Before Circulating Petitions

Soper Awaits Word on State's Action

City Clerk Clyde Soper said Monday that he was mystified as to the reason why East Tawas had not received an official certification of the state boundary commission's finding and fact order October 24, stating its reasons for approving petitions concerning consolidation of Tawas City and East Tawas.

Such notification is required before petitions can be circulated calling for an immediate vote on the matter. If approved by voters, a charter commission would be elected; if rejected by a majority of voters in either city, the consolidation issue would be dead and there would be no need for a charter commission.

Soper, along with the East Tawas Council, believes the question should be placed before voters immediately in order to avoid wasting time on developing a charter if voters are not in favor of the proposal.

Acting as a private citizen last summer, Soper began circulating such petitions calling for an election, but the movement was stopped when it was learned that such action could not be taken until the state boundary commission made its formal decision on October 24. Tentative approval had been given in February.

"As soon as official notification is received from Lansing, we will begin to circulate the petitions," said Soper. Only 150 signatures are required to force a vote.

The City of Tawas City, along with area news media, received certified copies of the boundary commission's action last Friday.

The immediate reaction of City Clerk Rachel Sue McCready of Tawas City was to dash off a letter to Lansing questioning several statements in the findings.

One point made by Mrs. McCready was that the official name of the community for which she serves as clerk and acting city manager is Tawas City, not "Tawas" as printed on the official certification. She pointed out that "Tawas" is not the legal designation of the United States Post Office Department.

The official order received by Tawas City, but not by East Tawas, summarized proceedings of the boundary commission's finding of fact and order, including a complete property description of the "Cities of Tawas and East Tawas." Proceedings included filing of a

petition on December 28, 1976, asking for the consolidation of the "Cities of Tawas and East Tawas" into a home rule city; an adjudicative meeting on May 25, 1977, as to the legal sufficiency of the petition, which was declared legally sufficient; public hearings on August 2-3, 1977, to consider testimony; an adjudicative meeting on February 8 of this year to analyze testimony received on the original petition.

In reviewing information summarized by the boundary commission, the acting city manager took issue with the statement that "the Iosco County Sheriff's Department provides routine police protection to the City of Tawas." Mrs. McCready pointed out that the City of Tawas City actually contracts with the sheriff's department for this service and at a cost of \$35,000 annually, according to the county's 1978 budget.

Among the 11 points made in the findings of fact, the boundary commission stated "the majority of the area residents and officials speaking at the public hearing were undecided or opposed to the consolidation of the area." The commission found the proposed area for consolidation meets the consolidation requirements of the statute.

The eighth point of the finding stated "That if, between October 25, 1978, and December 8, 1978, the signature of five percent or more of the registered electors residing in the area approved for consolidation are obtained on a valid election request petition, and that petition has been filed in the boundary commission office no later than 5:00 p. m., December 8, 1978, the commission will call an election on the question of consolidation to be held at a later date;

"The commission finds that if a petition, as described above, is not filed, this commission order shall be final December 8, 1978."

The commission order stated that if the question of consolidation is voted on separately by the municipalities affected and, if the majority of either or both of the municipalities votes "no" on the question to consolidate, the commission's approval order is null and void.

If the majority of voters of the two municipalities separately vote "yes," approving the consolidation, the commission would order the election of a nine-man charter commission.

Speed Up Delivery of ATL Messages

Citizens band radio clubs and citizens patrol groups of Iosco County are cooperating with Michigan State Police of East Tawas this coming season in a new program to relay emergency (attempt to locate) messages to downstate persons hunting in this area.

Tpr. J. E. Jenkins reported Monday that, on receipt of an emergency message at the East Tawas post, key members of citizens groups located in the area where the downstater is hunting would attempt to contact the person and notify him to call the state police post.

In instances of emergency messages where there is a death in the family of a hunter, the state police would make personal contact, if possible.

Jenkins said the new message relay system is expected to free state police cars for regular patrol work during the busy hunting season, as well as to permit an increased number of messages to be handled by the local post.

Races - Proposals Feature Election

Lines Expected to be Long

Races at the state, congressional and legislative levels will feature the Tuesday, November 7, general election ballot.

Voters are urged to exercise their right of the election franchise. Less than 30 percent of Iosco's registered voters went to the polls in the August primary election, but it is hoped that the percentage will be improved in this election.

Election officials point out there may be a delay in voting at polling places due to the length of time required to mark the ballot for constitutional amendments, as well as two other ballots received by voters in most precincts and local propositions in four precincts.

With time permitting, voters should visit the polls as early as possible in order to avoid and lessen probable long lines after the dinner hour. Polls open at 7:00 a. m. and close at 8:00 p. m. on election day.

Key interest races at the state level have seen active campaigning, which dipped to a new low in

political mud slinging. William G. Milliken, Republican incumbent governor, and his running mate, James H. Brickley, are opposed by William B. Fitzgerald, Democratic standard bearer for governor, and Olivia P. Maynard, Democratic candidate for lieutenant governor.

State-wide interest will concentrate on the race for governor because of the PBB and other issues brought into the campaign.

Richard H. Austin, incumbent Democratic secretary of state, and Frank J. Kelley, incumbent Democratic attorney general, are expected to defeat their opponents on the Republican ticket, Melvin L. Larsen, candidate for secretary of state, and Stephen C. Bransdorfer, attorney general.

Another hot race of state-wide interest is the one for United States senator and a field of deep muck which has been plowed to extremes

during the campaign. Robert P. Griffin, Republican incumbent, is pitted against his Democratic opponent, Carl Levin.

In races for representative in congress and the state legislature, candidates of both parties have talked about their own qualifications rather than slamming their opponents and are to be commended for so doing.

Robert W. Davis is the Republican candidate for the 11th District congressional seat and Keith McLeod is his Democratic opponent. One of the two men will succeed Cong. Philip Ruppe.

At the state legislative level, candidates for 37th District state senator are R. L. Brown, Republican, and Mitch Irwin, Democrat; Robert D. Young, incumbent Republican, is opposed by William Bartlett Currie for state senator in the 35th District.

Two of the most active campaigns in the history of the 105th State Representative District have been conducted by Russell D. Mason, Republican, and Tom Alley, Democrat. Both men are from Ogemaw County and one will succeed State Rep. George A. Prescott, who retires at the end of the year.

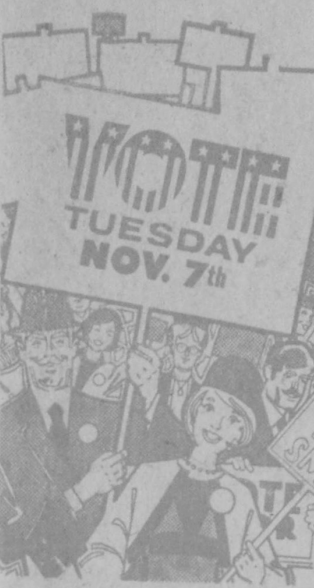

Both Mason and Alley have popular political followings in Iosco County, although it is predicted that Mason will get a slight voter edge in Iosco because of traditional Republican leanings. Both candidates have strong support throughout the district and it should be the most interesting race on election night.

Remainder of the state election ballot is composed of candidates whose names are practically unknown to most voters.

Democratic candidates include: Malcolm G. Dade Jr. and Annetta

Miller, candidates for state board of education; Paul Brown and James L. Waters, members of the board of regents of the University of Michigan; Carole Lick and Barbara J. Sawyer, members of the board of trustees of Michigan State University; Leon H. Atchison and Max J. Pincus, members of the board of governors of Wayne State University.

Republican candidates include: Barbara Dumouchelle and Silverenia Q. Kanoyton, members of the state board of education; John R. Axe and Gilbert E. Bursley, members of the board of regents of the University of Michigan; Paul V. Gadola and Mary P. Sharp, members of the board of trustees of Michigan State University; James R. Haley and Laura Reyes Kopack, members of the board of governors of Wayne State University.

November 7 Non-Partisan Ballot Has Two Races

A non-partisan ballot will be one of at least three ballots received by all Iosco County voters on Tuesday, November 7.

This ballot names justices of the supreme court, judge of the court of appeals, circuit court judge and district court judge.

Major interest is in selecting justices of the state supreme court for the term ending January 1, 1987. Candidates include G. Mennen Williams and James L. Ryan, incumbents, who are opposed by Alice L. Gilbert and Gary R. McDonald. Two justices are to be selected.

Two candidates are listed for the Third District, Michigan Court of Appeals: Kenneth L. Block and Barbara B. MacKenzie.

At the local level, 23rd Circuit Judge Allan C. Miller is unopposed, as is 81st District Judge J. Richard Ernst.

Tax Apportionment Report Adopted

A tax apportionment report submitted by the county equalization department was adopted last week by the Iosco County Board of Commissioners.

The report lists an allocation of 4.50 mills of taxes for county operation, .20 of a mill for the commission on aging, .029 of a mill for debt retirement (the last levy for Iosco County Medical Care Facility).

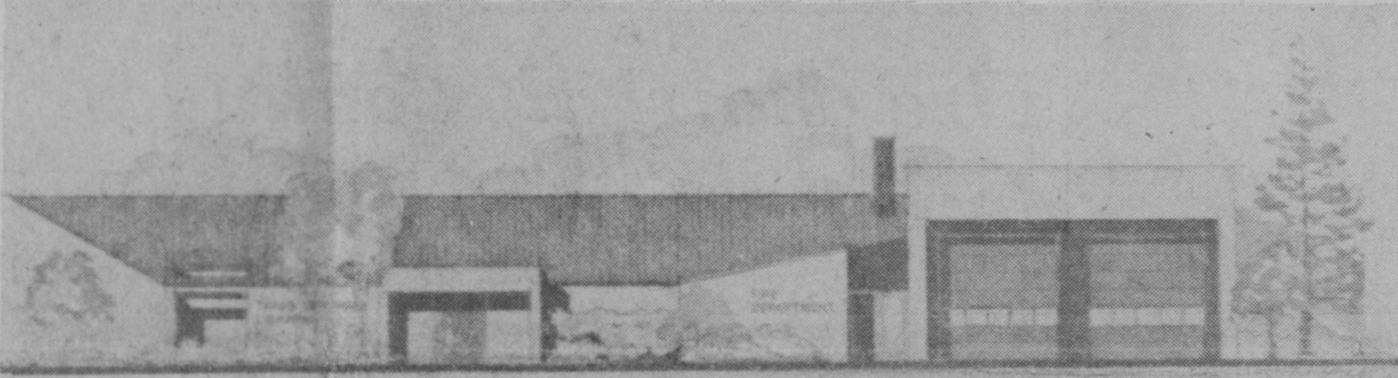

One mill of taxes, voted by the people, is allocated for Iosco Intermediate School District.

School district tax levies are as follows:

Tawas Area: Allocated, 9.25 mills; voted school operation, 12.00 mills; .50 voted debt retirement—27.479 total.

Governor Milliken Plans ET Visit

Gov. William G. Milliken is scheduled to stop Saturday on his tour of Northeastern Michigan cities. He is to arrive at the East Tawas Community Building parking lot shortly after 4:30 p. m. to visit with residents, followed by a tour of Newman Street business places.

After many months of discussion, Tawas City voters will have the last say on a proposed new city hall complex.

Vote on City Complex Expected to Help Bring Out Record Vote in T. City

Because of interest in congressional, state and local races, coupled with an important constitutional amendment ballot, next Tuesday's general election could bring out a record number of voters, at least for an "off-presidential" year.

Only 30 percent of Iosco's voters showed up at the polls for the August primary election—one of the poorest showings in history—but

County Clerk Keith Papas is predicting that up to 75 percent of the county's registered voters could cast ballots on election day.

Papas said that while he was hedging on making any predictions—he believed that around 50 percent of the voters would be at the primary election polls—he pointed out Tuesday that from 73 to 85 percent of the people on the county's registration lists vote during presidential elections.

"With great interest shown in the proposals, plus the interest of young people in the proposal to

raise the drinking age to 21 years, I predict that at least 75 percent of the voters will cast their ballots," said Papas.

In Tawas City, City Clerk Rachel Sue McCready expects an even higher percentage of voter turnout due to a special proposal seeking approval of a new city hall-fire hall-library complex.

Mrs. McCready said that 83 percent of Tawas City's voters cast ballots in the last presidential election and she believes that percentage will be even higher next Tuesday due to the local proposal.

Last week, the five councilmen urging a "yes" vote on the proposal gave their reasons for supporting it, as did Mayor Herbert Cholger, who opposes the proposal.

An editorial giving the views on the proposal by publishers of this newspaper appears in another section of this edition, along with an endorsement by citizens.

The county clerk expects that counting of ballots by election boards will not be fully completed until the "wee hours" of Wednesday, November 8, perhaps as late as even 9:00 or 10:00 a. m.

Investigate Rifle Fire at Whittemore

Iosco County Sheriff's Department investigated a report of rifle fire directed at a Whittemore area farm house early Tuesday morning.

Owner of the farm house, located west of Whittemore, said she was not particularly impressed with the mentality of the persons responsible for the "Devil's Night" prank.

A pickup truck and a car apparently drove along the road twice and fired at the house. The incident occurred at 3:12 a. m.

At East Tawas Monday night, eggs were smashed against various business buildings along Newman Street.

Tawas City Man Died in Crash; Wrecked Car Discovered Later by Passing Motorist

Shaun David Gillen, 21, Tawas City, was killed early Saturday morning, October 28, in a crash on Tawas Beach Road, East Tawas.

Investigating troopers from the Michigan State Police Post, East Tawas, said that a passing motorist noticed Gillen's car which had rolled down an embankment and reported the accident at 7:55 a. m.

Officers checked the scene and found the victim's body part way out of the door on the passenger side of the vehicle. The victim was dead at the scene.

It is believed the accident happened around 3:00 a. m. The car was about 40 feet off the roadway.

The victim's car was traveling northwest on Tawas Beach Road when it left the edge of the roadway. It traveled 200 feet down the shoulder, then came back on the road and crossed to the opposite side for 100 feet before striking several trees and rolling down the embankment. Officers said there were no skid marks.

Funeral Mass for Gillen was held Tuesday morning from Immaculate Heart of Mary Church, Tawas

City. Burial is to be in Holy Cross Cemetery, Butte, Montana.

Surviving are his parents, Mr. and Mrs. David Gillen of Alabaster, Ala.

Shores Jaycees.

SMASH Helped School Children Glow in the Dark

More than 150 Tawas City elementary students glowed in the dark this Halloween due to the efforts of Tawas Area High School's newly-organized SMASH chapter (Students of Michigan Attaining Safer Highways).

Members of the local SMASH chapter gave safety presentations in six classrooms on Monday, stressing the need for added caution while trick-or-treating.

Halloween posters stressed the need to: Always watch for cars; wear bright or white clothing; have Mom, Dad, or a much older brother or sister go with the children; use sidewalks when possible; be careful crossing streets; not accept candy or rides from strangers; not to eat unwrapped candy or treats before Mom or Dad check them; be polite and say thank you!

High school students also provided each elementary student with a coloring page and reflector tape for Halloween costumes. The reflector tape, placed on the front, back and

arms of the costumes, almost tripled the visibility of the little ghosts and goblins. Demonstrations were made in each classroom.

This was the initial "kick off" project for the Tawas Area High SMASH chapter. The students are considering making this an annual project, possibly expanding their efforts to include the East Tawas Elementary Unit as well.

Students making the presentations at the Tawas City Elementary School were John Brannan, Tammy Qualls, Sally Kasischke, Mark Calabrese, Charles Allen and Gary Spencer. Nancy Bolen helped prepare the materials for distribution.

"We appreciated having the opportunity to work with Prin. Herman Rollin, the teachers and especially the young people," David Niles, adviser, stated. "Everyone was most cooperative."

Membership in the local SMASH chapter is open to any Tawas Area High School student who participates in at least one SMASH activity during the year.

A CHIMNEY sticks out of the rubble of an unoccupied commercial building at Whittemore after last Wednesday morning's fire. Firemen at left are awaiting the arrival of the state fire marshal to begin investigation of suspected arson.—Tawas Herald Photo.

Fire Marshal Continues Investigation of Store Fire

Investigation into a suspected arson early last Wednesday morning at Whittemore has been turned over to the fire marshal division of the Michigan State Police.

Sgt. Carl Lange of the Iosco County Sheriff's Department, first person on the scene at a fire which

completely demolished the former Bull's Eye Market, believed the fire may have been started by an arsonist who disabled the city's fire truck.

Fire Chief Karl Bowsby said Wednesday morning that Clifford Burkholder and Harold Hess were the first volunteer firemen to reach the city hall. When they attempted to start the fire truck, they found that two coil wires had been ripped out of the vehicle's engine. Firemen were delayed a little more than five minutes in getting to the scene after the wires were replaced.

A passing motorist spotted the fire around 4:10 a. m. and stopped at the residence of Barbara Knaub, who turned in the alarm.

Sergeant Lange, who lives about one-half mile away, was the first person to reach the scene. The entire second floor of the frame building was in flames from end to end.

A wind from the south showered sparks on adjoining residences and the blaze threatened a nearby unoccupied frame building owned by William Finnerty.

The two Whittemore fire fighting units began to run out of water and the Plainfield Township Fire Department was called at 4:26 a. m. Within 25 minutes, that department was on the scene with two pumpers and two tankers.

The building, located north of the post office on M-65, was owned by Robert Compeau, who had operated a market there until closing in July. Two freezers, a gas furnace and hot water heater were still in operation. Compeau told Lange that his fire insurance had expired on the building.

Lange's report stated that Abel Gonzales of National City and three Compeau children had driven past the building Tuesday evening and saw a window open in the second story. They entered the building, closed the window and left around 8:30 p. m. Gonzales returned the Compeau children to the home of their parents in the Hammell Beach area. When questioned the next morning, he told officers they had found nothing out of order in the building.

Lt. Robert Huddy of the state police fire marshal division at Bay City was at the scene Wednesday and investigation was continued by that division.

The old frame building had a long history at Whittemore, being used as a school, a blacksmith shop, foundry and later converted

Tom Alley Gives Views on US-23 Needs at Meetings

Tom Alley, candidate for state representative from the 105th District, stated his position concerning US-23 at a meeting of Tawas Kiwanis Club in Tawas and a meeting of area Democrats in Oscoda.

"US-23 is symptomatic of the problems we face in Northeastern Michigan. All of the attention of our state government goes to the lower one-third and western side of our state, with little concern for Northeast Michigan," Alley said.

Alley has been in contact with United States Sen. Donald Riegle's office in Washington, D. C., confirming the fact that the federal highway department has no further plans for a limited access freeway from Standish north to Alpena.

Alley also has talked with the Michigan State Highway Department and discovered there is a task force studying US-23, but only from Standish to M-65.

"I still believe that a limited access highway is needed to help this

area of our state. If we cannot get the state to send plans in for an expressway then we should continue the fight for an improved US-23. Improvement of the highway could be a five-lane road with the center lane being used as the turning lane; this would be the safest approach to the traffic problems," Alley explained.

He continued: "Safety is a great concern of mine on US-23 and for that reason I cannot foresee a four-lane highway. Not only will an improved highway bring more traffic, but a four-lane highway without a turning lane will be extremely dangerous for those making a left-hand turn," Alley stated.

Alley said many people have been mistaken when they read the article in the Bay City Times which said he was opposed to a four-lane highway.

"I am still afraid of a four-lane road. A five-lane highway with the center lane for turning left would

be the answer to US-23 with the possibility of rerouting the road beyond some of the sandy shores to protect the natural environment as well as property owners living along Lake Huron," he said.

According to Alley, most people in the area he has talked with in his door-to-door campaign agree that something needs to be done with US-23 and there is support for a five-lane road to replace the current highway.

"How can you tell if the person at your door is really a Michigan Bell Employee?"

As you may have noticed, our employees do not wear uniforms. They dress in the way they think is most appropriate to get their jobs done. While this permits them to look like the individuals they are, it really doesn't help you identify them as Bell employees. But, there is a way. Every Michigan Bell employee is required to carry a Michigan Bell identification card giving his or her name, photograph, and signature. For your protection, be sure to see this card before you admit them into your home. They'll be happy to show it to you.

Hall - Williams Vows Said Oct. 27 in Tawas City

Debra Jean Williams and Richard Alan Hall were united in marriage Friday evening, October 27, at the home of her parents, Mr. and Mrs. Robert P. Williams of Tawas City. Parents of the bridegroom are Mr. and Mrs. Robert Hall of Traverse City.

The bride was given in marriage by her father during the double ring ceremony at which Probate Judge William McCready officiated and the Rev. Alfred Saulsbury offered the blessing.

Witnessing the vows were Valerie Williams, sister of the bride, and Gary Williams, brother of the bride.

Before leaving for a week-long trip to New Orleans, Louisiana, the couple greeted members of the immediate families at the Dutch Kitchen Restaurant. Upon their return, they will reside at Traverse City where the bridegroom is superintendent of the Cardio Care Unit, Munson Medical Center. The new Mrs. Hall will return to her position as assistant manager of Sweitzer Family Restaurant, Traverse City.

Appeals Court Candidate Set as Rotary Speaker

Barbara B. MacKenzie, candidate for the Court of Appeals, will address the Rotary Club of Tawas Wednesday, November 1, at Lixey's China House. All other service clubs and members of the public have been invited. Mrs. MacKenzie was nominated by a two to one vote over her opponents in the primary on the non-partisan ballot.

She is a graduate of the University of Michigan Law School, has practiced law in Saginaw and Potosky, is a former instructor in business law at Delta College and elected representative to the Assembly of the State Bar of Michigan. She is married, mother of two sons, Robert, 20, and James, 18.

Following the talk to the Rotary, Mrs. MacKenzie will attend a coffee klatch at the home of Judge and Mrs. Allan Miller, 1092 Margo Street, Tawas City, from 3:00 to 5:00 p. m.

Mrs. MacKenzie states, "It is necessary to maintain the delicate balance between guaranteeing individual rights yet recognizing that those rights carry with them responsibilities necessary for the protection of society."

Public Pension May Cause Rate Reduction

A new provision of the social security law may have an important effect on the retirement plans of working couples if one of them works in public employment not covered by social security, a social security spokesperson said recently.

Under the old law, the spouse of a person whose work was covered by social security could get a benefit as a husband or wife regardless of his or her pension income from sources other than social security.

Under the new law, the person's social security benefit as a dependent or survivor will be reduced by the amount of any pension he or she receives

based on his or her own work in public employment not covered by social security. This work could be for the Federal government or any State or local government.

Under an exception in the law, a governmental pension will not affect a social security dependent or survivor benefit if the person becomes eligible for the pension before December 1982, and at the time the person applies for or becomes entitled to a social security benefit as a dependent or survivor, the person could have qualified for that benefit under the law as it was in January 1977.

In January 1977 men had to

prove they were actually dependent on their wives to be eligible for benefits as a husband or widow, the representative said.

A governmental pension will have no effect on a person's social security benefit based on his or her own work covered by social security.

More information about the effect of governmental pensions on social security benefits can be obtained at any social security office. The address and telephone number of the nearest social security office can be found in the telephone directory under "Social Security Administration."

Call Social Security To Conduct Business

People who have business with social security can now take care of most everything by telephone, a social security representative said recently.

The first week of any month is a bad time to call social security, unless the caller has very urgent business. That is the week social security and supplemental security income checks are delivered. During that time it is not unusual for all lines to be in use. The best time to call is after mid-month.

A person can call social security to:

- Apply for social security or SSI benefits.
- Apply for Medicare.
- Change name or address of record.
- Report change in marital status.
- Report stop or start of work, and other events affecting checks.
- Report lost or stolen check or delayed payment.
- Report lost or missing social security or Medicare card.
- Get help with Medicare forms.
- Arrange for direct deposit of checks.
- Get benefit estimate.

Request statement of earnings record.

Get help in requesting review of decision made on claim.

Before you call, be sure to have all necessary information on hand.

To get help with any social security problem, call any social security office. The telephone number can be found in the telephone directory under "Social Security Administration."

Card Girls Beat Pinny

Whitmore-Prescott girls turned in a 60-49 basketball victory over Pinconning October 24 on the losers' home floor.

The Card girls jumped off to a 14-5 lead in the first quarter and were never headed.

Barbara Erickson was high scorer with 22 points followed by 17 points turned in by Joy Ori. Top rebounder was Ori with 14.

The Cards hit on 67 percent of their shots from the free throw lines and 36 percent from the floor.

The team now has a record of one win and five losses in league competition and an over-all record of three wins and eight losses.

Reported Theft of Deer Rifle

Richard Voss, Whitmore, reported to the Iosco County Sheriff's Department last week that a .30-30 caliber Winchester rifle had been stolen from his garage.

Federal Land Use Suggestion Period Extended to Nov. 25

In response to requests from the public, the comment period on regulations proposed to guide land and resources planning on national forest lands has been extended from October 30 to November 29 by M. Rupert Cutler, assistant secretary of agriculture.

These regulations provide for integrated planning of all resource uses on national forest lands. They were published in the August 31 issue of the federal register and a public hearing to receive comments on them was held in Washington, D. C., September 15. Cutler

said he plans to hold a second public hearing in Washington in late November.

A report on the scientific and technical adequacy of the proposed regulations is expected to be completed by mid-January, according to Arthur W. Cooper of North Carolina University. Cooper is chairman of the seven-member committee of scientists that advises the secretary of agriculture on forest planning regulations.

Cooper noted that his committee has identified four major issues. These are timber production, silvi-

cultural standards, wilderness and timber harvest scheduling. He invited anyone interested in submitting suggestions as to how these issues should be treated to send their comments to the Director of Land Management Planning, Forest Service, USDA, Post Office Box 24-17, Washington, D. C., 20013.

Copies of the proposed regulations can be obtained from any of the 14 forest supervisor offices in the eastern region of the forest service or from the regional office at 633 West Wisconsin Avenue, Milwaukee, Wisconsin 53203.

General Television Starts Construction

General Television of Michigan began construction today of a satellite receiving station. The five meter parabolic dish antenna will receive first run movies and live sporting events which General Television will make available to its cable customers. The premium programming, unedited and without commercials, will be transmitted from Home Box Office, a subsidiary of Time, Incorporated, New York City, New York, beginning December 1.

Stanley Wooten, manager of the

General Television office in Oscoda, stated that the new programming will be available on cable channel 5. He expects the new service to be in great demand and said that "premium programming will revolutionize the entertainment industry." Movies and sporting events will be programmed from New York and will be transmitted to an earth satellite stationed 23,000 miles above the equator. Program signals will be retransmitted to the earth station for distribution by General Television of Michigan.

Shoots Self With Revolver

Mark A. Schreiber, 20, Flint, was treated October 22 at Tawas Hospital and then transferred to St. Luke's Hospital, Saginaw, for a self-inflicted gunshot wound.

Iosco County Sheriff's Department reported that the victim accidentally shot himself while loading a .38 caliber revolver. The accident took place in a cabin north of East Tawas.

CETA Had 5,600 Slots in Region

Over 5,600 unemployed persons were placed on Comprehensive Employment Training Act (CETA) jobs in Region 7B Employment and Training Consortium during the 1978 fiscal year, according to Roberta Volker, administrative director, Region 7B, Michigan's largest balance of state consortium, has over 1,370 people enrolled in nine CETA programs at the present time.

In Iosco County, 617 persons were served during this period.

The CETA program, funded by congress in 1973, was kept alive with passage of an 11-billion-dollar, four-year re-enactment of CETA on October 15. The bill provides for greater emphasis on training the economically disadvantaged for work in the private sector.

Archer Found Abandoned Safe

An archer hunting deer in the Alabaster Road area October 24 saw a van truck stop along the road and noticed two subjects remove a heavy object from the truck and roll it down a ravine.

Thinking more about it, he checked the area the next day and found a heavy safe at the bottom of the ravine. State police were called and a wrecker was used to roll the 250-pound safe back to the roadway.

Officers said that a welding torch had been used to burn hinges off the safe door and that it had been pried open. A check with area law enforcement agencies revealed that no safes had been stolen in the area and state police are checking with authorities in adjoining counties.

Injured When Car Hit Bridge

Eve R. Mandrek, 24, was treated Sunday afternoon at Tawas Hospital after her car struck the Mathews Street bridge in Tawas City. The door flew open and the driver, who was riding alone, fell out. The car then traveled across the bridge toward US-23 and smashed into a chain link fence on the east side of the road.

Adopt 1979 County Budget; Little Change from Preliminary

Following a public hearing Wednesday, Iosco County Board of Commissioners adopted its budget of \$1,965,094 for 1979 operation. A slight revision is expected to be made to the total before the end of the year to include five additions as follows: Circuit judge supplement increased by \$150, circuit court reporter salary increased by \$559, county treasurer travel ex-

pense increased by \$200, part time help in the county treasurer's office increased \$3,000 and the district court judge salary supplement increased by \$300. Based on a tax levy of 4.5 mills, the property tax portion of the revenue budget is \$1,024,265. Fees from county offices amount to \$509,828.

County Treas. Edward Nelkie again appeared before the commission and stated he estimates that the general fund will have a balance of \$205,000 on December 31, which would be carried over into next year's revenue budget. This was caused by an unanticipated increase in county fees. Nelkie also pointed out that the county would receive approximately \$70,000 to \$80,000 in additional interest money from investing \$500,000 in bond money to finance construction of additions to the county building and jail.

No action was taken on a lower tax rate suggested by the county treasurer. It was pointed out that a contingency fund of approximately \$200,000 was necessary to meet anticipated needs at the medical care facility and for increased salaries under new contract negotiations with employees of the sheriff's department and district court after the first of the year.

In other business, Chesley W. Sommerville, Oscoda businessman, was named to succeed James Gowenlock on the Iosco County Social Welfare Board. Extreme objection to replacing Gowenlock was voiced by Chairman Carlton Merschel. A resolution calling for Sommerville's appointment made by David George and supported by John Webb Jr. was adopted by a three to one roll call vote. Voting with George and Webb in favor of the new appointee was Joseph Fox. Merschel voted

"no" and John McArdle of Oscoda abstained from voting. Aside from the above actions, the commission approved payment of \$2,145.16 as its share of printing county road maps. As a means of clearing property descriptions, the commission entered into agreement with the Iosco County Road Commission to trade county interest in property located in East Tawas known as the old county garage. The county commission agreed to issue a quit claim deed to the road commission for the county's interest in the property and in return is to receive a 120 by 200-foot parcel of land off Westover Street. The above parcel could be used for a county bus garage, if desired. The county commission had con-

sidered possible use of the old county garage for transit purposes, but indicated Wednesday it was no longer interested in the old garage and the road commission could dispose of the property. The commission approved a payment of \$3,937.25 to Oscoda Township as the quarterly payment for operating the Oscoda-AuSable ambulance service. The commission waived performance bonds for ceiling insulation work to be performed on the county building under an EDA energy grant. Such action is permitted under federal regulations as the cost is under \$10,000. Undersheriff Basil O'Dell appeared before the commission and briefly reported on jail rules being dictated by the state.

General O'Loughlin Now at Wright-Patterson AFB

BRIG. GEN. Earl T. O'Loughlin, vice commander of the Oklahoma City Air Logistics Center, Tinker Air Force Base, Oklahoma, has been reassigned as deputy chief of staff of procurement and production at the Air Force Logistics Command, Wright-Patterson Air Force Base, Ohio, effective November 29. General O'Loughlin is the son of Mrs. Lutie O'Loughlin of East Tawas and a 1948 graduate of East Tawas High School. He has served at Tinker since June 1977. General O'Loughlin's military career began in 1951 as an enlisted airman. Following training, he served in Japan and Korea until 1953. Since then, General O'Loughlin has served as an aircraft commander, instructor pilot, operations officer and various management positions at Maxwell Air Force Base, Alabama; Würthsmith Air Force Base; in Vietnam; Offutt Air Force Base, Nebraska; Blytheville Air Force Base, Arkansas; in Thailand, and Plattsburg Air Force Base, New York.

North Pacific Ocean and Bering Sea. He is assigned to the coast guard cutter, Boutwell, homeported in Seattle, Washington.

During the 60-day patrol, the Boutwell will conduct surveillance operations in the North Pacific and enforce international treaties and United States laws, including the 200-mile fisheries conservation zone. Port visits are scheduled in the Alaskan cities of Kodiak and Adak.

Boutwell is a 378-foot-long, high endurance cutter which carries a crew of 155 officers and enlisted men. She is equipped with guns and torpedo launchers and is outfitted with a landing platform for a search and rescue helicopter.

A 1976 graduate of Metro State College, Denver, Colorado, with a bachelor of science degree, Andrus joined the coast guard in October 1977.

Picked for AF Training School

Selected for instruction in the communications electronics field at Keesler Air Force Base, Mississippi, after completing basic training at Lackland Air Force Base, Texas, is Ann. Cheryl A. Montante, daughter of Mrs. Naomi A. Martin, Westland.

During the six weeks at Lackland, the airman studied the air force mission, organization and customs and received special instruction in human relations. Completion of this training earned the individual credits toward an associate in applied science degree through the Community College of the Air Force.

Miss Montante attended Hale Area High School. Her father, Michael W. Montante, resides in Hale.

THE ANNUAL HALLOWEEN PARADE has become traditional for elementary students at East Tawas and several hundred youngsters dressed in costumes Tuesday afternoon for the march on Newman Street. Included was the high school pep band, along with the volunteer fire department.—Tawas Herald Photo.

Complete Navy Recruit Training

Navy Ann. Richard J. Menerey Jr., son of the senior Richard Menereys, and Snn. David A. Edmonds, son of Mr. and Mrs. Willard J. Edmonds, all of Oscoda, and Snn. Robert Rouiller, son of Mr. and Mrs. Allen Rouiller of East Tawas, have completed recruit training at the Naval Training Center, Great Lakes, Illinois.

During the eight-week training cycle, they studied general military subjects designed to prepare them for further academic and on-

the-job training in one of the navy's 85 basic occupational fields.

Included in their studies were seamanship, close-order drill, naval history and first aid. Personnel who complete this course of instruction are eligible for three hours of college credit in physical education and hygiene.

The recruits joined the navy in July.

When Governor Milliken promises jobs ... He delivers

103,725 more persons in Northern Michigan have jobs today because Milliken has been doing his

The Promise:

"Until all citizens of this state are provided with an opportunity to hold a job, the creation of additional permanent employment will be my administration's number one priority."

The Performance:

Total employment since 1970 in northern Michigan has increased by 40 percent—one of the fastest growth rates in the nation.

The Promise:

"As a native of northern Michigan, I have maintained an unwavering commitment to this area of the state throughout my career. That commitment continues whether it is in pursuit of balanced growth, saving the railroads or building better roads."

The Performance:

Northern Michigan now is experiencing unprecedented population gains and community growth. The region's total transportation network is regarded as a model which other states are following. The Milliken administration has saved more than 800 miles of railroad track that would otherwise have been abandoned in outstate Michigan.

The Promise:

"We will maintain a balance which will allow for creation of jobs without destroying those qualities which have made northern Michigan such a desirable place to live."

The Performance:

The Milliken administration has fought nuclear dumping and Seafarer. It has made Michigan one of the first states to ban throwaway beverage containers. It has targeted more than \$1.2 billion to clean up Michigan waters.

The Promise:

"Just as a family must live within its means, government, too, must not spend more than it collects in revenues."

The Performance:

Tax cuts initiated by Gov. Milliken saved Michigan taxpayers \$500 million this year alone. Michigan has been living within the limits proposed in the tax limitation proposal which Milliken supports.

They Called Him:

'SHOEPAC JAKE'

JACOB LOFFMAN was known as "Shoepac Jake" to residents of East Tawas in the early 1900s. After working for many years in local sawmills, he established a business which manufactured unique footwear for use in cold weather and deep snow. Leather for his shoepacs was processed in his own tannery. A picture showing his manufacturing operation has not been located.

There were a number of skilled craftsmen—tanners and shoemakers—and he provided employment for them in his tannery and factory on East State Street.

Another sobriquet earned by Loffman at East Tawas was "Shoepac Jake," for he manufactured lightweight boots for the wholesale and retail trade for many years.

Loffman employed a number of hands in the manufacture of this unique footwear. The shoepac was a moccasin-like boot developed over a period of many years in Northern Europe. In those cold countries, the moccasin was first made by tying a leather bag-like covering over the foot with a string. Many of the early Northern Europeans covered their legs with rough skins, held in place by cord tied to sandals.

The earliest boot was made by joining the bottom of this leg covering with the sandal sole. From this simple footwear evolved the shoepac, a moccasin of lightweight leather with a sturdy leather sole. Early man made shoes long before he made record of what he thought or did and not much is known of this early type of footwear.

Loffman was not a tanner or shoemaker by trade, according to his son, Emil, who lives at East Tawas, but "Jake" realized that the shoepac would be an ideal boot to wear in the deep snow of Northern Michigan. Through his frugal habits in life, he had saved enough money to provide capital for a new business.

In the days before rubber footwear, the shoepac was the only "waterproof" boot available. The boot, ranging from laced high-top height to hip boot style, was entirely hand sewn by skilled craftsmen in Loffman's shop.

Leather used was manufactured from cowhides purchased from local farmers and processed in Loffman's tannery. Heavier leather for soles was purchased at Alpena and fastened to the uppers by brass nails.

Emil cannot recall the annual output of his father's business, but he remembers that numerous pairs were sold to local farmers, lumbermen and hunters. He had a rather large mail-order business as many pairs of shoepacs were shipped to Louisiana for use by workmen in the wet cypress swamps. Sales were made mostly by word of mouth advertising.

The local tannery used tamarack

People of many different lands and creeds helped to weave the rich cultural heritage of this country, often termed the melting pot of the world. One of those foreign-born persons figuring in East Tawas' early history was "Shoepac Jake" Loffman.

During Michigan's lumbering era, the region's population was augmented by many immigrants from Northern Europe, particularly the tall, blonde Norseman from Sweden and the industrial-frugal Finlanders.

Finding employment here in the pineries and sawmills, they saved their money and built homes for themselves and their families. At East Tawas, one section of the Third Ward was known as "Swede Town" because of its make up of peoples from Northern Europe.

The "king de facto" of the Swedes and Finns at East Tawas was the sobriquet given to Jacob Loffman, an early comer to Iosco County. Native Finlanders sought his advice and counsel and he was never known to betray their confidence.

Loffman was born March 16, 1847, in Kaustby, Finland, and in early manhood, emigrated to America, coming to AuSable in 1872. His first employment there was in one of the sawmills which lined the mighty AuSable River.

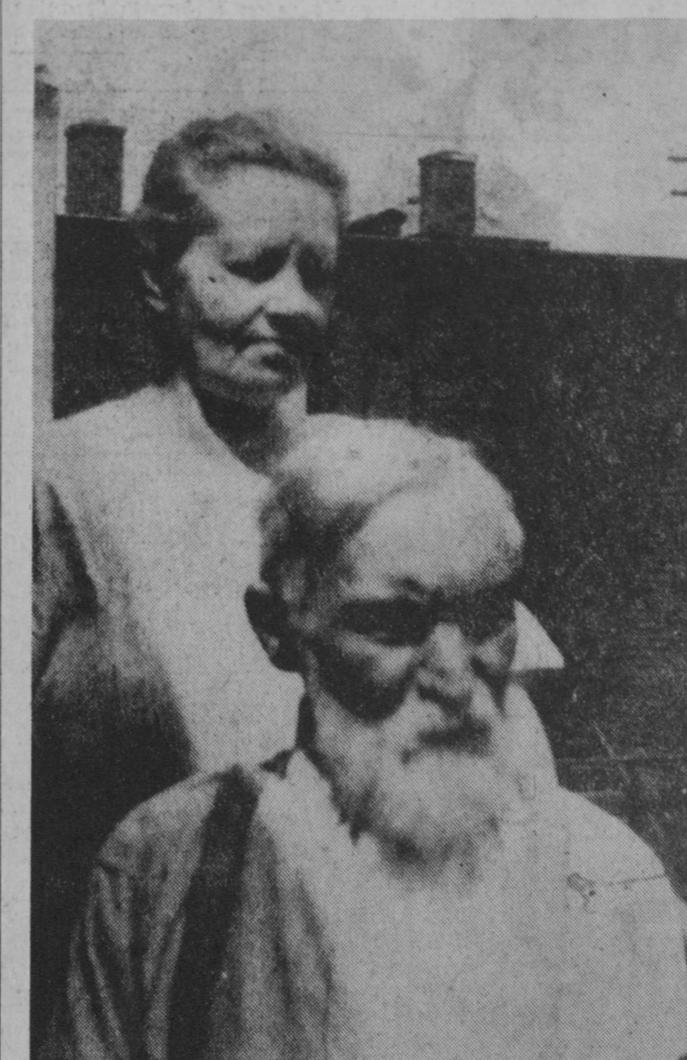

He later lived for a time at Alabaster where he was employed in B. F. Smith's gypsum quarry, now known as United States Gypsum Company. In 1878, he moved to East Tawas and two years later was married to Miss Greta Grauholm. The Loffmans were to make their home here until 1918.

(Five children were born to the Loffmans, including three daughters, Sadie, Ida and Esther, along with two sons, Matthew and Emil. The latter is the only surviving member of the family and is now 80 years of age.)

Loffman had charge of the crew at one of the local sawmills "and could 'Jake' and his crew pile slabs? Ask any old-timer," remarked the editor of the old Iosco County Gazette in 1925.

This industrious Finlander was responsible for bringing many of his kind from the "old country" to America and he was instrumental in helping many make a decision to renounce old allegiances and become useful citizens in their adopted country.

Among those whom he brought

SHOWN WITH HIS WIFE, Greta, Jacob Loffman was past 70 years of age when this picture was snapped at Detroit shortly before his death in 1925. The Loffmans had moved to Detroit in 1918. He had been a resident of Iosco County since 1872.

Three Races for Iosco Board of Commissioners on Nov. 7

Several contests at the township level, plus three races for county board of commissioner seats, will feature next Tuesday's general election ballot.

A blank space on the ballot will greet voters of Oscoda Township for county commissioner to fill a vacancy in District No. 1. The position had been held by the late Jack Allen, whose death occurred after August primary election ballots had been printed.

The county board of commissioners appointed John McArdle to fill the vacancy until voters filled the vacancy in the general election. Both McArdle and James Stech are write-in candidates.

In District No. 2, David George, who was appointed to fill a vacancy, is unopposed, as is Carlton Merschel in District No. 3.

In District No. 4, Marian Ulman, Republican, is opposed by Hope Rescoe, Democrat. The district is presently served by Joseph Fox, who retires at the end of the year. Units comprising the district include Tawas City, Whittemore, the Townships of Alabaster, Tawas, Sherman, Burlleigh and the west one-half of Baldwin.

District No. 4 has a two-way race between John Webb Jr., incumbent Republican, and Robert Pember, Democrat. The district includes

Plainfield, Grant, Reno and part of Oscoda Township.

Township candidates are as follows:

ALABASTER TOWNSHIP

There is a three-way race for township treasurer with John H. Weible, Republican, and Joan Lorenz, Democrat, listed on the ballot. Leona Benson, who was defeated for the Republican nomination, will be a write-in candidate.

Another race pits Gary Lutes, Republican, against Alice B. Makinen, Democrat, for the office of trustee. Unopposed are Robert H. Crawford, Republican, supervisor; Raymond "Pete" Rescoe, Republican, clerk; Tom Trahey and Harry Wellna, Democrats, constables.

AUSABLE TOWNSHIP

Candidates unopposed on the ballot are Raymond A. Andrus, supervisor; Della Schweickert, clerk; Calvin McLaren, treasurer; Eileen Hall, trustee; Donald J. Marcoulier and Armen Godt, constables. All the candidates are Republicans.

BALDWIN TOWNSHIP

Unopposed Republican incumbents include: Richter Lixey, supervisor; Frieda Rempert, clerk; Joyce A. Klenow, treasurer; Joseph Badalucco, trustee.

BURLEIGH TOWNSHIP

Republican candidates are: Martin Siegrist, supervisor; James Bel-

son, clerk; Lillian White, trustee; Sharron Ott, treasurer; Richard Colvin, constable. Darrell Colvin, present township clerk, is a slip or write-in candidate.

GRANT TOWNSHIP

Unopposed incumbents include: Olen Herriman, supervisor, Democrat; Lucile Blackmore, clerk, Republican; Dale Butzin, treasurer, Republican; Lowell Aspin, trustee, Republican.

OSCODA TOWNSHIP

Only one race is listed on the election ballot. Robert K. Foster, incumbent supervisor, is unopposed; Edward J. Tate, incumbent Republican clerk, is opposed by Stanley L. Kowalski, Democrat; Maxine F. Bissonette, incumbent Republican treasurer is unopposed as are William L. Stone, William C. Christman, Delphine A. Weisl, Republican candidates for trustees.

PLAINFIELD TOWNSHIP

Ray D. Kesler, Republican supervisor, and Barbara Malcho, Democratic treasurer, are unopposed in the election. Elizabeth M. Timmer, incumbent Democratic clerk, is opposed by Shirly Vee Kesler, Republican. Royden Parkinson, Democrat, is unopposed for trustee, while Richard A. Lange, Democrat, is unopposed for constable.

RENO TOWNSHIP

Five different candidates received write-in votes for the township supervisor vacancy in the August primary, but none of the candidates received enough votes for a name to be printed on the general election ballot. Unopposed Republican candidates include Leonard Robinson, clerk; Winona Redmond, treasurer; Eilert Barnes, trustee; Joseph Barnes, constable. James Mielock will be a sticker or write-in candidate for supervisor.

SHERMAN TOWNSHIP

This township also had a blank space on the primary ballot for supervisor and Calvin Nickell won the Democratic nomination by receiving more write-in votes than two other candidates. A similar write-in campaign is expected in this election. Unopposed candidates on the ballot are Harold A. Parent, clerk; Harvey E. Smith, treasurer; Michael J. Jordan, trustee; Frederick Chapman, constable, all Democrats.

TAWAS TOWNSHIP

Unopposed Republican candidates include: LaVerne J. Koepeke, supervisor; John J. Katterman, clerk; Irene Hughes, treasurer; Robert Grabow, trustee; Harold Wegner and Merlin Warner, constables.

WILBER TOWNSHIP

Two incumbent candidates survived a write-in campaign in the primary election and unopposed candidates are Edwin B. Cavell, supervisor; Betty Cross, clerk; Opal Mallon, treasurer; Harold Cholger, trustee, all Republicans.

Wilber Township voters are again being asked to approve a one-mill tax levy for road construction for a period of four years. This proposal was rejected by voters, 58-48, in the primary election.

Mental Health Board Meeting

Iosco-Ogemaw Community Mental Health Services Board will hold its next regular board meeting on Monday, November 13, 7:30 p. m., at the Mental Health Clinic in Tawas City.

Area coverage of this board consists of the Counties of Iosco, Ogemaw and Oscoda.

Final Plans Made for Bazaar

Final plans were made for the Christmas bazaar at the Thursday, October 19, meeting of St. Joseph's Council of Catholic Women. The event is slated for Saturday and Sunday, November 4-5, at the social center. The usual good variety of Christmas gift wrappings, candy, ornaments and handicrafts will be available and a bake sale will be in progress both days. Lunch will be served Saturday beginning at 11:00 a. m.

Serving on the committee for the regular meeting were Ardis Klingler and Ellen Mochty, who served cookies and coffee.

Members will convene Thursday, November 16, for the monthly meeting.

Tawas City Needs New City Hall-Fire Hall-Library — VOTE 'YES'

After much discussion during recent months, Tawas City voters will have the opportunity to decide on Tuesday, November 7, if a new city hall complex is needed. This question is important and each registered voter should exercise his or her right on this referendum.

Publishers of The Tawas Herald endorse and urge a "Yes" vote on this proposition. Careful consideration of this proposal over many months has indicated to us that a new city hall-fire hall-library is necessary to the future of this community and voters should support the majority of their elected officials in this matter.

Deliberations on replacing the nearly 60-year-old city hall began more than a year ago when unanimous action of the council and mayor appointed a committee to study the matter. From April 4, 1977, through May 3, 1978, that committee composed of councilmen, businessmen and citizens held nine meetings and met twice with the planning commission.

After establishing a need for new quarters to house city governmental operations, a fire hall and a library, 10 different locations within the community were considered, despite all the rhetoric to the contrary. Selection of the final site—the present city hall location and the adjoining Adamek property—was the unanimous decision of the committee.

The need for a new city hall complex is obvious to anyone visiting the present quarters, especially during council meetings. The old building has fulfilled its purpose since constructed in 1924, but facilities have been woefully inadequate to meet city needs for a number of years. In addition, part of the fire department and library are housed in a temporarily rented building which has a sign posted in front which states the property is for sale. Use by the city of this property could be withdrawn at any time, which was indicated by the owner earlier this year.

Operations of city business have expanded many-fold since the present building was constructed in 1924; office space is inadequate for the day-to-day operation of this growing community. In addition, voting facilities should be returned to the proper location in the city hall.

The fire hall was designed to house one chain-driven pumper unit with hard rubber tires and a smaller Model T Ford truck equipped with chemical apparatus—perfectly

adequate in 1924, but not for today's modern, larger and more costly fleet, consisting of two pumper units, a four-wheel drive truck for grass fires and a tanker. The community is blessed with an active, competent and qualified volunteer fire department for the protection and security of the community, but quarters housing the fire department actually are not fireproof!

A library is important to all communities and services provided by Iosco-Arenac Regional Library are excellent. Moving the library into its present rented quarters was only a temporary measure and a permanent, centrally-located facility is needed to fulfill the cultural and educational needs of all alike.

After much deliberation over the pros and cons offered concerning the site, as recommended by the committee and a majority of the council, the editor of this newspaper agrees with the site selection. It is centrally located and within walking distance for many persons; it would make a positive contribution to the aesthetic value of the entire community and its citizens could take pride in this facility.

Much has been said about the safety factor involving location of a fire hall on US-23. To satisfy his own curiosity about a statement allegedly made by the state fire marshal's office, the editor called the district fire marshal at Bay City. The lieutenant in command, who is most familiar with this community, felt the proposed site was ideal as US-23 provides the most direct access to both Alabaster and Tawas Townships, which are furnished fire protection by Tawas City, as well as to any other section of this city. As an example of traffic at fire station locations, he pointed out that roads and streets in front of fire halls in the Bay City area carried much more daily traffic than US-23 does through Tawas City.

After due consideration, it is this corner's opinion that a fire hall should not be located in a residential area of this city, due mainly to the large number of dangerous intersections. Increased traffic through location of a fire hall in a residential area certainly would not be desired or advisable.

Total cost of the new facility is not to exceed \$500,000 and financing would be accomplished through a Farmers Home Administration loan on a 40-year program at the low interest rate of five percent. Much has been made over the

statement that the final cost of the facility would be much in excess of the voted amount over a period of 40 years, but this is common knowledge to anyone purchasing a home. Unless one is blessed with cash in the pocket or savings, purchase of a home is out of the question unless long-term financing is involved. In this case, the city has the opportunity to take advantage of an extremely low interest rate.

Members of the city council have determined that additional city taxes would not be necessary to retire the bonded indebtedness to finance construction of the complex. The simple matter is that a quick look around the community will disclose a rapidly increasing state valuation through new construction and a new city complex at the proposed site should help to trigger some much needed commercial expansion in the "downtown" area.

The increase in the city's valuation represented \$17,360 for the year ending June 30. That money, coupled with increasing state shared revenues of \$9,316 during the past year, plus rent for the temporary library and fire hall location of \$2,700, would amount to \$29,376. It is the majority of the council's opinion that no additional taxes would be required to finance the new facility.

No one, however, expects or suggests that construction of a new city hall complex would be a "free ride." Through modern construction, there should be a saving in fuel to heat the building, but there will be cost of construction—the only difference in local viewpoints is that the above mentioned funds can be utilized without affecting other priority items in the future budgets of this city.

Construction of this facility and the site selected by the committee has the support of the majority of the city council, the planning commission and its professional planning consultant, Vilcan-Leman and Associates, that, too, despite the rhetoric of a few. There are those who would cloud the issues, but the fact remains that this community needs a new city hall complex, regardless of whether or not consolidation may take place in the future. There will always be a need for this facility!

Low interest financing is available now and delay would only see a price increase in the future. For those reasons, the publishers, Nelson E. and Neil Thornton, urge a favorable "YES" vote by electors of this community on Tuesday, November 7.

TODAYS Meditation
From The World's Most Widely Used Devotional Guide
The Upper Room

(Read Romans 8:18-25)

"I reckon that the sufferings we now endure bear no comparison with the splendour, as yet unrevealed, which is in store for us." (Romans 8:18 NEB)

They call her Lame Lina. She has been crippled from birth. She is living in a tiny old cottage. Years ago, she could painfully move around in her two small rooms, but she has been confined to her bed for the last 15 years. Only with help from others can she move and turn around. One day, I heard that she was having her 65th birthday. I bought some flowers, wondering what I could tell her. Happy birthday? Best wishes? All these phrases seemed insignificant. I told her instead, "I want to express how much I appreciate the great patience you have and the fact that you are able to endure all this pain."

"Ah, doctor," she replied, "I am not always as patient as you think. But, when I am alone and when I want to complain, then I remember that the sufferings we now endure bear no comparison with the splendour which is to be revealed for me. And then, doctor, I can move on."

PRAYER

Lord, we thank You for the assurance we have that we can exchange this life with all its sufferings for a better life. Amen.

Emil said he had saved a pair for many years, but the shoe-pacs were accidentally discarded during spring house cleaning a number of years ago.

"Shoepac Jake" is still remembered by older East Tawas residents and, if ever discovered, a pair of his famous boots would be an interesting addition to the collection of the Iosco County Historical Society.

US-23 Parking Eliminated at East Tawas

15 Years Ago—

November 6, 1963—Elimination of parking along US-23 is to take place in East Tawas after the state highway department completes its widening and modernization program.

Tawas City Council is to make application with the United States Forest Service for a new disposal grounds site in Huron National Forest. Baldwin Township and the southwestern portion of Wilber Township have also indicated an interest in the project. Tawas Township has accepted an offer to locate its dump on property owned by Charles and Raymond Kobs.

Establishment of a special assessment district to finance construction of a Tawas Lake dam was approved Friday by Circuit Judge Richard G. Smith of Bay City. Establishment of a dam to control water level of the lake has been a controversial topic here for five years.

Application to transfer ownership of lake bottom land from the State of Michigan to owners of Midway Drive-In Restaurant was approved Monday night by the Tawas City Council. Permission to fill the lake bottom has been received from the department of conservation.

Tpr. Warner E. Palmer, 39, Ypsilanti, formerly of the Michigan State Police at East Tawas, was killed October 30 in a hunting accident in Alcona County.

Rose Marie Gackstetter, 15-year-old Tawas Area High School sophomore, filled her bow and arrow season hunting license Sunday by bagging a 95-pound doe.

25 Years Ago—

November 6, 1953—About 40 Tawas Chamber of Commerce members, businessmen and city officials spent an interesting evening Monday inspecting the Timco Corporation plant in this city. The visit was made through an invitation of C. Warren Wagner, manager. The plant has increased its floor space by 50 percent in the past 14 months in its operation of manufacturing furnaces. Payroll of the company amounts to \$1,000 a day.

Herman Moehring, greenhouse operator and First Ward alderman, was appointed mayor of East Tawas to fill the vacancy caused by the death of Henry L. Klenow.

Alice R. Dimmick of East Tawas has questioned the advisability of Tawas Area Board of Education action in selecting the Neumann-Reinke property rather than the fairgrounds-nursery site for the proposed new junior and senior high school. Among other things, she questioned the need for 65 acres of land for the proposed new school.

Queen Marlene Sedgeman is to be crowned at the "pigskin prance" to be held at the Tawas City Gymnasium Friday night under sponsorship of the senior class of Tawas Area High School.

An 18-inch fill is being made at the Tawas City Park using sand taken from Tawas Bay. The city plans to make another fill which will bring the surface of the park up to a satisfactory level.

35 Years Ago— November 5, 1943—Iosco County Road Commission has purchased a portion of the state highway department equipment owned by the state within this county. To avoid unnecessary duplication of manpower and machinery, the state highway department entered into a contract with the road commission to assume maintenance of state trunk lines in the county effective October 1.

Rogers Motor Company's plant has been moved from the James Leslie building at the corner of Lake Street and First Street to Orville Leslie and Sons Garage.

A United War Fund drive is being conducted in the county. Over one-half of the funds raised will be used for support of the USO.

A retirement party honoring Julia Nolan Jacobs was held at the Barnes Hotel by members of Michigan Bell Telephone Company. She has served the company for 33 years. Ella Bowman is the new manager.

George Shearing

Pianist Leads Off Concert Season

The famed jazz-pianist-composer, George Shearing, will lead off the third season of community concerts next Sunday afternoon in the Oscoda High School Auditorium. Beginning promptly at 3:00 p. m., Shearing, accompanied by Andy Simpkins on string bass, will present a varied concert ranging from Bach and Dvorak classics to selected jazz classics such as Joplin's "The Entertainer," theme music from the popular movie, "The Sting."

Blind since birth, this famous artist has been pleasing audiences world-wide since his early beginnings as a pianist in a neighborhood London pub. He has made European tours with his famous quintet, personal appearances at the White House by presidential invitation and has performed as soloist with virtually all the major symphony orchestras in this country. The "Shearing Duo" is the latest in a long list of success stories for this popular artist.

This Sunday's concert is the first of four scheduled for the 1978-1979 community concert season. Future programs will be provided by Organist Richard Morris, Wednesday evening, November 29, and the Eastern Brass Quintet on Monday evening, January 22, 1979. The final concert will bring to Oscoda the famed Texas Boys Choir on Sunday afternoon, February 11, 1979.

Admission to all concerts is by membership card only. No tickets for individual concerts will be sold.

Hospital Auxiliary Slates Card Party

Monthly luncheon meeting of Tawas Hospital Auxiliary was held Tuesday, October 24, at Bear Track Inn. The business session was conducted by Eleanor Donahue, president. Plans were finalized for the annual fund raising stag and doe card party to be held Monday evening, November 6, 7 o'clock, at Immaculate Heart of Mary parish hall. Proceeds of the affair will go toward meeting the \$25,000 pledge to the building project at Tawas Hospital. Door prizes will be donated by various area merchants. An invitation is extended to the public to attend. Advance tickets are available at the hospital gift shop or may be purchased at the door. Before adjourning, plans for the Christmas party were made with the decision made to have a noon luncheon at the Wabun, Oscoda, Tuesday, December 5. A \$2 gift exchange will be held.

State Proposal Ballot Could Make for Long Lines on Nov. 7

Included in the handful of ballots to be received by voters on Tuesday, November 7, will be one listing 11 different state proposals. In order to acquaint voters with wording of the proposals prior to entering the voting booth, this newspaper is publishing a facsimile of the proposals as they appear on the actual paper ballot.

It is especially important for voters of Plainfield and Oscoda Townships to study the letter designations for each proposal. Those units use voting machines and space requirements on the machines prevent a complete description of each proposal. Election officials say, however, that a sample proposal ballot will be posted inside each voting booth.

Because of the importance of each proposition, voters are urged to study the wording and vote on each proposal. By not voting on each proposal, it means that fewer people would make the final decision in amending the state constitution or for calling a constitutional convention.

Although every election is important, this one ballot makes the 1978 general election one of the most important in the history of state and local governments, as well as schools. Decisions made by voters on Tuesday, November 7, could well determine the direction of governmental operations for years to come.

Lines are expected to be long at polling places on election day due to the complexity of this one ballot and voters can save their own time, as well as others, by studying the proposals beforehand.

Clip and Save

You may want to mark your decisions on this prepared form prior to voting and then take it with you to the polls on November 7, 1978.

Braves Claim 19-0 Win Over Arch Rival Oscoda Area Owls

On paper, Tawas Area Braves won a 19-0 romp Friday night over the visiting Oscoda Owls, but game statistics do not indicate two key plays in the first quarter which could have had a bearing on the final outcome of the game.

The Braves kicked off to the Owls and Oscoda had the ball for only three chances as Tawas' defense held. The Braves took the punt on their own 47 1/2-yard line and marched toward the goal, but a stiff Owl defense stopped Tawas' drive in its tracks.

Oscoda's offense led by Wingback Howard Callender had the momentum and cut Tawas' defense to pieces. The fleet-footed Callender was headed for a touchdown when a 15-yard clipping penalty stopped the Owls as the penalty caused the ball to be moved back to the 43-yard line, 15 yards from the point of the infraction. A good tackle by Tony Mayer of Tawas stopped Callender on the next run on third down and Oscoda threatened only one more time during the night.

John Bouchard scored a pair of touchdowns and carried for 126 yards in 16 attempts during the night to give Tawas an over-all record of seven wins and one loss. Oscoda's record is just the reverse with one win and seven losses.

Brian Norton, Tawas' junior tackle, was the top defender for the night with nine solo tackles and four assists.

Tawas scored with two minutes remaining in the first quarter when Bouchard and Jim Gracik combined to move the ball to Oscoda's 22 in six plays. Bouchard went the final distance for the six-pointer and Bill King booted the conversion.

That ended the scoring for two quarters as the two teams settled down to a good defensive battle. Key tackles by Lance Brooks and Gary Birkenbach helped to stop Oscoda drives in the second quarter.

One Tawas drive was stopped in the third quarter when Oscoda recovered a fumble on the Owl 34 and Bill Gracik later recovered an Oscoda fumble on the Tawas 41. Grant Mousseau intercepted a pass for the Braves early in the fourth quarter, but Tawas could not get rolling against a good Oscoda defense. Mayer and Norton combined to stop Callender on two straight plays and Oscoda was in trouble as Tawas took over a punt on the Owl 36.

From that point, Gracik, King and Bouchard pounded their way to the 13 and a first down and Gracik moved to the nine on the next play. With four minutes, 55 seconds to go in the game, Bouchard went over for his second touchdown of the night to give Tawas a 12-0 lead. The kick from placement by King was wide.

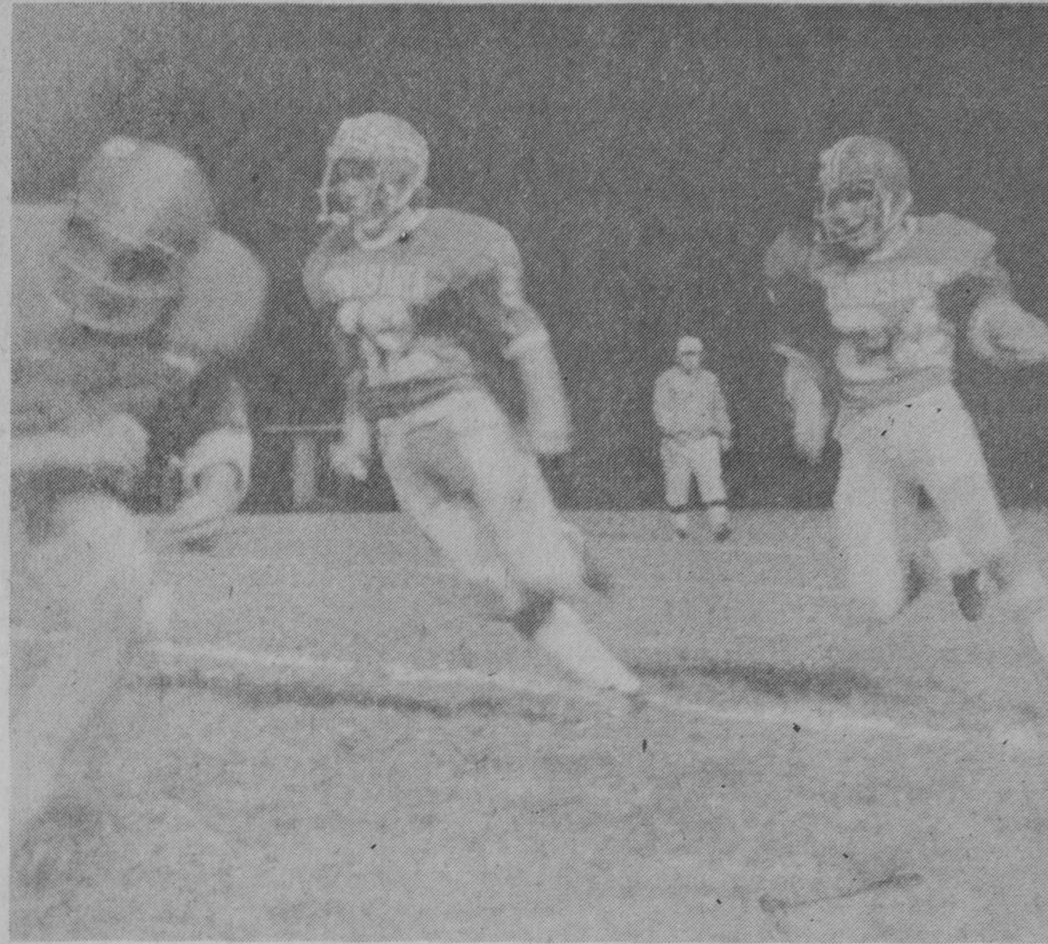

Tawas' defense stopped Oscoda on the next series and the Braves took over on a fourth down play.

King kept the ball on a quarterback option play and moved to the 14 and Gracik scampered to the three-yard line on the next play. On fourth down and five seconds remaining on the clock, King ran a 1 1/2-yard touchdown. The try from placement failed and Tawas had a 19-0 lead.

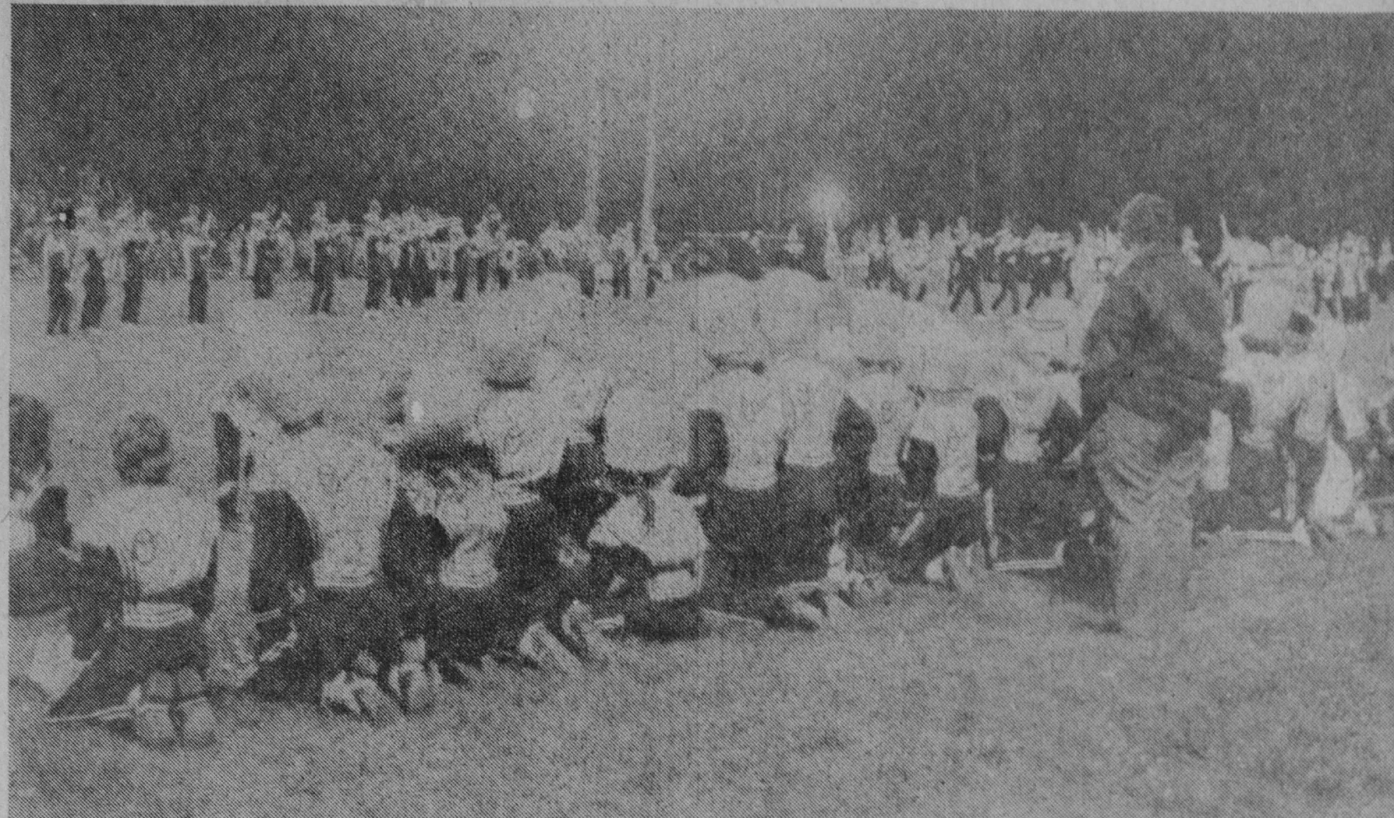

Top tacklers behind Norton were Mayer with six solos and one assist, Bill Gracik with four solos and

three assists, Jerry Lauwers with one solo and five assists.

The Braves close the football season here Friday night when they play host to Saginaw St. Peter and Paul.

JOHN BOUCHARD (24) had a big night for the Tawas Area Braves, scoring a pair of touchdowns and rushing for 126 yards. Out in front offering blocking is Quarterback Bill King (12) and at left about to throw a block is Halfback Jim Gracik (20).—Tawas Herald Photo.

KNEELING along the side lines to get a look at Tawas Area High School Marching Band during its half time performance Friday night is the Oscoda High School Band. The two bands shared the intermission for an outstanding program. Tawas finishes its season here this Friday night when the Braves meet Saginaw St. Peter and Paul.—Tawas Herald Photo.

Tawas Girls Varsity Won Two Games

Tawas Area girls' basketball teams won three games and lost four in action last week.

The varsity team won both of its games, defeating Gladwin, 62-54, and then edged Hale, 55-53.

Kari Allen had 17 points to lead the Bravettes in the win against Gladwin, followed by Ronda Hall with 10 points, Meg Peterson with nine, Laurel Minard and Joyce Hatcher with six points each. Allen was the top rebounder.

The Bravettes have a record of six wins and no losses in conference competition and have an over-all record of 10 wins and three losses.

Tawas and Hale were tied at 26-26 at intermission and Hale held a 43-40 lead at the end of the third quarter.

Minard was top scorer with 16 points, followed by 12 points for Peterson, nine points by Jan Johnson and seven points for Peterson.

Morawa had 18 points to lead both teams with J. Armstrong turning in a 17-point effort and V. Gibbs had 14.

The junior varsity lost both of its games. Hale topped Tawas, 36-30, and Gladwin registered a 53-39 victory.

Diane Nelkie had 11 points to lead in the Hale game and Linda Nelkie had 11 points to top scoring against Gladwin. Top scorers for Hale were L. Purkey with 23 points and S. Case with 12 points.

The freshman "A" team defeated Alpena, 25-22. Lisa Bielby was top scorer with 10 points followed by eight points for Lisa Konenske.

The eighth grade girls lost both of their games. The "A" team lost to Standish-Sterling, 13-18, and the "B" team lost, 19-28.

Colleen Curry topped the "A" team with seven points while Ann Harvey paced the "B" team with eight points.

TA Harriers Won Second Place in Meet

Tawas Area Braves cross-country team finished in the middle of a three-way meet held with Pinconning and Gladwin. Gladwin won the meet and was followed by Tawas and Pinconning.

Vern Beaubien had a fifth place finish for Tawas and Henry Lahti finished seventh. Dennis Libka was in ninth place and Mike Wilson finished in the 11th position.

Cardinals Get Back Into Win Column Against Alcona

Whittemore - Prescott Cardinals, winless in five Northeastern Michigan Conference games, maintained their undefeated record in nonconference play Friday night by turning back the Alcona Tigers, 33-0.

Cardinal quarterback, Todd Horn, did just about everything right during the night as he gained 140 yards in nine carries, passed for 79 yards on four out of seven completions and was a bear on defense with 17 solo tackles and eight assists.

"We needed that extra effort by Horn as our defense did not turn in its usually good game," said Coach Kyle Tobin. In his first year at Whittemore-Prescott, Tobin had to be pleased with the win as it

ended a long drought in conference play after his team had racked up two straight nonconference wins to open the season.

Tom Donaghy scored the first Cardinal touchdown with seven minutes, 49 seconds left in the first quarter on a six-yard run. Larry Snyder booted the conversion.

With one minute, seven seconds remaining in the second quarter, Horn hit End Jim Graham with a 16-yard pass and the second touchdown. Snyder booted the conversion.

Later in that quarter, Horn ran eight yards for the touchdown and scored a two-point conversion to give the Cardinals a 20-16 lead at intermission.

Donaghy scored his second touch-

down of the night with four minutes, 15 seconds remaining in the third quarter and the Cards ran the ball for a two-point conversion.

The final touchdown came with nine minutes, 25 seconds left in the game when Horn went over from one yard out. Snyder booted the conversion for the final score.

Donaghy rushed for 157 yards in 19 carries and Ken Turner was the top defender behind Horn with 11 solo tackles and two assists.

The Cards close the season Saturday afternoon, 1 o'clock, at Caseville in a final nonconference game.

Hale Eagles Defeated by Mio, 22-0

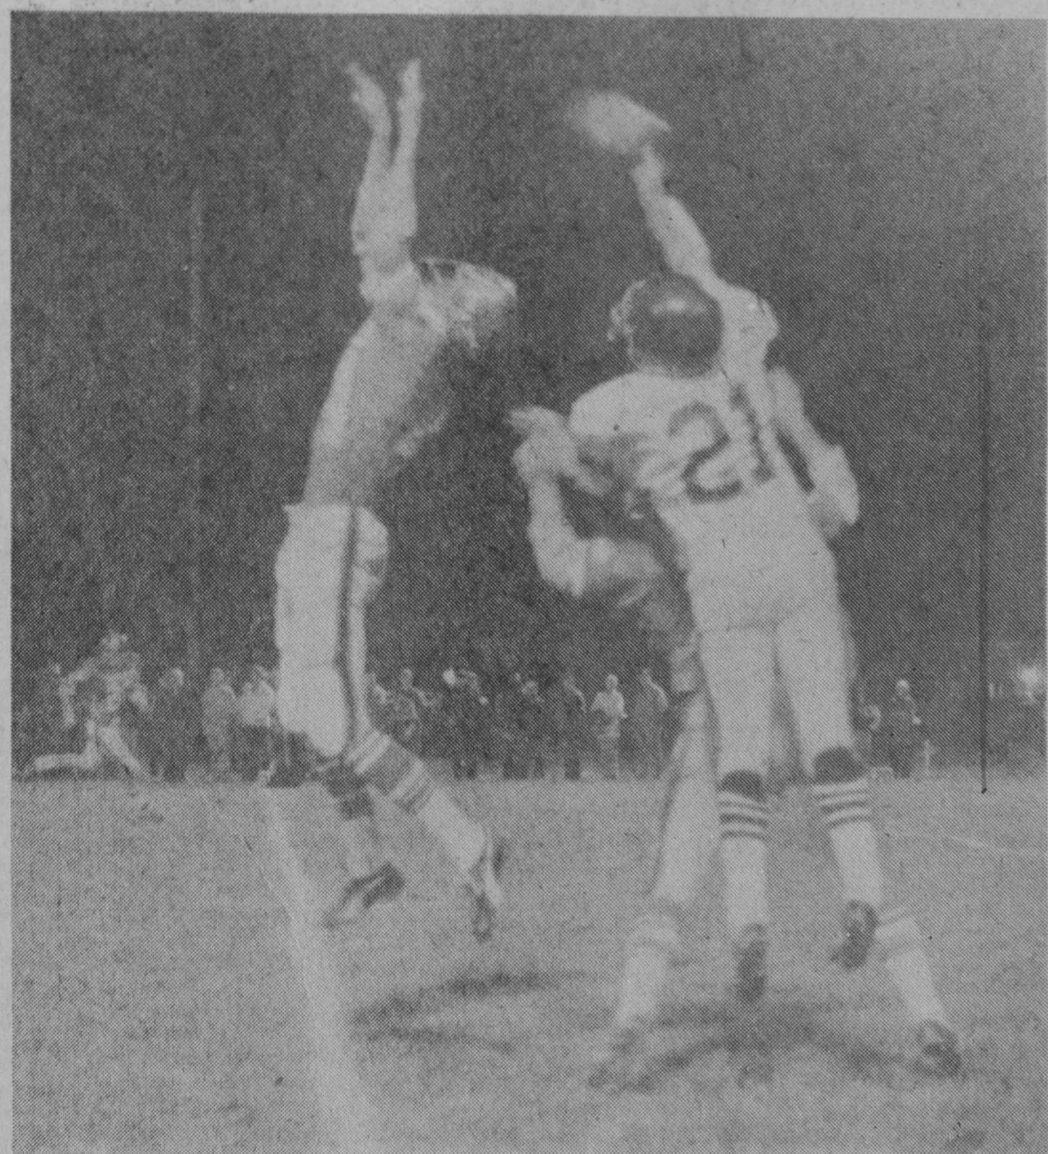

After racking up its first win of the season a week ago, Hale Eagles again took it on the chin Saturday afternoon, losing to Mio, 22-0.

Hale's offense moved well in the first quarter but could not manage a score. Mio scored one touchdown each in the next three quarters and, coupled with two two-point conversions, that was the game.

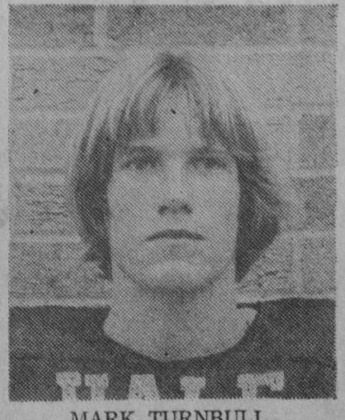

The Eagles had 159 yards rushing and 50 yards passing. Glen Bell picked up 70 yards in 12 carries and Daryn Bernard had 66 yards in eight carries. Vern Reed III completed five out of 13 passes and had three interceptions. Max White was the top receiver with two catches for 38 yards.

Top defenders for the Eagles were Mark Turnbull, 10 tackles; Ken Wyatt, Troy Peters and Dean Penrod, seven tackles each; Bernard, Gary Wood and Randy Louks, six tackles each.

The Eagles play Hillman, conference leaders, Friday night to close the season.

THIS PASS went over the head of Gary Birkenbach of the Tawas Area Braves and could not be handled by Halfback Jerry Stankowski (21) of the Oscoda Owls. The Tawas player carrying the Owl on his back is not identified.—Tawas Herald Photo.

Letters to the Editor

Dear Editor:
Subject: Proposition M-Transportation Funding

The Iosco County Road Commission strongly supports Proposition M; and we urge the voters of Iosco County to vote YES on M.

Proposition M, if approved by the voters, will not automatically raise to 10 percent the amount of Motor Vehicle Highway Funds (fuel taxes and license plate fees), that will be diverted to Mass Transit. To the contrary, Proposition M will require through a constitutional amendment that at least 90 percent of the highway user's tax dollars must be spent on roads and bridges.

Without a constitutional amendment safe-guarding the road tax dollars, the Mass Transit advocates will continue to chip away at the Motor Vehicle Highway Fund. Currently, there is no effective rein on the amount of money the governor, the highway commission and the legislature might divert to the grandiose schemes of the Southeast Michigan Transit Authority. Passage of Proposition M will provide the means to check this siphoning-off of funds.

We again urge the voters of Iosco County to vote Yes on Proposition M and stop the raid on highway tax dollars by the Mass Transit advocates in Metropolitan Detroit.

Sincerely,
Arthur J. Aulerich, Chairman
Iosco County Road Commission

Dear Editor:
I wish to respond to your coverage of the proposal that will be submitted to the Tawas City residents to vote on a referendum authorizing the Council and Committee to proceed with the financing of the plans for the construction of a new fire hall, library and city offices.

During the past 15 to 20 years, engulfing my political career as an elected official or as an appointee on various committees at the city and county level, I have had many opportunities to evaluate the effectiveness of office and management procedures and the handling of equipment and inventory due to the inadequate building facilities. I have seen the need for a new and modern fire hall, library and city hall complex for the past several years.

In view of these inadequacies, I agree completely with the findings of the building committee and city council that a city hall complex is badly needed, and I am in agreement with the committee that the present location is in the best interest of our community.

The design and floor plan of the complex shows good thought and thorough planning on the part of the committee and the building in my estimation will adequately serve our community for many years.

My heartfelt congratulations to all who served on the committee for their good work, and I sincerely urge all citizens to vote for this proposal.

Respectfully yours,
John E. Husbach

TOM ALLEY

Has gone Door-to-Door

He HAS listened and learned...

TOM ALLEY..

Believes in Northeast Michigan.

He believes it is a great place to live, work, raise a family and to retire.

He wants to keep it that way and that is why he has gone door-to-door to be your State Representative . . . your voice in Lansing . . .

Dear Friends:

During the last five months, I have been going Door-to-Door in the 105th District learning and listening to your concerns.

The four most talked about issues are unemployment, disposal of toxic chemicals, tax reform and care for senior citizens. There also is a concern to restore trust in our government.

A Door-to-Door campaign isn't easy in a district that covers all of Ogemaw, Alcona, Iosco, Gladwin, Oscoda and Arenac counties and parts of Bay, Midland, Roscommon and Montmorency—but being a State Representative shouldn't be easy either.

By working together we can make Northeast Michigan a great place to live, work, raise a family and retire in. I would like your vote in this important election so I can work for your concerns.

With best wishes

Tom

PUBLIC NOTICE

The purpose of this hearing is to hear objections, from any and all interested parties, to proposed road improvements to Alabaster Road from U. S. 23 to Benson Road and Benson Road from Alabaster Road to a point approximately 1,000 feet south in sections 14 and 23, T21N R7E, Alabaster Township, Iosco County, Michigan.

The proposed road improvements were initiated by a petition filed with the Iosco County Road Commission in accordance with Public Act 246 of 1931, as amended. The proposed improvements will consist of a 6 inch thick compacted and stabilized aggregate base with a 20 foot wide bituminous surface treatment (prime and double seal-coat) and other work incidental thereto. Construction plans, specifications, cost estimates, maps and other pertinent materials are available for public inspection at the above stated address of the Iosco County Road Commission between 9:00 A. M. and 4:00 P. M., Monday through Friday, holidays excepted.

Pursuant to the provisions of Public Act 246 of 1931 as amended, the Iosco County Road Commission proposes to establish a special assessment district, composed of the lands benefiting from the proposed road improvements, and assess the costs of the road improvements against said lands. TAWAS CITY MUNICIPAL COMPLEX

TAWAS CITY NEEDS A New Fire Hall - Library - City Offices

WHAT NEW COMPLEX WILL INCLUDE:

- NEW MODERN FIRE STATION.
- ADEQUATE LIBRARY FACILITIES.
- CITY OFFICES THAT CAN HANDLE INCREASED BUSINESS. All city functions including Public Meeting Rooms and Voting facilities. There will be adequate space for each precinct to vote instead of the present disruption of school activities. Also includes Public Rest Rooms.

- PRESENT BUILDINGS ARE NOT FIREPROOF.

IF CONSOLIDATION HAPPENS:

In the event of consolidation, a building for the fire district of the City, Tawas and Alabaster Townships, a public library, meeting rooms and office space for Auxiliary services would be needed regardless of consolidation. The Building is necessary in this part of the City.

Let's Build Now!

When we can borrow the money at 5% interest. (The Prime Interest Rate is 10.25%.)

Building Costs are escalating 10 to 12% each year. A delay of only six years would double the cost of the complex.

NO Additional Taxes Need be Raised! — NO City Budget Items Need be Cut!

New Construction and Increases in State Equalized Valuation in the Past Two Years would Cover FHA Loan Payment (inc. 5% Interest)

CITY COMPLEX BUILDING AND SITE PLAN IS ENDORSED BY THE FOLLOWING VOTERS, TAXPAYERS OR CITIZENS WHO URGE SUPPORT FROM ALL CITIZENS:

Due to a lack of time, the committee was unable to contact many progressive citizens who desired to be included in this adv. We urge your support now and on election day.

Reasons for Site Selection

The Site selected by unanimous vote by the Building Facilities Committee is the Present City Hall property and the adjacent Adamek property. (10 pieces of property were considered by the committee.) The reasons for this selection are as follows:

1. The location is ideally situated for providing services to the public and access to the service area of the Fire Department.
2. It does not remove valuable commercial or industrial property from the City Tax Roll.
3. The proposed City Hall-Library-Fire Department Complex will be a source of pride for the entire community and its many visitors.
4. The Committee feels this complex will start the formation of the "500 Block" and lead to its ultimate development.

Vote "YES" Tuesday, Nov. 7
