

SMELT started the annual spawning migration last week up the Tawas River, Whitney Drain and other area streams emptying into Lake Huron. Fishermen are now looking for a warm rain to speed up the expected spring run of perch. This picture was snapped Sunday night on Dead Creek behind the elementary unit.—Tawas Herald Photo.

Council Receives Preliminary Budget

A preliminary budget of \$223,050 for city operation, \$30,000 lower than actual expenditures for the current year, was presented Monday night to the Tawas City Council. A special meeting of councilmen is to be held Wednesday, April 25, to study the proposal and to make recommendations on the final budget.

City Mgr. Reginald Bublitz told councilmen that the preliminary budget probably would have some additions following study by the council at the special meeting. Last year, the council adopted a \$248,850 budget, but had an expenditure of approximately \$5,000 less than anticipated.

The new budget is based on a local tax levy of 16 mills on a valuation of \$8,300,000, which would raise \$115,000, as compared to the current collection of \$104,443.97, reflecting an increase in valuation. Of the millage total, this is the second and last year for spreading three mills for bridge construction.

Major receipts include \$22,000 from sales tax, \$33,000 for Act 51

Highway money, \$15,000 for trunkline maintenance, \$6,500 from Michigan income tax and several other smaller revenue categories.

The preliminary general fund expenditure budget is \$162,300 and preliminary street fund budget is \$54,700, for a total of \$217,000 in expenditures.

In other business, no protests were heard and the council ordered rezoning of Block 12 in Wheeler's Second Addition from multiple family to B-1 Business.

Tawas Board Asks Mediation In Bargaining

Tawas Area School has asked for mediation in current contract bargaining with 52 non-instructional employees represented by the American Federation of County and Municipal Employees.

Supt. Edward J. Barry said that there had been a lack of progress on contract talks and that AFCME had set a strike deadline of May 1 if a new contract was not agreed upon.

The superintendent has charged that the union has not bargained in good faith in its demands for salaries, binding arbitration and seniority rights rather than classification. He told members of the board of education Monday night that negotiators for both sides were at loggerheads on many issues and that the next session, the last scheduled in bargaining, was to have been held Tuesday night.

In the event of a strike, the superintendent said he plans to seek a court injunction and is to notify the Michigan Employment Relations Council.

A report on a recent meeting with officials of Tawas and Alabaster Township indicated that the city attorney is to check into the legal area of establishment of a fire authority and to prepare documents and present to governmental units involved for opinions prior to July 1.

Officials of Tawas City and Tawas Township expressed approval of further study of a proposed plan of three-quarters of a mill of taxes for fire protection and establishment of a fire authority. Tawas Township officials were in agreement that, in order to provide modern fire protection equipment, volunteers and buildings are vital.

On the other hand, officials of Alabaster Township expressed the thought that their existing financial structure would not allow approximately \$5,000 a year for fire protection. Alabaster officials believed that they might afford \$1,500 a year as a standby charge and \$150 per fire call.

Alabaster has a population of 288 and most homes along the lake are seasonal, being vacant most of the time. It was stated that United States Gypsum property, which comprises most of the valuation, does not have many fires because of the amount of undeveloped property.

Mayor John Brugger expressed the thought that, without fire protection, insurance rates would greatly increase and that homeowners could not provide full coverage for property without fire protection.

The mayor stated that the city could not operate a fire department on a standby basis as the cost of operation continues daily. Even if it is never used, he said, there is the cost of equipment investment, housing and other continuing costs.

In other business, the council set spring cleanup days for Monday, April 30, to Friday, May 4, which coincides with spring cleanup at East Tawas.

One building application approved during the past two weeks was for Clarence King, new front on store building.

Papenfus Named Athletic Director

James Papenfus, who has been head basketball coach at Tawas Area School for the past five years, resigned Monday to become the school's new athletic director. He replaces Robert McDonald, who performed those duties along with his position as assistant high school principal.

In his letter to the board of education, following the appointment, Papenfus said he looked forward to directing athletics at Tawas Area. "I'll be working very hard to maintain and improve our total athletic program," he stated.

In his coaching career, Papenfus' teams have a record of 90 wins and 54 losses. In his five years at Tawas Area, his teams have compiled a record of 56 wins and 38 losses, including the Northern B Conference championship in 1970-71 and 1972 district basketball tournament championship.

In other business, it was announced Monday night that 90 children registered for kindergarten next fall. It is expected that this number will swell to about 123 children by next fall.

Leonard Sarki announced that he would not be a candidate for the board of education at the annual election on June 11. Sarki, who was appointed to fill the vacancy last year of Carl Helmer, is one of two trustees whose terms expire this year. The second vacancy is the trustee post of Dr. James Jacques. Deadline for filing nominating positions is May 11.

Open 'Yes' Campaign on School Bonds

A campaign to promote a positive "yes" vote on a \$5,365,643 bond issue to construct a new high school, renovate the Tawas City Elementary Unit and upgrade Tawas Area School's educational offering was opened Monday night.

Following a brief meeting of the board of education, a public meeting was held to acquaint the nearly 100 persons in attendance with the board of education's proposal to be placed before voters on May 14.

Members of the board of education and administrators expressed great satisfaction in seeing the excellent response from the district at the public meeting.

Citing the fact that a bond issue placed before voters at any time is controversial because there would be a solid block of "no" voters opposed to raising taxes and that the proposal would have a tremendous impact on the district, Supt. Edward J. Barry said that the campaign would not be aimed at changing anyone's mind. He said that the board's program prior to the election would concentrate on getting "yes" voters to the polls.

"There is always some apathy on the part of some voters towards an election of this type," said Barry, but he stressed that the campaign must insure that "yes" voters among parents, grandparents and others interested in schools show up at the polls May 14.

In his presentation, Barry said that the proposed bonding issue was designed to provide a well-rounded educational program for children, as well as to provide facilities for the entire community which are lacking at present. He said that the core unit of the proposed new high school was designed to meet any growth factor of the district over the next five to 10 years. He said that the district can expect a three percent growth rate annually but, should there be a sudden enrollment boom, additional classrooms could be constructed around the core unit.

Crowded classrooms of the school district, which has resulted in the lack of space to provide an educational program, is one of the principal reasons for the proposed bond issue. The high school, for instance, was constructed 16 years ago and designed for 650 students. At the present time, the high school is packed with 1,100 junior and senior high school students.

In addition to the space problem, said Barry, the proposed bond issue would finance the upgrading of the school's instructional program in all fields, particularly in vocational training. In addition, he said that facilities being proposed in the bond issue which the district does not have at the present time (a swimming pool and auditorium, for instance), would provide a school plant which would meet the total, over-all needs of children and the community.

Allocation Board Makeup Changed

A major change in membership of the Iosco County Tax Allocation Board became apparent Monday as the board held its annual reorganizational meeting and accepted budgets from various governmental units and schools.

Effective April 10, appointment of Arden Charters, veteran member of the board, was revoked. Probate Judge William McCready indicated that he had mistakenly reappointed Charters to the position on March 23.

In checking state law, the judge found that Oscoda Township is a municipality that has a population of more than 10,000 persons and that the township board is entitled to the appointment of one member of the tax allocation board.

As a result, Charles Smith, Oscoda Township supervisor, is the new member.

Another new member is Richter Lixey, Baldwin Township supervisor, who was appointed by the sheriff, treasurer and clerk.

Other appointive members of the board were Ralph Western of East Tawas and Ellsworth Bernard of Hale, who represents schools.

Statutory members include Ernest Jordan, intermediate school district superintendent; Edward Nelkie, county treasurer; J. Berkeley Smith,

The superintendent pointed out that at the present time, the school has facilities to provide only two vocational programs. The proposed new high school is designed to offer instruction in eight different vocational fields, including office practice-business machines, child care-home nursing, food laboratory, metal and wood shop, drafting and graphic arts.

"While we are all looking toward the time when our students can go to a county or area skill center to get advanced technical training, the high school still has a definite need for these facilities," said Barry.

According to the plan to be placed before voters, a new high school with 39 teaching stations would be constructed at a cost of \$4,648,020. Included would be a gymnasium seating 1,330 persons and balcony seating 700 persons, as well as a library-media center and other facilities required by a modern school.

The present high school building would then be used as a middle school for grades five through eight. Separation of junior and senior high school students has long been a dream of this school district.

To be located south of the existing building, cost of the new high school would include \$25,000 for site expansion, \$3,669,770 for construction of 140,145 square feet at a cost of \$26 per square foot, \$325,000 for equipment, \$125,000 for site development, \$200,000 for building contingency, \$25,000 for miscellaneous and \$241,907 for fees.

The proposal includes a swimming pool costing \$547,000. To be located near the present high school, the 13,925-square-foot building would include a mechanical room, locker and shower rooms, handball court and bleachers.

The second phase of the program would provide \$129,330 for remodeling and making additions to the Tawas City Elementary Unit. The present west wing, constructed more than 25 years ago as a bus garage, would be removed and replaced with a library, cafeteria and serving kitchen.

It is anticipated that six mills of taxes, \$6 per \$1,000 of state equalized valuation, would be required to finance construction at the outset. At the present time, the school levies one mill for debt retirement, which would make a total of seven mills for bond retirement.

It was pointed out by Robert Elliott, board president, that the original levy for constructing the present high school was five mills and, because of growth and increased valuation of the district, four mills had been dropped over the years. He believes the same will prove true on the proposed new 32-year bonding program and that the initial six mills will be reduced as the area grows.

The superintendent has estimated that additional teachers, custodians, cost of operation and maintenance

Disaster Alert

PREPARING disaster "victims" for their ambulance trip to Tawas Hospital are ambulance drivers, Harold French, kneeling at center, and Robert Frank, right.—Tawas Herald Photo.

BEING BRIEFED on the disaster alert by W. C. Powell, center, consultant for the Michigan Department of Public Health, are Henry Gage, left, Iosco civil defense director, and M. Jerry Norwood, right, director of Tawas Hospital.—Tawas Herald Photo.

A SURPRISE disaster alert was held Saturday morning to test the capabilities of Tawas Hospital should a natural disaster strike the area. Two alerts are held each year for hospital accreditation purposes, according to W. C. Powell, who evaluated activities for the Michigan Department of Public Health. According to the plan, the nearby Masonic Temple was struck by a natural disaster. Members of Tawas Area School's Key Club and Keyette Chapter acted as "victims." Cooperating in the alert were state police and members of the Iosco Sheriff's Department. An excellent rating was received by the hospital following the surprise alert.

A "PATIENT" is unloaded from an ambulance at the emergency entrance of the hospital. The Rev. Kenneth Tousley, ambulance driver, is at left.—Tawas Herald Photo.

CHECKING an incoming "patient" with Miss Sharon Langley, R. N., is Dr. James Jacques, one of five physicians available for duty during the exercise.—Tawas Herald Photo.

Iosco's Tax Base Increased; Two Townships Get Factor

Iosco County has a new tax base of \$139,879,111, an increase of \$13,588,494 over last year, following action of the county board of commissioners in adopting an equalization report submitted Wednesday by the county tax department.

County officials are hopeful that the state tax commission will accept this equalization report but, according to a recent news report, the state tax commission may arbitrarily raise valuations of counties throughout the state.

Last year, Iosco was penalized five million dollars by the state after the equalization report was adopted and a 4.82 percent increase was spread across the county in all categories of real property. That was the first time in many years that the state tax commission had not accepted

this county's valuation figures.

Iosco officials were told by the state tax commission last year that the increase was based on sales studies by the department which were made on a number of tax appeal hearings held the previous year. It was indicated then that the adjusted increase on real property adopted by the county was too low.

On recommendation of William G. Wereley, county tax director, two townships which have a real property ratio below the 49 percent permitted by the state tax commission are to receive factors.

Ausable Township, which now has a valuation of \$11,682,259, was equalized by adding \$795,769 to the assessed valuation. This increase requires a factor of 1.08 percent and increases that township's ratio from 45.58 percent to 49.22 percent.

In Grant Township, the real property ratio was 44.67 percent. Property in that township was equalized by adding the sum of \$729,320, bringing its total to \$9,060,320. This increase requires a factor of 1.10 percent and increases the ratio from 44.67 percent to 49.13 percent.

All other units in the county, according to Wereley's report, were assessing at 49 or 50 percent of the true cash value, as required by the state.

Wereley said the reason for the low ratio in the two units was due to a state tax commission study in each township, brought through appeals by property owners. In accordance with the findings of state appraisers, residential true cash value in each township was raised considerably, \$1,065,580.

The county tax director said that information on these two townships had been received too late for actions by boards of review and there was no way possible of bringing ratios up with other units, other than to add the factors. He said that denying the recommended factors would increase the chance of the county receiving another penalty this year from the state tax commission.

New equalized valuations for other units of the county are as follows: Alabaster, \$7,393,100; Baldwin, \$12,259,059; Burleigh, \$2,526,086; Oscoda, \$41,954,462; Plainfield, \$19,980,963; Reno, \$2,381,175; Sherman, \$3,687,180; Tawas, \$4,722,428; Wilber, \$3,335,400; East Tawas, \$11,491,800; Tawas City, \$8,339,300; Whittemore, \$1,065,580.

Social

Funny Hat Parade Enjoyed

Ninety-three Tawas Area Senior Citizens enjoyed a "funny hat" parade at the Wednesday, April 11, meeting in the East Tawas Community Building. Nearly all members wore unusual hats of their own design. Prizes were awarded to Frances Sheeks, Florence Bergeron, Ruth Shepler, Rufus Martindale, William Hurley and Anthony Slominski for their entries.

Helen Meach, extension home economist, will feature the program at the Wednesday, April 25, 12 o'clock noon, meeting at the community building. Members with April birthdays will be honored and refreshments served.

IARC Viewed Video Tape on Speech Problems

Iosco Association for Retarded Children viewed a video tape, "Language Development for the Exceptional Child," at the meeting Thursday, April 12, at the trainable center, Tawas City. The tape concerned a program conducted in Jackson County of a team approach to speech problems of severely retarded children. A movie of the special education Olympics held last June in Adrian, entitled "Not Lonesome Anymore," was also shown. Coffee hour followed.

About PEOPLE YOU KNOW

Tawas City

Mr. and Mrs. R. E. Mick arrived home Saturday night from a six-week stay at Mesa, Arizona.

Mr. and Mrs. Joseph Serda and two children of Farmington expect to spend the Easter week-end with her mother, Mrs. Clyde Evril.

Miss Mabel Myles leaves Thursday for Flint. She will join her friend, Mrs. Malen Clark, and leave on a 30-day chartered tour to the Canary Islands.

Mr. and Mrs. George Liske are spending the Easter week-end in Detroit with relatives.

Mr. and Mrs. Harry Brugger of Coleman visited Sunday with their aunt, Mrs. J. A. Brugger, and the John N. Brugger family.

Sunday, Dorothy Cogswell of Clio was the guest of his grandparents, Mr. and Mrs. William J. Rapp.

Mr. and Mrs. Raymond Naslund of Livonia will spend the Easter week-end with her mother, Mrs. A. E. Giddings. Mrs. Giddings expects to accompany them home for a couple of weeks.

Mr. and Mrs. Jack Willett and daughter, Adele, of Pittsburgh, Pennsylvania, are expected Thursday to spend the Easter week-end with Mrs. Willett's mother, Mrs. Elizabeth Holland, and aunt, Miss Ferne Mark.

John Ristow and mother, Mrs. Clara Ristow, spent Sunday at Richville and attended the confirmation of the latter's grandson, Randy Ristow, at the Flint Emanuel Lutheran Church. Mrs. Elsie Roach accompanied them home from Flint.

East Tawas

Sunday visitors at the home of Mrs. Melton Pringle were Mr. and Mrs. Edward Pringle of Flint.

Friends of Elmer Kunze will be glad to know that he has been transferred from Ann Arbor Veterans Hospital to a Veterans Hospital in Southfield. He is convalescing there.

Sunday dinner guests of Mr. and Mrs. Harold Siegrist were Mr. and Mrs. Keith Knight and his mother, Mrs. Percy Knight, of Melita.

Mr. and Mrs. Henry Purdy have returned home after spending the past few weeks in Florida.

A surprise party honoring Mr. and Mrs. Clarence Freeman on their 25th wedding anniversary was given by their children, Paula, Bradley and Richard, and the latter's wife at their home Sunday. Friends and relatives were present from Bay City, Midland, Sand Lake and the Tawas area.

Mr. and Mrs. Walter Campbell of Harrisville were Sunday visitors at the Sandy Campbell home.

Mr. and Mrs. Daniel Bellant attended funeral services for her sister-in-law, Mrs. Rollin Goodrich, at Clio Monday.

Mr. and Mrs. Leo Bergeron and Mr. and Mrs. Joseph Fernette attended the confirmation of their nephew, John Kamm, at Frankenhelm Sunday.

Mr. and Mrs. William Schramm (nee Helena Barkman) of New York are visiting at the Joseph Barkman home.

The John Jordans of Sherman Township enjoyed Saturday evening with Mr. and Mrs. Clarence Curry.

Mrs. Donna LaCombe recently attended the North American Beauty and Fashion Hair Show at the Troy Hilton Hotel, Troy.

Bolen-Green Vows Said at Zion Lutheran

Arrangements of Easter lilies formed a floral background in Zion Lutheran Church, Tawas City, for the marriage Saturday, April 14, of Roxann Dawn Green and Charles Robert Bolen.

The Rev. Robert E. Beyer and the Rev. Fr. John Ruszman performed the 4 o'clock, double ring service. Dale Harwood was the organist.

The bride is the daughter of Mr. and Mrs. Ronald Green Sr. of East Tawas. Mr. and Mrs. John Bolen Jr., also of East Tawas, are parents of the bridegroom.

Escorted to the altar by her father, the bride chose an A-line gown of organza over taffeta with a modified Empire bodice and high neckline. Bishop sleeves of imported French lace were highlighted in sequins and pearls. Lace motifs accented her floor-length skirt and removable train, which were edged in scalloped lace. A fingertip veil completed her attire and she carried a bouquet of roses and carnations.

Mrs. Clare Durance Jr. served as matron of honor. Bridesmaids were Mrs. Terry Russler and Noel Baker. The bride's attendants were identically attired in floor-length, A-line gowns with navy blue knit bodices and muffin sleeves. Lace insets accented their sleeves, bodices and necklines. Matron of honor carried a white rose while the bridesmaids each carried a red rose.

Kenneth Schaaf acted as best man with Thomas Lixey and David Horning, groomsmen. Ronald Green Jr. and Barry Brooks seated the guests. Blue and white streamers decorated the American Legion Hall for the reception which followed the ceremony for 450 guests. Mrs. Green greeted guests in a blue floor-length dress and corsage of blue-tipped roses. A mint green floor-length gown was Mrs. Bolen's selection with a corsage of green-tipped roses.

The newlyweds will reside at 267 Huron Hills Drive, East Tawas, after a week of traveling.

Both are graduates of Tawas Area High School.

A pre-nuptial shower honoring the bride was hosted by her attendants.

Brunson-Grotte Vows Exchanged

Free Methodist Church, Hale, was the scene of the double ring ceremony Saturday, March 31, uniting in marriage the former Kathleen Susan Grotte, daughter of Mr. and Mrs. Gerald Reigle, and Dean Raymond Brunson, son of Mr. and Mrs. Leon Brunson, all of Hale.

The Rev. Neil Strickland officiated at the 2 o'clock rites, which were followed by a reception for 50 guests at the American Legion Hall, Hale. Guests attended from Indian River, Garden City, Westland, Warren, Whittemore, Hale and Hilliard, Ohio. Mrs. Strickland was vocalist, accompanied by Mrs. Oral Euper.

Escorted to the altar by her uncle, William Main of Indian River, the bride wore a street-length lavender crepe dress with long sheer sleeves. She carried a bouquet of white carnations, daisies and baby breath.

Attending the bride as maid of honor was her sister, Debra Grotte. She appeared in a pale pink street-length dress and carried a bouquet similar to the bridal bouquet, tinted pink to match her dress.

Best man was Andrew Anderson, while Robin Holzheuer and Anthony Johnson seated the guests.

The newlyweds are residing in Hale.

A pre-nuptial shower honoring the bride was hosted by Miss Grotte, Lillian Helwig and Kathy Tucker.

Wilber News

Mr. and Mrs. William Eckinger of Kaw Kawin spent a few days at their home here. The George Bluhms visited them over the week-end.

Dennis Cholger went to Traverse City to visit his brother Sunday.

Mr. and Mrs. Willard Rempert of Augres were recent guests of his parents, Mr. and Mrs. Howard Rempert.

Mr. and Mrs. Neil Libka of Pigeon visited Mrs. Linda Alda and family Saturday.

The James Eager family of Bay City spent a few days here.

Mrs. John Newberry and Mrs. John Johnson hosted a pink and blue shower at the home of Mrs. Johnson in East Tawas, honoring Mrs. George Wright. Games were played and Mrs. Wright opened many nice gifts. Lunch was served by the hostesses.

Next Lenten supper at the Wilber United Methodist Church will be held Wednesday (today), April 18.

The Rev. Charles Hanley will conduct the service.

Mr. and Mrs. Lewis McGrath visited Wednesday at the Bertram Harris home.

Get-well wishes are sent to Mrs. Lillian Leitz, a patient at Tawas Hospital.

Oscoda High School spring band concert was held Thursday night. Several from the neighborhood attended.

David Thompson came home from Texas to visit his parents, Mr. and Mrs. Glenn Thompson.

Pioneer Farm Bureau meeting was held Thursday evening at the Raymond Cross home. Lunch was served by the hostess.

The Thomas Kennedys of Bay City spent Sunday at their Curtis Road home.

Several ladies met at Mrs. Cleona Hyzer's home Thursday night to celebrate Mrs. Leona Alverson's birthday and ice cream and cake were served.

James Cooper, a former Wilber Township resident, passed away April 7 in Florida. Burial took place April 11 in Detroit. His wife is the former Hattie Green.

Carolyn Wendt Was Honored

Saturday afternoon, April 14, Mrs. Leonard Hensley hosted a miscellaneous bridal shower for her niece, Carolyn Wendt of Grand Blanc. The wedding will take place May 5.

Many beautiful gifts were opened by the bride-elect. Games were played by 12 ladies who enjoyed the luncheon served by the hostess.

Sets Visit

Chaimers LaFray, field service officer of the Disabled American Veterans, will be at the Iosco County Building, Tawas City, Tuesday, April 24, from 10:00 a. m. to 3:00 p. m., to assist veterans and their dependents with Veterans Administration problems.

Crusade Kick-Off Set for April 24

Annual Iosco County Cancer Crusade fund-raising kickoff will be held Tuesday, April 24, 7:30 p. m., at Tawas United Methodist Church, West Parish.

A film will be shown and Lawrence Morre, field representative, will be present. All crusade volunteers and other interested persons are urged to attend. Campaign folders and envelopes will be distributed.

Iosco Bridge Replacement Termed Costly

A report to the Iosco Board of Commissioners last week indicated that the dollar value of bringing all bridges on the primary and local road systems capable of carrying a legal loading of 77 tons "is a staggering amount."

No actual dollar amount was given, but the report indicated that only four of the 18 bridges in the primary road system were deemed adequate. Bridges deemed adequate included Adams Street, Mill Street and Rea Street, all at Oscoda, and a bridge on Turtle Road.

Bridges termed inadequate included: Old State Road, two miles west of Sand Lake; South Branch Road, north of Long Lake Road; Wicker Road, west of M-65; Alabaster Road, east of McVoy; Whittemore Road, west of McVoy; Sand Lake Road, south of McVoy; Alabaster Road, west of M-65; Sherman Road, north of M-55; M-171, north of US-23; Whittemore Road, east of Whittemore; Pine River, at north county line; Bridge Street, East Tawas.

In addition, nine of 14 bridges in the local road system were deemed inadequate.

The report submitted by Otis Love, county road engineer, indicated that the most critically-needed replacement was the head bridge over the AuGres River, one-half mile north of the south county line on National City Road. This is a school bus route and milk truck route.

The board of commissioners requested that construction costs be obtained for possibly replacing the Whittemore bridge and M-171 bridge.

In other business, salary of \$7,500 for Floyd D. McDonald as the new county park manager was approved. He replaces Robert Allen, who resigned.

Payment of part time help at the rate of \$2.25 per hour after an accumulation of 500 hours and \$2.50 per hour after 1,000 hours was authorized. Pay of employees is subject to determination by the head of each department.

Transfer of responsibilities of inventory control office from the tax director to the office of county treasurer was authorized. Compensation for this work is \$250 per year, plus \$50 per year for department expense.

Additional compensation in the amount of \$250 per year to the jail matron and matron-clerk, effective with the next pay period, was authorized. The increase is to represent the shift differential for evening, night and week-end employment.

Authorization was given to transfer the old Addressograph machine from the equalization department to the Cooperative Extension Service. Instruction was given to the equalization department to advertise the newer machine for sale.

The commission authorized payment of \$12,000 to the City of Tawas City, when proper justification is submitted, for the county share of parking facilities in the city park on US-23. Payment is to be made from the buildings and grounds account.

Transfer of \$18,000 from the public improvement fund to the sheriff's fund to cover costs of compensation of three deputies now being paid from Emergency Employment Act funds was authorized. It is expected that the federal EEA money will be discontinued this year.

Four Burglaries Are Investigated

Four burglaries are under investigation by the Iosco Sheriff's Department.

The Russell Dawson Ranch on Wilber Road was entered sometime after April 2, when it had been checked by the caretaker, Arthur Leitz.

A quantity of beer, pocket knives and cigarettes were stolen April 15 from Conklin's Market, 1567 North US-23, East Tawas.

A reported \$750 in cash was taken April 15 from the DRC Sports Center, Tawas City.

A cottage owned by Floyd Oswald on Doby Road, Burleigh Township, was entered and ransacked sometime within the past three weeks.

HELP WANTED — Full-time office employee. General office work. Insurance and pension plan included. Write Box 538, Tawas City. 16-2b

AN EXHIBIT of 4-H Club ecology and conservation displays was held Friday and Saturday at Tawas Area High School Auditorium. This program was part of the soil conservation district's

annual meeting Friday night. Visitors to the exhibit were looking at box displays prepared by 4-H Club members.—Tawas Herald Photo.

STUDENTS from St. Joseph School, East Tawas, receiving plaques and trophies in Friday night's program sponsored by Iosco Soil Conservation District and Iosco 4-H Clubs were, from left,

Carol Lauwers, second place, box display; Cindy Beaubien, third place, box display; Jane Schriber, second place, poster; Peter Wood, third place, scrapbook.—Tawas Herald Photo.

RECEIVING first places from Hale Area School were John Nowiski, box display, and Diane Caverly, scrapbook.—Tawas Herald Photo.

IN THE SERVICE—

Graduates From AFCS School

TSgt. Ralph D. Johnson, son of Mr. and Mrs. Ralph L. Johnson, Hale, has graduated from the Air Force Communications Service (AFCS) Noncommissioned Officer Academy at Richards-Gebaur Air Force Base, Missouri.

Sergeant Johnson, who received advanced military leadership and management training, is an electronics warfare technician at Templehof Central Airport, Germany. He serves with a unit of AFCS which provides global communications and air traffic control for the air force.

A 1966 graduate of Davison High School, the sergeant attended the University of Maryland and Northwest Junior College at Traverse City.

Sand Lake

Mr. and Mrs. Ronald Ponke have returned from a stay in the Bahama Islands. They were guests of Moto-Ski Snowmobiles, who sponsored the top dealers of Michigan and Canada. Accompanying the Ponkes were friends, Mr. and Mrs. Robert Smith.

A group representing the area attended the annual Snowdrifters banquet at the Tawas Golf and Country Club Saturday evening. Among them were Mr. and Mrs. Dale Butzin, the Frank Millers, Mr. and Mrs. Merritt Blackmore, Mr. and Mrs. Russell Whalen and the Vincent Wades.

The last session of the euchre tournament ended with leaders among the men being Roy Almy, Joseph Lokinski and tied for third were Russell Whalen and Fred Roberts. Winners for the women were Valdean Musk, Arleen Whalen and Millie Crandall.

White Cane Week Set April 23-29

This year, White Cane Week will be observed in Michigan from April 23-29. The East Tawas Lions Club and over 500 other Lions Clubs throughout Michigan will team together during this one week which is set aside to acquaint the public with state laws which have been adopted for the protection of the blind.

Local elementary schools, drivers license bureaus and police departments will assist in this educational effort by distributing leaflets furnished by the Lions of Michigan in cooperation with the local Lions Club. The white cane calls for thoughtfulness, friendly appreciation and a personal responsibility for the safety of the individual carrying it. Thousands of white canes have been furnished free of charge to blind people throughout the state. It is the aim and plan of the Lions to provide every blind person with a white cane, the symbol of blindness, as a measure of protection for him.

State legislation in 1936 included an ordinance granting the right of way to a person carrying a white cane. The purpose of White Cane Week is primarily an educational one, working toward that day when all citizens will know and recognize the white cane as the symbol of blindness and will give understanding and courteous assistance to bearers of the white cane whenever such opportunities present themselves. Any person who wishes to secure a white cane may do so through the local Lions Club.

W-P Area School Lists Honor Grads

Robert O. Sutch, principal at Whittemore-Prescott Area High School, announced at the recent high school honors banquet that Bonnie Lieber has earned the distinction of being valedictorian and Dean E. Connors, salutatorian, of the Class of 1973. Miss Lieber compiled a 3.823 grade point average while Connors earned a 3.786 average during the past 3½ years at Whittemore-Prescott.

Last fall, Miss Lieber was chosen Miss DAR Good Citizen of the Year at Whittemore-Prescott. She was honored last June as the top high school social studies student, participated in track last year and has earned two varsity basketball letters. She served as senior class secretary and co-editor of the high school yearbook.

This fall, Miss Lieber will be matriculating at Central Michigan University, Mt. Pleasant, where she plans to earn a teaching certificate in special education. She has been awarded a Michigan Competitive Scholarship and a CMU Board of Trustees Outstanding Graduate Scholarship.

She resides with her parents, Mr. and Mrs. Nick Lieber of Twining. Her father is employed at the National Gypsum Company, National City.

Connors, the son of Mr. and Mrs. Archie Connors of Prescott, has been the recipient of awards in English, algebra, citizenship and the Michigan Competitive Scholarship award. He served as student council representative and class vice president during his junior year.

Connors lettered for three years in track and is currently running on the team. He alternated between half-back and fullback the last two years in varsity football and lettered in varsity baseball as a sophomore. Connors plays the cornet in the high school band and has received four varsity band awards. Back stage lighting and sound were his duties in the senior class play last fall.

He plans to attend Michigan State University, East Lansing, this fall.

BONNIE LIEBER
Valedictorian

DEAN E. CONNORS
Salutatorian

Audubon Society's Newly-Revised Constitution OK'd

Iosco Audubon Society's newly-revised constitution and bylaws were approved and accepted by the membership at the Thursday, April 12, meeting held in the library of the Oscoda Area High School.

The membership also approved a financial contribution to the Michigan Nature Association to aid in the purchase of 200 acres of pine-jaded forest land in Michigan's Keweenaw Peninsula. This is one of the last virgin pine stands in the Upper Peninsula. It is known as the Estivant Pines and will be maintained as a small island within Universal Oil Products' 204,000-acre Keweenaw holdings, an area now protected from logging saws. The surrounding area will be retained by Universal Oil Products as part of which it refers to as the "keystone" to its new 16,000-acre "nature haven."

The Estivant Pines, whose century-old trees stand 90 to 100 feet tall, are named after their pioneer owner, Edward J. Estivant, an early industrialist in North America. Estivant bought 2,400 acres in Keweenaw land in 1861, during the early boom days of copper mining in the region. All of it still stands today, since most of the mature timber was cut around the turn of the century. Included in the 200 acres is Michigan's largest white pine, the Leaning Giant of the Estivants. Seldom visited because of its inaccessible location on the Little Montreal River, the aged tree was discovered in the winter of 1970 and declared the state champion by the state's "Big Tree Committee" in the summer of 1971. The huge tree is 108 feet high and 19½ feet in circumference. It is thought to be between 600 and 800 years old.

The white pine is Michigan's state tree.

Michigan Nature Association, a non-profit organization, mentioned this is the 23rd tract purchased since

1952 when the organization was founded.

Only one other stand of virgin trees survived the logging area in Michigan, an 80-acre tract known as "Hartwick Pines" in the state park near Grayling.

Richard W. Holzman of Royal Oak, Michigan Nature Association president, said \$29,000 of the purchase price of \$42,000 has been raised and the public is invited to make up the \$13,000 needed to complete the project. Donations should be sent to Michigan Nature Association, 124 Miller Street, Mt. Clemens, Michigan 48043.

Twelve members of the Iosco Audubon Society toured Tawas Point early Saturday morning, April 14, and sighted 25 different species of birds. They also gathered several armfuls of trash from the shoreline and placed it in the park containers. The activity was followed by a morning snack and coffee furnished by Mr. and Mrs. LeRoy Larsen.

A mid-May early morning nature tour and cookout is being planned. This event will be held north of Hale under the guidance of Mr. and Mrs. Homer Roberts. All nature lovers are welcome to participate.

Deadline Near for Registration

Registration deadline for Little League and Pony League Baseball is Friday, May 4. Applications are available at Rainbow Shell Service, Tawas City, 362-3631, or from Gary Stephan, 362-3653. Forms must be filled out and signed by a parent or guardian.

Little League Baseball is open to any boy 10 years of age who will not reach his 13th birthday on or before June 1. Pony League is open to boys 13 years of age who will not be 16 years old on or before the June 1 deadline.

Iosco Commission Adopts Preliminary Budget for 1974

A preliminary budget of \$11,825,696 was adopted Wednesday by the Iosco Board of Commissioners for county operation during 1974. This budget was submitted Tuesday (yesterday) to the Iosco Allocation Board. Projected revenue for next year includes an expected surplus of \$90,000 at the end of 1973, state and local fees of \$334,217.83 (including receipts from county offices). The amount to be raised by local taxation would be \$601,490.17.

To meet this budget, a levy of 4.3 mills would be required from the allocation board. This is one-half mill less than was allocated for the current year.

The preliminary budget is \$131,896 higher than the \$882,802 budget for the current year. The budget includes a \$1,000 annual increase in salary for elected officials and a \$500 increase for employees.

Expenses of the major departments includes \$31,850 for the prosecuting attorney's office, \$37,560 for the county treasurer's office, \$38,047 for the county clerk's office, \$38,150 for the register of deeds' office, \$250,940 for the sheriff's department, \$27,800 for circuit court, \$8,640 for the friend of the court's office, \$19,620 for cooperative extension, \$57,490 for the equalization department. Total expense of the probate court is set at \$25,625, expense of the drain

commissioner's office is set at \$3,975, the district court would require an expenditure of \$57,400, the planning commission would receive \$3,500, the airport budget is \$13,724, the probation and parole office would require an expenditure of \$2,415, \$2,000 has been allocated for civil defense and \$50,750 has been designated for courthouse and grounds.

Other expenditures include \$18,662 for the regional library, \$50,000 for social services, \$11,590 for Northeastern Michigan Mental Health Service, \$9,000 for elections, \$37,000 for the board of commissioners, \$55,000 for District Health No. 2, \$14,500 for county advertising, \$2,500 for the county department of public works, \$1,800 for the building authority administration and \$280 for comprehensive health planning.

Other budgeted items included \$800 for the allocation board, \$30,000 for state institutions, \$280 for apiary inspector, \$840 for veteran's counselor, \$20,500 for social security, \$50,000 for retirement and hospitalization insurance for county employees, \$10,000 for soldiers' burial, \$500 for the plat board, \$5,000 for the county medical examiner, \$400 for communicable diseases, \$350 for emergency employment act liaison, \$19,000 for child care, \$1,000 for historical work, \$9,000 for airport garage leases, \$5,000 for county parks operation, \$3,500 for parks and recreation administration.

New Filtration Plant Nearing Completion

15 Years Ago—
April 17, 1958—East Tawas' \$400,000 water filtration plant is about to go into operation and a health department technician is to make laboratory tests of the water being produced next week. Work is now under way on construction of water mains which will tie in Tawas City with the East Tawas water distribution system, but it is not expected that this work will be completed by the time the plant goes into operation.

was elected chairman of the board of supervisors, defeating Clarence Everett, Tawas City Third Ward supervisor, by the narrowest of margins, 10-9. Everett had served as chairman for the past two years and both men have been members of the board since 1951.

Work on National Gypsum Company's new quarry on Sand Lake Road is progressing rapidly and indications are that it will be completed in about four months.

Dwayne Ulman won first place in 120-yard high hurdles with a time of 17.9 seconds and first place in 180-yard low hurdles with a time of 14.5 seconds in the Tawas Area Braves' meet Saturday with the Oscoda Owls.

Tawas Area Community Chorus, under direction of Richard Ferguson, will present its first concert at Tawas Area Auditorium on April 27. The chorus was organized last December with the Rev. Paul Sutton as president.

Receiving first class scout badges at Troop No. 3's court of honor were Richard Bernhardt, Harold Birkenbach, Joseph Dimnick, Douglas Evans, Greg Hook, Paul LaPorte, Ernest Livey, Neil Moachy, James Tarnosky and Harry Woolhiser.

25 Years Ago—
April 16, 1948—Fishing contests, a trap shoot, parade, a dance and crowning of a mystery perch queen will feature the annual Tawas Perch Festival next week. Hugo Keiser Jr. is general chairman.

Iosco Red Cross Chapter has purchased a resuscitator for use in the county. It is to be placed at the state police post where it will be on call at all times.

Construction has started on a bulk storage plant in the West Tawas railroad yards for Fuelgas Company of Flint.

Tawas Bay Aerie, Fraternal Order of Eagles, will present a minstrel show Friday night at the East Tawas Community Building.

The Canol pipeline, that 140-million-dollar project constructed during the war as a means of getting an emergency oil supply from Norman wells in Northwest Canada to Alaska, is ending in the junk yard.

Federal government representatives and bankers in an address to more than 2,500 of the nation's home builders warned them to start planning ways of lowering home costs. The attacks on high costs met with sharp replies from leading builders who argued, in effect, that there was little they could do about prices which are based on costs. The average mortgage interest rate of four percent is expected to be upped as lending institutions are finding profitable investments elsewhere.

Work is commencing on the new theatre building west of Hale.

G. A. Prescott and Sons have announced they will discontinue dairy operations and will hold a public auction at their farm on Fifth Avenue, Tawas City.

Annual budget adopted by the board of supervisors has allocated \$4,500 for salary and wages for the county treasurer with department expense of \$2,000; the county clerk is to receive salary and wages of \$4,250 with \$1,000 for departmental expense; the sheriff's department has salary and wages of \$4,500, with departmental expense of \$3,500.

35 Years Ago—
April 22, 1938—A boy scout troop is to be organized in Tawas City with Norman McLennan as scoutmaster. Members of the committee include John R. Forsten, Arthur Nelson and J. F. Mark.

Plainfield Township voters authorized selling the old township hall at a special election Wednesday. This makes it possible for the township to construct a new hall.

Herman Kussro Sr. is manager of the East Tawas Independents, formerly known as the Miner's Grove team.

Findings of the recent Iosco County Christmas Seal clinic revealed four cases of the childhood type of the disease, a form which can be detected only by the penetrating rays of the modern weapon of discovery, the X-ray, the Michigan Tuberculosis Association reported this week.

Mary Gray and other radio celebrities from WJR-Detroit will participate in the third annual Tawas City Perch Festival. Among the announcers taking part will be Ron Gamble.

Melvor News

Mrs. Beulah Pringle of Bay City was here one day last week.

The Larry Jordan family of Flint spent a few days last week-end with his parents, Mr. and Mrs. John Jordan, and his brother, Gerald Jordan, and family.

Mr. and Mrs. Herbert Schroeder visited her brother, William Horton, and wife in AuGres Saturday evening. They also visited her other brother and wife, Mr. and Mrs. Ralph Horton of Clio, who were visiting there.

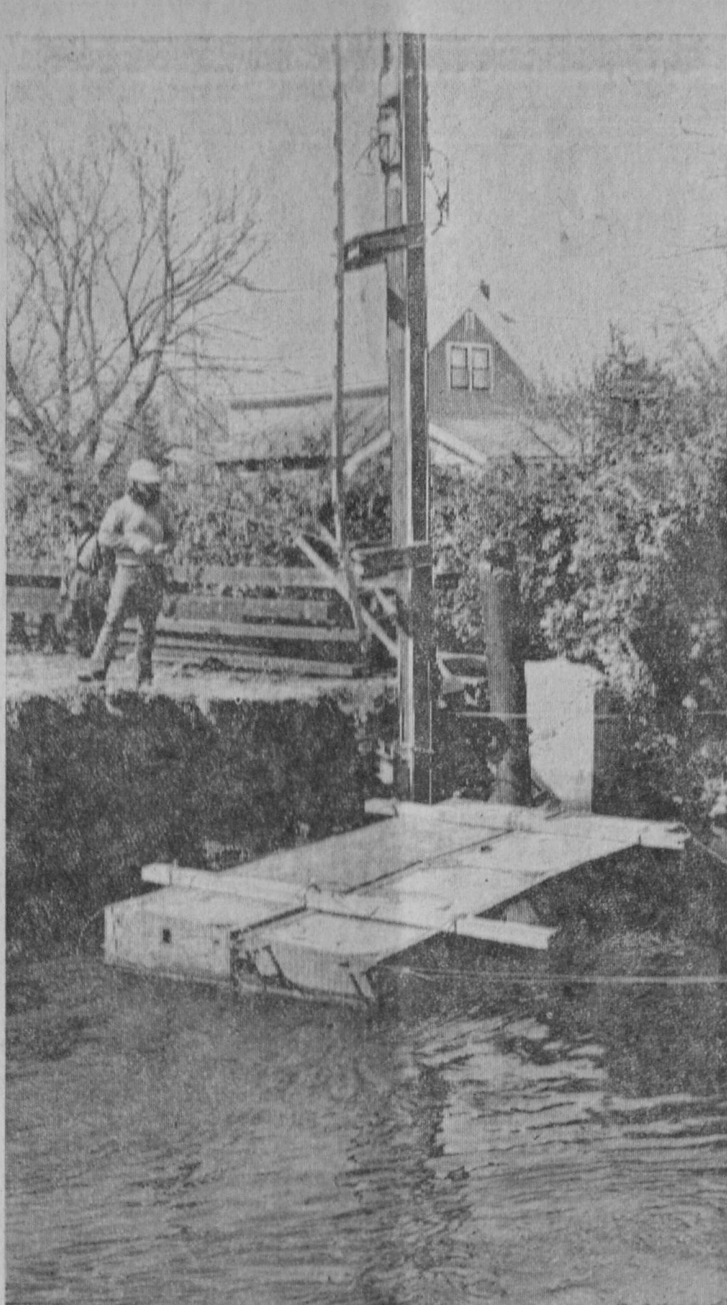

Mr. and Mrs. Henry Luce of Bay City spent a few days last week-end at their cabin here and did some fishing.

Mrs. Harold Parent, Mrs. John Jordan and Mrs. Arthur Ranger called on Mrs. Floyd Miller Thursday.

Mr. and Mrs. Melvin Marsh entertained friends from Flint one day last week-end. Mr. and Mrs. John Jordan also spent an evening with Mr. and Mrs. Marsh last week.

Mr. and Mrs. Dennis Viele and sons of Flint spent the week-end with her parents, Mr. and Mrs. Arthur Ranger.

Mr. and Mrs. Ronald Schroeder and family of Pontiac were week-end guests of his parents, the Herbert Schroeders.

CONTRACTOR for installing two new wooden bridges in Tawas City is now in the process of driving piling into the Tawas River at First Street. The picture shows progress on the west bank of First Street.—Tawas Herald Photo.

Iosco Intermediate School's Careers Night Set April 18

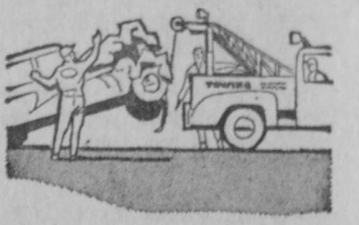

Iosco Intermediate School District is sponsoring a careers night for its 10th, 11th and 12th graders Wednesday, April 18, 7:30 to 9:30 p. m., at Tawas Area High School. Bruce Vickey, director of career education, said, "The purpose of careers night is to give our students an opportunity to talk with people who are earning their living in approximately 27 different careers. Emphasis is being placed on non-college careers."

Among the speakers included are a forester, a state policeman, a nurses aide instructor and a plumber. Since Iosco students attend Kirtland, Delta and Alpena Community Colleges, these schools will have representatives for students to talk to during the evening. Ferris State College is also sending a representative from its school of technical and applied arts to talk with students who may be interested in further formal study in a technical career.

Representing the armed forces will be recruiters from the army, air force, coast guard, marines and the navy. Students interested in the armed forces will have an opportunity to talk with the recruiters concerning training opportunities in a branch of the military services.

All students will have an opportunity to meet with representatives of three major career fields during the evening. Each major career field will have from one to four speakers representing a specific job within that career field. College and military representatives will be available for personal questions and counseling from 9:30 until 10:00 p. m.

Vickey said, "Occupations represented were determined by surveying student interests. The students were given a list of 409 occupations. The speakers represent the students' most frequently requested first choices."

Too late to think about CAR INSURANCE!

Once an accident has happened, it's too late to wonder if your automobile insurance gives you the protection you need.

Be sure you have enough coverage—and the right kind! Bring in your policy and talk it over with us. No obligation, of course.

Family Living Education

By HELEN MEACH
 Extension Home Economist

Have fitting problems with home-sewn clothing convinced your your figure is one of a kind?
 If so, you have probably been attracted by the advertisements for patterns designed to fit your measurements.
 Computers are now designing custom patterns. Even though they may seem like the magic formula for perfect fit, they are not always perfect for everyone.
 One obvious drawback is expense. Computerized patterns usually cost from five to 10 dollars.
 Another disadvantage is time. It usually takes three to four weeks or longer for a pattern to arrive and then you must trace the style you want from the master pattern.
 Most personalized patterns offer about a half-dozen styles, each with several possible variations. If you are willing to use the same pattern over and over and can make good use of the variations available, the computer pattern may be one way to a new and varied wardrobe.
 You can accomplish just as much with ready-made patterns, unless you have a fitting problem too complex for your sewing skills.
 A computer-designed pattern will be no better than the measurements on which it is based. Mismeasurements cancel out the potential benefits.
 Changes in your figure, considerable weight gain or loss or weight redistribution, will mean your “personalized” pattern just “is not you” anymore! If your figure is changing, you might be better off to buy ready-made patterns.

Advise Renting of Hospital Bed When Needed

Question: Our family doctor says my father will need a hospital bed for use at home. Since my father has coverage under both parts of medicare, who decides if he should buy or rent one?

Answer: Your father does. However, your father should keep in mind that medicare payments are made over a period of time, based on the reasonable rental rate for a hospital bed. These payments stop when his need for the bed ends. The length of time your father may need the bed is an important factor in deciding whether to rent or purchase one.

Question: I do not know how it happened, but I have two medicare cards. One card has my social security number on it and the other has my late husband's number on it. Which card should I use?

Answer: The card you should use depends on whose earnings record you are now getting monthly social security checks. Call your social security office immediately and they will tell you which card to keep.

Question: I will soon be sending in my first doctor bills for payment under medicare. I sign all my checks and important papers with a short-ended form of my first name, but my medicare card shows my full name. Does it make any difference how I write my name on my request for medicare payment form?

Answer: Yes, you should write your name on the form exactly as it is shown on your medicare card. This will help prevent delays in making payment to you.

Question: I have just completed my first claim for payment of some doctor bills under medicare, and I am ready to mail it. Does a social security office have to review it before I send it in?

Answer: No, your claim does not have to be reviewed by a social security office. However, if you are not sure that it is correct, you may take it to the social security office. The people there will review it and forward it to the medicare office for you.

If you have a question about social security, contact your district office at 1009 North Madison Avenue, Bay

City, Michigan 48706; telephone, 893-9579. For your convenience, a social security representative will be at the Iosco County Building, Tawas City, on every Thursday of each month from 9:45 a. m. to 3:00 p. m.

College Day Slated May 1 at Harrisville

Cooperative Extension Service Area 21 (Alcona and Osceola Counties) Study Club Council will sponsor College Day on Tuesday, May 1. It will be held at St. Anne's Maria Hall in Harrisville. The day session will run from 9:00 a. m. to 3:30 p. m. The night session will commence at 6:30 o'clock and run until 9 o'clock.

"Students" attending will be able to select five sessions. The speakers and classes for the day session are as follows:

"The Iris," presented by Ben Azer of Mio; "Dressing The Naked House," by Mrs. Helen Meach, extension home economist; "Nutritional Labeling and Open Dating," by Sharon VanDyne, consumer marketing specialist; "Benefits of The District Health Department" and "Venereal Disease," by Mrs. Irene Knight, registered nurse, and Mrs. Carol Wenzel, registered nurse; "Cake Decorating," by Val Gauthier and Betty Young, two local women active in extension; "No Fault Auto Insurance," by Pat Tengel.

Advance registration is necessary for the day session because of the luncheon. Further information may be secured at the Cooperative Extension Service Office.

The evening session will begin with registration. No advance registration is needed for the evening program. Refreshments will be served.

This program, like all those sponsored by MSU Cooperative Extension service, is open to the public.

F&M State Bank of Hale Had Another Record Big Year

Another record year of growth was reported Tuesday (yesterday) to stockholders of Farmers and Merchants State Bank during the Hale-based bank's annual meeting. Total assets of the bank climbed to an all-time high of \$15,566,630, as compared to \$13,492,299 in 1971. Operating income of the bank amounted to \$1,046,000, total operating expense amounted to \$810,000 and net income was \$236,000.

Deposits in the bank totaled \$13,967,795.53 during 1972, an increase of 14.2 percent over 1971. Loans made by the bank during 1972 amounted to \$10,312,496, a 19.8 percent increase over the previous year. Capital accounts total \$1,076,000, including capital notes and debentures of \$150,000, preferred stock with a total par value of \$250,000, one of common stock with a total par value of \$300,000, surplus of \$200,000 and undivided profits of \$176,000.

"The board of directors believes that 1972 showed definite improvements in the capital structure of the bank," stated D. D. Pearsall, chairman of the board. "A large portion of the reduction in the bank's capital accounts, due to the kiting loss suffered in March of 1971, has been replaced and litigations against the bank at this time have taken favorable turns." Some of the highlights during the year saw Richard E. Parkinson elected as president and cashier of the bank. A 1964 graduate of Hale Area School, he has been with the bank since January 2, 1968, and has worked for the past 15 years at the main office at Hale. Pearsall was advanced to chairman of the board of directors. One of the original incorporators and directors of the bank, he served as president from January 20, 1964, until January 18, 1972. Richard L. Pfahl was appointed as the bank's senior loan officer, in addition to his duties as manager of the Hale office. He was elected to the board of directors to fill the vacancy created by the death of Ernest S. Herzog, one of the original incorporators when it opened on February 14, 1952. Other new directors this year include Stanley Osinski of Whittemore and Willard Wangler of Rose City. Mrs. Betty Anderson was appointed branch manager at Rose City to replace Arnold H. Beyerlein, who resigned. William S. McKlusky is assistant cashier and Whittemore branch manager. Other members of the board of directors include Carl F. Adams of Hale, Fred Holzheuer of Hale and Lyle Wallace of Rose City.

Regional Library Lists New Books Available at Branches
