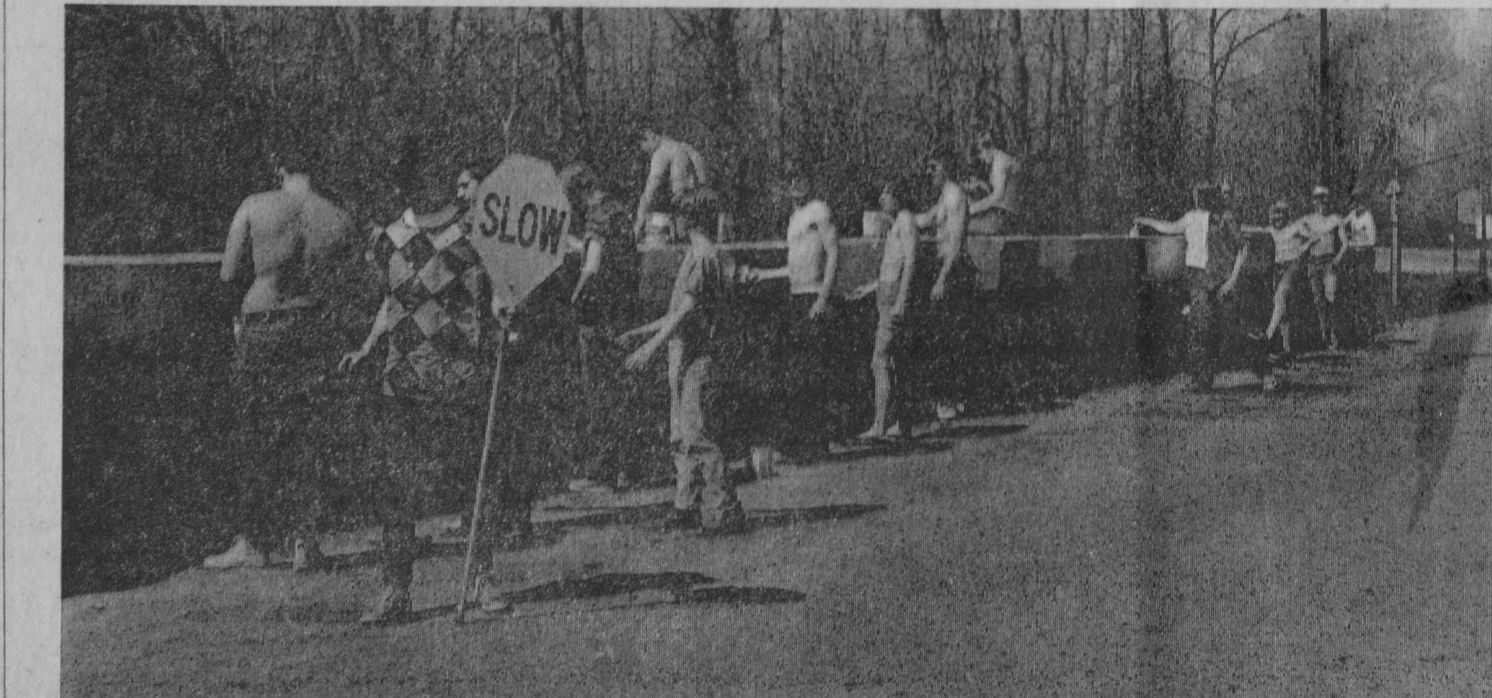

In adopting a preliminary order last week which withheld 15 of a mill from county operation, members of the allocation board were of the opinion that some cut had to be made in order to offset a five-million-dollar "penalty" tacked on the county's valuation by the state tax commission.

During Tuesday's final hearing, a study of the state law indicated that the allocation board is obligated to approve the full 15 mills which it controls, inasmuch as the total of all budgets submitted by schools, the county and townships exceeded the

money to be raised under the 15-mill limitation. Representatives of three school districts in the county were present at Tuesday morning's hearing and pointed out that the school districts could utilize the .15 of a mill to meet budgets.

As a result, final action of the board was identical to last year and the .15 of a mill was returned to the county. Schools are to receive nine mills, townships are to receive one mill and the intermediate district is to receive .20 of a mill.

Members of the allocation board include Arden Charters, Ellsworth Jordan, John Weible, Ernest W. Jordan, William Weresley, Ralph Western and Edward Nelkie.

TAWAS AREA SCHOOL'S Key Club chapter demonstrated an interest in beautifying the community last Friday by painting the East Tawas bridge on Bridge Street. The young men worked several hours on the project with materials furnished by the Iosco County Road Commission. The work was all for nothing, however, as vandals again decorated the bridge with obscene words—practically before the paint had dried early Saturday morning and again

Sunday morning. The bridge was painted again Monday by the road commission employees. It is too bad that such actions of a few vandals—who perhaps even gained their majority this year and are eligible to vote—cast reflections on the large majority of other young persons, as well as the entire community.—Tawas Herald Photo.

Two Proposals Go to TA School Voters

Tawas Area School voters will have two proposal ballots at the annual school election June 12, as well as the regular ballot for naming trustees to the board of education.

At Monday night's regular meeting of the board of education, action was taken to ask voters to approve a three-quarter-mill tax levy for two years to finance a library-resource center at the high school as well as providing equipment for the auto mechanics shop.

Long a recommendation of the University of Michigan School Accreditation Service, expansion of the high school library and adding a center for use of audio visual equipment has been recognized by the board of education as a "must" to provide a quality education for students.

The three-quarters of a mill would yield in excess of \$77,000 during the two-year period. Of the total, \$15,000 would be utilized for the purchase of auto shop tools and equipment, another necessary project since this school district has entered into an agreement with three other schools of the county to provide vocational training next fall on a shared time basis. Each of the four schools will provide training in different fields in order to reduce the cost of expensive equipment purchases and to provide the necessary trained personnel as teachers.

If necessary, the school district can, with board authorization only, bond the district for up to five percent of its total state equalized valuation to finance such a program. The board of education has indicated it would rather go the millage route and ask voter approval, as bonding would require additional costs for attorney fees and interest. The board indicated Monday night, however, that it would exercise its bonding option, if necessary.

The other proposal to be placed before voters would be an advisory "straw" vote on the thinking of a community concerning operation of a year around school system. Excellent response was received on this

proposal earlier this month when the board of education brought in two speakers from Hinesburg, Vermont, where a year around school concept is completing its first year.

The two Hinesburg school representatives recommended that at least two years of lead time be given before attempting to implement such a program. The program change in itself would be quite an undertaking, but to add a calendar change at the same time could be catastrophic.

In the meantime, school officials are studying possible implementation of pilot projects which would not add to the cost of school operation. Included are continuous progress courses, open laboratories, nine-week courses, multiple entry courses in typing, a resource center, instructional and non-instructional aides, curriculum changes.

In other business Monday night, the board of education accepted a proposal from Bay-Arenac Intermediate District for providing data processing payroll. Cost of providing the service would be \$1,205.90, as compared to \$2,278.90 quoted by National Electronic Transcription Service.

John Alexander, high school principal, announced that work was to start Tuesday on using Bay-Arenac's computer for development of individual class schedules next fall. Alexander said that it is expected that the work will be returned and completed before the end of this school term in order that students and teachers may have class schedules prior to next fall.

Recover Body in Lake Huron

The body of one of two smelt divers, presumed drowned May 3, was recovered Saturday in Lake Huron near the mouth of the AuSable River.

The recovered victim was Ssgt. Martin D. Reid, 27, of Wurtsmith Air Force Base who, with a companion, Sgt. Anthony J. LaBate, 22, had been smelt fishing just downstream from the US-23 bridge.

A boater spotted the body about three-quarters of a mile in the lake and a mile north. Oscoda-AuSable Fire Department made the recovery. The body of LaBate has not been recovered.

Alpena Woman Hurt in Crash

A 63-year-old Alpena resident, Amelia Gruschke, was treated at Tawas Hospital Friday night after being injured in a collision at the intersection of M-65 and M-55 in Reno Township.

Investigating sheriff's department said that George W. Gruschke, 68, husband of the victim, was headed east on M-55 and failed to stop for the intersection. The car ran into the side of a vehicle driven by Henry King, 36, Utica. Drivers of both cars escaped injury.

Huron Forest Medical Center Nears Reality; NHSC Application Approved

Formation of a medical center to serve residents of the M-65 area from Twining to Curran, including Western Iosco County, took several giant strides forward last week.

Cong. Elford A. Cederberg of Michigan's Tenth Congressional District announced the appointment of two medical doctors, one dentist and one dental hygienist from the National Health Service Corps in answer to an application from the Hale Development Corporation.

Congressman Cederberg explained that "the health teams assigned by the National Health Service Corps are composed of United States Health Service commissioned officers and civil service personnel. I am very pleased that the Hale Development Corporation received this appointment from the department of health, education and welfare."

Organized by congress in 1970, NHSC is designed to give medical

officers drafted into the military service an opportunity to serve the country in communities where there is a shortage of medical personnel.

Plans were commenced last week on forming the Huron Forest Medical Center, Incorporated, a non-profit organization which will handle administration of the center to be located at Hale. The new group is to take over from Hale Development Corporation, the organization utilized to make the original application for area participation in the NHSC program.

Ground was broken last week for a 30 by 80-foot building to house the medical center, located at the corner of Victoria and Church Streets, Hale. The building is to be of brick veneer construction and is being built by Ira Scofield, Hale real estate agent, for lease to the new corporation.

Scofield said Tuesday (yesterday)

that construction is expected to be completed by July 15.

Richard Parkinson, Hale bank president, and Thomas Caldwell, Whittemore - Prescott Community School director, who were responsible for preparing the application to NHSC, said that a committee was now studying the purchase of equipment for the building. The new corporation is taking applications from registered nurses, licensed practical nurses and other support personnel required for the new center.

Parkinson said that he had been told by NHSC officials that more than 500 physicians being inducted into the corps are now being screened for placement. The program's intent is to place medical people in areas where they would like to practice and, during the two-year service, it is hoped that those assigned to an area would decide to continue on in their private practices

without the obligation of their original assignment.

Parkinson said that a dentist had already made contact with him concerning the new center and was to be at Hale on May 31 to talk with officials of the new corporation.

More than 500 applications were received from communities throughout the country for participation in the NHSC program. The application from this area was one of only two approved for Michigan and high praise was received for the local presentation. Only 122 applications were approved in the entire nation.

The area included in the program is a five to 10-mile zone on either side of M-65 from Twining to Curran. According to the 1970 census, the area is inhabited by approximately 17,500 full time residents.

At the present time, Michigan has a state average of one medical doctor to every 780 persons. In the above area, there are no resident physicians or dentists and persons requiring medical or dental attention must commute to the Tawas, West Branch or Standish areas.

Parkinson said that much credit must go to directors of Hale Development Corporation for success, up to this point, on approval for participation in the federal program.

"The application required fast action to gather all the necessary information and it just could not have been accomplished without the services of Hale Development Corporation's board of directors," said Parkinson.

Hand Sprayer Throws Fire

Tawas City firemen were called to Sunset Motel Tuesday morning when an electrical hand sprayer being used by owner, Donald Watson, to control mosquitoes, suddenly turned into a flame thrower. A large shrub was destroyed and a window in the building was cracked. Watson was not injured.

The state may participate in construction of catwalks on Tawas City's new bridges for fishermen, as well as development of a parking facility at the city's industrial site on Ninth Avenue.

Council Action Cuts Millage as Increase Exceeds Budget

Due to the 4.82 percent increase tacked onto the county's valuation by the state tax commission, Tawas City Council has reduced its millage accordingly to meet its 1972-73 operating budget.

The council had adopted an appropriation budget of 16 1/2 mills to meet its new operating budget of \$248,850. As a result of the state action in in-

creasing real property values, the budget would have been exceeded by \$1,175.85.

Council action at Thursday night's special meeting reduced the city levy by one-half mill. The new 16-mill total would allocate 10 mills for the general fund, \$77,949.75; 4.75 mills for the street fund, \$37,026.13, to be used for bridge construction; 1.25 mills, \$9,743.72, for the debt retirement fund.

In other business discussed Thursday night, Mayor John Brugger reported he had appeared before the Iosco County Board of Commissioners Wednesday and had received tentative approval for turning the city park over to the county parks and recreation commission.

The county is in a much better position to receive state and federal assistance for development of parks and similar action has been taken over the years by Oscoda and AuSable Townships. It is expected that following development of the park, the property would be returned to the city, as was the case at Oscoda. Maintenance of the park would be handled by the city during development by the county.

Plans being discussed include expansion of parking along US-23 in front of the county building. Several years ago, the city paid for construction of a parking lane on the state highway right-of-way and the state highway department is to be contacted to determine the possibility of expanding this parking area.

Other ideas for the park development include repair to the city dock and purchase of additional property. Although details are not developed as yet, the mayor reported that negotiations are now under way with the Michigan Department of Natural Resources for expansion of public

fishing sites and parking sites along the Tawas River. Included is the possibility of acquiring a lease from the Detroit and Mackinac Railway for development of a fishing site along the river in its West Tawas yard.

Considerable interest has been expressed by the state in developing public fishing sites along the river, which may include repair of the river bank along Ninth Avenue to include a walk for fishermen.

The state may participate in construction of catwalks on Tawas City's new bridges for fishermen, as well as development of a parking facility at the city's industrial site on Ninth Avenue.

County Politicians Convene Next Week to Pick Delegates

County political conventions for the two major parties are to be held next week. Republicans are to meet Wednesday, May 31, while Democrats are to meet Friday, June 2. Both conventions are to start at 8:00 p. m. and both are scheduled at the county building.

Republican candidates elected last week include: Shirley M. Daugherty, Alabaster Township; J. Berkeley Smith, AuSable Township; Elizabeth A. Rosenberg, Baldwin Township; Marian Killingbeck, Bruce L. Myles and Jack W. Allen, Oscoda Township; William G. Weresley, Plainfield Township; James P. Mielock, Reno Township; Virginia Bygden, Tawas Township; Arlene Olsen, Wilber

Township; Donald J. Docking, Michael D. Horning, Richard L. Price, John C. Elliott, Merion F. Killey, East Tawas; Steven Ezo, Kenneth J. Myles, George Myles, Tawas City.

Democratic delegates elected include: Blaise Klenow, Baldwin Township; James Finley, Grant Township; John Fisher, Oscoda Township; Lynn Bernard, Laurie Lee Springsteen, Robin Holzheuer, Robert W. Pember, William A. Krantz, Plainfield Township; Robert G. Allen, Sherman Township; Roy E. Bergeron, Tawas City.

Delegates and alternates are to be named by both political parties for state conventions.

Hupcik-Michalski Vows Said at St. Joseph Church

Arrangements of white gladioli and pink chrysanthemums formed a floral background in St. Joseph Catholic Church, East Tawas, for the marriage Friday, May 19, of Gayle A. Michalski and Peter S. Hupcik.

The Rev. Fr. John Rushman performed the 5 o'clock, double ring service. Mrs. Thomas Cadorette Jr. was vocalist, accompanied by Mrs. Lucille Michaels.

The bride is the daughter of Mr. and Mrs. Clarence Michalski of Tawas City. Her husband is the son of Mrs. Thomas Harnett of Marine City and the late Paul Hupcik.

Escorted to the altar by her father, the bride chose a floor-length, high-waisted gown with bouffant sleeves, French cuffs and chapel-length train, trimmed in lace. Her waist-length veil was secured with a ribbon bow. She carried an arrangement of white carnations, Stephanotis and baby breath.

Mrs. Gary Hunke of Oshkosh, Wisconsin, was matron of honor in a pink, floor-length dress with high waistline, gathered sleeves, French cuffs and waist-length veil, secured with a ribbon bow. Her bouquet was made up of red roses, pink carnations and baby breath.

Philip Hupcik of Prescott acted as best man. Donald Michalski, brother of the bride, and Charles Grabow seated the guests.

A reception followed the ceremony at McIvor Union Hall, National City, for 200 guests from Detroit, Bridgeport, Whittemore, West Branch, Prescott, Bay City and Wisconsin.

For her daughter's wedding, Mrs. Michalski selected a white and black knit dress with black accessories. A pink lace dress with silver accessories was Mrs. Harnett's choice. Both wore corsages made up of a single gardenia and Stephanotis.

A pre-nuptial, miscellaneous show-off honoring the bride was hosted by Mrs. Donald Michalski, Mary Ann Michalski and Mrs. Gerald Groff.

List Final Activities for TA School Year

By starting the 1971-72 term a week earlier than usual last fall, next week will be the final week of the term at Tawas Area School. The school is to revert back to its old schedule next year when school opens after Labor Day.

John Alexander, high school principal, announces the following schedule for the remainder of this week and next. On Wednesday night (tonight), there will be an awards assembly at the high school starting at 8:00 p. m. The annual band banquet is to be held Thursday, 6:30 p. m., at the high school cafeteria. Next will be a meeting of parents of next fall's football squads, 7:30 p. m., at the high school auditorium. This will be the third annual parents' night. The coaching staff is to be introduced, along with a program on the philosophy behind football and information on the summer conditioning program.

Examinations for seniors are to be completed at noon Friday. Practice for commencement will be held Friday afternoon and the junior-senior banquet is to be held at 6:30 o'clock.

Booster Club Elected Officers for Coming Year

Tawas Braves Booster Club held election of officers at its regular meeting Wednesday, May 17. Those to serve during the 1972-1973 year are Millie Bloomer, president; Robert King, vice president; Jean Robelli, secretary, and Walter Kasische, treasurer.

The club has made tremendous strides in the way of encouraging and promoting athletic activities for boys and girls at Tawas Area High School, devoting its efforts primarily toward providing needed equipment which would not be available through tax money.

A consolidated report of club accomplishments for the two school years it has been functioning was presented by the treasurer:

Football—New uniforms, \$791.86; seven-man sled, \$1,470.00; other, \$42.61; total—\$2,304.47.

Baseball — Pitching machine, \$404.42; various, \$100.23; total—\$504.70.

Track—Cloud Nine, \$895.00; other, \$32.29; total—\$1,027.29.

Basketball—Rebounding machine, \$460.00; other, \$68.55; total—\$528.55.

Golf—\$44.92.

Committed funds include \$715 for a new basketball scoreboard and \$500 for track equipment.

Basic sources of revenue include concession operation at athletic events and memberships. These are supplemented by a variety of fund-raising projects which the club sponsors during the year.

Membership is invited and encouraged. Funds derived help establish a nucleus for the club's initial year operations.

Engaged

Darlene L. Burkholder and Michael James Anderson are planning a July wedding. She is the daughter of Clifford D. Burkholder of Whittemore and the late Dolores L. Burkholder. Her fiancé is the son of Cleon P. Anderson of Eatontown, New Jersey, and the late Mrs. Anderson.

Miss Burkholder is a graduate of Whittemore-Prospect High School and Humboldt Institute of Minneapolis, Minnesota. Mr. Anderson is presently employed at the Dean Floor Covering Company, Keyport, New Jersey.

Judge's Son Admitted to State Bar

Allan Charles Miller, 26, son of Judge and Mrs. Allan C. Miller of East Tawas, was admitted last week to the Michigan State Bar Association. He is graduate of Tawas Area High School and the University of Michigan Law School.

The new attorney was admitted to the bar during circuit court proceedings before Judge William Agar in Washtenaw County Circuit Court. Moving for admission of the candidate was his father, who stepped down from his role as Isosco Circuit Court Judge to act as an attorney-at-law.

Miller and his wife are residents of Ann Arbor. He is employed by the appellate court defender at Ann Arbor.

Indies Get Two-Hit-Pitching-Lose

Ron Leslie limited Melita to only two hits Sunday, but six bases on balls and two hit batsmen proved to be his undoing as the Tawas City Indians suffered a 5-3 defeat. The Indians now have a record of one win and one loss in the Northeastern Michigan League.

Tawas City scored one run in the second inning without benefit of a hit, but Melita bounced back with two in the bottom half of the inning. A fielding error, a walk and a throwing error accounted for both runs.

The Indians scored a pair of runs in the top of the fifth inning, again without the benefit of a hit, but Melita came right back with two runs after scoring a single run in the third.

Tawas City cracked nine hits off Stanley of Melita and loaded the bases in the eighth inning without scoring a run. Dale Frank had three singles to pace the losers. Pat Jordan followed with a pair of singles.

Fred J. Blust, WWI Veteran, Died May 17

A retired employee of the Pontiac Motor Company, Fred J. Blust of Tawas City, 78, passed away Wednesday, May 17, at Tawas Hospital. Funeral services were held Friday, May 19, at the E. D. Jacques and Son Funeral Home, Tawas City, with the Rev. Sidney J. Rowland officiating. Burial took place in Memory Gardens Cemetery, Tawas City.

Mr. Blust was born November 3, 1893, in Tawas City, where he married the former Luella Brown December 13, 1919. He served with the 65th division in Russia during World War I and was a life member of Jesse C. Hodder Post No. 189, American Legion, and Andrew P. Klinger Barracks No. 2944, Tawas City.

John N. Anderson Passed Away

John N. Anderson of Tawas City, 77, passed away Wednesday, May 17, after suffering a heart attack at Tawas Hospital. Funeral services were conducted Saturday, May 20, by the Rev. Kenneth Tousey at the E. D. Jacques and Son Funeral Home, Tawas City. Burial followed in Whitney-Sims Cemetery, AuGres.

Mr. Anderson was born October 1, 1894, in upper Michigan. He moved to this area from Detroit following his retirement from the Chrysler Motor Company, where he was employed as a metal finisher. His wife

preceded him in death in 1967. He is survived by two sons, Robert N. of Madison Heights and Irwin of Santiago, California; 10 grandchildren; two brothers, Matt of Tawas City and Charley of Allouez; three sisters, Mrs. Selma Timonen of Allouez, Mrs. Hilda Hubener of Hazel Park and Mrs. Lempi Anderson of Royal Oak.

County Rejects Watershed Plan

A resolution adopted by the Iosco Board of Commissioners last week declared that a recent study has indicated that this county's participation in the AuGres Watershed proposal was not warranted.

The resolution, mailed to all county agencies which may be involved in the recent study, said that any benefits which may be derived from the proposed three-county program does not warrant this county's participation.

The program, designed to lessen flooding on the lower end of the AuGres River near AuGres, has met opposition from Iosco and Ogemaw County property owners, who have been doubtful if there would be any benefits to upriver property from the 2 1/2-million-dollar project.

An engineering survey conducted under sponsorship of a tri-county steering committee had recommended construction of a diversion channel west of AuGres, along with a dam and holding area on Johnson Creek south of Whittemore.

It had been recommended that 75 percent of the \$129,183 local cost be paid on a sharing basis, 75 percent by Arenac County, 15 percent by Iosco County and 10 percent by Ogemaw County.

In other business, a petition was received from Claudia, Torkom and Beatrice Prince, property owners on Big Dipper Lake, located on Johnson Creek south of Whittemore, asking for the normal lake level to be established by court action for preservation of property values.

Discussion was held with members of National Electronic Transmission Service on electronic data processing for the county tax department. No action was taken on a proposal to convert from the current Addressograph operation handled at the county building. Estimated cost of conversion would be \$16,000 and the annual cost would be approximately \$10,200.

The commission authorized an advisory ballot to be included in the August primary election asking voters if antlerless deer hunting should be allowed in Iosco County. The commission had received an opinion that such an advisory ballot could not be financed with public funds. Financial arrangements for holding the election were not included in the resolution, which had been requested by the Michigan Deer Hunters Association.

Authorization was given to the conservation committee and parks and recreation commission to work with the City of Tawas City on development plans for the city park, provided state matching funds were available.

A presentation by city officials indicated that plans are being formulated for a three-phase development program, including expansion of a parking area across from the county building, expansion of the park through land acquisition and remodeling of the dock. Total estimated cost of the project is \$60,000.

Robert Foster of the conservation committee indicated that state matching funds were being expended rapidly and that financing now may be on a 50-50 basis.

The conservation committee recommended that improvements at Old Orchard Park be financed through a revenue bond issue to be repaid from park funds was authorized by the commission. Included would be two bath houses and a dumping station.

The commission adopted a resolution for the county tax department to perform the duties of city assessor for the City of East Tawas at a cost not to exceed \$1,200 a year. DeLoise Durant, presently serving as East Tawas' assessor, would become a full time employee of the county tax department. The matter is to be presented to the East Tawas Council for action.

Authorization was given to hire a replacement for one county building janitor, who resigned earlier this month.

Replacement of a sidewalk along the jail parking lot was authorized on a participating basis with Tawas City.

The commission authorized the District Health Department to utilize furniture in its office presently located in the county building when it moves to new quarters in the Great Lakes Real Estate building on South US-23. The furniture would be loaned to that department until arrival of new furniture. In addition, the commission authorized purchase of new furniture to be placed in that office when it is vacated.

Prime Draft Candidates to be Inducted

The Selective Service System announced today that all eligible men with lottery numbers one through 85 who have not already been issued induction orders for April or May will be issued orders with June reporting dates. In mid-March, the draft headquarters had announced that 19-72 prime induction candidates with lottery numbers one through 15 would be issued induction orders with April-May reporting dates and that the lottery number would be raised in early May in order to provide adequate men for June inductions.

The new instruction by Acting Director Byron Pepitone to state headquarters and local boards primarily affects men who are members of the 1972 First Priority Selection Group, which is composed of registrants in Classes 1-A and 1-A-O who were born in 1952. A small number of older men will also be issued orders for June inductions. These are men who recently have lost deferments or whose initial postponements of induction expire in June.

The Pepitone directive completes selective service action on the April-May-June draft call for 15,000 men, announced in early March by the Department of Defense. An estimated 6,000 men will be inducted by the end of May, with the remaining expected to enter the army in June.

Local boards will issue induction orders for June as soon as possible, but not after May 31. Under recently revised draft regulations, registrants must receive at least 30 days notice of their induction dates.

The April-May-June draft call covers the first series of inductions which have been handled on a uniform national call basis. Under this system, all eligible registrants with the same lottery numbers are issued induction orders to report in the same time period, regardless of their locations in the country.

Called for induction from this county for May are David Hilbert, Richard Hanecow and Barry Gillen.

June induction call will be sent from the consolidated board in Alpena. Men enlisting and recently returned servicemen are not available to the local board in East Tawas, which will be open part time until June 23.

State Receives Federal Grant For Training

Joseph A. Connor, director of the Chicago Region, United States Civil Service Commission, today announced the awarding of a \$3,781 grant to the State of Michigan. The grant is authorized under the Inter-governmental Personnel Act of 1970 and is for a pilot training program to acquaint local government officials with available state and federal assistance and with methods of inter-governmental cooperation to maximize the organization and utilization of available resources.

After the training program has been offered and beneficial revisions made, the training will be used as a model for later presentations in Michigan. This program will be a major step toward assisting municipal and county governments to utilize scattered resources to meet the needs of their citizens.

JUNIOR AND SENIOR BOYS from Tawas Area High School cooperated in an erosion control program conducted last week at the high school. Under supervision of Charles Lightfoot, district technician for Iosco Soil Conservation District, shown in the left foreground, top picture, the boys made repairs to ditches which drain the school property. A planting of different grass seeds and a cover crop was made on the ditch banks to prevent further erosion.—Tawas Herald Photos.

Farmers Must Act Now to Get Crop From Alfalfa

"Farmers can still get a good crop of hay from alfalfa severely injured by last winter's low temperatures, but they must act now," says Marvin Davenport, county extension director.

Recent field checks showed some alfalfa badly injured by a combination of wet conditions and cold temperatures.

Where injury was severe, as indicated by brown plants with little or no life, Davenport recommends "clear" seeding alfalfa without a companion crop as soon as possible but before May 24.

Use a herbicide to control annual weeds and get a good yield this year.

Seed 10 to 12 pounds per acre to insure a good stand, says Davenport. By following the right procedures you can get 2 1/2 to 3 1/2 tons of hay on good productive soil. Next year's yields should be similar to regular stands of alfalfa seeded in oats this spring.

Davenport and Michigan State University crop scientists, Milo B. Tesar and Milton H. Erdmann, advise that winter-injured fields be plowed, tilled and seeded as soon as possible. They also recommend band seeding and cultipacking after seeding. Three pounds of epam (active ingredient) per acre should be applied before seeding and worked into the soil immediately after application.

Epam will control most annual broadleaved weeds and grasses and permit a harvest of 2 1/2 to 3 1/2 tons of hay from cuttings made in late July and September or early October. Another method is to apply three-fourth pound, 4-DB (Butoxone or

Butyrac 118) when alfalfa seedlings are in the two-to-three-leaf stage, about four to five weeks after seeding and while broadleaved weeds are less than one to 1 1/2 inches tall.

Fertilizer should be applied according to soil test recommendations when the seeding is made. Usually this will be around 300 to 500 pounds of high analysis fertilizer such as 0-20-20.

Davenport recommends seeding Saranac or other wilt-resistant Flemish alfalfa varieties. These will give top yields when two, or possibly three, cuttings are taken during the seeding year. These varieties are also more vigorous and productive than long-lived alfalfas such as Vernal.

Where alfalfa was winter-killed in combination fields of bromegrass and alfalfa or timothy and alfalfa, the bromegrass or timothy can be topdressed with 100 pounds of nitrogen per acre to increase hay yields from the grass. These fields could be plowed later in order to make a summer seeding of alfalfa in early August.

If alfalfa is not desired in the injured field next year and later, sorghum-Sudan grass can be planted. It should be planted about May 20-25 on a seedbed prepared as for the "clear seeded" alfalfa. If fertilized like corn, sorghum-Sudan should yield four to seven tons hay or pasture equivalent this year.

If feed is needed this summer, harvest oats for silage from oat fields seeded to alfalfa or plant oats alone this spring for silage in July. Oats should be harvested for silage when in the late milk or early dough stage (normally about July 10-15 in this area of Michigan). Direct cutting with a field chopper works best.

Alfalfa could be summer seeded in early August after the oats are removed for silage. The stubble can then be plowed under and prepared for a summer seeding.

Warn Retailers on Acceptance of Food Stamps

Retail food dealers in Iosco County should not accept food stamp coupons unless they have been authorized to do so by the United States Department of Agriculture, cautions Walter K. Maser, officer-in-charge of USDA's food and nutrition service food programs office in Traverse City.

Unauthorized acceptance of food stamp coupons by a food dealer could mean a financial loss to him equivalent to the total amount of the coupons accepted.

Any food dealer who has not applied for authorization and is interested in the program should contact Mr. Maser's office at 311 East Front Street, Traverse City, Michigan 49684; telephone, 1-616-946-2110.

State Adds Five Million Dollars to Iosco's Property Valuation

Taxes Uped Nearly Five Percent

County Appeal Authorized by Commission

For the first time in a good many years, the Michigan State Tax Commission has not accepted the equalization report adopted in April by the Iosco Board of Commissioners as the state equalized valuation for this county.

As a result, Iosco has been "penalized" five million dollars and its total state equalized valuation now stands at \$126,290,617. This represents an increase of 4.82 percent, to be spread across the county in all categories of real property.

The "penalty" added by the state, plus a 3.62 percent hike in true cash value adopted by the board of commissioners last December, gives the average property owner an 8.44 percent increase on his tax bill this year.

At Wednesday's meeting of the Iosco Board of Commissioners, Tax Director Henry Oates along with Robert Foster, representing the board of commissioners, and Charles Smith, representing the county association of townships, were to appear Monday at Lansing to appeal the state tax commission's action.

During discussion at Wednesday's session, Oates told commissioners that there was no doubt in anyone's mind that the tax commission had the authority to boost the county's state equalized valuation, but he was unable to determine and they arrived at the five-million-dollar figure. Oates said he had called the Lansing office and was told that the increase was based on sales studies by the department which were made for a number of tax appeal hearings held last year in this county. It was indicated by these state property appraisals necessary to settle appeals from local property owners, that the adjusted increase on real property adopted by the county was too low.

Oates told the commission that he did not expect any help from the county's appeal on Monday, but he said that it would give the opportunity to state its position and voice its dissatisfaction with state tax commission action.

The tax director said there was not much information upon which the county could base its appeal, other than to compare its valuation increase with neighboring counties, which also used Gem Survey figures for basing appraisals starting in 1969.

Since 1969, Iosco County has had a total increase in valuation of 32 1/2 percent, as compared to 25.13 percent for Arenac County and 20.50 percent for Ogemaw County, all starting with Gem Survey appraisals in 1969. The average valuation increase for counties in Michigan during the four-year period was 26.65 percent.

However, Oates was quick to point out that the increase included both the adjustments based on sales studies and new construction. He said there had been considerable development in Iosco County over the past four years which brought more new valuation than in the two adjoining counties. For example, Oscoda Township's valuation increased from \$25,000,000 to \$37,500,000—representing 31 percent of the county's total increase—and 40 percent of Oscoda's increase came through development of Lakewood Shores.

He said that until this year, Arenac County's valuation had been increasing at a higher percentage rate than Iosco County "and it had nothing to compare with the Lakewood Shores development."

Oates pointed out, also, that Alcona County, which did not hire a professional appraisal firm, had a 50 percent increase in its total valuation during the past year.

Smith, Oscoda Township supervisor, told the commission that the township treasurer had mailed 1,328 cards this spring to property owners showing valuation increases this year. He said that land values in Lakewood Shores had been raised 20 percent this year and now he would have to add nearly five percent to that figure.

Sup. Dennis Chrivia of Plainfield Township, who said his treasurer mailed 1,340 cards to property owners prior to the board of review meeting indicating there would be an increase in property valuations, believed the county commission should appeal the state tax commission's action—"At least let the taxpayers know we are trying to help them," said Chrivia.

Last December, Oates recommended an increase of 5 1/2 percent on the county's true cash value, based on his sales study. However, members of the county board of commissioners were of the opinion that the study represented "inflated sales" and reduced the increase accordingly.

While the county had an over-all increase on its true cash value base of 3.62 percent, percentages of in-

crease varied in the 14 different governmental units and all were based on a sales study conducted by the tax director's office. Residential property had an average increase of 3.88 percent in the county, with AuSable receiving the smallest hike at 3.6 percent and Tawas City receiving the highest at 5.88 percent. The same was true for the other categories—agricultural, timber cutover, commercial and industrial—which had varied increases.

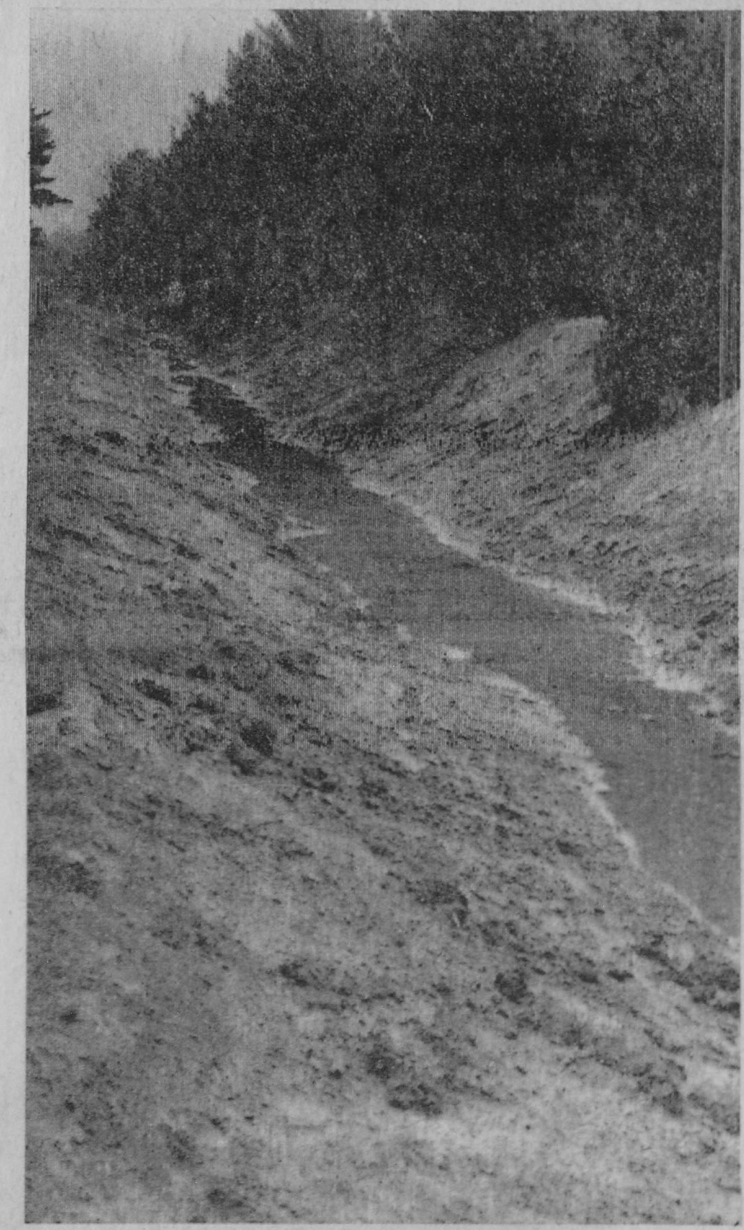

The county commission disagreed, too, with the county tax director in November 1970, when Oates recommended a five percent increase on timber cutover and residential categories, based on his sales study. The county commission adopted a 2.77 percent increase on residential property and made no change on timber cutover or recreational land.

Oates told commissioners Wednesday that the district supervisor of the state tax commission had appeared at his office and requested copies of all sales studies compiled by the county office. All county tax directors are required to conduct such sales studies and make them available to the state tax commission.

In three cases where local sales studies were withheld from the tax commission last year, the state subpoenaed the tax directors and received the sales studies through circuit court action.

JANIE PHELPS was honored during Saturday night's concert of Tawas Area High School Band by being named this year's recipient of the John Philip Sousa award. She is shown with Gene S. Salamony, left, looking at her certificate and trophy. The daughter of Mr. and Mrs. Alden Phelps, she plans to attend Adrian College next fall where she will major in music. She is a flutist in the high school band. This award is given annually for outstanding achievement in instrumental music and it is the highest award given to a high school band member. The award is sponsored by Tawas Area School Music Booster Club.—Tawas Herald Photo.

State Seeks Public Access to Iosco's Lakes-Streams

Michigan Waterways Commission has requested authority by the state legislature to acquire property for ultimate development of public access sites on the AuSable River, five inland lakes and Lake Huron in Iosco County.

Sites included in the \$430,000 appropriation being asked to finance this land acquisition program during 1972-73 are Cooke basin, Five Chan-

nels basin, Foote basin, Loud basin, Cedar Lake, Indian Lake, Leon Lake, Sand Lake, Lake Solitude, Tawas Lake and VanEtten Lake.

The land acquisition program would be limited by the requirement that only property freely offered for sale by willing sellers would be purchased. No use of the right of eminent domain is intended or authorized.

Well-Informed, Responsible Thinkers Are Needed Today

Today's need for well-informed, responsible thinkers was brought out at an unusual public affair meeting held in Detroit on Thursday, May 18. John Hughes, the Pulitzer Prize-winning editor of The Christian Science Monitor, and a team of top Monitor editors and correspondents,

TODAY'S Meditation from The World's Most Widely Used Devotional Guide

(Read Psalm 23; II Corinthians 4:8-18)

My cup runneth over. Surely goodness and mercy shall follow me all the days of my life. (Psalm 23: 5-6)

A reporter said of the weather, "Tomorrow is expected to be a carbon copy of today." The Christian should never find it necessary to say this of his days. Although the common duties are repeated and the Christian's life is one of continuity, each day is different. There is expectancy — hope — adventure! He asks, "With what will God fill my cup today?" If one is ready for humble and faithful service, there will be joy. There may be pain or sorrow, of course, but God's creative love will even work good out of it.

Because of our redemption in Christ, new peaks are waiting to be explored every day. The prophets saw something of the splendor in the distance, but did not experience it. The mystery was fulfilled at the coming of Christ.

How impossible for any tomorrow to be a "carbon copy" of today!

PRAYER

Our Father, we thank Thee for fresh hope and new insights that make it impossible for life to grow stale for those who love Thee. May we live each day with bright expectancy, praying as Thy Son, our Savior, taught us: "Our Father, who art in heaven . . . Amen."

THOUGHT FOR THE DAY

With Christ within, I face each new day with a spirit of expectancy.—Ruth Morrison, California.

addressed an audience in Cobo Arena.

Harding Mott of Flint, president of the Mott Foundation, introduced Mr. Hughes. The meeting was called "Outlook '72—The Christian Science Monitor looks at where we are and where we are going."

Other speakers included Godfrey "Budge" Sperling, the Monitor's national editorial correspondent; Geoffrey Godsell, the Monitor's overseas news editor, and Guy Halverson, prize-winning chief of the Monitor's midwestern bureau.

This was said to be the first time that a meeting of this kind has been held in Detroit by a Monitor editor.

Of special interest to many students and others who participated in the meeting was the lively question-and-answer period.

Arrangements for the "Outlook '72" meeting in Detroit were made by representatives of Churches of Christ, Scientists, in the Detroit metropolitan area.

St. Joseph Altar Society Held Annual Banquet

The Rev. Fr. John Rushman and Dominican Sisters were honored guests at the annual mother-daughter banquet Thursday, May 18, at the Knights of Columbus Hall, East Tawas. Approximately 115 members and their daughters were present for the event, sponsored by the St. Joseph Christian Mothers Altar Society and served by members of Tawas Council No. 2709, Knights of Columbus.

A welcome address was given by Mrs. Bernard Kukla. Mrs. Ethel Fricke acted as toastmistress.

Memorial Day Services Planned

Memorial Day services will be conducted Monday, May 29, 11:15 a. m., at the Evergreen Cemetery by Glen Staley Post and Auxiliary No. 422, American Legion. A speaker will be present. Girl Scouts of America, Boy Scouts of America and the Hale Area High School Band will participate in a parade through town before going to the cemetery.

Memorial Day, while it began as a day to honor the dead in the aftermath of war, is now a time that should serve as a solemn reminder to reaffirm our belief in those who gave their lives in courage and faith, acting with greatness to meet the needs of the times from the American Revolution to present day Vietnam. In deep humility and gratitude, this day of national homage is dedicated to them.

Mrs. Lillian Spencer Died Thursday

Mrs. Lillian Spencer passed away Thursday, May 18, at the Ogemaw Valley Medical Care Facility, Rose City. Funeral services were held Saturday, May 20, at the Forshoe Funeral Chapel, Hale, with burial in Curtisville Cemetery. The Rev. Neil Strickland of the Free Methodist Church and the Rev. Eldon Miller of the Memphis Free Methodist Church officiated.

Mrs. Spencer was born in Stratford, Alberta, Canada, August 12, 1887. Her parents, Mr. and Mrs. Carl Schreiber, immigrated to America from Germany. The Spencers resided in Curtisville before moving to Hale in 1931. Mr. Spencer preceded her in death 15 years ago. She is survived by two sons, Sheldon G. and Julius L., both of Detroit;

four daughters, Mrs. Harold M. (Mary) Karls and Mrs. Ronald C. (Lila) Grover of Saginaw, Mrs. Harold E. (Doretta) Funk and Mrs. Daniel (Doris) Thayer of Hale; two stepsons, Raymond Spencer of Garden City and Theodore Redmond of Topinabee.

Golden-Agers Met Wednesday

Hale Golden-Agers met Wednesday, May 18, for a pot-luck lunch in the American Legion Hall with 60 persons present. Mrs. Archie Ewing and Mrs. Lorenzo Drake were hostesses.

Door prizes were won by Mrs. Judy Roberson and Fred Friebe. Readings, cards and games were enjoyed.

Mrs. Ann Strickler entertained the 500 Club Wednesday afternoon. Prizes were won by Betty Allender, Lea Humphrey and Beatrice Bray. Gertrude Hoyt and Ellen Balliet were Wednesday dinner guests of Mrs. Strickler and Bertha Strickler.

Out-of-town relatives and friends attending the funeral of Mrs. Lillian Spencer were Mr. and Mrs. Arthur Goddew of West Branch; Dr. Nathan

Schreib of Lake Odessa; Mr. and Mrs. William Ralph Spencer and Mrs. Gladys Spencer of Owosso; the Theodore Redmonds of Topinabee and their daughter, Dorothy of Lincoln Park; Raymond Spencer of Garden City and his daughter, Mrs. Sybil Copeland, and children of Flint.

Mr. and Mrs. Clyde Humphrey were in Durand a week ago Friday to visit their nephew, Fred Zilliox, and wife, who recently gave birth to a daughter.

Mrs. Violet Scofield will leave soon for a visit with her daughter, Gail, and her husband, James McMurray, who is in the service in Brussels, Belgium.

Mrs. Velma Thayer's son, Fred Thayer Jr., and family of Clio and daughter, Mrs. Lila Vliet, and daughter, Judy, of Clio came for Mother's Day.

Robert Wilson and daughter, Theresa, were treated at Tawas Hospital and his foot was put into a cast after an accident with another car Friday afternoon near Rollways.

Mrs. Rose Hicks returned to her home at Long Lake after visiting her daughter's family in Detroit enroute home from a winter in Florida.

Mr. and Mrs. Lyle West were in Detroit where Mrs. West had tests at

Henry Ford Hospital, prior to entering June 5 for surgery.

Mr. and Mrs. Clyde Humphrey attended the funeral this Monday in Garden City of Mrs. Humphrey's grandson, who was killed in a car crash.

Mrs. Bessie Howard has moved to Moline, Illinois. Mrs. Francis Hammar and Oscar Buckner drove the moving van there and flew back.

Mrs. Martha Buckner's brother, William, has been visiting her family and helping to landscape her yard.

Mr. and Mrs. Emil Wagner and G'newood Streeter were in Detroit for a couple days last week. They visited the Rev. James Dutka and family and also toured the Greenfield Village Museum. Mr. and Mrs. Wagner were in the Tawas Tuesday where they visited Mrs. Flora Sasser and Mrs. Cora Johnson at the Iosco Medical Care Facility. Mrs. Sasser entered the facility last Monday. Her 81st birthday was Monday, May 22.

Miss Jackie Digard spent a week's vacation with her grandparents, the Samuel Tracys, in Anaheim, California, Saturday to visit her brother and her fiancé.

TAWAS AREA GIRLS won the softball championship in the tournament held Saturday at Standish-Sterling High School. Tawas Area defeated Standish-Sterling Central, 13-4, in the opening game, then defeated Gladwin, 25-9, and Pinconning, 19-9. Parents Know the Drug Threat The Child You Save May Be Your Own

By DET. SGT. George Westcott CANDIDATE FOR IOSCO COUNTY SHERIFF

Today's Subject: Marijuana—The 'Innocent' Drug

Marijuana is probably the best known drug to most parents because for years we have been hearing about it. Marijuana has long been in use in what we now term minority groups, but now it has spread across the land like cancer. Its manufacture and distribution is, of course, prohibited by law except for approved research purposes.

Marijuana is the dried flowering or fruiting top of the plant Cannabis Sativa, L., commonly called Indian Hemp. Usually it looks like fine, green tobacco. It is smoked in pipes or cigarette form. Hashish, also a preparation from Cannabis, is taken orally in many forms, and infrequently it is made into candy, sniffed in powder form, mixed with honey for drinking or with butter to spread on bread. The primary effect is a feeling of great perceptiveness and pleasure and an exaggerated sense of ability, resulting from even small doses. Erratic behavior, loss of memory, distortion of time and spatial perceptions, and hilarity without apparent cause occur. There is a marked unpredictability of effect.

Of course, these reactions are usual in the user of alcohol, too, but with the drug user there is no alcoholic breath odor. Breath odor though is most always unpleasant.

Because of the visions and exhilaration which result from the use of Marijuana, abusers may lose all restraint and act in a manner dangerous to themselves and others. User is usually accident prone because of his time and space sense upheaval. Dependence leads to anti-social behavior and could be the forerunner to use of other, far more deadly drugs.

Street terms (names) for Marijuana are: joints, sticks, reefer, weed, grass, pot, muggles, moters, Indian hay, locweed, Mu, giggle-smoke, Griffo, Mohasky and Mary Jane.

By the millions, and rightfully so, parents are more and more concerned or even panicked about drug use. Most disturbing is that drugs, especially Marijuana, are becoming popular even among junior high and high school students. One 37-year-old father said in a recent interview, "My seven-year-old daughter can spell Marijuana. I never heard of it until I was in college."

On and near by high school and college grounds, raids and arrests for possession of Marijuana and other drugs are increasing across the country. The new drug law, which took effect April 1, 1972, defines Sale as the "possession with intent to deliver." Marijuana must be more than two ounces, maximum penalty, four years imprisonment and fine of \$2,000.00. Drug use is, without doubt, becoming a way of life for some young people — and, for an unkind but large, if not larger number of adults also. And so, think about these things my friends — we are all in this together. As adults, it is up to US to head this thing off in our community. To do this we must all know more about drugs, their use and misuse. Will you be with me next week? I hope so. What we are studying is for a very worthwhile cause! Pd. Pol. Adv.

How badly would this damage your vacation?

A holiday on the road is great fun unless, of course, it's marred by an accident. The damage to your trailer or camper can be repaired. That's what you have insurance for. But what about the damage to your vacation? With our "altogether" trailer insurance, your holiday doesn't necessarily come to a complete halt then and there... cash for living expenses helps you continue on vacation while the trailer's being repaired. That's just one of many coverages designed to help make your holidays altogether better.

STUDENTS at Tawas City Elementary Unit passing the president's fitness test for boys and girls are pictured above. Some of the events required included seven pullups, 100 situps, a shuttle run in 10.2 seconds, a standing broad jump of six feet, 50-yard dash in 7.2 seconds, softball throw of 140 feet and 600-yard run in two minutes, 12 seconds. If a student fails one test in the above named events he is disqualified. "If a student should pass all events, he is more physically fit than 85 percent of all students in his or her age group in the nation," said Herman

Rollin, building principal. Fifth grade students pictured above are, kneeling from left, Sue Alexander, Dawn Harwood, Julie Nivison, Wanda Anderson, Diana Leitz, Janice Kitchen and Cheryl Shillair. Standing from left are Tim Timreck, Philip Lixey, Brian Lutz, Matt Bolen and James Pawloski. Sixth grade students in the bottom photo are, kneeling from left: Patrick Rapp, Robina Hofacer, Eva Ruth, Robin Ericksen and Ed Shillair. Standing from left are Michael Felske, Kevin Kelly, Gordon Schonschack, James Cross and Larry Kindell.—Tawas Herald Photos.

Pension Does Not Count As SS Earnings

Question: I receive both a retirement benefit from social security and a pension from the United States Army. Does my pension count as earnings?
Answer: No. Only wages and self-employment income count as earnings. Other income—such as another pension, dividends or interest—does not affect your social security benefit payments.
Question: I am a student and, since my mother died, I have been getting monthly social security checks. Now, the payments are mailed to my father. However, I am planning to transfer to an out-of-state school shortly. Can I have my checks mailed directly to me?
Answer: Yes, a student beneficiary can have his benefits paid di-

rectly to him. Contact any social security office to make this change.
Question: My mother, who is 80, has gotten so sick that she cannot handle her own money any longer. I have her power-of-attorney, but I am not sure what I should do with her monthly social security checks. Should I try to cash them?
Answer: No, you should not cash her social security checks. You should call the social security office immediately. We can arrange to send her checks to you as her "representative payee" with the checks carrying your name as well as your mother's so you can cash them.
If you have a question about social security, contact your district office at 1009 North Madison Avenue, Bay City, Michigan; telephone, 833-9579. For your convenience, a social security representative will be at the Isoco County Building, Tawas City, every Thursday of each week from 9:45 a. m. to 3:00 p. m.

MICHIGAN WEEK was officially observed in Iosco county this year with an exchange of county commission chairmen on Monday. Carlton Merschel, chairman of the Iosco Board of Commissioners, spent the day in Grand Traverse County, while Edward Seabrook, commission chairman in that county, was a guest here. Seabrook is shown at lower left receiving a gypsum rock plaque from William Weroley, representing the county commission. Others in the photo from top left are Fred B. Lomas, Lloyd S. Little, Jack Allen and George Blust, members of the county commission. Seabrook's itinerary here included a visit to Tawas Point State Park, a tour of the county building, a trip to National Gypsum Company's installations, plus stops at Hale, Old Orchard Park and Wurtsmith Air Force Base. The group had dinner Monday afternoon at Lakewood Shores, Oscoda. While in Grand Traverse County, Merschel toured the medical care facility there, along with visits to cherry orchards now in bloom and the county airport.—Tawas Herald Photo.

Summer Topical Fluoride Program to Start May 31

The summer topical fluoride program in the Tawas Area will begin Wednesday, May 31, at the St. Joseph Social Center, Lincoln Street, East Tawas, according to JoAnn Hintz, chairman of the Tawas Area Newcomer's Club topical fluoride committee.

May Lou Conrow of Livonia, a senior dental hygiene student at the University of Michigan, Ann Arbor, will clean the children's teeth and apply the fluoride solution. She will be the guest of Mr. and Mrs. Neal Miller during her stay here.

Two hundred seventy-five children have enrolled in the program, which consists of four visits to the clinic. At the first visit, the teeth are cleaned and a solution of fluoride is applied directly to the surfaces of the teeth. The fluoride application only is repeated at the three succeeding visits.

This procedure has been shown to reduce tooth decay by about 40 percent, compared with the 60 to 65 percent reduction in cavities obtained with the use of fluoridated water.

According to the Michigan Department of Public Health, dentists who assisted in the development of the program and who will supervise Miss Conrow, the topical fluoride should not be considered a substitute for regular care of the teeth, either at home or by the dentist. It is still necessary for children to

brush their teeth thoroughly, particularly after meals; avoid between meal snacks, and visit their dentist regularly for professional care.

Mich. State Police Announce Special Holiday Patrols

Special holiday traffic patrols for the three-day Memorial Day week-end will begin for the Michigan State Police at 12 o'clock noon. Friday, Col. John R. Plan's, department director, said.

Plants noted that traffic accidents in the five major holiday periods last year claimed 122 lives, with 20 of them charged to the Memorial Day period.

He also pointed out that Michigan traffic deaths through mid-May this year are running about five percent more than in the corresponding period in 1971.

Memorial holiday period deaths averaged 32 in the five years, 1967-71, with the highest toll in that time being 43 in 1967.

Plants urged motorists to be extra attentive to driving rules and extra alert for hazards in traffic during the holiday period.

"Given good weather, there will be hundreds of thousands of cars on Michigan roads. Despite this volume, courtesy and caution by motorists can effectively minimize the possibilities for accidents," the director emphasized.

State police aircraft, weather permitting, will supplement the day-time patrols. Vehicle inspection will be suspended during the holiday period and its personnel may join the regular patrol activity.

Maximum enforcement will be in effect from 3:00 p. m. to at least 9:00 p. m. each day for the special patrols which will continue through to midnight, Monday, May 29.
