## Charitable Group Needs Volunteers

More volunteers are needed to carry on the good work of the Society of St. Vincent de Paul in the Tawas area, which lends a helping hand to the poor, distressed and elderly.

Stanley J. Robel, who was instrumental in establishment of the society here two years ago, recently returned from the hospital and is recuperating at his home in East Tawas.

"We have seven to 10 volunteers active in the organization and we are in need of more help," said Robel. "This is a community project involving people of all religious denominations — our only criteria for assisting someone is that they need help."

Providing clothing to those in need is one of the works of mercy engaged in by members of the Society of St. Vincent de Paul, which operates a store in the former Barkman Outfitting building in Tawas City. Clothing, furniture and other household items are sold at low cost or given away to those in need. Material assistance is given to the needy, regardless of race, creed or national origin.

In addition, volunteer members visit sick persons in the hospital and at the medical care facility,

as well as dropping in on shut-ins at home. Other charitable acts include the purchase of medicine for older persons, paying fuel bills and rent for persons in dire need. The council also assists transient persons.

During the past year, the Tawas store has furnished clothing, furniture and household articles free of charge to a number of families which lost nearly everything in home fires.

"The work of the society brings a great deal of satisfaction to its volunteer members by meeting this tremendous challenge," states Robel. An accountant for General Motors for 42 years, Robel said he always felt he was "just another small cog in a big wheel" until he began active participation in the society more than 25 years ago at Lansing.

Charitable work has been the prime function of the society since its origination in 1833. "Members of our local group carrying on the bulk of the work come from various denominations and we need more members who are willing to lend their hearts, their hands and labor in this important work," stated Robel.

VOLUNTEERS working in the store last week included Mrs. Harold Skiver, left, and Mrs. Bert Godley, right. The society aids families in need.—Tawas Herald Photo.

## East Tawas Council Adopts Wage Pact

A new wage and salary schedule adding \$15,800 to the annual city operational expense was adopted Monday night by the East Tawas City Council. The total represents an increase of 11.2 percent, of which 6.5 percent would be for wages.

Salaries of elected and appointed city officers would be as follows:

City clerk, \$3,350, an increase of \$350; city treasurer, \$4,734, an increase of \$290; librarian, \$3,700, an increase of \$280; police chief, \$11,310, an increase of \$750; patrolman, \$9,100, an increase of \$700.

Superintendent of public works, \$11,650, an increase of \$750; foreman, \$8,840, an increase of \$650; heavy equipment operator, \$7,737, an increase of \$520; medium equipment operator, \$7,633, an increase of \$520; truck driver, \$7,509, an increase of \$520.

Wages of laborers were increased from \$2.99 per hour to \$3.25 and janitor from \$2.75 per hour to \$2.95.

Salaries for water plant person-

nel include: Chief operator, \$9,500, an increase of \$680; first assistant operator, \$7,592, an increase of \$520; second assistant operator, \$5,600, an increase of \$400; wastewater plant chief operator, \$8,650, an increase of \$650; assistant operator, \$5,600, an increase of \$400; cashier-bookkeeper, \$5,400, an increase of \$420; clerk, \$3,540, an increase of \$180; meter reader, \$2.35 per hour, an increase of 20 cents.

Benefits for all employees include eight days of sick leave, full family coverage hospital insurance, fully paid pension plan.

In other business, the council accepted the bid of Ottawa Equipment Company for furnishing a new patrol car.

Edward Higgins reported that \$1,275.75 had been raised for construction of a chapel at Greenwood Cemetery. The campaign to raise funds is to continue.

A hearing was set for Monday, October 21, 8:00 p. m., to hear objections to closing a five-foot alley (See ET COUNCIL, page 6.)

## Initial Engineering Report on Sewage Study Received

A feasibility study on a cooperative program of sewage treatment in the Tawas area, authorized earlier this year, was presented at a joint meeting Thursday night of officials from East Tawas, Tawas City, Baldwin and Tawas Townships.

This was the initial meeting of the four units since organizing last spring and ideas presented by engineering consultants are to be further reviewed in regard to projected costs and practicality of recommendations.

The basic point presented by engineering consultants was establishment of a zero discharge concept of sewage treatment, which is being fostered by state and federal officials.

The preliminary report proposes to pump sewage six miles to an aeration-type lagoon system located on federal land. It was stated that operation and maintenance costs of such a system would be lower than a mechanical type of plant and would allow easy expansion for future growth of the contrib-

ing communities at a nominal cost.

One of the problems with the new proposal is that present primary treatment plants in both Tawas City and East Tawas would only serve as collection areas and sewage treatment would be abandoned at those locations. The East Tawas plant presently has a large outstanding bond issue, while Tawas City's older plant has a minimal debt.

## Iosco Opposes Being Named In Saginaw R. Drain District

A move by the state department of agriculture to include Iosco County in a new drainage district is to be opposed by the Iosco County Board of Commissioners.

Already involved in litigation over the AuGres River drainage district, Iosco has been included in the Saginaw River-Shiawassee flats drain being proposed in Saginaw County.

The augmented drainage board for that proposed district is to hold a hearing on October 30 at Saginaw. It is expected that strong local opposition will be heard concerning inclusion of this county in that district.

Counties presently in the district include Saginaw, Shiawassee, Midland, Tuscola, Genesee, Lapeer, Sanilac, Isabella, Gladwin, Clare, Mecosta, Gratiot, Oakland, Livingston, Huron, Osceola, Montcalm, Ogemaw, Roscommon, Arenac and Bay.

Ronald Tyler, prosecuting attorney, is to appear before the October meeting of the county board of commissioners to outline this county's objections.

The busy October session opened Tuesday and is to conclude Thursday with a public hearing on the county's operational budget for 1975.

On Wednesday, the commission is to meet with representatives of townships and cities to determine what action local units are to take to enforce the state building code.

## Asks Zone Change to Commercial

A request by Mrs. Elmer Burrell to rezone property fronting M-55 in North Park Acres from residential to B-1 business was received Monday night by the Tawas City Council and turned over to the city planning commission.

Mrs. Burrell told councilmen that when the subdivision was platted, property along M-55 had been zoned commercial. Under terms of the 1965 zoning ordinance, zoning of the property was changed from commercial to residential.

She is to appear before the October 17 meeting of the planning commission with her request.

In other business, the treasurer reported that the city tax collection amounted to \$125,340, representing 85.64 percent of the total amount assessed. It was noted that the tax collection at this time in 1973 was 85.93 percent and 85.37 percent in 1972.

Collection on 1974 special assessment taxes for sewer construction amounted to \$10,399, representing a collection of 63.8 percent.

Building applications approved during the past two weeks by the department of public works were as follows:

Catherine Pfeiffer, 300 Maple Street, construct porch and install siding, \$400; Robert E. Werth, 401 Margo Street, 17 by 18-foot family room and porch, \$4,500.

On recommendation of Ald. James Lansky, the city manager is to study present city ordinance controlling the sale of merchandise on public and private property. It was reported that numerous complaints had been received concerning a rummage sale being conducted at a private dwelling along US-23, where merchandise is displayed on the state highway-right-of-way. The sale has been in progress since early summer.

The council approved installation of a street light on Margo Street between Michigan Avenue and Woodward Avenue.

Authorization to hold a Perchville parade on February 15 was requested by Tawas Area Promotions. The request is to be submitted to the state highway department.

Annual fall cleanup is tentatively scheduled for Wednesday, November 6. The city is to conduct a campaign to encourage all home owners to clean up property and cooperate in the program.

## Historical Occasion for Church

A COPPER BOX containing historical information and documents pertaining to the church, the community and the nation was sealed Sunday afternoon behind the cornerstone of the new Tawas United Methodist Church, now under construction. Participating in the cornerstone laying ceremony in the top photo, from left, were Myron P. Trafelet, church lay leader; Edward Davison, contractor; the Rev. Kenneth Toulouse, pastor; Howard Burdett, chairman of the building committee. Despite umbrella weather (shown in the bottom photo) a good representation from the congregation was on hand to participate in the ceremony. (Turn to page 2 for more pictures.)—Tawas Herald Photos.

## Low Bid on Sewer Construction Was \$11,000 Higher Than Anticipated

Low bid for construction in three sanitary sewer districts was \$11,000 higher than the engineer's estimate nearly a year ago, but Tawas City officials and a representative of Edmands Engineering Company were pleased with the price following Monday night's bid opening.

Bids from six different Michigan firms for construction of 10,400 feet of sanitary sewers ranged from a high of \$414,611 to a low of \$264,090. The low bid was carefully inspected by the city's engineering consultant Monday night and the five other bids are to be inspected before the contract is awarded.

It is expected that the award will be contingent on approval of the city's \$305,000 bond issue now before the Municipal Finance Commission. The bids are effective for a period of 60 days.

Low bid of \$264,090 was entered by T. A. Forsberg of Okemos. City Mgr. Reginald Bublitz said the firm had performed various construction projects in this area, including work on widening of US-23.

During discussion between the city council and the engineering consultant, it was pointed out that the difference between the construction bid and the actual bond issue was to pay the city's share of

the construction, engineering, financing, inspection and contingencies.

The slightly higher cost over the engineer's estimate of \$253,000 would use the major share of a contingency fund set aside in the total package and the actual total will nearly equal the bond issue.

The city manager believed the engineering firm had done an excellent job in projecting costs of the project back in November 1973, considering the effect of inflation since then. The major difference came in the cost of boring under the Tawas River. The engineer had estimated this cost to be \$12,000, but the bid cost was

double that amount. Other bids received were: Bourdow Trucking, Saginaw, \$375,105; Gary D. Steadman, Bay City, \$414,641; S. and M. Construction Company, Alpena, \$276,032.60; Fraser Brothers, St. Charles, \$285,415; Crawford Brothers, Vernon, \$285,600.

A report on the bids is to be made at the next council meeting by the engineering firm.

Following months of study and public hearings, the city council in March took action to legally establish three special assessment tax districts to finance construction of the sewer mains. In addition, the city's share is being financed by general obligation bonds.

The three districts are located in the Spring Street - River Street area, from the Hobby Lot to Hale Street along the north side of US-23 and the US-23-Margo Street area.

## Mayor Urges Bi-Centennial Participation

Study of a possible bi-centennial observance in Tawas City in 1976, or a cooperative program with East Tawas and the county, was suggested Monday night by Mayor John N. Brugger of Tawas City.

Stating that many communities of the nation were planning special observances, Brugger felt a citizens committee should be organized immediately to make plans for an observance here.

He felt that representatives of various organizations in the community should meet immediately and start development of a program. He said that from past community experience, an appropriate observance would require considerable advance preparation.

He suggested that organizations, and individuals interested in forming a committee attend the next council meeting on October 21.

OPENING of fire prevention week was observed Tuesday morning by the East Tawas Volunteer Fire Department, which presented a program at the East Tawas Elementary Unit. The children enjoyed a visit from "Smokey the Bear" and learned about fire safety through talks given by William Deckett of the fire department and Calvin Norton of the United States Forest Service. Highlight of the program was a demonstration by the fire department at the school playground. Children were shown how oily rags and playing with matches often lead to serious fires and injury. A cardboard "house" in the foreground of the bottom picture is burning during one demonstration. The lineup of children watching the program is shown in the top picture.—Tawas Herald Photos.

(Read Psalm 27:1-9)

O that I had wings like a dove! I would fly away and be at rest. (Psalm 55:6)

There was a pigeon in our backyard for awhile. It was a young one, not fully feathered, and it could not fly. Maybe it was just one more victim of parental neglect, for it had fallen from its home. We gave it a bed in an out-house where it was safe and warm at night; it was fed on birdseed and anything else it would eat, and it took daily exercise strutting about the yard. Once or twice the pigeon made its way into the house and seemed to be quite at home. Well, not quite!

Several times I watched it walking about. Every now and then it stretched its neck and looked up into the sky. It seemed to say, "I was never meant for a backyard; I was made for the wide open spaces of earth and sky. God gave me wings; I was meant to use them to fly with. This is not my home. My home is in the heavens."

## UNICEF Campaign Set for October 30 in Tawas Area

This Halloween, Tawas Bay Co-op Ministry and Future Homemakers of America from Tawas Area High School will help children around the world when they sponsor "Trick or Treat for UNICEF" to raise funds for children of the developing world.

By giving time and support to the UNICEF program here, volunteers will give millions of youngsters in Asia, Africa, Latin America and the Middle East hope for a future, who otherwise might know nothing but hunger, disease, ignorance and despair.

Children at home also benefit. As they carry the official orange and black UNICEF carton from door-to-door and count the funds collected that are sent to UNICEF headquarters in New York, children learn the joy of sharing with children they will never see, but whose problems are far more basic and cruel than their own.

This year, the UNICEF Halloween volunteers will be collecting

from 6:30 until 8:00 p. m. Wednesday, October 30, with a Halloween party following in the Tawas United Methodist Fellowship Hall.

## Hale Lutheran Church Scene of Katterman-Johnson Vows

St. Paul's Lutheran Church, Hale, was the scene of the double ring ceremony Saturday, October 5, uniting in marriage the former Patt L. Johnson, daughter of Mr. and Mrs. Ralph Johnson of Hale, and Rod J. Katterman, son of Mr. and Mrs. Louis Katterman, also of Hale.

The Rev. Gary Geoffici officiated at the 7 o'clock evening ceremony, which was followed by a reception at McVior Union Hall, National City. Vases of white gladioli and lavender chrysanthemums decorated the altar. Mrs. Wilfred Holzheuer was the organist.

The bride descended the aisle in a white jersey halter dress with matching wrap-around jacket. A pink rose head wreath completed her attire and she carried a bouquet of pink roses tied with white streamers.

Lana Ruckle acted as maid of honor with Mrs. Robin Holzheuer and Mrs. Thomas Kesler, bridesmaids. They were identically attired in lilac jersey halter dresses with matching jackets and white garden hats with lilac ribbons. Their bouquets were made up of white chrysanthemums.

The bridegroom's brother, Arlen Katterman, served as best man. Groomsmen were Harold Hubbs

## Important Plays in Tawas Victory

TWO KEY PLAYS in Friday night's football game between the Tawas Area Braves and Ogemaw Heights Falcons are shown here. In the top photo, Randy Scales (44) cuts to the sideline and picks up blockers on a 62-yard punt return for the final touchdown. In the bottom photo, Mike Mooney leaps high into the air to intercept a Falcon pass late in the fourth quarter.—Tawas Herald Photos.

# Falcons Were Tough, but Tawas Braves Win

Scoring a touchdown in each quarter Friday night, Tawas Area Braves turned back a tough, up-set-minded Ogemaw Heights Falcon squad, 27-14, to preserve an undefeated record with five straight wins.

The Braves now play host this Friday night to the Oscoda Owls and the game should be a good one as the two schools are traditional rivals of long standing. The Owls defeated Ogemaw Heights two weeks ago and turned back Pinnington Friday night.

Although Coach Dick Look believed Friday night that Ogemaw Heights was not the toughest defensive team Tawas has or will meet this year, the Falcon offense did something that no other team has been able to accomplish this season—they penetrated Tawas' endzone twice and were a serious threat on two other occasions.

A brilliant fourth quarter punt return by Randy Scales and some great downfield blocking by his teammates proved to be a key touchdown for the Braves. Without that 62-yard touchdown jaunt, the Braves would have been fighting with their backs to the wall, 20-14, and the Falcons could have stayed on the ground in their last offensive threat of the night. As it turned out, the Falcons penetrated to Tawas' 11 with three minutes, 54 seconds remaining in the game and Mike Mooney ended the threat when he intercepted a second down pass in the endzone.

Tawas' offense exploded for a touchdown early in the first quarter and it looked as though the Braves would run the pants off the Falcons. After taking the opening kickoff to the 22, Quarterback Mickey Haglund passed 11 yards to Mooney. Mitch Lenczewski was stopped at the line of scrimmage by the Ogemaw defense, but the Falcons were penalized five yards for offsides. On the next play, Lenczewski took a pitch from Haglund, turned the corner and raced 62 yards to a touchdown. Lansky booted the conversion and Tawas held a 7-0 lead with only 40 seconds gone in the game.

Ogemaw had a good kickoff return to the 50 and one of two face-mask tackle penalties called against Tawas during the night really hurt as the Falcons had the ball on Tawas' 39. In six plays, the Falcons penetrated to the Tawas 15, but the Braves held the OH squad there with minus yardage for two plays. With a third down pass play almost a sure thing, the Tawas defense got caught napping as Quarterback Paul Fritz tossed easily to End Paul Miller in the endzone for the first touchdown of the season scored against the Braves. Fritz booted the game into a 7-7 tie.

Ogemaw Heights kicked out of bounds on Tawas' nine and the Braves enjoyed the new kickoff rule as they took over the ball on their own 40. It did not help a bit as the Ogemaw defense slammed the door shut and Brad Potts was forced to punt.

The Falcons electrified their home fans by racking up six straight first downs before the Braves finally stopped the drive. The Falcons played cautious football and, penetrating to the Tawas six on third down, elected to try a field goal. Kicking from a poor angle, Fritz's boot was wide and Tawas took over on the 20, rather than inside their own 10, had Ogemaw run the ball on fourth down.

Breathing easier after the missed field goal, Tawas' offense gathered steam and, in six plays, scored another touchdown. Runs by Mark Elliott, Lenczewski and Haglund moved the ball to the OH 42. Randy Potts then snared a 17-yard pass from Haglund for Tawas' second touchdown. Lansky's toe was off the mark and Tawas held a 13-7 lead.

Ogemaw Heights racked up seven first downs during the remainder of the first half, but the Tawas defense staved off the attack.

Opening the second half, Tawas' defense stopped the Falcons' first series to set the stage for another Tawas touchdown. Three first down runs by Lenczewski moved the ball to Ogemaw's 30-yard line. Elliott took a pitchout from Haglund, found running room and raced to a touchdown. Lansky booted the conversion and the Braves held a 20-7 lead with four minutes, 18 seconds gone in the quarter.

The Falcons were down, but not out, as Fritz led his teammates to another touchdown. Doug Muetzel

opened the fireworks by taking the kickoff return right through the center of Tawas' defense to the Braves' 36. Ten plays later, Fritz scored a touchdown and he then booted the conversion to narrow Tawas' lead to 20-14.

A clipping penalty against Tawas on the kickoff put the Braves in serious trouble on their own 15. After three plays, Tawas had to punt and the high kick rolled dead on the Braves' 35.

Tawas' defense closed the door on the Falcons at that point and Mooney turned in one of two key pass interceptions of the night on the 20-yard line. The Braves again could not move the ball and Potts punted beautifully to the Ogemaw 35. The Tawas defense again stood the test to set the stage for Scales' big play. On fourth down, Ogemaw was forced to punt from its own 35. Scales took the ball on his own 38, cut to the Tawas side of the field to pick up blockers and raced to a touchdown. Lansky kicked the conversion and Tawas held a 27-14 lead with nine minutes, 24 seconds remaining in the game.

Ogemaw Heights picked up five first downs on the ground before Mooney finally intercepted a pass in the endzone to end the threat. Leading Tawas defenders during

## Posen Had Easy Romp Over Eagles

Hale Area Eagles were shut out, 42-0, Saturday by a tough Posen squad. The Alpena County team is currently ranked sixth in the state among class D teams and leads the North Star League.

The Eagles' 97 yards rushing is tops for all of Posen's opponents this year, but the northern team scored with ease. Ron Cooper's 67 yards was tops for Hale Area. Dan Bernard led the losers with 10 tackles.

Action this week in North Star League finds Hale traveling to Atlanta on Saturday.

## Junior Braves Had Close Win Over Ogemaw

Tawas Area Junior Braves defeated Ogemaw Heights Junior Varsity, 16-14, Friday night. Steve Lauwers scored the first touchdown on a 12-yard dive and the two-point conversion came on a pass from Duvall to Glancy. Jeff Tausley scored the second touchdown on an 18-yard run and Duvall passed to Glancy for the two-point conversion.

## State Announcement Was Surprise to D&M Officials

Friday's announcement that the Detroit and Mackinac Railway was included in the state's plan to improve rail "corridors," should voters approve a 1.1-billion-dollar transportation bond proposal November 5, came as a surprise to local railroad officials.

Edward Goodman, president and general manager of the D&M, said Monday that he knew nothing of the proposal. Goodman felt that the announcement by John Woodford, director of the state department of highways and transportation, was premature as he had at-

tended a meeting at Lansing last week and no plans had been finalized.

According to Woodford's announcement released Friday to the daily press, some 15-million dollars of the proposed transportation bond proposal would go toward upgrading 500 miles of track for outstate and Upper Michigan freight and passenger rails.

The news release stated that the D&M was one of the lines being proposed for upgrading, because it was in better condition than Penn-Central tracks between Bay City and Mackinaw City.

## Complaints Listed by Iosco Sheriff's Dept.

Nine burglaries, a larceny and two personal injury accidents were investigated last week by Iosco Sheriff's Department.

William Woreley, owner of Hale Laundromat, reported Thursday that entry was made into his building and a box of tools valued at \$200 was missing. On Saturday, Hale Concrete was entered. Missing items included a fire extinguisher and hydraulic jack. Electrical wires serving the building were cut.

Theft of an outboard motor owned by Robert Stonehouse, Benson Road, Alabaster Township, was reported Saturday. Breaking and entering of Camp Cherith, Oscoda, was reported Friday. Tawas Mobil Station in Tawas City was

entered Friday and \$85 in cash, along with checks totaling \$1,154.94 and \$250, is missing.

Three cabin burglaries in Plainfield Township were reported Saturday. A radio was stolen from the Fred Post cottage on Kokosing Road, windows were broken in a cabin owned by Robert Hems at Long Lake and a boat was stolen at the Robert Buschbacher cabin on Kokosing Road.

A breaking and entering was reported Sunday at the Sugar Shack, Sand Lake. A quantity of money was stolen from pinball machines.

Personal injury automobile accidents included one Thursday on M-55 at Kobs Road involving cars driven by Anna H. Kobel, East Tawas, and Evelyn C. Tucker, National City. Both drivers were treated at Tawas Hospital.

A two-car crash Wednesday on Curtis Road, Plainfield Township, resulted in minor injuries to three persons. Treated at Tawas Hospital were Lucille M. Brindley, driver, and Carol Brindley, passenger, both of Hale. The other driver involved was Mary Jane Emery, Hale.

## Hale Bank to Open Office At Glennie

Grand opening and open house at the fourth office of Farmers and Merchants State Bank of Hale will be held at Glennie on Tuesday, October 15.

A ribbon cutting ceremony is to be held at 9:00 a. m., followed by

open house through 7:00 p. m. There will be door prizes and refreshments.

Mrs. Jean Olmstead is manager and Elite Shellenbarger will be assistant manager and loan officer.

The new mobile facility, located at the north edge of Glennie, will contain three windows, a loan office and a lobby. It will offer full service banking with the exception of safe-deposit boxes.

Mrs. Olmstead joined the bank at Hale in 1952. Shellenbarger is an employee at the Whittemore branch. The bank also operates a branch at Rose City.

## ET Council

(Continued from page 1.)

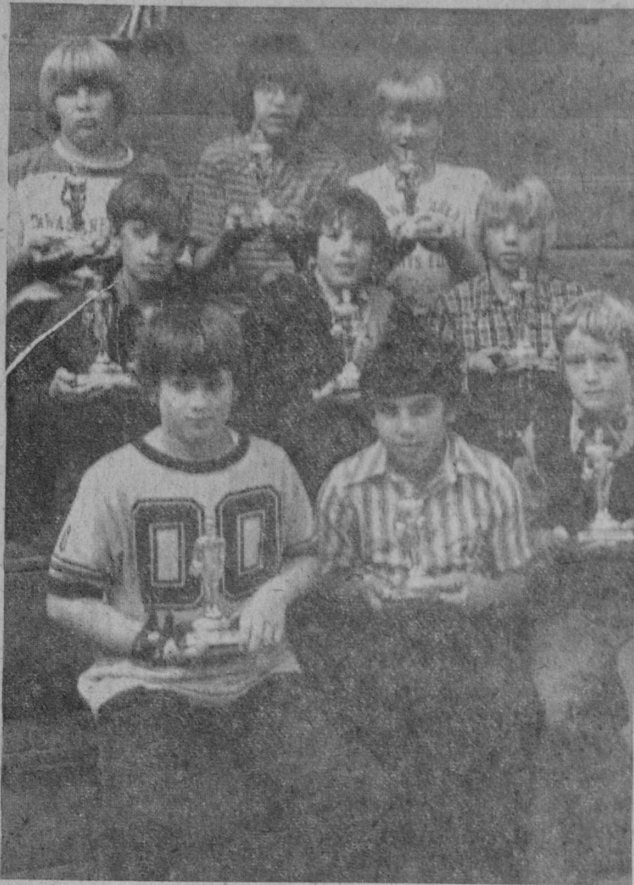

between Lots 43 and 44 at Tawas Lake.

Merton Killey was appointed as the board of appeals representative on the planning commission. Randall DeWyse was named to fill a vacancy on the planning commission.

The council is to adopt a new building code at its next meeting

and is to inform Iosco County that it intends to administer and enforce provisions, rather than to turn enforcement over to the county.

An hourly rate of \$2.25 was adopted for members of the election board. The city had paid its election board at the rate of \$1.75 per hour, but the new state minimum wage is now \$1.90 an hour. Election workers are to be paid for actual time on the job and the city will not be paying for meals in the future.

## Nobody said it was going to be easy.

The men who signed the Declaration of Independence knew the heavy responsibilities that came with independence. Each one was aware of the dangers and hardships that lay ahead, as they signed. It was not a time for sunshine patriots then. It is not a time for sunshine patriots now.

Democracy has never been, and never will be, an easy form of government to live under, because it is a government of the people. As such, it makes each of us responsible for the way the government works. If a crisis

develops, if the system falters, each of us shares in the blame.

In times like this, the role of the newspaper becomes even more important to the democratic process. It is not our job to just report the news. We must reveal everything you need to know to understand the news. It is not our job to make judgments for you. We must give you all the facts you need to make the right judgments for yourself. As responsible journalists, we have an obligation to inform you — fully, accurately and honestly. As responsible citizens,

you have an obligation to use that information.

Our country was born in a time of crisis. We have lived through dangerously troubled times throughout our history. If the democratic system fails, it will not be a crisis that kills it. It will be the ignorance and apathy of the people. As Thomas Paine said, "Those who expect to reap the blessings of freedom must undergo the fatigue of supporting it."

# Hearing Clinic Starts Second Year of Operation at Hospital

A program unique in Northern Michigan has begun its second year of operation at Tawas Hospital.

In cooperation with Central Michigan University, two graduate students of CMU spend two days a month at the local hospital conducting hearing assessment and hearing aid evaluations for patients referred to the hospital by area physicians.

Thursday's visit by Robert Fifer and Sandra Scott, graduate audiology clinicians at CMU, coincided with a visit here by Thomas Townsend, professor of audiology at CMU.

A room for the hearing clinic was provided by Tawas Hospital and equipment was purchased last year by Iosco Quota Club and the Iosco Republican Women's Club. Total cost of the equipment was approximately \$6,000 and the clinic is a continuing project of Quota Club.

Townsend said during his visit that he was surprised to find such a well-developed clinic in this area and noted that it was the only one north of Midland.

Persons of all ages with suspected hearing losses are welcome to visit the clinic. Most patients are referred to the clinic by family physicians, although there are some self referrals.

The clinic, equipped with a soundproof room, has an audiometer which generates tones and speech sounds to determine the amount of hearing loss by a patient.

Information obtained by the clinicians is invaluable to assist physicians in diagnosing hearing problems. Some hearing losses may be medically treated, while permanent hearing loss usually requires hearing aid evaluation

and rehabilitation. Although the clinic does not sell hearing aids, the clinicians assist the patient in selection of a satisfactory model. In addition, a patient with a hearing loss caused by disease may be referred to Central Mich-

igan University, which is equipped to administer additional tests. During the past 12 months, 135 persons have received hearing and hearing aid evaluations at the clinic.

DONNA MINER, seven years of age and a second grade student at St. Joseph Catholic School, was among those receiving a hearing evaluation last

Thursday at Tawas Hospital. The hospital's hearing clinic opened its second year of operation. —Tawas Herald Photo.

## Iosco Farmers Start Harvest of Important Corn Crop

Last week's unprecedented freezing weather—said to be the earliest in 100 years—sent some Iosco County farmers into their fields to begin the 1974 corn harvest. Other farmers will allow the corn crop to dry a few more days before harvesting.

The end result of Michigan's corn crop, one of the world's most important grains for feeding livestock, will be important as a crop failure in many sections of the United States has sent corn prices soaring.

For some area farmers, who were unable to plant early because of heavy land, the early frost forced them to chop immature corn into silage; for other area farmers, who were able to plant earlier in the spring or used a faster maturing seed, the freeze meant it would soon be time to begin picking ear corn.

Following the first killing frost, which came to this area two weeks ago, moisture content of the corn drops rapidly as the dead plants dry in the field and growth of the ear corn stops. Cutting the crop when the moisture content is

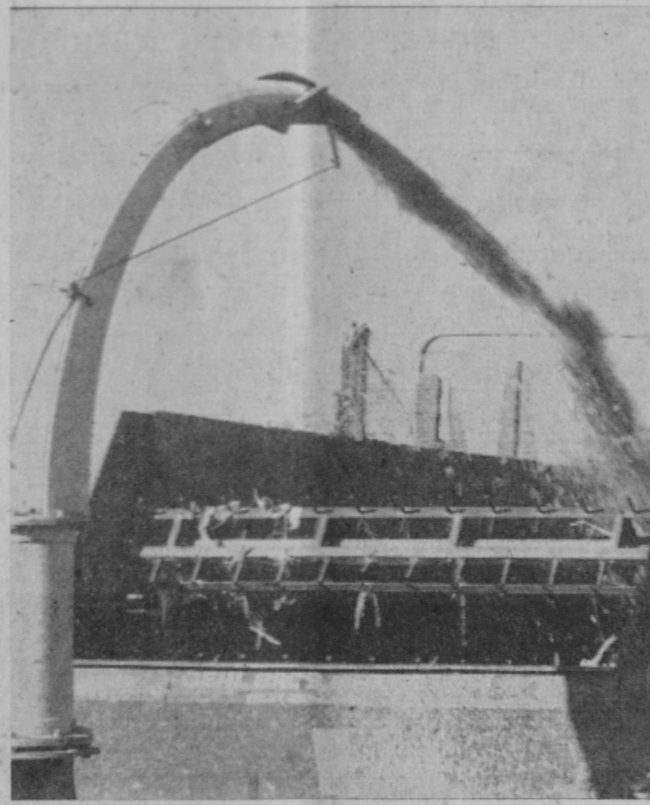

at the correct stage is important as corn cut for silage cures in the silo.

Despite only scattered rain during August, Iosco County's corn crop probably is equal to any in the country, according to the Michigan Department of Agriculture's crop reporting service at Lansing. This area, along with the east-central portion of the state, was not hit by the severe summer drought which plagued much of the United States and spring rain did not appreciably delay planting.

One Iosco farmer, Leonard Robinson, said Wednesday that his 65 acres planted to corn was immature due to the poor August

weather. He began his silage harvesting operation with a tractor borrowed from a neighbor; a breakdown of his own equipment, with no parts immediately available, only added to his fall problem.

Some particularly fine corn fields may be noted in Burleigh and Reno Townships, as well as Tawas Township along M-55. Terry Bellville of Burleigh Township said Thursday that chopping was expected to start there later in the week, although he believed it would not be until early November before picking or combining of the remaining crop would take place.

## Featured in High School Who's Who

Steven Mark Freund, son of Mr. and Mrs. William J. Freund of Greenbush and a 1974 graduate of Oscoda Area High School, will be featured in the eighth annual edition, 1973-74, of "Who's Who Among American High School Students," the largest student award publication in the nation. Students from over 20,000 public, private and parochial high schools throughout the United States are recognized in this pub-

lication for leadership in academics, athletics, activities or community service. Less than three percent of junior and senior class students nationwide are awarded this recognition.

Freund, who was active in Chess Club and a member of the National Honor Society, is currently attending Alpena Community College, where he is majoring in draft and design technology.

# Breakfast Most Important Meal

By LARRESTINE TRIMM  
 Michigan Department of Agriculture  
 Marketing Information Specialist

Start your family off in the mornings with the most important meal of the day. A good breakfast will supply nutrients for energy, growth and sustained good health. Michigan produces many of the foods commonly thought of as breakfast foods, according to marketing officials of the Michigan Department of Agriculture. They include fruits, juices, cereals, eggs, breakfast meats, breads, spreads and milk. Nutritionists say a good breakfast is any combination of foods, whether solids or liquids, that provides the vitamins, proteins, carbohydrates and fats needed by the body. MDA marketing officials report that eggs, perhaps the most familiar breakfast food, are a 40-million-dollar industry in Michigan, with production scattered throughout the state. Bacon, sausage links and patties, ham and creamed chipped beef are generally considered breakfast meats, but hamburger, ground beef and steaks are becoming increasingly popular. The state's red meat industry is worth well over 200-million-dollars, according to MDA marketing officials. Both eggs and meats are valuable sources of protein, minerals and vitamins. Milk and milk products are excellent sources of protein, calcium and riboflavin. Whole grain and enriched breads, with spreads like syrup, honey, jam or preserves, are energy foods. Butter is an excellent source of vitamin A. Nutritionists say if your child refuses to eat the commonly accepted breakfast foods, rather than risk poor health, use nutritious substitutes. A grilled cheese sandwich, cottage cheese with fruit, vegetable juices and soups and sliced tomatoes on toast are a few suggestions.

Michigan Bell begins mailing its 1974 East Tawas-Oscoda telephone directories Friday, October 11.  
 Howard L. Haight, Michigan Bell's area manager, said because of the scarcity and rising prices of the special paper used for telephone directories, the company has a continuing program to conserve paper.  
 Each residential customer will receive one new directory while most business customers usually will receive a directory for each two business phones. Larger businesses are being consulted to determine their actual needs.  
 "However," Haight said, "if any customer needs additional books, they may be requested from the company's business office."  
 He said the new directory contains all the new numbers and any changes in listings up to August 30 for all communities included in the book.

**Extend Deadline for Filing Property Tax Credit Forms**  
 State Rep. Robert D. Young has announced that the Department of Treasury has extended the deadline for filing the 1973 Property Tax Credit forms until November 15.  
 "Many Michigan residents have not applied for their 1973 tax credit," Young stated. "Also, through legislation passed this year, all unmarried surviving spouses of persons who were 65 or over at the time of death are eligible for the senior citizen property tax credit," emphasized Young.  
 Property Tax Relief Act of 1973 allows persons to apply a portion of their property tax bill as credit on their Michigan Income Tax return. All homeowners and renters may apply for the credit. The act also provides for additional credits for eligible senior citizens, veterans, the blind and the disabled.  
 Property Tax Credit either directly reduces the amount of in-

## Attended 4-H Dairy Conference

Leona Peters, daughter of Mr. and Mrs. Glen Peters of Whittemore, recently attended the National 4-H Dairy Conference and World Dairy Exposition, held jointly in Madison, Wisconsin. Ten outstanding Michigan 4-H youth were selected by Michigan Milk Producers Association and Michigan 4-H Youth Programs to represent Michigan at this conference.  
 This is the first time Iosco County has had a representative at this conference. While in attendance, Miss Peters participated in various conference sessions and banquets, all relating to the dairy industry.  
 She is currently a freshman at Michigan State University, East Lansing, in the agricultural technology program.

## Are you sure you're not wasting your car and money on home insurance?

If car and home insurance seem like a big item in your budget, maybe it's because you're wasting money on the wrong kind or amount of coverage. Too little protection is just as wasteful as buying more protection than you actually need. That's where the professional advice of an independent agent can often save you plenty. In premium dollars—and future regrets. We are the independent representative of several insurance companies, which lets us pick the one company that has the best policy for you. So call us, or come in soon and let's talk over your present and future insurance needs.

in the first half as the visiting girls piled up a 31-20 margin and then played defensive basketball the rest of the night.

Scoring for Tawas were Julie Youngs, 10 points; Jacquie Johnson, seven points; Mary Jane Williams, six points; Tamie McKenzie, four points; Linda Kobs, two points; Lisa Morrill, two points.

The undefeated Tawas Junior Varsity defeated Gladwin, 34-30. Shellee Davison topped Tawas scorers with 18 points.

## Hale Area HS Harriers Won Over Oscoda

Hale Area School's cross country team evened its season record September 30 at one win and one loss by downing Oscoda Area Junior Varsity. The Eagles swept the first five places and Flynn Clement paced the team with a first place time of 17 minutes, 35 seconds. David Brindley was second with a time of 18 minutes, 10 seconds.

In its first outing of the fall, the Hale squad lost to Fairview, 21-34. Clement finished first with a time of 16 minutes, 58 seconds, while

Brindley finished sixth with a time of 17 minutes, 55 seconds.

Other members of the squad include Roger Williams, Carl Wells, Edward Schulte and Eliberto Velva, a foreign exchange student from Mexico.

## Social Security Questions Are Answered

Question: My husband, 66, has been in the hospital for almost three months and will have to be there for several more weeks. I thought medicare covered only 90 days in the hospital, but our doctor says medicare will also help pay for this extra time. Is he right?

Answer: Possibly. Under medicare hospital insurance, there is a "reserve" of 60 additional hospital days. For each reserve day, medicare will pay for all covered services your husband received in a hospital except for \$42 a day.

However, each reserve day your husband uses permanently reduces the total he has left. For example, if he uses 14 days of his reserve, he will have 46 days left.

Question: My brother and his wife were killed in an auto accident last month. Can their 19-year-old son, who is attending college, get any kind of social security payments?

Answer: Probably. Full-time students 18 and over who remain unmarried can get monthly checks until they are 22 if a parent gets social security benefits or has died after working long enough under social security. Today, more than 650,000 students 18 and over are getting social security checks. Tell your nephew to call a social security office for information about applying for benefits.

Question: I recently saw an ad for a book which sells for \$4 and is supposed to have "secret" information about social security. Should I buy it?

Answer: Whether or not you buy the book is your decision. But if the ad suggests that the book contains "secret" or "inside" information, the advertising is false. No advertiser has access to other people's social security records. They are confidential under the law. You can get free, accurate publications about social security simply by calling any social security office.

If you have questions regarding social security, contact the social security office at 1009 North Madison, Bay City. The telephone number is 892-3554.

## LOOKING BACKWARD—

### W-P Area Proud Of New School

#### 15 Years Ago—

October 7, 1959—Several hundred Northeastern Michigan residents joined with proud residents of the Whittemore-Prescott Area School District Sunday in a program dedicating that area's new \$527,000 junior and senior high school. "This has been a day that everybody has looked forward to for a long time—we sometimes thought it would never come," was the comment of Supt. John Halbert.

East Tawas City Council approved a resolution signed by the required 51 percent of property owners who requested a special assessment district to construct sanitary sewer facilities along some sections of Sawyer, Washington and Newman Streets.

Joseph Dimmick and David Zell-

mer of Tawas Area High School have been named semifinalists in the 1959-60 National Merit Scholarship competition.

Annual fourth Friday enrollment count, the figure which is used to determine state aid payments, revealed that Tawas Area School has an enrollment of 1,473 students this year, an increase of 75 students over last year and 30 over the first Friday enrollment count.

Hale Grange, with John D. Webb as master and Mrs. Rose Lake as secretary and community service chairman, was declared winner in the Northeastern Michigan District for the annual community service contest, sponsored by the National Grange.

#### 25 Years Ago—

October 7, 1949—Announcement was made of the association of Dr. George L. Schaiberger with Dr. Earl Hasty at the latter's West Branch office effective October 1. For the past five years, Doctor Schaiberger has been an instructor in the department of surgery at the University Hospital, Ann Arbor.

#### 35 Years Ago—

October 6, 1939—Iosco County Road Commission has just completed the first two miles of blacktop to be constructed in this county. One mile of this construction is on the Tawas Beach Road and the other mile is on the road that leads from the National Gypsum plant to Turner. The work was made possible by the trucking company serving National Gypsum Company and the Tawas Beach Association, who have cooperated by financing the major portion of the work.

Following a hearing before the Iosco County Board of Supervisors, the state tax commission increased the assessed valuation of United States Gypsum Company in Alabaster Township, National Gypsum Company in Sherman Township and Consumers Power Com-

pany in Oscoda Township.

William Woltman was honored for 10 years of distinguished service as teacher in Emanuel Lutheran School.

All teachers of Iosco County are expected to attend the Michigan Education Association institute to be held Thursday and Friday at Flint.

Roy Leslie has purchased the Ford Garage at Whittemore.

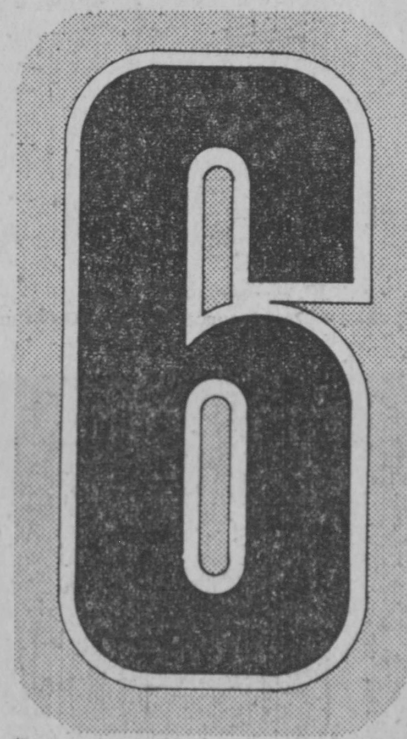

Top students on a quiz covering the study of the Middle Ages at Tawas City High School were Ruth Herriman, Elna Herman, Richard Prescott and Nona Rapp.

Sunday, Tawas Lake was crowded with duck hunters coming from all parts of the state.

Harold Bublitz of Pinconning has entered the seventh grade at Tawas City School.

"We make good things happen!"

Six good reasons why a Peoples State Bank Checking Account is a good thing for you.

- 1 You can organize your budget better with a Peoples checking account because you have a monthly record of every bill you pay.
- 2 Your cancelled checks are argue proof receipts.
- 3 You never have to worry about losing cash or having it stolen because all your cash is safe and sound at Peoples.
- 4 You save time and gas because you can pay all your bills by mail.
- 5 At tax time you have a record to back up every deduction.
- 6 By keeping a monthly balance of \$250 you can write as many checks as you please and never pay a cent. (Of course, there's a small service charge if your balance falls below \$250.)

Isn't it time you opened a Peoples Checking Account. One of the Good Things from Peoples State Bank.

Regular meeting of the Tawas City Council was held at the city hall on Tuesday, September 3, 1974, at 7:30 p. m., Mayor John N. Brugger presiding.  
Present: Brugger, Lansky, Ezo, Groff, Savage, Tanner, Rollin; absent: None; others: Manager Bublitz.  
Minutes of August 19, 1974, council meeting read. Motion by Tanner, seconded by Savage, minutes be approved as read. Carried.  
Minutes of water board meeting of August 26th read. Motion by Groff, seconded by Lansky, minutes be accepted as read. Carried.  
Minutes of special meeting of planning commission held on August 23rd read. Motion by Savage, seconded by Tanner, minutes be accepted as read. Carried.  
Dr. Thomas Dawson and Larry Rose discussed plans for new building to be constructed and rezoning of building site. Motion by Savage, seconded by Ezo, to set Thursday, September 26, 1974, at 7:30 p. m., as date and time for hearing on the rezoning of lots 13 thru 19 of Assessor Replat of Ferguson's Addition to the City of Tawas City from RA to B-1.  
Minutes of cemetery board meeting held August 27 read. Motion by Rollin, seconded by Lansky, to accept minutes as read. Carried.  
Letter from Alta Lanski Seacord concerning five feet of unclaimed property adjoining her property, which she is interested in purchasing. Mrs. Seacord was present and was told city has no jurisdiction in this matter as city has no title to this piece of property.  
Following visual inspection prior to the meeting, the council granted permission to John Jacques to remove three trees in front of his place of business, which are on city property, at 416 Whittemore Street and to proceed with plans for a new sidewalk and blacktopping of the parking area on the street the full length of the block.  
Andrew Oberla again addressed the council concerning the new sewer construction under special assessment for District No. 3.  
James Barry, superintendent of Tawas Area Schools, discussed possibilities of better water supply at the high school and the problems involved with the present supply.  
Letter from DNR read, indicating the city may, under home rule, draft an ordinance covering tree removal of those falling in the Tawas River and penalty also, if necessary.  
Motion by Savage, seconded by Groff, to approve the transfer ownership of 1974 12 months Resort Class C and SDM licensed business with official permit for sale, service and consumption of alcoholic beverages on the concourse located at 442-444 Lake Street, Tawas City, to Walter W. Schultz from Horace Hilbert, aka James Hilbert. Roll call: Unanimous "yes" vote. Carried.  
Letter from Mathew E. Connor of Mackinaw Butte Corporation requesting permission to locate a field office at the foot of Seventh Avenue read. City manager instructed to obtain more information or request a meeting of company representative with the planning commission.  
The following RESOLUTION was offered by Tanner, supported by

FALL COLORS were at their peak in Northeastern Michigan last week as leaves on hardwood trees burst into a variety of brilliant colors—from the deepest shade of red to a light yellow. Freezing weather is earlier than usual this year and leaves should disappear soon because of the rapid drying process.—Tawas Herald Photos.
