

MRS. CARL (LULU) SCHAAF retires at the end of the school term after serving as a member of the Tawas City Elementary School faculty for 27 years. Another retiree is Mrs. Eber (Doris) Wetzel, high school home economics teacher, who has been on leave of absence for nearly a year.—Tawas Herald Photo.

## Two Teachers Are Retiring

Retiring at the end of the 1975 term after 27 years as a member of Tawas Area School faculty is Mrs. Carl (Lulu) SchAAF, social studies teacher at the Tawas City Elementary Unit.

Mrs. SchAAF and Mrs. Eber (Doris) Wetzel, who retired earlier this year as a home economics teacher in the high school, were honored Friday night at a dinner party given by Tawas Area Education Association at Lakewood Shores, Oscoda.

Mrs. SchAAF started her teaching career after graduation from Isosco County Normal. She spent three years teaching in the Taft School. Following their marriage, Mr. and Mrs. SchAAF resided at Toledo, Ohio, before returning to Tawas City.

Mrs. SchAAF resumed her teaching career in 1951, first as a substitute teacher and she then spent 19 years as kindergarten teacher in the Tawas City Elementary Unit. During the past five years, she has taught fifth grade social studies.

She received her bachelor of science degree in 1959 from Central Michigan University.

A native of Onaway, she graduated from Tawas City High School.

Both of Mrs. SchAAF's daughters are teachers and both graduated from Central Michigan University. Mrs. Ivan (Barbara) Miles resides with her family at New Washington, Indiana, and Mrs. Frank (Jean) Derbyshire resides with her family at Jacksonville, Arkansas.

Mr. SchAAF retired December 31 after 17 years as a maintenance man in the central heating plant at Wurtsmith Air Force Base, Oscoda.

The SchAAfs love to travel and they plan to join the Wally Byam caravan to Canada later this month.

Mrs. Wetzel, who had been on leave of absence for nearly a year, announced her retirement in March. A 1958 graduate of the University of Illinois with a bachelor of science degree in home economics, she had been a member of Tawas Area School faculty for 13 years.

In her retirement letter sent to the board of education, Mrs. Wetzel said she planned to "spend more time with my semi-retired husband." The Wetzels operate a farm in Whitney Township.

## Tawas City Studies New CETA Funding

Possible utilization of Title 10 federal CETA funds for new city projects was suggested Monday night to the Tawas City Council by John Peltó, administrator for county CETA funds.

Stating that he was appearing before the council only in an informative capacity, Peltó said that the city had until June 16 to write a new program under a new federal CETA entitlement which becomes effective July 1.

Although applications for funds can go as high as \$300,000, Peltó suggested that the city prepare a minimal program, possibly one to construct sidewalks similar to a program being considered at East Tawas.

He said that the main feature of the new program is that the federal government would finance 75 percent of a project, the entire amount of the successful applica-

tion being used for labor. The remaining 25 percent for materials would be financed by the city and could include contributions of land and administration by the city.

Peltó offered the service of his office in preparing the application. He is to arrange a special meeting between city officials and Frank Leonard of the regional planning commission.

Peltó emphasized that there would be no guarantee when and if funds would become available, but suggested that the city make application on one or more projects in order to become eligible.

He said one advantage of the new program was that a contractor could be engaged on projects and crews could be supplemented by CETA job applicants. He said there was high unemployment in the construction field and the federal government would provide the funds.

(See CETA, page 6.)

## East Tawas Requires Liability Insurance from Concessionaire

In order to comply with city insurance requirements, East Tawas Council Monday night directed Paul Sedgeman, successful bidder on operation of a concession stand at the East Tawas City Park, to provide documentation of his securing a \$300,000 liability insurance policy.

Sedgeman, operator of the Coney Island Restaurant, entered a bid calling for a fee to be paid to the city in the amount of \$1,000, plus six percent on the gross, for a

contract to operate in the city park. Former operators, Mr. and Mrs. George VanEvery, had submitted a bid calling for a fee of \$250, plus 10 percent of the gross.

City Clerk Clyde Soper said the new contract contains a 20-day cancellation clause.

In other business, John C. Elliott presented an appraisal conducted by Manufacturers Appraisal Company and a recommendation for increased insurance coverage on city property. In addition, Elliott

## Large Field of Candidates in School Election

The largest field of candidates in 10 years will be vying for two four-year terms on Tawas Area Board of Education at the annual school election on Monday, June 9.

Polls for this election are to be located at the high school commons area and are open from 7:00 a. m. to 8:00 p. m.

Six persons are candidates to fill two trustee positions. This is the largest field of candidates since the 1965 election, when seven persons filed petitions for three vacancies.

As a means of acquainting voters with the potential new trustees, a meet the candidate program is to be held Thursday night, 8 o'clock, at the high school. Five of the six candidates are to participate and the public is urged to attend.

This program is to be conducted by Gene Gerber, director of adult education at the school, and is a first for this school district. Each candidate will be allowed time to make a statement and a question and answer program is to follow.

The only candidate unable to attend will be Clare Herriman. He and his wife, Betty, are attending a conference this week in North Dakota.

Vacancies on the board of education effective June 30 are presently held by Herriman and Mrs. Charles (Joan) Schreck, who announced her retirement at the end of her term. Mrs. Schreck presently serves as president.

Herriman, 46, a resident of Tawas Township, became a member of the board of education in 1965, when he was elected to fill a two-year vacancy. He was later elected by voters to two four-year terms. A graduate of Tawas City High School, he is an employee of United States Gypsum Company.

John Whitman, 24, a resident of East Tawas, graduated from Ta-

was Area High School in 1968. He is employed as a life insurance salesman and is a member of Tawas Area Rotary Club.

Willard Dillon, 43, graduated from East Tawas High School in 1949. A resident of Tawas City, he serves as a service man for Michigan Consolidated Gas Company and has been active as a leader in the Tawas Knothole League, American Legion and boy scouts.

Mrs. Louis (Eleanor) Pfeiffer, Tawas City, has served four years as president of Tawas Area School Music Boosters and has been active for four years in the Tawas Area Braves Booster Club.

Mrs. Hugh (Isabelle) Prescott, a retired army nurse, currently serves as coordinator for Medicaid screening for District Health Department No. 2. A native of Bay City, she graduated from Mercy Hospital School of Nursing, has been active in veterans' organizations and the Michigan Mental Health Society.

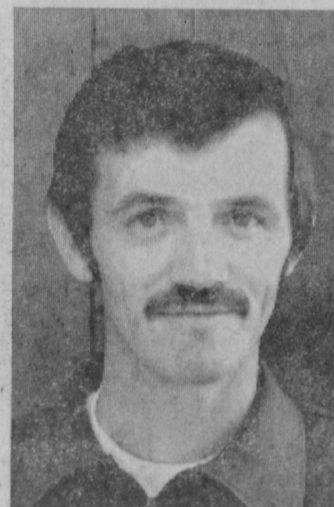

Donald Holmes, 44, a resident of East Tawas since 1958, has been an industrial education and science teacher in the Oscoda Area School system for 14 years. A graduate of Oscoda High School, he received his bachelor of science degree from Central Michigan University.

## State Equalization Expected Friday

Establishment of state equalized valuation for real estate and personal property in 83 counties of Michigan was at a standstill until Monday of this week.

An injunction issued last week by Circuit Judge Joseph Swallow of Alpena stopping the state tax commission from establishing valuation figures was lifted Monday by Judge Swallow.

Montmorency County Board of Commissioners, which requested the injunction, had contended that a tax increase contemplated by the state for that county would be illegal.

Following a meeting before the tax commission on May 27, at which time it was announced that the judge's preliminary order stopped state equalization, the Isosco County Tax Allocation Board on Friday could not take final action on establishment of a tax rate for schools, the county and townships from the 15 mills of allocated taxes.

Monday's ruling paves the way for the tax allocation board to take its final action. A meeting was to have been held at the county building Wednesday (today), but that meeting is to be recessed until Friday when new state valuation figures are received.

The judge's action also assures that city tax statements may be mailed on July 1. Mayor John N. Brugger of Tawas City told the city council Monday night that the permanent injunction issued by Judge Swallow would prohibit

preparation of tax statements as the final state equalized valuation of the city had not been established by the state tax commission.

Although the city would adopt a millage rate only sufficient to meet its 1975-76 budget adopted two weeks ago, the city must await final action on county valuation by the state tax commission. The new figures are to be available on Friday, according to Robert Foster, chairman of the county board of commissioners.

Representatives of the county were at Lansing last week to file verbal and written protest with the tax commission over a proposed 10 percent hike in this county's valuation. The county board of commissioners had equalized Isosco earlier this month at \$172,041,197 and the state tax commission later recommended this figure be upped to \$189,787,533.

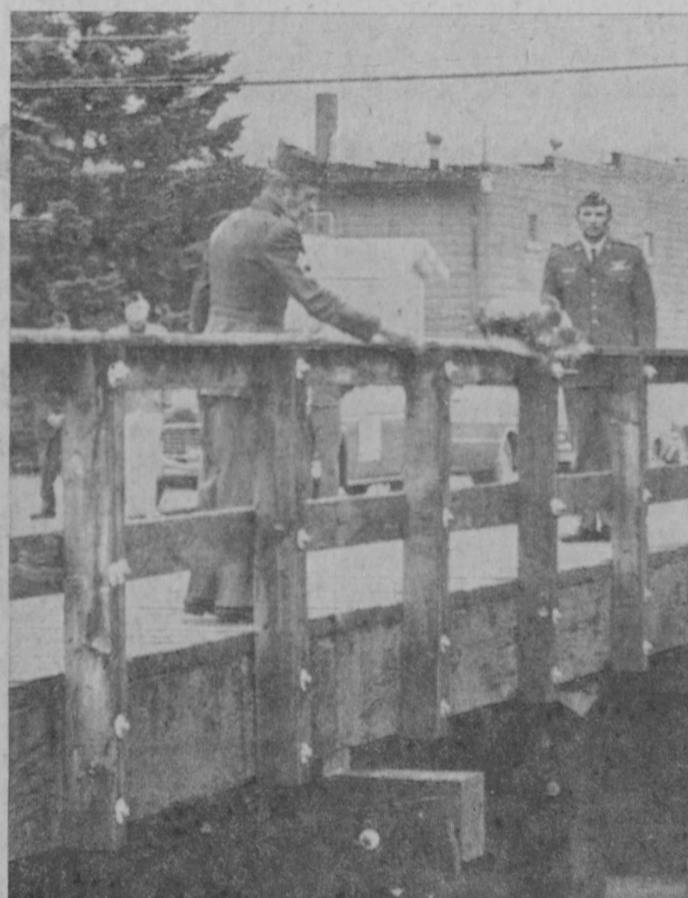

During his allotted 20 minutes for a presentation, Robin Allain, county tax equalization director, challenged state tax commission figures for this county and pointed out that Isosco's valuation had increased nearly 89 percent since 1970, as compared to a state-wide average of around 40 percent.

Feeling that the presentation at Lansing amounted to wasted words, Allain, along with Foster, immediately set plans in motion to work on perfecting a possible appeal to the state tax tribunal.

Donald Griffin, county finance chairman, who also attended the Lansing hearing, said Monday that the county commission was seriously considering action on equalizing valuation at its \$172,041,197 figure for 1975, should the state's higher figure be upheld.

At this point, however, any contemplated action by the county commission would be only speculation as the final figure from the tax commission will not be received until later this week. Griffin said Monday that a token decrease from the original recommendation might be made by the tax commission.

In the meantime, several bills aimed at solving some of the problems concerning the state valuation controversy are being considered by the legislature, but that body, as yet, has not even acted on a final state aid bill to schools.

EARL DAVIS of Jesse C. Hodder American Legion Post, Tawas City, casts a wreath of flowers on Tawas River at the Mathews Street bridge during traditional Memorial Day services held Friday. Officer of the day was John Alexander and honorary officer of the day was William Rapp, a World War I veteran. A program followed at Memory Gardens Cemetery.—Tawas Herald Photo.

## City Has Open Field for Election

A wide open race for three and possibly four elective positions in city government is on tap for Tawas City voters in the August primary election.

Mayor John N. Brugger announced Monday night following the regular meeting of the city council that he would not seek re-nomination to that position. His second two-year term as mayor is due to expire on December 31.

Aldermen who said they would not file petitions for re-nomination were Clark Tanner, who will have served 12 years on the council at the end of his term, and Edward Savage, who was appointed to fill an unexpired vacancy last year.

A third alderman, Robert N. Rollin, said he had not made up his mind if he would be a candidate for re-election. He said he would prefer to wait until the filing deadline before announcing any plans.

The deadline for filing nominating petitions is Tuesday, June 17. Filing is a simple matter as the candidate need only obtain the signatures of six and not more than 25 registered voters to be-

come a candidate. Nominating petitions are available at the city hall.

Rollin became a member of the city council on January 1, 1972, after upsetting Cecil Cagle for the former Third Ward alderman's post. Tanner had served eight years on the council in 1971 and was re-elected in the same August primary election.

In the general election held in November 1971, Rollin and Tanner were elected to the council. In that same election, Brugger was elected mayor to fill the vacancy caused by the death of Mayor John St. James. Brugger was the first mayor to serve under the city's new charter of 1972.

After adoption of the charter, all seats on the city council were declared vacant due to confusion over the length of terms. Tanner and Rollin were elected aldermen in the 1973 election and Brugger was elected mayor.

Savage, who was defeated for re-election in 1973, was appointed by the council in May 1974 to fill the unexpired term of Ald. Ches-ter Smyczynski, who resigned.

## City and Townships Reach Accord on New Fire Protection Contract

After about a year of study and a number of modifications, a new two-year fire protection contract between the City of Tawas City and the Townships of Tawas and Alabaster was adopted by governing bodies of the three units.

Tentative agreement on the new pact had been reached at a meeting of city and township officials on Wednesday, May 28. Formal adoption of the contract was taken before separate meetings Monday night of the entire city council and township boards.

The city had provided fire protection to the two units during the past year after expiration of the old contract.

The contract, to become effective July 1, is based on two state laws enacted in 1951, as well as the general township act, to provide authority for the city to furnish fire protection to Tawas and Alabaster.

Tawas City has provided fire protection under contract to Tawas Township since 1949 and to Alabaster Township since 1951. A later contract with the two units was adopted in 1961 and had expired a year ago. Through mutual agreement of the three governing bodies, the city furnished fire protection during the past year under terms of the old contract.

Each township is to pay the city a sum equal to three-fourths of one mill of assessed valuation for fire protection. Payment is to be made before February 15, 1976, and each succeeding year, except the due payment for 1974-75 is to be paid by July 1.

The city manager of Tawas City is to be the chief executive officer of the fire department and is to have full administration and operational control of all firemen, fire trucks and equipment, except as modified by the city charter and

resolutions of the city council.

A fire department committee was created and is to be composed of the supervisors of the two townships and two members of the city council, who are to be appointed by the city mayor. The city manager would be a non-voting member of the committee and would serve as adviser.

The fire committee would advise and assist the city manager on budget preparation and other matters relating to fire protection.

City Mgr. Reginald Bublitz said Tuesday that one of the first acts of the new committee would be to give serious consideration to replacement of the 1949 fire truck in service as a stand-by unit. Other equipment manned by the volunteer department includes a 1961 fire truck and a four-wheel drive unit used for grass fires.

Bublitz said that replacement of the older unit would help to qual-

ify property owners for a lower insurance rate. Other improvements would include replacement of fire hose.

The city manager said that a radio had been provided for the 1961 unit as part of the federal grant awarded to Isosco Sheriff's Department for the new communications system. This unit is presently operating on the sheriff's radio network and a second unit is to be provided for the four-wheel drive vehicle.

Should a new truck be purchased, a third radio would be installed in this unit. The city manager said that radio communications between trucks and the base station at the sheriff's department was an essential tool in fighting fires.

Bublitz said that it is hoped that a capital improvement fund would be established in the future to provide more adequate housing for the fire department.

# Railroad Receives Delivery on 100 New All Steel Box Cars

One hundred new box cars have been added to the rolling stock of the Detroit and Mackinac Railway, according to an announcement Thursday by Edward Goodman, president and general manager.

Manufactured by Pullman Standard at its Besser, Alabama, plant, the cars were purchased at a cost of 2½-million-dollars.

The 50-foot cars have single doors and are of all steel construction with roller bearings throughout.

Goodman said the new cars were being turned over to other railroads for transportation purposes and it would be a few weeks before the new cars would be showing up on the Huron Shore Route.

The new cars are painted in D&M red and look similar to the double door cars which were purchased last year by the railroad.

The purchase is part of a \$6,000,000 expansion program announced nearly a year ago by the railroad's board of directors. Included in the program was purchase of additional motive power.

Last January, a remanufactured Alco locomotive was placed into service on the railroad.

The new unit is identifiable by its color scheme of olive green with gold lettering, which replaced the traditional maroon and grey colors on D&M locomotives.

A second remanufactured locomotive is to be purchased with delivery in September.

## County Garage Loan Receives FHA Approval

A \$900,000 loan from the Farmers Home Administration has been approved for the Iosco County Road Commission's new garage south of M-55 and east of Sand Lake Road.

The loan will permit the road commission to replace four separate garages now in use, with an enlarged, single structure. Included in the new building will be office space and maintenance facilities.

"Road repair is a vital part of living in Northern Michigan," Cong. Philip E. Ruppe, 11th District, and Sen. Robert P. Griffin said in a joint statement. "Adequate storage facilities give the backup for quality road maintenance that our residents need."

The two legislators commended the Iosco County Road Commission "for their foresight in planning ahead to the county's future needs." The five percent loan must be repaid in 25 years.

WORK STARTED THURSDAY on grading work along the north shoulder of M-55 from the US-23 intersection west to Plank Road for a bicycle route. The project, announced earlier this year by the Michigan Department of State Highways, is

to include an asphalt surface. The project includes replacement of intersection entrances and mailboxes along the route were relocated.—Tawas Herald Photo.

PLAINFIELD TOWNSHIP RESIDENTS were reminded last week by Sup. Bruce Hewitt that the township's sanitary collection area is open five days a week for township residents. The site is closed Tuesdays and Thursdays and this was the scene which greeted Jack Kesler, operator, on Wednesday morning. About two truckloads of garbage had been dumped on the road and the gate had been forced open. The office building had been opened and several items were

stolen. "The site was open all day on Memorial Day for the convenience of seasonal residents," said Hewitt. He warned that persons apprehended in the act of dumping garbage on the road would be cited under state law for littering. The collection area is open Sundays, 2:00 to 6:00 p. m.; Mondays and Wednesdays, 9:00 a. m. to 5:00 p. m.; Fridays, 1:00 to 6:00 p. m.; Saturdays, 9:00 a. m. to 6:00 p. m.—Tawas Herald Photo.

# Hobby and Antique Show May Prove to be A Major Event

First annual hobby and antique show to be held Saturday, July 5,

under sponsorship of the Tawas Bay Arts Council, is well into the planning stages, according to Mrs. Herbert Blust, president.

This show, which could equal the state-wide interest shown in the highly successful arts and crafts festival held each August under Tawas Bay Arts Council sponsorship, is to be held at the multipurpose room of the East Tawas Elementary Unit.

Depending upon interest shown by exhibitors, the show could expand outdoors to the playground of the elementary unit.

"Because this is the first undertaking for a show of this type, we really do not know what the response will be at this point," said Mrs. Blust. "We picked a day

which should meet the approval of exhibitors, as this area should be crowded with summer visitors and potential purchasers of hobby type items offered for sale."

In the event that response to the show surpasses the presently outlined exhibit area at the elementary school, Mrs. Blust said she would ask the East Tawas Council to close that portion of Newman Street in front of the school for a display mall.

"Because of necessary restrictions placed on our annual arts and crafts festival in August, we have had to turn away many potential exhibitors of hobbycraft items," said Mrs. Blust. "This show will require a lot of work on the part of members of the Tawas

Bay Arts Council, but we feel that it should improve our relations with those persons who have been denied exhibition space in the August show."

Separate areas would be provided for the display of antiques and hobbycraft items. The show would be an exhibition and sale, with individuals, organizations and dealers invited to participate.

"Judging from past local response to our show and that shown similar shows around the state, there is a terrific need for such an event in our area," said Mrs. Blust. "Members of our organization are of the opinion that it could grow into one of the most important events in the area."

Application blanks are now available at Tawas Chamber of Commerce office, the Tawas Bay Arts center and at stores selling hobbycraft supplies.

## Senior Citizens Plan Trip to Alpena

Four new members were welcomed and given pins at the Wednesday, May 28, meeting of the Tawas Area Senior Citizens. New members include Alice Proctor, Mr. and Mrs. William Hajduk and Hazel Buzzard.

Sixteen members were seated at the birthday table and were served ice cream and cake following the sack lunch.

During the business meeting, a trip to Alpena was planned for Monday, June 2. Tentative plans were made to go to Frankenmuth Thursday, June 12.

Door prizes were won by Edna Heinlein and Lester VanMeter.

Next meeting will be Wednesday, June 11, 12 o'clock noon, at the community building in East Tawas.

Tawas Lodge No. 274, Free and Accepted Masons, monthly meeting, 8:00 p. m., Masonic Temple, Tawas City.

**Answer Questions on Social Security**

Question: I was recently in the hospital for a week. Now, my doctor has ordered part-time nursing care for me in my home. Will my medicare help pay for this care?  
Answer: It may. Medicare can help pay for home health care—part-time skilled nursing care, physical and speech therapy and other services—if certain conditions are met. You can find detailed information about home health care in "Your Medicare Handbook," the blue-covered booklet sent to people who have medicare. If your copy is lost, call or write any social security office.

Question: Both my husband and I will be 65 in a few months and will get medicare. Will we each get a medicare card, or do I use the card that he gets?  
Answer: When a husband and wife both have medicare, they get separate cards and claim numbers. You will use the medicare claim number on your card. Your husband will use the claim number on his card.

Question: My husband and I were divorced last year. He is going to retire in a few months. Since I have never worked before, can I get any social security payments on his record?  
Answer: A wife may get benefits on her divorced husband's work record if he is entitled to benefits and if they were married for more than 20 years. She can get benefits as a divorced wife at 62 or later, as early as 60 if her ex-husband dies after having worked long enough under social security.

Question: I know my children can get social security benefits on their father's work record, but what happens if I become disabled or die? Can they get payments based on my work?  
Answer: Yes. Under the law, children are considered to be dependent on both parents and can get benefits when either parent becomes disabled or retires or dies after having worked long enough under social security.

If you have questions regarding social security, contact the social security district office at 1009 North Madison Avenue, Bay City, Michigan 48706 or phone 892-3554.

Charles M. Bills Died May 22

A retired farmer, Charles M. Bills of Hale, died Thursday, May 22, at Tolfree Hospital, West Branch.

Mr. Bills was born in Marshall January 15, 1889. He was married to his wife, Anna, in St. Louis. He had resided in the Hale area for 73 years and was a life member of the Hale-Whittemore Grange.

Surviving besides his wife are five daughters, Mrs. Porter (Louise) Stedman of Hale, Mrs. Rupert (Joy) Bentley of Bohemia, New York, Mrs. Eldon (Anna) Bannister of Sandusky, Mrs. Allen (Maryetta) Chapman of Fenton, Mrs. Leon (Alice) Tower of Grass Lake; 14 grandchildren, and nine great grandchildren.

Services were held Sunday, May 25, from the Forshee Funeral Chapel, Hale, with the Rev. John Kerr and the Rev. Raymond Bruce officiating. Burial was in Evergreen Cemetery, Hale.

LOOKING BACKWARD

Consumers P. Opens New Headquarters

15 Years Ago— June 1, 1960— Consumers Power Company will hold open house at its new operational headquarters north of East Tawas on US-23 June 4-5. The new building contains 9,500 square feet of floor space and is headquarters for area line and tree trimming crews, supply warehouse and fleet maintenance center.

Joseph G. Dimmick of East Tawas received notice of his appointment as a midshipman at the United States Naval Academy at Annapolis, Maryland.

The class of 1950 at Whitmore-Prescott Area School is comprised of 54 students, largest graduating class in the school's history. Only three years ago, the graduating class numbered 24.

Iosco Sportsmen's Club has constructed a new rifle range at the Tawas City dump.

Iosco School Supt. Russell A. Rollin and law enforcement officers broke up a May morning "breakfast party" one night last week which was attended by a number of upper classmen from the local high school. Definitely not a school-sponsored affair, the youngsters were sent home and a report made to the school.

John Coyle, eighth grade general science student at Immaculate Heart of Mary School, has spent about 50 hours on a project which shows the evolution of the automobile.

25 Years Ago— June 2, 1950—A culvert under US-23 at its intersection with Townline Road at the south limit of Tawas City has been deemed necessary by a board of determination. When US-23 was constructed, the highway department overlooked the need for a drain, which allowed water to collect on property northwest of the highway.

William Bannister of Hale is president of the Iosco County 4-H Beef Club.

Richard Bertsch of Tawas City caught a 24-inch German brown trout below Mio Dam. The fish weighed four and three-quarters pounds.

The Meadow Road Telephone Company has requested permission from the Tawas City Council to trim and remove trees along the easement of the telephone line in the city.

Dr. E. C. Beck of Central Michigan College gave the commencement address for the class of 1950 at Tawas City High School, which numbers 30 graduates.

A new softball diamond is to be constructed on city owned property near the disposal plant. The field will be used for games in a new league to be formed.

Grace Lutheran Church has purchased property east of the Methodist Church at East Tawas and will begin work on a new church on that site in the near future.

35 Years Ago— May 31, 1940—Committees are preparing the program and making arrangements for the 50th anniversary of the building and dedication of Zion Lutheran Church. The church was dedicated October 26, 1890, and cornerstone ceremonies were held October 13, 1889.

its spring campout at the Kunze Camp, Tawas Lake.

During a severe lightning storm Sunday, six CCC boys were stunned and a bolt struck a power line and entered the barracks at Silver Creek camp.

Miss Theda Charters closed a very successful term of school at the Keystone Friday with a picnic. She has been engaged to teach the Waters School, three miles north of Whitmore, next term.

Some good buys listed by Fred H. Goodrich of East Tawas include a seven-room home overlooking Tawas Bay for \$2,200, with \$800 down payment.

Changing horses in the middle of a stream is not such bad business, according to Wendell L. Wilkie, candidate for the Republican presidential nomination. He voiced the theory in a political speech in which he assailed the New Deal for what he termed "failure" to defend the United States against itself and further charged that it could not be trusted in a third term to defend the nation from outside aggression.

Plainfield

Lists Building Permits OK'd
