

Forest Blackened by Nine Brush Fires

Tired employees of the United States Forest Department's Tawas Ranger District called Tuesday morning's rain shower most welcome, following three straight days of battling brush fires in the tinder-dry Huron National Forest.

Vernon Blust of the ranger district's office in the Federal Building, East Tawas, estimated that 615 acres of forest had been burned over in nine fires over the week-end—five Saturday, two on Sunday and two on Monday.

The most serious blaze came Saturday when 600 acres were burned near High Rollway Campground on the AuSable River. The fire, starting five miles east of South Branch in Plainfield Township, was spotted by the forest service's fire patrol plane about 12:30 p. m.

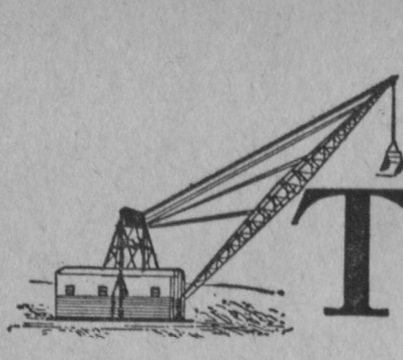

The blaze burned for about 6 1/2 hours before being brought under control by a force of about 200 men. Blust, who is dispatcher at the

ranger office, said that 100 men were provided by Wurtsmith Air Force Base along with a huge bulldozer, as well as men from area volunteer fire departments and employees of the Michigan Department of Natural Resources.

The fire was pinched off between two roads and brought under control on the banks of the South Branch of the AuSable River, but not before a beautifully wooded area was blackened. There were no injuries or damage to cottages in the area.

A series of fires was reported in the Silver Valley area and campers in Huron National Forest had been asked not to build fires.

A garage owned by Dr. E. B. Cavell Jr. in Wilber Township was leveled by fire Monday. Cavell was in Tawas City at the time and a tractor was destroyed in the blaze, which was detected by the forest service's spotter plane.

Sheriff May Ask Aid in Crowd Control

"The federal government should either assist local and state agencies in providing manpower to police its public parks in Huron National Forest, or it should close those parks when attendance goes beyond available facilities."

This was the thought Monday afternoon of Sheriff Ivan O'Farrell, whose department and all other police departments in the county had experienced one of the most troublesome Memorial Day week-ends in history.

Officers of the sheriff's department estimated that more than 5,000 youngsters—"the good kind and the other kind"—jammed into the Gordon Creek campground of Huron National Forest. The campground has toilet facilities (chemical type) to handle about 50 people. In addition, there are no shower facilities and water is limited.

Adding to the law enforcement problem this year was the tinder dry condition of the forest. At least five brush fires were reported at Gordon Creek, Corsair picnic ground and Silver Valley, all caused by campfires or the result of illegal fireworks.

"If this crowding into one area is not called to a halt, some decent people are going to get hurt. This is just the beginning," warned O'Farrell. "We expect at least 20,000 will be here for the July 4 week-end and these public campgrounds may be destroyed."

O'Farrell said that Huron National Forest was littered with debris following the Memorial Day invasion. New trails have been tramped into brushland, trees were cut down for campfires. Some trees had been girdled last year by campers to provide fuel for this year.

One of the most serious problems cited by the sheriff was the use of drugs by young people. Although his department handled only one case in which a youngster was admitted to Tawas Hospital for an overdose of drugs, O'Farrell said that another 20 youngsters had been treated at the hospital for reaction from drugs.

Tawas Hospital reported Tuesday that it handled 177 emergency cases over the week-end. A hospital spokesman said that the total included a number of persons who had been beaten in fights at Gordon Creek.

"Officers patrolling in the area had no trouble detecting the odor of marijuana burning at Gordon Creek—but what are you going to do with 5,000 people?" asked O'Farrell. The sheriff's department assisted state police on one complaint that two motorcycle gangs were having a fight at the park, that both groups were armed and there was some shooting. Two patrol cars entered the park Saturday night and one car was positioned at the park entrance. Cars were stoned and officers were unable to receive any information.

"Originally, camping at Gordon Creek was started by a group of kids, who came up here to do their thing—now, a large percentage of those camping there are just plain hoodlums—most of the decent kids would not have anything to do with them and have moved to different camping spots," said O'Farrell. "Many of those people turn into a bunch of animals at night."

The sheriff said that several parks had been closed to youngsters and motorcyclists in the Thumb area and those persons who had been going there are now camping at Gordon Creek and Silver Valley. While license plates indicate a cross section of the lower half of the Lower Peninsula, the largest concentration of youngsters is from the Saginaw Valley area. Local youngsters also add to the crowd. "Our department had numerous calls from parents to be on the lookout for runaway daughters in the 15 to 16-year-old age class. Gordon Creek is just not the place to be for

decent, good kids, but there is very little we can do to track down a runaway once he reaches the park. Last summer, our department pulled 50 runaways out of Gordon Creek, but the season is just getting started here," said O'Farrell.

The sheriff said that 26 young peo-

ple were in jail Monday morning, 12 of those being arrested for participation in a drunken altercation along Monument Road. The department investigated numerous other complaints in the Tawas area.

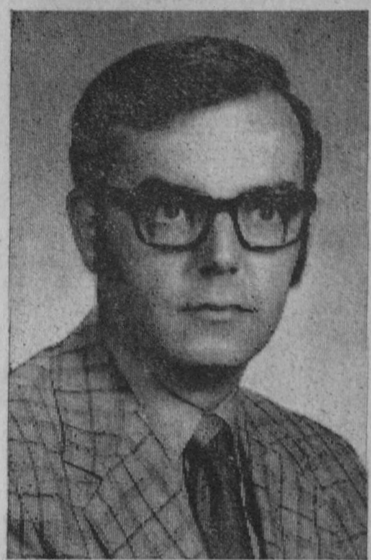

O'Farrell said that if the federal government does not take some ac-

tion and soon, he may have to call on the governor to provide national guard troops to help patrol the area over the July 4 holiday.

"Public parks are for the use of all citizens, but many people who once enjoyed Gordon Creek, Corsair and Silver Valley are now being denied

use of those parks by ruffians, who have no respect for the rights of others or for the natural beauty of the national forest.

"Police agencies of this county need the support of local citizens to put a stop to this destruction of public property," said the sheriff.

C of C Dinner Thursday at Village Inn

Those citizens in the area who are interested in the healthy, controlled growth of Iosco County are invited to attend a dinner sponsored by Tawas Chamber of Commerce on Thursday, June 1, 6-9:30 p. m. To be held at the Village Inn, Tawas City, guest speaker will be Carl Jorgensen of the Michigan State Chamber of Commerce.

Jorgensen's speech will be entitled "This Is Your Chamber." Jorgensen is well informed on all facets of industrial development and will welcome questions from the floor.

"Your chamber of commerce wants the county to grow, but wants this growth to be healthy and controlled for the continued happiness and prosperity of its citizens," states Harris Barkman, president of the Tawas Chamber of Commerce. "To do this, there must be the interest and support of the citizens of the area."

Barkman said that the population growth of Iosco since 1967 had been 3,105 persons. Households established in the last four years number 1,100 and the buying income in that period has increased \$10,886,000.

"The evening should be of importance to those who are interested in the area and the county," said Barkman.

Gaylord Man Named New Bank Chief

John D. Lippert, vice president of the Gaylord State Bank, has been appointed chief executive officer of the Peoples State Bank in East Tawas, effective June 15.

Lippert's appointment was announced Friday by L. G. McKay, president and chairman of the board of the East Tawas bank.

Lippert, an officer of the Gaylord bank for the past five years, brings 20 years of banking experience to Peoples State Bank. A native of Saginaw, he began his banking career as a messenger with the Second National Bank in Saginaw.

He attended elementary and high school in Saginaw. Lippert also attended Ferris State College and was graduated from the University of Michigan School of Banking. He holds the standard certificate from the American Institute of Banking and has attended the school of bank examination of the board of governors, Federal Reserve System, Washington, D. C.

Lippert is a former bank examiner for the Federal Reserve Bank of Chicago, Illinois. Before moving to Gaylord in January 1967, he was an officer and branch manager of the Frankenthum State Bank, Frankenthum.

As vice president and administrative officer of the Gaylord State Bank, he worked primarily in loan functions.

The 39-year-old banker served two years as a sergeant with the 40th Infantry Division in Korea.

Lippert has been active in Gaylord civic affairs. He is chairman of the Otsego County Board of Commissioners and formerly served on the Otsego County Planning Commission. He has worked on a number of community activities.

He is married to the former Sally Furlow of Saginaw. The Lipperts have one son, Douglas, 15. They attend the Episcopal Church.

Library Addition Vote on June 12

Registered electors of Tawas Area Schools will have an opportunity to express their desires at the annual election on June 12.

Two candidates will be elected for four years on the board of education. A ballot will be provided for this.

The board of education has determined that it is necessary to add to the existing library and make it into a resource center that will be suitable for a school the size of Tawas Area High School. This will necessitate equipping this structure. It is estimated that construction of the library addition and the equipment of the building will cost \$62,000. In addition, it will be necessary to purchase an estimated \$15,000 worth of added equipment for a shared time auto mechanics class at Tawas Area. Together, this will require a total outlay of an estimated total of \$79,000.

The most economical method of doing this is to have a sinking fund created by levying three-quarters of a mill (75 cents per \$1,000 equalized valuation for two years) in 1972 and 1973 to pay for this building and equipment.

The alternative is to sell bonds for \$80,000 and pledge the good faith of

the school district to pay for these and pay over a prolonged time. This method will cost considerably more as higher interest rates will cost money and the legal procedure to sell bonds is more costly than securing money on tax anticipation notes.

Two ballots are required to accomplish this. One raises the tax limitation three-quarters of a mill, or 75 cents for each \$1,000 of equalized valuation for two years.

The second allows the board to levy the millage provided by the first ballot.

This does not allow for a double levy, only 75 cents for each \$1,000 of equalized valuation each of the two years or \$3.75 per year for two years on a house assessed for \$5,000.

This addition has been recommended by the University of Michigan as a necessary requirement to meet accreditation standards. It is recommended by the library standards for a school of the size of Tawas Area. It is needed regardless of the type of program finally followed in Tawas Area, the year-around school, the middle school concept or an enlarged school at the existing site.

State Police Busy Handling 58 Complaints

Michigan State Police at East Tawas handled 58 complaints over the three-day Memorial Day week-end, which proved to be one of the busiest holidays on record. Complaints included malicious destruction of property, larcenies, overdoses of drugs, trespassing and numerous personal injury accidents involving motorbikes.

John M. Leahy, Grosse Pointe Woods, was treated at Tawas Hospital Sunday after being beaten with chains by three members of a motorcycle group at Gordon Creek. The victim told officers he had stopped at the campground entrance and three motorcyclists going by shouted obscene language at him. Leahy told the riders to "cool it" and they came back armed with chains.

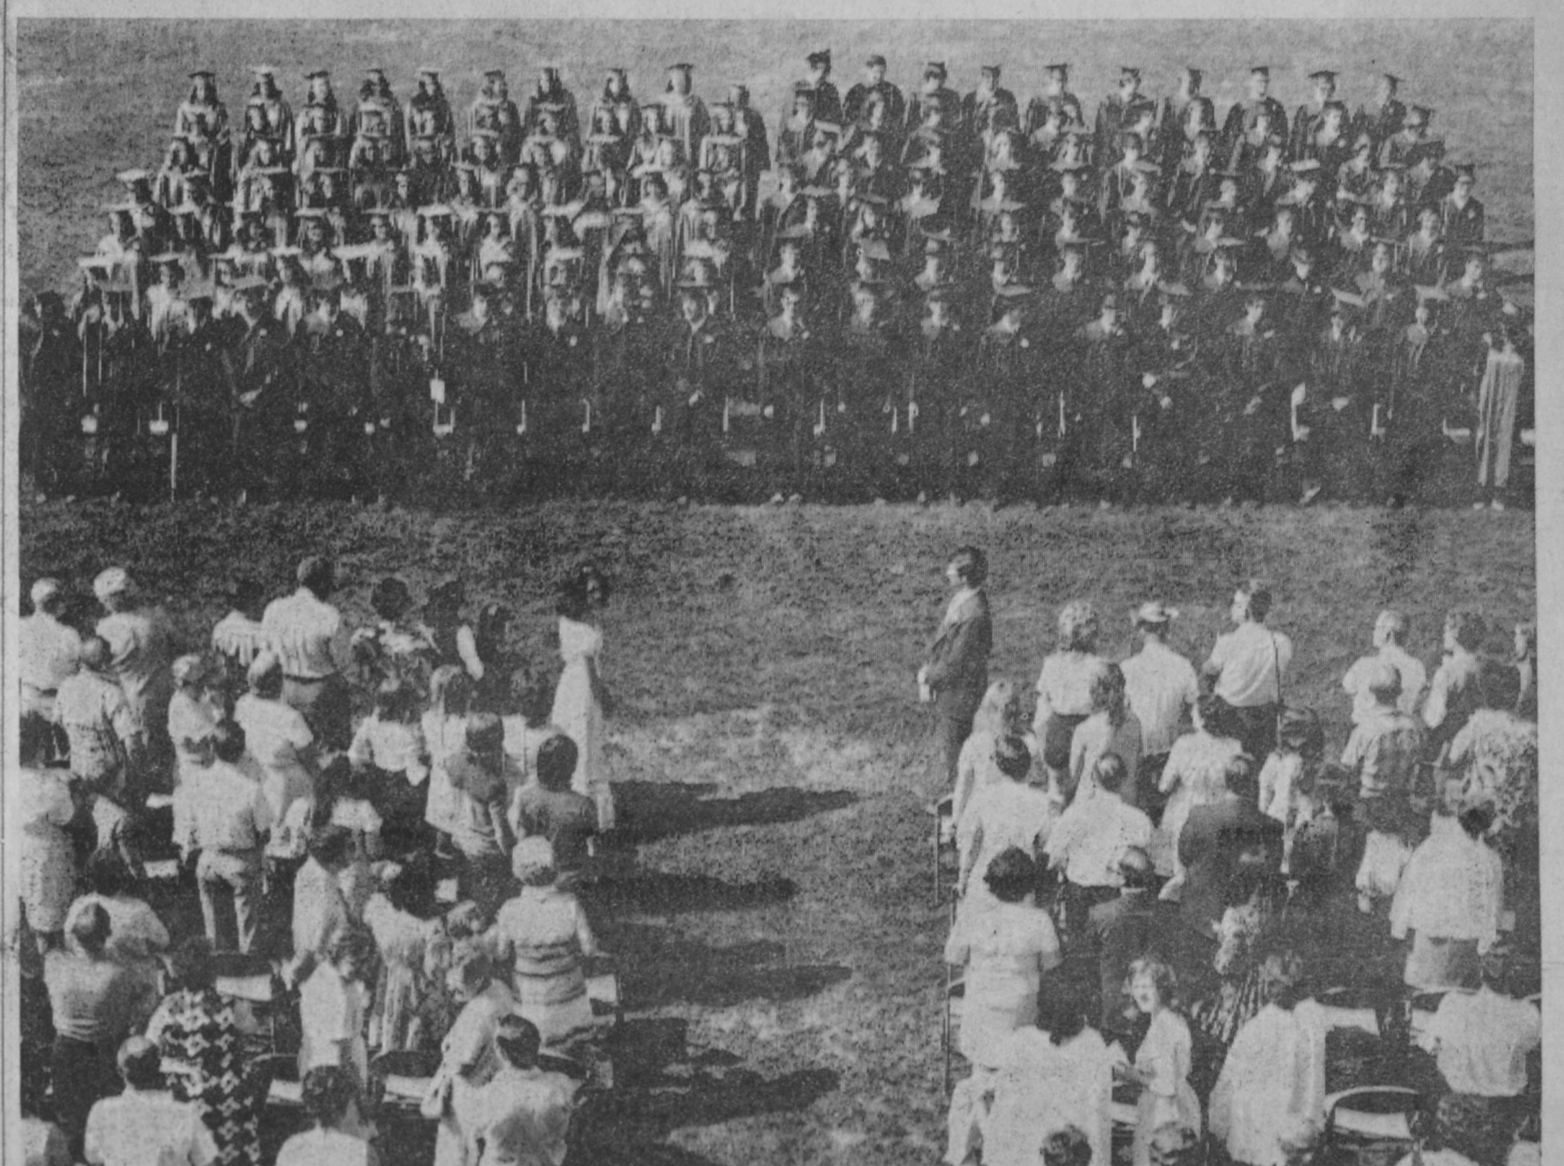

Merle Koib, Bay City, was treated at Tawas Hospital for knife and chain wounds to the arm and head. Officers said that the victim was injured at Gordon Creek.

Roger P. Kelly, 29, Pontiac, was treated at Tawas Hospital for injuries received in a motorbike crash in the Huron National Forest. Alexander M. Stringer, 30, Pontiac, was injured Sunday when he lost control of his motorbike on Monument Road and hit a tree.

Diane E. Smith, 30, Kawkawlin, was injured Sunday in a motorbike accident in Plainfield Township and was treated at Tawas Hospital. Daniel J. Cooper, 23, Southfield, and Ostap Rychtyk, 25, Warren, were injured Sunday when their motorbikes hit head-on on a forest trail in Plainfield Township. Susan J. Andre, 19, Owosso, was treated at Tawas Hospital after her motorbike hit a hole in a sand trail in Plainfield Township and flipped over.

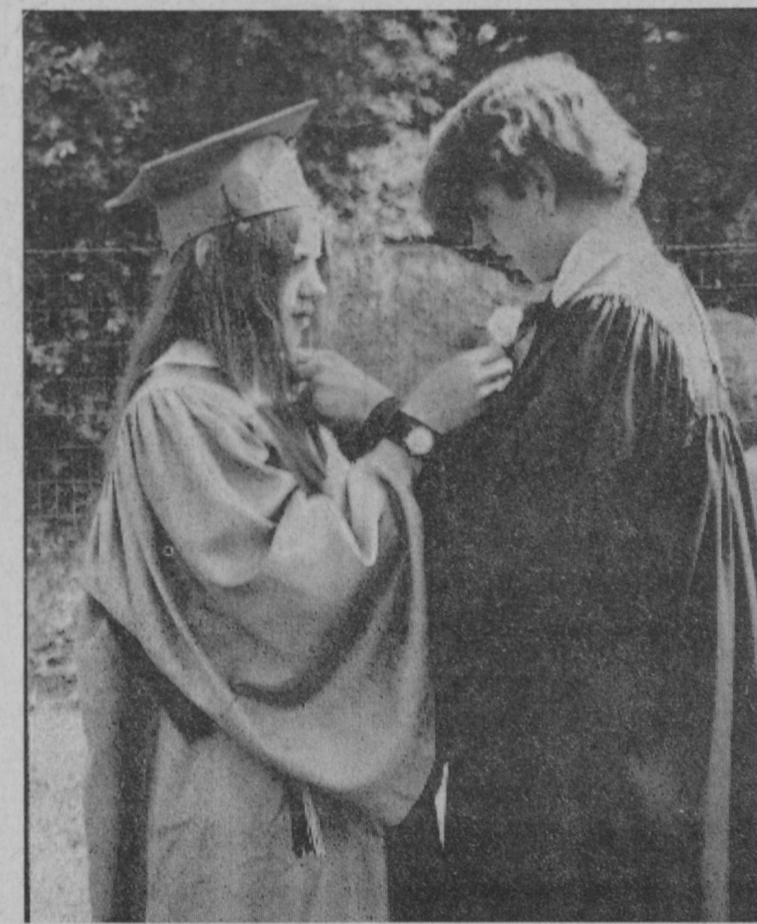

Marine Safety Checks Being Processed by State

State Rep. George A. Prescott of Tawas City reported today that checks are being processed for both Arenac and Iosco County treasurers for reimbursement of two-thirds of their 1971 marine safety programs: Arenac County will receive \$1,736.01 and Iosco County, \$5,196.62.

Graduation Day for 147 TA Students

MORE than 2,000 persons attended commencement exercises Sunday afternoon for the class of 1972 at Tawas Area High School. Weather conditions were perfect for the first outdoor graduation program in the school's history. The top picture shows the graduating class, with part of the crowd in the foreground. Two of the graduates are shown adjusting corsages prior to the ceremony at center. An over-all view of the overflowing football bleachers is shown below. End of semester examinations are being held this week and Tawas Area Schools officially close the 1971-72 term Friday noon.—Tawas Herald Photos.

TA Speaker Hurt in Crash at M-55—M-65

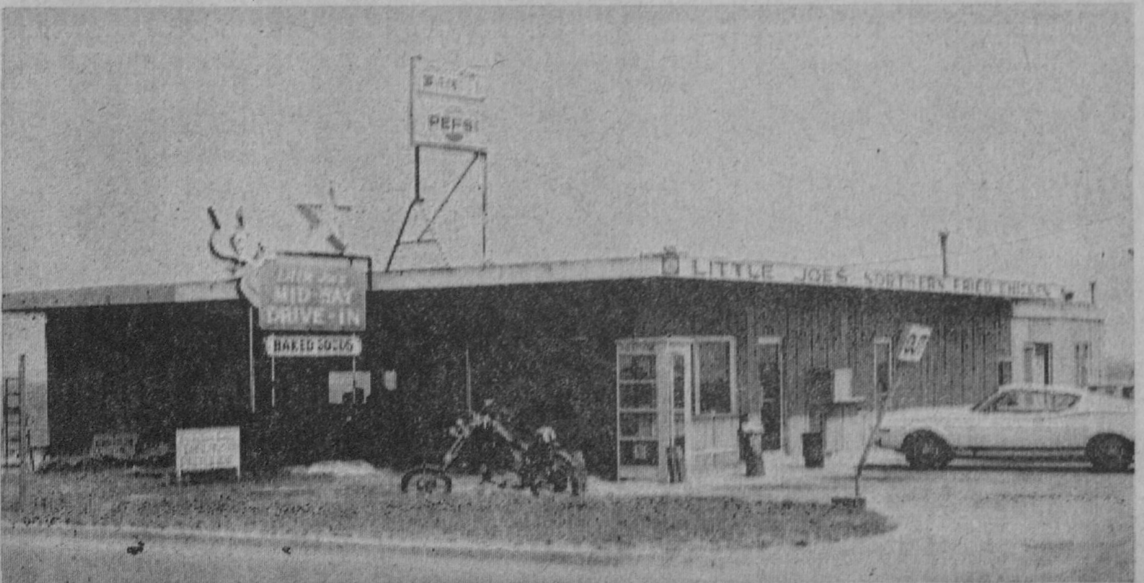

H. Morley Fraser Jr., 49, who was speaker at Sunday afternoon's commencement program for the class of 1972 at Tawas Area High School, was seriously injured later Sunday afternoon in a two-car crash at the intersection of M-65—M-55.

Fraser told investigating sheriff's department officers that he was headed west on M-55 and stopped his vehicle behind another car which had stopped for the intersection.

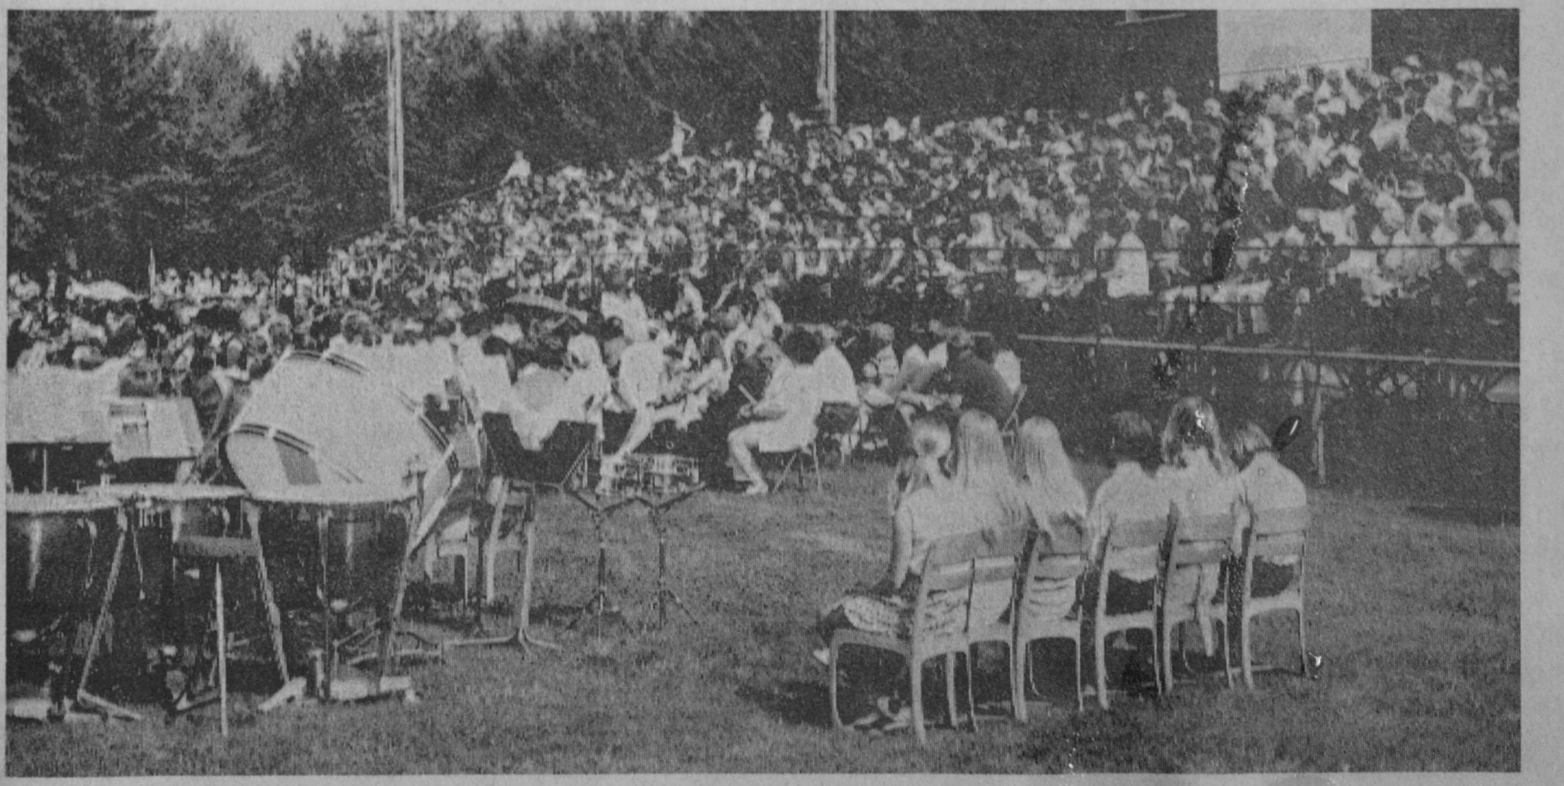

When the lead car pulled out to cross the intersection, Fraser followed and collided with a car driven by William P. Busch, 52, Glennie, which was headed north on M-65.

Fraser was taken by ambulance to Tolfree Hospital, West Branch, as was Laura E. Busch, 49, Glennie, a passenger in the other car.

Fraser, who is coordinator of athletics at Albion College and averages 150 speaking engagements a year, is scheduled to speak at several other commencement programs around the state this week.

The Upper Room
(Read Luke, 2:39-52)

"The Creator made them from the beginning male and female. . . For this reason a man shall leave his father and mother, and be made one with his wife." (Matthew 19:4-6, NEB)

There are some films which reach the heart. One that I saw portrayed a young minister doing an unusual thing. He called on all married couples present at church one morning to stand and hold hands. Some obeyed instantly. Others seemed resentful.

Then he asked them to repeat after him the age-old marriage vows . . . "for better, for worse, for richer, for poorer, in sickness and health . . ." Again they hesitated; but, with urging from the preacher, they repeated the beautiful, solemn words—vows that have carried thousands of couples through all the trials of married life, until death claimed one or the other. His sermon which followed was along the lines of the necessity for love, pity, sympathy and gratitude. We should begin every day with the realization that we need to recognize our blessings, to thank God for them and to show our gratitude in a practical way. Only then can we really claim to be a Christian parent or family.

PRAYER

Eternal Father, we are grateful for our loved ones and for what we call the common blessings of life. Help us to be thankful by showing more

kindness to all around us. Amen.

Missionary Society Held May 25 Meeting

Baptist Women's Missionary Society of First Baptist Church, Tawas City, met at the church multipurpose room Thursday afternoon, May 25, with 10 members present. The business session was conducted by Mrs. Archie Ruckle.

Mrs. Lloyd Finley gave an interesting presentation of Mexican and Indian handicraft and pottery; Mrs. David Heintzman and Mrs. William Blackmore involved the group in a discussion of "The Person In An Impersonal World."

Refreshments were served by Mrs. Ronald Norris, Mrs. Byron Brooks and Mrs. George Philpot.

Association to Hold Meeting

The Northland Association of Regular Baptist Churches will hold its monthly association meeting at the Hemlock Road Baptist Church Saturday, June 3.

Services will begin at 10:00 a. m., featuring Dr. Victor Matthews, professor of philosophy at Grand Rapids Baptist Bible College and Seminary, Grand Rapids. Doctor Matthews will be speaking in the morning session and conducting a forum in the afternoon. The Rev. Raymond Bruce, pastor of the Hale Baptist Church, will give the concluding message at 2:30 p. m.

The public is welcome to attend these services.

Commencement June 2 at Whittemore - Prescott Area

Graduation activities began Sunday, May 28, for Whittemore-Prescott Area High School seniors, with baccalaureate services in the high school gymnasium. The Rev. Robert Porter pronounced the invocation and benediction and the Rev. Fr. Terrance Raymond delivered the sermon.

The Whittemore-Prescott Area Choir presented a selection, were joined by the seniors and then the entire assembly.

Class motto is "It's what we think and what we do that makes us what we are." The class chose its class colors to be red, white and blue. The class flower is a rose.

On Wednesday, 8:00 p. m. (tonight), the seniors will present their class night program. Bruce Britt, president, will be master of ceremonies. Jane Leslie and Wayne Miller will read the class prophecy. Pauline Bassi and Adele Partio will give the class will.

The girl's gittatory will be presented by Alan Morton and Lowell

Perkela and the boy's gittatory by Rose Moraitis and Sharon Robarts. The yearbook is to be dedicated to its co-editors, Bruce Britt and Patricia Youngberg. The program will

end with the class song. Commencement activities begin at 8:00 p. m. Friday, June 2, at the auditorium. The high school band will play the processional and recessional

with the Rev. Arthur Parkin pronouncing the invocation and benediction.

Miss Robarts will give the salutatory address and Miss Youngberg

will deliver the valedictory.

Dr. L. L. Boger, dean of the college of agriculture and natural resources at Michigan State University, will deliver the principal address.

Robert O. Sutch, principal, is to present seniors to Raymond Kosler, superintendent, and Emil Sztanyo, president of the board of education, who will confer diplomas to the class of 1972.

Ernest Jordan will present diplomas to adults who are graduating through the community school night education program.

25 Years of Area Service

The year 1971 marked the 25th year of service for Catholic Family Service (CFS) in the six counties of Northeastern Michigan. CFS is a family and child welfare agency dedicated to the preservation and strengthening of families. During individual treatment and social action, CFS strives to encourage individuals, families and communities to attain a maximum potential for achievement and happiness.

What began in 1942 as a social services program of the League of Catholic Women has grown into a professional family counseling and child welfare agency. In its founding year, Catholic Charities, as CFS was then known, provided assistance in eight situations. During 1969, the agency caseload was 476, ranging from marriage counseling to adoptions.

By 1945, the League of Catholic Women had grown so that 30 volunteers were being trained in social work. The Rev. Ralph Richards, director of Catholic Charities in Bay City and Saginaw at that time, arranged the training sessions.

In March of 1946, the Catholic Charities Office was established in Alpena with Florida M. Teller as social worker. The Alpena deanery, including Alpena, Alcona, Iosco, Oscoda, Presque Isle and Montmorency Counties, became the service area and remains the service area to this day.

In order to more accurately describe the agency's mission, Catholic Charities became Catholic Family Service in 1955. In the summer of 1967, the CFS offices were moved to 614 Oldfield, where they are presently located in Alpena. Through the years many persons have served on the agency staff. Present staff members include Paul Martin, agency director; Mrs. Verona (Ronnie) Fitzgerald, senior caseworker; Robert Wieniewiczski, caseworker; Elaine Zann, office manager; Evelyn Paulus, stenographer, and Michael Hardy, caseworker, presently on leave of absence.

Funds for CFS operation come from the United Funds in various parts of the service area, from the diocese and from other contributions and fees. CFS serves persons regardless of religious affiliations. Mrs. Margaret Shaw of East Tawas is on the board of directors of CFS, representing the Tawas-Whittemore-Hale area.

Urge Prayer for Vietnam Solution

A call for citizens to use prayer in bringing a "peaceful and prompt solution" to the Vietnam conflict was made at First Church of Christ, Scientist, East Tawas, last Sunday morning.

Mrs. Wilma Biggs, first reader of the church, read a message from the five-member Christian Science board of directors in Boston, Massachusetts, which was issued to the 3,200 Christian Science churches throughout the world.

"No one can outline for another how to pray, nor do we in our prayers attempt to outline specific solutions for human conditions," the message stated. "But let this not prevent us from joining in the deep confidence that prayer does avail."

"It is our conviction that prayer is deeply needed and of vital importance at this time. We believe that all of us must now be counted upon to do our full share in bringing to bear the immense power for good that is native to prayer . . ."

Last week, the denomination's international daily newspaper, The Christian Science Monitor, urged in a front page editorial that prayer be used in approaching the Vietnam problem.

"Peace has always been elusive," the editorial said. "But by men's raising their vision above the evidence of battle to the spiritual norm of harmony and peace, the inspiration and courage to secure peace will be found."

Public Meeting on New Medical-Dental Center

A meeting has been called at Hale to inform the public of progress on the medical and dental care proposal. June 6, 8:00 p. m., at the Hale Area School. Everyone is welcome and encouraged to attend to hear its report. The name for the clinic will be Huron Forest Medical Center, Incorporated, and will serve an area from Twining to Curran.

Maas Graduates From Lake Superior College

Daniel James Maas of Hale, son of Mr. and Mrs. Herman Maas, will be among 27 students graduating from Lake Superior State College, Sault Ste. Marie, at annual commencement exercises Sunday, June 11. He will be awarded a bachelor of science degree in mechanical engineering technology.

Sec. of State Richard H. Austin will address the graduates, their parents and friends. Presiding at the commencement ceremonies, scheduled to begin at 2:30 p. m. at Pullar Stadium will be Dr. Kenneth J. Shoultice, LSSC president.

Senior reception was held by the P-TA at its regular meeting Thursday. Vern Reed introduced the seniors who introduced their parents. Refreshments were served.

Howard Atkinson, Lloyd Murray, Robert Greve and Mr. and Mrs. Albert Humphrey were at Ranger Lake, Canada, fishing when Mr. Greve was called home due to the death of his niece, JoAnn Runyan. Sympathy is extended to the Wesley "Joe" Runyan family in the death of their 17-year-old daughter, JoAnn. She passed away early Tuesday morning at Tolfree Hospital, West Branch. She was a National Honor Society member and an active member of the Junior class. A special service was held at the Unit-

ed Methodist Church for the high school members with services following for the family and friends. The Rev. Arthur Parkin officiated with burial in Evergreen Cemetery, Hale. A brother, Donald, and her sister, Kristi, also survive her.

Ralph Nunn underwent an emergency appendectomy at Grayling Mercy Hospital last week and his parents, Mr. and Mrs. Charles Nunn, visited him Saturday.

Mr. and Mrs. Daniel Thayer, Charles and Rhonda traveled to Hope, Indiana, over the week-end to attend the wedding of Margaret Thayer, daughter of the Rev. and Mrs. Laurence Thayer. They also visited the Raymond Wyckoff family in Charlotte and the Gordon Thayer family in Swartz Creek.

The high school band took part in the Decoration Day parade. Members wore their new marching uniforms for the first time.

Truman Abernathy passed away at Tawas Hospital Sunday. Funeral services will be at Clio with burial in Flint. The Rev. Raymond Bruce will officiate at the funeral services Wednesday.

The Rev. William Redman, son of the Rev. and Mrs. Earl Redman, was guest speaker at the Hale Baptist Church Sunday evening.

Last week, Vern Reed was a patient at Tolfree Hospital, West Branch.

Rhonda Thayer and Lucia Brindley have been chosen to attend the citizenship seminar at Ferris State College, Big Rapids, later in June. Sponsor is the State Farm Bureau.

Passenger Hurt in Sunday Crash

A passenger riding on a motorbike was admitted to Tawas Hospital Sunday following a collision with a car on Lorenz Road at Townline Road. Investigating sheriff's department officers said that Craig A. Smyczynski, 19, Tawas City, was in the process of making a left hand turn into a drive. Officers said that a motorbike operated by Gary R. Anschutz, 16, collided with the car.

Treated at Tawas Hospital was JoAnn Kendall, 18, Tawas City.

AA Group Marks Anniversary

Central group of Alcoholics Anonymous (AA) celebrated its first anniversary Friday, May 26, with a dinner for 40 persons at Genli's Restaurant, East Tawas. Guests were Judge and Mrs. Allan C. Miller of East Tawas.

Central group was formed by the AA, which had a desire to fellowship with groups at Hale, Oscoda and the Tawas area on an open meeting weekly basis.

Following the dinner, the group moved to the circuit courtroom for its meeting. Guests were welcomed from Saginaw, Detroit, Royal Oak, Sandusky and Alpena. Various members were honored and delivered talks.

Fellowship of the AA has grown steadily through the years. Open meetings are held each Saturday at the Iosco County Building, Tawas City. Closed meetings are held Tuesday at 126 1/2 Newman Street, East Tawas; Wednesday at St. Pius X Catholic Church, Hale, and Thursday at St. John's Episcopal Church, Oscoda. Ala-nou groups meet each Tuesday at the Tawas Area High School library and each Thursday at St. John's Episcopal Church.

Interested individuals are urged to attend any of these meetings or may call for further information. Telephone numbers are published in the various county publications.

Former Sand Lake Resort Owner Dead

Arthur B. Spafford, 79 years old, died Thursday, May 25, in Bay Pines VA Hospital, St. Petersburg, Florida, after a lingering illness.

Mr. Spafford moved to Bradenton, Florida, from Sand Lake Resort where he and his wife, Ethel, operated a restaurant. Born March 12, 1893, in Brighton, Ontario, Canada, Mr. Spafford is survived by his wife, who lives in Bradenton; three daughters, Mrs. Norma Gohle of Grosse Pointe, Mrs. Mary Lou Brown of Charleston, West Virginia, and Mrs. Helen Jacob of Bay City; five grandchildren, and seven great grandchildren.

Mr. Spafford was retired from Atlantic and Pacific as a grocer. He was a veteran of World War No. 1, serving in the United States Army. He was also a member of the Whittemore Masonic Lodge F and AM No. 471, which conducted a memorial service Sunday night, May 28, at the E. D. Jacques and Son Funeral Home, Tawas City.

Funeral services were held Monday afternoon, May 29, at the E. D. Jacques and Son Funeral Home and burial was in Pioneer Cemetery, Sand Lake. The Rev. Kenneth Toussley officiated.

THREE AREA hunters returned home last week from a Canadian hunting expedition with three black bears. Ray Coleman, left, of Baldwin Township, shot a 400-pounder on May 24, while Robert Allen, right, Sherman Township, shot a 300-pounder the same day. William Coleman, kneeling, bagged a 370-pounder on May 25. —Tawas Herald Photo.

Parents Know the Drug Threat

THE CHILD YOU SAVE MAY BE YOUR OWN

By DET. SGT. George Westcott
CANDIDATE FOR IOSCO COUNTY SHERIFF

Today's Subject: Some Other Drugs Most Commonly Abused

Today we will go over some of the drugs most commonly used and abused so we will all be familiar with terms and types for later discussion.

ORAL AMPHETAMINES: These are stimulants. On the street they are referred to as "Bennies," "Whites" (round and white). Also in this category are "Dexies" (green and white capsules) and "Hearts" (green, heart-shaped tablets). These are what are commonly called "pep pills" or diet pills. Taken orally, Amphetamines stimulate the central nervous system, the brain and spinal column. Users, under the influence of these drugs, will usually be argumentative, overactive, unusually talkative, generally unable to eat much, unable to sleep, and show a marked release of inhibitions. (It is not unusual for one under the influence of these drugs to suddenly remove his clothing for no reason.)

Users usually demonstrate mental confusion, unpredictable and irrational behavior, even violent behavior may result. Use is biologically harmful too because it destroys body reserves and makes the user extremely vulnerable to disease. These are illegally available on the "street market" (about \$10 for \$1) yet many youngsters obtain oral Amphetamines from the home medicine chest (parents' pep or diet pills).

Note: Most "street market" (black market) Amphetamines are made by illegal laboratories, often by experimenting amateurs, using imbalanced chemicals in unsterile surroundings.

INJECTED METHAMPHETAMINES: These are referred to, among other terms, as "Speed" or "Meth" and are far more potent, faster acting and, of course, extremely harmful. Users on injected (intravenously) Methamphetamines are usually extremely confused, very unpredictable and irrational. Violent behavior is common and toxic psychosis (sick and insane) may result. Sometimes users get on a "Speed" or "Meth" run. A "run" is an intravenous injection as often as every four hours for three to six days, with no eating and no sleeping. During these periods the user is extremely overstimulated and out of control, or in terms of the street he is "strung-out" or "up-tight." And he will show acute signs of paranoia—he sometimes collects weapons because he is convinced that people are plotting his death. On occasion a user gets the feeling he must "kill or be killed." A zoom lens effect of the eyes (like a camera zoom lens) makes the user even more paranoid because objects and people loom up before him, disappear and alarmingly reappear.

When injections are stopped after a "run," the user "crashes"—this means he goes into a period of hallucinations and deep sleep coma lasting from 18 to 48 hours. He awakens famished, eats huge amounts of food, particularly sweets and liquids. He is extremely fatigued, very susceptible to disease and deeply depressed. At this point, many users will take an oral Amphetamine to get going again.

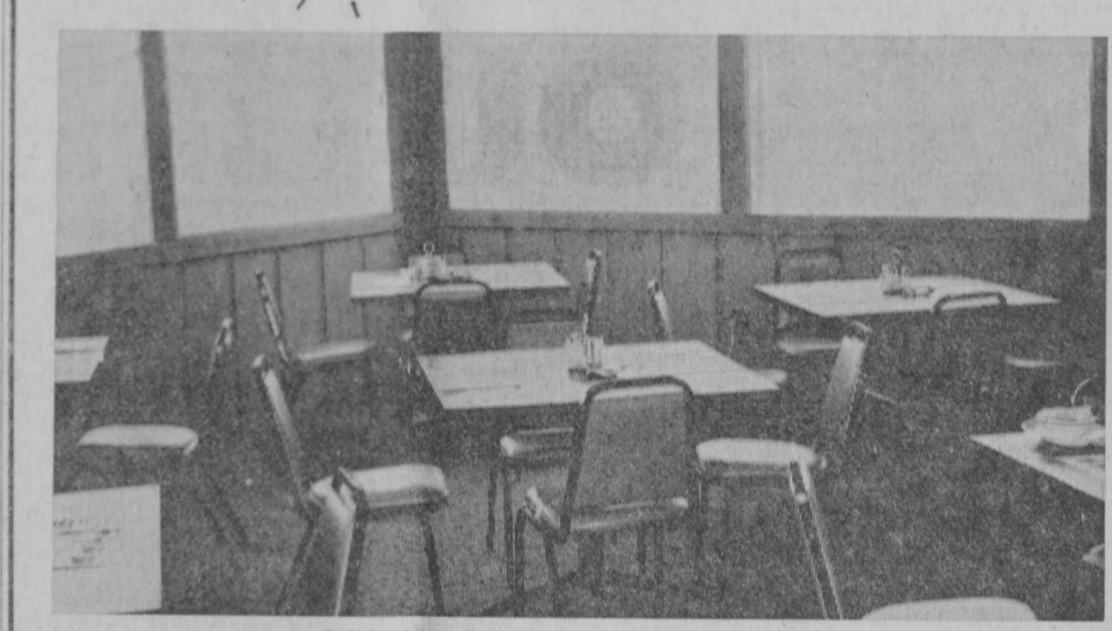

"Speed" is available on the "street market" in papers, a small paper package, at about \$3 to \$5. It sells for about \$100 an ounce. Speed aggravates any heart condition and can cause strokes in susceptible people. It is toxic to any healthy heart and also to the blood vessels as it increases heart rates, blood pressure and can cause shock and death!

Another powerful stimulant is Cocaine. Its effect on the body and mind may even exceed those of Speed. Cocaine, an extremely hazardous drug, is being imported in increasing volume from South America and Cuba and is being used at alarming rates by young people. (A gram costs \$40 to \$50 and makes 10 capsules.)

Let's go further into drugs next week. We have more information to cover on the subject that will be beneficial for you to know. If you already know this data, it will be helpful to brush up on it. Paid Pol. Adv.

Summer Resident Died May 25 at Birmingham

A summer resident of Tawas City, Gertrude P. Otto of Birmingham, 82, passed away Thursday, May 25, at Brae Burn, Incorporated, Nursing Home, following a lingering illness. Requiem Mass was held Saturday, May 27, at Holy Name Catholic Church, Birmingham, with burial in Holy Sepulchre Cemetery, Southfield. Rosary was said Friday, May 26, at the Bell Chapel of the William R. Hamilton Company Funeral Home, Birmingham.

Mrs. Otto was born in Hubbell and lived most of her life in Detroit. She was a member of Holy Name Catholic Church.

She is survived by her husband, Walter E.; a son, Rudrick R. of Birmingham; three grandchildren; seven great grandchildren; a brother, Edward Valliere of Grand Rapids; a sister, Mrs. Roman E. Boucher of Bloomfield Hills.

Red Cross Sets Dates for Life Saving Classes

With the approach of summer, residents of Iosco County and vacationers in the area will spend much of their time boating, swimming, fishing and water skiing in the many lakes and streams in this area.

Iosco County Chapter of the American Red Cross will offer classes in beginning swimming through life saving Monday, June 26, through August 3 at Sand Lake.

As interests in swimming expand and the demand for more swimming classes becomes greater, the county must train and provide more water safety instructors. Plans for the 1972-73 school year are to offer a course in Oscoda, part one during the fall semester and part two during the winter semester. Such a course has never been offered in Iosco County and it is hoped that all eligible persons will take advantage of it. One must hold a current senior life saving card to be eligible. For further information, contact Mrs. Michael Freel, 362-2903.

Three Hurt in Jose Lake Boat Crash

Two Toledo, Ohio, residents were treated at Tawas Hospital Sunday after their sailboat was involved in an accident on Jose Lake, Plainfield Township.

Investigating sheriff's department officers said that an outboard motor boat operated by Duane Fuller, 24, Clio, went out of control and struck a sailboat operated by George Hilton, 20, Toledo. A passenger, Gail Allard, 19, was taken to the hospital, as was the driver of the motorboat.

Hale Area Voters Asked to OK 1 1/2-Mill School Operating Tax

Hale Area School voters are being asked to renew nine mills of operational taxes which expire this year and to approve an additional 3.5 mills for school operating, making a total of 12.5 mills of special voted taxes for two years.

The annual school election is to be held June 12 and Supt. Paul Keene states "it is quite imperative that we receive a positive vote in June."

Commenting that it is evident that fiscal reform is needed in the state and a constitutional amendment concerning financing of schools through a state income tax is to be acted on by voters in November, Keene said that any such action would not help Hale Area School for the coming year.

"We are opening the new high school this fall and, in order to do so, more money must be available for operation. It stands to reason that you cannot run two stores for the price of one," said Keene.

The Hale Area superintendent said the district has one of the best teaching staffs in the history of the school. "We are trying to upgrade the curriculum and provide a quality education for the students of this district."

"We have worked very hard with the staff this year in developing

ways to be accountable to the community in what the school district is doing."

Approval of the entire 1 1/2-mill operational tax package is necessary. Present funding through the nine mills of special operating taxes up for renewal, plus the nine mills allocated by the county, has financed school operation during the current year. The 3 1/2 additional mills of taxes are needed to cover additional expenses being brought through operation of the new school building, which is to be completed this fall.

These additional expenses for operation of the new high school, totaling \$57,740, include extra cost of lights, heat, telephone, custodial supplies, sewage, custodians (1 1/2), maintenance materials, insurance, a new certified librarian, cafeteria supervision, additional textbooks and supplies, vocational education. Additional elementary expenses of \$7,900 are for cafeteria supervision and maintenance, additional textbooks and supplies, insurance, contracted services.

In addition, new expenses for the total school system amount to \$38,194. This is for two additional bus drivers, bus gasoline for vocational education, bus mechanic, bus insurance, community publications, adult education and salaries. The total increase of expenses to the school district for next year will be \$103,834.

The board of education has not made a final decision as yet concerning portable classrooms, but the rapid growth of the district has created some problems. The thinking is that the two oldest portables would be sold. A central office was planned in the new high school at a cost of \$60,000, but this has been eliminated as one of the portables will be used at considerable savings to the school district.

Another reason for retaining the newer portables is that the greatest depreciation comes in the first two to three years, thus it would not be feasible to sell them at a loss when two of them will be used next year.

"We anticipate having 400 children in the elementary school next year. The following year who knows? When the need for more space will be here in one year, it is poor business not to recognize it," said Keene.

In time of sorrow little things mean a lot. In our services we strive for perfection of every detail.

W-P Board of Ed. to Receive High Award

Whittemore-Prescott Area Board of Education has been awarded a certificate of merit in the National School Board Award Program.

The 1972 awards program was held May 10 at Washington, D. C., headquarters of the Association of Classroom Teachers, National Education Association, in conjunction with the Tom McCan Shoe Company, co-sponsor of the program.

Whittemore-Prescott Education Association nominated the local board of education for its improvements and expansion of present facilities and curriculum programs.

During 1970, the board of education instituted an adult education and community school program. Other improvements included new industrial arts facilities, a hot lunch program, expanded programming for the mentally retarded and released time for monthly in service teacher meetings.

Gary Gillings, president of the Whittemore-Prescott Education Association, is to make the presentation at commencement exercises June 2.

"The awards program provides the classroom teachers with a means of honoring their school board on a national basis for outstanding achievements and contributions toward quality education," said Gillings. "Our local association is pleased to have our board as one of 17 in the nation to receive this distinction."

Al Kushion, Carol Vaughan, juniors; JoAnn Hatcher, Lynn Krebs, Brenda Liddle, Jackie McKinney, Cathy Moss, Rob Sarki, Mary Thornton, sophomores.

The senior all sports honor award went to Steve Nichols, Veterans of Foreign Wars good citizens awards went to Miss Featheringill and Myron Trafelet. Robbie Miller was introduced as the student council president for 1972-73.

Other awards were presented in physical education, English, debate, typing, choir, cheerleading, track, baseball.

Flag Day Honors US's Living Symbol

Wednesday, June 14, is flag day honoring the flag of the United States—the living symbol of this great republic. Do citizens of this country pay the respect to the flag which it so justly deserves?

When you see the Stars and Stripes displayed, stand up and take off your hat. When you hear the band play "The Star Spangled Banner," while you are in a restaurant or hotel dining room, get up even if you rise alone; stand there and do not be ashamed of it either!

During the ceremony of hoisting or lowering the flag, or when the flag is passing in a parade or in a review, all persons present should face the flag, stand at attention and salute. Those present in uniform should render the military salute. When not in uniform, men should remove the headress with the right hand, holding it at the left shoulder, the hand being over the heart.

Men without hats should salute in the same manner. Women should salute by placing the right hand over the heart. The salute to the flag in the moving column should be rendered at the moment the flag passes. When the national anthem is played and the flag is not displayed, all present should stand and face toward the music. Those in uniform should salute at the first note of the anthem, retaining this position until the last note. When the flag is displayed, all present should face the flag and salute. The "Star Spangled Banner" is the national anthem of the United States of America, and it was made so by an act of congress on March 3, 1931.

The United States flag is the third oldest of the national standards of the world—older than the Union Jack or the Tricolor of France. The flag was first authorized by congress on June 14, 1777. This date is now observed as Flag Day throughout America.

The red of the flag is for valor, zeal, fervency; the white for hope, purity, cleanliness of life and rectitude of conduct; the blue, the color of heaven, for reverence of God, loyalty, sincerity, justice and truth. The star (an ancient symbol of India, Persia and Egypt), symbolizes dominion and sovereignty, as well as lofty aspirations; the constellation of stars within the union, one star for each state, is emblematic of the federal constitution, which reserves to the states their individual sovereignty except as to rights by them to the federal government.

The first flag rose over 13 states along the Atlantic seaboard, with a population of 3,000,000 people. Today, it flies over 50 states, extending across the continent and over great islands and the two oceans, with 180 million owing it allegiance.

It has been brought to this proud position by love and sacrifice. Citizens have advanced it and heroes have died for it. It is the sign made visible of the strong spirit that has brought liberty and prosperity to the people of America. It is the flag of all citizens, alike.

There are 18 flag holidays during the year and such other days may be proclaimed by the president.

For copies of flag etiquette, contact members of the American Legion Auxiliary.

How badly would this damage your vacation?

A holiday on the road is great fun unless, of course, it's marred by an accident. The damage to your trailer or camper can be repaired. That's what you have insurance for. But what about the damage to your vacation? With our "altogether" trailer insurance, your holiday doesn't necessarily come to a complete halt then and there... cash for living expenses helps you continue on vacation while the trailer's being repaired. That's just one of many coverages designed to help make your holidays altogether better.

Explain Death Benefits Under Social Security

Question: My brother, who had worked all his life in a job covered by social security, died a few months ago. Who gets the lump-sum payment from social security?

Answer: If your brother was insured under social security and living with his wife at the time of death, his wife gets the payment. If your brother was not married, the person responsible for the burial expenses can request that the death benefit be paid directly to the funeral home. If, however, the burial expenses have already been paid, the person who paid them can claim the death payment.

Question: I will be 65 later this year and I plan to sign up for medicare. Since over half the year will have passed when I reach 65, must I still meet the \$50 medical insurance deductible for this year before medical insurance will help pay my bills?

Answer: Yes. Even though your medical insurance coverage starts late in the year, the \$50 annual deductible will have to be met before reimbursement can be made on your medical expenses this year, and only medical bills after the effective date of your medical insurance coverage can be counted toward the deductible.

However, if you have covered expenses in the last three months of a year that can count toward your \$50 annual deductible for that year, these expenses can be used again to help meet the deductible for the next year.

Question: After my husband died, my son received monthly social security benefits until he was 18. His benefits stopped, however, when he left school for a year. Now at 19, he plans to attend a local college. Can he get social security benefits again?

Answer: Yes. The child of a retired, deceased or disabled worker can get monthly benefits until 22 as long as he is in full-time attendance at an accredited school and is unmarried. Contact any social security office as soon as possible to have your son's benefits started again.

If you have a question about social security, contact your district office at 1009 North Madison Avenue, Bay City, Michigan 48706; telephone, 833-5579. For your convenience, a social security representative will be at the Isosco County Building, Tawas City, every Thursday of each week from 9:45 a. m. to 3:00 p. m.

Scuba Divers Should Have Respiratory Examination

Youth and apparent health are no protection against fatal diving accidents, a University of Michigan physician warned with some start-of-the-summer advice for both swimmers and their doctors.

You should not go near the water with a scuba tank strapped on unless you have first had a complete respiratory examination including a chest x-ray, according to Martin J. Nemiroff, M. D., a diving medicine specialist.

"Death is not necessarily related to depth," the U of M physician added. "Fatalities have been documented at the four-to-eight-foot levels in pools."

He rules out across-the-desk physicals. "Telling a patient, even one you know personally, who is apparently healthy and in good physical condition, it is all right to dive if he stays above 30 feet is meaningless. The risks start right at the surface," Doctor Nemiroff said.

Physicians must satisfy themselves that there is no obstruction for air to leave the lungs. "A minor blockage when the diver rises from pressurized levels to the water's surface could result in three potentially fatal occurrences as the air pocket trapped in the lungs seeks a way out," an air embolism (bubble in

lung blood vessel); rupture of the lung, and leakage of air into chest cavity and subsequent collapse of the lung itself.

Divers with normal lungs rid themselves of pressurized air by simply breathing as they rise.

The U of M physician said a University of Rhode Island study indicated that out of 130 Americans who died in scuba accidents during 1970, five died of heart attacks, eight of lung overpressurization and 20 of air embolisms. The phrase "most victims apparently healthy and in good physical condition" accompanied the report, he added.

At the U of M during 1969-72, out of 312 young and presumably healthy students applying for scuba courses, 24 had to be disqualified. Lung conditions which disqualify divers include asthma, pleurisy, repeated pneumonia infections, upper respiratory infection at the time of diving and previous chest surgery.

"Poor eustachian tube function, frequent middle ear infections and previous mastoid surgery make diving a particularly risky business," Doctor Nemiroff noted. The diver who has a ruptured ear drum could become lost, unable to tell up from down, after the cold water penetrated and cooled his middle ear, causing dizziness.

Diving also should be ruled out for persons who are emotionally unstable, in poor physical condition generally, grossly overweight, heavy smokers and alcoholics, Doctor Nemiroff said.

Of equal importance with the pre-diving physical is proper training of the novice diver by one of the nationally certified organizations such as the Professional Association of Underwater Divers, the National Association of Underwater Instructors or the YMCA, Doctor Nemiroff said.

Bridge Bids Lower Than Anticipated; Action in 30 Days

Bridge bids opened by the Tawas City Council at a special meeting Tuesday, May 23, were slightly lower than anticipated, according to a report by City Mgr. Reginald Bubblitz.

Bids were accepted from two different firms and are to be studied during the next month before any action is taken.

Graham Brimhall Company of Covert and G. and L. Construction Company of Lansing submitted a combined bid of \$27,632.44 (covering materials and installation) for each of two wooden bridges at Mathews Street and First Street. Spans would be 32 feet in length with a 32-foot clear roadway. The same bridges as above with a four-foot walk on one side would cost \$30,439.44. Completion date would be 90 days after award of the contract.

In addition, the above firms presented a bid of \$44,697.70 for a covered wooden bridge of the same length and width as specified above. All bridge lumber would be of

coast region Douglas fir and pressure-treated.

Cass City Steel Supply presented a bid of \$37,856 for a 52-foot steel spar with 28-foot roadway for Mathews Street and a bid of \$26,208 for a 42-foot span and 24-foot roadway at First Street.

Design load capacities for both wooden and steel structures are in accordance with state specifications.

Considerable interest has been shown during the past several months concerning a replacement program with wooden bridges. Possible state assistance in construction of a covered wooden bridge is being studied. It is felt by many that such a covered bridge would add greatly to the beauty of the river and as a tourist attraction.

Bridge construction would be financed by a three-mill tax levy for two years, plus utilization of 1 1/2 mills from general street financing during the same period.

Watershed Petition Filed as Meeting Was Boycotted

Both Iosco and Ogemaw Counties indicated opposition last week to an intercounty drainage district to control the AuGres River watershed, but a petition requesting formation of such a district may still be filed with the Michigan Department of Agriculture by Arenac County.

County commissions and soil conservation districts of both Iosco and Ogemaw boycotted a meeting held last week, which permitted an affirmative vote on a petition and letter of intent to be sent to the state.

Arenac's SCD committee, drain commission and board of commis-

sioners voted in favor of the project, while John Mielock, Iosco County drain commissioner, and the three-member Ogemaw Drain Commission voted against drawing the petition.

Without help from the two northern counties, the watershed planning committee must have at least one township in Eastern Arenac County or the City of AuGres to join in the petition. If a second governmental body cannot be secured, proponents of the project say they will go to private petitioners.

Since a need for the project has reportedly been determined by the

watershed study committee, the state director would be required to form a district. A hearing would then be called to review the director's action. The three county drain commissions would have an equal vote and, if Ogemaw and Iosco decide against the district, Arenac proponents would be forced into court.

Representatives of both Iosco and Ogemaw Counties have publicly stated that the proposed watershed district would offer no benefits to either of those counties. The project is designed to alleviate flooding of farm land along the AuGres River in Arenac County.

Cities Benefit From Increase Gas-Weight Taxes

Motor vehicle highway fund collections for the first quarter of 1972, up 5.8 percent over the same period in 1971, are now being distributed to Michigan counties and municipalities.

While checks received by three local cities are up over the same period

of 1971, the amount to be received by Iosco County is lower.

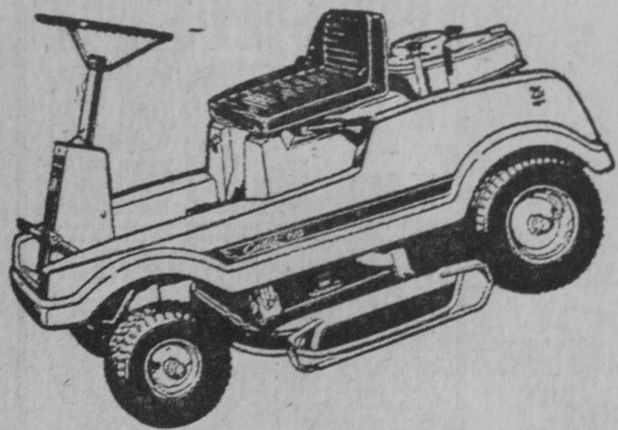

Local amounts were as follows: Iosco County, \$287,994, as compared to \$293,905 last year; East Tawas, \$16,553, as compared to \$14,067 last year; Tawas City, \$11,069, as compared to \$8,646 last year; Whittemore, \$3,044, as compared to \$2,712 during the same period last year.

All state taxes on gasoline and diesel fuel, plus license plate fees, go into the highway fund.
