

Iosco to Get Dope Sniffer

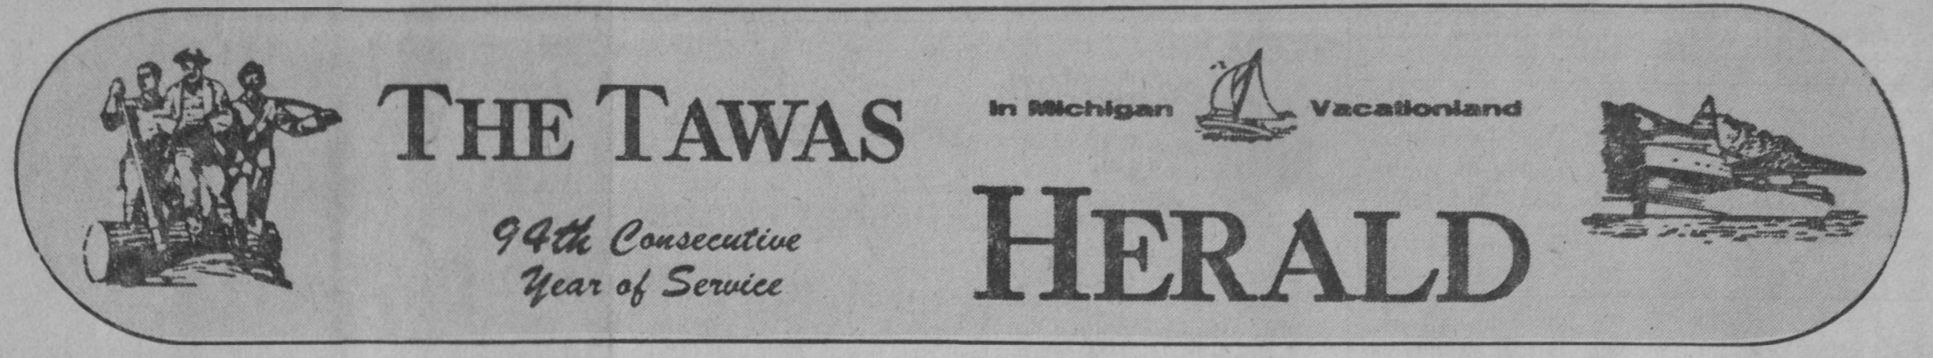

A dog trained to sniff out and find narcotics is expected to join the Iosco County Sheriff's Department this week.

According to Undersheriff Basil O'Dell, the German shepherd was obtained as a gift from a kennel at Sanford. The county will pay for training the animal.

Dogs trained to sniff out narcotics in automobiles have become one of the greatest tools in cracking down on the traffic in dope.

O'Dell said that all schools of this county have endorsed the program and the dog and its handler, Deputy Charles Linneman, will be available as a drug detecting team in local schools.

It was emphasized that the drug detecting team would be made available to school officials in checking student lockers and that officers would make no arrests. School officials would handle the problem after narcotics are found.

MORE THAN 80 PERSONS visited the new Tawas City branch of the Iosco-Arenac Regional Library on Thursday, the first day its quarters were open to the public at 1135 South US-23. The library shares the building with the second

fire station of the Tawas City Volunteer Fire Department. Shown at her desk is Winifred Hatton, librarian. The library features indirect lighting and is fully carpeted.—Tawas Herald Photos.

Provincial House Proposal Turned Over to Committee

A proposal by Provincial House, Incorporated, to operate the Iosco County Medical Care Facility has been referred to the county board of commissioners' health committee for study.

The health committee is to report back to the full board within 30 days in order to determine if there should be an in-depth study and possible public hearings.

Jeffrey Poorman, a Provincial House vice president, told commissioners Wednesday, that the firm has systems and personnel necessary to handle 3,000 beds in the state. He said the firm was anxious

to get a county medical care facility to manage.

Poorman guaranteed that, if Provincial House operated the county medical care facility, there would be no additional subsidy necessary for the first year; there would be no county subsidy, whatever, in the second year and a total operational cost reduction by the third year.

He said that during the first six months that Provincial House operates its new rest home in Tawas City, there would be a drop in the number of patients at the county medical facility. One of the reasons cited by Poorman was the fact that his firm charges below \$30 per day for private pay patients while the county medical care facility charges \$37 per day.

Any in-depth study of the operation, if recommended by the health committee, would include input from the present administration of the medical care facility, the department of social services which administers the facility and concerned state agencies.

In other business, the county commission officially accepted the resignation of Forrest Ray Whatley as District No. 2 commissioner. Serving since August, he has accepted a position of director of security at the Defense Electronic Supply Center, Dayton, Ohio.

The commission tabled discussion on ambulance financing until the February 2 meeting.

Authorization was given to solicit estimates for constructing an ad-

dition to the county building.

A resolution was adopted paying at a rate of 17 cents per mile for all county employees, members of boards and commissions and all others eligible for mileage reimbursement from county funds.

The commission authorized borrowing \$1,100,000 against anticipated delinquent taxes for 1977 to establish a tax revolving fund. Money from this fund will be used to pay delinquent taxes to all local units and schools.

An increase in wages as adopted under the amended 1978 budget was authorized for the sheriff, undersheriff, two inspectors in the building department, friend of the court, assistant friend of the court, probate judge, circuit court reporter, assignment clerk, two custodians, county treasurer, register of deeds and county clerk. The increase is to be retroactive to the first pay period of the year.

Judith L. Ellsworth, who has served as confidential secretary to the board of commissioners for the past year under CETA employment, was hired under a full-time county position effective February 14.

The commission adopted a resolution showing interest in contracting with Eagle Boys' Village for developing administration and maintenance of a juvenile detention facility for a nine-county area. The resolution obligates no funds as any future cost would be shared by the nine counties involved.

East Tawas and DNR at Impasse

Ask State to Proceed With Boat Ramp Under Original Proposal

Proposed construction of a new boat launching facility as part of the Tawas Harbor project appears to be at an impasse, although the door has been left open for East Tawas officials and the Michigan Waterways Commission to continue discussions.

East Tawas Council is expected to recommend Monday night that the Michigan Department of Natural Resources proceed with construction of the proposed boat ramp facility according to terms previously agreed to, with the state to exercise its choice of administering actual operation or turning it over to the city when the project is completed.

During an evaluation of the program conducted Thursday night with members of the council and city park board in attendance, six points were stressed in the findings.

1. The premise that the city had

sought help from the state in initiating the project was not considered valid. The state has been attempting to locate such a facility in the area for years.

2. The state and local shares are not spelled out in a new agreement as in the initial agreement.

3. The requirement for the city to immediately appropriate \$25,000 for the project is not acceptable.

4. The city has no assurance that Bureau of Outdoor Recreation funding will be available.

5. An open-ended commitment asked for by the DNR carries the implication that the city may be required to contribute \$75,000 or more, instead of the agreed upon \$25,000 for construction costs.

6. The long list of responsibilities added to the city burden appear uncalled for and undesirable.

As provided for in the original agreement, East Tawas' contributions to the project would include:

Replace city garage and service area, \$100,000; surrender shore front property, \$50,000; purchase MacAndrew rights, \$4,000; share engineering and construction costs, \$30,000.

The total of the above contributions is \$184,000, although the property appraisal for the garage and city land was made three years ago and the city assessor estimates the value today to be \$34,000 higher.

Under the original agreement, the city was to pay one-half of the estimated engineering cost or \$5,000, plus one-tenth of the estimated \$250,000 cost of the project, or \$25,000. The state was to pay the remaining \$225,000.

Under the new proposal submitted by the DNR, the city is to apply for \$125,000 in federal BOR funds and the state would pay \$125,000. City officials point out that there is no assurance that

BOR funding would be available and hesitate at accepting the responsibility for paying that amount in the event the money is not received.

Edmands Engineering Company now estimates that it will cost \$300,000 to complete the project and it has been suggested by the DNR that blacktopping the parking lot and construction of toilet facilities be eliminated. Such action does not appeal to city officials as parking could not be controlled and toilets are necessary at such a public installation.

City Clerk Clyde Soper said it appeared the council would agree to its original share of \$25,000 for constructing the facility, plus the other contributions totaling more than \$184,000 listed above, but it felt the city would not be justified in accepting further financial encumbrances as called for under the proposed new contract.

Perchville - USA Festival Feb. 3-5

For the fifth straight year, Gov. William G. Milliken recently signed an executive declaration "combining the forces of Tawas City and East Tawas to form Perchville-USA" in observance of the annual winter festival to be held February 3, 4 and 5.

"This unique winter festival—an event identified throughout the United States on television, in national publications, trade magazines and newspapers—features a village on ice," said Governor Milliken's declaration.

This year's observance will be the 28th anniversary of Perchville. Although fishing through the ice of Tawas Bay has been a winter sport for more than 100 years, it was not until 1950 that a village of fish shanties was sponsored by the chamber of commerce.

Program events planned on the ice at the East Tawas City Park include polar bear swims, a demolition derby, helicopter rides, four-wheel drive rally, log sawing, horse

drawn sleigh rides and a beer tent. Stag and doe night fish fries are to open the festival Friday, February 3.

The doe night fish fry to be held at the Holland House will feature entertainment by the Sweet Adelines, a fashion show and door prizes. Tickets are available from Sis's Dress Shop, Carol's Curl Corner, Charisma Styling Salon, The Beachcomber, The Place, all of East Tawas; The Joy Shop, The Doll House Beauty Salon, Tawas City. Tickets are also available at the Tawas Chamber of Commerce office.

Stag night is to be held February 3 at the East Tawas Community Building, starting at 6:30 o'clock.

The program, under sponsorship of Tawas Area Promotions, will award prizes to persons wearing Perchville buttons.

Reigning over the festival will be Colleen Johnson, 1978 Perchville-USA queen. Her attendants are Dawn Kuerley and Jeanine Rose.

TWO FIRES last week caused extensive damage to two area homes. Tawas City firemen battled a blaze Sunday morning at the Scott Wright residence, 524 Fifth Avenue. Owner of the dwelling is Richard Dorff. The blaze was caused by an

over-heated wood burning stove. Early last Wednesday morning, the home of Russell Boles, 835 M-55, Tawas Township, was damaged extensively. The blaze was caused by a faulty overhead furnace.—Tawas Herald Photos.

Old Store Served Area Nearly 20 Years

Kroger Opens New Superstore Sunday

Nearly 20 years ago—October 22, 1958—"magic carpet doors" featured the Kroger Company's new store in Tawas City. Sunday morning, a ribbon cutting ceremony will be held across the street from the old location for a new Kroger Superstore.

Interior decor of the 142 by 176-foot block and brick building features warm earth tones accented with rugged wooden beams in various areas.

Featured in the store are such special areas as bulk produce, where customers are able to select produce individually and in the same quantity as at a farmer's market; a delicatessen where prepared foods of all kinds are ready to carry home. There are more than 12,000 items in the four departments: Grocery, meat, produce and delicatessen.

A special wine department offers both imported and domestic wines, more than 1,000 items are included in the frozen foods department, there is a large area set aside for gourmet selections, plus an expanded meat department.

"We are proud to have this thoroughly modern supermarket and, even though this store is much

larger than a regular store, we will still provide courteous and prompt service," said David A. Burt, Kroger's Michigan marketing area vice president.

One of those greeting customers at the new store will be Robert

Weisend, who headed the grocery department when the store opened here in 1958, was later transferred to another store and returned last fall to become manager of the Tawas store.

Other veteran personnel taking

part in the grand opening ceremony will be Donald McAllister and Lyle Felske, who were department heads here when the store opened in 1958. Today, McAllister is head of the grocery department and Felske is head of the produce

department.

Other department heads include Gailya Hunt, cashier; Lillian Schepansky, delicatessen; Barbara Cadorette, dairy. Thomas Mohan is co-manager.

General contractor for constructing the building was O. S. Rose Builders, Incorporated, Tawas City. Owners of the building are John A. LeClair and Mr. and Mrs. Thomas LeClair.

Careful planning of energy usage went into design of the new store. It is equipped with a heat reclaiming system which utilizes wasted heat from refrigeration compressor motors to supply 75 percent of the store's heating needs.

'Overheated' Car Caught on Fire

George J. Herbert, Hillman, stopped Saturday at the Deerland Restaurant on M-65 north of Hale when his car overheated. While having a cup of coffee in the restaurant, another customer came in and reported a car was on fire in the parking lot. The Hillman man's car was a total loss.

Friend Tried to Help, but Snowmobiler Hurt

Thomas Wakerley, 31, Metamora, was treated last week at Tawas Hospital for injuries sustained when he fell off a snowmobile.

Iosco County Sheriff's Department reported Wakerley was driving his machine onto a trailer. When he started to fall off, a friend grabbed the snowmobile's handle, but in so doing he also pulled on the throttle.

The snowmachine roared off the trailer and over the roof of a van which was used to tow the trailer. The driver fell of the machine and struck the back door of the van.

DISTINCTIVE entrance arches of the new Kroger Superstore in Tawas City are shown above. Formal grand opening of the store is to start Sunday with a ribbon cutting ceremony at 9:00 a.m.—Tawas Herald Photo.

I pledge allegiance to the flag of the United States of America and to the republic for which it stands; one nation, under God, indivisible with liberty and justice for all.

IHM Women Hear Report on Future Council Functions

Immaculate Heart of Mary Council of Women met January 19 at the parish hall to hear Alice Frank, president, announce many forthcoming council functions. A booth will be sponsored at Perchville-USA, featuring hot sandwiches, coffee and hot chocolate. Committee is Ellen Krass, Mrs. Frank, Nancy Carney, Eleanor Donahue and Kay Stephan.

Pancake and sausage breakfast will be served 8:00 a. m. till noon February 19 at the parish hall. Plans were made for a style show at a later date with Madeline Ball as chairman.

A public card party is scheduled April 23 with Bernice Owens and Mrs. Donahue in charge.

A newsletter was read from Mrs. Donahue, president of the South East Region, DCCW, announcing the regular meeting January 25 at St. James Parish, Whittemore, from 11:00 a. m. till 3:00 p. m.

It was announced that membership drive for Iosco County Citizens for Life has started. Dues of \$3 may be sent to Mrs. Frank, 815 East State Street, East Tawas.

Plans are also being formulated to entertain St. Joseph Council of Catholic Women in March.

Barbara Sanger and Helen Erspamer were hostesses for the social hour.

TODAY'S Meditation

from The World's Most Widely Used Devotional Guide

(Read Romans 8:28-31)

"I will lift up mine eyes unto the hills, from whence cometh my help." (Psalm 121:1)

I know so well that God directs our lives in mysterious ways. Soon after my marriage, I gave up my career as a legal secretary to rear a family. I felt happy and fulfilled. When our son was almost 15, I began to feel a compelling need to go back to school. Why, I thought, after all these years? I could not put it out of my mind. I went back to school, though I had no plans to go back to work. At the end of six weeks, a civil service test was offered. I took it just for fun and made a high score. Six weeks later, my husband died quite suddenly.

Soon thereafter, I learned that a local federal office needed an experienced legal secretary. I applied for the job and got it. I knew then that God was watching over me in the midst of my sorrow. With His ever-present help I was able to maintain our home. I managed our son's education and saw him graduate from Massachusetts Institute of Technology. Yes, I know that God watches over us.

PRAYER

O Lord our God, how great it is to know that You care and will guide us through the dark places. We pray in Christ's name. Amen.

THOUGHT FOR THE DAY

Nothing can defeat us when we follow God's direction.—Gertrude G. Cook (Ardmore, Oklahoma)

St. Joseph's Altar Society Changes Name

Business conducted at the Thursday, January 19, meeting of St. Joseph's Christian Mothers Altar Society included changing the name of the group to St. Joseph Council of Catholic Women. Other changes made were to place responsibility of decoration for special events on the program committee instead of social chairman. By-laws are to be brought up to date on these and other changes.

Ladies of the congregation are asked to bring items for a bake sale to be held at the school during the Perchville-USA week-end following each Mass. A reminder was made of the DCCW meeting Wednesday (today), January 25, at Whittemore.

Plans for activities for the spring bazaar were discussed. Tillie Jarvela, chairman, would like volunteers for the Memorial Day week-end event. Pearl Biak, chairman of the kitchen committee, is also looking for volunteers.

Prize for the evening went to Mrs. Jarvela. Recipes were exchanged and Joan Look and Ellen Mochty served as hostesses. The next meeting will be held Thursday, February 16, at the school.

Iosco Drops Charges for Jail Escape

Lance Niebel of Royal Oak, who with two other men cut through the bars of their cell and escaped from the Iosco County Jail in February 1975, was returned last week to Iosco County by Macomb County authorities.

Local authorities had intended to prosecute Niebel for the escape, but charges were dropped here by the prosecuting attorney when it was learned that Niebel had served a year in the state prison and any other charges against him would have run concurrently.

Undersheriff Basil O'Dell said that Niebel had been sent to Jackson Prison from Oakland County and that Iosco County had not been notified that he had been apprehended until about a year later.

Niebel, along with Ronald Carraway and Steven Jozfiak, used a hacksaw blade smuggled into their jail cell to cut through a one-inch bar, allowing them to escape through an eight by 11-inch opening in the bars of the cell.

The other two men were captured later. It was the only forced escape from the present county jail, constructed in 1965.

LOOKING BACKWARD—

Iosco Studies Nursing Home Possibilities

15 Years Ago—

January 23, 1963—A 12-member committee composed of residents representing all areas of Iosco County is to be appointed next month for the purpose of studying needs of a proposed home for the aged.

Iosco County Board of Supervisors has approved installation of seven mercury vapor street lights at the intersection of Monument and River Roads.

A turnout of about 80 persons attended the January meeting of Tawas Area Parent-Teacher Association to hear a discussion on higher education. Participating were William Tracy, county school commissioner; Thomas Pinkowski, guidance counselor, and Miss Clara Bolen, elementary supervisor.

Sixteen violent deaths were recorded in Iosco County during the past year, the same number as in 1961.

25 Years Ago—

January 23, 1953—A motion to place selection of county road commissioners again on the election ballot failed in a tie vote by Iosco County Board of Commissioners.

Tawas Area Board of Education will seek a new superintendent of schools to replace A. E. Giddings, Tawas City superintendent, and C. J. Creaser, East Tawas superintendent, who have continued to serve since reorganization. Both men will be retained for the 1953-54 year.

Dale Landon of Tawas City left Sunday morning for Sun Valley, California, where he will try out for a baseball position in the Hollywood Baseball League.

An adult education class in typing has attracted 22 men and women. A course in bookkeeping will be added if 10 or more wish to have it. The program is a project of the Twentieth Century Club and the new school board.

Dwight D. Eisenhower has been inaugurated as the new president of the United States.

35 Years Ago—

January 23, 1943—The Office of Price Administration is moving to force conversion of all oil heating units in buildings other than private homes. Rationing boards are to withhold fuel oil from such buildings unless written proof is presented that arrangements have been made for conversion by a definite date within the current heating season, or unless the applicant has proved that conversion is impossible.

Action at the January meeting of the Iosco County Board of Supervisors included raising hourly wages of sheriff's deputies from 30 cents to 40 cents per hour. The board also authorized purchase of \$5,000 in war bonds.

During Tuesday's blizzard, old-timers have been spending their time recalling the days when Iosco County really had winter weather—when the snow drifted to the tops of stump fences along the Hemlock, Meadow and Plank Roads, when everyone would get out with teams and shovels for snow removal "bees" to open the roads to town. In some cases, it was found easier to detour the road through the fields. There were no state and county highway crews in those days with snow plows running all night to keep the roads open.

At a special election held Wednesday, School District No. 5, Tawas Township, is to discontinue the Laidlawville School for the remainder of the term and transport pupils to the Tawas City Public School.

Hale School librarian reports a shortage of books for children up to the sixth grade and all those who have books suitable for this purpose are asked to bring them to school.

State Health Dept. Director Approves Hospital Project

Approval to begin its major expansion project has been given to Tawas Hospital by the state health director.

The hospital will acquire a tomographic scanning apparatus to provide a third diagnostic room and will establish a nuclear medicine service.

In order to correct licensing deficiencies, the laboratory will be expanded and a number of units relocated. The admitting department will be placed near the new outpatient area and physical therapy will move to a renovated east wing, which will also house the inhalation therapy and EEG services.

The central sterile unit will be moved to the surgery area and substance abuse services will be transferred from a free standing

unit to the hospital. Also relocated will be the maintenance department, library and medical records, administrative offices, volunteer offices, doctor's lounge, conference and sleeping rooms.

New construction will expand the emergency department and provide for a recovery room adjacent to the surgical area. Two obstetrical beds and one special care bed will be added, increasing total bed capacity to 65.

Cost of \$1,745,500 will be financed by cash, bequests, a fund drive and a long term loan. The project is to be completed in the fall of 1978.

Approval for the project was received also from the East Central Michigan Health Systems Agency and state administrators of the federal Hill-Burton program.

AIA Officers Were Honored

January 17 meeting of Tawas City Chapter No. 303, Order of the Eastern Star, was highlighted by a skit presentation honoring AIA officers in attendance from Oscoda, Hale, Standish and East Tawas, as well as the local chapter. Betty Herriman, worthy matron, presided.

Plans were discussed for a summer bazaar. Refreshments were served by Isabelle Leslie, Maude Rollin and Mr. and Mrs. Harold Knight.

Mrs. Klinger Was Honored

Wednesday evening, January 18, a pink and blue shower was held for Mrs. Carl Klinger at the home of Mrs. Lyle Klinger. Approximately 21 ladies attended.

Games were played and many beautiful gifts were opened. Refreshments were served by the hostesses, Mrs. Klinger and Ann Klinger.

Tawas Hospital

BIRTHS—

Born to Mr. and Mrs. Mark Kilmer, Oscoda, January 17, a son, weight five pounds, 1 1/4 ounces.

Born to Mr. and Mrs. Keith DeWald, AuGres, January 18, a daughter, weight six pounds, 13 1/2 ounces.

Born to Mr. and Mrs. Richard Doak, Tawas City, January 20, a daughter, weight seven pounds, five ounces.

Born to Mr. and Mrs. Thomas Hamlin, Whittemore, January 22, a son, weight eight pounds, 13 1/2 ounces.

ADMISSIONS—
Tawas City: Eileen Rempert, Milton Vesceius, the Rev. Alfred Saulsbur, Arthur Sample, Harold Ellsworth.

East Tawas: Curtis LaPlante, Bonnie Therrien, Michelle DuVal, Karen Nelkie.

County: Leonard Washington, Deborah Cox, LaVonne Brodie, Richard Elliott, Rose Raufchleisch, Marilyn Martin, Johanna Syster-mann, Oscoda; Bethel Johnson, National City; Tracy Riley, Whittemore.

Other communities: Laura Koss, Katherine Engelman, AuGres; Frank Latosky, Turner; Ewald Godt, Barton City; Margaret Cooper, Bay City; Reta O'Dell, Howard Specht, Mikado; April Smith, Flint.

AARP Held Fun Session

Lake Shore Chapter No. 661, American Association of Retired Persons, had a fun session Wednesday, January 18, at the East Tawas Community Building. Florence Britton, sunshine chairman, reported sending get-well cards to Joseph Weiss, William Engelbrecht, Elsie Proper, Gladys Davis and Nellie Brest. A sympathy card was sent to Ruth DeMetrick on the death of her husband.

New members welcomed were Mr. and Mrs. Edwin Fry, Lee Butler, Martin Mueller, Gordon Brigham and Alfred Hewitt. Door prizes were won by Birdie Bennett and Mrs. Britton.

Sweet Adelines will entertain February 1 following a sack lunch. Everyone is urged to attend.

Engaged

The engagement of Barbara S. Engle to Clyde R. French has been announced by her mother, Mrs. Beverly Engle of Tawas City. The prospective bridegroom is the son of Mr. and Mrs. Harold French of East Tawas.

A February 25 wedding is being planned by the couple.

Past Matrons Met Jan. 17

Past Matrons Club of Iosco Chapter No. 71, Order of the Eastern Star, met Tuesday, January 17, at the home of Violet Small with 10 members present. Mystery package was won by Marjorie Lyon. After the business meeting, cards were enjoyed.

Next meeting Tuesday, February 21, will be a dinner at Genii's Restaurant after which the past matrons will attend Tawas City Chapter No. 303 regular meeting.

Democrats Set Monthly Meeting

Iosco County Democratic Party will hold its monthly meeting Thursday, January 26, 8:00 p. m., in the Plainfield Township Community Building on M-65, Hale.

Immediately following, the Democratic Women's Club will meet. All Democrats are invited to attend.

this... that and the other

Mr. and Mrs. Steven Tregear of East Tawas (nee Julie Mochty) are parents of a son, Matthew Richards, born January 11 at Saginaw General Hospital. He weighed four pounds, one ounce. Maternal grandparents are the senior Albert Mochty, also of East Tawas.

Mrs. Marvin Warner of Tawas City is a patient at St. Mary's Hospital, Saginaw, Room 426. She would appreciate cards and letters from Tawas friends.

Saturday, Mr. and Mrs. Walter Moeller and Mrs. Lorene Swartz of East Tawas attended the funeral of Wilfred Swartz of Saginaw.

Mr. and Mrs. Hugo Keiser and mother, Mrs. H. J. Keiser Sr., of Tawas City visited relatives in Lansing over the week-end.

Lois Baker of East Tawas spent the week-end at Sault Ste. Marie with her sister, Mrs. William Unke.

Mr. and Mrs. Clyde Sheeks of Ypsilanti were Saturday and Sunday guests of his mother, Frances Sheeks of Tawas City.

Mrs. Edward Higgins of East Tawas was in Saginaw Saturday to visit her husband, who is a patient at St. Mary's Hospital. Last week, Mrs. Higgins entertained her niece and husband, Mr. and Mrs. Harold Badman of Toledo, Ohio.

Friday, Mrs. Jerald McEwen and sons, David and Bruce, of Frankenthuth were guests of her mother, Mrs. Fred Rempert of Tawas City.

Saturday, Mr. and Mrs. Ray Brenton of East Tawas attended funeral services for Mrs. Warren Croff in Mt. Pleasant.

Mr. and Mrs. Kenneth Bublitz and family and the Thomas Humpert family of Reese, the Terry Bublitz family of Flint and the Charles Miller family of Pontiac enjoyed the week-end at their cottages on Big Island Lake. They enjoyed snowmobiling and ice fishing.

Mr. and Mrs. Alton Sherwin have returned to East Tawas from Flint where they visited their children, Mr. and Mrs. Harold Sherwin, Mr. and Mrs. Dean Sherwin and Mr. and Mrs. Dean Crandell, and families.

Saturday, Miss Esther Look and sister, Mrs. Hattie Evril, of Tawas City were business visitors in Bay City and Saginaw.

Mr. and Mrs. Harold Siegrist of East Tawas were dinner guests of Mrs. Cindy Heidt Sunday evening.

Mr. and Mrs. Orville Bridges have sold their home on Parkside, East Tawas, to Constance Dambro of Rochester.

Mr. and Mrs. Charles Bolen have purchased the former George Green home on Huron Street, East Tawas.

Mrs. Lois Mitchell and son, John, have returned to their home in Draper, Utah, after spending the past five months at East Tawas with her aunt, Mrs. Esther Sanborn. Mrs. Elias Syria of Tawas City is presently staying with Mrs. Sanborn.

John Ristow and aunt, Mrs. Elsie Roach, of Tawas City visited his mother, Clara Ristow, at Martin Luther Memorial Home, Saginaw. They also spent a couple of days in Flint with relatives.

Dinner guests Saturday evening at the Harold Siegrist residence in East Tawas were Mr. and Mrs. Adolph Siegrist of Whittemore and Mrs. William Siegrist of Jackson.

Sgt. and Mrs. Paul Morin of Oscoda and Germany were Sunday dinner guests of Mr. and Mrs. Leonard Hintz of East Tawas. The Morins will return to Germany Thursday.

Lower Hemlock

Saturday, Mr. and Mrs. Leo Wellna were Standish visitors.

Last week-end, Mr. and Mrs. George Wajohn and daughter of Saginaw visited at the Russell Nelkie Jr. home.

Friday, Mrs. Gale Durant and friend of Flint visited her parents, Mr. and Mrs. Clayton Ulman.

Mr. and Mrs. Jack Foust and family of Flint enjoyed the week-end with their parents, Mr. and Mrs. Walter Foust.

Last week-end, Mr. and Mrs. Walter Miller visited their children in Detroit. Mrs. Cora Davis accompanied them to Ortonville and visited friends.

Sunday, Mr. and Mrs. Michael Blust Sr. visited their daughter, Mrs. Charles Kujawa, and family at Clio.

Mr. and Mrs. John Scupholm and the Dewitt Hammonds have moved into their new home on Miller Road.

Mr. and Mrs. John Hartness were Wednesday visitors at the William Ballinger home.

Mr. and Mrs. Darrell Wagner of Hale were Monday guests at the Rollie J. Gackstetter home.

Friends are pleased that Clayton Ulman came home from Tawas Hospital Friday.

Kelly Curry was a Friday overnight guest of Laura Wasylk.

Mr. and Mrs. Howard Blust of Bath enjoyed the week-end with his parents, Mr. and Mrs. Michael Blust Sr., and her mother, Mrs. Lydia Galliker.

Jacki Grabow of Flint spent a few days with her mother, Mrs. Carl Grabow Sr.

Wednesday evening, Mr. and Mrs. Douglas Toms of Prudenville visited her parents, Mr. and Mrs. Clayton Ulman.

Dr. and Mrs. Lloyd Nelkie and family of Flint were Sunday visitors of his parents, Mr. and Mrs. Russell Nelkie Sr.

Friends are pleased that Jim Koehn came home from St. Luke's Hospital, Saginaw, Friday.

Thursday evening, Mrs. Carl Grabow attended a demonstration party at the Whittemore home of Toni Grabow.

Mr. and Mrs. Mac Dodd of Flint enjoyed several days at the Walter Foust home.

Sunday, Mrs. Martin Musolf, Mrs. William Musolf and daughters, Laurie and Lisa, all of Bay City, visited friends and relatives in the vicinity.

"The sudden change in clinicians resulted in the band learning a new work two hours before the session and handled the situation as professionals. I have never seen a Tawas band handle itself better in such adverse conditions and still perform in what was a highly successful concert," said Salamony.

NAMED to the district all-star band were, seated from left: Sally Kasischke, Sandra Salamony and Gina Salamony. Standing from left are Beverly Staudacher, Kathi Tenbusch and Kathy Boik. At right is Gene Salamony, Tawas Area Band director.—Tawas Herald Photo.

Seven TA Band Members Named to All-Star Band

Seven Tawas Area Symphonic Band members were elected to participate in District IX Michigan School Band and Orchestra Association all-star band. This year, the concert will be held January 28, 7:30 p. m., at Clare High School. Conductor of the band will be Ronald Christie, president of District IX and AuGres-Sims band director. District schools were asked to

list their outstanding students. A committee then chose from the participating schools to fill the instrumentation of the band. Students were chosen for their musical ability and over-all band attitude.

Eighty-seven band members will represent the schools of Alcona, Atlanta, Arenac Eastern, AuGres-Sims, Beaverton, Clare, Farwell, Gladwin, Hale, Harrison, Hillman,

Mio, Ogemaw Heights, Oscoda, Standish - Sterling, Whittemore-Prescott as well as Tawas Area. Those band members representing Tawas are Gina Salamony, oboe; Kathi Tenbusch, bassoon; Kathy Boik, clarinet; Sandra Salamony, cornet; Beverly Staudacher, string bass; Sally Kasischke, tympani.

The public is welcome to attend the concert.

Motorist Said 'Thanks,' but Did Not Pay

A station wagon in which the driver pulled into Graham Oil Company, Whittemore, and asked the attendant to fill the gas tank, then drove off without paying, has been traced to Flint.

John Sugden, service station attendant, told Iosco County Sheriff's Department officers that the driver told him "thanks" before driving off. Another customer gave chase and obtained the license number. Authorities reported the car had been stolen at Flint.

CF 'Run for Life' Slated Saturday

Michigan snowmobilers will again put their time, talent and snow machines to work helping children with cystic fibrosis and other lung-damaging diseases.

Nearly 200 concerned snowmobilers are expected to participate in the sixth annual 50-mile Run for Life on Saturday, January 28.

This year's event will again offer a full day of fun and excitement, both on and off the scenic 50-mile safari course.

Registration, complete with complimentary coffee and donuts, begins at 9:30 a. m. Snowmobilers will have a choice of four starting points: Greenbush, Glennie, Hale and Oscoda. Glennie will provide a free lunch for all participants.

An awards dinner is to be held at 7:30 o'clock that evening at the Glennie Tavern. Presentation of the CF World Snowmobile Cup and other trophies will be made by a celebrity guest speaker as the highlight of the day's activities.

To enter this popular event, a snowmobiler must obtain a minimum sponsorship of 20 cents per mile per machine, or \$10. Trophies, both to clubs and to individuals, are to be awarded to those bringing in the most sponsorship money for lung-damaged children.

Further details and registration forms are available through the Cystic Fibrosis Office, Post Office Box 2012, 971 Midland Road, Saginaw, Michigan 48605.

Band Performed During Conference

Tawas Area Symphonic Band completed a highly successful performance last week at Hill Auditorium, Ann Arbor, for the 33rd annual Midwestern Conference on School Vocal and Instrumental Music.

The three-day conference, sponsored by the University of Michigan and a variety of state music organizations, was designed to improve the teaching skills of state music teachers. A wide variety of clinics, workshops and lectures were featured.

The Tawas band was one of 10 junior, high school and university bands and orchestras invited to perform during the conference.

The band performed an original composition, "Diversion No. 3," by Lloyd Conley, especially written for the band's performance at the conference. Other selections included "Torino," a symphonic concert march conducted by Leonard Falcone, director emeritus at Michigan State University, and "Kadish," by Francis McBeth, who was scheduled to give a demonstration on rehearsal techniques using the Tawas band. Unfortunately, he was unable to attend due to weather conditions in Arkansas and Ken-

shoplifting

...A Crime on the Increase in Area

Shoplifting is a crime which is increasing in the Tawas area, points out the Tawas Kiwanis Club in the third of its series on crime prevention.

Local law enforcement agencies report that arrests for this crime have risen sharply in the past six months and the loss of property is increasing. This is also a loss to the general public as it is reflected by increased prices of retail merchandise; the merchant has to increase prices to offset his loss.

Shoplifting is actually larceny from a building, a felony crime. The law reads: Any person who shall commit the crime of larceny by stealing in any dwelling house, house trailer, office, store, school, church, ship, etc., is guilty of a felony.

Businesses lose billions of dollars nationally from shoplifting and cause many large stores to go out of business. Tawas area is growing, points out the Kiwanis Club, and it is anticipated that other companies will be entering business here.

For that reason, shoplifting is being prosecuted in every case possible, with no regard given to the price of the item involved.

Those involved in shoplifting include: Juveniles, who are shoplifting for thrills; housewives, who have become bored or are frustrated; narcotics addicts, who are feeding a habit; kleptomaniacs, those who cannot control themselves; professionals, whose business is stealing.

While the general public cannot afford to let shoplifters go unpunished, apprehending them is a delicate matter. One should contact the local prosecutor for a full explanation of the procedures to be used concerning accusation, search and arrest.

Braves Won Pair of Games Last Week

Paced by Jerry Grack and Lee Starling, the Tawas Area Braves turned back the Standish-Sterling Panthers, 56-54, in an overtime game Friday night played on the losers' home floor.

It was the second victory of the week for the Braves, who turned back the Oscoda Owls the previous Tuesday night to avenge an earlier loss to the neighboring school.

Other action in the Northeastern Michigan Conference saw Ogemaw Heights claiming its sixth conference victory without a loss when they downed the Whittemore-Prescott Cardinals, 87-60.

Grack and Starling claimed top scoring honors for Tawas at Standish-Sterling, always a tough contender on its home floor, but it took the play of sophomore, Brian Norton, to turn the trick in overtime.

Ladd White of the Panthers put the game into overtime with a lay-up and only nine seconds to go in the game. Each team had a chance at the bucket after that, but both attempts were unsuccessful.

Norton, who meshed only six points during the night, hit a 20-

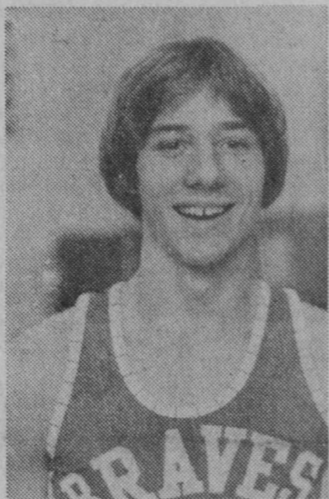

footer with a minute and 29 seconds to play in overtime which finally turned back the Panthers. Grack paced the Braves with 16 points during the night while Starling had 14.

In the junior varsity preliminary game, Standish-Sterling took the measure of the Junior Braves, 52-48, in another hard fought contest. Now five and one in conference play, its only loss coming at the hands of Ogemaw Heights, Tawas was to have played at Alpena High School Tuesday night and are to play Friday night at Gladwin.

Ogemaw Heights continued to roll Friday night and appears to be invincible in conference play with a veteran squad. The Falcons are to meet the Braves here February 3 in a showdown battle.

Led by Jon VanOosten's 25 points, the Falcons held only a 30-10 margin after the first quarter. Ogemaw Heights opened up in the middle quarters with 48 points to win easily.

The third conference game saw Gladwin taking a close, 66-62, win over Pinconning.

Reno News

Last Sunday, Mr. and Mrs. Victor Johnson of East Tawas and daughter, Vicki, called on her mother, Grace Williams.

Friday, Mr. and Mrs. Richard Samson were in Dearborn to attend a fair seminar.

Mrs. Dorothy Roberts and grandchildren, Patricia and Michael, were in Detroit where the children had dental appointments.

Mrs. Ethel Pafllo is in Tolfree Hospital and Richard Anderson in Tawas Hospital.

Mr. and Mrs. Will Waters and Miss Florence Latter called on Fred Latter Sunday and Thursday afternoons. He is suffering from a hip fracture.

Wilber News

Mr. and Mrs. Tony Lange and family of Maryland spent a few days at their home here and called on friends.

Mrs. Marian Small visited at the Kenneth O'Brien home Sunday.

Mrs. Anna Salonen and Henry were guests Friday night at the Jack Searle residence.

Sunday, Mrs. Pearl Simmons and the Ervin Kuenzlis visited the Richard Werth family at West Branch.

Mrs. Leo Baraconi and the Marvin Mallons visited Mr. Baraconi, a patient at St. Luke's Hospital, Saginaw.

The John Newberrys were Sunday night supper guests of Mr. and Mrs. Robert Lynch, Oscoda.

Francis and Russell Dorey drove to Saginaw Veterans Hospital Tuesday where Francis had his medical check-up. Enroute home, they visited the Dwight Perkins family in Kawkawlin.

A bridal shower in honor of Virginia Alda was held at Mary Bartimore's home in East Tawas Tuesday night. The bride-to-be opened many nice gifts. Lunch was served by the hostess.

Mrs. Robert Smith and children visited the Allen Cooper family Monday night in Oscoda.

Mr. and Mrs. William Olsen and other relatives gathered at Emil Cholger's home in East Tawas Sunday for a birthday dinner in his honor.

Sand Lake News

Tuesday evening, the home of Mrs. Lela Tithof was the setting where she and co-hostess, Mrs. Bertha Roth, honored Miss Linda Clement, United States Navy, with a bridal shower. Miss Clement is the May 27 bride-elect of Robert Reichard, USN, of Mt. Joy, Pennsylvania. The 30 guests played games, enjoyed a buffet meal and the honored guest received an array of gifts. Among those present was the bride-elect's mother, Mrs. Lois Clement. Thursday, they attended a shower in her honor given by relatives and friends in Flint.

Mrs. Rosella Humphrey has been discharged following surgery at St. Luke's Hospital, Saginaw.

Fifty retirees attended the monthly pot-luck and advisory board meeting Thursday. Pertinent topics and finalized plans for the winter festival were covered. Prize winners were Cecil Gower, Florence Hatfield, Joseph Lehman and Harold Case.

Mr. and Mrs. Thomas Corder and family have returned after an extended absence during which they visited their son and relatives in Warren and Lapeer. Accompanied by their daughters, Mrs. Frank Bennett of Lapeer and Cheryl Corder, and their families, they spent two weeks in Florida.

Mr. and Mrs. Ted Niver have returned after a week-end spent in Flint. She attended a baby shower honoring her daughter-in-law, Mrs. Mark Niver, Sunday.

Our Day

FOR AND ABOUT IOSCO TEEN-AGERS

TODAY'S TEEN at Hale Area High School is Dawn M. Murriner, 17, senior, daughter of Mr. and Mrs. Percy Osborne. Her subjects this year include art, United States Government, English, sociology and she serves as an elementary aide. Her hobbies include drawing, painting, swimming and hiking. She plans an art career and has won numerous art awards in school.

TODAY'S TEEN at Whittemore-Prescott Area High School is Joanne Osborne, daughter of Mr. and Mrs. Percy Osborne. Her subjects include bookkeeping, United States Government, she serves as an office aide and is enrolled in cooperative education classes. She is active in outdoor sports. Her interests include listening to music and writing poetry. She has received honors certificates throughout high school. Joanne plans to attend a trade or career school following graduation.

Brownie Troop Enjoyed Party

December 21, Brownie Troop No. 742, under the leadership of Catherine Wasyk and Kathleen Curry, was treated to a Christmas party sponsored by Junior Troop No. 608. The junior troop made the preparations and arranged refreshments for the party which was held at the Wasyk home. The scouts enjoyed games from other lands along with gifts.

Currently, the three patrols in Troop No. 742 are working on skits depicting the girl scout law.

Senior Aide

Enjoys Scouting

Senior Aid Monique Marshall, a ninth grade student at Tawas Area High School, is enjoying the experience of girl scouting. As a leader of games and songs to Junior Troop No. 412, she creates an enjoyable atmosphere for the girls by being genuinely interested and enthusiastic.

Her plans for the future are undecided but one thing is definite, according to her, and that is of being a girl scout leader. Her efforts are well appreciated.

Brownies Visited Sag. Civic Center

January 16, Brownie Troop No. 219 went on an excursion to the Saginaw Civic Center, where the girls enjoyed the Shrine Circus. Barbara Sharma, Patricia Shotwell, Patricia Rioux and Marilyn Roach escorted the troop.

Mrs. Shotwell, leader, is leaving for a teaching position at Tawas Elementary School and Janet Ernst will be taking her place.

Sewing Club

Offered by 4-H

A new Personal Appearance Sewing Club is being offered in the 4-H youth program in the Tawas area starting Thursday, February 9, at 7:00 p. m. Anyone between the ages of nine and 19 who would like to take advantage of this opportunity, call 362-3449 for more information.

Improved Tests at W-P School

Results of the annual Michigan Educational Assessment Program showed continuing improvement on the tests by students in the Whittemore-Prescott School District, according to Larry Burns, test coordinator for the district.

The tests are administered each year throughout the state to all fourth and seventh graders.

The fourth grade improved for the fourth straight year and figures showed students were again performing above the state averages in both mathematics and reading. The seventh graders improved

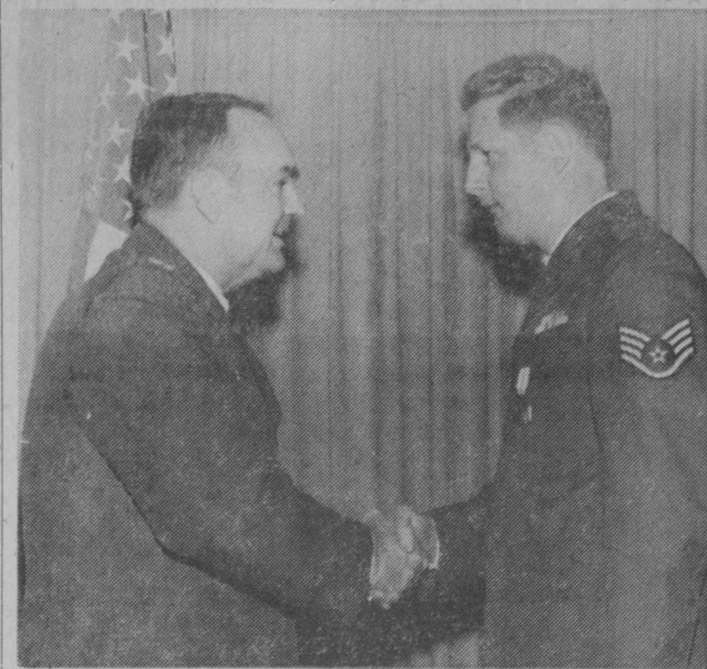

for the second straight year and also showed higher scores than the state averages on both sections of the test.

Test results are used to help students who may show weaknesses in certain areas in reading and mathematics, said Burns.

English and mathematics teachers will receive the results and then, after reviewing student performances, the scores will be returned to each student so parents may also see the results.

Burns urges any parent who would like to discuss the results to contact him at the high school.

IN THE SERVICE—

RECEIVING the air force commendation medal was SSgt. Jackie D. Farmer, right of Offutt Air Force Base, Nebraska.

Honored by Air Force

SSgt. Jackie D. Farmer received the air force commendation medal for his outstanding job while with the Consolidated Base Personnel Office, 449th Combat Support Group, Kincheloe Air Force Base, from September 1975 to September 1977. Farmer also received a commendation medal while at Wurtsmith Air Force Base from September 1971 to October 1973.

He is now stationed at Offutt Air Force Base, Nebraska, with his family. He is the son of Mr. and Mrs. Dale Farmer of Oak Hill, West Virginia. His wife, Yvonne, is the daughter of Mr. and Mrs. Millard Corbin of Tawas City.

Now Serves at Wright-Patterson

Sgt. Stephen J. Perisie, son of Mrs. Ethelyn Perisie of Chelsea, Massachusetts, has arrived for duty at Wright-Patterson Air Force Base, Ohio.

Sergeant Perisie, a procurement specialist with a unit of the Air Force Systems Command, previously served at Wurtsmith Air Force Base.

The sergeant is a 1970 graduate of Chelsea High school and received a bachelor degree in 1977

from Alpena Community College. His wife, Kim, is the daughter of Mr. and Mrs. John Bauder of East Tawas.

Festival Plans Formulated at Whittemore

Plans for Iosco County Winter Festival were formulated at the regular meeting of Whittemore Chamber of Commerce Wednesday, January 18.

Henry Hicks, president, led discussion of events scheduled for Whittemore Day Saturday, February 18, to begin with a pancake breakfast at the Whittemore United Methodist Church Fellowship Hall. Registration for cross country snowmobile race will be at 9 o'clock. Finalization of plans, including snow sculpturing, will take place at committee meetings.

Summer festival was under discussion with advice that help was needed from chamber members and other interested citizens of the area.

Melvin Brown reported the ice in excellent condition at the city rink.

Negotiations are under way to purchase land for a community building and help with fund raising activities will be appreciated.

The next regular meeting will convene Wednesday, February 15.

Financial Planning Aid For Consumers

Ask the average American family about their problems, and "money" is sure to be mentioned. The problem? There never seems to be enough of it.

To assist those who experience that helpless "Where did it all go?" feeling at the end of each month, Gallery of Homes is offering a financial planning booklet designed to help them with their personal money management.

"After careful study, the 5-Year Financial Planner & Budget Book was developed to enable consumers to pinpoint areas of strength and weakness in their financial situations and to give them a better idea of where their money is going," said Henry F. Carter, president of Gallery of Homes, Inc., an international network of independent real estate brokers.

"By keeping a record of ex-

penditures in various categories," he continued, "families or individuals can get a good fix on what regular household costs average each month. After a few months," Carter added, "a pattern should emerge, enabling them to predict expenses and revise their budget, if necessary."

The 5-Year Financial Planner & Budget Book provides space to list both fixed and variable expenses on a weekly and monthly basis, as well as a Quarterly Review and Analysis at the end of each three-month period and an Annual Review and Analysis at the end of each year.

Carter recommends that families practice tried and true money management techniques. "People should keep careful records of spending," stated Carter. "They should develop a realistic spending plan, allowing some leeway for luxuries and unexpected expenses, and follow the plan as closely as possible. Finally," he concluded, "they should be prepared to change their spending plan periodically, since prices change in unpredictable ways and necessary items may simply be costing more."

"With rising prices and inflation, it is becoming more and more difficult for the average American to make ends meet," declared Carter, "and we believe that this financial planner is something everyone can use."

The 5-Year Financial Planner & Budget Book is available at Gallery of Homes offices throughout the U. S. and Canada. The booklet is offered to the public at no obligation and is not an inducement to list or sell real estate.

penditures in various categories," he continued, "families or individuals can get a good fix on what regular household costs average each month. After a few months," Carter added, "a pattern should emerge, enabling them to predict expenses and revise their budget, if necessary."

LEGAL NOTICE

MORTGAGE SALE

Default having been made on the part of the mortgagors in the terms and conditions of a certain mortgage given by: PHILIP J. ALPER and BARBARA ANN ALPER, husband and wife, to First Savings and Loan Association of Saginaw, Michigan, a Michigan corporation, bearing date the 1st day of May, 1972 as recorded May 4, 1972 in Liber 215, page 100, Iosco County Records.

Because of said default, said Association, by virtue of the option given in said mortgage, has heretofore, and does now, declare the entire principal sum secured to be paid by said mortgage to be due and payable, and there is now claimed to be due and unpaid thereon the aggregate sum of: Eighteen Thousand Five Hundred Ninety One and 27/100 (\$18,591.27) Dollars and no suit or proceedings having been instituted at law to recover said sum, the debt remaining secured by said mortgage, or any part thereof.

Therefore, by virtue of the power of sale in said mortgage contained, which has become operative by reason of said default and the statutes in such case made and provided, notice is hereby given that said mortgage will be foreclosed and the premises described therein sold at public auction to the highest bidder, by the Sheriff of said County, on the 13th day of January, 1978, at ten o'clock in the forenoon at the front door of the Court House in the City of Tawas City and County of Iosco, Michigan; said Court House being the place of holding the Circuit Court for said County, which premises are situate and being in the Township of Oscoda, County of Iosco, State of Michigan, and described as follows:

—The West 105 feet of South 85 feet of Lot 88 and the West 105 feet of the North 35 feet of Lot 87 of LAKE HURON SAND BEACH SUBDIVISION as recorded in Liber 4, pages 42-43, Iosco County Records—

The period of redemption is six (6) months.

Dated: November 29, 1977

PUBLIC NOTICE

Iosco County Road Commission

Summary of Regular Meeting December 19, 1977 10:00 A. M.

Meeting called to order: Present: Commissioner's Conley, Aulerich, White; Engineer-Manager Delahanty, Secretary-Clerk Ferguson. Also, Julius Nagy from Michigan Tractor, and Mr. & Mrs. Harry Flanagan. Minutes of the previous meeting were read and approved. Old Business:

1. Grader Bids: There was a discussion on the grader bids. Motion by Commissioner White, supported by Commissioner Aulerich that upon the review and recommendation of the engineer-manager the bid be awarded to Wolverine Tractor for a new T-600-C motor grader equipped with a snow wing. Roll call vote, all yeas. Motion carried.

2. Whittemore Garage: The engineer-manager reported that Mr. and Mrs. Harry Flanagan had made an offer of Six Thousand Dollars (\$6,000.00) for the Whittemore Garage. Motion by Aulerich, supported by Commissioner White to accept the offer and sign the deed. Roll call vote, all yeas. Deed signed.

3. F-41 Reconstruction: The board reviewed the Preliminary Plans for the reconstruction of F-41. 4. Bridge Replacement: Motion by Commissioner Aulerich, supported by Commissioner White, to sign contracts with R. S. Scott Associates for the preparation of preliminary plans for the replacement of three bridges in the county. Roll call vote, all yeas. Contracts signed.

New Business:

1. Agreements-Snowplowing: Motion by Commissioner White, supported by Commissioner Aulerich to sign agreements with Grant, Plainfield, and Tawas Township for the snowplowing of private roads. Roll call vote, all yeas. Agreements signed. 2. Road Tour: The monthly road tour was scheduled for January 11 at 9:00 A. M. 3. Loud Drive Railroad Crossing: The engineer-manager read a report on the Loud Drive Railroad Crossing. The board instructed him to obtain an opinion from the Local Government Division of the Highway Department as to whether or not the road commission can remove the stop signs. 4. Tate's Pine Crest Subdivision: The engineer-manager reported that the road in Tate's Pine Crest Subdivision had been completed to Iosco County Road Commission Specifications. Motion by Commissioner Aulerich, supported by Commissioner White to accept the road on our system. Roll call vote, all yeas. Motion carried.

5. Transfer of Funds: Motion by Commissioner White, supported by Commissioner Aulerich, "Up to 10% of the 1977 County Road Funds may be transferred from or to the Primary or Local Fund Accounts if found necessary to do so." Roll call vote, all yeas. Motion carried. 6. Bills and Payroll: Motion by Commissioner Aulerich, supported by Commissioner White to sign the bills and payroll as presented. Roll call vote, all yeas. Bills and payroll signed. 7. Adjournment: Upon motion made and supported, the meeting adjourned at 12:30 P. M.

Many People Missing Out on SSI Checks

In spite of intensive efforts to locate potential recipients during the past 4 years, social security believes that many people, who could benefit from it, don't know about the supplemental security income (SSI) program, according to a social security representative.

SSI makes monthly payments to people 65 or older, or blind, or disabled who don't have much income and don't have many resources.

One of the key points is that there is no age limit for a blind or disabled person. Even children can receive SSI payments, although parents' income and resources are considered when deciding if a child under 18, or under 21 if a student, is eligible. Once a child reaches 18, or 21 if a student, he or she is considered an adult and only his or her own income and resources count, the spokesperson said.

The maximum Federal monthly SSI payment is \$177.80 for an individual and \$266.70 for a couple. The representative cautioned that not all people get this much because other income can cause a reduction and a person living in someone else's household also receives a reduced payment. On the other hand some people get a higher amount because they live in a State that adds to the Federal payment.

There is a limit on what a person can own and still be eligible for SSI payments. But, not everything counts towards this limit, which is \$1,500 for an individual and \$2,250 for a couple. A home does not count and neither does a car of reasonable value, nor most household goods.

The important thing is that people who may be eligible for SSI should know about it. People who know of someone who may benefit from SSI should suggest he or she contact social security to learn more about the program.

All social security offices have free pamphlets describing SSI in more detail. They can be obtained by calling or visiting any office. The address and telephone number of the nearest office can be found in the telephone directory under "Social Security Administration."

You can get free, accurate, and up-to-date publications about social security by calling or writing any social security office.

Annual Report of Iosco Sheriff

Prisoners lodged at the Iosco County jail totaled 882 during the past year, according to a report from the Iosco County Sheriff's Department. This did not include 53 week-end commitments, which are only counted the first time served.

The county jail served 20,451 meals during the year and the average daily count was 17.7 persons.

Six persons were killed in three automobile accidents and the department responded to 145 personal injury accidents and 668 property damage accidents during the year. There were seven property damage marine and snowmobile accidents and 25 personal injury accidents in that category.

The department investigated five sex crimes, 397 breakings and enterings, 370 larcenies, 224 complaints of disorderly persons, 51 simple assaults, 10 felonious assaults, seven arson or suspected arson cases, 269 vandalism complaints.

The department had 4,243 file and registration checks involving persons, vehicles and guns and 418 handguns were registered. The department issued 261 permits to purchase handguns and explosives.

The department responded to 164 fire and burglar alarms, served 1,326 civil papers and arrested 1,675 persons. The department logged 347,260 patrol miles and made 21,467 security checks, as well as transporting 43 prisoners into or out of this county.

Iosco County Animal Control received 1,673 complaints involving dogs, picked up 580 dogs and received 1,005 dogs at the shelter. Animal control officers returned 140 dogs to owners, there were 178 dogs "adopted" out of the shelter and 1,367 dogs were disposed of by animal control officers.

Marine control activities included 980 hours of regular patrol, contacted 5,572 persons, arrested 104 and issued warnings to 620.

The marine patrol recovered two bodies, was involved in 27 search and rescue operations, recovered 15 boats and rescued 26 persons. Marine officers investigated 23 complaints, inspected 2,220 boats and 386 boat liveries.

The marine patrol investigated 12 boating accidents and four non-boating accidents.

FAMILY LIVING EDUCATION

County Extension Director

CARPET CARE

Carpet adds a touch of warmth to every home and is especially appreciated this time of year. If one takes good care of a carpet, it can be expected to last for many more winters.

Carpet traps unseen, embedded dirt that can cut the yarns and increase wear and tear. Although vacuuming litter and dust will be picked up by a good vacuum cleaner or carpet sweeper, some embedded, gritty dirt sinks into the pile.

Another problem is greasy, atmospheric soil from cooking and heating that settles on carpets and other surfaces. Shampooing and occasional professional cleaning are necessary to remove this type of soil.

Regular carpet maintenance should include spot removal as it occurs, daily cleaning to remove surface dirt so it cannot be worked down into rugs, weekly vacuuming to remove deep down dirt. A vacuum providing suction and beater bar action is most effective.

Yearly cleaning to remove greasy, atmospheric soil which dulls the appearance of carpeting is important.

There are two methods of cleaning. The dry method is used between shampooing to clean and brighten the carpet surface. Wet cleaning, with commercial shampoo, removes heavy soiling.

Never use soap, ammonia, washing soda or strong household cleaning agents on soft floor coverings. Some of these agents could be used in diluted states for localized spot removal though.

Before cleaning any rug, one should thoroughly vacuum carpet. Test the cleaning solution in an inconspicuous area to be sure the carpet does not fade. If there is a color change, call a professional cleaner.

Follow the directions that come with mechanical applicators. Remove as much furniture from the room as possible. Clean one side of the room first, let carpet dry; then, clean the opposite side.

When hand cleaning, apply foam with a soft brush to a small area at a time. Remove soiled suds with a spatula and rinse with a clean, damp cloth. Repeat, using overlapping circular motion.

staining is removed. Rinse area with clear, warm to cool water. Put clean white absorbent cloth or towel over cleaned area and weight with heavy object until dry.

Oily stains—Apply solution of one teaspoon dry detergent, one teaspoon white vinegar and one quart warm water. Follow with non-flammable dry cleaning solution. Reapply as necessary.

Non-oily stains—Apply detergent, vinegar-water solution.

Unknown stains—Call professional cleaner for advice. Otherwise, apply a dry-cleaning fluid; follow with a detergent-water solution. Repeat dry cleaning solution if necessary.

After cleaning one should use an electric fan or the reverse air blast from the vacuum cleaner to speed drying. When the carpet is thoroughly dry, vacuum to remove residue and suspended soil.

If the furniture is put back before carpet completely dries, put small pieces of aluminum foil, cardboard or wax paper under legs to prevent wood or rust stains.

Audubon Conducts Bird Count

Iosco Audubon Society announces a statewide feeder count program by the Michigan Audubon Society. Anyone who maintains a feeding station and can identify the birds coming to the feeder is encouraged to participate. Participants will be asked to count the birds coming to their feeders once each month from December through March and report the results on forms supplied by the Michigan Audubon Society.

Persons interested in participating or desiring more information may write to the Michigan Audubon Society, 7000 North Westledge Avenue, Kalamazoo, Michigan 49007, to obtain instructions. Enclose a long, stamped self-addressed envelope with request.

THIRD GRADERS of Mrs. Dorothy Johnroe at the East Tawas Elementary Unit, who have a unit of study concerning how clothing is made, enjoyed a presentation last Wednesday by Mrs. Michael Freel of East Tawas, mother of one of the third grade students. Mrs. Freel explained and demonstrated the spinning of wool using a primitive drop spindle, as well as weaving fabric. The 24 students in Mrs. Johnroe's class were joined by about 50 other third graders for the program. Shown with items woven by the class are: from left, Deana Schirmer, Timothy Freel, Annette Colburn and Kevin Coats.—Tawas Herald Photos.

WELCOME TO SILVER VALLEY
 For INVIGORATING-HEALTHFUL-Winter Sports!
Winter Playground Had Colorful History-1938-1965

Had the snowmobile craze hit Michigan two years earlier, one of the most popular winter sports areas in the state probably would still be booming and the Tawas would be welcoming thousands of visitors during the 40th annual Silver Valley Winter Sports Carnival the first week-end in February.

In the light of events of the last decade, that statement may be an over simplification of problems which led to the demise of the popular winter playground in Huron National Forest, but a number of former Silver Valley committee-men later regretted the decision in 1965 to end Silver Valley's life as a winter sports park.

In April 1965, numerous problems plagued the Silver Valley Winter Sports Committee, the main ones being two successive years of poor weather during carnival week-ends and financial losses. When the books were finally closed, the committee owed an \$1,800 obligation at Peoples State Bank and \$700 in outstanding bills.

"For years, the winter sports park had operated by a separate committee of the chamber of commerce. There has been a lack of interest in recent years and, coupled with uncooperative weather conditions, the park has been unable to compete with other winter sports areas," said the May 5, 1965, issue of The Tawas Herald.

Tawas Chamber of Commerce immediately began devoting its winter sports promotional efforts to the Perchville Festival, which had been held for two consecutive winters following the annual winter carnival. This latter event has been continued to the present day, but the festival has never seemed the same without activities at Silver Valley.

In retrospect, one of the mistakes of the old Silver Valley committee was the attempt to compete with other winter sports parks which offered much better facilities for skiing. Without expensive changes in the landscape to build better hills, purchase of a chair lift or realization of the much talked of dream of purchasing a snow making machine, natural slopes at Silver Valley just did not offer the challenge to anyone but the novice skier.

In addition, committee members were becoming alarmed over individual responsibility of liability connected with operation of twin steel toboggan slides on which numerous persons were injured. That responsibility was becoming just too great for private committeemen to accept without incorporation and the lack of adequate insurance.

The snowmachine was two years away from its amazing explosion in sales and, ironically, the winter sports committee purchased a snowmachine in 1964 for use by the park's maintenance crew. In 1966 and 1967, thousands of snowmachines were in use throughout the state, but the contract with the United States Forest Service had expired and the two large warming shelters and toboggan runs had

SOME TOP Michigan celebrities participated in winter sports activities at Silver Valley. Here, Van Patrick, Detroit Lions announcer, crowned Miss Ruth Nash of East Tawas as Miss Silver Valley of 1962. In 1938, Jimmy Stevenson of WJR crowned the first queen, Senia Loffman, and Boh Reynolds, WJR sports announcer, crowned Tannis Benedict in 1965, the last year Silver Valley was to operate.—Tawas Herald Photo.

been removed—Silver Valley had returned to its natural state and there were no facilities for visitors to its beautiful setting in Huron National Forest.

Revival of the winter playground has been considered in recent years, but the leadership spark has been missing for such a large financial undertaking. Added to the problem was the massive overuse of the area of Huron National Forest in the early 1970s, when thousands of young people packed the Gordon Creek area during summer months and caused the federal government to close the region to all but foot traffic as a means of restoring tree growth.

The colorful history of Silver Valley as a winter playground began in 1937, when East Tawas civic leaders decided to do a "bootstrap" lifting job and develop a winter sports area to help keep the town alive through the winter season.

Prior to that winter, things were slack in the Tawas area from the end of deer season in November until the first trout fisherman showed up in the spring. Taking their cue from Grayling, pioneer Michigan winter sports center and other northern communities which had developed skiing and other facilities, a group of 18 or 20 businessmen met with Ralph E. Crowell, then supervisor of the Huron National Forest, and John E. (Swede) Franson, district ranger, both representing the United States Forest Service.

A survey trip through the nearby Huron National Forest led to the selection of 20,000 acres along Silver Creek for development of winter sports facilities which whole families could enjoy. Steep slopes, covered with Norway, white and jack pine, lent themselves to laying out of picturesque ski, coasting and toboggan runs.

Lacking funds during those late depression years, save money raised through popular subscription, winter sports dances and other benefit events, the winter sports committee worked with the forest service staff and Civilian Conservation Corps (CCC) from Camp Silver Creek to construct the first toboggan run with snow-packed slides.

Volunteers from business and professional men of the community joined the "bee" to help carry snow and form the trough for the 1,700-foot toboggan run from the top of the pine-clad slope to the valley floor. Water, carried from Silver Creek, was poured from sprinkling cans to freeze an icy surface on the toboggan run.

Toboggans formerly used at Carl E. Schmidt's winter sports park at Greenbush were purchased and, not having been used for 15 years, were repaired for use at Silver Valley.

A forest-bordered ice rink was constructed by building a small dam and diverting some of the water from the creek over an area leveled by a bulldozer.

Besides several ski runs for adults, a coasting slide and small rink were built for children in line with the winter sports committee's plans to provide winter fun for the whole family.

A tin pan slide, later christened "Belly Flopper Hill," proved to be one of the most popular coasting runs.

Plenty of work on the part of the CCC contingent, forest service staff and members of the local committee went into getting the winter sports ready for its first season. Two months after the winter sports committee was organized, the area was ready to open in January 1938.

Fred J. Adams, first general chairman and holder of that post for five successive years, named the new winter sports area "Silver Valley" from Silver Creek, coursing through the picturesque forested valley.

During its first season, Silver Valley entertained between 1,500 and 2,000 winter sports visitors, mostly from nearby communities, but including a fair number from downstate Bay City, Saginaw and Midland.

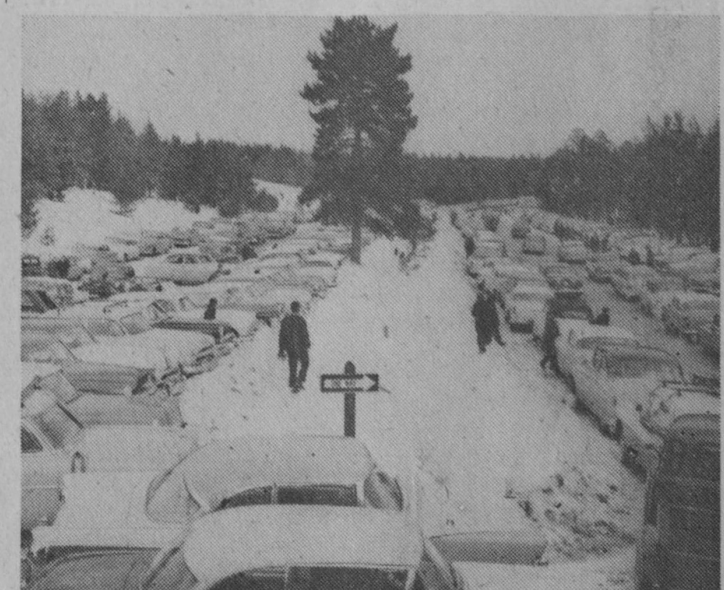

Winter business picked up for restaurants, service stations, hotels and taverns, drug stores, sporting goods and hardware stores.

Pretty Senia Loffman of East Tawas was selected to reign over winter carnival activities as the first Silver Valley winter sports queen. A more than capacity crowd of 600 jammed the East Tawas Community Building to see Senia crowned by Jimmy Stevenson, Detroit radio announcer. This was to set a program pattern for the next three decades.

The winter months slipped by in a hurry—not as they had previously. (See SILVER VALLEY, page 3.)

CHIEF BLUE CLOUD of Oscoda was a colorful character at Silver Valley. In 1941, he was called upon to pray for snow to save the winter carnival. The chief smoked his calumet and performed a ceremonial dance, but his medicine was so great that a blizzard hit the area and roads were plugged with snow.—Tawas Herald Photo.

HUNDREDS OF CARS plugged the huge parking lot at Silver Valley in this picture. Operation of the park and winter sports carnival always demanded a large number of local volunteers and, when there was a lack of enthusiasm, the event waned and finally died. Revival of the winter sports park has been discussed in recent years.—Tawas Herald Photo.

Real Estate Mortgages Up During 1977

Real estate mortgages in Iosco County amounted to \$21,143,713.67 during 1977, according to a report last week by Leon Putnam, county register of deeds. This compared to \$16,297,071.02 during the previous year.

There was only one plat recorded by a proprietor during the year, that of Peter C. Dodenhoff's Subdivision No. 2. There were no plats recorded by supervisors or assessors.

The office registered 2,842 transfers to township supervisors, 994 financial statements for personal property loans, 671 statements for personal property items, 59 state and federal tax liens and 52 state or federal tax liens were released. The office had receipts of \$63,877.73, which included \$8,765 for deeds recorded, \$9,606.50 for mortgages, \$4,942 for miscellaneous items, \$31,344.64 for Michigan transfer tax on property sales, \$4,590 for financial statements and lien searches, \$1,628.55 for plat books and other sale of supplies, \$2,749.04 from the micro-film department and \$252 for certifications.

The department provided micro-film service to the sheriff's department, road commission, equalization department and probate court.

FLOOD DAMAGE PREVENTION ORDINANCE NO. 187

WHEREAS: The Legislature of the State of Michigan has delegated responsibility to local governmental units to adopt regulations designed to promote the health, safety and general welfare of its citizenry, and

WHEREAS: An Ordinance is needed to provide flood-proofing policies and procedures in order to qualify residents of the City of Tawas City for Federal Flood Insurance under the terms of the Flood Disaster Protection Act of 1973, and

WHEREAS: An Ordinance specifying such flood-proofing policies and procedures is desirable toward the protection of human life and property,

THEREFORE: The City of Tawas City ordains, as follows:

Section 1: Findings of Fact

A. The flood hazard areas of the City of Tawas City are subject to periodic inundation which may result in loss of life and property, health and safety hazards, the disruption of services and excessive public expenditures for flood protection and relief.

B. Such flood losses are increased by the cumulative effect of obstructions in flood plains causing increases in flood heights and velocities and by the creation in flood hazard areas of uses vulnerable to floods or hazardous to other lands which are inadequately elevated, flood-proofed, or otherwise protected from flood damage.

Section 2: Statement of Purpose

A. It is the purpose of this Ordinance to promote public health, safety and general welfare and to minimize public and private losses and inconveniences due to flood conditions in areas subject to the hypothetical 100 year flood. In this connection, the alteration of natural flood plains, stream channels and natural barriers involved in the accommodation of flood waters would be considered a violation of this Ordinance.

Section 3: Definitions

Unless specifically defined below, words or phrases used in this Ordinance shall be interpreted so as to give them the meaning they have in common usage and to give this Ordinance its most reasonable application.

Appeal: Means a request for a review of the Building Inspector's interpretation of any provisions of this Ordinance or a request for a variance.

Area of Special Flood Hazard: Is the land in the flood plain within the Community subject to a one percent or greater chance of flooding in any given year.

Base Flood: Means the flood having a one percent chance of being equalled or exceeded in any given year.

Development: Means any man-made change to improved or unimproved real estate, including but not limited to buildings or other structures, mining, dredging, filling, grading, paving, excavation or drilling operations.

Flood or Flooding: Means a general and temporary condition of partial or complete inundation of normally dry land areas from (a) the overflow of inland waters, (b) the unusual and rapid accumulation or runoff of surface waters from any source.

Flood Insurance Rate Map (FIRM): Means an official map of the Community, on which the Federal Insurance Administration has delineated both the areas of special flood hazards and the risk premium zones applicable to the Community.

Flood Insurance Study: Is the Official report provided by the Federal Insurance Administration. The report contains flood profiles, as well as the Flood Hazard Boundary-Floodway Map and the water surface elevation of the base flood.

Floodway: Means the channel of a river or other watercourse and the adjacent land areas that must be reserved in order to discharge the base flood without cumulatively increasing the water surface elevation above a designated height.

Habitable Floor: Means any floor usable for living purposes, which includes working, sleeping, eating, cooking or recreation, or a combination thereof. A floor used only for storage purposes is not a habitable floor.

Mean Sea Level: Means the average height of the sea for all stages of the tide.

Mobile Home: Means a structure, transportable in one or more sections, which is built on a permanent chassis and designed to be used with or without a permanent foundation when connected to the required utilities. It does not include recreational vehicles or travel trailers.

New Construction: Means structures for which the start of construction commenced on or after the effective date of this Ordinance.

New Mobile Home Park or Mobile Home Subdivision: Means a parcel (or contiguous parcels) of land divided into two or more mobile home lots for rent or sale for which the construction of facilities for servicing the lot on which the mobile home is to be affixed (including, at a minimum, the installation of utilities, either final site grading or the pouring of concrete pads, and the construction of streets) is completed on or after the effective date of this Ordinance.

Start of Construction: Means the first placement of permanent construction of a structure (other than a mobile home) on a site, such as the pouring of slabs or footings or any work beyond the stage of excavation. For mobile homes not within a mobile home park or mobile home subdivision, 'start of construction' means the affixing of the mobile home to its permanent site.

Structure: Means a walled and roofed building that is principally above ground, as well as a mobile home.

Substantial Improvement: Means any repair, reconstruction, or improvement of a structure, the cost of which equals or exceeds 50 percent of the market value of the structure either (1) before the improvement or repair is started, or (2) if the structure has been damaged and is being restored, before the damage occurred. The term does not, however, include any project for improvement of a structure to comply with existing state or local health, sanitary, or safety code specifications which are solely necessary to assure safe living conditions.

Variance: Is a grant of relief to a person from the requirements of this Ordinance which permits construction in a manner otherwise prohibited by this Ordinance.

Section 4: General Provisions

(A) Lands to which this Ordinance applies: This Ordinance shall apply to all areas of special flood hazards within the jurisdiction of the City of Tawas City.

(B) Basis for establishing the Areas of Special Flood Hazard: The areas of special flood hazard identified by the Federal Insurance Administration through a scientific and engineering report entitled 'Flood Insurance Study', City of Tawas City, Michigan dated November 1977, with accompanying Flood Insurance Rate Maps and Flood Boundary and Floodway Maps and any revision thereto are hereby adopted by reference and declared to be a part of this Ordinance.

(C) Establishment of Development Permit: A development permit shall be required in conformance with the provisions of this Ordinance.

(D) Compliance: No structure or land shall hereafter be located, extended, converted or structurally altered without full compliance with the terms of this Ordinance and other applicable regulations.

(E) Abrogation and Greater Restrictions: This Ordinance is not intended to repeal, abrogate, or impair any existing easements, covenants or deed restrictions. However, where this Ordinance and another conflict or overlap, whichever imposes the more stringent restrictions shall prevail.

(F) Interpretation: In the interpretation and application of this Ordinance, all provisions shall be (1) considered as minimum requirements, (2) liberally construed in favor of the governing body and (3) deemed neither to limit nor repeal any other powers granted under State Statutes.

(G) Warning and Disclaimer of Liability: The degree of flood protection required by this Ordinance is considered reasonable for regulatory purposes and is based on scientific and engineering considerations. Flood heights may be increased by man made or natural causes. This Ordinance does not imply that land areas outside the areas of special flood hazards or uses permitted within such areas will be free from flooding or flood damage. This Ordinance shall not create liability on the part of the City of Tawas City or by any officer or employee thereof for any flood damages that result from reliance on this Ordinance or any administrative decision lawfully made thereunder.

(H) Administration: The designation of Local Administrator: That City/County designated Building Inspector is hereby appointed to administer and implement the provisions of the Ordinance.

(I) Duties and Responsibilities of the Local Administrator: Duties of the Building Inspector shall include, but not be limited to, the following:

(a) Review all development permits to assure that the permit requirements of this Ordinance have been satisfied.

(b) Review permits for proposed development to assure that all necessary permits have been obtained from those Federal, State or Local governmental agencies from whom prior approval is required. The State requirement in this regard is of the Bureau of Land Management, DNR.

(c) Notify adjacent communities and the State Department of Natural Resources prior to any alteration or relocation of a watercourse, and shall submit evidence of such notification to the Federal Insurance Administration.

(d) Assure that maintenance is provided within the altered or relocated portion of said watercourse so that the flood-carrying capacity is not diminished.

(e) Verify and record the actual elevation (in relation to mean sea level) of the lowest floor (including basement) of all new or substantially improved structures.

(f) Verify and record the actual elevation (in relation to mean sea level) to which the new or substantially improved structures have been floodproofed.

(g) When floodproofing is utilized for a particular structure, the Building Inspector shall obtain certification from a registered professional engineer or architect indicating that the proposed construction techniques and materials will meet the requirements of this Ordinance.

(h) Where interpretation is needed as to the exact location of the boundaries of the area of special flood hazards (for example, where there appears to be a conflict between a mapped boundary and actual field conditions) the Building Inspector shall make the necessary interpretation. Any person contesting the location of such a boundary or the Building Inspector's interpretation of other details of this Ordinance may appeal directly to the City Council for a final determination.

(i) All records pertaining to the provision of this Ordinance shall be maintained in the office of the Building Inspector and shall be open for public inspection.

Section 5: Permit Procedures. Application for a Development Permit shall be made to the Building Inspector on forms furnished by him and may include, but not be limited to, the following plans in duplicate drawn to scale showing the nature, location, dimensions and elevations of the area in question, existing or proposed structures, fill, storage of materials, drainage facilities and the location of the foregoing. Specifically, the following information is required:

A. Elevation in relation to mean sea level, of the lowest floor (including basement) of all structures. Drawings shall include a side view of proposed construction showing the assumed base flood crest elevation.

B. Elevation in relation to mean sea level to which non-residential structure is to be floodproofed.

C. Provide a certificate from a registered professional engineer or architect that the non-residential floodproofed structure meets the floodproofing criteria in Section 9, (B).

D. Description of the extent to which any watercourse will be altered or relocated as a result of proposed development.

Section 7: Variance Procedures. A. The Zoning Board of Appeals as established by the City of Tawas City shall hear appeals and requests for variances from the requirements of this Ordinance and pass their recommendations on to the City Council, who shall make the final decision.

B. Anyone owning property affected by this Ordinance may apply for a variance from its provisions by requesting a hearing before the Zoning Board of Appeals. Such a request requires payment of \$25.00 to recognize the costs of the Hearing and should be presented to the City Clerk.

C. The City Clerk will then arrange for notice of the Hearing to be published at least Fifteen days beforehand and give written notice to all persons owning property within 300 feet of the proposed variance prior to said Hearing.

D. At the time of the Hearing, the appellant shall present a complete set of scale drawings such as would be required in making an application to build under the terms of this Ordinance.

E. The Zoning Board of Appeals will then proceed to evaluate the proposal, recognizing the fact that a variance shall not be granted if the following conditions exist:

(a) Proposed construction provides for living quarters or for the storage of perishable goods.

(b) Proposed construction is in direct contact with floodway.

(c) Construction using materials that would be damaged by contact with water.

(d) Any fill or construction having an adverse effect on flooding or siting of adjacent property.

(e) Any fill or construction constituting a hazard to the proper functioning or maintenance of overhead or underground public or private service facilities.

(f) Any fill or construction tending to add to the depth of force of flooding at the assumed crest.

(g) Any fill or construction which would interfere with rescue or relief efforts at the time of flooding.

(h) Any fill or construction contributing to unhealthy conditions involving stagnant water or interfering with the movement of air.

(i) A majority of those attending the Hearing are opposed to granting the variance.

F. If at least four members of the Zoning Board of Appeals are in favor of approving the variance on the basis that the above conditions are not violated and other conditions are favorable, said variance may be recommended to the City Council for final approval.

G. Any applicant to whom a variance is granted shall be given written notice that the structure will be permitted to be built on the basis of plans submitted and that the cost of flood insurance will be commensurate with the increased risk resulting from the variance so granted.

H. The Building Inspector shall maintain the records of all appeal actions and report any variances granted to the Federal Insurance Administration upon request.

Section 8: General Standards: In all areas of special flood hazards the following provisions are required:

A. All new construction and substantial improvements shall be anchored to prevent flotation, collapse or lateral movement of the structures.

B. All new construction and substantial improvements shall be constructed with materials and utility equipment resistant to flood damage.

C. All new construction or substantial improvements shall be constructed by methods and practices that minimize flood damage.

D. All new and replacement water supply systems shall be designed to minimize or eliminate infiltration of flood waters into the system.

E. New and replacement sanitary systems shall be designed to minimize or eliminate infiltration of flood waters into the systems and discharges from the systems into flood waters.

F. Onsite waste disposal systems shall be installed to avoid impairment to them or contamination from them during flooding.

Section 9: Specific Standards: In all areas of special flood hazard where base flood elevation data has been provided as set forth in Section 3, the following provisions are required:

A. Residential Construction. New construction or substantial improvement of any residential structure shall have the lowest floor, including the basement, elevated to or above base flood level.

B. Non-Residential Construction. New construction or substantial improvement of any commercial, industrial or other non residential structure shall either have the lowest floor, including basement, elevated to the level of the base flood elevation or, together with attendant utility and sanitary facilities, be floodproofed so that, below the base flood level, the structure is water tight with walls substantially impermeable to the passage of water and with structural components having the capability of resisting hydrostatic and hydrodynamic loads and effects of buoyancy. A registered professional engineer or architect shall certify that the standards of this subsection are satisfied, as set forth in Section 4, C.

C. Mobile Homes (a) All mobile homes or additions to same shall be anchored to resist flotation, collapse or lateral movement by providing over-the-top ties and frame ties as follows: Over-the-top ties shall be provided at the four corners of the mobile home, with additional ties per side at intermediate locations and mobile homes less than 50 feet long requiring one additional tie per side. Frame ties shall be provided at each corner of the home with five additional ties per side at intermediate points and mobile homes less than 50 feet long requiring four additional ties per side. All components of the anchoring system shall be capable of carrying a force of 4,800 pounds.

(b) Stands or lots shall be elevated on compacted fill or on pilings so that the lowest floor of the mobile home will be at or above the base flood level.

(c) There shall be adequate provisions for surface drainage and proper access for a hauler.

(d) If the mobile home is to be placed on pilings, lots shall be large enough to permit steps, pilings shall be placed in stable soil no more than ten feet apart and reinforcement shall be provided for all pilings more than six feet above ground level.

D. Floodways. As defined in Section 3 as being an extremely hazardous area due to the velocity of flood waters which carry debris,

potential projectiles and erosion potential, the following provisions shall apply:

(a) All encroachments, including fill, new construction, substantial improvements and other developments are prohibited unless certification by a professional registered engineer or architect is provided demonstrating that encroachments shall not result in any increase in flood levels during occurrence of the base flood discharge.

(b) If the above requirement is satisfied, all new construction and substantial improvements shall comply with all applicable flood hazard provisions of this Ordinance.

(c) There shall be no placement of mobile homes in designated floodways.

Section 10: Standards for Subdivision Proposals. A. All subdivision proposals shall be consistent with the need to minimize flood damage.

B. All subdivision proposals shall have public utilities and facilities such as sewer, gas, electrical and water systems located and constructed to minimize flood damage.

C. All subdivision proposals shall have adequate drainage provided to reduce exposure to flood hazards.

D. Base flood elevation data shall be provided for subdivision proposals and other proposed development which is greater than the lesser of 50 lots or 5 acres.

Ordinance adopted at a Regular Meeting of the City Council of the City of Tawas City on Jan. 16, 1978. Effective date: January 26, 1978.

RACHEL SUE MCCREADY Tawas City Clerk 4-1b

COUNCIL PROCEEDINGS

Minutes of Tawas City Council meeting January 9, 1978.

Meeting called to order at 7:30 PM at City Hall by Mayor Herbert Cholger.

Present: Keiser, Cotter, Landon, Rollin, Cholger, Lansky, Ezo. Others: Mgr. Bublitz.

Minutes of December 19 meeting approved.

Water Board January 3 minutes accepted.

Tawas City Businessmen's Association December 28 letter to Planning Commission recommending removal of HUD homes on Third Avenue which are a detriment to the neighborhood was read. Motion by Cotter seconded by Keiser that a copy be officially referred to City Assessor; carried.

Copies of proposed US 23 storm sewer contract with MDSH&T will be mailed Councilmen for study and action next meeting.

Police Report for November accepted.

Fire Department year-end activity report accepted.

Motion by Landon seconded by Ezo that Council pay \$300 dues for membership in support of Chamber of Commerce; roll call vote, unanimous yes.

Treasurer's Report for December accepted.

Cotter was elected Mayor Pro Tem, upon nomination by Keiser supported by Lansky.

Motion by Cotter that bills totaling \$13,235.64 be paid, seconded by Landon; roll call vote, unanimous yes.

Henry 9260.00 Tawas Parts 32.17

Motion by Cotter seconded by Landon that the Tawas River Harbor Committee established February 1976 be dissolved, because the river mouth property is now owned by the City and the Committee has accomplished its purpose, with thanks to each member from the City; roll call vote, unanimous yes.

Motion by Landon seconded by Ezo that the Park Board be expanded to a membership of six, to be known as Parks and Recreation Board; carried. Motion by Cotter seconded by Rollin that members of said board be appointed for three-year terms, as follows: Gary Stephan and John McMurray, terms expiring March 31, 1979; Joan Blust and C. H. Symons, terms expiring March 31, 1980; and that two members be appointed for terms expiring March 31, 1981; carried. Motion by Keiser seconded by Landon that Neil Thornton be appointed for one of the terms expiring in 1981; carried. Proposed sixth member to be contacted prior to appointment next week. Board is to determine schedule for its regular monthly meetings.

In general discussion of upcoming vacancies in various City Boards and Commissions, Council urged that any citizen interested in serving the City should make his willingness known at City Hall or to Councilmen, so he may be considered at the time of appointments.

First reading was had on Flood Damage Prevention Ordinance No. 187 as proposed. An effort is to be made to determine if City property owners are interested in Flood Insurance coverage. City Attorney will be requested to advise on implications of this Ordinance.

Manager advised he has appealed OSHA violation notice issued during North Street storm sewer construction.

Ice skating rink is now open, with light.

Adjourned 10:00.
