## Library Service Is Jeopardized

Library service in Iosco and Arenac Counties is being jeopardized for 1973 and future years. While Iosco County Board of Commissioners adopted a 1973 budget which is \$163,000 higher than the previous year's total for county operation and Arenac County increased its operational budget, commissioners of both counties failed to grant the library system any additional funds.

The Iosco-Arenac Regional Library has been heading in a deficit direction for the past two years, unable to keep pace with the inflationary trend of higher cost of books, increased social security rates, postage hikes and the higher cost of labor. The library system was relieved, somewhat, in 1971-72 when the federal census gave a boost in county derived revenue, but not enough to offset deficits. To balance that budget, book purchases were curtailed and the balance of a contingency fund from a previous penal fine fund was depleted.

In analyzing incoming receipts and expenditures for library use, the regional library board found that district court penal fines, earmarked by state law for library use, had decreased considerably since inception of the district court system. This has resulted in a paradox not generally understood by the public and apparently ignored by county commissioners.

Persons convicted in district court are paying a higher penalty rate than under the old justice of the peace system. However, library earmarked fines have been reduced drastically by the judge, while court costs returned to the county's general fund have increased.

It should be mentioned here, too, that money returned to cities has also been reduced considerably through lowering district fines and tacking on higher court costs. Operational costs for city police departments has increased considerably in recent years, but the higher court costs being assessed in district court goes directly to the county's general fund and cities actually receive less fine money than under the old justice of the peace system.

"It is an injustice when a service as important to the people as that provided by the regional library is being jeopardized by this 'manipulation' of funds," stated Nelson E. Thornton, a member of the Iosco-Arenac Regional Library Board. "The regional library is paying its employees less wages than that paid to other county employees holding similar positions. In addition, the library has no insurance program for its employees, as does county government."

Per capita county payments since the regional library inception are as follows: 1965, 75 cents per capita; 1966-1967, 55 cents; 1968, 65 cents;

1969-1972, 55 cents. In establishing a budget for 1973, the regional library's finance committee found that the system would need a per capita increase of at least 15 cents to keep the library operating in an efficient manner. Even this increase did not allow for proper expansion of the library's book collection, which it needs to serve a bulging population.

When appearing before the finance committees of boards of commissioners during August and September, library board members appointed by those commissions were assured that something would be done to assist with the financing of the regional library. As yet, nothing has been done to relieve the precarious financial condition of the regional library.

One of two alternatives for the regional library system for 1973 is a big step backwards—chopping \$10,000 plus out of a budget which has no "fat," curtail or eliminate the bookmobile budget which serves small communities and schools, cut book buying by one-half and elimination of one or two positions in the library staff.

"If this happens, the library's usefulness will have been lowered to such an extent that its service to the people would be at an end," Thornton stated. "It seems a shame that Iosco County, for instance, can increase its budget by \$163,000 over 1972, to handle increased cost of county services and additional wages for employees, but it does not feel that its library system deserves an allocation of \$10,000 just to keep it operating."

The other alternative is operating on a deficit spending plan, which is just not the correct way to operate government agencies or business enterprises.

In the past year, the regional library circulated more than 56,000 books to its patrons, as well as providing a multitude of other services. This service provided by the regional library is mainly to residents of Iosco and Arenac Counties—as well as to school children.

"As an appointed representative of Iosco County on the Iosco-Arenac Regional Library, I have always been proud of the manner in which the library board has handled the money with which it has been entrusted. Receipts from tax money, penal fines and state aid have been spent wisely to assure the taxpayer that he is receiving the full benefit provided by his tax dollar," Thornton said. "I have expressed my thoughts on what I consider to be an oversight on the part of the county board of commissioners concerning the regional library and would be interested in knowing how other taxpayers and residents feel about this situation."

## OK Plans for New TC Postal Facility

A new post office for Tawas City appears to be a certainty, according to information received Friday by Postmaster Leonard Hosbach.

A letter from Chester L. Carlock, regional assistant postmaster general at Chicago, Illinois, directed the division engineer of the United States Army Corps of Engineers to obtain a site for construction of a new leased postal facility here.

According to the letter, the post office would be located on property adjacent to Bublitz Oil Company, approximately 260 feet west of Mathews Street on US-23. The postal service has held an option on this property for more than a year and recently renewed the option.

The letter stated that the division engineer was to prepare plans and specifications suitable for a construction advertisement by November 25. The new building would be leased by the United States Postal Service for a period of 10 years, with renewal options, and the postal service would be permitted to purchase the facility at the end of the basic term and each renewal option.

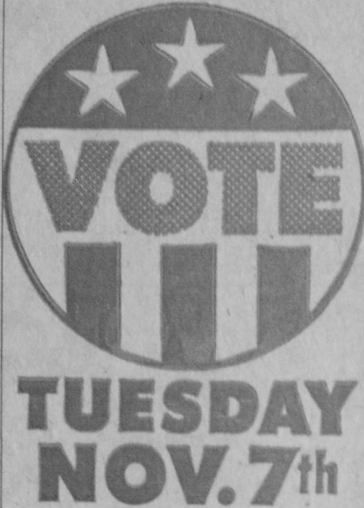

According to specifications sub-

mitted to the engineers, parking would be provided for seven customers, seven employees and four carriers.

Hosbach said that because of overcrowded conditions in the present building, the postal service had authorized a new facility in 1964, when Tawas City was designated as a first class post office. During each subsequent building inspection by the postal service and the corps of engineers, a recommendation was made to construct a new facility.

The postmaster said that no building size was indicated in specifications to the division engineer, although the new facility would have provisions for 626 lock boxes as compared to the present 556. The lock box lobby would be separated from the service lobby, thus enabling patrons to obtain their mail during times when the service lobby is closed.

The present 30 by 60-foot building was dedicated in October 1956 by Cong. Elford A. Cederberg. The building was originally owned by Northern Construction Company and was purchased last year by Del Myles.

## TA Students Favor GOP Candidates

Students of Tawas Area High School favored Republican over Democratic candidates in a mock election held last Friday. The winning ratio received by Richard M. Nixon and Spiro T. Agnew over George McGovern and R. Sargent Shriver—294-107—is about the same that can be expected locally at the general election on Tuesday, November 7.

At the same time, students favored adoption of four out of five amendments to Michigan's Constitution. The only proposal not receiving the nod from students was the amendment to remove the constitutional ban against a graduated income tax.

National and state candidates were led by George A. Prescott, 105th district state representative, who had 305 votes as compared to 83 votes for Earl R. Schuster, his Democratic candidate. On the county ticket, George Westcott, Republican candidate for sheriff, topped candidates for any office with 347 votes. James W. Finley, Democratic candidate, received 43 votes.

United States Sen. Robert P. Griffin ran slightly better than United States Rep. Philip E. Ruppe. Griffin received 279 votes while Frank J. Kelley received 79 votes. Ruppe received 249 votes as compared to 101 votes for James E. McNamara.

Republican candidates for state boards topped their Democratic opponents in all races, more than three to one in one instance.

In the only other two races for county office, Leon Putnam tallied 296 votes for Republican register of deeds while George E. Smith, Democratic candidate, received 79 votes. John A. Mielock, Republican drain commissioner, received 289 votes while Leon Brunson, Democrat, received 65 votes.

Students favored proposal A to change Michigan to Daylight Saving Time, 251-163; proposal B to allow abortion under certain conditions was favored, 218-202; proposal C to establish a state tax program for support of schools was favored, 250-158; students opposed a graduated income tax, as contained in proposal D, 228-174; proposal E to allow the state to borrow money for tuition payments and bonuses to Vietnam and other veterans was favored, 244-159.

On the non-partisan ballot, students gave 301 ballots to Circuit Judge Alan C. Miller, 225 ballots to District Judge J. Richard Ernst and 210 ballots to Donald E. Holbrook, judge of the court of appeals. None of the above judges have opposition.

Charles L. Levin with 202 votes and William J. Beer with 147 votes were top vote getters for justices of the supreme court. Other candidates received the following votes: James S. Thornburn, 43; Vincent J. Brennan, 43; Mary Coleman, 82; Robert L. Evans, 78; Zolton Ferency, 36; Horace W. Gilmore, 70; William A. Ortman, 28.

# Exercise Your Right Issues-Races Important to Voters

Election boards are ready and willing, but there has been a definite lack of voter interest during "election year 1972" and the voter turnout on Tuesday, November 7, is still a big questionmark.

State election officials predicted last month that there would be a 76 percent turnout of voters—or 4,403,744 persons out of a state population of 5,750,000 over the age of 18. Despite the fact that there are key

races in congress and additional interest being generated over five amendments to Michigan's Constitution, some observers believe that the national presidential campaign has created little excitement among voters and they may avoid the polls come election day.

With little campaigning and very little excitement generated locally, Iosco County's election day may be as flat as a glass of day-old soda water. During last August's primary election, which featured one of the hottest campaigns in years for two county offices, only 5,948 voters—about 58 percent of Iosco's registered voters—turned up at the polls.

National events concerning the Vietnam war may bring out a rush of last minute voters, but the Eagleton "affair" following the Democratic convention may be the reason for most of the national voter apathy.

In any event, campaigning stepped up this week on the local level and new voters will doubtless make up a good percentage of those going to the polls. If "voter fatigue" should keep older persons away from the polls, the results could be interesting throughout the state.

The presidential race, thus far, has created few ripples in Iosco County, which again is not expected to break with tradition by voting for anyone other than the Republican Ticket—in this case Pres. Richard M. Nixon over Sen. George S. McGovern. Candidates of the four other parties—American Independent, Socialist Labor, Socialist Workers and Communist—will not receive enough votes to even mention.

A couple of old pros in politics, United States Sen. Robert P. Griffin and his Democratic challenger, State Atty. Gen. Frank J. Kelley, both visited Iosco County during the political campaign and this election will hold much interest for Michigan. Cong. Phillip E. Ruppe was an early visitor to Iosco on his campaign trail and he is expected to receive the nod from local voters over James E. McNamara, Democratic candidate, for the 11th District seat.

State Rep. George A. Prescott is counting on another good voter cushion in Iosco County to help his reelection over Earl R. Schuster, Democrat, candidate for the 105th District seat in the state legislature. Both major political parties list

candidates for four state boards.

At the county level, the Democrats have three candidates lined up against the Republicans, but the end result is inevitable. Republican candidates include Kenneth J. Myles, prosecuting attorney, who has announced he will resign at the end of the year in favor of his assistant prosecutor; George Westcott, sheriff, the big victor in the August primary; D. Keith Pappas, county clerk; Edward J. Nelkie, county treasurer; Leon Putnam, who trades in his undersheriff's uniform and badge for the title of register of deeds; John A. Mielock, drain commissioner.

The three Democratic candidates include James W. Finley, sheriff; George E. Smith, register of deeds; Leon Brunson, drain commissioner. Some "secret" sticker campaigns are known to exist for seats on the county boards of commissioners, although such candidates usually have an uphill battle to win over any opponent listed on the presidential year ballot. Candidates include Robert Foster, First District; J. Berkeley Smith, Second District; Fred B. Lomas, Third District; Carl Libka, Fourth District.

The one contest for a commission seat will be in Plainfield Township where Republican incumbent, William Weyler, will be challenged by Robert Pember, Democrat.

Races at the township level are as follows:

Alabaster Township—William H. Lingle, who tied with Emil Christensen in the primary election and was nominated on the Republican Ticket by pulling the longest straw, will go against Arlene Washburn, Democrat, for trustee. John Weible, Republican supervisor, will be opposed by Maebel E. Smith, Democrat. Ralph Rohrbach, Republican, will challenge Hope Rescoe, Democrat, for the clerk's office. Leona Benson, Republican, is unopposed for treasurer.

In Plainfield Township, Dennis Chriava, veteran Republican supervisor, is being opposed by William Krantz, Democrat.

Several contests are listed for offices in Sherman Township. John H. Jordan, Republican, will oppose Bernard Lorenz, Democrat, for supervisor; E. Viola Chapman, Democrat, will oppose Peter J. Bassi, Republican, for clerk; David A. Powlus, Republican, will oppose Leonard G.

Cole, Democrat, for trustee. Marian Ulman, Republican, will be opposed by Florence Stock, Democrat, for the office of Tawas Township clerk.

Townships not listed above have no contests listed on the ballot.

A separate ballot to be received by all voters lists five proposed amendments to the state constitution. Four of the five proposals qualified for the ballot through the efforts of groups of voters wishing to make changes in Michigan law. The only proposal placed on the ballot by the state legislature is proposal E, relating to a state bond issue to grant veterans tuition allowances at colleges.

Considerable controversy surrounds proposals A through D and emotionalism generated in recent months has resulted in a bitter campaign.

Proposal A asks to change Michigan to Daylight Saving Time from the last Sunday in April until the last Sunday in October of each year. Congress passed legislation placing the country on DST in 1966, but the state legislature voted in 1967 to keep Michigan on standard time. In 1968, voters defeated a similar proposal by only 490 votes out of nearly three million cast in the election.

Proposal B would allow a licensed medical or osteopathic physician to perform an abortion at the request of the patient, if (1) the period of gestation has not exceeded 20 weeks and (2) if the procedure is performed in a licensed hospital or other facility approved by the Michigan Department of Public Health. This is the most controversial issue on the ballot. Lay members of the Catholic Church make up better than 50 percent of the membership of groups merged under the name of "Voice of the Unborn" to oppose any liberalization of the 126-year-old abortion law, which presently permits abortion only when the mother's life is endangered.

Proposal C would limit property tax for school, county and township purposes and to provide that the legislature establish a state tax program for support of schools. The proposed amendment would ban a property tax for general school operation purposes; limit the property tax to allocated amounts for speci-

## Rope Tied to Freighter Drags Man to Death in Lake Huron

An intended pleasure cruise from the Upper Great Lakes to Florida ended tragically October 25 for two men in Lake Huron, about 30 miles east of Oscoda.

Experiencing trouble with the engine of their 27-foot cruiser, Thomas Paquette, 35, Mt. Clemens, and Terry C. Rabhine, 28, New Baltimore, attracted the attention of a lake freighter with their distress signal.

The freighter, "Manitoulin," owned by Canada Steamship Lines of Montreal, Quebec, Canada, notified Tawas Coast Guard Station and

stood by the small craft until help arrived.

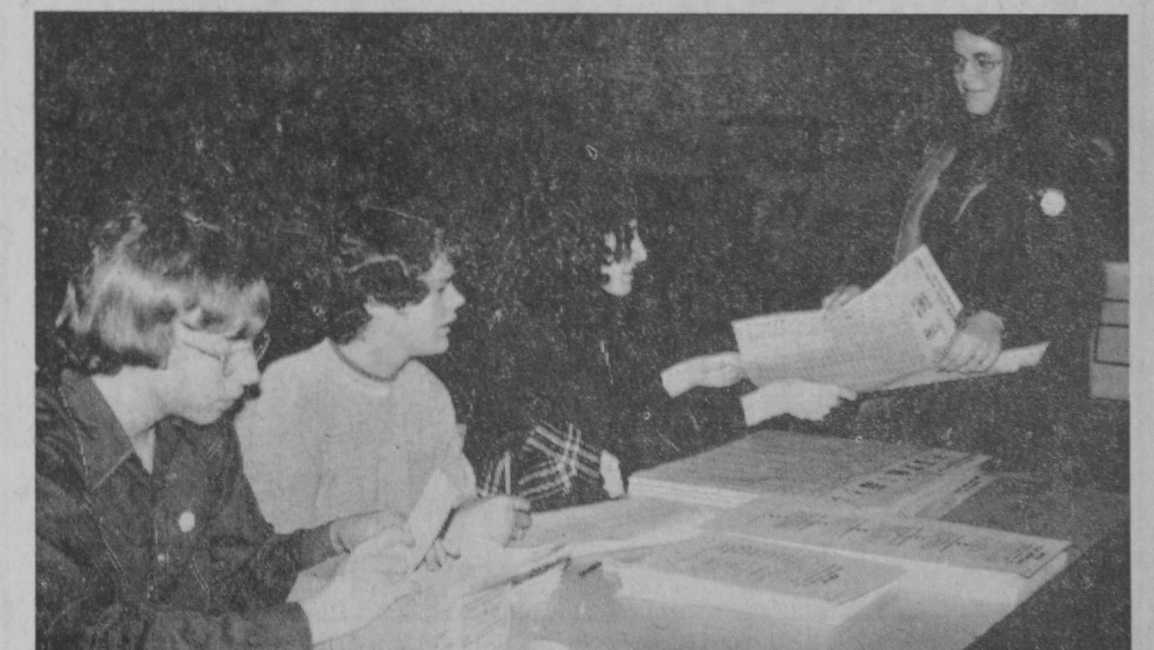

The coast guard experienced trouble with the engine of its rescue craft stationed at Tawas Point and notified the freighter by radio of the difficulty. Two lines were then attached to the cruiser and the freighter began pulling the disabled craft toward the safety of Tawas Bay.

A cleat guiding one tow rope snapped on the cruiser and Paquette's leg became entangled in the slack coiled on the deck. He was pulled along the side of the cruiser,

then through the window of the upper bridge and upsidedown into the water where he drowned.

Rabhine, contacted at Tawas Hospital where he was treated for shock, told investigating state police officers that, by the time he was able to signal the freighter, it was too late to save his friend.

A helicopter from Wurtsmith Air Force Base was used to transport the victim's body to the base hospital. The disabled cruiser was later towed to Harbor Beach.

### TODAYS Meditation

from The World's Most Widely Used Devotional Guide

(Read Colossians 1:23-29)

Jesus looked at them and said to them, "With men this is impossible, but with God all things are possible." (Matthew 19:26, RSV)

While looking at an autumn sky as it meets the end of its sunlit hours, have you ever wondered how it could be so perfectly still, so vast and thrilling? It is almost as if the expanse of firestreaked blue covered one's entire lifetime. Such a sky is a miracle!

After a particularly frustrating day, I glanced out my window, wondering where hope had gone. If it were within one of those peachy cloud puffs, then I wanted to pluck one for myself. Quickly realizing that something much stronger was within immediate reach, an instance of wonder exploded. God seemed to tap on my shoulder with, "Hey, remember me?" Oh, yes, I remembered!

PRAYER

Dear God, no doubt about it, some days really get me down. I know of Your power, Your love, Your wisdom. They are in the sunsets, on city sidewalks, within the call of my heart. Please help me to remember in thankfulness, Lord, the bounty to be given, the bounty of Your possibilities. In Christ's name, thank You, Amen.

## Hale Area News

Sympathy is extended to the family of Amos Hendrickson, who passed away last Monday night shortly after arriving at Tolfree Hospital, West Branch.

Tuesday evening, the ladies of the Free Methodist Church met at the home of Mrs. George Stoddard on Ausable Lake. They sewed hospital gowns for a mission project and during the evening, the names of their secret pals were revealed.

Mrs. Mary Crane is a patient at the Ogemaw Valley Medical Care Facility, Rose City.

Mr. and Mrs. Leon Brunson were in East Tawas for medical attention to her foot. She is wearing a walking shoe due to a fracture, suffered in August.

Mrs. Lillian Krueger and Mrs. Helen Shum were afternoon guests of the Stricklers Tuesday. That evening, Mrs. Ann Strickler honored her mother-in-law with a dinner for her 80th birthday. Guests were Mr. and Mrs. Leon Brunson, Mr. and Mrs. Gordon French, Mrs. Gertrude Hoyt, Mrs. Shaum, Mrs. Krueger, Mrs. Alice Friebe and Mrs. Frieda Ladd.

Mrs. Fred Thomas visited in Warren with her sister, Mrs. May Decker, for a few days and her relatives gathered for a family get-together including a sister from California.

Lloyd Guest came home Friday from Mercy Hospital, Bay City, but returned Tuesday for possible surgery Wednesday.

Mr. and Mrs. Ross Shellenbarger spent the week-end with their daughter and husband, Mr. and Mrs. Michael Malcho, in Bellville and together they attended parents' week-end with their son, Barry, at Albion College and the football game between Albion and Olivet Colleges. Barry spent Sunday with his parents and his sister and her husband before returning to college.

Mr. and Mrs. Edwin Crellin returned after spending a week with their son, the Rev. Donald Crellin, and family in Springfield, Ohio, and a week with their daughter's family, the Currys, in Illinois. They visited friends in Detroit and brought Mrs. William Burrows home with them for a visit.

Mr. and Mrs. Joseph Sestak, the William Brandals and Mr. and Mrs. Richard Webb of West Branch returned Sunday evening from a trip to Kentucky and Nashville, Tennessee, where they toured the Grand Old Opry House and other places of interest.

Mrs. Amy Buck accompanied Mrs. Ervadeen Hosbach of Prescott to Detroit where they attended the Mid-America Sunday School Convention in Cobo Hall Thursday through Saturday.

Mr. and Mrs. Ralph Graves and

## Free Blood Screening Tests Available

Free blood-screening tests to detect diabetes will be available again this year at Tawas Hospital, November 13-17, 8:00 a. m. until 2:00 p. m. each day, as part of the search for the more than 102,000 "unknown" diabetics in Michigan during the national observance of Diabetes Week.

Country-wide results last year for the mass screening program produced 465 new diabetics, 222 potential diabetics and 57 persons with "low" blood sugar of the 31,334 persons tested. The results at Tawas Hospital showed five new diabetics, no potential diabetics and no persons with low blood sugar out of the 350 persons tested.

An "unknown" diabetic is a person who has the disease but is unaware of it. The presence of diabetes may be indicated by excessive thirst, excessive urination, loss of weight, itching, constant hunger,

easy tiring, slow healing of cuts and scratches and changes in vision. In Michigan, diabetes is ranked as the fourth leading cause of death by disease, the second leading cause of blindness and contributing factor in half of all heart attacks.

The free testing is limited to persons who are not known to have diabetes. Children with a family history of diabetes may be tested if a doctor's permission is brought in with the child.

The Michigan Diabetes Association, a United Fund agency, will provide the follow-up for "positives" or those whose test is outside of the normal range, with a letter to the person tested and one to his physician indicating that further evaluation is needed. If you do not hear from the association within eight weeks, you may assume that your test fell within the normal range.

Diabetes is most accurately detected by testing the patient after he has eaten a meal, but it must be a specified meal. Therefore, the following diets for breakfast and lunch are very important if you are to take the test.

It is important to include all the following foods in the amounts listed in the sample meal plans. Do not drink (other than water), eat, smoke, chew gum, candy, cough drops, etc., following the meal until the blood sample has been taken.

Suggested breakfast: Fruit (banana, canned fruit or large glass of fruit juice), one cup cereal (cooked or flakes), one-half cup milk, two teaspoons sugar, two pieces toast or bread, one tablespoon jelly or jam, coffee or tea (cream and sugar, if desired).

Suggested lunch: Vegetable or creamed soup, five crackers, meat

or cheese sandwich (with two slices of bread), dessert (cake, pie, pudding, etc.), one cup milk.

Alternate suggested lunch: Hamburger and bun, French fries or potato chips, dessert, large glass of pop (not diet).

Finish either of these meals two hours before you wish to take the test and report to Tawas Hospital one hour and 45 minutes later. Meals should be eaten within a 15-minute period.

fied county, township and school purposes, the total not to exceed 26 mills; require the legislature to establish a tax program for raising and distributing funds for public, elementary and secondary schools; require the legislature to provide for distributing supplemental funds, based on local need, for specified purposes.

Proposal D would enable the legislature to impose a flat rate or graduated state income tax and to enact laws to permit local units to levy a flat rate or graduated income tax.

Proposal E would allow the state to borrow the sum of \$266,000,000 to provide veterans of the Vietnam and other conflicts with tuition payments to educational institutions or a service bonus. The state would issue general obligation bonds to secure the above amount and pledge the full faith and credit of the state for the payment of principal and interest. Repayment would be from the state general fund.

Three judges listed on the non-partisan ballot have no opposition while nine candidates seek to fill two vacancies on the state supreme court. Running without opposition are Donald E. Holbrook, judge of the court of appeals; Allan C. Miller, judge of the 23rd Circuit Court; J. Richard Ernst, judge of the 81st District Court. Candidates for the supreme court are James S. Thornburn, William J. Beer, Vincent J. Brennan, Mary Coleman, Robert L. Evens, Zolton Perency, Horace W. Gilmore, Charles E. Levin, William A. Ortman.

**IT'S DANGEROUS TO JAYWALK**

Jaywalkers are a double danger, not only do they risk their own safety, but they also cause traffic jams and vehicle collisions. Taking the time to cross only at corners may mean saving your life and the lives of others. IT IS NOT OFTEN that a guard gets the opportunity to run with the ball, but Guard Steve Anschuetz of the Tawas Area Braves was presented with a golden opportunity Friday night

against the Ogemaw Heights Falcons. In third quarter action, Anschuetz took a short kickoff and returned the ball to Tawas' 36-yard line.—Tawas Herald Photo.

## Braves Blanked by Falcons; Last Home Game Friday

Unable to master a slippery ball and a good Ogemaw Heights defense, Tawas Area Braves went down to defeat Friday night before the OH Falcons, 28-0. The game, played on the winners' home field, marked the second straight week that the Braves were shut out of the endzone.

The veteran Falcons, undefeated and at the top of the NBC heap after Gladwin's upset of Essexville-Garber, just had too many horses for the Braves. Three Tawas fumbles led to Falcon touchdowns and the Braves were unable to punch out of their own territory.

The two teams played to a stand-off in the first quarter, but the Falcons had the edge with two good punts from Halfback Roger Fritz. The Ogemaw Heights team threatened to score at one point, driving to Tawas' one-yard line, but the threat ended there as a major penalty was marked off against Ogemaw Heights. Fritz attempted a field goal, but was wide of the mark.

In the second quarter, Halfback Pete Brooks and Fullback Fritz com-

bined to move the ball from the OH 34 to Tawas Area's one-yard line in nine plays. From there, Quarterback Pat Thompson cracked over for the first touchdown. Fritz booted the conversion and Ogemaw Heights had a 7-0 lead.

Playing during a steady rain throughout the game, the Braves were unable to hold the slippery ball and, two plays after the Falcon's first touchdown, the Braves fumbled a handoff on their own 40-yard line. OH Tackle Jeff Young picked up the ball and returned it to the 21. Quarterback Thompson lost little time in getting his Falcons on the scoreboard again, passing to End Wayne Zimmerman for the touchdown. Fritz booted the PAT and Ogemaw Heights held a 14-0 lead at intermission.

The halftime program at Ogemaw Heights' new football field featured marching bands from both schools and it is one of those seasons when Tawas fans have to be content with saving their cheers for another outstanding performance by bandsmen.

After an exchange of punts early in the second half, Tawas Area fumbled twice and the second loose ball was recovered on the Braves' eight-yard line. From that point, Fritz sashed his way to a touchdown with one minute, seven seconds remaining in the quarter. The kick from placement was blocked by Al LaBlance of the Braves.

The final touchdown came with three minutes, 44 seconds remaining in the fourth quarter. The Falcons recovered a Tawas Area fumble on the 34 and, three plays later, Thompson ran 47 yards for a touchdown, the longest running play by either side during the night. The kick from placement was blocked and the Falcons had a 26-0 victory.

The Tawas Area backfield of Fullback Kurt Loeffler, Fullback Rob Elliott, Halfback Rick Ashmore, Halfback Steve Janego and Halfback Rick Burris could not shake itself loose from the clutches of the Falcon defense or the problem with the slippery ball.

The Braves are to close out the NBC schedule here this Friday night when they play host to the Oscoda Owls. Final game of the season will be November 10 at Bad Axe.

## Junior Braves Won, 28-0, Over OH

After playing to a scoreless first quarter, Tawas Area Junior Braves rang up a 28-0 victory over visiting Ogemaw Heights' junior varsity Thursday night.

Mark Elliott was outstanding in Tawas Area's offensive attack, scoring all 28 points. He scored a six-pointer in the second quarter on a three-yard run, followed by another three-yarder in the same quarter. Elliott went 43 yards for his third touchdown in the third quarter and then caught an eight-yard pass from Quarterback Randy Scales late in the third quarter.

The second touchdown came on a freak play when Ogemaw Heights players allowed the kickoff to roll without touching it. Jim Lansky of the Junior Braves picked up the free ball on the 10 and ran it to the five to set up the touchdown.

Outstanding on defense were Gordie Smith with 16 tackles and Tim Schirmer with 10 stops. George Smith, linebacker, turned in 17 tackles, while Mike Mooney, a safety, had 11 stops.

Other offensive standouts besides Elliott was Jeff Hemphill, who caught two passes for 40 yards. Scales completed seven out of 12 passes for 122 yards. The Junior Braves had 120 yards rushing, of which Elliott piled up 89 yards.

## Lunch Menus at Hale Area

Hale Area School will serve the following lunch menus during the week of November 6-8:

Monday—Hot dog on bun, buttered corn, fruit, bread, butter, jelly, peanut butter, milk.

Tuesday—Chili and crackers, meat for sandwich, apple rice crunch, bread, butter, jelly, peanut butter and milk.

Wednesday—Beef stew on biscuit, fruit and cake, bread, butter, jelly, peanut butter and milk.

Thursday and Friday—No school.

## Mio Thunderbolts Defeat Hale Eagles to Win NSL

Mio Thunderbolts turned back the Hale Area Eagles, 36-6, to preserve their undefeated standing to win the North Star League championship Saturday afternoon.

Chip Dousseau, rated as one of the best quarterbacks in state class C circles, made quick work of the Eagles with an outstanding passing attack.

Playing to a scoreless first period, Dousseau hit Tom Graham with a 50-yard touchdown pass with seven minutes to go in the second period. McIntyre passed to Dousseau for the two-point conversion.

A few minutes later, Dousseau again took to the air, this time hitting McIntyre with a 34-yard touchdown pass. McIntyre passed to Graham for the two-point conversion.

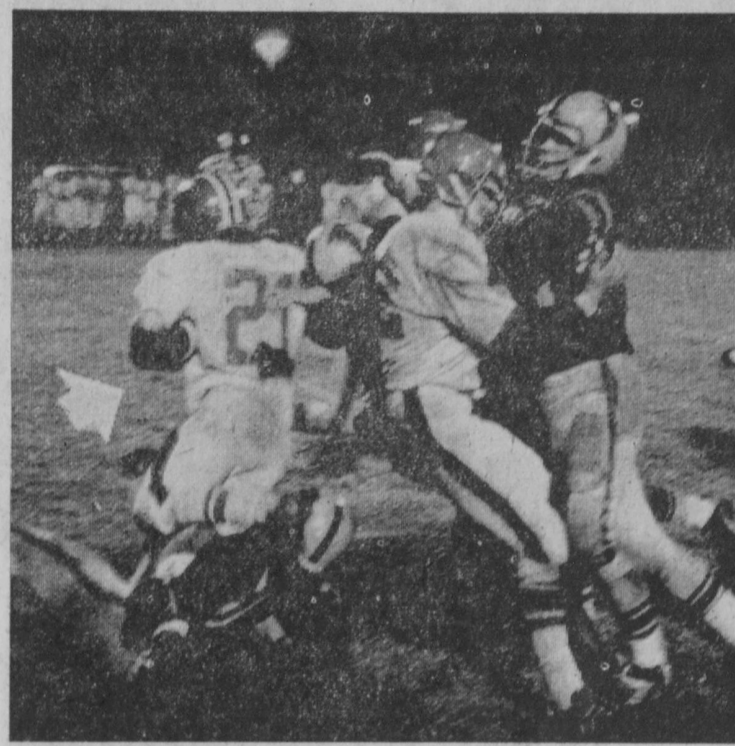

The third touchdown of the quarter came on a 24-yard run by McIntyre.

Leading 22-0 at intermission, Dousseau came back in the third quarter to score on a one-yard quarterback sneak.

The Eagles scored their only touchdown of the game in the third quarter when Keyno Shellenbarger went into the endzone on a five-yard run. Shellenbarger picked up 148 yards in 24 carries during the night.

Dan Yost completed Mio's scoring by intercepting a pass and going 26 yards for a touchdown. McIntyre passed to Graham for the two-point conversion.

The Eagles finish out their season Friday night by playing host to Hillman. Parents of varsity squad members are to be honored during intermission.

## FHA Sets Regional Convention

Tawas Area High School will be the scene of the annual Region 12 convention of Future Homemakers of America Wednesday, November 8, 2:30 to 7:00 p. m. Theme of the meeting will be Preparedness-Key to Opportunity. Wanda Hinkley of Tawas City, regional president, will preside.

Three state officers to be in attendance are Lynn Putman, state reporter; Tommi Beard, vice president of evaluation; and Anne Pulling, vice president of degrees.

Glen Wadell of Traverse City will be guest speaker. Regional officers for the upcoming year will be elected and installed. Miss Hinkley is seeking re-election as president. Other members from the Tawas area running for office are Mary Brown, secretary, and Jeanette Gingerich, parliamentarian.

## Invite Newcomers

Tawas Area Newcomers Club invites all newcomers to this area to attend its annual pot-luck dinner Saturday, November 4, 6:30 p. m., at the Tawas Area High School cafeteria. Bring a dish to pass and individual table service.

## Tawas Frosh Won, 36-13, Over Falcons

Tawas Area freshmen appeared to be in trouble Thursday night after trailing at the end of the first quarter, 13-0, but the Braves touched off an offensive fireworks display in the next three quarters to win over Ogemaw Heights, 36-13, and preserve their unbeaten record.

Several Tawas fumbles and a blocked punt led to Ogemaw Heights' two first quarter touchdowns. That was to be the end of the scoring for the losers as Tawas' defense closed the door during the remaining three quarters.

Second quarter action saw Quarterback Earl Parsons hitting Dave Gartland for a 26-yard aerial touchdown. Later in the same quarter, with second down and 20 to go, Mitch Lenczewski carried the ball for 39 yards and a Tawas touchdown. He ran a two-point conversion to give Tawas the lead at intermission, 14-13.

Action opening in the second half saw Tawas Area recovering an Ogemaw fumble on the kickoff. The Freshman Braves then drove down the field and Parsons pushed through the middle for a three-yard touchdown.

Mike Nelson intercepted a pass to begin another march for Tawas Area and Lenczewski ran for the fourth touchdown. Dave Kaunisto ran the conversion. The final eight points came on a touchdown run by Lenczewski and his two-point conversion.

Rick Bergeron was the outstanding lineman for the Braves and Gartland turned in 20 tackles.

Offensively, Lenczewski had 79 yards in 14 carries, Kaunisto had 45 yards in eight carries, Bob Stephenson turned in 42 yards in six carries and Greg Gotcher had 28 yards in eight carries. Gartland caught two passes for 38 yards, while Jim Petrach and Randy Murphy each caught a pass for five yards.

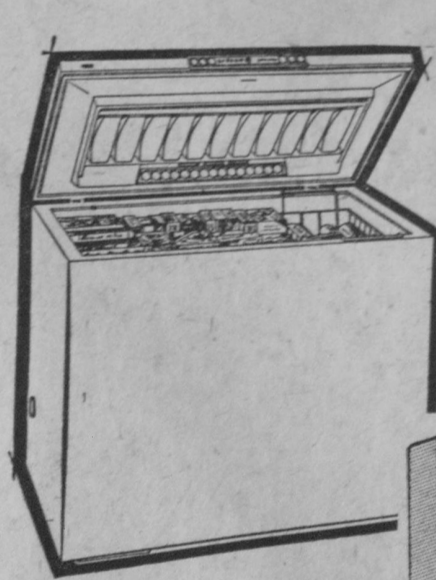

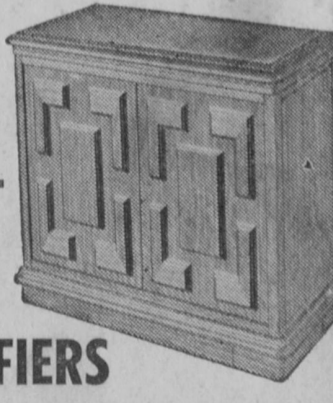

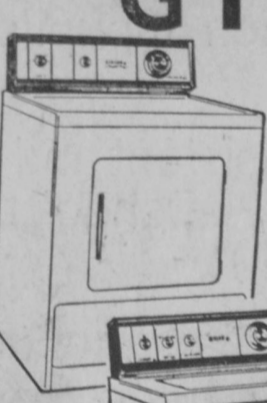

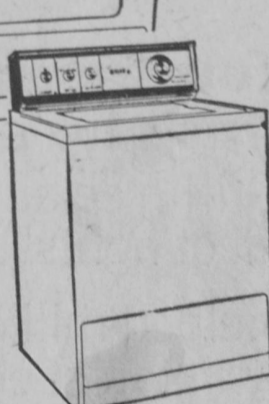

## Oscoda Band Issues Challenge

Boys of the Oscoda Area High School Band have challenged the boys of the Tawas Area High School Band to a game of flag football at the Tawas Area field Sunday, November 12, 2:00 p. m.

Girls of both bands will provide the half-time entertainment. This proves to be one of the true athletic events of the season and everyone is encouraged to attend. Proceeds from the game will be divided between the bands.

# The very least you should know about Senator Bob Griffin.

**You should know who he is.**

Robert P. Griffin is one of your two United States Senators. He has been for 6 years. He's running for re-election this fall.

**You should know he's got muscle.**

In just one term, Bob Griffin has made himself (in Newsweek's words) "... a force to be reckoned with" in the Senate. His colleagues elected him to be the Minority Whip, one of the top 4 leadership posts in the Senate. It's a position from which he can — and often does — influence Presidents.

**You should know some of the things he's done for Michigan.**

Bob Griffin convinced the President that the auto excise tax should be repealed. That meant thousands of jobs for Michigan.

Senator Griffin re-instated a supplemental food program for undernourished infants and pregnant mothers in Detroit's ghetto.

He blew the whistle on forced school busing, and introduced a Constitutional amendment to prohibit transportation of pupils on the basis of race, color or creed.

He's a consistent and persistent battler against pollution. ("Watchdog of the Great Lakes," he's been called.)

**You should know some of the things he's done for the country.**

Bob Griffin co-authored the Landrum-Griffin Act, the "bill of rights" for rank and file union members.

He's helped millions of students attend college with low-interest education loans, through his National Student Loan Program.

He's the Senator who stood up to two Presidents, to rebuild and defend the integrity of the U. S. Supreme Court.

He's fighting now for bills to protect the pensions of workers, and to provide a cost-of-living escalator clause for social security benefits.

**You should know what people say about him:**

"... an independent Republican with a conscience but no political price tag," says the Detroit News.

"... he's proving himself a successful and tenacious David in a city of Goliaths," says the Washington Daily News.

"... he's a political moderate with a reputation for going against the establishment," says Newsday.

"... he's one of the most effective Senators in Michigan's history," says the Detroit Free Press.

# Long Service

SHERIFF IVAN O'FARRELL, who retires at the end of this year and honored last night (Tuesday) at a testimonial dinner held at the Wurtsmith Air Force Base NCO Club, has been one of the most photographed public figures in this county's history. One of the reasons for this is that the sheriff's position in any county is always before the public eye and activities of the sheriff and his department are newsworthy. With the gradual growth in the county, the sheriff's department has expanded from a two-man operation back in 1949, when O'Farrell first took over, to today's department consisting of eight or more full-time persons. These pictures represent only a few activities in O'Farrell's long career as Iosco County sheriff.—Tawas Herald Photos.

### LOOKING BACKWARD—

## Board Asked to Coordinate Point Efforts

#### 15 Years Ago—

October 31, 1957—T. S. Dimmick, East Tawas businessman, recommended to the Iosco County Board of Supervisors that it coordinate its efforts with Cong. Elford A. Cederberg toward obtaining about 150 acres of federal land on Tawas Point for public purposes. Dimmick informed the board that he had been in correspondence with the congressman for the past year toward this end and has a lengthy file of information, including an aerial map of the area. He suggests that Tawas Point would make an ideal location for the state park, with shoreline on both Tawas Bay and Lake Huron.

"Are you interested in Perchville?" is the question being asked by Tawas Chamber of Commerce. To continue the winter fishing village on the ice of Tawas Bay, more cooperation will be needed from businessmen, more activities must be scheduled and major repairs must be made to some shanties.

School's new football field are expected to be set within the next two weeks.

William Hill of Tawas Area High School was named president of the board of directors for the Tawas Youth Canteen. Named to serve with Hill were Tim Sullivan, Mary Jo Agee and Nancy Allen.

Seniors named to Tawas Area School's honor roll were James Curry, Kenneth Lixey, Shirley Nunn, Ginger Price and Carol Westerlund.

#### 25 Years Ago—

October 31, 1947—Tawas Hospital Association received approval of plans for the proposed hospital here from Graham L. Davis, president of the American Hospital Association and director of the hospital division of the W. K. Kellogg Foundation. A campaign is to be started to collect the remaining balance of \$40,000 necessary for construction.

Objectives of the new Iosco Rural School Officers Association include constructive help to rural school board members, promote legislation which is fair and beneficial to rural schools and to promote educational interests and welfare of rural schools.

Members of Tawas Chamber of Commerce have been urged to "hold the line" on prices in area stores.

Iosco Board of Supervisors has authorized purchase of new name plates for the honor roll of veterans located in front of the courthouse.

Although the men who pull the strings in the Republican party apparently have no great affection for him, Thomas E. Dewey, governor of New York, has declared he is a candidate for the Republican nomination as president.

Brand new 1947 Kaiser-Frazer and Frazer Manhattans, America's great post-war automobiles, are being produced at more than one car a minute.

Tawas City Council approved a club liquor license for the Veterans of Foreign Wars post, located at 268 West Lake Street.

Attending International Harvester's "100 years of Agriculture and Industry" show at Soldier's Field, Chicago, Illinois, were Rudy Gingrich, James Boomer, Hugo Marzin-

ski, Harry Krueger, Charles Timreck, Charles Kobs, William Olsen, Nelson Ostrander, A. J. Featheringill, Albert Groff, Fred Landon and Walter Kasischke.

A bounty of \$5 on fox was authorized by the county board of supervisors. This policy will extend for one year and is based on the theory that fox have been one of the causes of the depletion of small game.

#### 35 Years Ago—

October 29, 1937—Eighty thousand four to five-inch trout were released in streams of the Huron National Forest from the Pine River rearing ponds near Glennie. This closes the third successful year of operation of this rearing pond, which was built by the CCC, stocked from fry furnished by the Bureau of Fisheries and cared for by CCC enrollees.

George M. Pickett, 55, a workman at National Gypsum's National City plant, was buried alive while spudding down plaster in a bin at the plant. Death was caused by suffocation. He was discovered missing by Ivan O'Farrell and George Smith, fellow workmen, who found the location of the missing man and 30 minutes was required for his removal.

Meadow Road residents are circulating petitions protesting the use of salt brine on roads. All car owners of the locality are anxious to sign, inasmuch as the upkeep of cars has been very costly due to the action of the brine on metal.

The Iosco Fairgrounds Committee has authorized an auction sale to sell and remove from the premises a warehouse, floral hall, stockpen, poultry house, dairy barn, horse barn, dwelling, ticket booth, dance hall, grandstand, judges stand and board fence.

A program commemorating Sen. James Couzens, who died a year ago, was held at Tawas City High School. Governor Murphy set aside the week to honor this well-known man in Michigan.

## Hale Resident Died Oct. 24

Harold Burtzloff and Vernon Beau-bien won an arithmetic contest on the common tables of measure conducted in the fifth and sixth grade room of Tawas City School.

A question crying for attention is the huge national debt, now at \$37,000,000,000, the highest in history.

A retired farmer and long-time resident of Hale, Amos Hendrickson, 74, passed away Tuesday, October 24, at Tawas Hospital. Funeral services were held Thursday, October 26, at the Forshoe Funeral Chapel, Hale, with burial in Evergreen

Cemetery. The Rev. Henry Powell officiated.

Mr. Hendrickson was born June 9, 1898, in Alabaster. He married the former Lucille Featheringill, who survives him.

Other survivors include his four sons, Arthur of South Branch, Raymond, Robert and John, all of Hale; eight grandchildren; one great grandchild; two sisters, Mrs. Russell (Hildur) Rollin and Mrs. W. Byron (Helen) Mark, both of Tawas City.

### Social Security Answers Questions

Question: A couple weeks ago, my brother applied for monthly disability payments from social security. When more information was needed from him, he got a letter from the vocational rehabilitation agency here in our state. What does a state agency have to do with social security?

Answer: In each state, an agency—usually the state vocational rehabilitation agency—works with social

security in evaluating disability claims. There, a team of trained people—a physician and a disability evaluation specialist—consider all the facts and determine whether a person is disabled under the social security law. Sometimes, current medical information is needed. When this happens, the state agency will contact the person to arrange for a medical examination or tests. Social security will pay for these extra examinations or tests.

Question: I am retired and I get monthly social security checks for myself and my 17-year-old mentally retarded daughter. My sister told me her checks will continue even after she is 18. Is this true?

Answer: Yes, if your daughter qualifies for disabled child's benefits. You should call, write or visit your social security office at least three months before your daughter reaches 18 to see about continuing her checks on the basis of her disability.

Question: My 63-year-old wife and I are both getting monthly social security retirement payments on my work record. Recently, my wife was offered a full-time job. I know her earnings may affect her payments, but will her earnings also affect my monthly payments?

Answer: No. Your wife's earnings will not affect your monthly retirement payments. If you have a question about social security, contact your district office at 1009 North Madison Avenue, Bay City, Michigan 48706; telephone, 833-9579. For your convenience, a social security representative will be at the Iosco County Building, Tawas City, every Thursday from 9:45 a. m. until 12 o'clock noon and from 12:30 until 3:00 p. m.

Having problems with mildew? Wet weather has caused this pesky problem for some homemakers.

What is mildew? It is the thin, often whitish, growth produced on many kinds of surfaces by molds, simple plants belonging to the group known as fungi. It commonly develops in muggy summer weather, especially in houses or other areas that are closed. Molds that cause mildew grow wherever it is damp, warm, poorly aired or poorly lighted. It can grow almost anywhere if conditions are right. It often leaves a musty odor, discolors fabrics and sometimes eats into them so severely that the fabrics rot and fall to pieces. It discolors leather and even paper.

The first step in preventing mildew is to keep things very clean. Get rid of dampness by removing the cause, by drying the air, by providing adequate ventilation. Give special care to some articles and surfaces where necessary. Clean soiled clothing and spray with fungicide products to give protection against mildew. You may also consider storing clothes with mildew inhibitor.

An easy way to protect leather is to apply a good wax dressing. Even floor wax applied to shoes (both the uppers and the soles) keeps moisture out. An interesting way to protect the pages of a book is to spread the pages out fanwise to the air and dust them with inexpensive talcum powder or cornstarch. Leave the powder on several hours then brush off. For answers to additional questions, a special bulletin is available upon request. Write or call the Cooperative Extension Service office and ask for the bulletin, "How to Prevent and Remove Mildew."

### Senior Citizens Held Annual Halloween Party

One hundred twenty-six Tawas Area Senior Citizens gathered Wednesday, October 25, at the East Tawas Community Building for the annual Halloween party. Of the 47 members in costume, prizes were awarded to Fred Johnson and Thelma Martindale, best characters, and Anthony Siominski and Frieda Frank, most comical. The room was decorated in a Halloween motif.

Seated at the table of honor were seven members with October birthdays. Two out-of-town guests were welcomed.

Door prizes were awarded, ice cream and cake were served and the afternoon was climaxed with the playing of games.

Edward J. Barry, superintendent of Tawas Area Schools, will be guest speaker at the Wednesday, November 8, 12 o'clock noon, meeting at the community building. He will answer questions regarding school activities. All members are urged to attend.

### Mental Health Board Meeting

## Martha Roiter Died Oct. 23

The Rev. Edward Fairbanks officiated at funeral services Thursday, October 26, for Martha Roiter of Tawas City, 83, at the Moffatt Funeral Home, East Tawas. Burial followed in Memory Gardens Cemetery, Tawas City. Mrs. Roiter passed away Monday, October 23, at Tawas Hospital.

Born March 1, 1889, in Tawas City, she married Herman Roiter November 25, 1908. He preceded her in death July 15 of this year.

Survivors are her two sons, John and Elmer of Tawas City; two daughters, Helen Hines of Pasco, Washington, and Doris Stehl of Tawas City; 26 grandchildren, and 17 great grandchildren.

## Huddy Named to Two Committees

Michael Huddy, son of Robert S. Huddy of Tawas City, has been named to two of the major committees at Lake Superior State College.

Dr. Kenneth J. Shouldice, upon recommendation of the student senate, has appointed him to the admissions committee and the curriculum committee.

LSSC is now in its fourth year of a committee structure which includes students along with representatives of the faculty and administration on most of the 25 committees and councils of the college.

"We established this program," he said, "to bring all elements of the college together in the development of policy recommendations for the operation of the college."

# Business Symposium

DISCUSSING the program for the day are Harris Barkman, left, president of Tawas Chamber of Commerce, and Roger Walker, chairman of the government and economic education committee for the Michigan State Chamber of Commerce.

HERBERT SPIELER'S talk to the students concerned business and social change.

SECOND ANNUAL high school-business symposium conducted Thursday at the Village Inn by the Michigan State Chamber of Commerce and the Tawas Chamber of Commerce drew more than 110 seniors from four Isoco County high schools. The day-long program was sponsored by 13 businesses of the area. Speakers included Roger Walker, executive assistant, Michigan Bell Telephone Company; Herbert Spieler, director of public affairs, Consumers Power Company; Lloyd Yeo, executive partner, Yeo and Yeo Certified Public Accountants; George Pawlanta Jr., certified public accountant.—Tawas Herald Photos.

FROHMAN JOHNSON, left, manager of government and economic education for the Michigan State Chamber of Commerce, explains program highlights to Gordon Huck of Consumers Power Company and Robert Rousseau of Ace Hardware, two of the sponsors, along with two school representatives, Robert Engstrom, Oscoda Area High School, and Robert McDonald, assistant principal at Tawas Area High School.

## 4-H Courses Offered for Snowmobiles

4-H meets the needs and challenge of youth. With the section of the new snowmobile laws coming into effect January 1, 1973, that requires all youth between the ages of 12 and 16 to successfully complete a snowmobile safety course in order to drive a snowmobile alone on property other than his own, 4-H has organized to serve.

4-H courses instructed by volunteer 4-H leaders, certified by the Department of Natural Resources will be offered in the Hale, Whittemore and Sand Lake areas. Other courses may develop as instructors are located. Those youth completing the course will receive the state snowmobile drivers license. The course as outlined by the DNR includes snowmobile nomenclature, safety, operation, basic riding skills, equipment, laws, proper dress, first aid, winter survival, snowmobile and the environment, a written exam and a performance test. Many resources are used in the course.

Vern Reed, instructor for the Hale 4-H group, lists these dates for the class there: 7:00-9:00 p. m., November 8, 13, 21, 28, December 2 and 4. Carl Lange, instructor for the Whittemore 4-H group, lists these dates: 7:00-9:00 p. m., December 7, 14, 19, 26, January 4 and 6, and December 9, 16, 23, 30 and January 13 in the Sand Lake area.

Parents are also encouraged to attend classes. There is no charge for the course. Judy Place, 4-H youth agent, says volunteer help is needed to offer the course in other areas of the county. Please contact the Cooperative Extension Service for details at 362-3449.

**ELECT FINLEY SHERIFF**  
  
1. If elected Isoco County Sheriff I will do my best to take all drug peddlers off our streets.  
2. I would like to start a police training school for all volunteer firemen and C. B. radio operators of Isoco County. This would give us a 75 to 100 man emergency force for such spots as Gordon Creek.  
3. I believe in strong law enforcement to prevent crime.  
4. If elected no deputy will be fired if they do their job. I want a sheriff's department that the taxpayer can be proud of and depend on.  
5. I will work with all pastors and priests of this county to reach our youth with the Gospel of Christ.
