

James Russo Jr. Elected President of School Board

James Russo Jr. was elected president of Tawas Area Board of Education at its annual reorganizational meeting held Monday night. Named vice president was Clare Herriman, who served as president last year.

Re-elected to the same positions held last year were Robert Curry, secretary, and Randall DeWise, treasurer. Other members of the board include Willard Dillon, Susan Rieth and Barbara Miller.

The board established the second Monday of each month for its regular meeting and the fourth Monday for special meetings. Peoples State Bank was named as the district's depository.

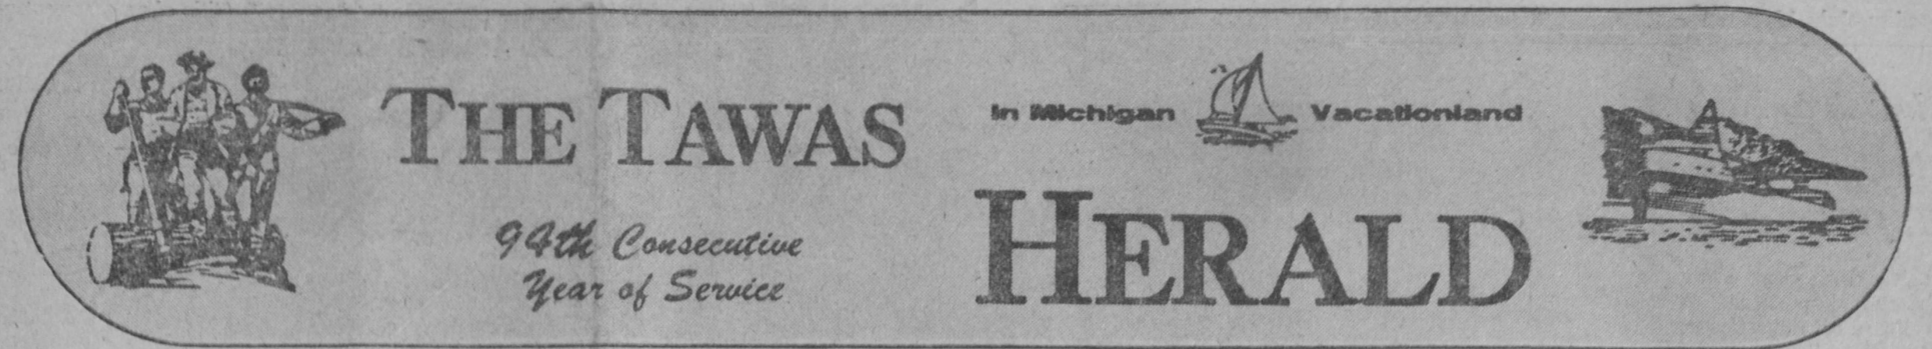

Three new teachers hired include James Blair, special education director and learning disabilities teacher at the high school; Kristine Deckett, Title I reading teacher at

the Tawas City Elementary Unit; Eileen Ulisse, new counselor at the high school.

The board of education established September 5 as the opening day of school for the new term. Approval was given to issue tax anticipation notes in the amount of \$850,000 for financing school operations for the new term.

The board of education approved advertising the sale of three surplus 1971 buses by bid with a minimum bid of \$1,400 each and authorized advertising specifications for providing a new boiler at the high school.

The first reading was held on a change in board of education policy concerning student discipline. The change is in conformance with present policies in the student handbook.

Special Committee Appointed

City Studies Purchase of Graystone

With encouragement of local businessmen and on recommendation of the city parks and recreation board, Tawas City Council Monday night decided to give further consideration to acquisition of the Graystone property at the Tawas River mouth.

At its meeting June 19, the council had gone on record as believing Monday night's decision to give further consideration to acquisition of the Graystone property was not a top priority at the immediate time because of other municipal projects already in the planning.

After discussion Monday night, however, a special committee was appointed to meet with the council next Monday night in executive session to discuss negotiations concerning its purchase.

Two councilmen, Jerry Cotter and James Lansky, were not in attendance at Monday night's meeting.

Arraignment Set in District Court

To be arraigned July 18 in 81st District Court on a two-count charge of embezzlement and larceny by conversion is Edward Brenner of Tawas City.

As agent of Tawas River Trailer Park, it is claimed that Brenner fraudulently converted certain money for his own personal use.

In August and September 1977, a partnership existed between Brenner and Lakeside Products, Incorporated, the partnership being known as Tawas River Trailer Park. Lakeside Products is owned solely by Robert Buffmyer.

The charge states that two checks drawn on the partnership's banking account were tendered as payment of Brenner's personal debt without Buffmyer's permission.

Oscoda Man Files \$250,000 Circuit Ct. Suit

An Oscoda resident claiming that he was assaulted in a restroom at Sand Bar Lanes on July 15, 1977, has entered a \$250,000 damage suit in Iosco Circuit Court.

Lawrence A. Clark named the following defendants in the suit: Officers Richard Naris and Barry Bucholz of the Oscoda-AuSable Police Department, the Oscoda-AuSable Police Department, Township of Oscoda, owner of Sand Bar Lanes and Edward Kruger, an employee of the establishment.

Clark's complaint states that Kruger, the bartender, contacted the township police department and the two officers asked him to leave the premises. He claims that he was assaulted by the two officers in a restroom, along with participation by Kruger.

The complaint states that Clark was never prosecuted for any crime arising out of the incident, although it alleges that he was placed under arrest and incarcerated for a brief period in the county jail. It is claimed that the arrest was false and without cause.

Clark claims he suffered burns from MACE, a fractured skull and other injuries and claims damages in the amount of \$250,000.

ing and it was felt that no action should be taken until a full council is present.

One portion of next Monday night's meeting, which starts at 6:30 p. m., is to be open to the public. No action was taken at Monday night's meeting on filling the vacancy on the council caused by the recent resignation of William Ezo. It was felt that the entire council should be present when the appointment is made. The council has 30 days from the date of the resignation to fill the vacancy, or a special election would be required.

Prior to Monday night's council meeting, a special meeting was held between the parks and recreation commission and a committee representing the Tawas City Businessmen's Association. Serving on the businessmen's committee were Carl and Brent Babcock, along with John Hosbach.

Carl Babcock was spokesman for the committee and said that the city's future land use plan indicated that it was desirable for the city to own the Graystone property for recreational purposes.

He pointed out that the city had purchased the former Tawas Yacht Club property owned by the Lubaway family, along with the former Lubaway marina building east of the Graystone. Also included in that purchase was lake frontage on Tawas Bay.

Babcock said that purchase of the Graystone property would give the city ownership of more than 500 contiguous feet of lake front and not owning the Graystone property would represent a stumbling block in future public development of the river mouth.

He also stated that Stanley H. Stasik, owner of a marina on the west side of the river, had been contacted and that he was willing to sign a letter of intent to deed 20 feet of his property along the river for public access. His only stipulation would be that access to his property from the river would be continued.

Babcock said that the "asking price" for the Graystone property is \$59,500 and that Sunshine Realty handling the listing would waive its commission, which would lower the

price to \$55,328. He said that the city assessor had appraised the property at \$48,200 and a private appraiser for the owner had set a figure of \$55,328. The true cash value for taxing purposes is \$40,804 and the average between the low and high figures for the property is \$48,066.

Although purchase of the property by the city would be a loss in tax base, Babcock said this could be justified by the fact that the city's tax base would be increased this year through construction of the new Kroger Store, Manitou Village and Provincial House Nursing Home.

He believed, too, that the Graystone property, which includes a commercial building and dwelling, could be rented at approximately \$4,680 annually to help defray the

cost of purchase.

Babcock said the Graystone building was in an excellent state of repair and could be utilized in the over-all planning for future public use of the river mouth. In private hands, however, he said there was a minimal amount of parking available. He said this could be rectified through public ownership by development of parking on the former Lubaway property.

Mayor Herbert Cholger said he was not opposed to the purchase, but he felt that consideration should be given to continued private ownership.

Benjamin Brewer of the businessmen's association felt that purchase of the property could be amortized over a period of years, that present and future generations

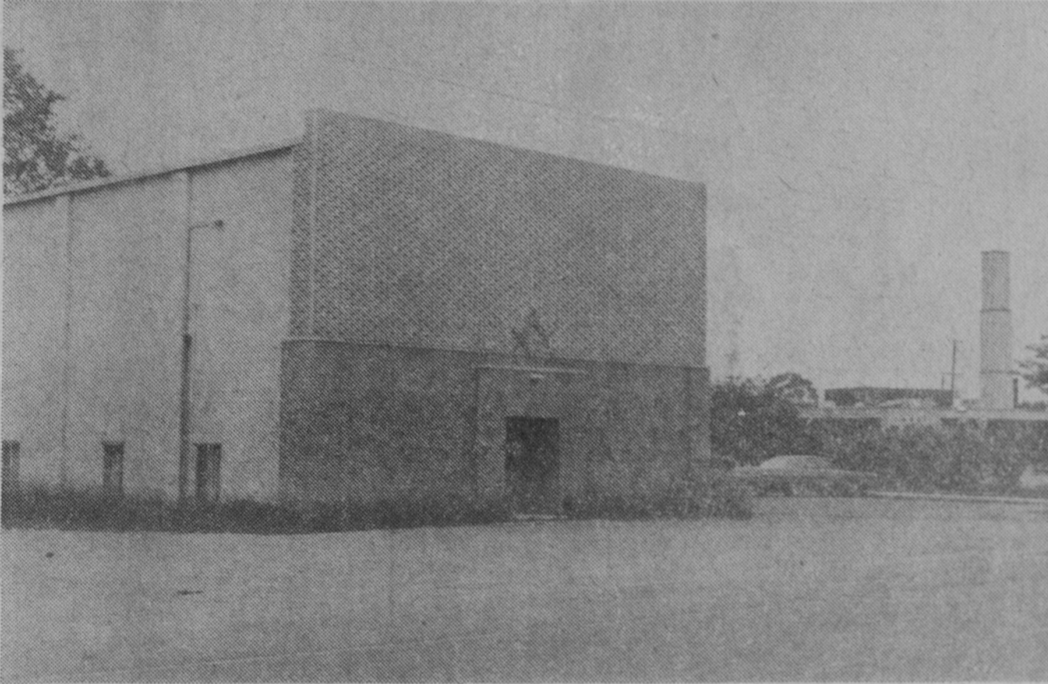

would be pleased that additional public access to Tawas Bay had been provided.

Coun. Robert N. Rollin said that the city had purchased the Lubaway property for \$30,000 and felt the city should not delay in purchase of the Graystone property as it was a bargain.

The city is to study the possibility of applying for Bureau of Outdoor Recreation funds to aid in the purchase of the property. Under this plan, if approved, 50 percent of the cost would be provided.

To be eligible for BOR funding, however, prior approval is necessary from the state. Possible private financing of the Graystone purchase, with the guarantee of later purchase by the city to comply with BOR regulations, probably will be discussed.

Masonic Temple Built in 1951

NEGOTIATIONS are now taking place for purchase of the Tawas Masonic Temple, left, by Tawas Hospital, right. The property would be utilized for future hospital expansion. Tawas

Masonic Temple Association would construct a building at a new location. The present building was constructed in 1951.—Tawas Herald Photo.

Tawas Hospital Negotiating for Masonic Temple Purchase

Expansion of Tawas Hospital's site along M-55 in Tawas City is nearing final negotiations, according to word Monday from Donald Snyder, administrator.

A purchase agreement with Tawas Masonic Temple Board is being finalized for purchase of land and the building presently occupied by Tawas Masonic Temple.

Approval of the sale was given last Thursday night by a vote of the Tawas Masonic Temple Board, which is now negotiating the purchase of another piece of property west of the M-55 bridge for construction of a new building.

Masonic and other organizations presently using the building would continue to do so until a new building is completed.

Site of the Masonic property is approximately 155 feet of M-55 frontage and approximately 250 feet deep.

Last year, Tawas Hospital purchased M-55 frontage to the west of the Masonic building and the hospital now owns nearly the entire block bounded by M-55, German Street, Maple Street and the railroad tracks. The only exception is at the corner of German Street and M-55.

Snyder said the hospital had no long-range plans as yet for utilization of the new property, although he said the hospital had been permitted to use Masonic Temple facilities during the past year for the hospital's educational program.

He said a number of ideas had been presented for its utilization, but the hospital's board of directors had not made any determination as yet.

The hospital is currently awaiting final state approval for its planned \$2,000,000 expansion program to include a new emergency and outpatient care unit, 30-bed medical-surgical unit, four-bed special care unit, recovery area, two postpartum beds, radiology department, laboratory facilities and central supply sterile room.

The expansion also includes a physical therapy department, medical records department, respiratory therapy, admitting and business office, gift shop, administrative offices and maintenance work area.

Construction is expected to start shortly in this project and it is assumed that within a year's time, the new nursing unit will be occupied and renovation of the east wing will begin. Plans are that the work will be completed in 14 to 16 months from the start of construction.

Howard Wilkins Heads W-P Board

New president of Whittemore-Prescott Area Board of Education is Howard Wilkins, who succeeds Emil Sztanyo, a veteran board of education member retiring June 30.

Other officers named at the reorganizational meeting held Monday night include Ronald Horn, vice president; Ilene Phelps, secretary; Dorothy Lehman, treasurer.

New trustees elected to four-year terms in the general election, James Dobson and Elwood Ruckle, received the oath of office.

A CONTRACTOR for the City of Tawas City used a back hoe to make kindling wood of three old fishing boats which had been in drydock at the Tawas River mouth for a number of years. The council ordered removal of the boats when the

property was purchased by the city and legal steps were commenced. What remained from the old boats was removed to the landfill.—Tawas Herald Photo.

Petitions Protesting Bridge Presented to City Council

Petitions signed by 126 residents protesting possible construction of a new bridge over the Tawas River at North Street were presented Monday night to the Tawas City Council.

Mrs. E. J. Walerych, who circulated petitions with Mrs. Raymond Ledworth, told councilmen that she believed she could obtain the signatures of many other residents in opposition to the bridge.

Construction of a bridge on North Street has been discussed in past meetings of the council, but no definite action has been taken. The city's master plan recom-

mends a bridge at that point in the future.

Mrs. Walerych told councilmen that installation of a bridge across the river would divert heavy truck traffic off M-55 through a residential area. She felt that residents of that area wishing to reach US-23 only had to travel one additional block to the First Street bridge.

Orin Patterson expressed the opinion that a new bridge was not necessary, as did John N. Brugger, who said the city now has four bridges across the river and felt they were adequate to handle all of the present traffic.

Mayor Herbert Cholger said he had always felt that an alternate route was needed to reach East Tawas other than traveling on US-23, but said the bridge possibly was not necessary at the present time.

The petitions were accepted by the council and referred to the planning commission.

In other business, Edward Davison Jr. reported that he had purchased the 40 lots remaining in Huron Gardens Subdivision and said that he planned to develop the property for dwellings. This plan and streets were accepted by the city in 1956.

Davison said he plans to construct four houses in the subdivision this year and wishes to coordinate construction of utilities and roads with the city.

The owner is to meet with the city manager and is to appear before the water board concerning establishment of a special assessment district for construction of sewer. Installation of water mains and improvement to streets is a city obligation as the plat was accepted more than 20 years ago.

The subdivision is located north of the athletic field which is on North Street.

Gawain Teuscher, who recently purchased several lots from Frank Wiikowski at the intersection of Cedar Street and Maple Street, is to meet with the city manager concerning the city's negotiating the purchase of part of one lot which is being encroached upon by the city street.

The council approved a one-year contract with Thomas Jacques for forestry consulting service.

Approval was given to an allocation of \$354 to the Tawas Knolthe League for its summer baseball program.

A request from Richard Ziehl for rezoning his residential dwelling at 101 Lake Street from multiple family to B1 commercial was turned over to the planning commission.

No BOR Funds This Year for East Tawas City Park Project

Bureau of Outdoor Recreation funding for expansion and development of the East Tawas City Park has not been approved for the 1978 entitlement period. This was the word at Monday night's meeting of the city council.

The city had applied under a \$142,000 project for \$71,000 in BOR money. The project had already been approved for a \$24,000 grant

from the Upper Great Lakes Regional Commission and the remaining \$47,000 was to have been provided by the city.

City Clerk Clyde Soper told councilmen that the notice stating the application had not been approved indicated that applications totaling \$23,000,000 had been submitted for BOR funds and that only \$5,100,000 was available for allocations.

Soper said that plans are being made to scale down the total cost of the project for resubmitting next March. Some items to be eliminated would include \$5,000 for razing the former Dr. Harold Jones house and \$11,000 for a pavilion.

The project called for expansion of the camping area at the city park, plus moving and expanding a picnic and parking area.

The proposal also called for purchase of lake frontage of the McKay property. The front portion of that property, including the dwelling, was purchased by the county for a museum.

Tawas Kiwanis Club is financing purchase of the lake front property with the intent of city purchase when BOR funds are available. (See ET COUNCIL, page 2.)

Frank Leiva, New President of Hale Board of Education

Frank Leiva, Hale real estate agent, was elected president of Hale Area Board of Education at its annual reorganizational meeting held Monday night.

Other officers include Charles Millard, vice president; Harvey Rasch, secretary; Gerald A. Lewis, treasurer.

Oaths of office were administered to Audrey Kocher and Dale Humphrey, who were elected at the annual election.

The board of education authorized an application for \$300,000 in tax anticipation notes to finance school operation for the coming school year.

Mass held Monday for Stanley Medalis

Funeral Mass was held Monday, July 10, for Stanley V. Medalis, a resident of East Tawas. The Rev. Fr. Francis Murphy officiated at St. Joseph's Catholic Church and was assisted by the Rev. Kenneth Towsley of Tawas United Methodist Church.

He died Friday, July 7, at Tawas Hospital. Born October 20, 1897, at Mt. Carmel, Pennsylvania, he was a retired barber from Detroit and moved to the Tawas area 10 years ago.

Surviving are his wife, Frances; two sons, William of Detroit and Edward of Vermont; two grandchildren; a brother, Edward of Tucson, Arizona, and one sister, Sister Mary Emerenciana of Chicago, Illinois.

Get the Jump on Summer by Selling Those Unwanted Items With a Tawas Herald Classified!

DISPENSING with the usual spraying of apple trees this year, Mr. and Mrs. Frank Wilkusi are utilizing an unusual means to protect growing fruit from the ravages of larvae. When their apple trees blossomed earlier this spring, the Wilkusis attached plastic baggies around clumps of the blossoms. Healthy apples are now growing inside the plastic bags. Each bag was pierced

to permit draining of water which condenses on the inside of the bag. Mrs. Wilkusi said her husband is allergic to chemical sprays previously used and the baggies eliminate that problem, along with the need for spraying after each rainstorm. They are looking forward to a bumper crop of apples.—Tawas Herald Photo.

Truck Bids Under Study by Tawas City PW Department

Bids were opened and accepted Monday night by Tawas City Council for the purchase of two new dump trucks; a three-quarter ton, four-wheel drive pickup for fire department use and truck equipment.

Three bids received for the two dump trucks were as follows: McIntosh-McKay Sales, \$14,612.31 each, subject to change on 1979 models; Inglis Ford, total of \$33,500 for the two trucks, which allowed a \$400 trade-in on a 1970 truck; William Look and Sons, two 1979 GMC truck chassis, less dump boxes, \$23,094.

Accompanying Look's proposal was a bid from Scientific Brake for two dump boxes at a cost of \$3,760 each.

Bids received on the four-wheel drive pickup included McIntosh-McKay, \$6,686, subject to change on a 1979 model; Inglis Ford, \$7,191; William Look and Sons, \$6,662; AuGres Chrysler, Dodge four-wheel

drive pickup, \$6,409.

Bid of Schultz Equipment Company for an underbody scraper, \$3,409, was awarded to the lone bidder. Schultz was low bidder on a one-way snowplow, \$2,417, and received the contract. A second bid was entered by Scientific Brake, \$2,730.

Hayes Enterprises, Incorporated, entered a bid of \$148 per truck for rustproofing and \$126 for rustproof-

ing the pickup truck.

All bids on the trucks are to be reviewed by the city manager and a recommendation is to be made at the next meeting.

The department of public works had considered painting the new trucks a lime yellow color, but it was found that this paint was not standard and would cost \$150 extra. Color charts of the truck bidders are to be studied.

How To Beat The Heat

Just about everybody knows the shade from a tree can make life much more bearable on hot days, but did you know a lounge chair under a canopy of leaves is in a temperature as much as eight degrees lower than the open area around it? If the same tree is shading a window from direct sun rays, the temperature inside can be lowered by 20 degrees.

According to the American Association of Nurserymen, other benefits from nature's green, growing gifts are equally important.

For example, in mechanical air conditioning, air washers are designed to produce contact between air and water to transfer heat and moisture between the two and to remove impurities from the air. Trees and other plants accomplish this naturally on a massive scale.

One study published by the U. S. Department of the Interior showed that a beech tree standing alone in the open releases 75 to 100 gallons of water into the atmosphere during a summer day. Expressed another way, a mature tree in front of a home can produce a cooling effect equal to 10 room-size air conditioners running 20 hours a day.

TREES CAN SHADE YOU from high energy costs.

All plants are "blotters," soaking up much of the 12 million tons of pollutants released into the atmosphere each year.

Plants cleanse the air by photosynthesis: a process by which carbon dioxide is removed from the air and oxygen returned to it. For every ton of wood, trees release a ton of oxygen and consume one and a half tons of carbon dioxide. An apple tree produces enough oxygen to supply four people for one year.

ET Council

(Continued from page 1.)

This step was necessary as the property would not be eligible for BOR funds if the property was purchased by the city without BOR approval.

In other business, the East Tawas Business Association accepted recommendations of Spicer Engineering Company for development of a special assessment district to finance construction of sidewalks in the business area. Due to the fact that only 40 members were present at the meeting which approved the recommendation, the organization is to conduct a survey of businessmen to determine if a majority favors the project.

Petitions requesting sealcoating of Rainbow Drive were turned over to the street and sidewalk committee for a recommendation.

It was pointed out in discussion that the city is currently involved in litigation with the owner who originally developed the subdivision. It was stated that the subdivision had been approved subject to bringing streets to city specification, which had never been done.

The city attorney is to give an opinion concerning the matter.

Petitions from senior citizens asking that special stickers be provided to allow them to park overtime at the East Tawas Community Building during meetings of the group was turned over to the street and sidewalk committee for a recommendation.

A representative of the harbor master's office was present and requested that gravel be placed on the parking lot near the Michigan Waterways Commission Dock. The matter was turned over to the street and sidewalk committee, but the council pointed out that this property had been turned over to the state for its use in development of parking facilities.

The council approved a rate increase of \$1 per month requested by General Cable Television for its service to customers, but withheld any action until a future date on deregulation of cable television rates.

L. G. McKay's request to return

title of an easement granted to the city years ago for access to the old city dump was referred to the land and buildings committee with power to act.

Authorization was given for the city to apply to the state as the local agency to regulate earth moving under the state soil and sedimentation act.

Inflation-Fighting FOOD IDEAS

Tips To Help You PUT HAM ON THE MENU

A BIG HAM SERVES several people many different meals.

A large ham—especially canned American ham—is one of the best menu-stretchers around if you plan for its use and don't just leave it in the refrigerator to be eaten as snacks.

If you have a freezer, it's easy for even a small family to use a big ham, but you should select the kind and brand that your family likes best. It's a good idea to choose any cured ham by brand since each has its own flavor.

You'll find weights vary from nine to 22 pounds, and if a ham is properly trimmed, a heavier one will yield more meat in proportion to bone. Have the butcher cut the hock off for you to cook with navy, green, lima or another of your family's favorite beans.

Next, have him cut two or three slices, from one-half to three-fourths of an inch thick, from the center for broiling or frying and two more center slices, one-inch thick, for baking. That will leave two "niced" roasts at either end, and you'll

have main dishes for at least four meals.

Pound for pound, canned ham is the best value since skin, bone and excess fat have been removed before it is weighed in—usually at one and a half to 17 pounds.

Some of the smaller ones don't require refrigeration as long as they're still in the can, but you should read the label. All hams, unless heavily smoked, must be refrigerated after they're opened, and if you plan to keep one longer than a week or two, you must freeze it.

Ham can be frozen for up to two months. After that, a smoked flavor will weaken, and the fat may turn rancid. (Canned ham should not be frozen until removed from the can.)

Any ham can be improved with a tasty glaze applied an hour, or an hour and a half, before the end of the cooking time. You should return it to a 325 degree oven until it reaches an internal temperature of 160 degrees, or 140 degrees for pre-cooked ham.

Engaged

Mr. and Mrs. James Buelow of Marysville announce the forthcoming marriage of their daughter, Janet Marie, to Thomas Henry Becker, son of Mr. and Mrs. Walter Becker of Tawas City. The vows will be exchanged Saturday, July 29, at Marysville.

this... that and the other

Recent visitors of Mr. and Mrs. Raymond Ledwith of Tawas City were Mr. and Mrs. Freeman Fankhauser of Seffner, Florida; Mrs. Charles Fekkenrode and Craig of Detroit, and the Dennis Ledwith family of Jenison.

Mr. and Mrs. George Brendly and family of Bay City were guests of the Robert Trudells of East Tawas. During their four-day visit, Mrs. Russell Nelkie Jr. and family joined the family group.

Mr. and Mrs. Gerald Hosbach and Mrs. John Carlisle of Saginaw spent the holiday week-end at the Arnold Hosbach residence in Tawas City.

Mrs. Mary Pearson of Bay Park Tower, East Tawas, has returned home from Detroit, where she spent several days.

Mrs. David Westcott of Tawas City and her daughter, Judith, a junior at Olivet College, recently completed a two-week cake decorating course at Chicago, Illinois, at the Wilton School of Cake Decorating.

Sunday, Mrs. Pearl Quick of Bay Park Tower and Mrs. Alice Dawes of Wilber Township attended a party in Bay City.

Mrs. Howard Swartz and Mrs. Walter Moeller of East Tawas, Miss Esther Look and Mrs. Clyde Eovil of Tawas City spent a couple of days in Genoa, Ohio, the first of the week.

Mr. and Mrs. William Craig from West Branch are the new owners of the former Wayne Richter home at 110 Third Avenue, Tawas City.

Susan Teal of Tawas City is spending a few days in Ossineke with her mother, Mrs. Donna Teal.

Mrs. Marian Small has returned from Beloit, Wisconsin, where she visited her son and wife, Mr. and Mrs. Richard Small, and their family. Enroute home, she visited Mrs. Neva Moffatt in Essexville a few days.

Mrs. Grace Murray and son, the Rev. Fr. Francis Murray, of Ruth spent the week-end visiting area friends.

Mrs. Margaret Burghardt of East Tawas attended the 50th wedding celebration of Mr. and Mrs. Anton Sparks at Saginaw last Saturday. Mrs. Sparks was the former Eleanor Lange of Tawas City. The reception was held at the Sky Room of the Tri-City Airport. Mrs. Burghardt was one of the bridesmaids. Arthur Leitz, an attendant at the wedding, also attended the celebration.

Mr. and Mrs. Frank Deming have sold their home on Douglas Drive to Mr. and Mrs. Jack Brooks of Allenton. Mr. and Mrs. Deming will make their home in Florida.

Attending the wedding of Timothy Fox and Louise VanBaak at St. Clair Shores on Saturday were Mr. and Mrs. Joseph Fox, Mr. and Mrs. Marvin Uiman, Karen Uiman, Mr. and Mrs. Herbert Cholger, Ruth Cholger and Mr. and Mrs. Charles Anschuetz, all of Tawas City.

Tammy Brackenberry and Roberta Richter of East Tawas are attending the Western Michigan University Marching Camp at Kalamazoo this week. Both girls are flag girls.

Mrs. J. A. Brugger of Tawas City left Monday for Tucson, Arizona, where she will make her home with her daughter, Mrs. Madgelle Kling.

Mr. and Mrs. Raymond Bojnowski have sold their home on North US-23 to Mr. and Mrs. William Topksi of Warren.

Mr. and Mrs. Howard Teal of East Tawas were Bay City visitors on Sunday.

Mrs. Grace Miller of Chelsea is visiting her son, Allan Miller, and family of Tawas City for a few days. She resides at the Chelsea Methodist Home.

Recent guests at the Tawas Lake home of Mrs. James Ward included the Arthur Sager family, Mrs. Arthur Schuettler, Mr. and Mrs. Robert Schuettler and the Martin Schuettler family of Millington; Mr. and Mrs. Clarence Wheeler and daughter, Mary, of Sterling Heights, and Mrs. Clifford Bowen and daughter, Eleanor, of Warren.

Mr. and Mrs. Wayne Richter have sold their home at 112 Third Avenue, Tawas City, to Mr. and Mrs. Adam Usleber.

Mr. and Mrs. Rudolph Heumann of Ypsilanti visited his mother, Mrs. Christopher Wresche of Tawas City, over the week-end. Suzanne McGee of Mt. Clemens is spending the summer with her grandparents, Mr. and Mrs. Robert N. Kendall of East Tawas.

Mrs. Beatrice Carroll Smith of Grand Blanc and Mrs. Lois Hawley of Grand Rapids were week-end guests of Ruth Cholger of Tawas City.

Enjoying a family picnic during the week-end at the Thofiel DeMaet home at Tawas Lake were their children, Mr. and Mrs. Robert Lee, Kim Lee and the Frederick DeMaet family of Saginaw and Mr. and Mrs. Dennis Dudewiz of Freeland.

Miss Linda Conklin of Bay City, Mr. and Mrs. Kenneth Hite of Kawawlin were Sunday guests of their parents, the Albert Conklins of Tawas City.

Mr. and Mrs. Charles Ryder of Pickens, South Carolina, were week-end guests of Mrs. Waldo Leslie of East Tawas. Mrs. Ryder is the former Corrie Lee Rutterbush.

John McMurray of East Tawas and Thomas Smyczynski have purchased the Charles Lorenz home on M-55.

Michelle and Sandra Baker of Fraser are spending a week with their grandparents, Mr. and Mrs. Clyde H. Baker of East Tawas.

Mr. and Mrs. Kenneth Frank of Tawas City enjoyed the holiday week-end at the Sault Ste. Marie home of their son, Wayne Frank, and his wife. While there, they attended the centennial celebration at Stalwart.

Wendy Miller of Sterling Heights and Christy Bublitz of Flint spent a few days with their grandparents, Mr. and Mrs. Raoul Hermann of East Tawas. Other visitors at the Hermann residence were Mr. and Mrs. Charles Miller, Scott Miller and Kathy Browning of Sterling Heights; Mr. and Mrs. Edwin Sage and sons of Ann Arbor; Mr. and Mrs. Terry Bublitz and children of Flint, and Mr. and Mrs. Russell Binder of Tawas City.

Ella Clements of East Tawas was surprised Monday by a visit from her sisters, Laura Zannis and Isabelle Somers of Lincoln.

Mr. and Mrs. Herbert Holmes and daughter, Debra, of East Tawas have returned home from a vacation at Houston, Texas, where they attended the seventh annual national Avon collectors convention.

Mr. and Mrs. Russell Small of East Tawas were week-end guests of her mother in Ashville, Ohio. Their children, Roseanne and James, who had spent the past three weeks with their grandmother, Mrs. Alice Purcell, returned home with them.

Oscoda Skyriders 4-H Club will have fun day at the Jack Searle farm, Wilber Township, Saturday, July 15, beginning at 1:00 p. m.

Recent guests of Mrs. Edward Myers, East Tawas, were her son and his wife, Mr. and Mrs. Martin H. McCormick of Miami, Florida; her grandson, Martin L. McCormick, and his family of Dallas, Texas. While here, they also visited other relatives in the area.

Mr. and Mrs. Terry Frank of Ogden, Kansas, are parents of a daughter, Amanda Kaye, born July 4. Paternal grandparents are Mr. and Mrs. Kenneth Frank of Tawas City.

Guests of Herbert Marsh, East Tawas, over the week-end were his daughter and husband, Mr. and Mrs. Gerald Bomarito of St. Clair Shores, and his grandson and wife, Mr. and Mrs. Douglas Bomarito of Portland, Oregon.

Mr. and Mrs. John Spencer of East Tawas entertained their daughters four days last week. Present were Mrs. Violet Barker and Mrs. Evelyn O'Neill of Coos Bay, Oregon; Mrs. Lillian Moody of Garden, and Mrs. Harlen Averill of Bay City.

Week-end guest of Mr. and Mrs. Emil Grenke at their home at Tawas Lake was her brother, Robert Worthen of Dayton, Ohio. The men enjoyed a successful week-end of fishing.

Sunday, friends and neighbors honored John Moehring with a housewarming at his new home on Smith Street, East Tawas.

Mr. and Mrs. Arthur Roloff of Lincoln Park were week-end guests at the East Tawas home of William Roloff.

Miss Lois Cucek of Oscoda has purchased the home of Mrs. Edward Poppe at 312 Allice Street, East Tawas.

PLANS for the annual flower show to be held Thursday, August 3, at the East Tawas Community Building were made at Monday afternoon's meeting of the East Tawas Garden Club. Erma Wolfen, right, show chairman, is shown here with members of her committee. From left are Margaret O'Connor, chairman of staging; Bess Purdy, chairman of awards; Stephanie Wilkuski, show co-chairman; Sally Lippert, club president. Nearly 200 exhibitors entered the show and the club hopes to top that number this year. The public is invited to exhibit and participate in the show.—Tawas Herald Photo.

THE CHILDREN of Mr. and Mrs. William Lyon of East Tawas will host an open house in celebration of the 40th anniversary of their marriage Sunday, July 23, at Tawas United Methodist Church, 2:00 until 5:00 p. m. The former Marjorie I. Willsey and Mr. Lyon were married July 24, 1938, at Traverse City First Baptist Church. They are parents of a son, Kenneth W. Lyon of Cincinnati, Ohio, and a daughter, Marcia M. Phares of Bay City. They also have four grandchildren.

Farm Bureau Discussed Taxes

Taxation was the topic of discussion at the recent meeting of Leader Farm Bureau. The group met at the home of Mr. and Mrs. Walter Redmond. Fourteen members and four guests were present.

The group will meet at 7:30 p. m. Thursday, July 13, at Reno Township Hall for a pot-luck dinner. Merton Killey will be guest speaker. Members are asked to bring table service and a dish to pass.

Harris Barkman Had Surgery at Saginaw St. Luke's

Harris Barkman of East Tawas is in the intensive care unit at St. Luke's Hospital, Saginaw, following emergency surgery Monday. He is in room 667. Barkman is president of the Isoco County Historical Society and was grand marshal for the holiday parade in the Tawas.

Legion Auxiliary Heard Report on Tree Planting

Jesse C. Hodder Unit No. 189, American Legion Auxiliary, met at the home of Ruth Hensy Thursday, July 6, with 13 members and one guest in attendance. Regular meeting was preceded by a pot-luck dinner.

Theresa Roiter acted as president pro tem as Mabel Smith, president, was unable to read due to an eye injury. Barbara Roiter was initiated into the auxiliary.

Ann Brugger reported on the five trees that were planted at the Legion Hall as memorials for deceased members, Lois Giddings, Luella Blust, Jennie Smith (also a Gold Star Mother), Marion Pratt and May McMurray.

A rummage sale will be held at the Legion Hall on Saturday, July 29. Anyone desiring to donate may bring items to the hall and Lu Baker will take care of them on the days the senior citizens meet at the hall.

Next auxiliary meeting will convene at the Legion Hall on Monday, August 7, 7:00 p. m., beginning with a pot-luck dinner. Bring table service.

Revival Meetings at East Tawas

East Tawas Baptist Church, located on Newman Street, is sponsoring revival meetings the week of Sunday, July 16, through Friday, July 23, at 7 o'clock each evening. Featured at the meetings will be a 24-voice youth choir from Abbeville, South Carolina. Guest preacher will be the Rev. Kenneth Stevens of Faith Baptist Church, Durand.

Bible classes will be conducted at 9 o'clock each morning by a youth group from Springfield with a work session in the afternoon to include painting of the interior of the church.

According to the Rev. Edgar Roberts, these groups are part of a nation-wide program bringing more than 60 groups of Southern Baptist Church members into Michigan with the program called Bold Mission Thrust. It includes over 5,000 youths and adults volunteering time to assist churches in the state.

Honor Parents on Anniversary

The children of Mr. and Mrs. Rufus Martindale honored their parents Saturday, July 8, with a pot-luck dinner at the Isoco Sportsman's Club in celebration of their 50th wedding anniversary.

Rufus (Hank) H. Martindale and Miss Thelma Howard were married on July 10, 1928, in Toronto, Ontario, Canada, and left the following day to make their home in Detroit. They resided there until about 10 years ago when they came to East Tawas to make their retirement home. He was a painter and decorator.

The Martindales have two sons and a daughter, Ronald of Westland, Kenneth of Roseville and Mrs. Roy (Yvonne) Schalk of Rogers City. There are 13 grandchildren and three great grandchildren.

Among the many friends and relatives who greeted them was Mrs. Harriet Springstead from Detroit, who was Mrs. Martindale's bridesmaid at their 1928 wedding. The couple was remembered with many beautiful and useful gifts.

Flower Show Plans Detailed by East Tawas Garden Club

Stephanie Wilkuski hosted the East Tawas Garden Club Monday, July 10, in her garden. Three new members introduced were Annette White, Kay Kendall and Helen Payea.

Committees were appointed for the remainder of the club year. The August 3 flower show was discussed in detail and the programs were distributed to members. The flower show is open to everyone and the club invites entries in the arrangement and specimen sections.

Marie Hennigar and Irene Rhode assisted the hostess in serving refreshments.

The August 14 meeting will be a pot-luck luncheon at the summer cottage of Birdie Bennett and members are to meet in Christ Episcopal Church parking lot at 11:30 a. m.

Tawas Hospital

Hale Area News

OES Held Regular Meeting

Hale Chapter No. 482, Order of the Eastern Star, held its regular meeting Wednesday, July 5, with Helen Taylor, worthy matron, presiding. Present were 20 officers, six guests and 26 members. Guests were from Pilgrim Chapter No. 477, Flint; Whittemore Chapter No. 426, and Montrose Chapter No. 351.

A welcome was read by the worthy matron and introductions made.

Fun night will be Tuesday, July 18, 8:00 p. m. A practice will be Monday, July 17, 7:00 p. m.

A rent party for Hale Lodge Masonic brothers is slated for August 25 with a pot-luck dinner at 6:30 p. m. Bring table service and a dish to pass. A donation will be given to the temple association for the upkeep of the building, sponsored by Hale Chapter. A program will precede the dinner. Committee for the program is Mrs. Taylor, Shirley Carter and Alice Stevenson.

After the meeting, six past patrons and 21 past matrons of Hale Chapter were honored. Hale Chapter originated on June 30, 1927, and the first regular meeting was held on July 28, 1927.

Glen Staley American Legion Auxiliary will have a planning

Elect... RUSS MASON Republican State Representative —257 Paid Political Adv.

meeting Wednesday, July 12, 7:00 p. m., at the post home. Mrs. Sylvia West of Wytheville, Virginia, spent last week visiting her sister and husband, Mr. and Mrs. Emil Wagner. Accompanying Mrs. West were her daughter, Mrs. George Stilwell, and family of Nashville, Tennessee.

Mr. and Mrs. Richard Garver of Lansing enjoyed the week-end with their parents, the Rev. and Mrs. John Kerr and the Roy Garvers.

Mrs. Muriel Curtis was taken to Tolfree Hospital, West Branch, Tuesday.

Sunshine Circle of First United Methodist Church met at the Lillie Wells residence on Thursday for a pot-luck luncheon.

William Marflett was in Saginaw Osteopathic Hospital last week for eye surgery.

Mr. and Mrs. Norman Cole from Florida were in Hale, Turner and Oscoda visiting friends and relatives. Her mother, Grace Gitchell, is still hospitalized at Dade City, Florida. She has enjoyed receiving cards and letters from Hale residents.

Several members of Hale Chapter No. 482, Order of the Eastern Star, attended the reception honoring Ruth Walker of Lincoln Chapter No. 509. Among the guests were Mr. and Mrs. Donald Stevenson, Mr. and Mrs. Robert Brandt, Helen Taylor and Barbara Harvey.

Phyllis and Barbara Harvey were callers in Oscoda and the Tawas on Thursday.

Members of Honor Units

Sgt. Alan R. Cassidy, son of Mr. and Mrs. Devon R. Cassidy of Oscoda, and SSGT. Roy C. Pleczulewski, son of Mr. and Mrs. John A. Pleczulewski of Detroit, are members of an organization that has earned the United States Air Force Outstanding Unit Award.

They are weapons maintenance specialists at Wurtsmith Air Force Base with the 379th munitions maintenance squadron which was cited for meritorious service from July 1, 1975, to June 30, 1977. Members of the 379th will wear a distinctive ribbon to mark their affiliation with the unit.

Pleczulewski, a 1970 graduate of Cody High School, received an associate degree in applied science in nuclear technology in 1978 from the Community College of the Air Force. His wife, Charlotte, is the daughter of Nicholas J. Courey of Oscoda.

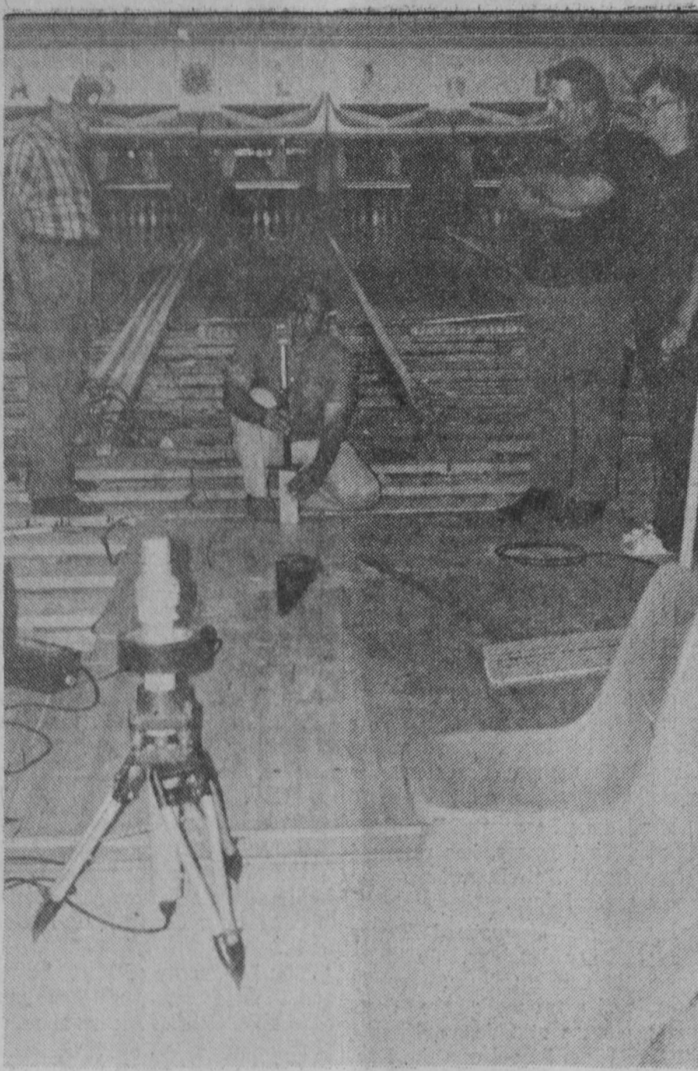

Cassidy, a 1973 graduate of Oscoda Area High School, attended Ferris State College, Big Rapids, and Michigan State University, East Lansing.

Poppe Graduates at Chanute AFB

Ann. Michael E. Poppe, son of Mrs. Rhea J. Poppe of East Tawas, has graduated at Chanute Air Force Base, Illinois, from the United States Air Force technical training course for aircraft ground equipment repairman.

Airman Poppe, who was trained to repair generators, gas turbines and hydraulic pumping equipment, is being assigned to Beale Air Force Base, California, for duty with a unit of the Strategic Air Command.

The airman, a 1973 graduate of Tawas Area High School, received an associate degree from Ferris State College, Big Rapids.

A LASER BEAM is being used by the workman at center during modernization which is taking place at Tawas Lanes. At right are Mr. and Mrs. Walter Schultz Jr., who are watching leveling operations at the lanes.—Tawas Herald Photo.

Modernization at Tawas Lanes

Bowling at Tawas Lanes in Tawas City will be enjoying modernization of the establishment's 10 lanes effective late next week, according to Walter Schultz Jr., manager.

Lasers Lane Installers of South Boardman is currently modernizing lanes here with the Perry-Austen Perma-Lane bowling surface.

Only the second such installation in Michigan and a first for the northern part of the state, the lanes are being leveled for installation of the new bowling surface.

Original lanes installed in the mid-1940s are being modernized by

removal of 2 1/2 feet from each bowling surface and 12 feet of each approach and replacement with the Perma-Lane bowling surface. The remainder of each bowling lane is also to receive an installation of the laminated surface.

This new high pressure laminate synthetic bowling lane was developed and manufactured by General Electric Corporation. A special heat pressure chemical process produces a .140-inch thick material. A bowling lane requires eight panels of varying sizes to cover the entire lane and approach. The four lane, pin spots, range finders and dots, as well as a clear image of individual boards, are printed on the surface of the laminate and then coated with melamine resins.

This new synthetic surface has far greater tensile strength, chemical and abrasive resistance, durability and longevity than any existing maple and pine lane.

Schultz said that other installations during 1977 indicate that winter leagues started the season with two to 10 pins higher average, lanes are more consistent than wood, resurfacing is eliminated, the lanes have less maintenance costs and are cleaner for bowlers. Cost of the installation was approximately \$40,000.

AuGres Man Died July 8

Arthur D. (Pete) Harris, a resident of AuGres for the past 13 years, passed away Saturday, July 8, at Tawas Hospital. He was born September 18, 1892, in Genesee County.

He was employed with General Motors Corporation for 24 years, retiring in 1950, and was a member of Genesee Lodge No. 174, Free and Accepted Masons.

Dr. Elmer I. Braden officiated at services held Tuesday, July 11, at Brown Funeral Home, Flint. Burial was in Maple Cemetery, Grand Blanc. Masonic rites were conducted Monday evening.

He is survived by his wife, the former Myrtle F. Howard.

CONSUMERReport CONSUMEReport

Knowing How To Complain... Failing to complain about faulty goods or services can cost you hundreds of dollars each year, but complaining improperly can be a time-consuming hassle. These tips, offered by the Outdoor Power Equipment Institute, can help you obtain desired results: 1. Return a faulty product to the dealer who sold it to you. Explain the difficulty you experienced and request that the dealer arrange for repair. Be polite but firm. 2. If you fail to get satisfaction, write a letter to the manufacturer's customer complaint department. Provide a detailed description (model number, serial number, and so forth) of the product, and enclose a photocopy of the check you wrote to pay for it. Explain exactly what happened between you and the dealer. 3. When a company suggests you call its consumer

MOST COMPLAINTS stop at your local dealer's.

4. Still dissatisfied? Write the Consumer Complaint Department of the Attorney General's Office in your state capital (or city), or contact your city or State Department of Consumer Affairs. After all, you deserve what you pay for—and good companies value your repeat business.

Two Circuit Clouts for Each Team

Four Homers Featured Tawas' Victory Sunday Over Prescott

Tawas Indies scored an easy, 17-6, victory Sunday over visiting Prescott. Wayne Revord clouted two home runs in the winners' 12-hit attack.

Brad Potts, winning pitcher, did not have an easy time with Prescott batters. He was nicked for 10 hits, including home runs by Steve Durfee and Butch Valent.

Prescott scored two runs in the top of the first inning to take an early lead when Horn singled and scored on Valent's homer.

Tawas came back with three runs in its half of the first inning on two singles and two doubles. The Indies scored five in the second inning on four walks and a grand slam homer by Revord.

Prescott stayed in the battle

with three runs in the fourth inning on a double, walk and Durfee's homer.

Tawas scored a single run in the fifth inning and Prescott pushed one run over in the sixth inning.

Eight runs by Tawas in its half of the sixth inning proved to be the decider. That inning was highlighted by Revord's three-run blast.

Potts struck out three batters and walked two. Horn struck out two and walked three batters. Dave McCord pitched the third, fifth and to three batters in the sixth inning for Prescott. Durfee finished the sixth inning on the mound.

Tawas plays at Lincoln Sunday, July 16. The game starts at 2:30 p. m. On the following Sunday, Alpena comes to Tawas to play a single game starting at 2:30 p. m.

Thieves-Burglars Busy in County

Four breakings and enterings, 12 larcenies and a firecracker complaint were investigated last week by Isosco County Sheriff's Department.

Frederick J. Post, Long Lake, reported Sunday that he had left his residence to go to church at Hale and, upon his return, found that his house had been entered. Stolen were two television sets and numerous household articles.

Other burglaries were reported by Robert C. Thomas, Sand Lake, theft of two outboard motors, a minibike and an aluminum boat; Herbert W. Link, cabin at Grassy Lake, Plainfield Township; Donald Harris, Wilber Township, box of tools stolen.

Larcenies were reported by Russell A. Wagner, Ypsilanti, theft of outboard motor at Jerry's Marina; Donald Leitz, Wilber Road, theft of gasoline; Buries R. Scobey, Douglas Drive, outboard motor; Edward Collier, theft of rental boat and motor from Jerry's Marina; Brian Drewniak, theft of eight-track tapes from vehicle in Plainfield Township; Robert R. Host, theft of tool box from Fair Deal Surplus, Baldwin Township; Audrey Kocher, theft of golf clubs; Warren McClumurray, theft of truck from Whittemore. The truck

was recovered later, but a citizens band radio and eight-track tapes had been removed; James J. Joynst, Sand Lake, theft of boat, oars and outboard motor; Isosco Beach Club, theft of sign; Dennis Zimmerman, Caro, theft of motorcycle from Road House Bar; George Hosner, South Branch, larceny of citizens band radio.

Officers reported that Anna M. Coates, Tawas City, was treated at Tawas Hospital July 4 for a hand injury. The victim took a firecracker away from her grandson, and when she lit the fuse to get rid of the firecracker, it exploded in her hand.

Candidates for Sheriff's Deputies Must Pay Their Own Way to School

Prospective candidates for Iosco County Sheriff's Department deputies will now be paying for their own schooling to become certified officers.

This action was taken by the Iosco County Board of Commissioners on recommendation of Sheriff George Westcott and Undersheriff Basil O'Dell, who appeared before Wednesday's meeting of the commission.

Sheriff Westcott told commissioners that his department had experienced a serious problem keeping certified officers once they completed the 256-hour police academy at Delta College, which

provides courses approved by the Michigan Law Enforcement Officers Training Council.

The sheriff told commissioners that it costs the county approximately \$3,000 for each man it enrolls in the seven-week training. The total includes tuition, room, board and time lost from the job.

Undersheriff O'Dell said the county had trained many officers and then lost their services a short time after completing instruction.

As an alternative to the county paying for this special schooling, which is required of all police officers under public law, trainees from this county would be placed

on a part-time basis with the sheriff's department, receiving only \$1 per year during the training period.

The trainee would then have responsibility for paying the cost of schooling at the police academy. The part-time status with the local sheriff's department would meet eligibility requirements for entry into the school.

Under this system, the county's only obligation would be liability coverage for the trainee. After completing the school, the certified officer would be eligible to join any department.

Sheriff Westcott said he had sev-

eral new candidates in mind for training.

Readvertise

County Bldg.

Addition Bids

Authorization to readvertise for bids on construction of additions and alterations to the Iosco County Building is expected this week from the Iosco County Building Authority.

A recommendation to accept revised plans as prepared by John Dye, architect, was made to the building authority Wednesday by the Iosco County Board of Commissioners. The plans would be subject to approval of the commission's buildings and grounds committee.

Two weeks ago, the building authority rejected all bids presented under previous specifications due to higher costs than anticipated.

Low bidder on the original project was Davison and Son of Tawas City, who entered a price of \$387,977. A letter submitted to the county by the low bidder later stated that a \$54,000 error had been discovered and the proposal was revised upward to \$441,977.

The architect has since modified plans for the proposed construction and it is expected that bid prices will be substantially lower.

In other business, the county board of commissioners awarded a contract to Urban Wrecking, Incorporated, of Pinconning to demolish and remove the former Prescott residence on property west of the jail. The bid price on this project was \$3,784.

ARTHUR PETERS of Whittemore has demonstrated that he has a green thumb. His garden produced tomatoes for a Fourth of July family dinner, along with new potatoes and peas—practically unheard of in this climate. His sweet corn and beans are flourishing, which he credits

to the liberal application of old-fashioned natural fertilizer. Most garden plots were thirsting for a good rain last week and a lot of hard work by gardeners like Peters could be lost without a good drencher during the hot July weather.—Tawas Herald Photo.

'WATCH THE BIRDIE'

"WATCH THE BIRDIE" has been an expression which has put dollar signs in the eyes of professional lensmen dating back nearly 150 years when the art of photography was first perfected. Since then, pictures of children have been the bread and butter of the professional and every effort possible is made to please parents. This delightful selection of photographs is from the extensive collection of glass plate negatives exposed by A. G. Emery, early day photographer at East Tawas. An outstanding portrait craftsman, hundreds of freshly scrubbed kids paraded before the big view camera of Emery while he was in business here. All of these plates are cabinet views and contact prints were pasted on cardboard mounts to send to relatives. These pictures are graphic evidence of what children had to endure during the late 1890s. Children of today still have that freshly scrubbed look when they are posed by the professional but what active boy of today would let his mom dress him in all that fancy lace, feathered hats and little suits? But then, who knows what some future generation will think of today's clothing and hair styles? Most of the children in these pictures were identified by Emery on the original glass plates, but these once familiar family names have disappeared from the Tawas over the years. (Turn to page 3 for more pictures.)

THIS CUTE LITTLE BOY, whose father, George Chamberlain, was a wealthy lumber agent at East Tawas, wore a lace collar and lace sleeves for his portrait. Topping his curly head is a feathered hat, which mom adjusted prior to the exposure.

THE ALERT CHILDREN in this photograph were not identified, unfortunately. Brother is strapped in a beautiful wicker baby carriage, which would be the delight of any collector today.

THESE SISTERS were the daughters of Mr. and Mrs. Phineas Boomer. One little girl insisted on including her favorite doll in the photograph and both are wearing high button shoes.

BIG SISTER AND BROTHER, the children of Mr. and Mrs. F. F. French, posed on a chair covered by animal hides.

A. P. MURPHY'S boy did not particularly like this pose, but the photographer insisted. His hand rests on a cap which matches his blue sailor suit, topped by a checkered bow below his chest.

Editorial—

COVER THAT LOAD

Every industry has its own peculiar problems—high cost of operation, seemingly unfair taxes, government regulations and red tape—and this is not being written to belabor a point for the trucking industry. This corner is expressing its opinion, however, on something which could be a safety hazard.

This editorial has reference to the overloading of some trucks—not necessarily in regard to the weight of a specific load, but in the manner in which certain bulk materials are heaped on large tractor-trailer combinations.

It is a distressing nuisance, to say the least, to have the family auto showered by small stones from a passing gravel truck or chunks of gypsum rock from a similarly large tractor-trailer combination hauling that material.

This corner cannot point to any specific instance where a shower of rocks or sand from a passing truck actually caused an accident, but such a case is not out of the realm of possibility. In addition, stones bouncing onto the pavement and against the side of a passenger car raises havoc with paint on an expensive automobile.

Michigan does have a law concerning the covering of trucks or trailers which haul bulk materials and, if complaints increase, police agencies would become more prone to enforcement of the regulation. Reduction in the height of loads could solve some of the problems, although loose materials can be whipped out of any truck when it travels at a high rate of speed.

Judging from the quantity of trash materials spread along the shoulders of roads, more thought should also be given to covering trucks on the way to sanitary landfills. A few minutes of extra labor in covering trucks with tarpaulins could eliminate a serious nuisance.

A church service

full of stirring new ideas.
 (And warm, friendly people.)

A Sunday School

full of stimulating new ideas.
 (And lively, inquisitive kids.)

A Reading Room

full of revolutionary new ideas.
 (And helpful, encouraging books.)

And a Wednesday testimony meeting

where the healing power of these new-old ideas is told, and people can give their thanks to God.

Now that we've introduced ourselves

we'd love to have you come and share with us...any time you can.

TODAYS Meditation

(Read Psalms 4:6-8)
 "Do not be grieved, for the joy of the Lord is your strength."
 (Nehemiah 8:10 RSV)

The winter of 1977 was hard for people in the United States. Natural gas was in short supply and long periods of sub-zero temperatures threatened to halt the normal way of life. Many persons' faces showed signs of worry and tension.

During this period of anxiety, a snowstorm dumped four or five inches of heavy, wet snow on Nashville, Tennessee. Suddenly, the mood of the city changed. Snow people popped up all over town, like daffodils after the first warm day of spring. In some parts of town, every yard had a snow sculpture and whole families made images of themselves in snow tableaux on their front lawn.

Whether the statues were carefully sculpted or merely rolled up balls of leaf-stained snow, they displayed the creativity of the human spirit.

The snow people are a cause for hope. Although they cannot talk, the statues speak eloquently of the creativity and joy God puts within us all. In spite of hard winters and gas shortages, in spite of our own pessimism, the hope God hides in us will spill out renewing us and giving us cause for joy.

PRAYER

Dear God, thank You for the snow people and the other signs of joy that abound in our lives. Please help us to recognize these signs when we see them. Amen.

THOUGHT FOR THE DAY

I will do something to encourage joy in living.—Bill Dockery (Sevierville, Tennessee)

Retired D&M Office Worker Died July 4

Patrick H. Mulholland of East Tawas passed away at Tawas Hospital Tuesday, July 4, at the age of 77 years. He was born at Birch Run January 28, 1901, and had lived in the area since 1936, when he transferred to the auditing department of the Detroit and Mackinac Railway Company. He remained with the company until his retirement in 1967.

He was a member of Tawas United Methodist Church, where he was head usher for many years and secretary-treasurer of the men's club. He was on the supervisory committee of the D&M Credit Union and a member of Brotherhood of Railway Clerks.

He is survived by his wife, Cora; one son, Albert of Chicago, Illinois; a daughter, Maxine Ellerhorst of Dearborn Heights; three grandchildren, and four great grandchildren. He also leaves two brothers, Gerald of Alpena and Archie of Detroit.

The Rev. Kenneth Tousley officiated at services conducted at Tawas United Methodist Church Friday, July 7. Burial was in Briley Township Cemetery, Atlanta.

Menus

LOOKING BACKWARD—

Fire Damages State Dock at East Tawas

15 Years Ago—
 July 17, 1963—Flames fanned by an off-shore gale caused more than \$50,000 damage to the Michigan Waterways Commission Dock early Tuesday morning, but harbor officials report that the facility will resume full operation again by Friday. The fire was discovered at 1:55 a. m. and fire fighters battled for an hour before bringing the blaze under control. In addition to destroying about 200 feet of the wooden pier, the blaze also completely destroyed the 58-foot fishing cruise boat, Miss East Tawas.

Survey work on proposed road realignment at Tawas Point State Park is being made this week by representatives of the parks and recreation division, Michigan Department of Conservation.

Ray Kesler, a native of Hale, has been named superintendent at Whittemore-Prescott Area School.

Lila Wojahn of East Tawas was among 27 nurses receiving diplomas Sunday at St. Mary's Cathedral, Saginaw.

LeRoy McCluer and Carlton Haglund, both of East Tawas, each fired a hole-in-one last week at Tawas Golf Club. McCluer shot his ace Tuesday night and Haglund repeated the feat Wednesday night playing against McCluer.

A second rural route has been established at the East Tawas post office.

25 Years Ago—

July 17, 1953—More than 71 percent of the electors of Tawas Area School District voted in favor of establishing a five-mill building and site sinking fund tax levy. Walter Niles was re-elected a member of the board of education without opposition and Harold Gould was elected president of the board of education succeeding Randall Fox.

Red Cross grants totaling \$4,764.39 have been made to Iosco County tornado victims.

Sheriff Ivan O'Farrell is urging immediate steps be taken by the county to construct a new jail. He said that 235 prisoners went through the old jail last year and there are presently 18 prisoners—11 of them of the dangerous type—incarcerated in the one large cell block. "Due to the crowded conditions, there has been some rebellion and various attempts at jail break," states the sheriff.

Arthur Cowan has constructed a boat landing and installed 150 feet of sheet piling along Tawas River behind his real estate office on Lake Street. This is a fine improvement to the river.

A carload of modern furniture arrived Wednesday for the new courthouse. The concrete roof of the building is now under construction.

Tawas City Junior Police is sponsoring an amateur talent show to be held at the East Tawas Community Building. Police Chief George Ruth said that proceeds would be used to finance a trip to a Detroit Tiger baseball game by members of the junior police.

35 Years Ago—

July 16, 1943—Nine young people were drowned the report at nine o'clock Friday night of the tragedy on Tawas Bay, which had occurred three hours earlier. The young people were from a group of 175, who were attending the annual Young Peoples Institute of the Methodist Church, Saginaw District, which is in session here this week. About 50 youngsters had gone for a boat ride, with about one-half that number riding in a scow being towed behind the cruise boat. Panic resulted when water began to flow through scuppers and onto the deck and many of the young people jumped overboard, about 1,500 feet from shore. The coast guard, police and volunteers are still searching for seven bodies.

East Tawas Chamber of Commerce is making plans to sponsor a special war bond drive to purchase a troop-carrying glider in honor of Iosco County men who have given their lives during the present war. With the cooperation of citizens from nearby communities, it is hoped to raise \$17,000 to purchase the glider to be used in our offensive against the Axis.

Cpl. Robert Schultz and his brother, Pvt. Herman Schultz, en-

joyed a 24-hour visit together in North Africa.

The Seandbee, a pleasure cruiser which plied Lake Michigan for a quarter century, has been converted into an aircraft carrier and used on the Great Lakes to train naval fliers.

A manpower shortage has caused substitution of women for men at the switchboard of the Federal Bureau of Investigation.

A total of 15,500 acres of state-owned lands in Iosco County is being offered to Michigan wildcat drillers for lease for oil-gas development. Michigan's oilmen are interested in developing new fields in an attempt to find additional oil and gas reserves for the country's war machine.

 County Extension Director

DO SOMETHING 'SPECIAL' WITH THE SUMMER

It is solidly summertime now. We are past the Fourth of July and still have some breathing room before Labor Day signals summer's end. There is still time to do something with the summer, to make it a memorable one for your family. What, you ask, can we do? Maybe now would be a good time for your family to slow down and experience some quality together-time. This is the idea behind an interesting book I have been reading called "Family Time - A Revolutionary Old Idea." I would like to share some bits of it.

For starters, "Most families do not spend much time together uninterrupted by ball games, chores, television, meetings, loud music, quiet music; most families do not spend much time together listening to each other; most families do not spend much time together!" Think about that for a minute. When was the last time your fam-

NEW OWNERS of Coyle's Fish and Chips in Tawas City are Richard MacKenzie and his son, Rick, pictured above. MacKenzie formerly operated the Lindenhof Restaurant at Bay City for 16 years and last year operated the West Branch Country Club under lease. Plans are being made to remodel and enlarge the kitchen, which specializes in preparing fresh perch and rainbow trout.—Tawas Herald Photo.

ily spent some uninterrupted time together?

The central theme of the book is this—each family would benefit from a weekly time together spent on and in quality projects, events, times that enrich, deepen, bring joy to family living.

That sounds reasonable, you say, but what are we supposed to do during this "quality together-time." That depends on you and your family but here are some ideas:

- The whole family can work on putting together a puzzle.
- Have a family game night. Try a card game.
- Pull out the old family movies, slides or photos.
- Play "20 things I love to do."
- As a family, do something nice for someone else—like mowing and raking an elderly neighbor's yard.
- Have a family awards night.
- Have a family sing-along.
- Write a family letter to Grandma or Uncle Andy or your former neighbors with each person adding a section.
- Try making this summer something special. Schedule your first family time this week.

Whittemore PO Plans Exams

Postmaster Blust has announced that the date of the clerk/carrer exams will be released later and urged that all those interested apply to take the job-related test that can lead to postal service employment.

Salaries, not including fringe benefits, for clerks and letter carriers begin at \$6.40 an hour and increase to \$7.50 an hour over an eight-year period. Annually, this represents a \$12,894 starting salary for a full-time employee that increases to \$15,116 in eight years.

"We have not opened our register since 1975 and an examination of it has led us to believe that it is out of date. Many of the names on the register are people who have moved or for some reason are no longer available to take postal jobs," Postmaster Blust said.

"I do not want to give the impression we will be hiring great numbers of people in the coming months," the postmaster said. "I

anticipate no vacancies will occur in the next two years. Should one occur, it will be filled by hiring a person from our up-dated job register. We need qualified people who will be willing to accept employment and we want to offer people in the local community the chance to compete for these openings by signing up for and taking the exams."

The postmaster said the postal service established the policy two years ago of extending eligibility indefinitely for those on the job register because little hiring was being done. "On October 8, those who have been on the job register for more than two years will lose their eligibility. They will have to reapply to compete for a standing on the new register," she said.

Postmaster Blust explained that those wishing to take the exam could apply by coming to the office to pick up an application card.

Images of Silver

BEFORE THE DAYS of roll film Kodaks, every town of any size had its commercial photographer. Snapping a picture was a complicated process, requiring considerable skill on the part of the photographer. The cumbersome view cameras and glass plates were expensive and the ordinary citizen did not have the money to purchase a camera outfit. Such photographers as A. G. Emery of East Tawas, August Brown of Tawas City and A. J. Lawson of AnSable made comfortable livings in the family portrait business. These pictures exposed by A. G. Emery were made directly from the original glass plate negatives. The snappily dressed young man and his older sister (left) posed in front of a painted backdrop, while a different background was used in the next photograph of "Willie Turner's baseball team," as noted on Emery's plate. The boy wearing the tie and holding the baseball is probably "Willie." The next plate is simply entitled "T. G. McCauslin's boy, Alabaster." Complete with a lace collar, he is seated on an animal hide. C. W. Conklin's baby rides in style in the next photograph. Such views can be found in many old family albums today, indicating that the town photographer was a very busy man.

'Swamp Tax' Hike to Benefit Area

A bill which would provide more than \$3,000,000 in additional revenue for schools and local government primarily in Northern Michigan has been approved by the state legislature. The measure would increase from 58 cents to \$1.50 per acre the payment-in-lieu-of taxes on state reverted lands. It would provide a total of over \$5,000,000 in state payments for tax reverted lands and divide the revenue among townships and counties, which will receive 40 percent (60 cents per acre) of the revenue and school districts will get 20 percent (30 cents per acre). These payments will be on about 3.5-million acres of land in the Northern Lower Peninsula and the Upper Peninsula. Prior to passage of this bill, the payment per acre was only 58 cents. The original bill introduced into the senate called for \$2.00 per acre, but this figure was chopped down to \$1.18 through a house compromise. The bill is currently being enrolled for presentation to the governor and he is expected to sign the measure which is scheduled to take immediate effect.

DPW Invokes Penalty Clauses Against Two Contractors

Action at Thursday's meeting of the Isoco County Board of Public Works indicates that a contract penalty clause is to be invoked against GGL Builders, contractor for construction of water service expansion in East Tawas, Tawas City and Baldwin Township.

Under the original contract, GGL had until October 1, 1977, to complete the project, but the DPW granted a revision to permit completion by May 1 and a date of June 1 to complete the cleanup.

Reviewing a check list on the work completed to date, the DPW noted that nearly all of the remaining work had been completed in Tawas City and Baldwin Township, but a long list of work items still remained to be completed at East Tawas.

William Smith, superintendent of public works at East Tawas, pointed out that six cuts made in asphalt pavement had not been repaired at East Tawas, along with construction of a small section of sidewalk.

Smith said that the lack of progress on repairs to Bay and Sawyer Streets was particularly distressing, inasmuch as it was causing great inconvenience during the tourist season. He sought permission for the city to complete the work with an asphalt contractor and then charge the cost to the contractor.

The DPW also invoked a penalty clause against Pittsburgh-Des Moines Steel Company for failure to have three water storage tanks in this project painted by June 15. The original contract called for the work to be done last December, with extensions to May 15 and finally June 15.

The cost of painting the three storage tanks is approximately \$100,000 and no further contract extension was permitted.

A report at the meeting stated that paint for the project had been shipped to a subcontractor, but had not arrived as yet. The contract calls for a \$100 daily penalty for each day the project is not completed after June 15.

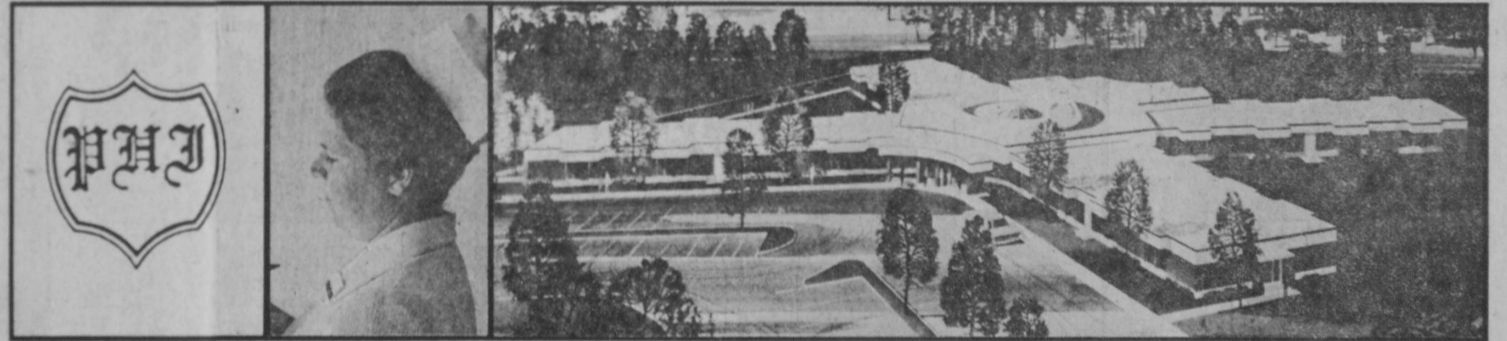

Provincial House, Inc. GRAND OPENING OPEN HOUSE

Sunday, July 16 ■ 2:00 until 6:00 p.m.
400 W. North Street, Tawas City

WORKMEN were installing metal on the front of the new Provincial House skilled nursing home last week as preparations were being made for an open house. Construction of the facility was started last fall.—Tawas Herald Photo.

July 16 Open House Slated at Provincial House Facility

Residents of Isosco County and surrounding area are invited to attend the grand opening Sunday, July 16, of the new skilled nursing home in Tawas City constructed by Provincial House, Incorporated. An open house is to be held from 2:00 to 6:00 p. m. at the new facility located at 400 West North Street.

The 120-bed facility is to begin admitting patients on Monday, July 17.

Capable of caring for nursing and convalescing residents of all ages, the licensed facility is to provide the highest level of nursing care available outside of a hospital.

Its complete program will include 24-hour professional nursing, medication control, dietary supervision, physical therapy and other rehabilitative and restorative services.

Licensure as a skilled facility enables Provincial House to provide residents with a broad range of reimbursement opportunities for care, including Medicare, Medi-

caid, health insurance and private payment plans.

Administrator of the new facility is Beverly Rawling, a registered nurse.

Department heads, nurses, nurses aides, dietary aides and housekeeping and maintenance personnel have been hired from among local area applicants.

The entire staff of the new facility is currently undergoing an in-depth training program, with department heads receiving supplemental orientation at other facilities of the Lansing-based firm.

Lower Hemlock

Mr. and Mrs. Lyle Groff are maternal grandparents.

Enjoying the holiday week-end at the Howard Look cottage at Sand Lake were Mrs. Wilford Youngs, the Donald Youngs family and Mr. and Mrs. William Look. Also at the family gathering were Mr. and Mrs. Dale Youngs of Saginaw and the Jerry Youngs family.

Mr. and Mrs. George Wojahn of Saginaw were at their cottage during the holiday week-end.

Monday guests of Mr. and Mrs. Edward Labadie were Velva Butts and son, Robert, of Henryville, Indiana. Mrs. Butts and Mrs. Labadie are cousins.

Mr. and Mrs. Gary Bessey and children of Laingsburg vacationed in the area last week and visited his parents, Mr. and Mrs. Grant Bessey. The Darrell Bessey family of Flushing attended the Uman-LaPorte wedding and also called on the Grant Besseys.

Mr. and Mrs. Dennis Szatkowski of Wright-Patterson Air Force Base, Ohio, are parents of a son, Dennis Norman II, born July 5. He weighed seven pounds, 12 ounces.

WIOS Lost First Game; Tawas Men's Softball League Standings Tighten

WIOS was finally knocked from the undefeated ranks in the Tawas Men's Softball League, but still held the top spot in standings with a record of nine wins and one loss. Outcome of a game to have been played Monday night may have a bearing on standings. Lakeside Bar, with a record of eight wins and one loss, ended in a tie July 5 with Lad's Padd and the game was to have been finished July 10.

Other action last week saw Wooden Wheels defeating Knights of Columbus, 14-8; Tawas Lanes dropped State-Wide, 17-2; Midway Family Center finally won a game, defeating Rose Builders, 17-15; Klenow's Market defeated WIOS, 11-9; Davison and Son defeated Buckhorn, 13-8.

Tawas Bay YC Skipper Crowned Michigan District Lightning Champ

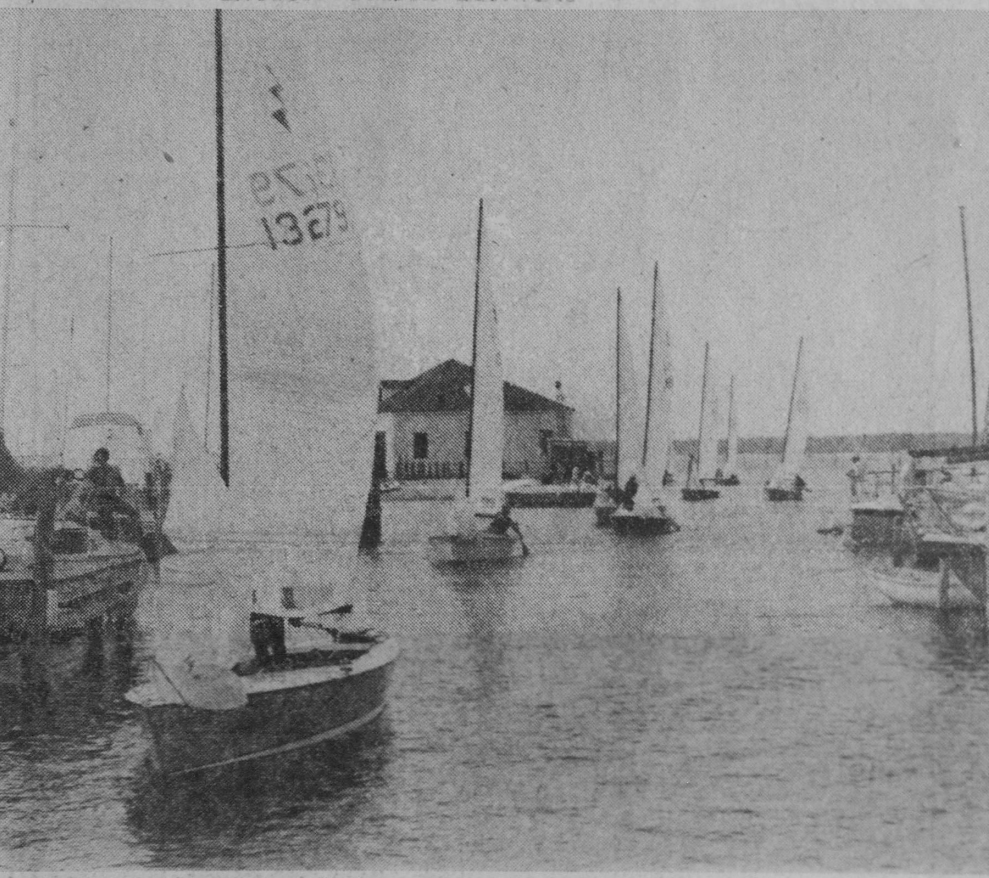

GARRY DEMAREST, left, Michigan District Lightning champion, is shown here with members of his crew, Sally Werenski of Grosse Pointe and Jeff Prince of East Lansing. Demarest won his fifth crown in races last week on Tawas Bay. The lower picture shows Lightning class sailboats entering Tawas Bay Yacht Club's harbor at the end of racing Sunday. —Tawas Herald Photo.

Garry Demarest of Tawas Bay Yacht Club sailed to his fifth district championship since 1969 in the Michigan Lightning Class regatta held last week on Tawas Bay. Hosted by Tawas Bay Yacht Club, there were 34 sailboats entered in the meet. Gary Cameron was regatta chairman and Charles Schreck was chairman of the race committee. Demarest, who hails from Albion and sails out of Tawas Bay, had two first place finishes, a fifth place, seventh place and ninth place to compile a 23-point total for the five races. In second place was Bill McKinley of the Pontiac Yacht Club, who

is a veteran Tawas Bay sailor. In third place was Clarence Holman III of the Pontiac Yacht Club. Fourth place went to George Sipel of Devils Lake and fifth place was won by Jim McCoy of Pontiac Yacht Club. In sixth place was Hank Hodgson, defending district champion. Cameron finished in seventh position, followed by Carl

Engels, Gull Lake, eighth place; Fred Eng, Crescent Sail Yacht Club, Detroit, ninth place; Dave Peters, Douglas Lake, 10th place. Demarest's name is to be engraved on the district championship trophy for the fifth time. The award originated in 1949 and was won that year by Herm Nickels.

Hello:

To introduce ourselves, Dick MacKenzie, former owner of the Lindenhof Restaurant at Bay City for 16 years, has been joined by his son, Rick, who will be the restaurant manager in Tawas City.

We are happy to be joining the Tawas area business community and will be looking forward to meeting and serving past patrons of this long-established business as the new owners. Most of the employees of the former business will remain with us and we plan to remodel and enlarge our facilities, primarily in the kitchen and restrooms.

Harbor Hopping near cities with 1,000 or more population has become a favorite pastime for generations of Michiganders. Boardwalk strolls, lakeside restaurants and craft from rowboats to ocean-going yachts, or through a port bustling with sleek sail craft on the eve of a big race, will excite the most confirmed landlubber. Most also host thousands of anglers after trout and salmon in spring and fall and perch in summer. All are accessible by auto and beaches or picnic areas near most make them perfect stops to wile away a summer's day.

- 1. Belle Harbor, near Monroe. 2. Wyandotte. 3. Detroit Memorial Park. 4. Metro Beach Metropark, near Mount Clemens. 5. Clinton River. 6. St. Clair. 7. Port Huron. 8. Harbor Beach. 9. SAFETY TIP:
Driving two-lane roads at freeway speeds is a common error. Adjust your speed after you leave a freeway. More than 70 percent of Michigan's fatal traffic accidents occur on two-lane roads at speeds too fast for conditions.

Ask Utilities Before Excavating

Area contractors, farmers and residents are reminded that they are required by state law to notify affected utility companies 48 hours in advance of excavating, blasting or drilling with power equipment. The most convenient and efficient way to meet the notification requirement is to call Miss Digg, the utility communications system, and inform it of excavation plans. The toll free number is 1-800-482-7171.

Working with the caller, personnel will determine the location of the excavation site by requesting such information as the county, township, city or village, street, then transmit this information to participating utilities, which will determine if the site is located near utility facilities. If that is the case, field personnel from the affected utility will mark the location of the facilities, enabling excavators to avoid damaging the lines. If there are no utility facilities near the excavation site, the caller will either be informed by telephone or a stake will be installed at the site indicating the area is clear.

Bids Opened on F-41 Project

Jutton Kelly Company of Novi and Schworn, Incorporated, of Traverse City were low bidders on reconstruction of F-41 between US-23 and the north gate of Wurtsmith Air Force Base near Oscoda. The two firms entered a joint bid of \$1,463,649. The reconstruction includes widening the road to a four-lane highway and improvements to nearby Rea Road between Skeel Road and Bissonette Road to serve as a detour during construction, which is expected to start this month.

MESC Notes Increase in Placements

Michigan employers and job seekers are reaping the benefits of a 59 percent increase in job placements by the Michigan Employment Security Commission (MESC) during the first half of its current fiscal year. According to a report from MESC, its job service filled 77,622 job openings with Michigan employers during the six-month period ending March 31. S. Martin Taylor, MESC director, said that employers have listed and the agency has filled a wide variety of job openings, ranging from professional and managerial to clerical, sales and service. The agency has had to overcome an image that it only handles low level blue-collar and domestic jobs. According to the report, the MESC office in Iosco County made 170 placements during the six-month period.

Lands Mammoth Lake Trout

Rosalie Stewart, an employee in the Iosco County Clerk's office, caught a 26-pound, 12-ounce lake trout July 4 while fishing in 90 feet of water in Lake Michigan near South Haven.

Medical Insurance Premium to Increase

Starting with July 1978, the basic premium for the medical insurance part of Medicare will increase to \$8.20 a month, up from the \$7.70 it has been since July 1977, a social security spokesperson said today.

People who pay the premium directly will notice the increase in their bills. But people who have the premium deducted from their social security check probably will not notice the increase because of the much larger increase in their social security check as a result of the cost of living increase that goes

into effect with July checks. Some people pay a higher amount than the basic premium. This is because there was a period of 12 months or more that they were eligible for medical insurance but were not enrolled for this protection. The increase in the basic premium amounts to 10 percent for each such 12-month period.

Even with this slight increase, medical insurance represents a real buy, the representative said. This is because the people pay only about 30 percent of the cost while the

Federal Government pays the remaining 70 percent from general revenues.

The basic premium will remain \$8.20 a month through June 1979.

Those interested can get more information about Medicare and about social security retirement, survivor, and disability benefits at any social security office. The address and telephone number of the nearest social security office can be found in the telephone directory under "Social Security Administration."

Employees are Told To Report Cash Tips

Employees who receive cash tips as part of all of their wages have to meet certain responsibilities under the social security law, a social security spokesperson said today.

A record must be kept of all cash tips received by an employee. And, if those cash tips amount to \$20 or more in a month working for one employer, the employee must report those tips to the employer. The tip report is due within 10 days after the end of the month in which the tips were received, although an employer can require the worker to report more often.

The representative cautioned that only cash tips must be reported. Tips received in a form other than cash, such as passes, tickets, or merchandise, do not count.

If tips are pooled or shared, only the amount finally received by each worker counts and must be reported.

The Internal Revenue Service has a special form—Form 4070—for reporting tips, which is available at any IRS office. IRS also has a booklet—Booklet 5635—which can be used to keep necessary records.

Other forms can be used, but they must contain the same information as Form 4070. Employers may provide forms or have employees report tips by signing a time card, check stub, or some other document. If this is done, the employer should give employees a statement for their records showing the amount of tips reported.

Employers will collect the social security contributions due on reported tips from the employees. He or she can deduct the amount due from regular wages, or the employee can give the employer money.

If the employer collects or withholds too much money, it should be refunded to the employees.

Employees who do not report all their tips to the employer will have to report them directly to IRS when they file their Federal income tax return. The report is made on Form 4137, available at any IRS office.

Social security has a leaflet, *Social security and cash tips*, which gives full information about reporting tips.

Free copies of this leaflet can be obtained by writing, calling, or visiting any social security

office. The address and telephone number of the nearest office can be found in the telephone directory under "Social Security Administration."

questions and answers

Q. My mother recently had a major operation, and the doctor says she'll need a wheelchair and oxygen equipment when she comes home. Will Medicare cover these items?

A. Medicare medical insurance can help pay for durable medical equipment, such as wheelchairs and oxygen equipment, for use in a patient's home if a doctor prescribes it. Your mother can either rent or buy this equipment. For more information, she should read her Medicare handbook or call a social security office.
