

STEELHEAD FISHING in the Tawas River was great Saturday, according to Charles Borsenik, 13, a student at Owosso Junior High School. Charles and his family spent the week-end at their summer home on the Tawas River east of the US-23 bridge and he decided he would try his luck at fishing. He caught this nice 10-pounder while fishing from the family's boat dock.—Tawas Herald Photo.

City to Charge \$1 Parking Fee

Because of a problem with fishermen parking camper units and other vehicles in the area provided for customers of Tawas City's boat launching ramp on Ninth Avenue, a special \$1 parking fee is to be assessed to all vehicles parking in the ramp area.

City Mgr. Reginald Bubltz said that the major problem came from fishermen who launched their boats elsewhere and then blocked the parking area near the ramp with their vehicles and trailers.

The ramp launching fee is to remain at \$1 and no extra parking charge is to be made to launching customers.

Bubltz said that launchings at the city ramp had averaged 75 units

over the past two week-ends. There is space for only 20 cars and trailers in the ramp area and the special police officer has been directing fishermen to use property in the city's industrial park for parking purposes. No charge for parking is made at that location.

Mayor John N. Brugger said that the Michigan Department of Natural Resources is desirous of establishing a boat launching facility in this area which would be large enough to handle a minimum of 100 boats and trailers. He said that discussions were being held concerning the possibility of utilizing property owned by the Lubaways on the east side of the river mouth.

One Dwelling Permit OK'd; Two Old Homes Being Moved

Building applications approved during the past two weeks by Tawas City Department of Public Works included construction of one new residence and the moving of two residences.

Approved for construction was an application submitted by John N. Brugger Jr., a 40 by 70-foot residence on Tim Court, \$20,000.

Authorization was given to A. B. Investment Company, Standish, for moving two residences from US-23 to new locations on Beech Street. Application was made by A. N. Buttrick of Standish for moving two dwellings at cost of \$8,000 each. The

dwellings were formerly owned by the late Julius Musolf and the late Fred Musolf. Forward Oil Company has purchased property at the corner of M-55 and US-23 and is in the process of constructing a new service station on the property.

Other applications approved included Vernon Besubien, 603 Oak Street, new roof, \$300; John Torok, 207 Oak Street, siding, \$2,717; Clyde Monigomer, 307 North Street, new pair roof, \$60; Robert Clayton, 411 Tenth Avenue, remodel front porch, \$3,800; Levi Ulman, 209 Third Avenue, remodel, \$50.

Circus is Coming to Town Oct. 7

The circus is coming to town and all the old and young children are happy. In just a few short days, the Tawas Area High School gymnasium will be transformed into a world of its own, circus world, with its own traditions, its own sights and smells. The Voorheis Brothers huge indoor circus spectacle moves into the gymnasium Saturday, October 7, for two performances at 2:00 p. m. and 8:00 p. m. under the auspices of the band, which is sponsoring the circus to aid a special trip fund.

Matinee performances will not be at 4:00 p. m., as is indicated on some tickets, but 2:00 p. m.

Headliners on the circus include the Kelroys, who are currently in the seventh year of a world tour. Hailing from Australia, they have played almost every major city and every major capital in the world. They are famous for their dangerous leaping, catching and trampoline artistry. Sharing the bill and equally as world-recognized are the Marcellis of France, who recently completed a stint at the Circus Hall of Fame at Sarasota, Florida. Lovely

Trudy Luvas, former aerialist with the Ringling Brothers Barnum and Bailey Circus, presents the ultimate in canine revues with her talented trained animals. The circus, under the capable direction of its founder and director, Col. Bill Voorheis, boasts Ricky Romig, the clown who produces much merriment with his clever antics and his funny routines.

The amazing Conklin will amaze you as he cuts a woman in pieces and seemingly produces strange objects from out of nowhere. There are other acts to thrill and entertain you, including the Sprister Chimps, featuring Sam, the internationally-known movie chimp; the Voorheis Brothers midjet horses; the circus band, and the Star Spangled glitter of "circus town" will unfold here rapidly, only to disappear just as quickly as the circus, with its traditions, sights and smells, moves on to the next town.

Tickets are available from any band member, Mooney's Ben Franklin Store, Schmidt's and the chamber of commerce office.

City Council Tables Liquor Change for Discussion Oct. 16

A normally "routine" approval for a change in a liquor license submitted by the Michigan Liquor Control Commission was tabled for further study Monday night by Tawas City Council.

According to the application, H. R. Hilbert, owner of Tawas Lanes, submitted an application to the state commission asking that his license be changed so as to include serving and consuming of beverages in the newly-designated concourse area.

Information given to the council indicated that the concourse area would be located in the bowling alley proper, but some distance from scoring tables. Under present regulations governing this license, consuming of alcoholic beverages is limited only to the lounge.

Rollin, the city manager is to investigate the possibility of renting a street sweeping machine and operator from the City of East Tawas to clean streets in this city. Rollin said he had received information that the machine could be rented for \$15 an hour and he believed that this would result in a saving of money to the city, as well as to allow this city's crew to work on other necessary projects.

Councilman Edward Savage expressed the opinion that he did not object to allowing consuming of alcoholic beverages in the bowling alley proper during league nights, but voiced objection to allowing this change during times of open bowling. He said that minor children utilized the facilities, also, and believed that serving of alcoholic beverages during that time would be objectionable to himself, personally.

"I just don't think it is necessary to allow drinking in the bowling alley when minors are present. Those bowlers, who so desire, can go into the bar," commented Savage.

Councilman Robert Rollin expressed the opinion that such areas were designated for consuming alcoholic beverages around the state and moved that permission be granted here. His motion was not seconded and the matter was tabled until the next regular meeting, at which time the owner of the bowling establishment will be given the opportunity to express his views.

Michigan Bell Delivers New Book Oct. 10

"Please look in the book first," says Michigan Bell as it begins delivery of its 1972 telephone directories Tuesday, October 10.

Howard L. Haight, local Michigan Bell manager, said the new directories will be delivered in East Tawas and Oscoda.

"Every customer will receive one or more copies of this new directory," Haight said. "It contains all the new numbers and any changes in listings up to September 6. Therefore, we urge telephone users to use the new directory for looking up numbers instead of dialing our 'new number information' operators."

That service, he said, is for those customers who wish to reach a telephone installed since September 6 which has a new number. In addition, he said, the service is also for those located where no directory is available, where one simply cannot find a certain listing in the book and for the physically handicapped.

If anyone wants an extra directory for a telephone location in his home or business which does not have one now, that customer may call Michigan Bell's business office and an extra copy will be sent to him.

Haight said the company ordered 19,000 directories for customers in this area. "That is enough to last us for the entire year for new customers and for our present ones who might lose or misplace theirs."

TAWAS - WHITTEMORE - HALE Community Chest had its traditional pre-campaign opening this week when Joseph Barkman presented his check to open the drive. Mr. Barkman has been first to make his contribution since inception of the community chest here. He is shown at left presenting the check to the Rev. Kenneth Tousey, right, and Mrs. Nan Harlen, co-chairmen for the campaign. The drive officially opens Monday, October 16, and is scheduled to be completed within two weeks. Community chest officials are in hopes that other contributors will be as prompt with checks as Mr. Barkman. In past years, the campaign has been extended in order to meet goals.—Tawas Herald Photo.

East Tawas Adopts New Policy on Subdivision Sewer Work

A new policy and procedure for construction of sanitary sewers in existing public rights-of-way for the development of subdivisions and adjacent lands was approved Monday night by the East Tawas Council.

Recommended by the board of public works, the new policy would require developers of subdivisions to be responsible for the full cost of sanitary sewer extensions, including engineering and permits required by the Michigan Department of Public Health.

Prior approval of the city and its engineers would be required for construction and contractors would be required to file evidence of ability to perform the necessary work in a satisfactory manner. Approved liability insurance and performance bonds would be required. Work would be performed according to

plans and specifications as prepared and approved and would be performed under supervision of the city.

Cost of any system to be constructed on public property would be estimated by the city and the amount would be deposited with the city treasurer before construction could

begin. Building lot connections to be served by a project and installed by the contractor during the course of construction would be billed at a rate of \$50 for each building lot.

The completed project, after final tests, inspection and acceptance, would become property of the city.

Harbor Commission to Meet Next Week

Announcement was made at Monday night's meeting of the East Tawas Council that State Sen. Robert Richardson and State Sen. Robert W. Davis planned to attend the Harbor of Tawas meeting to be held Tuesday, October 11, 11:00 a. m., at the city hall.

In addition to the legislators, the Michigan Department of Natural Resources is to be represented at the meeting.

Clyde Soper, city clerk, said that the harbor commission is in hopes that the legislature will provide further assistance to the Michigan Waterways Commission for maintaining and repairing the dock.

Now under study by the federal government is a 500-foot extension to the dock by 1976. In addition, a 1,100-foot dogleg would be constructed to the northeast to protect the inner harbor.

In other business Monday night, a petition requesting angle parking on Sawyer Street at the rear of the East Tawas Elementary Unit was denied by the council. It was felt by the council that angle parking would be dangerous and that parking was available in the immediate vicinity.

The council accepted the low bid of Greenleaf Fence Company, Essex-

HOMECOMING FESTIVITIES were highlighted by crowning of the 1972 queen, Lana Ruckle, right, by Miss Cindi Piper, who served as homecoming queen last year. Cindi is a student at Eastern Michigan University. Lana is the daughter of Mr. and Mrs. Robert Ruckle of Hale.—Tawas Herald Photo.

Huron Forest Gets Receipts Payment

Checks have been mailed to the treasurers of the states in which national forests are located, according to an announcement by John McArdle, deputy forest supervisor of the Huron-Manistee National Forests. The payments, representing 25 percent of the national forest receipts for fiscal year 1972, are to be distributed to the counties in which the forests are located.

The Huron-Manistee National Forest's share to the Michigan treasury is \$107,929, an increase of \$15,733 over last year.

The area in Iosco County on which distribution will be made consists of 102,628 acres and the 25 percent fund payment will be \$12,521.69.

"The direct payments are in addition to the many 'contributions in kind' provided by the national forest. These values are much greater than the direct receipts and 25 percent fund payments," stated McArdle.

HALE AREA SCHOOL held its annual football homecoming last Friday night during halftime in the game between the Eagles and Alcona Tigers. Although the Eagles lost to the Tigers (see page 1, sec. 2), school spirit was still riding high. This picture shows the 1972 queen and her court. From left are Cindi Piper (1971 queen), Sue Jossa, Connie Myers, Nancy Bernard, Queen Lana Ruckle, Ethel Vincent, Debra Melza, Nancy Roberts and Kathy Higgin. 'Dinners to Doors' Plan is Organized

Do you know someone sitting at home, who, because they are physically handicapped, is unable to fix a well-balanced meal? In an effort to prevent this, a group of concerned people has gotten together and, under the sponsorship of the Iosco County Senior Citizens Council, has organized what is now called "dinner to doors."

This is a project by which a hot meal, offered at a minimum cost, will be prepared at the Iosco Medical Care Facility, picked up by a volunteer and delivered directly to the recipient.

Wednesday, November 1, is the proposed starting date. Referrals and volunteers are welcome. For additional information, please call Mrs. Patricia Wischaupt, chairman, at 739-7938 or Mrs. Jane Churchill, public relations director, 362-4525.

Kennedys Are New Owners Of Bakery

Mr. and Mrs. David Kennedy, who formerly operated a bakery at Plymouth, are now operating their new Kennedy's Bakery on Newman Street, East Tawas. The business was formerly known as Tad's Bakery.

The Kennedys offer a full line of baked goods, in addition to cake decorating and a coffee bar.

The Kennedys and their four children, David, Stephen, Christopher and Patricia, reside in Tawas City.

Alpena Man Killed Friday On US-23

An 18-year-old Alpena man became Iosco County's sixth fatality of 1972 in a two-car crash Friday afternoon on US-23 about four miles south of Tawas City.

Killed was James Edward Isley, who was pronounced dead at the scene by John Moffatt, county coroner.

Three other persons injured in the crash were Edward Anderson, 20, Alpena, driver of one car, and Casimir Bozek, 43, and his wife, Audrey, 46, of Detroit.

Isley was a passenger in Anderson's car, which was southbound and struck the curbing at an overpass. The car went out of control and skidded sideways, colliding with the northbound Bozek car almost broadside.

Both drivers were treated and released the same day at Tawas Hospital. Mrs. Bozek's injuries were of a more serious nature and she was held for observation.

Investigating Michigan State Police from East Tawas said the accident remained under investigation.

TODAY'S Meditation

(Read Hebrews 13:1-3)

Remember those in prison as if you were there with them; and those who are being maltreated, for you like them are still in the world.

It was June 1944. Because Polish education was strictly forbidden, the schools were closed, but there was underground teaching in private houses ever since Nazi occupation in 1939.

One evening, I was teaching Polish history to three pupils. Suddenly another rushed in, breathless and pale.

We were all seized with fear. Being caught during underground teaching meant inevitable death in a concentration camp.

We stood up, bowed our heads and prayed for all people suffering and dying for Poland.

Outside the house, a little girl was watching out in case the soldiers approached. Half an hour must have passed when she ran into the room, shouting in childish joy.

PRAYER

Our Father, we thank Thee for the sacrifices, even to the loss of life itself, many have made in loyalty to their heritage and for the faith. We pray that, whatever experiences befall us because we are Christian, we may accept as serving Thy will and purpose. For Jesus' sake. Amen.

Bad Axe Church Scene of Marriage

Social

—Tawas Herald Photo

In 5 o'clock rites Saturday, September 30, at Our Saviour Lutheran Church, Bad Axe, the Rev. Dennis Glander officiated at the double ring service uniting Marilyn Ann Milton and Martin Carl Luedtke in marriage.

The bride is the daughter of Mr. and Mrs. Floyd W. Milton of Carsonville. Her husband is the son of Mrs. August Luedtke of Tawas City and the late Mr. Luedtke.

The former Miss Milton chose a white, floor-length gown with Empire waist, full sleeves and lace trim at the waistline, cuffs and neck. A double tiered, waist-length veil completed her attire. She carried a bouquet of white carnations and pink roses.

Judith St. George of Roseville was maid of honor in a pink and white caeched floor-length gown with full sleeves and a pale pink veil. Her bouquet was made up of pink and white carnations.

Floyd J. Milton of Marlette was best man. Wallace Duggan of Bad Axe seated the guests.

Approximately 300 guests attended the reception following the ceremony at the Uby Fox Hunters Club.

Mrs. Milton selected a turquoise dress with matching hat and white accessories. Mrs. Luedtke chose a pink floral print dress with coordinated accessories.

Following a three-day wedding trip to Niagara Falls, the newlyweds are residing at 172 Charlotte Street, Bad Axe.

Pre-nuptial showers honoring the bride were hosted by the nurses at McKenzie Memorial Hospital, Sandusky; Mrs. Luedtke at Tawas City, and Mrs. Milton at Carsonville.

Bischoff-Watts Vows Said at Zion Lutheran Church

Arrangements of white gladioli and red chrysanthemums formed a floral background in Zion Lutheran Church, Tawas City, for the marriage Saturday, September 30, of Sally Lynn Watts and Dale H. Bischoff.

The Rev. Robert Beyer performed the 6 o'clock, double ring ceremony.

The bride is the daughter of Mr. and Mrs. Phillip Watts of Tawas City. Mr. and Mrs. Herman Bischoff, also of Tawas City, are parents of the bridegroom.

Escorted to the altar by her father, the bride chose a lace over taffeta gown with high collar, Empire waistline, bishop sleeves with wide cuffs, chapel-length train and fingertip veil. She carried a bouquet of red roses and white chrysanthemums.

Cynthia Jacot of Marlette acted as maid of honor with Debra Martin of Tawas City as bridesmaid. They were attired in identical gowns with red lace over taffeta bodices, high collars, Empire waistlines, A-line taffeta skirts and bishop sleeves. Each carried a single white rose.

Robert Hayes of Tawas City was best man with Curtis Kobs, also of Tawas City, groomsman. Willard Watts and Joseph Blust seated the guests.

Approximately 400 guests from Midland, Whittemore, Pontiac, Germfask, Bay City and Melvindale attended the reception following the ceremony at the Union Hall, National City.

For her daughter's wedding, Mrs. Watts selected a green lace dress with brown accessories. Mrs. Bischoff chose a beige ensemble with brown accessories. Mrs. George Wrathell, grandmother of the bride, wore a blue lace dress with black accessories. All wore orchid corsages.

Pre-nuptial showers honoring the bride were hosted by Phyllis Jakobi,

Avis and Daun Watts, Holly and Pearl Hayes, Eleanor Juhl, Miss Martin, Miss Jacot and Linda and Susan Robinson.

Beverly Jo Bellville is Bride Of Dean D. Wilkening

Beverly Jo Bellville and Dean Durand Wilkening exchanged nuptial vows Saturday, September 30, at Whittemore United Methodist Church. The Rev. Henry W. Powell officiated at the 2 o'clock double ring ceremony. Vocalist was Mrs. Terry Hampton of Prescott with Mrs. Gene Kyle of Hale as organist.

The new Mrs. Wilkening is the daughter of Mr. and Mrs. Dornace E. Bellville of Whittemore. Mr. and Mrs. Walter O. Wilkening of Portage are parents of the bridegroom.

Vases of mixed flowers decorated the altar as the bride approached on her father's arm in a floor-length gown of sata peau with a high neckline, Camelot sleeves and Empire bodice banded with Alecon lace and an A-line skirt with a deep ruffle at

the hemline. A Juliet cap secured a cathedral-length veil of bridal mist edged in lace. She carried a Bible covered with a cascade of lavender orchids and baby breath.

Mrs. Leland Osborne of Hale, sister of the bride, was matron of honor in an orchid dress and Susan Bellville of Oscoda, Barbara Bellville of Whittemore and Ann Wilkening of Portage were bridesmaids in dresses of pink, turquoise and gold. The dresses were of georgette chiffon over taffeta with velvet Empire bodices. Their bouquets were of roses and carnations in mixed colors with shattered carnations in their hair.

Stephen Wilkening of Ft. Wayne, Indiana, brother of the bridegroom, was best man. Groomsman were Stephen Ryan of Royal Oak, Cass Kemp of Greenville and Ahmad Ashadawi of Saudi Arabia.

Reception followed at the Whittemore Elementary multipurpose room. Mrs. Bellville greeted guests in a floor-length dress of deep pink with silver accessories. Mrs. Wilkening chose a navy and white dress. Both wore corsages of pink carnations.

The bride graduated from Whittemore-Prescott Area High School and the bridegroom from Portage Northern. Both attended Ferris State College where Mrs. Wilkening was affiliated with Tau Beta Sigma, national honorary band sorority, and Mr. Wilkening was affiliated with Kappa Kappa Psi, national honorary band fraternity. Mr. Wilkening has a bachelor of science degree in business administration.

A pre-nuptial shower was hosted by sisters of the bride.

Samson-Richard Nuptial Vows Repeated at Hale

Hale United Methodist Church was the scene of the double ring ceremony Saturday, September 30, uniting in marriage the former Lynda Richard of Bay City, daughter of Mr. and Mrs. Jerry Dawson of Kansas City, Missouri, and Dale A. Samson, son of Mr. and Mrs. Richard Samson of Whittemore.

The bride descended the aisle in a floor-length gown of antique white lace over taffeta with long, bouffant sleeves; high neckline, pinned with a black cameo, and natural waistline. She wore a large yellow picture hat, trimmed in roses made of nylon netting, with a waist-length veil, and fastened a corsage of yellow gladioli to her wrist.

Judy Hames of Tawas City was maid of honor in a gown of brown

crushed velvet with Empire waistline trimmed in beige lace. A beige picture hat completed her attire. She carried a bouquet of white daisies and greens, tied with green ribbons.

Richard Samson Jr. of Lansing served his brother as best man. Jerry Samson of Sault Ste. Marie and Roy West of Montrose seated the guests.

One hundred fifty guests attended the reception following the ceremony at the church. Mrs. Samson greeted guests in a brown dress with tweed skirt and turtle neck. She wore a corsage of yellow chrysanthemums. The parents of the bride were unable to attend the ceremony.

The new Mr. and Mrs. Samson will reside at Lot 47, Wenona Beach Trailer Park, Bay City.

Family Living

By HELEN B. MEACH
Extension Home Economist

Let us put the spotlight on freezer storage. Why? Because we are using more and more frozen foods and because freezing is one of the best ways to preserve the fresh-like qualities of food. Our consumption of commercially frozen foods has risen from one pound per person in 1937 to almost 75 in 1971, not including home-prepared frozen foods and purchased foods frozen at home. Your home economist rates call each week from homemakers concerned with frozen food know-how. A question often asked, "Is it safe to refreeze meat?" Most partially thawed foods refreeze safely if they still contain ice crystals and are firm in the center. However, many foods (partially thawed ice cream) will not be top quality. Meat, fish and poultry purposefully thawed in the refrigerator and kept no more than one day may be refrozen. Do not refreeze thawed meat or poultry, pies or casseroles, cream pies or vegetables. Food completely thawed, intentionally or by accident, and warmed to room temperature (72 degrees)

should be thoroughly cooked immediately or discarded. Fruit and juice concentrates are exceptions; they ferment when spoiled so you can rely on taste to warn you. Toss them out if flavor is "off." To protect their sizeable investments in development, testing and marketing, frozen foods packers want their products to have a good image with shoppers. They advise against refreezing because quality can deteriorate if interior temperatures range up to 40 degrees and they do not know what home defrosting and refreezing conditions may be. If you would like a freezer storage chart and additional tips on freezing home-prepared foods, "Spotlight on Freezer Storage," a new extension bulletin, is available to you at no charge. Write or call the county extension office for your free copy.

HALE AREA EAGLES were on top of the world when Steve Denstedt caught this pass in the endzone to give them a 14-8 lead over the visiting Alcona Tigers in the fourth quarter of Friday night's game.—Tawas Herald Photo.

THE LEAD was not to last long as Alcona scored a touchdown and Darrell Kauffman drove into the endzone (above) on this two-point after touchdown play. The Tigers won the decision in a close game over the Eagles, 16-14.—Tawas Herald Photo.

Alcona Tigers End Hale Eagles' Long Win String of 11 Games

After winning 11 straight games over a period of three seasons, it had to happen sooner or later. The Hale Area Eagles lost to the visiting Alcona Tigers, 16-14, Friday night in a game which has to go down as one of the most exciting in area grid records.

The Tigers, now sporting an undefeated record in three games this season, put a damper on Hale Area's homecoming festivities, but not before finding out that they had their hands full with a gritty Eagle squad.

After a scoreless but action-packed first half in which the Tigers had two touchdown runs called back by penalties and were knocking on the door of the endzone on two other occasions, while a fumble cost Hale Area one good scoring drive, the Tigers finally put together an outstanding running and aerial attack to score early in the third quarter.

The Eagles just could not contain the passing or pitches of Quarterback Tom McIntyre—except when they had their backs to the wall. In the first half, Quarterback Jeff Miller of the Eagles intercepted one pass in the endzone to stop a Tiger scoring drive, while Jeff Blust intercepted a pass to stop another Tiger drive.

The Alcona County team just was not to be denied in the second half as McIntyre and his running mate, Darrell Kauffman, combined their

talents to move the ball to Hale's 25. There, McIntyre found Jarvis in the open and hit him with a pretty aerial to put the Tigers out in front. Kauffman ran the conversion and the visitors had an 8-0 lead.

Finding themselves trailing on the scoreboard, an unusual situation in the past 11 games, the Eagles roared right back to score a touchdown. Tom Emory started things off with a seven-yard run, followed by a first down scamper to Hale's 42 by Joe Bell. Keyno Shellenbarger picked up a first down on the 48, then Bell drove through the center of the Tiger defense for a first down on the Alcona 35. Emory picked up two yards to the 34, followed by another four yards by Bell. Bell was stopped on third down but, with fourth down and two yards to go, Shellenbarger found an opening and ran the distance for a six-pointer. Alcona stiffened its defense at this point, however, and stopped the important run for points after touchdown. The Tigers held an 8-6 lead with five minutes, 40 seconds remaining in the third quarter.

Hale Area's defense arose to the occasion after the kickoff and Bill Myers recovered an Alcona fumble on the first play from scrimmage at the 40-yard line. Shellenbarger, Bell and Miller combined running talents to Alcona's 15-yard line. Shellenbarger was dropped for a loss of

eight yards, but a penalty against the Tigers offset this play. On fourth down and starting the fourth quarter, Shellenbarger took a handoff and passed to Emery on the five-yard line and Bell punched his way to the one on the next play. A touchdown run on the next play was nullified by a five-yard penalty against Hale Area, but Shellenbarger finally cracked over in two plays to score a six-pointer. Miller found Steve Denstedt (83) open in the endzone for a two-point pass play and Hale Area held a 14-8 lead with 10 minutes, 22 seconds to go in the fourth quarter.

Alcona was down, but not counted out as yet, for the Tigers' two outstanding running backs, McIntyre and Kauffman, staged another good attack to move the ball to Hale's 35 in six plays. A 10-yard penalty against the Tigers stopped the drive, but a key punt which went out of bounds at Hale's five-yard line really proved to be the game-deciding play.

The Eagles tried three running plays, but found themselves right back where they started on their own five-yard line. In attempting to punt his way out of trouble and capable of booting the ball 35 or 40 yards in the air, Miller's foot was at the wrong angle and he punted nearly straight up. The ball had an "Alcona bounce" and the Eagles actually lost one yard on the play.

With this opportunity, Alcona last no time in tying the score. McIntyre was stopped on the first play from scrimmage and, on his second run, fumbled the ball at the goal line. An alert play by David Shienke of the Tigers covered the ball in the endzone and Alcona had a six-pointer. Kauffman ran the two-point conversion for the winning margin.

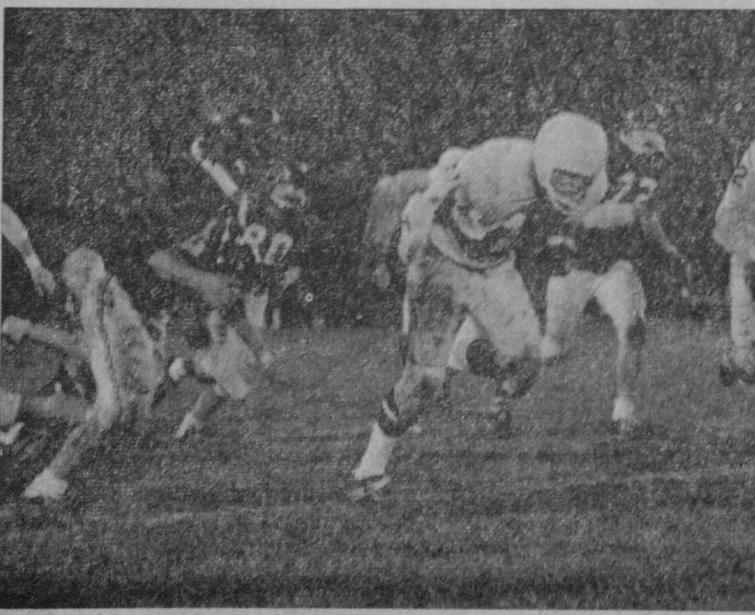

The scoreboard read three minutes, 48 seconds to go and the Eagles were not about to give up. In nine plays, the Eagles moved to the visitors' 30, the last yardage coming on a pass from Shellenbarger to Miller. Hale's drive ended there as two passes were wide of the mark and the Eagles finally fumbled on the 33, where McIntyre ran out the clock in two plays for a hard-earned victory.

A large crowd was on hand for homecoming festivities, which saw Miss Cindi Piper, 1971 homecoming queen, crown Lana Rucke, Hale Area senior, as the 1972 queen.

The program featured beautifully decorated floats entered by the high school classes, along with the usual outstanding performance by Hale Area School Band.

BIG GUN in the Alcona attack was Tom McIntyre, quarterback, who is shown here picking his way along the sideline to register a good gain.—Tawas Herald Photo.

KEYNO SHELLENBARGER, third from left, breaks through the Alcona Tiger defense for a good gain in Friday night's game. He scored two touchdowns during the night.—Tawas Herald Photo.

Dukes Too Much for Braves; Tawas Area Holds Own, 16-8

Tawas Area Junior Braves and freshman football squads turned in victories over Essexville-Garber Thursday night, but the Braves' varsity lost a hard-fought, 16-8, battle Friday night to the Essexville-Garber Dukes, a leading contender for the NBC championship again this season.

The 1971 defending champions, now tied with Ogemaw Heights and Gladwin for the NBC leadership, had to stave off a determined bunch of Braves in the fourth quarter. The Dukes, although scoring only one touchdown in the first half, had things pretty much their own way and controlled the ball for the first two quarters.

The winners scored first when Fred Burks burst in from one-yard out with three minutes, 31 seconds left in the first quarter. That touchdown came after the Dukes had taken the kickoff and moved methodically downfield picking up six first downs and scored on the 17th play. Mike Bell flipped a PAT pass to Lynn Conway and Garber had an 8-0 lead.

The Braves had the ball for only 13 plays during the first half, but then reversed the situation in the second half.

Tawas Area came to life after intermission and controlled the ball with 19 plays in the third quarter and most of the fourth quarter. The Braves had five turnovers, however, on three pass interceptions and two fumbles which hurt their cause.

The Braves struck with lightning in the fourth quarter. Marching goalward, Tawas' drive was stopped when Tom McPhail intercepted a pass thrown by Quarterback Steve Sventko. Tawas Area's defense dug in at this point and forced the Dukes to punt on fourth down.

Steve Janego, Tawas Area speedster, picked up the ball on the 17 and electrified the crowd as he ran it through Garber defenders on his way to an 83-yard touchdown jaunt. Janego ran the PAT two-pointer to tie the score with five minutes, 44 seconds left in the game.

Matt Peterson, who injured his knee early in the second half, put the Dukes back out in front with a 35-yard touchdown run with four minutes, five seconds remaining in the game. He ran the two-point conversion to give the winners their final margin.

The Braves, who had one touchdown drive stopped earlier in the game with a fumble on the seven-yard line and had another third quarter drive stopped by a 15-yard holding penalty, again showed a good threat late in the game. This drive was stopped in Essexville-Garber territory when Kent Garson re-

covered a fumble for the Dukes with two minutes, 52 seconds remaining in the game.

Something has to give in the NBC championship race next Friday night when Gladwin and Ogemaw Heights square off in a showdown test at Ogemaw Heights. Ogemaw posted an impressive, 37-6, win over Standish-Sterling Central, while Gladwin bounced Pinconning, 32-0. Oscoda downed Carrollton, 20-14, Friday night and the Braves are to play host to Carrollton this Friday night.

Defensively, Steve Anschuetz led the Braves with 12 tackles, followed by Randy Reed's 10 tackles at defensive end. Others turning in good defensive games were Rick Burris, Al LaBlance and Sventko. Mike Hughes, fullback, picked up 33 yards in 10 carries and was not thrown for a loss.

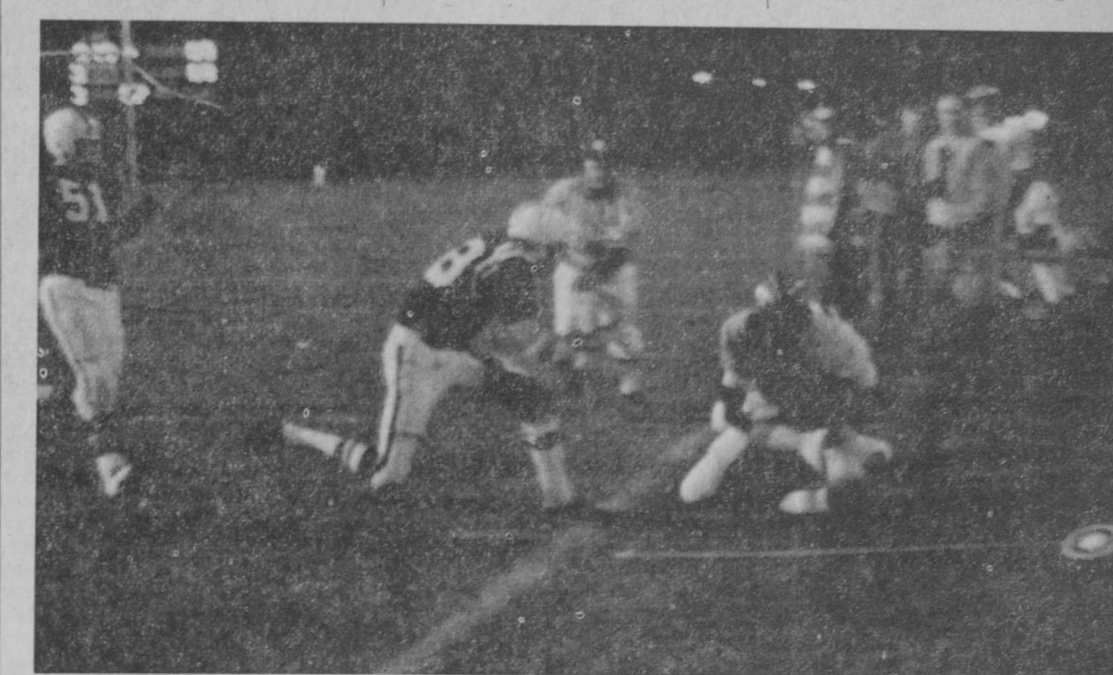

On the winning side of the ledger, the Junior Braves defeated the Essexville-Garber Junior Varsity, 13-16. Mark Elliott was the big gun for the winners with three touchdown runs, the first on a 50-yard off tackle play, the second on an 82-yard kick-

off return and the third on a 25-yard sweep. Elliott had 104 yards rushing and 140 return yards on kickoffs and punt returns.

Mickey Haglund had 71 of Tawas Area's 193 rushing yards, while Jeff Hemphill, George Smith and Mike Mooney were outstanding on defense.

The Junior Braves play at Carrollton this Thursday night.

For the first time in history, Tawas Area's freshman squad defeated the Little Dukes, 34-14. The freshmen are to play host to Carrollton's freshman squad this Thursday night.

TAWAS AREA SCHOOL'S new 4-E program for junior high school students met for the first time last Friday. For one hour each Friday afternoon, junior high school students have the opportunity to participate in a program of their own choosing, all classes being handled by faculty members. Included in the different offerings are auto mechanics, ping pong, archery, pet care, leather craft, languages (German, Spanish, French), flag football, bicycling, modern dance, fundamentals of track and field, oil painting, wood working, gun safety. The next nine-week program will offer an entirely different group of programs. Judging from participation last Friday, junior high students have accepted this program with enthusiasm. The picture at top left shows a group participating in archery, while students battle it out on a ping pong table at top right. Gary Nelkie, instructor, is shown with students participating in oil painting, while Paul Hay, instructor, is shown with students in the pet care class in the bottom photo.—Tawas Herald Photos.

VFW Auxiliary Held Powwow at Boyne Falls

Boyne Mountain Lodge, Boyne Falls, was the site of the annual fall powwow of the Department of Michigan Ladies Auxiliary to the Veterans of Foreign Wars, Officers of Iosco Post No. 5678 and Auxiliary who attended the powwow September 29 to October 1 were Theresa Rolter, treasurer; Fannie Bereckley, color bearer; Lu Baker, guard; Flora Roberts, conductress, and Joseph Roberts, service officer.

Mrs. James Reid of South St. Paul, Minnesota, national organization president, made her official visit to Michigan and addressed the assembly at the Saturday session. Mrs. Victor Kerwood, department of Michigan auxiliary president, presided at the business session. She appointed Marcella McKune of Central Lake as chairman.

The fall powwow is held annually to familiarize auxiliary officers and chairmen with the planned programs of the national and state organization.

Comedy Musical Program Featured Meeting Sept. 27

One hundred fifty-four members were present at the Wednesday, September 27, meeting of Tawas Area Senior Citizens at the East Tawas Community Building. Nine guests attended, including Benjamin Schmidt, Helen Smith, Rose Marsden and Fred Martin, all of Saginaw; Mary Roessner, Sylvia Barker, Ethel Smith, Lula Dahne and Grace Flint, all area residents.

Following the brief business meeting, eight members with September birthdays were honored at a decorated table. Refreshments were served.

A comedy musical program was presented by Kirby's Kitchen Band, composed of senior citizen members, each in costume. Cards were played and door prizes presented.

Wednesday, October 11, 5:00 p. m., the annual dinner for senior citizen members will be held at the Tawas Golf and Country Club, Tawas City. There will be no meeting held on this day.

Next regular meeting will be Wednesday, October 25, 12 o'clock noon, at the community building.

Annual Open House Set at Oscoda A. School

Oscoda Area High School will host its annual open house Wednesday, October 11, from 7:00 to 9:00 p. m. The open house will be completely informal with no planned program. There will be a brief welcome to the parents and visitors from high school principal, William Estes, and then parents will have the opportunity to visit with teachers and administrators concerning their child's progress. Exhibits of students' work will also be on display.

Coffee and cookies will be served in the commons area.

Two Tawas A. Students Get Scholarships

Richard Lemon and Paul Killey, both students at Tawas Area High School, have been selected as recipients of Northern Michigan University scholarships in the amount of \$1,500 per year each for four years at the university, beginning with the fall semester of 1973.

Announcement of the awards was made by Robert Pecotte, director of NMU's financial aids office.

"Each of these recipients has been chosen as a semi-finalist in the National Merit Scholarship competition, which ranks them among the top students in the Lower Peninsula as well as the State of Michigan," Pecotte said.

"Therefore, in recognition of their scholastic achievements, the university is presenting them with these awards.

"We feel that they will prove to be an asset to Northern in its continuing efforts to improve the quality of its student body." The recipients have been asked to notify Pecotte's office by October 15 if they intend to accept their scholarships.

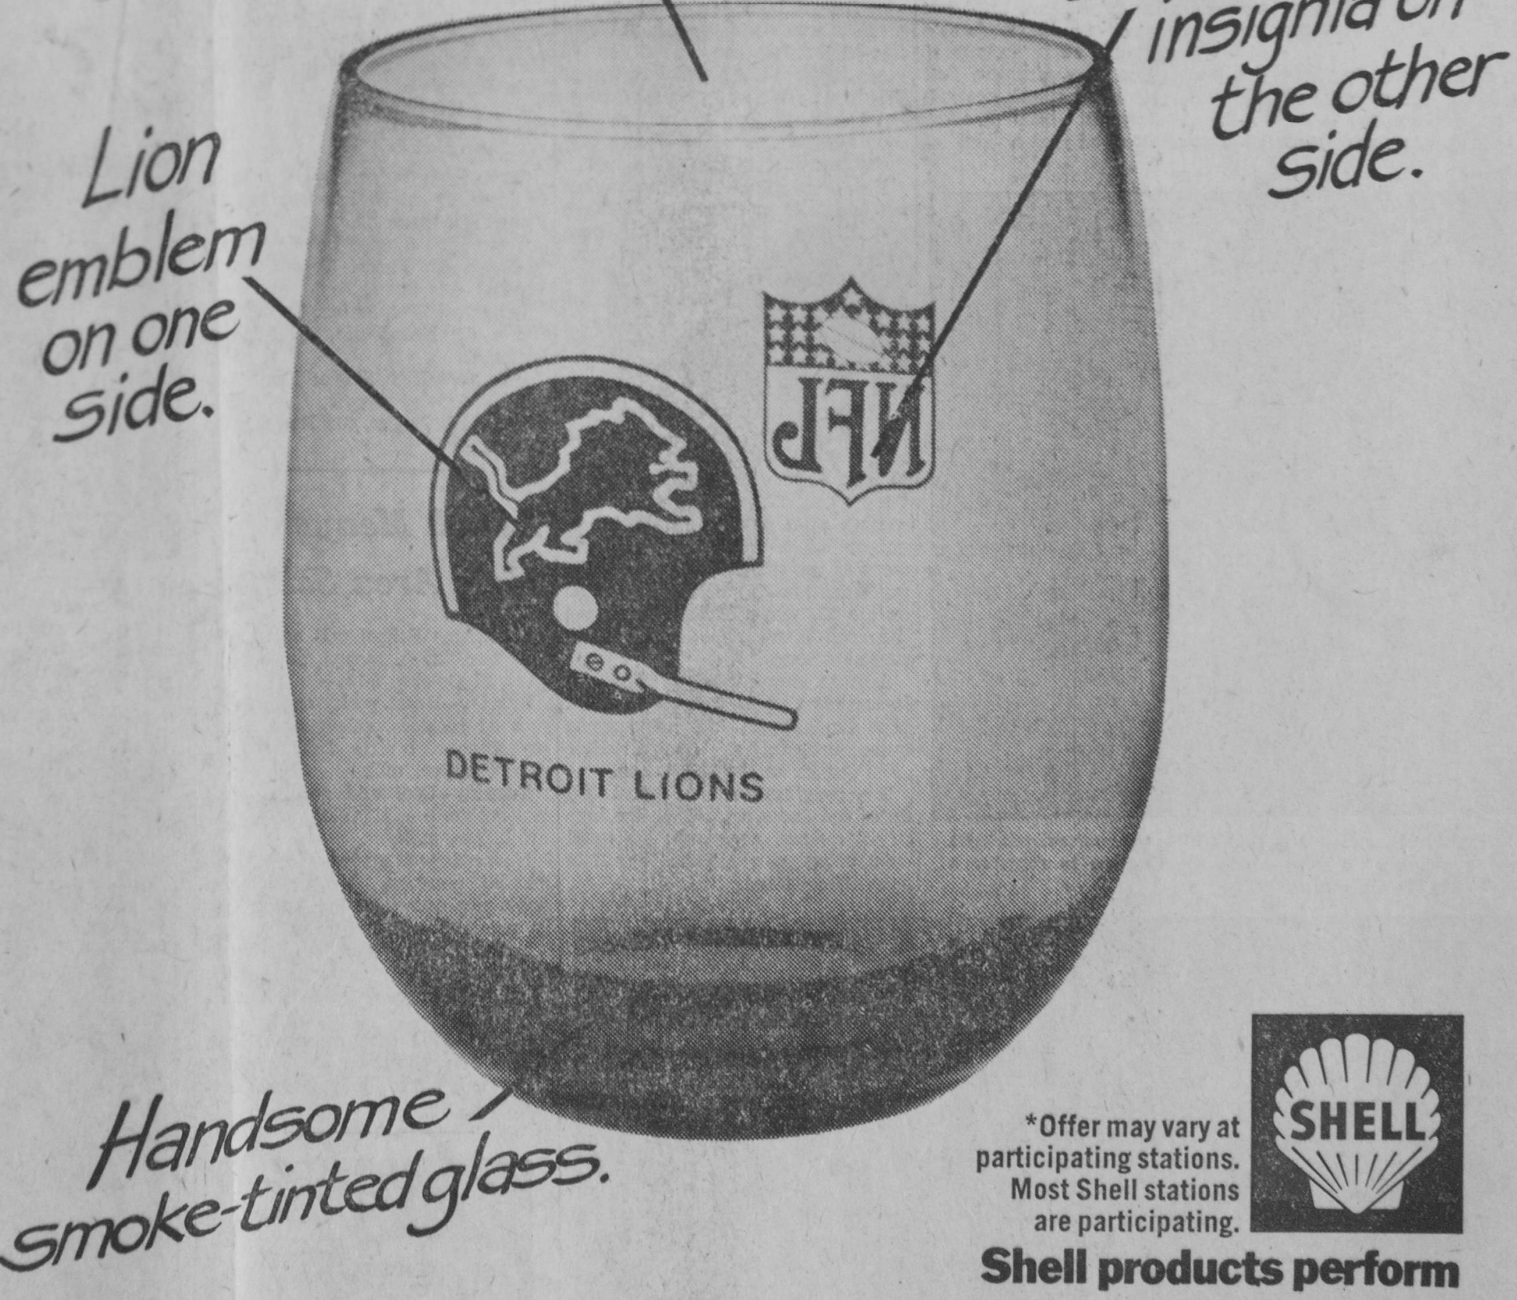

Each award could amount to \$6,000, with the only stipulation being that the individual student remain in good standing throughout his four years in college.

Review Nurses Aide - Orderly Training Plan

The health occupations advisory committee of the shared time vocational training program being conducted for seniors in Iosco County schools met recently to review the nurses aide-orderly training program being conducted this year.

The advisory committee is headed by Bruce Vickey, who is career education director for the Iosco Intermediate School District.

Citizens serving on the committee are Mrs. Charles Lemon, physical therapy director at Iosco Medical Care Facility; Roy Bergstrom, administrator of Iosco Medical Care Facility; Mrs. Phyllis Langley, registered nurse, director of nursing at Tawas Hospital, along with Dr.

James Jacques of Tawas City and Dr. Darwin Wagoner of Oscoda.

Instructor for the program is Mrs. Shirley Whitaker, registered nurse. Hale, whose husband is a physician assigned to the Huron Forest Medical Center.

The group discussed the course outlined for the program as well as the types of experiences that would be profitable for the students. As part of the training, it is anticipated that students will have an opportunity to spend some time with the public health nurse, some time in a doctor's office and a period of time at the Iosco Medical Care Facility. The majority of the training and experience, however, will take place at Tawas Hospital.

The nurses aide-orderly training program is part of the shared time vocational education program initiated in Iosco County this fall. There are 12 young men and women from county high schools participating in the nurses aide-orderly section. The class meets daily at Tawas Hospital.

During the first months, students have spent a majority of the time in the classroom studying related materials. After that, students will spend about an hour a day in the classroom and approximately three hours a day in a training situation.

Students have been invited to attend the next advisory committee meeting. This would give the committee and the students an opportunity to share their opinions and impressions and mutually work for improvement of the program.

13 Received Degrees At Central M.

Thirteen students from Iosco County were among 676 to be awarded degrees at Central Michigan University at the end of the summer sessions in August. Degrees were awarded the following students:

East Tawas—Jane A. Cherwinski, 315 Wilkinson, master of arts degree; William H. Deckett, 309 Alice Street, bachelor of arts degree.

Hale—Mark C. Brindley, bachelor of science degree; Joseph K. Vanderveen, master of arts degree.

National City: Janis K. Grabow, master of arts degree.

Oscoda—John H. Beville, master of arts degree; Timothy W. Gaylord, master of arts degree; Thomas L. Marek, master of arts degree; Michael S. Oakey, master of arts degree; James J. Scholar, master of arts degree; William G. Sullivan, master of arts degree; Adolf J. Weselhoeft, master of arts degree.

Tawas City: Eugene F. Kushion, bachelor of science degree in education.

Whittemore: Karen Ann Caldwell, master of arts degree.

Commencement exercises are not held at CMU during the summer or fall, but August graduates are invited to participate in the mid-year commencement, to be held December 16.

Wages in Kind Subject to SS Withholding

Question: I work in a restaurant and my employer withholds social security contributions on the value of the meals he furnishes me. Is this right?

Answer: Yes. Wages in kind from a restaurant count for social security purposes. Your employer is required to withhold the social security contributions on the value of your meals plus your cash wages.

Question: I just hired a cleaning lady to come in three days a week. I pay her a salary and give her a dinner on each day she works. Should I include the value of her meals on her quarterly wage reports?

Answer: No. Only cash wages, not room, board and meals, are reported for household workers.

Question: I have two small seasonal businesses. My net profit from each averages under \$400. Can I combine the net profits and get social security credit for this work?

Answer: Yes. Self-employed people with more than one business during the year must combine the net profits. If the total net profit is \$400 or more, it counts for social security.

Question: I own and operate a farm. My 16-year-old son is working on a 4-H project. He will earn about \$800 from the project this year. Is he considered self-employed by social security?

Answer: Yes. If your son is carrying out his 4-H activity by himself, he is self-employed. Since his net earnings will be over \$400 for the year, he must file an income tax return and pay the social security self-employment contribution regardless of his age.

If you have a question about social security, contact your district office at 1009 North Madison Avenue, Bay City, Michigan 48706; telephone, 893-9579. For your convenience, a social security representative will be at the Iosco County Building, Tawas City, every Thursday of each week from 9:45 a. m. to 3:00 p. m.

CLOSED ALL-DAY SATURDAY

Regular Office Hours are as follows:

Monday and Tuesday: 8:00 a. m. to 12 Noon, 1:00 p. m. to 5:00 p. m. and 6:00 p. m. to 10:00 p. m.

Wednesday through Friday: 8:00 a. m. to 12 Noon and 1:00 p. m. to 5:00 p. m.

West Iosco Roads Being Blacktopped

15 Years Ago—

October 3, 1957—Thirteen miles of bituminous surfacing on M-65 and M-66 in Iosco and Ogemaw Counties have been completed a month ahead of schedule. The \$248,365 project, consisting of three miles of 22-foot-wide bituminous surfacing on M-65 from Whittemore north to M-55 and 10 miles of similar construction on M-66 from M-65 west, replaces old gravel roads. With favorable weather conditions, construction on M-65 from the corner of M-55 north to Hale is moving along at a good pace. This section of road is scheduled to be open to traffic by the first of deer season.

Tawas Area Board of Education is to hold an election asking voters if surplus school property may be sold. Property to be sold includes Watts, Greenwood, Stevens, Upper Townline and Vine schools. Land at the Anschutz and the Lower Townline schools will revert to owners of this property when not used for school purposes, so these buildings will have different considerations.

At the beginning of the last session of the legislature, public schools asked for \$47,000,000 to be appropriated to provide a minimum education program for children of the state. The legislature reduced the amount to \$43,000,000 and the state budget director reduced by 10 percent the amount voted by the legislature. This leaves the amount of state aid at \$40,200,000. Action of the budget director leaves many of the boards of education around the state in a peculiar position as local budgets were adopted last summer.

When Steve Lawson said "No more wrinkles in my shirts"...

his wife bought a Gas dryer.

The kind with a permanent press cycle.

But what Steve and his wife discovered was that the permanent press cycle on their new Gas dryer saves them Gas and money, too. You see, it operates without Gas during the last 10 minutes (just fresh fluffing air, to make sure the wrinkles won't set). Saving Mrs. Lawson a lot of ironing.

With so many permanent press items in use today, you should consider replacing your old dryer with a modern Gas dryer with the per-

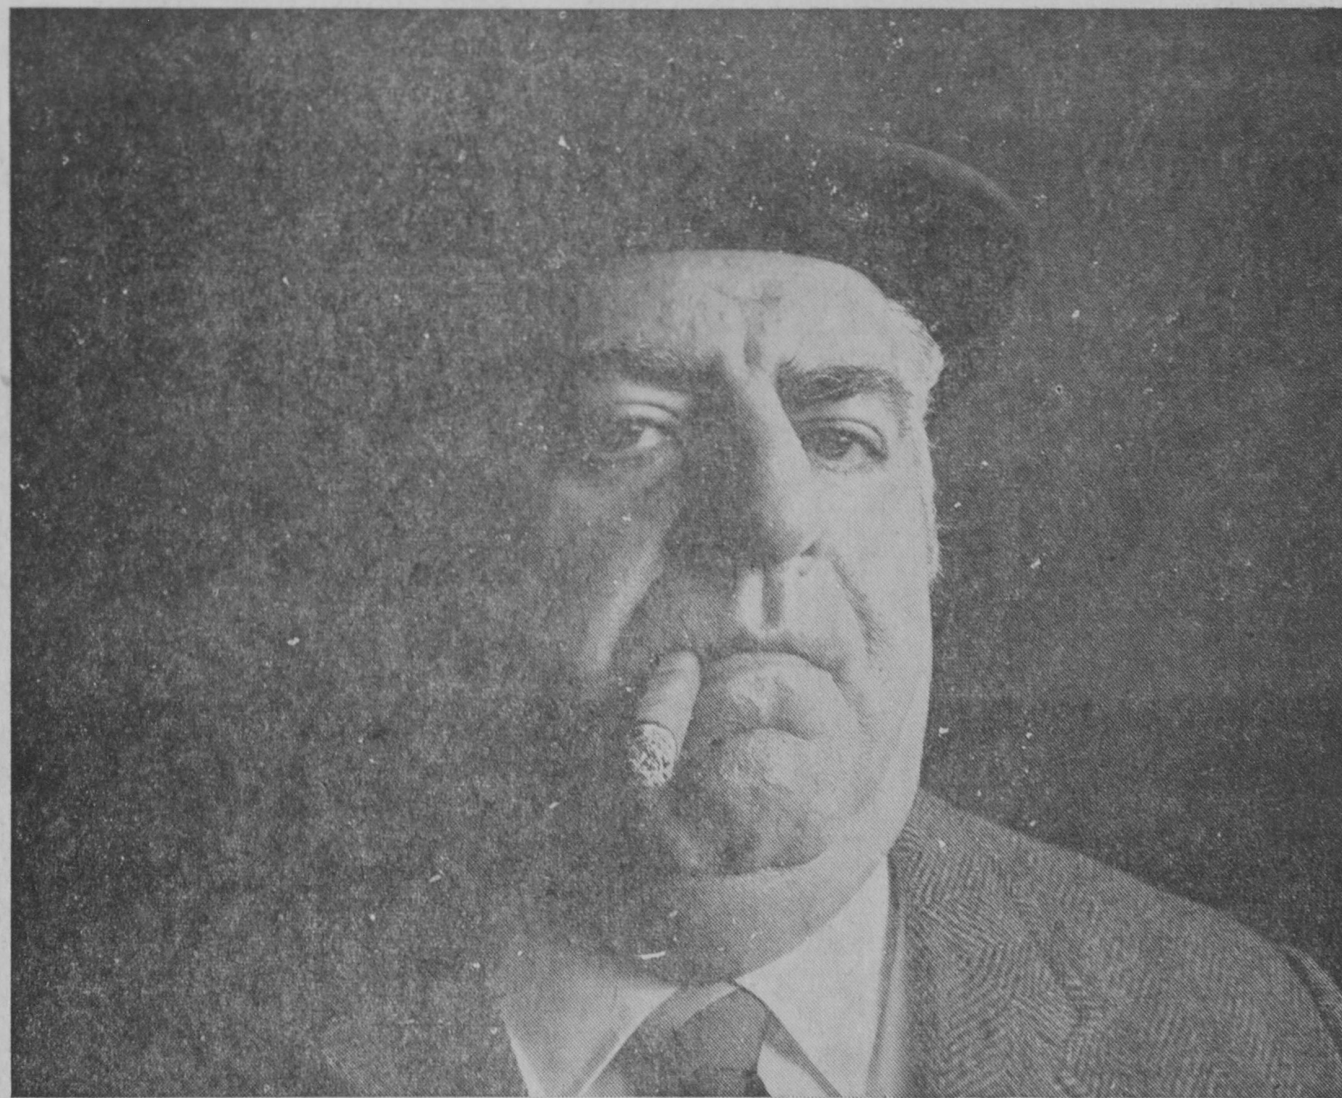

manent press cycle. You can see them at Gas appliance dealers or Michigan Consolidated Gas Company showrooms.

But, whether your dryer is old or new, here is how you can increase its operating efficiency:

1. Follow manufacturer's instructions on proper operation.
2. Keep the dryer's lint filter clean.
3. Avoid over-drying your clothing.
4. Keep the dryer's flue clear of lint accumulations.

Annual Report

REPORT OF EXAMINATION TAWAS AREA SCHOOLS TAWAS CITY AND EAST TAWAS, MICHIGAN JUNE 30, 1972

July 14, 1972
Members of the Board of Education
Tawas Area Schools
Tawas City and East Tawas, Michigan

We have examined the balance sheets of the several funds of the Tawas Area Schools as of June 30, 1972 and the statements of revenues and expenditures of the year then ended. Our examination was made in accordance with generally accepted auditing standards and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances, except that our examination of the activity fund was limited to recorded receipts and disbursements.

Our examination did not include a review or verification of child accounting records.

In our opinion, the accompanying statements present fairly the financial condition of the several funds at June 30, 1972 and the operating results for the year then ended in conformity with the Michigan School Accounting Manual Bulletin 1022.

LETTER to the EDITOR

I recently read a letter from one of your readers concerning the proposed halfway house to be located in Iosco County.

I would like to present an opposite view of the proposal.

In the aforementioned letter, the reader wrote, "Every person living in a residential area is a potential neighbor to the halfway house."

I, personally, believe it would be more realistic to say, "Every parent living in a residential area is a potential parent of a possible probationer or candidate for the halfway house."

It is very idealistic to think that our own children will never require the benefits or services of a halfway house. I, as the mother of five children, three of them boys, would love to have someone guarantee that!

We move along through parenthood, loving and providing for our children and hopefully giving them the morals, guidance and the training that we hope will insure their futures as honorable and responsible citizens.

It does not always work.

We know, or should know, that all parents are not so concerned with their children's welfare. Sure, they feed and clothe them, but totally ignore equally important things such as their moral, social and individual wants and needs.

But, both types of young people, those from responsible homes and those from unconcerned homes, pass through our courts every day. There can be no discrimination in the courts!

Stop and think! Iosco County needs the halfway house, a place where these individuals can get expert guidance, supervision and perhaps find themselves or what has been missing in their homes or their personal developments. And I mean young people from good and bad homes!

Iosco County has the opportunity to get this program started with the aid of federal funds. Undoubtedly, the residents of the county will have to help with the financing as the program progresses. But is it not worth it? What better investment can you make than in a program aimed at providing aid and assistance for the young people of our county?

These are young adults on whose shoulders lie the responsibility for the future growth, development and welfare of this county. Are they not

worth our initial investment? A halfway house is a new idea for most of us and there is certainly no absolute guarantee that it will survive and fulfill all our hopes. But, as we would with a newborn child, let us give it a good start, support it and, hopefully, watch it grow and develop into something we will all be proud of.

I, as a parent, cannot turn my back on this project.

Respectfully,
Mrs. Dale A. Snyder
Whittemore.

Dear Editor:

While much is being written in this election year about the impact of "senior power," I would like all older persons in the area to know that the American Association of Retired Persons (AARP) believes that the true power of "seniors" lies in their continued contribution to the health and well-being of our nation. A non-profit, non-partisan organization of more than four million members, AARP sponsors many community-service activities through which older citizens continue to apply their experience and wisdom in service to others and provides members with income-stretching services, such as special insurance programs, mail order pharmacy services and group travel programs. Through its national and state legislative programs, it seeks to improve social security and medicare programs, housing and transportation services and to obtain tax reforms to benefit the elderly. A major current legislative goal is the removal of the earnings limitation under social security, which unfairly penalizes older persons who need to work to supplement meager incomes.

For complete information, write AARP, 1225 Connecticut Avenue, N.W., Washington, D. C. 20036.

Would Form Reg. Council On Aging

Northeast Michigan Community Action, Incorporated (NEMCA), Alpena, has announced a meeting of representatives from 14 northeast counties for the purpose of organizing a regional council on aging. Kirtland Community College, Roscommon, has offered to host the large group meeting Wednesday, October 11, at an all-day session at the college.

The proposed constitution prepared by the steering committee will be on the agenda for corrections and final ratification. The purposes for the establishment of a wide-base regional council on aging will be to obtain funds on a federal and state level and to implement programs and services to safeguard the well-being of over 22,000 senior citizens within this area.

Another function will be to help organize and assist local county councils to provide better services to their older citizens. County representatives to this open meeting at Kirtland College will consist of personnel from Departments of Social Services, members from established county councils, UAW members, community action agencies, ministers, health department workers and all interested individuals desiring to help with the program. It should offer a real challenge as well as a creative opportunity to catch a vision of a better life for all by utilizing senior power at grass roots levels.

USE OF NEW SPEEDY BAGS beginning October 1 throughout the country will help this important mail keep its identity within the United States mail system, thus insuring priority handling and faster delivery. Bobbie Scott, a special delivery carrier at Chicago's Fort Dearborn station, shows how the special mail is prominently identified by the transparent bag. When placed in regular mail pouches, the word "speedy" is left exposed at the top, so the bag's contents may be removed first for priority processing and delivery. Made of flexible, transparent plastic film, the speedy bags are expected to be re-used at least 10 times. The new procedure was successfully tested in 4,500 post offices in the West before going national.

New Plastic Bags to Speed US Mail

A system to speed up special delivery of air mail and first class letters, flats and small parcels was added to the United States mail October 1.

Leonard Hosbach, Tawas City postmaster, said postal authorities recognize the need to improve special delivery service. He noted that Postmaster Gen. E. T. Klassen recently told a press conference at Washington, D. C., that "special delivery service for many years has been a disgrace."

At that time, Klassen announced plans to install a nationwide improvement program based on the use of a self-identifying plastic "speedy bag." The speedy bags will be used within the mail system to keep special delivery mail from losing its way among millions of other pieces of mail.

Postmaster Hosbach noted that a six-month test program executed at 4,500 post offices in the West "has shown a reliability rate in the high 90s."

Speedy special delivery bags are made up of polyethylene and are 20 inches by 30 inches. The postal service eagle and the words "speedy" and "special delivery" are imprinted in green.

"All special delivery letters, flats and small parcels normally dispatched in mail pouches will be placed in speedy bags," Postmaster Hosbach said. "The speedy bags then will be placed in a mail pouch or loose pack in such a manner that approximately four inches of the green imprint on the speedy bag is exposed when the pouch or loose pack is closed."

"Upon arrival at the destination or next processing office, pouches containing speedy bags are opened first and the speedy bag is removed and immediately taken to the distribution area for priority processing," Postmaster Hosbach explained. He said that studies have shown special delivery mail to be delayed within post offices when it gets intermixed with standard first class mail. This caused it to miss special delivery "runs," he added.

Postmaster Hosbach pointed out that the public also frequently contributes to slow movement of special delivery mail when special delivery mail is dropped into street collection boxes or other mail deposit points without checking whether there will be an expeditious pickup afterwards.

"Special delivery mail is best deposited at a post office where it can move promptly to the station that will finally deliver it," he said. "Mailers also should consider whether a particular item should go via air mail special delivery to insure fastest possible movement in transit as well as at the destination," he added.

Make Plans to Brighten Christmas for Patients

It may seem a bit early to begin planning for Christmas, but not if one plans for over 1,400 people, as does Traverse City State Hospital. A great amount of time and effort in behalf of the hospital's patient population is required to insure a "Merry Christmas" for all patients. It takes time for clubs and civic organizations, churches and schools to formulate plans in order to participate in the Christmas effort at the hospital. Organizations within the 36-county area assigned to the institution are invited to begin now to make plans to take part in the Christmas activities for Traverse City State Hospital's patients. Volunteers will begin wrapping gifts on November 13. The hospital would like to receive as many of the gifts as possible by that date. Gifts should not arrive later than December 1.
