. . . Walked for CROP

SATURDAY'S CROP WALK sponsored by youth of the Saginaw Bay District, United Methodist Church, drew 153 participants from 13 different churches. Starting from the East Tawas City Park, the youths walked along a 16-mile route to Tawas Point State Park and then returned to the city park. A picnic lunch was held at the state park. In advance of the program, each walker obtained pledges of contributions to the Christian Rural Overseas Program (CROP) and the total amount pledged was \$3,300, or about \$210.88 per mile. Before completing the route, a rain storm hit the area, but 90 percent of the participants completed the walk. Saginaw had the largest contingent with 28 walkers, followed by 27 from the Tawas area and nine from Oscoda. Money raised through this program assists CROP in its effort to stop hunger throughout the world. Coordinating the program locally was the Rev. Kenneth Tousey, pastor of the United Methodist Church, assisted by Mrs. Howard Burdett and other adults.—Tawas Herald Photos.

TA Building Trades to Offer New House

A dwelling now under construction by the building trades class of Tawas Area High School is to be appraised, a cost sheet prepared and offered for sale to the highest bidder, according to discussion at Monday night's meeting of the board of education.

Gerald Klenow, a local tradesman who has charge of the class, said that work would not be completed at the end of the school year, but believed it would be completed in June.

Klenow, who took over the construction January 15 due to the illness of Mark Defibaugh, a member of the school faculty, recommended that the school utilize the service of a professional builder for constructing a foundation on the next building trades project.

He said that it was difficult for a high school student to learn how to lay blocks and that a proper foundation was important to the construction. He believed, too, that utilization of a professional tradesman for constructing the foundation would allow students to rough in a house before the advent of cold weather and that adequate time would be provided students during the winter months to complete the finish work.

In other business, the board of education accepted recommenda-

tions from Harold Knight, auditor, for implementing his recommendations concerning bookkeeping at the start of the school's fiscal year on July 1.

The meeting of Monday, May 27, is to be held next Monday night due to the Memorial Day holiday.

The athletic committee's report on the budget for 1974-75 will be considered at that time, along with action on basketball and golf coaching recommendations by Prin. John Alexander.

A grievance filed by a substitute custodian has been turned over to the board of education's negotiator, Thomas Basil. It was reported that a person hired as a substitute custodian for several days and later utilized under contractual services to assemble or repair lockers, had worked for 70 days. He was then released from employment which the administration termed "temporary" when work on the lockers was completed. The union representing non-teaching employees maintains that when a person works 50 days, he is automatically employed by the district and cannot be discharged.

A school calendar for the month of May indicates that the junior-senior banquet is to be held at (See BOARD, page 3.)

TA School Millage Vote Set for Annual Election

Voters of Tawas Area School District will be asked to authorize an operational tax levy of nine mills renewal and two mills additional at the annual school election on Monday, June 10.

In addition, voters are to name one trustee to fill the vacancy of Robert W. Elliott, president, who retires from the board of education at the end of his present term. One candidate, David C. Kennedy, bakery owner at East Tawas and a resident of Tawas City, has filed

nominating petitions for the election.

During Monday night's discussion on the millage proposal, Supt. Edward J. Barry said the tax rate was based on the same allocation of 9.7 mills received last year from the 15 mills split between the county, townships and schools. The county tax allocation board has held its preliminary meeting and is to adopt a new tax split later this month.

Barry pointed out that the 20.7

mills for school operation received under the renewal of nine mills, two mills additional and the 9.7 mills from the allocation board would balance the school budget of \$1,869,734.

While the school's property valuation has jumped from \$59,431,858 in 1973-74 to \$68,582,466 in 1974-75, the school does not gain operational money because of a reduction in state aid. With \$33,701 in state equalized valuation behind each student, as compared to \$28,551 during the current year, the school will receive state aid of \$223,219.15, as compared to \$384,282.25 during the current year.

While actual operational dollars received by the school will remain the same, it means that local taxpayers assume a greater portion of school operational cost. As an example, local taxpayers are paying 67.7 percent of the current operational cost and the state pays 31.3 percent; next term, through the valuation increase, the local portion of school operation amounts to 85.5 percent, while the state's share drops to 13.5 percent. Federal funds amount to one percent of each budget.

The superintendent said that nearly every school district in the northern half of the state was "going down the drain" due to the present state aid bill which is in force for the next two years. He said that the legislature had taken the burden of educating children out of the state's hands and placed it on local districts and that taxes earmarked for all schools would either go to Detroit or would be written off by the state as a "tax break."

Barry and the school's attorney are now studying a provision in the state aid act which would benefit any district levying less than 20 mills for operation. Under this provision, the state would pay one mill of a district's debt retirement levy.

In Tawas Area's case, this would mean that the actual increase in the proposed tax levy would amount to one mill, as the school currently levies one mill for debt retirement.

Barry said that the district, through its increasing valuation, had built up a balance in its debt retirement fund which exceeds the needs for one year of payment on its 1954 bonds. He said, too, that it is hoped that the district might retire its bonds on the school track sooner than previously anticipated and return gate receipts, presently being used to retire those bonds, to the general fund.

TC Budget Makers Weigh Alternatives

Reduction of Tawas City's operational tax rate by slightly more than one mill is being considered by the city council, but officials are wondering if the reduction would be worth the loss of approximately 20 percent in revenue sharing funds, which is based on the local tax effort.

The city council is to make its final decision at next Monday night's regular meeting. A public hearing on the 1974-75 operational budget is to be held at that time, followed by establishment of the tax rate for 1974-75.

Due to the property valuation increase in this city, which followed a state tax commission review of sales in the county, city budget makers have found that a tax rate of 14.10 mills will raise \$137,822.12 as the local portion of the proposed \$171,325 operational budget.

During the current year, the local portion is based on a levy of 16 mills, which includes 11 mills for the general fund, 3.75 mills for the street fund, 1.25 mills for debt retirement. Because of the valuation jump from \$8,557,100 to \$9,774,619, a levy of 14.10 mills is being considered. This includes 9.75 mills for the general fund, 3.30 mills for the street fund and 1.05 mills for debt retirement.

Despite national inflation, the budget for the next fiscal year is increased by \$13,000. City Mgr. Reginald Bublitz said at Monday night's special council meeting that the normal 10 percent increase for inflation would amount to an increased operational cost of \$16,000.

New projects in the 1974-75 budget include city hall wiring; new doors for the fire hall and city hall offices; one or possibly two radios for the fire department, ranging in total cost from \$750 to \$1,500, depending on the number purchased; \$3,000 toward construction of tennis courts which would be added to \$7,500 to be received from the county parks and recreation commission.

There is \$10,000 budgeted (\$5,000 from the current year and \$5,000 from next year) for purchase of a new truck, plus a smaller tractor with blower and brush for snow removal. The fireworks budget has been increased by \$250 as requested by Tawas Area Promotions.

The council decided not to provide a commercial garbage pickup, which would have added \$5,500 to the budget.

Tax money received from the street fund included \$26,000 to pay off tax anticipation notes, plus interest, along with \$17,000 for new street construction.

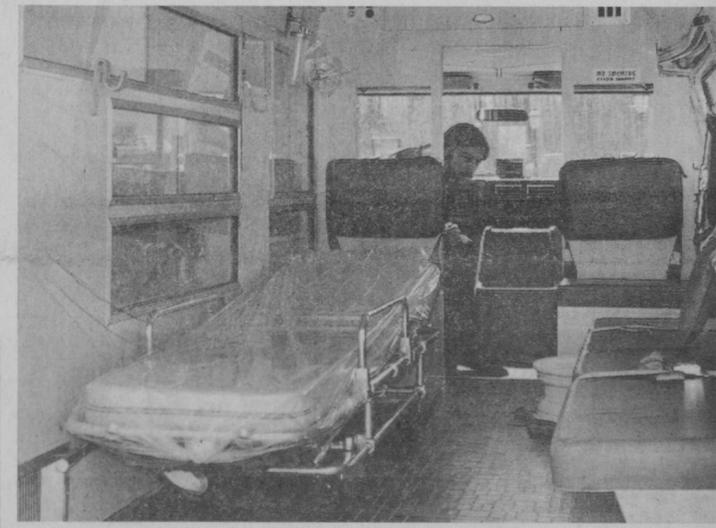

The city presently has a cash balance of \$26,151.32 in federal revenue sharing funds. Four estimated payments of \$11,400 each during the last half of 1974 and first half of 1975 would make \$71,751.32 available from this source. To be deducted from this account would be \$21,000 as the city's share for special sewer assessments, leaving \$50,751.32 for street construction and other improvements.

Revenue sharing funds have been used for new street blacktopping and several unfinished (See BUDGET, page 3.)

KEYS TO Tawas Hospital's new \$12,400 ambulance were turned over Friday to Donald Miner, assistant director, second from right, by Otto Plemondson, right, of Dennis Distributors, Flint. Watching from left are William Olsen, supervisor of Wilbur Township, and Mrs. Elmer Anschuetz, representing local units of government which participated in the purchase, along with Philip W. Haseltine, program coordinator for the Office of Highway Safety Planning, Michigan State Police. Purchase of

the ambulance was aided by a 50 percent federal grant. The new ambulance is to be added to the hospital's fleet of four emergency vehicles, one of which is stationed at Plainfield Township Fire Hall. It is hoped that the ambulance at Hale will be replaced by a new unit later this year. Dwight Fiske, ambulance attendant, is shown checking out some of the features in the new ambulance in the lower photo.—Tawas Herald Photos.

TA Board Gives East Tawas Clear Title to Athletic Field

Following several months of discussion, Tawas Area Board of Edu-

cation Monday night authorized legal work necessary to turn complete ownership of the Newman Street athletic field over to the City of East Tawas.

Through unanimous action of the board of education, a reverter clause which had clouded the city's title to the property for 17 years is to be removed.

A clause specifying that the property would revert to the school at any time it became necessary to use the land for school building purposes is to be removed and a new deed is to be prepared by Michael Freil, attorney for both the board of education and the city.

The above stipulation was inserted when the school turned the property over to the city in 1957, following a vote of district electors which authorized this transfer, along with disposal of other surplus school property obtained in the consolidation of area schools in 1953.

Remaining in the new deed, however, will be a clause specifying that the property will continue to be used by the city for recreational purposes and, in the event such use is discontinued, the land would be returned to the school.

School officials and representatives attending the meeting adopted a "gentlemen's agreement" whereby the city would give the board of education the first option to purchase any surplus land which it may obtain adjacent to the present athletic field. The city is now considering the purchase of land for expansion of the athletic

field and the board of education was of the opinion that a portion of the additional property could be utilized for a future elementary school site.

Mayor Robert Bolen stated that the city was now negotiating for the purchase of two parcels of land near the athletic field. He said that the present ball fields and grandstand would remain as situated and that the additional property northeast of the grandstand would be utilized for construction of new tennis courts. The present tennis courts have been repaired temporarily and are to receive further work.

Bolen said the city plans to let bids in August to construct a drainage system on the west side of Newman Street in front of the athletic field. The street would then be widened and resurfaced to provide a walk area for pedestrians. The east side of Newman Street is to be improved next year.

The mayor said that the city council would cooperate with the board of education in making the athletic facilities available for school use. Supt. Edward J. Barry reported that, under a new state law, a municipally-owned athletic field located adjacent to a school building site can be included in the acreage prescribed by the state for school purposes.

James Bolen, chairman of the East Tawas Parks and Recreation Commission, reported that the city was ready to move on the expansion and improvement project with assistance from the East Tawas Lions Club.

Tawas Area High School Announces Honor Graduates for Class of 1974

Honor graduates of the class of 1974 at Tawas Area High School were announced Monday by Prin. John Alexander. Commencement exercises are to be held Sunday, June 2, 3:30 p. m., at the high school athletic field, weather permitting.

Miss Jackie McKinney, who has maintained a grade point average of 3.94, has been named valedictorian, and Mary Thornton, who has maintained a grade point average of 3.82, is the salutatorian.

Miss McKinney is the daughter of Mr. and Mrs. Louis Pfeiffer of Tawas City and Mr. and Mrs. Jack McKinney of Flint. Miss Thornton is the daughter of Mr. and Mrs. Nelson E. Thornton of Tawas City.

Miss McKinney has participated in the Tawas Area Band program for four years, serving as band librarian during that time. She has been a member of the jazz band and pep band and was elected to serve as student director in her senior year. She has attended district solo and ensemble festivals for the past four years and received two first division ratings at

the state solo and ensemble festival while in her junior year.

Other offices and positions she held include class representative in her freshman year and band president in her junior year.

Plans for future education begin with two years of pre-professional study at Rockford College, Rockford, Illinois, followed by a four-year program of professional instruction at the National College of Chiropractic, Chicago, Illinois.

Miss Thornton, a National Honor Society member, was named as a finalist in the National Merit Scholarship competition last fall and was a winner of the Betty Crocker Leader of Tomorrow Award. She plans to attend Michigan State University, East Lansing, in the fall.

In addition to her scholastic achievements, she has been a member of the senior band four years, participating in solo and ensemble festivals and other band activities throughout her high school career.

JACKIE MCKINNEY

Miss Thornton has worked on the yearbook staff for the past two years and is presently the editor. She also serves as president of the local Keyette Chapter, of which she has been an active member for three years.

She served as vice president of the French Club during her junior year and is president during her senior year.

MARY THORNTON

(Read Psalm 24:3-10)

If from thence thou shalt seek the Lord thy God, thou shalt find him, if thou seek him with all thy heart and with all thy soul. (Deuteronomy 4:29)

Several years ago, a young college girl was attempting to establish a personal faith beyond the belief which she had inherited from her parents. In the process, someone told her the following story. Perhaps it is legend, perhaps truth, but it had meaning to this girl.

Two men were fishing the cold, mountain streams and were, in addition, doing some deep talking and thinking. The younger man asked the older, "Just how can I find God?"

The older man pushed the other's head under the water and held it there. Struggling, the young man soon emerged, bewildered and shaken. The older man explained, "When you want to find God as badly as you wanted to breathe, you will find Him!"

Perhaps the measures used were extreme, but the message was true. If we seek the Lord with all our strength, He is waiting to be found.

PRAYER

We so often bemoan the fact that it is difficult to come to know You, Lord. Strengthen our desire and our resolve so that we seek with all our hearts and souls to attain this precious goal. Amen.

THOUGHT FOR THE DAY

Has our effort to know God been as intense as our effort to achieve other goals?—Mary E. Knight, Amherst, Massachusetts.

Mumps Vaccine Clinics Slated

District Health Department No. 2 will begin making mumps vaccine available at cost during its regularly scheduled immunization clinics.

Following is the clinic schedule for the district: Courthouse, Harrisville, third Tuesday, 10:00 a. m. to 12 o'clock noon and 1:30 to 3:30 p. m.; health department, Tawas

City, second Tuesday, 10:00 a. m. to 12 o'clock noon and 1:30 to 3:30 p. m.; community building, West Branch, first Tuesday, 10:00 a. m. to 12 o'clock noon and 1:30 to 3:30 p. m.; courthouse annex, Mio, first Tuesday, 9:00 a. m. to 12 o'clock noon.

Immunization will not be given to children under the age of one, but will be available to all children over one who have not had mumps or who have not been immunized elsewhere.

If the child has allergies, has been ill recently or has been exposed to a communicable disease, immunization should be postponed.

Any questions regarding immunizations should be directed to the local county health department office.

120 Attended Banquet at IHM School

Immaculate Heart of Mary Women's Council held its annual mother-daughter banquet Thursday, May 9, in the school basement with 120 members and guests present. The Rev. Fr. Lawrence Boks welcomed everyone and offered the opening prayer. Marie Cain, president, welcomed the guests and turned the program over to Nancy Carney, chairman.

Readings were presented by Clara Martin, "What Is A Mother;" Helen Bouchard, "Mothers Were Once Daughters;" Jeanette Cronk, "Grandmother's Prayer." Mrs. Carney gave a brief history of the former IHM Altar Society, which was organized in September 1956. All charter members were honored. Jessie Sherman was given special recognition for her many years of service and exceptional service as chairman of funeral dinners.

Door prizes were won by William Sherman, Sophie Wood, William DeLoch, Ginger and Margaret Penman, Gloria Westcott, Margaret Majka, Kaye Proudfoot and Esther Ledsworth.

Regular meeting and election of officers will be conducted Thursday, May 16, 7:30 p. m., at the school. Marge Cotter and Gloria LaHaye are members of the nominating committee.

streets are to be blacktopped this year.

Possible other use of revenue sharing money is for sheet piling on each side of the city pier. The state has indicated that \$15,000 of the proposed \$40,000 project would be made available.

Other projects to be considered for federal revenue sharing funds include the city's share of the proposed boat launching and parking marina at the river mouth, property purchases, work on city buildings, recreational facilities, sewer and water improvement projects.

Although an increase in water and sewer rates is anticipated due to inflation, councilmen hope to prevent any rate increase brought on by the city assuming its share of special assessment districts for sewer construction.

The council is now weighing the advantage of leaving the millage rate at the old figure to capitalize on federal revenue sharing money, rather than to cut the tax rate and lose part of its federal funds.

The loss in federal revenue

would actually be greater than the gain received by taxpayers through the proposed reduction in millage and the council must make its final decision next Monday night.

Already the 16½-million Bibles which have rolled off these presses have consumed a quantity of paper which, when loaded into railroad box cars, would stretch for six miles. That's 38,744,800 pounds of paper packed in 472 box cars.

Even the 15-inch binding cloth in each Bible, rolled out end to end, would reach from Washington, D.C., to Salt Lake City Utah... or 1,762 miles in any direction.

While aside from the actual message contained in each *Living Bible*, the ink used in printing these words has no meaning, the 311,000 pounds of the black stuff would fill six railroad tank cars... or a 35,000 gallon olympic swimming pool.

The pages of each of the Bibles are bound to the spine by a high strength nylon thread. Someone has figured that the amount of the thread used to produce the books would wrap around the earth's equator three and one half times. Or, if so inclined, one could fly a kite two-fifths of the way to the moon on this 97,462 miles of thread.

Each Bible has a cover board in front and in back. These are 5½ by 8½ inches, and the quantity used thus far if they could be stacked

so high, would reach 151 miles in the air. This is the distance between London, England, and Paris, France.

Much time is involved in the production of *The Living Bible*. So far, the presses have run 7,900 man hours, or four years of 40-hour work weeks for one person, with a two week vacation each year thrown in for good measure.

It takes that long to print 16,830,000,000 (16 billion—830 million) pages of *Living Bible*.

Nearly 17 million copies of *The Living Bible* have been sold since this paraphrased version by Dr. Kenneth N. Taylor was issued just after Thanksgiving in 1971. There is no way to measure the spiritual impact of this Bible in the idiom of the day, except to say it has been fantastic.

Sales of *The Living Bible* could have made Dr. Taylor a wealthy man, but they haven't. Every cent of the royalties from these Bibles goes into a foundation which underwrites the paraphrasing of the Bible in over 100 languages other than English.

When this task is completed, approximately 93 percent of the world's population will be able to read the Bible in a contemporary version of its own native language.

The meeting was called to order by Mayor John Brugger.

Present: Groff, Tanner, Brugger, Lansky, Ezo and Rollin; absent: Smyczynski; others: Manager Bublitz.

The minutes of the previous meeting were read.

Moved by Ezo, seconded by Groff, that minutes be approved as read. Carried.

Marlin Eaton and Doctor Phillips appeared before the council to explain the Lions Club position and intention regarding funding for tennis courts, skating rink and a warming shelter building.

Mayor Brugger appointed Ezo and Rollin to meet with the park board to review the property we have available.

Mr. Eaton also explained the new chamber of commerce functions and goals.

Mr. Leon Houghton gave a proposal on a box container for park refuse.

Moved by Rollin, seconded by Lansky, that the city purchase a container for \$177.00 for park refuse from Mr. Houghton. Unanimous "yes" vote. Carried.

Moved by Groff, seconded by Rollin, that city clean-up days be May 1, 2 and 3, 1974. Carried.

Mayor Brugger read a letter from the Tawas Harbor Commission that a hearing meeting will be held on April 24, 1974, at 7:00 p. m. at East Tawas.

Moved by Rollin, seconded by Lansky, that manager contact Department of Natural Resources to investigate building at Coho Marina, which is about to fall in river. Carried.

Letter from the District Health Department read regarding septic tanks and proposed sewer construction within the City of Tawas City.

Letter of resignation read from Councilman Smyczynski. No action taken.

A special meeting of the council will be held on April 29, 1974, at 7:30 p. m.

Moved by Lansky, seconded by Ezo, that meeting adjourn. Carried.

Minutes of a special meeting of the Tawas City Council held April 29, 1974.

Meeting called to order by Mayor John Brugger.

Present: Rollin, Tanner, Brugger, Lansky, Ezo and Groff; others: Manager Bublitz.

Gary Stephan, chairman of the park board, appeared before the council to further discuss tennis courts. The manager gave a report on information he has obtained regarding tennis court construction and costs. The existing courts are to be surveyed for condition and possible upgrading.

The manager presented the

tentative receipts and disbursements budgets for the general and street funds to the council. Each line item was mentioned and opened for discussion or comment. Further considerations will be taken up at future meetings before final adoption of a budget May 20, 1974.

The letter of resignation of Councilman Chester Smyczynski was again discussed. It was moved by Rollin, seconded by Lansky, that resignation of Councilman Smyczynski be accepted. Carried.

Mrs. Freda Coughlin was present and stated her desire to serve on the council. Mrs. Coughlin presented a letter of reasons and qualifications along with a petition for consideration for the position of councilwoman.

It was moved by Ezo, seconded by Rollin, that meeting adjourn. Carried.

Indies Dropped Season Opener to Barton City

SEVENTH GRADE conservation class of Whittemore-Prescott Area School released four Chinese ring necked pheasants on May 7. The three hens and a rooster were banded before being released by four students in a class taught by Richard Wight. It is hoped that the birds will multiply to about 25 to 35 pheasants next fall and the youngsters believe the birds will make it through the winter because of the low fox population. The class has 118 pheasant eggs in the incubator now and is planning to hatch another 120 eggs. The students are now planting a one-acre food plot for wildlife.

Barton City unloaded four home runs Sunday to defeat the Tawas Indies, 9-1, in the opening game of the Northeastern Michigan Baseball League.

The visitors held a 2-0 lead going into that inning, having scored one run in the first inning without benefit of a hit and a run in the fourth when Gary Somers banded a homer.

Despite the cold weather, Barton City's sluggers were in mid-season form as Nahgahgwon belted the first of his two round trippers in the top of the sixth inning with one man on base.

After two batters were out in

the seventh inning and two runners were on base, Nahgahgwon hit another homer. The next batter was safe on an error and Witkowski followed with a home run.

Tawas' lone run of the game came in the sixth inning from Ken Blust.

The Indies collected only three hits off the slants of Yost, winning pitcher. Ron Leslie pitched for Tawas and allowed seven hits.

Action in the Northern Division next Sunday finds Tawas at Osineke, Mikado at Barton City and Lincoln has the afternoon off.

Braves Won Three, Lost Two Games

In baseball action last week, Tawas Area Braves won three games and lost two in competition against two NBC schools and one nonconference opponent.

The Braves won a pair of games May 7 against the Alcona Tigers. Storms allowed six hits as the Braves beat Alcona, 6-2, in the first game, and Parsons allowed eight hits as Tawas won the second game, 5-2. Parsons, Scales and DesJardins each had two hits in the first game. The Braves came from behind in the fifth inning to score four runs in the second game. Singles by Pfeiffer and Parsons, coupled with two walks and an infield error, accounted for the runs.

On Wednesday, the Braves held a 3-0 lead going into the fifth inning, but Carrollton scored two runs in the fifth and sixth innings to win, 4-3. The Braves had only four hits during the game, one of which was a double by Link. Haglund was the starting pitcher and Potts came on in relief. The second game was not played because of cold weather.

The Braves split with Pinconning Friday. Tawas scored five runs in the seventh inning to win the first game, 7-2. Pfeiffer, Link, Haglund and DesJardins all had singles during the big inning. The two teams were tied in the top of the fifth inning when Pinconning scored two runs on a home run. The second game went to the visitors, 4-2. Each team had six

hits, but one was a two-run homer by Kennedy of Pinconning which broke a 2-2 deadlock. Haglund belted two of Tawas' hits. Potts started on the mound for Tawas and had relief from Haglund.

State Senate to Investigate Gas Rate Hike

Sen. Robert Richardson has introduced a resolution to establish a special senate committee to study the recent Consumers Power Company gas rate increases granted by the Public Service Commission.

The committee investigation will involve itself particularly with the rate hikes of 70-million dollars on January 18 and 14-million dollars on April 19, based on the cost of the synthetic natural gas plant at Marysville.

The committee would determine if the Public Service Commission has acted within the purview of the law within which it was established in ordering rate hikes for the construction of the project at Marysville, a project that has yet to be audited by the commission. The estimated cost overruns to date amount to 115-million dollars without the plant being fully operative.

Senator Richardson further indicated that the PSC granted Consumers Power a gas rate increase of 70-million dollars in January with no additional increases indicated until the plant became "fully and commercially operable."

LAST YEAR FOREST FIRES DESTROYED 200 TREES FASTER THAN YOU CAN READ THIS AD.

Unless you're a speed reader, it should take you about 20 seconds to read this ad.

Which is about 5 words per second.

Forest fire, in that same amount of time, will have ravaged and burned over 200 trees.

Which is about 2 trees for every word you read.

Or by the time you finish this sentence, 118 trees.

And does the damage add up!

In a year's time that's over 420 million trees, over 4 million acres burned, and hundreds of thousands of animals left homeless.

Not to forget the ecological havoc forest fire will have wreaked where it passed.

And it's all such a senseless waste too.

Because with only a little time, most man-caused forest fires could be prevented.

An extra second to grind out a cigaret.

Another minute to pour more water on your fire, scatter the coals, cover it with dirt.

A moment to refresh yourself on fire safety.

A few extra minutes can save years of growth.

And that's time well spent on saving our forests.

Just like reading this ad.

PLEASE: HELP PREVENT FOREST FIRES.

Eggs might be thought of as magical marvels and right now eggs are coming to market in abundant supply.

Beneath the fragile egg shell is a powerhouse of goodness. Eggs make good eating served "as is" regardless of the cooking method used. They also have the ability to do exciting things for other foods in a delicate, magical way.

What is magical about an egg? Well, it has power to thicken other products, for one thing. This quality is useful in preparing tasty custards, puddings, pie fillings, salad dressings, sauces and soups.

Eggs that are gently heated, quickly set, firm-up or coagulate, whichever term you prefer. An egg that is slightly beaten, combined with other ingredients and gently heated will thicken the entire mixture into a tasty "oneness."

Careful temperature control is needed when eggs are used to thicken a liquid mixture such as a custard. Temperatures that are too high or overcooking will cause the egg protein to shrink and separate from the liquid.

In surface burner cooking, use a double boiler and keep water just below boiling. For oven cooking, set the baking dish in a pan of hot water with moderate oven temperature.

In combining flour, corn starch or tapioca in sauces and fillings, the starch is first combined with liquid, then cooked and cooled before adding eggs. Why? Because starch needs longer cooking than eggs.

Two egg yolks or two egg whites have the same thickening power as one whole egg.

Corn pudding is an inexpensive, nutritious main dish to serve your family while eggs are in good supply. Serve it with cold meat, green beans and French bread. Fruit gelatin and pound cake would complete a balanced meal.

CORN PUDDING

1 tablespoon butter or margarine

ine
 1 tablespoon flour
 1 cup scalded milk
 1 teaspoon salt
 1/8 teaspoon pepper
 1 teaspoon sugar
 16-ounce can cream-style corn
 4 eggs, slightly beaten
 Preheat oven to 375 degrees Fahrenheit (moderate). Grease a one-quart casserole.

Melt butter or margarine and blend in flour. Add milk, salt, pepper and sugar. Add corn and heat slightly. Blend eggs into warm milk mixture. Pour into casserole, place casserole in a pan of hot water and bake one hour or until set. Pudding is done when the tip of a table knife inserted in the center comes out clean. Makes six servings, about two-thirds cup each, about 165 calories each.

For fewer calories, use a 10-ounce package of frozen whole kernel corn in place of the cream-style corn. About 140 calories per serving.

EMERGENCY BUS EVACUATION DRILLS are now being conducted by Mrs. Norma Worsham, transportation director at Tawas Area School, along with the school's 17 bus drivers. This program, being presented to students in kindergarten through grade 12, is designed to instruct students in the safe method of exiting from a bus in the case of an emergency. There are three methods of exiting a school bus, depending on the type of emergency encountered. Students are cautioned that there is no need to rush to an exit, even though the length of time for a complete evacuation is being recorded. The program utilizes instructional information from the off campus educational program for bus drivers developed by Central Michigan University. —Tawas Herald Photos.

IOSCO ROAD COMMISSION is now in the process of rebuilding Old State Road west from M-65 to the Iosco-Ogemaw County line. This was the first east-west road constructed in the county and that portion from Sibley's corner west to M-65 was brought to grade and hard surfaced with asphalt last year.—Tawas Herald Photo.

History of Harsch Ranch

By DORNACE BELLVILLE

A large barn, house and other buildings originally built 70 years ago by Joseph Harsch, located northwest of Whittemore on Old State Road, are still intact and in use today by the present owners.

The former Harsch Ranch was established in 1904 by Harsch and his 13-year-old son, Charles, who came to the Whittemore area by train, bringing a team of horses and some tools with them.

Harsch and his son stayed at the home of Ernest Crego, another early Reno Township settler. Harsch worked for Jacob Brown

for a few months and then bought his first section of land from Brown.

Work was started on building a frame house and, when it was nearly completed, his wife, Sarah, and their two other sons, Louis, 11 years of age, and Rolandis, aged nine, came to Whittemore. They were accompanied by Mrs. Harsch's father, Joseph Eicker.

Clearing land was the main work at this time. They used a horse-powered stump-pulling machine to remove the larger pine stumps, but many of the others had to be dug out by hand. As the

land was cleared enough to raise some hay and other crops, they purchased a herd of milk cows, a flock of chickens, turkeys, ducks and geese. Water was pumped with a windmill until later years when a gasoline engine replaced the not too reliable windmill.

The ranch was expanded until, at one time, it occupied over three miles of area along the south side of Old State Road from what is now M-65 west.

State Road, constructed originally in the 1860s, was the main east-west road in the area at that time connecting Iosco and Ogemaw Counties. Part of the road was later rebuilt by Brindley Construction Company using horses for power. Clarence Brindley still lives along the road at the Ogemaw-Iosco County line.

Louis Harsch was drafted into the armed forces in 1917 during World War I. When he returned home after the war, he became the dairyman on the ranch. He married the former Agnes McCullum on January 6, 1916. A tenant house was added to the ranch for the elder Harsch family. Charles and Agnes Harsch had one son, Leonard.

Rolandis married Mary Morin in August 1916. They moved into Whittemore and operated a deliv-

ery barn. They had two daughters, Marian and Marsul. Mary Harsch died in October 1918 and Rolandis married Irene York on March 9, 1923. They had two sons, Robert and Walter.

Louis Harsch married Anna May Seafert on December 26, 1923. They moved into the tenant house and Joseph Harsch and wife moved into Whittemore, turning management of the ranch over to Charles. Louis and Anna had four children, Luella, William, Joseph and Donald. Anna died in June 1930 and Louis married Mildred Seafert on May 24, 1936. They purchased a farm south of Whittemore where Mildred still resides. Louis was killed in an auto accident on November 18, 1973, and Rolandis died from a fall on June 3, 1973.

Charles Harsch purchased the Whittemore Milling Company at Whittemore, operating it for several years, then selling it to Steve Drzewiecki. He sold the ranch to the Erwin family in 1954. The Harsches moved to a house north of Whittemore and operated a home for the aged. Charles died February 2, 1974, and his wife, Agnes, still operates the home.

The Erwins continued the dairy herd for several years, then switched to beef cattle.

HARRY M. ROLLIN

Retired Gas Station Owner Died May 7

Funeral services for Harry M. Rollin, 84, retired Tawas City businessman, were held Friday, May 10, from the E. D. Jacques and Son Funeral Home, Tawas City. A Masonic memorial service was held Thursday evening and burial was in Memory Gardens Cemetery, Tawas City. Mr. Rollin passed away Tuesday afternoon, May 7, at Tawas Hospital.

An avid hunter from his youth, he tagged a buck for 47 consecutive seasons before quitting deer hunting in 1961. He was well known locally as a naturalist and for his love of the woodlands in this region.

For many years, Rollin owned and operated the Roll-In gasoline station-sporting goods store on Mathews Street. His participation in civic affairs included service as an alderman on the Tawas City Council and he served as undersheriff for the late John Moran.

He was past master of Tawas City Lodge No. 302, Free and Accepted Masons, and honorary member of Baldwin Lodge No. 274, as well as being recognized for his outstanding services in York Masonry. He was a member of Tawas City Chapter No. 303, Order of the Eastern Star.

Surviving are his wife, Maude; two sons, Arnold of East Tawas and Harry Jr. of Eugene, Oregon; two daughters, Mrs. Alice Abbott of East Tawas and Mrs. Lucile Eckinger of Kawkawlin; 13 grandchildren; several great grandchildren; a brother, Russell A. Rollin Sr., Tawas City; one sister, Mrs. Fern Moore of Parker, Indiana.

PROCLAMATION

WHEREAS, the sacrifices of those who have lost their lives, their health or their livelihood as a result of their military service are rightly the concern of all citizens; and

WHEREAS, the annual sale of Buddy Poppies by the Veterans of Foreign Wars offers an opportunity for the people of this community to express their solicitude for those unfortunate persons who have paid more than their share of the cost of freedom; and

WHEREAS, VFW Buddy Poppies are assembled by disabled veterans and proceeds of this worthy fund-raising campaign are used exclusively for the benefit of disabled and needy veterans, the widows and orphans of deceased

veterans, in the desire to "Honor the Dead by Helping the Living;" therefore

I, John N. Brugger, mayor of the City of Tawas City, do hereby urge the citizens of this community to recognize the merits of this cause by contributing generously to its support through the purchase of Buddy Poppies on the day set aside for the distribution of these symbols of appreciation for the sacrifices of our honored dead.

I urge all patriotic citizens to wear a Buddy Poppy as mute evidence of gratitude to the men of this country who have risked or lost their lives in fulfilling their obligations as American citizens.

Tourist Route Plan Aid to Gas Stations

The Michigan Public Service Commission has approved a tourist gasoline availability plan to direct available gasoline supplies to stations staying open on major routes for tourist travel this summer.

Included in the major tourist routes for purposes of the plan is US-23 from the Ohio line to Standish and from Standish north through Iosco County to Mackinaw City.

William H. Archer, director of the PSC Energy Division, told the commission that gasoline availability on major tourist arteries in Michigan would have a tremendous impact on the tourist energy.

"The Energy Office plan will utilize the state set-aside for allocations to gasoline stations along major tourist routes. Upon approval by the commission, the plan will go into effect on Monday, May 20," said Archer.

The state set-aside is defined as three percent of total gasoline allocations in the state.

Under the new plan, added gasoline may be obtained by stations within a half mile of approved tourist routes which remain open until 10:00 p. m. on Friday, Saturday, Sunday and holiday evenings.

Retail gasoline stations in these locations requiring additional volumes for tourists can make their needs known by calling the State Energy Office, (517) 373-8250.

The State Energy Office will determine on a case-by-case basis the amount of product to be ordered for the tourist gasoline availability plan.

Harold M. Britton Passed Away May 7

Harold M. Britton of Tawas City, 71, passed away Tuesday, May 7, at Tawas Hospital. The Rev. Alfred W. County Gets DNR Money in Lieu of Taxes

Iosco County will receive \$3,847,69 from the Michigan Department of Natural Resources as its latest allotment in lieu of taxes for conservation land, reports State Rep. George Prescott, Tawas City.

Representative Prescott said that Iosco's payment is among 2.6-million dollars in payments made to 82 of Michigan's 83 counties for state conservation land purchased after 1933.

These funds, Prescott points out, came from an earmarked appropriation to the DNR made by the state legislature.

The DNR's payments from state lands purchased after 1933 are based on the same local millage rates covering private property and are distributed to local units of government in the same manner. The payments are about \$405,000 more than last year because of higher equalized values and increased millage rates.

Prescott said that the latest payment is in addition to \$1,765,000 in similar payments which the DNR released early this year to meet its tax aid requirements for some 3.5-million acres of forest land, state parks and other conservation holdings.

The earlier payment made in lieu of taxes also comes from a legislative appropriation which covers tax-reverted lands, land given to the state and purchased conservation properties acquired before 1933. Payments for these holdings were made at the rate of 50 cents per acre, of which 15 cents goes to the county, 15 cents for township purposes and 20 cents to school purposes.

Hosbach Is Dist. Director Of Postmasters

Annual spring meeting of postmasters, Area 12, Michigan Chapter, National Association of Postmasters of the United States, was held at Harrison Saturday, May 4. Area 12 is comprised of Alpena, Oscoda, Iosco, Ogemaw, Roscommon, Arenac, Gladwin and Clare Counties.

Dinner at The Surrey House was served to the postmasters, their guests and state officers.

During the business meeting, Leonard Hosbach, Tawas City postmaster, was elected to the position of director of Area 12. Arrangements for the event, held annually in the area, were made by Winifred Fanning of Harrison, host postmaster.

District Court Employees Pick Union

United Steel Workers of America, AFL-CIO-CLC, will represent all full time and regular part time employees of the 81st District Court, Tawas City, in any future collective bargaining sessions with the city.

The vote was seven to one in favor of the union in an election supervised by the Employment Relations Commission of the Michigan Department of Labor.

Excluded from participation were all supervisory or elected officers of the court.

LOOKING BACKWARD—

Fire Burned 200 Acres of Huron Forest

15 Years Ago—

May 14, 1959—Fanned by 20-mile-an-hour winds, a forest fire was brought under control after having burned over 200 acres in Huron National Forest. The fire started near the Tawas City dump off Monument Road and was brought under control before it reached Gray Creek.

Brugger's Market in Tawas City observes its 32nd anniversary this week.

The Rev. Fr. Henry C. Eickholt of St. Edward's Church, Omer, is the new pastor of St. Joseph Parish at East Tawas. He replaces the Rev. Fr. Robert F. Neuman, who has resigned because of health reasons.

Bob Binder pitched a two-hitter as East Tawas defeated Hale, 5-1, and Clare Herriman homered twice as Tawas City downed West Branch, 17-3, in the opening games of the Northeastern Michigan League.

25 Years Ago—

May 13, 1949—The Rev. C. A. Lund is the new pastor of Grace Lutheran Church.

Ten women of the Tawas, representing different women's societies and clubs, met with the Tawas Hospital Association board and organized the Tawas Hospital Auxiliary. Officers elected were Mrs. Joseph Homburg, chairman; Mrs. L. G. McKay Sr., vice chairman; Mrs. T. S. Dimmick, secretary-treasurer.

Tawas City Council approved plans submitted by the state highway department for relocating M-55.

The United States showed the world that it planned no maneuvers which might create the situation for an incident leading to involvement in the Chinese war. Despite the fact that Chinese Communists, in their triumphant surge across China to Shanghai, had invaded the home of the United States envoy at Nanking and hinted he was to be held in custody, the entire United States fleet left Shanghai and abandoned 2,500 Americans there.

Delivered price of the new four-door Super Series Buick is \$2,364, according to William Look and Sons.

"We catch our own fish—no fish over eight hours old," advertises Coyle's Fish Market.

35 Years Ago—

May 12, 1939—Ten-million pickerel fry, seven truck loads in all, were planted in Saginaw Bay off Tawas City. The fry were hatched at Bay City from eggs taken from fish caught in Saginaw Bay this spring. Capt. Robert E. Ellsworth, who had charge of spawn collection at the state park fish hatchery, reports that the total catch of pickerel in Saginaw Bay last year amounted to 1,008,178 pounds.

Noting that Michigan annually pays large sums of money for expert management of game, "while we pay the controversial layman nothing for his opinions," the Iosco Board of Supervisors has petitioned the state legislature to give to the Michigan Department of Conservation full power to handle the deer situation, by zones or at large as it may periodically see fit. Local supervisors recommended that the department's first act, when such power is granted, be an order for opening the 1939 deer season on antlerless deer.

during the next two years, is to be held before the state senate.

Long congressional sessions handicap United States business, but self-esteeming legislators think their presence in Washington would help to stop an impulsive president from sticking his foot in to Europe's pie—and war. A vocal peace block believes that congress should stay in session until all danger of involving the United States in war disappears.

A hotel at Kokosing Resort, Hale, owned by John Mortenson, burned to the ground. It was once the showpiece of the Christian Outing Association.

Should Report Earnings to Social Security

Question: I am now getting supplemental security income payments. I have been earning \$15 to \$20 each month, but now my employer tells me he will be needing me for more hours every month. Must I report my increased earnings to social security?

Answer: Yes. You should report any earnings over \$65 a month to social security immediately. Your increased earnings might affect your supplemental security income payments. If you do not report this immediately, you could receive an overpayment that will have to be deducted from later checks.

Question: When I applied for social security disability payments, I was denied for medical reasons. Since I am still unable to work at my trade, could I get monthly supplemental security income payments?

Answer: No. The disability requirements are now the same for both the social security program and the federal supplemental security income program. People must be severely disabled and unable to do any substantial gainful work for a year or more.

Question: I am 71 and live with my son and his family. I do not pay rent and I do not own anything except a few pieces of furniture in my room. My only income is a \$70 check from social security. Am I eligible for any other kind of federal payment?

Answer: You may be eligible for monthly payments under the supplemental security income program. The maximum supplemental security income payment that can be made to an individual with no other income is \$140 a month. In your case, this could be reduced by one-third because you are living in another person's household. Your income from social security would also affect your payment. Some states add to the federal payment.

Question: My 32-year-old son, who has been disabled since birth, lives with me. He has no income and he does not own any property. Would he be eligible for the new federal assistance payments?

Answer: Since your son does not have any income and resources, he might be eligible for supplemental security income payments. However, his payment would be reduced by one-third in consideration of the value of the room and board he gets from you.

SEVENTH GRADE English classes of Tawas Area Middle School made their annual field trip Saturday to Greenfield Village at Dearborn. As part of their visit, the class presented an antique yarn skeiner to the home and crafts division for use in the village's carding mill. Looking at the wooden skeiner from left are Mary Galavage, Linda Werth, Mrs. Lee Schmidt, teacher, and Dean Harwood. Mrs. Schmidt found this ancient household item in an antique shop in the Shenandoah Valley, West Virginia. —Tawas Herald Photo.

Permit Number: MI 0003531

NOTICE: Application for National Pollutant Discharge Elimination System (Public Law 92-500) Permit by Gold Bond Building Products, Division of National Gypsum Company, to discharge ground and storm waters from its quarry National City, Michigan near National City to Sand Creek.

Gold Bond Building Products, Division of National Gypsum Company has applied for a National Pollutant Discharge Elimination System (NPDES) Permit to discharge ground and storm waters into the waters of the State of Michigan. The permit will be issued by the Michigan Water Resources Commission.

The applicant is engaged in the manufacture of gypsum rock. The company discharges its effluent into Sand Creek.

On the basis of preliminary staff review and application of applicable standards and regulations, the Michigan Water Resources Commission proposes to issue a permit for the discharge subject to certain effluent limitations and special conditions. The permit expiration date is May 31, 1979.

The proposed determination to issue an NPDES Permit is tentative. Persons wishing to comment upon, or object to, the proposed determination are invited to submit the same in writing to:

Mr. James N. Howell
Division Permit Coordinator
Michigan Water Resources Commission
Stevens T. Mason Building
Lansing, Michigan 48926

The permit application number should appear next to the above address on the envelope and the first page of any submitted comments. All comments received within thirty (30) days of the date of issuance of this public notice will be considered in the formulation of the final determination. If no written objections are received, the Michigan Water Resources Commission will issue its final determination no later than sixty (60) days following the date of this notice.

The application, proposed permit including proposed effluent limitations and special conditions, comments received, and other information, are on file and may be inspected at the Water Resources Commission, 8th Floor, Stevens T. Mason Building, Lansing, Michigan and at the District office located at this same address at any time between 9:30 a. m. and 3:30 p. m., Monday through Friday. Copies of the Public Notice and the corresponding Fact Sheet summarizing application information and proposed permit conditions are available at no charge at the Michigan Water Resources Commission. Copies of all other information are available at a cost of \$.20 per page at the Michigan Water Resources Commission.

Please bring the foregoing to the attention of persons whom you know would be interested in this matter.

Alabaster Township Residents and Property Owners

By order of the Michigan Natural Resources, Solid Waste Management Division: The Alabaster dump or landfill will be closed permanently beginning Thursday, May 16, 1974. You are permitted to haul your garbage, etc., to the Tri-County Landfill, located on Galien Road, which is just off Monument Road, approximately seven miles from East Tawas.

Until Alabaster Township has drawn up a contract with this landfill, you are required to pay 80c per cubic yard for the dump material to be deposited thereof.

Watch The Tawas Herald for notice of our dump contract agreement. Persons illegally dumping in Alabaster Township will be prosecuted to the full extent of the law. We hope for the cooperation of all persons concerned.

Hale Bank Showed Excellent Growth in '73

A 21.9 percent growth in assets of Farmers and Merchants State Bank of Hale was announced at the 22nd annual stockholders meeting held recently.

Richard E. Parkinson, the bank's president and cashier, reported that total assets as of December 31, 1973, amounted to \$18,974,112, or an increase of \$3,407,482 during the past year. He said that growth of assets during the first quarter of 1974 had kept pace with the first quarter of 1973 and believed the current year would show excellent growth.

During the meeting, chairmanship by Sheldon Buck of West Branch, the bank's building program was reviewed. During 1973, the 5,800 square foot addition to the main office at Hale was completed, land was purchased and a ground breaking ceremony was held February 11 for a 3,700 square foot addition to the Rose City office, which is scheduled for completion in June.

Parkinson reported on the board of directors' decision to apply for approval with the Financial Institutions Bureau and Federal Deposit Insurance Corporation to establish a branch office at Glennie. A reply is to be received soon from the above two agencies.

Richard L. Pfahl, vice president and senior loan officer, reported that the bank adopted a policy of investing 70 percent of total deposits in service area loans and noted that loans extended at each office

are based on the actual deposit of that office.

Parkinson reported that even though earnings have been excellent over the past three years, the tremendous increase in deposits had led the board of directors to

Mrs. Clara Waters is slowly improving at Tolfree Hospital, West Branch.

Mr. and Mrs. Richard Samson had the following guests last week: Mr. Samson's sister, Mrs. Anna E. Ewald of Unionville; her daughter and family, the Robert Hiles of Cass City, and their son, Richard Jr., and family of Taylor.

Miss Florence Latter and Mrs. Myrtle Waters attended a convention at Cadillac Saturday.

Mr. and Mrs. Charles Bills of Hale spent Friday evening at the home of Will Waters.

recommend a 25 percent, 3,000 share stock dividend and the sale of an additional 5,000 shares of common stock outstanding. This would result in an increase of \$300,000 in the bank's capital accounts. This recommendation was approved unanimously by the stockholders.

The existing board of directors re-elected were D. D. Pearsall, Carl F. Adams, Fred Holzheuer, Parkinson, Pfahl, all of Hale; Stanley Osinski of Whittemore; Lyle Wallace and Willard Wangler of Rose City.

At a special directors meeting, the board elected the following officers for the new year: Pearsall, chairman of the board; Adams, vice chairman; Parkinson, president, cashier and chief executive officer; Pfahl, vice president and senior loan officer.

Betty Anderson was promoted from assistant cashier to assistant vice president and Rose City branch manager; William McKulsky was promoted from assistant cashier to assistant vice president and Whittemore branch manager.

The following officers were reaffirmed: Kay Bellville, assistant cashier and operations officer; Irene Jordan, assistant cashier and assistant Whittemore branch manager; Larry Schneider, assistant cashier and assistant Rose City branch manager.

Promoted to loan officers were Joseph Flumerfelt, Sandra Ryland and Elite Shellenbarger.

TO THE ELECTRIC CUSTOMERS OF CONSUMERS POWER COMPANY: NOTICE OF ELECTRIC RATE HEARING and NOTICE OF HEARING ON MOTION FOR PARTIAL AND IMMEDIATE RATE RELIEF

On April 23, 1974, Consumers Power Company filed an Application with supporting testimony and exhibits with the Michigan Public Service Commission in Case No. U-4576, which requests authority to amend its retail electric rates so as to increase its retail electric revenues by at least \$72,159,000 on an annual basis. At the same time, Consumers Power Company filed a Motion for Partial and Immediate Rate Relief which seeks authority, on an interim basis pending final Commission action, to amend its retail electric rates so as to increase its retail electric revenues by approximately \$54,659,000 on an annual basis. On April 30, 1974, the Commission filed with the Commission additional written direct testimony and exhibits regarding its Motion for Partial and Immediate Rate Relief. In its Application, Consumers Power Company has stated that significant increases in the cost of capital, taxes, wages, equipment, materials and supplies have had a serious impact upon the earnings level of its electric business and that it has not been able to attain the level of earnings in its electric business found to be reasonable in the prior electric rate order of the Michigan Public Service Commission.

The Michigan Public Service Commission has scheduled hearings on the Application and Motion for Partial and Immediate Rate Relief in Case No. U-4576 and has ordered that notice be given that:

A. The initial hearing in this case shall be held at 9:30 a.m. on June 6, 1974, in the offices of the Commission, Law Building, Lansing, Michigan 48913, which hearing shall be in the nature of a prehearing conference and shall be held for the purpose of exploring and, if possible, agreeing upon matters which will expedite these proceedings, including, but not limited to, the following:

1. Determining the parties to the proceeding, the nature of their appearances and the positions they are taking in the proceeding as well as the facts they intend to controvert or give evidence of, all in accordance with the provisions of Rule 11 of the Rules of Practice and Procedure Before the Commission.
2. Simplifying and defining the issues in this proceeding.
3. Obtaining admissions as to, and stipulations of, facts not remaining in dispute, the authenticity of documents, and matters of public record.
4. Determining the number and identity of witnesses.
5. Specifying the schedule for the exchange of proposed exhibits and written testimony and the reduction of oral testimony to written form.
6. Establishing procedures for the hearing.
7. Specifying a further schedule of dates of hearing.
8. Expediting any other matters that may aid in the orderly conduct of the hearing and the disposition of the proceeding.

B. Public hearings shall be held at 9:30 a.m. and at 7:00 p.m. on June 25, 1974 in the Auditorium of the Law Building, 525 West Ottawa Street, Lansing, Michigan 48913, for the special purpose of taking statements and testimony of any interested persons.

C. Further public hearings in this matter shall begin July 15, 1974 in the offices of the Commission, Law Building, Lansing, Michigan 48913, for the purpose of commencing cross-examination of the Company's witnesses and such further proceedings as may be necessary or appropriate. Public hearings shall continue thereafter from day to day or on such adjourned dates as the presiding officer may set until the matter has been fully heard.

D. A public hearing will be held on the Company's Motion for Partial and Immediate Rate Relief at an appropriate time during these rate proceedings following the conclusion of the cross-examination of the direct case of the Company and the receipt of the report of the Staff of the Commission in accordance with Section 6a of 1939 PA 3, as amended, MCLA 460.6a.

E. The Commission, on its own motion, will commence an investigation and hearing on June 6, 1974 into the existing electric rates, charges, revenue deficiencies or excesses, services, practices, procedures and operations of Consumers Power Company, and this investigation and hearing will not necessarily be confined to matters contained in the Company's Application but will include all matters pertaining to the reasonableness and justness of the Company's electric rates, charges, operations and practices as may be necessary to enable the Commission to determine whether the existing or proposed rates and charges are unreasonable and excessive and should be reduced or altered.

F. Any party seeking to intervene, in accordance with Rule 11 of the Rules of Practice and Procedure Before the Commission, shall file with the Commission, at least five (5) days prior to the initial hearing of June 6, 1974, an original and eleven copies of a petition to intervene together with proof of service upon Consumers Power Company.

Subparagraph (2) of Rule 11 of the Rules of Practice and Procedure Before the Commission (R 460.21) provides as follows:

"(2) A petition to intervene shall set out clearly and concisely the facts supporting the petitioner's alleged right or interest, the grounds of the proposed intervention, and the position of the petitioner in the proceeding, so

as fully and completely to advise the parties and the commission of the specific issues of fact or law to be raised or controverted." (Emphasis added)

The Commission will require strict compliance with the above-quoted rule.

G. Consumers Power Company, on or before June 6, 1974, shall serve upon each intervening party a copy of the written direct testimony of its proposed witnesses and its proposed Exhibits A-1 through A-26 as filed with the Commission. Proof of service shall be filed with the Commission on or before June 25, 1974.

H. THE INCREASES DESCRIBED IN THIS NOTICE HAVE BEEN REQUESTED BY CONSUMERS POWER COMPANY. THE MICHIGAN PUBLIC SERVICE COMMISSION MAY EITHER GRANT OR DENY THE REQUESTED INCREASE, IN WHOLE OR IN

PART, AND MAY GRANT A LESSER OR GREATER INCREASE THAN THAT REQUESTED FOR ANY CLASS OR CLASSES OF SERVICE.

Jurisdiction of the Commission in this matter is pursuant to Sections 1, 2, 6, 7 and 8 of 1909 PA 106, as amended, MCLA 460.551 et seq.; 1909 PA 300, as amended, MCLA 462.2 et seq.; Sections 3 and 4 of 1919 PA 419, as amended, MCLA 460.51 et seq.; Sections 4, 6 and 6a of 1939 PA 3, as amended, MCLA 460.1 et seq.; Chapter 4 of 1969 PA 306, as amended, MCLA 24.201, et seq.; and the Rules of Practice and Procedure Before the Commission, 1954 Administrative Code, Supplement No. 54, R 460.11 et seq.
