

Santa Claus Sets Area Visits

Numerous visits have been scheduled by Santa Claus prior to Christmas. He will be distributing candy to children during each visit.

Santa's first visit with children is Wednesday (today), 4:00-7:00 p. m. at the Dutch Kitchen Restaurant, Tawas City. The event is being sponsored by the Tawas Area Rotary Club.

The next visit will be Tuesday, December 16, 6:30 p. m., at Family Home Furnishings, East Tawas. He is to pay a return trip to that location Friday, December 19, 6:30 p. m.

Two visits are scheduled Thursday, December 18, in the Tawas. The East Tawas Fire Department will use one of its trucks to transport Santa to the East Tawas Community Building at 6:30 p. m.

The second visit, under sponsorship of the Tawas City Businessmen's Association, will be at the Tawas City City Hall, 6:30 p. m. Volunteer firemen are to have charge of the program.

Whittemore Chamber of Commerce is sponsoring two visits by Santa Saturday, December 20, the first at National City, 1:00 p. m., and at Whittemore, 2:00 p. m.

Election Controversy Still Boils

Both Sides at Fault, Says Jorgensen

A local hassle between city officials and a citizens group concerning alleged election irregularities November 4 still has not been resolved, despite a visit Monday by Robert Jorgensen, district elections specialist for the Michigan Department of State.

Jorgensen said Monday afternoon at the city hall that he expected to have a fact-finding meeting that day between city officials and aggrieved parties, who had sent a letter of protest to the elections division.

City Mgr. Reginald Bublitz stated that Jorgensen's request for a meeting had been received Thursday while he was at Bay City on city business. The city manager said Friday that he believed nothing could be gained by a confrontation between the two parties,

that he did not schedule the meeting and accepted all responsibility.

"I firmly believe that we would have not learned anything and nothing could have been accomplished at such a meeting even if Jorgensen would have acted as a mediator between the two parties," said Bublitz. He was of the opinion that the elections specialist should have conducted his fact-finding by interviewing persons signing the letter addressed to the elections division, then interviewed the local election board to make his determination.

"I am willing to bend in all ways possible to resolve this matter," said the city manager.

At the close of a meeting Monday afternoon with City Clerk Mary Byrd and Bublitz, Jorgensen said

he would try to arrange a meeting with Ald. Robert N. Rollin and members of the concerned citizens group signing the letter. That meeting had tentatively been scheduled for next Tuesday night.

During his comments Monday afternoon, Jorgensen said he could not endorse actions of the election board the night of November 4, but emphasized he had found nothing illegal which would have affected the outcome of the election. He expressed the opinion that "both sides were at fault," but he felt that the election officials should have "bent a little to avoid a confrontation with a group bent on embarrassing city hall."

Jorgensen noted that similar controversies between election officials and concerned citizens' groups existed in his district and

believed the local controversy could have been avoided had election officials used better judgment in a trying situation.

"Whether a door is locked or unlocked is immaterial at this point to those persons asked to leave the building when the polls were closed," said Jorgensen.

One of his recommendations was that the city consider establishment of three different polling places, rather than to handle elections at one location in the city hall. He said, too, that it was necessary to have an election chairman for each precinct, regardless of only one polling place is used.

He believed the present location had serious space limitations which added to the controversy election night. He said that a polling place for each precinct would

cost more money, but he believed it would help to eliminate the controversy.

The letter to the elections division protested that ready access was not given the public after closing of the polls and that counting of the ballots in the mayor's race was finished before the public was allowed in the city hall. The letter also protested a barrier distance of 15 to 20 feet between the counters and there was no access given the public to observe counting for one precinct held in a back room.

A recount held by the county canvassing board after the election found only a few minor errors in tabulating and confirmed the election of candidates announced after the election board completed its work November 4.

BAY PARK TOWER postponed its opening last week to Friday and Saturday of this week, when the first residents of the new high-rise apartment building for elderly persons will begin moving furniture and furnishings into the building. The architect of the project was scheduled

to make an inspection earlier this week at the building. Brian Wheelock, resident custodian, is shown at the Church Street entrance of the building, which is administered by the East Tawas Housing Administration. Mrs. Grace Warn is executive director.—Tawas Herald Photo.

Committee to Look at Sites for Proposed Iosco Skill Center

Board of education members and school administrators are to meet Saturday to inspect possible sites for a proposed Iosco County Intermediate School District vocational training center.

The committee, composed of one board member and one administrator from each of the county's four high school districts, was named December 1 at a joint meeting called by the intermediate district.

Selection of a site would be necessary before actually placing a millage proposal again before county voters. A second meeting is to be held January 26 to discuss finances necessary to construct and operate the building and a decision would probably be made at that time on the date for a millage election.

At the combined meeting December 1, school officials of the county voted there was a need for the vocational training center, which was twice rejected last year by voters.

Since that meeting, Tawas Area Board of Education has indicated by letter to the intermediate school district that it could not support the vocational

training center proposal at this time. The letter said that the district was currently studying its own construction needs for classrooms and that an operational millage would require renewal by voters next year. The local board said, however, that it endorsed the vocational training center concept.

A report from Cong. Philip A. Ruppe's office Friday stated that a \$250,000 Upper Great Lakes Regional Commission grant had been approved to aid in construction of the skill center. Application for an \$800,000 grant from the Department of Health, Education and Welfare is to be submitted as soon as an election date is established. It is expected that the grant would be approved as a commitment had been made for the two previous elections.

Remainder of the 1.4-million-dollar project would be financed by a 1.6-mill operational proposal being considered for voter approval by the intermediate district. After construction, the millage would be used for operation of the facility and this system of financing would eliminate the need for a bond issue.

County Commission Drops All Discussion on Property

Due to possible litigation in Lapeer County Probate Court concerning the John R. Rood property in this county, the Iosco County Board of Commissioners has stopped all local activities in regard to a study of the property for public utilization.

Marvin Davenport, county agent, had suggested forming a committee to study use of the property following a recent meeting with representatives of Michigan State

University, owner. A committee composed of county, township and 4-H Club representatives was to have worked through the county planning commission.

Joseph Fox, county commissioner, reported last week that he had received information that members of the Rood family were considering reopening of the matter in Lapeer County Probate Court. Litigation over the late University of Michigan law professor's will

had gone to the state supreme court before a settlement had been reached.

According to terms of the will, the 1,400 acres of farm and forest land in Iosco County became the property of Michigan State University, to be used for agricultural research and conservation. Arrangements had been made by the cooperative extension office and MSU for a study to be made to determine how the property might be used to benefit the public.

Several Units Lack Assessor

Tax Equalization Department to Offer Assessing Service

Iosco County Tax Equalization Department has been authorized by the county board of commissioners to perform assessing functions for local units without the service of an assessing officer.

The rate adopted by the county for this work is not to exceed \$3.50 per parcel.

This assessing service had been provided previously by the tax equalization department, but was

discontinued about two years ago due to lack of personnel in the department.

A number of local units are currently without the service of a state certified assessor and only last week the Tawas City Council authorized hiring of Ronald Turner as its assessing officer. It is expected that Turner will also serve as assessing officer for the City of East Tawas, which is currently

undergoing a complete reappraisal of property for tax purposes by Gem Surveys of St. Clair.

According to action by the county board of commissioners, the rate to be charged for the service by the tax equalization department is to be reviewed at the end of each calendar year and, if the actual cost is lower than the established rate, the total cost per local unit would be adjusted to reflect a lower rate.

File Damage Suit Against Railroad Over '73 Accident

Damages of \$350,000 are being sought in Iosco County Circuit Court against the Detroit and Mackinac Railway concerning an accident 26 months ago in which an 18-month-old child was killed.

Seeking the damages is Mrs. Molly Winchell, mother of Karen Sue Winchell, who was killed October 9, 1973, in a car-train crash on Turtle Road, 100 feet east of Kitchen Road, Sherman Township.

The petition, filed Thursday by attorneys for Mrs. Winchell, seeks \$250,000 for the death of the child plus \$100,000 for injuries sustained by the plaintiff.

The crash took place at a crossing when a car driven by Elmer M. Winchell, father of the victim, headed east on Turtle Road, collided with the rear portion of a D&M locomotive pulling a train of cars. Mrs. Winchell and another daughter, Kathy, four years of age at the time, were taken to Tawas Hospital. The father escaped serious injuries.

The petition claims that weeds and brush growing on the railroad right-of-way obscured the vision of Winchell so he could not see the train as he approached the crossing, that the train failed to give warning by horn or bell at the crossing and that no warning had been given at a previous crossing, as required by law.

The petition claims negligence on the part of the railroad, plus violation of state laws and rules of the Public Service Commission.

Due to the death of the child, the petition states the family was caused to suffer loss of her love and affection, companionship, family ties and further caused considerable mental and emotional anguish to family members.

In addition, the mother claims head and cervical injuries, fractured ribs, collapsed lung, a broken collar bone, loss of the joint of the ring finger of the left hand, pain, suffering, mental and emotional anguish.

CMU Coach Gave Inspiring Talk at Football Banquet

Characteristics which make for a winning football season—vision, determination, courage, hard work, sacrifice and, above all, concern for others—were attributes stressed by Roy Kramer, head coach at Central Michigan University, during Monday night's "football bust" honoring the Tawas Area Braves.

Kramer said that some of the same characteristics necessary in athletics were exemplified by the nation's forefathers when it was founded nearly 200 years ago. He declared that the greatness of the nation rests in its people and he challenged youngsters in attendance to carry lessons learned through football into adult life in order to accomplish dreams and ambition of the future.

One of the most popular and dynamic speakers on Michigan's "banquet circuit," the CMU coach has made 19 appearances in the Coca-Cola Golden Helmet Award from the Bay City Times as class B player of the year and the most valuable player award voted by

Sponsored by the Tawas Area Braves Booster Club, more than 200 persons attended the banquet held at the East Tawas Community Building.

Members of the Braves' varsity coaching staff, managers and cheerleaders were honored during the program and members of the varsity football squad received letters for the past football season.

The team finished the season with a record of eight wins and one loss, sharing the Northern B Conference championship with the Oscoda Owls.

Head Coach Dick Look was presented with a trophy by James Papefus, athletic director, in recognition of the naming of Look as regional class B coach of the year. Top individual award winner

was Mitch Lenczewski, senior half-back, who received the Reynold E. Mick plaque for his top scholastic point average of 3.25, the Coca-Cola Golden Helmet Award from the Bay City Times as class B player of the year and the most valuable player award voted by

his teammates. Lenczewski and Earl Parsons were elected honorary co-captains for the year.

The Douglas Evans memorial trophy was awarded to Dave Gartland, who best exemplified citizenship, dedication, scholarship and team loyalty; Brad Potts received the "gas can" award for demonstrating dedication, spirit and team leadership; Harvey Herriman was recognized as being the most improved player.

Special recognition was given to Greg Gotcher, Gartland, Potts, Don Reed and Lenczewski for being selected to all-conference first team positions, while Kurt Seifert, Herriman, Parsons and Mike Lear received honorable mention for all-conference.

The team was presented an award from WIOS-Radio for being the outstanding football team in the area for the second straight year. Each member of the squad was presented a trophy and team picture through sponsorship of area merchants.

(Read 1 Corinthians 1:18-25)

The foolishness of God is wiser than men. (1 Corinthians 1:25)

A child looks into a calculus book. Mystified by the strange symbols, he asks, "What is that?"

"Mathematics — arithmetic."

"No, it is not. I understand the arithmetic we do in school, but this is nonsense."

Too many people look at God the same way. They realize—so far, correctly—that the human mind cannot comprehend God's infinite nature. But thinking that, since the human mind cannot understand Him, God must be in some way contrary to logic, indeed is illogical. They can still use faith and believe in Him, but their faith is disarmed when the weapon of reason is taken off.

God is not illogical. Our minds cannot conceive God because they are not big enough, not because God is somehow contrary to the way they operate.

Faith does not mean admitting that our mind is powerless or unreliable. It does mean admitting that our mind is small and human but still able to receive some of God's truth.

PRAYER

Father, You created us in Your image. We think, act and love. Help us to use our natures, which are imperfect images of Your perfect nature, to Your greater glory. Amen.

THOUGHT FOR THE DAY

Faith sees beyond our mind's limitations.—Michael A. Coving, Athens, Georgia.

Arbitration Agreement May Solve Malpractice Ins. Crisis

A new state law adopted by the Michigan Legislature, aimed at solving the malpractice insurance crisis, becomes effective January 1.

Persons entering the hospital to be admitted or treated in the emergency room are to be offered an arbitration agreement which, if signed, would indicate agreement by the patient to arbitrate any unresolved health care problem arising from that particular emergency room visit or hospital stay.

M. Jerry Norwood, administrator of Tawas Hospital, said Friday that arbitration is a substitute for going to court to settle disputes. It is a procedure by which disputing parties have a three-person panel of arbitrators, rather than a judge or jury, to hear and make a final decision about the disagreement.

The law requires hospital personnel to offer the form, along with a booklet of explanation to all patients being admitted. The form may not be presented to patients

seeking emergency care until after treatment has been completed. This is to ensure that no patient would be denied treatment because he would not or could not sign the form.

Norwood emphasized that a patient need not sign the arbitration agreement, should he desire not to do so. If a person signs the agreement, he has 60 days to change his mind to revoke the agreement. After 60 days, the signature is binding and means the person agrees to arbitrate any unresolved health care disputes with the hospital.

"The Michigan Legislature passed this law in response to the malpractice insurance crisis," said Norwood. "By making arbitration available, disputes may be settled more quickly than by the court-jury system. Also, awards may include corrective or rehabilitative health care services, as well as lump sum payments."

The arbitration panel would be

composed of a lawyer, who would act as chairperson and have jurisdiction over prehearing procedures; a doctor or hospital administrator, and a layman. Arbitrators would be chosen from lists of the American Arbitration Association, which supplies arbitrators for a wide variety of disputes across the nation. Each party may be represented by an attorney, if desired.

Patient filing fees of \$200, as well as the cost of arbitrators, are paid by a fund administered by the commissioner of insurance. The arbitrators have authority to change these costs and, as in the court-jury system, all parties must make their own arrangements to pay for lawyers, expert witnesses and copy of the hearing record, if needed.

"Michigan will be watched closely by other states during the next three years to see if arbitration is really the answer to the malpractice crisis," said Norwood.

Seniors Eligible to Compete for State Elks' Scholarships

Area seniors are eligible to compete for scholarships in a program sponsored annually by the Elks National Foundation. Michigan has received approval for awarding 46 scholarships totaling \$27,000. These awards are to be distributed evenly to the most deserving boys and girls.

In addition, Tawas Area Elks

Lodge No. 2525 will contribute two \$100 awards for the leading area designates, who may not qualify for state recognition.

Annually, the Elks National Foundation makes available a considerable number of college scholarships for "Most Valuable Students," based on scholarship, leadership and financial need. This year, these scholarships total 998, ranging from \$6,000 to \$3,000 and total \$740,200.

Jame J. LaHaye, committee chairman for the local Elks Lodge, said that the foundation has helped thousands of worthy American students of good character, behavior, with superior scholastic attainments and leadership qualities to begin or continue their college education.

Applications by graduating students must be made on an official form furnished by the Elks National Foundation which are available at the Elks Lodge and local area high schools. Applications, properly executed, must be filed not later than February 10.

The applications are to be reviewed by lodge and district scholarship committees and then judged by the state committee for inclusion in Michigan's quota of entries in the National competition. Names of winners are to be announced about May 1.

Sand Lake

Friends are congratulating Mitchell Lenczewski on his selection to the all-state class B football second team.

Ludwig Zess has been discharged from Samaritan Hospital, Bay City.

Condolences are extended to the family of Robert Howard, who was buried last Thursday. Survivors include his wife, Mrs. Mary Howard, who is presently confined to McLaren General Hospital, Flint, following the accident that claimed the life of her husband.

Lee Reeside is home following discharge from St. Luke's Hospital, Saginaw.

There will be a joint meeting Monday, December 15, 7:00 p. m., for the Sand Lake Heights Men's Association, Women's Auxiliary, firemen, retirees and teens. This is to be a pot-luck dinner and all are asked to bring table service.

Mr. and Mrs. Cecil Gower have returned from a week in South Carolina.

Josco OES Had Christmas Giving Theme

Christmas giving was the evening's theme at the regular meeting Thursday, December 4, of Josco Chapter No. 71, Order of the Eastern Star. Members voted to give a donation to the Masonic Home in Alma and gifts to patients at the Josco Medical Care Facility. Homemade cookies are to be sent to members who are confined to their homes.

The altar was draped in memory of past grand patron, Oscar Lund, and the charter was draped in memory of Lawrence Powers,

past sentinel for the chapter.

Marie Hennigar, worthy matron, presented the names of George Rose, Mr. and Mrs. Marshall Lemon, Mr. and Mrs. James Hamilton, Maynard Abbott, Harry Crawford, Mrs. Shirle Squires, Mrs. Betty Herriman, Mrs. Beulah Western, Mrs. Nellie Hester, Mrs. Pearl Spencer, Mrs. Frances Eaton, Mrs. Dianne Knight and herself as comprising the new Rainbow board. The names were approved by members.

"What Child Is This" was sung by Mrs. Marjorie Lyon and the meeting closed with all members singing "Silent Night."

Tables were decorated in the Christmas motif from which refreshments were served by Mrs. Rhoda Wickert and Mrs. Letha Shaver. The worthy matron observed birthdays for the month and gifts, which were placed under the Christmas tree, were exchanged.

Telephone Wire

Stolen Last Week

Theft of a roll of rural distribution telephone wire was investigated last week by Iosco County Sheriff's Department. The roll of wire, valued at \$72, was left over night along Old State Road by Continental Telephone Company.

Hurt Saturday in Plainfield Crash

One personal injury accident was investigated last week by Iosco County Sheriff's Department. Rita M. Stopyak, Hale, received minor injuries Saturday in a crash on Wickert Road, Plainfield Township. Officers said the driver took her eyes off the road and lost control of the vehicle, which struck a tree.

Attended School of Instruction

Forty-three members of Iosco Chapter No. 71 and Tawas City Chapter No. 303, Order of the Eastern Star, attended a composite school of instruction Wednesday, December 3, at the Masonic Temple. Mrs. Elizabeth Isard, grand organist, acted as instructor. Refreshments were served by members of both chapters, Mrs. Grace Mark, Miss Ferne Mark, Mrs. Edith Thornton, Mrs. Jessie McLean, Mr. and Mrs. William Lyon and Mr. and Mrs. William Hiller.

Help fight air pollution: Join a car pool; be sure your car is well-tuned; drive as little as possible.

THE HOUSE THAT SAYS "WELCOME"—Its cherry, its yellow, its sunny kitchen front deck. This house is ready to radiate warmth, and reflect your hospitality. Three bedrooms, full bath, fireplace sets off the living room, natural gas hot water heat. Let us show you through 106 Tawas Lake Road. Yes, it qualifies for FHA.

AND I LIKE THAT—And you will too if you will inspect 1162 Bay Dr., Tawas City. Four bedrooms, family room with fireplace, living room has window wall, deluxe kitchen features lighted ceiling, counter top blender, range, and intercom system, 2 1/2 baths, den, utility room plus two car garage with concrete drive. Hurry, you could be in for Christmas.

DON'T SLEEP IN THE SUBWAY—Its really ridiculous when our staff at SUNSHINE REALTY CO. are eager and able to find the house you desire. Or possibly investment property... ALL we want is the facts... No high pressure.

A HOUSE IS NOT A HOME—Until your family moves in. The house on the corner of Bay and Church Streets, East Tawas, across from the park would like to become a home—Four bedrooms, 1 1/2 baths, separate dining room, sunporch, kitchen with breakfast area. Dad could even have his office in this one, using the huge living room, full basement, nat. gas furnace, garage. Nice large corner lot.

Braves Lost NBC Basketball Opener to Ogemaw Heights Falcons, 72-63

Tawas Area Braves, usually not Friday night by a classy Ogemaw Heights Falcon squad, 75-63. The NBC opponents, were sidetracked here December 2 when Saginaw St. Stephen defeated Tawas in a non-conference game.

MIKE HARVEY (34) of the Tawas Area Braves goes up for a rebound in Friday night's game with Ogemaw Heights. The Falcons jumped off to an early lead and were never headed by the Braves in the NBC opener.—Tawas Herald Photo.

During the past five seasons, Tawas has lost the conference opener to play catch-up basketball the on only one occasion—in 1971—and were undefeated at the Christmas break in four of the five seasons.

It was different Friday night at Ogemaw Heights for a large following of Tawas fans, who saw Paul Fritz lead his fellow Falcons to an early lead and the Braves rest of the night.

Paced by Fritz and Tony Zettle, the Falcons jumped off to an 18-10 margin in the first quarter. Mike Harvey and Brad Potts each contributed two field goals to pace the Braves.

Ogemaw continued to build up a lead in the second quarter and Coach Mike Zimmerman ran in his second string to give his starters a breather in a rough game. This move almost proved to be Ogemaw's undoing as the Braves closed the gap to within five points during the quarter, but Ogemaw managed to stay out of foul trouble and was on top at intermission, 32-24.

The Braves came out shooting after halftime, but Ogemaw's press defense caused numerous Tawas turnovers and Coach Dick Fairless' squad dropped three additional points off the pace, 55-44. Harvey paced Tawas' scoring attack in that quarter with four baskets.

The Falcons won going away in the fourth quarter with a 20-19 margin. Jeff Tousley came off the bench to pump in four field goals to pace the Braves.

Fritz was the scoring leader for the night with 24 points for the winners with eight field goals and eight charity tosses. Potts was the top scorer for the Braves with 22 points on nine field goals and four foul shots. Harvey had 19 points on nine field goals and a charity toss.

Tawas, which had 28 field goals to 27 for the Falcons, had most of its trouble at the foul lines as the Falcons meshed 21 out of 31 charity tosses. The Braves converted seven out of 15 foul shots.

The Junior Braves jumped off to a 17-16 first quarter lead over Ogemaw Heights' JV and were down, 38-20, at the half. The roof then caved in on the Junior Braves, who meshed only nine points during the entire second half and Ogemaw Heights had a 71-39 victory.

Scoring for Tawas were Jim Dubovsk, eight points; Andy Mayer, seven points; Keith LaHaye, Jerry Grack and Clute, six points each; Hughes and Harsch, two points each.

The Braves were to play Tuesday night at Alpena and are to host the tough Oscoda Owls this Friday night.

Lenczewski Picked for FP All-State Second Team

Mitch Lenczewski, outstanding halfback of the Tawas Area Braves, received recognition Sunday by being named to The Detroit Free Press' class B all-state second team.

Lenczewski set a new school record during the past football season when he rushed for more than 1,200 yards to aid the Braves in winning the conference co-championship.

Only one other NBC player, Darwin Breault of Gladwin, received recognition. He was named to the class C second team in the poll of 690 head football coaches, who cooperated with the newspaper's all-state board in the season long search for schoolboy excellence.

Hale Chamber of C. Held Monthly Meeting

Hale Chamber of Commerce held its monthly meeting at the Hale Area High School with John Hill, director, presiding. Approximately 40 members and interested persons attended. A design of the entrance marker for the snowmobile trail to be erected Monday was displayed. An announcement was made for the senior citizens that a soup making bee will be held at the community building Saturday, December 20. A discussion followed on a suitable building for the senior citizen center and a committee was appointed to look into the matter.

A group presented a plan for the "Run for Life" snowfari in which the Hale group was invited to participate with funds being designated for the cystic fibrosis campaign. The chamber was contacted by letter by the AuSable canoe racing group for assistance for its races to be held between Rollways and Five Channel Dam the first week in July with a possible fireworks display.

Winners of the "Big Buck" contest sponsored by the chamber were Ronald Gardner of Oxford, first place; Sandra Nichols of Twining, second place; Daryl Lee Johnson, Hale, third place.

Honored on 25th Wedding Anniversary

Mr. and Mrs. Donald B. Stevenson were feted at a surprise open house for their 25th wedding anniversary Sunday afternoon, November 30, at their Long Lake home. The affair was hosted by their children, Mr. and Mrs. Michael Stevenson and daughter, Melissa, of Pigeon; Mr. and Mrs. James P. Stevenson and son, Eric, of Beaverton, and daughter, Phyllis, at home. The Stevensons lived in Missouri, New Mexico, Alaska, Japan and New Jersey during his 22 years of service in the United States Army. Mrs. Stevenson's parents, Mr. and Mrs. Porter Sabin; her brother and his family, the Donald Sabins of Flint, and another brother, Glen, and daughter of Swartz Creek came for the occasion.

Douglas Brown, local member of the Huron National Forest Snowmobile Association, states that the marker erected at the community building Monday is the local starting point for the 100-mile snowmobile trail that will not only interest local enthusiasts but visitors as well. Parking space will be available for campers and cars. The skating rink at the tennis court is ready for use.

Mrs. Evelyn Chene returned Monday from a vacation in Florida where she visited her son and brother.

Hale Golden Agers reported 60 persons enjoyed sharing a Thanksgiving dinner at the American Legion Hall with Mrs. Florence Rehill and Pearl Freeman as hostesses. Door prizes were won by Mrs. Alice Friebe and Edward Higgins. The next meeting Thursday, December 18, 12 o'clock noon, will be in the Christmas theme. Participants are asked to bring a one dollar gift to exchange.

Vernon Ranger is a patient at Tolfree Hospital, West Branch.

Michael Clayton has been a patient in St. Mary's Hospital, Saginaw.

Clester Conder has returned home from Tolfree Hospital, West Branch. His son, James, and grandson, Stephen, of Midland spent the week-end with him. Last week-end, the Conders' granddaughter, Susan Conder of Milford, and their grandson, Marine Sgt. Edward Conder of Selfridge Field, visited them. Other visitors of Mr. Conder on his arrival home were neighbors, the Steven Pcolas, Mr. and Mrs. John Hill, Mr. and Mrs. Ernest Myers and the Dorman Robinsons.

Mr. and Mrs. Rickford Goodrow of Rantoul, Illinois, were guests of her parents, Mr. and Mrs. Carl Slosser of Lupton, for Thanksgiving week and are visiting his father, Frank Goodrow, and other relatives before being transferred to Rapid City, South Dakota. He is to report Sunday, January 4, as a weatherman in the air force.

Letter to the Editor

Dear Editor: The recent statements of Mrs. Nancy Carney over local radio and through newspaper of the area have prompted me to make a statement in regard to the events of November 4th Election Day. The statements made by her are in error. Whether this was intentional or because she didn't bother to get all the facts, I am not sure. But one thing I am sure of, is that it is not helpful to other members of our community to be misinformed.

I was one of the many people at the polls when they were closed. Before the polls were closed I went in the polling place and asked Mr. Bergeron "when would we be allowed to come in and observe the counting of the ballots," and he advised me that we would have to wait until the polls were closed. At 8:00 p. m., Mr. Bergeron came out and announced the polls were closed. Naturally, the people present started to enter the polls, when Mr. Bergeron stopped us and said would you please wait until we get in order. During the next 30 minutes the people were kept out of the polls. In about 10 or 15 minutes, it became obvious that the election officials were counting ballots. We were never told that the preliminary work was done and that we could come in. After 30 minutes Art Krass and I entered the polling place and asked why they were counting ballots without inviting us to come in. Mr. Bergeron became very excited and demanded that we show our party membership cards. I brought to his attention that this was not a partisan election and he didn't pursue it any further. It was at this very moment that Mary Byrd came into the room and announced the winner of the mayoral election. At this point, the other people standing outside the city hall also came in.

Contrary to what Mrs. Carney inferred, there was a number of citizens that were present besides the Concerned Taxpayers Group including the sheriff. Shortly after we went in members of the press arrived and were therefore not aware of the preceding event. In conclusion, the Concerned Taxpayers Group is not out to get anyone. We are only concerned about our city and its finances and how it is managed. In the short time of our existence we have managed to: Stop or slow down some questionable actions by our local politicians, as taxpayers this is our right and the right of every taxpayer in the community.

We love our city and we are interested in progress. But we feel it should be done as fairly and honestly as possible. We have seen too many projects ramrodded through without regard to the cost or even the will or the wishes of the particular people involved. If as a result certain people in the positions of running our city come under criticism for inefficiency or wrong doing, we feel a responsibility to pursue it until corrections are made or the people responsible are relieved of their duties. As taxpaying citizens, we have a right to expect that our civil servants be conscientious and responsive to our needs and desires.

The Concerned Taxpayers Group is not a secretive or closed group. We are not a bunch of rabble-rousers, we are responsible citizens of the Tawas. We welcome any and all members of our community to come and join us. Our meetings are held the first and third Tuesday of the month at 7:30 p. m. at the Immaculate Heart of Mary School.

Founded St. Vincent de Paul Conference in the Tawas

Stanley Robel of East Tawas Died Dec. 6

Stanley Robel of East Tawas, 69, founder of the St. Vincent de Paul Conference serving the people of the Tawas area, died Saturday, December 6, at Ford Hospital, Detroit.

Funeral services were conducted Tuesday, December 9, at Lansing and burial was at Lansing.

A retired accountant with the Fisher Body Division of General Motors, Lansing, Mr. Robel came to East Tawas in May 1968. His wife, Anne, preceded him in death in May 1971.

A quiet, simple and efficient man, Mr. Robel's main concern was the poverty of others and he truly tried to make the area a better place in which to live. First working from his home and garage, Robel started helping the poor and needy by forming the St. Vincent de Paul Conference here in May 1972. On January 1, he and his sister-in-law, Mrs. Marion McLaughlin, opened a conference store in the building west of the Kroger Store.

The store moved to its present location at 115 First Street, Tawas City, about a month ago. The store is unique in that everything for sale is second hand and donated by benefactors. A small charge is placed on merchandise to help cover overhead, but if a person has need and lacks money, the clothing or article is donated. Charitable activities of the conference under Robel's direction saw 12 families, who lost everything in house fires, aided with donations of clothing, dishes and appliances. The conference has assisted families referred by the Department of Social Services and five truckloads of clothing and articles were given to the Salvation Army at Flint.

Robel and his volunteers made numerous visits to hospitals, visited patients and shut-ins, donated groceries, rent and fuel oil to the poor, as well as assisting in many other ways.

He was born May 27, 1906, at Michigan City, Indiana. He is survived by a daughter, two sons and six grandchildren.

TC Garden Club Made Christmas Wreaths Dec. 2

Members of the Tawas City Garden Club met at the home of Mrs. Helen Erspamer to make Christmas wreaths Tuesday morning, December 2. The workshop was led by Hattie Evril and Ruth Moeller. Later, Mrs. Erspamer served homemade donuts and coffee to go with sack lunches.

At the business meeting, reports were given by committees. An invitation to a tea sponsored by the Wurtsmith Air Force Base Garden Club was read. The tea is to take place Wednesday, December 10 (today), at 12 o'clock. A bicentennial flag has been ordered for the club.

The next meeting is to be the Christmas party held at Tawas United Methodist Church Tuesday, December 16, featuring a gift exchange.

Funeral Held Monday for Mr. Anschuetz

Former farmer and sawmill operator, Arthur E. Anschuetz of Tawas City, passed away early Saturday morning, December 6, at Saginaw General Hospital. He was born April 11, 1902, in Tawas City and was preceded in death by his wife, Evelyn, in 1964.

Mr. Anschuetz is survived by four sons, Arthur Jr. and Charles, both of Tawas City, and Gerald and Larry of Tecumseh; two daughters, Mrs. Eileen Rempert of Tawas City and Mrs. Ardith Zimmerman of Saginaw; 14 grandchildren; one brother, Theodore Anschuetz of Tawas City, and one sister, Mrs. Irma McCordell of Hazel Park.

Services were held Monday, December 8, from Emanuel Lutheran Church with the Rev. James F. Rockhoff officiating. Burial was in the church cemetery.

Mrs. Wilma Taylor Died Dec. 4

Following a lingering illness, Wilma J. Taylor of East Tawas succumbed early Thursday morning, December 4, at the Iosco Medical Care Facility. Born September 14, 1905, in Pennville, Indiana, she was a retired teacher and a member of the Ladies Literary Club of East Tawas.

Services were held Saturday, December 6, at Tawas United Methodist Church with the Rev. Kenneth Tousey officiating. An additional service was held Monday, December 8, from the Schrader Funeral Home, Plymouth. Burial was in Riverside Cemetery, Plymouth.

Mrs. Taylor is survived by her husband, Jack; one son, Jack Jr. of Port Huron; two grandchildren, and one sister, Mrs. Ruth West of Plymouth.

Bury the Hatchet

The opinion expressed by the state elections specialist Monday offers a perfect "out" for Tawas City residents in this current wrangle between city officials and residents over the past election. The state man, sent here to investigate the November 4 election, felt that both sides were wrong on election night.

According to Robert Jorgensen of Gaylord, election board workers could have been a little more reasonable while handling the public at the polling place and those persons aggrieved had been looking for something to embarrass city hall, he stated.

He found nothing that had any effect on the outcome of the elec-

tion—just ruffled feathers.

It seems to this corner that everyone concerned should take this opportunity to settle this matter peacefully—now, before a new mayor and a "new" council take office on January 1. Everyone seems to have made his point, perhaps several, and no one would lose face if the matter was dropped.

Much has been learned about elections during the past month and the lessons learned should certainly be remembered in the future, by all concerned. Perhaps, some changes in precinct polling places may even be required.

The Herald has published letters from both "sides" in this controversy and both letters made their points, too. Further confrontation at city council meetings would only further damage this community's image and reputation in the eyes of its residents, most of whom have remained silent on the matter; in the eyes of neighboring communities, and other communities in the state.

It would be a good thing for Tawas City if the hatchet was buried in this matter in order that the new council and new mayor may turn their combined efforts to the business ahead during the new year.

BRIG. GEN. EARL T. O'LOUGHLIN

Former East Tawas Resident Promoted to Brigadier Gen.

Earl T. O'Loughlin of East Tawas, who enlisted as an airman in the United States Air Force in 1951, has been promoted to the rank of USAF brigadier general. The announcement was made Friday at Washington, D. C.

He is currently serving as deputy director of maintenance, engineering and supply, deputy chief of staff for systems and logistics, at USAF Headquarters, The Pentagon.

The son of Mrs. T. M. O'Loughlin of East Tawas, he is married to the former Shirlee Benninghaus of East Tawas. They have four children, Kimberly, Kevin, Kelly and Kristin.

O'Loughlin is the first Tawas area resident to be named a general officer in the military service since World War II, when John Wright, a Tawas City native, was promoted to brigadier general in the army.

Born at Bay City, O'Loughlin came here as a small child with his parents and graduated from East Tawas High School. Following graduation from Bay City Junior College in February 1951, he enlisted as an airman, became an aviation cadet and graduated from pilot training as a second lieutenant in June 1952.

Following completion of B-29 combat crew training, he was assigned to a unit in Japan and flew a combat tour over North Korea, returning to the United States in August 1953.

He later served at Lockborne Air Force Base, Ohio, and attended the Air Command and Staff College at Maxwell Air Force Base, Alabama, graduating in June 1964.

His next assignment was a B-52 aircraft commander and instructor pilot with the 379th Bombardment Wing at nearby Wurtsmith Air Force Base, serving as chief of programs and scheduling there from 1965 to 1967. He was then assigned as an air operations staff officer in Vietnam and upon his return in January 1969, he then Colonel O'Loughlin commanded the 379th Organizational Maintenance Squadron and, from January 1970 to October 1971, served as assistant and deputy commander for maintenance at Wurtsmith. His later assignments included

chief of maintenance management division, Offutt Air Force Base, Nebraska; attended the United States Army War College at Carlisle Barracks, Pennsylvania; served as vice commander of the 97th Bombardment Wing, Blytheville Air Force Base, Arkansas; commander of the 310th Provisional Wing at U-Tapao, Thailand.

Prior to his present assignment, he served as the wing commander of the 380th Bombardment Wing, Plattsburgh, New York.

Dist. President Spoke at VFW Auxiliary Meeting

Peggy Brown, District 11 president, presented a speech on purpose, peace and harmony of auxiliaries at the regular meeting of Veterans of Foreign Wars Auxiliary No. 5678 Monday, December 8, at the post home. Christine Kusibab was initiated into the organization by the 17 members present. Grace Misener and Darlene Blust served on the lunch committee and Florence Shedenhelm won the mystery package.

Christmas baskets for the needy are to be completed by Friday, December 19. Flora Roberts was appointed by the president as the new community chairman. Twenty-nine school children participated in the Voice of Democracy contest.

Connie Hill and Lois Gauthier are scheduled for the lunch committee for the next auxiliary meeting Monday, January 12, at 8:00 p. m. Planning committee is to meet at 7:00 p. m.

People of the community are urged to donate one day a month to deliver hot meals to area residents for the Dinners to Doors program. Drivers are needed for the second Wednesday of each month, second and fourth Thursdays and first and third Saturdays. To volunteer call Mrs. Lyle Groff at 362-4878.

Architect Urges Area to Adopt Strict Codes to Control Signs

Adoption of strong sign ordinances in area communities was urged Thursday by John Dye, Osoda architect, who believes that commercial signs along US-23 are creating a chaotic situation.

Appearing before a joint session of businessmen's associations of Tawas City and East Tawas, Dye presented his color film entitled, "The Noisy Landscape." The film showed commercial signs on US-23 from the south limits of Tawas City to the Tawas Beach Road intersection with US-23, along with the Newman Street business district at East Tawas.

Dye urged businessmen to consider the use of signs which are fastened flat against store fronts, rather than signs overhanging sidewalks. He believed that communities deserve to be beautified and recommended adoption of strict sign ordinances as a step in that direction.

John Hosbach of Peoples State Bank announced that the bank had been named as the trustee of the

estate of the late Joseph Barkman. According to terms of the late businessman's will, his collection of pictures and historical artifacts would be turned over to the community if suitable quarters are provided in a museum or library.

A trust fund has also been provided in the will to aid in operation. Hosbach said the bank is open to suggestions concerning establishment of a museum and he would welcome the ideas of local residents.

Proceedings of Iosco County Board of Commissioners

NOVEMBER SESSION

November 19, 1975
Pursuant to published schedule, the Iosco County Board of Commissioners was called to order at 9:45 a. m. by Chairman Foster and the roll called.

Present: Foster (District 1), Griffin (District 2), Burdett (District 3), Fox (District 4) and Wereley (District 5)
Absent: None
Chairman Foster reviewed the agenda for the day and the business before the board, commenting briefly on the proposed lease of space at the county airport by the Bay Aviation Company, a corporation affiliated with the D & M Railway Company, for construction of an aircraft hangar. The matter was discussed briefly by the board, it being the consensus of the members that the recommendations of Prosecutor Ronald Tyler should be followed with respect to the terms of the lease.

The communications were read by the clerk and referred to the proper committees.

The clerk reported briefly on the following items:

Referred to a resolution adopted by the board in June of 1971 providing for the payment of \$100 to Clarence King for lease of the dog pound site and the billing of William Tarnosky for refund of a like amount, indicating that the billing to Tarnosky for refund of a \$100 payment made to him in error is still open and unpaid.

Referred to a bill from Tawas Hardware, Inc., in the amount of \$71.67 for repair of the screens in the county building that were damaged by vandals, whereupon Commissioner Fox reported that he investigated the matter of a claim with the insurance agent, finding that there is a \$200 deductible provision.

A brief recess was ordered at 10:05 a. m.

Upon call to order at 10:10 a. m., Mr. Dave Gay, of the East Central Michigan Planning and Development Region, appeared before the board accompanied by Mr. Dale Raven, "208" coordinator, to discuss the "208" clean water program the following being a brief outline of his presentation:

Purpose of the program to clean up water in the 14 county region.

Region divided into three areas due to different problems, and to facilitate meetings, etc.

Discussed organizational structure providing for committees comprised of interested citizens,

electd officials and technical people, with two representatives from each subcommittee to sit on the management committee.

Asked to have representatives from Iosco County named to committees.

Program federally funded, with \$1,400,000 allocated for the 14 county region.
Continuing, Mr. Gay discussed transportation planning, indicating that the regional commission is ready to become involved. He also advised that they have a model zoning ordinance for counties just about completed, further advising that they are now fully staffed. In response to questions by board members in reference to evaluation of maxi-van programs, he advised that the commission is prepared to make a study and evaluation of any programs submitted for their review.

In response to a question by Chairman Foster as to whether the regional commission can assist the county in updating a solid waste plan, Gay offered to explore the matter, indicating he couldn't give a definite answer.

Following a brief recess at 10:40 a. m., County Extension Director Marvin Davenport appeared before the board to discuss the following matters:

Reported on a state program to reduce extension service personnel whereby vacancies are not being filled, thus indicating that the vacancy in the position of 4-H youth agent cannot be filled before March 1 of 1976. He further stressed their need of a 4-H agent for 1976, advising that the local commitment would be between \$2,500 and \$2,800 to cover the period from March 1st through the end of 1976, further advising that the alternative would be to share an agent with Arenac County.

Discussed the establishment of a committee to study proposals for use of the Rood property, advising that he would like to have a proposal to submit to Michigan State University in December.

Discussed the time table for completion of the new Tawas City post office and when he would be able to move to the Myles Building, expressing the opinion that there will not be adequate space for his staff and all his materials, supplies, etc.

Advised the board that he has been asked to consider a new position which would require him to move to Midland, giving assur-

ance, however, that a new agent would be named to succeed him in that event, as each county will continue to have an agent despite other cutbacks.

Reiterated the need for a 4-H youth agent for next year, asking that the board give consideration to the \$2,500 to \$2,800 required as the local commitment.

At 11:10 a. m. committees were ordered to their respective duties, the board to stand in recess until 3:00 p. m. for completion of committee work.

AFTERNOON SESSION

Upon call to order at 3:20 p. m., the roll was taken, all members being present.

Commissioner Fox presented and moved adoption of the following resolution, motion being supported by Griffin and carried.
Honorable Board of Commissioners:

Your building and grounds committee recommends that the chairman be authorized to sign the agreement with the Iosco County Road Commission for snow plowing at the county airport for the upcoming winter season.

Signed: Joseph W. Fox, D. G. Griffin

Commissioner Wereley reported in reference to a resolution to oppose legislation relating to increases in workmen's compensation benefits, advising that the matter requires further study and will be reported at the next meeting.

Finance Chairman Griffin presented and moved adoption of the following resolutions:
Honorable Board of Commissioners:

Your finance committee recommends that the State Department of Social Services be advised that, effective December 1, 1975, the rent for premises presently occupied by the County Social Services Department will be \$650 per month, with the tenants responsible for all utilities and custodial services; provisions of this resolution to be incorporated into a lease agreement at the earliest possible date, with duration of lease to be negotiated; further, that a copy of this resolution be forwarded to the County Department of Social Services.

Signed: D. G. Griffin, William G. Wereley, Joseph W. Fox
Supported by Fox and carried.
Honorable Board of Commissioners:

Your finance committee recommends that the District Court General Liability Policy No. B-069988 be renewed, effective 10-13-75, for the premium of \$995, subject policy to be cancelled upon implementation of county comprehensive insurance program on January 1, 1976.

Signed: Donald G. Griffin, William G. Wereley, Jos. W.

Fox
Supported by Fox and carried.
Honorable Board of Commissioners:

Your finance committee recommends that the attached travel reimbursement vouchers of Sue Lyons and John Benford, in amounts of \$64.22 and \$60.11 respectively, be approved for direct payment from CETA funds.

Signed: Donald G. Griffin, William G. Wereley, Jos. W. Fox

Supported by Fox and carried.
Honorable Board of Commissioners:

Your finance committee recommends that the following salary, per diem and mileage voucher for board members be approved for payment as presented.

Signed: D. G. Griffin, William G. Wereley, Joseph W. Fox

Supported by Fox and carried.

Signed: Robert K. Foster, Chairman

Commissioner Griffin thereupon presented a report of the statutory finance committee meeting of November 18, 1975, moving its acceptance. Motion supported by Wereley and carried.

MINUTES OF STATUTORY FINANCE COMMITTEE MEETING OF NOVEMBER 18, 1975

Members present: Griffin, Wereley and Fox

1. Claims and accounts as attached were reviewed by the committee and approved with the following exceptions:

EXCEPTION REASON ACTION
Badges-building dept., considered improper denied
Subscription-treas. dept not considered necessary denied
54 board meeting expense, excessive per diem denied
Expenditure for general fund checks transferred from courthouse & grounds to county clerk, minor exceptions for sales tax, etc.

2. Additionally, the committee discussed the following items and took indicated disposition:
Expenditure curtailment letter on November 10, 1975, in anticipation of year-end deficit-discussion
Donald G. Griffin, Chairman
Joseph W. Fox, Member
William G. Wereley, Member

ATTACHMENTS:
C & A 1 \$9,984.78
2 6,641.37
3 111.40
Rev. Sharing 83.00
Paid without presentation 10,036.47

The proposed purchase of new county plat books was raised by Chairman Foster, who reported that the chambers of commerce have been contacted with regard to the possibility of their taking over the project and have shown little interest, thereupon proposing that the matter be taken up and acted on at the next meeting. Foster further reported in reference to a new purchase of county maps, whereupon it was proposed that participation with the road commission be investigated, this having been the practice in the past.

Continuing, Foster referred to the November 10th letter directed

by the board to all department heads, seeking to reduce expenditures for the balance of the year by: Forbidding all capital expenditures, prohibiting replacement of terminating employees, part-time work without board approval, attendance at conference and seminars without prior approval, and providing for compensatory time-off instead of payment for overtime, thereupon admonishing board members to exercise restraint with regard to their expenditures and attendance of meetings for which per diem is paid.

Commissioner Fox reported in reference to the proposed agreement with the Bay Aviation Company for lease of county airport space on which to construct a hangar, questioning whether there is a need for a resolution to set a time limit on the negotiations; it being the consensus of the board members in the ensuing discussion that they would not accept any deviation from the terms and conditions recommended by the prosecutor. In conjunction with this assertion, it was indicated that the document to provide an easement to Consumers Power Company to install underground cable at the airport would not be signed until the matter of the lease is resolved.

A brief recess was ordered at 3:45 p. m.

Upon call to order at 4:05 p. m., Chairman Foster reported on a meeting held with Robert Thorne, of the Region 7 Law Enforcement Counsel, by a committee of the whole board to discuss procedure for making application for grant funds to conduct a feasibility study of a juvenile detention facility in the county.

Commissioner Burdett presented and moved adoption of the following resolutions:
Honorable Board of Commissioners:

Your public safety committee recommends that the following revised Iosco County Animal Control Ordinance, No. 75-1, adopted by the board, and that it be re-submitted to the attorney general's office by the prosecutor for final approval; further, that upon approval by the attorney general's office, the chairman be authorized to sign the Revised No. 75-1 Ordinance, and that it be published, as required by the prosecutor, in the Tawas Herald, Iosco County News and Oscoda Press at the earliest possible date.

Signed: Mary Jane Burdett, William G. Wereley
Supported by Wereley and carried.

Revisions to Animal Control Ordinance No. 75-1, adopted September 3, 1975, published in separate notice in this edition.

Honorable Board of Commissioners:

Your public safety committee recommends that the board offer the part-time position of civil defense/emergency services coordinator to Stanley Kowalski, of Oscoda.

Signed: Mary Jane Burdett
Supported by Griffin and carried on the following roll call: Ayes: Foster, Griffin, Burdett and Fox. Nays: Wereley.

Upon motion by Fox, supported by Wereley and prevailing, the minutes of the commissioners meeting held November 5, 1975, were approved as drafted and presented by the clerk.

Chairman Foster reported on having met with Starr Keesler, of Michigan State University, for a discussion of possible county utilization of the Rood property (1,400 acres in Tawas and Alabaster Townships), proposing that the matter be referred to the county planning commission for recommendation and that the townships involved be invited to have their representatives meet with the county planning commission, and perhaps 4-H groups and others interested, to assist in developing a recommendation, further propos-

ing that Commissioner Fox contact the two township boards pursuant to this proposal.

It was thereupon moved by Griffin and supported by Wereley that the Rood property matter be referred to the county planning commission for study and recommendation. Motion carried.

Upon motion by Wereley, supported by Fox and prevailing, the board adjourned until December 3, 1975, at 9:30 a. m., the time being 4:20 p. m.

Letter to the Editor

Dear Editor:

There are two things to be said about the person (or persons) who stole the American flag off the flagpole at the Audie Johnson Post No. 211, American Legion: They are either completely ignorant or have good taste.

They are ignorant because they do not know what the American flag stands for; they are ignorant to the fact that to defend our country and our flag, thousands have died on the battlefield, while still others remain mangled in VA hospitals or carry with them, in every day life, wounds as a constant reminder of the battle to de-

pend this country and perhaps people like yourselves.

Or, should we compliment the culprit (or culprits) for their good taste? What more precious possession could we have than the one thing that stands for so very much in this country?

So you wanted an American flag—now what? Do you know its history? How to display it? If you wanted our flag so badly, you had to steal it—come forward and at least let us supply you with a flag code guide; if you went to all that trouble, you might as well finish the job in style.

We hope that whomever lowered the flag, whether they showed sheer ignorance, or good taste, respects it; but, everytime you look at it, see the blood and sweat that keeps it flying!

Dial down.

It adds up.

Consistently dialing down your furnace thermostat can save you money. How much can you expect to save? Let's look at a few facts.

Dial down permanently. You'll save about 3% on your annual heating costs for every degree you permanently dial down during the heating season. For example, set your thermostat back three degrees, leave it there, and you'll save about 10%. Dial down five degrees, and you'll save 17%.

Dial down nightly. If you regularly set your thermostat

back each night, you can save more than 1% for every degree dialed down for an eight-hour period. For example, set your thermostat back seven degrees, and you'll save about 9%. Dial down 10 degrees and save about 12%. This is in addition to the savings you'll get when dialing down permanently.

Dial down when you're away. You can save even more money and Gas by dialing down when you're away from home. Because any time you dial down for more than five hours, you save. So, dial down before

you leave for work. Or, dial down to 55 degrees when you're leaving for a long weekend or going away on vacation.

Just how much you'll save depends on several factors. How many degrees you dial down. How long you maintain the lower temperature setting. And the weather. The colder the weather, the greater the savings.

Our Gas is still your lowest cost fuel. Use it efficiently and you'll save even more. So dial down. It adds up.

East Tawas Sells City Hall Site

15 Years Ago—
December 7, 1960—Johnson Auto Supply was high bidder to purchase the city hall site at East Tawas. The property had been purchased by the city several years ago as a future site for a new city hall, but voters twice turned down a proposition to building a new city hall. The property sold for \$12,800.

John D. Rollin has been promoted to superintendent of United States Gypsum Company's board plant at Ft. Dodge, Iowa.

Joseph Barkman was on hand to save a few things from the old city hall at East Tawas, now in the process of being dismantled. Included were township and city records, pictures, letters, catalogues, newspaper clippings and tools. Thanks to the interest of Mr. Barkman, a great deal of historical material concerning the early days of the Tawas and Iosco has been saved from certain oblivion. He is in hopes that a museum may be established here some day to preserve and protect such historical materials.

Three simultaneous lawsuits were filed against J. W. Bateson, Incorporated, by Catsman Company, a Flint subcontractor for Bateson in constructing housing units at Wurtsmith Air Force Base. Charges of fraud are to be heard in Iosco Circuit Court.

But for a "tap" in the second frame, Louis Pfeiffer of Tawas City would have gained a niche in this area's bowling hall of fame with a 300 game. Bowling in the Commercial League, Pfeiffer had an opening strike, a spare and 10 straight strikes.

The air force has been told to bring its total of 190,250 overseas dependents down to about \$1,600, or a reduction of 60 percent.

25 Year Ago—
December 8, 1950—Martin Kasichke has been appointed to fill the position of superintendent of public works of Tawas City.

During discussion concerning re-organization of area schools into a single district, it was pointed out that the proposed area has a valuation of 6 1/2-million-dollars, or slightly more than \$1,405 of property valuation behind each census child in the district. It appears that financial backing of the proposed new district is most favorable.

River is to be known as the AuSable Ski Bowl, according to action of the Silver Valley Winter Sports Committee. The area is to be operated separately from present winter sports facilities in Huron National Forest.

A proposal has been heard in congress for a 75 percent tax on war profits of corporations. The philosophy behind the move is that as long as wars are exceedingly profitable to a large number of business concerns, here and abroad, fighting will continue to occur.

35 Years Ago—
December 6, 1940—Three persons were injured at Ossineke when a southbound Detroit and Mackinac freight train piled into a derailed gas-electric passenger train. The passenger train was derailed by an ice-filled switch and came to rest across the main line. Icy conditions on rails prevented the freight train from coming to a stop before hitting the derailed passenger unit.

The East Tawas Methodist Sunday School will present a dramatization of Dickens' "Christmas Carol" at the community building. Lead roles will be played by C. H. Nickel, Scrooge; Merrill Pollard, Marley's Ghost; V. J. Murray, Bob Cratchit, and Jack Jennings as Tiny Tim.

Another ice skating rink was started by the WPA Recreation Department on property owned by Mrs. L. B. Smith on Lake Street. The rink is to be lighted for evening skating.

"Birdie" Tebbets, Detroit Tiger catcher, will be one of the speakers at the winter sports banquet to be held at the Holland Hotel. The affair will open the annual winter sports season.

A bid was awarded to E. R. Burtzloff by the Iosco County Board of Commissioners for furnishing lump coal to the courthouse at a cost of \$7.50 per ton.

The department of justice is conducting an investigation into monopolistic tendencies in the nation's food markets. Objectives will be to lower the cost of living and to protect the farmer, who buys retail and sells wholesale. Processors receive 50 to 60 percent of the consumer's dollar.

MUSHROOMS: A Record Crop

Mushroom productivity in the United States has broken all records during the 1974-75 crop year.

vies, sauces, soups and casseroles. They are 100 percent edible.

Mushrooms have a fascinating history stretching back to the days of the Romans when mushrooms were called the "foods of the gods" and were served only on special occasions. According to folklore, Romans thought that mushrooms provided warriors with unusual strength. Consequently, they were fed mushrooms just before going into battle.

The ancient habit of eating "wild" mushrooms, however, caused its problems, too. It was difficult then, just as it is now, to determine which were edible and which were not. Today, of course, cultivated mushrooms are available throughout the country and are safe.

November and December, the traditional holiday months, are big months for mushroom production. Perhaps that is one reason why the festive occasions of old made so much over the mushroom. The month with the least amount of mushroom availability, generally, is August.

When buying mushrooms, look for freshness, color and shape. Deterioration may be noted by a brown discoloration of the surface and by opening of the veils.

The size of the mushroom is not an indication of tenderness, since caps of one to three inches in diameter may be of the same maturity. Small to medium young mushrooms usually are the best according to marketing specialists at the United States Department of Agriculture. Some consider button mushrooms, picked before the cap has flattened, to be more delicate than larger ones. The cap is usually more tender than the stem. However, large mushrooms usually bring a higher price than the buttons. Approximately 90 percent of the mushrooms sold now are white.

When storing or keeping mushrooms, low temperature is important. They are maintained at low temperature in markets and in the home they keep best at about 32 degrees. Even at this temperature, they should be used within five days. If one decides to freeze mushrooms at home, selecting ones that are free from spots and decay is important. They should be sorted according to size. Wash thoroughly in cold water, steam or heat, then cool and put into containers. Leave about an inch of "head space" above the mushrooms, seal and freeze.

Michigan Teen Queen Pageant Contest Opens

Applications are now being accepted for the Miss Michigan Teen Queen Pageant to be held at the Sheridan Cadillac Hotel, Detroit, on March 12-13. This is a change of the previous date at the Detroit Hilton, March 5-6, which has been canceled.

This is the fifth year for the pageant and is the official preliminary to Miss Teen Queen USA for the bicentennial year.

Judging is based on scholastic achievements, civic contributions, poise, personality and appearance. There will be separate judging and awards for contestants' 100-word themes on the subject: "Why I am proud to be an American."

There is no talent or bathing suit competition and the ages are 13-17 years.

The Little Miss Michigan Talent Contest is to be held March 12 at the same location. Ages of contestants will be five through 12 years. Categories are baton, voice, instrumental, dance and variety. Judging will be 75 percent on artistic ability, 25 percent on poise, personality and appearance.

Applications are available for pageant and contest from Certification Headquarters, Box 406, Rockton, Illinois 61072. Applicants should specify age category and send self-addressed, stamped envelope for more information.

Medical fellowships on smokers' rights, smoking withdrawal clinics, air pollution monitoring, lung disease seminars, lung disease and air pollution films.
Hospital consultations, lung disease literature, and much more.
Are life and breath services provided by the Christian Medical Association, Michigan Lung Association.
