

'Leaning' Toward Sheriff's Proposal

Discussion Monday night indicated that Tawas City council members were leaning strongly toward coordinating city police efforts with the Iosco Sheriff's Department. Hopes were high that other local units of government would follow suit in having the sheriff's department coordinate efforts of all local police agencies in the future.

No official action was taken by the council, although a three-man committee was appointed to meet with representatives of the City of East Tawas to discuss an alternate proposal for an inter-municipal police force suggested last week, along with this latest proposal.

Named to the Tawas City committee were Ald. Robert N. Rollin, Ald. William Groff and Mayor John N. Brugger. Named Monday night by the East Tawas Council to serve on the committee were Ald. Richard Moss and George Staudacher, along with Mayor Robert Bolen.

Tawas City officials have been in a quandary concerning the proper direction for continuing police protection since the resignation last December of the city's acting police chief. The city first discussed the possibility of having the sheriff's department provide the service and last week heard a proposal for establishment of an inter-municipal police force commission in the Tawas area.

An alternate suggestion Monday night, favored by the Tawas City Council, was to have the city hire one or two patrolmen and have dispatching of patrol cars handled by the sheriff's department. The city's police car currently operates on the state police network, as does East Tawas' patrol car.

Alderman Rollin described the above alternate as a "terrific idea." He said that by hiring one or two patrolmen, all efforts could be coordinated through the sheriff's department and then work gradually toward complete assumption of all local police functions by the sheriff's department. He said that many details would have to be worked out before this could take place.

Stating that he was in favor of coordinating all police efforts in the county by one central agency, Mayor Brugger was of the opinion that the sheriff's department was in

the best position to offer this service because of its centralized facilities and manpower at the jail. "There is no coordination now between the various agencies and this irritates me more than anything," said Brugger. "We will have to sell this plan as the better way of providing police service."

Sheriff George Westcott, who attended Monday night's meeting with Undersheriff Joseph Martin, said he believed the plan would benefit the county as well as the city. "I will be most happy to have the sheriff's department work in any way it can to benefit you and the county," stated Westcott.

The city has received bids for the purchase of a new police car and City Mgr. Reginald Bublitz suggested that the proposed change to the sheriff's radio network be delayed until the new car and a new radio are received. Sheriff Westcott said the county has a portable radio available which could be used to coordinate activities during the interim period.

Undersheriff Martin suggested that the city apply for a federal grant to purchase its new radio. Under a similar grant, the sheriff's department is to receive financial assistance in purchasing new four-band radio equipment and funding is expected in June. Investigation into this possibility is to be made by city officials.

Sheriff Westcott said that once the city car was on the sheriff's network, city and county patrol cars could be coordinated through the central dispatching system so as to offer the best possible backup protection and to insure full utilization of all cars in the area.

It was stated that possible dispatching of fire equipment could be handled under the new radio system at the jail. The city is to investigate the possibility of converting the present 10-year-old radio in the police car for use by the fire department.

"If everyone works toward county-wide police protection, the logical place for central dispatching would be the county jail," said Sheriff Westcott. "After remodeling is completed, the county should have a most modern facility."

Council Criticizes Priority System

A letter to area legislators and the governor this week reiterated the idea expressed last week by Mayor Robert Bolen of East Tawas that the present method of awarding priority points for federal grants to aid communities in construction of sanitary sewers was inequitable and that small communities in outstate Michigan were being short-changed because of current policies.

The letter, signed by the East Tawas Council and directed to Governor Milliken, drew attention to the plight of small outstate communities, "who are trying desperately to protect the natural environment of the state by providing necessary adequate treatment of waste water that must be returned to lakes and streams."

The letter stated that the method currently being used by the state water resources commission in awarding priority points for construction of necessary facilities is inequitable, since it does not recognize the needs of the outstate area, but rather favors the large metropolitan districts.

"It must be remembered that the metropolitan population travels north and west throughout the state for recreation and relaxation. The general waste created must be treated at the expense of local units which are already burdened by cost-

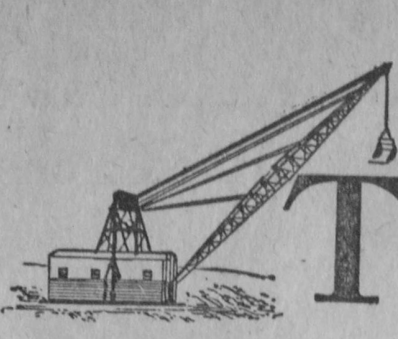

ly construction projects which have been instituted voluntarily. "It is apparent that the financial need of the community has no bearing on the priority rating. As a result, cities which have bonded for each improvement have little hope of sharing in the bounty provided for large metropolitan districts.

"The priority rates established for 1972-73 listed East Tawas as 76th in the state; it is noted that the new listings for 1973-74, due to new applications and changes in the system of awarding priority points, has resulted in East Tawas being placed at 188th on the list.

"Our application is for necessary secondary treatment to preserve the water quality of the Tawas River and for providing a sanitary sewer system to eliminate septic tank saturation in further contaminating the waters of Tawas Lake.

"It is also noted that just two of the top 16 projects in the state would require more federal assistance than is available in Michigan for the next two ensuing years. Can this really be justified?"

The letter concluded by stating that a system whereby 20 percent of the annual allocation of federal funds be reserved for outstate areas "would do a great deal in accomplishing objectives of water pollution abatement and should be seriously considered."

Blacktop Work Planned In Early Summer

Council Authorizes Street Engineering

Engineering on three different phases of major construction—streets and drainage, sewer and water, development of a small boat harbor at the Tawas River mouth—was authorized Monday night by the Tawas City Council.

Of particular importance, because it will be accomplished this year, is the authorization for engineering on the city's primary street system. Under the plan currently being considered, work on 12 streets totaling 17,110 feet would receive a plant mix blacktop cap this year costing \$68,450.

This project is to be financed through federal revenue sharing funds. The city currently has received \$34,479 as its 1972 allocation from federal revenue sharing and quarterly checks of about \$8,600 starting in April would bring the total amount available by October to approximately \$60,000, plus interest from investing. The total is slightly less than the actual cost of construction currently being considered and a slight downward adjustment on work can be expected.

The council, along with City Mgr. Reginald Bublitz, has emphasized that work would only be done this year on those streets which would require a minimum amount of preparation for the blacktop surface. Discussion Monday night indicated that the council wished to make best use of the revenue sharing money in areas where street drainage is not a problem and where the new street surfaces would not have to be torn up at a later date for sewer and water construction.

Under the plan being considered and apparently receiving council approval, the following streets would be blacktopped:

Ninth Avenue, from US-23 to Fourth Street; Sixth Avenue, from Fourth Street to Mathews Street; Fifth Avenue, from Mathews Street to North Street; First Street, from US-23 to First Avenue; Second Street, from Harris Avenue to Fifth Avenue; Mathews Street, from US-23 to Sixth Avenue; Sixth Street, from Ninth Avenue to Eleventh Avenue; Industrial, from Ninth Avenue to the disposal plant; Fourth Street, from Sixth Avenue to the city limit; Harris Avenue, from Second Street to the city limit; First Street, from Fifth Avenue to Harris; First Avenue, from First Street to M-55.

In addition, the council authorized engineering for storm sewer drainage on Fourth Avenue at First Street, Oak Street to Spruce Street, German Street between Maple Street and M-55, Beach Street at Court Street. Street work in those areas would be considered in a future construction program, making use of necessary engineering to alleviate present surface water and drainage problems.

This is the most extensive street program in the city's history and was made possible only through the revenue sharing program. A plant mix asphalt operation is to be located in the area this summer, which will result in a saving on transportation of materials.

It is expected that the entire street construction program will be completed prior to July 1. The city manager said that his crew would

go to work in early spring in order to complete preliminary work on street shoulders.

Engineering was authorized for several sewer and water extension projects recommended last year by the water board. This was the first step in a three-phase plan to be developed by the water board for final construction. The next phase will be to determine financing for the program and that is to be discussed at next Monday night's meeting of the water board.

Engineering is to be obtained on construction of the much-discussed forced sewer main connecting the Second Avenue lift station with the waste water treatment plant, loops in the water system to better serve the southeast sector of the city and the Harris Avenue area and a sewer along US-23 east from the Hobby Lot.

Financing would include revenue bonds, special assessments and general obligation bonds to cover the city's share of the construction.

The force main connecting the Second Avenue lift station with the treatment plant has been under consideration for a number of years and some material has been purchased. This lift station floods during the spring surface water runoff, creating a health problem, and the new sewer main has long been considered a necessity. Looping of water mains as proposed would provide for more adequate service to outlying areas of the community.

The third authorization for en-

gineering accepts an agreement with the Michigan Department of Natural Resources for a study of proposed recreational boating facilities at the Tawas River mouth. Total cost

of \$2,500 is to be shared equally by the state and the city. The engineering would provide a preliminary recreational boating facilities at port to the DNR on four proposed concrete boat launching ramps, a

parking area, restroom building and other facilities. If approved, the state would participate at an amount of 90 percent or more of the total construction cost.

NEW CHAIRMAN of the Iosco County Board of Commissioners is William Wereley, left shown here with chairman pro tempore, Robert Foster.

The commission held its organizational meeting last Wednesday and is holding its regular January session today.—Tawas Herald Photo.

Wereley New Chairman; Letter Raps Bid Procedure

William Wereley of Hale was elected Wednesday as chairman of the Iosco County Board of Commissioners.

A member of the county commission since 1969, Wereley is the first chairman under the new five-man board. He succeeds Carlton Merschel, who had served two terms as chairman under the old nine-man board and was not a candidate for re-election last year.

Named as commissioner pro tempore was Robert Foster of Oscoda, another veteran member of the commission.

During reorganization Monday, Foster received the important appointment as chairman of the commission's finance committee. In this capacity, Foster will represent the county during deliberations of the county allocation board, which has the responsibility of dividing 15 mills of taxes among schools, the county and townships.

Foster's appointment came on a four to one roll call of members. The lone dissenting vote came from J. Berkeley Smith, who had served as finance chairman during his 1969-1970 term on the commission and again sought the appointment.

Voting in favor of Foster's appointment were Wereley, Fred B. Lomas, Carl Libka and Foster. As its first action of 1973, the commission decided to hold meetings twice each month on the first and third Wednesdays starting at 9:00 a. m. Previously, the board had met the third Wednesday of each month.

This change was needed, stated commissioners, in order to handle the increased work load for the new five-member commission. One of the first orders of business to come before the commission Wednesday was a letter from Edward Davison Jr., Tawas City building contractor, who said that action in December by the nine-man commission was irregular during a bid opening on construction of a new office building.

At its last session, the commission awarded a contract to O. S. Rose Construction Company, Tawas City, for construction of a new office building to house the Iosco Department of Social Services. At the time, the commission felt that Rose had the low base bid of \$81,565. Davison's letter, however, stated that the bid opening was irregular and not according to bid documents

and advertisement for bids. Rose's sealed bid did not include prices on alternates in construction and the board contacted Rose by telephone to obtain his prices on the alternates.

In addition, Rose did not include a five percent bid bond. "I am certain that other contractors would have bid had they known a bid bond was not mandatory," stated Davison.

Davison stated that the commission's action was discriminating against other contractors, "who obeyed the instruction to bidders and is an injustice to the construction industry."

Stating in his letter that state and federal funds could be included in the project, Davison asked the commission to review its procedures taken at the December 19 bid opening. The new building is to be constructed with federal revenue sharing money.

Named as the county election commissioner was Robert Elliott of East Tawas, representing schools; Mrs. Mary Byrd, treasurer of Tawas City,

who will represent cities, and Harry Samotis of Oscoda, who will represent townships. This commission has the responsibility of approving all elections held in the county to insure that there are no conflicting dates and that such dates meet state election law requirements. D. Keith Pappas, county clerk, is a member of the election commission under state law.

Authorization was given to George Landis to advertise for bids for renovating the county jail, along with bids for the purchase of a deep freeze, office equipment and furniture for the jail. This work is to be financed from revenue sharing funds.

Appearing before the commission was Sheriff George Westcott, who outlined the need for the above work. In addition, Westcott asked the commission to consider paying to the sheriff in lieu of housing formerly provided by the county in the jail. This matter is to be investigated by

(See COMMISSION, page 3.)

10 Persons Injured On Snowmobiles

Michigan State Police from East Tawas investigated 10 personal injury accidents involving snowmobiles over the past week.

Allen W. Barry, 19, Turner, was treated at Tawas Hospital Thursday for injuries received when his snowmobile struck a ditch in Section 33 of Tawas Township. He sustained a fractured kneecap.

Arthur F. Moehn, 44, Jackson, received minor injuries Friday when he fell off his machine in Baldwin Township. He was treated at Tawas Hospital.

Raymond Steedbery, 11, Glennie injured his right foot Saturday when his machine collided with one operated by Jeffrey J. Heath, 16, Clio. The crash took place on private property in Oscoda Township. Steedbery was treated at Tawas Hospital.

Patricia A. Knight, 30, Tawas City, was treated at Tawas Hospital Saturday for bruises she received when her snowmobile rolled over in Curtis Township, Alcona County.

Dale R. Gomoll, 18, Berkley, was treated Saturday for a lacerated leg after his snowmobile struck a tree in Tawas Township.

Norma G. Clark, 37, Millington, received a laceration to her right leg when her snowmobile was sideswiped by another machine Saturday in Huron National Forest, Grant Township. She sought her own treatment.

Linda S. Nickell, 17, Turner, was treated at Tawas Hospital Saturday for a head injury. She was a passenger on a snowmobile operating on the ice of the AuGres River. Police said she struck her head on the ice when she fell from the machine.

Gary R. Tree, 18, Hillman, was treated for injuries he received Saturday when his machine struck a guard rail at the Wilber Speedway.

Anna C. Bunker, 27, Southfield, was treated at Tawas Hospital Sunday for injuries received when her machine rolled over on the Rose City Road, west of Hale.

Thomas J. Ostenfeld, 32, Dearborn Heights, was treated at Tawas Hospital Sunday after his snowmobile struck a snowbank in Harrisville Township, Alcona County. Officers said he was thrown from the machine.

College Credits

Registration for college credit courses in Alpena Community College's continuing education program at Hale High School will be held January 23 and 24, 6:30 to 8:30 p. m.

Classes beginning January 31 include English 111, Sociology 123 and general psychology 125.

For more information contact Joseph VanderVen, telephone 728-2861, or the Alpena Community College office, Oscoda, telephone 739-3467.

Plan '50-Mile Run for Life' As Perchville USA Feature

A major attraction of the 1973 Perchville USA program, February 16-18, will be a Cystic Fibrosis "50-mile run for life" in cooperation with the Michigan International Snowmobile Association.

Gene Riley of Channel 5 Television, Bay City, and a member of the Greater Michigan Cystic Fibrosis Chapter, reports that the Michigan Cystic Fibrosis Foundation and Tawas Chamber of Commerce are sponsoring the safari.

"It promises to be full of fun and excitement and one that will help give the breath of life to thousands of children who suffer from cystic fibrosis and the millions of children with other lung-damaging diseases," states Riley, who served as 1972 Perchville king.

The 50-mile course, laid out by local snowmobile clubs in cooperation with state and local police authorities, will run from East Tawas,

through Oscoda, to Greenbush and back. A free lunch is to be provided at Greenbush for all participants, courtesy of the Greenbush Snowmobile Club.

The course will be through state and federal land, making use of fire trails through wooded areas, with minimal use of highways or county roads.

To enter this event, it is necessary for each driver to have sponsorship supporting him for a minimum of 20 cents a mile. Because the entire proceeds will go to benefit lung-damaged children, it is hoped that most entrants will obtain larger amounts of 50 cents and over per mile.

The total of pledges, based on completion of 50 miles, must be paid in advance upon registration Saturday, February 17. Should a driver not complete the course, each spon-

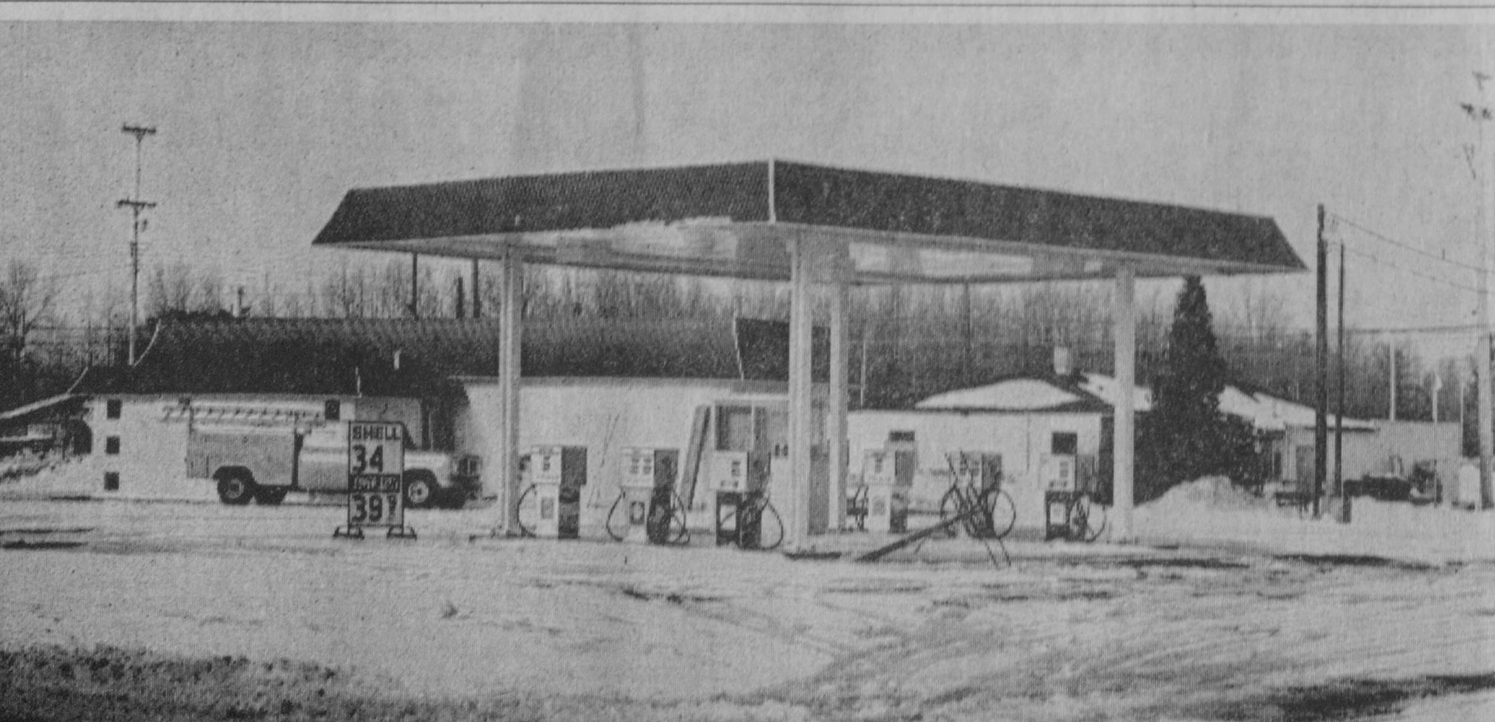

sor may apply for a proportionate refund.

Official Cystic Fibrosis patches are to be awarded to all participants and a traveling trophy, the C-F World Snowmobile Cup, will be awarded to the club which brings in the most total sponsorship money. Trophies are to be awarded to the second and third place clubs. Individual trophies are to be awarded to drivers with the most sponsorship money.

All awards are to be made by Charles Manos of The Detroit News, 1973 Perchville king.

Starting time is 11:00 a. m. on Saturday, February 17, at the Michigan Waterways Commission Dock at East Tawas. Registration is from 9:00 to 11:00 a. m.

Registration forms are being sent to all clubs associated with the Michigan International Snowmobile Association and it is expected that 30 or more clubs will be represented.

OPENING this week is Forward's new car wash and service station at the intersection of US-23 and M-55, Tawas City. The firm purchased this property last year, removed two dwellings and converted a portion of an existing concrete block building into a car

wash. The open steel structure shelters gasoline pumps. As a means of acquainting the area with this new service, the firm is offering a free car wash with each fill-up of gasoline. Turn to page 2, section 2, for details.—Tawas Herald Photo.

ET Council Answers Critic of Revenue Share Spending

Answering a letter from a former mayor last week, East Tawas Council Monday night felt that it would be an unwise move to authorize engineering plans for a secondary treatment plant using federal revenue sharing funds, as suggested, when actual construction could be five or more years in the future.

James Campbell, former mayor, had addressed a letter to the council which was critical of the city's plan for using federal revenue sharing money. He believed that the money could best be used for financing engineering for the city's proposed secondary treatment plant.

The council, however, pointed out that the city engineer had indicated last week that available financing for construction of the proposed plant appeared to be far into the future and that state requirements for such a plant may be changed by the time financing is available.

"I really can't see spending \$90,000 for planning when we are 1800 on the priority list for receiving federal assistance for construction of the secondary treatment plant," said Mayor Robert Boien.

The council stated that consideration had been given to contracting for services of back hoe equipment when needed, rather than to purchase a new machine with federal

Homestead Tax Exemption Needs Annual Application

State Rep. George A. Prescott of Tawas City said Monday that senior citizens, veterans and blind citizens must apply for their homestead tax exemptions for 1973. Applications are for the 1973 tax year and must be returned by March 1. December 31 was the first day applications could be taken.

"Those who applied for and received the exemption last year must reapply this year," Prescott emphasized. "A substantial savings goes to those who qualify and take time to apply for the exemption."

To qualify for the senior citizen exemption, the applicant must prove age and property ownership and must have an adjusted gross income that does not exceed \$6,000 and must have occupied the dwelling on which the exemption is sought for six out of 12 months in the last calendar year. The citizen must be at least 65 as of December 31, 1972, and can prove age by presenting a birth certificate, citizenship papers, baptismal certificate, family Bible, life insurance policy, armed services discharge, voter registration certificate stating age, a United States Census Bureau statement or a social security affidavit. Property ownership can be proven by a land contract, mortgage or property deed.

Those applying for a veteran's exemption must prove ownership of property, veteran's status and disability.

Veterans may prove ownership by the same method and in addition must prove disability status.

The real estate of any blind citizen used and owned as a homestead is now exempt from taxation. This exemption applies only to the first \$3,500 of state equalized valuation of the homestead regardless of its total equalized valuation.

Representative Prescott said that persons desiring further information regarding the tax exemptions could contact their local township or municipal assessor's office with their questions.

Tawas City Council Eliminates Pickup For Commercial

A quotation of \$5,250 for residential garbage removal entered by Leon Houghton was accepted Monday night by the Tawas City Council.

A motion to include commercial collection in the proposal, entered by Ald. Robert N. Rollin, failed to receive support of the council and commercial collection is to be excluded from the new contract.

Under the current contract with James Quarters, who did not enter a bid for providing the service, collection service had been given some commercial establishments. This practice came under fire from the council last year when it was felt that it was unfair practice to serve some commercial firms and require others to provide their own service.

Alderman Rollin expressed the opinion that commercial users were taxpayers and should have one paid pickup each week. An additional cost of \$8,250 would have been required to provide the added service.

Under Houghton's proposal, the cost would increase 10 percent after the first year of operation and another 10 percent in the next year.

A contract for garbage removal is to be prepared for presentation to the council at its next meeting.

In other business, Albert H. Buch appeared before the council and offered to sell the city his building on Lake Street which presently houses the library. No action was taken.

A franchise under General Television and the city for operation of a cable television service was returned to the city attorney for changes. The proposed franchise would be for a 15-year period, at the end of which time the cable firm would have the option to renew the same franchise for an additional 10 years. Any disputes between the two parties during that time could go to arbitration. The old contract, which expires April 1, was for a 10-year period.

The council authorized applying for a permit with the state highway department to hold the annual Perchville parade on February 17. The request was made by the Tawas Chamber of Commerce.

An agreement between the city and Villean, Leman and Associates of Southfield was authorized, which will provide professional planning

Miss Roussin Found Dead

Miss Margaret Roussin was found dead Monday night, January 15, at her Grand Rapids home at the age of 42 years following a brief illness. Born September 30, 1930, in Cheboygan, she is the daughter of Mrs. Bud Fisher of Tawas City.

Funeral services will be conducted Thursday, January 18, 9:00 a. m., at Immaculate Heart Church, Grand Rapids. Burial will be in Cheboygan.

Anna M. Krumm Died January 13

A longtime resident of East Tawas, Anna M. Krumm, 67, passed away Saturday, January 13, at Tawas Hospital. Funeral services were conducted Tuesday, January 16, by the Rev. Kenneth L. Tausley at the Moffatt-Kobs Funeral Home, East Tawas. Burial took place in Veterans Cemetery, East Tawas.

The former Anna Brown was born May 12, 1905, in AuSable (Osceola). She married John Krumm in 1924 in Tawas City.

Surviving besides her husband are four daughters, Mrs. Thelma Montgomery and Mrs. Marion Dubovsky of East Tawas; Mrs. Lorraine Lixey of Flint and Mrs. Betty Abendroth of Clare; five grandchildren; one great grandchild; a sister, Mrs. Charlotte Monroe of Caro; four brothers, Fred Brown, Floyd Brown and John Brown of Port Huron and Deibert Brown of Lansing.

Commission

(Continued from page 1.)

the commission for further consideration. The sheriff's former living quarters in the jail are being converted into offices.

County Treas. Edward Nelkie was authorized to invest \$95,774 received this week from federal revenue sharing money in time certificates of deposit. This represents the second and final payment of federal revenue sharing funds for 1972. The check was slightly lower than anticipated as it was expected that the final payment would match the \$100,334 check received in December. It was stated that a new formula was used for distributing money and checks to all units of government were lower than expected.

Representatives of the East Central Michigan Law Enforcement Assistance District appeared before the commission and offered their help in planning jail facilities to meet expected new requirements by the state and federal governments. It was stated that an expenditure of local money in the amount of \$300 would be matched by \$9,700 in federal funds to finance the study.

Despite the fact that new state and federal regulations expected in the near future may require vast remodeling or even discontinuance of the use of Iosco County's jail, the commission believed that the above offer would be of no immediate assistance.

It was stated that among the new requirements for jails will be one which will provide that prisoners have individual cells. Cost of such a change would be most expensive and some counties are considering adoption of regional jails to house prisoners.

It was reported that the county's application for federal funds to purchase new radio equipment for the sheriff's department had not been included in the March allocation, but was expected to be funded in June.

Authorization was given to county officers to attend the United County Officers Association's conference on January 28, 29 and 30.

Next regular meeting of the board of commissioners is Wednesday, January 17 (today).

State Travel Centers Active During Year

Nine travel information centers operated by the Michigan Department of State Highways served 1,103,722 visitors during 1972, an all-time record, the state highway commission reports.

The visitor count was some 23,000 more than the previous record of 1,080,489 set in 1971.

The travel information centers set another record by distributing 3,499,000 pieces of tourist informational literature during 1972. The previous record was 3,088,000 pieces distributed in 1971. The material is furnished by the highway department, the Michigan Tourist Council, regional tourist associations, other state departments and agencies, local chambers of commerce, industries, private operators of tourist attractions and facilities and other organizations.

Each center is open seven days a week during the summer and at least five days a week during other seasons.

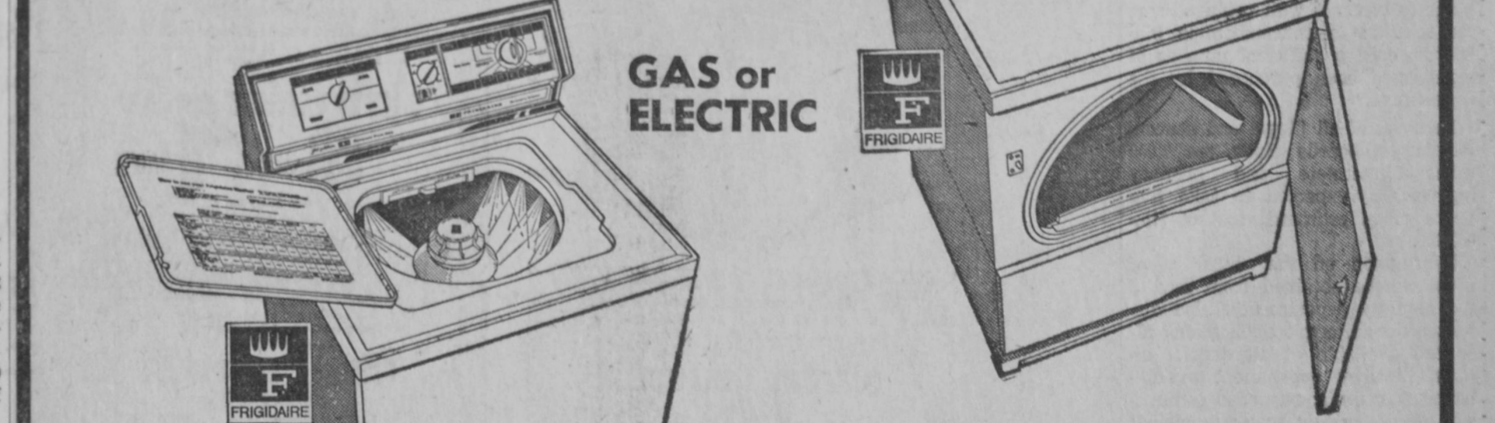

In addition to supplying information and travel counsel, the information centers offer highway travelers modern restrooms, telephone service and picnic areas, all free of charge.

The highway department also provides 63 freeway rest areas, 103 roadside parks and more than 900 picnic table sites on the 9,250-mile state highway system.

Illegal Road Signs Going

Nearly 1,400 signs and billboards disappeared from Michigan's roadsides in the last two months of 1972, with an additional estimated 6,000 scheduled to come down by the end of 1973, the state highway commission reported Monday.

Michigan's Billboard Control Law enacted last March charged the Department of State Highways with removal of all illegal and nonconforming billboards along some 7,000 miles of interstate and primary highways.

The law also requires a \$3 annual permit for legal and conforming billboards. Failure to obtain the \$3 permit for legal and conforming billboards places them in violation of the law and subject to removal at the owner's expense.

By actual survey, 29,722 signs or billboards were counted by the highway department along the 7,000 miles of highways covered by the law. By year's end, only 12,128 applications for the \$3 permits had been made to the highway department.

All signs and billboards without the permit are being tagged by the highway department with red violation notices. Sixty days after being tagged, billboards for which no application has been made are declared abandoned and are scheduled for removal by highway department maintenance crews.

By year's end, 839 such abandoned billboards had been removed by their owners, with another 494 removed by highway crews.

John P. Woodford, state highway director, said there probably are several thousand billboards in disrepair for which owners have no intention of applying for permits.

"On the other hand," Woodford said, "there are some 10,000 billboards in good repair for which permit applications have not been made."

He warned that these billboards, without the \$3 permit, while otherwise qualifying for possible compensation, will be declared abandoned and removed by the highway department.

Permits expire on June 30 of each year.

Woodford said that larger billboard companies have been "very cooperative, not only in applying for permits, but in removing illegal and nonconforming signs."

Signs which were legal but became nonconforming under the new law qualify for compensation to the sign owner as well as the owner of land on which the sign is located. They still, however, are subject to removal.

An estimated 15,000 signs previously legal but which became nonconforming under the new law are eligible for compensation. Highway department right-of-way personnel plan to complete compensation negotiations for 3,500 nonconforming signs in 1973.

The federal government pays 75 percent of such compensation, with the state paying the remaining 25 percent. The federal government already has allocated 6.4-million dollars to the Michigan Highway Department for billboard compensation during 1973.

Woodford said the department plans to contract with private firms for removal of nonconforming billboards, once a sufficient number of signs have been purchased by the department.

Removal of all illegal and nonconforming billboards along the 7,000 miles of interstate and primary highways is expected to take five years at an estimated cost of \$15,000,000.

Information on the legality of signs can be obtained from any of the highway department's nine district offices. Permit applications also are available at all district offices, highway department maintenance garages, county road commission offices and at many municipal offices.

The district highway office serving this area is located at 3022 US-23 South, Alpena. The telephone number is 356-2231.

Tawas Braves Lost Pair of Games Last Week in NBC

Tawas Area Braves dropped a couple of more rungs in the NBC standings last week with losses to Carrollton and Gladwin. The visiting Cavaliers, undefeated leader of the con-

ference, trounced the Braves, 70-43, on Tuesday night and the Braves traveled to Gladwin Friday night where they absorbed a 64-49 defeat. Carrollton, defending champion of

the NBC and a talented squad which should have no trouble in repeating as the conference's top team, was cold in the opening quarter Tuesday night. The Braves and the Cavaliers

were tied at 8-8 at the end of the first quarter of play.

The visitors left little doubt as to the final outcome of the game when they posted 21 points in the second quarter to Tawas' 11. An identical total of 21 points in the third quarter far out in front. Both coaches emptied their benches in the final quarter and Carrollton posted a 17-15 margin.

Top scorer for the Braves was Terry Nichols, who had 12 points. Emeott paced the winners with 16 points.

Tawas Area fell behind in the opening quarter against Gladwin, 16-12, and the Braves found themselves down, 37-20, at intermission. The Braves had to play catch up ball the rest of the way, but could not overcome that first half bulge by Gladwin. Tawas outscored the Flying Gs, 15-9, in the third quarter and managed to come out on top, 18-14, in the final quarter.

Two Tawas players scored in double figures with Chuck Saunders leading the way with 14 points. Steve Janego had 11 points. Gladwin had four players scoring in double figures, paced by Al Watson's 16.

Officials tooted their whistles 13 times against the Braves during the night, while Gladwin had only seven fouls.

Turning in another outstanding defensive game, the Hale Area Eagles defeated Hillman, 61-38, Friday night to extend their North Star League record to six consecutive wins. The Eagles have only one loss this sea-

son and that was against Alcona, a non-league opponent.

The Eagles are now alone at the top of the NSL team standings. Augres-Sims, which had been undefeated until last week, lost games on Tuesday and Friday nights. Arenac Eastern is now in second place with a record of five wins and one loss.

The loss was to the Eagles and these two teams are to meet at Hale on January 26.

Opening the second half of league play Friday night, the Eagles are to play host to Fairview. The Eagles were to play host to Whittemore-Prescott Area in a non-league game

Tuesday night (last night).

Hale jumped off to an 18-6 margin in the first quarter and had no trouble the rest of the way against Hillman. The winners had margins of 11-10, 14-12 and 18-10 in the final three quarters.

Jeff Miller continued on his scoring rampage with 21 points, followed by Greg Pickett's 16 points and 10 points for Keyno Shellenbarger. Kennard led the Hillman team with 12 points.

National Plant Had Perfect Work Record

The National City plant of National Gypsum Company worked the entire year of 1972 without a lost time accident, according to a report this week by L. J. Koepke, personnel and safety director.

Coffee and doughnuts were served to all employees in recognition of their efforts for making 1972 a safer year.

The plant safety motto is "The Best Safety Device Is a Careful Man."

"Working all year with no lost time accidents certainly proves National City employees are careful men who know their jobs," said Koepke.

Junior Braves Continue Long Win Streak

Tawas Area Junior Braves kept their undefeated record intact last week with two more wins. The Tawas Junior Varsity defeated Carrollton, 57-49, Tuesday night, and then rolled over Gladwin, 99-48, on Friday night.

Carrollton gave the Junior Braves the best test of the season as both teams were tied at 14-14 at the end of the first quarter. Tawas jumped to a three-point lead at intermission on a 13-10 second quarter score.

The Junior Braves then zoomed out on a 17-10 third quarter score and held on to the lead in the fourth quarter when Carrollton posted a 15-13 margin.

Top scorer for the Junior Braves was Jeff Hemphill, who had 22 points. Mike Mooney was next with 20 points.

The Junior Braves had an easy time beating Gladwin Friday night, taking a 23-10 first quarter lead. The Tawas team then hit its highest score in the single quarter for any game this year with a margin of 31-16 in the second quarter. The Junior Braves continued to roll in the second half with quarter scores of 27-10 and 18-12.

Mooney paced the winners with 24 points, followed by Mickey Haglund's 19. Kern topped the losers with 18 points.

Dairy Specialists to Give Program

An outstanding program that no dairyman should miss will be held Saturday, January 27, at the Ogemaw Heights High School, located on M-53, two miles north of M-55.

A team of dairy specialists and veterinarians from Michigan State University will present information on how feeding affects the health and production of dairy cows.

The event is called the "Dairy Cattle Nutrition and Health Conference." Refreshments will be served at 9:30 a. m., followed by talks on the impact of adequate nutrition and health at 10:15 o'clock. One-hour lunch break will begin at 11:45 o'clock.

Talks to be heard in the afternoon will concern how nutrition and management affect conception and calving, 12:45 o'clock; liquid protein, heat damage to haylage and silage, non-protein nitrogen, MHA, 1:15 o'clock; rations for maximum production, health and profit, 2 o'clock.

TAWAS AREA BRAVES fell twice last week before NBC opponents, just as Randy Potts (32) fell to the floor (above) in fighting for a rebound. The Braves lost to Carrollton Tuesday night and then dropped the decision Friday night to Gladwin.—Tawas Herald Photo.

Train Adults to Teach Swimming

Iosco County Chapter of the American Red Cross recently conducted a water safety instructor course in which adults were trained to teach swimming lessons and life saving.

First part of the program was held at Oscoda Area High School pool on Monday nights. The instructor was Mrs. Leonard Hintz. Second part was completed the week-end of January 6-7 at Alpena, held at Thunder Bay Junior High School. Richard Miles of the recreational department of Alpena Community College was the instructor.

Successfully completing the instruction were Diane Babcock, Billie Minard, Roger Emmons, Mary Ann Wojahn, James Rowland, Sue Bellville, Elizabeth Reed and Jean Papas.

The above named are now Red Cross water safety instructors and are certified to teach swimming lessons in Iosco County.

Swimming lessons for adults, beginners through life saving, are now being held at the Oscoda pool every Monday night, 7 to 9 o'clock. Plans are being made for a survival swimming course to be offered in the spring. This would be open to non-

Corrective Reading Class Slated at Hale

Enrollment is limited to 30 students in the class in corrective reading scheduled by Central Michigan University's Off Campus Education office in Hale this winter. Registration will be Tuesday, January 23, 7:00 p. m., at Hale Area High School.

The course is listed as Elementary Education 422, corrective reading in the classroom, and earns three hours credit. It is open to graduate as well as undergraduate students.

The Hale offering is one of over 160 scheduled by CMU's Off Campus Education office in 50 centers throughout Michigan this winter. It is estimated that at least 3,000 students will be enrolled in the various classes earning graduate and undergraduate credit at CMU.

swimmers and swimmers alike. It would be held for adults Monday evenings at the Oscoda pool.

THE TAWAS ALL STAR TEAM is shown above with the Stroh's team of Detroit following an exhibition match Friday night at Tawas Lanes. Standing from left are Joe Martin, Cary Hilbert, Paul Becker, Chum Lorenz and Paul Beaupar-

land. Members of the Stroh's team seated from left are Bill Spargo, Fred Vitali, Bob Crawford, Dale Seavoy and Harry Campbell.—Tawas Herald Photo.

Good Crowd at Tawas Lanes for Stroh's Exhibition Series

Tawas All Stars, a team composed of local high-average bowlers, gave a good account of itself in a three-game exhibition match series with the Stroh's team of Detroit Friday night at Tawas Lanes.

Paced by Cary Hilbert's 615 series, the Tawas All Stars lost to the visiting professionals, 2802-2847.

In leading the local team, Hilbert fired a 263 score in his middle game,

coupled with 168 and 184 for his three-game series. Chum Lorenz rolled a steady 602 series on games of 221, 205 and 176.

Scores of other Tawas bowlers included Paul Becker, 514, on games of 177, 183, 154; Paul Beauparland, 562, on scores of 190, 184 and 188; Joe Martin, 509, on scores of 149, 167 and 193.

The Tawas team had game scores

Eagles Post First Win in New Gym.

Hale Area Eagles started off on the right foot in the district's new gymnasium Tuesday, January 12, by defeating Mio, 77-64, to take over undisputed possession of first place in the North Star League. The Eagles are undefeated in conference play.

Nearly 600 persons were on hand for a special ceremony preceding the first game in which Supt. Paul Keener turned over the new gymnasium to Prin. Richard Dodge. Members of the board of education were introduced during the program.

The game ball was taken out of play after Mio made the first basket and has been placed in the school's trophy case.

The Eagles outscored the visitors in three quarters and turned in one of their best games of the season. Hale jumped off to a 22-15 margin in the first quarter and outscored the visitors, 17-15, in the second quarter.

Hale Area continued to build up a lead in the third quarter with a 21-16 bulge and held on with a 17-18 deficit in the final as all players on the Hale Area bench saw action.

Leading scorer of the night was Jeff Miller, who registered a season high of 32 points on 11 field goals and 10 foul shots. Greg Pickett meshed 16 points to be the next highest scorer. Dillon paced the Mio team with 16 points.

FORWARD'S announced the opening this week of their new car wash at the intersection of US-23 and M-55 in Tawas City. New equipment douses each car with over 50 gallons of water. Nine whirling brushes do a cleaning job and the exterior is washed and dried in only 30 seconds.—Tawas Herald Photo.

**TODAY'S
Meditation**
from
The World's Most Widely Used
Devotional Guide

(Read II Corinthians 4:7-12)

We have this treasure in earthen vessels, that the excellency of the power may be of God and not of us. (II Corinthians 4:7)

For the last 100 years, the world has been going through a revolution. Its characteristic is that the old, static life is giving way to a highly-mobility world.

Along with other institutions, the church has been having to adjust and carry its ministry outside the church community. Ministries have been expanded to teen groups, businessmen and college youth, but how the change in society has reached a stage where these do not seem enough, who knows what kinds of changes these will be? We constantly have to look for new and creative ways to express the faith and reach people for Christ.

Soren Kierkegaard once reminded us that our greatest comfort is in knowing that before God we are always in the wrong. He was simply stating that in our attempts to express the faith, our best efforts will always fall short. Our only comfort is in knowing that God uses them, for they are all we have to offer.

PRAYER

Use me for Your purposes today, Lord; correct my sinning ways, in Jesus' name. Amen.

THOUGHT FOR THE DAY

Through the earthen pots which are our lives, God wants to let His power flow.—Florence Julien, Quebec, Canada.

**Circle Met With
Mrs. Fred Landon**

White Cross quota project was enjoyed by 10 members of the Ruth Circle of the First Baptist Church, Tawas City, at the home of Mrs. Fred Landon Thursday evening, January 11.

Mrs. Rollie Gackstetter, chairman leader, conducted the business meeting. Interesting devotions were given by Mrs. Walter Clements.

Table prayer was given by Mrs. Sidney Rowland.

**Herbert Durham
Honored Sunday**

Herbert Durham was honored on his 70th birthday at a surprise celebration Sunday afternoon, January 7, hosted by his son, Stanley, and his wife and son at their home on Kokosing Road. There were 33 relatives, including Herbert's wife, Alma, who gathered in the afternoon to visit. Two birthday cakes and ice cream were enjoyed by the family and Mr. Durham opened many gifts.

The Durhams were invited to visit son's home for Sunday dinner, where later daughter, Patricia, and husband, Joseph, read; son, Steve, and friend of friend Hapas already had arrived as a surprise. The Stanley Durhams' three daughters and their families came in the afternoon. Mr. and Mrs. David Gruber and daughter, Jennifer; Mr. and Mrs. Charles Rissler and son, Matthew; the Gary DeWolfs of Lapeer; Mrs. Peggy Durham's mother, Mrs. Kate Frud.

Also attending the afternoon party were Mr. and Mrs. Joseph Egea of Suerwood, Mr. and Mrs. Racine Aho of Celanico, the Douglas Gamble and daughter of Detroit, the Charles Miller family of Lansing and Mr. and Mrs. Donald Watson and son, Paul, of Okemos. The Stanley Durhams' other daughter, Ruth, and her husband, the Rev. Robert Lazar, of Goodhue were unable to attend.

Mr. and Mrs. Elsie Shellenbarger are parents of a daughter, Heather Marie, born Tuesday morning, January 9, at Tawas Hospital. Mrs. Shellenbarger is the former Nancy Super. Grandparents are Mr. and Mrs. Ora Super of Sage Lake and the Perry Shellenbargers.

Mr. and Mrs. Glenwood Streeter were hosts to her niece, Miss Lorri Nage of Redford Heights, over the week-end.

The Howard McKenzies have arrived home after spending some time in Colorado.

Mr. and Mrs. Larry Martin (nee Soney Leamon) are parents of a son, born at Toitree Hospital last Tuesday.

Charles Thayer of Flint and Mr. and Mrs. Gordon Thayer, son and daughter of Swartz Creek came Saturday to enjoy snowmobiling and visit their parents, the Daniel Thayers. Saturday afternoon, Gordon and his wife joined another group who toured the Rifle River Recreation Area. Charles took the rest of the

family to the game reserve west of Rose City where they saw about 75 deer in the winter yards.

Mrs. Ami Althouse of Oscoda spent three nights with the Daniel Thayers while her husband was a patient in Tawas Hospital.

Mrs. Daniel Thayer and Mrs. Ethel Crisman attended the Northeast Michigan Mental Health Board meeting Thursday evening at Alpena.

The Harold Funks were Sunday guests of her sister and husband, the Harold Karls of Saginaw. Also guests of the Karls were two brothers, Julius and Sheldon, both of Detroit.

Mrs. Gerald Wyatt has been very ill for a week with flu.

Mrs. Helen Shaum left Florida and flew to Flint where she is staying with her sons and families for a while until she recovers from in-

FORWARD'S SHELL CAR WASH

Senior Citizens

Discuss Schedule

Plans for a 1973 schedule of events were discussed at the Wednesday, January 10, meeting of Tawas Area Senior Citizens at the East Tawas Community Building. Ninety members enjoyed a song fest, drawing of door prizes and card playing.

Alfred Buch, retired Isosco County register of deeds, presented an interesting and informative talk on his many years in county service.

Next meeting will be Wednesday, January 24, 12 o'clock noon, at the community building. Members with January birthdays will be honored.

SEVENTH GRADE STUDENTS of Hale Area School and their instructor, Randy LaLonde, visited The Tawas Herald office Wednesday to watch the newspaper being printed. The youngsters viewed various phases of the operation, including setting of type, page makeup, electronic engraving of photographs and printing of the newspaper on the press pictured above.—Tawas Herald Photo.

DAV Officer Sets Visit

Chalmers LaFray, field service officer of the Disabled American Veterans, will be at the Isosco County Building, Tawas City, Tuesday, January 23, from 10:00 a. m. until 3:00 p. m. to assist veterans and their dependents with Veterans Administration problems.

LOOKING BACKWARD—

Tawas Area May be Indian Lore Center

15 Years Ago—

January 16, 1958—The Tawas area may become the Indian lore center of Michigan, according to announcements this week. William Schetzen of Dayton, Ohio, has announced that he will open his Tawas Gallery of Historic Indians in the former Red Chief Restaurant, south of Tawas City. The business will include a gift shop in the front portion of the building and an Indian museum in the remainder of the building. The other development was that the Rev. O. James Crews of Detroit is planning to establish the Michigan Indian Ceremonial at Chapel Lake. Crews told the board of supervisors that the ceremonial will be designed along the lines of an Indian spectacular and has prospect of becoming one of the greatest tourist attractions in the state.

35 Years Ago—

January 21, 1938—Citizens of Isosco County, who believe in protecting and preserving American democracy, were urged today by American Legion posts to sign petitions in support of the Sheppard-Hill measures in congress for an adequate universal military service law.

Sleigh rides in straw-filled racks on old fashioned bob sleighs will carry groups of winter sports enthusiasts over snowcovered trails of Huron National Forest for the opening of the East Tawas winter sports carnivals.

John Pinter, manager of the Holland Hotel at East Tawas, announced that the hotel would be closed effective January 19 for extensive remodeling. Plans for remodeling the old hotel have been contemplated for the past two years by Pinter and his partner, Ard Richardson. "When work is completed, we will have a strictly modern 44-room hotel with dining room and bar," said Pinter.

Final approval to two new subdivisions was given by the Tawas City Council. Included is the 97-lot North Park Acres Subdivision owned by Elmer J. Burrell and the 57-lot Huron Gardens Subdivision owned by Mr. and Mrs. Victor Zaharias. The plans are now awaiting approval at Lansing.

Five hundred persons were confined in the Isosco County Jail during 1967, an increase of 13 prisoners over the previous year.

Tawas Indies defeated Bay City Aetna Saturday night, 89-54. Members of the Tawas independent basketball squad include Bill McIntosh, Howard Adams, Bruce Myles, Don Westcott, Bob Binder, Larry Clute, Del Myles, Dave Featheringill and Tom Pinskiowski.

25 Years Ago—

January 16, 1948—Fox bounty amounting to \$830 was paid by the Isosco County Board of Supervisors during the past season. A county bounty on fox was adopted last year in a move to help eliminate some of the destruction to birds and small game by fox in this area. To date, bounty on 166 fox has been paid.

Members of a committee in charge of the local boy scout troop are Stanley Humphrey, Russell H. McKenzie, the Rev. Wayne Smith, Blaine Christenson, Dr. John Le Clair, E. D. Jacques, Elmer Worth, Lionel Butler and Gordon Holland.

Donald L. Kobs, 17, Tawas City, has enlisted in the United States Navy.

Mrs. Ross Shellenbarger is employed as the new telephone central at Hale.

Henry Wallace states that he will be an independent candidate for president in 1948 because of his revulsion against "the bi-partisan reactionary war policy which is dividing the world into two armed camps." But he is deluding no one, not even himself, about his chances of being elected on a third party ticket.

The recent highway study report

GOLD DUSTER

You get a lot of economy car for the money, a canopy vinyl roof for no money.

Gold Duster. It happens once a year!

Last year, our Gold Duster was so successful that . . . it's back again. Here's your basic Duster Coupe, big enough for five, small enough to handle easy, and economical all over. But now it's dressed up with whitewalls, deluxe wheel covers, wall-to-wall carpeting and

CHECK OUR GOLD STICKER VALUES NOW!

a special vinyl interior trim. And when you get all this, you can also get a canopy vinyl roof at no extra charge. (The factory doesn't charge you, so we don't have to charge you.) So don't wait. It's a once-a-year bargain. Gold Duster. A Gold Sticker Value. Now at your Chrysler-Plymouth dealer's.

Monthly SS Payments Go Up to Aged Widows-Widowers

Question: I am 67 and last year when my husband died I started getting monthly social security widow's payments. He never got any social security benefits. My neighbor told me I will be getting a raise in my check. Is this true?

Answer: Yes. Monthly payments to most aged widows and dependent widowers will increase under the recent changes in the social security law. The amount of the increase depends upon the age at which the widow or widower first started getting monthly checks and on whether the deceased spouse got benefits before age 65.

You will be getting the increase with the check you receive on February 3. However, widows getting monthly retirement benefits only on their own social security earnings record should check with their social security office to see if they can get a higher benefit based on their husband's record.

Question: I have a friend whose only income is her monthly social

security check. She has a son who was severely hurt in an accident when he was 19. He has not been able to work since the accident and there is little chance he ever will. I thought I read that the recent changes in social security make her son eligible to get monthly checks, too. Is this right?

Answer: Yes. Beginning January 1973, your friend's disabled son and other people who became severely disabled after age 18 but before 22 may qualify for monthly social security payments if a parent is getting social security benefits or has died after having worked long enough under social security. Before payments could be made to disabled sons or daughters only if the disability started before age 18. Your friend and her son may visit any social security office to apply for benefits.

Question: I am a career soldier. I understand that the new social security law provides new benefits for servicemen. What are they?

Answer: In addition to social se-

curity credits for their basic pay, servicemen have been getting "non-contributory" wage credits of \$100 for each month of active military service performed after 1967. Starting in January, wage credits of \$100 a month are also given for active military service performed after 1956. These credits are provided without deductions from the serviceman's pay.

Since social security payments are related to average earnings, this change could have the effect of increasing social security cash payments. Retired servicemen, or survivors of servicemen, collecting social security benefits should check at any social security office to see if the new law affects their payments.

If you have a question about social security, contact your district office at 1009 North Madison Avenue, Bay City, Michigan 48706; telephone, 893-9579. For your convenience, a social security representative will be at the Isco County Building, Tawas City, every Thursday from 9:45 a. m. to 3:00 p. m.

Iosco Students on Ferris State Honors List

Ferris State College, Big Rapids, has honored 1,277 students for scholastic excellence during the fall quarter by naming them to the academic honors list. Dr. James V. Farrell, vice president for academic affairs, has announced.

To be named to the list, a student must earn at least a 3.25 average on a 4.0 basis and carry a full academic load. A full load is defined as 14 quarter hours of credit.

Students from Iosco County named to the list include Joel R. Rescoe of Alabaster; Nancy E. Brandemuehl, Steven H. Cross, Ronald E. Doak, Carl G. Klinger and Gerald L. Wilkinson of East Tawas; Edward R. Proudfoot, Richard R. Reasner and Brian M. McMurray of Tawas City; Dane M. Chapman, Clifford G. Hart, Shirley A. Johnston and Jon E. Stowell of Oscoda.

By HELEN B. MEACH
Extension Home Economist

Seaweed in milk? It is true. I thought you would like to learn about this unusual substitute being used in low fat milk.

The "Michigan Milk Messenger" wrote about this in the October issue. It tells that some companies are adding "carrageenan," which is a derivative from a red seaweed, and tapocia instead of the usual addition of milk solids for fortification of low fat milk. Although this is not illegal,

it is nutritionally cheaper when compared to the "all milk" products. The protein content is lower than the all-milk product and the carbohydrate level is higher.

Like the meat law, the milk law was changed a few years ago to comply with lower United States standards. Fortification in low fat milk by the addition of milk solids became optional. Up until recently, most processors had been holding up Michigan's high standards.

But it seems processors have gradually cut back or discontinued the addition of milk solids and added stabilizers, like tapocia and carrageenan in low fat milk.

The label on the carton must indicate the products added and the amount, so read that label now that you can decipher what it says.

This is just one more reason why consumers must continue to be diligent readers of food labels.

Future Land Use Controlled by Owners

Sixty-three percent of the forest land in the Northern Lower Peninsula is owned by private owners, according to David Olson, county extension director, Michigan State University Cooperative Extension Service. "These owners control the future of the area wood and wildlife supply," says Olson. "What type of land-use and management is applied to this two-thirds of our forest will determine future availability of forest products and wildlife. The needs of society for these important products of the land cannot be met by public forest alone."

Because of lack of information on management practices, the Cooperative Extension Service will hold a brief course designed to inform private forest landowners on management techniques.

The four-part course will be held on Monday evenings at the Oscoda Township Community Building, beginning January 29. The two-hour meetings will begin at 7:30 p. m.

Individuals at the first session will discuss the topics, soil and water and forests in Michigan, with Willard Bosserman and Olson as speakers. February 5, the subject will be managing your land for timber and wildlife with speakers, Prof. Mel Koelling and Prof. Lester Bell, both of Michigan State University. Subject for February 12 will be wildlife management on your land. Speaker will be John Byelich of the department of natural resources. Final meeting will be held February 26. Subjects will be law affecting land-use, timber sale contracts and assistance programs for landowners.

IN MEMORIAM

In loving memory of my husband, Ashton L. Harvey, who passed away two years ago today, January 19, 1971.

Dear God forgive a selfish tear
A selfish wish that he were here
There are others that I know
But he was mine, I loved him so.
It broke my heart to lose him
The day God called him home
To you who have a husband
Treasure him with care
For you will never know his value
Till you see his vacant chair.
Surrounded by friends I am lonely
In the midst of joy I am blue
If all the world was mine to give
I'd give it all and more
Just to see his smiling face
Come walking through the door.
No one knows how much I miss him

No one knows the bitter pain
I have suffered since he left me
Life will never be the same
God only knows how I miss him
As this ends the second lonely year.
Wife, Phyllis 3-1b

Mr. and Mrs. James Strysick and family of Ravenna and the Robert Norris family of Fruitport are spending next week-end with Mr. and Mrs. Carl Norris to enjoy some snowmobiling.

Mr. and Mrs. Dele Wood and family visited his brother, Roger Wood, and family Wednesday evening.

Mr. and Mrs. Herbert Schroeder were guests of Mr. and Mrs. Charles Dull Wednesday afternoon.

Extension Council Met January 11

The Michigan State Extension Service is divided into 31 areas. Area 15 includes Arenac, Iosco and Ogemaw Counties and it is these three counties which Mrs. Helen Meach serves as extension home economist.

A meeting of the Area 15 Extension Homemakers Council was held Thursday, January 11, at the elementary school in Whittemore. Mrs. Meach and 21 representative members of the nine study groups were in attendance.

Mrs. Jeanette Wubbena called the meeting to order. The pledge to the flag and the extension women's creed were said, after which the meeting was turned over to the new 1973-74 chairman, Mrs. Lillian White of Iosco County. Minutes of the last meeting were read, corrected and approved. Mrs. Doris Haas, secretary-treasurer, reported that the area dues were not in as yet.

A scholarship to college week for women will be given by the area council to a deserving homemaker, not necessarily a study group member, but someone who has not attended college week before. A committee was organized to establish requirements and select the homemaker.

The Michigan Association of Extension Homemakers will host the 1973 National Extension Homemakers Council August 13-16 at Michigan State University with 2,400 guests expected to attend from across the nation. Arenac and Iosco Counties will be sending eight ladies there on August 16 to be hostesses at the leadership workshops.

The district convention will be held March 14 at the Holiday Inn, Grayling, from 9:30 a. m. till 4:30 p. m. Area council officers and county council officers are urged to attend. This leadership training day is open to all study group members who wish to attend. Contact your

group chairman for details. Arenac County is planning another mini college day this year. Iosco County will be working on an arts and crafts day as a possible project for the year.

Mrs. Meach asked for ideas in selecting four leadership training lessons for 1973. She also presented members with survey sheets to be filled in by study groups and returned to the national organization by May 31.

Next meeting was scheduled to be held in Twining. Date of the meeting is to be announced.

Reno News

Mr. and Mrs. Clarence Greenwood called on Mr. and Mrs. Wilbert Stine Friday.

Mr. and Mrs. Charles Shortt moved into their new home on Mill Station Road last week.

Miss Florence Latzer visited Mrs. Agnes Donells at West Branch hospital Saturday afternoon. She and her sister, Myrtle Waters, also visited Mrs. Helen Plowman, Hamilton Hutchison, Mrs. Amy Newberry, Mrs. Alma Pake and Mrs. Ethel Bellville last week.

Mr. and Mrs. Carl Owens had dinner Friday at the home of her niece and husband, Mr. and Mrs. Walter Redmond.

Miss Beatrice Barnum visited her brother, Barney, at Hardwood Lake Friday.

Mrs. Naomi Lewis returned home from Mercy Hospital Tuesday.

Mr. and Mrs. Arthur Aulerich and Miss Beatrice Barnum attended a birthday party Thursday evening in honor of Kimberly Bonnell.

Funeral Held for George S. Bennett

Funeral services were conducted Saturday, January 13, at the Forshee Funeral Home, Hale, for George S. Bennett of Whittemore. He passed away Wednesday, January 10, at his home. Burial took place in the Attica Cemetery near Lapeer.

Born September 27, 1892, in Lapeer, Mr. Bennett moved to Whittemore three years ago.

He is survived by his wife, Olive; one son; three grandchildren, and a great grandchild.

Friends may send get-well wishes to Elwood Herriman, who is a surgical patient at the Lapeer hospital.

Monday evening, January 8, Dwayne Biggs celebrated his 10th birthday with cake and ice cream at the home of his grandparents, Mr. and Mrs. George Biggs.

Saturday, the Merlyn Looks, Mr. and Mrs. Darrell Upon and daughter, Andrea, enjoyed snowmobiling at the Hale home of the Leon Put-

nam.

Otto Grabow enjoyed Thursday at the home of his daughter, Mrs. Merlyn Look, and family. He enjoyed Sunday with his son, Robert Grabow, and family.

Sunday, Mr. and Mrs. William Brown and the Orville Strauers attended the housewarming party for Mr. and Mrs. Marvin Schwab at Standish.

Mr. and Mrs. George Biggs were Tuesday overnight guests at the Bay City home of their son, Billie, and his wife. Wednesday, they attended the funeral of Mrs. Lela Hensel at Saginaw. She was a sister of George Biggs.

Mrs. Orville Strauer spent last

week with Mrs. Evelyn Lammy in Flint and the Larry Frank family in Corunna.

Mr. and Mrs. Harold Frye of Bay City enjoyed the week-end with his parents, Mr. and Mrs. Henry Frye.
