Bank Board of Directors' Vacancies Are Appointed

L. G. McKay Jr., chairman, Peoples State Bank of East Tawas, has announced the appointment of Howard C. Look and Richard M. Harris as directors of the bank. Harris has been plant manager of National Gypsum Company since 1963 and has been active in civic affairs. Presently he is president of Tawas Hospital Board of Trustees and treasurer of the Tawas Area Industrial Development Corporation. Active in the Tawas Knighthood League, East Tawas Lions Club and East Tawas Men's Club, he has served as an

officer in each. Harris attended high school in his home town of Escanaba and graduated from Michigan Technological University with a degree in chemical engineering in 1949. He then began his career with National Gypsum Company. Harris and his wife, Cecilia, reside at East Tawas and are parents of five children. Look has been associated with the family firm of William Look and Sons, East Tawas, since 1949 and is the son of William Look Sr., who recently retired as a bank director. Look sits on the Tawas

Township Zoning Board and is a member of Emanuel Lutheran Church. A graduate of East Tawas High School, Mr. Look has completed many automotive schools under the direction of General Motors. He is married to the former Betty Youngs, also a native of the Tawas area, and with their three children make their home in Tawas City. McKay said on behalf of the board of directors of the bank, "We are happy to have Howard and Dick join us in the continued building of the area."

Three Units Discuss Hiring of Assessor

Possibility of hiring an assessor to serve Tawas City, East Tawas and Baldwin Township was discussed Monday night by the Tawas City Council. Tawas City is presently without the services of an assessor and the work of revising the tax rolls to conform with the 17 percent factor added to this city's valuation by the state tax commission is being handled by the board of review. Mayor John N. Brugger reported Monday night that a person with a two-level certificate from the state tax commission was interested in moving to this area. The mayor said that he was to meet this week with East Tawas officials and possibly Baldwin Township to discuss

hiring one assessing officer for the three units. Since elimination of ward supervisors several years ago through action of the state, the city has been without its own assessing officer. The work was handled for several years by the county tax equalization department, but that service was discontinued. Following a review of property assessments earlier this year by the state tax commission, nearly all residential property in Isosco County received a factor as tax assessments did not reflect market values. A similar factor on commercial property is expected in January, along with an additional increase in residential values. A review of the state's findings indicated that assessments on older homes appraised in the county-wide survey in 1966 had not kept pace with actual market values. As a result, residential land values on improved streets with sewer and water have been increased 25 percent in valuation. A 20 percent increase has been given to dwellings which have not been involved in sales since the county-wide survey.

Alert Police Nabbed Two B&E Suspects

Alert police work by three area agencies resulted in the apprehension of two men charged with Saturday night's burglary of Tawas Jewelers, 306 Newman Street, East Tawas. East Tawas Police Department received a tip about 11:50 o'clock Saturday night from Michigan State Police that the jewelry store would be hit by burglars. When officers investigated, it was found that the store had already been entered and jewelry with a retail value of between \$900 and \$1,000 was missing. City police officers investigating at the scene learned the description of the suspect's car and an area broadcast resulted in apprehension of the car and two men by Dale Snyder, Standish police officer. Arrested and returned to Isosco County were Stephen S. Tasy, 20, Royal Oak, and Lance D. Niebel, 23, Oak Park. Upon arraignment in district court, a \$2,500 bond was set for Tasy and Niebel's bond was set at \$5,000. They are lodged at the Isosco County Jail. Police Chief Donald Docking of East Tawas said that jewelry in possession of the two men had been recovered. The Saturday night burglary was the second last week at the East Tawas jewelry store. On the night of November 26, a window was broken at the store and several watches were removed. Docking said that two watches had been recovered and two more watches are in the process of recovery. Four juveniles were involved.

Zoning Amendment Would Benefit Apartment Homes

A hearing to amend Tawas City's zoning ordinance establishing a new RCH district for multiple family dwellings has been set for Monday, January 6, by the Tawas City Council. This action came on recommendation of the city planning commission following recent discussion on proposed future replacement of the Rolls apartment building at the corner of Mathews Street and Hamilton Avenue. Maynard Abbott, owner, proposes to convert a garage on the property into an apartment and raze the old apartment building, now unoccupied. He proposes to replace the old building with a new apartment building at a later date. The apartment building at that residential location has been permitted there under a nonconforming zoning use, having been established prior to adoption of the zoning ordinance. Another apartment building is located south of the property in question and is under different ownership. Under terms of present wording in the ordinance governing multiple family dwellings, an apartment building would not be permissible on the property because of lot size restrictions. Because of the need for additional areas zoned for multiple family dwellings, the planning commission recommended that the entire Block 22 from Hamilton Avenue east along the south side of Mathews Street be rezoned to RCH. It was stated that the new RCH designation would allow the owner to exceed up to 50 percent of the present area and building requirements for multiple family housing, but such use would require special approval of the planning commission, plus a site plan review by the commission to control density usage and to insure adequate parking. It was felt that present restrictions on multiple family zoning had not kept pace with the times due to the higher building costs since adoption of the zoning ordinance.

MAILING of annual tax statements began Monday in some units of Isosco County and a total of 27,000 statements will be in the hands of taxpayers before December 10. Taxes for schools, county and township operation total \$5,252,805.32, which includes special tax assessments in a number of units. All township and city treasurers have a collection

office open at least every Friday during December. Mrs. Russell Vance of the Isosco County Tax Equalization Department is shown here looking at one of the 27,000 tax statements prepared by a computer and turned over to township and city officials for mailing to taxpayers.—Tawas Herald Photo.

East Tawas Adopts DNR's Speed Rules for Tawas Lake

Following a hearing Monday afternoon, East Tawas Council adopted a rule proposed by the Michigan Department of Natural Resources for regulating the speed of the watercraft on Tawas Lake and connecting channels.

According to the new rule, it is unlawful for operators of watercraft to exceed a slow-no wake speed on Tawas Lake, the Tawas River and channels situated within the City of East Tawas. A similar regulation exists on the river in Tawas City.

The new regulation is designed to reduce damage to river banks and watercraft moored along the lake. The city is to install appropriate signs and enforcement would be handled by all local law enforcement agencies.

In other business Monday night, the council received word from the engineering firm handling plans for the proposed federal-state expansion of the Michigan Waterways Commission Dock. It was stated that construction could possibly start next summer on this

project and the Michigan Department of Natural Resources has agreed to pay \$1,146,000 as the local share of the cost. The city clerk was authorized to contact James Campbell to establish a survey of property north of Franklin Street for two proposed softball fields. The clerk is to seek volunteers to aid in brushing of the property. The site is owned by the city and plans are being formulated for long-range development of a recreational area.

Ald. Jacob Montgomery reported that the fire department was in need of new street directories. The old directory is to be revised and published. Additional copies may be offered for sale to interested law enforcement agencies and the public.

Authorization was given to Mayor Robert Bolen to cooperate with officials of Tawas City and Baldwin Township in discussion on the joint hiring of an assessing officer to serve the three units of government.

Would Borrow \$17,000 On Revenue to Balance Budget

City Mgr. Reginald Bublitz reported Monday night to the Tawas City Council that approximately \$17,000 in additional funds would be needed to finance city operation during the year due to the cost of street construction, work on the city dock and purchase of the former Hutton property. Bublitz is to make a recommendation at the next meeting concerning borrowing on future revenue sharing money. He said that the city had not received payment as yet of \$15,000 from the Michigan Department of Natural Resources as its share of work on the city dock. The payment had been approved in July. The city manager reported that efforts were being made locally to interest the department of state highways in developing US-23 as an expressway earlier than the 1980s, as now projected. Bublitz said that the corridor for the proposed expressway had been selected, but the exact route had not been specified as yet. He said

that area cities and the Tawas Chamber of Commerce were joining together to promote the US-23 expressway at Lansing, as well as to promote a route which would reduce the length of an interchange serving this area. The US-23 expressway route is tentatively scheduled in 1976 from Standish to M-65, followed by segments to the north in later years. Fire Chief Daniel Ulrich presented his quarterly report to the council. Authorization was given by the council to sign a mutual assistance agreement with Wurtsmith Air Force Base and the council is to meet soon with Tawas Township and Alabaster Township on a new fire protection agreement. Authorization to pay members of the board of review at a rate of \$25 per day, a \$5 increase, was authorized by the council. It was reported that at least 12 unlicensed junker automobiles were parked in residential areas of the city and that the matter is

to be turned over to the sheriff's department for enforcement of the city ordinance. A letter from Consumers Power Company indicated that municipal pumping rates would be increased by 50 percent, should the firm's request before the public service commission be approved. Because of this increase in power rates, along with other operational cost increases during recent years, the water board is to study a new rate schedule for water and sewer service. The city manager reported he had reviewed the deed to property owned by the city and presently leased to Immaculate Heart of Mary Church for parking purposes. The church had requested that the city make the property available for sale, but the property had been obtained by the city from the state in 1941 under tax title and the deed has a reverter clause. No action was taken on a proposal from William Borosch, who offered the former Campbell Grocery building on Mathews Street as a possible site for a library. On recommendation of Mayor John N. Brugger, the city is to contact the state concerning funds available to assist with possible construction of a community building, fire hall, library complex.

Investigate B&E at Jerry's Marina

A burglary at Jerry's Marina, Tawas Point, was investigated Saturday by Michigan State Police from East Tawas. A side door on the sales building had been forced open. Officers were unable to determine if anything was missing.

Special Education Directors Support Isosco Skill Center

In a meeting of special education directors from Hale, Tawas, Oscoda and Whittemore-Prescott Area High Schools, a motion was made, giving their support to the proposed skill center for the Isosco Intermediate School District. The directors stated that the offerings of the skill center would profit students with mental and physical handicaps, providing them with job training adapted to their individual inclinations and capabilities. Donald Currey, vocational education director, explained that classes would be available, espe-

cially for the handicapped, at the same time regular classes are conducted. Special classes would be limited to a maximum of five students to one teacher. These students would then be able to progress and advance at their own speed, developing job skills for future employment. With the need for job training of handicapped students, special facilities would be set up in each of the 17 skill areas, offering students the opportunity to develop a skill for a future occupation and receiving this training in their own local area.

Two Building Applications OK'd

Building applications approved during the past two weeks by the Tawas City Department of Public Works were as follows: Dr. Thomas Dawson, 42 by 44-foot dental clinic on German Street, \$60,000; Jack Bronson, 955 Nanette, enclosure carport as a family room and construct eight by 16-foot tool shed, \$250.

Sheriff's Dept. Investigates Cattle Killings

Isosco Sheriff's Department investigated the shooting of two cattle last week in Wilber Township. On Saturday, a Hereford cow owned by Ronald Green Sr., 162 Grabow Road, was found dead in a field about 100 yards east of Wilber Road. The animal, valued at \$225, had been killed by rifle fire. An Angus steer valued at \$250, owned by Donald Pemman, was found Wednesday morning. Officers said the animal had been taken from a pasture in Wilber Township and tied to a post, where it was slaughtered. An attempt was made to butcher it, but the thieves were apparently frightened away by a passing vehicle. Two breakings and entries investigated included a cottage owned by Spencer Meyers at Long Lake. Stolen was a stereo set and a color television. A portable generator valued at \$360 was stolen some time early Wednesday morning at Schaff Lumber Company, 1785 US-23, East Tawas.

Escaped Injury In ET Crash

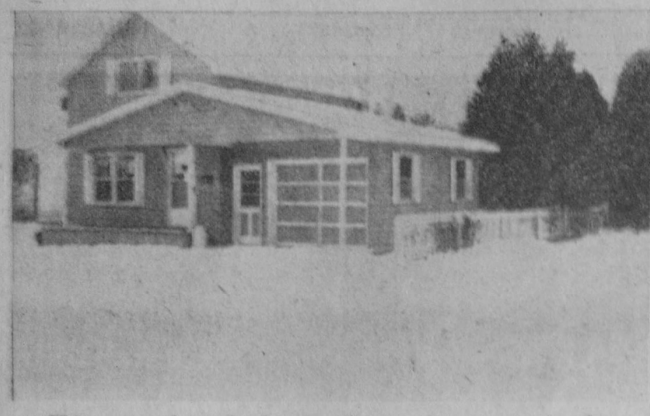

Charles Schreck, 20, East Tawas, escaped injury Thursday night when his car, traveling east on Monument Road, skidded over an abutment and landed in the Tawas River at the East Tawas bridge. East Tawas Police Department reported one other recent accident in the vicinity of the bridge. On November 23, Curtis R. Earl, 18, East Tawas, crossed the center line during a heavy fog and his car struck the bridge. The vehicle continued east and turned over in a ditch.

Storm Hit State

This area escaped Sunday's storm which dumped the worst snowfall since 1886 on South-eastern Michigan, but at least one area office operated shorthanded Monday because of the storm. Leon Putnam, register of deeds, reported that two employees in his office had visited the Detroit area over the Thanksgiving holiday and were unable to return Sunday because of snow-blocked roads. Others living in this area and who commute to downstate jobs were advised not to travel to the Detroit area, where a total of 18.9 inches of snow fell in a 24-hour period, stranding thousands of motorists.

**Kroger Stores
 Froze Prices
 for 60 Days
 on 1,100 Items**

Kroger stores in this area froze prices on 1,100 grocery items for 60 days as part of a nationwide anti-inflation program announced November 29 by the supermarket company.

The price freeze, which began December 1 in the 159 stores in the Michigan area, will assure shoppers that no price increases will be made on these items throughout the holidays and extending into the New Year to February 1, 1975, according to D. A. Burt, vice president of the Michigan Marketing Area, who made the announcement at a news conference in Detroit Friday. More than 9 1/2-million Kroger shoppers in 1,240 supermarkets in 20 states will benefit from the companywide program, Burt said.

He stated the 1,100 prices which will be frozen in the Michigan area cover a wide range of grocery products — basic, fundamental items and brands which are a regular part of the family's weekly supermarket purchases. Included are cereals, canned vegetables, canned meats, juices, paper products, household items, pet foods, cheese, rice, peanut butter, dry beans and frozen foods.

Kroger is implementing the program in support of President Ford's call to "Whip Inflation Now" through voluntary action. "We do not pretend that this move will solve the underlying causes of inflation," Burt said. "It will provide relief and some real values for our shoppers. This action is a visible sign of our concern about high prices and inflation."

Blue "Kroger Price Freeze" shelf markers will prominently identify for shoppers the products on which no price increases will be made for the two-month period, no matter what happens to the market.

Burt said that Kroger has been concerned for some time, as have shoppers, about the inflationary spiral affecting everything consumers buy—with food prices in the spotlight.

"Those of us on the other side of the counter share the consumers' feelings of frustration and irritation," he said. "We don't like high prices any better than they do."

Kroger nationally also is taking other steps to help consumers shop more wisely:

Special columns in food ads focus on ways consumers can shop more wisely and save money.

A pilot consumer education program, with Kroger experts conducting classes right in the store, tells shoppers how to get full value for their food dollar.

A consumer information booklet is being distributed which offers "100 Ways to Save on Food Shopping."

The company also is experimenting with an "Early Warning" system whereby customers are pre-notified when the company has received costs increases on an item from food manufacturers which will result in a higher retail price.

White-Palmer Marriage Vows Said at United Methodist

Tawas United Methodist Church, East Tawas, was the scene of the double ring ceremony Saturday, November 30, uniting in marriage the former Susan Lynn Palmer, daughter of Mr. and Mrs. Charles Palmer of East Tawas, and Ronnie Dean White, son of Mr. and Mrs. John White of Tawas City.

The Rev. Kenneth Tousey officiated at the 6 o'clock ceremony, which was followed by a buffet dinner and reception at the East Tawas Community Building. Vases of chrysanthemums and carna-

tions adorned the altar. Mrs. Harold Knight, vocalist, was accompanied by Mrs. Alden Phelps.

The bride descended the aisle in a white satin and Venice lace gown with high, lace-encircled neckline; yoked bodice; long fitted sleeves, and cuffs of Nottingham lace. Her semi-full skirt, edged in matching lace, fell from an Empire waistline. A chapel-length, illusion veil, trimmed in lace, was secured with a bandeau of Nottingham lace. Pink and white roses with baby breath made up her bouquet.

Janice Apsley of Alpena served as maid of honor in a purple velvet gown. Bridesmaids, Melissa Schirmer, Mrs. John Whitman and Ann Rich, were attired in long ruby velvet gowns with Empire waistlines, ruffled V-necklines, long sleeves with ruffled cuffs and ruffled hemlines. They carried bouquets of chrysanthemums and daisies.

Serving as best man was Charles Saunders with Lee White and Stanley White, brothers of the bridegroom, and Mr. Whitman, groomsmen. Guests were seated by Timothy and Terry Sergent.

Approximately 160 guests attended from Midland, Bay City, Detroit and Tawas area. Mrs. Palmer greeted guests in a long pink polyester gown with Empire waistline and lace bodice. Mrs. John White selected a long yellow crepe gown with chiffon sleeves and Empire waistline. Mrs. Twyla White wore a black and silver dress with long skirt and silver bodice. Each wore a rose corsage.

The new Mr. and Mrs. White plan to reside at Ft. Sill, Oklahoma. Both are graduates of Tawas Area High School.

Honoring the bride with pre-nuptial showers were Mrs. Knight, Sue Rieth, Lottie Knight, Nancy Apsley and Janice Apsley.

Set Appointments for Breast Cancer Detection Project

Iosco County Unit, Michigan Division, American Cancer Society, is scheduling appointments for women who qualify for the new breast cancer detection project at Ann Arbor.

To meet test requirements, a woman must be between the ages of 35 and 74 and not currently under the care of a physician for a breast problem. The examination process includes a medical history, digital breast examination, mammogram and thermogram.

Past mastectomy patients without known disease and fibrocystic disease patients without currently-active disease qualify for the screening project. All examinations are free of charge, providing all women agree to participate in the program for five years.

Breast cancer in Michigan will have an estimated 3,800 new cases this year with 1,400 deaths. Nationwide, there are reported to be 90,000 new cases with 33,000 deaths. National Cancer Institute and American Cancer Society have funded 20 cancer detection demonstration units. The state contract was awarded to the University of Michigan, Ann Arbor.

Any women wishing to participate should contact Mrs. Wilbur Roach, registered nurse, at 362-2384, or Mrs. William Lyon, 362-2227. Car pools will be set up according to appointment schedules.

Married

Mr. and Mrs. Michael Gross are residing at Danny's Lake View Resort, East Tawas, following their wedding Sunday, November 10, at Christ Episcopal Church, East Tawas.

The former Jill Senkbeil is the daughter of Mr. and Mrs. Kenneth Senkbeil of Detroit. Her husband is the son of Mr. and Mrs. Charles Gross of East Tawas.

Attendants were the bride's sister, Diane McKenny of Detroit, and Thomas Miller of Tawas City.

Sestak-Myers Wedding Vows Said Saturday at Hale Church

In 7 o'clock rites Saturday evening, November 30, at Hale United Methodist Church, the Rev. Willis Braun officiated at the double ring service uniting Connie Myers and Stephen Sestak in marriage. Steve Field, vocalist, was accompanied by Gayle Nielsen.

The bride is the daughter of Mr. and Mrs. Theodore Myers of Hale. Her husband is the son of Mr. and Mrs. Joseph Sestak, also of Hale.

The former Miss Myers chose an Empire waisted gown of satin, trimmed in lace. A crown headpiece secured her veil, which fell to form the train. She carried white carnations, white miniature roses and baby breath.

Karen Myers, maid of honor; Cindy Myers, Diane Myers and Jolyn Rittenoir, bridesmaids, were attired in royal blue velvet gowns with Empire waistlines and lace bodices. Their bouquets were made up of blue carnations and baby breath.

Bruce Bernard acted as best man. Groomsmen were Jay Sestak and Dennis Myers. Al Rittenoir and William Myers seated the guests.

Reception followed the ceremony at Logan Hall. Approximately 300 guests attended from Flint, Saginaw, Orchard Lake and Pontiac.

Engaged

The engagement of Marilyn Korthals to Joseph Goffredo is announced by her parents, Mr. and Mrs. Ronald Korthals of National City. Mr. Goffredo is the son of Mr. and Mrs. Frank Goffredo of Ridgefield Park, New Jersey.

The bride-elect is a graduate of Tawas Area High School; Delta College, University Center, and American Airlines College, Dallas, Texas. She is presently flight attendant with American Airlines, stationed at LaGuardia Airport, and is residing in Queens, New York.

Jones-Trudell Nuptial Vows Solemnized at IHM Church

Arrangements of white gladioli and yellow chrysanthemums formed a floral background in immaculate Heart of Mary Catholic Church, Tawas City, for the marriage Saturday, November 30, of Sheryl Lea Trudell and Richard Lee Jones.

The Rev. Fr. Lawrence E. Boks performed the 1 o'clock, double ring service. Mrs. Frank Byrd was the organist.

The bride is the daughter of Mr. and Mrs. Robert J. Trudell of East Tawas. Mr. and Mrs. Richard I. Jones of East Liverpool, Ohio, are parents of the bridegroom.

Escorted to the altar by her father, the bride chose a white silk

organza gown with Nottingham lace bodice, sculptured neckline, Juliet sleeves accented in pearls, controlled skirt and lace-edged train. A matching cathedral-length veil completed her attire. Her cascade bouquet was made up of pink roses and white carnations.

Deborah Plumley of East Tawas was maid of honor in a mint green knit dress with dark green velvet jacket. Jean Trudell, sister of the bride, and Mrs. David Hughes, bridesmaids, were identically attired in pale yellow knit gowns with gold velvet jackets. They carried nosegay bouquets of bronze and yellow chrysanthemums and yellow roses.

Lewis Mitchell of Wurtsmith Air Force Base acted as best man with Jeff Lytle and Greg Hueghey, both of Wurtsmith, groomsmen. Mr. Hughes and Richard Rogers seated the guests.

Dinner and reception following the ceremony at the Fraternal Order of Eagles Hall, East Tawas, was attended by approximately 200 guests from Detroit, Bay City, Oscoda, Saginaw, Oak Park, East Liverpool and the Tawas.

For her daughter's wedding, Mrs. Trudell selected a long tangerine knit dress. Mrs. Jones chose a floor-length green chiffon gown with white dots. Their corsages were made up of white miniature orchids.

Following a one-week wedding trip to East Liverpool, the new Mr. and Mrs. Jones will reside at 1932 West River Road, Oscoda. The bride is a graduate of Tawas Area High School and her husband graduated from Beaver Local High School.

Pre-nuptial showers in the bride's honor were hosted by her sisters, Miss Trudell, Jane Nelkie, June Brendly and Sharon Whitko; Miss Plumley and Mrs. Hughes.

Bravettes Lost in Cage Final

Tawas Bravettes bowed out of the 1974 basketball season, but not before going to the wire in the district class B basketball tournament at Ogemaw Heights High School. The Tawas girls lost a 43-41 thriller to the host school in the November 26 championship game.

Both teams played on equal terms during the four quarters, but the Ogemaw girls had control of the backboards and that proved to be the Bravettes' undoing.

Tawas held a slight edge, 8-6, at the end of the first quarter of play, but Ogemaw came back to take a one-point margin at intermission, 19-18. Both teams went cold in the third quarter and the game devel-

oped into a defensive battle as Tawas scored only one field goal and Ogemaw had one foul shot to make the score 20-20 at the end of the third quarter.

The two teams warmed up in the fourth quarter as Ogemaw scored 23 points and the Tawas girls meshed 21. Tawas' chances were hurt when Jacquie Johnson,

team hustler, fouled out and Dawn Bryant, Ogemaw's star player, left the floor via the foul route with one minute to go in the game.

Linda Kobs and Lisa Morrical, playing their last game in the red and white, were scoring leaders with 13 and nine points, respectively. Tamie McKenzie netted six points while Johnson and Mary Jane Williams each had five points. Helen Anschuetz completed the scoring with three points.

Ogemaw's high scorer was Ruth Fitzgerald, who had 11 points. Annela Sanford hit the hoops for nine points and Bryant tallied eight points.

The Bravettes earned the title shot by turning back Cadillac, last year's tournament champion, in action the previous week.

Charles E. Klenow Received Degree at Michigan Tech.

Michigan Technological University, Houghton, awarded 213 degrees in its 89th anniversary year commencement exercises Saturday, November 23, in Sherman Gymnasium.

Awarded a bachelor of science degree in electrical engineering was Charles E. Klenow, son of Mrs. Grace C. Pelton of East Tawas.

Chester O. Ensign, president of the Copper Range Company, delivered the commencement address. He was given an honorary doctor of engineering degree by Dr. Raymond L. Smith, school president.

Family Businesses Observe 50 Years in Tawas City

Two families operating different businesses in Tawas City this week mark 50 years of service to the community.

In 1924, Hugo J. Keiser Sr. purchased the Red Cross Pharmacy from Mrs. A. Staley. The business was a continuation of a firm established around the turn of the century.

Fifty years ago, Percy N. Thornton purchased The Tawas Herald after leasing the business for several months from James Ballard. The Herald was established in 1884 and 1974 marks its 90th year of continuous operation.

The two men, both of whom were veterans of World War I, were to continue active participation in their business enterprises for many years. Keiser took his son, Hugo J. Keiser Jr., as a partner in the business in 1947, and retired in 1955; Thornton was joined in the operation of the newspaper

business in 1946 by his two sons, Nelson E. and W. Neil, and the brothers purchased the business in 1956.

Special golden anniversary events to mark the occasion are being planned by each firm. Keiser's Drug Store will be offering "Nuggets of Savings" at its golden anniversary sale, December 5-6-7. "Customers, old and new, are invited to browse through the festive setting at our store, view the featured anniversary specials and register for free prizes," states Keiser. An advertisement, appearing on page six, section two, gives many timely gift suggestions.

An open house will be held at The Tawas Herald office on Saturday, December 7, 1:00 to 4:00 p. m. Area residents are welcome to stop in for cookies, coffee or punch; see the updated equipment recently installed, and enter the door prize registration.

Letter to the Editor

Dear Editor:

Do we have an honest school board or is this a Tawas Watergate? Mr. Crawford advertised bids in your paper to dispose of a used tractor, bus van and pickup truck to be sold on bids. All bids would carry 10 percent of bidder's bid inside the sealed bid. Bids were opened at school board meeting November 11th. I called the secretary of the board on November 12th, one day after the school board meeting, and asked him how the bids went. His answer to me on the telephone was "I don't know." Three or more questions were asked and the answers I got were "I don't know." So I called another member who was able to answer all my questions that the secretary was not able to answer. I think there's some crooked business going on in the board meetings. From what I hear, the bid that got the tractor was a false one because I was told the 10 percent check was not enclosed with the bid.

If the school board can't abide by what they put in the paper, we should have some changes made. What we need is more honest members on the board and not some that will lie to you.

Disabled Persons May be Eligible For Payments

People disabled since childhood may be eligible for supplemental security income payments when they reach 18, regardless of their families' income, according to John Carr, social security district manager, Bay City.

The supplemental security income program makes monthly payments to people with little or no income and limited resources who are 65 and over, blind or disabled. "The program can be especially important to young people who are severely retarded or have other handicaps that keep them from becoming self-supporting," Carr said.

Eligible people can get supplemental security income payments at any age, but the eligibility of children under 18 can be affected by their parents' income and resources. "However," Carr said, "severely disabled people who re-

main unmarried are considered independent of their families starting at 18, or at 21 if they are in school. Starting then, they may be eligible for some supplemental security income payments if they have little or no income of their own."

Families of people disabled since childhood can get information about applying for supplemental security income payments by calling or writing any social security office.

"The amount of the monthly supplemental security income payments people get depends primarily on other income they might have," Carr said. "People with no other income at all can get \$146 a month for one person and \$219 for a couple. People with other income may get reduced supplemental security income payments."

Michigan adds to supplemental security income payments so that payment to eligible persons here can be up to \$160 a month for one person and \$240 for a couple.

The supplemental security income program is run by the Social Security Administration, an agency of the United States Department of Health, Education and Welfare. The Bay City social security office is at 1009 North Madison. The phone number is 892-3554.

TODAY'S Meditation

from The World's Most Widely Used Devotional Guide

(Read John 5:2-17)

My father has never yet ceased his work, and I am working too. (John 5:17 NEB)

A brightly colored picture postcard arrived with the morning post. It was unsigned and read: "Every day we read of violence in this land and abroad, and nothing is done about it. We want Christian action."

As I sit on the beach and read the morning paper, I think I understand the frustration of my unknown correspondent. The gulls cry and the children paddling in the shallows shout with delight, but the news of the world is dark and menacing.

Of course, this person is wrong to say that nothing is being done. Peacemakers are at work. It is right, though, to want more Christian action.

But what is Christian action? Three things must be said.

It is action already begun. It began when Jesus walked the earth and poured out His Life in loving service.

It is action going on now. All who are called to be Christ's disciples are "fellow-workers" with Him.

It is action to be completed. What Christ began, He will finish. Final victory will be His.

PRAYER

O God, help me to act this day in accordance with Thy plan, and to believe in the final triumph of Thy kingdom, for Christ's sake. Amen.

THOUGHT FOR THE DAY God Himself is at work.—Kenneth G. Greet, London, England.

PUBLIC HEARING NOTICE

Mr. Larry Sidebottom of Sand Lake Heights has asked the Grant Township Zoning Board to Rezone Lot No. 56 from Residential to Commercial.

The Board has been asked to change the Zoning Ordinance so as to reduce the side yard space from four feet to two feet, provided the lot line is also the lot line of an easement. This rule would apply only in cases where the easement is too narrow to be used as a road for cars.

HALE AREA SCHOOLS Hale, Michigan 48739

November, 1974
Hale Area Schools finished the 1973-74 fiscal year in the black even though \$20,000 was used from the contingency fund to balance the budget. Under the Bursley Bill for education this was the last year Hale received membership State Aid. According to the State formula we are wealthy but in reality we are a land rich and money poor district. We have many lakes and a resort area with a high State Equalized Valuation (\$33,510 per child in 1973-74 and \$43,176 per child in 74-75) but 30 percent of the people who live here meet the Federal Standard for poverty. Sixty percent of the people who pay taxes in the district do not reside in the area.

We must basically run our schools with our own tax dollars. Some categorical aid will be received, which means if something is done a certain way some reimbursement will be received.

Sheriff's Auxiliary Donated 1,359 Man Hours to Iosco During 1974

An organization which provides an important service to residents of the county, yet is relatively unknown, will soon observe the first anniversary of its founding.

Under authorization of the Iosco County Sheriff's Department and Sheriff George Westcott, the Iosco County Sheriff's Auxiliary was established in January 1974. Harold Vader was appointed captain to lead the group.

Function of the auxiliary is designed to relieve some of the workload of regular sheriff's department officers during civic affairs and to provide backup men, when needed, for patrol and office work.

Auxiliary members have no power to enforce laws, except when accompanied by a regular officer and under direct orders and authorization of Sheriff Westcott or Undersheriff Basil Odell.

Auxiliary members are not paid for their services and they do not

bear arms, unless under direct order from the sheriff. Each man has a complete uniform, donated in instances by other officers or from other departments and some uniforms are purchased from the auxiliary's general fund.

Any money received by the auxiliary for policing football and basketball games, or providing service to the county fair and other events requiring traffic control, is placed into a general fund to be used for the purchase of equipment.

During the period January 1 through October 31, the auxiliary donated 1,359 man hours to the county.

Persons desiring information concerning the service provided by the sheriff's department auxiliary or wishing to make application to become a member may contact Vader at 362-3489 or 739-7792.

Weather Service Aids Winter Plans

For some Michigan residents, home is where they hang their snowshoes. Others, who live in the southern part of the state, must plan ahead for week-ends of skiing, sledding and snowmobiling.

Preparing for winter activities in Michigan involves more than choosing the right winter vacation time, said B. Dale Ball, director of the Michigan Department of Agriculture.

For businesses catering to winter sportsmen, it is important to know when the right kind and right amount of snow can be expected. Snow removal programs must be prepared for action when that first substantial snowfall occurs. Some outdoor construction work must be scheduled for completion before bad weather sets in.

MDA's contribution to winter preparedness is the Michigan Weather Service, whose meteorologist, Fred Nurnberger, says, "Unlike the National Weather Service, we do not forecast the day to day weather. We compile data from more than 200 cooperative weather stations located throughout the state and can tell what has happened in the past and what can be expected to happen in the future."

Nurnberger said the collection of snowfall data is a challenge to even the heartiest observers and a task made more difficult by the high winds and drifting which frequently accompany snow in Michigan. "In spite of adversities," he said, "the data taken by our volunteer observers, individually, exhibit close agreement over a period of 50 to 75 years."

Areas experiencing the greatest depths and longest durations of substantial snow cover are located along the shores of Lake Superior and Lake Michigan where "lake snow squalls" frequently develop. Michigan's heaviest average snowfall occurs in the Keweenaw Peninsula, where there are abrupt rises in elevation of several hundred feet. And because of the cold climate, the snow cover is likely to stay longer.

Southern Michigan is closer to the normal winter storm track through the Ohio River valley and experiences warmer temperatures and alternate periods of freezing and thawing which tend to reduce snow accumulations.

The first snowfall of the season for Michigan, on the average, arrives five weeks earlier in the western section of the Upper Peninsula than it does in the southeastern portion of the Lower Peninsula. Whatever the activity planned for Michigan's winter season, it pays to be prepared.

Michigan snowfall and snow depth statistics are available from Michigan Weather Service, Michigan Department of Agriculture, Lansing.

Mr. and Mrs. Robert Lazaar visited her parents, Mr. and Mrs. Stanley Durham, last week-end. Sympathy is extended to the family of Lewis Adams.

Daniel Thayer is out of the intensive care unit at Standish Hospital, where he will be a patient two more weeks. The Raymond Wyckoff family of Potterville, the Gordon Thayer family of Swartz Creek, Charles Thayer of Flint and Rhonda Thayer of Eastern Michigan University, Ypsilanti, were all home the holiday week-end and visited their father at the hospital.

25 Years Ago—

December 2, 1949 — Theodore Trudell and Harold Johnroe, employees of the Hamell Fishery at East Tawas, spent Tuesday night on a fishing tug between Little and Big Charity Islands because of a broken propeller shaft.

Eighteen bucks were killed at the Orville Leslie Camp during the past season.

Michigan farmers who now buy a farm mortgaged at much more than one-half its value may be in for financial trouble in future years, according to agricultural economists at Michigan State College. Land prices have passed their peak with a five percent drop since the November 1948 high. The number of farms changing hands last year dropped sharply from the wartime peak.

LOOKING BACKWARD—

Silver Valley Opens Winter Sports Season

December 2, 1959—Silver Valley will open this week-end for skiing, weather permitting, but the main toboggan area will not open until later this month.

OF FAMILY OWNERSHIP

Many changes have been reported by this newspaper since it was established in 1884 . . . from the peak and decline of the lumbering industry, through farming, development of the tourist and resort business, expansion of the gypsum industry and light manufacturing, establishment of a military base in the county and a general business increase to accommodate the increasing numbers of Iosco residents. During 50 of the Herald's 90 years of service to Iosco County, the business has been owned by the Thornton family.

Along with this everchanging world, the Herald has changed, too—from hand composition to machines; from a press that printed one page at a time to one that prints and folds a complete section at a time; from no pictures in 1884 to hundreds of pictures in 1974. Typography has kept pace with the times and our latest equipment addition in 1974 using full-page photo-polymer plates will see expanded use of photo processing for greater clarity and speed.

We're Celebrating! It has now been 50 years since the Keiser name first became associated with this long established, Tawas City drug store. Hugo Keiser Sr. joined the firm after World War I, purchasing the store from the Wuggazer family. His son, Hugo Jr., joined him in the business in 1947 and took over the operation when his father retired in 1955.

During these special days and just in time for Christmas, we are observing this special event with many extra values and free prizes. Our old and new customers are invited to stop in and visit with us.
