Theatre Group Seeks Players

Are you crabby? Do people think you are wishy-washy? Have you ever had the desire to fly a Sopwith Camel? If the answer to any of these questions is "yes," your big chance is at hand.

The Tawas Little Theatre announces tryouts for its first production, "You're A Good Man, Charlie Brown." The tryouts will be held Wednesday, February 18, from 7:30 to 8:00 p. m. and Thurs-

day, February 19, 5:30 to 7:30 p. m., at Tawas Area High School, Room 84.

The play, which consists of skits about the famous "Peanuts" gang, requires six characters, including "Lucy," "Charlie Brown" and, of course, "Snoopy."

Anyone wishing more information about tryouts or the Little Theatre may contact Carol Savino at 362-6876.

TC Council Studies Forestry Contract

A proposed contract between Thomas Jacques and the Tawas City Council for providing forestry consultation service was taken under advisement Monday night by the council and is to be discussed at the next meeting.

Jacques and his Huron Consulting Service have been under contract with the city for the past six months. A master plan for tree maintenance was completed during that time and Jacques instructed two city employees in tree maintenance.

A one-year contract has been proposed at a rate of \$1,200. Work would include development of a landscaping plan for city parks, supervision of spring tree planting, a river cleanup and continuance of the tree maintenance program.

It was the feeling of the council that a six-month contract should be considered, with the option to extend the contract at its expiration date.

In other business, dates for the tax board of review were adopted. The board is to meet March 1, 2 and 3 to establish data for tax rolls and meetings open to taxpayers are to be held March 8, 9, 10, 15, 16 and 17 to review tax rolls.

The city's new assessor, Ronald Turner, has been bringing tax rolls up to date in recent weeks to show new construction. Gem Surveys of St. Clair has begun preliminary work on appraisals, but these new figures will not be used until 1977.

The council named the city manager as street administrator to receive Act 51 money for maintenance of major streets. Approximately \$35,000 is received annually for this work.

In adoption of a new street criteria agreement with the state highway commission, Bublitz said considerable expense would be added to local government because of required signing changes. He said that adoption of the agreement was not mandatory, but the state has stipulated that non-adoption could result in a redesignation of major streets to local streets and the city would bear the entire cost of maintenance.

There are 3.78 miles of major streets in Tawas City and the city will be required, during the next five years, to replace all of its street directional signs. The present 24-inch signs are to be replaced by 30 and 36-inch signs, all using the new designations for stop

streets, yield the right-of-way and other instructions to motorists. The signs are to be 12 feet off the ground instead of the present seven-foot level.

Bublitz said that all new streets had been constructed to meet the 22-foot standard, but he estimated replacement of the signs would cost approximately \$2,000 per mile. A new plan is to be submitted by March 1.

Visitors Praise Residents for Helpful Acts

"It is so refreshing to know there are still people around who will willingly put themselves out for complete strangers," stated Mrs. Cynthia Schroeder in a letter to The Tawas Herald this week.

Mrs. Schroeder; her husband, Peter, of Cedar, and Mr. and Mrs. Thomas DeMouplie of Traverse City, snowmobiled across the state two weeks ago from Lake Michigan. Arriving Saturday night, they rented a motel in Tawas City.

"Because of the lack of snow, we had to walk to a restaurant to eat dinner and, after 171 miles on rough trails and walking about a mile, we were finding all the restaurants closed at 8:30 o'clock," wrote Mrs. Schroeder.

The two couples found a snack bar open, but the ladies of the group had been promised a good dinner.

"We were pleasantly surprised when the waitress and several couples in the snack bar warmly assisted us with information, a car and a driver to take us to the Holland House and even set a time and picked us up after dinner, delivering us to the motel."

"The driver was Wilbur Roach. We would like to have you print this letter in your paper to show our thanks and appreciation. It was our first visit to Tawas, City and East Tawas but, because of the friendly people, the memorable meals, the very comfortable Northwoods Motel, we will be back."

"Everyone we met was anxious to assist us and we were very impressed," Mrs. Schroeder stated.

City Applies for New Federal Funds

Application for \$500,000 in federal funds to assist in construction of public works projects has been made by the Tawas City Department of Public Works.

A new public works legislative act is currently pending and congress is expected to override a veto threatened by President Ford.

City Mgr. Reginald Bublitz told the council Monday night that he had made application for three projects on the advice of Edmands Engineering Company of Bay City.

Included in the application was \$130,000 for a sewer force main and water extensions, \$260,000 for storm sewer and new street construction and \$110,000 for bridge replacement and approaches.

Bublitz said that preliminary engineering had already been obtained for a sewer force main between the Second Avenue lift station and the waste treatment plant, as well as for water main extensions, storm sewers and new streets. Bridges under consideration for replacement include one at Whittemore Street over the Tawas River and one over Dead Creek on Sixth Avenue.

The city manager said that all of the above projects met the federal criteria to receive an application. He said that sanitary sewer extensions and other projects are not eligible under this proposed legislation.

Bublitz said that Tawas City's chances under the proposed legislation would depend greatly on congressional action on the expected veto and he has written letters to Michigan's two senators and congressman from this district requesting assistance in obtaining necessary applications.

Councilman Jerry Cotter was of the opinion that citizens should write letters to Michigan's delegation in congress urging approval of the legislation.

In other public works matters, the city manager reported that East Tawas, Baldwin, Tawas and Alabaster Townships had formally approved participation with Tawas City in submitting an application to the federal and state governments for a step one planning grant to study a proposed regional sewage disposal concept. Because of its higher priority, Tawas City was the lead applicant.

The city manager reported on the recent meeting of the joint water board for East Tawas and Tawas City. A new contract is being proposed between East Tawas, Tawas City and Baldwin Township. At the present time, an agreement adopted between East Tawas and Tawas City in 1957 has 11 years remaining, but Bublitz said it was necessary to adopt a new contract in order to be eligible for federal funds and an FHA loan to aid in expansion of the water system. This new contract would be for a period of 41 years.

Tawas City has purchased water

at a rate of 21 cents per 1,000 gallons and, due to increased cost of production, it is proposed to raise the rate to 25 cents per 1,000 gallons. Membership on the joint water board would also be changed with four members from East Tawas and two members each from Tawas City and Baldwin Township.

Bublitz said it is expected the above changes in the water agreement would be adopted, but two other minor amendments are being considered. The water contract is to be submitted later for approval of the council.

'Kid's Day' at ET Lions Rink

Games, ice skating races and slow-puck hockey demonstrations for children will be part of the activities Sunday, February 22, at the East Tawas Lions Club's "Kid's Day." The event will be held at the Lions' ice skating rink on Newman Street, East Tawas.

Weather permitting, the program is slated to run from 11:00 a. m. to 2:00 p. m. A play-off for the winning hockey teams is planned and there will be free hot dogs and hot chocolate for all the children.

O'Connor-Western Were Nominated

Only 15 percent of East Tawas' registered voters in the Third Ward turned out for Monday's primary election. A total of 93 out of 605 registered voters appeared at the polls.

This primary election was required when three candidates filed for the office of Third Ward alderman.

The two candidates receiving the most number of votes in the election were Timothy J. O'Connor, 34 votes, and Ralph Western, 30 votes. Western is the incumbent. William C. Wainwright Sr. received 29 votes.

O'Connor and Western are to vie for the council seat of this ward in the general city election to be held Monday, April 5.

There is one other contest for a council seat in that election. Gerald J. Klenow, incumbent First Ward alderman, will be opposed by Christine Miner.

Unopposed candidates on April 5 include Robert D. Johnson, Second Ward alderman; Robert Bolen, mayor; Grace C. Pelton, treasurer; Clyde Soper, clerk.

Grant Township Winter Carnival Was a Success

Net profit during Saturday's one-day Grant Township Winter Festival was \$1,316.13, according to a report Monday night during a meeting at the Sand Lake Heights Community Center.

Vincent Wade, president of the Sand Lake Heights Men's Association, reported that proceeds during the festival totaled \$2,520. He felt the net profit was excellent and demonstrated once again the spirit of cooperation by the various organizations and individuals involved in the festival.

Fifty persons attended Monday night's meeting and included members of the men's association, Sand Lake Heights Women's Auxiliary, Grant Township Fire Department, Sand Lake Heights Retirees and Sand Lake Teen Club.

Following reports on the winter festival, Dr. Robert A. Halle, superintendent of Tawas Area School District, addressed the group on the needs of the school district and presented information on the March 29 vote concerning proposed classroom additions to the school.

A question and answer period followed the superintendent's presentation.

ET Council Met Last Night

Due to Monday's primary election, the regular meeting of the East Tawas Council was postponed to last night (Tuesday).

Items on the agenda included consideration of a new mutual fire aid agreement with Oscoda Township, agreements with the Michigan Department of Natural Resources in regard to the new boat launching ramps and a bill from Edmands Engineering Company for work on Forest Glen Subdivision.

The new mutual fire aid agreement from Oscoda is also to be presented to the City of Tawas City and replaces one which has been in use for a number of years.

Also to be discussed by the council will be a letter sent by the city to the state senator and state representative from this district opposing the presidential primary election to be held next spring in Michigan.

LARGE CROWDS attended activities last week-end during the 26th annual Perchville USA Festival. Twenty-three polar bears enjoyed a dip in Tawas Bay near the Michigan Waterways Commission Dock.—Tawas Herald Photos.

RICK BERGERON, 18, Tawas City, set a new endurance record in the water of 45 minutes.

CONCESSION STANDS operated by various organizations of the Tawas, located on the bay shore at East Tawas, were jammed with visitors.

Included were rides for the kiddies and booths selling refreshments. A carnival atmosphere prevailed on Saturday and Sunday.

A HELICOPTER which whisked passengers over the Tawas for an aerial view did a booming business both days.

SEVERAL local organizations sponsored booths at the East Tawas Community Building. This display promoted Tawas area's bicentennial observance next July.

THE DEMOLITION DERBY Sunday was the feature attraction at the week-end and a crowd of several thousand persons was on

hand to witness the two heats held on the ice of Tawas Bay. Rain on Sunday failed to dampen spirits of those in attendance.

Council Makes Appointments, Oscoda Notes Loss in State-Federal Money

Establishment of a new harbor committee and appointment of persons to fill vacancies on a number of boards was accomplished Monday night by the Tawas City Council.

One or two remaining vacancies are still to be filled and the city manager is to contact members whose terms expire this year to determine if they wish to be reappointed.

Still to be filled is the city clerk's position, vacated by the recent resignation of Mrs. Mary Byrd following a hassle with a citizens' group involved in the November 4 general election. City Mgr. Reginald Bublitz, who has been acting as city clerk, said that no applications have been received for the position.

An opinion from City Atty. Kenneth Myles stated that the one basic requirement to hold any elective or appointive office is that the person shall not be in default to the city. During discussion last fall, the council construed this charter provision to mean that the office holder may not be delinquent in paying city taxes and enforced the provisions against one of its own members.

Establishment of the new harbor committee was urged by Councilman Jerry Cotter, who felt that the new group should begin work immediately and report progress monthly to the council and planning commission.

The council has asked the city attorney for an opinion of eligibility of non-residents serving on this committee, but no mention was made in Myles' letter concerning the matter. Both Mayor Herbert Cholger and Councilman Robert Rollin felt that the committee should be open to anyone desiring to serve.

Martin O'Driscoll, owner of a resort-marina on the river, was named chairman of the committee. Appointed to membership were Mrs. Mildred DeBeau, Mrs. Marie Borsenik, James Rudel, Arthur Krass and Richard Powers. Membership of the committee is to be expanded if necessary.

All of the above persons volunteered to serve and other persons submitted their names for appointment to other boards and commissions as follows: Named to the city park board were Mrs. Joan Blust, the Rev. C. H. Symons and Andrew Oberla.

Orville Koepp was named to fill a vacancy on the cemetery board.

Appointed to fill two vacancies on the zoning board of appeals were David Kennedy and Mrs. Bobbie Ann Kehoe.

Harold Moeller was appointed to fill a vacancy on the city planning commission.

Jack Bronson and Jerry Snoblen were appointed to serve on the water board.

Other appointments by the council included John Hosbach, tax board of review, and Bublitz was named to the joint water board.

Under terms of the city charter, the city manager has responsibility of recommending to the council a person to serve as city clerk. Mayor Cholger had previously submitted the name of a non-resident as a candidate for the position, but Bublitz expressed the opinion that he would rather see a resident of Tawas City fill the position. He said that it was an important job because of responsibilities for elections, taking of council minutes and other activities.

The city manager said he would welcome applications for the position.

Charles Smith, supervisor, reported Tuesday that Oscoda Township faces a 9 1/2 percent drop in revenue in its operational budget due to announced cuts in federal and state revenue sharing.

Oscoda Township will lose \$42,000 in federal funds and \$13,400 from the state.

Revenue sharing was an innovative plan devised nearly five years ago whereby a portion of income taxes are returned to township, city and county governments. Use of the money has been controlled under a rigid criteria and has been used mainly for needed capital expenditures.

Locally, the revenue sharing plan has proven to be an outstanding program and has assisted townships and municipalities in the development of new street systems. At county level, funds have been used to assist local units in development of parks, as well as to provide construction work on the county building and many other projects.

The program is due to expire in 1977 and it appears that it will not be reinstated.

I pledge allegiance to the flag of the United States of America and to the republic for which it stands; one nation, under God, indivisible with liberty and justice for all.

TODAY'S Meditation

from The World's Most Widely Used Devotional Guide

(Read John 15:1-8)

Herein is my Father glorified, that ye bear much fruit; so shall ye be my disciples. (John 15:8)

I like to observe plants and fruit trees. Recently, I saw an orange tree beside the road with its limbs bare of leaves. Only on the highest limbs were a few ripe oranges that appeared to be tasty.

I stopped to think about the orange tree. How many times had passersby lashed the tree and how much fruit had it given each of them?

Even when it has no more fruit, as long as it has leaves it can be used as a shade. It is useful even after it is dead—its limbs can be burned to give heat.

Our Christian life can be fruitful even in the midst of the ungratefulness of fellow human beings. Our life in Jesus Christ makes this possible.

PRAYER

Lord Jesus, help us to be useful to tired travelers who come under the shadow of our life. In Your blessed name we pray. Amen.

Spriggs-Whitford Marriage Rites Conducted Feb. 14

In 6 o'clock rites Saturday, February 14, Debra Kay Whitford became the bride of Samuel O. Spriggs. The Rev. Kenneth Tausley performed the double ring ceremony and organist was Mrs. Georgena Greene.

The bride is the daughter of Mr. and Mrs. Roger Whitford of Tawas City. Her husband is the son of Mr. and Mrs. Harold Spriggs of Roanoke, Virginia.

The former Miss Whitford chose a gown of white polyester crepe with high neckline, set-in lace yoke and front skirt panel. A sash gathered the waistline, tying into a bow at the back, and a large ruffle accented the hemline. The veil, made by the bride's grandmother, Mrs. Allan Herriman, was a floor-length Juliet style with lace covered cap. She carried a bouquet of three red roses, baby's breath and greens.

The bride's sister, Mrs. Christopher O'Driscoll, was matron of honor. Bridesmaids were Susan Whitford and Aleina Milligan of Mulliken. Michelle Whitford was flower girl. All attendants were attired in red polyester knit gowns of the same style as the bride's. Each carried one red rose, baby's breath and greens.

Best man was Christopher O'Driscoll with Walker Whitford and Lynn Jarvi of Hubbell as groomsmen. James Spriggs, nephew of the bridegroom, was ring bearer. Ushers were Robert Tows and Stanley Blury.

A reception was held after the ceremony for approximately 200 guests from the Tawas, Detroit, Grand Ledge, Gladwin, Mt. Morris, Davison, Mulliken and Hubbell.

For her daughter's wedding, Mrs. Whitford selected a pink gown which was adorned with a white orchid. The bridegroom's mother was unable to attend.

Following a four-day wedding trip to Houghton, the newlyweds will reside at 524 Fifth Avenue, Tawas City.

The new Mrs. Spriggs is a 1975 graduate of Tawas Area High School. Her husband is a 1972 graduate of Tawas Area High School and also attended Michigan Technological University, Houghton.

Hostesses honoring the bride with a pre-nuptial shower were Mrs. O'Driscoll, Mrs. Sherry Meske, Mrs. Patricia Brinkman and Mrs. Vera Herriman.

Bottles Broke

Two vandalism complaints and two larcenies were investigated over the week-end by the Iosco County Sheriff's Department.

Windows at Inglis Ford Sales and the Hubblitz 76 Station were damaged. A four by six-foot window at Inglis Ford was smashed by a pop bottle and a beer bottle was thrown through a five by eight-foot window at the 76 Station.

Hinman-DeRosia Vows Exchanged at East Tawas

St. Joseph's Catholic Church, East Tawas, was the scene Saturday, February 14, of the double ring ceremony uniting Katharine L. DeRosia and Geoffrey L. Hinman in marriage. The Rev. Fr. Francis Murphy officiated.

The former Miss DeRosia is the daughter of Mr. and Mrs. James DeRosia of East Tawas. Mr. Hinman is the son of Mr. and Mrs. Jack Lupo of Bay City.

Given in marriage by her father, the bride selected a white suit with large picture hat. She carried a colonial bouquet of white Stephanotis and red roses.

Miss Renee Gibson was maid of honor and was attired in an olive green street-length dress. Her colonial bouquet was of yellow daisies and yellow roses.

Kevin Hayman stood as best man for the bridegroom.

A dinner followed the ceremony at the Holland House, East Tawas, for the immediate family.

Mrs. DeRosia greeted guests in an off-white dress and Mrs. Lupo chose a light green dress. The mothers wore matching orchid corsages.

The new Mr. and Mrs. Hinman have left for a wedding trip ending in Madera, California, the place of

their new residence.

The bride is a 1974 graduate of Tawas Area High School and attended Bayshire Beauty Academy, Bay City. The bridegroom is a graduate of Handy High School, Bay City.

Pre-nuptial showers were given by Miss Loretta DeRosia in Bay City and Mrs. Jerry Cotter in Tawas City.

W-P Debate Team Goes to State Finals

Whittemore - Prescott Area School's debate team qualified for the state finals by placing second in recent district competition at Kirtland Community College.

Debating in the class C-D division, the team defeated Standish-Sterling, Lakeview, Au Gres and Ithaca to win four out of six meets. Ithaca placed first with five out of six wins and lost only to Whittemore-Prescott.

Debating for Whittemore-Prescott were Greg Hart and William Britt for the affirmative, Julie Webster and Mark Thomas for the negative.

The national high school debate question this year is: "Resolved, that the development and allocation of scarce world resources should be controlled by an international organization."

Cavaliers Had Easy Victory Over Braves

After being upset last week by Ogemaw Heights, sending the Northern B Conference into a two-way tie for first place, the Carrollton Cavaliers smothered the Tawas Area Braves Friday night, 101-57.

The Cavaliers completely outclassed the Braves, who had come close to upsetting the Carrollton squad in the first meeting this season. The Braves were unable to fill a big gap in their offensive attack through the loss of Brad Potts, who has been sidelined with a back injury.

Tawas just did not have enough guns in this game as Carrollton jumped off to a 26-16 lead in the first quarter and won with ease. The visitors rang up a 23-13 margin in the second quarter, Tawas sliced the deficit to 20-17 in the third quarter.

With second stringers playing much of the fourth quarter for both teams, Carrollton boosted its lead with a 32-11 scoring bulge and went over the "century mark" with less than 10 seconds to go in the game.

Tawas had three players in low double figures, but Carrollton had nine players in the scoring column and were paced by Kubiak's 23 points. Mike Harvey was top scorer for Tawas with only 13 points.

The Junior Braves met the same fate in the preliminary, losing to the Little Cavaliers, 76-37. Carrollton went out in front, 12-6, in the first quarter, then poured it on with buds of 23-13, 29-10 and 37-8. Mayer was leading scorer for Tawas with 12 points, followed by Dubovsky and Clute with 10 points each.

The Braves were to host Alpena last night (Tuesday) and are to play at Essexville Garber Friday night. Tawas closes its regular season Friday, February 27, when they play host to Standish-Sterling Central.

Eighth Graders Split Decisions With SS Central

In an exciting overtime game against Standish, Tawas Area Eighth Grade Basketball "B" team lost on its home floor, 21-20. Todd Reinholm scored eight points for the team with Chuck Reinholm getting 21 rebounds.

Brian Norton led the "A" team to a victory over Standish, 31-18, with 14 points and 10 rebounds.

The team traveled to Central Michigan University Friday to compete against other district winners for the state championship in class C-D.

Grace Ankey, coach, was pleased with the team's performance, especially since debate is only in its second year at the school. Three of the four members are novices in their first year.

There were 17 students actively debating this year against schools ranging in enrollment up to class A. The coach said it is hoped that most of those debaters will return next year with their experience to build another strong debate team.

The team acknowledges the support received from Supt. Ray Kessler, Prin. Robert Sutch, Alice Thompson (librarian) and faculty members.

ROY HUFF (left) and his son, Clayton, of Plainfield Township are shown here Wednesday morning with the ruins of their burning barn in the background. One of the few pieces of farm equipment owned by the Huffs to escape the blaze was a tractor, which had a flat tire the afternoon before the blaze and was not run into the barn for the night.—Tawas Herald Photo.

Plainfield Farmers Lost Barn - Equipment in Blaze

Fire early Wednesday morning demolished a large barn on the Roy Huff farm, located 2½ miles southwest of Hale. There were no injuries.

Plainfield Township firemen responded to a call from a resident on West Londo Lake Road, who saw flames coming from the barn around 5:00 a. m. The blaze was out of control when firemen arrived.

Huff, 84, said he had awakened about 3:00 a. m., but had not noticed anything out of the ordinary. He and his wife were made aware of the fire two hours later when volunteer firemen pounded on the front door of their home.

Huff said that he and his son, Clayton, had lost 4,000 bales of hay in the blaze, along with a hay baler and mower, which had been purchased last year. Four milking goats kept in the barn were killed in the fire.

The 40 by 60-foot barn, with 20-foot shed, was constructed by the Huffs in 1946. Clayton Huff said the barn and machinery were partially covered by insurance.

PSC Member Speaks Today in Plainfield

William Ralls, Michigan Public Service Commission member, will speak before the joint meeting of the Iosco and Alcona County Democrats Wednesday, February 18 (today), 7:30 p. m., in the Plainfield Township Hall. He will discuss the impact of changing energy and transportation costs upon the state's economy and the need for a coordinated energy and transportation policy.

Ralls is a member of the three-person public service commission, which regulates all investor-owned public utilities, in addition to railroads and commercial trucking.

Ralls will outline proposals to limit soaring utility costs and to obtain adequate energy supplies for renewed economic growth in Michigan.

"In the past, energy was cheap and abundant and utilities were able to meet their customers' needs with modest charges. Today rising energy costs, the high cost of borrowing money and operational difficulties have made utility services a significant part of the family or business budget and a great burden to those with modest incomes," Commissioner Ralls will tell the group.

EMTA Publishes Historical Maps

A new, free "Paths of History" map for East Michigan is the bicentennial project of the East Michigan Tourist Association.

The new map, released last week, is a guide to the past 200 years and more throughout the region served by the association. It is available without charge from the EMTA Log Office, Bay City, Michigan 48706.

Two Permits OK'd by Iosco

Only two building permits were approved during January by the Iosco County Department of Building and Safety Inspection.

Eckstein Construction Company received a permit to construct a rustic fence at 105 Court Street, Tawas City, \$300; Lloyd Peltier received a permit to remodel a commercial building at 112 Dwight Street, Oscoda, \$3,687.

Braves Boosters Meeting Canceled

Regular meeting of the Tawas Braves Booster Club scheduled for Wednesday, February 18 (today), has been canceled.

The next meeting of the organization will be Wednesday, March 3, 8:00 p. m., at the high school. Dr. Robert Halle, Tawas Area School superintendent, will discuss the proposed high school expansion. All members are urged to attend.

Logging Era Was Dangerous

People talk about the "good old days," but they often close their minds to or forget the unhappier aspects of earlier times.

For example, rarely does one read of the dangerous jobs which occupied the labors of several thousand Michigan residents for about 30 years prior to 1900; when a large segment of the population above the Bay-Muskegon line left for a winter's work in the woods, or turned in 11 to 12 hours a day, six days a week in area sawmills.

Try to imagine health conditions involving primitive sanitary facilities at the lumber camps; or picture in your mind the possible illnesses resulting from the rather poor fare of food in some camps; the tiresome hours of work in freezing weather, in hip-deep snow or up to one's armpits in water.

"Camps are breaking up and worn out horses and tired looking men are evidence of a hard winter's work," reported one local newspaper in March 1879.

Such conditions would boggle the mind of a modern-day physician, for there were no hospitals and only a few doctors to treat patients, if the physician was called upon and if one could find the means of transportation to reach his patients.

But families left at home in town or on the farm actually fared only a little better than the men in camp, for much of the health technology taken for granted today was unheard of in the lumbering era. Epidemics of diphtheria raged along the Lake Huron shore each winter and the AuSable News reported in January 1879, that four children died of croup within a week on Potts' Point, an area of AuSable which had a population of about 100 persons.

Other illnesses with which early residents had to contend included ague, measles, smallpox, typhoid and even a form of malaria. The best of home loving care could not cope with most of these illnesses; whole towns were often placed in quarantine during an epidemic of smallpox and persons suffering from a communicable disease were often placed in the local pest house, a rather dreadful experience.

The remedy for diphtheria recommended by one local newspaper was this: "Kerosene oil is said to be an excellent remedy for the disease. It should be gargled in the mouth." Other home cures were often tried, but without benefit in most cases.

If one became ill, there was always Hinkley's bone liniment, "fit for man or beast," but this popular patent medicine of the day, as the case of most other nostrums, was practically pure alcohol and offered little help to the ailing, other than to slake one's thirst for liquor. Even the simple aspirin of today had not been "invented."

But above all for the man in the pineries, the lumbering game of the 1870-1890 period had to be one of the most dangerous occupations ever devised by man. Fractured bones were frequent, loss of fingers and arms in belt systems were numerous. Scores of men were injured annually in the woods and on spring drives.

The best sawmill in the region would have been a nightmare for a modern-day safety inspector, with unguarded drive belts, saws without guards and a knot saw on a shingle machine which was particularly adept at removing fingers from the sawyer's hands.

There was no health and accident insurance program in those days to aid the injured and sick and there was no workmen's compensation insurance program to aid the injured or his family when the bread-winner was out of work.

The Tawas Herald regularly ran

a column concerning "accidents in the camps" and other publications reported weekly injuries to the "boys" involved in the lumbering business. The editors omitted few details of the injuries.

A classic fatal accident, which was repeated in other areas of the

region, was reported by the Iosco County Gazette in 1878: "Burleigh Township Treas. Robert Cruis was killed March 8 while engaged in breaking a rollway of logs on a steep bank of Whitney Creek. After considerable labor at the bot-

(See ACCIDENTS, page 2.)

DR. HENRY A. GOODALE was an early day drug store owner at East Tawas. Note the shelves filled with patent medicines, many of which claimed to be a sure-fire cure for such diseases as consumption and cancer. Most of the nostrums were nearly pure alcohol. Born in New York

State in 1823, Goodale came to Michigan in 1840 and graduated from the Cleveland Medical College in 1848. He served four years as a surgeon during the Civil War with the 21st Michigan Infantry. His grandson, Harry Goodale, is a resident of Tawas City.

1769: Terror on the new frontier. Not all the action is in Massachusetts. Not by a long shot. Down in North Carolina, there's a young fellow named Daniel Boone. Plenty of pioneers from other back counties, too. They're a special breed. Disgusted with King George's proclamation that forbids us to settle west of the Alleghenies. They push on anyway. And Daniel, one of the bravest, becomes the most famous. He's out to find Kentucky, "the dark and bloody ground." It is not long before he finds out why the name, since the British have stirred up the Indians against the pioneers. He breaks through the Cumberland Gap. Chooses a site on the river. And builds a fort. Only to lose his land when Kentucky is resurveyed and he's forced to push on to Missouri. Whatever he's lost, though, he's still his own man. ☺

HALE WHITTEMORE ROSE CITY GLENNIE

DR. HENRY DARLING
 Early Tawas City Physician

Nearly A Century Later . . .

THIS STEEP BANK on Whitney Creek in Burleigh Township is the probable site where Robert A. Cruis met his death nearly 100 years ago. Cruis, Burleigh Township's treasurer at the time, was killed when he was buried under an avalanche of white pine logs at this banking ground. Surveying the site from the top of the hill, with the valley of Whitney Creek below, is Martin Siegrist, right,

present day Burleigh Township supervisor. His son, Alan, is at left. A snow machine was used to reach the site on the Siegrist farm. Had such means of winter transportation been invented during the lumbering era, it would have been a handy means of moving the many victims of logging accidents out of the pines. —Tawas Herald Photo.

Accidents

(Continued from page 1.)

tom found it impossible to start them, Cruis and a couple of others went to the top and started a log, those beneath it breaking at the same time. Before they were aware of it, logs from behind came rushing down on them. Mr. Cruis was buried in the jam."

"The number of accidents occurring in the lumber woods this winter, up to the present time, exceeds that of any previous winter on record. Scarcely a day passes but one or more is carried out of the woods, either killed outright or injured," reported the Gazette in January 1881.

Some typical accidents reported by newspapers of Iosco County are as follows:

November 18, 1880—"One of the most terrible accidents of the season occurred at Gram's mill at Au-Sable. A man by the name of William Young, tall sawyer on the circular, lost his balance while the carriage was being reversed and fell on the saw. His right leg was sawed off from his body just above the knee, his left foot was nearly cut off and his right hand was cut off at the wrist. The victim of this terrible accident lived but a few minutes."

November 18, 1880—"A fatal accident occurred at one of Emery's camps on the South Branch. Michael McDonald, one of the campmen, had stooped down to put a drag under a log for skidding when he was struck on the head by an ironwood sapling, which a large pine tree fell against, killing him instantly."

November 18, 1879—"Two men are laid up at the Miner House, having lately received injuries which disables them for a time. James McBride, one of Bliss' tote teamsters, fell from his wagon near Silver Creek and the wheel passed over his leg, fracturing it badly above the ankle. Another, William Jones, one of Dease's campmen, cut his foot terribly while chopping."

December 9, 1880—"At A. J. Scott's camp on State Road, Archie McDonald, whose home is near Clio, fell upon a double-bitted axe and cut his left wrist nearly off, severing all the flexor tendons, the radial artery and cutting the muscles and bones in bad shape. Doctor Darling attended him and thinks he can save the man's hand, though it will be in a crippled condition. The man was brought to town Tuesday."

August 4, 1881—"Thomas Megill, superintendent of the East Tawas Salt and Lumber Company's salt block, met with a serious accident. He tripped and fell into the grainer containing hot brine. The right arm below the elbow was terribly scalded, which he had to hold in the brine to keep the rest of his body out. All the skin and much of the flesh, about one-fourth inch in depth, dropped away."

The above accidents were selected from a number of reports in local newspapers during a three-year period to show the variety of different dangers which awaited the unwary worker in the lumbering industry. There were many other dangerous situations, the most common being in the pinery, where many men were struck by falling branches—"widow makers"—the protective hard hat worn by pulpwood cutters of today not having been devised during the days of the tall timber.

The following paragraphs from an 1879 issue of a local newspaper may be of interest to today's insurance agents:

"Doctors Harris and Waterhouse are now issuing certificates which entitle holders to admission and medical or surgical treatment in the Bay City Hospital, where the best of food and nursing is provided and skilled medical treatment is always at hand."

"The certificates are issued at \$2 each and are good for one year from date of issue, entitling the holder to admission at any time during the year, in consequence of wounds, injuries or sickness which incapacitates him from labor. No extra charge is made for medicine, board or surgical treatment while in the hospital."

"The large number of accidents constantly occurring to lumbermen in the vicinity makes this a very desirable opportunity for all who are in any way liable to injury or sickness from any cause."

The day of huge pine cuttings and daring river drives has passed, but the rudimentary beginning of the health and accident insurance described above has been expanded and improved for the advantage of modern-day workers. Such an insurance plan is a fringe benefit and a way of life which is often taken for granted; so, too, are state and federal laws designed to eliminate dangerous situations for workmen in industrial occupations.

Answer Questions on Social Security

Question: I receive social security retirement payments and I have heard that the amount I can earn this year without losing any of my benefits has increased. If this is true, what is the new amount?

Answer: You can earn as much as \$2,760 in 1976 without having any reduction in your social security payments. For every two dollars you earn over \$2,760, one dollar in benefits will be withheld. No matter how much you earn for the year, you can get your full social security check for any month in which you neither earn over \$230 nor do substantial gainful work in your own business.

Question: I am going into the hospital in February. Is the Medicare hospital insurance deductible still \$92?

Answer: The hospital insurance deductible under Medicare is \$104 for benefit periods starting after December 31, 1975. The increase keeps the deductible in line with the national average cost of one day's stay in a hospital.

Question: I understand that jobs will be scarce for young people this summer, so I want to try to line something up early. I applied for a social security card and was told that it would take several weeks to get it. Why does it take that long?

Answer: It takes several weeks because an application for a social security number is screened at the central office in Baltimore to make sure a number has not been issued to the applicant previously. Even teenagers may have been assigned a social security number before because of a bank account or some other reason.

W-P Area Student Wins in Farm Bureau Essay Contest

Rhoda Wight, a senior at Whittemore-Prescott Area High School, won third place in the Michigan Farm Bureau bicentennial essay contest.

She was presented a \$50 check and a certificate Friday by Raymond Cross, president of the Iosco County Farm Bureau.

Rhoda is the daughter of Mr. and Mrs. Richard Wight. Wight is a member of the Whittemore-Prescott Area School faculty.

Theme for the state essay contest was "Building Horizons on Our Heritage."

"To build horizons," said Miss Wight in her essay, "one must have the faith that there are horizons; horizons that can be sought and attained. The horizons of our heritage are the fullest range or widest limit of perception, interest, appreciation, knowledge, experience, goal or prospect."

She said that "each victory we win, or goal we reach one day, will become part of our heritage the next day. So to expand our horizons, we build on our heritage day by day."

Four New Members In Senior Citizens

Four new members, Mr. and Mrs. John Harrison, Vincent Beam and Ada Fitzpatrick, were welcomed into membership and given pins at the regular meeting of the Tawas Area Senior Citizens. Seventy-three members and two guests attended the meeting Wednesday, February 11, at the East Tawas Community Building.

Mabel Liske was appointed to fill the secretarial vacancy. Door prizes were won by Mrs. Harrison and Philip McComb. Special 50-50 prizes were received by Mrs. Harrison, Mr. Beam and Lillian Martin.

A trip to Kentucky Fried Chicken in Alpena was planned for the March 10 meeting. Reservations will be taken at the next regular meeting Wednesday, February 25, 12 o'clock noon. Members are to bring sack lunches. Ice cream and cake will be served honoring the February birthdays.

LOOKING BACKWARD—

Work Nearly Finished On Plainfield Hall

February 15, 1961—Work is nearly finished on the new Plainfield Township Hall at Hale. The 60 by 125-foot structure has been under construction since fall. Township trustees are to be held there February 20.

Federal funds have been assured for participation in reconstruction of Townline Road south of Tawas City. The road is to be hard surfaced from US-23 to Sand Lake Road. Cost of the project is to be \$150,000, with 50 percent of the total being furnished by the federal government.

Through cooperative efforts between Tawas Township officials and Tawas Area Board of Education, nine street lights have been installed on M-55 from Wilber Road to the high school. Lights were installed along M-55 from US-23 west to Wilber Road by the City of Tawas City.

Roy Bergeron of Tawas City has been appointed branch manager of the secretary of state's office in Iosco County. Bergeron succeeds George A. Prescott, county clerk, in this capacity.

February 16, 1951—Shirley Anschutz was crowned queen of the homecoming at Tawas City High School. Members of her court include Beverly Shorkey and Arlene Bronson. Crown bearers were Jerry Bronson and Paul Sedgeman.

Mr. and Mrs. Roy Bannister of Hale received word that their son, Herbert, had been wounded in Korea.

Sand Lake

Fred Roberts has returned from several weeks spent in Florida.

Mr. and Mrs. Larry Reeside and family, Grosse Pointe Farms, and the Ronald Stewart family, Warren, enjoyed several days with their parents, the Lee Reesides, this past week.

Mrs. Harold Bruggeman is a patient at South Macomb Hospital, Warren.

Winners of the pinochle tourney just concluded at the drop-in center were Kay Doebler, Mary Brown and Lee Reeside.

Last week at the Sand Lake Heights Women's Auxiliary meeting, plans for the winter festival were finalized and the bylaws reviewed. Dessert was served and Mrs. Jessie Johnson won the valentine centerpiece.

Retirees will have their monthly pot-luck dinner and advisory board meeting at 1:00 p. m. Thursday, February 19.

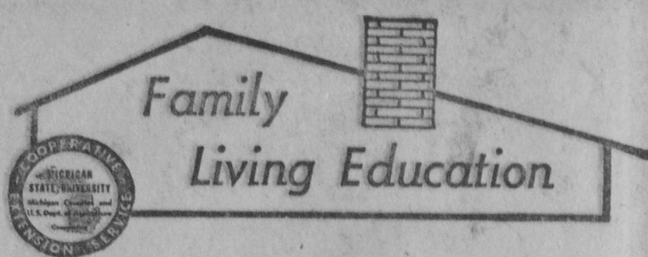

Mrs. Douglas Tucker and daughter, Heather, Charleston,

South Carolina, spent some time with the John Tuckers while her husband was on a tour of duty.

Daughters from Flint, Violet Dunkerson and Margaret Chambers, and family were on hand when their parents, the Lonie Ervins, celebrated their 44th wedding anniversary. Brenda, another daughter, presented her parents with a bouquet of roses.

Prize winners during the winter festival were Alice Proctor, East Tawas; Howard Wathen, Garden City, and Gertrude Titus, Bay City and Sand Lake. Monique Niemeyer won the stuffed animal offered by the Teen Club. Winners of the demolition derbies were Jan Butcher and John Miller. Area residents are appreciative of the hard work of so many and the countless patrons in creating a success of the one-day affair.

Mrs. Christine Cordner has returned from two weeks in Royal Oak on a medical visit and also called on her daughters, Judy Bennett and Patricia Fifield, in Columbiaville. She also visited her son, Thomas Cordner Jr., in Troy.

YOU CAN COUNT ON CHEESE

Each cheese label tells what kind of cheese it is. Here are what natural and process cheeses, cheese foods and spreads mean.

Natural cheese is just what the name suggests. After the cheese is made, it is put away to age, or ripen, by itself. Flavors range from mild to sharp.

Pasteurized process cheese blends fresh and aged natural cheeses that have been shredded and heated (pasteurized) to stop any further ripening. Buy it sliced, in transparent envelopes, in blocks or in one-half to two-pound loaves. Popular-priced, it is perfect for cooking or sandwiches.

Pasteurized process cheese food, made the same way as process cheese, has a nonfat dry milk added. It is milder, softer, spreads more easily and melts faster than process cheese. Look for it packaged as slices, rolls or links and loaves. All in all, this is one of your best cheese buys.

Pasteurized process cheese spread is similar to process cheese food but spreads more easily because it contains more moisture. There are varieties to please every taste. They are conveniently packaged in jars and loaves—even tubes and pressurized cans—for sandwiches and sauces.

Storing determines life of cheese. One may keep cheese in good condition for several weeks or months depending on how it is stored.

For short-term storage, refrigerate the cheese in the original wrapping until ready for use. After opening, wrap cut cheese in foil, waxed paper or plastic wrap to prevent drying.

An alternative is freezing the cheese. However, freeze only small pieces—less than one pound and no more than two inches thick—in moisture-proof wrapping. Pressing the wrapping tightly against the surface will remove all air and keep the cheese from drying out. Cheese frozen at zero degrees or lower will keep satisfactorily up to six months.

Freezing some varieties will affect their texture. Hard cheeses, like Cheddar, Edam, Gouda, Swiss and Provolone, may become crumbly. However, they can still be used satisfactorily for cooking.

Other cheese varieties can be frozen with no texture change.

Soft ripened cheeses like Camembert, Liederkranz and Limburger fit this category. One will have no problems with Roquefort, Gorgonzola, Stilton and blue cheese varieties because these are naturally crumbly. The very hard cheeses, such as Romano, Sap Sago and Parmesan, also freeze well.

To thaw cheese, place in refrigerator and use as soon as possible.

Linda Bell Named DAR Good Citizen for Hale Area

Linda Bell, 18-year-old senior at Hale Area High School, has received the outstanding citizen award from the River AuxSables Chapter, Daughters of the American Revolution.

She is the daughter of Mr. and Mrs. Neil Bell of Hale.

Linda is a member of the National Honor Society, was captain of the basketball team, has played the tuba and baritone saxophone in the high school band for seven years. She has been on the school newspaper staff for two years, participates in church and summer softball leagues and is a junior member of the American Legion Auxiliary.

WURTSMITH AIR FORCE BASE has added something new at its main gate. AFC Anthony Uriz of the base graphics shop painted this familiar American Revolutionary War scene. The theme for the painting is a combination of American heritage, past and present. The traditional fifer and two drummers provide the focal point, representing the determination of the early American revolutionaries. The B-52 at the top of the painting shows the nation's continued deterrent effort, preserving the freedom forefathers fought to obtain.

Classroom Needs Under Study

Teachers of Tawas Area School are participating in a nationwide study of classroom teachers' needs to improve the quality of education currently being offered. The study, called the teacher instructional needs assessment, is being sponsored by Tawas Area Education Association, the Michigan Education Association and the National Education Association and involves approximately 250,000 teachers in 24 states.

Tawas Area teachers will be among 24,000 in Michigan who will be asked to rate 60 statements about education in terms of how they currently apply and how teachers feel they should apply. A weighted discrepancy between what "is" and what "should be" will allow education officials here and nationwide to determine what areas teachers feel are most important for future consideration.

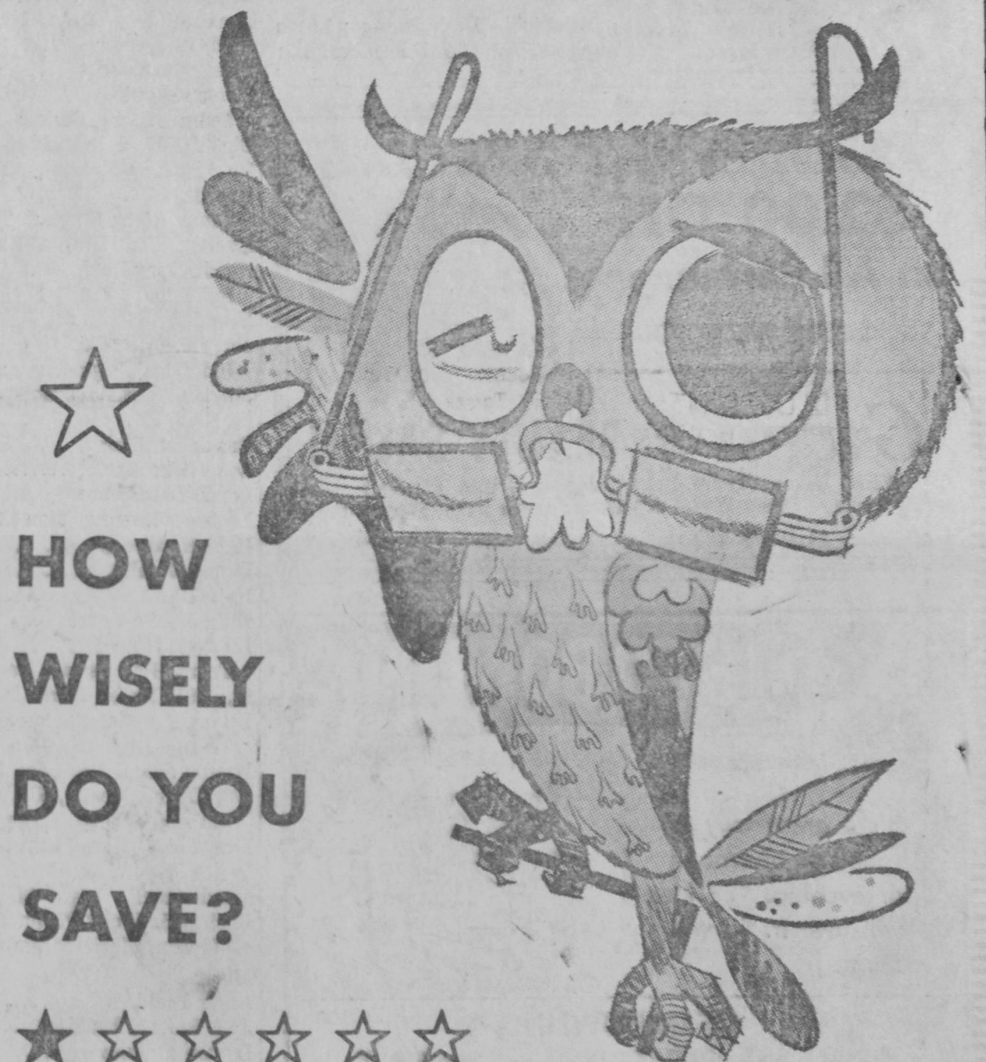

"Results of this needs assessment will be of great value in this school," said Kenneth Tanner, president of Tawas Area Education Association, "and will give teachers, school administrators and the community an accurate picture of how teachers feel about instructional materials, in-service education, employment of support personnel, class size, grading practices, discipline procedures, methods of instruction, physical facilities, teacher evaluation, communication and a host of other things that affect our abilities to teach to our fullest potentials."

Tanner said the study would provide an excellent opportunity to evaluate how education might be improved at the system's most critical point—the classroom.

Assessment forms have been returned to NEA and results are expected to be returned to this school by mid-March after having been analyzed and added to the national totals.

The assessment, said Tanner, goes to the heart of teachers' concerns—instruction—and many of the findings can be implemented without additional costs.

"When consideration is given to new expenditures or the reallocation of funds, the administration would have first-hand knowledge of where teachers feel they could be best applied. We are excited about seeing the results and are pleased to be able to provide this service in cooperation with our state and national organizations," said Tanner.

Proceedings of the Iosco Board of Commissioners

JANUARY SESSION

January 21, 1976
Pursuant to published schedule, the Iosco County Board of Commissioners was called to order at 9:30 a. m. by Chairman Foster and the roll called.

Present: Foster (district 1), Griffin (district 2), Burdett (district 3), Fox (district 4) and Wereley (district 5)

Absent: None
Chairman Foster reviewed the agenda for the day and the business before the board, following which the communications were read by the clerk and referred to the proper committees.

The following department annual reports were submitted for the board's review, to be placed on file in the clerk's office:

COUNTY CLERK:

Report of general fund disbursements for the calendar year 1975, indicating a grand total for all departments and activities of \$1,212,849.12.

Budget expenditure report for the year 1975, indicating amounts expended in excess of, or under, amount budgeted for each department.

COUNTY SHERIFF:

Report of total arrests made by the various police agencies throughout the county, by category, for 1975.

Report of total monies received by the department during 1975 for services, reimbursements, fines and costs, bail bonds etc., indicating a total of monies received by the sheriff's department and other monies earned but returned directly to the Iosco County treasurer, but not including bond money tak-

en for the courts, of \$47,014.71.

Jail report indicating prisoners received (890) and meals served (18,795) during 1975.

A recap of marine safety division activities for the year 1975.

A detailed accounting of departmental activity for the year 1975.

A report of the number of juveniles that were referred to probate court for various offenses.

Animal control officer's report indicating a daily average of animals at the shelter of 23.56; 2,991 for the year.

DEPARTMENT OF BUILDING AND SAFETY INSPECTION:

Report of permits issued (total 907), total revenues (\$18,974.98), inspections made etc., for the period of April 15 through December 31, 1975.

81st DISTRICT COURT PROBATION OFFICER:

Report of activities by month indicating number of defendants referred, pre-sentence investigations and dispositions.

At 10:00 a. m. the board recessed for committee work and to meet with Prosecutor Ronald Tyler and Greg Huck, operator of a local credit bureau and collection agency, in regard to family support actions and the collection of court-ordered support, to stand in recess until 3:00 p. m. on order of the chairman.

AFTERNOON SESSION
Upon call to order at 4:05 p. m., the roll was taken, all commissioners being present.

Commissioner Fox presented and moved adoption of the following resolution, motion being supported by Burdett and carried.

Your building and grounds committee recommends that the clerk

be authorized to advertise for bids in all three county newspapers, March 17th, 24th and 31st editions, for grading and aggregate surfacing of the parking lot at the county animal shelter; bids to be opened at 10:00 a. m. on April 7, 1976.

Signed: Joseph W. Fox, D. G. Griffin

Finance Chairman Griffin presented and moved adoption of the following resolutions:

Your finance committee recommends that Marvin Davenport, county extension director, be reimbursed \$10.40 to cover cost of a temporary subscription to the Wall Street Journal for use in the extension program.

Signed: D. G. Griffin, W. G. Wereley

Supported by Wereley and carried.

Your finance committee recommends that, having reviewed the request for hangar rental credit from Mr. James Stech, said request be denied, your committee being of the opinion that no obligation for such credit by the county is apparent. Further, that a copy of this resolution be forwarded to Mr. Stech.

Signed: D. G. Griffin, Joseph W. Fox, W. G. Wereley

Supported by Fox and carried.

Your finance committee recommends that all appropriations from the county be disbursed as follows:

1/4 immediately
1/4 April 1, 1976
1/4 July 1, 1976
1/4 October 1, 1976

Further, that all agencies receiving appropriations should be advised with their first check that should reduction of the budget be necessitated, future quarterly payments will reflect the reductions.

Signed: D. G. Griffin, Joseph W. Fox, W. G. Wereley

Supported by Fox and carried.

Your finance committee recommends that the annual dues of \$1,000 be paid to E. M. T. A., with the stipulation that such membership be on behalf of Iosco County and the chambers of commerce of Tawas, Oscoda/Ausable, Hale and Whittemore.

Signed: D. G. Griffin, Joseph W. Fox, W. G. Wereley

Supported by Wereley and carried.

Your finance committee recommends that the request for additional payment in the amount of \$1,325.02 from Wade, Trim and Associates, Inc., in connection with AuGres Water Shed study, be disapproved, as the initial authorization was only for \$10,000 to be shared by Ogemaw and Iosco Counties; further, that the committee will reconsider the matter upon receipt of itemized charges and proof of prior authorization; further, that a copy of this resolution be forwarded to Wade, Trim and Associates, Inc.

Signed: D. G. Griffin, Joseph W. Fox, W. G. Wereley

Supported by Fox and carried.

Your finance committee recommends that \$2,250 be disbursed to Michigan Association of Counties for 1976 membership dues for Iosco County.

Signed: D. G. Griffin, Joseph W. Fox, W. G. Wereley

Supported by Fox and carried.

Your finance committee recommends that, having reviewed both bids received for purchase of the 1973 Chevrolet one-half ton pickup advertised for sale, the bid of Mr. Carl Rempert, of Tawas City, Michigan, in amount of \$1,258.00 be accepted, the other bid received being in amount of \$1,055.00; further, that upon sale, the insurance carrier be provided written notification to cancel insurance coverage.

Signed: D. G. Griffin, Joseph W. Fox, W. G. Wereley

Supported by Burdett and carried.

STUDYING the score for the mid-winter concert to be conducted Sunday, February 22, at Hale Area High School is Donald Milano, school band director. The program, starting at 3:00 p. m., is to feature music to be performed in district festivals. Participating in the program will be the high school band, junior band and high school choir. Featured selections by the band include "Bandology March" and "Russian Choral and Overture." An American folk trilogy will feature the choir's program. Proceeds from the program, along with projects sponsored by band boosters, will go toward purchase of new uniforms and for scholarships.—Tawas Herald Photo.

PIONEER IN POWER . . .

DURING THIS BICENTENNIAL YEAR OF 1976,
WE PAY TRIBUTE TO THE PIONEER MEN AND WOMEN
WHO FIRST DEVELOPED NORTHEASTERN MICHIGAN

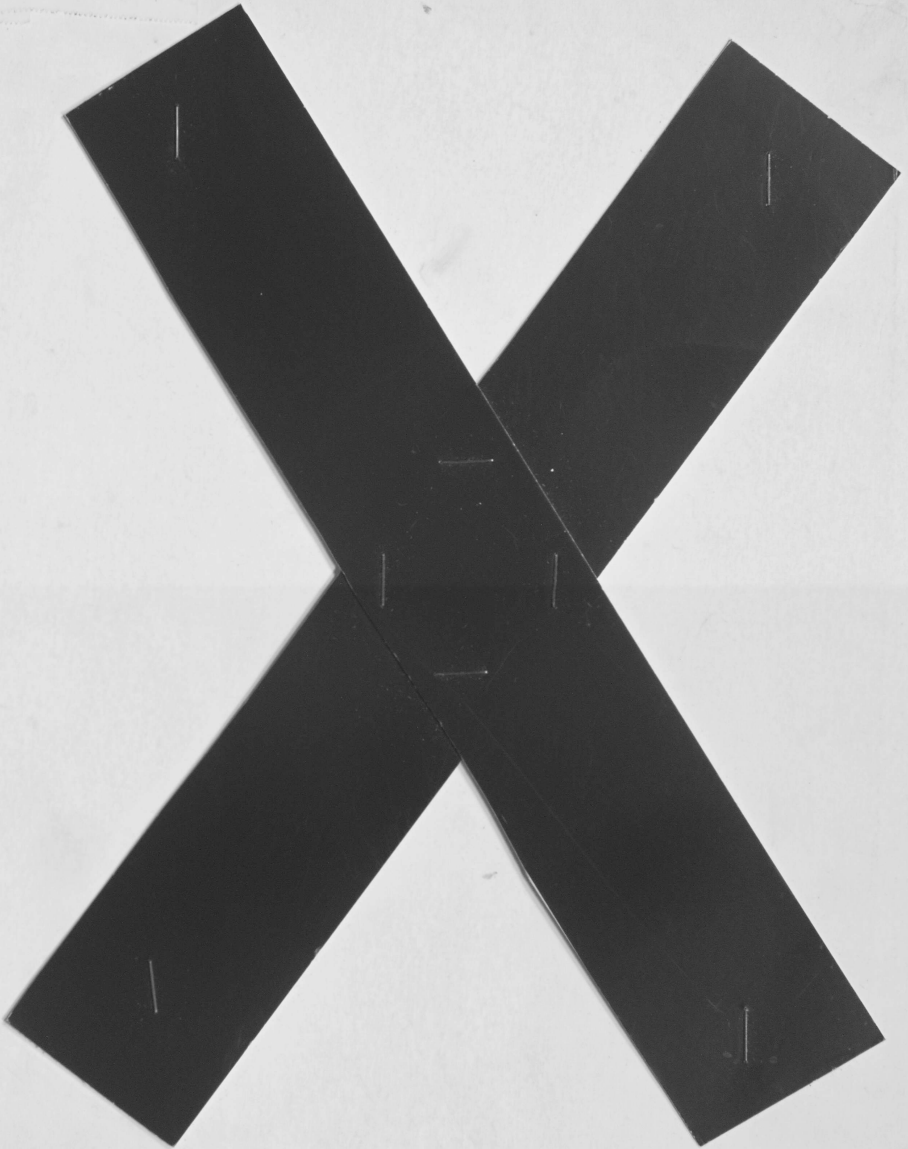

☆☆☆☆☆☆

Riding the high iron along Bay Street in East Tawas, this Baldwin steam locomotive furnished motive power for a Detroit and Mackinac passenger train in the late 1890s. The bright sun glistens on white snow as the train pulls away from the depot opposite the Holland Hotel. Equipment and men have changed since the day this winter scene was snapped, but D&M freights are still a familiar sight at the same location.

☆☆☆☆☆☆

The Detroit and Mackinac Railway and its predecessors opened the Huron Shore Region of Northeastern Michigan to land transportation nearly 100 years ago. We are proud of the role played by this railroad in the development of the region since 1878. Serving business and industry is the job, today, of the D&M, providing economical rail transportation service as a working partner in the development of Michigan's progressive northland. Our modern equipment and transportation experience combine to bring the products of Northern Michigan to America's door.
