Lack of Funds, Bees Failed to Stop Restoration

Despite a lack of public funds and a swarm of honey bees which delayed this county's major bicentennial project earlier this summer, service of rededication for the Oscoda United Methodist Indian Mission Church was held Sunday.

The tiny frame church, which has served the Chippewa Indian community west of Oscoda near the Iosco-Alcona line for more than 100 years, was jammed with an overflow crowd of guests of all faiths, joining members of the Indian community in a ceremony commemorating preservation of this historical structure. "We can see today, that the white man and the red man are brothers and God is the father of all of us," declared Mrs. Hazel LaVoie of Oscoda, daughter of the late John Silas, who was the Indian missionary at this church for many years. Mrs. LaVoie, treasurer of the Iosco Historical Society, and her sister, Mrs. Frances Rhodes, church organist, played an active role in the restoration of the church.

Board Gives Its Views on Two Proposals

Tawas Area Board of Education officially went on record Monday night opposing Proposal C, a constitutional amendment to limit state revenues and expenditures which will go to voters November 2.

At the same time, the board of education encouraged a "yes" vote on the county fixed tax rate proposal.

The board's resolution emphasized that Proposal C would limit the state's ability to raise additional revenues to help local units meet rising costs of public services and would shift this problem to local units.

In regard to the county's fixed millage proposal, the board pointed out that approval would not mean an increase in taxes and that it would fix or "freeze" the annual allocation of 15 mills of taxes at the rate adopted earlier this year in this county. Approval would mean that it would not be necessary for schools, the county and townships to submit a tentative operational budget each spring and that the amount of taxes to be received from the 15-mill limitation would be known at budget preparation time.

Among those in attendance were members of the Iosco County Historical Society, Iosco County Board of Commissioners, Oscoda Township officers and a number of persons from the area who assisted with the mission's restoration.

The program held special significance for Ralph W. Stroebel of Saginaw, a recognized expert in Michigan Indian lore, who was in attendance with his wife.

The Doxology was repeated in both English and Chippewa and Lawrence Nahgahgwon, lay reader, sang verses of the hymn, "Amazing Grace," in both English and Chippewa.

Restoration of the Indian mission was a special project of the Iosco County Bicentennial Committee. Mrs. Delphine Weisl of Oscoda, chairman of that committee, gave thanks and recognition to a number of individuals from the county who donated time and labor to the project.

Mrs. LaVoie made a special presentation to Mrs. Weisl and Mrs. Mary Jane Hennigar of Oscoda for their work on the project.

The restoration began more than a year ago when it was felt that a lasting bicentennial project would be to replace windows in the structure. Special sash had to be constructed colored glass installed and, as work progressed, it was found that much more was needed to preserve the old building. As a result, new siding, insulation and a new roof were added to the work.

Repairs had to be discontinued for several days when CETA workers were stung by honey bees which had made a home in the building. The services of an expert were required to remove the bees in order for work to continue.

Funds for replacing the windows were provided by the county board of commissioners and the historical society. Work on constructing new window sash was donated by Bernard Lumber Company of Hale. Additional funds were provided by the Oscoda Kiwanis Club and Oscoda Township Board, plus labor donated by a number of interested persons from the construction field.

David Rhodes, who is currently preparing a history of Indians of the Oscoda area, read a historical paper concerning the mission.

Pieces of siding salvaged from the church, handcrafted into souvenir plaques with crosses made of old iron nails, were sold to those attending as a means of raising additional money to help pay for the cost of the restoration.

Following the program, cider and donuts were served on the front lawn of the church.

Tawas School Adopts 'Final' Budget

Get State Aid; Expect Revenue to Lower Later

A \$2,134,703 "final" budget was formally adopted at a public hearing Monday night by Tawas Area Board of Education, but it is expected that amendments will be made at a later date to reflect lower revenues.

The new budget includes \$52,780 in state aid membership, which had not been anticipated until final property valuation figures were received from the state three weeks ago, plus a slight change in the state formula concerning membership aid.

Last year, the school received \$155,000 in state aid and, based on projected 1976-77 valuation figures and a lower enrollment, it was believed that the school would receive no state aid membership this year. The property valuation figure adopted by the state board of education was lower than anticipated and the fourth Friday enrollment count showed a loss which was not as severe as anticipated.

The budget adopted by the board of education also reflected an increase in the Prep education program offered by this school at Wurtsmith Air Force Base. The school had budgeted a figure of \$28,000 from this source, but information from federal sources until this week indicated it would be \$40,000. Gene Gerber, community education director, announced Monday night that he had received word that a new federal order

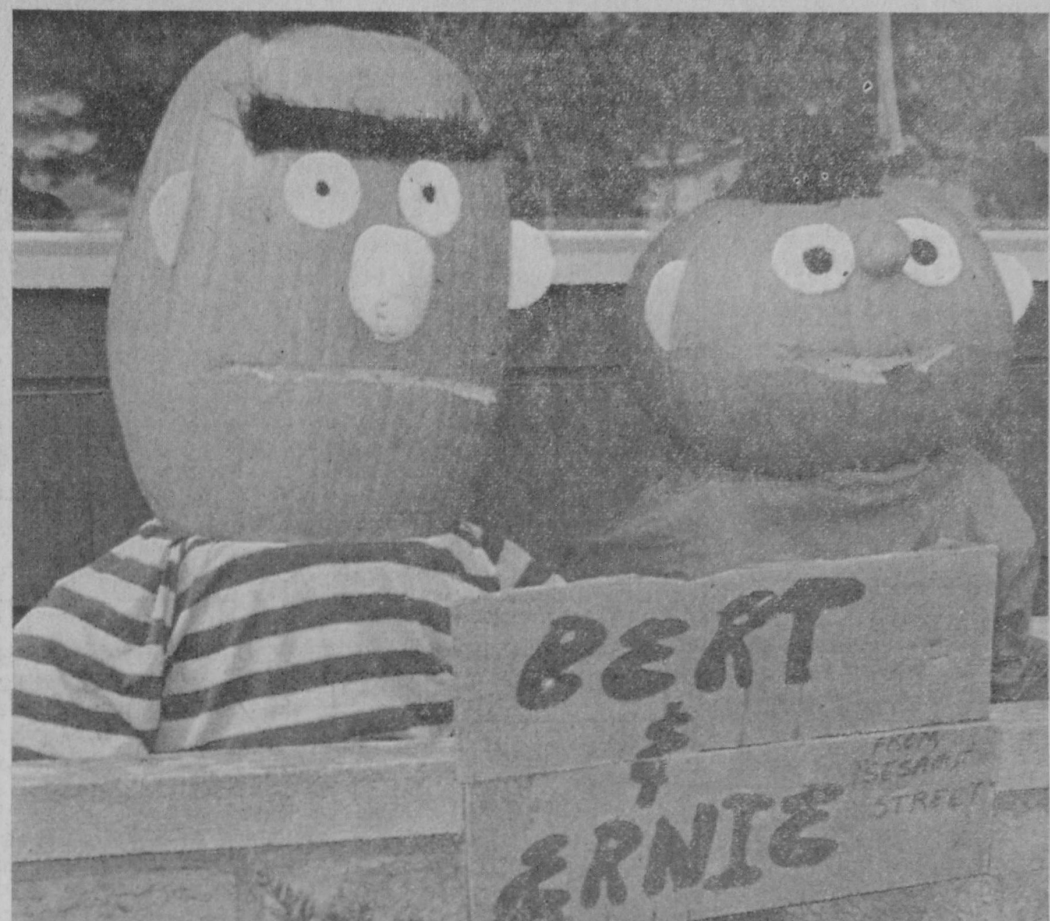

would not allow enrollment of servicemen in this program after October 31. This would mean that only two classes would participate and the school would expect reimbursement of \$21,000 rather than \$40,000. When this service was inaugurated three years ago, the board of education adopted the policy that the Prep program would not operate at a loss and a reduction in cost is to be made to reflect the lower revenue.

Property taxes to be received from 12 special mills approved by voters, plus allocated taxes, will amount to \$1,777,034, as compared to \$1,700,841 under the former 11-mill tax rate. Money from special education will amount to \$7,000, tuition from adult education will amount to \$9,000, other income is listed at \$25,000 and investment income is \$7,000.

The school is to receive a total of \$269,669 from state sources, including \$52,780 in membership aid, \$100,000 in transportation funds, \$25,000 through vocational education, \$6,300 under driver education, \$4,389 in community education funds, \$13,000 from adult basic education, \$20,000 in special education funds, \$2,200 from a part time nonresident and \$6,000 under Section 48.

Federal funds include \$10,000 from Public Law 874 and incoming transfers of \$30,000.

Expenditures include: Elementary education, \$44,094; Prep program, \$155,175; vocational education, \$22,816; middle school instruction expense, \$30,000; high school instruction expense, \$584,414; community education, \$700; fiscal services and school plant planning, \$155,175; community services, \$6,816; outgoing transfers, \$27,000; transportation expense, \$217,077; operation and maintenance, \$218,783.

"BERT" AND "ERNIE" of Sesame Street decorate the front porch of Dr. and Mrs. Devendra Sharma at their residence on Douglas Drive, Tawas City. Mrs. Sharma carved the two pumpkin heads for their two children. Halloween programs for Tawas area youngsters, sponsored by community service clubs, are to be held Saturday, October 30, 6:00 to 8:00 p. m. Cider, donuts, soft drinks and cookies are to be served at each party. Programs will include magicians and specialty

acts. Although parents can take children to any party, entertainment is planned for age groups as follows: East Tawas Elementary Unit, sponsored by Tawas Area Lions, preschool to grade three; Tawas City Elementary Unit, sponsored by Tawas Kiwanis Club, preschool to grade six; St. Joseph Social Center, Tawas Kiwanis Club, preschool to grade six; Knights of Columbus Hall, sponsored by Knights of Columbus, preschool to grade six.—Tawas Herald Photo.

Public Hearing Today on 1977 Iosco Budget

A public hearing is to be held today (Wednesday), 10:00 a. m. to 12 o'clock noon, on a revised budget for operation of Iosco County during 1977.

The proposed budget calls for total expenditures of \$1,474,611, with revenue projection confirmed by the county treasurer to equal that amount.

Revenues would include \$160,000 in state income tax, property tax of \$879,611 (based on a county valuation of \$195,469,137 and a 4.5 millage rate), single business tax rebate of \$20,000, fees of \$373,000 and a fund balance of \$42,000 on December 31 of this year.

Expenditures would include \$443,166 for public safety, \$261,145 for health and welfare, \$265,485 for civil and criminal justice administration, \$83,262 for community services, \$418,533 for county administration and financial management.

County Would Participate in Burleigh Bridge

Iosco County Road Commission assured officials of Burleigh Township Monday that it would share equally in the cost of replacing the Hottis Road bridge, a 58-year-old structure which collapsed a year ago under the weight of a heavy truck.

Estimated cost of a replacement bridge is \$30,000. The new structure would be a precast box beam bridge of 40-foot span with 24-foot clear roadway.

The township proposed to finance its share through special tax millage being placed before voters on November 2.

Hale Lake Project Stalled

Commission Orders Septic Tank Compromise

Following a public hearing Thursday before the Iosco County Board of Commissioners, acting as a sanitary appeals board, representatives of Peoples State Bank and District Health Department No. 2 were instructed to work out a compromise solution concerning proposed use of septic tanks in a land development project west of Hale.

Under terms of the county's sanitation code adopted in 1972, the district health department had denied a permit requested by the bank for development of a 10-acre housing parcels at Hale Lake using individual septic tanks. The action was then appealed by the developer.

Michael Freel, attorney representing the bank, said at Thursday's hearing that the project had been "kicked around" since 1970, when application was first made to establish a subdivision. When that permit was denied, an alternative program was developed with 25 10-acre parcels, limiting one dwelling to each parcel and each to be served by a septic tank system.

The developer proposes to construct septic tank fields by digging trenches and backfilling with sand. James Hasty of West Branch, district health department sanitarian, said that the health department had been mandated to implement the sanitary code adopted by the county. He said that the application for development of the property had been denied on the basis of existing evidence that septic tanks were subject to failure in heavy clay soil in the Hale Lake area.

Attorney Freel maintained that denial of a permit for installation of septic tanks at the project amounted to arbitrarily "taking over" property by government through an edict which only al-

lowed the property owner to pay taxes without any use of the land. He believed that a workable septic tank system had been developed and he said he would welcome any countervailing evidence.

Freel pointed out that septic tank permits had been issued by

the health department to persons building in the immediate vicinity of the bank's proposed Hale Lake project and that soil conditions were identical.

Raymond Jurczyk, district sanitarian, maintained that testimony entered at the hearing by a local

witness for the bank, indicating that soil around Hale Lake was identical to the soil of other property in the immediate area upon which septic tank permits had been issued, was inconclusive in that a soil analysis could only be made by a soil scientist.

Benjamin McGeachy of the Michigan Department of Public Health stated that witnesses had not refuted information that soil at Hale Lake was predominately clay. He said that the function of a septic tank drainage field was to dispose of sewage effluent and not

to overtax the soil.

"If water can travel through clay, it behooves you to grant approval," McGeachy told the appeals board. "If you do not feel water can travel through clay, then you should deny the appeal."

It is the health department's contention that the spring runoff of rain would cause the septic tank fields to drain into Hale Lake. It also contends that fluctuating water levels of the lake would back up into the drainage fields. The developer maintains that drainage fields can be constructed so as not to pollute the lake.

Robert Foster, chairman of the county board of commissioners and chairman of the sanitary appeals board, stated following the hearing, that a number of aspects concerning this case must be considered before there is a flat denial to construction of septic tanks.

"The health department is saying 'no' to septic tank permits in certain areas, but what is being done to forewarn people before they purchase property," said Foster. He said that if septic tank permits are denied, consideration must be given to a re-evaluation of property for tax purposes, inasmuch as the land could not be sold without provision for septic tanks and there would be no market value for it.

Foster said he had been opposed to adoption of the sanitary code suggested by the district health department in 1972.

Bruce Hewitt, Plainfield Township supervisor, questioned the health department about granting of septic tank permits in areas with similar soil conditions. He said, however, that if septic tank permits were issued and systems later proved to be unsatisfactory, a problem could be caused for the township.

HALE LAKE west of Hale on Long Lake Road has been proposed for development into 10-acre building parcels. The state health department denied a permit for the project in the belief that septic

tank systems in that area were subject to failure in heavy clay soil.—Tawas Herald Photo.

Important Proposals Before Michigan Voters November 2

Michigan voters will adopt or reject three proposed constitutional amendments and one proposal calling for initiation of legislation at the November 2 general election.

All four proposals are important, but only one—Proposal A, an initiative petition to prohibit the use of nonreturnable bottles and cans for soft drinks and beer—has received much publicity.

A number of organizations, led by Michigan United Conservation Clubs, have joined together to place the "bottle bill" referendum on the ballot this year. Such legislation has a long history in Michigan, but various forms of container bills have been before the legislature for the past 10 years. In each case, however, industry lobbyists have kept those bills from ever going to a full vote of either house.

In July 1975, a survey of Market Opinion Research showed that a full 73 percent of Michigan voters favored a ban on throwaway beverage containers, thus the MUCC's decision to collect the necessary number of signatures on petitions to place the question before the people.

Although a partial list of known backers of the "bottle bill" includes Gov. William G. Milliken, the Michigan Agriculture Commission, Michigan State Highway Commission, the Michigan Department of Natural Resources, Michigan Farm Bureau, Federated Garden Clubs and others, the proposed legislation has been met by an industry-sponsored advertising campaign costing more than \$1,000,000.

A bulletin issued October 22, by The Committee Against Forced Deposits claimed that Michigan's voters had swung dramatically toward a "vote no" position on Proposal A.

The proposal would specifically prohibit the use of non-returnable bottles and cans for soft drinks and beer, as well as to require refundable cash deposits for soft drinks and beer containers.

Proposal C, which would limit all state taxes and spending to 8.3 percent of the combined personal income of Michigan, has the support of Michigan Realtors but is being opposed by a number of different organizations. The Michigan Municipal League was the latest to ask voters to reject Proposal C.

In a letter to member municipalities, Charles F. Palmer, mayor of Clawson and league president, warned that passage of Proposal C would result in a drastic shift in Michigan's state-local system of public finance and an increase in local property taxes.

"What Proposal C advocates fail to point out is that a great deal of the state's tax revenues are not spent by the state at all, but are returned to local governments to be used for essential services such as street repairs and maintenance, police and fire protection and public school education," Mayor Palmer noted.

"By limiting the state's ability to raise additional revenue to help local units meet rising costs of public services, Proposal C will shift this problem to local units—which will be forced to compete for local property tax increases. For example, if Proposal C passes, the state will be unable to increase state gasoline and vehicle registration taxes—even though there is a pressing need for more revenues to offset the impact of inflation on state and road maintenance and repair problems," Mayor Palmer cautioned. The local taxpayer will have to choose between deteriorating roads or higher property taxes.

Proposals B and C have received little notice in the media.

Proposal B would change the qualifications for the offices of state senator and state representative, requiring the candidate to be a registered elector of the district at the time of qualification and that removal of his domicile from the district would be deemed a vacation of office; a person convicted of a subversion or, who has within the preceding 20 years been convicted of a felony involving a breach of public trust, would be ineligible for either house of the legislature; passage would reduce the age requirement to be eligible for the offices of state senator and state representative from 21 to 18.

Proposal D would remove the constitutional ban on graduated income tax; reduce to a 3.9 percent maximum the income tax rate on taxable personal income of an individual or individuals filing a joint return on the first \$20,000 of taxable personal income, or joint return personal income, adjusted upwards by \$1,500 for taxpayer and each dependent; raise the tax rate of individual taxpayers on income over that amount to replace the loss of revenue caused by the tax reduction; establish a consti-

tutional \$1,500 minimum exemption for taxpayer and each dependent; and, most importantly, after January 1, 1978, permit the legislature to establish bases and rates of personal income taxes.

Miller - Howell Marriage Vows Exchanged Oct. 23

Arrangements of yellow and white chrysanthemums formed a floral background in Emanuel Lutheran Church, Tawas City, for the marriage Saturday, October 23, of Gretchen Mary Howell and John Edward Miller.

The Rev. James F. Rockhoff performed the 5 o'clock, double ring service. Robert Adrian was organist.

The bride is the daughter of Mr. and Mrs. Floyd M. Howell of Tawas City. Mr. and Mrs. Lee C. Miller II of National City are parents of the bridegroom.

Escorted to the altar by her father, the bride chose an ivory, peau de soie floor-length gown fashioned with Victorian neckline, silk organza yoke, Empire waistline and lantern sleeves trimmed with Venice lace. Lace, beading and appliques adorned the front of the A-line skirt and the chapel train. An orange blossom crown, worn by her mother, held her fingertip veil of ivory illusion. A nosegay of red roses and babies breath was carried by the bride.

Maid of honor was Sue Francis of Tawas City with Janet Ehrnst, Tawas City, and Colleen Frank,

Corunna, cousin of the bride, bridesmaids. The honor attendant wore a peach halter gown with lace edged jacket. Gold and green gowns were worn by the bridesmaids. Matching picture hats and single long-stemmed Tropicana roses complemented their attire.

J. Todd Morrill, National City, assumed the role of best man. Brothers of the couple, Charles Miller and Eric R. Howell, were groomsmen.

Sand Lake Community Center was the scene of the reception for 200 guests who came from Detroit, Flint, Corunna, Bay City, Mt. Morris and Pittsburgh, Pennsylvania. White orchid corsages enhanced Mrs. Howell's deep pink gown and the green knit gown selected by the bridegroom's mother.

Following a Northern Michigan wedding trip, the couple will reside at National City.

Mrs. Richard Wierowski, Mrs. George Strauer, Mrs. Larry Frank, Mrs. Arnold Foess were hostesses for a pre-nuptial shower. The bride was also honored at a shower given by Miss Francis, Miss Ehrnst, Barbara Gracik and Tina Nelson.

Barbara Hewitt Studies Under Concert Pianist

Barbara Hewitt of East Tawas has been selected as one of the 10 undergraduate piano majors at Michigan State University, East Lansing, to study with residing concert pianist, Ralph Votapek.

Votapek, who has just returned from a six-month concert tour of Europe and Russia, received his bachelor of arts degree at Northwestern University in 1959. He also won the Naumburg award in 1959, giving him his first solo appearance with the Chicago Symphony Orchestra.

He received his master degree from Julliard School of Music where he studied with Rosina Lhevinne. In 1962, Votapek was the first winner of the Van Cliburn International Piano Competition.

Miss Hewitt will be receiving her bachelor of music degree from Michigan State University in vocal school music and music therapy. A member of the national social fraternity for women, Alpha Phi, she is the daughter of Alfred Hewitt of East Tawas and the late Helen Hewitt.

18 Attended Twentieth Century Club Meeting

Twentieth Century Club met Wednesday at the home of Mrs. Emil Deprest with 18 present.

Mrs. George Stalker gave the meditation. Due to illness, Harold French, guest speaker, was unable to be present. Mrs. J. F. Mark, president, reviewed an article from the American Water Works Journal and talked about the local water treatment.

A new member, Grace Woodburn, was added to the membership.

Mrs. John Mark and Miss Ferne Mark served a lime gelatin dessert with wafers.

The next meeting will be November 17 at the home of Mrs. C. L. McLean.

AARP Enjoyed Pot-Luck Oct. 20

Seventy-three members of Lake Shore Chapter No. 661 and guests enjoyed a pot-luck meeting at the East Tawas Community Building Wednesday, October 20. Guests were Leonora Kellinger, Elizabeth Chapman and Mrs. Frank Howe.

A harvest dinner for members only is slated for Wednesday, November 17.

Members are to bring a sack lunch to the November 3 meeting. Tea and coffee will be provided. Door prizes were won by Almeda VanWyck and Lucia Fiorani.

Winners Listed Duplicate Bridge

Wednesday evening, Duplicate Bridge Club winners were Mr. and Mrs. David Haberstick, first; Katherine Gartland and Mildred Murphy, second; Mr. and Mrs. O. J. MacMurray, third; and Mrs. Mrs. Robert Hopkins, fourth.

Anyone interested in intermediate bridge lessons may secure information by calling the Haberstick residence, 739-3768. The club is scheduled to be sanctioned by ACBL on November 16. This date may be moved up. Master points will then be awarded to the winner.

Zion Lutheran Church Scene of Shover - Sener Marriage

Zion Lutheran Church, Tawas City, was the scene of the double ring ceremony Sunday, October 24, uniting in marriage the former Cheryl Sener of Michigamme and Donald Shover, also of Michigamme.

Parents of the bride are Mrs. Barbara Harn and James Sener of Grand Rapids. Mr. and Mrs. Earl Shover are parents of the bridegroom.

The Rev. Robert Beyer performed the 2 o'clock ceremony, which was followed by a dinner-reception at the Eagle Hall, East Tawas, for 150 guests from Grand Rapids, Sanford, Michigamme, Bay City, Oscoda, Hale and the Tawas area.

The bride descended the aisle in a white crepe gown with chiffon overlay enhanced by floral appliques and modified, lace edged train. Her veil was held by a picture hat and she carried an arrangement of yellow roses, white carnations and Stephanotis.

Serving as her sister's maid of honor was Miss Cynthia Sener. Another sister, Mrs. Norman Jones, and Mrs. Gary Anschuetz were bridesmaids. Contrasting their burnt orange chiffon gowns were white picture hats with brown streamers and each attendant carried a single white rose.

Rockey Barnes was best man. Acting as groomsmen were Norman Jones, brother-in-law of the bride, and R. Edward Anschuetz. Seating the guests were William and Steven Shover, cousins of the bridegroom.

For her daughter's wedding, Mrs. Harn chose a green crepe gown. The bridegroom's mother was attired in a blue, double knit

gown. Their corsages were fashioned of white orchids.

Following a one-week tour of Lower Michigan, the newlyweds will reside at Michigamme.

New Meeting Date Scheduled

Iosco County Association for Retarded Citizens has rescheduled its October 21 meeting for Thursday, October 28, 7:30 p. m., at the Iosco Intermediate School District Office. The previously announced agenda will come before the group at that time.

Roach Finds Plane Lost in Bay for Month

An experimental biplane owned by Michael Lowe of Warsaw, Indiana, which crashed into Tawas Bay nearly a month ago, was recovered Monday from 26 feet of water.

The plane was located by W. C. Roach, Iosco Airport manager, using a 16-foot aluminum boat. Assisted by Michael Vance in the search, two divers, William Dugette and Thomas Lixey, attached flotation gear to the plane and it was brought to the surface.

Lowe was here to assist in removing the plane from the bay. The wings were removed and it was trucked back to Indiana.

Rick Stern
in AF Exercise

USAF Sgt. Rick W. Stern, whose father is William J. Stern, East Tawas, recently took part in Giant Voice '76, Strategic Air Command's (SAC) bombing and navigation competition held at Barksdale Air Force Base, Louisiana. Sergeant Stern is an inflight refueling specialist at Wurtsmith Air Force Base, with the 920th air refueling squadron.

During the competition, bomber crews were judged on bombing accuracy measured by transmission of a radar-scored electronic impulse called a bomb tone, rather than by dropping of actual bombs. Participating in the event were all of SAC's US-based B-52 and FB-111 bomber and KC-135 tanker units. Also included in the competition were four Vulcan bomber crews from the British Royal Air Force's Strike Command.

Sergeant Stern is a 1973 graduate of Tawas Area High School.

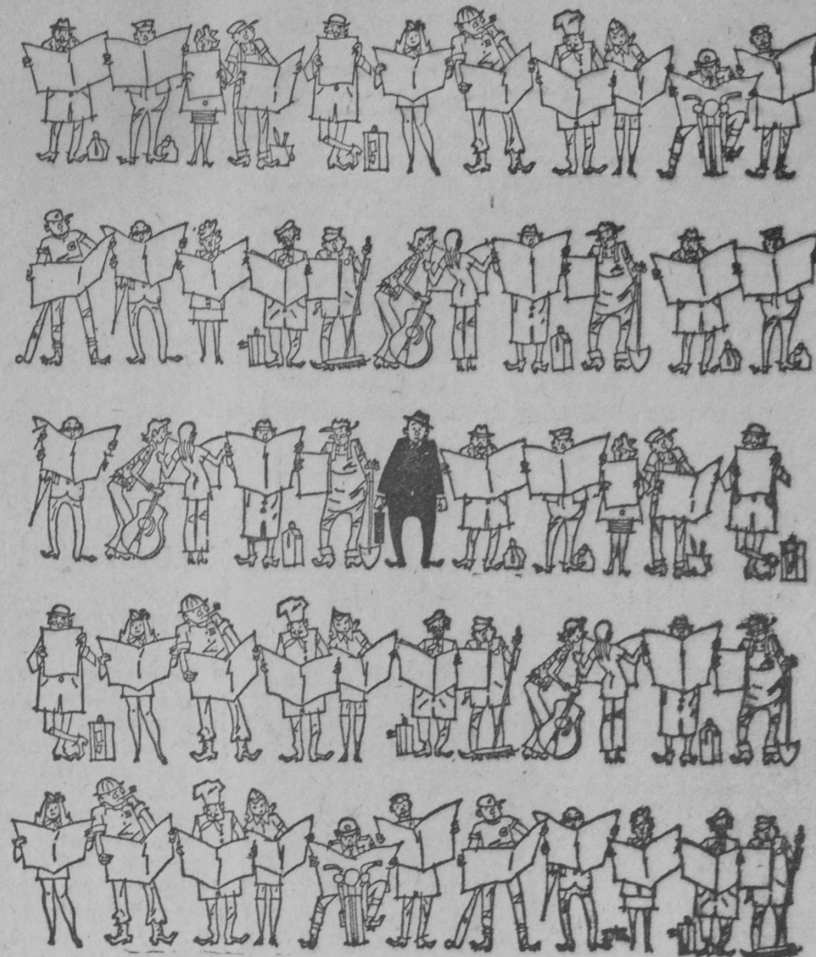

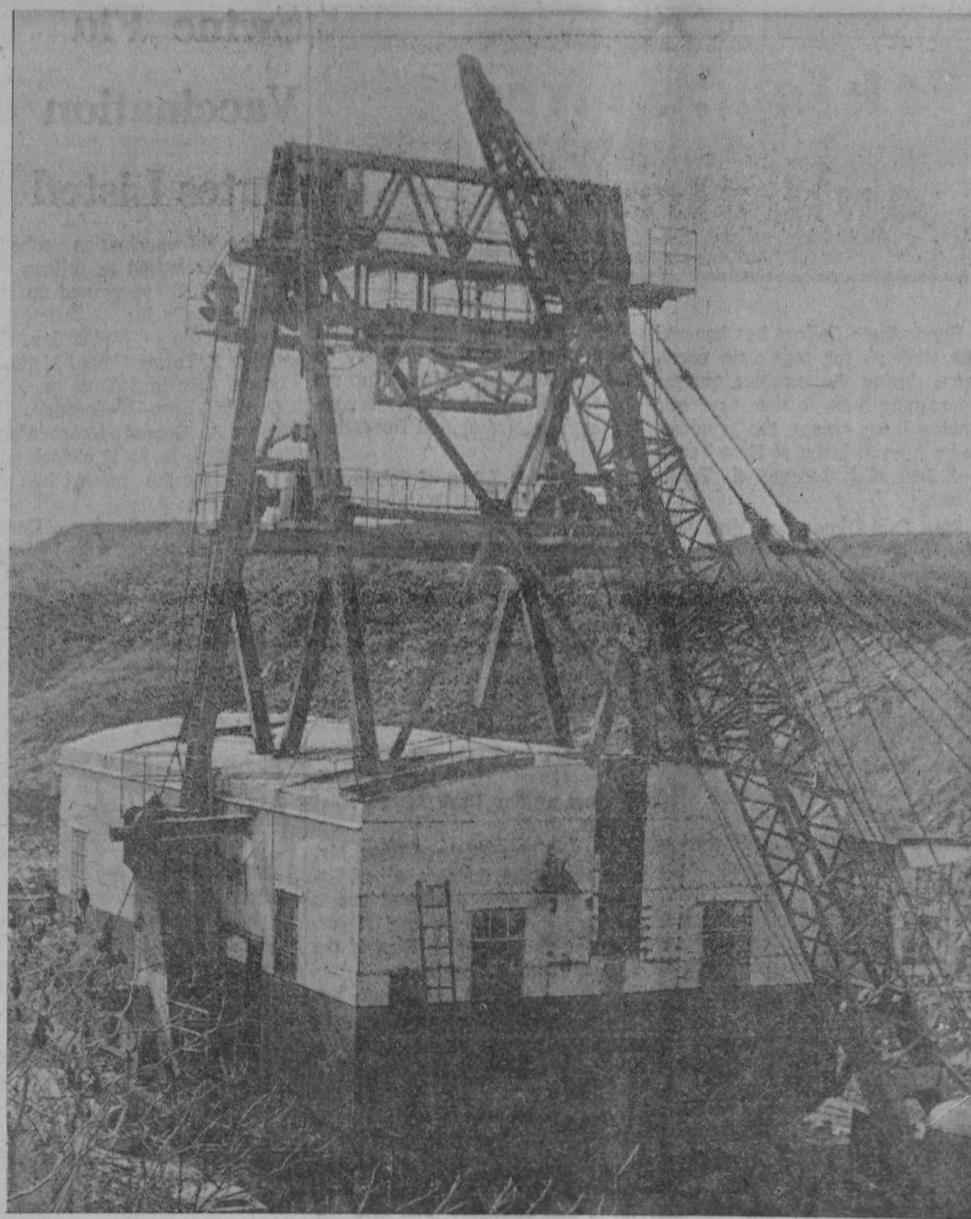

Gotcher Has New Assignment

Ann. Steven C. Gotcher, son of Mrs. Wilma J. Gotcher of Tawas City, has received a new assignment following graduation from the aircraft maintenance specialist course conducted by the Air Training Command, Sheppard Air Force Base, Texas.

Airman Gotcher, who was trained to maintain, repair and service aircraft currently in use by the air force, will go to Hill Air Force Base, Utah, for duty with a unit of the Tactical Air Command. Completion of the course enables the airman to receive academic credits through the Community College of the Air Force.

Airman Gotcher is a 1973 graduate of Tawas Area High School and attended Central Michigan University, Mt. Pleasant. His wife, Jean, is the daughter of the Rev. and Mrs. Sidney Rowland, Dunkirk, Indiana.

'The Nuts and Bolts' Featured Program

A group of 12 men and women called "The Nuts and Bolts" highlighted the annual meeting of the Iosco County Federation of Women's Clubs last week at the Whittemore United Methodist Church. The music from the odd array of noise makers, delighted the 44 members and guests attending. Eleven of the members present were past presidents of the County Federation.

Dinner was served by the Country Kitchen at the church on tables attractive in a Halloween setting. Officers were presented with orchid corsages.

Officers elected for 1977 year were Mrs. Daniel Cater of the Ladies Literary Club, president;

Mrs. Frances Sheeks of the Twentieth Century Club, vice president; Mrs. Beulah White of the Whittemore Women's Club, secretary.

A memorial service with flowers, greens and appropriate reading was presented by Mrs. Lela Barrington for Mildred Gardner, Wilma Taylor, Ladies Literary Club; Elizabeth Holland, Mae MacMurray, Twentieth Century Club; Edith Cataline, Celia Smith, Whittemore Women's Club.

After reading an invitation from the Ladies Literary Club to hold the 1977 convention in East Tawas, the meeting was adjourned with benediction by the current president, Mrs. Adele Brown, Whittemore Women's Club.

HALE UNITED METHODIST CHURCH was host Saturday to the annual "Crop Walk" sponsored by the Saginaw Bay District of the United Methodist Church. Young people in the district raised money for the Christian Rural Overseas Program by walking 16 miles over a prescribed course west of Hale. Last year, more than \$6,000 was raised through this walk to feed hungry people in the

world. The walkers coming from Hale, the Tawasess, Standish, West Branch and other area communities, had lunch at the Sixty Lakes Club, Long Lake. Apple cider and donuts were served at the Hale church. A total of 120 young people and leaders took part in the affair.—Tawas Herald Photo.

No Alumni Games With Oscoda

Announcement was made Tuesday by the Tawas Braves Booster Club that the traditional basketball games with the Oscoda Booster Club have been canceled this year. The report from Oscoda was that interest was insufficient. Alumni games between Tawas Area and Ogemaw Heights men and women are to be held this winter.

ORIGINAL IDEA of the bicentennial committee was to replace narrow windows shown above. It was found that siding and the roof had deteriorated and the project was expanded.—Tawas Herald Photo.

Rent Classroom from Zion Church

Approval of a rental arrangement with Zion Lutheran School for use of a classroom in its building across from the Tawas City Elementary Unit was given Monday night by Tawas Area Board of Education.

The classroom is presently being used by the public school, but the board had asked that a proposed rental arrangement offered earlier be renegotiated.

Cost of the classroom is to be \$325 per month, which includes all utilities and heat except telephone. This is \$25 per month less than the previous offer, which did not include utilities.

Supt. Robert Halle said he did not believe the rented classroom would be a permanent arrangement and the school may have to provide from three to five portable classrooms due to space requirements brought on by a return to the full day schedule.

Trustee Robert Curry recommended formation of a space needs study committee, composed of citizens advisory committee members, administrators, staff and board of education members. Action is to be taken at the November meeting.

In other business, the board of education accepted the low bid of Peoples State Bank for providing money to purchase new school buses. The annual interest rate submitted by the bank was 4.50

percent for five years. Oscoda State Savings Bank had submitted a bid of 4.75 percent.

Although school calendar dates are a negotiable item and are included in contract talks with the teacher's union, the board adopted past school policy of closing school on November 15, the opening day of deer hunting season. The school is to be closed November 25 and 26 for Thanksgiving. No action was taken on establishment of Christmas vacation, but tentative dates for the closing of school is from December 24 to January 2. The matter is to be handled at the November meeting.

A report from Herman Rollin, elementary principal, indicated that 70 percent of the parents attended the open house at the East Tawas Elementary Unit and 51 percent of the parents attended open house at the Tawas City Elementary Unit. Attendance of parents during open houses held during the past three years had been from 90 to 92 percent.

Rollin said that poor attendance by parents could be attributed to the fact that many were unsure if the open houses would be held, plus poor weather conditions. An arrangement was made with teachers whereby those participating would receive equal time off from the regular classroom day spread over a period of weeks.

Vote Next Tuesday!

After months of being subjected to national political campaigning, voters of the United States go to the polls Tuesday, November 2, to select a president for the next four years, along with selecting state and local candidates.

In addition, voters will make the final decision on a number of state and local propositions.

Iosco County voters will get a fistful of ballots when they go to the polls between the hours of 7:00 a. m. and 8:00 p. m. next Tuesday. Besides the general election ballot listing presidential, congressional, legislative, county and township candidates, each voter will receive: Judicial ballot B, state proposition ballot C and county proposition ballot D, along with millage proposition in certain townships.

The general election ballot, measuring 17 by 22 1/4 inches—often referred to as a "bedsheet ballot"—probably holds the most interest for voters because of the race for president between Gerald

Ford and Jimmy Carter, Republican and Democratic standard bearers, respectively.

Although this ballot was "simplified" in 1932, when the names of actual candidates were first listed, rather than the names of presidential electors as in former elections, the size of the ballot seems to have stretched considerably. Although a large majority of local voters will select candidates in only the first two columns—Democrat and Republican—six other "third parties" and an independent candidate stretch out in columns on the righthand side of the ballot.

Naming only the candidates for president and vice president in order as they appear on the ballot are: Jimmy Carter and Walter F. Mondale, Democratic Party; Gerald R. Ford and Robert Dole, Republican; Margaret Wright and Benjamin Spock, Human Rights; Peter Camejo and Willie Mae Reid, Socialist Workers Party; Julius Levin and Constance Blumen, Socialist Labor Party; Lyn-

don H. LaRouche and Ronald Wayne Evans, United States Labor Party; Roger L. MacBride and David Bergland, Libertarian Party; Eugene J. McCarthy and Patricia P. Weymouth, Independent candidacy. The American Independent Party of Michigan does not list candidates for president or vice president.

Next in line are congressional races: Donald W. Riegle Jr., Democrat, is opposed by Marvin L. Esch, Republican, who seek the seat being vacated by the retirement of Sen. Philip Hart; Francis Brouillette, Democrat, who seeks the 11th District seat presently held by Cong. Philip E. Ruppe, Republican.

In the legislative column, Republican State Rep. George A. Prescott of Tawas City is being opposed by Patrick G. Flynn, Democrat.

Listing of candidates for state boards on the general election ballot probably will cause the most trouble for voters—few people will

recognize the names of candidates. Democrats include: Gumecindo Salas and John Watanen Jr., state board of education; Gerald R. Dunn and Robert E. Nederlander, members of the board of regents of the University of Michigan; Blanche Martin and Michael J. Smydra, trustees of Michigan State University; George C. Edwards and Dauris G. Jackson, board of governors of Wayne State University. Republican candidates for the same offices include: Clarence Dukes and Florence F. Saltzman, members of the state board of education; Earl D. Gabriel and David F. Upton, board of regents of the University of Michigan; Paul V. Gadola and Nick Smith, trustees of Michigan State University; John R. Axe and Diane J. Edgcomb, board of governors of Wayne State University.

COUNTY CANDIDATES

Not much excitement is anticipated for county offices following selection of candidates in the August primary election, although there will be a written candidate for one major office. The lone Democrat to file for county office was Albert L. Preetz, candidate for county drain commissioner.

The only other race is for the office of sheriff, George W. Westcott, who seeks his second term in this office, was the successful Republican candidate in the primary election. He will be opposed by John Koenig, who lost the Republican nomination to Westcott by more than 1,000 votes in August and will be a sticker or write-in candidate in the general election.

Other Republican candidates include Stephen H. Naegele, prosecuting attorney; D. Keith Pappas, county clerk; Edward J. Neikie, county treasurer; Leon Putnam, register of deeds; Harry G. Krueger, drain commissioner.

Unopposed candidates for county commissioner posts include: Jack W. Allen, District No. 1; Donald Griffin, District No. 2; Carlton Merschel, District No. 3; Joseph Fox, District No. 4; William Weresley, District No. 5.

NON-PARTISAN BALLOT

William H. McCready, probate judge, is the only local candidate listed on this ballot.

One person out of five candidates is to be selected for justice of the supreme court, with the term to end January 1, 1985. Candidates include Wilson S. Hurd, Roman S. Gribbs, Thomas Giles Kavanagh, Joseph Patrick Swallow and James E. Wells.

Candidates for the supreme court, term ending January 1, 1983, include Zolton Ferency, Lawrence B. Lindemer and Blair Moody Jr.

Two candidates are listed for the supreme court seat for a term ending January 1, 1979, including Charles Kaufman and James L. Ryan.

Robert B. Burns is unopposed for the Third District, Court of Appeals.

Mental Health Board Meeting

Iosco-Ogemaw Community Mental Health Services Board will hold its next regular board meeting on Monday, November 8, 7:30 p. m., at the Ogemaw County Building in the commissioners' room.

Area coverage of this board consists of the Counties of Iosco, Ogemaw and Oscoda.

Food for thought: Members of an earlier generation—say from the early 1900s to the 1930s—were wont to remark that families were more "closely knit" in the days before television or even radio. An old parody on a modern cliché might be: "A family that sings together, stays together!"

The basis for such remarks from oldsters usually points out the fact that families of an earlier day had to provide their own entertainment and, as a result, children were encouraged to study music, particularly to learn to play the piano; others studied vocal music.

Popularity of owning a piano was at its peak from the 1890s to the 1920s and many thousands of these instruments were sold across the land. Some of these gleaming mahogany masterpieces, it might be admitted, only proved to be dust catchers in the family parlor as a status symbol; but, for the most part, the piano proved to be the entertainment center of the home.

Children of the family were not only encouraged to learn to play the piano, many youngsters were forced to study music. The latter was often accompanied by boyish wails that they were missing baseball practice or some other sport, but the thinking of many parents was that a little culture and refinement learned at an early age never hurt anyone; deemed especially important was the ability to sit down at the piano bench and rattle off a few hymns or popular musical selection for group singing.

Each small town had one or more women who earned a little extra money by teaching vocal music to children; others specialized in piano instruction. Some of the early music teachers here were Miss Elizabeth Grise of Tawas City, Miss Lillian Eastman and Miss Mary Gardner of East Tawas; Later teachers included Mrs. A. E. Giddings of Tawas City and Mrs. Rex Kochenderfer of East Tawas.

After several months or years of study and practice, depending upon natural ability, a youngster could provide a passable performance at the upright.

Each spring, students would participate in vocal or piano recitals; the more accomplished of the young musicians would appear before women's clubs or school assemblies and some might perform in neighboring towns.

For many families, the principal object in this musical training was that, after learning the basic rudiments of the piano, a youngster could entertain their parents and other family members while be-

HOME TALENT provided most of the entertainment in small town America before the advent of moving pictures and radio. A. G. Emery, who operated a photographic studio at East Tawas, captured the spirit of that nearly forgotten era

in the above picture. Although none of the girls has been identified, they are presumed to have been students of some private music instructor at East Tawas.

ANOTHER PICTURE by A. G. Emery shows this group dressed as Texas "cowgirls," who performed in a home talent musical at the old East Tawas Opera House. Appearances here by pro-

fessional show people were rare and young people with talent were encouraged to perform in local productions.

coming more accomplished musicians through long practice sessions.

The family parlor with a high upright piano dominating one corner provided many hours of enjoyment on long winter nights. Parents would gather around the piano with other family members and join in group singing; thus the

reason for the earlier statement: "A family that sings together, stays together."

A few youngsters who learned the rudiments of music in their home town went on to become accomplished musicians. A local example would be Mrs. Elsie Ahonen Solomon of East Tawas, who studied vocal music under the late Nyda Campbell Leslie of Tawas City. As a youngster growing up at East Tawas, her goal was to become an opera or musical comedy singer. She performed with the National Opera Company at Detroit and auditioned with the Metropolitan Opera Company before her marriage.

Now retired at East Tawas after a career with Michigan Bell Telephone Company, Mrs. Solomon believes that vocal music is not encouraged enough today in schools or in the home. "We have a beautiful school band, but we do not hear enough about the school choir," she stated.

"Music was a part of life in my family," recalls Mrs. Solomon. "My two sisters and I often were called upon to entertain visitors to our home." She wonders if this is true for today's music students.

She said that Mrs. Leslie, who had returned to Tawas City after a brief professional career, was responsible for her decision to study vocal music. "I was Mrs. Leslie's first student locally and I still have the gold pin which I won in a 1928 recital. Competition was great among her vocal students," she recalls.

After graduation from high school at East Tawas, she went to work for Michigan Bell as a telephone operator. She performed with the Scandinavian Symphony at Detroit and appeared on several musical programs at Detroit and

Bay City. One of her memorable performances was the 25th anniversary dinner of the Telephone Pioneers of America in November 1936. Her accompanist was Miss Helmi Huhtala, head of the Tawas City High School music department.

In 1932, she appeared as a guest artist with Benny Knutes' WJR radio orchestra. Later, she appeared as a guest artist with several church choirs at Saginaw and Bay City and was a candidate for the National Federation of Music Clubs' scholarship in 1937.

An article in the 1937 issue of The Tawas Herald stated: "Tiny and red-headed, Elsie is not asking for a break and does not believe that one is necessary for success. Hard work, will win, she is sure. "Miss Ahonen has a coloratura soprano voice with a three-octave range. Her ambition is to enter opera or musical comedy. In the meantime, Miss Ahonen, who is a telephone operator, said, "I will just keep plugging along."

Mrs. Solomon still enjoys singing specializing in Finnish hymns, folk music and classics by John Sibelius, although her public performances today are rare. She never achieved her goal of becoming a member of a national opera company, but she achieved success in the state and her local community and had fun in doing it.

Another form of entertainment in an earlier day was the home talent plays performed at the East Tawas Opera House, which resulted in much competition for starring roles. A now forgotten form of entertainment from an earlier day was the perfection of one's ability to recite poetry, which brings this feature to one of the (See HOME TALENT, page 6.)

ELSE AHONEN SOLOMON was studying voice at East Tawas when this picture was snapped in the 1930s. She specialized in Finnish folk and classical music and is shown in costume. A retired telephone operator, Mrs. Solomon believes that young people should be encouraged today to study vocal music.

Eight Units Have Contests

Township Races Add Spice to November 2 General Election

Contests in eight of the 11 townships of Iosco County will spice the general election on Tuesday, November 2.

ALABASTER TOWNSHIP
There will be three contests here for township offices, one listed on the general election ballot and two sticker candidates. Republican candidates nominated in the primary election were Robert H. Crawford, supervisor; Jeanne L. Fairfield, clerk; John H. Weible, treasurer; Fannie W. Walstead, trustee.

The lone Democratic candidate nominated in the primary election was Hope Rescoe, incumbent township clerk.

Seeking re-election on stickers are Leona Benson, treasurer, and J. Harry Rapsom, supervisor, who were defeated in the primary.

BURLEIGH TOWNSHIP
Two races for offices are listed in this township. Martin Siegrist, Republican, is being opposed by Melvin B. Wrathell, Democrat, for supervisor, while Leona Chipps, Republican, is being opposed by Arthur R. Parkin III, Democrat, for the four-year term of trustee. Darrell Colvin, Republican, is unopposed for clerk and Peggy Bassi Democrat, is unopposed for treasurer.

Voters of this township will receive two special proposition ballots. Proposition "A" asks approval of one mill of taxes for five years to purchase and maintain a new fire truck, proposition "B" asks the tax rate to be increased two mills for road improvement, proposition "C" asks for a levy of one mill for 10 years to be used for a bridge building fund.

GRANT TOWNSHIP
One race is listed in this township for the position of supervisor. Candidates include Olen Herriman, Democratic incumbent, and Ronald Ponke, Republican. Other Republican candidates are Lucile Blackmore, clerk; Dale Butzin, treasurer, and Edna Anschuetz, four-year trustee.

A special ballot lists three different propositions for voter consideration. Proposition "A" asks renewal of one mill for two years to be used for fire protection, proposition "B" asks renewal of one mill for two years to be used for garbage pickup and road maintenance, proposition "C" asks that previously voted police protection monies now on hand be used for the following purposes: One-half mill for fire truck, one-quarter mill for bridge repairs, one-quarter mill for reappraisal of all real estate within the township. The township fire department has gone on record supporting propositions "A" and "C".

OSCODA TOWNSHIP
One race is listed in this township, which had an exciting primary election in which all incumbent officers were defeated for re-nomination. Republican candidates are Robert K. Foster, supervisor; Edward J. Tate, clerk; Maxine F. Bissonette, treasurer; William C. Christman and Charlton Lee, to fill two four-year terms of trustee; Glen C. Highfield, two-year term of trustee.

The lone race in the township is for the office of treasurer, where Stanley L. Kowalski was nominated to the office of treasurer on the Democratic ticket.

PLAINFIELD TOWNSHIP
Two races feature the election in this township. Ray Kesler, Republican, and Robert W. Pember, Democrat, are competing for the office of supervisor being vacated by Bruce Hewitt; Frances Hansen, Republican incumbent clerk, is opposed by Betty Timmer, Democrat. Unopposed are Barbara Malcho, treasurer, and Leon Brunson, constable, both Democrats, and Lyle Bielby, Republican trustee.

RENO TOWNSHIP
One race is listed on the ballot in this township and there is one written candidate. James Dobson, who won the Republican nomination for supervisor, will be opposed by John Webb Jr., a written candidate, who was defeated in the primary. Winona Redmond, Republican treasurer, will be opposed by Laura Kaiser, Democrat. Unopposed are Leonard Robinson, clerk; James Lyle Robinson, trustee.

SHERMAN TOWNSHIP
Two races are listed on the ballot and there will be one sticker candidate. Republican candidates include George Strauer, supervisor; Mildred V. Letienne, clerk; Dale Wood, treasurer; Leonard G. Cole, trustee. Incumbent Democrats appearing on the ballot are Harold A. Parents, clerk, and Harvey E. Smith, treasurer. John Jordan is a sticker candidate on the Democratic Ticket for the office of supervisor.

WILBER TOWNSHIP
An unusual situation arose in the township primary election. Incumbent Republican candidates were renominated in that election but Republican written candidates defeated received enough Democratic written votes to qualify them as candidates of that party for the general election. Republican candidates include B. William Olsen, supervisor; Betty Cross, clerk; Francis J. Block, treasurer; John Newberry, trustee. Democratic candidates include Al Mochty Jr., supervisor; Opal Mallon, treasurer; David Thompson, trustee.

Unopposed candidates in the remaining townships are as follows:

Ausable Township: Terry A. Palmiter, supervisor; Mornelva Snitchler, clerk; Mary Spencer, treasurer; Rhea Matthews, trustee; Armin H. Godt and Donald J. Marcoullier, constables, all Republicans.

Baldwin Township: Richter Lixey, supervisor; Frieda Rempert, clerk; Joyce A. Klenow, treasurer; Allen Anschuetz, trustee; Guy Ramsey, constable, all Republicans.

Tawas Township: LaVerne Koepke, supervisor; Marian L. Ulman, clerk; Irene Hughes, treasurer; Merlin Look, trustee; Merlin Warner and Harold Wegner, constables, all Republicans.

Solid Support Behind Iosco's Fixed Millage Proposition

Solid support for a county fixed or "pegged" millage proposal being voted upon November 2 has been given by the county board of commissioners, townships and all school districts.

The special proposition advocated by the Iosco County Tax Allocation Board at its meeting last spring would eliminate that board for a period of five years and adopt the tax split which was established for 1976.

Having the tax limitation fixed at specific amounts would mean that schools and the county would know the exact amount of millage to be received from the annual allocation of 15 mills. It is emphasized that there would be no increase in the millage rate if this proposal receives voter approval.

One of the problems facing the tax allocation board and those endorsing the above measure is that few people hear about tax allocation, except for one time of the year, and still fewer citizens even understand or care about the work of the tax allocators.

A constitutional amendment adopted by the people of Michigan in the 1930s declared that not more than 15 mills of taxes can be levied against property for county, schools, townships and intermediate school districts.

The same 15-mill limitation was carried over to the new constitution and, whether a voter likes it or not, 15 mills of taxes will be spread. Any tax exceeding that total of 15 mills must be approved by a vote of the people.

From the 15 mills, the constitution guarantees .1 mill for intermediate school districts, 1.0 mill for townships, 3.0 mills for county government and 4.0 mills for schools.

All the above units must do show a need, through a properly prepared budget submitted to the tax allocation board, and no one can take this tax away from them.

This leaves 6.9 mills of the 15-mill limitation to be divided between them. Each spring, budgets are prepared by the county, schools and townships and are presented to the allocation board sup-

porting the need for funds. The annual tax allocation has been stabilized in Iosco County for a number of years, with the exception of one mill, which has been shifted back and forth between county operation and schools depending upon who "won" budget arguments before the allocators.

The choice for voters on November 2 is to either fix the millage rates as prescribed last spring, or to continue the annual hassle over one mill at tax allocation time.

Tax allocation board members would rather see discontinuance of the work of the board and allow

voters to decide the split for the next five years; governmental units and schools affected by the tax allocation board's action support the measure.

All persons involved believe that fixed millage is important, in that it would save money by simply eliminating the cost of the tax allocation board; it would also save money by not having the county and school boards spend time developing a tentative budget for tax allocation and then redoing the work at a later date when each knows how much money will be received.

Books Available

The following books are available from the branches and the bookmobile of the Iosco-Arenac Regional Library:

Helé MacInnes, who consistently merges fascinating plot, literary skill and contemporary meaning in her work, has added another gem to her crown with the book, "Agent In Place." This tale of international intrigue races with suspense, reaches an explosive conclusion and is set on the French

Riviera. Although Christmas is several weeks away, this book by Florence H. Pettit can be used immediately. It is entitled "Christmas All Around The House: Traditional Decorations You Can Make." For everyone who chesishes the thought of a traditional Christmas, here is a book that is as rich and as irresistible as a plum pudding.

Martha Rofheart has written a novel called "The Alexandrian." History's most mysterious woman, Cleopatra, speaks for herself in this sweeping novel of the ancient world as seen from the lofty vantage point of the woman who, along side the greatest men of her age, ruled it.

4-H Leaders Train in Survival Program

Foraging for wild edible plants was one of many topics covered during the first phase of the Michigan 4-H challenge program's new leader training in Tustin last week-end.

Keith Frank of Iosco County attended the two-day training session held at Kettunen Center, Michigan 4-H's leadership training facility on Center Lake.

Challenge is a high adventure wilderness survival program intended to involve teens in mentally and physically stress-producing outdoor activities.

This session was the first phase of a four week-end comprehensive training program to instruct and certify 4-H challenge leaders. The program includes activities such as mountaineering, cave exploring, outdoor survival, winter camping, backpacking, canoeing and other adventure skills.

The instructor training team consists of 4-H challenge volun-

teers who have proven competency in their outdoor skill areas. Challenge topics covered at the first session involved the participants in a study of shelters and campsites, firecraft, canoeing, gear and packing, conservation and backpacking.

Participants must complete three additional training week-ends dealing with other outdoor skill areas and successfully pass both written and practical tests. The certified 4-H challenge leaders will then begin involving county young people in the challenge program.

do you know... direct dialing saves on long distance calls?

We have the right connection to save you money. Dialing direct, station-to-station lowers your long distance phone costs. Dial 1, the area code (if different than yours), then your number. You eliminate the need for operator assistance and give yourself savings by using Continental's lowest long distance rate in effect. Telephone service continues to be a bargain. Helping you save... an important part of Continental's job.

Iosco Spreads Final Taxes on Two Buildings

15 Years Ago— November 1, 1961—Final taxes will be spread this year to repay bonds which financed construction of the Iosco County Building and county jail. The county building was constructed in 1962 at a cost of \$250,000 and the jail was constructed in 1954 at a cost of \$125,000.

Norman "Butch" Loy and James Brooks of East Tawas each bagged a pair of Canadian geese on Tawas Lake. Loy was home on

pass from the Naval Training Center, Great Lakes, Illinois.

Gov. John B. Swainson is expected to announce soon the date for a special election to name the successor to State Sen. Charles T. Prescott, whose funeral was held last week.

Stanley Lane Jr. of Tawas City won first place in the Huron Sports Car Club's jack-o-lantern rally held at Oscoda.

25 Years Ago— November 2, 1951—An office suite on the east side of the Scofield Building at Hale is arranged for the newly chartered state bank. A vault is now under construction and the banking rooms are to be equipped as rapidly as possible.

The Nash family of East Tawas

received a telegram from the war department stating that William (Bill) Nash, who was reported missing last spring, was killed in action in Korea.

Officers of the Hale Chapter, Future Farmers of America, are Morris Clement, president; Richard Parkinson, vice president; Eilert Barnes, secretary; Robert Lakies, treasurer; Nathan Nunn, reporter; Berkley Bernard, sentinel; Paul Wolam, advisor.

Western Union Telegraph Company has applied to the Federal Communications Commission to discontinue its agency in Tawas City.

35 Years Ago— October 31, 1941 — Dedication ceremonies for the new East Tawas Federal Building are to be held Saturday.

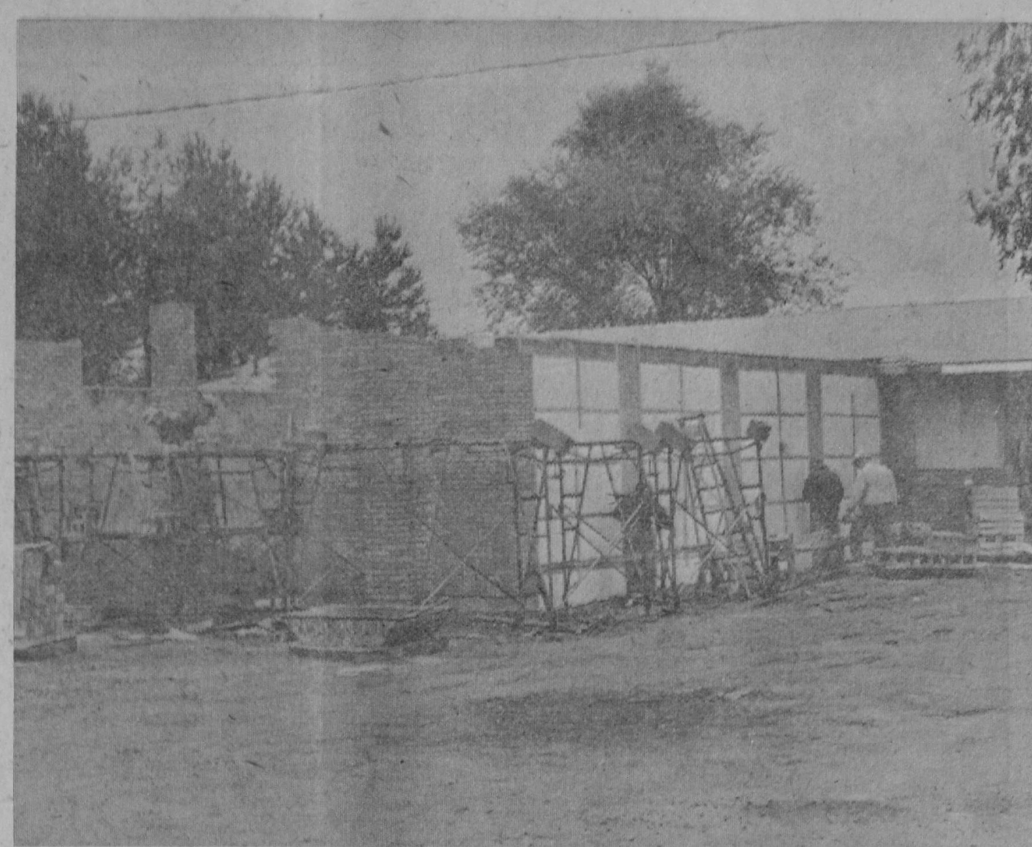

Silver Valley Winter Sports Committee is sponsoring a deer hunters' ball at the community building. Music will be by Glaza's WBCM Polish Orchestra.

Persons who are receiving public assistance or are employed on WPA as eligible by the local welfare office may participate in the new federal food stamp plan, according to Albert H. Buch, chairman of the county's food industry committee.

Neil Libka has the high average of 143 for Tawas City High School boys participating in the bowling league. Ruth Giddings leads the girls with an average of 145.

The secretary of agriculture, calling the parallel between the present war and the last one too close for comfort, urged congress to enact immediate price fixing legislation to ward off disastrous inflationary tendencies.

CONSTRUCTION PROGRESS on a new 38 by 45-foot addition to the Whittemore branch of Farmers and Merchants State Bank of Hale is shown above. The new addition will expand teller windows from four to eight, it will provide three new private offices, an employee lounge and drive-in window. The present building measures 30 by 60 feet and the night depository is to be relocated. Work is being handled by Gregory Construction Company, Bay City, and is to be completed by December 15.—Tawas Herald Photo.

Minutes of the Tawas City Council Meeting October 4, 1976.

Meeting called to order by Mayor Herbert Cholger.
 Present: Cotter, Landon, Rollin, Cholger, Lansky, Groff. Absent: Ezo. Others: Mgr. Bublitz.

Minutes of September 20, 1976 meeting read and approved.

Minutes of Park Board meeting of September 23, 1976 read and approved. Motion by Landon seconded by Groff that Council authorize purchase of fencing for the baseball field. Roll call vote: Ayes: Landon, Groff, Nays: Cotter, Rollin, Cholger, Lansky. Defeated.

Minutes of Water Board meeting of September 27, 1976 read and approved. Motion by Lansky seconded by Landon that a survey be made to insure that properties are hooked up to sewer and water services. Carried.

Clarence Jordan, representing Tawas Independent Baseball Team, urged County to reconsider outfield fencing, and suggested solutions.

Martin O'Driscoll reported good usage of the launch ramp, but that river depth has dropped two feet and the sand bar is again a problem. He was requested to provide a written report of the Tawas River Harbor Committee's progress and plans for next Council meeting. Motion by Cotter seconded by Rollin to make Manager an ex officio member of this Committee to coordinate efforts. Carried.

It was reported that City's proposal for Convention Center construction with Public Works Act funds will be brought before County Commissioners' next meeting. Council approved adding Roger Jackson, Executive Director of the Chamber of Commerce, to City's study committee.

Letter from Iosco County Sheriff George W. Westcott regarding police services contract with City was read and discussed directly with Sheriff Westcott. Motion by Rollin seconded by Cotter that the present contract be continued in force, as agreed by Sheriff. Carried. An attempt will be made to better communicate City problems requiring police attention.

Letter from Leon Houghton read, indicating he is forced to withdraw from his contract with the City for refuse collection due to health and equipment problems. D. E. Crowl and Mr. and Mrs. James A. Hager requested they be allowed to complete the Houghton contract. Motion by Groff seconded by Landon that Council accept Houghton's recommendation to assign the remainder of the contract to Hager Sanitation. Roll call vote: unanimous yes.

Upon notice by Bud Rick that he is unable to serve as City Auditor, motion by Landon seconded by Rollin that Weinlander, Fitzhugh, Bertuleit & Schairer, CPAs of Bay City, be appointed City Auditors. Roll call vote: unanimous yes.

November 4th was set as Fall Clean-up Day.
 City action toward condemnation of a building to comply with BOCA code was tabled.

Letter from attorney for Truman F. Barbier Jr. gives notice of contest and objections to Special Assessment levied on his property for sanitary sewer. City Manager and City Attorney were directed to handle the matter, by roll call vote: unanimous yes.

Motion by Landon seconded by Rollin that bills totaling \$6516.97 be paid:

| | |

Roll call vote: unanimous yes.
 Manager was directed to investigate interest rates on notes for pipe and fittings.

Motion by Groff, seconded by Lansky, that Treasurer's Report for September be accepted. Carried.

Motion by Cotter, seconded by Rollin, that Council adopt a RESOLUTION that the Peoples State Bank of East Tawas be and is hereby designated as a legal depository of certain designated money belonging to the City of Tawas City, County of Iosco and State of Michigan, and that certain designated moneys belonging to said City shall be deposited in said Bank from time to time in the name of the City in specified EDI "365" accounts. Roll call vote: unanimous yes.

Complaints were heard regarding poor cable TV reception. It was recommended that a company representative be asked to appear before Council.

Don Watson inquired about clean-up and repairs following digging for water line. Manager will handle the problem.

Council RESOLVES that each precinct in the City shall have, in addition to a 3-member Board of Election Inspectors, a 4-member Counting Board, all appointed by the City Election Commission, for the November 2, 1976 General Election; that each inspector shall receive \$2.50 per hour, that chairpersons for each Board shall receive \$5.00 additional pay; that each inspector who attends the School of Instruction shall receive \$2.50 per hour, plus mileage @ \$.14. Carried.

Letter from Tawas St. Joseph Hospital regarding closing of Spruce Street referred to Planning Commission.
 Motion by Rollin seconded by Lansky that fire department be authorized to advertise for bids on new fire truck. Roll call vote: unanimous yes.

Manager reported:
 1. Bay Drive stop signs will be up soon; those on First Avenue after blacktopping.

2. Letter is in to County Commissioners regarding City use of Revenue Sharing funds.

3. Blacktopping is to be started October 5th.

4. Loop system is complete except for water and cleanup.

UNEMPLOYMENT AND WELFARE—Jobs have to be provided for all local residents. By encouraging industry it would reduce unemployment and our welfare rolls.

SCHOOL FINANCING—Financing schools by property tax must be changed. Schools should be financed by state money with local control remaining in school district.

SMALL BUSINESS AND FARMERS—A program to encourage small business to stay in business and old farms to go back into production. A program for small farmers is a must because we do not want our farming industry to be controlled by large farmers like the oil industry.

Home Talent

most remarkable men in the history of Iosco County—L. H. Emerson often billed as "The Backward Man."

played by Wilson Grain Company in Tawas City, was an amateur entertainer who mystified audiences by writing backward, equally well with either hand, while reciting at the same time selections from the best poems of the Scotch bard, Robert Burns.

Equally mystifying to his audi-

ences in local schools was the fact that Emerson could write right side up and backward with one hand while, with the other hand, he could write upside down and backward.

The Backward Man's half hour of fun abounded with many happy surprises and included in his repertoire were talks on temperance, religion, citizenship and gossip. "These talks," stated The Ta-

was Herald in 1916, "are not merely entertaining, but also educational and serve to inculcate in the minds of his audience splendid lessons which they would otherwise be slow to learn."

The need for amateur entertainers like Emerson disappeared with the development of a motion picture, phonograph, radio and television, but there is still a need for encouraging youngsters in the field of music.

Although home talent productions are a thing of the past and musical training is provided primarily in the schools, the earlier remark that "a little culture and refinement never hurt anyone" still holds true today; thus it is important that instrumental and vocal music training in the schools should be encouraged and supported.

LADIES from the Tawas area pictured above are wearing a variety of costumes—from colonial era to Japanese kimonos, a popular fashion in the

early 1900s due to the influence of the Russo-Japanese war and the popular operetta, Madame Butterfly.

CLAIMS vs. FACTS ABOUT "BOTTLE BILLS"

"Bottle Bills" require deposits on all beer and soft drink containers. These deposits force a return to a returnable bottle system.

Proponents claim such bills significantly reduce litter, cut down solid waste and conserve energy. Opponents say these claims are exaggerated, and that "Bottle Bills" cause economic disruption, add to unemployment and increase retail prices.

LITTER COMPOSITION

CLAIM: Beer and soft drink containers are the major components of litter.

FACT: Most surveys put beverage containers at less than 20% of roadside litter.

The composition of litter varies from urban to suburban to rural areas. But in all areas, paper accounts for over 50% of litter.

80% of all litter comes from construction sites, uncovered trucks, loading docks and from household and storefront garbage.

LITTER REDUCTION

CLAIM: "Bottle Bills" reduce litter by 90%.

FACT: Oregon's official study found that one year after its law went into effect, 10% litter was down only 10.6%.

In Oregon, litter that was not beverage-related went up 12% the first year the law was in effect.

More recent surveys show that even beverage-related litter is increasing in Oregon.

Deposits do not automatically eliminate litter. Returnable and non-returnable bottles are found in litter in nearly the same ratio to their availability in the market.

SOLID WASTE IMPACT

CLAIM: Outlawing single-use beverage containers will considerably reduce solid waste.

FACT: Total elimination of beverage cans will have only a negligible effect on municipal solid waste.

Beverage containers in municipal solid waste make up only 6% of the total, by weight. The other 94% is not affected by "Bottle Bills."

All types of packaging, including containers used for non-beverage purposes, represent 35% of total municipal solid waste.

Up to 95% of this packaging and other components of solid waste can be reclaimed through resource recovery.

Keeping one-way containers from entering the solid waste stream could adversely affect the cost efficiency of resource recovery systems now planned or operating in over 50 U.S. cities.

EMPLOYMENT IMPACT

CLAIM: "Bottle Bills" do not eliminate jobs.

FACT: In the Northwest, manufacturers affected by Oregon's "Bottle Bill" suffered a net loss of from 165 to 227 jobs.

Most of the lost jobs were skilled jobs, worth \$2.4 million in annual salary.

Nationwide "Bottle Bill" legislation could jeopardize some 48,000-57,000 jobs. Of these, most would be production jobs in the aluminum, steel and can manufacturing industries.

RETAIL SALES IMPACT

CLAIM: "Bottle Bills" don't affect retail sales.

FACT: In the two states which already have "Bottle Bills," retail sales fell off.

In Vermont, packaged beer sales dropped 1.6 million cases (23%) in the first year.

In Oregon, per capita consumption of beer and soft drinks decreased. Sales volume stagnated while population went up.

PRICE IMPACT

CLAIM: "Bottle Bills" reduce beverage prices.

FACT: Retail prices for beer and soft drinks went up in the two states that already have "Bottle Bills."

In Vermont, retail premium beer prices increased an average of 15¢ per six-pack. An additional 30¢ was required to cover the mandatory deposit.

In Oregon, price increases of \$6-8 million in beer and soft drinks were passed on to consumers. The price hikes in Oregon were substantially greater than could be accounted for by inflation alone.

CONSUMER IMPACT

CLAIM: "Bottle Bills" don't affect consumer choice of containers.

FACT: In Oregon, beverage cans virtually disappeared from retail shelves.

Empty cans are more costly and difficult to handle than empty bottles.

Oregon's retailers refused to stock cans; Oregon's consumers were forced to buy beverages in bottles.

ENERGY IMPACT

CLAIM: "Bottle Bills" save energy.

FACT: A nationwide "Bottle Bill" would reduce consumption of coal (a plentiful, low-cost energy source). But it would increase consumption of oil and natural gas (scarce, expensive energy sources).

The total beverage container system consumes less than one half of 1% (actually 0.48%) of the nation's total energy requirement.

Conversion to returnables might reduce beverage container energy consumption by 0.19%—the equivalent of less than one day's energy supply.

Returnable bottles are heavier than non-returnables. The manufacture of their heavier, more durable carrying cases requires more energy than the manufacture of cases for cans.

Returnable bottles take twice as much space as cans. For every truck now carrying cans, fuel for two trucks carrying bottles would be required.

INVESTMENT PRIORITIES

CLAIM: The economics of energy savings from "Bottle Bills" warrant the \$5 billion cost of conversion to an all-returnable beverage container system.

FACT: Either of two realistic alternatives—"Project Independence" or resource recovery—will produce a greater energy return on a \$5 billion investment.

According to the most optimistic estimates, \$5 billion spent in converting to an all-returnable beverage container system would result in energy savings of less than 0.2%.

The National Academy of Engineering estimates that \$5 billion invested in Project Independence could produce a full 1% increase in available energy supplies—over five times as much energy as might be made available by a "Bottle Bill."

The same \$5 billion invested in resource recovery would save five times more energy than a returnable-bottle system.

Resource recovery can also convert the organic portion of solid waste into a fuel with half the energy content of coal. Converting this fuel into steam or electrical power will generate still more energy—and will produce a 2.5% increase in the amount available to meet future needs.

Gladwin Defeated TA Braves in Showdown for NEM Crown

Gladwin's Flying Gs defeated the Tawas Area Braves Friday night, 21-12, in a showdown battle for first place in the Northeastern Michigan Conference. The Braves had been undefeated in four conference games and the Gs now

have four wins and no defeats. The Braves electrified a fairly large crowd here by racking up four straight first downs and scoring early in the first quarter on a long run. Tawas took the opening kickoff and had to punt on fourth

down and Tawas' defense stopped Gladwin on the next series, forcing the visitors to punt. Gladwin had Tawas in trouble on the punt when the ball finally stopped on the one-half foot line. Excellent running by Neil Warner

and Jeff Tousley moved the ball out of trouble and Tousley broke loose on a 60-yard touchdown scamper after being nearly dropped in the backfield. The try for extra point from placement was stopped.

Tawas' defense again held the visitors on the next series and Gladwin was forced to punt. The Braves had the ball for three plays, but Tawas sustained a key injury on third down when Rex Halstead was forced to leave the game with an ankle injury.

Gladwin returned Bruce Glancy's punt to the 49-yard line and the loss of Halstead in Tawas' defense proved to be costly as Duane Roberson and Jerry Heller combined to move the ball to the four-yard line and Roberson went in for the touchdown. Gladwin converted the placement to take a 7-6 lead and was never headed the rest of the way.

The Flying G defense proved to be tough on the ground as Tousley was dropped for a seven-yard loss on the first play. Two passes from Quarterback Mark Fisher to Tousley and Glancy were successful but Tawas had to punt on fourth down. Gladwin again had a good return to the 47 and Tawas was in trouble.

Roberson and Heller combined to pick up two first downs and Gladwin surprised Tawas' defense with a sparkling touchdown pass from Quarterback Kevin Hetherington to Tom Rellinger. The kick from placement was good and Gladwin held a 14-6 lead.

Tawas' defense came to life in the second half to stop Gladwin in four plays after the opening kickoff and the Braves marched right back into contention after picking up four straight first downs. Runs by Warner, John Rigg and Tousley moved the ball to the five-yard line in eight plays and Warner went over for the touchdown. Tawas again could not convert from placement and the Braves were down, 14-12.

Glancy's kickoff was returned to the 12-yard line and the Tawas defense again stopped Gladwin. The Gs punted to Tawas' 47 and this series proved to be the clincher as Gladwin dropped Tousley for a seven-yard loss on the second play from scrimmage. The Braves finally had to punt on fourth down.

Gladwin put together its best series of the night as Roberson and Heller combined to move the ball to the eight-yard line. Tawas stopped the Gs on third down, but the Gladwin quarterback found End Dan Pahl open in the endzone and the Gs had their second straight touchdown in the air. The kick from placement was good and Gladwin had a 21-12 lead.

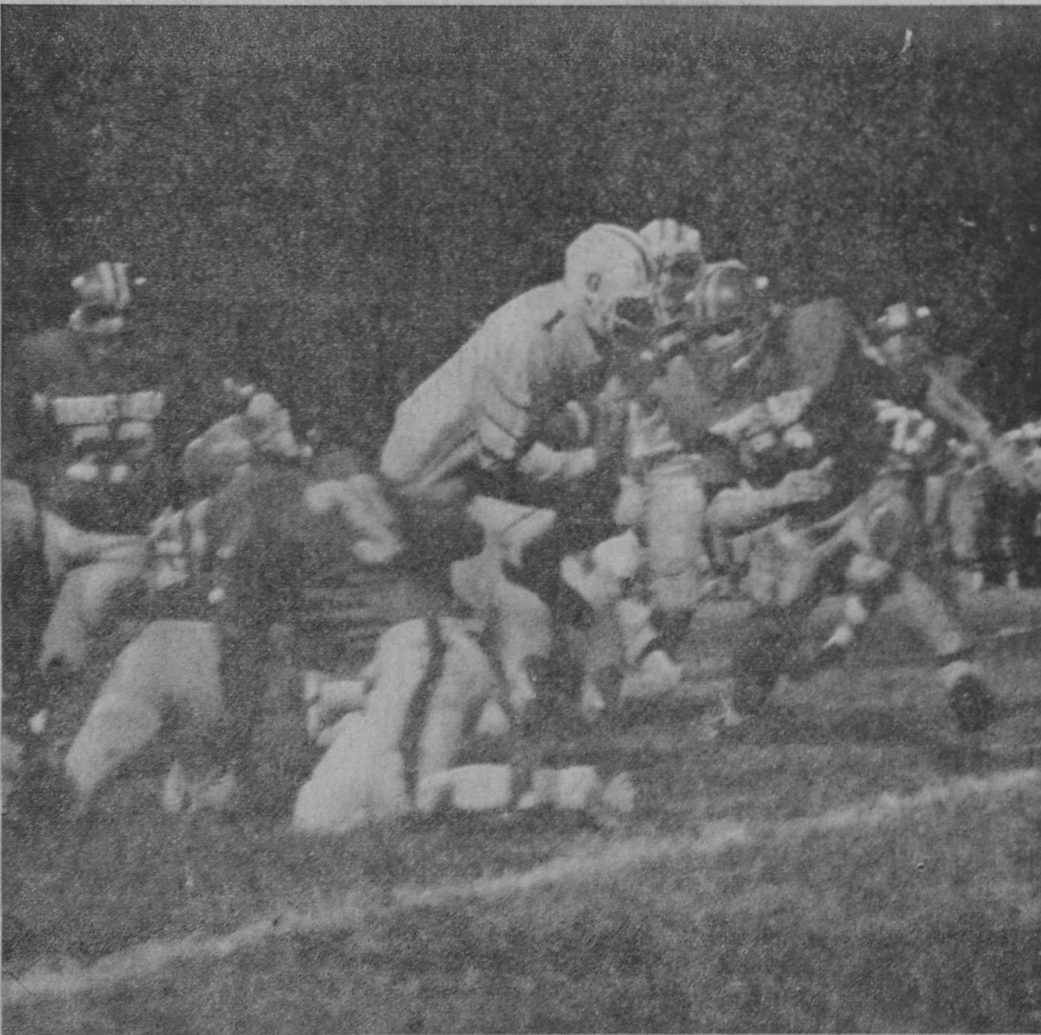

Tawas again moved well on the next series but the Braves were stopped for a 13-yard loss on one play to kill the drive.

Gladwin's hard-hitting defense proved to be a key factor in the game as the Braves were held to 160 yards on the ground and 36 yards by passing. The visitors had 200 yards rushing and 52 yards through aeriels.

The Braves play host to the Oscoda Owls in a nonconference game Friday night. Parents of varsity players are to be honored at halftime.

Hale Eagles Extended Record to 6-1 With Win Over Arenac Eastern

Hale Eagles extended their record to six wins and one loss Friday night by turning back Arenac Eastern, 54-6, in a conference game.

Hale scored two touchdowns and a safety in the first quarter, two touchdowns in the second quarter, three touchdowns in the third quarter and one in the fourth quarter to win with ease.

First quarter action saw Tom Bush going over from six yards out and he scored later on a 60-

yard pass interception. Ken Anderson tackled the Arenac quarterback in the endzone for a two-point.

Greg Green scored on a 12-yarder to open the second quarter. Terry Allen intercepted a pass and returned the ball for a 45-yard touchdown.

Hale continued to dominate the game in the third quarter when Rick Weaver scored on a 27-yard run, Bush plunged for a one-yard touchdown and Brian Denstedt

passed to Jim Woods for a 28-yard touchdown.

The final touchdown came on a one-yard plunge by Denstedt in the fourth quarter.

Bill Bernard kicked three extra points from placement. Buch was the leading rusher with 104 yards in 11 carries followed by Weaver's 76 yards in nine carries. The Eagles had 282 yards on the ground and 28 in the air.

Junior varsity action Wednesday night saw Hale turning back Alcona, 21-12.

with 10, followed by seven each for Kelly Wilson and Anderson. Gary Williams, Brian Kreiner, Weaver and Allen each had six tackles.

Arenac's lone touchdown of the night came in the fourth quarter on a pass from Walt Harrison to Mark Hadd.

The varsity plays at Mio Saturday. Junior varsity action Wednesday night saw Hale turning back Alcona, 21-12.

C of C Banquet Slated Nov. 4

Tourism and its effect on Iosco County will be the topic of Jack D. Wilson, director of the Michigan Department of Commerce's Travel Bureau, at the annual banquet of Tawas Chamber of Commerce to be held Thursday, November 4, at Tawas Golf and Country Club.

Robert Haight, banquet chairman, reports that more than 200 tickets were mailed to 1975-76 members for this affair and others interested may obtain tickets at the chamber of commerce office.

"We are hoping to see a good turnout of businessmen, civic leaders and their wives to hear an important presentation on the impact of tourism dollars and the importance of the chamber of commerce to local business people," said Haight.

There will be a cocktail hour at 6:30 p. m. and dinner is to be served at 7:00 p. m.

Roger McIntosh, executive director of the chamber of commerce, is to be toastmaster. Speakers will include Duane Walters, chamber of commerce president, who is to make an award to the businessman of the year.

The travel bureau director is to be guest of the Tawas City Businessmen's Association at the regular noon luncheon Thursday noon at the Dutch Kitchen Restaurant. He is to tour the Detroit and Mackinac Railway's roundhouse museum and discuss promotion of

charter excursion trips being conducted by the railroad.

Wilson administers the bureau's advertising and promotion activities, program evaluation and development, travel and tourism research and planning, as well as product development functions designed to increase vacation travel and convention business in Michigan.

Operations of the bureau, a state government agency based at Lansing, with branch offices at Chicago, Illinois, and Cleveland, Ohio, are conducted by the staff headed by Wilson, whose activities have helped attract in excess of 3.91-billion-dollars in annual spending by travelers in Michigan.

Prior to his appointment as bureau director in 1974, Wilson served as regional manager of the bureau's Chicago office. His previous experience includes 17 years in travel industry executive capacities, including seven years with Northwest Airlines, serving in various capacities from sales representative to district sales manager.

Born December 4, 1933, Wilson received a bachelor degree in business administration with highest honors from the University of Maryland, a master degree from Northwestern University and is a graduate of the American Institute of Banking.

DAR Chapter Met Oct. 21

Community projects and a review of the Panama Canal question were featured when River Aux Sables Chapter, Daughters of the American Revolution, met Thursday, October 21, in Christ Episcopal Church, East Tawas, with Mrs. Steven Ezo and Mrs. Robert E. Murphy as hostesses.

Mrs. Worthy T. Boyd, chapter regent, announced plans to furnish new United States flags to 10 girl scout troops at Wurtsmith Air Force Base and to place a copy of the new "Index to 1850 Michigan Census," published by the Michigan DAR as a bicentennial project, in the Iosco-Areñac Regional Library.

She also welcomed three new members, Mrs. Lyle W. Adams, Tawas City; Mrs. John D. Duggan, AuSable Lake, and Mrs. Keith Sauve, Long Lake.

Mrs. L. Stanton Bush, national defense chairman, outlined the history of treaties, land purchases, construction and maintenance of the Panama Canal by the United States since 1901, at a total investment of nearly seven billion dollars through June 30, 1974.

The real danger is failure to realize that the proposed surrender of the canal and its protective zone by the United States will actually take place, unless American citizens make their feelings known

immediately to congress and the president, according to Mrs. Bush. She quoted Rep. Daniel J. Flood, Pennsylvania, who has called the surrender proposal "a major geopolitical Pearl Harbor: ... it is part of the Soviet Empire's global drive for securing control of narrow waterways and strategic islands ... the real issue ... is not Panamanian sovereignty ... versus United States sovereignty, but continued unclutated United States sovereign control versus USSR domination," Flood was quoted.

**Save up to \$75
in your attic
this winter.**

Insulate!

Nobody likes higher Gas bills, including us at Michigan Consolidated. But because the cost of Gas we buy from our suppliers has gone up, your Gas bills will be higher this winter than they were last year.

So it makes sense to stretch each dollar's worth of Gas just as far as possible, and to keep your Gas bills as low as you can. One way to do this is by insulating your home.

Once again, Michigan Consolidated is offering a low-cost Home Ceiling Insulation Program designed to conserve Natural Gas and save you money.

Since the program's introduction nearly three years ago, more than 115,000 of our customers have installed ceiling insulation, and have cut their home heating costs by as much as 17% each year. Based on current Gas prices, this means you may be able to reduce your own heating costs by as much as \$75.00 from what they might be without insulation, starting right this winter.

If you do the job yourself, you should be able to buy insulation for a home with 650 sq. ft. of attic space

for about \$125.00. That means you'll probably save enough Gas to pay for the material in less than two years. Our free Do-It-Yourself Insulation Handbook tells you how. Pick one up at any of our customer business offices or any participating retail outlet. Or call or write, and we'll mail you a copy.

If you'd rather not do the job yourself, one of our participating insulation subcontractors can. The cost? About \$250.00 for homes with less than 1000 sq. ft. of ceiling area. You can pay cash. You can pay 20% down and pay the balance without interest over your next three Gas bills. Or you can make extended payments at an interest rate of 1% per month on the unpaid balance (ANNUAL PERCENTAGE RATE OF 12%).

So why not save money in your attic this winter with our low-cost Home Ceiling Insulation Program? We'd like to help you cut your heating costs, and we'll both be working to save our country's valuable Natural Gas supplies. We do care about your tomorrow.

Computer System Locates Available Federal Funds

A computer system that in minutes can locate the federal assistance available for Northern Michigan counties, townships and communities is now operational, according to Susan Lambrecht, Iosco County extension director. Iosco County Cooperative Extension Service office is now available as a contact point for anyone wishing to utilize the system. Each county extension office will be in contact with a central terminal at Traverse City that will serve the entire Northern Michigan area.

The system is called the Federal Assistance Program Retrieval System (FAPRS) and can scan a data bank of more than 1,100 federal domestic programs and print out a list of those which are applicable to a community's request. No knowledge of computers is required to use the system. The applicant needs only to identify his community and the need for which help is sought. Thereafter, the computer will locate the information and print out the available programs. Nominal charges will be made to the applicant to cover actual costs.

The service is available nationwide through existing compatible computer terminals operated by United States Department of Agriculture, other federal and state agencies, members of congress and organizations such as multi-county planning and development regions. Programs listed on the computer printout are keyed to code numbers listed in the catalog of Federal Domestic Assistance. By using the catalog in conjunction with the printout, an individual may identify programs of specific interest and learn how to apply for assistance. Local representatives of the extension service will provide copies of the specific programs sheets identified by the computer. Additional arrangements and assistance in followup in respect to filing application forms for the federal assistance are currently under way. The availability of federal assistance will continue to depend on program funding levels and priorities among eligible applicants.

Officials expect that the new system and its capabilities of providing quick information on a wide variety of federal programs will be valuable in the rural development effort. In some instances in the past, the lack of resources needed to search out available federal assistance has been a retardant factor in the development of rural communities. The new computer system offers a way to help overcome this problem.

For additional information concerning this program, interested individuals should contact the Iosco County Cooperative Extension Service office, phone 362-3449 or 362-8511.

Hale Area News

Shellenbargers Mark 59th Anniversary

Mr. and Mrs. Jess Shellenbarger of Hale (nee Elvira Riley) are celebrating their 59th wedding anniversary Wednesday (today), October 27.

They are parents of eight children, Richard of Westland; Arnie of Indian River; Regina of Al-

pena; Rene, Perry and Nelson, all of Hale, and the late Buster and Lavern Shellenbarger. They have 19 grandchildren and 19 great grandchildren. They are life-long residents of Hale.

Golden-Agers Heard Political Addresses

Twenty-three Golden-Agers attended the recent pot-luck dinner and heard the addresses by Rep. George Prescott, Bobby Grimm and Patrick Flynn, who was accompanied by Mrs. Flynn and Douglas Brown. Door prizes were awarded to

Alice Friebe and Luke Hilliker. A Thanksgiving dinner will feature the next meeting.

Initiate Members Into Auxiliary

The Wednesday evening pot-luck supper and business meetings of Glen Staley Post No. 422, American Legion, and Auxiliary were well attended.

Mrs. Robert Brandt, Mrs. James Wood, Mrs. Earl Montney and Mrs. Betty Timmer were initiated into membership. Mrs. Brandt was installed as treasurer of the unit.

Veterans Day services will be held at 11:00 a. m. Thursday, November 11, at the monument in front of the community building. Post members will meet at the Legion Hall at 10:00 a. m. and pot-luck dinner will be served at 12 o'clock. All veterans and families are invited to attend.

Mrs. Leon Brunson, rehabilitation chairman, will be accompanied by Mrs. John Toth, Mrs. Brandt, Mrs. Robert Pember and Mrs. Timmer on November 10 to Saginaw where they will purchase and deliver \$100 worth of gifts for the December gift shop at Saginaw Veterans Hospital.

About 150 hours were turned in for community service, plus some members worked on funeral dinners and \$55 was donated for Crop Walk. Members also gave cookies and worked on the library open house tea for the new building.

A turkey supper will be enjoyed at the November 17 meeting. A ham supper will be served at the December 15 meeting. Members are to bring pot-luck to compliment these meals, which are furnished by the auxiliary.

A discussion was held regarding a new heating system for the ladies' meeting room.

A pancake supper will be sponsored for the public November 13, starting at 5:00 p. m.

Mr. and Mrs. Lester Bowers, post commander and auxiliary president; Mr. and Mrs. John Toth attended the fourth district rally at Midland Saturday, October 23. Mrs. Toth is second vice president of the unit.

Plan Halloween Party for Children

Traditional tricking and treating in the Hale area will be substituted again this year by a Halloween party for all children pre-school

age through grade six wishing to participate.

The party will be sponsored by the Hale Home and School Association from 6:30 to 8:00 p. m. October 29 in the Hale Elementary School.

Games and treats are planned. The program also will take the place of the regular meeting of the association and members are encouraged to help with the activities. Businesses, merchants, parents, teachers, the senior citizens' group and Hale Lions Club are all joining together to make this a memorable party for the youngsters. The association is encouraging parents to bring their children to the party rather than sending them on a house to house solicitation for treats. Donations of money or bags of candy will be appreciated to make this party a success. Pre-schoolers three and four years of age are welcome but must be accompanied by a parent.

Cub Scouts Met October 25

Cub Scout Pack No. 990 of Hale held its regular monthly pack meeting Monday night, October 25, at the community building. A flag ceremony opened the meeting and the program consisted of a safety demonstration by Fred Caverly, chief of the Hale Volunteer Fire Department.

The following awards were presented: Jeffrey Salyers, gold arrow and dinner cords; Ronald Osborne, two silver awards; Jeffrey Wilson, dinner cords; Tony Cruz, assistant dinner cord; Troy George, dinner cords; Terry Dobson, assistant dinner cord; Robert Kolb, assistant dinner cord; Richard Reilly, artist; Darrell Robinson, traveler, forester; Charles Webb, athlete, aquanaut, forester; Wally Morawa, forester; Kenneth Weaver, forester and dinner cords; Kenneth Schulte, forester; Scott Eno, forester; Mark McKulsky, forester; Franklin Smith, forester, and James Webb, assistant dinner cord. The bobcat ceremony was held for Charles Carroll.

Dens one and six put on skits and the closing consisted of the scout benediction by the Advanced Webelos den. Cider and doughnuts were served.

Attended Convention at Traverse City

A Co-operative Nursery convention in Traverse City October 18-19 was attended by the following people representing Hale Co-Op Nursery: Mrs. Thomas Clark, teacher; Mrs. Richard Dodge, treasurer; Miss Karen Rasch, teacher-helper; Miss Cathy Collins, teacher helper. Children of the nursery were entertained with a pancake breakfast October 13 at the Colonial Inn. They also enjoyed a tour of the kitchen and one of the motel units.

Arlon VanHouten of Ogemaw Valley Medical Facility spent Friday at his home.

Mrs. Ray Hendrickson, Mrs. Robert Brandt, Mrs. Lester Bowers, Mrs. Bessie Gortner, Mrs. Margaret Brotherton and Mrs. Arlon VanHouten were in Rose City Tuesday afternoon to assist with entertaining the patients at Ogemaw Valley Medical Facility.

Mr. and Mrs. James Bielby and family were week-end visitors of the Lyle Bielby family at their Roscommon hunting cabin. They also visited their grandparents, the Archie Ewings.

Mr. and Mrs. Merton Bissonette of Oscoda were Wednesday evening guests at the Archie Ewing home.

Learn Microwave Cookery at Three Iosco Sessions

Individuals who desire more information about microwave cookery may wish to attend one of the learning sessions on this topic sponsored by the Iosco County Cooperative Extension Service. Sessions are to be conducted in Tawas Center, Oscoda and Hale November 3, 4 and 5. For specific times, locations and reservations, contact the cooperative extension service at 362-3449 or 362-8511.
