

THIS HALLOWEEN PUMPKIN PATCH has some timely safety tips for trick-or-treaters like this tiny rag doll and shaggy sheep dog. It is important to "Look Both Ways" and to "Cross at Corners" and parents are urged to warn their young ghosts and goblins against darting into streets and to make sure they wear costumes which will not tangle in tiny feet or obscure vision. Costumes should be brightly colored or trimmed with fluorescent paint or tape so they can be seen by motorists on Halloween night.

## Halloween Night Parties Planned

Tawas Area Lions will sponsor a Halloween party at East Tawas Elementary School and Tawas Area Kiwanis Club will host children at the Tawas City Elementary School Tuesday, October 31, 6:30-8:30 p. m.

Games, prizes and refreshments will be included in the program for children from preschooler through grade six at each of the locations.

Another party is slated at Knights of Columbus Hall on Newman Street, East Tawas, for children through age 12 on the same evening and at the same time. It is expected that children will attend the parties and avoid the usual trick or treat ritual.

## Safety Plan to Aid Trick-or-Treaters

A unique idea for improving safety of young trick-or-treaters on Halloween night, Tuesday, October 31, was announced Tuesday by the Iosco County Sheriff's Department.

Deputy Sheriff Charles Bublitz has made arrangements for six auxiliary officers to accompany youngsters on their rounds in the Tawas.

Three officers will be at the East Tawas Elementary School and three officers at the Tawas City American Legion Hall at 6:30 p. m.

Promptly at 6:45 p. m., officers will escort the children on trick-or-treat rounds. The officers will be carrying portable radios and will be in direct communication with a sheriff's department patrol car.

"We would like to know beforehand what parents think of the idea, in order to get an idea on the number of children we can expect," said Bublitz. "We may have to call out a few more auxiliary members."

## Jury Finds No Cause In Suit Against Railroad

An Iosco County Circuit Court jury Friday found no cause of action in a \$350,000 damage suit brought against the Detroit and Mackinac Railway. The jury deliberated about an hour before announcing its decision.

The case was brought by Molley Winchell, on behalf of herself and administrator of the estate of Karen Sue Winchell, deceased.

Mrs. Winchell and Karen Sue were passengers in a car driven by her husband, Elmer Winchell, which struck a D&M freight train at the Turtle Road crossing, Sherman Township, on October 9, 1973. Karen Sue sustained fatal injuries. The plaintiff claimed that the engineer had not sounded the locomotive's whistle at the crossing, but witnesses testified otherwise.

During the trial, charges against the Iosco County Road Commission were dismissed.

Mrs. Winchell had sought damages of \$250,000 in the death of the child and \$100,000 for her injuries.

GROUND WAS BROKEN Tuesday morning for a new Tawas Masonic Temple. In the center is William Lyon, president of Tawas Masonic Temple Association. At left is Elmer Squires, chairman of the building committee, and at right is Peter Lichfus, secretary of the association.—Tawas Herald Photo.

### Iosco County Has

# \$1.965 - Million Preliminary Budget

A tentative budget of \$1,965,094 was adopted late Thursday afternoon by the Iosco County Board of Commissioners for 1979 operation.

John Webb Jr. and David George of the commission's finance committee said that only minor changes were expected prior to the budget hearing today (Wednesday), 10:00 a. m.

Expenditures under the budget include \$563,818 for public safety, \$246,586 for health and public welfare, \$361,010 for civil and criminal justice administration, \$101,512 for community services, \$692,168 for administration and financial management.

Revenue includes property taxes of \$1,024,265, based on a tax levy of 4.5 mills and a state equalized valuation of \$227,614,647; fees, receipts and reimbursements through county offices of \$509,829; a fund balance of \$205,000 which has been estimated for December 31; Michigan State income tax of \$170,000; single business tax rebate of \$21,000 and \$35,000 from Tawas City under a police protection agreement with the sheriff's department.

Fees and reimbursements received through county offices apparently were underestimated at budget time last year by County Treas. Edward Nelkie, who revised his figure later in February.

Following his appearance before the commission, Nelkie was interviewed by a radio station and recommended that, due to the anticipated surplus at the end of the year, the commission should cut taxes required to meet its 1979 budget.

The commission's finance committee pointed out, however, that actual requests submitted by the various county departments had totaled more than \$2,100,000, which included a \$72,000 deficit anticipated this year by the Iosco County Medical Care Facility.

The tentative budget includes a contingency fund of \$160,000 to cover the above deficit along with expected increases resulting from new salary contracts to be negotiated later with employees of the district court and sheriff's department deputies.

Webb said that a slight lowering of the millage rate for county operation may be possible, but pointed out that a complete study of expenses and revenues must be studied prior to Wednesday's hearing.

Tentative budgets for the various departments are as follows:

sheriff of \$18,922 (\$20,000 requested), and \$15,890 for under-sheriff (\$16,490 requested); county jail operation, \$137,849; marine safety, \$25,372; animal control, \$32,311;

Emergency service office, \$8,120; building department, \$57,352, includes salaries of \$13,250 to department head (\$14,500 requested), \$12,000 to electrical inspector, \$9,938 to plumbing inspector (\$10,000 requested), \$6,789 to clerk; social services, \$5,700; medical examiner, \$6,600; drain commissioner, \$3,350; veterans' burials, \$7,000; state institutions, \$20,000; district health, \$88,000 (\$98,548 requested); mental health, \$22,484; child care, \$28,000; communicable disease, \$20,000; veteran's counselor, \$5,000; apary inspector, \$100; soil conservation, \$1,000;

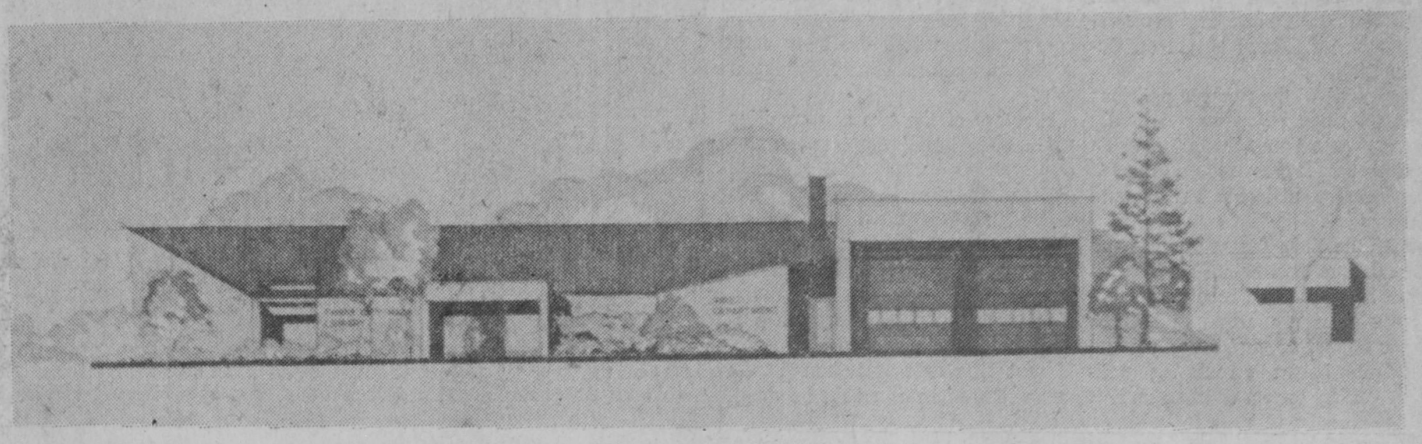

Friend of court, \$27,123, includes salary of \$6,272 to friend of court, \$8,754 to assistant friend of court, \$7,207 to clerk-secretary; prosecuting attorney, \$79,317, includes \$26,500 to prosecutor, \$8,317 to legal secretary, \$12,500 for assistant prosecutor;

Probate court, \$65,729, includes county statutory salary of \$6,000 and county supplement of \$6,000 to probate judge, \$9,300 to probate register; district court, \$89,329, includes supplement of \$5,500 to judge; circuit court, \$94,312, includes judge's supplement of \$7,632; probation office, \$3,000; jury commission, \$2,200;

Cooperative extension, \$43,352; county airport, \$18,460, includes \$5,310 salary for manager; department of public works, \$1,300; parks and recreation, \$3,000; planning commission, \$2,400; building authority, \$12,000; board of commissioners, \$44,653, includes salaries of \$26,000; professional services, \$15,000; county building and grounds, \$97,953;

County treasurer, \$57,961, includes salary of \$15,890 for department head (\$16,000 requested), two deputy treasurer salaries of \$9,301 each; register of deeds, \$58,329, includes department head salary of \$15,890 (\$16,490 requested), salaries of three employees totaling \$24,615; county clerk, \$73,334, including salary of \$15,890 to department head (\$17,250 requested), circuit court supplement of \$1,272, two deputy clerks at \$9,301 each, secretary salary and clerk salary of \$7,790 each;

Equalization department, \$118,173, includes salary of \$18,300 for department head, plus salaries totaling \$56,678 for six other employees.

Architect's drawing of proposed new city hall-fire hall-library complex.

## Councilmen Give Views on Complex

Tawas City voters will receive a proposal November 7 on construction of a new city hall-fire hall-library complex.

The following statement was submitted for publication this week by five city councilmen, James Lansky, Charles Landon, Donald Hayes, Jerry Cotter and Hugo Keiser:

Tawas City needs a new firehall, library and administrative offices. The present firehall and offices are not of fireproof construction, are old and the costs of maintaining them are high. Heating alone is a very costly factor. We feel it was up to the council to provide the leadership and initiative to study the problem and provide new facilities for the city. This was done through a committee appointed by the city council on April 4, 1977. The committee consisted of Coun. William Ezo, Charles Landon, Jerry Cotter and Citizens Leonard Hoshbach and Nelson Thornton. Meetings were held on April 26, June 23, July 7, August 7, August 15, October 17, 1977, and March 30, April 27 and May 3, 1978. Two meetings were also held with the planning commission. Ten different locations in the community were considered. The site selected by unanimous vote of the committee is the present city hall property and the adjacent Adamek property.

There has been a lot of rhetoric about the proposed site. We feel the criticism has been most unjustified. The hours spent by the committee took into consideration many pro's and con's of the 10 locations. Meetings of the committee were open to the public, but most people are apathetic about these things and

do not take the time to become involved. Every site available in the city could be criticized for various and sundry reasons. However, the site picked not only had approval of the committee, but also our planning commission and our professional planners, Vilcan-Leman, and a majority of the city council. There has been criticism from a vocal few whom we feel have done a lot to cloud the issue with irresponsible statements to the citizens of the community that in our minds do not tell the true story.

We feel the majority of people in our community would like a new firehall, library and administrative office at the present site as selected by the committee, BUT, they do not want the burden of new taxes to pay for it. Neither do we!

The cost of building the units has not been determined yet, but assuming the full \$500,000 available through the Farm Home Administration commitment were spent to build the complex, \$29,000 per year would retire the debt. It was the council's intention to utilize excess revenues obtained from increased SEV (which for the year ended June 30, 1978 was \$17,360), increased state shared revenues (year ended June 30, 1978 was \$9,316), present rents for the library and temporary firehall which is \$2,700. These three items alone amount to \$29,376. More than enough to meet the debt retirement. There will be additional savings due to lower fuel cost to heat the new facilities because of the poor fuel economy in the present structures used and other revenues applicable to the use of these present old buildings. It is the council's opinion that NO ADDITIONAL TAXES would be required to finance the new units.

Building costs are escalating at the rate of 10 percent per year and every year we neglect the need of

these facilities will cost more dollars.

If we finance through a general obligation bond issue financing would have to be done on a 20-year basis and the \$500,000 bond issue would cost well over \$40,000 per year to retire the debt with no prepayment provisions. Our present proposal under FmHA funding has the low interest rate of five percent

with prepayment option and will give us facilities that should last the community in excess of 50 years. The population projections for Tawas City indicate that the population will double by the year 2000—only 21 short years away.

We solicit your consideration for a favorable vote on the referendum proposal to allow us to proceed with the plans.

## Mayor Cholger Gives His Views

The following statement was prepared by Mayor Herbert Cholger of Tawas City and submitted to the Herald office Tuesday afternoon, October 24:

The problem we are facing with the recommendation by members of our City Council should not exist at all. A committee was set up to study and report on fire hall facilities and location, but it snowballed into a situation of City Hall, Library and Fire Hall Complex at a cost which is apt to be in excess of \$500,000.

The committee completely failed to use the recommendations that were available, such as: No. 1. The Future Land Use Plan for the City of Tawas City which stated: That although the City Hall would be adequate for the present time, it should eventually be relocated out of the 500 block so that block could be developed as the core of a retail business area. By doing so, a solid development of retail business establishments would exist, which would encourage convenient one stop shopping and thus greatly strengthen the drawing power.

No. 2. A recommendation by the National Board of Fire Underwriters, Safety and Location Bulletin

No. 176, revised February 1975, said this: Fire Stations should not be located on heavily traveled streets, that locating on such a street is not desirable, also besides being centrally located it should not be in the midst of a commercial area with its heavy vehicular and pedestrian traffic.

In addition to the wrong location the time is not right because the consolidation effort is yet to be settled.

Also there are so many other priority items to be developed, such as our Industrial Park, recreational facilities, trailer park, boating accommodations, dock in park, sidewalks, roads, bridges, sewer and water. These are the things that will encourage growth and build a better income for the city which would have a tendency to lower our taxes.

Last but not least there are no free rides such as your five (5) Councilmen would have you believe.

At no time can you borrow and pay off \$500,000 without diverting present millage away from other important projects, or increasing your taxes.

## Break Ground for T. Masonic Temple

After a delay of several weeks while awaiting approval of the city, ground was broken Tuesday morning for a new \$125,000 brick and steel Tawas Masonic Temple.

The building, located at the northwest intersection of M-55 and Victoria Lane in Tawas City, is adjacent to Tawas United Methodist Church.

William Lyon, president of the Tawas Masonic Temple Association, who turned over the first shovel filled with sod, said that the contractor, O. S. Rose Builders, Incorporated, is expected to have the project completed next spring.

Elmer Squires, chairman of the building committee, said the structure would include a 40 by 50-foot meeting room, a 40 by 50-foot dining room, a kitchen, offices and rest-rooms.

Larry Rose, contractor, said the building would face M-55 with an entrance off Victoria Lane. A 100-car parking lot is to be located along the west side of the building.

Six different organizations are to use the building, including Tawas Lodge No. 274, Free and Accepted Masons; Royal Arch Masons Chapter No. 83; Tawas City Chapter No. 303, Order of the Eastern Star; Iosco Chapter No. 71, Order of the Eastern Star; W. Mark Sexton Assembly No. 86, Order of Rainbow for Girls; Alpha Shrine No. 62, Order of the White Shrine of Jerusalem.

It was 25 years ago last spring that Masonic organizations of the Tawas began using the present Tawas Masonic Temple on M-55 northwest of Tawas Hospital. Earlier this year, the hospital purchased the building and property for future expansion of the hospital.

The present Tawas Masonic Temple is to be used as a meeting place by the six organizations until the new structure is completed.

Start of the project was delayed for several weeks when adjoining property owners in North Park Acres Subdivision protested approval of a special use permit by the Tawas City Planning Commission which allowed the construction in a residential area.

Following a meeting with property owners, the Tawas Masonic Temple Association agreed to revise its construction plans to include brick facing on the structure.

A PROPOSAL BEING PLACED before Tawas City voters November 7 asks that the city hall, above, constructed nearly 60 years ago, be replaced with a new city hall-fire hall-library complex.—Tawas Herald Photo.

# Long Awaited Action Yesterday by Boundary Group

Long anticipated action by the state boundary commission approving proposed consolidation of Tawas City and East Tawas came at a hearing held Tuesday morning at Lansing.

With receipt of this formal action, it is expected that petitions will be circulated calling for an immediate referendum on the proposal.

Action on circulating petitions calling for such an election had been instigated at East Tawas last summer, but the movement was stopped when it was learned that petitions could not be circulated until the state boundary commission took its formal action on October 24.

Approval of the merger petitions presented last year was actually given by the boundary commission in February. This action followed two hearings at East Tawas and Tawas City.

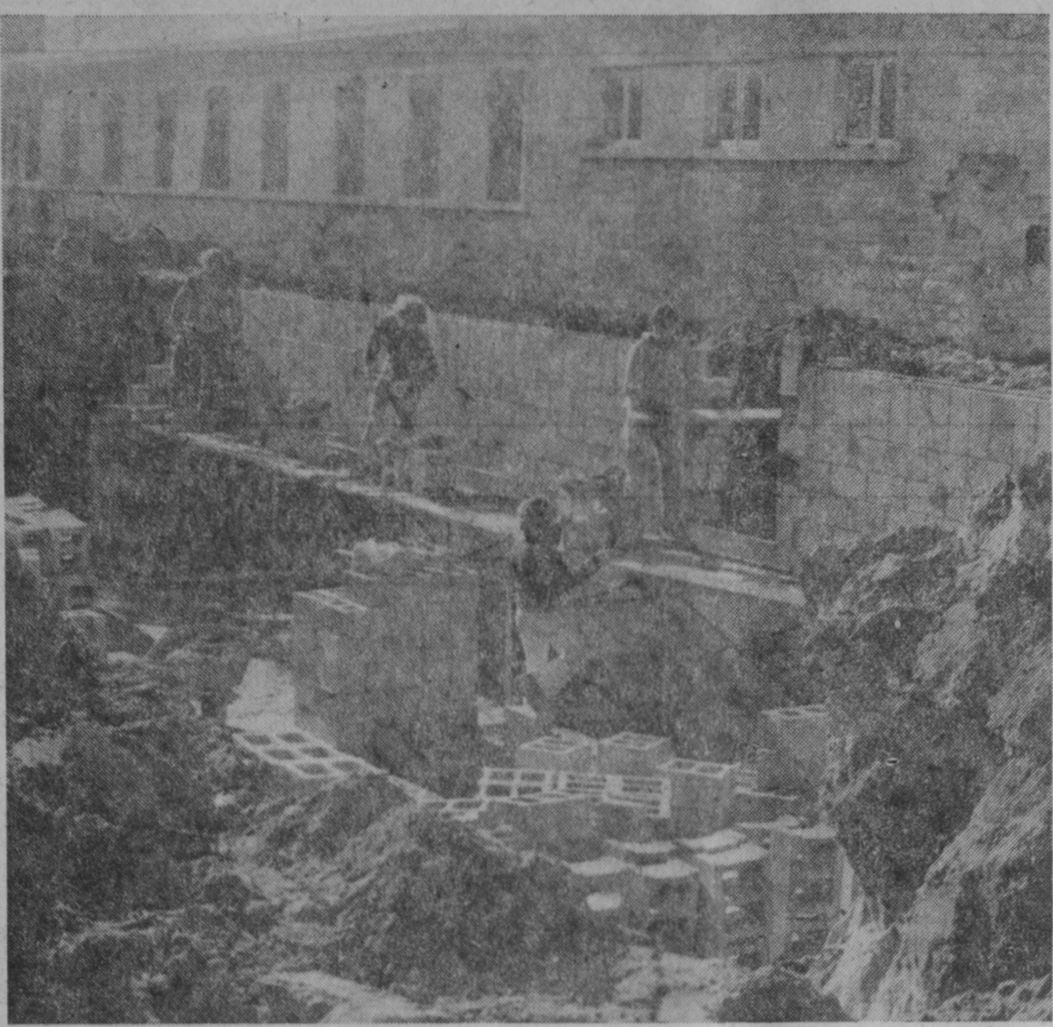

Both the East Tawas Council and East Tawas Volunteer Fire Department have gone on record as opposing the merger and City Clerk Clyde Soper, acting as a private resident, began circulating petitions calling for an election until it

was learned that the action was premature.

If petitions are now filed within 45 days of the boundary commission actions Tuesday, an immediate vote would be held on the question of consolidation. If approved by voters, a charter commission would be elected; if rejected by a majority of voters in either city, the consolidation issue would be dead and there would be no need for a charter commission.

If no petitions are filed, the next step in the consolidation movement would be for residents of the two communities to elect a nine-member charter commission. The commission would draft a new home rule charter for the merged city.

Electors of the two communities would then have the opportunity either to accept or reject the new charter. If the charter was approved, the consolidation would be completed and new officials for one city would be elected. If the charter was rejected, the commission would have two years to present another charter to the people. If that charter was rejected, the consolidation issue would be dead.

**RAPID PROGRESS** on construction of basement sidewalls under the district court addition at the county building was made last week by the contractor, Mako Construction Company of Lincoln. The district court addition is a major part of the over-all project and is located at the rear of the court area between the county

building and jail. The basement is to be used for storage. Footings have been constructed and concrete blocks have been brought to grade on the circuit court addition. The contractor hopes that favorable weather will continue in order to enclose the structures before winter.—Tawas Herald Photo.

Aside from asking the county road commission to construct a new parking lot west of the county building, the county board of commissioners acted on a variety of other concerns during its three-day session last week.

No bids were received October 10 for construction of a new parking lot on property purchased earlier this year from George Prescott, located west of the county building and jail.

Because of construction at the county building and jail and loss of parking spaces, the commission felt that immediate steps should be taken to make parking improvements on the new property.

The road commission was requested to grade, gravel and construct drainage for the new parking lot. Estimated cost is \$4,200.

Seven contractors had requested specifications for the project but no bids were submitted.

In other business, the commission rejected bids received for providing patrol cars to the sheriff's department as several dealers had not been notified. The county is to re-advertise for proposals.

Edward Sterling, head of the county building department, was authorized to attend a solar energy workshop October 24 at Saginaw.

Only one bid was received for insulating the county building under an EDA energy grant and that bid was rejected. The county is to re-advertise for new proposals.

Approval was given to signing a lease with Roger McIntosh for construction of a hangar at the county airport.

Under provisions of a June 21 contract, the deed for the courthouse and county jail was transferred to the county building authority which is the agent for bonds to finance construction of additions and alterations to the county building and jail.

The commission supported a resolution from Ingham County requesting the state legislature to appropriate funds to counties to provide adequate jail facilities or services.

## Glennie Youth Killed in Oscoda Crash

Christopher L. Barton, 16, Glennie, was killed Wednesday afternoon, October 18, when his car went off Bissonnette Road, Oscoda Township.

One passenger, Robert L. Bond, 18, Glennie, was taken to St. Mary's Hospital, Saginaw, and a second passenger, Craig A. Barton, 15, Glennie, was treated at Tawas Hospital.

## Old Bus System Died Oct. 12

# Iosco Commissioners Approve New State Transit Contract

Iosco County's three-year-old transit system, which died October 12, may have a new lease on life. If "born" again, it depends on interpretation of recent state legislation hiking gas and weight taxes for highway purposes, which may require a general referendum.

The bus system, operated since 1976, had been plagued with financial, mechanical and administrative problems. One of three buses still on the road came to a halt October 12 through action of the Iosco County Commission on Aging, which was unable to form a volunteer committee to keep the system operating.

The most recent development last week saw the Iosco County Board of Commissioners signing an amended contract with the department of state highways for operation of the fleet. This new contract provides that the state will provide 100 percent of the funding for two years, 75 percent during the third year and 50 percent thereafter.

Under the old contract, the state provided the buses and paid 100 percent of the operation for the first year and paid one-third of the cost thereafter. As a result of the old contract, the system was plagued with financial problems and worn out buses.

The commission on aging had been authorized by the county board of commissioners in 1976 to operate the transit system, as long as there would be no cost to the county.

Before the system went out of operation two weeks ago, the commission on aging attempted to find volunteers to operate the buses but was unable to do so. Use of CETA workers had helped to operate the system without additional wages, but those employees were out of work when the system ended.

Carlton Merschel, chairman of the county board of commissioners, said last week that the buses had not taken in enough fares to pay for gasoline used.

The chairman said the commission "did not feel comfortable un-

der the old contract" and asked the department of state highways if the contract could be revised. Edward Fontinieve of the department's urban bus division appeared before commissioners Wednesday to explain the new contract.

The proposed new Dart System, operating under the funding program approved recently by the Michigan Legislature as part of the 1978 package of transportation bills, increases the total project cost by \$69,800 bringing the total project cost to \$320,000.

"It was the intention to operate the original system on an experimental basis, but it came as a mandate that all rural areas provide a transportation system for the elderly and handicapped," said Merschel.

Fred M. Francis Sr., who had served as voluntary director for the Iosco Commission on Aging, resigned that position effective October 18.

"I have done my best and there is no appreciation on the part of the council in taking action October 12 of washing their hands of the transit company," said Francis.

His letter said that the commission on aging's inability to obtain volunteers placed the entire burden of the transit system on himself, a volunteer, and that his resignation meant that he was not responsible for any debts in view of the fact that the commission on aging was the contractual agency.

Merschel felt that Francis had done an excellent job in reducing the transit system's debt.

# State Commends Job on AuGres

Iosco County Road Commission has been commended by the Michigan Department of Natural Resources on its stream improvement in the AuGres River above the new Head Bridge in Sherman Township, according to James Delahanty, engineer-manager.

Delahanty reported that a representative of the DNR, Craig Smith, made his final inspection on October 13 and found that final work on sloping the banks of the AuGres River was satisfactory.

The project included hydroseeding and fertilizing the banks of the stream, mulching with straw, plus an application of a latex spray to keep the straw in place. Sand dredged from the river was leveled.

Earlier this summer, the road commission removed an ox bow in the stream in order to prevent damage to the bridge in the spring. Before the project was completed, Arenac County authorities complained to the DNR that the project was in violation of state law.

## AARP Held Masquerade Party

Lake Shore Chapter No. 661, American Association of Retired Persons, held a Halloween masquerade pot-luck party Wednesday, October 18.

A silent prayer for Elsie Schonfeld and James Emery, recently deceased, was followed by the invocation given by Cleo Sommers.

Little Red Riding Hood, the friendly hunter, butcher, gay 20s and many others sang, danced and played games under the direction of Donald Langley and Margaret Shinevar.

Next meeting is Wednesday, November 1, with a noon sack lunch at East Tawas Community Building. A slate of officers will be presented for election at the December meeting.

A Christmas party is scheduled for Wednesday, December 20, 5:30 p. m., at the Bear Track Inn. National members and guests are invited. All women bring a gift for a woman and men bring a man's gift. Reservations must be in by December 13. Call 362-8527 or 362-2059.

## TC Chapter Elected Officers

Election of officers was held Tuesday, October 17, at the annual meeting of Tawas City Chapter No. 303, Order of the Eastern Star. Officers elected to serve the following year include Grace Weeden, worthy matron; Roland Bugh, worthy patron; Sophie Roach, associate matron; Wilbur Roach, associate patron; Isabelle Leslie, secretary; D'Anne Knight, treasurer; Mildred Bloomer, conductress, and Gloria Krumm, associate conductress.

Alternates elected to Grand Chapter were Mrs. Krumm, Mrs. Bloomer and Roach. Annual reports were given by secretary and treasurer with an audit by Elmer Squires.

Installation will be held Saturday, November 4, 8:00 p. m., at an open meeting. School of instruction is slated for 7:30 p. m. Tuesday, November 28, with grand officers present.

Attending the meeting of Grand Chapter last week were Mr. and Mrs. Clare Herriman, Mrs. Roach, Mrs. Knight, Mrs. Leslie and Mrs. Weeden.

Refreshments were served by Nadine Bouback, Mrs. Bloomer and Mrs. Weeden, committee members.

## this... that and the other

Guests of Barbara Kinnee of East Tawas for four days last week were Sharon Schmidt and Linda Reardon of Westland.

Area residents attending the 20th District Quota International, Incorporated, Conference held October 20-22 at the Renaissance Center Plaza Hotel, Detroit, were Rosemary Klenow, Margaret Prescott, Patricia Conklin, Shirley Wingle and Corrine Rollin.

Mr. and Mrs. Melbourne Metcalf and Janet of East Tawas recently went to Grand Rapids Baptist College and escorted their daughter and sister home. They returned her to the school after a week-end visit at home.

William Goodale of Orchard Lake visited his parents, Mr. and Mrs. Harry Goodale of Tawas City. The William Wilson family of Lansing is spending a couple of weeks at the Goodale cabin.

Mr. and Mrs. Hugh W. Glover of Midland were week-end house guests of the Ervin J. Wilees of East Tawas. Another guest of the Wilees for a couple days last week was a grandson, Douglas Martin of San Jose, California, who arrived in time to visit cousins from New Lothrop and Saginaw.

Mr. and Mrs. J. H. Leslie of Tawas City celebrated their 70th wedding anniversary October 14 at the Provincial House with relatives and friends attending. The party was hosted by their daughter, Mrs. A. Don Anderson, and Mrs. Leslie's sister, Mrs. Marvin Mallon, of Wilber Township.

Debra Pavelock of Flint and Tammy Bauer of Bay City spent the week-end with the former's grandmother, Mrs. Gladys Pavelock of Tawas City.

## Ground Broken Sunday for Addition to Hale United Methodist Church

Ground was broken Sunday afternoon for an expansion project at Hale United Methodist Church costing an estimated \$85,000.

The project will include an addition to the church building to provide adequate classrooms for all age groups, expand the fellowship hall by almost 50 percent to increase seating from 96 to 152 persons, provide a modern and efficient kitchen, improve and en-

large rest-rooms and provide additional storage facilities.

Seven classrooms, located at the west end of the building, would be provided. The concrete block and brick addition would match the exterior lines of the existing structure. The existing roof line of the present building would be altered so as to retain over-all lines. Conducting the call to worship was the Rev. Willis Braun, pastor.

The Rev. Eric Hammer, Saginaw Bay District superintendent, participated in the service.

Among those participating in the service were John Webb Sr., 83, oldest member of the congregation; Mae Veldhuis, president of United Methodist Women; Darlene Leiva, chairperson for the board of trustees; Joseph VanderVeen, children's representative; Melissa Humphrey, youth president; Kar-

en O'Dell, education chairman; Richard Parkinson, pledge campaign chairman.

"The growth and development of any church in this district calls for rejoicing and thanksgiving by all. We therefore share your joy and praise God for his blessings," said the district superintendent.

Parkinson and his committee will soon begin a campaign for pledges to finance cost of the construction.

## New Lutheran Pastor at Hale Was Installed

Installed Sunday as the new pastor of St. Paul's Lutheran Church, Hale, was the Rev. Garland L. Iseler, a native of the Thumb area. He also serves Our Savior Lutheran Church, Glennie.

Guest preacher at Sunday's installation service at Hale was the Rev. Louis Keinath, retired, of Frankenmuth. Keinath was officiant at Iseler's confirmation and also officiated at his ordination in 1968.

Officiant and installing officer Sunday was the Rev. James L. Wilk, Standish, interim pastor of the Hale church. He also serves as counselor of the Timberline Circuit of the Michigan District of the Lutheran Church-Missouri Synod.

Ladies of St. Paul's Guild hosted a welcome dinner for the new pastor; his wife, Belva, and their two children.

The new pastor attended Concordia Junior College, Milwaukee, Wisconsin; Concordia Senior College, Ft. Wayne, Indiana, and Concordia Seminary, St. Louis, Missouri, graduating in 1968. He has served parishes in Minnesota since then.

## DAR Held Meeting at Colonial Inn

An inside view of national defense by Richard A. Ware, former chief deputy assistant secretary of defense, featured a dinner meeting of the River Aux Sables Chapter, Daughters of the American Revolution, in the Colonial Inn, Hale.

Ware, who occupied the post from 1969 to 1972, told the capacity crowd it was a "tragedy" that the Guam Doctrine of that period was never implemented.

Currently president of the Earhart Foundation, Ann Arbor, which provides scholarships and fellowships in the fields of sociology, history and economics, Ware was introduced by Frederick C. Nash. Mrs. Nash is chapter chairman of national defense and arranged the program.

Mrs. L. Stanton Bush, chapter regent, welcomed husbands and guests of members and briefly outlined the DAR national defense policy: A strong military defense posture and support of the Constitution of the United States.

**IOSCO INTERMEDIATE SCHOOL DISTRICT**

Annual Financial Report for 1977-78  
The Iosco Intermediate School District is a legally constituted unit of school government formed under Act 190 of the Public Acts of 1962 which amended Act 269 of the Public Acts of 1955. The district serves as a regional educational service agency as part of a three echelon system of local schools (K-12), the intermediate district and the State Department of Education.

The governing body of the intermediate district consists of a five member board of education. The Iosco Intermediate Board of Education is elected for six year terms by appointed representatives from each of the local constituent school boards of Hale, Oscoda, Whittemore-Prescott and Tawas.

The Iosco Intermediate School District fulfills two board functions: those that are required by the statute and those that are permissive. The required functions include the following:

**PROPERTY TRANSFERS** — Any property owner may petition to have his/her land transferred from one school district to another. The determination of whether or not the transfer is proper is made by the Intermediate Board and this Board's approval is needed before any such transfer can be made.

**TRANSPORTATION** — The Intermediate School District is required to review all school bus routes within the ISD and certify to the State eligible mileage and qualified numbers of transported pupils. The ISD also must audit school district transportation personnel licensing.

**CERTIFICATION OF PROFESSIONAL STAFF** — A file on every professional employed in all school districts (both teacher and administrators) must be maintained at the ISD office. Improper certification must be reported to the State Department. The ISD shall maintain a permanent record of professional service, i. e. years of service.

**SCHOOL LUNCH EVALUATION** — All school food service programs shall be evaluated and its records audited annually by the ISD.

**ATTENDANCE** — An attendance officer is required of the ISD to assist local districts in the handling of students who are delinquent in school attendance.

**MEMBERSHIP AUDIT** — The ISD is responsible for the conduct of an annual audit of local district membership (enrollments). The student count for state aid membership allowances is based on the ISD report to the state.

**FEDERAL PROGRAMS** — Certain federally funded programs are overseen fiscally by the ISD.

**STATE REPORTS** — Nearly all financial and statistical reports that are submitted by local school districts to the State are required to be examined by the ISD before being submitted.

**PUBLIC NOTICE**

**SPECIAL EDUCATION**—The Mandatory Special Education Act requires that the ISD submit annually a district-wide plan for the delivery of special education for all handicapped persons. The ISD is further responsible for the fiscal operation of county-wide programs.

**STATISTICAL RECORDS**—Annual reports of local districts are required by the State to be maintained on file at the ISD.

The Iosco Intermediate School District through the support of the electorate levy ¼ of a mill for Special Education supportive services. With such funding the intermediate district directly operates the Bright Horizons Learning Center which is a school serving youth of the Iosco Intermediate District who are in need of special instructional programs. Additional support services provided to the local K-12 districts include the following:

1. Speech Therapy Programs
2. School Social Workers
3. School Psychologists
4. Teachers for the Visually and Hearing Impaired youth
5. Program of Services for Pre-School Children
6. Planning, Coordinating of Data Collection Service for Local K-12 Special Education Programs

The Iosco Intermediate School District is also involved in a number of cooperative ventures with the Bay/Arenac Intermediate School District in providing services to local public and non-public school systems. Such ventures include the following:

1. The Regional Educational Materials Center
2. The Special Education Learning Materials Center
3. General Curriculum Coordinator and Curriculum Resource Specialist
4. Career Education Planning Activities and Consultancy services on Vocational-Technical Planning
5. Data Processing Functions for specific Business Management purposes

The general financial condition of the Iosco Intermediate District, as audited, is presented as follows and is in accordance with R 340.355 of Act 269 - P. A. 1955 and Act No. 287 of P. A. 1964 of the Michigan Compiled Laws.

For the year 1978-79 the district management staff will be conducting an inventory of fixed assets on site. Such a process will be followed by a formal appraisal of such assets conducted by a professional appraisal firm.

In terms of staff additions for the 1978-79 year, the Board has authorized the positions of a school psychologist and a CEPD Vocational-Technical Specialist on a part-time basis.

**PUBLIC NOTICE**

October 9, 1978  
Members of the Board of Education Iosco Intermediate School District 686 Aulerich Road East Tawas, Michigan 48730

We have examined the financial statements of the various funds of the Iosco Intermediate School District for the year ended June 30, 1978, listed as exhibits A through M in the foregoing table of contents. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances except as indicated in the following paragraph.

The school district has not maintained a record of its general fixed assets, and accordingly a statement of general fixed assets, as required by generally accepted accounting principals, is not included in the financial report.

In our opinion, the aforementioned financial statements of the various funds of the Iosco Intermediate School District present fairly the financial position of such funds at June 30, 1978, and the results of operations of such funds for the year then ended, in conformity with generally accepted accounting principals applied on a basis consistent with that of the preceding year.

**Funeral Held for George McCardell**

Funeral services for George W. McCardell of Hazel Park were conducted Monday, October 23, from Zion Lutheran Church, Ferndale. Burial was in White Chapel Cemetery, Troy.

He is survived by his wife, Irma (Anschuetz), whom he married November 29, 1917, at Emanuel Lutheran Church, Tawas City; two sons, Harold of Hazel Park and George Jr. of Manistee; 10 grandchildren; 15 great grandchildren, and five sisters, Mrs. Stella Campbell of Gaylord, Mrs. Rose Johnson of Hazel Park, Mrs. Hazel Gackstetter of Tawas City, Mrs. Mina Welcome of Vista, California, and Mrs. Olive Hansen of Sun City, Arizona.

**Harry Cater Died Oct. 19**

A resident of East Tawas, Harry C. Cater, expired Thursday, October 19, at his home following a lingering illness. He was born April 27, 1903, at East Tawas and was retired from East Tawas Water Filtration Plant in 1968.

A member of Tawas Masonic Lodge, he was formerly employed at Murray Body Plant, Detroit, as supervisor before returning to East Tawas 31 years ago.

Survivors include his wife, Florence; two sons, Keith of Racine, Wisconsin, and Kenneth of Isle Morida, Florida; four grandchildren; one great grandchild, and a brother, Daniel of East Tawas.

The remains were cremated. Memorials may be directed to the East Tawas Assembly of God building fund or the Pine River Association for the Blind.

IOSCO COUNTY Sheriff's Department was presented a "Blizzard of 1978" community service award Friday by Automobile Club of Michigan for its significant help to motorists during last January's crippling state-wide snowstorm. Accepting the award at left on behalf of the department is Undersheriff Basil O'Dell and making the award was Randall DeWyse, local Automobile Club of Michigan insurance agent. The award was presented for the department's outstanding job in providing motorists with the most comprehensive blizzard and road condition reports ever broadcast in Michigan through Auto Club's Icicle Network, stated Walter Listopad, Auto Club's Alpena manager. Awards also went to the two local radio stations and Listopad praised news media and police agencies throughout the state for helping residents to survive one of the worst winter storms in state history.—Tawas Herald Photo.

**APPLES ABOUND**

The crunch of a crisp apple—the teasing aroma of hot spiced apple cider—the joy of baking a fresh apple pie—all of these can tempt, satisfy and delight your family because apple season has arrived.

October is the peak month for apple production and Michigan is a major apple-producing state. Following are some "apple teasers" to help you add new life to old recipes.

Heat jellied cranberry sauce and flavor lightly with cinnamon. Pour into hollow of cored apples and bake as usual.

Colorful salads call for both gold-

en and red Delicious apples and skins. Add tiny green grapes and caraway, celery or sesame seeds. Mix lightly with salad dressing. Or for a crisp, nut-like flavor, sprinkle with crushed, pre-sweetened cereals.

Fry thin sausage patties and apple rings; serve in hamburger buns. Or, place three strips of pre-cooked and drained bacon on a slice of bread. Top with a thin ring of fresh apple and a slice of nippy cheese. Slip under the broiler until cheese bubbles and edges of bread begin to toast.

Banana-nut bread tickles the taste buds when spread with a mixture of one three-ounce package of cream cheese, one tablespoon orange juice, two tablespoons powdered sugar and one-half cup of grated fresh apple. Or for hamburger relish, mix one-half cup mayonnaise, one-half cup grated apple, one three-ounce package cream cheese and two tablespoons chopped pimento.

When meat balls are on the menu, try this recipe:

Mix one pound ground beef with

one cup grated fresh apple, one cup dry bread crumbs, two eggs, one teaspoon salt and one-fourth teaspoon pepper. Cover with one cup tomato juice or one can cream of mushroom soup thinned with milk. Bake one hour at 375 degrees Fahrenheit. Baste with juice or soup occasionally.

Sweetly glazed carrots take on an added appeal when cooked with chunks of fresh apples.

**Bravettes Still Undefeated in NEM Conf.**

Tawas Area Bravette varsity basketball team remained in the undefeated ranks in conference play last week by turning back Ogemaw Heights, 61-54. The junior varsity lost its game, 30-20.

Meg Peterson hit a season's high total of 30 points for the varsity, followed by a 19-point effort turned in by Kari Allen. Joyce Hatcher scored eight points and Laurel Minard had four points.

Allen was top rebounder with 15, followed by 13 rebounds for Hatcher.

The varsity completed 58 percent of its shots from the field. The team has a record of five straight conference wins.

Diane Nelkie paced the junior varsity with seven points, followed by six points for Linda Nelkie, four points by Danette Halle and three points by Kelly Brockenbrough. Nelkie had five rebounds.

SEVERAL BLACKTOPPING PROJECTS were completed last week in Tawas City including the full width of Wheeler Street (above) west of the Kroger Store, the parking lot at the Tawas City Park, a parking strip along Eighth Avenue at the Tawas City Elementary Unit and other smaller projects. The Wheeler Street project included the parking strip next to Consumers Appliance. —Tawas Herald Photo.

# Braves Gain Share of NEM Title

Tawas Braves and the Pinconning Spartans are football co-champions of the Northeastern Michigan Conference for 1979. Each team had identical records of four wins and one loss as Tawas, the defending champion, lost to Pinconning three weeks ago.

The two teams turned in victories Friday night, Tawas defeating visiting Gladwin, 34-0, and Pinconning turned aside Whittemore-Prescott, 53-12.

Last season, Tawas was alone at the top of the standings and its undefeated record included a 6-3 victory over the second place Spartans.

Despite a slow start in the first quarter, which saw a fumble stop their first drive toward the goal, the Braves came back in the second quarter to score two touchdowns and were never threatened

the rest of the night. The first touchdown came on a pretty pass from Quarterback Bill King to End Gary Birkenbach with five minutes, six seconds remaining in the second quarter. King's line drive kick from placement went over the upright to give Tawas a 7-0 lead.

BILL KING, quarterback of the Tawas Area Braves, picked up good yardage on this option play Friday night against the visiting Gladwin Flying Gs. The win gave the Braves a share of the Northeastern Michigan Conference title.—Tawas Herald Photo.

After another outstanding performance by the Tawas Area High School Marching Band at intermission, the Braves scored their third touchdown with three minutes, 45 seconds gone in the third quarter. Tawas had taken over the ball on Gladwin's 15 when a snap from center sailed over the punter's head. Six plays later, Bouchard went over from one yard out and King made his third straight point from placement.

Gladwin had the ball for only 11 plays and picked up 15 yards in the first half against Tawas' defense.

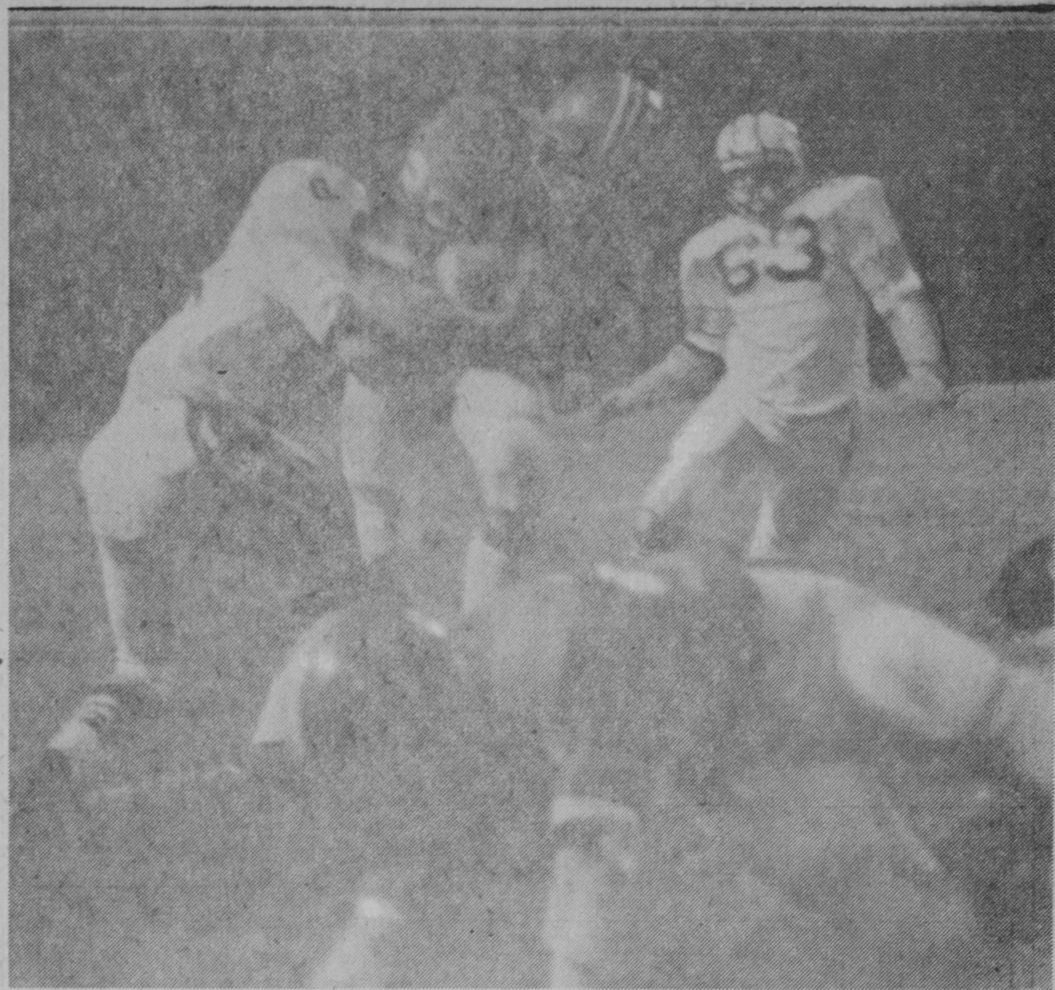

Tawas' Bill Gracik intercepted a Gladwin pass on the Tawas 47 and the Braves maintained control of the ball for five plays before punting to the 30. Gladwin had the ball for three plays before punting and

Tawas had the ball for the same number of plays before being forced to punt. Gladwin was detected with too many players on the field and the Braves retained possession on the 47. Bill Gracik carried to the 40 and then raced 31 yards to the 10-yard line. Jim Gracik made the score 27-0 with a 15-yard run and King's kick was wide to give Tawas a 27-0 lead.

Birkenbach intercepted a Gladwin pass to give Tawas the ball on the 24. Bill Gracik went six yards to the 18 and Grant Mousseau, filling in at quarterback for King, moved to the 13. Bill Gracik went 14 yards for the last Tawas touchdown with three minutes, 30 seconds left in the game and Mike Gidley booted the conversion to give Tawas a 34-0 victory.

Top defenders for the Braves during the night were Tony Mayer with five solo tackles and two assists, Norton with four solos and four assists, Jim Jurczyk with four solos and three assists.

Jim Gracik was the game's top rusher with 96 yards in 12 carries. Bouchard had 50 yards in 14 tries. Tawas is to play host this Friday night to the Oscoda Owls.

JIM GRACIK, junior halfback, was the game's top rusher for 96 yards in 12 carries in Friday night's game. Gracik also scored a five-yard touchdown.—Tawas Herald Photo.

## Card Girls Split Decisions in Two Basketball Games

Whittemore-Prescott Area girls split the decision in two games last week. Gladwin won the first game, 54-45, and Whittemore-Prescott won over Arenac Eastern Thursday night, 46-37.

Teresann Smith was high with 18 points in the loss to Gladwin. Joy Ori had eight points and Kim Bon-

nell had 11. The losing team made only 34 percent of its shots from the floor and 50 percent from the foul line. Smith was again top scorer against Eastern with 15 points. Whittemore-Prescott completed 30 percent of its shots from the floor and 42 percent from the free throw lines.

## Luckless W-P Cards Clobbered by Pinconning

The luckless Whittemore-Prescott Cardinals, winless in five Northeastern Michigan Conference games, fell before a tough Pinconning Spartan attack Friday night, 53-12.

Edwards struck through the air with 10 minutes, 10 seconds left in the half when he passed 30 yards to Ruppel. Pinconning got another touchdown with just seven seconds in the half as Bourcier went 10 yards to pay dirt and Horn hit on the PAT to make it 33-0.

Pinconning took the lead early in the game when Picard returned the opening kickoff 84 yards for a touchdown. He scored two more touchdowns in the third quarter on runs of 15 and six yards.

Pinconning again scored early in the third quarter when the Spartans intercepted another pass and, three plays later, Edwards passed 18 yards to Fegan. Bourcier ran the final seven yards for a touchdown.

Second touchdown of the opening quarter came on a one-yard drive by Bourcier, who ran the PAT to give the Spartans a 14-0 lead with four minutes, 41 seconds left in the quarter.

Picard's two touchdowns in the third quarter raised the count to 53-0 before Tom Donaghy scored both of the Cardinal touchdowns, the first on a 70-yard drive and the second on an eight-yard run.

On the first play after the kickoff, Mark Breza intercepted a pass for Pinny and, five plays later, Fegan snared a pass from Edwards which upped the margin to 20-0.

Donaghy had 75 yards in 17 tries for the Cardinals during the night.

## TA Junior Braves Clipped Gladwin JV

Tawas Junior Braves defeated the Gladwin junior varsity, 34-20, in action Thursday night.

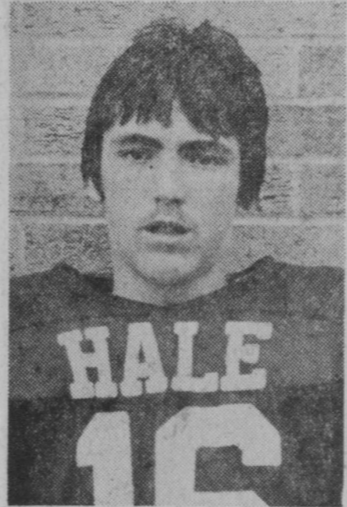

The game was well fought as Tawas held a 20-14 lead at intermission and Gladwin tied the score, 20-20, in the early part of the fourth quarter.

Tawas then scored two touchdowns in the last five minutes of the game.

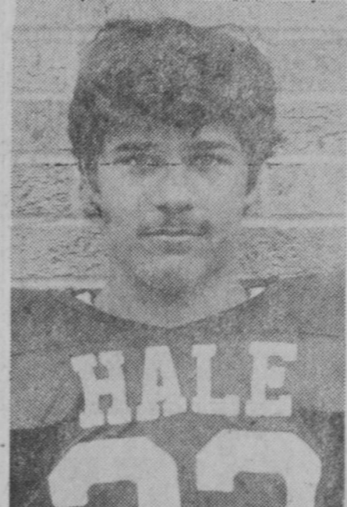

Leading ball carrier for the Junior Braves was Jeff Wojahn, who had 128 yards.

Jay Grabow scored three touch-

downs for Tawas and one two-point conversion. Chuck Byrd caught two touchdown passes from Grabow of two and four yards, while Charles Landon scored a two-point conversion on a run.

VERN REED III scored three touchdowns on runs of 12, 26 and five yards Friday night against Arenac Eastern as the Eagles racked up 659 total offensive yardage. Reed completed eight of 16 passes for 243 yards.

GLEN BELL scored two touchdowns on runs of 11 and 60 yards and had 131 yards rushing during the night. Daryn Bernard scored three touchdowns and caught three passes for 116 yards. Bernard was the top rusher for the night.

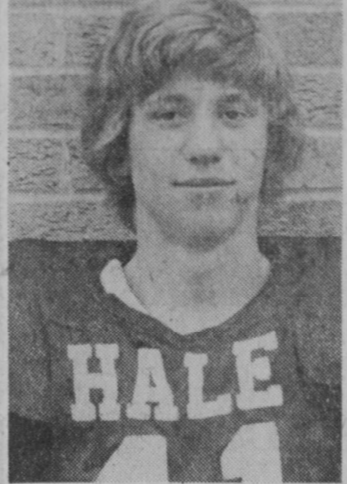

## Hale Eagles Blank Arenac Eastern for First Victory

Hale Area Eagles finally turned in their first victory of the 1978 football season Friday night by defeating Arenac Eastern, 58-0.

The Eagles had been winless in

four conference games and, after beating Arenac Eastern, the latter slips to one win and five losses.

Daryn Bernard, a tailback on offense and linebacker on defense, scored three touchdowns for the winners and had 319 yards total offense.

He scored touchdowns on runs of 84, 10 and 18 yards, picking up 203 yards in 14 rushing attempts and hauled in three passes from Quarterback Vern Reed III for 116 yards.

WALLY MILLARD scored a 15-yard touchdown and was the top defender with eight tackles. Dean Penrod had five solo tackles, sacked the quarterback three times and recovered a fumble.

## DNR Specialist Says Nimrods Should Know Territory Before Hunting Deer

A veteran deer hunter offers suggestions on how to pursue—and bag—the elusive whitetail in the November-December issue of the Michigan Natural Resources Magazine, on sale at newsstands last week.

Raymond D. Scholfield, in charge of northern land management for the Michigan Department of Natural Resources, offers some deer hunting wisdom distilled over the years "from the kinds of hunters who do not like to fail—and seldom do."

Scholfield believes that the person who consistently brings home some venison is the person who has developed hunting skills—skills that can be learned and used by those who want to stop being "unlucky" hunters.

"The first rule of the successful deer hunter is very simple," Schol-

field says. "To get the deer you have to stay out there and hunt. Stay in the woods. During the season, 'unlucky' hunters have a strong tendency to travel roads, while 'lucky' deer hunters have a strong tendency not to travel roads."

"Rule No. 2: Select your hunting area carefully. Study the hills and hollows. Get an aerial photo if you can, or make your own map by sketching in major cover types, rivers, or other principal features."

Scholfield says there are three basic hunting methods: Standing, still hunting and driving. Standing calls for simply picking one likely spot and waiting for deer to come to you. Still hunting is a mixture of standing for short periods, then moving along quietly—in a "still" fashion—to another likely spot. Driving is using one or more hunters to make noise and move through an area to drive deer toward companion hunters who are standing, waiting for them to appear.

For the standing technique, find an area where deer activity is apparent from droppings, runways, signs of foraging or antler rubbing—in short, find a likely area used by reading deer signs, Scholfield says.

Pick a spot where you can see, but not be seen or scented and where you have open ground across which to shoot. Be warmly dressed, well-fed and comfortable enough to remain quiet and alert for a long time while you stand or sit and wait for a shot.

Still hunting is usually used from 10:00 a. m. until 4:00 p. m. by hunters who prefer to stand at dawn and dark.

"But still hunting is perhaps best at dawn and dark, too," he says. "So it is a matter of personal preference when to use still hunting. The secret of still hunting is to see the deer before they see you."

To do that, Scholfield says you have to believe there are deer just over every knoll, or behind every thicket and you have to move with the caution and silence such a belief brings forth.

The driving technique is best used in the middle of the day, he advises. In heavily hunted areas, most deer will be in dense cover by 10:00 a. m.

"Select the area to drive with care. The heavy cover area that is to be driven must be small enough to be covered visually and everyone should be thoroughly familiar with the lay of the land. Driving is usually best with only three or four people involved."

Even with these methods, deer hunting is never a sure thing. "And that is just one reason it is such a great sport," Scholfield says.

(This newspaper adds that the hunter should be absolutely certain of his target before squeezing off a round.)

THIS 10-POINT BUCK would put a gleam in any hunter's eye on opening day, but it is no easy shot because of the heavy brush. This article gives some tips to Nimrods on methods of hunting white tails and suggestions as to territory selection.

AN EXTREME ENLARGEMENT of a picture often reveals an interesting aspect not normally found in a smaller size. A four by five-inch contact print showing the above family was used to illustrate an earlier story in this historical series. When a small portion of the glass plate negative was enlarged, it revealed that a pet crow (arrow) was perched on the head of the boy wearing shoes. This served as a reminder that youngsters living in small towns and rural areas of days gone by often made pets of wild animals and birds. The original plate was exposed by A. G. Emery of East Tawas about 1905.

## Tawas' Talking Crow

Hidden historical treasures are often discovered accidentally in a photographic darkroom through the extreme enlargement of a picture. One such find preserved on the silvery emulsion of a glass photographic plate was "unlocked" recently.

In 1903, when A. G. Emery of East Tawas unlimbered his big view camera and fastened it to a tripod, he had no idea that the glass plate he was exposing would one day, 75 years later, provide the basis for an historical featurette.

The four by five-inch glass plate exposed by Emery appears to be a routine view of a family posed in front of a rude cabin made of hewn pine logs. However, on closer inspection of an extreme enlargement made from the plate, the print was found to be truly unique.

Perched on the head of one of the young subjects in the photographic view was a pet crow. The boy and his feathered friend were obviously inseparable and other members treated this unusual friendship as a routine matter—there is not a glimmer of a smile on any of the faces in the picture. Having a family picture snapped by a professional photographer was truly a great event in the life of any family 75 years ago, but the parents did not seem to feel that the pet crow would spoil the picture of this family group.

black bird perched in a tree at the Sawyer residence, located on Tawas Bay just west of the present-day residence of William Borosch on Bay Drive.

It was not that way 75 years ago and there were any number of families in the Tawas, for example, with wild pets of a wide variety including crows, squirrels, raccoons and other small animals—even a few bears.

The favorite story of the late Joseph Lubaway of Wyandotte concerned a pet crow which made its home with a neighboring family when he was growing up in Tawas City. In later years, Lubaway would tell his own children of the day—back in Tawas City in the early 1900s—when he took his trusty rifle and dog and went hunting in the brush west of his home on Ninth Avenue. (That immediate area was known then as Halletown, taking its name from the nearby sawmill of C. D. Hale, a pioneer lumberman at the mouth of the Tawas River.)

Lubaway's story seemed to improve with age after each retelling and it went something like this: After tramping through the thicket for some distance, he espied a crow perched on the branch of a dead tree. Not having any luck finding a rabbit during his hunt, he decided to shoot the crow. Just as he was about to squeeze the trigger, the crow—in a loud and distinct voice—began to curse at the fool boy who was aiming a rifle in its direction!

In recalling the story for the Herald editor some years ago, Lubaway said he was absolutely shocked and dumbfounded by the talking crow. He lowered his rifle and decided to follow the bird, which had flown off in a southwesterly direction. He found the large

crow's vacant nest in a nearby tree, the children found that it was filled with a wide variety of items which had turned up missing in the neighborhood. Included in the loot collected by "Jim" were several thimbles, hair ribbons, coins, spoons and even a few clothespins.

Other children of the Tawas had cages for squirrels and numerous raccoons wore leather collars and were chained to trees in back yards around town. One family even had a blue heron for a pet until the tall, still-legged bird pecked a child in the cheek.

Wild bears were often kept in cages as an attraction at local saloons. One of the most noted bear-keepers was Michael Murphy, who kept a bear caged outside his saloon on Lake Street. Murphy's bear was watched closely during the winter months—local sages always maintained that if it came out of its den on Candlemas Day, February 2, it meant a short winter.

American Indians believed that certain wild animals held supernatural powers and early settlers to the region may have adopted the Indian practice of taming crows and small animals. Early settlers may also have learned of the superstitions concerning the habits of animals for use in weather "predictions."

Confining wild animals in cages or with collar and chain was a cruel practice of mankind and was actually dangerous for unwary children, judging from the number of persons who were bitten by pet raccoons and mauled by "tame" bears. This damage may have been one reason for making the practice illegal today.

The crow was allowed a free rein to come and go as it pleased and one day its wild instincts decreed that it rejoin its kind in the nearby woods. After circling around the yard several times cawing and calling "Nel," the crow flew off and never returned.

**Legislature is Puffing Like the Frog**

After reading the latest word from Lansing, this corner believes the state legislature is like the frog in an old fable. In attempting to describe and illustrate the size of an ox which had just purred into its puddle, the frog swelled itself to such an extent that it burst.

Members of the legislature, in asking the state officers compensation commission to boost their salaries by upwards of \$5,000 annually, plus a cost-of-living increase, are puffing themselves up like the frog in the fable.

House Speaker Bobby Crim appeared before the compensation commission and said: "It seems to me that representatives who are board members of a six-billion-dollar corporation—and that is what our state budget is today—have an awesome amount of responsibility."

It is Crim's contention that higher salaries offered by business and other professions help deter persons from running for the legislature.

One thing that Crim has not taken into consideration is that busi-

ness executives are paid to make money for private enterprise—if one does not produce a profit, he is fired or demoted. Members of the legislature are in the business of spending tax money and, while this corner agrees with Crim that the legislature is not getting "new people with business and other special training and knowledge," it is doubtful if higher salaries would attract those specialists to run for office.

In the meantime, the puffed up incumbent legislators would be drawing the higher salaries. At the present time, legislators are paid a rather nifty \$24,000 a year, plus a lot of plush fringes which receive little publicity. Paying more money to the lawmakers is like the old song years ago about increasing the salaries of legislators in order to curb under-the-table pay-offs.

This corner agrees with one incumbent lawmaker, who opposed legislative salary boosts as a waste of tax money. The lawmakers should receive no more than the cost of living increase granted to other state employees.

**Good Reasons for Opposition to Proposals E and J**

The Michigan Municipal League is asking voters to reject Proposals E and J, which will appear on the November 7 general election ballot. League president, George D. Goodman, mayor of Ypsilanti, warns that passage of these proposals would have a drastic effect on all municipalities in the state.

"Almost certainly Proposal E would increase the cost of local government because of its adverse effect on municipal bonds. It would be impossible to obtain the lower interest rates available from 'full faith and credit' bonds without local voter approval.

"Contract bonds with the county's full faith and credit would be severely impeded because voter approval would be required both county-wide and by the local unit voters, a cumbersome, expensive and unlikely procedure," he warned.

The mayor indicated that Proposal J (the so called Tisch proposal) would have an even more adverse effect. "Local government would experience an unrecoverable loss of its capacity to respond to public needs," he predicted. He noted that the passage of either Proposal E or J will result in the loss of federal revenue sharing funds.

"The property tax situations in Michigan and in California, where a similar proposition was approved by voters this spring, are not similar. Michigan already has a state-financed 'circuit breaker' property tax relief program," Mayor Goodman stated.

"The Michigan Municipal League is asking that an expanded and improved state-financed circuit breaker system to protect homeowners and renters with low and fixed incomes from excessive property tax burdens be enacted by the state legislature," the mayor stated.

He noted that at the league's annual convention, members voted to oppose both Proposals E and J and proposed instead a tax reform and relief program with eight elements, including the expanded circuit breaker system. The program also asks for a direct reduction in property tax by replacing a major portion of the school property tax with either a local income tax option or increased state funding of school operating costs.

The Michigan Municipal League, organized in 1899, has a membership of 472 cities and villages throughout Michigan and is dedicated to the improvement of municipal government through cooperative effort.

(Read Isaiah 53:1-6)

"He was wounded for our transgressions. He was bruised for our iniquities; upon Him was the chastisement that made us whole, and with His stripes we are healed." (Isaiah 53:5 RSV)

One day when my paternal grandfather was quite young, he was severely disciplined by his mother. In his rage, he went a short distance away from their rural home and sat down on a log to vent his anger. Now and then, he would look up at his mother, who was busy with her outside chores. He began to notice that she was wiping her eyes with her apron.

After awhile, it dawned upon him that maybe his mother's tears were caused by his errant ways. His heart began to melt and soon he ran to his mother, threw his arms around her neck and they both wept.

My grandfather claims this time as the day of his conversion. He realized that his mother, like Jesus, was suffering because of his disobedience. Both rejoiced in each other's arms that all was forgiven and that the rift between them had been healed. He saw an image of the Savior's love through his mother.

**Letter to the Editor**

Dear Editor,

We wish to thank you for your editorial of October 4 regarding the Great Lakes super ships and who will pay for all the changes that will have to be made to enable them to sail the Great Lakes and the ecological effect upon the lakes. All good questions and the article showed a deep concern for the future of the Great Lakes, which are among the country's natural scenic wonders and the largest body of fresh-water in the world.

At this date, the Great Lakes are being badly polluted, defaced and eroded through man's greed. We suggest that congress put the brakes on the United States Army Corps of Engineers' project—bigger is not always better.

The United States Coast Guard states it will need six icebreakers in order to keep the channels open during the winter and each icebreaker will cost two-million dollars. Who will pay for all of it? The taxpayers, you and I.

Last winter, it took three coast guard vessels one week to get a tanker from Point Lookout to a dock at Bay City. Our founding fathers, by an act, stated that all navigable waters of the United States shall be free to travel, with no toll charges. We do not believe they meant that the lakes had to be dredged to 36 feet and kept free of ice. All ships traveling the Great Lakes should be required to pay a users' tax based on tonnage carrying capacity and that those ships be required to have holding tanks for waste.

All should work to prevent our Great Lakes from becoming an industrial body of water.

**Air Controllers Talked Pilot Into WAFB**

Three air traffic controllers at Wurtsmith Air Force Base were recently presented certificates of exemplary service for the safe re-

covery of an imperiled aircraft. MSgt. Maynard Allen, SAmn. Carroll Mays and AIC Dennis Genzer were credited with saving the life of David Ludtke of Roscommon, who was flying a C-130 Cessna-150.

Ludtke had taken off from Grayling on April 3, enroute for Grosse Ile, when weather conditions caused him to become disoriented. Wurtsmith controllers were informed by Minneapolis, Minnesota, controllers that an aircraft was lost in the Wurtsmith area.

The Wurtsmith controllers broadcast into the blind and contacted Ludtke. They then talked Ludtke into the base for a landing.

**Freshman Girls Won Two Games**

Tawas Area High School freshman girls won a pair of basketball games last week over Gladwin. The "B" team turned in a 29-18 victory and the "A" team won, 40-37.

Terry Whitford was high scorer for the "B" team with 16 points and she was top rebounder with 13. The "A" team roared back from a 14-10 first quarter deficit and a 23-19 lead held by Gladwin at intermission to outscore the opposition, 10-8, in the third quarter and 11-6 in the final quarter.

Lisa Bielby hooped 11 points to lead the winners and Lisa Konenski was next in line with eight points. Charlene White had nine rebounds to lead the squad.

EDWARD J. NELKIE Treasurer Iosco County, Michigan 43-2b

REGULAR MEETING-TAWAS CITY COUNCIL

October 2, 1978
Meeting called to order at 7:30 PM at City Hall by Mayor Cholger. Present: Cotter, Landon, Rollin, Cholger, Lansky, Keiser. Absent: Hayes, Mgr. Bublitz.

Minutes of September 18 meeting approved.
Motion by Cotter seconded by Keiser that City Clerk and/or City Attorney take care of extension of Adamek option tomorrow; carried.

Planning Commission September 21 minutes accepted, with comments from Keiser as to what Mr. Lemman's opinion was, that interpretation of S401 (5) is a legal question on which City Attorney should be consulted. Letter from City Attorney dated September 27 read, advising Manager to take no action on building permit for Masonic Temple until Planning Commission should meet and clarify its action. Brent Babcock, representing Masons, urged Council to direct Manager to execute permit, as Masons would defend an action against them but would prefer not to initiate litigation. Irwin Ruppert, representing property owners in North Park Acres, expressed concern over the precedent which would be set by allowing a B-2 use (a lodge) in an RA-zoned area, fearing further incursions on the subdivision's restrictions. Robert Pawloski, as chairman of Planning Commission, stated its decision that S401 (5) covers this use, interpreting "Churches" to include the Masonic Order. John Brugger reiterated his objection that Planning Commission actions were made without required public notice. Council being satisfied that Planning Commission's decision has been clarified in accord with City Attorney's advice, motion by Cholger seconded by Landon to authorize City Manager to sign the application for building permit; roll call vote: unanimous yes.

Jerry Hunt requested Council assistance in obtaining sewer for his new house on Elms Avenue, having applied for it properly in May. Del Myles, representing Water Board, stated that Board's decision had been made at June 6 meeting, and further steps toward special assessment district were up to Council. City Supt. Red Look assured Mr. Hunt that he could have sewer by a more direct route but would have to pay the determined special assessment at the time of this temporary solution, being exempted when district was finally established. Water Board will consider again with Engineer at October 3 meeting.

Herman Bertuleit from Weinlander, Fitzhugh, Bertuleit & Schairer presented City Audit Report and Informal Comments and reviewed them with Council. Motion by Cotter seconded by Lansky to accept report of CPAs for year ended June 30, 1978 and direct City Treasurer and other City officials to follow their recommendations; roll call vote: unanimous yes.

Resolution offered by Landon, seconded by Rollin, that election inspectors for November 7 General Election receive \$2.65 per hour worked, \$10 for School of Instruction attendance, drivers out-of-town \$2.00 per mile, and chairpersons \$5.00 extra; roll call vote; unanimous yes.

Notice given of Boundary Commission meeting scheduled for October 24 in Lansing to approve Findings and Order on consolidation.

Mayor described provisions of Lease with D & M for additional 100 feet parking space at launch ramp, signed by Mayor and Manager.

Motion by Cotter seconded by Landon that bills totaling \$12,833.19 as listed on Claim No. 10-2-78 be paid; roll call vote: unanimous yes. Treasurer's Report for September accepted.

Treasurer was requested to check into statement from Tawas Hospital Ambulance Service for \$2291.43 share of 1977-78 expense, clarifying County's position.

Clerk read letter of resignation from Manager Bublitz, effective October 16. Motion by Keiser seconded by Landon that Council accept the resignation with regret, and thank him for his time spent with the City; carried.

Following discussion of qualifications required for Manager position, motion by Cotter seconded by Rollin that Clerk contact MML by phone October 3 with notice that City is looking for a Manager and will follow up with an official ad for Michigan Municipal Review; carried.

Action on proposed Sidewalk Ordinance tabled pending information from Manager on participation possibilities.

Clerk directed to check into claim against Fuelgas for damage caused by runaway truck; also to expedite rental of Blow property. Cotter urged written comments be made on State-wide Transportation Needs Study, as noticed in MML Legislative Bulletin.

Discussed briefly: house trailers in use at Marina; storage of junk cars in Industrial Park. Adjournd 10:30.

SPECIAL MEETING-TAWAS CITY COUNCIL

October 9, 1978
Meeting called to order at 7:00 AM at City Hall by Mayor Pro Tem Cotter.

Present: Landon, Lansky, Hayes, Keiser, Cotter. Absent: Rollin, Cholger, Mgr. Bublitz, City Attorney Myles.

This meeting was called in accord with Section 4.4 of the Charter for the City of Tawas City, by Councilmen Keiser, Cotter, Lansky and Hayes. Written notice was served on Mayor and Councilmen in accord with the Charter and posted in accord with Section 5 (4) of the Open Meetings Act.

Inasmuch as Mgr. Bublitz's resignation is to become effective on October 16, and Charter Section 6.1 (b) requires Council to appoint a City Manager or Acting Manager during the period of a vacancy in the office, qualifications and the application procedure were discussed.

Motion by Keiser seconded by Landon that Rachel Sue McCready be appointed as Acting City Manager at the rate of \$6.00 per hour, until such time as a new City Manager is hired; roll call vote: unanimous yes.

This appointment is not contemplated as a full-time job, but the function of Acting City Manager will be responsibility for a smooth transition period, filing required reports, and keeping Council informed in City matters.

Members present request explanation why others given notice of this meeting were not present. Adjournd 8:20.

PUBLIC NOTICE

tion by Cotter seconded by Lansky to accept report of CPAs for year ended June 30, 1978 and direct City Treasurer and other City officials to follow their recommendations; roll call vote: unanimous yes.

Resolution offered by Landon, seconded by Rollin, that election inspectors for November 7 General Election receive \$2.65 per hour worked, \$10 for School of Instruction attendance, drivers out-of-town \$2.00 per mile, and chairpersons \$5.00 extra; roll call vote; unanimous yes.

Notice given of Boundary Commission meeting scheduled for October 24 in Lansing to approve Findings and Order on consolidation.

Mayor described provisions of Lease with D & M for additional 100 feet parking space at launch ramp, signed by Mayor and Manager.

Motion by Cotter seconded by Landon that bills totaling \$12,833.19 as listed on Claim No. 10-2-78 be paid; roll call vote: unanimous yes. Treasurer's Report for September accepted.

Treasurer was requested to check into statement from Tawas Hospital Ambulance Service for \$2291.43 share of 1977-78 expense, clarifying County's position.

Clerk read letter of resignation from Manager Bublitz, effective October 16. Motion by Keiser seconded by Landon that Council accept the resignation with regret, and thank him for his time spent with the City; carried.

Following discussion of qualifications required for Manager position, motion by Cotter seconded by Rollin that Clerk contact MML by phone October 3 with notice that City is looking for a Manager and will follow up with an official ad for Michigan Municipal Review; carried.

Action on proposed Sidewalk Ordinance tabled pending information from Manager on participation possibilities.

Clerk directed to check into claim against Fuelgas for damage caused by runaway truck; also to expedite rental of Blow property. Cotter urged written comments be made on State-wide Transportation Needs Study, as noticed in MML Legislative Bulletin.

Discussed briefly: house trailers in use at Marina; storage of junk cars in Industrial Park. Adjournd 10:30.

**OFFICIAL NOTICE OF SALE**

\$48,000.00

CITY OF TAWAS CITY COUNTY OF IOSCO STATE OF MICHIGAN

**TAX ANTICIPATION NOTES (General Obligation)**

SEALED BIDS for the purchase of tax anticipation notes of City of Tawas City, County of Iosco, Michigan of the par value of \$48,000.00 will be received by the undersigned at the City Hall, 508 Lake Street, Tawas City, Michigan until 7:30 o'clock, P. M., Eastern Standard Time, on the 6th day of November 1978, at which time and place they will be publicly opened and read.

NOTE DETAILS; INTEREST RATE; PAYING AGENT; AND DENOMINATIONS: The notes will be dated November 1, 1978, will mature November 1, 1979 and will bear interest at a rate or rates not exceeding 6% per annum. Both principal and interest will be payable at a bank or trust company located in the State of Michigan to be designated by the original purchaser of the notes which paying agent qualifies as such under the Statutes of the State of Michigan or of the Federal Government, subject to the approval of the City of Tawas City. Denominations and form of notes to be at the option of the purchaser. Accrued interest to date of delivery of such notes must be paid by the purchaser at the time of delivery.

PRIOR REDEMPTION: The notes shall not be subject to redemption prior to maturity.

AWARD OF NOTES: For the purpose of awarding the notes the interest cost of each bid will be computed on a 360 day year basis by determining, at the rate or rates specified therein, the total dollar value of all interest on the notes from November 6, 1978 to their maturity and deducting therefrom any premium. The notes will be awarded to the bidder whose bid on the above computation produces the lowest dollar interest cost to the municipality. No proposal for the purchase of less than all of the notes or at a price less than their par value will be considered.

SECURITY: The loan is in anticipation of the operating portion of the City Tax due and payable July 1, 1979.

GOOD FAITH: A certified or cashier's check in the amount of 2% of the par value of the notes, drawn upon an incorporated bank or trust company and payable to the order of the Treasurer must accompany each bid as a guarantee of good faith on the part of the bidder to be forfeited as liquidated damages if such bid be accepted and the bidder fails to take up and pay for the notes. Checks of unsuccessful bidders will be promptly returned.

LEGAL OPINION; DELIVERY OF NOTES: Bids shall be conditioned upon the unqualified opinion of the purchaser's attorney approving the legality of the notes, to be secured at the purchaser's expense. The purchaser shall furnish notes ready for execution at his expense. Notes will be delivered at a place to be agreed upon with the purchaser.

THE RIGHT IS RESERVED TO REJECT ANY OR ALL BIDS. ENVELOPES containing the bids should be plainly marked "Proposal for Notes."

## Retiring Bonds for Iosco MC Facility

Final payment on a \$300,000 bond issue to aid in construction of the Iosco County Medical Facility is to be made with 1978 property taxes, according to an announcement by County Treas. Edward Nelkie.

A recommendation of the county treasurer for a levy of .029 of a mill or 29 cents per \$10,000 dollars of state equalized valuation to pay the balance of the bond requirement was adopted Wednesday by the Iosco County Board of Commissioners.

A report by Nelkie said that balance on hand in the debt retirement fund as of September 1 amounted to \$18,379.06. With 1976 delinquent taxes of \$874.61, this left \$6,603.82 to be raised by 1978 taxes.

Disbursements would include interest due October 25 of \$409.93, interest due May 1 of \$409.92 and the final payment of \$25,000 on May 2, 1979.

This bond issue was approved by voters on June 2, 1964, and the money raised was matched by a \$250,000 federal grant from Hill-Burton funds.

A campaign 15 years ago which resulted in voter approval of the bonding was spearheaded by the late C. S. Everett, a member of the county board of supervisors.

The medical care facility building was officially dedicated Sunday, July 31, 1966.

SOPHOMORES of Tawas Area High School have completed participation in the state's annual assessment program and Judy Painter, office secretary, is shown checking over completed work. Similar tests for fourth and seventh graders are required by the state and testing of sophomores is voluntary on the part of the local school district. This assessment of students studied performance in reading and mathematics and results are used to make corrections in order to meet educational objectives.—Tawas Herald Photo.

## New Legislation to Benefit Roads and City Streets

Iosco County road maintenance will benefit to the tune of \$286,507 a year following signing into law September 30 of three legislative bills which will produce 168-million dollars in new revenue to finance the state-wide transportation program.

In a letter received here last week, Gov. William G. Milliken said the act culminated more than two years of effort to achieve legislative passage of a program which will have long lasting benefits for every city, village and county in the state.

The City of Tawas City will receive \$10,061 in additional money, bringing total revenue available for maintenance and repair to \$49,335 a year.

The two-cent increase in gasoline and diesel fuel and the increase in vehicle license fees is expected to cost the average motorist about \$20 a year per vehicle or some \$1.66 more per month.

The county will be eligible to participate in the urban bus program and will receive approximately \$92,000 over the next three years in capital grants for equipment and operating assistance. The county will also receive approximately \$307,100 for expansion and operation of its small vehicle (Dial-A-Ride) program.

DISCUSSING PLANS for participation of Tawas Area High School students in the SMASH driver safety program are Tammy Qualls, John Brannan (standing at left), Mark Calabrese (standing at right), and David Niles, seated right, chapter adviser.—Tawas Herald Photo.

## Organize SMASH Chapter at Tawas Area High School

By invitation of the governor, Tawas Area High School students got SMASHed!!

Students of Michigan Attaining Safer Highways (SMASH) sponsored a workshop for area high schools on October 17 to encourage students to participate in activities dealing with the drinking-driving problem, safety belt use and other highway safety concerns.

John Brannan, Mark Calabrese and Tammy Qualls of Tawas Area and their adviser, David Niles, attended the all day workshop at Bay City. A winter follow-up meeting is planned.

SMASH has had strong, active high school chapters in communities all around the state since 1974. The October 17 meeting was designed to motivate representatives from the Bay City area to implement local chapters of SMASH, as part of a state-wide expansion program.

SMASH is supported by the governor and funded by the Office of Highway Safety Planning of the Michigan Department of State Police.

Active SMASH members assist driver education instructors by conducting rap sessions on drinking and driving habits. They also conduct safety belt presentations in health, civics and driver education classes. During the spring and summer months, SMASH members have conducted bike rodeos and tot safety towns for elementary school children, plus vehicle inspections-window washes for the motoring public.

Local students plan to kick off their SMASH activities by obtaining and distributing reflector tape

to Tawas Area Elementary School students to be used on Halloween costumes. The tape will almost triple the visibility of the trick-or-treaters.

Membership in the local SMASH chapter is open to any Tawas Area High School student who participates in at least one SMASH activity during the year.

### Sand Lake

At the meeting of the Sand Lake Heights Men's Association held last Monday, officers elected were Vincent Wade, president; Allen Russell, vice president; Gail Huntley, secretary, and Donald Warner, treasurer.

Retirees met last Thursday and plans were made for a Thanksgiving planned pot-luck. Prize winners were Gladys Lane, Adolph Meyer, Kay Doebler and Lola Biggs.

A meeting Thursday, November 2, 7:30 p. m., will be for all persons interested in promoting and planning a winter festival. Members of all groups are urged to attend.

Mrs. Leo Finnerty, formerly of Sand Lake and recently of Escanaba, passed away last week.

Mr. and Mrs. John Collins are home after spending a week in Flint.

Sand Lake, Heights Women's Auxiliary is sponsoring a Christmas bazaar and country store Saturday, November 18, 10:00 a. m. to 4:00 p. m., at the community building.

The home of Mr. and Mrs. Jack Curtis was the scene Thursday afternoon of a gathering honoring Mr. Curtis on his birthday. Also in attendance were Mr. and Mrs. Lowell Aspin, Imy Hewgley, Jane Zess, Mr. and Mrs. John Collins, Mr. and Mrs. George Richard and the Vincent Wades.

Mrs. Florence Hatfield, in the company of Jean Reeside and Mary Karen Shearer, spent two weeks touring in the eastern states. In the course of their journey, they spent some time with Mrs. Hatfield's son, William Hatfield.
