

"GRADUATION" exercises were held last Friday for preschool children enrolled in the local program financed by the Alpena office of Michigan Head Start Day Care. Children had attended sessions in the educational wing of

Christ Episcopal Church, East Tawas, since last September. The children are lined up here with their instructor, Mrs. Robert W. Elliott, top right, and Miss Elizabeth Drumm, top left, teacher aide.—Tawas Herald Photo.

were not included with other special assessment districts approved earlier this year because of a limitation on bonding during one year. The city is to obtain additional information on its plan to construct a sewer force main from Second Avenue to the waste water treatment plant. Bonding the city for this project received voter approval last year.

Closure

(Continued from page 1.)

The sheriff's department said this was due partly to the fact that 11 motorcycle clubs and about 600 motorcyclists from the Flint and Detroit areas had congregated at Gordon Creek. Many would-be campers were "run out" of Gordon Creek bodily or by threats from organized motorcycle gangs; others left that area for Tawas Point State Park, or to other areas of the national forest, to avoid violence or shakedowns.

One of the problems with Gordon Creek is that the area was originally intended as a stopping point for users of the state riding and hiking trail and has facilities for only 50 campers. There are only two restrooms there and one was damaged over the holiday. The area had one water supply from a well and that was put out of commission when the well casing was shattered by campers. Besides being a serious health hazard, the area is enlarged each year as campers cut down live trees for firewood.

The mess left for forest service personnel following Memorial Day included thousands of empty beer cans and a layer of assorted junk covering the grounds. Two stripped and abandoned junker automobiles were included in the debris.

The area can and is to be cleaned of this accumulation of debris, but it will take years to heal the wounds to the national forest. Uncounted numbers of trees have been destroyed and a light covering of grass over what was once

known as Michigan's sand plains is constantly threatened with erosion because of excessive vehicular traffic.

Victor Johnson Died June 1

A retired machinist for the United States Gypsum Company, Victor Johnson of Tawas City, 81, passed away Saturday, June 1, at Tawas Hospital. The Rev. William A. Graf officiated at funeral services in Grace Lutheran Church, East Tawas, Tuesday, June 4. Burial was in Memory Gardens Cemetery, Tawas City. Funeral arrangements were handled by the Moffatt-Kobs Funeral Home, East Tawas.

Mr. Johnson was born September 30, 1892, in Almhult, Sweden. He married the former Grace Louise Anderson on August 13, 1921, in Detroit. She preceded him in death June 23, 1966. A United States resident since 1912, he was

a veteran of World War I. Surviving him are two sons, Victor of Union Lake and John of East Tawas; a daughter, Alice B. Asplund of Rosamund, California; four grandchildren; four sisters, Wilma Anderson of New Jersey, Emma, Karin and Amelia, all of Sweden.

Ceremony June 9 Chartering New CG Auxiliary

United States Coast Guard Auxiliary charter ceremonies will be held Sunday, June 9, at the Town and Country Restaurant, one mile north of AuGres on US-23, for the new Flotilla No. 15-6.

William Horton is commander and Lynne Moat will act as vice commander.

Never A Fizzle With A Herald Classified!

Complaints

(Continued from page 1.)

work and then billing the state.

Property owners in that neighborhood also complained that the area was infested with rats. It was stated that garbage had been left in an unoccupied house and proba-

bly caused the problem. The health department is to be requested to investigate the matter.

Barry Schley of 813 Fourth Street complained to the council that cars speeding along that street were endangering the lives of small children. He said that traffic speed had increased considerably since reconstruction of the street. The city is to ask the sheriff's department to increase patrols of residential zones. Possibility of installing a four-way stop sign at Fourth Street and Ninth Avenue, or installation of speed bumps in some areas, is to be investigated.

On recommendation of the mayor, the city clerk is to study the possibility of investing \$10,000 in cemetery perpetual care funds in utility bonds. The money is presently drawing 5 1/2 percent interest in certificates of deposit and the interest rate for secure utility bonds is about nine percent.

Installation of a 10,000-lumen mercury vapor light over the Mathews Street bridge was authorized. The light will cost \$67 annually.

Use of the city park on July 15 for a performance by a United States Army band was authorized.

First resolution for establishment of a special assessment district to construct sewer on Victoria Lane and possibly two other streets was read during the meeting. The city manager was directed to prepare plans and costs for the proposed special assessment district.

This project of 547 feet of sewer main on Victoria Lane, along with the 550 feet of sewer main on Tenth Avenue and 320 feet on Eleventh Avenue, has a total estimated cost of \$44,000. The projects

LAST YEAR FOREST FIRES DESTROYED 200 TREES FASTER THAN YOU CAN READ THIS AD.

Unless you're a speed reader, it should take you about 20 seconds to read this ad. Which is about 5 words per second. Forest fire, in that same amount of time, will have ravaged and burned over 200 trees. Which is about 2 trees for every word you read. Or by the time you finish this sentence, 118 trees. And does the damage add up! In a year's time that's over 420 million trees, over 4 million acres burned, and hundreds of thousands of animals left homeless. Not to forget the ecological havoc forest fire will have wreaked where it passed. And it's all such a senseless waste too. Because with only a little time, most man-caused forest fires could be prevented. An extra second to grind out a cigaret. Another minute to pour more water on your fire, scatter the coals, cover it with dirt. A moment to refresh yourself on fire safety. A few extra minutes can save years of growth. And that's time well spent on saving our forests. Just like reading this ad.

PLEASE: HELP PREVENT FOREST FIRES.

Mr. and Mrs. Tawas Area Voter— INFLATION has also affected our school budget!

Won't You Help Our Kids?

Tawas Area Schools are in deep trouble and only you can solve the problem. Our schools need money to operate this year. The 9.25 mills allocated doesn't do the job. Needed is a renewal of the expired 9 mills extra voted operation issue, plus 2 mills additional to meet expenses which have resulted from inflation and additional staffing required because of our split session scheduling. Vote YES on June 10.

LOOK AT THESE OPERATING MILLAGES of neighboring School Districts as of June 10:

West Branch-Rose City	25.00	Standish-Sterling	21.10
AuGres - Sims	21.10	Alcona	20.00
Arenac Eastern	21.10	Whittemore-Prescott	22.00

A SURPRISE DISASTER ALERT EXERCISE was held Wednesday evening at Hale to test the capabilities of 16 volunteers enrolled in an emergency medical technician training course being conducted there by Tawas Hospital Ambulance Service. Besides trainees in the ambulance driver-attendant course, participants included members of Plainfield Township Fire Department and Huron Forest Medical Center. The exercise consisted of rescue operations conducted for a school bus which "overturned" south of Hale on M-65. Those participating in the medical training course were attending a session in the 20-week program at Hale Area High School, conducted by N. R. Lesinski, director of ambulances at the hospital. A telephone call to the school brought out the medical technician trainees, along with the ambulance and fire trucks housed at Plainfield Township Fire Hall. Members of Boy Scout Troop 990, Hale, had been realistically prepared as "victims" in the overturned school bus. The

youngsters were given emergency first aid and then transported by ambulance to a disaster center established at the fire hall, under supervision of Dr. Charles Whitaker of Huron Forest Medical Center. The fire department used its emergency rescue saw to cut a hole in the roof of the bus to evacuate "victims." Fred Caverly, ambulance director at Hale, who arranged the alert, said the program proved to be a valuable training session and he believed that all participants benefited from the experience. Iosco Sheriff's Department cooperated with traffic control for the exercise. One problem encountered and solved during the alert was the fact that a school bus is manufactured with a double roof and considerable work is required to cut an emergency opening. An ignition system failure caused the ambulance to stall at the scene, but this was quickly handled by using a truck for booster power.—Tawas Herald Photos.

Allocators Cut School Tax for Benefit of Iosco

Depending upon one's point of view, schools of Iosco County—hurt drastically by increased local property valuation this year and the subsequent reduction in state aid as local taxpayers are forced to pick up an increasingly larger share of school operational costs—took one on the chin Wednesday with the final order of the county tax allocation board.

The allocation board, the makeup of which schoolmen believe has been "out of balance" since the addition of one extra member to represent local government, compromised its position somewhat from the preliminary order, but schools still wound up with a tax rate lower than received under last year's allocation.

Deliberations over the method of splitting only one of the 15 mills of taxes under consideration required six different votes before adoption of the final order as follows: County, 4.50 mills; intermediate school, .25 of a mill; school operating, 9.25 mills; townships, one mill.

The final split of that one mill, however, was important to both the county and schools because of Iosco's exceedingly high valuation. The vote on the final order was as follows: Yes—Edward Nelkie, county treasurer; J. B. Smith, county finance chairman; Richter Lixey, representing townships; Ralph Western, member at large; Charles Smith, representing Oscoda Township. No—Ellsworth Bernard, representing boards of education; John Tafelski, superintendent of the intermediate school district.

One-tenth of a mill was cut from the county's preliminary allocation, but county operation actually ends up with one-half mill more of taxes than received last year. School operating revenue was the loser as 9.7 mills had been allocated last year.

Superintendents of three county schools pointed out that this allocation reduction would force reducing teaching staffs and cutting back programs in those districts. Three of the districts which are submitting special operating millage proposals to voters on June 10 had adopted millage requests prior to action of the allocation board and had assumed that the allocated millage would remain unchanged from last year.

Supt. Edward J. Barry said that even if voters approve renewed and additional millage as requested on June 10, Tawas Area School's budget would be short by about \$35,000 as the result of the allocation board's action and the school program would have to be cut.

Supt. Paul Keene of Hale Area School said that its millage request to voters on June 10 had been cut back to reflect that district's increased valuation and that the school would now have to cut its program if the allocated millage was reduced. He said that \$86,000 in state aid received last year would not be received in 1974-75 due to the district's higher valuation.

M-65 — HALE

Commencement Saturday, June 8, at Hale Area HS

Commencement program for the class of 1974 at Hale Area School is scheduled for Saturday, June 8, 8:00 p. m., at the high school auditorium.

The graduating class includes 46 members, along with eight adult graduates.

The program will include a professional and recessional by the senior high school concert band, under direction of Darrell Grosz.

The Rev. Willis Braun will deliver the invocation and benediction. Speakers during the night will include Supt. Paul Keene; salutatory addresses by Patricia L. Hilts and Kim D. Vohwinkel; the valedictory address by Gayle E. Nielsen.

Scholarships and awards are to be presented by Joseph K. Vander-Veen, guidance counselor. Recommendation of graduates is to be made by Richard C. Dodge, high school principal.

Presentation of diplomas will be made by Herman Maas, president of the board of education.

A special senior selection is to be presented by the band entitled "Fantasy on American Sailing Songs."

Motto of the class of 1974 is: "This is not the end, it is not even the beginning of the end, it is rather the end of the beginning."

Class officers include: David Bain, president; Ernest Maas, vice president; Miss Vohwinkel, secretary; Miss Hilts, treasurer. Other members include: Kim O. Allen, Michael T. Bell, Bruce E. Bernard, David D. Bissonnette, Deborah Sue Brandt, Barbara Lee Braun, Debra Lynn Brumfield, Thomas J. Brumfield, Janis L. Burrow, Dawn M. Chrivia, David W. Clement, Anne M.

401 LAKE STREET TAWAS CITY, MICHIGAN

LOOKING BACKWARD—

Freak Wind Ripped Roof Off Building

15 Years Ago—

June 4, 1959—A freak wind blew off a large section of roof at the Feather-Lite Manufacturing Company plant on US-23, disrupting production there last week. The wind picked up a 150 by 80-foot section of roof and sent it crashing to the ground at the rear of the building.

Contract for construction of 2.3 miles of Long Lake Road was awarded to Robert S. Gilliland, Alpena, at a low bid of \$41,700.

Home owners in the North Street area were assured by the Tawas City Council that steps would be taken to investigate the drainage problem in that area.

Charles Kurtzrock, deputy director of civil defense, announced that political subdivisions participating in the federal surplus property program must now allow any of the property to remain in the custody of a private individual or contractor.

Tawas Area Jaycees will hold a lawn raking bee at Tawas Hospital.

25 Years Ago—

June 3, 1949—Betty Youngs is valedictorian of the class of 1949 at Tawas City High School. Herbert Look is salutatorian.

Tawas City had dedicated a parcel of land in the city cemetery for burial of servicemen of all wars. A deed for the land is to be issued to Jesse C. Hodder Post No. 189, American Legion.

Francis J. Murray of Tawas City will be ordained June 11 at St. Mary's Cathedral, Saginaw, and will celebrate his first Mass at St. Joseph Catholic Church, East Tawas, June 12.

In a significant United Nations moment, the new nation of Israel was voted into the international assemblage of nations at the general assembly meeting. The vote was 37-12, with nine nations not voting.

William Stonehouse of Boston, Massachusetts, and Richard Stonehouse of the icebreaker, Mackinaw, are visiting with their parents at East Tawas. Both young men are in the United States Coast Guard.

35 Years Ago—

June 2, 1939—Whittemore High School graduated 32 seniors Thursday night. Dr. E. C. Beck of Central State Teachers College gave the address.

Townsend meetings are held every Wednesday night at the city hall in Tawas City.

Citizens of Whittemore thought war had broken out Friday evening by the noise of bells ringing, pounding on tubs, pails and everything to make a noise, but on investigation they found it to be the young folks and some of the older ones, too, serenading the newlyweds, Mr. and Mrs. Arden Charters.

Commencement exercises will be held Sunday evening for seniors of St. Joseph School.

Delos Snyder and Miss Evelyn Katterman closed a successful term of school in the Vine District with a picnic at Sand Lake.

Give Answers to Questions Concerning SS

Question: My husband is planning to retire early next year when he is 62. Our son is 34 and has been totally disabled since he had a hunting accident years ago. He has never been able to work. Can our son get social security checks when my husband retires?

Answer: If your son became severely disabled before 22, he may be able to get monthly payments on his father's social security record when his father retires and starts getting benefits.

Question: I am retired, and until two years ago, my 35-year-old son got social security payments on my work record because he was disabled in childhood. His disability checks were stopped because he started working, but two weeks ago his condition got worse and he had to quit his job. Can he get checks based on my work record again?

Answer: Probably. Since your son became disabled again within seven years after his payments stopped because of his work, he may again get monthly disability payments based on your work record.

Question: I am now getting reduced retirement benefits and I will be 65 in August. When can I sign up for medicare?

Answer: You will not have to sign up. Since you are already getting checks, you will be enrolled automatically for both hospital and medical insurance when you are eligible. There is a monthly premium payment for the medical insurance but you may decline the coverage if you wish.

Question: Both my husband and I get monthly social security retirement checks based on my husband's work record. I know that a person getting checks can earn as much as \$2,400 a year and still get all his benefits. May each of us earn \$2,400 or is that the amount we can earn together?

Answer: Each of you can earn as much as \$2,400 in a year and still receive all of your benefits. If you earn over \$2,400 in a year, your earnings will reduce only your benefits and not the benefits of your husband; however, his earnings could reduce both your benefits and his because the monthly social security payments are based on his work record.

If you have questions regarding social security, contact the social security office, 1009 North Madison, Bay City, or phone 893-9579.

Are you gambling with your family's future every time you start your car?

A single auto accident, without proper insurance protection, could seriously affect your family, your resources, and your future earnings. And helping you make sure you have the right protection is one of the services provided by your independent insurance agent. We represent several companies, so we can review your needs and then place your insurance with the company that provides the best coverage for you. Usually, we can save you real dollars. So don't gamble with your family's future. Come in or call us soon.

Area Police Agencies Get PS Awards

Iosco County Sheriff's Department and the East Tawas post of the Michigan State Police were among 190 law enforcement agencies across the state receiving public service awards last week for cooperating with Automobile Club of Michigan's "Bring 'Em Back Alive" program, helping reduce traffic deaths in Michigan by 3.6 percent over the past five years.

The award was presented to the sheriff's department by Randall DeWyse, Auto Club Alpena Division sales representative, for furnishing an average of 12 local road and traffic information bulletins each week-end, plus early morning road and traffic reports each day during winter months.

"Detailed information furnished by Iosco Sheriff's Department, along with similar information provided by other law enforcement agencies, has played a key role in providing travel and safety facts for the news media," said DeWyse.

Awards Night Recipients Are Listed by TA

A large gathering of parents and students was in attendance for Wednesday night's annual awards assembly at Tawas Area High School.

Senior awards presented by John Alexander, high school principal, were as follows:
Jackie McKinney, valedictorian; Mary Thornton, salutatorian.

Students receiving scholarship pins included Robert Smith, Catherine Moss, Brenda Unkel, Rob Sarki, Lynn Krebs, Peter Sutton, Donna Dubovsky, Debra Butler, JoAnn Hatcher, Steven Wegner, Randy Reed, Ann Jordan, Christy Eaton, Becky Steinhurst, Ken Schillair, Debbie Plumley, Vickie Davis, Emily Nelkie, David Mielock, Robin Bygden, JoAnn Revord, Fred Bonds, Janet Lixey, Wanda Hinkley, Al Fisher, Ed Kozlow, Linda Long, Betty Bellinger, Harold Burtzloff, Joyce Lixey, Rene Hofacer, Michele Barc, Richard Whitford, Sue Palmer.

Michael Wegner, who missed only four days of school in four years, received the attendance award; Miss Thornton received the Betty Crocker Homememaker of Tomorrow award; Miss McKinney, the Readers Digest Award; Miss Krebs, the Daughters of American Revolution award; Miss Thornton, National Merit Scholarship finalist; Miss McKinney and Sutton, commended for high scores in the National Merit Scholarship test.

All student honor awards presented by Mrs. Charles Schreck included Miss Barc, English; Smith, science and mathematics; Miss Dubovsky, social science; Miss Plumley, commercial; Henry Klenow, vocational.

Mrs. Harold J. Knight presented cards and pins to the following members of the National Honor Society: Bonds, Fisher, Janet Lixey, Joyce Lixey, Mielock, Miss Nelkie, Miss Plumley, Steven Wegner, all seniors; Karen Machliet, Kevin Luedtke, juniors; Linda McCready, sophomore.

English department awards presented by Mrs. D. A. Evans went to Linda Juhl, Rod Bertsch, Sue Burtzloff, Reed and Judy Dubovsky, excellence in creative writing; Sutton, reading speed and comprehension.

CHEVY PICKUP OWNERS, HERE ARE 8 GOOD REASONS WHY YOU SHOULD BUY DODGE:

- Dodge pickups have the money-saving Electronic Ignition System, standard. (Chevy doesn't even offer it.)
- Our Dodge half-ton pickup models have a greater standard payload capacity than the half-ton Chevy.
- Dodge offers you a choice of 52 pickup models. (That's more than Chevy has.)
- Dodge has the Club Cab pickup with 34 extra cubic feet of storage space, inside the cab, behind the seat.
- Dodge has the smallest standard six-cylinder engine of any American-built pickup (and it still gets the job done).
- Dodge pickups have a larger standard fuel capacity than Chevrolet pickups, as well.
- Only Dodge pickups offer you optional automatic speed control. (It's great for long-distance runs.)
- And last, but not least, Dodge has no exposed bolt heads in the cargo box. A little point? Treat yourself to the joy of working without having them in the way.

PLANNED USE REPORT GENERAL REVENUE SHARING

General Revenue Sharing provides federal funds directly to local and state governments. The law requires each government to publish a report of its plans for the use of these funds to inform its citizens and to encourage their participation in deciding how the money ought to be spent. Within the purposes listed, your government may change this spending plan.

PLANNED EXPENDITURES	The Government of WILBER TOWNSHIP
Categories (A) Capital (B) Operating/Maintenance (C)	anticipating a General Revenue Sharing Payment of \$3,776 for the Fifth Entitlement period, July 1, 1974 through June 30, 1975, plans to spend these funds for the purposes shown.
