

**8**

FOLLOWING Friday's trial run of a restored steam locomotive, Charles A. Pinkerton Jr., chairman of the Detroit and Mackinac Railway's board of directors, announced that the railroad tentatively plans to make a steam-powered train available next year to organizations wishing to contract for excursions along the route. Steel coaches have been purchased and are being restored in the Tawas shop. In addition, he announced that delivery would soon be received on a new diesel locomotive, recently authorized by the board of directors to augment the D&M's regular freight locomotives. Several hundred local residents and vacationers turned out Friday morning to witness the trial run of the ancient steam locomotive and caboose, which have been restored in the railroad's shop. Pinkerton is shown standing in the gangway of the locomotive, along with his son, Charles A. Pinkerton III, in the engine cab, who was home on vacation from college and took his turn with the fireman's shovel and at the engine's throttle. People with cameras and tape recording equipment vied for choice vantage spots along the tracks in the Tawas area to record the hissing steam, smoke billowing from the locomotive's stack and its shrill whistle. Work stopped momentarily at Tawas Industries, Incorporated, and Starboard Industries, both located along the tracks, as employees joined the spectators. A large number of children, many of whom had never seen a steam locomotive in operation, placed coins on the rails for flattened souvenirs of the first steam run here in more than 25 years. The steamer has been returned to its stall in the D&M's roundhouse museum, where a display of restored wooden coaches, other railroad equipment and antique automobiles is eventually to be opened for public viewing.—Tawas Herald Photos.

## Seek Senior Citizen Funding from Iosco

Request for a \$4,500 contribution to Tri-County Agency, requested by Iosco County Senior Citizens Council, has been taken under advisement by the Iosco Board of Commissioners.

At Wednesday's meeting of the commission, Clyde Soper, president of the senior citizens council, said that federal funding in the amount of \$50,118 for an expanded nutritional program and \$42,031 for the service center program had been assured.

He said that the federal allocation was on condition that each county in the program furnish a minimum of \$4,500 on a matching fund basis.

Soper said that the services to the aging program fostered by the senior citizens council has been in operation for nearly 1 1/2 years and "it now appears that we have reached the point where we need actual financial help in assuring continued growth in terms of benefit to the elderly people of the county."

Soper said that he and four other members of the county council had met with representatives of Ogemaw and Roscommon Counties to project plans for the Tri-County Agency for the coming year. Attending the meeting were representatives of the agency on aging and the state office of services to the aging.

Soper said the council was pleased with local support of existing centers. Actual cash donations toward operation to meet utilities and insurance amounts to \$2,340 annually, while contributions of \$125 per month for use of the four buildings brings the total contribution to \$6,000.

Existing federal and state funding for Iosco County is \$20,000 under Title III, \$5,000 under Title IV, plus three positions furnished by Operation Mainstream grossing \$8,400 per year.

"We also have substantial assurance that we will be supplied with two radio-equipped minibuses and that 80 percent of the operating costs will be paid for the first year," said Soper. "At the present time, about \$6,500 of our state funding goes toward keeping our two station wagons on the road and the two minibuses will lend much-needed flexibility to our transportation potential."

He said that "when one adds all these contributions to the many hours donated by members of various service center advisory boards, county council and volunteers, one can see the resources involved, the huge acceptance of the program and the importance of keeping it going."

He pointed out, however, that present regulations require that county donations, once initiated, must be continued in order to qualify for continuing state aid. In other business handled last week, the county board of commissioners proposed that the road commission prepare a program of bridge replacement in the county. A proposal would be placed before voters to seek financing. Authorization was given to sign deeds purchasing a parcel of land near the M-55-Sand Lake Road intersection as the site of a new dog pound. The property was purchased from National Gypsum Company at a cost of \$500. Approval was given to pay \$1,600 in sales tax which was due on a compactor purchased by the county and leased to the sanitary landfill contractor. The sales tax is to be withheld from the next payment to the sanitary landfill contractor. On recommendation of the finance committee, the commission denied a request of sheriff's department deputies, who had requested an interim salary increase plus expanded fringe benefits. The denial was based on limited funds and the fact that a \$500 increase is scheduled effective January 1. The commission's personnel committee recommended that the state civil service commission be engaged to perform a job classification survey for personnel of the county building, sheriff's department and county extension service. Iosco Intermediate School District was asked to nominate a person to fill a vacancy on the county election scheduling commission. Robert Elliott, who had represented boards of education, retired effective June 30 as a member of Tawas Area Board of Education. Sheriff George Westcott appeared before the commission and asked consideration for the appointment of another full-time deputy sheriff and to transfer one man to jail duty. He said that the jail presently does not have a custodian and work is being handled by prisoners.

## Firewood Industry Plans Local Facility

Possible location of a new packaged firewood industry in Tawas City was revealed Tuesday night in a letter read at a meeting of the Tawas City Council. The meeting was delayed one day due to the Labor Day holiday.

Mathew E. Conner, president of Mackinac Butte Corporation of Detroit, requested permission to locate a mobile office on the Detroit and Mackinac Railway property at the former location of Fuelgas Company near the foot of Seventh Avenue.

The field office unit, converted from a mobile home, would be completely self contained, with the exception of electrical and telephone service. The matter was turned over to the planning commission to determine if the request would be permissible under the city's zoning ordinance and for a recommendation to the council.

Connor said the firm would use property in the railroad's west Tawas yard 12 months a year for loading and processing facilities to ship packaged firewood. He said that the firm's business would reach a peak during the winter months and that it was essential to provide the yardmaster with a heated office.

The firm's top executive said that approximately five men would be employed in the yard, all of whom would be hired from the Tawas area, with the exception of one supervisor.

In addition to packaged firewood, Connor said the firm is preparing to manufacture a pressed hardwood block for use in backyard barbecuing. This would require a light manufacturing building and permanent office facilities.

Should a convenient site in the Industrial Park be available, Connor said the firm would remove the field office from the D&M yard and the yardmaster would operate out of the permanent office. Approximately 20 persons would be employed in the pressed hardwood business 12 months a year.

Connor said his firm was a small, new corporation. "Based on sales response in the metropolitan markets we are serving throughout the 1974-1975 season, our market people have advised me that we must anticipate producing over 100,000 cords per year within the next two years."

Although he said he was slightly skeptical over the report, "if our marketing people are correct, somewhat over 200 Tawas area people would be involved in cutting, harvesting and packaging, as well as transporting and hauling," stated Connor.

He stated the firm desires to permanently establish its field headquarters in Tawas City, with executive and sales office at Detroit.

At the present time the railroad siding at the foot of Seventh

Avenue is utilized by area producers for loading railcars with pulpwood.

## State Police Investigations Are Listed

Michigan State Police from East Tawas reported only one minor personal injury traffic accident last week, but officers investigated 11 breakings and enterings and six larceny complaints.

Patrick J. Krause, 18, Detroit, was treated Wednesday at Tawas Hospital for a leg injury sustained when he was struck while riding his motorcycle on US-23 in Tawas City.

All six larceny complaints were at Tawas Point State Park, where a quantity of fishing equipment, portable gasoline stoves and coolers were stolen from campers. Entering complaints were Fred S. Chmurick of Birch Run, George Kitch of Swartz Creek, Charles Parke of Southgate, John Himmler of Ohio, Larry Chinery of Saginaw and Moss Per of Pontiac.

George Barrier of Howell, who owns a cabin near South Branch, reported Wednesday that a quantity of clothing, bedding and a television had been stolen from his cabin. A cottage owned by a neighbor had also been entered.

Two breakings and enterings were reported in the area near the East Branch of the AuGres River north of M-55. A cabin owned by Kenneth Siof of Detroit, located at the end of Imperial Drive, was entered. A shotgun and a saw were stolen from a cabin owned by Donald Hedley of Unionville, located on Pioneer Street.

William Klenow of East Tawas reported August 31 that someone had entered his house at East Tawas and took a quantity of money and a .32 caliber revolver. The prowler then drove off in Klenow's 1967 Cadillac, which had been parked in the garage. The complaint is being investigated by the East Tawas Police Department.

Burglaries were reported at two cabins and a house trailer in the Glennie area near the Iosco-Alcona line. Two cabins on Healey Road entered were owned by Clara Oliver and Jerry Mullins. The house trailer was owned by Mrs. Joseph Jurkiewicz.

Burglaries were reported at two hunting camps. Miscellaneous kitchen utensils are missing from a cabin owned by Willard Small in Baldwin Township. A quantity of fishing equipment, bedding and a shotgun was taken from a cabin owned by George Briggs of Ortonville and located in Plainfield Township.

A SIX-MEMBER TEAM of skindivers from the Iosco Sheriff's Department searched the Tawas River for two days last week in an effort to find a man, who had been missing since August 26 and was last seen fishing along the river bank. The search was called to a halt Friday when relatives located the missing man at Flint.—Tawas Herald Photo.

JERRY P. YOUNGS, new assistant principal at Tawas Area High School, is shown at right registering students for the start of the fall term.

FACULTY and administration of Tawas Area School held an orientation meeting Tuesday morning at the East Tawas Elementary Unit. New high school teachers this term from left are Sandra Helms, librarian; Marsha Hyatt, home economics; Thomas Rykalski, business education; Michael Viele, physical education; Virginia Sloan, English; Daniel Bergh, vocal music; Prudence Welsh, home economics.—Tawas Herald Photo.

NEW MIDDLE SCHOOL teachers from left include John Bradke, social studies; Carl Brien, instrumental music; Corinne Talbot, language arts; Marilyn Barry, mathematics; Catherine Butch, language arts.—Tawas Herald Photo.

FOUR NEW TEACHERS in the elementary grades from left include Jane Robertson, reading; Patricia Casey, music and high school coaching; Larry Valentine, fourth grade; William Deckett, second grade.—Tawas Herald Photo.

## 7 Burglaries, Vandalism and Larcenies Kept Officers Busy

Seven burglaries, a larceny, four vandalism complaints and three personal injury accidents involving motorbike operators were investigated during the past week by the Iosco Sheriff's Department.

Bernard A. Kandt, 19, Mt. Clemens, was treated Sunday at Tawas Hospital after sustaining injuries when he lost control of his motorbike on a trail near Old Orchard Park, Oscoda Township.

Joseph F. Perry, 58, was treated Friday at Tawas Hospital when his motorbike collided with two deer which crossed Brooks Road. The operator sustained injuries to his left leg.

David K. Pierce, 30, Flint, was treated Friday at Tawas Hospital for an injured left shoulder. He lost control of his motorbike and spilled on a sand trail near Rollways Campground.

Victor Stadnika, Saginaw, reported Sunday that a hunting bow and fishing tackle were missing following a breaking and entering at his cabin located at 236 River Drive off Carpenter Road, Grant Township. Another cabin in the same area, owner unknown by police, was also entered.

Burglaries were also investigated at Whittemore Shell Station, a hunting cabin in Sherman Township owned by Alex Branzi of Troy, a cottage on Wickert Road in Plainfield Township, owned by Mrs. Lloyd Berrier of Howell and a hunting camp in Plainfield Township owned by William Borosch of Tawas City. The Borosch cabin was left a shambles.

Vandalism complaints were entered by Mrs. Rollie Gackstetter, 615 Fourth Street, Tawas City, a slashed tent; Steven Hitch, East Tawas, who reported that someone had cut a hose on the radiator of his car while it was parked at Tawas Area High School; Fred Brooks, Brooks Auto Parts, Tawas City, reported that an air horn and mirror had been ripped off his truck at the scrap metal yard; a neon sign was smashed sometime Saturday night at Strauer's Market, M-55.

Officers investigated an attempted burglary Thursday at Brooks Grocery, South Branch. The back door of the building had been pried open.

Theft of 400 gallons of fuel oil from a cabin on Townline Road owned by Harold L. Gerlach of Warren was reported Saturday.

## Clearing River of Trees Can be Enforced by Ordinance

Authority to adopt an ordinance to require riparian owners along the Tawas River to remove trees which fall into the stream is apparently permissible under the city's home rule charter, according to the Michigan Department of Natural Resources.

M. C. Nielsen, chief of the DNR's submerged lands management section, said that state permission for such tree removal would not be required.

"It should be clear, however, that our position is qualified on the premise that, in removing such trees, there would be no dredging,

filling or other changes of the bottomlands or shoreline of the river," said Nielsen.

The spokesman for the submerged lands management section, which is responsible for the administration of the Inland Lakes and Streams Act of 1972, said the division would be happy to receive a copy of the proposed ordinance for further review and comment.

Need for removal of trees which have fallen into the river and obstruct the flow and recreational use was pointed out recently to the council by Robert Jones, co-chairman of the Tawas River Canoe Race.

The race committee has removed a number of trees from the stream, but other trees remaining in the water are a hazard to canoeists and boaters.

In other business Tuesday night, the council adopted a resolution stating it had no objection to the transfer of ownership of a 12-month resort C and SDM liquor license from Horace (Jim) Hilbert to Walter W. Schultz of Armada. Sale of Tawas Lanes and lounge from Hilbert to Schultz is pending favorable action by the state liquor control commission on the transfer of the license.

A public hearing was held on proposed amendments to the city's zoning ordinance.

On recommendation of the planning commission, the council adopted a resolution starting proceedings to change zoning from residential to business on property located at the corner of German Street and M-55. The site would be the location for a new dental office for Thomas A. Dawson, D. D. S.

## Registration Starts for HS Completion

Registration for the adult high school completion program is now open and will remain open until the third week of September. The classes will begin the week of September 16.

Classes will be offered in the evenings from 7 to 10 o'clock during the week. There will also be a class or two offered in the afternoon from 12:30 to 3:30 o'clock. The classes meet for two 15-week semesters. The second semester will be a continuation from the first semester and will start the last week of January.

Each class that is taken during the semester is worth one-half credit toward a high school diploma. It is possible to earn a total of four credits a year in the evening program. It is also possible to earn additional credits by work experience, courses completed in other approved high schools, courses completed during military service, courses completed in trade or business schools, successful completion of the GED test, registered trade apprenticeship programs, extensive travel or similar broadening educational experience.

There is no charge for the adult high school classes as long as the individual is working toward a high school diploma. Veterans of

the armed services and graduates under the age of 20 as of September 1 may also take the classes free of charge. People with high school diplomas may also take these classes for \$15 per class. In a few classes, there will be a fee charged for supplies and materials used.

Any veteran discharged since February 1955 is eligible to receive four academic years of high school completion benefits without having it deducted from his postsecondary educational benefits. Veterans who enroll in the high school completion program are eligible for money from \$220 up to \$300 a month, depending on the number of dependents they have.

Classes that will tentatively be offered are: Welding, English, United States government, United States history, typing I and II, leathercraft and arts, office practice, shorthand, reading, writing, consumer education, ceramics, science, bookkeeping, drawing and painting.

To register or if one wishes more information, call the community education office (362-6127 extension No. 5) at Tawas Area High School, or go to the high school and see Gene Gerber. Registration hours are from 9:00 a. m. to 9:00 p. m.

I pledge allegiance to the flag of the United States of America and to the republic for which it stands; one nation, under God, indivisible with liberty and justice for all.

**TODAY'S Meditation**

from The World's Most Widely Used Devotional Guide

(Read Luke 24:1-11)

Within the hour they were on their way back to Jerusalem, where the 11 disciples and other followers of Jesus greeted them with these words, "The Lord has really risen! He appeared to Peter!" (Luke 24:33-34)

One of the most meaningful experiences of my life was a recent trip to the Holy Land. A high point of the trip was a visit to the Garden tomb. The garden was exactly as I had pictured it.

We climbed up a rocky path to Calvary. We stood there with thoughts of the crucifixion flooding our minds.

A few steps down a flower-bor-

dered walk brought us to the tomb. The glory of the resurrection was more real than ever to me. Such a short distance from the sorrow and rejection of the cross to the glorious experience of the resurrection!

Over and over our guide emphasized that the exact places where Jesus was crucified and briefly entombed are unknown. The important fact is that He died for you and for me and that He is alive and among us today.

**PRAYER**

Our Father, we ask that the spirit of the resurrected Christ live in and through us. Amen.

**THOUGHT FOR THE DAY**  
More important than where Jesus died and was buried is the fact that He is alive.—Jane I. Shirah, Columbus, Georgia.

**'Sideliners' to be Honored by OES**

Iosco Chapter No. 71, Order of the Eastern Star, will honor the "sideliners" at the regular meeting Thursday, September 5, 8:00 p. m., at the Masonic Temple, Tawas City.

**TC Garden Club's Flower Show Set Saturday**

Members of Tawas City Garden Club are reminded of the club's flower show Saturday, September 7, 1:00 p. m., at the American Legion Hall, Tawas City. A pot-luck salad luncheon is to be served.

Mrs. Everett Wolfen will be guest speaker. Members of the social committee will act as hostesses. Guests are welcome, but the program is closed to the general public.

**ET Garden Club Schedules Guest Night September 9**

Guest night for husbands of East Tawas Garden Club members will commence with a catered dinner Monday, September 9, 6:30 p. m., at the Tawas United Methodist Church fellowship hall, East Tawas.

**Reno News**

Mr. and Mrs. Will Waters had the following guests last week: Her niece and husband, Mr. and Mrs. John Corbin of Grosse Pointe Woods; her father, Fred Latter; Mr. and Mrs. Chester R. Smith from Flint.

Mr. and Mrs. Richard Samson and son, Richard, and family from Taylor left Friday for Sault Ste. Marie and enjoyed the holidays with his son, Gerald, and family. Their son, Dale of Bay City, cared for the livestock during their absence.

Mr. and Mrs. Lionel Wesenick spent several days at their home and attended the Seafert reunion at Burling Township Hall last Sunday.

Monday, Mr. and Mrs. Cordell Green of Twining visited with his sister, Agnes Harsch. Mrs. Harsch's great granddaughter, Letha Johnson of Montrose, has spent the past week with her.

**About PEOPLE YOU KNOW**

**Tawas City**

Tuesday, Mrs. Frances Hill and Mrs. Marie Smith were business visitors in Midland.

Mr. and Mrs. Howard Blust of Lansing spent the Labor Day week-end with her mother, Mrs. Lydia Galliker, and her brother, Herbert Galliker. Herbert just returned from a three-week trip to California.

Mrs. Grace Murray and the Rev. Fr. Francis Murray of Free-land called on friends in the city a few days last week.

Mr. and Mrs. Clyde Sheeks, Mr. and Mrs. George Sheeks and child, Mr. and Mrs. Adam Liss, all of Ypsilanti, and the William Millers of Ft. Wayne, Indiana, spent the Labor Day week-end with their mother, Mrs. Frances Sheeks.

Mr. and Mrs. William Unke and son, Walter, of Bay City spent the Labor Day week-end with her grandmother, Mrs. A. G. Mallon.

Mrs. Frances Rickard and daughter, Iris, of Detroit are visiting their aunts, Mrs. Marie Bellon and Mrs. Lydia Galliker, a few days this week.

Mr. and Mrs. Robert Werth and daughters, Melanie and Lynda, participated in the annual Labor Day walk across the Mackinac Bridge.

Last week, Mr. and Mrs. David Baker, Mr. and Mrs. Kenneth Baker spent a couple of days at Sandusky, Ohio.

Mr. and Mrs. Merritt Garnett and three grandchildren of Pontiac were guests of Mrs. Garnett's mother, Mrs. Frances Hill, Monday.

**Melvor News**

Tuesday evening, Mrs. Dale Wood and Mrs. Clyde Wood were hostesses for a bridal shower in honor of Miss Dorothy Samson, the bride-to-be of Robert Allen. Games were enjoyed. The honored guest received many lovely gifts. The hostesses served refreshments.

Mrs. Della Youngs and Lloyd Katterman visited Mr. and Mrs. Herbert Schroeder Saturday evening.

Mr. and Mrs. James Harten and son, Roger, of M-55 spent Sunday afternoon with Mr. and Mrs. Arthur Ranger.

Robert Chinavare and daughter of Frankenmuth enjoyed the week-end with Raymond Norrington at his trailer home here.

Mr. and Mrs. Al Gehringer of Pontiac spent last week at the Herbert Schroeder home. They visited Mr. and Mrs. Gary Youngs and son, Michael, Wednesday at Wagner Lake campground. The Youngs family camped there for a week.

Mr. and Mrs. Arthur Ranger spent Monday and Tuesday in Flint with their daughter, Mrs. Dennis Viele, and family.

Last week, Mr. and Mrs. Floyd Pierson and sons camped in Canada.

Mr. and Mrs. Arthur Ranger visited the Gerald Jordan family Thursday evening.

**East Tawas**

Mrs. Alice Walters has returned home after visiting her sister, Mrs. Georgina Goff, at Cass City last week.

Mr. and Mrs. Jack Miller and his mother, Mrs. Robert Danford, enjoyed the Algoma train trip over the week-end.

Mr. and Mrs. James Taylor of Greenville called on Mr. and Mrs. E. John Moffatt Tuesday.

Mrs. Marian Small has returned home after spending the week-end with relatives in LeRoy.

Week-end guests of Mr. and Mrs. John Sass were their daughter and husband, Mr. and Mrs. Raymond Prager (nee Geraldine Ann Sass) of Southfield. The couple was married in St. Bedes Church in Southfield Saturday, August 2. Other guests in the Sass home over the week-end were Mr. and Mrs. James Roti of Detroit and Mr. and Mrs. Craig Wilkins of Mt. Pleasant.

Miss Ellen North of Detroit spent the holiday week-end with her grandmother, Mrs. Melton Pringle.

Mrs. Robert Jones and sons, Brian and Blair, have returned to their home in Saginaw after spending several days with the boys' grandmother, Mrs. Ted McArdle, and Mr. McArdle.

Mrs. Helen Neimala of Detroit was a holiday week-end guest of Mr. and Mrs. Fred Johnson.

Michael Sass has returned to his home in Jacksonville, Florida, after spending several weeks with his parents, Mr. and Mrs. John Sass.

Sunday callers at the home of Mr. and Mrs. Ted McArdle were her cousins, Mrs. Clifford Davis and Mrs. Kenneth Hepner of Detroit.

Mr. and Mrs. David Starling and children planned to leave the fore part of the week for their home in Lake Wales, Florida. Mrs. Starling and family, who have spent the summer here with her mother, Mrs. Ruth Stump, were joined by her husband for a brief vacation.

**Now kids can find it in their own Funk & Wagnalls**

**YOUNG STUDENTS ENCYCLOPEDIA**

After 60 years of making encyclopedias for adults, Funk & Wagnalls has learned enough to make one for children. It's called the Young Students Encyclopedia. And it's designed to do something more than just get them through the next homework assignment—to make them want to learn on their own. Instead of burdening your children with tons of forgettable detail, it appeals to their native curiosity. The article on Airplanes, for example, illustrates an experiment children can perform at home showing how things fly. There are hundreds of other drawings, games, and puzzles that not only teach but provoke, involve and entertain in the process. In other words, it's an encyclopedia children will actually use. They'll also use it a long time. It's designed to be simple enough for children just learning to read, and comprehensive enough to be used until they're ready for an adult encyclopedia. Another nice point about the Young Students Encyclopedia: it's intended exclusively to help children, but it helps grown-ups too. First, it's easy on your budget. Since it's sold direct to you through us, you can buy the complete 20-volume set for only \$36.20. The introductory price of the first volume is only twenty-nine cents. Second, it helps prevent you from doing what you shouldn't be doing anyway—your children's homework. It provides the answers; you just provide the encouragement. So, instead of just shopping for things to nourish growing bodies, come in and pick up a Young Students Encyclopedia, —nourish their minds as well.

### SATISFACTION GUARANTEED

Compare the leanness and careful trim of this beef with any "bargain beef" in this area. We know you'll be pleased. As with everything we sell at Kroger, we guarantee your complete satisfaction or your item will be replaced or your money refunded.

### KROGER "PEOPLE'S CHOICE" U.S.D.A. CHOICE BEEF

Whenever you want uniformly superb flavor and juicy-rich tenderness in beef, insist on People's Choice U.S. Gov't Graded Choice Beef - a Kroger exclusive. Not only does People's Choice Beef meet rigid U.S. Department of Agriculture standards for USDA CHOICE quality... it also meets Kroger's own quality criteria for beef excellence. All People's Choice Beef is from grain-fed cattle - your assurance that it will be deliciously tasty and exceptionally tender. All People's Choice Beef is government inspected for wholesomeness. All People's Choice Beef is triple-trimmed of excess fat, bone and waste for outstanding value. All People's Choice Beef is sold with an unconditional replacement or money-back guarantee of total satisfaction.

## YOUR KROGER MINI-MIZER PROVES YOU SAVE EVERYDAY!

COACHING STAFF of Hale Area School looks over the crop of returning letter winners prior to the start of the 1974 football season. Kneeling from left are Nolan Wells, Tyson Shellenbarger, Tim Millard, Pat Skinner, Russ Louks, Clay Gibbs. Standing from left are Head Coach Vern Reed, Coach Tom Marr, Coach Don Dorcay, Tray Pearsall, Bill Bernard, Ron Cooper, George Webb, Dan Bernard, Ray Conn, another letter winner, was not present for the picture.—Tawas Herald Photo.

## Returning Lettermen Hope to Better Eagles' Record

Hale Area Eagles open their 1974 football season Friday night by playing host to Lake City. The Eagles, who were pounded unmercifully last fall by opposing teams, are looking for revenge.

With 12 returning lettermen from a squad which suffered a winless season in 1973, Coach Vern Reed said during a practice session last Thursday night that he did not expect a repeat of last year's record. "The kids have been working hard since the start of practice sessions and we have 26 candidates for the varsity squad and 31 players are listed on the junior varsity. We hope to have a few surprises," said Reed.

As evidenced by the number of returnees, last year's squad lacked

experience. Reed said it all depends now on how badly the team wants to come back and better its record. "It will take a team effort in any event," he stated.

Reed takes over again as head football coach after retirement from the football coaching job by Dale Purkey, who became athletic director. Reed had been head coach for a number of years at Hale prior to Purkey taking over the helm for an undefeated season two years ago.

Senior letter winners returning include Tyson Shellenbarger, offensive end and defensive halfback; Tim Millard, offensive tackle and defensive linebacker; Pat Skinner, offensive center and defensive lineman; Russ Louks, of-

fensive guard and defensive tackle; Ron Cooper, offensive halfback and defensive linebacker; George Webb, offensive halfback and defensive halfback; Dan Bernard, offensive fullback and defensive linebacker; Ray Conn, a lineman.

Junior letter winners include Nolan Wells, offensive center and defensive linebacker; Clay Gibbs, offensive end and defensive tackle; Tray Pearsall, quarterback and defensive safety. Bill Bernard lettered as a freshman and returns as an offensive fullback and defensive linebacker.

Other seniors on the squad include Ted Lesneski, middle guard and fullback; Steve Humphrey, tackle; Jim Bellville, offensive guard and defensive end; Bill Bielby, guard; Steve O'Meara, offensive and defensive halfback; Ralph Putnam, offensive end and defensive linebacker; Larry Bleeda, tackle.

Juniors on the squad are Dennis Myers, offensive halfback and defensive linebacker; Gary Baker, offensive and defensive end; Tim McCauley, offensive center and defensive tackle; Ron Lesneski, offensive halfback and defensive safety; Mick Bannister, quarterback and defensive halfback; Bob Hudson, offensive guard and defensive tackle; John Detroyer, offensive end and defensive linebacker.

Following the home opener with Lake City, the Eagles play September 13 at Whittemore - Prescott, play host to AuGres on September 20 for the homecoming game, Mt. Pleasant Sacred Heart plays at Hale on September 27, the Eagles travel to Posen on October 5, the Eagles travel to Atlanta on October 12, Arena Eastern plays at Hale on October 18, the Eagles travel to Mio on October 26 and Hale finishes out the season November 1 by hosting Hillman.

## Braves Open 1974 Grid Season Friday Night at Alcona

Tawas Area Braves, a team which provided local fans with one of the most exciting seasons in school history last fall, open the 1974 football season Friday night against the Alcona Tigers in a non-conference game. The game is to be played on the northern school's home field.

With 12 returning letter winners from last year's squad, which was a contender for the NBC title until the last week of the 1973 season, the Braves are expected to again be in the thick of the battle for the conference's top rung.

Traditionally a powerhouse on defense, plugging a couple of big gaps left through the graduation of John Pfeiffer and Greg Hackborg, offense is one of the big question marks to be answered as the season gets under way.

Offensively, the Braves stack up as a hard-running squad and the coaching staff is banking on this scoring threat to help unravel some of the defensive problems.

Returning for his senior year in the red and white will be Mark Elliott, last year's offensive mainstay, who received all-state honorable mention as a junior and is expected to be in the running for all-state honors in his last season of high school football. Elliott stands six feet, one inch, weighs 180 pounds and is a fast tailback. He is also battling for a starting position as a defensive linebacker.

Mickey Haglund returns for another season at the quarterback slot and has a year of experience under his belt. He will be vying with Earl Parsons, who moves up from the junior varsity, for the starting assignment.

Other letter winners from last year's squad include Tim Schirmer, 205-pound offensive and defensive tackle; Mark Hintz, 200-pound offensive and defensive tackle; John MacMurray, 235-pound center; Jeff Hemphill, 215-pound end.

Filling out the list of returnees are Randy Scales, 150-pound defensive back, and Mike Mooney, 150-pound split end.

Other seniors on the squad with experience are Dave Gracik, tackle; Jim Lansky, fullback; Doug Lippert, guard; Dennis Hughes, guard and linebacker.

Moving up from the junior varsity with Parsons are Mitch Lenczewski, Greg Gotcher, Mike Harvey, Gene Miller and Jeff Duvall, all halfbacks; Brad Potts, end; Glen Gracik, Harvey Herriman, Mike Nelson, linemen; Dave Gartland, linebacker; Jim Petrach and Kurt Seifert, defensive ends; Don Reed, defensive lineman; Randy Murphy, defensive end.

The 31-man squad will carry two sophomores this year, Nick Horger, a defensive tackle, and Brian Bradley, offensive center.

Two transfer students on the roster include Bob Rose of Essexville and Tim Shedenhelm of California. Coach Richard Look said Thursday that he believes the Braves will possess the finest all-around backfield in the conference with two excellent quarterbacks and four or five experienced running backs.

"Our strength will be on offense and we will be big up the middle of the line with two fine tackles and a center. We have some excellent pass receivers, but our guards and kickers are still question marks," he stated.

Defensively, the coach believes the squad is strong at the tackle slots and the same defensive backfield is around for another season, which adds experience. "We have to replace two 200-pounders on defense and right now four people, Elliott, Hughes, Gotcher and Gartland, are vying for our key line-backer spots," said Look.

Look said he has a lot of respect for Essexville Garber in the NBC, but quickly added that he expects all schools to field tough football squads this fall. He said he cannot forget that Pinconning upset Tawas in the second to the last game of the 1973 season after being defeated in conference play. The Braves finished out the season by losing to Essexville, which was crowned champion.

Following Alcona on the schedule, Tawas plays host to Harrison September 13, the Braves travel to Standish-Sterling Central on September 20; Gladwin is here on September 27, the Braves travel to Ogemaw on October 4, Oscoda is here October 11, Pinconning is here for the homecoming game on October 18, the Braves travel to Garber on October 25 and the season closes here with Carrollton on November 1.

Highlight of last year's season was when the Braves upset Ogemaw Heights before one of the largest crowds ever to witness a football game here. The Braves also had overtime games with Oscoda and Carrollton.

Varsity, junior varsity and freshman football teams will be publicly introduced at "meet the team" night Thursday, September 5, 8:00 p. m., at Tawas Area High School athletic field.

### Lower Hemlock

Mr. and Mrs. Billie Biggs of Bay City enjoyed last week-end with his parents, Mr. and Mrs. George Biggs.

Last week, Steve and Kitty Bouchard of Turner, Leonard Bouchard, the Joseph Bouchard, Vernon Beaubien and Kenneth Spencer families camped at Burt Lake.

Mr. and Mrs. Peter Ballinger of Detroit and Miss Sharon Ballinger of Cleveland, Ohio, visited several days with their parents, Mr. and Mrs. Irl Ballinger, and sister, Rebecca.

The Larry Frank family of Corunna spent the Labor Day week-end with his parents, Mr. and Mrs. Wilmer Frank, and her parents, Mr. and Mrs. Orville Strauer, Sunday, August 18, Mr. and Mrs. Charles Kobs visited her parents, Mr. and Mrs. Martin Musolf, at Bay City. Mrs. Esther Bouchard and Mrs. Mary Kobs accompanied them and visited the Richard Reinke family at Bay City.

Mr. and Mrs. Leo Warzynski of Sterling Heights and Nancy Garcia of Detroit were recent visitors at the Robert Curry home.

Mr. and Mrs. Bernard Lorenz of East Tawas were Tuesday visitors of Mrs. August Lorenz.

Stanley Brown of Tucson, Arizona, visited his sister, Mrs. Clare Herriman, and family last week.

Mr. and Mrs. Theodore Anschutz and Mrs. Nancy Hughes visited at the Edward Krumm home last week.

TAWAS AREA BRAVES are scheduled to open the fall football season Friday night when they meet the Alcona Tigers on the neighboring county school's home field. Coach Richard Look is shown with members of his squad during a practice session last week.—Tawas Herald Photo.

### Hospital Auxiliary Officers Installed

Sandra Neely, president of the East Central District of Hospital Auxiliaries, conducted installation of new officers for 1974-75 at the regular meeting of Tawas Hospital Auxiliary Tuesday, August 27, at Lakewood Shores Country Club, Oscoda.

New officers are Roma Lustig, president; Margaret Lesinski, vice president; June Buckmeier, recording secretary; Bernice Owens, corresponding secretary; Edna Nunn, treasurer. Mrs. Lustig called on Mrs. Neely, guest of honor, to make a few general comments on hospital auxiliaries in this district.

Hostesses for the day were Elsie Proper and Mrs. Lesinski. Decorations were provided by Dorothy Pointer and Lee Cater.

Next regular meeting will be Tuesday, September 24, with a potluck dinner at 7:30 p. m. in the hospital cafeteria. New officers will preside.

### Fall Planting Time for Iosco Cooperators

Red, Austrian and Scotch pine; Norway; blue and white spruce; white birch; black walnut; sugar maple; mountain ash; autumn olive, and beachgrass are being offered by the Iosco Soil Conservation District for fall planting.

Individuals interested in ordering are to call 362-2591 by Wednesday, September 18.

Planting projects may also qualify for "cost sharing." Contact your ASCS office in the Federal Building, East Tawas, or call 362-3842 for further information.

### Funeral Today for Eva McMahon

Funeral services will be conducted Wednesday (today), September 4, for Eva F. McMahon of East Tawas at St. Paul's Church, Grosse Pointe Farms. Burial will follow in Mt. Olivet Cemetery, Grosse Pointe Farms. Arrangements were handled by the Verheyden Funeral Home, Grosse Pointe Farms. Mrs. McMahon, an East Tawas resident for the past 25 years, passed away Sunday, September 1, in Detroit. Memorials may be made to the Michigan Cancer Foundation.

Survivors include one son, Thomas C. McMahon Jr., and a daughter, Mrs. Lee (Nancy) Janis, both of Detroit; eight grandchildren, and two great grandchildren.

## Lorraine Nunn Honored at Shower

Lorraine Nunn was the honored guest at a bridal shower Sunday afternoon, August 25, at the home of Mrs. Barbara Hush on Rifle Lake, Shady Shores. Hostesses for the occasion were Betty Mann and Jeanne Cross.

About 25 guests enjoyed a steak

barbecue dinner, including Lorraine's grandmother, Mrs. Edith Nunn, and her aunt, Mrs. Geraldine Clayton. Later, the guests enjoyed rides on the pontoon boat.

The guest of honor received many lovely gifts. She is the bride-elect of Greg Hush and the wedding date is September 14.

Mrs. Leon Brunson's half sister, Mrs. Ethel Coon of Grand Rapids, passed away August 21. Last week's report that she visited Mrs. Brunson was an error.

Mrs. Blanche Douglass spent several days camping and travel-

ing with her daughter's family, the William Millirons of Benzonia. They were at Calumet and Copper Harbor on their tour. Mrs. Douglass returned home on Tuesday.

Mrs. Bernice Randall, former Five Channel resident, was waiting for Mrs. Douglass to return. She spent two days visiting and driving in the area.

Mr. and Mrs. Leon Brunson were in Bay City Wednesday.

Mrs. Rosella Anderson attended a Karate Tournament in Saginaw. Her grandson, John Joseph Anderson of Lansing, was a participant. John has won a trophy in two events and has acquired 11 in 16 months of studying. Granddaughter, Becky Anderson, and her cousin, Denise Kimball, came home with Mrs. Anderson to Hale. Her daughter-in-law, Mrs. John Anderson, came on Thursday and the two girls returned home with her on Monday.

Mrs. Rosella Anderson's son, Telford, and his family stopped on Friday on their way to Alcona County Park, Glennie, and then returned for Sunday dinner.

Mrs. Delbert Hewitt attended a school of evangelism and the crusade of Evangelist Morris Cerrulo in Minneapolis, Minnesota, last week from Monday to Saturday and returned to Tri-City Airport where Mr. Hewitt met her.

Bruce Hewitt was hospitalized three days and returned home.

Hale United Methodist Church had its monthly family pot-luck on Tuesday evening with Alton Buck showing slides of his work at his mission base in Liberia, Africa.

Lucia Brindley was at Delta College on Monday to register for classes.

Mrs. Eugene Martin (nee Barbara Bissonette) was guest of honor at a pink and blue shower last week at St. Pius Catholic Church. Hostesses were Lucia Brindley and Mrs. Michael (Joan) Wisniewski.

Mr. and Mrs. Clarence Brindley received a telephone call from their daughter, Sharon, and her husband, Tony D'Angelo, from Boston, Massachusetts. They had arrived there from Japan where Tony was stationed for some time in the service.

Brian Thayer, son of Mrs. Dorothy Thayer and Leo Thayer, is recuperating from knee surgery in Pinedale, California.

Several families not included in the list of campers at Lake Racine, Canada, are the Martin Saunders, Mr. and Mrs. Douglas Powers, the Donald Goodrows, William Sobczaks, Wendall Scofield, Herbert Thayers, Leonard Thayers and the Paul Kaisers.

## Evans Furniture Names Winners

Winners of prizes selected Saturday evening, August 31, at the close of Evans Furniture Company's three-week wall-to-wall sale were James N. McCamley of East Tawas, first prize, gold chair and ottoman; Mrs. Lowell McArdle of East Tawas, second prize, two-piece set of ladies luggage; Jerry L. Blackmer of Au Gres, third prize, eight-piece set of cookware; Valerie Tudor of East Tawas, nine-piece canister set. Drawing the names was Maria Pintkowski of Tawas City.

## Sherman News

Mr. and Mrs. Stephen Lewicki and Mary Jo of Bay City spent from Tuesday through Sunday with her mother, Helen Smith.

Mrs. Harvey Smith was in West Branch Thursday.

Sympathy is extended to the family of G. Elmer Koehn, who passed away early Monday morning at the Midland Hospital. Many attended his funeral Thursday in Twining.

Mr. and Mrs. Theodore Anschutz of Tawas visited their daughter, Lillian Smith, Thursday evening.

The fish fry at the St. James Social Center Friday evening was a success. Many from here attended.

Mr. and Mrs. LeRoy Schlagel and Arlene of Flint, Mr. and Mrs. Robert Dickson and Sheila of Midland spent the week-end with their parents, the George Smiths.

Miss Karen St. James is spending a few days with her aunt and uncle, the William Bambergers.

Mr. and Mrs. Harold Hammond of Whittemore were callers at the George Smith home one day last week.

Mr. and Mrs. David Appler of East Tawas are parents of a son, Jacob Scott. Mrs. Appler is the former Sheryl Thornton.

Mrs. Charles Hohn and sons of Turner visited Mrs. Harvey Smith and family Tuesday evening.

## Iosco Audubon Sets Annual Meet.

Third annual meeting of Iosco Audubon Society will be held Thursday, September 12, 7:30 p. m., in the Tawas Area High School library.

Plans for the coming year's activities will be reviewed in addition to the hosting of the Michigan Audubon Society's spring campout at Camp Mahn-Go-Tah-See near Hale.

New officers for the coming year are to be elected at this meeting, after which the DNR picture, "White Throat," will be shown.

All members are urged to attend and anyone interested in conservation and wildlife is cordially invited.

## Jury Convicts Shoplifter

One of two women charged with shoplifting at two East Tawas business places was found guilty Wednesday by an Iosco Circuit Court jury.

Convicted on two counts of larceny was Gloria J. Stoudimire. A second woman, Charles Etta Cox, failed to appear in court on the charge and Judge Allan C. Miller issued a bench warrant for her arrest.

The two women had entered pleas of not guilty to larcenies at Sis's Dress Shop and Norman's.

On Tuesday, Robert E. Crowley was sentenced to 30 days in jail and assessed court costs of \$100 on his conviction of carrying a concealed weapon.

Joseph S. Kubisiak was sentenced to 90 days in jail on a charge of larceny. He had been arrested for violating terms of his probation.

## Spectacular Crash In Tawas City

FIVE PERSONS escaped injury Wednesday noon in a spectacular crash at the intersection of US-23 and Oak Street in Tawas City. Herman W. Ritchie, 65, Flint, with his wife, Gertrude, their granddaughter and great grandson were traveling south on the way home after vacationing near Harrisville. Ritchie was in the process of turning into the Clark service station when his 20-foot house trailer was struck from the rear by a tractor-trailer owned by Thunder Bay Manufacturing Corporation, Alpena. Bruce LaFleche, 23, driver, told investigating sheriff's department officers that he took his eyes off the road to shift into a lower gear and, when he looked up, he saw he was going to collide with the rear of the house trailer. He applied the brakes on the tractor, but the trailer was loaded with heavy iron castings and could not stop in time. The impact of the crash pulverized the house trailer and spun Ritchie's car around, striking a car owned by Kevin K. Boyat, 19, Mikado, which was parked at the intersection. Ritchie is shown in the lower photo with his family wondering how they ever escaped the crash without injury.—Tawas Herald Photos.

## Family Living Education

By HELEN MEACH  
Extension Home Economist

Playing Melon Roulette is the game melon-lovers play! It is true — selecting melons challenges the skill of even the most experienced shopper. Short of cutting the melon, there is no sure-fire formula for checking cantaloupe, casaba, crenshaw, Persian and honeydew melons for quality.

It is important to understand the difference between ripeness and maturity. Fruit should be mature before it is picked, but it may not be fully ripe. Ripe means that the fruit is ready to be eaten. Both mature and immature melons are hard when picked. Mature fruit will ripen, but immature fruit will not.

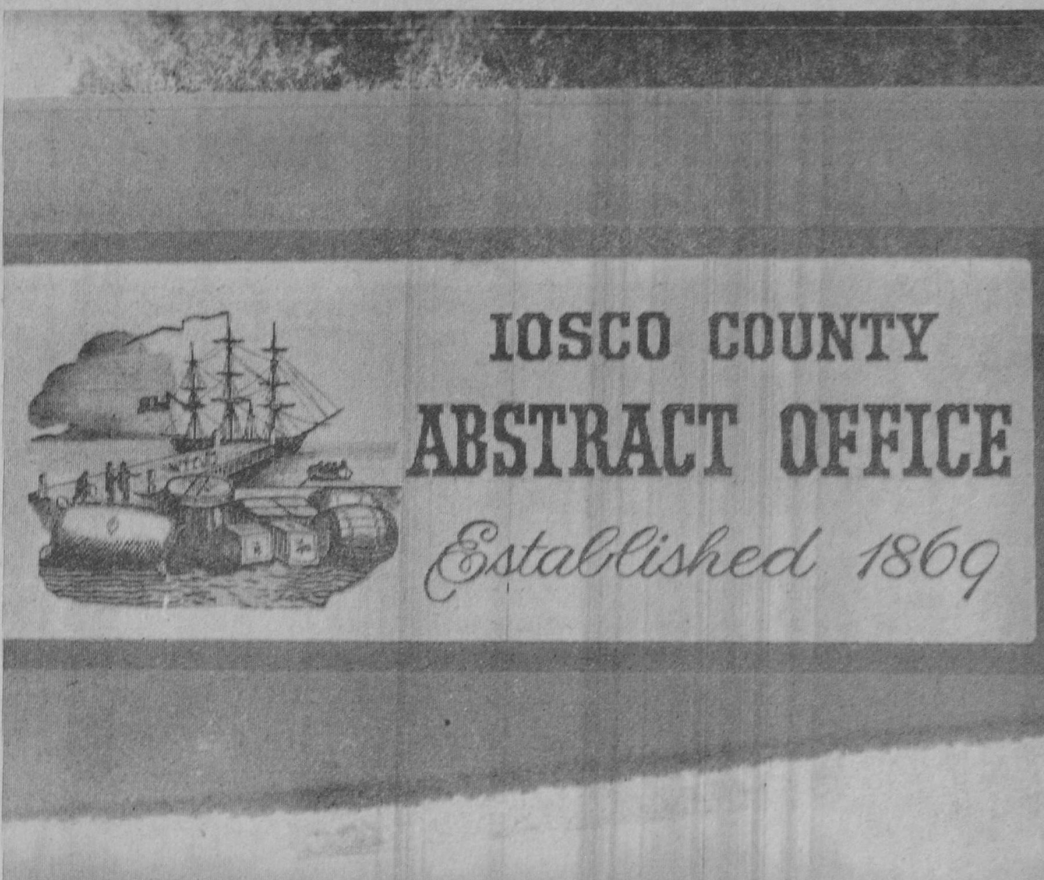

When picking out cantaloupe, look for signs of full maturity. The stem should be gone, leaving a smooth, symmetrical, shallow basin called a "full slip." If all or part of the stem base remains, or if the stem scar is jagged or torn, the melon is probably not fully mature. The netting or veining should be thick, coarse, corky and should stand out in bold relief over some parts of the surface.

Persian melons have finer netting and are harvested with the stems attached.

Both cantaloupe and Persian melons have yellowish buff or pale yellow "ground" color. Ripeness in these melons is indicated by a yellowish cast to the rind and a pleasant odor. If the blossom end yields to light thumb pressure, the fruit should be ripe. Often fruit in the

## Plan Reception

The Republican Women's Club of Iosco County will have a luncheon meeting Tuesday, September 10, at the Wabun. Final plans will be discussed for Rep. George Prescott's reception to be held September 15. For luncheon reservations call Mrs. Charles Rosenberg, 362-2159, or Mrs. Jerry Norwood, 362-6766, no later than September 9.

WORK WAS COMPLETED last week on a unique new sign painted on the east side of the Iosco Abstract Office in Tawas City. The oldest firm in the community, established in 1869, the sign has

a historical theme with the four-masted sailing schooner at left. The building is located only a short distance from the site of the former Prescott dock, which once provided facilities for such sailing ships.—Tawas Herald Photo.

## Wilber News

The Harold Cholger family and Mr. and Mrs. William Olsen recently attended the Humbert-Thompson wedding in Clarkston.

Mr. and Mrs. Irving Kuenzli went to Alpena Saturday and attended the funeral of Mrs. Kuenzli's sister.

The Kenneth Schmid family of Warren is enjoying a vacation here and entertaining friends.

Sunday, Mr. and Mrs. John Newberry, Mrs. Lula Alda and Mrs. Pearl Simmons visited the Clyde Simmons family at Whittemore.

Mr. and Mrs. Bertram Harris called on Mrs. Cleona Hyzer and the George Hyzers at Indian Lake Saturday night.

Mr. and Mrs. Daniel Corner of East Tawas visited the Allen Corners Sunday.

Thursday night, Mr. and Mrs. Andrew Anschuetz, the Allen Anschuetz family, Mrs. Frieda Cholger, Herman Fahselt and the Carlton Haglund family gathered at the Harold Cholger home for supper and birthday cake to celebrate Harold's birthday anniversary.

Mrs. Pearl Simmons returned home Tuesday night after spending a few days with her sister, Mrs. Lula Alda.

Mr. and Mrs. Howard Rempert returned Sunday night after enjoying a few days of vacationing in the Upper Peninsula.

Mr. and Mrs. Allen Corner visited at the George Dawes home Monday.

## Miller is Candidate for Supreme Court

Circuit Judge Allan C. Miller of East Tawas was nominated by the Republican State Convention held in Cobo Hall Saturday, August 25, as one of the candidates for the two posts to be filled at the November general election. Incumbent Justice John Fitzgerald was also nominated. Judge Miller has served the Counties of Alcona, Iosco and Osceola since 1959.

The last nominee from this area was Judge Herman Dehnke of Harrisville, now retired, who was nominated in 1947. The last person to be elected from this area was from the adjoining circuit, Justice Nelson Sharpe, who became chief justice, and served from 1919 to 1935. It was to Justice Sharpe that then Attorney Herman Dehnke made his application to free the Iosco County Board of Supervisors from the county jail where they had been lodged by the then Circuit Judge Widdis for failure to finance the county law library.

Judge Miller is the son of the late Sheriff Charles Miller who lost his life in the line of duty and Grace L. Miller, long time county treasurer. Both great grandparents were early settlers and farmers in Iosco County and local county roads, Carpenter Road and Miller Road, bear their names. Both

branches of the family will be recognized on the fall ballot as the judge's name will appear as Allan Carpenter Miller.

The nomination of Judge Miller for this high post is not only a recognition of his service to many counties of the state as a visiting judge on assignment of the court administrator, but also is an honor to Northeastern Michigan.

In commenting on his candidacy, Judge Miller stated: "Only one member of the present Supreme Court served as a general jurisdiction trial judge before becoming a justice of the Supreme Court. (Governor Swainson served as a circuit judge for a short time before being elected to the high court.) I believe that I can fill this void on the court."

## Iosco Extension Group Met at Keystone Lounge

Meeting of Iosco County Extension Council was preceded by a luncheon Tuesday, August 27, at Keystone Lounge, Whittemore.

During the business session, new officers elected for 1974-75 were Lillian White, chairman; Marie Pember, vice chairman; Frances Bendscheitel, secretary-treasurer; Edith Sherock, reporter.

Agnes Bodenhorn presented a report on her trip to college week at Michigan State University, East Lansing.

A holiday tea is being planned for December 5 at Hale. Speaker will be Helen Meach, extension home economist.

## Funeral Held for Stanley J. Daley

Funeral services for Stanley James Daley, infant son of Mr. and Mrs. James Daley (nee Beverly Kobs) of East Tawas, were held Thursday, August 29, at Moffatt-Kobs Funeral Home, East Tawas. The Rev. James Rockhoff officiated with burial in Memory Gardens Cemetery, Tawas City.

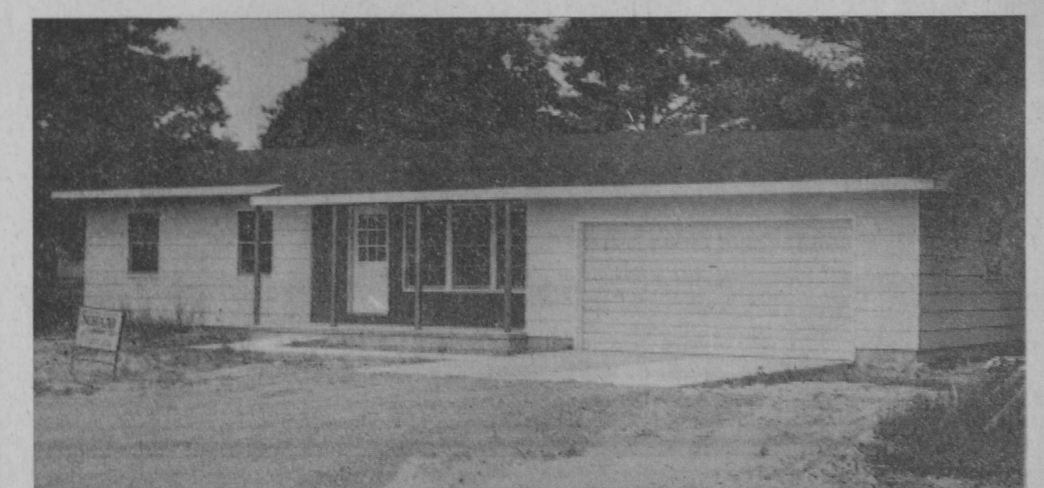

The child was born Tuesday, August 27, at Tawas Hospital. Other survivors are his sister, Jennifer at home; maternal grandparents, Mr. and Mrs. Otto Kobs of Escanaba; paternal grandparents, Mr. and Mrs. Lawrence Daley of East Tawas.

To Comfort Those who are Left Behind

# School Opens

ADMINISTRATORS and employees of Hale Area School were all smiles last week as they prepared for the 1974-75 term. The school's millage proposal received the endorsement of voters Monday to insure a full year of operation with a full program. Here, Richard Dodge, high school principal, and Mrs. Gilbert Follette, office secretary, are checking over instructional materials to be placed in classrooms before the opening of school this morning (Wednesday).—Tawas Herald Photo.

## Students Receiving SS Checks Should Report Earnings

Students 18 to 22 who receive social security should report their earnings and any changes in school enrollment, attendance or marital status to their social security offices, according to John Carr, social security district manager in Bay City.

If a student beneficiary leaves school or starts attending on a part-time basis, he needs to notify social security immediately. Either of these changes in his status as a student will stop his monthly benefits if he is 18 or over. However, a student's checks can continue during a vacation period of not more than four months if he was a full-time student before the vacation period started and he intends to return to full-time attendance after the vacation ends. If a student beneficiary changes schools, he should report his transfer to social security, and if a student gets married, he should get in touch with social security right away, since marriage stops a student's entitlement to the monthly payments.

A student's total yearly earnings

from jobs or self-employment can also affect his benefits, Carr said. Any student beneficiary in the area who expects to earn over \$2,400 this year should report this to social security. Otherwise, he might receive payments which would have to be paid back later.

A student's social security benefits for the year must be reduced by \$1 for every \$2 earned above \$2,000. No matter how much he earns in a year, though, he can get his check for any month in which he does not earn wages over \$200 and does not perform substantial services in self-employment. Carr said over 600,000 college, high school and trade school students between 18 and 22 receive monthly social security payments because a parent collects disability or retirement benefits or has died after working long enough under social security. A full-time student who has not earned an undergraduate degree can continue to get social security payments through the end of the semester or quarter in which he reaches 22. If the school does not use the semester or quarter system, payments can continue until he completes the course he is taking or for two months after the month he reaches 22, whichever comes first.

If you have questions regarding social security, contact the social security office at 1009 North Madison, Bay City, or phone 892-3554.

### LOOKING BACKWARD—

## Iosco Seeks Police Help From WAFB

15 Years Ago—

September 2, 1959—A committee from the Iosco Board of Supervisors is to visit the commanding officer of Wurtsmith Air Force Base to explore the possibility of securing additional manpower for police work in this county.

Tineke Feddema, 18, of the Netherlands arrived in Tawas City to spend a year with the Rev. and Mrs. C. E. Mercer under sponsorship of the Youth for Understanding program of the Michigan Council of Churches. She will be a senior at Tawas Area High School.

Charles "Paw Paw" Maxwell, popular left fielder for the Detroit Tigers, will head the 53rd annual Christmas Seal campaign.

An examination of budget expenditures for the various departments reveals that the Iosco Sheriff's Department will be without operating funds at the end of this month. The board of supervisors authorized the department to exceed its \$32,624 budget by \$3,000.

John L. Smith of East Tawas left for Buffalo, New York, where he has been transferred by National Gypsum Company.

25 Years Ago—

September 2, 1949—Of the 109 Michigan municipalities which have installed sewage disposal facilities, only 45 cities give adequate treatment to sewage. According to Jack VanCoeveering of the Detroit Free Press, both East Tawas and Tawas City are on the state's 45-city honor roll.

No matter how the Truman administration plays it, Gen. Douglas MacArthur is a tremendous public relations problem. The general has twice declined an invitation to appear before senate committees, the second refusal being in connection with a bid to come home and tell a probe group what he thinks about the Chinese situation. If President Truman orders the gen-

eral home, both the White House and the state department would be in a constant case of jitters over what the 69-year-old general might say in speeches throughout the country.

Tawas Area School Study Committee is to report soon on its recommendations following a study of local school systems. Stuart White is chairman.

Jess Shellenbarger of Hale is tearing down the old Livingstone barn and plans to build a house in its place.

Scout Spencer BeMent sold the first two tags to Mayor George Myles of Tawas City and Mayor Henry Klenow of East Tawas in a campaign for funds to build a scout club house at Tawas Point Boy Scout Camp.

35 Years Ago—

September 1, 1939—In a desperate effort to avert the holocaust of war which threatens to engulf Europe, President Roosevelt appealed directly to Chancellor Adolf Hitler of Germany and Pres. Ignace Mosciski of Poland to refrain from hostilities for a "reasonable and stipulated period" and attempt to settle differences.

New teachers this fall at Tawas City Public School are Miss Geraldine VanEenwyk, Miss B. Yeager and Miss Margaret Worden.

The Tawas City Library was moved to the Davison Building during the past week.

According to Russell A. Rollin, county school commissioner, Act 54 of the Public Acts of 1939 re-

quires an oath of allegiance of all teachers or holders of teachers certificates. These oaths must be taken before any justice, judge or clerk of any court of record.

A perfect throw by Owen Reid to cut down the tying run gave Turner a 6-5 win over Harrisville in the first game of a playoff series to break the three-way tie between Turner, Harrisville and Tawas City for first place in the American Division of the NEM. The last out started a free for all as the Harrisville runner wrapped his arm around the neck of Sztanyo, Turner catcher. Sztanyo, who happened to be sporting a caruncle and did not care to be necked, threw a handful of knuckles at the runner's jaw.

**Are you sure you're not wasting your car and money on home insurance?**

If car and home insurance seem like a big item in your budget, maybe it's because you're wasting money on the wrong kind or amount of coverage. Too little protection is just as wasteful as buying more protection than you actually need. That's where the professional advice of an independent agent can often save you plenty. In premium dollars—and future regrets. We are the independent representative of several insurance companies, which lets us pick the one company that has the best policy for you. So call us, or come in soon and let's talk over your present and future insurance needs.

**WELCOME  
TO  
TAWAS CITY ELEMENTARY**

STUDENTS attending the Tawas City Elementary Unit will enjoy decorations in the building's original wing when they return to classes this morning (Wednesday) for the start of the 1974-75 term. Members of the teaching staff have painted hallways with different animals and birds from storybook characters and from children's programs on television. The animals in the above picture welcome children at the entrance near the

building office. Catherine Grienke, kindergarten teacher, is shown at right working on the "Big Bird," which was taken from a popular television show and is being painted on the wall of her room. The original section, constructed over 25 years ago, has always proved to be a problem for the school, but a new coat of bright paint and the many animals decorating the walls and the corridors should make the rooms more pleasant.—Tawas Herald Photos.

**Study Possibility of Forming  
Elks Club in Tawas Area**

The possibility of establishing a lodge of the Benevolent and Protective Order of Elks in the Tawas area will be explored at a meeting Thursday, September 5, 7:30 p. m., at the American Legion Hall, Tawas City.

William J. Bailey of Midland, district deputy grand exalted ruler for the Elks' East Central District,

called the meeting after informal discussion with members of this area revealed a strong interest in having an Elks lodge here. Bailey stated that 89 members of various Elks lodges presently live in this area.

Order of Elks is the oldest and largest strictly American fraternity, according to Bailey. There are

over 2,100 lodges in the country and Michigan presently has 72. Neighboring lodges to the Tawas area include Alpena, Bay City, Houghton-Higgins and Midland. Total membership in the Order of Elks now exceeds 1,500,000.

Members of the order as well as non-Elks are welcome and invited to attend.

**Answer Questions  
On Social Security**

Question: I plan to apply for supplemental security income payments and I understand my life insurance will count as a resource. Does this include term insurance?

Answer: The cash surrender value of your life insurance will count as a resource if the total face value of all your life insurance policies on any one person is over \$1,500. Term insurance has no cash surrender value and is not considered as a resource.

Question: Since my husband is younger than I am, I decided to take social security benefits on my own work record when I was 62. Last month, my husband reached 65 and I started getting wife's payments on his record. I thought a wife got half of her husband's benefit, but my check is less than half. How come?

Answer: Generally, a wife gets half of the amount her husband gets at 65. Your check is reduced because you started getting benefits before 65. The reduced amount takes account of the longer period over which you will get social security payments.

Question: I came home from the hospital last week and my doctor told me he had arranged for me to get home health care. He said my medicare hospital insurance would pay for 100 home health visits. Does this mean I get 100 days of care?

Answer: Not necessarily. Medicare does not count home health care in "days" because you may not need home health services every day. Home health care is counted in "visits." Each time you receive a home health service it counts as one visit. In your case, each time someone comes to your home to give you covered care it counts as a visit. Twice in the same day counts as two visits.

Question: When I decided to go back to work, I hired a woman to do housework for me. I know I have to make a report to social security, so I have been keeping a record of her wages and deducting social security contributions ever since she started in April. When is this report due?

Answer: If you have paid your housekeeper \$50 or more in cash during the past calendar quarter, April through June, you should have sent the report of her wages and the social security contribution due on them to the Internal Revenue Service by July 31. If you do not have a copy of the wage report form, "Employer's Quarterly Tax Return for Household Employees (for Social Security)," you can get one at any Internal Revenue Service office.

If you have questions regarding social security, contact the social security office at 1009 North Madison, Bay City, or phone 892-3554.

**TO THE ELECTRIC CUSTOMERS OF CONSUMERS POWER COMPANY**

**NOTICE OF HEARING AFFECTING ELECTRIC RATES**

On July 8, 1974, Consumers Power Company filed an application with the Michigan Public Service Commission for authority to amend the fuel cost adjustment clause in its electric rates, M.P.S.C. No. 7—Electric, Case No. U-4621. Existing electric rate schedules contain fuel adjustment clauses which permit adjustments to those rates to reflect changes in the cost of fossil fuel burned in the Company's fossil fuel electric generating plants. The Company proposes to amend its electric rate schedules to permit recovery of the cost of purchased and net interchange power which the Company must purchase to meet its electric system requirements, as well as the cost of fossil fuel. In addition, the Company proposes to utilize a system of estimates based upon the most up-to-date actual costs of fossil fuel and purchased and net interchange power and the most up-to-date actual kWh sales data to calculate the fuel adjustment clause and thereby eliminate the two-month lag in recovery of costs under the Company's current clause.

The incorporation of the proposed amendment to the existing fuel cost adjustment clause, as set forth below, will cause the Company's electric rates to increase or decrease as the costs of fossil fuel and purchased and net interchange power increase or decrease:

The fossil fuel and purchased and net interchange cost adjustment shall consist of an increase or decrease in the cost per kWh, based on the difference between the estimated average cost per kWh of fossil fuel and purchased and net interchange power and 5.780 mills per kWh, rounded to the nearest 1,000th mill per kWh. The estimated average cost per kWh of fossil fuel and purchased and net interchange power included in this clause shall consist of the estimated calendar month delivered cost of fossil fuel burned plus the estimated calendar month cost of purchased and net interchange power, divided by the estimated billing month kWh sales. This adjustment shall apply to all kWh included in the customer's bill during the billing month in which the estimated calendar month's cost of fossil fuel and purchased and net interchange power is incurred. After the actual cost per kWh has been determined, any difference between the estimated and actual cost of fossil fuel and purchased and net interchange power per kWh of sales shall be included in the next estimated cost determination of this adjustment clause.

The Company represents that its earnings rate is appreciably less than that authorized by the Commission in its last electric rate case, Case No. U-4332. Applicant further represents that purchased and net interchange power contributes a substantially larger percentage of total electric system requirements than that utilized by the Commission in setting rate levels in that case and that the average cost per kWh of purchased and net interchange power is substantially higher than that utilized by the Commission in setting rate levels in that case. The Company further represents that the purchased and net interchange

power kWh requirements used as a basis for the relief requested in the application are not duplicative of the purchased and net interchange power kWh requirements used as a basis for the request for rate relief which it currently has pending before the Commission in Case No. U-4576.

Public hearings will be held on Consumers Power Company's application commencing at 9:00 a.m. on September 16 and 17, 1974, in the offices of the Commission, Law Building, Lansing, Michigan for the purpose of determining whether the authority sought should be granted.

Any person interested in the hearing, but not desiring to formally intervene, may attend and participate by making a position statement pursuant to the provisions of Rule 16 of the Commission's Rules of Practice and Procedure. Persons seeking to formally intervene as a party to the proceeding shall be required to strictly comply with Rule 11 of the Commission's Rules of Practice and Procedure by filing with the Michigan Public Service Commission, Law Building, Lansing, Michigan 48913, at least five (5) days prior to September 16, 1974 an original and twelve (12) copies of a petition to intervene, together with proof of service upon Consumers Power Company, General Attorney, Legal Department, Jackson, Michigan 49201.

Consumers Power Company, on or before September 16, 1974, shall serve upon each person seeking to formally intervene under Rule 11 of the Commission's Rules of Practice and Procedure a copy of its application and supporting direct testimony and exhibits as filed with the Commission, and proof of service shall be filed with the Commission on or before September 16, 1974.

Public hearings, if necessary, shall be held, in addition to the dates aforementioned, at such times and adjourned dates as shall be determined by the presiding officer until the matter has been fully heard.

Jurisdiction of the Commission in this matter is pursuant to 1909 PA 106, as amended, MCLA 460.551 et seq.; 1909 PA 300, as amended, MCLA 462.2 et seq.; 1919 PA 419, as amended, MCLA 460.51 et seq.; 1939 PA 3, as amended, MCLA 460.1 et seq.; Chapter 4 of 1969 PA 306, as amended, MCLA 24.201 et seq.; and the Rules of Practice and Procedure Before the Commission, 1954 Administrative Code, Supplement No. 54, R 460.11 et seq.

Copies of the application and supporting testimony and exhibits of Consumers Power Company are available for inspection in the offices of the Commission Secretary, 5th Floor, Law Building, Lansing, Michigan 48913, or at the office of the Secretary of Consumers Power Company, 212 West Michigan Avenue, Jackson, Michigan 49201 or at Consumers Power's division headquarters within its electric service area.

## NOTICE OF MORTGAGE SALE

WHEREAS default having been made in the conditions of a certain mortgage made by J. Douglas Beukema and Marilyn R. Beukema, his wife, (neither of whom are now in the armed forces of the United States), unto Conel Development, Inc., dated July 24, 1968, and recorded July 25, 1968, in Mortgage Liber 68, pages 552-553, in the office of the Register of Deeds for Iosco County, Michigan. Said mortgage was assigned to Citizens Commercial & Savings Bank, a Michigan banking corporation, by a certain assignment dated July 26, 1968, and recorded August 9, 1968, in Mortgage Liber 68, page 694, in the office of the Register of Deeds office for Iosco County, Michigan. And whereas the amount claimed to be due on said mortgage at the date of this notice is the sum of One Thousand Six Hundred Forty-Eight and 50/100 (\$1,648.50) Dollars for principal and the sum of Forty-Four and 72/100 (\$44.72) Dollars as interest due thereon, and the further sum of Fifty and no/100 (\$50.00) Dollars as attorney fees, that being the amount provided by statutes in force at the date of the said mortgage, and no suit or proceedings at law or in equity having been instituted to recover the debt secured by the said mortgage or any part thereof and default having occurred whereby the power of sale has become operative,

NOW THEREFORE by virtue of the power of sale contained in the said mortgage and pursuant to the statutes of the State of Michigan in such case made and provided, NOTICE IS HEREBY GIVEN that on Wednesday, the 18th day of September, A. D., 1974, at ten o'clock in the forenoon, at the front door of the Court House in the City of Tawas City, Iosco County, State of Michigan, that being the place where the Circuit Court for the County of Iosco is held, said mortgage will be foreclosed by a sale at public auction to the highest bidder of the premises described in the said mortgage for the purpose of paying the amount due as aforesaid, together with interest thereon from the date of this notice to the date of the sale, together with such taxes or insurance paid by the undersigned, pursuant to law and to the terms of the said mortgage with interest thereon, which premises are described in the said mortgage as follows:

Lot Number Three Hundred Thirty One (No. 331) of LAKEWOOD SHORES NUMBER FOUR (No. 4), according to the recorded plat thereof.

Township of Oscoda, County of Iosco, State of Michigan.

NOTICE IS FURTHER GIVEN that the right of redemption from said sale shall expire six (6) months from the date hereof. Dated: August 14, 1974.

Citizens Commercial & Savings Bank, a Michigan banking corporation, of Flint, Michigan.

# How Much Will My Taxes Increase?

Voters within the Iosco County Intermediate School District, which includes the Hale, Oscoda, Tawas and Whittemore-Prescott Area Schools, will be asked to vote on two propositions during the special Skill Center Election Monday, September 9.

One asks approval for the district to sell bonds to provide funds for construction of the Skill Center, and the other would ask for funds for operation of the Skill Center.

## For Construction

Total cost of construction, which includes site acquisition and equipping the Skill Center, has been placed at \$1.1-million. Of that amount, state and federal grants totaling \$950,000 have been approved, pending approval by voters of the Intermediate School District for bonding for the remaining \$150,000.

While the actual amount of taxes required to pay for bonds in the amount of \$150,000 over the 15 years called for in this election cannot be determined at this time, the amount will be very small.

Based on the present property valuations within the district and the interest limitation which has been placed on the bonds, the maximum cost to the taxpayer would be three cents per \$1,000 assessed valuation. For the homeowner whose home is worth \$20,000 and assessed for tax purposes at \$10,000, the cost would be 30 cents a year.

This amount would not be increased over the duration of the bonds, but could, and likely would, be reduced as valuation of the district increases.

## For Operation

Initial request for operation of the Skill Center for the first year will be 1.98 mills, \$1.98 per \$1,000 of assessed valuation.

For the home worth \$20,000 and assessed at \$10,000, cost for the first year for operation would be \$19.80.

This amount will not be increased, but by law must be reduced in future years.

By the beginning of the 1977-78 school year, start of the second year of operation of the Skill Center, the operational levy will, by law, be reduced to 85 cents per \$1,000 valuation, \$8.50 a year for the owner of the \$20,000 home. Best estimates at this time would place the levy for the second year at \$1.30 per \$1,000 assessed valuation.

Reasons for this reduction in operational taxes are the increased potential enrollment from the district and the increased participation by the state for operation of the Skill Center under the reimbursement formula.

Approval of both propositions in the Monday, September 9 election will cost the owner of the \$20,000 home, assessed at \$10,000, \$19.83 the first year, approximately \$13.03 the second year and approximately \$8.53 the third year for both operation and construction debt retirement.

# What Is the Future of the Iosco Area Skill Center?

Vocational-Technical Job Training has become increasingly important in all areas because of the increased technology at all levels of employment.

Iosco County has been one of the fastest growing in the state, and every indication is that the county will continue to grow at a rapid rate.

To keep pace with this growth, we will need comparable business and industrial expansion. And, these new businesses and industries and those which are expanding present operations will have a great need for a skilled, trained work force.

More than 70 per cent of our high school graduates do not go on to college, and they will need training in some skill which will afford them an opportunity to gain employment in the future.

Programs offered through the Iosco Area Skill Center will offer this

training to more than 600 high school juniors and seniors each year in job areas for which there is a present need and demand.

As this need and demand changes and grows with the growth of Iosco County, the skill center will play an even more important role in providing a skilled work force from and for this area.

For adults of the district who may find that their chosen field is no longer narrowed by the increased technology demanded today, the Skill Center will provide an opportunity to gain a new skill to increase earning potential and assure a more secure future.

Because the adult programs will be available during the evenings, adults will be able to continue in their present occupation, earning a living, but preparing to meet the increasing demands for great skills in the future.

## Where Will I Vote?

**Whittemore-Prescott High School**

**Hale Area High School**

**Tawas Area High School**

**Oscoda**

PRECINCT I—Cedar Lake Road Elementary School

PRECINCT II—Glennie Elementary School

PRECINCT III—Mikado Township Hall

Residents of the four local school districts which make up the Iosco Intermediate School District will vote on the Skill Center proposals at the same location in which they vote in a regular school election...

**Support Vocational Education**

**Vote September 9**

# Vocational Education Is Job Training!

## Support Vocational Education Vote September 9!

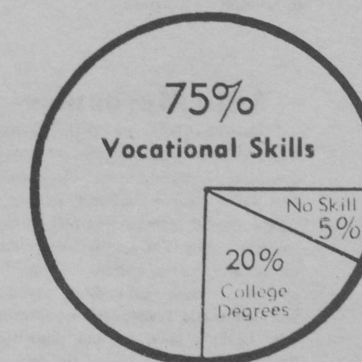

Through facilities and programs which will be available through the proposed Iosco County Area Skill Center, everyone, student, adult and senior citizen, will have an opportunity to turn interest and skills into meaningful, gainful employment, either through development of a basic skill for use in a chosen occupation or through learning a new skill which can be used to supplement present income or retirement income.

## Who Needs Job Training?

Between 70 and 75 per cent of the youth attending Iosco County's four high schools will require training in the vocational and technical skills which will be available at the proposed skill center if they are to compete fairly in the job market when they leave school.

Only 20 per cent of the jobs in the future will require college degrees and less than five per cent of the potential jobs in the future will be available to those with no job skills.

Of the 83 counties in Michigan, youth and adults in all but 22 have

facilities of a skill center available, from which they are able to learn skills from which they increase their opportunity for future security.

Selection of the proposed initial offerings for the skill center have been made after years of study, going back to first meetings in 1967, by the Intermediate School District staff and residents of your county working in the various areas in which vocational-technical education would be involved.

Additions and revisions of the offerings would be instituted to meet future needs of the community.

## Who Will Attend ...

During their junior and senior year, students from the four high schools in Iosco county who wish to take advantage of one of the programs of the job training available through the Iosco County Skill Center would divide their time between their high school and the skill center.

Approximately half of their time would be spent at the home high school in such subjects as English, math and social studies, and the other half of the day would be spent at the skill center, receiving job training under one of the programs.

This training would be available at no cost to the individual student of his family for either instruction or materials.

Adult programs, following the pattern of those available to students during the day, will be offered in the evening, also at no cost to those learning a second skill or increasing one which they have already attained.

Any resident of the Iosco Intermediate School District, through facilities available at the skill center, will have an opportunity to enhance their earning power through a new or greater skill proficiency.

Senior citizens will be able, through the varied programs which will be offered at the skill center, to turn leisure time into interesting experiences through new skills.

## Instructors will ...

The instructional staff at the Iosco County Skill Center will, for the most part, come from the community.

Persons already working in the area, experienced in the various programs which will be offered, will give to the students a combination of job training and experiences in that field in this community.

While some instructors may be college trained, many will have received their training on the job. Qualified mechanics will teach mechanics, experienced beauticians will teach cosmetology, cooks will teach cooking.

## New courses ...

Initial offerings for the Iosco County Skill Center have been selected after an intensive study, dating back to 1967, by a committee of the needs and interests of residents of Iosco County.

Recognizing that these needs and interests change, the programs at the Skill Center may also be revised to meet the new needs and interests.

The staff of the Skill Center will remain in close contact with the area employers, large and small, to assure that the center is keeping pace with the requirements of business and industry in the area.

# Iosco County's Skill Center Will Offer ...

## Agricultural Resources

Instruction is provided in a variety of areas dealing with floriculture, landscaping and gardening structures, and nursery production. Most business operations are a combination of two or more of these occupational trades. The students are exposed to learning experiences which are common understandings and skills needed in each of the above areas, such as; basic familiarity with plants and how they grow, identification of plants common to our area. Identification of common insects, diseases and weeds, soil preparation involving plowing, harrowing and cultivating, care of cuttings and seedlings in the greenhouse, cold frame, liner beds and nursery row; transplanted and potted plants; pruning, digging, balling and burlapping; care of plants in storage, plant maintenance including watering, fertilizing, mulching and spraying. In addition to these skills basic skills will be acquired in the area of tools and small engine maintenance and repair.

Special emphasis will be placed on chemical handling of insecticides and herbicides.

### Entry Occupations

1. Landscape construction
2. Pesticide applicator
3. Golf course greens keeper
4. Plant propagator
5. Greenhouse manager

## Auto Body Repair

In this course you will learn the basic principles of automobile body construction. You will become acquainted with the different types of automobile bodies, the way they are put together at the factory, and the best way to take them apart in the body shop so that repairs can be made properly. Since each auto maker uses some different methods of putting the auto body together you will want to know as much about auto body construction as possible if you are to use this knowledge later on in your career. You will learn how to use the special tools of the trade properly. You will use the body sanding machine, hydraulic straightening jacks, bumping hammers as well as welding torches for cutting, fitting, leading and heating the auto body for straightening. During this course you will concentrate on such parts of the auto as the hood, the trunk, doors and door hinges, eventually leading into complete repair and refinishing severely damaged automobile bodies.

### Entry Level Jobs.

1. Body Shop Expert
2. Insurance Claim Adjuster
3. Styling Designer
4. Auto painter
5. Shop estimator
6. Specialty repairman

## Auto Mechanics

Emphasis is placed on the development of a general automotive service mechanic prepared to enter the automotive field with a uniform degree of competency in maintenance and repair of the automobile. Training will be given in electrical systems, engine tune-up, fuel systems, engine rebuilding, standard and automatic transmission, differentials, brakes, steering and alignment. This program will give the student

automotive experience working on "live" vehicles in a service garage situation under instructor supervision. Modern up-to date testing equipment will be used to train students in methods of testing, checking, diagnosing and repairing malfunctions.

### Entry level jobs.

1. Automotive technicians
2. Mechanics helper
3. Apprentice mechanic
4. Dealership new car preparation

## Building Trades

Instruction in the building trades is provided through laboratory and classroom exercises in the Center and on the job site experience through the actual construction of a residence. The student shall receive training in each of the trade areas during his first year of the program. In his second year he may choose to specialize in one of four areas or continue in the broadly based residential building program.

### The Four Specialized Areas Are:

**Carpentry Phase** - Students learn to lay-out for the building, erect the wood framework, including sub-flooring, sheathing, partitions, floor joists, studding, rafters and roof. They install molding, wood paneling, cabinets, window sashes, door frames and doors and hardware, as well as build stairs and lay floors.

**Masonry** - The learner works in pouring and finishing many types of concrete construction jobs, such as finishing of patios, floors, sidewalks, pouring footings and foundation walls and building walls of natural or artificial stone.

**Electrical** - The student learns to layout, assemble, install and test electrical fixtures, the learner runs wire, installs outlets, switches, conduits. Control circuit breakers and lights according to blueprints and specifications.

**Plumbing** - Instruction is given in installing pipe system that carry water, steam, air or other liquid or gases. A variety of skills are taught such as leading, cutting and threading pipe, welding, soldering and brazing joints. These skills will be taught with the equipment found in the world of work and industry.

### Entry Occupations

1. Rough Carpenter
2. Materials Handler
3. Lumber Yard Salesman
4. Mason's Helper
5. Roofer
6. Dry Wall Installer
7. Factory Sales Representative

## Building Maintenance

Training is provided in the complete care of large industrial and other public buildings. The student involves himself in the study of sanitation, ventilation, electric codes, elevators, building safety, plumbing and heating systems, floor and wall care as well as the ability to read and interpret blueprints and selection of proper tools. Time is also devoted to ordering of supplies, good public relations will be stressed.

### Entry Occupations

1. Custodial supplies salesman
2. Custodian supervisor
3. Building repairman
4. Building and grounds supervisor

## Cosmetology

Training is provided to meet the guidelines established by the State Board of Cosmetology and Licensing by the State. Laboratory training and practical training in permanent waving, shampooing, facials, hair dressing, hair cutting, bleaching, tinting, scalp treatment, sanitation and solutions and in the use of electrical equipment. In addition to training in skills, students learn the fundamental management practice needed to operate their own shops.

Upon completion of this program and graduation from the local High School the student will be able to take the State Board exam for cosmetology and begin practice following passage of the examination.

### Occupation

1. Beauty operator
2. Beauty Supply Salesmen
3. Manufacturers Representative
4. Owner-Operator of Beauty Shop

## Distributive Education Retailing

During this course, you will explore the areas of buying and selling both retail and wholesale, as practiced by the successful merchant of today. Course instruction will involve purchasing by volume for the retail market warehousing practices, distribution of goods through various practice, distribution of goods through various outlets, sales promotion, market research, customer service and marketing management.

Included in this course will be discussions about textile and non-textile merchandise, fashions and merchandising practices, and the creation of store facilities for proper sale of products.

### Entry occupations

1. Purchasing Agent
2. Sales manager
3. Retail & Wholesale salesman
4. Advertising assistant
5. Personnel worker
6. Branch store manager

## Data Processing

The first year of the program covers the basic principles of data processing and is designed to serve as the initial training medium for students who want to acquire a working knowledge of the basic data processing machines. The course includes card design, operation of key punch, sorter, and unit record equipment. Students will also receive training in basic accounting, business and computer math, plus bookkeeping machine operation.

Instruction will be given using the IBM computer. Other instructional units include: Intermediate accounting, cost accounting, communications and job selection and interview techniques.

These added principles will be utilized to give the student the total concept of Data Processing.

### Entry Occupations

1. Computer operator
2. Key punch operator
3. Junior programmer

## Electronics & Appliance Repair

This course offers instruction in the fundamentals of electricity and electronics including series and parallel circuits, various units of electrical energy,

ity plus AC and DC current, transistors and vacuum tubes. It will develop vocational skills in the understanding of repair of radio, television (color and black and white) phonographs, stereos and tape recorders.

Specialized training will also be given in the area of appliance repair in which the student will learn the basic skill to maintain and repair major appliances found in the home.

### Entry Occupation

1. Radio & TV Repairman
2. Transmitter operator
3. Electronics service man
4. Radio technician
5. Appliance repair technician

## Graphic Arts

An introduction covers familiarity with a wide variety of jobs possible in the graphic arts industry, and a basic understanding of printing methods and related processes.

Areas that will be covered in the first course include job planning and layout, not metal composition, letterpress, cold composition, paste-up, continuous tone line and half tone photography and offset presswork. The development of technical skill will be stressed in each area.

The second year will include advanced offset presswork, ink, paper, color reproduction, management practices and job printing.

### Occupations

1. Pressman's helper
2. Photo shop worker
3. Darkroom assistant
4. Die Moulder
5. Plate maker
6. Vari-type operator
7. Shop salesman

## Machine trades

The student learns the operation of a variety of machine tools and hand tools to cut, drill, grind or otherwise form a piece of metal into a desired shape and size. The trainee is required to do this with a high degree of accuracy. The work done by machine operators falls into the categories of drilling, boring, turning (lathe), milling, planing and grinding. The student learns to plan and select proper tools and material, and to interpret blueprints and written specifications.

To achieve the precision required by the industry, students are taught the use of instruments such as scribers, micrometers, calipers, scales and gauges.

The training is designed as a pre-apprentice background leading to the skilled all-around machinist. Students with experience in machine shop will enter the program through this course and will be allowed to progress at their own rate following orientation into the programs.

### Occupations

1. Machine tool operator
2. Lathe operator
3. Drill press operator
4. Apprentice

## Quantity Food Preparation

The entire program is designed to give you a well rounded experience in large quantity food preparation. Other schematics and measurements of electrical current, basic knowledge of electric courses in this program include Meats and Vegetables preparation, baking, and food preparation manager. The

course will offer you the general theory behind commercial food preparation - preparing food in large quantities for serving to large groups of people. The emphasis in this course is on preparing food for actual luncheons and dinners at the Skill Center, short order, cooking, special ways to prepare foods, the proper use of kitchen equipment and understanding of good sanitation in the handling of foods will also be included in this course.

An introduction to welding principles and techniques in arc as well as oxy-acetylene welding. Constant welding practice in oxy-acetylene and electric arc welding in all positions, the study of electrodes, classifications of steels and weld symbols are included in this course. Advanced welding skills are studied and practiced such as pipe welding, Mig Welding (wire), tig welding (heliArc), heavy and light in vertical up position. Fabrication of steel into useful products is the main goal of this program. Included are, blue print reading and layout, hydraulic shear operation, power press break operation, welding and alignment.

### Extra Occupations

1. Metal handlers
2. Shear and power press operators
3. Heli-arc and structural sheet metal welders
4. Wire welders
5. Welding set-up men and welder maintenance

# Everyone Benefits From Vocational-Technical Training!

## STUDENTS

through facilities at the Iosco County Skill Center will gain valuable job training, with which they will be better able to obtain employment in the increasingly competitive and demanding world.

## ADULTS

presently living and working in Iosco County will be able to increase their job skills, or even learn a new, second skill through which they gain a means of earning needed extra income.

## SENIOR CITIZENS

through programs offered at the proposed skill center will be able to turn idle days into creative and interesting skills.

## EMPLOYERS

through facilities in the proposed skill center will be able to draw from a trained labor market, and will also be able to utilize facilities and instructional programs to increase skill levels or develop new skills in present employees.

## COMMUNITIES

because the youth will be able to learn skills from which they will be able to earn their living right here in Iosco County; skills which have been determined to be needed in Iosco County - learn and earn at home, rather than looking to the city for their training and employment.
