

Braves Resume Cage Action; Lose to Non-Conference Saints

Tawas Area Braves missed a golden opportunity to upset Bay City All Saints Cougars Wednesday night, but a miss was as good as a mile as far as the final score was concerned—the talented Bay City squad rebounded from its first half doldrums to down the Braves, 65-52.

Filling in the schedule vacancy caused by Osceola's abandonment of sports this term, All Saints moved into Tawas Area School Auditorium as a rated power in the state and fresh from a victory over the Carrollton Cavaliers, a team expected to repeat as NBC champion this season.

Lacking a couple of consistent high scorers to make it a super prep team, but strong on defense,

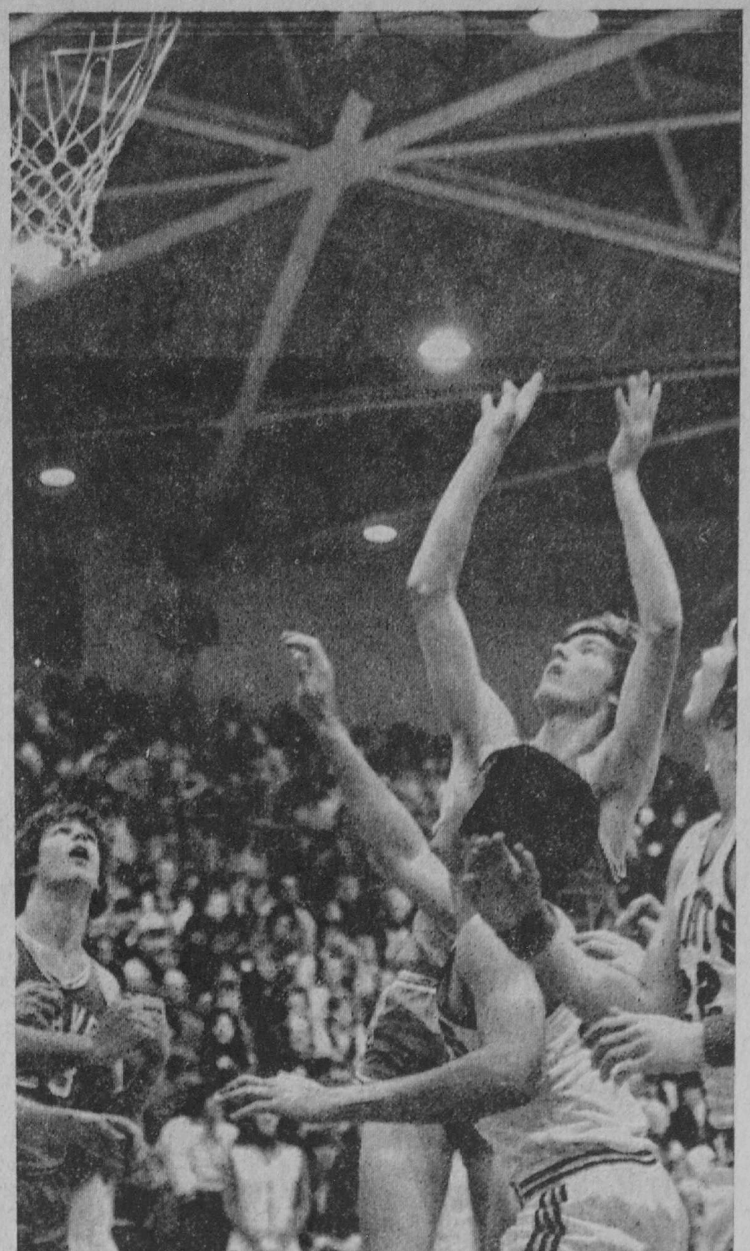

the Braves played on even terms with the visitors throughout the first half. A pressing defense by the Cougars proved troublesome to the Braves, who were unable to light the scoreboard until Terry Nichols meshed a foul shot with two minutes, 55 seconds remaining in the first quarter. Mike Mooney hit the twine for Tawas' first field goal with one minute, 25 seconds remaining, and Tawas sliced the Saint's first quarter lead to 12-7 at the buzzer.

Meanwhile, the Cougars found themselves in foul trouble with their aggressive defense. Bob Delaney and L. Hubock, a pair of veteran Bay City Association officials, called a tight game and three Bay Cityans, including the high-scoring Mark Talaga, had to cool off along the sidelines during much of the second period with three fouls each.

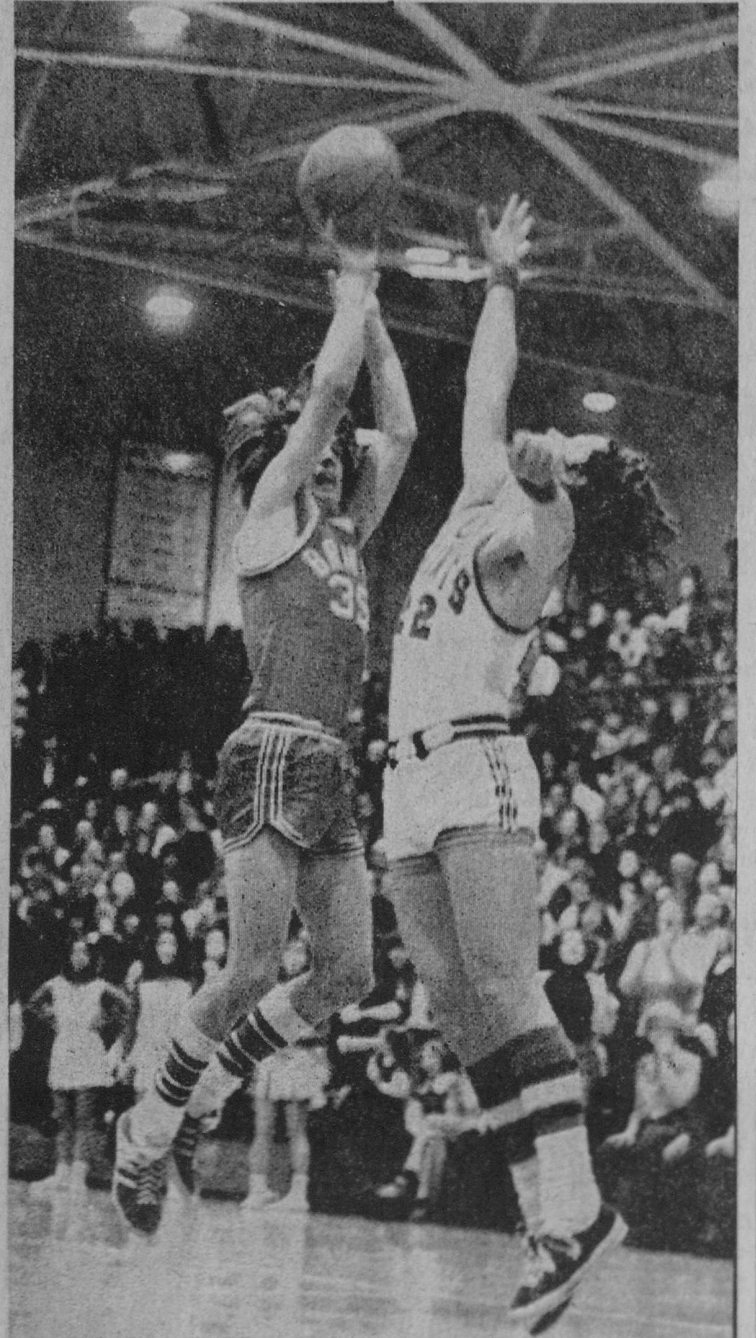

Tawas Area failed to capitalize on this windfall at the charity lanes. The Braves went to the foul line 31 times during the night, including one technical called by the official scorer, and were able to convert only 10 free throws. The whistle tooters, who kept the game under control throughout the night, called 19 fouls against the Braves and All Saints responded by meshing 21 of 28 attempts. That difference, in itself, was enough to insure a victory for Bay City.

After being down by only one point at intermission, outscoring Bay City, 17-13, in the second quarter, the Braves took over the lead briefly as the second half got under way. Mike Mooney put the Braves ahead, 26-25, but Bay City came right back to score. Terry Nichols' two-pointer put Tawas ahead by one point for the last time during the night as the slick-passing Bay City team quickly converted a basket.

The Braves were out of the race shortly with three costly turnovers on poor passes and Bay City quickly built up a 37-28 lead. After a Tawas charging foul, Coach Dick Fairless called time out with five minutes, 18 seconds remaining in the quarter. Talaga meshed a long shot when play resumed to make it 39-28 and a Tawas turnover resulted in

STEVE CLINE'S outstretched arms follow through on this shot against Bay City All Saints in a non-conference game Wednesday night. Mickey Haglund of the Braves is at left.—Tawas Herald Photo.

MIKE MOONEY of the Braves scored on this driving shot against Bob Learman of Bay City All Saints. It was a standing room only crowd for this game as Bay City brought a large delegation of fans.—Tawas Herald Photo.

another two points for Bay City. Randy Scales' two-pointer cut the deficit to 41-30 and Steve Cline's bucket sliced Bay City's margin another two points. An alert Tawas defense stole the ball from Bay City, but another turnover nullified that play and All Saints finished the third quarter with a 45-34 margin.

Tim Trepkowski drew his fifth personal foul of the night and his replacement drew a technical foul when he apparently failed to report to the scorekeeper. Tawas converted both charity tosses. Cline meshed a two-pointer and Larry Nichols connected on a field goal to make the score, 48-41, with five minutes, 51 seconds remaining.

The Braves had to play catch up basketball all the way as the Cougars continued to display good passing and meshed offsetting baskets to keep Tawas on the low end of the score.

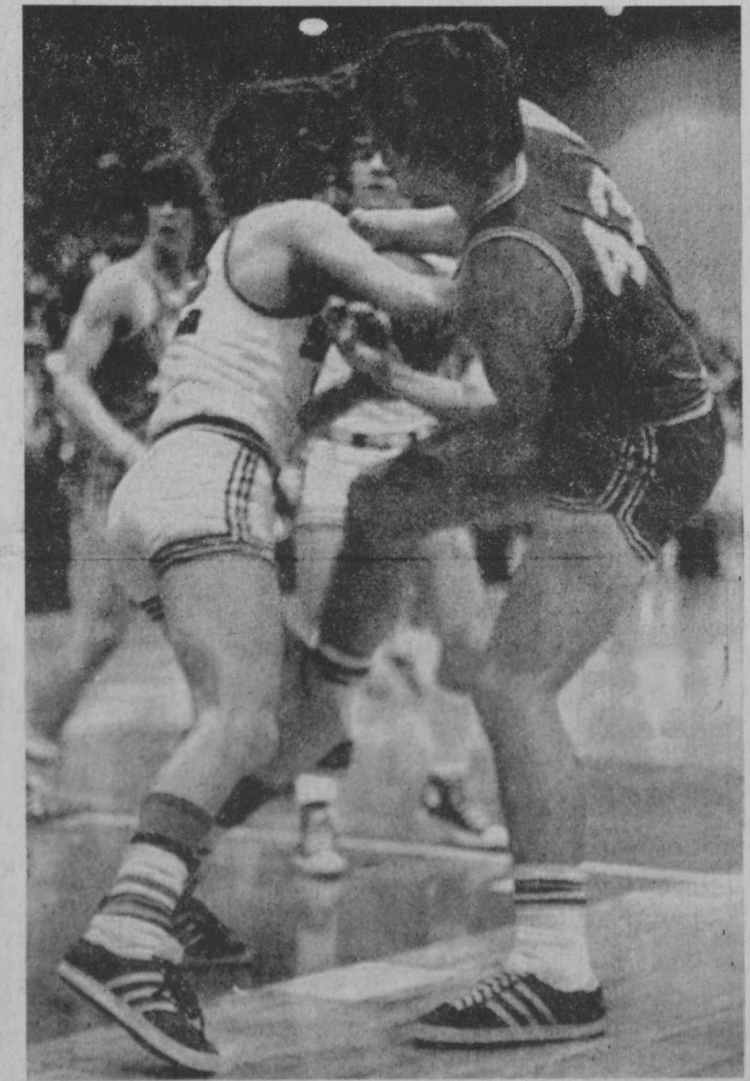

The Tawas squad was outscored by the visitors, 20-10, in that deciding third quarter and All Saints held a 20-18 scoring margin in the final quarter.

Talaga led all scoring during the night with 22 points on nine field goals and four foul shots. Stan Izykowski contributed 18 points to the Bay City cause and Bill Harris meshed 12.

Terry Nichols paced Tawas' offense with 17 points, followed by Cline's 12 points.

Junior Braves Won Over BC Saints JV

Tawas Area Junior Braves continued to set a torrid pace on the hardwood Wednesday night as they turned back a tough Bay City All Saints JV, 72-67.

The visitors jumped off to a 20-17 margin in the first quarter, but the undefeated Junior Braves roared right back to take the second quarter, 23-19, and held a one-point lead at intermission.

As was the case in the varsity game played later, the third quarter proved to be the deciding eight minutes of the game and it was in Tawas' favor in the preliminary as the Junior Braves outscored the All Saints junior varsity, 20-12.

Bay City was not counted out of the contest yet as they outscored the Tawas squad, 16-12, in the winners' weakest period of the night.

Brad Potts was the mainstay of Tawas' offense with 33 points on 15 field goals and three foul shots. Although Tawas lacked another player to hit double figures, the Junior Braves had consistent scoring with Tom Mooney contributing nine points and Greg Gotcher meshing seven, while Earl Parsons, Mike Harvey and Dave Gartland each hit six points.

Mikolajack scored 23 points for the losers and Bay City received a 17-point effort from Nutt. From that point, scoring trailed off as they could not match the Junior Braves' offensive depth for this game.

Braves Still Tied for First in NBC

Tawas Area Braves remained in a tie with Carrollton for leadership in the Northern B Conference with a 95-42 win Friday night over Gladwin. The Cavaliers continued in their unbeaten ways in the NBC schedule with a 103-34 romp over Ogemaw Heights.

Coach Dick Fairless used 10 players during the first half of play against the Gladwin Flying Cs and three other second stringers saw second half action as Tawas dominated the game.

The Braves jumped off to a 24-10 first quarter lead and registered at or over the 20-point mark in the remaining three quarters.

Every one of the 13 players in Tawas' lineup scored during the night and four players reached double figures. Steve Cline topped the scoring with 15 points, followed by 13 points meshed by Mickey Haglund and 10 points each by Randy Scales and Randy Reed.

The Braves were hot from the floor, sinking 34 out of 81 field goals and they showed improvement at the foul lines, meshing 27 out of 41 charity tosses.

Junior Braves In Easy Win Over Gladwin

Tawas Area Junior Braves continued their domination in the NBC Friday night with a 72-39 victory over the Gladwin Junior Varsity.

The Junior Braves jumped to a 16-5 margin at the end of the first quarter and continued to build up their lead with a 20-16 second quarter mark, a 15-8 third quarter margin and 19-10 scoring effort in the final quarter.

Brad Potts was again the top scorer with 17 points and was followed closely by Mike Harvey, who registered 16 points. Selich topped Gladwin with 11 points.

By HELEN B. MEACH
Extension Home Economist

American homemakers are very proud of the many electrical appliances in their homes. They make life easier! They save hard work and provide comfort and enjoyment too.

We are willing to spend a considerable sum of money to buy them. Increased earnings and a rise in standards of living mean more dishwashers, televisions, larger water heaters and refrigerator-freezers.

Take a look around your house. Count the electric appliances. How many duplicate each other unnecessarily? How many times does your television or radio play to an empty room? Do you really need all that hot water?

If we use our necessary appliances wisely, we can save energy. The electric and gas bills will be less. Major appliances alone are the third most expensive item in an average family's energy budget.

The largest consumer of energy and dollars is the air conditioner, closely followed by light bulbs. Other large energy eaters are the range, clothes dryer and the food freezer. Color television is more costly in energy use than black and white. Did you know that an instant-on model, plugged in, is consuming energy watts of electricity all day long even when it is turned off? You should be aware that the "self-cleaning" ovens use 21 percent more energy. If you have one, use that feature sparingly.

Frost-free refrigerators may consume 50 percent more energy and

Social Security Gives Answers

Question: I have two small seasonal businesses. My net profit from each averages under \$400. Can I combine the net profits and get social security credit for this work?

Answer: Yes. Self-employed people with more than one business during the year must combine the net profits. If the total net profit is \$400 or more, it counts for social security.

Question: I have been getting social security payments since I was nine. Next year when I am 18, I plan to enroll in a trade school. A friend told me that my monthly payments will stop when I become 18 if I do not go to college. Is this true?

Answer: No. You do not have to go to college to continue to get your monthly payments after you are 18. However, you do have to be single and enrolled as a full-time student at an educational institution. Most trade schools qualify as educational institutions. You should check with your social security office to be certain the trade school you are planning to attend meets this qualification.

Question: In August, when I became 65, I signed up for medicare. I am now undergoing medical treatments that could cost well over \$100, but have not gotten the bill yet. Since this will be my first bill, can you tell me how I file for payment from medicare?

Answer: There are two ways to file for medicare payment:

(1) If your doctor wishes to accept the "assignment" method of payment, he should complete the request for payment form, sign it and send it in. (You must also sign the form.) The doctor will be paid directly by medicare under "assignment." You are responsible for paying the yearly \$60 deductible and the 20 percent co-insurance.

(2) If your doctor does not wish to accept assignment, you send in the request for payment form and attach an itemized statement from your doctor. Under this method, medicare will send you the check for 80 percent of the allowable charge after the \$60 yearly deductible has been met.

Since this is your first request for payment, you might want to take the itemized doctor's statement to your social security office and let the people there help you complete the form.

Nine Honored for Scholastic Rating

Ferris State College, Big Rapids, has honored 1,474 students for scholastic excellence during the fall quarter by naming them to the academic honors list.

To be named to the list, a student must earn at least a 3.25 average on a 4.0 basis and carry a full academic load. A full load is defined as 14 quarter hours of credit.

Isosco County students named to the list include Melissa A. Schirmer, Kenneth B. Cook, Steven H. Cross and John R. Juhl, East Tawas; Gloria A. Sprout of Tawas City; Clifford G. Hart, Shirley A. Johnston, Steven M. Roznowski and Debra R. Stowell, Oscoda.

LOOKING BACKWARD—

National's New Quarry Goes Into Operation

15 Years Ago— January 8, 1959—National Gypsum Company's massive new quarry, located southwest of the Tawasess of M-55, went into full production this week and work at the old National City quarry was scheduled to be discontinued late this week.

Taking over his new duties as Isosco County prosecuting attorney January 2 was Paul Harvey, who was elected to that office in last November's general election.

Six Tawas City scouts participating in the Klondike Derby held Saturday at Roscommon were Randall

Lanski, Richard Mills, William Ezo, Thomas Musloff, David O'Farrell and Larry Gingerich. Frank Mark is scoutmaster of the Tawas City troop.

Mr. and Mrs. Arthur Goddard have opened the area's first self-serve laundry, located on East State Street, East Tawas.

Western Union Telegraph Company has made application to the Federal Communications Commission to close the agency's office at Long Lake.

Charles E. McCormick and John E. Jensen have purchased all of the assets of Imperial Mobile Homes, West Pittston, Pennsylvania, and have formed a new corporation under the name of Ambassador Mobile Homes. They are to leave the Tawas immediately and expect to have their plant in operation in late January.

25 Years Ago—

January 14, 1949—New county officers taking over their duties are Reginald J. Barnett, prosecuting attorney, and Ivan O'Farrell, sheriff.

Miss Goida Schultz of Tawas City and Miss Constance Reed of East Tawas were selected candidates for Silver Valley winter sports queen from the Tawasess, Joan Higgins is Whittemore's candidate for queen. Oscoda and Hale are to select candidates Saturday night.

The Silver Valley Athletic Club will present a boxing exhibition at the clubrooms on the second floor of the East Tawas Recreation Building. Scotty Shuman is sponsor of the club. Some of the boxers include Jack Mandock, Jim Prough, Tom Haire and Dick Rowley, all of East Tawas; Ernest Nash, Jack Baker and Bill Ogden, Tawas City; Howard Hofacer, Cliff Lumsden, Jack Allen, Donald Hanewald, Bill Reed, Eddie Lake, Donald King,

Oscoda; Don Webb and Perry Shellenbarger, Hale; Bob Ruckie, Whittemore.

Isosco Board of Supervisors voted to submit a two-mill proposition to voters seeking to finance construction of a new county building.

Josef Cardinal Mindszenty, Roman Catholic primate of Hungary, has been arrested by the Communist-dominated government on charges of "seeking to overthrow the democratic government of Hungary." Ironically, the 56-year-old cardinal had been arrested by the Nazis in 1944 for seeking to promote democracy.

Isosco Road Commission has decided to take over the following roads as part of the county network: Lakeside Boulevard, Hill Crest Road and Shellenbarger Road, Plainfield Township; Douglas Drive, Alabaster Township; Foot Hill Road, East Way, Oak Lane, North

THE TAWAS HERALD

Way and Hill Crest Drive, Oscoda Township.

35 Years Ago—

January 13, 1939—Fractional District No. 7 of Tawas City and Tawas Township will vote on a proposed gymnasium to be constructed on the present school property at a cost of \$28,019, of which amount the school district would provide \$18,000 and the balance to be contributed by the Works Progress Administration.

After using 5,000,000 gallons of water from the new eight-inch well which furnished water for Tawas City, total hardness has decreased.

James Brown and Kenneth Smith have entered the Detroit Free Press Golden Gloves boxing tournament. Both boys, formerly of Tawas City, are members of the Holy Redeemer Athletic Club of Detroit.

There are 450 telephones in serv-

Wednesday, January 9, 1974—3

ice in the East Tawas exchange, representing a gain of 27 during 19-38, according to Michigan Bell Telephone Company.

John Bay of Tawas City is attending the annual directors meeting of the Erie and Michigan Railroad, held at the Book Cadillac Hotel, Detroit.

Congress is working on legislation to clean up elections. Most of the suggestions still provide loopholes for "pork barreling" and other suggestions could not be enforced without interfering with private rights.

Grocery specials this week include: Fresh ground hamburger, one pound, 20 cents, at Moeller's; choice smoked picnics, one pound, 15 cents, at Brugger's; Eight O'Clock coffee, pound, 15 cents, A&P Store.

Marriages and births showed a decrease during the past 12 months while deaths increased in 1973, according to a year-end report now being prepared by County Clerk Keith Pappas.

There were 275 marriages recorded last year, as compared to 283 in 1972. Births dropped from 583 in 1972 to 497 last year.

Death certificates filed in the county clerk's office numbered 231, as compared to 224 for 1972.

A comparison of other years shows there were 484 births in 1967, 504 in 1968 and 541 in 1969. Marriages numbered 162 in 1967, 218 in 1968 and 212 in 1969. Deaths recorded in the office numbered 162 in 1967, 215 in 1968 and 212 in 1969.

Other statistics to be included in the clerk's annual report revealed that there were 167 passports issued during 1973, as compared to 189 in 1972.

Pappas said his report would show a marked increase in the number of divorces granted in circuit court. It is expected that court-ordered child support will amount to more than one-quarter million dollars, highest in history.

Streptococcal Infection Outbreak Strikes in Two Iosco County Schools

Within the past few weeks, there has been an outbreak of streptococcal infection in the schools of Iosco County, primarily Osceola and the Tawas Area Schools. There have been approximately 200 cases reported to District Health Department No. 2 by local physicians and by the schools as of this date.

This streptococcal infection is very common and is endemic in the Great Lakes Region, with occasional epidemic episodes similar to the one now occurring. It takes many clinical forms, such as "strep sore throat," "scarlatina" and scarlet fever. The health department wants to emphasize that these are all caused by the same organism, a group A streptococcus. The rash of scarlet fever, for example, is caused by the production of a toxin by the organism to which the individual is sensitive. If this organism is not a good toxin producer or if the individual is not sensitive to it, then a strep sore throat is the clinical form it takes.

Any of these manifestations of the basic streptococcus infection can have complications. These vary in severity and frequency, but can be prevented by early and adequate treatment. Parents are strongly advised by the health department to seek early diagnosis and treatment from their family physician for any member who exhibits signs of infection, especially in those under age 21. The cardinal signs are sore

throat, high temperature, headache, often vomiting early and, of course, a history of exposure (another family member or an associate). If a rash appears, it usually follows within 24-36 hours after the initial symptoms begin. However, in an outbreak such as is now present in the area, it is not necessary to wait for a full-blown clinical picture to appear before seeking treatment.

Treatment must be provided by a physician. If started early, the risk of complications is greatly reduced, the period of isolation is reduced and the duration of illness is shortened.

Other than specific treatment which is provided by the doctor, the patient should be kept as isolated as possible from other family members and/or other people until 24-36 hours after treatment is started. He should be kept at home for at least 48 hours after the symptoms and signs have cleared. Doctors may advise parents as to the particulars of these measures.

There are no practical methods of immunization against this infection and there does not appear to be any lasting immunity to it.

Closing schools has not been effective as a control measure, so health department officials do not recommend it. If the absentee rate in a school reaches a level where the educational process is impaired, then the school should be closed until the rate goes down. This is a decision the school authorities should

make based on their local situation, but definitely should not be considered as a public health measure.

"Just so Iosco County will not feel that it is unique or is being set upon by evil forces, there is at

present a similar outbreak in the Gaylord schools in Otsego County and in some systems downstate," stated R. S. Libke, M. D., medical director of District Health Departments Nos. 2, 3 and 4. "Fortunately, it seems that these outbreaks are becoming much less frequent and less intense than in years gone by, so we can hope this one will clear soon and not recur again for some time to come."

PIKE FISHING through the ice of backwaters on the AuSable River was excellent last week, according to these five Tawas fishermen. They caught 12 nice fish Thursday afternoon and one measured 35 inches. From left are Herbert Westcott, Thomas Becker, Steven Anschuetz, Steven Janego and Donald Mick.—Tawas Herald Photo.

Guy Ramsey Heads Iosco Sportsmen

Annual meeting of Iosco Sportsmen's Club was held Wednesday, January 2, at the clubhouse. New slate of officers for 1974 consists of Guy Ramsey, president; Charles Lightfoot, vice president; Arthur Markham, secretary, and Lloyd Cooper, treasurer. First term directors are Douglas Reinke and Wilbur Painter. Re-elected as directors are Ramsey, B. G. Brown and Clyde Ward.

Next regular meeting will be held Wednesday, February 6, 8:00 p. m., at the clubhouse. Jerry Weirich of West Branch, Department of Natural Resources wildlife biologist, will discuss the possible planting of 10 pairs of wild Canadian geese in Tawas Lake this spring.

General public is urged to attend, especially property owners along Tawas Lake.

Car Search Still Has Restrictions

Much as Michigan law enforcement officers would like better legal tools with which to fight crime, they were not unduly excited about a United States Supreme Court ruling that persons stopped for traffic violations may be searched without a warrant and convicted of another offense if evidence is found.

In many cases, police stopping motorists for minor traffic violations have found firearms, drugs or other incriminating evidence in the car but courts have ruled they cannot use the evidence to convict on other crimes because seizure of it would be unconstitutional.

At first reading, the recent ruling by the United States Court would appear to have made such a search legal, but there are restrictions. The court held that the traffic violation must be for a "lawful custo-
