TAWAS AREA SCHOOL CAFETERIA was used for the first time Monday as a central polling place for a school election. These pictures show voters lining up for ballots (top) and ballot boxes for the three precincts in the lower photo.—Tawas Herald Photos.

A 1 1/2-mill increase in voted operational tax, along with renewal of 7 1/2 mills of special operational money for one year, was given an overwhelming endorsement Monday by voters of Tawas Area School District.

In one of the best turnouts of voters in the history of recent school elections, voters gave nearly a two-to-one approval of the operational tax proposal, 1,534 to 737. With 12 spoiled ballots not counted, there were 2,343 persons who went to the central polling place at Tawas Area High School.

Although Monday's total was one of the highest in recent years, it was

still about 600 short of the record total vote cast in the school bonding-site election of 1954.

Members of the board of education were naturally delighted with the result of the election and gave credit for its passage to a "community effort."

Robert Elliott, board president, said that particular thanks should be given the news media and businessmen for emphasizing the need for year approval, as well as to a large corps of volunteer citizens, students and teachers, who conducted a telephone campaign Monday afternoon to encourage residents of the entire district to vote in the election.

The nine-mill proposal was given approval in all three voting precincts as follows:

Precinct No. 1, East Tawas—"Yes," 800; "no," 351; 10 spoiled ballots.

Precinct No. 2, Tawas City—"Yes," 483; "no," 255; one spoiled ballot.

Precinct No. 3, Tawas Township—"Yes," 251; "no," 191; one spoiled ballot.

As a means of simplifying election procedures and as an encouragement to voters to visit the main school building on M-55, the board of education earlier this year authorized the consolidation of three polls into one

central election headquarters at the high school.

In previous elections, portions of Baldwin Township voted at East Tawas and Tawas City, while voters of Tawas, Sherman and Grant Townships voted at the Tawas Township Hall. Voters in that part of Wilber Township in this school district voted at Tawas City.

With the change Monday, poll books were arranged by precinct at the central polling place, which eliminated considerable confusion over precincts.

(The 12 spoiled ballots were caused when voters wrote messages to the board of education on the actual bal-

lot. According to state election law, such ballots must be voided.)

Approval of the operational millage proposal was practically a "must" for the district, if the school was to continue to operate this year. According to the final state aid formula received this week, Tawas Area School's state aid payments will be cut by \$103,557 from last year.

A defeat at the polls Monday would have meant the loss of another \$65,627 in state aid, because of a new requirement of the legislature which bases state aid on local tax effort.

The nine mills of taxes will raise

\$599,613 in local revenue based on the total district valuation of \$59,331,858. In addition, the school receives 9.7 mills of taxes from the 15 mills split by the Isoco Allocation Board. This gives a total of 18 1/2 mills of operational taxes for the school district, still well below the state average.

The need for the additional 1 1/2 mills of taxes, plus renewal of 7 1/2 mills of taxes which expired this year, was attributed to inflation, plus the additional operational expense caused by the change to a split session to relieve overcrowded classrooms. The additional tax will provide a few much-needed curriculum improvements.

New AuSable River Park Going to State

Isoco County Board of Commissioners adopted a resolution Wednesday transferring the newly-opened AuSable River Park from county to state ownership.

This park, destined to become one of the most popular parks in the state, was opened to the public only two weeks ago. It has been in the planning and development stages by the county and state for the past decade.

Robert Foster, chairman of the county board of commissioners, said that \$320,000 had been expended in development of this new facility, the bulk of the financing coming from state funds earmarked for park expansion.

"The actual operation would be a burden to local finances," said Foster.

The Michigan Department of Natural Resources is now making plans for further development of the park, located on the south side of the AuSable River mouth near the US-23 bridge. Included would be construction of streets and blacktopping, guard posts and additional fill. Total expenditure for the park, when completed, would be about one-half million dollars.

Foster said the board of commissioners had agreed to contribute \$6,500 as this county's share of the remaining work next year.

In other business conducted during the first meeting of September, the commission heard a report from District Health Department No. 2 concerning establishment of a detoxification center at Tawas Hospital in an alcoholic and narcotic abuse program. The center would be financed through state and federal funds.

The commission gave its approval to modified plans for a sewage system presented by Francis Fredenburg of Tawasenthia Subdivision, East Tawas. The approval would be subject to district health department approval, which had denied a permit earlier.

No formal action was taken on a new salary contract with sheriff's department deputies. The commission chairman said that a new contract was expected to be signed September 19 and that negotiations "were not

School to Borrow Against State Aid

Authorization was given Monday night by Tawas Area Board of Education to make application to borrow \$155,000 on the school's state aid anticipated for the current term.

The money would be borrowed for a period of not to exceed six months and would finance school operation until the receipt of local school taxes.

Borrowing money to meet payroll expenses at this time of year has been customary for the school district since elimination of a budget balance a number of years ago. In addition, the school's state aid has

been cut by about 30 percent this year, which places a greater load on local taxpayers.

In other business at Monday night's meeting, Harold J. Knight of East Tawas, certified public accountant, presented an audit of books for the year ending June 30.

According to the audit, the school had delinquent taxes receivable of \$102,649.10 as of June 30, which compared to \$94,968.67 the previous year. General fund revenue during the year ending June 30 totaled \$1,521,513.67, compared to \$1,351,511.09 the previous year. This included \$897,648.52 from local sources, \$597,674.15 from state sources and \$17,191 from federal sources.

Expenditures during the year ending June 30 amounted to \$1,494,223.99, compared to \$1,322,839.57 during the previous year. This included \$379,231 for elementary instruction, \$632,488 for secondary instruction, \$37,210 for adult education, \$64,016 for administration, \$116,837 for transportation, \$127,437 for plant operation.

Maintenance of plant amounted to \$35,969, fixed charges totaled \$80,624, capital outlay totaled \$6,438, community services amounted to \$2,744.

Supt. Edward J. Barry said that contract bargaining resumed Friday with non-instructional personnel and it was expected that a three-year contract was to be presented to a vote of union members Tuesday afternoon regarding the school's latest offer.

Herman Rollin, building principal at the Tawas City Elementary Unit, reported that efforts were still being made to hire a reading teacher. Mrs. Barbara Cuthbertson, building principal at the East Tawas Elementary Unit, reported that a new library opened Monday at that unit.

A report was given by Mrs. Cuthbertson on a testing program to be conducted in elementary grades in order to incorporate a non-graded reading program.

Annual state assessment tests for fourth and seventh graders are to be conducted during the month of September.

Sheriff's Dept. Checks Three PI Crashes

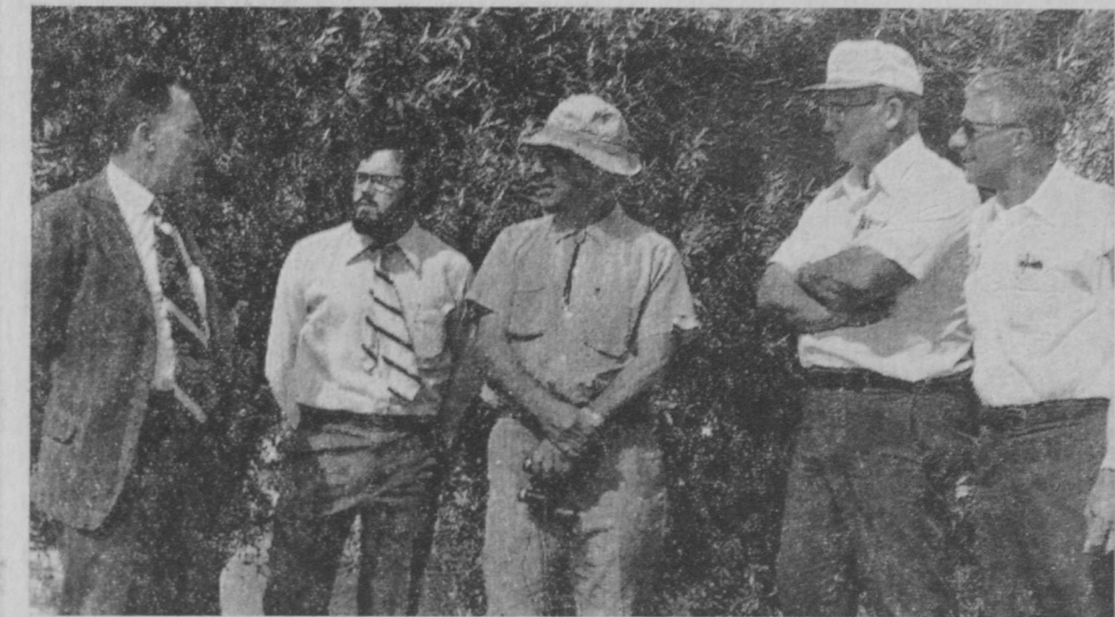

Isoco Sheriff's Department officers investigated three personal injury accidents Saturday and Sunday.

Louis A. Katterman, 21, Hale, was treated Sunday at Tawas Hospital following a crash Sunday morning on M-65, one-quarter mile south of Curtis Road. The driver told officers he turned his car to avoid a deer standing in the roadway. The vehicle skidded and struck a concrete culvert.

Merry Lynne Davis, 25, Turner, was treated at Tawas Hospital Sunday after she lost control of a motorcycle and crashed on National City Road.

Richard G. Inlay, 19, Warren, received minor injuries Saturday in a crash on M-65 at Shellenberger Road. Inlay sustained minor injuries. His car was involved in a collision with a vehicle driven by Arnel J. Brunette, 76, Hale.

Officers investigated two complaints Sunday at Whittemore concerning animals raiding chicken coops. Mrs. Jenny Fortune reported that a red fox killed 25 of her chickens while Eugene Kaiser reported that a white and tan dog had killed 20 of his chickens.

State Sends Team to Study Possible Bay Erosion Project

Two members of a state study team were in the Tawas Tuesday afternoon to study the feasibility of conducting a pilot project here as a demonstration of erosion control.

Richard Sekkenga, water resources planner, said that the study was being made at the request of State Sen. Robert Davis, whose office had been contacted recently during a trip to Lansing by Mayor John N. Brugger and City Mgr. Reginald Bublitz.

Sekkenga said that the legislature last fall had allocated \$370,000 to finance a project to study various structures being used or newly-developed ones for erosion control along Michigan's Great Lakes shoreline. One of the requirements of the legislation is that the demonstrations be carried out on public property.

Dr. Ernest Brater of the University of Michigan, who is working with the water resources commission as a technical advisor under a sea grant program, pointed out that shore erosion in the Tawas Bay area is not as critical as the area on Lake Huron from Tawas Point east to AuSable Point. He said that Tawas Point protected the Tawas Bay area from high seas, which have caused severe damage along Lake Huron.

Brater said, however, that municipalities desiring to cooperate in the program could benefit through present research being conducted.

The two-member survey team visited both the Tawas City Park and East Tawas City Park, which have had serious erosion problems during the past year.

Mayor Brugger pointed out, for instance, that the Tawas City Park had lost shoreline bathing beach extending nearly 150 feet into the park. The water line is now lapping at the outer edge of the tennis courts and

some immediate solution must be reached before fall storms erode deeper into the park property.

Brugger said that latest reports indicate that the water level of Lake Huron would rise another eight to 10 inches next year, although the level has apparently crested for the present.

Joseph Badalucco, park manager at East Tawas, said that a severe flooding condition resulted several times during the summer at the East Tawas Park and that city officials were seeking ways to eliminate the problem.

A number of possible solutions have been discussed locally, including installations of rock groins, plastic bags filled with sand to form groins and wooden seawalls.

Brater said that installation of groins out into the bay may not be the solution because of the lack of sufficient drifting sand. He emphasized, too, that sand should not be removed from the lake bottom for land fill as this would only compound

the problem caused by wave action. He recommended that any fill at the city park be accomplished by trucking in sand.

Both Brater and Sekkenga said that emphasis of the study was being placed on development of reasonably priced structures to deal with shore erosion. A meeting had been conducted here in May by the state to acquaint area contractors with proper methods for constructing erosion control structures according to preliminary information.

During their visit here, the two men inspected a pilot study being conducted on the Lake Huron shore east of the Tawas Point Coast Guard Station.

Sekkenga said that at least two years would be required to evaluate information gained by the study. After a slow start this year "because of red tape," Sekkenga said that the state now was doing everything possible to complete several demonstration projects prior to the late fall storms.

Sheriff Makes Recommendation

Council OK's Hiring Second Police Officer

On recommendation of Sheriff George Westcott, Charles Bublitz, 19, has been hired on a three-month probationary basis as Tawas City's second police officer.

The hiring was authorized by the city council last week on recommendation of the sheriff.

Bublitz joins Derryck Goodrow as city patrolman. Through action of the city council several months ago, administration and coordination of city police officers is handled by the sheriff's department.

In a letter read to the city council, Westcott noted that councilmen favored the hiring of a young man from the Tawas City area as the second patrolman. The new police officer, who studied police administration at Alpena Community College for one term, has been employed by the city, under supervision of the sheriff, on a part time basis during the past summer.

In his letter, Westcott also noted that the new police officer is the son of the city manager. The sheriff said he had been advised by the city manager that he would not be in favor of the appointment of his son to this position "because of the problems it might create" due to the father's position as city manager.

"Charles has been working part time for the city for most of the summer months and, other than the complaints of his youth and newness to the job, I believe his work has been satisfactory," said Sheriff Westcott.

"He is well liked by the officers in this department, respected by the youth of the community and the general public. He is as qualified for the position as any other untrained youth we may have in the area and, if he has the ability and can perform the job that is required of him, I feel that the fact that his father is city manager should have no bearing on it," said Sheriff Westcott.

State Police Report Quiet Week - End

Michigan State Police from East Tawas reported three minor car-deer accidents over the past week-end on Baldwin Resort Road, Cornett Road and May Road.

Officers investigated the theft Wednesday of a stereo console from the residence of Teri Whitford, 181 Ridgeway, Grant Township. The unit was valued at \$490. Also stolen was a television set.

Richard G. Inlay, Warren, reported Sunday that his sports car had been stolen during the past week from Gordon Creek campground. Inlay told officers that he had mechanical problems with the vehicle the previous week-end and had left it parked at the campground until he could return to make repairs.

Herman Wieselsohn reported Thursday that an outboard motor had been stolen from his boat docked at Sid Town, Oscoda Township.

TODAY'S Meditation

(Read Matthew 4:18-22)

(Jesus) said to them, "Follow me, and I will make you fishers of men." Immediately they left their nets and followed him. (Matthew 4:19-20)

Jesus said, "Follow me," and immediately two brothers left their fishing nets and followed Him! Immediately! What power He had! Politicians make speeches for months. They use hours of prime television time and dozens of newspaper ads, promising us all good things if we will but follow them. Our friends and acquaintances invite us to follow them for a few hours of fun and entertainment; the advertisers exhort us to follow their advice for health, for beauty, for charm, for anything any of us can dream up to want. But Jesus said only two words, "Follow me;" and the promise He made was so strikingly different: "I will make you fishers of men."

Too often things promised us by politicians, by friends and by merchandisers are of questionable value. Not so with what Jesus promises. To follow Him opens up a new, thrilling world and purpose which will last beyond a lifetime.

PRAYER

Dear Father, open our ears that we may hear and our hearts that we may heed when You say to us, "Follow me." Amen.

PARISH OF CHRIST EPISCOPAL CHURCH, East Tawas, voted Sunday afternoon to undertake the project of refurbishing the church's exterior. The project will include veneering the building with brick to match the school-office addition which was constructed several years ago, construct a Gothic style steeple, replace the roof, regrade the lawn and sidewalks, refurbish and paint all doors and windows. When completed, the church (shown directly below as it appears today) will look similar to the architect's rendering. The Rev. Alfred W. Saulsbury, pastor, said that an engineer had found the building to be structurally sound and that the church building committee unanimously recommended the refurbishing, which would extend the life of the building to a minimum of 50 years. Estimated cost of the total project is a maximum of \$30,000. It is anticipated that the work would be completed next summer and in time for Christ Church's centennial observance. Besides adopting a \$26,020 operational budget for the next year, new vestry members named at the annual meeting were Mrs. T. M. O'Loughlin, John H. Weible, George Rose and Carl Anderson.

Tawas City OES Meets Sept. 18

Advance officers' night will be the theme of the Tuesday, September 18, 8:00 p. m., meeting of Tawas City Chapter No. 308, Order of the Eastern Star, at the Masonic Temple, Tawas City.

Commission pursuant to Section 7 of 1919 PA 419 (MCLA 460.57) to approve amendments to the Company's Schedule of Rules, Regulations and Rates for Gas Service (MPSC No. 3). Under the proposed amendments payments owed the Company for installation of insulation would become part of the charge for residential space heating gas service rendered to the insulated premises; and the cost of such installation, if not paid for by the residential space heating customer who contracted for the work, would be charged to successor customers at the insulated premises at the rate of \$5 per month.

A public hearing will be held at 1:30 p.m., on September 24, 1973, and continue on September 25, 1973, commencing at 9:30 a.m., if necessary, in the offices of the Commission, Law Building, Lansing, Michigan 48913, for the purpose of determining whether the rulings and approvals sought should be granted. Any interested parties may attend the hearing and participate subject to the provisions of the Commission's Rules of Practice and Procedure. Copies of the application may be obtained from the Secretary of the Commission, Law Building, Lansing, Michigan 48913, or from the Secretary of Michigan Consolidated Gas Company, One Woodward Avenue, Detroit, Michigan 48226.

This Notice is published by order of the Michigan Public Service Commission, which has directed the Company to publish notice of this proceeding in all newspapers of general circulation published within its service area, 10 days or more prior to date of hearing.

NOTICE OF HEARING ON A CONSERVATION PROGRAM INVOLVING GAS RATE SCHEDULES

On August 21, 1973, Michigan Consolidated Gas Company applied to the Michigan Public Service Commission for approval of a program for the conservation of natural gas by means of promoting insulation of residences heated by natural gas. (Case No. U-1404.)

The application states that large numbers of the Company's residential space heating customers reside in older houses which do not have insulation meeting current standards established by the Federal Housing Administration. A study by the Company indicates that installation of 6 inches of ceiling insulation in a typical two-story, uninsulated house built in Detroit prior to 1940 would reduce the quantity of natural gas used for heating by about 17 percent; and that addition of 4 1/2 inches of ceiling insulation in a typical two-story house built in the Detroit area after 1940 with 1 1/2 inches of ceiling insulation would reduce the quantity of natural gas used for heating by about 10 percent.

The application states that in view of the critical current shortage of natural gas and other forms of energy in Michigan and throughout the country, conservation of natural gas used for residential space heating is in the public interest and in the interest of Michigan Consolidated's customers. The program which Michigan Consolidated proposes for promoting insulation would include a major effort to communicate to the public the need for conservation of natural gas and the contribution which home insulation can make to that goal. The Company

Dated: September 5, 1973

would employ advertising in press, radio, and television together with direct mail to customers and use of its outdoor signs and the message boards carried by its vehicles. It would prepare brochures and make them available through its offices and through insulation contractors.

The Company would urge homeowners to install insulation themselves or to hire a contractor to do so. The Company would also offer, on a non-profit basis to the Company, to arrange for the installation, in residential premises owned by any qualified residential space heating customer, of ceiling insulation meeting the most recent FHA standard. A residential space heating customer would qualify for the program if he is not in arrears in payment of his gas bill. Where the Company thus arranged for installation, it would finance up to 80 percent of the cost of the insulation over a period of up to 36 months, at an interest rate of 1 percent per month on unpaid balance. The Company would not itself sell insulation or install insulation, but would subcontract the work to dealers and contractors.

The application asks the Michigan Public Service Commission pursuant to Section 63 of 1969 PA 306 (MCLA 24.263) to issue its ruling declaring that the proposed program is a utility function within the scope of the service rendered by Michigan Consolidated as a public utility; and that the cost thereof is a proper charge to utility cost of service, to be reflected in rates hereafter prescribed for Michigan Consolidated. The application further asks the

Valent - Haight Marriage Rites Solemnized Sept. 7

Arrangements of white gladioli and yellow chrysanthemums formed a floral background in St. Joseph Catholic Church, East Tawas, for the marriage Friday, September 7, of Teresa Haight and Rick Valent.

The Rev. Fr. John Rushman performed the 5 o'clock, double ring service. Mrs. Alden Phelps was the organist.

The bride is the daughter of Mr. and Mrs. Howard Haight of East Tawas. Mr. and Mrs. John Valent of Whittemore are parents of the bridegroom.

Escorted to the altar by her father, the bride chose a white satin gown with high neckline, Empire waist and chapel-length, lace-edged veil. Her sheer sleeves were accented with lace-edged cuffs and pearl buttons. Her bouquet was made up of daisies, white roses and baby breath.

Mrs. Alan Haight acted as matron of honor with Karen Valent, sister of the bridegroom, serving as bridesmaid. Mrs. Haight appeared in a floor-length gown with cream-colored bodice, high princess neckline, long sheer sleeves and blue chiffon flounced skirt. Miss Valent wore a full-length, apricot polyester knit gown with Empire waistline. They carried yellow roses tied with long streamers.

Alan Haight, brother of the bride, served as best man with David Leslie of Whittemore, groomsman. Mr. Haight and Howard Bronson seated the guests.

A centerpiece of white and yellow chrysanthemums decorated the Tawas Golf and Country Club, Tawas City, for the reception. Approximately 50 relatives attended from Tennessee, Iowa, Sault Ste. Marie, Port Austin, Lansing, Detroit, Hale and the Tawas.

For her daughter's wedding, Mrs. Haight selected an ivory floor-length gown with a shirt waistline. Mrs. Valent chose a full-length gown with white bodice, short sleeves, high neckline and blue skirt. Both wore yellow rose corsages.

After traveling for two weeks through the southern states, the new Mr. and Mrs. Valent will reside on Big Island Lake.

The bride is a 1971 graduate of Tawas Area High School. Her husband is a 1971 graduate of Whittemore-Prescott Area High School.

Hosting a pre-nuptial shower honoring the bride were Ila Bolen and Miss Valent.

Gingerich - Tarter Vows Said at Emanuel Lutheran

Emanuel Lutheran Church, Tawas City, was the scene of the double ring ceremony Saturday, September 8, uniting in marriage the former Delmarie Tarter, daughter of Mr. and Mrs. Robert Jones of Tawas City, and Michael Gingerich, son of Mr. and Mrs. Donald Gingerich, also of Tawas City.

The Rev. James Rockhoff officiated at the 5:30 o'clock ceremony, which was followed by a reception at the Veterans of Foreign Wars Hall, Au Gres. Vases of pink and white flowers decorated the altar. Robert Adrian was the organist.

The bride descended the aisle in a full-length gown of ivory satin with fingertip sleeves and lace neckline, accented in embossed pearls and embroidery. A full-length veil completed her attire and she carried a bouquet of red roses.

Sandra Joach was maid of honor. Bridesmaids were Linda Slavinski, Amy Harris and Donna Seeger, with Valerie Peterson as flower girl. The attendants were identically attired in floor-length gowns of flowered organza with ring necklines and Empire waists. Their matching jackets were enhanced with ivory lace and each carried a single pink rose surrounded with greens.

Serving as best man was Robert Bublit with Russell Sayles, Hugh McMaster and Larry Gingerich, groomsmen. Gary Thornton was ring bearer. Richard Haglund and Mark Gingerich seated the guests.

Approximately 400 guests were present from Canada, the Detroit area and the Tawas. Mrs. Jones greeted guests in a floor-length, green crepe gown with pale green corsage. Mrs. Gingerich selected a blue and white floor-length dress and corsage of pink roses.

Following a one-week wedding trip to Hawaii, the couple will reside at Michigan State University, East Lansing, where both will return to school.

Pre-nuptial showers honoring the bride were hosted by her attendants at the home of Miss Harris and by Mrs. Charlie Simons in Tawas City.

Escorted to the altar by her nephew, James Gall of Flint, the bride selected a gown of daron polyester knit with Empire waistline. Her fingertip veil was secured with a crown of veivet bows trimmed in pearls. She carried a cascade of miniature pink roses, carnations and baby breath.

Wearing identical gowns of floral print nylon with Empire waistlines were Jewell E. Ostapchuck and Judith E. Crawford of Flint, twin nieces of the bride. Each carried a bouquet of carnations and baby breath.

Vaughn Bright of Flint was best man with Russell L. McKen of Flint, groomsman. Theodore Berry, brother of the bridegroom, and Nelson Bean of East Tawas, brother of the bride, seated the guests.

A buffet dinner was served at the Reno Township Hall for 150 guests from Flint, Flushing, Davison, St. Charles, Bay City, Unionville, Sterling, Muskegon, Midland, Fenton, Harrisville, West Branch, Whittemore, Hale and the Tawas.

Following a trip to New York and other places of interest, the new Mr. and Mrs. Berry will reside on M-55 in Whittemore.

Escorted to the altar by her father, the bride chose a white satin gown with high neckline, Empire waist and chapel-length, lace-edged veil. Her sheer sleeves were accented with lace-edged cuffs and pearl buttons. Her bouquet was made up of daisies, white roses and baby breath.

Mrs. Alan Haight acted as matron of honor with Karen Valent, sister of the bridegroom, serving as bridesmaid. Mrs. Haight appeared in a floor-length gown with cream-colored bodice, high princess neckline, long sheer sleeves and blue chiffon flounced skirt. Miss Valent wore a full-length, apricot polyester knit gown with Empire waistline. They carried yellow roses tied with long streamers.

Alan Haight, brother of the bride, served as best man with David Leslie of Whittemore, groomsman. Mr. Haight and Howard Bronson seated the guests.

A centerpiece of white and yellow chrysanthemums decorated the Tawas Golf and Country Club, Tawas City, for the reception. Approximately 50 relatives attended from Tennessee, Iowa, Sault Ste. Marie, Port Austin, Lansing, Detroit, Hale and the Tawas.

For her daughter's wedding, Mrs. Haight selected an ivory floor-length gown with a shirt waistline. Mrs. Valent chose a full-length gown with white bodice, short sleeves, high neckline and blue skirt. Both wore yellow rose corsages.

After traveling for two weeks through the southern states, the new Mr. and Mrs. Valent will reside on Big Island Lake.

The bride is a 1971 graduate of Tawas Area High School. Her husband is a 1971 graduate of Whittemore-Prescott Area High School.

Hosting a pre-nuptial shower honoring the bride were Ila Bolen and Miss Valent.

Dorcey-Cavett Marriage Vows Said Saturday

In 7 o'clock, evening rites Saturday, September 8, at Whittemore United Methodist Church, the Rev. Merle Nichol officiated at the double ring service uniting Mary Ella Cavett and Richard Wayne Dorcey in marriage.

Pink, white and green gladioli decorated the altar. Mrs. Darrell Colvin and Mrs. Dornis Chippis, vocalists, were accompanied by Mrs. Leonard Robinson.

The bride is the daughter of Mr. and Mrs. Carl Cavett of Gaines. Her husband is the son of Mr. and Mrs. Robert Dorcey of Whittemore.

The former Miss Cavett selected a gown of imported satin with Empire waistline, lifted bodice, ring collar and lantern sleeves. Appliques of Venice lace graced the floor-length skirt and flowing train. Her bouffant illusion veil was secured with a picture hat trimmed in Venice lace. She carried a bouquet of pink roses, white carnations and baby breath.

Acting as matron of honor was Mrs. Robert Cavett of Gaines. Bridesmaids were Teri Dissmore of Pontiac, Mrs. Arthur Parkin of Scott Air Force Base, Illinois, and Mrs. James Hottis Jr. of Whittemore. Melanie Hottis served as flower girl. The attendants wore identically styled gowns with Empire waistlines, ruffled necklines and leg-o-mutton sleeves with lace insets. Two gowns were of rose crepe, two of mint green crepe and the flower girl wore rose crepe. All wore picture hats and each carried a single, long-stemmed pink rose. Miss Hottis carried a basket of pink and white carnations.

Robert Cavett of Gaines was best man with Rolie Hottis of Whittemore, Mr. Parkin and Mr. Hottis, groomsmen. Ring bearer was Scott Hottis of Whittemore. Harold Randolph and Gary Bingle of Whittemore seated the guests.

Melvor Union Hall, National City, was decorated in pink and white for a reception following the ceremony. Attending were approximately 150 guests from Flint, Gaines, Saginaw, Midland, Illinois, Pontiac, Tawas, Indiana and Standish.

Mrs. Cavett wore a floor-length dress of mint green chiffon with bodice and long sleeves of matching lace. Mrs. Dorcey chose a long powder blue crepe dress with oval neckline and long sleeves. Both corsages were made up of white carnations.

The new Mr. and Mrs. Dorcey will reside at 309 Second Street, Whittemore, Michigan 48770. The bride is a graduate of Swartz Creek High School and her husband is a graduate of Whittemore-Prescott Area High School.

Iosco OES to Host AIA on Sept. 28

Members of Iosco Chapter No. 71, Order of the Eastern Star, met Thursday, September 6, at the Masonic Temple, Tawas City. Charter was draped in memory of James Sanborn and Pearl Wickert.

Petition for change of membership of Pearl Engelbrecht was acted upon and she was elected to membership in the chapter. An invitation was received to a reception by Salina Chapter No. 439 honoring Carolyn Everett, worthy grand matron-elect of the Grand Chapter of Michigan, on Saturday, October 27, at the Saginaw Civic Center.

Iosco Chapter will host the Alcon-Iosco-Arenac Association meeting Friday, September 28, at the Masonic Temple. Dinner will be at 6:30 p. m., served by Tawas City Chapter No. 303. Open meeting will follow at 8 o'clock.

New Michigan State flag was dedicated. The worthy matron read the history of the flag and members pledged allegiance. Pledge was written by Harold Coburn and approved by Gov. William Milliken as the official pledge of the Michigan State flag.

Ralph Western was initiated into the order. Mable Western, past matron of the Bad Axe chapter and mother of Mr. Western, was introduced and presented with a rose corsage by the worthy patron. Ada Freedland was escorted to the east and presented with her life membership certificate and pin.

Lunch committee, Mrs. Joseph Branham, Mrs. Nathan Sweeten, Mr. and Mrs. Marlin Eaton and Mrs. Joseph Hennigar, served crackers, cheese, gelatin, cake, punch, tea and coffee.

Marriage Announced

Mr. and Mrs. Thomas Harris of Grand Blanc, former Wilber Township residents, announce the marriage of their daughter, Sally, to Timothy Hages of Flint. The couple exchanged vows Friday, August 31, and will reside in the Flint area.

Berry-Bean Vows Said at Hale Church

The Rev. Duane Albers officiated at the Saturday, September 8, marriage of Dorothy E. Bean, daughter of Mrs. Catherine Bean of East Tawas and the late Franklin Bean, and Ambrose F. Berry. The 4 o'clock, single ring ceremony was held at St. Paul's Lutheran Church, Hale.

Escorted to the altar by her nephew, James Gall of Flint, the bride selected a gown of daron polyester knit with Empire waistline. Her fingertip veil was secured with a crown of veivet bows trimmed in pearls. She carried a cascade of miniature pink roses, carnations and baby breath.

Wearing identical gowns of floral print nylon with Empire waistlines were Jewell E. Ostapchuck and Judith E. Crawford of Flint, twin nieces of the bride. Each carried a bouquet of carnations and baby breath.

NOTICE OF RESOLUTION

At a meeting of the Board of County Road Commissioners of the County of Isco, Michigan held at 810 West Westover Street, East Tawas, Michigan, on the 27th day of August, 1973 at which time a quorum of the members was present, the following resolution was unanimously adopted by vote taken by yeas and nays and entered at large upon the records of said Board.

RESOLUTION
CORRECTION AND RETRACTION OF CERTAIN ROAD INTO THE LOCAL ROAD SYSTEM OF THE COUNTY OF ISCO.

WHEREAS, on June 27th, 1973 at a meeting of the Board of County Road Commissioners of the County of Isco, Michigan, a Resolution was adopted accepting and certifying certain roads in Oscoda Township into the local road system of the County of Isco; and

WHEREAS, said Certification and Acceptance was published in the Isco County News, the Oscoda Press and The Tawas Herald; and

WHEREAS, one of said roads was published as "Certification Sheet 69A, Camp Road, 0.16 length in miles; description: From M-65 North 863 feet." And identified as located "In the Plat of Hirst's AuSable River Camp"; and

WHEREAS, it has been brought to the attention of said Board that the Certification and Acceptance of the above described road was in error because said road is privately owned property and is an easement only.

NOW, THEREFORE, BE IT RESOLVED, by the Board of County Road Commissioners of the County of Isco, Michigan that said Certification and Acceptance was in error and that same is hereby Corrected and Retracted.

NOW, THEREFORE, BE IT FURTHER RESOLVED, that notice of this Correction and Retraction be published in the Isco County News, the Oscoda Press and The Tawas Herald, newspapers of general circulation, once each week for three consecutive weeks; that a certified copy of this Correction and Retraction be served on the State Highway Commission.

I hereby certify that the above is a true copy of a part of the minutes of a meeting held on the 27th day of August, 1973, by the Board of County Road Commissioners of the County of Isco, Michigan

Hale Area News

Blood Bank at Hale September 18

Mobile blood bank will be at the Plainfield Township Hall Tuesday, September 18, from 2:00 to 8:00 p. m. Blood is urgently needed. Mrs. Hilda Parkinson, president of the Hale Health Council, is chairman of the drive. She hopes for the same spontaneous response that was given at the May blood bank drive, as there is need for 150 pints of blood for the area. Anyone between the ages of 18 and 66 may donate blood every eight weeks, but not more than five times in one year. Donor is requested to eat a regular meal within four hours before giving, avoiding foods heavy in fats.

Call Mrs. Parkinson at 728-2163 or a member of the Hale Health Council for further information.

Shower Honors Mrs. Wayland Funk

A shower was held for the new Mrs. Wayland Funk at the home of Mr. Funk's parents, Mr. and Mrs. Harold Funk, Friday evening, August 31. The former Jill Dicken arrived for the occasion from their new residence at Bad Axe, where she is physical education teacher. She met many local friends and relatives of the Funks and received many lovely gifts for their new home. Games were played in harmony with the occasion and lunch was served.

Mr. Funk has employment at a shop in Bad Axe which manufactures seat belts.

Mrs. Betty Allender, Mrs. Leah Kroc, Mrs. Alice Gages of Birmingham and Mrs. Emma Landon of Tawas City, all graduates of Oscoda High School, and Mrs. Edith Schmalz gathered at Lixey's for dinner last Friday evening, then went to Mrs. Landon's home for the evening.

Arlen Katterman, son of Mr. and Mrs. Louis Katterman and a senior at Central Michigan University, Mt. Pleasant, is a student teacher at Richardson Junior High School, Oscoda, this term. He is a coordinating teacher under Robert Johnston.

Roderic Katterman, who is a graduate of the Lansing Community Truck Driving College, began employment with the Mackinac Trucking Company in Essexville August 27.

Mr. and Mrs. Dale Runyan and family moved to Essexville from Oscoda last week where he can be near his work.

Mrs. Grace Adams returned August 31 after spending some time with her sister, Mrs. Ella Mildebrandt, in Troy following surgery earlier this summer.

Mrs. Earl Redman flew to Kansas City, Missouri, to visit her youngest son, Johnny, and his wife there.

Mr. and Mrs. William Myers (nee Diane Wilson) returned from a wedding trip to Niagara Falls. They live in Houghton Lake where he is employed.

The Louis Katterman family attended the picnic sponsored by the Wagon Wheel Square Dance Club Saturday afternoon at the Tawas City Park.

Mr. and Mrs. Daniel Thayer visited the AmI Althouses in Oscoda Sunday evening.

Mrs. Pearl Huber has arrived at her home in Charlotte after spending the summer with her son, William, and his family in Scotland.

Many local friends and relatives attended the wedding of Ambrose Berry and Dorothy Bean at the Lutheran Church Saturday. A reception was held at the Reno Township Hall.

Mr. and Mrs. Gary Shellenbarger and family visited her parents, the Delbert Hewitts, Saturday evening for supper. Mrs. Hewitt spent two days with her other daughter's family, the Jerry Hunts, at their new home on Lorenz Road.

Friends will be sorry to learn of the death of two former residents, Mrs. Lyle West of Farwell and Lester Hudson, a former resident of Sage Lake. Mrs. Hudson is in the hospital and her sister, Mrs. Edith Maxam, is with her.

Mrs. Ethel Crisman and Mrs. Nona Redmond were in Grayling Saturday afternoon to visit Jay Roe, Mrs. Redmond's brother, at the Grayling Hospital.

Mrs. Anna Bills arrived home from Tolfree Hospital Saturday.

Mrs. Crary Died Sept. 5

An 81-year-old resident of East Tawas, Laita Fern Crary, died Wednesday, September 5, at her home. Funeral services were held Monday, September 10, at the Moffatt-Kobs Funeral Home, East Tawas, with the Rev. Edward Fairbanks officiating. Burial took place in Roselawn Cemetery, Perry.

Mrs. Crary was born July 20, 1892, in Shiawassee County. She married Frank Crary April 23, 1913.

Survivors include her husband; a son, John of Pontiac; one daughter, Frances Maitz of San Antonio, Texas, and several grandchildren.

Tawas Braves Host Harrison Friday Night in Grid Opener

Following a scrimmage Saturday with Lake Fenton and Rogers City, Tawas Area Braves are scheduled to open the 1973 football season Friday night by playing host to Harrison. The Junior Braves are to open Thursday night at Harrison, while the freshman squad opens its season September 20 at Carrollton.

Friday night's meeting will be the fourth between Tawas and Harrison. The Braves defeated the Clare County team, 20-0, in last year's season opener.

Thirty-one candidates have actively participated in preseason conditioning for the 1973 campaign. Two sessions were held daily prior to the start of school to learn the basics of a "slot" offense and the angle defense.

The sad part of preseason practice was the loss of Neil Robelli, all-league defensive end, who will miss much of the season due to an injury.

Coach Dick Look states that many players have already established themselves as fine athletes. Greg Hackborn is a newcomer to the backfield, along with Mark Elliott. Both are expected to challenge the defense

of the opposition. Mickey Haglund, Randy Scales and Mike Hughes are expected to add power to the Braves' running game.

Defensively, Tim Schirmer, Mark Hintz and Kevin Elliott have shown outstanding potential with hard tackling. John Pfeiffer, a fine two-way player, has shown the leadership qualities of a two-year letterman and is sure to be a key factor in the coming season.

The Braves and coaching staff are eager to improve on last season's record of three wins and six losses. With team attitude high, coaches expect that the Braves will definitely be heard from in the tough schedule of the Northern B Conference.

Assisting Look with coaching the varsity are Steven Sventko and Charles Reddick.

Fifteen seniors listed on the squad include Paul Brinkman, Glen DesJardins, Curtis Earl, Kevin Elliott, Al Fisher, Hackborn, Hughes, Andy King, Pfeiffer, Craig Prescott, Randy Reed, Robelli, Perry Stephenson, Tim Sterling, Pete Sutton.

Eleventh graders on the squad include Mark Elliott, Dave Gracik,

Tom Gracik, Haglund, Jeff Hemphill, Hintz, Denny Hughes, Jim Lansky, Doug Lippert, John MacMurray, Jim McArdle, Mike Mooney, Wilbur Roach, Scales, Schirmer and Gordy Smith.

Coaching the junior varsity will be Ray VanHorn, assisted by Richard Salani.

The beginning of practice this year was very discouraging as only 16 players returned from last year's squad of 32, but now that school has started the junior varsity squad has expanded to 20.

Greg Gotcher and Earl Parsons have been working very hard and are the core of the backfield. Others being counted on heavily to carry the ball include Bob Stephenson and Mitch Lenczewski.

Linemen include Don Reed, Andy Turnbull and Jeff Duvall. Brad Potts is ready to add versatility to the offense at slot end. Again heading the defense this year will be Dave Gartland, who was tough last season on opposing ball carriers.

Handling the freshman squad will be Paul Hay, assisted by Dennis Tibbetts.

Bond Issue Would Finance New Community Center-Hall

Grant Township voters will be going to the polls on Tuesday, September 18, to decide if the township will issue bonds to build a new township hall and community center at Sand Lake.

Being proposed by the township board with assistance from the fire department and women's auxiliary, the township seeks to issue up to \$135,000 in bonds to finance the center.

A township spokesman said Thursday that actual cost of the project is not expected to be more than \$100,000. Should the proposal be adopted, the fire department has pledged that it would immediately submit its check for \$10,000 to aid in the project.

Long in the discussion stage, the new township hall and community center would serve the rapidly expanding lakes area of Grant Township.

Since inception of the fire department in 1967, that organization has raised \$37,000 through its annual summer and winter festivals to help build a new fire hall and equip the department. The organization plans to contribute funds each year to help pay for the new center.

To be constructed on a two-acre parcel in conjunction with the fire hall, the new township hall and community center would be housed in a metal building with 7,000 feet of floor space. The building would provide space for township offices, a conference room, fully-equipped kitchen, restrooms, a gymnasium and locker rooms.

At the present time, a senior citizen drop-in center is located in the

fire hall and, if the proposal is approved, this would be located in the new building.

Following a decision last February to place the proposition before voters, the township board retained the services of Petri and Sons of Fenton to design the new structure.

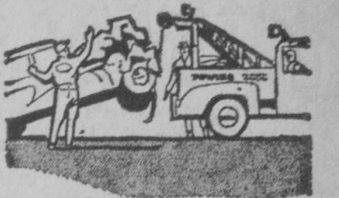

The new building would be constructed to the south of the fire hall. The grounds would include two softball diamonds, a picnic area, playground and multipurpose tennis-base-

ketball courts which could be flooded during the winter for ice skating rinks.

A general meeting of township citizens is to be held Monday, September 17, at the fire hall. Members of the township board and fire department will be on hand to answer questions concerning the project.

Representatives of the fire department and township board are to meet this week with the Iosco Parks and Recreation Commission to deter-

mine if county funds might be available to assist in development of the grounds. The park commission has made funds available to other county governmental units to assist with similar projects.

Keyettes Plan Walk-A-Thon September 15

Tawas Area Keyette Club will participate in a walk-a-thon with the Michigan District Keyettes Saturday, September 15. The girls will walk 20 miles, from East Tawas to Oscoda along old US-23, and are taking pledges for monetary contributions based on the number of miles walked. Proceeds will be given to Keyette International for this year's cause, Project Concern.

Project Concern is an international nonprofit medical and dental relief organization which strives to eliminate suffering throughout the world. The organization, begun in 1961 by Dr. James Turpin, now operates approximately 15 clinics and hospitals in five countries. There are clinics in Appalachia, Mexico, Vietnam, Hong Kong, Ethiopia, the Navajo Nation in Southwestern America and for migrant workers in Texas.

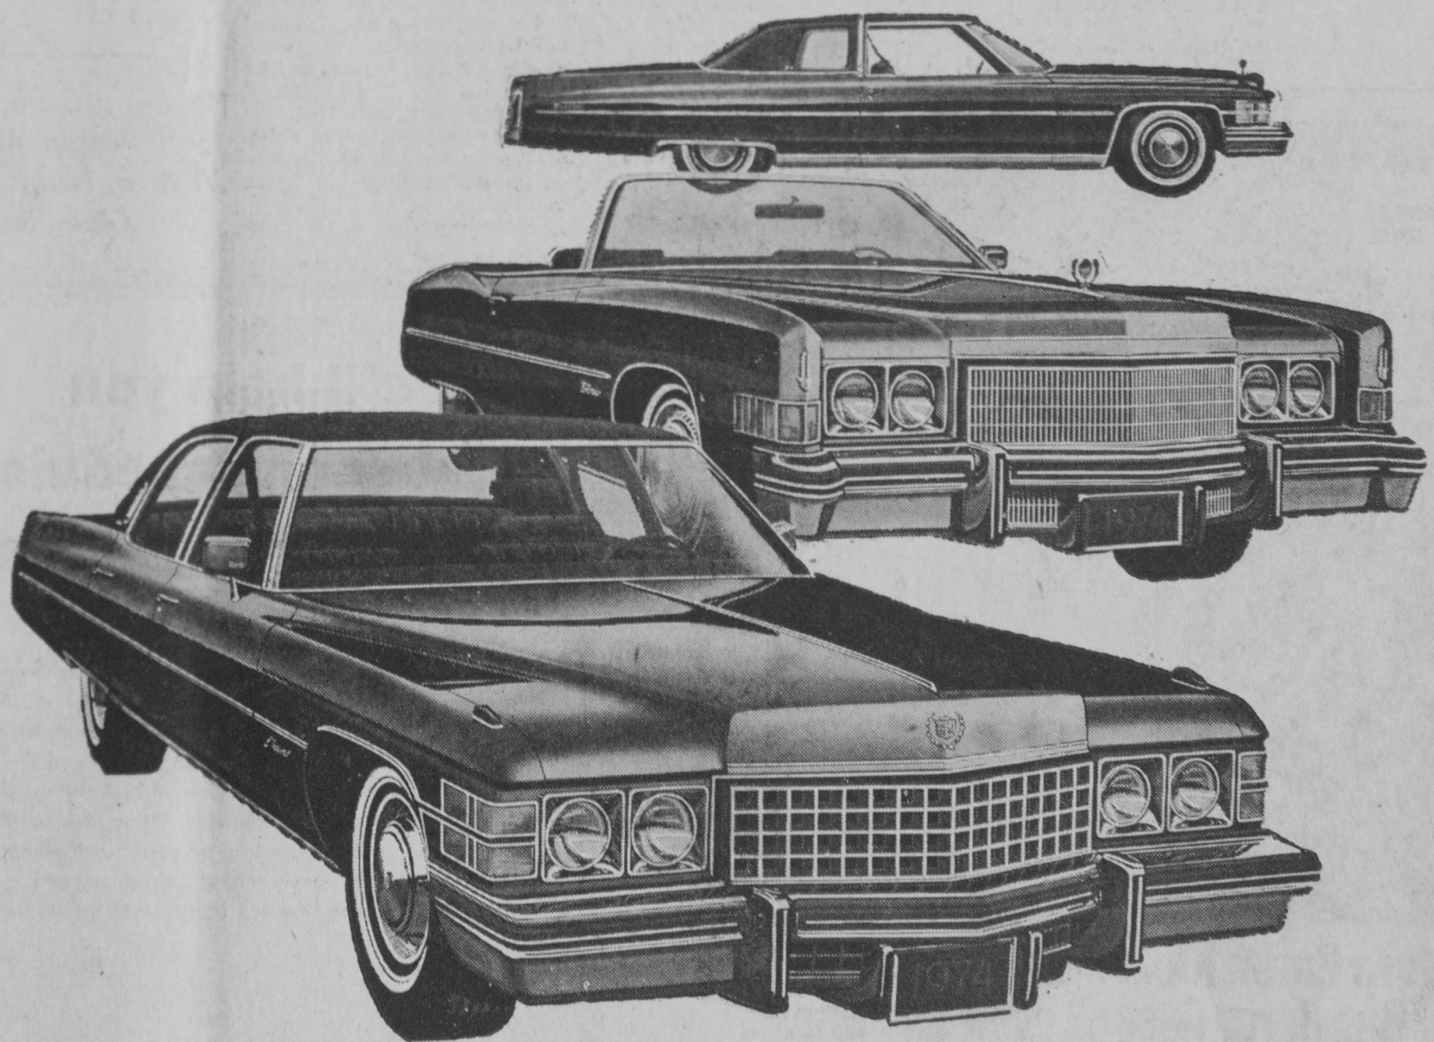

Any individual wishing to make a pledge to the Keyettes may call 362-4656.

Cadillac '74

More than ever...
 America's Number One Luxury Car.

It is a matter of record that in the model year just ending more people chose to own Cadillacs than ever before in history—more than double those of the nearest competitor. And it is true that Cadillac traditionally leads all U.S. car makes in both resale value and owner loyalty. It's a record without equal. Yet in many ways the Cadillacs of 1974 are superior to the cars that established this record.

It's what you expect of Cadillac...and something more.

More choice. And what a choice it is—the greatest in the luxury field. There are the three you see here. The classic Fleetwood Brougham. The magnificent new version of America's only luxury convertible—Eldorado. The newly styled Coupe DeVille. Plus six other basic models. Plus... New Special Edition Cars. Luxury versions of:

DeVille. A new Brougham d'Elegance. And the new ultra-elegant Fleetwood Talisman.

More elegance. Inside every 1974 Cadillac is a new instrument panel. Interiors are more luxurious than ever.

More flair. The smart new styling of the Coupe DeVille is a case in point. Its new lines, highlighted by the private quarter window, accent its youthful flavor.

More driving pleasure. Finer engine performance... from start to stop. Due in part to a

new combustion chamber, a new camshaft, a choke reindexer to provide quick starting, a snorkel to supply the engine with cooler air.

And something less. Even less engine noise with high-damping engine mounts, a fan clutch and a muffler for air intake. Inside the car, a virtual network of acoustical materials—

Including double seals on doors—silently does its job. After all, it's a Cadillac.

To own or lease the 1974 Cadillac of your choice, see your Cadillac dealer now.

Now on display by your authorized Cadillac dealer.

Persons Severely Disabled Advised to File Now for SS

Question: I am 61 years old and had to retire because of a disability. Will my social security be higher if I wait until I am 62 or should I file now for social security disability?

Answer: If you have a severe disability you should file now. A disability benefit is an unreduced benefit figured as though you are 65 when you become disabled. If you wait and file for retirement at 62, your benefit is reduced by 20 percent.

Question: I recently read about a new federal payment program for the aged, blind and disabled. I know the program does not start for a while yet, but I heard that social security offices are not taking applications. Can you tell me who should apply now?

Answer: The new supplemental security income payments will begin next January. The only people who should apply now are people 65 and over or blind or disabled who are not now getting state or local assistance payments and who believe they may be eligible for the new federal payments. For information, contact any social security office. Ask for the leaflet, "Supplemental Security

Income for the Aged, Blind and Disabled."

Question: The social security payments to my mother stopped when I reached 18 in June. They were paid on my late father's social security record. I plan to start junior college this fall and understand I will keep getting student payments. Will my mother's payments also continue?

Answer: No, her payments will stop unless she is 60 or in her 50s and severely disabled. In either circumstance, she can get reduced widow's benefits or, if she prefers, she can wait until she is 65 and receive full benefits. If your mother is near 60 or

in her 50s and severely disabled and she decides she wants reduced widow's payments, she should contact any social security office to apply.

Robert T. Wilder Died September 5

Robert T. Wilder of East Tawas, a former Flint resident, passed away Wednesday, September 5, at Tawas Hospital. The Rev. Edward Fairbanks officiated at funeral services Friday, September 7, at the Moffatt-Kobs Funeral Home, East Tawas. Burial took place in Evergreen Cemetery, Grand Blanc.

Mr. Wilder was born August 12, 1896, in Michigan. He married the former Clara LaBoer in 1922 at Flint. She preceded him in death June 15 of this year. He was a retired night watchman for Tawas Industries, Tawas City, and had been a member of Tawas Area Senior Citizens and Veterans of Foreign Wars Post No. 5678.

Surviving are two daughters, Mrs. Helen Klee and Mrs. Janet Manges of Flint; six grandchildren; nine great grandchildren; a brother, Alton of Flint.

Funeral Held for Matt A. Konen

A retired machinist for the Cadillac Motor Company, Detroit, Matt A. Konen of East Tawas, 91, passed away Wednesday, September 5, at Saginaw General Hospital. Funeral services were conducted Saturday, September 8, at the Moffatt-Kobs Funeral Home, East Tawas, by the Rev. Elmer Linatta. Burial followed in Greenwood Cemetery, East Tawas.

Mr. Konen was born November 13, 1881, in Finland. He was a member of Apostles Lutheran Church, Detroit. He moved here from Dearborn six years ago with his wife, Ida.

He is survived by his wife; two stepdaughters, Mrs. Mildred Loffman of East Tawas and Ellen Gray of Port Huron; a stepson, Eldred Carlson of Detroit, and four grandchildren.

Having a Garage Sale? Tell People About It With a Tawas Herald Classified!

DON'T WASTE NATURAL GAS.

The feature Sarah Klein likes most about her new Gas dryer doesn't even use Gas.

In fact, it helps her conserve Gas. It's her permanent press cycle. Ten minutes of nothing but fresh, fluffing air on her permanent press clothes—to keep the wrinkles from setting in. This saves Sarah all kinds of ironing, all kinds of Gas, and all kinds of money. No wonder it's her favorite feature. But there's much more to appreciate in today's modern Gas dryers. Improved insulation and more precise controls mean even less fuel consumed, and even more money saved. And a Gas dryer operates for about one-fourth the cost of operating an electric one.

So, when you think about replacing your old dryer, think about a new Gas dryer with the permanent press cycle and other money-saving features. Various size models are now on display at Gas appliance dealers and Michigan Consolidated Gas Company showrooms.

And, whether you purchase a new dryer or use your present one, here are a few good tips for increasing its operating efficiency: (1) Keep the dryer's lint filter clean. (2) Avoid overdrying your clothing. (3) Keep the dryer's flue clear of lint accumulations. (4) Don't forget to follow the manufacturer's proper operating instructions.

CF Mothers' March Slated Sept. 17-18

Mrs. Kenneth Verlaac of East Tawas, local chairman for the Greater Michigan Chapter of the National Cystic Fibrosis Research Foundation, reminds residents that the mothers' march in this area will take place Monday and Tuesday, September 17 and 18.

Cystic fibrosis is not a vague, obscure or rare disease. It affects one in every 1,500 babies, the result of both parents carrying the CF gene. It affects the entire body, particularly the lungs and digestive system. Thus far, it is incurable.

When a group of parents of CF children formed the National Cystic Fibrosis Research Foundation (NCFRF) 17 years ago, they knew very little about CF. Even the name, "cystic fibrosis," was new and the disease was not recognized medically until the late 1930s. What those parents did know was terrifying, that CF children usually died before they were old enough for elementary school.

Today, that beginning has grown into a national organization which raises funds through the Breath of Life Campaign in local communities. There are over 300 chapters and branches of the national foundation to advise and help parents and administer local programs and fund raising. The Greater Michigan Chapter has 10 branches throughout Michigan.

There are more than 100 CF centers where not just CF patients, but children with asthma, chronic bronchitis, bronchiectasis and childhood emphysema can be diagnosed and treated using the most sophisticated

methods known. NCFRF supports the research of scientists throughout the world who seek a cure or control for CF.

In Michigan, there are at present five CF clinics where excellent treatment is available. They are located in Detroit, Flint, Lansing, Ann Arbor and Grand Rapids.

With early diagnosis and proper treatment, CF infants today have a good chance at longer and more productive lives. Many are living into their teens and beyond into young adulthood, the result of improved medical care and expanded research. Children with other lung diseases whose symptoms are similar to CF respond very favorably to much the same treatment. Their suffering is alleviated and many times cures are affected. Though early diagnosis is a key to longer life for CF victims, it is estimated that three out of four CF children are as yet undiagnosed. Thus programs of public information are a key element in the work of the foundation.

Though there is still no cure for cystic fibrosis, today there is real hope, based on the realities of more public understanding, more public support, more advanced research and better care. Interest in the study of genetic diseases has grown to significant proportions in the scientific community and CF research can only benefit from this heightened interest, as it is considered a model for genetic disease due to its complex nature.

But with this progress, the need of six-million children (250,000 of whom live in Michigan) who struggle to breathe grows larger and with it the need for more volunteers and more funds. For children suffering from cystic fibrosis, their only hope lies in continued and expanded research and research is terribly expensive. Everyone can help. The job cannot be left solely to dedicated parents of CF and lung-damaged children. The cause is great enough to engage the attention and support of men and women everywhere who care about children and lung diseases.

MESC Moves to New Office at IHM School

Michigan Employment Security Commission has moved to its new location at the Immaculate Heart of Mary School Building, 501 Lake Street, Tawas City. Hours for registration for employment are 8:30 a. m. to 12 o'clock noon.

EDGAR MULLER, 15, of Durango, Mexico, arrived last week in Isosco County and will spend the next 10 months here with the Neil Bell family of Hale. He entered Hale Area School as a sophomore. His home is in the mountainous northern part of Mexico and he expects that the climate of Northern Michigan will provide a sharp contrast with the warmer climate of his home country. He enjoys participating in tennis, golf, swimming and water skiing and is now looking forward to winter sports of this region. His father, Arnulfo, owns several dry cleaning establishments and a lumber business in Mexico.—Tawas Herald Photo.

LOOKING BACKWARD—

W-P School Construction On Schedule

15 Years Ago—

September 11, 1958—Work on Whittemore-Prescott Area's new \$550,000 school is going along on schedule and the second wing is to be completely enclosed by December 1. Pouring of concrete for floors is about 50 percent completed.

John Pinter is elected to succeed Donald Watson as chairman of the Silver Valley Winter Sports Committee.

F. Duane Ross, former Detroit and Belleville attorney, has opened law offices in the Holland Hotel building.

Baldwin Oil Company has completed work on its new service station south of the Tawas River bridge on US-23.

Park-N-Shop Market, owned by Joseph O'Day and Jacob Miller, sold its stock and went out of business this week. The building is owned by Elmer Slaven of Huron Oaks.

Miss Brenda Laidlaw of Tawas Township has graduated from Blodgett Nursing School, Grand Rapids.

25 Years Ago—

September 10, 1948—The army corps of engineers has been directed to make a preliminary examination of the AuGres River and its tributaries and a public hearing has been scheduled at Turner Hall to hear factual information concerning flooding frequency and the amount of loss sustained. Opposing interests are also urged to state the reason for their position.

Iosco County's sixth annual fair opens Thursday at Hale. Horse-pulling contests will again be a feature attraction.

Gordon Williams is the new superintendent at Hale Agricultural High School.

Fire destroyed three business places at AuGres early Thursday morning. The firms included Fox & Sons Dime Store, AuGres Electric and Johnson Tavern.

Last winter's serious fuel shortage in homes and industries probably will not be repeated this year. Stored supplies are 60 percent ahead of last year and crude runs from distilleries are half a million barrels ahead of a year ago. New refining facilities are largely responsible for eradicating the shortage.

The city and town housewife is wrathful. She is wrought up over the price she must pay for meat, poultry, eggs, milk and bread. She demands that congress pass a law fixing ceiling prices on the food needed to feed her family. She expresses her wrath to her local market man. She does not realize that the prices of which she complains are founded, not on the meat, poultry, eggs, milk and bread, but on the commodities that produce these things. The prices go back to the price of wheat and corn and that is maintained at a higher than normal price by the government.

Pvt. Robert Steinhurst and Pvt.

Darwin Groff have arrived in San Antonio, Texas, Lackland Field, where they will begin their training in the air force.

35 Years Ago—

September 23, 1938—East Tawas Council opened bids to purchase materials totaling \$16,490 for starting the rehabilitation of the city waterworks system. The material will be part of the sponsor's share of the WPA project totaling \$143,000 when the system is completely rebuilt. The city will furnish \$55,000 and the federal government will furnish the remainder.

Despite the fearsome thunderings of Adolf Hitler and Benito Mussolini, a paradox of war-mad Europe is that the foes of Germany and Italy have far superior military equipment. Though Rome and Berlin may shout and boast, a cold analysis of comparative strength shows that the inevitable "allies" can eventually defeat them in a war which might last as long as two years. The lineup of great powers finds Germany and Italy on one side, opposed by Great Britain, France and Russia. In its weakened condition from the Chinese conflict, Japan cannot be considered an important factor in any current European war. Tokyo's only power lies in whatever nuisance value it might provide in Siberia to help her Fascist allies, Germany and Italy.

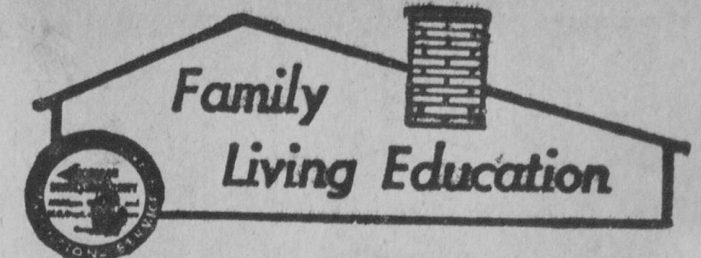

Come in and see our new fall line of Red Wing hi-cut boots for boys and men—Klenow Shoe Store, East Tawas.

People of East Tawas turned down the proposed bond issue of \$30,000 for a new gymnasium and auditorium at a school election Tuesday. There were 176 "yes" votes and 154 "no" votes, but the project failed to carry the necessary two-thirds majority. High school students staged a parade of decorated cars, led by the high school band, Tuesday noon to boost for the new building.

Two Iosco Students Graduate From MSU

Although there is no formal commencement exercise for summer term at Michigan State University, East Lansing, two students from Iosco County were among the 2,408 students certified as candidates for degrees. They were Tressa A. Bielby of Hale, master of arts in elementary education, and James R. Maurer of Oscoda, master of arts in educational administration.

Home sewing tools and gadgets, do they help or hamper?

Sewing tools and gadgets can boost the cost of home sewing and they may not be the great time or effort-savers they claim to be.

A trip to any fabric store reveals the vast array of gadgets for making sewing easier and quicker.

The aids range from a spray to hold the pattern on the fabric to a point turner to an electric pinker and on and on.

These products are not completely right or wrong. It is just that they should be evaluated by consumers on the basis of their value to them as they practice any craft.

Unless the home sewer looks at her complete sewing investment, more than the cost of the fabric plus the cost of the pattern, accessories and notions, she may be reducing potential savings by overinvesting in accessory sewing aids.

Unless the sewing aids are used often, they may be a waste of money and space in your home. Gadgets and tools are worth their while if their cost is proportional to their use and what the consumer can invest in home sewing.

Here are some questions to consid-

er before investing in sewing tools and gadgets:

- What is the initial cost?
- How often will I use it?
- Do I have a place to store it where I can easily use it?
- Is it really essential to the kind and amount of home sewing that I do?

To help you with your sewing, extension bulletin E-634, "Sewing Fashion Fabrics," is available upon request from the Iosco County Extension Office, Federal Building, East Tawas.

McIntosh Attended Chevrolet Dealer-Executive Forum

Roger McIntosh of East Tawas was among 34 key executives from United States and General Motors Canadian and overseas dealerships to graduate here recently from the 20th session of Chevrolet's Dealer-ship Executive Forum.

The concentrated two-week course held at Chevrolet's School of Merchandising and Management covered advanced studies in the latest methods of operating a retail dealership. The class of 34 men selected from across the United States and around the world included one from West Germany, one from Canada and one from Holland.

Since its founding in 1938, the famed Chevrolet school has graduated approximately 9,000 persons from various specialized retail and wholesale sessions.

Nichols Hurt In Practice With Huskies

Steve Nichols, a promising offensive lineman at Michigan Technological University, Houghton, has been sidelined indefinitely with a fractured bone in his left hand. The injury occurred in the Huskies' second week of practice. Nichols will miss at least four weeks of drills, including the Huskies' first two games, both at home.

"We are sorry to have this happen to anyone at this stage of the game," says Jim Kapp, head coach, "but especially to Steve. He is a hard worker and was coming along real well." The Huskies opened their 1973 season Saturday, September 8, hosting Northwood Institute of Midland.

State Director of AARP Attended Local Meeting

Sixty-three members and guests were present at the Wednesday, September 5, business meeting of Iosco Lake Shore Chapter No. 661, American Association of Retired Persons.

Melvin Thompson, state director of the AARP, was present to tell the group that Michigan membership now numbers 205,000 persons. He and his wife are now permanent residents of East Tawas.

Among topics of discussion were the senior citizen drop-in center, Tawas Area School millage vote and the September 18 meeting of the legislative committee in Grayling.

Door prizes were won by Tony Perona and Mrs. Bernice Silverthorn.

Posters Remind Young Men to Register for Draft

High schools, post offices and other public buildings will be ablaze with multi-colored posters this month to inform young men that they must still register for the draft at age 18 and they must notify their local board of any change of address.

This is all part of the nationwide selective service effort to help young men comply with the draft law even though inductions have been halted by congress. The law requires registration of males at age 18. Local draft boards will classify registrants and maintain an available pool of manpower in case any national emergency requires resumption of inductions.

State draft headquarters expects that 85,000 men will be subject to

registration in Michigan this year. During July, 7,165 men registered to bring the seven-month total for the year to 48,555.

In another move to spur timely registration, local boards have been directed to review cases of all young men who fail to register within 60 days of their 18th birthday. Cases of registrants who willfully and deliberately fail to register on time will be referred to the legal counsel at National Selective Service Headquarters for determination as to prosecutive action by the department of justice.

Young men may register at any selective service office or with registrars located at most high schools, colleges, city and county buildings.

Arthur Allens Wed 50 Years

Mr. and Mrs. Arthur C. Allen, 629 German Street, Tawas City, will mark their 50th wedding anniversary Saturday, September 15, and will be honored by their children with open house at the Allen home on Sunday, September 16, from 3:00 to 7:00 p. m.

The Allens were married in the home of her parents, Mr. and Mrs. Ralph G. Clute, in Tawas City. The Rev. Aaron Mitchell of the East Tawas Methodist Church performed the marriage ceremony.

Their attendants were Andrew Brussel of Wilber Township and G. Doris Clute, sister of Mrs. Allen, now Mrs. Oscar Erickson of Frankfort.

Mrs. Allen was born in Wilber Township and attended school in the Tawas. Mr. Allen was born in Grant Township and attended the Watts School.

At the time of their marriage, Mr. Allen was a farmer in Grant Township.

They moved to West Allis, Wisconsin, in 1925, where Mr. Allen was

employed by the Heil Company of Milwaukee as a drill press operator, returning here with his family on October 1, 1934, to live with and care for his mother, Mrs. Orilla Allen.

On February 13, 1937, Mr. Allen was employed by the National Gypsum Company, National City, in the board plant. He retired in September 1966.

The Allens have four children: Mrs. Floyd (Lettv Belle) Shotwell Mason, Martinsville, Indiana; Mrs. Kenneth (Shirley Mae) Christian, Saginaw; Clifford A. Allen, Ennis, Texas; Mrs. Lyle (Kharla Joy) Healey Jr., East Tawas. They have 19 grandchildren and 11 great grandchildren.

Both have been active in the affairs of their church, the Reorganized Church of Jesus Christ of Latter Day Saints. Mrs. Allen has served for 34 years as branch treasurer, church school teacher and serves at the present time as assistant women's leader and assistant church organist. Mr. Allen serves on the building committee.

Music Boosters to Launch TA Calendar Sales

Tawas Area Music Boosters will launch their annual community calendar sales at the Tuesday, September 18, 8:00 p. m., meeting in the Tawas Area High School bandroom. This is the music boosters' only fund-raising project.

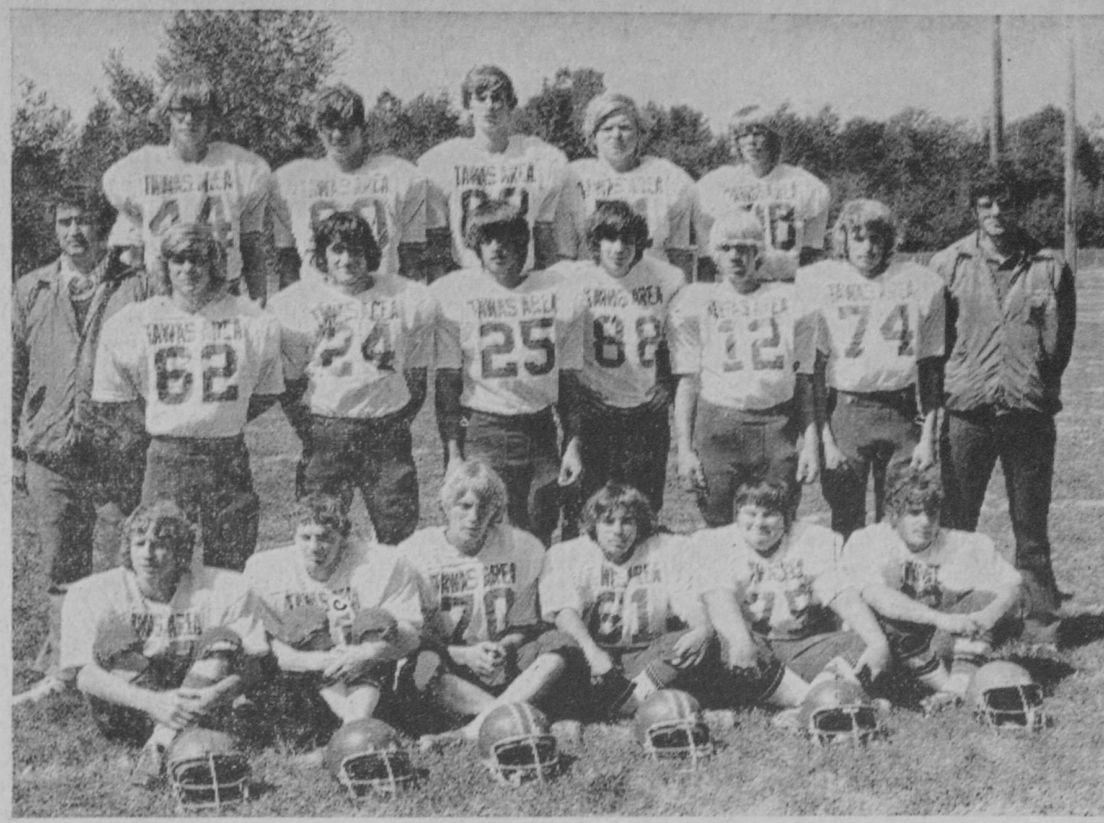

All parents and interested persons are urged to attend.

Rollin Cottage to be Scene of Club Meeting

The cottage of Mrs. Harry Rollin will be the scene of the Wednesday, September 19, 12 o'clock noon, meeting of Twentieth Century Club. A pot-luck dinner will precede the meeting.

Mrs. H. J. Keiser will offer the meditation. Answer to roll call will be a summer highlight.

Hostesses are Mrs. Rollin and Mrs. Keiser.

TAWAS AREA JUNIOR BRAVES open the 1973 season Thursday night by traveling to Harrison. Members of the squad include, front row from left: Don Reed, Gens Miller, Glenn Grack, Jeff Duval, Harvey Herriman, Bob Stephenson. In the middle row from left are Coach Ray Van Horn, Mike Nelson, Mitch Lenczewski, Greg Gotcher, Dave Gartland, Earl Parsons, Kurt Seifert, Coach Richard Salani. Ways to save on your energy costs

CHECK INSULATION

For comfort and economy, install at least 6 to 8 inches of high quality insulation in your ceilings. Weather-strip and caulk doors and windows. One of the biggest wastes of energy (and costliest for you) is the loss of heated or cooled air through wall, ceilings and floors.

SET AND FORGET YOUR THERMOSTAT

Set your air-conditioner control to the highest comfort level. The lower the thermostat setting, the more electricity your unit uses. In fact, for every additional degree of cooling, your air-conditioner uses about 5% more electricity.

TURN LIGHTS OFF IN UNOCCUPIED ROOMS

Although lighting is only about 6% of the average electric bill, turning lights off in unused areas can result in savings. (Especially in summer, because they throw off heat.) Switching shortens fluorescent lamp life but not incandescent bulbs. So turn off fluorescents only if you'll be out of the room more than 30 minutes.

CLEAN FILTERS REGULARLY

Clean or replace filters in your heating and cooling equipment at least three times a year. Clogged filters overwork your heating and cooling systems. Clean filters mean cleaner air in your house.

OPEN REFRIGERATOR AS FEW TIMES AS POSSIBLE

Once you open your refrigerator or freezer door, remove everything you need for a meal. Each opening of the door wastes energy. Replace worn gaskets so doors seal tightly. Defrost regularly because these appliances have to work harder when frost accumulates.

REPAIR LEAKY HOT WATER FAUCETS

A leak of one drop per second for one year will pour over 1300 gallons of hot water down the drain. (You pay money for wasted water and energy.)
